

Peerless 4831

[Chapter 4831: Chen Feng's crazy plan!](#)

"If you come into contact with a higher level world."

"It can condense nine, nine and eighty-one star veins, which are the most top-notch on the top of the sky."

"Unfortunately now, there are only forty-five stars."

You know, the difference of these thirty or forty star veins is not just the difference in current strength.

More importantly, when condensing the star soul, Chen Feng's star soul will directly rise to several major levels.

Chen Feng listened, smiled slightly, and did not speak.

However, a flash of light flashed in his eyes: "Forty-five star veins? This is not enough! Not enough!"

The Tiancun Beast Slave suddenly looked at Chen Feng and said:

"Big brother, what is your purpose? Can you tell me?"

In the eyes, the unspeakable expectations and desires were confirmed.

Chen Feng looked at it, and his heart was unspeakable.

He suddenly realized one thing:

"From the very beginning, I told very few of the Heavenly Canal Beast Slaves."

"I didn't tell him what I was doing, these words, maybe I have a rare problem, maybe I don't want him to bear the pressure, or maybe I don't think he can help."

"But no matter what, I haven't considered his feelings."

"Will he feel that he is not trusted by me, is not valued by me, or is it just me?"

Chen Feng sighed lightly, patted Tianchou Beast Slave on the shoulder again, and smiled slightly:

"Okay, then I will tell you what I want."

Chen Feng whispered and talked carefully with the Tianchou beast slave.

This is exactly half an hour.

It can be seen how huge Chen Feng's plan is.

After the Tiancun Beast Slave listened, the whole person was stunned in place, almost stupid.

After a long while, he looked at Chen Feng and stammered:

"Brother, your plan, too, is too crazy!"

Yes, it's crazy!

For the Tianchou beast slave at this time, he felt that only the two words madness could describe Chen Feng's plan.

Count everyone!

Treat any power as a **** in your hand!

The Heavenly Remnant Beast Slave felt that in Chen Feng's words, those who were invincible and powerful, and those terrifying existences whose strength far exceeded several levels of them!

It was like a lifeless flag, being manipulated by Chen Feng.

Chen Feng set up one round after another, let them fall into Chen Feng's trap, and play for Chen Feng.

Even, I wouldn't notice it at all!

Chen Feng's plan is so crazy, yet so perfect!

He instinctively felt that this plan would definitely succeed!

After the incomparable shock, the Tiancun Beast Slave was full of excitement.

There seems to be a flame burning in his eyes!

How can he not be excited to be able to personally participate in this plan that even changes this world?

After this plan is completed, it is not just these people.

It's not just the righteous way and the witch demons.

Even this world will undergo earth-shaking changes with it!

He excitedly said, "Brother, what can I do?"

Chen Feng whispered a few words.

Tiancun Beast slave nodded heavily.

Chen Feng also felt a lot easier.

After finally speaking these words, he could also let the Heavenly Remnant Beast Slave share some for himself.

At this time, there was a loud noise outside.

Chen Feng sighed: "Let's go, look at the chess piece we abandoned!"

At this time, outside the big camp gate.

Tens of thousands of righteous people, lined up in a strict array, murderously, soaring into the sky.

Smash all the clouds above the sky.

Before Yuanmen, a high platform has been built.

Fang Wanjian stood proudly on it.

At this time, the hundreds of thousands of idle powerhouses who lived outside the camp were also rushed here one after another.

Standing on the periphery, my heart was full of doubts, not knowing what happened.

Chen Feng came here with great interest.

Fang Wanjian saw him and suddenly raised his voice: "Yan Changfeng, Tiancan, what happened yesterday, you two have done a great job, please come forward."

The two came to the stage.

In an instant, countless amounts of light fell on the two of them.

Fang Wanjian waved his hand.

Next to Ji Manhao knowingly, he shouted sharply: "Bring that spy here."

"Yes."

Dozens of righteous people walked far, flew by, and came to the high platform.

And they each grabbed a sealed warrior and threw them directly on the high platform.

The number is as many as dozens.

Ji Wanhao shouted: "My lord, the man has been brought here!"

And everyone below saw the spies of the Witch clan being thrown on the stage, and they were all in an uproar.

"How is it possible? Tanjia and the others?"

"They turned out to be spies of the Wu clan?"

"I said why the shouting and killing shook the sky yesterday. From a distance, it seemed that the Witch Clan demons suddenly entered the camp. It turned out that they were the ghosts?"

There were also disbelief on their faces.

"Impossible, Tan Jia doesn't have that ability!"

Tan Jia is also quite famous among the many idle powerhouses.

His strength is fair enough, but this is not the main reason.

He has a very wide range of friendships, and he can have a few words with anyone, so he can be regarded as an exquisite character.

Therefore, everyone basically recognizes him.

But now, he has been blocked for Xiuwen and thrown here with dozens of people.

Everyone was silent, waiting quietly for what would happen next.

Tan Jia, who was thrown on the stage, made a whining sound in their throats, and their faces were full of fear and panic.

Many people even had their eyes blank, and they didn't even know what was going on.

Yesterday, he was in the camp, but he was caught by the righteous man who broke in suddenly.

It is useless to argue, begging for mercy, or even threats.

After being imprisoned for a night, he was brought here directly this morning.

Only Tan Jia, who seemed to know something, was writhing and struggling crazily there.

Fang Wanjian waved his hand.

Suddenly, Ji Manhao lifted the ban on Tanjia.

Xiang Fang Wan Jian said: "Marshal, just yesterday, an hour before the arrival of the Witch Clan demons."

"This person is sneaky, with the intention of sneaking into the camp, and I will be caught directly!"

It turned out that it was just an hour before the sneak attack.

Next to the gate, the guard patrolling near the flagpole also caught a person who wanted to sneak into the camp.

It is Tanjia!

Ji Manhao continued: "Then the subordinates tried overnight."

"Sure enough, this Tan Jia is a spy of the Witch Clan, and he has already confessed dozens of his accomplices."

"A total of thirty-seven, now they are all here."

Fang Wanjian nodded in satisfaction.

Tan Jia had already known his life and death, but at this time it seemed to be struggling to make his last effort.

He shouted: "My lord, the villain is wronged!"

"The villain did steal into the big camp yesterday, but he is definitely not a spy of the Witch Clan!"

Fang Wanjian looked at him and smiled slightly: "Then what did you want to do yesterday?"

[Chapter 4832: The role of abandoned children](#)

Tan Jia yelled loudly as if he had caught the straw.

"Yesterday, Yan Changfeng asked the villain to go to his tent at that hour."

"If you say there are benefits to the villain, the villain is looking for him!"

Fang Wanjian looked at Chen Feng.

Chen Feng shook his head, his voice indifferent: "I didn't tell him anything."

"Sir, you know, I only meet with them once a day. Other times, I practice in my tent."

"Why do you want to meet him uncharacteristically?"

"What's more, I have been in the adult's account yesterday."

Fang Wanjian smiled slightly, nodded and said, "That's what Yan Changfeng said. I naturally believe his words even more."

Tan Jia was stupid. Looking at Chen Feng, she didn't dare to shout with confidence, "You...you...why!"

Chen Feng shook his head, his face pale.

Looking at Fang Wanjian: "Tan Jia, after all, it is my subordinate."

"To do this kind of thing, I have a few words to say to him."

Fang Wanjian nodded.

With a wave of his hand, a soundproof protection is placed.

Chen Feng came to Tan Jia and looked down at him.

Tan Jia pleaded bitterly: "Yan Changfeng, please, you let me go!"

Chen Feng smiled and said, "I know you are not a spy."

In Tan Jia's eyes, there was a flash of extreme hope.

"You know I am not, please help me! Help me!"

"But I'm sorry."

Chen Feng smiled: "Whether you are or not, you have to die!"

Tan Jia's expression solidified: "Why?"

"As early as when you took the benefits from me and wanted to calculate me, this day was doomed."

Chen Feng turned and walked out.

Fang Wanjian's voice was cold: "Kill!"

In an instant, Xueliang knife light flashed.

Dozens of people were all beheaded.

They are all from the Tanjia group.

Chen Feng naturally knows that Tan Jia is not a spy of the Witch clan.

Even Fang Wanjian knew that Tan Jia was not.

However, you only need to convince others.

Just need to give everyone an explanation and an explanation.

Because, yesterday, someone needs to be this spy.

If there are no spies from the Witch clan, it means that the indestructible Bone Peak Camp will be easily broken through by the Witch clan powerhouse!

Then, Fang Wanjian will sweep the ground!

Even though he had achieved such great results yesterday, Fang Wanjian had to put an end to this trouble.

Therefore, he needs some people to become spies.

And it happened that Chen Feng also needed some people to disappear.

Now, there are hundreds of strong people who belong to him and close to a thousand people, but they are not under his control.

But in the control of Tan Jia.

Chen Feng needs him to disappear.

Next, in his plan, these idle warriors have a great effect.

Those who were killed with one of them all made friends with him and helped him control the hundreds of people.

Regarding Chen Feng as being taken advantage of, and at this time, the price they paid for it was their lives!

At this time, among the crowd, among the cheering idle warriors and righteous men.

But there are also hundreds of people with pale faces.

Looking at Chen Feng, his face was full of fear.

They are all followers of Tanjia.

Naturally, it was clear that Tan Jia had absolutely no guts, nor the ability to do things.

Now they understood the real reason for Tan Jia's death.

After understanding the truth, he was cold all over.

Before, they didn't feel awe of Yan Changfeng. They took a lot of benefits from Yan Changfeng and didn't pay anything.

Now, suddenly deeply afraid.

Realize that Yan Changfeng is truly terrible!

It makes their hearts tremble and fearful and panic.

In the evening of that day, outside Chen Feng's camp, hundreds of people knelt in a crowd.

They were all warriors who had taken advantage of him before.

Chen Feng walked out of the big tent and looked at everyone.

When everyone was about to talk, Chen Feng smiled slightly: "You don't need to say anything, I know what you want to say."

"I only have one sentence, what Yan Changfeng is after is your ability."

When everyone heard this, their hearts were uneasy, not knowing what it meant.

Chen Feng looked at everyone: "Give you a task."

"Each of you, go find someone to join me and work for me."

"Whoever can find 30 people first, the past, but forget the past, and will give you a thousand great merits."

Hearing this, everyone was instantly ecstatic.

Not only will there be a chance to let the past go, but it is also possible to get a thousand achievements!

That's a lot of money.

Chen Feng smiled: "But if you fail to make it within half a month, then I will have to settle the bill with you."

Everyone's hearts jumped, Chen Feng's words were both tempting and threatening.

They can't resist the temptation.

They can't resist the threat.

Then, Chen Feng didn't talk nonsense and turned around and entered the big tent.

But the beast slave of Tianchou came out and talked to everyone about the details.

For example, the martial artist to be recruited must be at least above what level, for example, must be strictly obedient to Chen Feng, and must not violate the slightest...

He already knew Chen Feng's purpose.

It is also known that Chen Feng wants to form a legion composed entirely of strong men and control the ambition of the legion in his own hands!

They may not be obedient in the future, but they must listen to the first order!

One time, enough.

Chen Feng turned and entered the handsome account.

Fang Wanjian saw him coming, with a wry smile: "You fellow, are you here for benefits?"

Chen Feng smiled slightly: "The handsome and wise."

"Yesterday, we killed so many Witch Clan demons, how should we count this credit?"

"How much more can I do on my books?"

"You, don't worry, you have made such a great achievement. How can I treat you badly if I value you so much?"

Fang Wanjian smiled slightly.

What happened yesterday made him attach great importance to Chen Feng.

It became even more eager to win.

"Yesterday, a total of one thousand witch demons and a thousand witch beasts were killed."

"Among them, ten people in the Star Condensing Realm..."

He always said something.

Then he said: "These, if they are converted into great merits, a total of three million great merits!"

"If you stand at 70% of the credit, how about giving you 2.1 million credits?"

Two million one hundred thousand great merit!

This number can be described as appalling.

Chen Feng raised his eyebrows and thought for a moment.

Fang Wanjian's disposition was also quite fair.

He nodded: "Okay, then 2.1 million great merits."

Fang Wanjian called Kui She over on the spot, deducting the 700,000 merits that Chen Feng had borrowed from him.

Now, Chen Feng still has 1.4 million great contributions here.

Fang Wanjian smiled and said, "Yan Changfeng, I heard that you are very interested in that Witch Emperor's Destroying Sword."

Naturally, Chen Feng couldn't hide everything from him.

Unless you are in your own camp.

Both Chen Feng and Chen Feng were so gloomy that day in the Great Power Temple and in front of the Witch Sovereign Killing Sword.

He can guess it naturally.

[Chapter 4833: Three to four hundred thousand great merits!](#)

Chen Feng sighed: "Yes, what I want most is the Witch Emperor Destroying Sword."

"If I can get this thing, I am afraid that my strength will be doubled in an instant, and it will be of great help to my future plans."

Having said this, he seemed to feel that he was a bit of a gaffe, and he quickly silenced.

Concealed waved his hand and said, "In fact, it doesn't have to be this thing, other things are always okay."

Fang Wanjian and Ji Manhao looked at each other, and they saw a strange look in each other's eyes.

Finally found the weakness of Yan Changfeng!

It turned out that he was so eager for the Witch Emperor's Destroying Sword!

Chen Feng looked at Fang Wanjian and said with a smile: "The Witch Emperor Destroying World Sword can't be bought now, but it needs to improve in a short time."

"There is something I have coveted for a long time."

"But now, the 1.4 million worth of contributions we have on hand is not enough, and we still want to borrow some great contributions from the general."

"Also?"

Fang Wanjian was taken aback: "How much to borrow?"

Chen Feng smiled: "Two million great contributions!"

"I want to make a total of three to four hundred thousand dollars!"

Ji Manhao took a breath: "This is not a small sum!"

But then, he felt relieved.

Presumably, Yan Changfeng was able to pay off this debt easily.

After experiencing yesterday's events, everyone knows how powerful Yan Changfeng is.

Fang Wanjian also froze for a moment, but then he nodded solemnly.

There is no problem with Yan Changfeng's methods.

"Okay, then I will lend you two million for great merit."

It happened that Kui She was also here, and Chen Feng soon gained another two million points.

He now has three to four hundred thousand great achievements!

Chen Feng's heart was stirred.

"With these three to four hundred thousand great contributions here, there are countless more things I can do!"

Then, Chen Feng and Fang Wanjian had a close conversation for a long time.

No one knows what they are talking about.

An hour later, Chen Feng walked out of the handsome tent and returned to his camp with the Tiancun Beast Slave.

"Brother, when are you going to pay the two million dollars?"

Tiancun Beast Slave smiled.

With the previous experience, he is full of confidence in Chen Feng.

No one thought Chen Feng would have paid back the 700,000 merits.

But only half a month's time, it has been paid.

This time, these two million great achievements must have been very easy.

Who knows what other tricks he has next?

Chen Feng smiled slightly, there was indeed something weird in that smile.

He lowered his voice and said softly, "This time, I have no plans to pay back the two million worth of work."

"what?"

The Tiancun Beast Slave heard it, tightly all over, and almost jumped up.

The next moment, a huge inexplicable emotion surged in his heart.

She trembled all over and looked at Chen Feng.

I was surprised and shocked again, and pointed at him tremblingly, unable to speak.

There is just a voice echoing in my heart!

"It's wonderful! It's **** good!"

"It's just superb! It's just playing the entire White Bone Peak camp and Fang Wanjian, the top powerhouse, between applause!"

For a while, he couldn't understand what Chen Feng's intention was, and he also couldn't understand why Chen Feng did so much work.

But what he could think of was how brilliant the means behind Chen Feng's seemingly simple behavior!

In the beginning, he borrowed 700,000 great merits, and no one believed he could pay it back.

Even Fang Wanjian, who lent him great merit, was affirmed.

He is going to work his life under his own hands to pay off these great achievements.

However, the result was beyond everyone's expectations.

He not only lost so much merit, but also gained more than one million merits.

At this time, he borrowed Fang Wanjian two million yuan of great merit.

Will Fang Wanjian not borrow it?

impossible!

He is full of confidence in Chen Feng and will definitely borrow.

As a result, Chen Feng didn't even plan to pay it back!

Who the **** could think of!

The Tiancun Beast Slave shook his head repeatedly, without knowing what to say, and could only admire.

Chen Feng smiled faintly.

That's right, for this move, he had already started planning the layout half a month ago.

The reason why Chen Feng said in front of Fang Wanjian, 'What I want most is the Witch Emperor's Destroying Sword'.

In fact, it was just to give Fang Wanjian a hint: I wanted this thing, and before I got this thing, I wouldn't have any ambitions.

But in fact, Chen Feng had no interest in the Witch Emperor's Destroying Sword.

But these words would make Fang Wanjian feel more relieved to lend him great achievements.

Suddenly, he thought of the most important question: "If these two million contributions are not paid back, how can you explain to Fang Wanjian, eldest brother?"

Yes!

This is the most critical question!

It's not still Chen Feng's problem.

But after not paying it back, how to clean up Chen Feng is Fang Wanjian's problem!

Thinking of the fact that Fang Wanjian killed ten experts in the third floor of the Star Soul Martial God Realm with a single sword yesterday, the Heavenly Crazy Beast Slave shuddered.

Do you owe him two million?

Not only does it require courage, but it also requires sufficient strength.

Chen Feng smiled slightly, a light flashed in his eyes:

"How to explain? The dead, there is no need to explain."

Tiancun Beast Slave's heart jumped fiercely, just about to ask again.

Chen Feng waved his hand: "Go, let's go to the Great Power Temple."

When he arrived in the Great Power Temple, Chen Feng went straight to the wall of the magic weapon.

The figure slowly rises.

The higher the level of the magic weapon, the higher the position.

Chen Feng stopped suddenly.

At this moment, in front of him, there are a large number of first-class treasures.

These first-grade treasures are powerful and full of aura.

Obviously, there is a cohesion inside.

Tiancun Beast Slave was a little surprised: "Brother, do you want to buy a first-grade treasure?"

For their realm of strength, especially for Chen Feng, the level of the first-grade treasure is too low.

Doesn't match exactly.

To be honest, Chen Feng has a bit of a drop in prices with such things.

Chen Feng did not speak, but smiled slightly, "I'll talk about it later."

Then, he closed his eyes and seemed to feel something.

After a while, it was his left hand.

So, he spent 60,000 yuan in exchange for a first-grade treasure, which turned out to be a long-handled battle axe.

The copper color is mottled, and I don't know how many years have passed.

As soon as this bronze battle axe was taken out, there was a roar immediately.

It seems that there are countless souls sealed inside.

Tiancun Beast Slave is even more stupid.

Chen Feng not only exchanged a first-grade treasure, but also a long-handled battle axe that he was not good at using at all.

"What does this mean?"

Then, Chen Feng actually exchanged a total of nine first-class treasures.

Moreover, they basically exchanged with their eyes closed, not even looking at them.

Close your eyes and feel for a little bit, and you can redeem which one you click.

After a while, ten first-grade treasures were suspended in front of Chen Feng.

The Tiancun Beast slave was dumbfounded.

[Chapter 4834: Exchange the beast gun!](#)

Chen Feng laughed and said, "It's not for me. Do you remember my destiny?"

Tianchou beast slave suddenly.

Before Chen Feng, he had mentioned his destiny title to them and was sealed.

At this moment, he exchanged these ten first-grade treasures for himself, just to unlock his destiny title.

Chen Feng's fateful title of the day was outrageous and could not be used directly at all. He even had to unlock the seal.

And you need ten first-grade treasures to be able to.

Even for Chen Feng, this is an extremely difficult task.

First-class treasures are difficult to deal with by themselves.

Not to mention how difficult its owner is to deal with.

And if you want other treasures, they will give you?

Then don't you have to fight one game first?

If you want to seize ten first-class treasures, it may mean that you have to defeat at least ten enemies above the third floor of the Star Soul Martial God Realm before you can do it!

How difficult!

And Chen Feng, at the moment when he arrived at the Great Power Temple, he suddenly realized that this would be his best chance to obtain ten first-grade treasures!

As long as there is enough great power, let alone ten first-class treasures, even one hundred.

And even better, because the first-grade treasures are not considered high-level in it.

So, he can get it without spending a huge price!

Just now, Chen Feng did not choose randomly.

Instead, close your eyes and carefully perceive whether the inner organs are strong or not.

Although, as long as the spirit of the first-grade treasure is enough.

But Chen Feng is very clear that the first-class treasures are also divided into pros and cons.

Presumably, the higher the level, the better the effect will be when used to unlock the title.

Just now, what he chose was the top-grade treasure with the most fluctuating power of ten artifacts in this great power temple.

Chen Feng sighed lightly: "It's also a wish."

At this time, it cost 600,000 yuan to exchange these ten first-grade treasures.

For Chen Feng, this is worth it.

These six hundred thousand great merits can save him from fighting with others ten times.

It can save him even several years.

He can unlock his destiny title several tasks in advance.

For him, the value is inestimable.

At this time, he still had 2.8 million left on his great work.

Then, he went straight to the highest point of this wall.

Suddenly he looked at the Tiancun Beast Slave and said with a smile: "Tiancun, the eldest brother will give you a present."

Tiancun Beast Slave was taken aback: "What gift?"

He hasn't recovered yet.

Chen Feng smiled slightly, pointed at one of them, and said loudly: "I want to exchange the incomplete item of this beast gun."

The voice fell.

In an instant, Chen Feng's great merit declined rapidly.

Soon, only four hundred thousand remained.

But the next moment, he felt his hands sink, and a huge and incomparable long spear fell in Chen Feng's hands.

After the incomplete spear came out, his body size instantly expanded hundreds of times.

It is almost a kilometer long, and the weight is unimaginable.

Even with Chen Feng's incomparable strength, he felt that he could not bear it.

The body swayed before stabilizing his figure.

Looking at the Tianchou Beast Slave, he laughed loudly and said: "Is this gift, still satisfied?"

This scene directly caused the Heavenly Remnant Beast Slave to be stupid.

He froze in place, his figure trembled heavily.

After a while, there was a touch of ecstasy, and he shouted: "Brother, is this for me?"

Chen Feng smiled: "How about it? Can't I use it myself?"

For an instant, the Tiancun Beast slave flushed and his eyes were sour.

The tears came down.

No one has ever treated him so well.

That day, when he first came to the Dagong Temple, he felt full of mind and seemed to be attracted by this thing.

Since then, I have been thinking and dreaming.

It's like being lost.

But he also knew that this thing is simply out of reach now, it is impossible to afford it.

He has not had wishful thinking either.

In the end, I didn't expect that the eldest brother had borrowed so much work, the purpose is actually to exchange this beast gun for himself!

He was astonished to the extreme, he was delighted to the extreme, and moved to the extreme at the same time.

"All right."

Chen Feng laughed and said, "Don't wipe away your tears here."

His arms shook and threw the beast gun at him.

The Tiancun Beast slave quickly wiped his tears and nose, and hurriedly took the beast gun in his hand, his face was full of joy.

The whole person almost exploded happily.

Chen Feng smiled slightly.

On that day, he saw that the Tiancun Beast Slave liked this thing, so he made up his mind to exchange it for him.

My own brother, followed me without complaint.

Even if Chen Feng has not benefited him so far, he has no regrets.

But Chen Feng would not treat him badly.

It is strange.

Before this thing came out, it was lifeless.

When he fell into Chen Feng's hands, although he recovered his shape, he was still lifeless.

I feel that the spirit inside has been damaged.

However, when this thing fell into the hands of Tianchou Beast Slave.

The Heavenly Canal Beast Slave trembled heavily and froze in place, unable to say a word.

It seems sluggish.

And this beast spear hummed.

On the surface of the body, there was a dazzling hazy, but unspeakable **** light of wild and fierce aura, suddenly surging out!

This **** light, bright and hot, filled the entire temple of great work.

The next moment, the blood and light condensed and turned into a giant beast.

This behemoth is hazy.

Chen Feng felt that he could not see exactly what it was like!

The giant beast roared up to the sky, with endless killing intent in its voice, endless fierce bursting!

But in it, there is still a touch of joy.

The next moment, that **** light, count them all.

All poured into the body of the Heavenly Canal Beast Slave!

Then, a flash came out, and once again plunged into the giant beast gun.

This cycle repeated three hundred and sixty times.

I don't know how long it took, the **** light disappeared without a trace.

And the beast magic spear also shrank instantly, turning it into a size that could be easily controlled by the beast slaves.

At this time, the Tiancun Beast Slave also opened his eyes sharply.

Above the body, three red rays of light flashed past.

The breath in the body suddenly soared, so powerful!

Even the Siamese shape has suddenly doubled compared to the past!

Mighty as a god.

Chen Feng felt that his strength had a breakthrough in an instant.

Chen Feng raised his eyebrows and smiled: "But there is a breakthrough?"

The cultivation system of Tiancun Beast Slave is different from that of others.

The breakthrough is not obvious and cannot be measured by realm.

"Yes!"

Tiancun Beast Slave grinned.

He perceived it carefully, and then said loudly, "I now have the strength of the second floor of the Star Soul Martial God Realm!"

"Moreover, I have this beast gun, even more powerful!"

[Chapter 4835: The Great Array of Thunder Destroying the World!](#)

The Tiancun Beast Slave explained it carefully before Chen Feng understood.

It turned out that the reason why this beast gun was so lifeless was because I didn't know what great changes it had suffered that day.

Cut off by life!

At the time of the cut, the spirit of the beast's spear in the beast's spear was also severely injured.

Its power is not one in ten.

There was only a remnant soul left, falling into deep sleep.

And this beast spear also fits perfectly with the beast slaves who have a special origin and don't know what race they are.

At that moment, when the cruel beast slave held his hand on it.

Suddenly, the remnant soul in the beast's gun was actually awakened.

But this remnant soul, sleeping for too long, could not support it at all, it was directly absorbed by the heavenly remnant beast slave.

Therefore, the strength of the Heavenly Canal Beast Slave has greatly improved.

The consequence is that the soul of the Tiancun Beast Slave was sucked into the Beast God Spear and briefly became the Spear Spirit of the Beast God Spear! Spiritual!

Therefore, the beast slave can control the beast gun.

For a short time, reaching the level of the unity of man and gun.

Replace the soul of the beast gun with the soul of your own body.

Thus, in an instant, the power of this incomplete beast gun was displayed.

However, the beast gun was extremely worn out, and with the strength of his soul, it could only support three breaths!

Three breaths almost exhausted his soul power.

After three breaths, his soul will be extremely traumatized.

Even the soul may be broken, fall into deep sleep, or even die directly.

Chen Feng suddenly said, "That's it."

The Tiancun Beast Slave waved the beast magic spear and said excitedly: "After I enter the state of combining humans and spears, I can exert one percent of the power of the beast magic spear in a complete victory!"

Chen Feng smiled and said, "One percent, what power is it?"

The voice of Tiancun Beast Slave was trembling: "Star Soul Martial God Realm, fourth floor!"

When Chen Feng heard this, he was instantly stagnant!

The fourth floor of the Star Soul Martial God Realm!

You can reach such a realm!

It can be so scary!

Exerting one percent of the power of the beast gun, you can have such a terrifying strength. It can be seen how strong this beast gun is when it wins!

Then, he laughed excitedly.

He patted the beast slave on the shoulder again: "You really didn't let me down! Nor did you let down this beast gun!"

With the strength of the Tiancun Beast Slave, Chen Feng can play another powerful hole card!

Chen Feng was very excited: "If this is the case, my plan will be more certain."

At this time, hundreds of thousands of miles away, there is the Xiong's big camp.

In the patriarch's tent.

Zhan Xiu and others stood there blankly.

There are strong Xiongs around, staring at them, with murderous intent in their eyes.

Roar loudly, murderous intent!

It turned out that after Zhan Xiu and the others returned, the whole You Xiong clan was shocked!

When I went, it was more than a thousand Erlang.

Only a few of them came back!

This makes all the strong Xiongs, why not be angry?

Have to kill one after another quickly!

There was Xiong Jie expressionless, looking at those screaming strong Xiongs, and said lightly: "Let him explain first, let him die, and die."

There were many strong Xiongs, and then they calmed down.

At this time, Zhan Xiu, with a calm and calm face, smiled and said:

"Okay, then I'll talk to the patriarch."

"This time, there are three steps."

"The first step, the patriarch and I have confirmed this matter."

"In the second step, my friend from the righteous Bai Bone Peak camp, I explained the process in detail, and he arranged for us to enter the Bone Bone Peak camp."

"third step."

The smile on his face was particularly brilliant: "My friend turned around and told Fang Wanjian, who is the coach of Baigufeng Daying."

A strong bearer next to him, Yin Han said:

"In other words, you knew this was a trap for a long time, and took us to die! Isn't it?"

"Yes."

Cham Hugh smiled.

In an instant, these strong Xiongs, like they were fried!

"Destroyed our Qianerlang, I will kill you!"

Several strong Xiongs directly rushed forward.

He even ignored Xiong Jie's words to block him.

Several of them have even reached the third floor of the Star Soul Martial God Realm.

Even Xiong Jie can't stop them!

Zhan Xiu was surprised, he didn't want to die here unexplainably.

Immediately stepped back, an object appeared in his hand, and he shouted loudly: "Master Patriarch, this treasure in my hand can explain everything I said!"

"Fucking back for Lao Tzu, do you want to rebel?"

You Xiong Jie's eyes flashed, and he let out a low growl.

In an instant, everyone was shaken back.

Zhan Xiu said word by word: "What is this?"

Zhan Xiu smiled slightly: "Bone Bone Peak Camp, the formation of the thunder and the world!"

Shocked!

At this moment, all the powerhouses of Xiongshi City were shocked!

Originally, just now, they were so angry that they would smash Zhan Xiu and the others into pieces, but they calmed down all at once.

Because everyone knows the value of this array!

It can even be said that no one in this world knows the value of this array better than them!

No one wants this map more than them!

The offensive between the witch demons and the right way lasted for a thousand years.

Between each other, canine teeth.

The major clans of the Witch Clan demons are responsible for different attack directions.

There is the Xiong clan, who is in charge of attacking from the Jiuyin Mountain Range to Baigufeng Daying.

In the past thousand years, in fact, they have breached the Jiuyin Mountain Range several times and hit the White Bone Peak.

However, in the end, without exception, they all stopped before the White Bone Peak camp, smashed into the sand!

Then, under heavy losses, he was afraid of the arrival of righteous reinforcements.

Therefore, we can only retreat in anguish.

It can be said that for You Xiong, this White Bone Peak camp is their nightmare!

It was they who wanted to spend all the money and had to pull it out, a belly nailed to their heart!

Over the past millennium, they have tried countless times.

However, none succeeded.

The strength of the defenses of the White Bone Peak Camp, looking at the entire right way, is extremely rare.

Relying on the bones of possibly the most powerful monster beast in this world in the ages, the right way took almost a hundred years of their accumulation.

Created this terrifying, huge, complicated, and extremely solid array!

In this big array, nothing can be seen outside.

In fact, it is in a radius of thousands of miles, covering thousands of miles upwards and thousands of miles downwards.

After the opening of the big formation, it is as good as gold.

How many strong Xiongs died there.

The most important thing to break through the big formation is the formation!

Now, the formation of the Lei Shishi Great Array is in front of them?

How can they not get excited?

In an instant, even Xiong Jie's breathing became heavy!

He chopped his hand to **** the pattern.

[Chapter 4836: Attack the White Bone Peak Camp in advance!](#)

Looking closely, there was a burst of light shining above the array, shining directly into his mind.

Showing this pattern is absolutely true.

In an instant, countless huge amounts of information melted into his spirit.

This huge flood of information shocked his spirit, causing You Xiong Jie to sway heavily and almost fainted.

There was a strong Xiongshi city nearby, and asked urgently: "My patriarch, is it true?"

After a while, Xiong Jie slowed down and nodded sinkingly.

"It's true, the formation of the Tianlei World Destroying Array!"

Everyone was in an uproar!

Then, there was a huge shout of joy!

With the formation of the Thunder Destruction World Formation, if they had broken the Bai Bone Peak camp by only 20%, then it has now increased to 60%!

It's such a huge change!

With the array map, you can refer to the array map.

Attack its weaknesses and overcome its imperfections.

It's not desperate to see nothing.

Xiong Jie stared at Zhan Xiu: "Where did you get this pattern?"

Zhan Xiu smiled reservedly, with a calm smile on his face.

"In fact, this pattern is our real goal this time."

"The thousand strong men who died before were just to get a cover for the formation."

You Xiong Jie stared at him firmly: "You mean, in the name of the thousand strong, you said that you want to give me a proof."

"Prove that you are there and have a strong enough internal response, strong enough to allow thousands of you to enter it, come and go freely."

"But actually, your purpose is this thing?"

"Yes."

Zhan Xiu smiled: "I'm afraid there are spies among our own people, so I didn't tell you about this to the commander."

"Is this surprise big enough?"

There is Xiong Jie silently, and the others who have the Xiong family are also silent.

Exchange the life of a thousand tribesmen for this formation.

It seems that it is not so unacceptable.

Xiong Jie was silent for a moment: "To elaborate."

"It is good."

Zhan Xiu said: "Actually, the purpose of my friend from Baigufeng Camp is the formation of the thunder-destroying world."

"The reason why I asked you for a whole thousand people is because at least these people can make a big enough noise in the White Bone Peak Camp."

"In order to force Fang Wanjian to leave his big account and take action."

"Therefore, let my friend have the opportunity to steal the formation of the thunder and extinction of the world."

"Actually, my friend is so good, you should have seen it now."

"In the end, those of us were surrounded and couldn't come back. It was him who made me wait to come back."

"How concealed is Fang Wanjian's formation on this day of the Lei Destroying World Array? How can his handsome account be for everyone to go? My friend still took this thing out."

"Now, what do you still do not believe?"

Everyone was silent, feeling that although Zhan Xiu's words were a bit strange, they really made sense.

Xiong Jie said coldly, "What's the point of proving that you have such a great friend?"

"Of course it works!"

At the next moment, Zhan Xiu said something even more shocking.

"It proves that he is so powerful, then we don't need to wait for the reinforcements of our sect. Now, we can do it!"

"Attack the White Bone Peak Camp!"

"My friend, can help you destroy the Tianlei World Destruction Array!"

He stared at all the strong men of the Xiong clan, and said word by word: "Let you, you can kill this righteous way in one fell swoop!"

Everyone was in an uproar!

Then shocked!

Then ecstasy!

Then, the breath became heavier countless times!

Break the White Bone Peak camp!

Get rid of this righteous force in front of you!

This is their long-cherished wish for the Xiong family for thousands of years!

For this reason, I don't know how many people died!

Now, this opportunity lies in front of them!

And the friend of Zhan Xiu also proved that he does have such strength!

The strong man on the top of the sky, seeing this scene, suddenly thought of four words:

See you poorly!

"It turns out that Tian Can and Zhan Xiu's purpose is to break the White Bone Peak camp!"

"Heaven is here, their ambitions are so big!"

"Break the White Bone Peak camp, how much benefit will it get!"

Many people with the Xiong clan look to Xiong Jie.

And Xiong Jie was weirdly silent.

Standing there, groaning silently.

Heartbeat?

Of course he is heartened!

Without resorting to other reinforcements, make such a huge contribution!

So, the seat of the high priest is almost a sure thing to him!

However, he is the patriarch of the Xiong clan.

He has to consider Xiong's!

He has to consider whether this is a trap, and whether it will put all the Xions in it.

Tonight, there is Xiong's injury, which is huge enough,

As a result, to the point where You Xiong's family could not bear such a loss again.

And then, if you use the power of the whole family to attack the White Bone Peak camp, if there is a change, the loss will be even greater!

You Xiong Jie suddenly looked at Zhan Xiu: "If I attack the White Bone Peak camp, how many troops will you need to destroy the camp?"

Zhan Xiu smiled slightly: "I don't need one."

"You just have to attack normally, and then leave an elite team on standby."

"Our friend at the White Bone Peak camp, after helping you destroy the big formation, you can come in!"

"it is good!"

There was a flash of excitement in You Xiong Jie's eyes.

You don't need to do it yourself, which is totally acceptable.

He will press the whole army and attack the White Bone Peak camp.

But he won't give Zhan Xiu any more manpower to take risks. At that time, if the big formation is not destroyed, he can retreat calmly.

If the big formation is really broken, it is naturally better.

"Zhan Xiu, I will believe you for the last time! Don't let me down!"

"If this time, you can't do it!"

His face was full of hideous expressions: "You people, all of you are going to die!"

Zhan Xiu is confident: "Don't worry, patriarch, my friend, absolutely reliable."

At this moment, Xiong Jie suddenly smiled and grabbed his right hand.

In an instant, a long and faint aura drifted out from the palm of the hand, covering the people of Zhan Xiu and others on the top of the sky.

Then, everyone saw that there was a shadow above Zhan Xiu and others' heads, quietly casting out.

Looks like them.

It's just a shadow.

It was extremely thin and light, and instantly, it fell into the palm of Xiong Jie's hand.

Zhan Xiu and the others were startled and quickly sensed it.

But he felt that there was nothing unusual about his strength and other aspects.

But the whole body was uncomfortable again.

It was even more of a momentary trance, and lost his soul.

Xiong Jie smiled slightly: "Among your three souls and seven souls, there is already one soul, which I caught in my hands."

"At that time, if you dare to have any wrongdoing."

[Chapter 4837: The war is coming!](#)

"The old man squeezes it easily, and your souls will be broken directly."

Zhan Xiu and others changed their colors, and did not expect him to have such methods.

But in an instant, he recovered calmly.

Because he is sure that there will be no change!

He said indifferently: "It's okay, if the patriarch can trust me to wait like this, then it's fine."

Seeing him so calm, Xiong Jie's doubts went away again.

Later, Xiong Jie gave an order.

There are Xions throughout, and they move instantly!

However, if you want to attack the White Bone Peak Camp, it is not that simple, you must first make countless preparations!

Siege weapon, powerful magic weapon, food, medicine, formation... etc.

It will take at least a month to prepare.

Everyone left the big account one after another.

After returning to his station.

Those strong on top of the sky couldn't suppress the fire immediately, and burst out instantly.

"It turns out that these days, Zhan Xiu has been in contact with the Tiancun Beast Slave!"

"These two people are deep enough in their scheming and strong enough! They have created the situation in front of them!"

Xian Yu Wan Beast was full of anger and said viciously:

"Today, all of this is in their calculations, and my generation is reduced to chess pieces!"

Of course, he was angry because Zhan Xiu didn't take him to take advantage of it!

It is now obvious that Tian Can and Zhan Xiu have secretly engaged in unspeakable transactions.

The benefits must have been shared by them!

The glamorous woman Situ Meng chuckled: "Your brain is only worthy of being a chess piece."

Xian Yu Wan Beast was furious in an instant, and shouted sharply: "You little bitch, I will kill you!"

Situ Meng did not show any weakness: "Only you?"

Several people are murderous.

This time, several of them were teased between applause and almost died.

One by one, I don't know how big the fire is.

At this time, when a little spark touches, it will burst out.

At this moment, Zhan Xiu gave a sigh of relief: "Shut up all of you!"

Suddenly, everyone's hearts were stunned, and they quickly stopped their movements.

Zhan Xiu has a very important position in their hearts.

Zhan Xiu looked at everyone and said coldly: "I admit that I have been in contact with Tian Can during this period of time and set up such a bureau."

"You didn't get the benefit, and you died, and resentment in your heart is inevitable."

"But, I'm here to assure you!"

He stared at the crowd and said word by word: "Up to two months at most! All of you can complete the task!"

"And, get a lot of benefits!"

Upon hearing this, everyone was shocked, followed by joy.

What they worry most is the basic mission released by the top of the sky.

Everyone has to kill ten martial arts masters, two Star Soul Martial God Realm first building, and one Star Soul Martial God Realm second building.

For them, this is never easy.

And the fate of not completing this task is to be obliterated!

Thinking of that scene, everyone shuddered.

Now, Zhan Xiu promised to take them to complete this task within two months.

Everyone was still convinced of him at this time.

There was a sudden surge of hope in their hearts, and they just wanted to quickly complete the task and leave this ghost place.

In this world, although the level is not particularly high, the situation is really weird.

The two armies confronted each other, and countless strong men fought each other.

Among them, their strength is not high enough, and they have no power.

Just like an ant.

Maybe in a battle, when a great power hit him casually, everyone was crushed to death.

That death is too **** wrong!

"This horrible place, finish the task quickly and leave quickly!"

Xian Yu Wan Beast said loudly, "Okay, Zhan Xiu, we will believe you again."

Zhanxiu raised his head high and said, "Don't worry, once I speak, I will never go back."

At this time, beside.

Cui Jiuxi didn't know when to appear, and looked at them faintly.

Thoughtful.

Time passed by.

For the next month, Chen Feng had been practising the Great Witch Returning to Heaven.

In one month, his control of the Great Wu Huitian Gong had reached the extreme.

It can instantly transform into the body of the witch demon, and then into the body of the great witch god.

And within this month, the Tianchou Beast Slave had already completely controlled the current ability of the Beast God Spear.

At the same time, this month, the Wu clan has not been idle.

The Xiong clan issued an order to mobilize all the power of the clan to prepare for a battle.

There are strong people who continue to replenish from the Xiong's territory.

A month later, news came.

With the army of Xiongshi City, you will arrive at the White Bone Peak Camp within a few days!

When the news came, Chen Feng was on the height of Bai Bone Peak, looking far away.

As the sun sets, a piece of gold is scattered.

Beyond the horizon in the distance, there seemed to be a black and heavy army of witch demons, marching towards this side.

The corner of Chen Feng's mouth ticked slightly: "After a few months of layout, the show finally begins!"

Chen Feng turned around and got off the White Bone Peak and came outside the camp.

Outside the camp, a large army has quietly assembled, with a number close to tens of thousands.

Everyone is not top-notch.

However, most of them are above the martial arts master level.

Among them, there is no shortage of half-step martial arts realm powerhouses.

Even some strengths have reached the first floor of the Star Soul Martial God Realm.

They are already decent and lined up.

After seeing Chen Feng's arrival, several of the leaders shouted: "I have seen Master Yan."

"I have seen Master Yan!"

Thousands of people roared in unison, shaking the whole field.

Chen Feng smiled slightly, looked at the crowd, and sighed softly.

In front of him, there are nine thousand strong people.

These nine thousand powerhouses are a force he has painstakingly managed in the past two months.

Chen Feng knew that doing these things on his own was absolutely impossible to hide from Fang Wanjian.

Therefore, he simply did it generously and did not avoid Fang Wanjian and Ji Wanhao at all.

And sure enough, as Chen Feng expected, Fang Wanjian didn't care at all.

Chen Feng knows why.

First, in his eyes, these wandering warriors are not worth mentioning.

It's just like some cannon fodder, and it's useless to fight a big battle.

Chen Feng didn't take them all away, only 9,000 of them were taken away, which was completely within the scope of his acceptance.

Second, he now values Chen Feng too much.

Chen Feng's strength alone can be said to be almost half the strength of Bai Bone Peak Camp.

Why is he willing to upset Chen Feng for these little things?

The most important reason is that he is full of confidence in himself! Full of confidence in the power of Baigufeng Daying!

Even if Chen Feng had bad intentions, relying on this little person, it is impossible to make any storms!

Therefore, simply ignore it.

Seeing this, Chen Feng's men became more and more unscrupulous.

Even letting out the wind to the outside world, Yan Changfeng was ordered by Fang Wanjian to form another army.

[Chapter 4838: Tianlei destroys the world! start up!](#)

Therefore, it attracted more powerhouses to join Chen Feng.

And this also brings a great benefit.

That is, the combat effectiveness of this team and the loyalty to Chen Feng have all reached a level.

There are countless strong people who come and run, and Chen Feng can screen them carefully.

Screen out those who are weak and unpredictable one by one.

During the past month, Chen Feng used both kindness and power to firmly control these nine thousand people in his own hands.

Of course, this kind of control is quite weak.

To use an analogy, Fang Wanjian could send the righteous masters of the White Bone Peak Camp to die.

But Chen Feng asked his men to die?

how is this possible?

But Chen Feng didn't need to control them to that extent.

Chen Feng, they only need to do one thing for themselves when the time comes.

Chen Feng is 90% sure.

At this time, suddenly, from the center of the White Bone Peak camp, there was a continuous sound of horns.

Then, there are countless righteous people who came out of the camp and rushed to the place where these wandering warriors lived.

They issued orders again and again, ordering them to move into the camp.

Everyone's eyes were cast on Chen Feng.

Chen Feng smiled slightly: "Look at what I'm doing? Of course I listen to the commander."

Everyone obeyed, packed up their things and obeyed the orders.

Chen Feng also looked from a distance before returning to his camp.

I saw that the eastern half of the camp was marked out and lived by these wandering warriors.

Ji Manhao slowly walked over, right next to Chen Feng, and issued orders one after another.

The White Bone Peak Camp itself is extremely vast, and there are only more than 20,000 strong insiders.

Not satisfied at all.

At this time, the hundreds of thousands of wandering warriors moved in, and it didn't seem crowded.

Chen Feng also understood the intention of Fang Wanjian and Ji Manhao.

These hundreds of thousands of idle fighters are not very useful in fighting, but they can still be used as cannon fodder.

In order to prevent these cannon fodder from escaping, or being easily wiped out by the Witch Clan demons outside the camp, they still need to be trapped inside the camp.

Because their biggest role is in the formation.

If they are in the formation, if their ability reaches ten, they may have only one ability to fight outside.

A flash of excitement suddenly appeared in Chen Feng's eyes.

"Fang Wanjian and Ji Manhao did this, and it seems they are preparing to start the Tianlei World Destruction Array!"

"After the Tianlei World Destroying Array is activated, outsiders cannot enter, and those inside cannot easily get out."

"Suddenly get everyone inside the camp, there is only one explanation!"

After three hours, all the wandering warriors were placed properly.

I don't know if it was on purpose by Ji Manhao. When allocating places for these wandering fighters, Chen Feng's 9,000 people were scattered and placed everywhere.

This made everyone dissatisfied, but they did not dare to attack.

Chen Feng looked at it, but only smiled and didn't respond.

You know, because they belonged to Chen Feng's command before, these nine thousand wandering warriors had already gathered together spontaneously.

Several quite large battalions were formed.

Now, it was instantly broken up.

It seems that Chen Feng's efforts these days have vanished in an instant!

Ji Manhao glanced at Chen Feng lightly, with a provocative look deep in his eyes.

"Master Yan, I don't know how to arrange this, what do you think?"

Chen Feng smiled slightly: "I don't understand this, it's all up to the general."

A smug flashed in Ji Manhao's eyes.

In his opinion, Chen Feng is subduing himself.

He nodded: "Just understand."

After taking a deep look at the two Chen Feng, he turned and left.

He seemed to be extremely hostile to Chen Feng and the two.

When he was next to Fang Wanjian, it was not obvious yet, but it was completely revealed at this moment.

Tianchou beast slave was about to speak.

Suddenly, the entire White Bone Peak camp was violently trembling, with infinite power, as if condensed under the earth.

Slowly toward the towering Bai Bone Peak, flow away.

Chen Feng's spirit was lifted.

"Long heard of the Tianlei Destroying World Array, today I can finally see it."

This is a precursor to the opening of the Tianlei World Extinguishing Array!

The next moment, Chen Feng saw that the huge white bone peak with a height of hundreds of thousands of meters, soaring into the clouds, trembled violently.

There was a big earthquake in all directions.

Infinite cyan light is extracted.

In an instant, it condensed on the top of the White Bone Peak.

On the top of the mountain, a huge cyan light group appeared.

Next, the cyan light group burst open suddenly, exploding a sky full of cyan light flames.

It crashed and landed on the wilderness of thousands of miles.

The next moment, the entire Gobi wasteland shook violently.

Above the ground, countless huge white bones pierced the ground and slowly emerged.

The White Bone Peak under Chen Feng and the others was also shaking violently and constantly rising.

With a radius of thousands of miles, the real world is shattered!

It seems that there is a giant beast in the ground, which is about to break through the ground!

The earth shattered into countless pieces, the abyss appeared, and the Gobi rubble flew everywhere.

Countless warriors screamed again and again.

The earthquake lasted exactly twelve hours before it stopped.

And when the earthquake passed, the place had completely changed into one.

In the same place, there appeared a giant beast skeleton that was thousands of miles long.

The whole is exposed, only four giant legs are still 10,000 meters deep into the ground.

The skeleton looks like a giant dragon, but it has four huge legs like the Optimus pillar, like a giant earth dragon that has enlarged countless versions.

Its body length has reached tens of thousands of miles.

Its head is raised high, and above it, there is a sharp horn that is thousands of miles long.

As if to pierce the sky!

This sharp corner is the White Bone Peak!

Seeing this scene, everyone was shocked and speechless.

Extremely shocking!

Extremely spectacular!

The front is so huge, it seems to be able to tear apart a world-like behemoth!

The last time Chen Feng saw such a huge skeleton was when he was in Buddha's bone space.

The Tianchou Beast Slave exclaimed: "It turns out that there is not only a skeleton of the Primordial Fierce Beast here, but its entire body is buried."

Most of the huge monster bones that are tens of thousands of miles long are buried under this deserted Gobi.

Only the long pointed horn above his head was exposed to the ground.

Become the white bone peak among the population.

Chen Feng's eyes flashed and suddenly thought of something.

In the next moment, he saw a figure appearing on top of the sharp horns of the giant beast.

It is Fang Wanjian.

He waved his hands repeatedly and slapped them on the sharp corners.

At the next moment, countless cyan spots appeared on the bones of the giant beast.

Each cyan spot is a complex and dense formation.

As the formation surged, thick layers of cyan light continued to appear.

In an instant, this giant beast covered the inner and outer three layers.

[Chapter 4839: The war begins](#)

On the surface of its bones, a thick blue light barrier was enveloped.

The whole giant beast, as if it came back to life.

These glaucoma barriers are its muscles and thick crust.

And on the inside of the blue light barrier, on the huge bones, there are many bone spurs growing out, turning them into countless fighting positions.

Enough to accommodate the righteous ones to stay in it.

The blue light barrier covered the whole body of the giant beast, and it went deep into the ground.

Above the blue light barrier, there are huge blue thunder groups rolling one after another.

Each cyan thunder group has a diameter of more than three meters and is extremely huge.

There, there seemed to be countless sky thunders, and extremely violent and terrifying powerful forces were gathering.

Chen Feng felt that if he encountered such a blue thunder group, he would be blown into nothingness.

He slowly exhaled a foul breath.

"The Tianlei World Destroying Array is not only supported by extremely hard beast bones, but also has countless blue sky thunders rolling on the surface."

"The blue light barrier can be defensive, and the blue sky thunder can attack."

"Offensive and defensive, powerful."

Chen Feng vaguely guessed that this ancient fierce beast should be of thunder attribute.

Even after death, there are countless violent thunders in the bones of the body.

And on this day, the Thunder Destroying the World Array can draw these mad thunders out for defense.

Chen Feng took a closer look and saw it.

The ancient fierce beast, the bones that are as huge as a mountain, and are countless times more rigid than fine gold, are depicted with countless tiny runes.

The runes are extremely small and dense, and you can't see clearly a little farther away.

But it is extremely complicated, every place is extremely complicated, but it is densely distributed in every place of the giant beast bones.

Formed this huge circle!

The great formation of Tianlei Destroying the World has taken shape, covering thousands of miles.

It is based on the huge bones of giant beasts with incomparable strength and incomparable strength.

With countless Bone Peak big camp powerhouses as wings!

Attack with the cyan violent thunder group roaming around!

Chen Feng looked at it, and for a long time, he was shocked and speechless.

After a while, he slowly uttered four words: as good as gold!

That's right, it's invaluable!

Only this word is the most appropriate!

At this time, the two Chen Feng's positions were above the head of the giant beast, at the bottom of the sharp horns.

Fang Wanjian's figure flashed and came to Chen Feng.

"How about it, Yan Changfeng, my great array of thunder and the world, isn't it good?"

Chen Feng nodded and admired sincerely.

Wanting to break this great formation is equivalent to smashing the bones of this ancient fierce beast that is thousands of miles long and terrifying to an unknown level!

Who can do it in this world?

Fang Wanjian laughed, and then the order came out.

In an instant, two big camps were formed.

A large camp, above the head of this giant beast, below the sharp horns.

Accommodate tens of thousands of powerful players in the White Bone Peak.

The other big camp is below the giant beast, above the ground, and accommodates the hundreds of thousands of wandering warriors.

Obviously, these White Bone Peak Daying Warriors were the main force.

Once the manpower is insufficient, it is necessary to mobilize manpower from below.

Thousands of battle positions appeared in various places above the body of the giant beast.

In each battle position, there is one or several strong players from the White Bone Peak camp.

Chen Feng took a closer look, and felt that this great formation of the thunder and the world was not only magnificent, but also ingenious.

Every strongman in the White Bone Peak camp staying in his battle position can use the power of the big formation to increase his strength several times!

Three days after the Tianlei World Destruction Array started.

From afar, there was a devilish air suddenly rising into the sky.

Above the sky, a thick cloud seemed to appear.

The earth was shaking slightly.

Chen Feng was on the White Bone Peak, looking far away.

At the end of the line of sight, dozens of extremely huge figures appeared, which were siege equipment as high as a mountain.

Below, there are countless witch demons densely packed.

Chen Feng slowly let out a foul breath: "There are Xiong's army, here it is!"

The extremely cruel battle of the White Bone Peak Camp has begun!

These witch demons came from the northeast.

And to the northeast of Baigufeng Daying, there is a rolling mountain range.

Although it is not as high as the sky, it is still more than 100,000 meters high.

And when the powerhouse of the Witch Clan demons hadn't appeared in the sight of everyone.

The powerhouses of Bone Peak Camp. I have seen several huge black shadows emerging from behind the mountain.

The height of these war machines can reach beyond the peaks, which shows that they are terrifying and huge!

What kind of power is contained in it!

Suddenly, there were loud noises from those mountains, and many mountains were directly exposed to huge gaps.

Then, it was passed by those war machines.

It turns out that these powerful witches are not good at flying, nor are they capable of flying in the sky with such a powerful war machine.

He simply blasted the mountains out of the huge gap.

The army of witch demons is getting closer.

Chen Feng raised his eyebrows.

It turned out that it was not what he expected, only a corps of more than 10,000 people.

It turned out to be an extremely large legion, divided into hundreds of legion squares.

It's black, and the area is huge, covering hundreds of miles around it.

It came like a black tide.

In fact, in the middle of this phalanx, there were a large army of about 10,000 people, entirely composed of witch demons.

The others are densely packed with other servants.

It turns out that the witch demons did not rely solely on their own power when fighting against the righteous path.

On the battlefield, the main nature is to rely on these witches and evil demons.

But if they do everything by themselves, then they don't do anything else.

In fact, less than one percent of the evil demons of the witch clan are truly powerful, and the others are servants.

In the servant army, there are a large number of strong human races.

These are the human kingdoms, sects, families, cities, etc., conquered by the evil demons of the witch race.

They escaped the fate of being destroyed, but they can only crawl under the evil demons of the witch race, humbly claim to be ministers, demanding soldiers for soldiers and food for food.

In addition, there are many weird races.

Some are also quite powerful.

Standing on the skull of the giant beast and seeing this scene, Chen Feng's mouth twitched slightly.

It deserves to be fought for thousands of years. The demons of the human race and the witch race all used hundreds of thousands of cannon fodder.

Soon, the millions of Wu people came to the direction of Zhengdong.

It is about a hundred miles away from the Tianlei World Extinguishing Array.

Here, it can be regarded as a safe distance.

Then, the order was passed down one by one.

The army of one million troops quickly set up their camp, covering hundreds of miles, magnificent.

[Chapter 4840: First day](#)

But when compared with the Tianlei World Destroying Array in front of him, it was nothing.

The Tianlei World Destroying Array, the head of the giant beast's bones, in the Bone Peak camp.

At this time, the manpower in the White Bone Peak camp was already much less.

Originally, there were about 20,000 righteous people in the White Bone Peak camp.

It is a more reasonable equipment to face the 10,000 witch demons against the opponent.

After all, the individual strength of the strong human race is far inferior to the evil demons of the witch race.

It takes about two to fight one, even with the realm.

Now, about 10,000 or so human race powerhouses have entered various battle positions in the Tianlei World Destroying Array.

He practiced directly there, and even carried a large amount of pill supplies and so on.

It can be said that each strong person above each combat position is a separate defensive position.

In the camp, there were only 10,000 left at this time.

These people serve as a reserve team for emergencies.

But based on past experience, there is no need to even use this ten thousand reserve team.

At the core of the big camp, just under the giant beast unicorn, is Fang Wanjian's handsome account.

Chen Feng's tent is not far from his handsome tent.

Next to it is the Hall of Merit.

It seems that these three things have become the three most precious places in the camp.

Yan Changfeng's detached position in the camp also made many people dissatisfied.

But being suppressed by Fang Wanjian, no one dared to speak out.

At this moment, the two stood side by side, looking into the distance.

Among the army of witch demons, the towering war machines resembled steel crossbows magnified countless times.

A thick crossbow arm is as thick as a mountain beam, and its size reaches tens of thousands of meters.

The whole body is pitch black, and there are speckled gold.

At first glance, it is made of extremely powerful metal materials.

Chen Feng raised his eyebrows and smiled: "Every time the Witch Clan demons come to attack the White Bone Peak Camp, do they have to build such a huge siege weapon?"

"Is this one expensive?"

Fang Wanjian looked at Chen Feng with deep meaning in his smile:

"No, they came before and never brought this thing."

"Want to come, this time..."

He said leisurely: "It's aimed at our large array of thunder and destroying the world. Some weaknesses come from?"

Chen Feng smiled: "This time, it's really extraordinary!"

The two looked at each other, and there was an unspeakable smell in their eyes.

After the formation of the Wu Clan camp, thick clouds suddenly escaped from the camp.

In a blink of an eye, these thick black clouds turned into a semicircular cover.

The large camp of the Witch tribe in a radius of hundreds of miles is firmly buckled below, blocking the line of sight and even perception.

The powerful people of the human race could not see what happened in the Witch camp.

After the camp, the war is about to start.

Under the body of the giant beast, in the camp of the wandering strong, everyone was nervous.

But many Bai Bone Peak big camp powerhouses didn't care.

Early the next morning.

Early in the morning.

With a long and thick horn sounded.

The entire Witch Clan camp came alive in an instant.

After an hour, countless huge tens of thousands of troops appeared constantly.

Ten in all appeared.

One hundred thousand strong servants came forward quickly following the order.

Soon, before the Tianlei World Destroying Array.

Then, as these generals roared one after another, 100,000 strong men rushed over.

Murderous intent is all over the sky, extremely fierce!

The war begins!

These powerful men rushed to the periphery of the blue light barrier of the Tianlei World Exterminating Array, and launched their own powerful offensives, wanting to break the blue light barrier in front of them.

Their strength is not particularly weak, although they are not as good as the Witch Clan demons, there are also a large number of Nine Star Martial Emperors, and there are even some Star Soul Martial God Realm first buildings!

Boom boom boom...

The intrepid offensive continued to blast above the blue light barrier, but the force fell on the blue light barrier, and it was like a clay cow into the sea.

Even the slightest reaction of the blue light barrier can't be remembered.

And behind the Qingguang barrier, came the joking laughter of countless human experts.

"With your strength, you can't even react to the great battle of Tianlei Destroying the World!"

"Just playing for a hundred thousand years like this may break our formation!"

The sound of laughter is endless.

For this kind of offensive, many human race powerhouses don't care at all.

Hehhhhhh, very relaxed.

They have seen a lot.

In the past thousand years, the evil demons of the Witch Clan came to fight the White Bone Peak Camp many times. They alone have experienced it seven or eight times.

Every time, it was such a purposeless beating, which hurt the soldiers and defeated the generals.

And they can even guess the ending:

After a few days, the manpower was severely damaged.

The servants are almost dead, and a large number of their own Witch clan powerhouses have also died.

Morale is low and tired.

At this time, he heard the news of the human reinforcements coming, so they retreated one after another and returned without success.

They have been through it several times and they don't care anymore.

These people aimlessly attack everywhere, which shows that they don't know where their weakness is.

No matter how many such offensives, it will not have any impact on the Tianlei World Destroying Array!

Many strong human races seem to be watching a joke.

After a while, it seemed that many of them were bored.

As a result, there is a force quietly rising in the body.

With a palm of your hand, pat on the blue light barrier in front of you.

Suddenly, on the blue light barrier, countless blue lights burst out.

It smashed **** the bodies of those servants.

In the next moment, many servants screamed screamingly, and they were directly smashed in many places.

Suffering serious injuries, he fell heavily to the ground from a height of 10,000 meters.

Fortunately, their cultivation base is not low, their strength is strong, and they are not dead.

But he was seriously injured and couldn't stand up.

Yes, they are not dead.

But they were all seriously injured and lost their combat effectiveness.

And this is what the strong humans deliberately do.

Kill them, then you can only kill him.

And if he is severely injured, that kind of severe injury that takes months to recover, then two or even three people may be destroyed.

Someone must take care of them, and someone must guard them.

These wounded soldiers can bring a greater burden to the Witch Clan demons than the dead.

However, the strategy of the strong human race did not succeed.

After a while, thousands of knights riding witch beasts hurried out in the Witch Clan camp.

Came among these seriously wounded servants.

Then, the black spear in his hand flashed one after another.

Wherever he went, the servants who were screaming again and again, all their breath disappeared.

But for a moment, these 100,000 severely wounded powerhouses have been slaughtered by their masters, by these witch race demons powerhouses!

This scene shocked many human experts and lost their voices.
