

## Peerless 4851

### [Chapter 4851: There is Xiong Jie's back hand!](#)

At this time, if you look down from the sky.

You will find that countless armies of the Witch tribe are like a black tide.

The strong human race surrounded by them is a cyan circle.

There were countless strong human races wearing cyan armors, and they kept retreating.

The cyan circle is constantly being squeezed backwards and getting smaller!

Terran warriors, defeated like a mountain.

Embarrassed and low morale.

The morale of the strong witch clan is like a rainbow!

Today's situation, if done well, they can wipe out their entire army.

However, top powerhouses such as Fang Wanjian and Ji Manhao can never be kept.

And if they do not do well, they will let more than a thousand remnants escape.

A coldness flashed in You Xiong Jie's eyes: "I want to be perfect and win a brilliant victory to show everyone in the Wu clan!"

"In this case..."

There was a sneer at the corner of Xiong Jie's mouth: "If that's the case, let's make another move."

"My biggest hole card can finally be turned over!"

In the next moment, Xiong Jie's figure suddenly blasted down like a cannonball.

It was actually directly towards the head of the giant beast.

That is, the most core position of the human army, flew over.

At this time, Ji Manhao and others were still entangled by the strong Wu clan.

Fang Wanjian organized the retreat of the strong human races everywhere.

Mass slaughter of the strong witch clan, no one can stop him.

Xiong Jie landed and shot dozens of celebrities to death.

Then, a black disc appeared in his hand and slapped it heavily on the ground.

In an instant, a black magic circle with a radius of 100 meters was formed.

It is the space teleportation array of the Wu clan.

Power instilled in, and instantly, above the space teleportation array, the light shone brightly.

And hundreds of thousands of miles away from here, in the previous Wu Clan camp.

A black army is gathering here.

There are about three thousand people, all of them are witch beast knights.

Each one is quite powerful, generally reaching the peak of the first building in the Star Soul Martial God Realm.

This is the most elite force of the Xiong family.

Before, Xiong Jie hadn't used it on the battlefield.

Even when the whole army is pressing down today, they are not used at the most critical time.

Because they are useful at this moment!

Before these three thousand witch beast knights, it was a tall and strong young man.

He looked to the side and it was number 10

He is Xiong Jie's most trusted subordinate.

Is waiting there quietly.

In front of everyone, there is a huge space teleportation array.

In this way, once there is any movement on the other side, they can react immediately.

Suddenly, under the space teleportation array, a black light surged.

Under the command of the Witch Beast Knight, his face flushed instantly, and his excitement was extreme.

"Everyone, enter the teleportation array!"

In an instant, three thousand witch beast cavalry, like one person, stepped into the space teleportation array.

The witch beast knight commanded, looked at the young man not far away, and said solemnly, "There is a bear light, are you sure not to go?"

The calm Wu clan boy shook his head slowly.

There was a touch of despair in his eyes.

"Then, let's go!"

The witch beast knight commanded laughed wildly, and then a black light instantly enveloped them.

Everyone, disappeared!

It turned out that for this victory, You Xiong Jie had already made a bet on all of Xiong's family.

In the past one or two months, he issued the order, and all the fighting powers in the bear clan will come out.

Even some elderly people and women are no exception.

Even the other tribes attached to the Xiong clan also sent troops.

At the same time, the most elite of three thousand people are arranged here.

As his biggest hole card!

Be ready at any time to strike a fatal blow!

In this battle, if the Xiong clan had lost, then it would not have been a consequence of decades.

Instead, it loses all combat power and becomes extremely weak!

It will be divided up directly by other Wu clan clans like wolves and tigers!

From then on, Xiong's family will become history.

Xiong Jie, bet everything!

And now it seems that he won the bet!

There was Xiong Jie firmly nailed to the head of the giant beast, the center of the human army.

They didn't kill outwards, but stayed there, occupying a space of hundreds of meters in radius.

All the human experts who dared to come are just shot to death.

Fang Wanjian saw the light of the space teleportation array, and suddenly thought of something terrible.

The pupils shrank to the extreme, and shouted sharply: "You bastard, dare!"

The figure jumped quickly, and he wanted to expel Xiong Jie.

At the same time, smash the space teleportation array.

But it's too late!

The next moment, with a black light shining.

A witch beast knight appeared.

Then, there are ten, hundreds, and thousands!

In an instant, three thousand witch beast knights appeared.

Moreover, it appeared at the core of the giant beast's head, at the core of the human powerhouse!

This is equivalent to a central blossom among the human power army!

Seeing this scene, all human powerhouses were stupid, and exclaimed in disbelief.

"How is it possible! How can there be so many powerful troops with the Xiong family?"

"Also, look at their breath, this is their strongest!"

"It turns out that they have hidden the three thousand strongest people, and have they only taken it out until now?"

"It still appeared in our most important place. It's over, now we will be hit by two sides!"

"I will definitely lose! I must die!"

Originally, the situation of human beings was very difficult.

However, it can still be sustained.

After all, shrink the line of defense and squeeze everyone in one position, so that you can take turns to deal with the opposing witch clan evil spirit powerhouse.

Although casualties will continue to occur, they will never reach the end of the river.

At least, it will be fine for a few more days.

At that time, reinforcements can also arrive.

And now, in their most important place, the three thousand witch beast knights that appeared, suddenly plunged the human warrior into the abyss of immortality!

In an instant, under the attack of inside and outside, the human powerhouse is afraid that the entire army will soon be wiped out.

Human powers know this, and so do the evil demons of the witch race!

Xiong Jie laughed wildly: "Kill! Kill them all!"

All the witch beast cavalry screamed in excitement one after another, and slew towards the surroundings.

Terran warriors are even more chaotic.

The formation that could have been maintained was almost immediately destroyed.

A large number of human powerhouses were easily beheaded by witch beast cavalry.

Their strength has completely fallen behind, and the situation is extremely passive.

The most important thing is that the military's spirit is scattered!

Even, I don't even have the thought of fighting, I just want to escape!

#### [Chapter 4852: Time to close](#)

Many human powerhouses have risen in the air, wanting to leave.

However, they will immediately become the biggest target and be beheaded.

However, as more and more human powers flew up, the Wu clan powerhouses were also a bit stretched to pursue them.

After all, they are not good at flying.

Looking at it, it may be possible to keep most of the strong humans, but at least several thousand people will be run away.

At this time, far away, in the Witch Clan demons camp.

Zhan Xiu and others stood there, staring at this scene, dumbfounded.

Xian Yu Wan Beast suddenly looked at Zhan Xiu, with awe-inspiring expression on his face: "Awesome! It's such a big deal, you can do this!"

The eyes of Situ Meng looking at Zhan Xiu were also full of awe.

At the moment, they are extremely convinced of Zhan Xiu.

Zhan Xiu knew that this was not his own credit, but the credit of the person in the White Bone Peak camp.

It's just the admiration and admiration of the people, but he didn't say this.

Just smiled and looked calm.

It was as if all of this seemed to be what he did.

His heart was also extremely shocked.

"It turns out that the Heavenly Remnant Beast Slave turned out to be such a purpose, but why?"

At this point, everything is clear.

It turned out that Chen Feng was actually going to cooperate with the Witch Clan demons army to completely destroy the Bone Peak Camp.

Why did he do this?

What good will it do for him?

Xian Yu Wan Beast geared his hands: "Now is the best time to fish in troubled waters, don't forget, our mission has not been completed yet!"

Everyone's eyes lit up, nodded, and looked at Zhan Xiu.

Zhan Xiu pondered for a while, and suddenly shouted coldly to the dozens of powerful Wu clan who stayed beside him:

"You protect me now and wait to go to the battlefield."

"Meet with the patriarch."

Basically, the Wu Clan has a little bit of strength, and they have already joined the battlefield.

Those who are still here now are not worth mentioning.

But even if it is not worth mentioning, it can be regarded as combat power anyway.

Hearing Zhan Xiu's words like this, the remaining dozens of powerful Witch clan leaders stared, and suddenly turned their faces.

Zhan Xiu sneered: "Why, the patriarch told me to wait. After the plan is successful, I will go in and join him. He has important things to order!"

"Are you going to disobey?"

I heard the four words of Lord Patriarch.

Suddenly, this powerful Wu clan, afraid to let go, nodded quickly, escorting everyone into the battlefield.

Zhan Xiu and others also began to quietly show their strength.

Kill a few strong human races who have slipped through the net and begin to complete their mission.

At this time, Xiong Jie returned to the Wu Clan camp with hundreds of people.

Then, an order was given.

In an instant, those dozens of powerful men came behind those huge war machines.

Those huge war machines, up to ten thousand meters high, are made of thick metal, and they are extremely powerful.

Even the third floor of the Star Soul Martial God Realm requires several people to control one.

In the next moment, they activated the war machine one after another.

In an instant, the huge war machine, with a long swing arm tens of thousands of meters long, slammed forward fiercely.

At the end of the swing arm, there is something like a spoon.

And as the tyrannical force drove the rocker to eject, in an instant, a thick black light spilled out of the huge spoon.

The black light stretched out in the air.

Upon closer inspection, it turned into a giant net.

This giant net has a radius of thousands of miles, and the whole body is transformed into black light.

There are huge meshes on it. When others look at it, they feel that this huge mesh is extremely heavy and can seal the sight.

In the next moment, the giant net fell precisely.

Directly cover the battlefield with a radius of thousands of miles!

When this giant net fell, everyone suddenly felt their bodies sink.

The air seemed to become rigid and solid.

Flying on it has also become a lot more difficult.

The next moment, another big net fell.

Then there is another side!

In an instant, the five nets fell down fiercely.

In the sky, it seemed that there was an extra layer of black cloud and mist, covering everyone below.

The human powerhouse was shocked to discover that they could no longer fly in the air.

The sky seems to be locked.

Not only that, their speed has also been greatly affected.

The body is extremely heavy, and the strength can be displayed by less than 50%.

Although, the powerful Wu clan felt heavy, but it had little effect on them.

They themselves are not good at flying, they are better at fighting on land, and they are powerful and powerful.

Xiong Jie sneered and said, "You humble humans, still want to escape?"

"Tell you, today, none of them can escape!"

The many evil demons of the witch clan are even more excited and curious.

Towards the human powerhouse whose combat power was greatly reduced in front of him, he wanted to kill.

It seems that his purpose of bringing these engineering equipment is to use them at this moment.

He is thinking of destroying all human warriors here!

In an instant, the human army of about 20,000 had been killed and injured, only about 15,000 remained.

In so many days of fierce battle, the human army was killed or injured in the hundreds.

Today, deaths and injuries are ten times greater than in the past.

Moreover, it is still increasing at an extremely fast rate!

Seeing these strong human races, at most they can only support less than an hour.

After an hour, all will be killed!

The strong human race fell into despair.

Moreover, at this time they discovered that their coach Fang Wanjian had disappeared unexpectedly.

Only Ji Wanhao, who leads more than a hundred famous martial artists in the third floor of the Star Soul Martial God Realm, is still struggling to fight.

At this moment, where is Fang Wanjian?

The head of the giant beast, in the inner space.

Chen Feng and Tiancun Beast Slave are here.

Suddenly, Fang Wanjian also appeared.

Chen Feng broke through the sky thunder and destroying the world, causing the human power to fall into this situation now.

It stands to reason that Fang Wanjian should hate him for his bones, and he will be killed soon.

But by the way, Fang Wanjian looked at Chen Feng at this time.

His face was indifferent.

Fang Wanjian's mouth suddenly showed a strange color: "How many witches and demons are there here?"

Chen Feng looked around and said lightly: "Is it fifteen thousand?"

"Fifteen thousand, plus the thousands of deaths and injuries before, the total is almost 20,000."

Fang Wanjian said leisurely.

"There is the Xiong clan, although it is a large clan among the Witch clan."

"However, the available force is only about 20,000."

"This is already the strength of their entire clan."

Chen Feng nodded: "That's right."

Fang Wanjian looked into the distance, his eyes melodious: "Since the fish are already in the net, then!"

He smiled slightly and uttered four words: "It's time to close the net!"

Just now.

Suddenly, there were five huge tremors outside.

Then everyone felt the pressure increased several times.

[Chapter 4853: Reverse, reverse again!](#)

Fang Wanjian's mouth twitched slightly: "It seems that Xiong Jie used the Suotian.com which is secretly transmitted by the Xiong family."

Locking the Skynet will make everyone lose their speed rapidly and there is no way to escape.

Turned into a big cage, covering everyone in it.

Chen Feng said indifferently: "He wants to spare no humans."

Fang Wanjian smiled coldly: "As everyone knows, this is the last nail he dropped on the Xiong's coffin for them!"

He strode to the center of this space, where the cyan flame had just disappeared.

With a loud roar, both palms slammed on the ground.

In an instant, endless blue light surged in his body.

The next moment, on the ground, endless cyan light lit up.

The lines of cyan color shine brightly.

Look carefully, on this ground, it turned out to be a huge magic circle.

In the magic circle, every cyan light lit up.

In the next moment, this cyan light oozes towards the head of the entire giant beast.

However, this cyan light is not the same as before.

In the cyan, there is a thrilling red.

Like the blood of the setting sun, the murderous intent is revealed!

Moreover, the power is not the thick and heavy before, but violent and fierce, full of killing and instability!

The current situation is that on a huge battlefield with a radius of thousands of miles, the human beings are strong, fighting and retreating.

All came to the head of the giant beast.

The witch demons, on the other hand, attacked on the outer edge of the giant beast's head and neck.

In the center of the giant beast's head, there are three thousand witch beast cavalry.

On both sides, fierce fighting is raging.

Therefore, no one noticed that the ground turned into a blue color.

In the next instant, there was an extremely huge power fluctuation, suddenly pulsating from the head of the giant beast!

This time, everyone felt it!

Everyone was shocked and bowed their heads: "What is this?"

"How do I feel, the ground seems to be bouncing!"

"It seems as if there is a violent force surging under your feet, it seems that a volcano is about to erupt!"

The tyrannical forces continue to converge, coming from several million miles around, and converging on the bones of this giant beast.

Then, they gathered on the heads of the giant beasts thousands of miles around!

You Xiong Jie suddenly found something wrong!

In an instant, the pupils shrank sharply, and a touch of disbelief and panic appeared in his eyes.

He roared: "How is it possible? How could this be?"

He screamed: "All the witches, step back! Go back! Get out of here!"

The voice spread far away.

Many evil demons of the witch clan, when they heard this, they were all stunned in place, not knowing what was going on.

"The patriarch is crazy, right?"

"The situation is just right, why should I wait to retreat?"

At the moment when they were stunned, the last glimmer of life was completely gone!

The next moment, a huge explosion sounded, resounding across the world!

Under the head of the giant beast, endless blue-red power surged!

All the cyan-red powers shrink violently!

The entire head of the giant beast, the head of the giant beast within a radius of thousands of miles, seems to have become a huge blue-red violent thunder group!

Then, this violent thunder group blasted to pieces!

In an instant, huge and violent power surged in this space.

Turned into tens of millions of violent blue thunder dragons, burst into pieces.

And this area of thousands of miles, like an inverted bowl, all the power is sealed inside.

Therefore, these tens of millions of terrifying thunder dragons, in this small space, rushed from left to right, and began a terrible killing.

A violent thunder dragon that was as thick as a bucket slammed into dozens of powerful wizards.

In an instant, the dozens of powerful Wu clan experts were directly blasted into countless debris before they even had time to scream.

At the side, there were also several human experts who saw this scene with panic and fear on their faces.

Because, the terrifying blue Thunder Dragon rushed towards them.

And they have been unstoppable and inevitable.

But the next moment, a scene that surprised them appeared.

After this terrifying Thunder Dragon hit them, it actually passed through.

Did not cause half damage.

Even, the terrifying thunder dragon reveals a strong and majestic power, this power penetrates into their bodies, and their already severely injured bodies begin to quickly recover.

After a few breaths, he reached his best state.

They even feel that their internal strength is still growing and improving!

The strong human beings were surprised first, then ecstatic.

Although they don't know what happened, it is obvious that this matter is of great benefit to their side.

In an instant, the head of the giant beast turned into a piece of Shura hell.

The \*\*\*\* of the witches.

Numerous cyan Thunder Dragons surging violently.

Wherever he went, all the strong witches were wiped out.

And the human powerhouse is safe and sound.

This violent explosion and the ravages of Thunder Dragon did not last long.

Probably only about ten breaths.

But, enough.

It was the time of these ten breaths that the Xiong's army suffered a disaster!

After ten breaths, all the cyan thunder dragons exploded and turned into strong original strength.

And the head of the giant beast, half and half of it, was almost destroyed.

There were also tens of thousands of Witch Clan demons who were destroyed together.

At this time, there were less than a thousand of the Wu tribe army of nearly 15,000.

The others have been crushed by the cyan Thunder Dragon.

Many people have no bones.

In place, only a drop of blood was quietly rising and falling!

These powerful witches are not fools either.

When a crisis comes, it will naturally run away.

And ten breaths of time were even enough for them to escape hundreds of thousands of miles out of this range.

However, the top of their heads is covered with the seven-layer black giant net, so that they can't escape at all, they can only wait for death in despair and pain!

Just now, in order to control the human army, the Witch Clan demons trapped them tightly and threw down the sky-shut net.

Instead, it has become the greatest restraint to themselves.

In the same place, there were only a thousand of the strong Wu clan.

And the strong human race has 15,000 people left.

Moreover, all of them are energetic, and their strengths have returned to their peaks.

Even the injuries have healed.

Stronger than ever!

Because the power of this explosion originated from the Heavenly Thunder Destroying World Array!

It is the great formation of the sky thunder destroying the world, the infinite concentration and concentration of power!

Then, burst!

And all the strong human races, in order to allow them to easily control the Tianlei World Destroying Array, they have previously practiced a magical skill.

It is a magical skill with the same origin as the Tianlei World Destroying Array.

After practicing this technique, the body will produce that kind of blue light.

There is not much use for improving combat effectiveness.

However, it was able to allow them to control the power in the Tianlei World Destroying Array.

This kind of power is of the same origin as them, so when it explodes, it will not cause any harm to them.

[Chapter 4854: Chen Feng's true purpose](#)

On the contrary, the power of this escaping sky thunder and destroying the world can restore their strength, increase their strength, and heal their injuries.

In an instant, the situation reversed!

Originally precarious, within an hour, the human army that was about to be destroyed, instantly turned the danger into peace.

The Wu Clan was almost overthrown.

Xiong Jie and other elite witches are still alive.

Even Zhan Xiu and others were not affected because they entered the battlefield relatively late and were far from the core area.

They all watched this scene blankly.

For a long while, I didn't recover.

Zhan Xiu stayed in place, muttering to himself: "How is it possible? The plan is not like this! How is it possible?"

After everyone came back to their senses, they all stared at Zhan Xiu and shouted: "Zhan Xiu! What is going on?"

"This is the ending you want?"

"Isn't that the human race is destroyed, let's follow it to make a big profit? How come the Witch race is destroyed now?"

Some people were crying and desperate: "It's over, everything is over."

"We have all been calculated by Tiancun!"

Until now, they thought that they were calculated by the Heavenly Remnant Beast Slave.

I don't know that the person behind the scenes is Chen Feng.

Among them, someone has just completed the basic task of killing.

However, no one left, they chose to stay here and continue to wait and see.

This is due to the nature of the strongest in the sky.

They all want to get greater benefits in every task, and it is rare that they are soberly aware of the situation and leave quickly.

There was Xiong Jie, and he came back to his senses at this time.

He only felt the extreme pain in his heart, almost bleeding!

At this time, how he didn't know, this was a huge trap!

And now, there is the Xiong family in the whole, almost everyone is in front of him, and the death is extremely miserable!

He knew that with the Xiong clan, today it is very likely that it will completely become history!

He stared at Zhan Xiu and others from a distance, and let out a crazy roar: "Zhan Xiu, I killed you!"

But, soon, he couldn't care about Zhan Xiu.

Escape is the most important thing.

What was in front of him became extremely clear.

Fang Wanjian had already appeared suddenly, leading Ji Wanhao and all the strong human races to kill him.

He naturally wants to leave all Xiong Jie and others today!

Don't put anyone with the Xiong family back!

In an instant, the tens of thousands of people who had fully recovered their strength madly killed Xiong Jie and others.

Surround them with three layers and three layers outside.

At the top are hundreds of experts in the third floor of the Star Soul Martial God Realm led by Xiong Jie.

As for Xiong Jie, he found Fang Wanjian first and got into a group with him.

You Xiong Jie madly ordered everyone to transform into a great witch \*\*\*\* body.

He knows that now is the most critical moment.

If the great witch \*\*\*\* body is still kept, it may not be used until death.

Give it a try now, and still have the power to work hard.

All the powerful witches, regardless of the root cause, turned into great witch gods again.

Now, the witch demons who are still alive are all top powerhouses.

The weakest is also at the peak of the second floor of the Star Soul Martial God Realm.

Although there are not many people, they are the most elite.

Transformed into a great witch \*\*\*\* body, soaring strength, actually blocked the offensive of the strong human race.

In an instant, the two sides fell into a fierce battle.

But everyone knows.

This is just a dying struggle.

Chen Feng and Tiancun Beast Slave, who didn't know when they appeared, stood quietly on the edge of the battlefield, watching the ups and downs in front of them.

Chen Feng hooked his mouth: "This is what I want!"

It turned out that Chen Feng's real purpose was not to destroy the human race at all!

Instead, the entire Xiong clan will be wiped out, and there will be Xiong clan, this powerful Wu clan will be wiped out in this world!

Chen Feng was in the layout before he even entered the White Bone Peak camp.

He and Zhanxiu kept discussing strategies, and strived to get great benefits for both sides.

When he first entered the White Bone Peak camp, he was planning to slay the head of Jiuyin with a tyrannical posture, attracting Fang Wanjian's attention.

Then, he colluded with Zhan Xiu and asked him to bring a thousand powerful Wu clan to die.

Thus, it further won the trust and value of Fang Wanjian.

In fact, as early as that night, he told Fang Wanjian.

A few hours later, Zhan Xiu will lead the news of the arrival of a thousand powerful Witch clan.

At the same time, he asked him a question: Do you want the victory of these thousand people, or the destruction of the Xiong family?

At that moment, he was already preparing for today.

On that day, what Chen Feng told Fang Wanjian was not just what would happen that day.

He also has his own follow-up plan, these things to happen later!

He told Fang Wanjian that he would first invite Zhan Xiu to bring these thousand people to death, but at the same time he gave Zhan Xiu and the Wu clan behind Zhan Xiu, the Xiong clan, a huge benefit.

This benefit will make them desperate to attack the White Bone Peak camp with all their strength.

This benefit is the formation of the great battle against the world!

In fact, Fang Wanjian gave this array to Chen Feng himself!

Chen Feng persuaded Fang Wanjian in just one cup of tea.

Because, he clearly revealed his next plan to Fang Wanjian:

With the formation of the sky thunder destroying the world, the whole army of the Xiong family was attracted to attack.

Of course, Xiong's family is not a fool, and he won't put all his power here.

Therefore, at this time, they need the greatest opportunity for their entire army to suppress! Maximum motivation!

That is when the Great Array of Thunder and the World was broken!

Chen Feng told Zhan Xiu that he would cooperate inside and outside to break the Tianlei World Extinguishing Array, so that the Xiong family would destroy the Bone Peak camp in one fell swoop.

Xiong Jie is naturally tempted.

However, he was also more careful, and when he had doubts, he saw that the Heavenly Thunder Destroying Array was indeed broken, so he started.

The moment he did it, it meant that he had lost!

Fang Wanjian has long been under the thunder and destroying the world, and in the head of this giant beast, a huge array of absolute death has been set up!

Once that big formation burst open, it had extremely powerful and terrifying power.

Enough to kill most of the strong witches.

Fang Wanjian simply agreed.

Because the Wu clan has the Xiong clan, and they don't want to destroy the White Bone Peak Camp all the time.

And Fang Wanjian, why didn't he think about the destruction of Xiong's city all the time?

Once the Xiong clan is destroyed, Baigufeng Daying can guarantee hundreds of years of worry-free.

His prestige can also be greatly improved, and even become the master of the right way in the future!

This is a serial plan.

Then, this is the situation now!

In the whole process, Zhan Xiu was Chen Feng's pawn, Xiong Jie was Chen Feng's pawn, and Xiong Clan was the \*\*\*\* of Chen Feng!

Even Fang Wanjian, Ji Manhao, and the tens of thousands of powerful people in the Baigufeng Camp are Chen Feng's chess pieces!

#### [Chapter 4855: Calculated to the extreme](#)

In the end, there is only one biggest winner: Chen Feng!

Chen Feng's first purpose was the blood of these witches.

The second purpose is to make great achievements and get countless benefits from Fang Wanjian.

However, Chen Feng looked into the distance with a long gaze: "My third goal is also my biggest goal!"

"You, no one would have thought of it!"

The entire battlefield was in chaos, and there were only two parts of the two sides who had not joined the battle group.

One is Zhan Xiu and others on the edge of the battlefield, and the other is Chen Feng and Tianchou Beast Slave, as well as more than a hundred celebrity powerhouses beside them.

These strong human races were specially left by Fang Wanjian for Chen Feng's advice.

Of course, there is also the meaning of surveillance.

Of course, there are those hundreds of thousands of strong people in the lower camp.

At this time, they all came here sneakily, wanting to get a share.

Or for fear of being held accountable for the previous bombing camp and sneaking away.

No one cares about them.

Chen Feng suddenly looked at the Tiancun Beast Slave and smiled and said, "Tiancun, you punch me."

"Beat you?"

The Tianchou Beast slave was stunned for a moment.

Chen Feng smiled and said, "If you ask you to hit you, hit it."

The Tiancun Beast Slave hesitated a bit, but still used only three points of strength, and blew on Chen Feng's body without pain or itching.

As his fist approached, Chen Feng smiled slightly.

A voice in his mind suddenly shouted: "Master of Heaven, I want to leave this world and return to the top of the sky."

And when his voice fell, the fist of the Heavenly Remnant Beast Slave also fell on him.

So, in an instant, the voice of heaven dominates.

"Chen Feng, the saint of reincarnation, is in a state of battle and cannot leave this world!"

With a punch down, Chen Feng was naturally unscathed.

And he also nodded lightly, a smile drawn at the corner of his mouth:

"That's it, as I expected it to be."

He waved his hand: "Let's go, we should also meet those old friends."

The Tiancun Beast Slave gritted his hands, gritted his teeth and said with a grin: "It's been a long time since they were not pleasing to the eyes."

The two Chen Feng quickly came to Zhan Xiu and others.

Zhan Xiu glared at the Tiancun Beast Slave, and screamed: "Tiancun, you \*\*\*\* don't talk about justice!"

"It is said that everyone will get the benefits together, and you will have all the benefits yourself! Let us drink the wind!"

Zhan Xiu looked at Tiancun Beast Slave with blood red eyes.

He originally thought that the two of Tiancan were his pawns, helping him to destroy the White Bone Peak camp, so that he could have a very high position in front of Xiong Jie and get countless benefits.

As everyone knows, he has become someone else's pawn, and personally brought You Xiong into destruction.

It was not this that made him the most uncomfortable, but that Tiancan took all the benefits, and he got nothing!

Now, he still regards Tiancun Beast Slave as the leader.

Tiancun Beast Slave had been given the opportunity by Chen Feng early, and smiled and said, "Everyone, the plan has changed a little."

"My side has also gained a lot of benefits."

"But don't worry, everyone, we are all people from the top of the sky, so naturally we can't let you suffer."

Hearing what he said, everyone immediately felt a little settled.

Waiting for him to continue.

The Tiancun Beast Slave continued: "I have received many benefits."

"Everyone, take a look, what you want."

After all, there is a faint light in the hands.

"of course....."

He added: "Whatever you want, you have to pay a certain price."

The hearts of everyone became more settled, and there was a little greed.

They all leaned forward to see what was there.

Even Zhan Xiu is no exception.

But at this moment, suddenly, Chen Feng cried out: "Do it!"

The one hundred clan powerhouses who were assigned to him had already been ordered by him.

At this time, they suddenly shot, and instantly attacked Zhan Xiu and others.

Almost for an instant, every strong man from the top of the sky was besieged by several human warriors at the same time.

Zhan Xiu and others were stupid, and shouted: "Tiancan, what are you doing?"

Chen Feng took a step forward and looked at everyone with a smile: "Everyone, you seem to be asking the wrong person."

They were shocked instantly, looked at Chen Feng, and shouted: "Chen Feng, it turns out that you are the real leader!"

"Tiancan, it's just doing things for you."

They only wake up at this moment.

This made them horrified.

This Chen Feng, how deep in his mind, has been able to hide until now!

And soon, they just ignored this.

Because the offensive of these strong human races is already a powerful attack.

These human race powerhouses are not the top ones.

The top ones were all taken by Fang Wanjian to kill You Xiong Jie.

But don't forget, there are hundreds of them.

Only thirty people were used to besiege Zhan Xiu and others, and Zhan Xiu and others were not opponents at all.

Saying that they were downwind was too much to praise them, and they were screamed repeatedly and injured.

Seeing that there are a dozen more breaths, they will be killed directly.

No one can live!

Everyone knew that they were not good, and they shouted in their hearts, wanting to leave the battlefield and return to the top of the sky.

But they were shocked to find that they couldn't escape at all now.

Chen Feng said lazily: "Okay, no need to try, I have tried it for you just now."

"In a fighting state, it is impossible to leave this place and return to the top of the sky."

It turned out that he tried that punch just now to confirm this guess.

So as to make your next layout foolproof!

Everyone was full of horror, and suddenly thought of a terrible fact, stared at Chen Feng, and shouted:

"You, are you trying to keep us all?"

Chen Feng snapped his fingers: "Smart!"

It turned out that Chen Feng wanted to keep them all!

They are now in a state of combat, unable to get out.

In this way, Chen Feng can keep them here temporarily.

At the same time, Chen Feng did not do it himself in advance.

First, I don't want to take any risks, but let these human powers push their cards out.

Chen Feng was not interested, and went out to deal with them by himself.

In his opinion, he would rather deal with the natives of this world in the second floor of the Star Soul Martial God Realm than against them in the first floor of the Star Soul Martial God Realm.

The strongest people in the sky each have strange abilities, who knows what else they hide?

It would be too wrong if the ship capsizes in the gutter by accident.

Second, Chen Feng ordered these strong human races not to kill them, but to kill them by himself.

Because, if someone else beheaded it.

Then, the jade card of reincarnation belonging to them will not appear.

Chen Feng, really calculated it to the extreme!

Soon, after five breaths, many of them were forced to use their hole cards.

#### [Chapter 4856: Punch one](#)

After ten breaths, many people have begun to lose strength.

Even, the injury began to worsen.

One person was seriously injured.

Chen Feng smiled slightly: "Now, it's time!"

Suddenly, there was a low growl.

In the dantian, the great witch blood pool rolled and turned into a witch demon.

In the next moment, it turned into a great witch \*\*\*\* body.

Seeing this scene, many human race powerhouses and the top powerhouse of the sky, even more shocked, could not speak.

"Hey, didn't he always belong to the human race? Why is he still incarnate into the great witch \*\*\*\* body?"

I was even more jealous.

I knew that Chen Feng must have gained great benefits.

In the next moment, Chen Feng killed the strongest man in the sky nearest to him.

The strong man at the top of the sky was overjoyed, and he was about to return to the top of the sky after being out of combat.

But he was ruthlessly rejected by the rule of heaven.

Because, Chen Feng's huge mountain, gleaming with dark golden light, and heavy fists had already smashed down.

This strong man is the pinnacle of the first building in the Star Soul Martial God Realm.

There are many methods, screaming frantically, and resisting again and again.

But everything is in vain.

In the face of absolute power, everything is in vain!

At this time, Chen Feng had a double evolution, after stepping into the great witch divine body!

The strength has reached the peak of the second building in the Star Soul Martial God Realm!

A punch was blasted out in an instant, and the warrior on top of the sky was wiped out!

That's right, break him into nothingness!

There was not even a scream, only one jade of reincarnation was left floating in the same place.

Chen Feng killed him with just one punch.

He raised his arms, his whole joints burst, and he yelled: "Happy!"

Then, he pounced on the next one.

It was another direct punch.

It's the third one again!

Wherever Chen Feng went, the human powerhouses immediately retreated.

Not only handed over the opponent to Chen Feng, but also prevented him from leaving the fighting state.

As soon as he was not besieged by a few powerful celebrities, he was attacked by Chen Feng.

Still can't escape.

When this punch came out, Chen Feng also felt that the power of this great witch divine body slowly merged with himself, and the operation became smoother!

It turned out that Chen Feng's other purpose was to use them to practice hands!

Chen Feng has never tried it in actual combat since he practiced the Great Witch Huitian Gong.

Now, it is an excellent opportunity.

These people are just the best sandbags!

Horrificed!

The eyes of everyone were filled with horror and despair.

"Chen Feng, why is it so powerful?"

"He can turn into a great witch \*\*\*\*\* body, we are not his opponents together."

Some people were desperate and shouted: "We can't escape, we can't fight!"

Many people have even collapsed.

Some people are crying and crying in despair.

Before entering the top of the sky, the powerhouses who have been tempered for thousands of years and experienced many fierce battles are forced to cry and cry, which shows how desperate they are now!

It's no use howling and crying.

Chen Feng still, one by one, blasted them.

For these people, he has no mercy in his heart.

At first they wanted to wipe themselves out!

Soon, Chen Feng killed five people in a row.

Next, the turn of the beast is rare.

He doesn't choose opponents at all, and whoever is close to him will find him first.

Anyway, it looks the same in Chen Feng.

Everyone was blown out with a punch, this kind of end.

Xian Yu Wan Beast roared wildly, and a blood vein emerged from his body.

In the next moment, his body suddenly grew larger, reaching a height of more than ten meters, turning into a half-man, half-beast monster.

Obviously, Xian Yu Wan Beast harbored some kind of powerful blood of the Primordial Demon God.

After transforming, he actually had the strength close to the peak of the second building in the Star Soul Martial God Realm.

Quite terrible, quite good.

Chen Feng raised his eyebrows, his eyes revealed a touch of surprise: "Unexpectedly, you could bring me some surprises."

He raised his chin to the heavenly beast slave: "This opponent is for you."

The Tiancun Beast Slave couldn't wait a long time ago, and screamed and killed him.

In an instant, he fought with Xian Yu Wan Beast.

At this moment, the elbows and armpits suddenly appeared.

A strong man in the sky suddenly screamed and disappeared directly into countless black flying ash.

Chen Feng raised his eyebrows.

This person was not murdered.

Then, he saw that behind this person, there was a thin young man slowly standing up.

Looking at Chen Feng, his face was full of horror, but his face flushed and was indescribably excited.

It was actually Cui Jiuxi.

He shouted: "Master Chen Feng, I have been bullied by Zhan Xiu for a long time, and I have long been excluded by him."

"I'm innocent, I didn't participate in this matter!"

"You take me in, I'll follow you in the future!"

This person is quite cruel.

Directly beheaded one of the people in his camp as a nomination for Chen Feng.

Chen Feng raised his eyebrows and smiled slightly: "Okay, then come here!"

Cui Jiuxi thanked him for his gratitude, and hurried over, hiding beside Chen Feng, and also slaying toward the other strong men in the sky.

A dog-legged look like a tiger.

Zhan Xiu and others sternly scolded.

Cui Jiuxi had a sullen face, and said coldly: "Before you squeezed me out and didn't give me any benefits. When suppressing me, did you think about today?"

"Zhan Xiu tried to kill me several times, and now he wants me to work for you? Dreaming!"

It is even harder to kill.

But he was also very sensible, just showing this attitude, and did not really kill him.

"Master Chen Feng, their lives are yours."

"I know, you want their reincarnation jade card."

Chen Feng smiled slightly: "You are sensible."

While speaking, he struck out two more punches, blasting the two strong men in the sky.

So simple, yet so domineering.

One punch is to kill one person!

Chen Feng didn't have any stagnation, because at this time, its great witch blood pool was boiling.

The endless blood of the witch race was rapidly burning and disappearing.

Soon, after seven breaths.

In front of him, there was only one opponent left: Zhan Xiu!

Also, the strongest person!

The others were all beheaded by Chen Feng.

More than a dozen jade tiles of reincarnation, floating in the air, have been taken by the heavenly beast slaves.

And his opponent, Xian Yu Wan Beast, was easily killed by him.

After all, the strength of the Heavenly Canal Beast Slave is no longer what it used to be.

Crushing fresh animals is not a problem.

Moreover, he slaughtered Xianyu Ten Thousand Beasts and gained a lot.

Not only got his reincarnation jade medal, but also got a drop of huge red blood, revealing incomparable terrifying power.

Chen Feng estimated that the level of this demon god, even if it was placed in the Star Soul Martial God Realm, was the top one.

Zhan Xiu looked at Chen Feng, a look of fear flashed in his eyes.

Trembled: "Chen Feng, can you keep me alive? I have a big secret to tell you!"

Chen Feng smiled slightly, without stopping, with a punch.

He didn't have time to talk nonsense with these people.

[Chapter 4857: It turns out that you are the deepest one!](#)

With a punch down, Zhan Xiu let out a desperate mad roar.

Suddenly, he played his last hole card!

Red light surging, strength skyrocketing!

In an instant, his strength reached the pinnacle of the second floor of the Star Soul Martial God Realm!

Not much weaker than Chen Feng now!

Chen Feng frowned.

Zhan Xiu deserves to be the strongest. He estimates that he needs two punches to solve the problem.

But it was just two punches!

With a punch, Zhan Xiu vomited blood again and again, backing a few steps.

He stepped forward, and another punch fell.

At this time, the Tianchou Beast Slave was dozens of steps away.

Other strong human races are watching the excitement nearby.

No one is involved in this battle.

At this time, the nearest next to Chen Feng was Cui Jiuxi instead.

However, Chen Feng's attention seemed completely attracted by Zhan Xiu.

At this moment, no one noticed when Cui Jiuxi sneaked behind Chen Feng!

Then, in his eyes, there was a flash of weirdness.

Cui Jiuxi moved suddenly!

In his right hand, there was a strange black light.

The black light seemed to be an endless shrinking vortex.

The body is endlessly small, only as big as a teacup.

Appeared in his palm, but the quality seemed endlessly great.

It seems that everything will be sucked in and crushed to pieces.

And most importantly, an extremely terrifying and powerful destructive force came from it!

The destructive power made the Heavenly Remnant Beast Slaves look at it, and they couldn't help feeling palpitations.

He felt that, let alone himself, even if the martial artist of the third floor of the Star Soul Martial God Realm was hit by this black vortex, his body would be dead!

What a terrifying power this is!

Even now, Chen Feng's transformation into a great witch divine body is absolutely unstoppable!

The slightest, but also severely injured.

Even, it will be destroyed by life!

The strength of Cui Jiuxi! It is so terrifying to such a situation!

He didn't even show it until this moment!

It turns out that he is the strongest person to enter this world this time!

Before Chen Feng was promoted, neither was his opponent!

Cui Jiuxi spread forward silently like a poisonous snake.

The palm of his right hand, seeing the next moment, was about to stick to Chen Feng's back.

And as long as it is posted behind Chen Feng, then Chen Feng will either die or be seriously injured!

Cui Jiuxi's face was pale, and his forehead was sweaty.

His face is rapidly aging.

Last moment, he was still a handsome boy.

In the next moment, he has become a middle-aged man in his 30s and 40s.

In the next instant, he has turned into an old man!

Obviously, using this magical power is also a huge burden for him!

What consumes is his vitality!

Cui Jiuxi has always looked cold, without sadness or joy.

But at this moment, his eyes couldn't help showing a touch of joy and ridicule.

"Chen Feng, I admit that you are very strong, very powerful!"

"You almost did it to the extreme!"

"But in the end, don't you still want to make everything cheaper for me?"

"Chen Feng, everything you do is to make wedding clothes for me!"

"And I will still keep my record!"

In his eyes, a touch of extreme strangeness, viciousness, and arrogance flashed: "My destiny title, but: no one lives!"

It turned out that he was the real man behind the scenes!

He has been hiding until now!

The man behind Zhan Xiu is him!

He has dominated all the past cooperation with Chen Feng!

But he has been forbearing till this moment before he makes a move!

In order to kill Chen Feng and put all the benefits into his own pocket!

The Tiancun Beast Slave screamed wildly: "Brother, be careful!"

He rushed forward, Jiang Ran wanted to use his body to block behind Chen Feng!

But it's too late!

All this happened too fast.

When his voice fell, the black hole was already close to Chen Feng's heart!

But the next moment, the triumphant expression on Cui Jiuxi's face solidified.

It turned out that at this moment, Chen Feng suddenly turned his head.

As if waiting for him, he smiled slightly: "Cui Jiuxi, come down, wait a long time!"

As these words fell, there was Chen Feng's huge dark golden fist!

It hit Cui Jiuxi's face severely, then ran over his face, and hit his torso again!

And Cui Jiuxi's right hand was several meters away from Chen Feng.

It's not enough at all.

Everyone heard a voice:

It was like a lump of meat, which was photographed on the chopping board.

It's so pulpy!

Everyone couldn't help but jumped at the corner of their eyes.

Cui Jiuxi, but the black hole in his palm is extremely threatening.

But in fact, in terms of combat effectiveness, it is far inferior to Chen Feng now.

And when Chen Feng avoided the black hole, he could not cause any damage to Chen Feng.

By this punch, he hit his body severely!

Suddenly, all his bones were almost bursting.

I heard crackling and cracking sound in my ears.

Countless wounds exploded on the body.

The blood burst out like a fountain.

The whole person was like a punctured blood bag, slammed to the ground fiercely, making a scream!

Can't stand up!

With a punch, Chen Feng directly lost his combat effectiveness!

He fell to the ground and was directly injured.

Tiancun Beast Slave let out a long sigh of relief.

In the field, two people exclaimed at the same time.

It is Zhan Xiu and Cui Jiuxi.

Zhan Xiu looked at Chen Feng in disbelief: "How is it possible, how can you tell?"

And Cui Jiuxi also ignored his physical injuries.

Just widened his eyes and looked at Chen Feng.

"You, how can you tell? I'm obviously concealed!"

Chen Feng waved his hand, and first signaled several human experts to stand in a group with Zhan Xiu, lest he leave the fighting state.

Then, let a strong human to entangle Cui Jiuxi.

Smiled and said, "Cui Jiuxi, I have been waiting for you for a few months, and I have endured it for so long."

"You really didn't disappoint me!"

"Really, really, you are the one who hides the deepest!"

Cui Jiuxi panted roughly, "Tell me, tell me! How did you see it!"

"If you don't tell me, I won't be stunned by death!"

Chen Feng smiled: "Okay, then you won't be stunned!"

After that, he patted Cui Jiuxi with a palm.

There is no hesitation, no mercy.

It seems that I don't want to have any nonsense with Cui Jiuxi, nor do I want to know what secrets Cui Jiuxi has, or what his purpose is.

It seems that Cui Jiuxi is worthless to him.

The only value is to be killed by him and turned into a jade card of reincarnation.

Cui Jiuxi was stupid. For the first time he encountered an opponent like Chen Fengfeng.

In fact, Cui Jiuxi has never been unfavorable.

He has also encountered a very perverted opponent before.

After taking him captive, because he wanted to ask something out of his mouth, he killed him.

[Chapter 4858: Hong-level third-grade supernatural power! Black hole on the sun!](#)

He was not panicked, but now, Chen Feng's blow made him completely panic!

He screamed: "Don't you want to ask me why? Don't you want to know what my move was just now?"

"Don't you want to figure out the whole story?"

Chen Feng shook his head, smiling particularly coldly: "I don't want to!"

A punch fell fiercely.

At this moment, all Cui Jiuxi's calculations, all arrogance, all persistence!

They were all crushed instantly!

He deeply felt the threat of death, and screamed: "Don't kill me, don't kill me! I say everything!"

"I will give you everything I can give you, don't kill me!"

Chen Feng's fist stayed on the tip of his nose and stopped abruptly.

Then, he shook his head, withdrew from the great witch \*\*\*\* body, and then withdrew from the witch transformation state.

Slightly squatted down, looked at Cui Jiuxi, smiled and said, "Come on, give an explanation."

Then, he said to the Tianchou Beast Slave: "Take Zhan Xiu to the side and ask him the same thing. If you don't say it, you can use means."

"I will compare later."

Cui Jiuxi and Zhan Xiu's eyes flashed.

Before he could say anything, Chen Feng flicked it.

In an instant, in the air, several spiritual connections were quietly cut off by him.

He looked at Cui Jiuxi with a touch of joking at the corner of his mouth: "I forgot to tell you, you are far worse than me in terms of mental power."

"Don't think about playing tricks in front of me."

Naturally, he could not give two people the opportunity to collude.

Cui Jiuxi shook his head and smiled bitterly: "I'm taking it!"

He was really convinced.

Although Chen Feng only did these things in just a few moments.

However, the strength, scheming, means, cruelty, and decisiveness embodied were shocked in his heart!

He realized that he had absolutely no power to compete with Chen Feng.

This kind of person will only surrender to someone who is stronger, ruthless, and fierce than him!

Chen Feng's series of actions were to completely destroy Cui Jiuxi's last thought of resistance.

Let him no longer have any courage and guts to contend with himself.

So that I can make my next plan more smoothly.

That's right, Chen Feng's arrival at this point is not the end of his plan.

On the contrary, for him, the two most important steps in his plan have not yet been taken out.

This is just the beginning!

After fifty breaths, Cui Jiuxi made everything that should be said clearly.

Chen Feng also asked several tricky questions.

Cui Jiuxi answered fluently, and Chen Feng was sure that he did not lie.

"It is good."

Chen Feng nodded, and continued to send someone to knock him repeatedly to prevent him from leaving the fighting state.

After a while, Chen Feng came to Zhan Xiu again and continued to inquire.

Zhan Xiu also truthfully explained.

Chen Feng compared it with what Cui Jiuxi said.

He sighed softly, knowing everything in his heart.

"That's it, that's it."

Chen Feng is already clear.

The Tiancun Beast Slave listening to the side was a little frightened.

Looking at Chen Feng, he said, "Brother, these two people are too cruel, too powerful."

"The methods are poisonous, the strength is strong, and the city government is deep."

"It's no wonder that none of the people who had the same mission as them survived."

He shivered violently, his heart lingering.

I was even more fortunate: "Fortunately, I followed the eldest brother into the mission. Otherwise, I will come in alone, I'm afraid that they won't know how to die because of them."

Chen Feng said lightly: "The further you go, the more people like this are on top of the sky."

"No one is an idiot, they are calculating and calculating, shrewd."

"This time, it can be regarded as a lesson for us, we must be more careful in the future."

Tiancun Beast slave nodded heavily.

Chen Feng was a little frightened.

Fortunately, I am cautious, prepared, and preemptive.

Otherwise, it would really be calculated by the two of them!

Chen Feng looked at Zhan Xiu and smiled slightly: "Okay, now I will send you on the road."

Zhan Xiu looked at Chen Feng with a miserable face:

"Originally, the two of us calculated very well, and not only the others will be calculated to death by us."

"Furthermore, we can help You Xiong to achieve great results when we open and dark."

"Even if you can't kill a big power like you, it won't be a problem to kill at least a few thousand more of them, and you will benefit greatly from it."

'I didn't expect it, but I ran into you. "

He looked up, full of despair and regret.

"Originally, neither of me had this task."

"It's just that I heard that there are a lot of people on this task and the difficulty is extremely high, so I changed it to this task abruptly."

"Unexpectedly, I was anxious to reincarnate!"

Chen Feng smiled slightly and took a palm shot, killing him.

Then, he came to Cui Jiuxi.

Cui Jiuxi looked at Chen Feng.

At this time, he calmed down instead.

This young man's scheming is also extremely deep, not to be underestimated.

He said lightly: "Are you going to kill me?"

Chen Feng didn't answer, and said lightly: "Tell me about your trick just now."

He looked to the other side of the battlefield.

At this time, the fierce battle had been going on for a long time, and the time for the transformation of the great witch divine body had passed.

Although Xiong Jie and others just used the Great Witch Divine Body to kill many human warriors, but at this time their decline is extremely obvious.

It can even be said that defeat is imminent.

Chen Feng estimated that he could only last a hundred breaths at most.

He will hurry up.

Cui Jiuxi whispered, "I spent all the price before and exchanged the trick just now."

He took out his jade card of reincarnation: "You can open my jade card of reincarnation, there is nothing in it."

"All my blood, all savings, and even all the martial arts and martial arts, everything, including everything about Zhan Xiu."

"I have almost exchanged this magical power."

"Moreover, there are huge restrictions, and a huge price is needed to use it for a moment."

"Even, I borrowed 30,000 Heavenly Dao Jade Slips, and I'm looking forward to a comeback this time."

Chen Feng felt it for a while, and knew what he was saying was true.

This Cui Jiuxi is obviously a character who likes to go slant.

The strength itself is not high, but the city is extremely deep.

At all costs, exchanged this terrifying supernatural power to complete a fatal blow.

Obviously, he positioned himself as the person behind the scenes and the person who made the final decision.

It also fits his character.

In this case, although the flaws are great, he can maximize his strength.

"Tell me the name of this magical power."

Cui Jiuxi immediately said at a very fast speed: "Hong-rank third-rank supernatural power! Black hole in the sun!"

Third grade Hong!

This level shocked both Chen Feng's hearts.

The Hundred Ghost Night Calling Soul Scripture, but only the third grade of Hong.

[Chapter 4859: Sign a slave contract](#)

Cui Jiuxi went on to explain: "I ran out of everything, and I just exchanged the first article on the black hole of the sun."

"A black hole can be condensed in the palm of the palm. This black hole can swallow everything and tear everything up."

"As long as it is below the fourth floor of the Star Soul Martial God Realm, they can't resist, and they will be turned into powder."

So, it is similar to Chen Feng's human hand bones.

However, he has great limitations.

That is, a mission can only be used once, and the duration is only three breaths.

At the same time, it will greatly consume his vitality.

Use it once, at least let his life decay for more than 50 years!

Chen Feng heard this and couldn't help shaking his head.

If it were not for these enormous restrictions and costs, the level of the black hole on this day could be even higher.

However, for Cui Jiuxi, this black hole in the sun is also the best choice.

It's better than watching oneself be beheaded without any resistance.

Chen Feng had no idea about this magical power.

The price paid for this thing is too high, for him, it is still quite a loss.

Chen Feng can substitute more methods, and there is no need to use this thing.

However, if this practice is really successful, it will definitely be extremely scary.

At the top of the sky, there is indeed no strong person that can be underestimated.

A poor-looking Cui Jiuxi has such a hole card.

Chen Feng warned himself to be more careful in the future.

When Cui Jiuxi finished speaking, something appeared in Chen Feng's hand.

A pair of thin silk is about three feet long and one foot wide.

It was densely covered with handwriting, flashing blue light.

That is the original power governed by the Dao of Heaven.

The four characters of the letter: slave contract.

It turned out that this was actually a slave contract on the top of the sky.

As long as you brand your own breath on it, you will become a slave to the contract master.

Seeing this thing, Cui Jiuxi was shocked, staring at Chen Feng, his eyes burning like a flame: "You want me to be your slave?"

Chen Feng smiled slightly: "Keep your dog's eyes open and see clearly, this is a single slave contract."

Cui Jiuxi took a look and was taken aback.

He then saw that there were two small characters in front of the contract: Single.

It turns out that there are several types of slave contracts.

There is a long-term slave contract. After the contract is signed, it is the slave of the master of the contract until death.

Nothing can be disobeyed.

If you are going to die, you have to do it obediently.

Because that is the power of the dominion of heaven.

And another kind of rather special one is a single slave contract.

After signing this slave contract, one time or several times, or a certain period of time, he will become a slave to the master of the contract.

After this task or time period is over, the contract will be automatically terminated!

Chen Feng looked at Cui Jiuxi and said lightly: "I don't want you to be my slave."

"But I want you to be my slave in the next task."

"The next task I experienced Chen Feng, you will enter with me."

"Also, be loyal to me during the mission, nothing more, do your best for me!"

Cui Jiuxi's eyes moved: "It turns out you did it for this."

He shook his head and sighed: "Your eyesight is far-reaching."

He is still considering the pros and cons of this mission and how to retaliate.

But Chen Feng was already thinking about the next one.

A sense of frustration surged in his heart for an instant, and he was convinced: "For you, I am really convinced, I am ashamed!"

He is a wise man, knowing he has no room for bargaining.

And Chen Feng's condition is also within the range he can accept.

He immediately agreed.

Facing the content of the contract, slowly said: "I, Cui Jiuxi, swear this time..."

The vow fell.

Then, branding his breath on the contract.

Above the contract, three words appeared on the far right: Cui Jiuxi!

At the same time, Chen Feng's mind also sounded the voice of the Lord of Heaven:

"Chen Feng, the saint of reincarnation, and Cui Jiuxi, the saint of reincarnation, concluded a single slave contract."

"In Chen Feng's next reincarnation mission, Cui Jiuxi will enter together as Chen Feng's slave."

"During the mission, if there is any act against Chen Feng, Cui Jiuxi, kill it!"

Chen Feng nodded.

This contract is equivalent to the approval of the Lord of Heaven.

He glanced at Cui Jiuxi and smiled slightly.

He had known for a long time that Cui Jiuxi would agree to his terms.

For Cui Jiuxi, this task is over.

Even if he wouldn't kill him now, or even if he wouldn't leave now, he was already defeated in this mission.

But what Chen Feng wants is his allegiance in the next task!

Chen Feng knew that people like Cui Jiuxi must not be too persecuted.

If he thinks the price is OK, then he might try his best.

If he is forced to be too ruthless, then he will die.

It's hard to make him a dog, but it's okay to let him do it once.

Cui Jiuxi glanced at the Tiancun Beast Slave, and suddenly mocked: "I really envy you, follow him, don't care about anything, there will be stuttering."

"Fuck, better than most people."

He meant to mock.

Unexpectedly, the Tiancun Beast Slave grinned and said: "What's the matter, I have meat with my elder brother, do you envy it?"

Can't say a word that Cui Jiuxi blocked.

He looked at Chen Feng and suddenly said: "It seems to be a little envious, I also want not to work so hard by myself."

Chen Feng smiled: "But you are not such a person."

"So, our cooperation is limited to the next mission."

"Maybe in the future, it will be the opponent of life and death."

Cui Jiuxi nodded, looked around, and suddenly smiled bitterly: "This time, I didn't get anything."

"After I go back, I'm afraid that even those 30,000 heavenly Taoist jade slips won't even be up."

Chen Feng suddenly smiled slyly: "Cui Jiuxi, I'll give you a big gift."

"Now, go back to your previous camp, there should be a little benefit waiting for you!"

Cui Jiuxi was shocked when he heard this.

He suddenly remembered.

In that camp, it seemed that there was still some chance.

But how did Chen Feng know?

"Could it be that....."

He pointed to Chen Feng, his eyes were as if he had seen a ghost: "Could it be that that is what you left behind?"

Chen Feng smiled mysteriously: "If you go, you will know it naturally."

Cui Jiuxi fell silent for a moment.

He was really convinced this time.

If that is what Chen Feng left behind, then he is really terrifying!

The current situation in the camp did not even realize that he was a member of the game in the camp.

And that turned out to be Chen Feng's successor!

It means that he can at least look two or three steps farther than he can.

Scheming City Mansion is two or three layers deeper than himself!

[Chapter 4860: Xiong Jie! die!](#)

What kind of opponent is this?

Cui Jiuxi felt a sense of powerlessness in his heart, shook his head, took a deep look at Chen Feng, and quickly returned to the Witch Clan camp outside.

There is also a teleportation formation, which can lead to the original Witch Clan camp.

A burst of black light flashed, and Cui Jiuxi disappeared instantly.

The others looked at each other, but they didn't care.

At this time, in the White Bone Peak camp, Chen Feng's status was already extremely high.

They dare not offend easily.

And just after Cui Jiuxi disappeared, suddenly, those spatial teleportation arrays were completely destroyed.

Obviously, he was on the other side, ruining the space teleportation array.

People here, it is impossible to use this teleportation formation to go to the original Witch Clan camp hundreds of thousands of miles away!

Almost at the same moment, the war over there was at its final moment.

About a hundred people are still alive.

They were all experts in the third floor of the Star Soul Martial God Realm and above, extremely terrifying.

But they are all seriously injured and dying.

At most, there are twenty breaths, and all of them will be beheaded!

Chen Feng looked at the Tianchou Beast Slave: "Our chance is here."

The weakest person here is the third floor martial artist of the Star Soul Martial God Realm. It is slightly stained, and I am afraid that he will die very miserably.

Even Chen Feng is so bold and good at getting chestnuts from the fire, afraid to get too close, for fear of death.

But now, he knew that it was time.

At this moment, these powerful witches would almost die if they touched them.

This is the best time to harvest their lives and obtain the source of magical powers!

The two Chen Feng arrived at once.

The human hand bones have arrived before the man arrives.

With a single brush, it penetrated the chest of a strong man in the third floor of the Star Soul Martial God Realm.

Turn him directly into nothingness.

Another source of magical powers!

At this time, the blood qi absorbed by the human emperor's hand bone had reached a limit.

This limit is the ability to instantly kill the third-tier powerhouse of the Star Soul Martial God Realm.

But for the strong in the fourth floor of the Star Soul Martial God Realm, it only depends on the situation.

If the situation is good, the timing is good.

The opponent is a strong person who has just stepped into the fourth floor of the Star Soul Martial God Realm, so it can cause him to suffer moderate or above injuries.

If it is the peak powerhouse of the fourth floor of the Star Soul Martial God Realm, he can only be slightly injured.

If it is higher, I'm afraid it can only scratch a little fur and cause no harm.

Right now, the principle of the human emperor's hand bone was to kill a strong man in the third floor of the Star Soul Martial God Realm, and consume a part of his blood.

Then, in an instant, he absorbed the blood of the slain Martial Artist in the third floor of the Martial Spirit Realm.

Add again.

The upper limit of blood energy does not rise or fall.

The human emperor's hand bone flew out again, and once again penetrated another martial artist from the third floor of the Star Soul Martial God Realm.

However, he was only severely injured.

But then, the Celestial Remnant Beast Slave flew up and killed it.

Chen Feng and the two were in the battlefield, constantly killing and killing the Witch clan powerhouse who was seriously injured and had no resistance.

Get the source of magical powers.

Fang Wanjian and Ji Manhao naturally saw this scene.

But they didn't know what they thought, and they didn't care at all.

Many human powers are dissatisfied.

Although they didn't know what Chen Feng would gain, the two of them were so active to kill these strong men at the last moment. Obviously, they had considerable ambition in their hearts, which had considerable benefits.

But Fang Wanjian did not speak, and they did not dare to have any doubts.

One by one, the martial artists of the third floor of the Star Soul Martial God Realm were killed.

Chen Feng's magical powers are constantly growing.

Seeing being besieged by Fang Wanjian and others, his injuries were getting heavier and Xiong Jie was on the verge of death.

An unspeakable greed surged in Chen Feng's heart!

"I don't know, if you kill Xiong Jie, what huge benefits will you get!"

But Chen Feng shook his head quickly and drove this idea out.

This greed must never exist!

There is Xiong Jie, Fang Wanjian must kill it himself!

He wants to let himself have this great honor, and thus, draw a perfect end to today's brilliant victory!

Dare to fight him against You Xiong Jie's final blow?

Then it touched Fang Wanjian's Ni Lin, I was afraid that Fang Wanjian would involuntarily say that he would directly kill both of them!

Chen Feng never went to sit and wait.

The other strong human races attacked more frequently.

They don't want to be robbed of the limelight by Chen Feng and Tianchou Beast Slave.

After ten breaths, all the strong witches on the scene were almost killed.

In the same place, only Xiong Jie was left.

And Chen Feng, at this time, already had a total of 21 magical powers.

There are also seven Tianchou beast slaves!

Chen Feng will retain these magical powers.

For him, these things are of great significance.

It's not just used to improve the cultivation base and the realm level of one's own supernatural powers, such a meaning.

He has to do many experiments.

For example, what level of supernatural powers can these supernatural powers source?

What level of supernatural power can't be improved by it?

Is it the magical powers that can be improved by the top of the sky, or all the magical powers that I have originally cultivated?

If you have cultivated a new magical power in Xuanhuang in the thousand worlds, can you rely on this to improve? How much does it cost?

Finding out these things is much more useful than simply raising one of one's magical powers to several levels.

The benefits to yourself will be countless times greater.

At this time, Xiong Jie finally ran out of oil.

With the purple light shining on Fang Wanjian's body, a sword fell fiercely!

Xiong Jie let out a cry of despair before he died!

He stared at Fang Wanjian fiercely: "Unexpectedly, you and I have been fighting for a lifetime, and in the end I will lose to you!"

"However, I didn't lose to you! I didn't lose to you!"

These words directly made Fang Wanjian look ugly and his eyes swept in a certain direction.

All over!

Xiong Jie snarled up to the sky: "Hate! I hate it!"

"If it weren't for these changes, I had the Xiong family, and I should have had the upper hand!"

"As long as I am alive, I will slowly grind you to death the White Bone Peak Camp, but I don't know!"

"Unexpectedly, today, it will be destroyed here! The dead are destroyed!"

"I hate it!"

With another crazy roar.

His body fell heavily to the ground.

There is Xiong Jie, there is the Xiong clan chief, who died here!

Looking at Xiong Jie who fell, Chen Feng also let out a sigh, feeling extremely regretful.

At this point, there was the last strong man of the Xiong clan, and it was finally destroyed.

And at this moment, in Chen Feng's mind, the rumbling voice of the dominion of heaven suddenly sounded:

"Chen Feng, the saint of reincarnation, entered the world of the Fallen Witch and provoked a dispute between the human race and the witch race demons.

"Help the human race and completely destroy one of the twelve major clans of the Witch Clan, including the Xiong Clan!"
