

Peerless 4861

[Chapter 4861: The bird hides its bow!](#)

"With one's own power, change the current world situation, and have a great impact on the current world structure that lasts for more than a thousand years!"

"Now, start to infer how many reincarnation immortals are needed to cause this effect!"

The voice of the Lord of Heaven paused for a moment, seeming to be deducing.

After a while, there seemed to be a slight throbbing in his voice!

"Chen Feng, the saint of reincarnation, at least three thousand immortals of reincarnation above the second floor of the Star Soul Martial God Realm are needed for the changes caused by it!"

"Chen Feng, can promote this change with one's own power! Influence the world!"

"Therefore, there is a huge reward!"

"The reward will be given back to the top of the sky."

In Chen Feng's heart, there was ecstasy first.

I don't know what this huge reward is.

Only after returning to the top of the sky can we know.

Then, the ecstasy turned into deep throbbing.

"It turns out that if you make a huge change to the mission world, you can also get extra rewards."

"So, what is the purpose of the rule of heaven?"

"He seems to encourage this kind of behavior that changes the main line of the world and makes huge changes, which will make this future more variable."

In this world, if nothing happens, it should be the Witch race slowly crushing the Human race to death.

In the end, the world was ruled by the Wu clan.

However, the arrival of Chen Feng has changed this situation.

The demise of a big witch clan can at least delay the demise of the human race by a hundred or even a thousand years!

More likely, Human Race will take this opportunity to carry out anti-kill!

The Lord of Heaven seems to be very supportive of this kind of change of the world's main line, making the world structure change.

As for the reason...

Chen Feng vaguely guessed a little.

But it can't touch the deep level at all.

With Xiong Jie being beheaded, at this time, there was no more living person on the entire battlefield.

In an instant, there was a moment of silence on the battlefield.

In the next instant, all the strong people cheered.

The cheers are shaking, everyone is extremely happy!

This battle was won!

Xiong is gone!

For a hundred years, there will be no more warfare!

Fang Wanjian was even more complacent, laughing.

This is the result of a battle he could not even think of a few months ago.

Of course, he will not forget the hero of this battle.

Fang Wanjian waved his hand, passed the order, and ordered everyone to tidy up the battlefield and rebuild the White Bone Peak camp.

And he walked to Chen Feng.

Ji Wanhao also came quietly.

However, what is interesting is that more than a dozen guards in black also quietly came next to Chen Feng.

Surround them.

Tiancun Beast Slave's expression changed, and said coldly, "What do you mean?"

"What do you mean?"

A touch of violence and viciousness flashed across Ji Wanhao's face.

He already didn't want to endure it anymore, and at this time, he finally didn't have to endure it anymore!

Striding forward, the sword in his hand was already unsheathed, and he sneered towards the two Chen Feng.

In the next moment, we must act on them.

However, Chen Feng looked faint and didn't panic. He just looked at Fang Wanjian and smiled and said, "Marshal, don't you care?"

Fang Wanjian smiled slightly: "Why bother?"

Chen Feng said lightly: "It seems that I want the bird to hide."

Fang Wanjian laughed: "Just know it, why bother to say it?"

That's right, it's the bird hiding in the bow!

In the evening, Yan Changfeng's existence is to divide his own glory.

In particular, Xiong Jie's phrase 'I didn't lose to you' before he died, it hurt him deeply.

Make him very uncomfortable!

It also made him realize that Chen Feng's existence will not only affect his own mood, but also actually affect his own interests.

He wants everyone to know that all the credit is his!

Even from beginning to end, there were no two people, Yan Changfeng and Tiancan!

Everything is strategizing by oneself.

He does not allow anyone to take credit for himself!

But seeing this scene, Chen Feng did not panic at all, not even surprised.

Just there, smiling slightly, watching.

For some reason, Fang Wanjian felt particularly uncomfortable seeing his smile.

It seemed that everything was in his expectation, it seemed that there was nothing wrong, and it could be out of his control.

He gritted his teeth secretly: "Then, I will see what happened today, can you still control it?"

Chen Feng smiled slightly.

"Master Fang, you are patient enough."

"I thought you would do it first before Xiong Jie died!"

Fang Wanjian stared at him and said gloomily, "Do you know why?"

Chen Feng smiled freely: "Of course I know."

He stared at Fang Wanjian: "Because, Master Fang Wanjian, you want to monopolize the glory of destroying the Xiong Clan of the Witch Clan!"

"And my existence will be a flaw in you."

"I will tell everyone that it is not your credit to destroy the Witch Clan, but me!"

He pointed to himself: "Yan Changfeng's contribution accounts for most of it."

"You Fang Wanjian, it's just good luck. I just met me! If I go to the Wu Clan, you will be destroyed now!"

At this time, Chen Feng didn't have any low-key, on the contrary, he showed his sharp edge and refused to give up!

What you say is simple, direct, and truthful, and it is hard to hear.

Fang Wanjian's face became more and more ugly.

Suddenly he smiled: "Okay, you are very smart, but unfortunately, your smartness will only make you die faster."

He faintly waved his hand: "Do it."

Ji Wanhao's offensive was about to fall. He had long seen Chen Feng not pleasing to his eyes.

And once he did it, Chen Feng had a dead end.

Ji Manhao is already a strong man who has initially stepped into the fourth floor of the Star Soul Martial God Realm.

Even if Chen Feng prepared so many hole cards, he was not prepared to deal with Ji Wanhao.

It's not worth wasting on him.

At this time, Chen Feng still looked calm.

This made Ji Manhao even more angry and angry.

Chen Feng suddenly smiled slightly:

"Marshal, you have completely wiped out the Xiong family now, haven't you?"

"Yes."

"Presumably, you can be famous, resounding throughout the human race, and even being promoted by the human race as the master of the future righteous way. It is not known, right?"

Fang Wanjian continued to nod his head.

Chen Feng continued to smile: "So, you think you can hide everything now, right?"

"clever."

"But, how do I feel, it may not be?"

Ji Wanhao said impatiently: "Boy, if you talk nonsense here, delay for a while, think you can save your life?"

Fang Wanjian seemed to think of something suddenly.

A gloomy color flashed across his face, staring at Chen Feng coldly: "What do you mean?"

The smile on Chen Feng's face became especially brilliant.

"You said, if you completely destroyed the Xiong clan and passed it back to the human race, when your Fang Wanjian was most honored."

"As a result, there is a remnant army with the Xiong family."

[Chapter 4862: Chen Feng's backhand](#)

"Coming and going freely on the territory of the human race, killing countless."

"You said, righteous people, how would you think of you?"

"what?"

Fang Wanjian's face suddenly changed: "You, what you said is true?"

He naturally knew that what Chen Feng said was absolutely true.

However, I still hold some last hope in my heart.

Chen Feng smiled and said: "You can check the corpse, and you will find that there is a dead person here. Among all the descendants of the Xiong family, one of them has a bear mang."

"At the same time, there are fewer. A hundred of his guards who should have died here, and a thousand members of the Clan Xiong who belong only to his control!"

Fang Wanjian had a sullen face, unable to say a word.

Ji Manhao's expression changed drastically, and he quickly ordered to go down.

Chen Feng was there waiting leisurely.

After an hour, someone responded.

There are also quite a few people in the human camp. They have been dealing with the Xiong family for so many years, and they know them very well.

After careful investigation, the report came up.

Sure enough, there were no bear mans, and the bodies of the guards around him.

Fang Wanjian's face was gloomy, and he was no longer as relaxed as before.

He knows what it means.

Staring at Chen Feng, he said coldly: "You did this all?"

Chen Feng spread out his hands and said leisurely: "Originally, there was a Xiong clan in the Witch Clan, so there would be no army left."

"But it's a pity that I have always been cautious, just for fear of Master Fang Wanjian, you will do such a thing."

"So, I deliberately left behind and left a remnant army for them."

"really....."

Chen Feng spread his hands and looked helpless: "I guessed it."

He paused, then smiled and said, "Only I know where the remnant of the Xiong family is."

"If you kill me, you will never kill them in your life."

"They will become a huge stain on you!"

"Even, someone will say that your Master Fang Wanjian is trying to get a reputation, and you have not wiped out the Xiong family at all, but just put gold on your face."

Fang Wanjian's face grew gloomy.

What Chen Feng said is very likely.

It is also very powerful to sway each other between the right ways.

As long as someone caught him with a little handle, he would not let it go.

In fact, Chen Feng is not in a fighting state now, he can leave at any time if he wants to leave.

But Chen Feng still has the most important move, and the last two moves of his big plan have not been taken.

Chen Feng will not leave now.

He took a slight breath: "The trick that was arranged that day was finally used."

It turned out that Chen Feng left Xiong Mang as a backhand on that day.

Even, he had already told Xiong Mang that this was a trap.

He also advised Xiong Mang to keep the people at hand.

Don't act rashly.

Chen Feng knows very well that Xiong Mang, who has such an upright and admirable temperament to his father, will definitely tell Xiong Jie about this matter, and will definitely persuade Xiong Jie hard.

But at the same time, Chen Feng was even more aware that he would never listen to Xiong Mang's words before he gave him the huge temptation in front of Xiong Jie.

This strength is not high, and he would not pay much attention to the suggestion of the concubine who has the Xiong family and has no status.

And everything, just as Chen Feng expected.

After You Xiong Mang returned to You Xiong's camp, he didn't take what he said to Chen Feng.

As a result, after discovering the existence of Zhan Xiu and others, he was already quite wary.

Xiong Jie has repeatedly advised.

But how can he persuade Xiong Jie?

On the contrary, he hated him more and more.

In the end, Xiong Mang could not persuade him.

I remembered what Chen Feng had ordered.

Just ask Ying, and lead a thousand people to guard the old camp.

This behavior has been criticized in You Xiong.

He was considered to be a coward, afraid to fight.

After being scolded by Xiong Jie, he also agreed to his request.

Chen Feng thought leisurely: "At this time, Xiong Mang must have known the news of the collapse of the Xiong City army."

"Presumably, Cui Jiuxi will not disappoint my expectations."

"Next, he will lead this remnant army of the Xiong clan to fight everywhere."

"It's revenge, but also some benefits."

It turned out that Chen Feng just put Cui Jiuxi back, just to tell him that there are still many benefits to be made from Xiong Mang.

Chen Feng is not worried about the fate of Xiong Mang next.

Whether Cui Jiuxi wanted to kill him or use him, anyway, at least assure that during this period of time, before Chen Feng returned to the top of the sky, Xiong Mang would not die.

Moreover, I'm afraid there will be quite a lot of noise.

The greater the movement over him, the more advantageous Chen Feng.

As for the ending of Xiong Mang after returning to the top of the sky, Chen Feng can't manage it.

Anyway, in Chen Feng's eyes, he was just a chess piece.

At most, it's a living longer chess piece.

When the player has left the field, who cares about the fate of the chess piece?

Ji Manhao's eyes flashed: "Marshal, do you want to catch the two of them, tortured..."

Chen Feng smiled: "I can guarantee that you can't ask a word."

Fang Wanjian also shook his head, this was the best way.

He is also worthy of being a hero, like a righteous person.

At this time, he immediately calmed down, looked at Chen Feng, and said lightly: "What do you want?"

"Look at what you said, my lord Chen Feng has always been loyal to you."

"My purpose is also to assist your lord to ascend the position of the overlord of the right way."

"Even now, nothing has changed."

Chen Feng was extremely sincere.

"If you continue to use me, Dashuai Fang, I will help you ascend the right way overlord!"

Fang Wanjian's face changed and he smiled.

He patted Chen Feng on the shoulder again and laughed: "Okay!"

"The old man just now was just a test for you, and sure enough, you didn't disappoint the old man."

Chen Feng also smiled: "How can I have two hearts with the boss!"

The Tiancun Beast slave was dumbfounded when he watched from the side.

The two of them were back at war, you come and I go, but now they are so close.

He shook his head and muttered to himself: "Sure enough, Big Brother can deal with these people."

"If I change it to me, it would have been calculated to death."

Before Chen Feng could speak, Fang Wanjian said loudly: "This time, Yan Changfeng, you have contributed the most."

"As a person who defected from the Wu clan, I am all committed to the righteous way. It is even more gratifying and commendable!"

"Just say what you want!"

"What the old man can do, I will satisfy you!"

Chen Feng smiled, Fang Wanjian, this was letting himself make the conditions.

"Okay, then you're welcome."

Chen Feng stretched out a finger: "First, on this battlefield, I want all the blood of the Witch race."

[Chapter 4863: I want to see Zhongli Yangze](#)

This is what it should mean, and all the blood of the witch race demons before is also his.

Fang Wanjian pondered for a moment and said softly: "I will give you 70%, and the remaining 30% will be useful to me."

Chen Feng simply said: "Okay, but there is Xiong Jie's blood, you have to give it to me."

Seventy percent has exceeded his expectations.

His original bottom line was 50%.

Fang Wanjian agreed.

The corner of Chen Feng's mouth hooked.

With this 70%, a total of tens of thousands of drops of the evil spirits of the Witch Clan, Chen Feng's Great Witch Returning to Heaven must be able to step onto a new level.

If Da Wu Hui Tian Gong can advance, it will also greatly help his next plan.

"Second, do these great achievements have to be counted for me?"

"Okay, there is no problem with this naturally."

Fang Wanjian agreed.

"The third..."

Chen Feng's voice suddenly became faint: "This is a request of mine. I hope you can meet it, my lord."

Fang Wanjian was immediately alert, squinting at Chen Feng.

Chen Feng stared at him, saying word by word: "I want to see Zhong Li Yangze."

"What? Seeing Zhong Li Yangze?"

When Fang Wanjian heard it, he was clever.

Staring at Chen Feng, he exclaimed.

Who is Zhongli Yangze?

That is the Lord of Righteous Path, the head of the Immortal Gate of Destiny!

The Lord of Righteous Path, the Supreme Human Race!

The strongest in this world!

Rumor has it that as early as a hundred years ago, he was already at the peak of the fourth floor of the Star Soul Martial God Realm.

Now, he has come to the fifth floor of the Star Soul Martial God Realm!

Even stronger!

For example, if Xiong Jie and Fang Wanjian add up, they will be easily killed by Zhong Li Yangze!

Fang Wanjian's eyes were filled with surprise in an instant.

Zhongli Yangze has always lived in the simple world and rarely sees people.

It is not easy for him to even want to see one side, let alone Chen Feng.

Although Chen Feng stood here and made great achievements, he is also a famous figure in the Baigufeng camp.

But looking at the human race, it was just a junior with low strength and unremarkable reputation.

It is indeed very difficult to see Zhong Li Yangze.

More importantly, what did he want when he saw Zhongli Yangze?

What does he want to do? What is the purpose?

Chen Feng saw his concerns at a glance, and smiled and said, "My lord, you don't have to worry too much."

"In fact, when I see Zhongli Yangze, I have a little selfishness of my own, but I think more of it for you."

"You want to go further, and you have a deep relationship with me to see Li Yangze."

After all, he whispered something in Fang Wanjian's ear.

After Fang Wanjian listened, he was a little moved.

After a long time, he said softly: "I will do my best."

"But whether you can see it depends on luck."

Chen Feng smiled: "I believe you will make my luck better, my lord."

Fang Wanjian glared at him, waved his hand, turned and left.

Ji Wanhao also left in anguish.

Soon, the White Bone Peak camp was rebuilt.

The corpses of the evil demons of the witch clan were all processed and prepared to be transported to the rear to be exhibited everywhere to boost morale and increase confidence.

And 70% of the blood of the evil spirits of the Witch Clan was sent to Chen Feng.

Chen Feng's big account.

Looking at the 7,643 drops of the blood of the Witch Clan evil spirit in front of him, a fascinating color flashed in Chen Feng's eyes.

Compared with the previous time, the blood of the evil spirits of the Witch Clan has not only increased several times in quantity, but also increased in countless quality.

This is the blood of all the strongest among the entire Youxiong clan, among the twelve great clan of the Witch clan!

This is equivalent to having the Xiong clan as a whole, concentrating on helping Chen Feng cultivate the great witch to return to heaven!

Chen Feng laughed loudly: "Tiancan, have you seen it? This is the power of wisdom!"

"With this kind of strength, so many powerful people, with the words of the two of us, we can kill for a hundred years.

"Even, being crushed to ashes easily by someone!"

"But now, I just did a few things, and didn't make much of it, so I gained a lot!"

When he has power, he uses his power to suppress others.

When he has no power, he strategizes and lays out cleverly, taking advantage of the situation everywhere.

The momentum borrowed is also one's own.

As long as you can kill the enemy and increase your strength.

No matter how long this borrowed momentum stays in his hands, Chen Feng will let Qi have the greatest effect!

Inside, there are hundreds of drops of fist-sized blood.

That is the blood of the warriors above the third floor of the Star Soul Martial God Realm.

There is even a drop, one foot in diameter, and the whole body is bright golden.

Inside, there flashed an incomparably thick golden blood.

That is the blood of Xiong Jie!

This drop of blood is worth thousands of drops before!

Chen Feng's eyes were fascinated: "If I refine these essences and blood, then I don't know how much my strength can be improved!"

The stray strong camp below has completely dissipated.

These wandering powerhouses, taking advantage of the battle between the Xiong clan and Baigufeng Daying, basically had already run most of them.

They were afraid that they would be held accountable for the camp, and none of them would escape afterwards.

Fang Wanjian didn't care about them, he didn't even bother to chase them down.

As for the two of Chen Feng, he did not send anyone to monitor them.

Even, still let the two of them live in the big tent next to him.

Since no one disappeared directly in front of Fang Wanjian, he didn't know that people like Chen Feng could leave this world at any time.

In his opinion, Chen Feng is completely under his control.

He can't run, he can only work for himself.

The Tianchou Beast Slave curiously asked, "Brother, what did you say to Fang Wanjian?"

"Are you going to meet Zhong Liyangze, to speak for him and help him get to the top?"

Chen Feng laughed and said lazily: "You lied to him."

"If I don't say that, how can he do his best to help me meet Zhong Li Yangze?"

One day passed quickly.

The moon is in transit.

Tonight, the moon is bright and the stars are scarce.

The white moonlight sheds light here and shines through.

The wind strikes gently, very peaceful.

It seems that the fierce battle during the day is just an illusion.

In the big tent, Chen Feng began to practice Dawu Huitian Gong.

The Great Witch's Return to Heaven works and instantly transforms into the body of the Witch Clan.

In the dantian, the great witch blood pool surged.

Before, Chen Feng became a great witch **** body for quite a long time.

Therefore, more than half of the witch blood in the great witch blood pool has been consumed.

With the Great Wu Huitian Gong quietly operating, huge suction power came again.

The blood of the Witch race floating in front of Chen Feng was absorbed and entered at an extremely fast speed.

Almost instantly, the Great Witch Blood Pool had become full again, and it was about to overflow.

And Chen Feng did not stop, and continued to absorb it.

The blood of the witch race had obviously exceeded the burden of the great witch blood pool.

However, it is very magical, and there is no overflow.

But it brought great pressure to Chen Feng.

[Chapter 4864: breakthrough! Eucharist of the Great Witch!](#)

He felt that the pressure on the Great Witch Blood Pool was getting greater and greater, and the same was true for Dan Tian.

Another quarter of an hour later, when Chen Feng absorbed another two thousand drops of Wu Clan blood.

He felt that the great witch blood pool, even his dantian, and even his body were about to be blown up.

This feeling made him uncomfortable.

In the next instant, without Chen Feng driving himself, he suddenly turned into a great witch **** body.

Suddenly, the witch blood in the great witch blood pool seemed to have found a breakthrough.

Begin to consume rapidly, supporting his great witch **** body.

The witch blood was absorbed into the great witch blood pool.

Then, he was washed into the great witch **** body.

In this way, washing and impacting again and again.

And Chen Feng felt that his great witch divine body was getting stronger and stronger, becoming extremely powerful!

Later, he discovered that his great witch divine body had grown by another five meters, and it was now 35 meters tall!

Moreover, I want to continue to grow.

But there is an invisible force that limits it.

So that he can no longer grow!

Chen Feng knew that this was the upper limit of the great witch divine body.

This is a natural system of the great witch **** body level.

Makes myself more than clear, but unable to break through.

If you want to break through, you must break this layer!

Therefore, Chen Feng gritted his teeth and absorbed it frantically!

Throw all the power into the great witch **** body.

Finally, I don't know how long it took.

This squeeze has reached a limit!

Chen Feng roared wildly and raised his palm!

In an instant, a hundred drops, the blood of the martial artist of the third floor of the Star Soul Martial God Realm was absorbed into his body.

These essence and blood turned into an endless torrent of blood and energy, rushing in Chen Feng's body.

With these essence and blood entering Chen Feng's body.

Finally, the strength in Chen Feng's body also reached an extreme!

Then, with a loud bang, a huge wave of blood and energy rolled out and rushed around.

Almost directly exploded this big account.

And Chen Feng's great witch divine body was directly shattered!

The whole person seems to be turned into powder.

In the same place, only the endless blood flowed and filled.

The next moment, when the blood quietly dissipated.

In the same place, there was a body that was as handsome as a god, tall and towering like a mountain!

His whole body is no longer the dark gold color in the bronze.

It is crystal clear, like the best gem carving.

It looks flawless, exquisite and crystal clear.

However, it is hard to the extreme, just like the hardest and most precious diamond and gemstone in the world, mixed and carved together!

Standing there, it was countless times stronger than the feeling that the great witch divine body gave people before!

Even, at this moment, the Heavenly Remnant Beast Slave had an illusion.

Chen Feng was almost able to protest with Fang Wanjian!

After a while, Chen Feng opened his eyes and looked at his body with a smile on his lips.

"Great witch **** body, breakthrough!"

"Now, it is the Eucharist of the Great Witch!"

It turned out that Chen Feng is now breaking through the realm of the great witch divine body, and has entered the third realm of the great witch returning to heaven: the great witch sacrament!

In this world, the Witch tribe has been able to step into the sacrament of the Great Witch for so many years.

Both are the heroes of the world, the outstanding generations!

Chen Feng clenched his fists and felt the extremely abundant power in his body.

Before, I felt that the power of the great witch divine body was already strong enough.

But now, after having the Communion of the Great Witch.

He only discovered that the great witch **** body was vulnerable to a blow! Not worth mentioning! Countless flaws! Countless weaknesses!

Weak and pitiful.

It seems that one punch can smash the past self into flesh.

Then, he closed his eyes again.

At this time, in the dantian, the Great Witch's Blood Pool was expanded five times more than before.

Moreover, the Great Witch Blood Pool has also become a piece of exquisite diamond color.

It is extremely gorgeous and noble, like a jewel.

Above it, there is a black cloud, which adds a sense of mystery.

In the Great Witch Blood Pool, the only thing that has not changed is the Witch Clan essence and blood inside, which is still being consumed at an extremely fast rate.

Chen Feng perceived it slightly, and immediately withdrew from the Great Witch Eucharist.

He withdrew from the witch body and returned to the human body.

The Tiancun Beast Slave hurriedly looked at him and said with excitement: "Big Brother, how is it? How powerful is it now?"

Chen Feng did not answer.

Instead, it absorbs all the blood of the witch race.

After absorbing the remaining several hundred pieces of blood of the Witch Clan in the third floor of the Star Soul Martial God Realm, the Great Witch Blood Pool was only filled with 60%.

However, after Chen Feng absorbed the last blood with Xiong Jie.

The entire Great Witch Blood Pool was suddenly full, almost overflowing.

It can be seen how huge Xiong Jie's blood is.

He gently exhaled a **** breath:

"Now, when I step into the sacred body of the great witch, the blood pool of the great witch can support the transformation for a hundred breaths."

"And the strength can reach the peak of the martial artist in the third floor of the Star Soul Martial God Realm!"

The third peak of the Star Soul Martial God Realm!

Tianchou Beast slave clenched his fists, full of excitement!

Chen Feng's heart was also full of joy.

This time, coming to this world, the harvest was completely beyond his expectations.

When he first came to this world, his strength was only equivalent to the first building in the Star Soul Martial God Realm.

With the help of the Great Witch's Return to Heaven, now it is a continuous transition.

It has been possible to reach the pinnacle of the third floor of the Star Soul Martial God Realm in a short time.

This allows him to easily kill Han Kun after he goes out.

There is also a rock that has been hanging, finally landing.

"After breaking through to this level, I finally have some self-protection power."

It turned out that Chen Feng no longer regarded Han Kun outside as his opponent.

He knew that there were countless murderous opportunities he had to face.

Own enemies, countless.

In the top of the sky, there is the enemy who is known as the first person to be the first person after fifty years.

In Xuanhuang Zhongqian World, besides Han Kun, there is also the huge immortal gate behind him.

Now, it is not difficult to solve Han Kun.

But after Han Kun is resolved, there will be stronger masters in that fairy gate.

How to deal with those masters?

Now that he condensed the Great Witch Eucharist, then whether it is to face Chu Pingsheng next, or the immortal gate behind Han Kun.

The chances of survival are much greater.

A cold smile appeared at the corner of Chen Feng's mouth: "Chu Pingsheng, you can't kill me in this mission. If you want to kill me later, it won't be that easy!"

Now he has the Eucharist of the Great Witch, if he adds the Human Sovereign Hand Bones.

Then, it can even cause considerable damage to the fourth-level martial artist in a short time!

When Chen Feng withdrew from the Great Witch Returning to Heaven and recovered the human body.

There are more surprises.

At this time, he found that his realm had reached the peak of Nine Star Martial Emperor.

[Chapter 4865: Waves are weird](#)

Half a step away from the Martial God Realm, only one step away.

"In other words..."

Chen Feng's eyes were deep: "As long as I can sense the breath of the star soul in the universe, and quietly condense a star soul eukaryote, I can step into the half-step Martial God Realm."

If you want to step into the half-step Martial God Realm, you don't need to really condense the Star Soul.

As long as you feel a trace of the original power of the stars, sense a ray of star soul breath, and condense a simple star soul eukaryote, then you can step into the half-step Martial God Realm!

It seems that Chen Feng can do it now.

However, he did not intend to be so fast.

At that time, what Fairy Yuheng said, he still remembered clearly.

If it weren't for Chen Feng to touch the sky too late, he would not only condense the power of the five stars in every realm of Emperor Wu's realm.

Although, Chen Feng can now condense the power of forty-five stars.

Even looking at the top of the sky, it is a very terrifying number.

However, Chen Feng was not reconciled.

He could have condensed the power of eighty-one stars.

even more!

You know, how huge is the gap between the power of forty-five stars and the power of eighty-one stars?

Even the Star Soul that can make him condense in the future is several big grades.

How can Chen Feng be willing?

He has to care about the next thing.

In the next few days, Chen Feng had been practicing in the camp.

Thoroughly familiar with his own great witch Eucharist.

And his realm has also stayed firmly at the peak of Nine Star Martial Emperor.

In the past few days, news of the Great Victory of Baigu Peak has spread throughout the whole right way.

During the Battle of Bai Bone Peak Camp, the Wu clan and the Xiong clan were almost wiped out.

Beheaded more than 15,000 levels.

As for the Human Race Bai Bone Peak Camp, the casualties were no more than 5,000.

After this battle, one of the twelve major clans of the Wu clan, the Xiong clan, was almost completely destroyed.

This is a huge casualty for the entire Wu Clan.

It is a huge victory that Human Race has never had in thousands of years!

This is the destruction of an entire clan!

It is equivalent to breaking a pillar of the Wu clan.

After this news was passed back, even many people couldn't believe it.

However, following the carriages that transported the corpses of the Witch Clan, they came to one city after another.

When the bodies of those powerful witches were placed outside the city gate, everyone believed it!

In an instant, Fang Wanjian's prestige spread throughout the right way.

The prestige skyrocketed!

In the eyes of all righteous people, he is almost regarded as the righteous overlord of the future.

The first righteous way after Zhongli Yangze!

After all, the entire Human race has not had such a prominent victory in thousands of years.

Now, under the auspices of Fang Wanjian, everything that seemed impossible was done.

Many people are rejoicing.

It is believed that after this battle, the offensive and defensive momentum of the human and witch demons will be reversed.

It is even possible to take the initiative to attack in the direction of the White Bone Peak camp and destroy other Wu clan clans one by one.

Of course, during the whole process, there were no two names, Yan Changfeng and Tiancan.

Their news was deliberately hidden.

Their credit has also been wiped out.

All the credits became Fang Wanjian's.

But Chen Feng would naturally not care about these.

He originally wanted these fictitious names without any meaning, what he wanted was only practical benefits.

And this is also part of his deal with Fang Wanjian.

Chen Feng gave all the glory to Fang Wanjian, and Fang Wanjian tried his best to fulfill the conditions promised to him.

But in this great victory, there is also a trace of doubt.

It was the remnant of the Xiong clan. They were still moving around, attacking the city, capturing many cities and destroying many families.

Although the damage caused is not large, the impact is extremely bad.

Fortunately, when Fang Wanjian reported to Zheng Dao, he specifically mentioned this remnant of the Xiong family.

Therefore, no one blamed him, after all, he couldn't get any handle on him.

For this matter, Fang Wanjian came to Chen Feng again.

Chen Feng promised him, as long as he let himself see Zhong Li Yangze.

Then, immediately, within three hours, he could help him to wipe out this remnant of the Xiong family.

Fang Wanjian was still convinced of Chen Feng's promise!

And just three days after the news of the great victory came out, a team of special envoys came to Baigufeng Camp.

Fang Wanjian and Ji Manhao, following these envoys, left quickly.

This is half a month's time.

Within half a month, news continued to come.

The message that came the most was the fact that the remnant of the Xiong family was arguing about it, almost invincible.

The remnant army with the Xiong family gathered some defeated soldiers.

It also contained a lot of human powerhouses, and soon developed to a scale of about 30,000 or 40,000.

Moreover, it was erratic, and they couldn't figure out where they were.

Even getting closer and closer to the human hinterland, several times they have smashed into an area hundreds of thousands of miles closer to the human hinterland than the White Bone Peak Camp.

There were some prosperous cities in the hinterland of mankind who had never seen war, and the Xuanhe family were all destroyed by this army.

Many powerful people in the human race were furious, and they successively issued orders to send troops to destroy the Bone Peak camp.

The White Bone Peak Camp had also been wiped out many times, but each time it returned without success, even the opponent's Mao could not be seen.

Even being played between applause, embarrassed.

Bai Bone Peak camp, in the big account.

The Tiancun Beast Slave looked at Chen Feng with a bit of amazement: "Cui Jiuxi is really amazing, like a loach, drilling around, no one can catch him."

Chen Feng smiled slightly.

Cui Jiuxi did so well, as he expected.

Fortunately, putting Cui Jiuxi back was a wonderful move.

If it weren't, it's just that Xiong Mang's hairy boy would have been wiped out countless times.

This Cui Jiuxi is agile, and I want to make a lot of benefits during this period of time!

"With these benefits, the gain is not cheap, and I am worthy of you."

"Next, if you are eliminated, it will not have that much impact on you."

Chen Feng suddenly got up and walked out of the big tent.

Look at the **** sunset in the distance.

"After going so long, Fang Wanjian should be back, right?"

Before the words were over, there was a loud noise at the gate of Daying.

"The commander is back to camp! The commander is back to camp!"

Everyone shouted.

The first thing Fang Wanjian did when Fengchen came back was to call Chen Feng into the camp.

He asked, "When can those who have the remnants of the Xiong family be wiped out?"

His eyes are bloodshot, and his eyes are full of anger and murder.

Originally, Fang Wanjian's mood was very good.

This time, he went to Miei Yun Immortal Gate, the holy city of human race, to report on his duties.

[Chapter 4866: Destiny fairy gate! Zhongli Yangze!](#)

Because of this great victory, his prestige is extremely high and his momentum soars, and he is valued by many people for flattering.

There are countless people who come to visit him every day and want to go his way.

Even Zhong Li Yangze trusted him, personally helped him improve his strength, and reached the peak of the martial artist in the fourth floor of the Star Soul Martial God Realm.

It is possible to break through to the fifth floor of the Star Soul Martial God Realm at any time.

When the spring breeze is proud.

As a result, I did not expect that news of the Xiong family remnant army raging in the hinterland of the human race kept coming.

Immediately he made him ashamed and face lost.

Some people even said privately that if he hadn't let go of this remnant of the Xiong clan, then the Xiong clan army would be blocked from the Baigufeng camp, which seemed to cause less harm.

He wiped out this Xiong family, but it became his fault!

Although Zhong Li Yangze didn't say anything, he knew that Zhong Li Yangze was also quite dissatisfied with him.

Therefore, after the improvement of the strength was completed, and a little firmness, he immediately rushed back to the White Bone Peak Camp to host.

The handsome man is furious!

Even Ji Wanhao shivered.

Chen Feng didn't care, and said leisurely: "I said before, when will I fulfill my requirements, when will I help you destroy this remnant army."

"It is good."

Fang Wanjian stared at him, gritted his teeth.

"This time, after meeting Zhongli's boss, I personally told him your achievements."

"Yandao you admire him so much and want to see him."

"For the sake of my face, the head of Zhongli agreed."

When Chen Feng heard this, he was immediately happy.

Then laughed: "Thank you so much, Marshal!"

"Marshal, don't worry, when I go to the immortal gate of Mieyun, after seeing the head of Zhongli, three hours later, he will help you to wipe out the remnant of the Xiong family."

Fang Wanjian said coldly; "I hope you don't break your promise."

When he said this, his heart was bleeding.

Because he seemed to understate it, but in fact let Chen Feng go to see Zhong Li Yangze, which cost him a considerable price.

If there is no such thing, he can take all the credit to himself.

However, Chen Feng had to have a reason to meet Zhongli Yangze.

He had to tell Zhong Li Yangze how much credit Chen Feng had done.

This also makes Zhong Li Yangze's eyes, his credit is greatly reduced.

The benefits to him are much less.

But in order to wipe out the remnants of the Xiong family, there is no way.

Fang Wanjian's own strength is certainly high, but he is not so strong in leading the battle.

Seeing Fang Wanjian's eyes, Chen Feng had no doubt, waiting for him to wipe out the remnants of the Xiong family.

Fang Wanjian would definitely kill himself in the first place.

But he didn't care.

Fang Wanjian waved his hand: "Leave tomorrow and see off the guests."

The next day, he will leave the White Bone Peak camp.

The night before, Chen Feng also took the Tiancun Beast Slave to go to the Great Merit Palace.

It's just that no one knows what Chen Feng exchanged.

After all, he has millions of great achievements on hand.

On the second day, Chen Feng and Fang Wanjian once again embarked on a journey to the Immortal Gate of Mieyun.

They were riding in Fang Wanjian's car.

In this world, there are also spaceships similar to Ruyizhou.

Fang Wanjian's spacecraft was stable and fast.

All the way forward fast passing.

Although the height is not very high, it has just fulfilled Chen Feng's wish and can see the scenery below.

The scenery along the way is dizzying.

Three days later, everyone suddenly felt a shock.

An inexplicable and huge pressure.

As if pressed down from the sky above.

If Chen Feng felt it, he walked out of the cabin and looked forward.

Then, he saw a huge floating giant city in front of him.

It has a radius of about 3,000 miles and is built on a boulder.

That huge city, all the way up, the closer to the center, the taller the buildings.

Very magnificent and beautiful scenery.

In the center of the city, there is a towering minaret.

The height is actually thousands of miles.

This minaret actually occupies a huge area, but because it is too high, it looks like a slender needle from a distance, standing there.

It seems that his master worships the sky infinitely.

Want to extend it infinitely above the sky.

Here is the Fairy Gate of Destiny.

Fang Wanjian glanced at the two Chen Feng, wanting to see their shocked expressions.

But unfortunately, let him down.

Chen Feng came from the top of the sky, what big scene hasn't been seen?

Although this huge city is majestic and magnificent, it is not much worse than the top of the sky.

Soon, the spaceship came before the city.

There was a burst of light above, and a big banner was played, "Fang Wanjian" was written with three characters.

There are countless sharp swords on the edge of the banner, and they want to soar into the sky.

As a result, the people in the city immediately knew that this was the arrival of Master Fang Wanjian.

At this time, Fang Wanjian was so powerful and influential in the Immortal Gate of Destiny.

Natural unimpeded, no one dares to stop.

In an instant, above the formation of the defensive city, layers of doors were opened, and the spacecraft flew in.

The way forward.

In the end, it stopped in front of the tower, the core of the entire Qianyun Immortal Gate.

Here is a huge platform.

In front of him is the tower rising into the sky, giving people a huge sense of oppression.

Fang Wanjian brought Chen Feng down and said a few words in a low voice with the strong guarding the tower.

Several people entered the tower.

Stepping into it, Chen Feng felt that the world was spinning, as if he had entered a whole new world.

The next moment, when the line of sight was restored, it seemed as if there was the entire universe in front of him.

Stars and dots, empty and high.

In front of Chen Feng and the others, there was a tall figure that seemed to fill the entire world.

This person wore a blue imperial robe and a crown of heaven on his head.

Fang Wanjian saw this scene, although it was not the first time, he was still shocked with fear and awe.

Bending over to salute, loudly said: "I have seen the boss!"

If it were other people, no matter how bold they were, as long as they were from this world, they would be frightened when they saw Zhong Liyangze.

Zhongli Yangze is a legend they have heard since childhood!

However, Chen Feng is different.

They have no respect for Zhong Li Yangze, and they have even seen a master who is stronger than Zhong Li Yangze.

Therefore, instead of being afraid, he was looking at this person.

At this moment, the figure slowly turned his head.

Then, the indomitable phantom disappeared.

A figure appeared in front of Chen Feng.

Chen Feng finally saw Zhong Liyangze, the righteous overlord and the ruler of the human race.

This is a thin middle-aged man with a vast body like a sea.

For example, Wan Jian and Xiong Jie, many times beyond unknown, long and vague.

What surprised Chen Feng was: "This breath, I feel..."

[Chapter 4867: Chen Feng's ultimate goal!](#)

He felt that this breath was a bit similar to when he turned into the sacrament of the great witch after he had cultivated the great witch's return to heaven!

Chen Feng suddenly thought of the rumor, and was astonished: "Could it be that the rumor is actually true?"

At the moment he saw his face, Chen Feng suddenly felt a shock.

There was an extremely familiar feeling.

It seemed that he was very familiar with this person, as if he had met him before, even in blood.

But then, Chen Feng understood.

"I have nothing to do with him, and I am never familiar with him."

"The reason why I feel this way is because..."

Chen Feng lowered his head and gently stroked his palms across his chest.

There is an old scroll, which is exactly the suicide note of Zhong Li Changfeng!

"really!"

Chen Feng relaxed completely.

"Sure enough, this suicide note has a deep relationship with you, presumably!"

He stared at Zhong Li Yangze, his eyes shining: "You are Zhong Li Changfeng, future generations!"

When Chen Feng heard the name Zhong Li Yangze, he guessed that he definitely has a deep relationship with Zhong Li Changfeng.

The moment he confirmed it was a few months ago.

In Fang Wanjian's big tent, the statue I saw!

That statue was exactly the same as Zhongli Changfeng's breath!

After Chen Feng knocked on the side, he learned that this statue was enshrined by the ancestor of the human race!

It's just that they don't know the name.

Only know that this line is the ancestor of mankind, leading mankind out of barbarity and ignorance.

Overcome all obstacles, there is today.

The descendants of this line, passed down to this day, are Zhong Liyangze.

Chen Feng couldn't help feeling that the world was bizarre. Who would have thought that Zhongli Changfeng, who was the first-class immortal power of the Xuanhuang Middle Thousand Worlds, would actually become the ancestor of humans in another world.

Chen Feng estimated that he should be the heir of Zhong Li Changfeng, who somehow came to this world.

This branch has been passed down.

And now, when I came here, I saw Zhong Li Yangze and felt the breath of that suicide note.

Chen Feng was completely determined.

A voice in Chen Feng's heart was laughing excitedly: "Sure enough, my last step was right! I guessed it right!"

"Then, this final task, I can also complete today!"

Zhong Liyangze looked at the two, his voice full of majesty: "You two, what's the matter with me?"

At this moment, Chen Feng suddenly raised his head and smiled slightly: "Zhong Liyangze, Marshal Fang Wanjian, ask me to give you a great gift!"

At the next moment, Chen Feng suddenly moved!

In the spiritual world, a huge golden lion head appeared!

The Buddha's angry eyes and lion roar power suddenly activated.

In an instant, a huge golden sound wave swept this space.

Directly envelop Fang Wanjian and Zhong Liyangze.

Fang Wanjian was stunned and froze in place.

And Zhong Li Yangze was also stiff.

Almost at the same time when the Buddha's angry lion roar power was issued, between Chen Feng's palms, the white human emperor's hand bones whizzed out frantically.

It hit Zhong Li Yangze's body fiercely!

This time, the human emperor's hand bones have exhausted all their power, and all the murderous, blood, and destruction powers are gushing out!

Although, Zhong Li Yangze is said to have reached the fifth floor of the Star Soul Martial God Realm.

Although, this place is almost in the realm of Zhongli Yangze!

But, this is the human hand bone!

This is a fatal blow to the human emperor's hand bones who have absorbed endless blood and energy and have reached the upper limit!

What's more, what Chen Feng is aiming at is not a body covered in robe!

Instead, Zhongli Yangze's face!

As a result, with a loud noise, Zhong Li Yangze's surface defense was directly broken by the human emperor's hand bones.

His defense also made the emperor's hand crooked, and directly brushed his cheek!

With a light sneer, Zhong Li Yangze's cheek was scratched with a bone scar.

Blood splashed out.

This blood turned out to be thick and dense golden yellow, with unparalleled strength.

The hands of the emperor, who was as white as jade, were stained with a thick golden yellow blood.

After turning around, he returned to Chen Feng's palm!

Chen Feng failed to kill Zhong Li Yangze, and even failed to injure him slightly.

This can only be regarded as scratching a little flesh.

But Chen Feng was extremely excited in his heart!

"I did it!"

"My goal has been achieved!"

"The last step of my plan was finally made smoothly!"

"My whole plan is mellow and perfect!"

"There is no regret for this trip to the Fallen Witch World!"

Because what Chen Feng wanted at the beginning was never to kill him!

How can Zhong Li Yangze be killed at such a high level?

What Chen Feng wanted was just a few drops of blood on his body!

Because he wants to use a drop of blood to complete his last task:

Zhongli Changfeng's commission!

Suicide mission!

That's right, this is the last link in Chen Feng's big plan!

He had laid so much before, all for this moment.

Even, including making great contributions in the White Bone Peak camp, the purpose is to meet Zhong Li Yangze.

The human emperor's hand bone was raised to the upper limit before, but also to see Zhong Li Yangze at this moment, and then use the human emperor's hand bone to issue that fatal blow!

Don't ask to kill Zhong Li Yangze, just ask to get a drop of his blood!

As long as it gets wet, it is enough.

Then Chen Feng won!

Only by dropping this drop of blood on Zhong Li Changfeng's suicide note, can this task be completed!

Fang Wanjian was stupid!

No one would have thought that Chen Feng and the Tiancun Beast slaves would dare to attack Zhong Li Yangze!

who is this!

God, this is Zhong Li Yangze!

Overwhelming the world, he is one of the strongest in this world, and Zhong Li Yangze, who is also known as the top strongest with the high priest of the Witch Clan!

Even with Fang Wanjian's strength, Zhong Li Yangze could easily kill it.

And these two people, these two people who are a few big realms in strength, dare to attack Zhong Liyangze?

Isn't this looking for death?

Zhong Li Yangze casually waved the palm of his hand and he could beat the two of them into nothingness!

And the words Chen Feng shouted just now made him feel like an ice cellar.

Of course, Chen Feng would not forget that Fang Wanjian was about to kill himself.

Therefore, he didn't mind either, planting Fang Wanjian to frame him at this time.

Chen Feng directly acted on Zhong Liyangze, but said something before he acted.

He didn't say anything else.

But in Zhong Li Yangze's heart, how could he not have any grudges?

How could he not doubt the opponent Wanjian?

Then I would think, as Fang Wanjian's power soared, and his prestige soared, would he already feel rebellious!

Feeling impetuous and want to replace it with yourself?

Once these seeds of doubt are planted, it is difficult to die.

Fang Wanjian, Zhong Li Yangze will clean up sooner or later!

[Chapter 4868: Chu Pingsheng, sorry for letting you down!](#)

This is a great gift from Chen Feng to Fang Wanjian: dare to do something to me, and want to hide my bow? Still want to kill me? How can I not let you pay a little price!

Chen Feng used the Buddha's angry eyes and lion roar power to directly make Zhong Liyangze stalemate for a moment.

At this moment, his thinking was extremely clear, but his body was frozen and unable to move.

As for Chen Feng, it only took a tenth of an instant to bombard the man's hand bone on Zhong Liyangze's face, and it took another tenth of an instant to make the emperor's hand bone carry that drop. The bright golden blood returned to his hands.

At this moment, he still has more than half an instant.

The next moment, in the minds of Chen Feng and Tiancun Beast Slave, they simultaneously thought of howling crazy:

"Master of Heaven, I am waiting to complete the task and return to the top of the sky!"

The vast voice of heaven dominates one after another: "You can return!"

At the next moment, cyan light diffused out around Chen Feng's bodies.

At this time, Zhong Li Yangze resumed his actions, and Fang Wanjian finally recovered!

Zhong Liyangze is worthy of a generation of heroes, and he is not frightened or angry at this time, not arrogant or impatient.

However, the extremely deep killing intent and fury in his eyes revealed his true feelings.

He stared at the two of Chen Feng, and said coldly: "Do these things with me, and still want to leave? Can you go?"

At this time, the cyan light diffused around the body.

Chen Feng looked at Zhongli Yangze and smiled brightly: "If I want to go, you can't stop it!"

Zhong Liyangze snorted in disdain, and slowly shot forward with a palm.

As if in a hurry, an extremely huge palm seemed to cover the whole world in an instant.

In the emptiness, there was even more bang, and several voices came.

Like a bowstring snapped off.

It seems that the connection between this world and the surrounding space has been cut directly.

Zhong Li Yangze's mouth showed a touch of contentment, in this space, he is the master!

The two attacked themselves, and still want to run?

Simply dreaming!

He has cut this space apart.

Fang Wanjian screamed: "Yan Changfeng, Tiancan, can you run? You are seeking your own death!"

Chen Feng shook his head: "The frog at the bottom of the well, have you ever known, what is true power?"

The next moment, Zhong Liyangze's face changed suddenly.

It turned out that he saw that the cyan light on the bodies of Chen Feng and Chen Feng suddenly became extremely strong.

Then, it turned into a blue beam of light, reaching the sky and the earth, leading to the unknown place in the void.

And the space that was clearly split back into the void in an instant.

He couldn't believe it and exclaimed: "What power? What power! It can easily crush my domain!"

However, no one answered him anymore.

The next moment, Chen Feng and the two of them disappeared directly.

Before he disappeared, he looked at Zhong Li Yangze, waved his hands again and again, and smiled brightly: "Zhong Li Yangze, we will see you again!"

The two disappeared completely.

In place, only Zhong Li Yangze and Fang Wanjian remained.

A look of disbelief flashed in Zhong Liyangze's eyes.

But this is the fact.

Before him, he could not help but believe it!

In the next instant, Chen Feng's figure appeared on a platform.

There is a clear and misty light all around, like being in a deserted universe.

Chen Feng has long been used to it, this is the transitional space to return to the top of the sky.

Chen Feng sighed softly, relaxed, and began to carefully count the gains of this mission.

Scenes from entering this world flashed before him.

Change the main line of this world once.

Kill a few strong ones and get 21 magical powers rewarded by the Lord of Heaven.

Obtained the Great Wu Huitian skill from Han Jianxing.

Obtained fourteen reincarnation jade medals from Zhan Xiu and others.

Complete the task of escorting Han Jianxing to the White Bone Peak Camp and reward five thousand heavenly Taoist jade slips.

A smile was drawn at the corner of Chen Feng's mouth.

"On this trip, I didn't get a lot of jade slips from Heaven, but the sum of all the gains is terrifying."

"Most of the gains are transformed into my own strength."

The 14 jade tiles of reincarnation have not been opened yet, there must be a lot of good things inside.

What Chen Feng cares most about is that after he changes the main line of the world, there is a huge special reward for the Lord of Heaven.

He still doesn't know what that huge special reward is, but the reward of the Lord of Heaven must be extraordinary.

The next moment, the voice of the Lord of Heaven suddenly sounded.

"Chen Feng, the saint of reincarnation, during the mission of the Fallen Witch Realm, changing the structure of this world will have a major impact on this world, causing this world to deviate from the main line."

"From then on, the human race may rise again and regain the Fallen Witch Realm!"

"Change the main line of the world, so reward..."

Hearing the voice of the Lord of Heaven, Chen Feng's eyes were colorful, and a hint of ecstasy flashed: "Unexpectedly, this is the reward for the Lord of Heaven!"

Many people have been waiting outside the giant bronze fangs gate.

Fairy Yuheng, Wuxia Mei, and other members of the Beidou team.

People who are close to other samsara immortals who enter this mission.

Of course, one person will not be missing: Chu Pingsheng!

Chu Pingsheng looked at Fairy Yuheng, a faint smile appeared at the corner of his mouth, as if he was holding the winning ticket.

He suddenly said: "Yuheng, it's a pity, the super newcomer that your team has cultivated so hard has just fallen."

Fairy Yuheng smiled coldly, and even treated him lazily.

She urged Chen Feng to be full of confidence.

Chu Pingsheng looked into the distance, his eyes leisurely.

He is not an arrogant person, and he has always been very careful.

The reason why I feel confident this time is because...

He whispered to himself: "The person I'm looking for is really terrible to me!"

"Chen Feng, I don't believe it, you can avoid his calculations!"

But, at this moment, suddenly the huge bronze fangs made a loud noise.

The next moment, a clear voice came: "Chu Pingsheng, I'm sorry, I let you down!"

The smile on Chu Pingsheng's face instantly condensed, revealing an unbelievable color.

He rounded his eyes and looked forward.

Fairy Yuheng giggled, full of heart.

Two figures walked out of the giant bronze fangs gate.

It was Chen Feng and the beast slave.

"This kid is not dead?"

Chu Pingsheng watched Chen Feng walking out of the giant bronze fangs, his brows wrinkled.

His arrangement was foolproof, and he didn't expect Chen Feng to be able to come back alive.

"Could it be that he actually missed?"

Chen Feng looked at Chu Pingsheng and said lightly: "Chu Pingsheng, this mission is unforgettable!"

"In the future, it will definitely be returned ten times!"

The words are full of murderous intent.

When Chu Ping heard this, his heart trembled, and instantly, his heart was cold.

He looked in a trance, and a thought suddenly came up: "Is it right or wrong to provoke Chen Feng?"

At this time, Cui Jiuxi also quietly walked out of the giant bronze fangs gate.

[Chapter 4869: Title of Destiny! Break the seal!](#)

He glanced far away, and his eyes moved after seeing Chu Pingsheng.

The two seemed to touch their eyes.

After that, Cui Jiuxi did not speak and left quietly.

Mei Wuxia looked at Chen Feng with joy and couldn't help herself.

However, she has also grown a lot, so naturally she won't be so gaffe.

Chen Feng laughed forward: "Go, let's go back!"

Beidou blessed land.

Fairy Yuheng couldn't wait any longer, and hurriedly said, "Quickly, tell me, you have achieved this."

She could feel the changes in Chen Feng's body.

Everyone sat down, and Chen Feng smiled slightly: "This time, I and Tian Can have gained quite a bit."

He opened his mouth and told him about his experience with the Heavenly Remnant Beast Slave in the Fallen Witch Realm.

silence!

After listening, everyone was silent.

Even Fairy Yuheng was shocked.

No one thought that Chen Feng could achieve this level!

After a while, Fairy Yuheng seemed to come back to her senses, her voice trembling: "You, you actually changed the main line of the world?"

"You actually got the origin of Shinto!"

"You actually got a magical body refining method at the level of Great Wu Huitian Gong?"

She has three huge questions on her face, showing her incomparable horror and shock!

The Tiancun Beast Slave asked in surprise, "Are these difficult?"

Fairy Yuheng looked at the Tiancan Beast Slave, everyone looked at the Tiancan Beast Slave with weird eyes.

After a long time, Fairy Yuheng said faintly: "Tiancan, you always follow Chen Feng and eat meat every time. I don't know the suffering of the people!"

Ruo withered willow smiled bitterly: "You are really, why not eat meat?"

The Tiancun Beast Slave looked dumbfounded, but knew that he was only asking a stupid question.

But the point is, he really didn't find it difficult.

After Fairy Yuheng talked about it in detail, it became clear to the two of Chen Feng.

Each of these three things is extremely rare.

No matter how precious the exercises are, there are still opportunities for them.

The origin of the gods, even at the level of Fairy Yuheng, can only get two or three per mission.

And to change the main line of world missions, ordinary teams can't do it at all!

It often takes more than a dozen teams to join forces, and hundreds of strong players to move around and act at the same time to have a glimmer of hope and change the main line of the world.

And the benefits of changing the world's main line are enormous!

Chen Feng raised his eyebrows and said: "I feel that it seems to change the main line of the world, the task is extremely rich...it seems..."

He thought for a while and said, "It seems that the Lord of Heaven encourages this behavior."

Fairy Yuheng glanced at him approvingly: "You feel very keen. It took us three to five years to figure out the matter. You felt it in your first official mission."

She pursed her lips and smiled: "You are right."

"We joked that the way of heaven is the ruler, the lord who likes tossing."

"All actions that disrupt the main line and disrupt the existing world structure are highly encouraged."

"However, the reason is unknown."

Chen Feng laughed: "That suits me best."

Fairy Yuheng reminded with a solemn expression: "Every time the main line of the world is changed, it is very dangerous, and there is the danger of falling."

"This is why every time you change the main line of the world, you need a dozen or more teams to work together."

Chen Feng nodded solemnly: "I know, wealth is in danger."

"If I am not sure enough, I will not make such an attempt lightly."

"Before this, I will unblock my title first."

Fairy Yuheng showed a surprised look: "Have you collected ten treasures?"

Mei Wuxian, Ruo Kuli and others looked at Chen Feng with surprise.

They all knew that Chen Feng's destiny title was sealed, and ten treasures were needed to break the seal.

The treasure itself is very rare.

Only those at the level of Fairy Yuheng would have them. Generally, there are no warriors who have just entered the top of the sky within a few years.

Unless it was obtained by coincidence like Mei Wuxia.

As for the ten treasures, it is even more difficult.

Often when a power is hollowed out, it may not be possible to get ten treasures!

Chen Feng actually collected them so quickly.

The Tianchou Beast Slave chuckled, "Big Brother, is it difficult for ten treasures?"

Chen Feng smiled and said, "I forgot to say that this time, there are still ten treasures."

"Ten treasures, to you, don't you care so much that you forgot to say it?"

Fairy Yuheng shook his head and smiled bitterly.

"Your gain this time is really unimaginable."

"I've gotten the top ten missions from others."

Chen Feng smiled faintly.

Planning a shocking overall situation, the harvest is naturally also rich.

Ten treasures lined up in a row, shining brightly.

Fairy Yuheng, Ruokuliu, Mei Wuxian and others all looked bright.

On top of Chen Feng's head, a huge blood-red giant cauldron appeared.

The giant cauldron was firmly entangled on all sides by huge chains.

The **** light diffused, and the surrounding area was filled with hot red!

The faces of Fairy Yuheng and others were shocked.

They all have the title of destiny.

But like Chen Feng, he looked like a giant cauldron, wrapped and sealed by nine giant chains, it was the first time I saw it.

So weird.

Yet again,

Especially shocking!

The corner of Chen Feng's mouth ticked: "I don't know what my destiny title is, exactly?"

"What kind of surprises will it bring me?"

Fairy Yuheng, Mei Wuxian and others also looked at Chen Feng expectantly.

How amazing is the title of destiny that needs to be sealed?

Chen Feng held up a handful of treasures with a solemn expression, and concentrated all his strength in the treasures, making the treasures in his hands exude an amazing edge.

With a full blow, it slashed on the chain that entangled the blood-red giant cauldron.

boom!

Violent power shakes.

The chain entwined on the blood-colored giant cauldron burst out with **** light.

boom!

The treasure was blown to pieces.

The **** light dissipated, and the huge chains looked intact.

"what?"

How is this going?

The scene in front of him made Chen Feng frown.

However, he was not in a panic.

What God said before the ruler is very clear.

Only ten treasures are needed to unlock the seal of the title of destiny.

Why is there no movement in this huge chain now?

Chen Feng's eyes flashed: "There is no need for the Lord of Heaven to deceive me."

"Then, what did I do wrong?"

Chen Feng frowned, and then saw the soul of the broken treasure.

Actually he was directly submerged in that huge chain.

Chen Feng suddenly said, "That's it."

"Broken Treasures and the Soul of the Artifacts can unlock my title of Destiny."

Chen Feng solved his doubts, without any hesitation.

Eight treasures were cut one by one on the huge scarlet chain.

The bursting light of the treasure is extremely bright.

Every time it was cut off, the huge blood-colored chain burst out with a bright blood-colored light.

The soul of the treasure is integrated into the nine huge chains.

"Success or not, just cut it for the last time!"

Chen Feng screamed, and the last treasure was cut on the blood-colored giant cauldron.

The treasure burst into pieces.

The last weapon soul was also submerged.

Click!

There was a slight cracking sound.

Under everyone's gaze, the huge chains wrapped around the blood-colored giant cauldron all shattered and turned into nothingness.

On the **** giant cauldron, countless cracks were densely covered.

boom!

A loud noise!

The blood-colored giant cauldron burst into pieces.

There is a corona-like light shining out.

Showing this title of destiny, that is the level of Dairi One!

Then, the sun's rays were replaced by the **** rays.

The **** light swept across, like a Tianhe hanging upside down.

Then, it turned into a **** light and plunged into Chen Feng's eyebrows.

Mei Wuxi couldn't wait to say, "Brother Chen Feng, look at your destiny title?"

Fairy Yuheng, Tiancan Beast Slave and others also looked at Chen Feng expectantly.

God, this is a title of destiny that is sealed and requires extremely high conditions to be released!

Don't tell them before, they have never heard of it!

The crowd was even more excited than Chen Feng himself!

Chen Feng closed his eyes to check his destiny title.

In the space where the title of Destiny was located was the space that previously contained the blood-colored giant cauldron and the nine huge chains.

Above the sky, endless blood light slowly condenses.

Then, endless blood light condenses into four big characters:

God-level villain!

At the same time, the great voice of the Lord of Heaven sounded: "Chen Feng's Destiny Title: God-level villain, unlocked successfully!"

God-level villain?

Title of Destiny: God-level villain.

Chen Feng's face now showed a surprised look, followed by a wry smile.

God-level villain, what fate title is this?

"This is not a good destiny title!"

"You can only make me a villain, right?"

"God level? That is to achieve the ultimate in the villain? I don't know what the effect is?"

Fairy Yuheng saw Chen Feng's expression, and his heart sank: "Is there something wrong with the title of Destiny?"

Chen Feng shook his head helplessly and smiled bitterly: "I don't know where to start."

"My destiny title is a god-level villain."

Tianchou Beast Slave, Ruokuliu and others were stunned.

"God-level villain? What kind of title is that?"

"What's the effect?"

Chen Feng had only seen the words "God-level villain" before, and hadn't seen the effect of this title.

"Let me see."

"God-level villain: In every mission, you must join the villain, or be the direct villain!"

"After entering the mission, the villain reverses, and all decent mission rewards belong to the villain."

"Depending on the level of completion, rewards will be increased."

When Chen Feng watched it, his heart jumped fiercely, and there was an extreme excitement!

Worthy of being a Daiichi product!

It deserves to be unblocked by such abnormal conditions!

This destiny title!

It's against the sky!

Except for himself, all the rewards for the tasks belong to himself.

Then, how rich is this task reward?

Moreover, what Chen Feng values most is...

He continued to look down.

"If you change the main line of the world, there will be special rewards!"

"If the main line of change in the world is strong enough, the reward will be doubled!"

Chen Feng clenched his fists fiercely and let out a low growl!

"Sure enough, it really has this benefit!"

When he saw the four words of this god-level villain, he had already guessed a little.

Now, his conjecture was confirmed.

Chen Feng raised his head and looked at the endless sky, his eyes full of profound meaning.

"Perhaps, the Lord of Heaven gave me this title of destiny, just to make me on the top of the sky, try to make waves, endless waves!"

This is simply the title of destiny tailored for him!

The effect of this god-level villain, as long as it is used well, one mission is more rewarding than others' ten or twenty missions.

It deserves to be sealed, and it takes ten treasures to unblock it.

This effect is too strong.

Fairy Yuheng and others were also amazed again and again.

Of course, with such a huge gain, the natural risk is also huge.

If someone else gets this title of destiny, they are afraid of misfortune.

No task can survive.

"God-level villains often need to use their own power to contend against all other heavenly immortals participating in the same mission!"

Chen Feng didn't care.

"One enemy ten thousand? How can I, Chen Feng, be afraid?"

Take one enemy ten thousand.

For him, it's just normal.

At this time, outside the Beidou blessed land, news came in.

See you Cui Jiuxi.

Fairy Yuheng, Mei Wuxian and others knew that Chen Feng had something important to say, so they left one after another.

The Tiancun Beast Slave also went to retreat to practice, digesting the gain this time.

A burst of light shone, and Cui Jiuxi stepped into the light gate.

Chen Feng looked at Cui Jiuxi in front of him: "You were the one that Chu Pingsheng sent to kill me, right?"

There was no surprise on Cui Jiuxi's face: "I knew I couldn't hide it from you."

There was a faint smile on Chen Feng's face: "It's not difficult to guess. Among the people who went with, except you, everyone else was a little bit off."

"What price did Chu Ping give you to kill me?"

"How do you find me?"

"How to kill me?"

Cui Jiuxi took a deep look at Chen Feng. This person was really terrifying.

At the beginning, there were twenty people who went to the trial mission together, but he could tell at a glance that he was the person sent by Chu Pingsheng.

In front of him Chen Feng, he felt unable to hide.

"One, let me heal from my injury, and make it even more possible."

"Second, the source of a magical power."

"Third, one favor."

Chen Feng smiled: "This bargaining chip is not low!"

A cold smile appeared at the corner of his mouth: "Chu Pingsheng is willing to pay for it."

He said lightly: "Next, how did you want to deal with me?"

Cui Jiuxi Road:

"Originally, I planned to use Zhanxiu and them to completely squeeze their utilization value out, and then finally, I would use their hands to kill you."

"only....."

He shook his head: "I didn't expect you to be better, making my layout completely unsuccessful."

Cui Jiuxi stared at Chen Feng with a deep gaze: "You asked me to sign a single slave contract because you want me to help you deal with Chu Pingsheng, right?"

Chen Feng admitted without shyness: "Yes, you are a smart person."

He looked at Cui Jiuxi and said with a faint smile: "I can't give you so much bargaining chips. Will you work hard for me?"

Cui Jiuxi nodded without hesitation.

Chen Feng smiled and said, "Because of the slave contract?"

"No."
