

Peerless 4891

[Chapter 4891: Just ants!](#)

The next moment, I discovered that I had entered a vast and boundless world.

Behind, I can't see Cui Gaochi and the place where he came.

This is a vast and complete world.

Boundless.

However, this world is a whole wall.

The whole face is extremely huge, with no end in sight and no end in the bottom.

You can't see the borders either!

This wall is this world!

Standing in it and standing on it, there is a feeling that the whole earth is upright, but they won't fall.

Magical and weird.

It's even more uncomfortable.

Chen Feng took a long breath: "In this world, there is such a wonderful world!"

"It's just that where are the agencies and levels?"

What Chen Feng saw at the moment was a whole wall.

The organ levels that were seen outside before such as the flying sword killing, giant metal puppets, and eternal green flames in the center of the earth all disappeared.

Chen Feng tried to use the magic weapon in his body.

I discovered that there was indeed an infinite power that sealed his own magic weapon.

However, the human hand bones moved slightly and could be used normally.

Chen Feng nodded: "Sure enough, the human emperor's hand bones are extraordinary, and it can't be restricted by such ordinary bursts."

However, Chen Feng did not intend to use the human hand bones.

A small test of this level is not worth using human hand bones to expose one's own cards.

Chen Feng took a deep breath and strode up!

After more than ten steps in a row, no mechanism was triggered!

Chen Feng took another step, and suddenly his whole body was erected!

A feeling of danger rises!

However, this danger is not strong.

It's just his instinctive perception.

next moment.

A magic circle appeared out of nowhere in the void around Chen Feng.

Covering a radius of kilometers!

Chi Chi Chi Chi...

Sword Qi and thunder sound came through the air.

In an instant, the infinite sword energy was born out of thin air.

Coming from all directions!

Every sword aura possesses the immense power to kill the peak of Nine Star Martial Emperor!

Feijian kills silently.

And as soon as it appeared, it was overwhelming, coming from all directions.

Then every sword aura has the power to kill Jiuxing Wudi!

The most important thing is that the monks who enter it cannot use foreign objects.

It can only be dealt with by the physical body and martial arts.

The difficulty of this first level is extremely terrifying!

I am afraid that many people will not be able to pass this first level.

However, for Chen Feng, this is easy.

He was about to plunge into the endless sword energy, suddenly, his heart moved and stopped.

someone is coming!

"You can't even pass the first level, dare you come to participate in the second assessment? Really reckless!"

A sneer sounded behind him.

Chen Feng turned his head, and several people walked in. It was the young talents who had been pleased by Cui Gaochi before.

The speaker is the young man in bronze armor.

There was a mocking smile at the corner of his mouth, but he didn't even look at Chen Feng.

It's just that a hint of resentment flashes occasionally.

It turned out that he was just a talent and had been staring at Jiang Yunxi.

The others in the crowd just looked indifferent, glanced at Chen Feng's body, and withdrew.

Among the crowd, there was a sneer.

A person who dare not even pass the first level is not worthy of their attention.

It turned out that Chen Feng's actions fell in their eyes, and he did not dare to break through this first level.

The young man in bronze armor who mocked Chen Feng before gave a chuckle:

"This first level, Feijian kills and kills, is also interesting. Just sword aura can kill Jiuxing Wudi."

"If it is a flying sword to kill, I am afraid that even the peak of Nine Star Martial Emperor will be killed by a sword!"

"We, who is advanced?"

Among the crowd, many young geniuses smiled indifferently.

Obviously, the words of the young men in the bronze armor were not taken seriously by them.

Everyone has absolute self-confidence, this flying sword kills one level and can pass easily.

Among the crowd, one person suddenly stood up and smiled: "I, Chu Qianzhong, don't let me down!"

Dressed in white like snow, the gods are handsome and handsome.

Everyone complimented.

"Brother Chu is so courageous!"

"I bet that Brother Chu will not take more than ten breaths to pass this level."

The young man in the bronze battle armor glanced at Chen Feng, jokingly:

"Senior Brother Chu, you can let some people know what a real genius is when you get off the court!"

"Let him know that he is just a trivial ant, nothing more!"

This was obviously meant to be heard by Chen Feng.

Chen Feng chuckled, and he didn't bother to bother about this provocation.

These people, in his eyes, are just ants.

Even if it is All-on, it will be easily killed by himself.

Need to care?

Chu Qianzhong was about to take action, suddenly, the young man in the bronze armor suddenly turned around.

With a fiery light in his eyes:

"coming!"

The group of young geniuses standing beside Chu Qianzhong also showed a similar look.

Expectation, self-confidence, pride, passion and greed.

Chen Feng felt the blood in his body, agitated slightly.

He knew it in his heart: "Presumably, she is here!"

Looking back, sure enough.

Jiang Yunxi, dressed in a white dress, came like a fairy who had fallen into the world.

Xin Miao'er followed by, also charming.

Unfortunately, under the background of Jiang Yunxi, it was bleak.

Chu Qianzhong, Young Master Ji and others in the bronze armor all greeted them with bright eyes.

"It turns out to be Miss Yun Xi, and Miaoer!"

"Actually, with Miss Yunxi's talent, she can enter the Galaxy Sword Sect without having to participate in any assessment."

"Ms. Yun Xi, she is thoughtful and calm, and will not make it difficult!"

Chu Qianzhong and others were smiling at Tao Jinhua.

His eyes were extremely hot.

But in the face of the hospitality of these people, Jiang Yunxi had a small smile on her face, just a polite smile and nodded.

Then, like the wind, passed by Chu Qianzhong, Ji Gongzi and others.

She has a pair of big eyes, with an indescribable flattery: "Master Chen, we meet again."

In fact, when he was outside before, Jiang Yunxi had already quietly followed Chen Feng.

It's just that I was sober and restrained at that time, but now I finally can't bear it.

Even if it is not close, it is good to talk.

As long as I can talk to him, I can't express my happiness.

It comes from joy in the bones.

Jiang Yunxi felt that the power of the blood in her body was so restless that she couldn't help herself.

A blush appeared on her face, which made her look more charming!

Nearby, Chu Qianzhong and others looked straight.

This is Jiang Yunxi they have never seen before.

Before, when talking to them, I was calm and reserved.

But now, when facing Chen Feng, he is so shy and lovely!

In an instant, everyone's eyes changed, staring at Chen Feng, especially vulva!

[Chapter 4892: Murderous!](#)

The jealousy in their hearts rose, and they were no longer indifferent as before.

Burning with jealousy, extreme hatred!

This kid, He De He Neng, can actually make Jiang Yunxi show such a charming look!

Chen Feng smiled and nodded: "It turned out to be Miss Yun Xi!"

He could naturally feel that it came from among the crowd, from Chu Qianzhong and others.

Almost to ignite himself, that envy and envy.

However, Chen Feng didn't care.

It's like not caring about their provocations.

To put it bluntly, they are not even worthy of attracting Chen Feng's attention.

Young Master Ji smiled calmly and said: "Yun Xi, who is this genius? I have never seen it before."

"Why don't you recommend us for us?"

Intentionally, the four words of genius and handsome have increased the tone with a strong sense of sarcasm.

Suddenly, everyone laughed.

Naturally, they could all tell that Chen Feng was just the peak of Emperor Nine Star Wudi.

What kind of thing is Jiuxing Wudi?

Jiang Yunxi naturally sensed it, and an inexplicable anger surged in his heart, and said coldly: "This is Young Master Chen Feng, a person whom Uncle Xu Jun values!"

"It is even more important to the Sect Master of Sword Sect Tianshu!"

"Half a month ago, at the banquet in the City Lord's Mansion, it was a blockbuster!"

It's just that these words can calm the people who had the banquet that day, but they can't help Chu Qianzhong and so on.

They know a lot about the internal affairs of the Galaxy Sword Sect.

Chu Qianzhong, who was dressed like snow in a white robe, smiled faintly, with unspeakable contempt between his brows:

"Blowing out of the sky is also a mere nine-star Wudi peak!"

"Yes."

Young Master Ji sneered and said, "Sword Sect of Tianshu is really worthless. These kinds of goods are worthy of attention."

Everyone laughed.

In their eyes, Tianshu Jianzong had no sense of mystery.

The five weakest existences of the Galaxy Sword Sect have been there for many years, and no real genius has ever joined them.

Chen Feng is just the pinnacle of the Nine Star Martial Emperor, and where can he be a genius.

The Sword Sect of Tianshu is really bad!

At the peak of Nine Star Wudi, the Sect Master of Tianshu Sword Sect will be valued!

If you wait for someone to pass by, won't you be regarded as your ancestor?

As for Chen Feng's fame, they have heard of some.

But he didn't care about it.

They didn't go to the banquet in the City Lord's Mansion that day.

At this level of gathering, Chu Qianzhong and others didn't bother to attend!

They have long been well-known, are the top geniuses in the City of Stars, and are destined to enter the Galaxy Sword Sect!

Participating in the assessment is just a cutscene!

Therefore, they did not see what happened at the banquet in the City Lord's Mansion, nor did they bother to understand.

Among the crowd, there were also people looking at Chen Feng with a somewhat solemn look in their eyes:

"It turns out he is Chen Feng!"

"I heard that Zhou Qingyu was slapped to death by his palm!"

Chu Qianzhong and others all stared slightly:

"Slap Zhou Qingyu dead with one palm? This is impossible!"

Zhou Qingyu is the second building in the Star Soul Martial Emperor Realm, even if they make a move, it doesn't mean that it can be slapped to death with one palm.

But then.

Among the crowd, someone sneered:

"That's just because Zhou Qingyu was beaten to death by his uncle first!"

Ji Gongzi and the others were obviously relieved.

If Chen Feng was really able to shoot Zhou Qingyu in the second floor of Emperor Wudi with a palm at the peak of Nine Star Wudi.

Then they will pay attention.

Even if it was Young Master Ji and others who looked down upon Zhou Qingyu, that was the second building in the Star Soul Martial Emperor Realm.

No one can slap Zhou Qingyu to death.

"It is estimated that Zhou Qingyu might not dare to resist Xu Jun being there."

"Haha, yeah, this kid just relied on Xu Jun's identity and picked up another bargain!"

"Otherwise, Zhou Qingyu would have died long ago!"

Chen Feng looked indifferent, glanced at the crowd, and recognized who the speaker was!

They were the two young geniuses who stood with Chu Qianzhong and Ji Gongzi before.

There was intense jealousy in Xin Miao'er's eyes, but she concealed it well.

He giggled, seemingly to speak casually:

"You can underestimate Young Master Chen Feng."

"Master Chen, but directly from the one-star Wudi to the peak of the nine-star Wudi!"

"Furthermore, he has also condensed the power of ninety-nine and eighty-one stars!"

"I don't know if Master Chu and Master Ji were able to condense the power of ninety-nine and eighty-one stars?"

As soon as these words were spoken, Chu Qianzhong, Master Ji and others were shocked!

Looking at Chen Feng, his expression was shocked!

At the same time, the feeling of burning with jealousy became stronger.

The next moment, his expression changed.

Shocked and turned into murderous intent!

For Chen Feng, it was completely murderous!

Chu Qianzhong, Ji Gongzi and others are the most brilliant geniuses in the City of Stars.

Naturally, it is clearest, what a terrible talent it is after condensing the power of ninety-nine and eighty-one stars!

They themselves can't do it at all.

Only in this way can I better understand the horror of this talent!

"This son, never stay!"

"Such a terrifying talent will be our enemy in the future!"

This thought flashed through several people's hearts at the same time.

After Xin Miao'er finished speaking, she backed away quietly.

What she said seemed to be helping Chen Feng.

In fact, all the hatred was attracted to Chen Feng.

Chen Feng glanced at Xin Miao'er, his eyes were very cold.

"This woman, deliberately?"

This woman, with a deep heart, made herself a target in just one sentence.

Although Chen Feng didn't care, he would never allow himself to be calculated.

Xin Miao'er felt the chill in Chen Feng's eyes and felt cold in her heart, but immediately she didn't care much!

In this assessment, Chen Feng will definitely die!

Why care about the thoughts of dead people?

Young Master Ji sneered: "It turns out to be such a genius!"

"Then why didn't you even dare to pass the first level?"

"Nine-nine-nine-eighty-one star power, I'm afraid Miss Yun Xi and Miss Miao'er were deceived!"

However, his eyes flickered, staring at Chen Feng.

He wanted to speak out to make sure that Chen Feng really had the power of eighty-one stars.

Among the crowd, there was also a voice:

"That's right, condensing the power of nine, nine and eighty-one stars, even in the Xuanhuang Middle Thousand Worlds, it is only a legend!"

"If you have this talent, you can directly join the Galaxy Sword Sect, so why bother to participate in the assessment!"

Chu Qianzhong said lightly:

"Miss Yun Xi must not be fooled!"

"Now some people are unscrupulous and shameless."

Jiang Yunxi frowned slightly, feeling a little uncomfortable.

She frowned and did not speak.

Young Master Ji thought it was Jiang Yunxi who resented Chen Feng, and was delighted:

"If you really condense the power of ninety-nine-eighty-one stars, why not show it now, let us take a look!"

[Chapter 4893: It only takes ten breaths to pass this level!](#)

"It's good to appreciate the legendary genius!"

After speaking, the corner of his mouth looked at Chen Feng with a mocking color.

Chu Qianzhong and others are also like this, looking like a good show.

Jiang Yunxi furrowed her brows tightly, and she had no feelings for Chu Qianzhong and others.

Even extremely disgusted.

Originally, both were the most brilliant geniuses in the City of Stars.

Even if there is not much good feeling, it will never reach the level of disgust.

Now, Chu Qianzhong and others have successively verbally suppressed and humiliated Chen Feng, making Jiang Yunxi instinctively disgusted and disgusted!

There is even a feeling of empathy.

It was at this time that from among the crowd, a tall and tall young man walked out.

The temperament is a bit evil, the aura on his body is strong, and he is not inferior to Chu Qianzhong's and others.

This young man stood side by side with Chu Qianzhong and others when he was outside.

Everyone's eyes changed.

With a bit of dread, fear, and disgust.

Obviously, this person is not very gregarious, but strong enough.

One of the most brilliant geniuses in the City of Stars, Qi Zhuoyang.

Qi Zhuoyang glanced at Chen Feng with a gloomy look, then suddenly spoke with a hoarse voice:

"Chen Feng, as long as you are willing to follow me, I can take you through this test!"

"With my strength, even if it is a burden, it is a breeze!"

"As for the Tianshu Sword Sect!"

"Heh! Sword Sect has long been lost, there is no future!"

"I still have a bit of face, and I can take you into the most powerful Sword Sect of the Galaxy Sword Sect today!"

This is extremely arrogant.

But no one refuted it.

Obviously, his power in the Galaxy Sword Sect is quite terrifying!

When Qi Zhuoyang said this, he smiled slightly, but changed to voice transmission:

"As long as you help me get Jiang Yunxi!"

"Everything else, I can help you!"

Chen Feng's eyes were instantly cold, and a murderous intent flashed in his eyes.

Said coldly: "Not interested!"

This person is about to touch his bottom line.

Qi Zhuoyang narrowed his eyes dangerously, and his face sank slightly.

A tall and thin young man who followed Qi Zhuoyang said angrily:

"Boy, do you know who Qi Gongzi is?"

"His brother, but a true disciple of the Galaxy Sword Sect!"

"Give you the opportunity to follow Young Master Qi, that is the blessing of your three lives cultivation!"

Qi Zhuoyang had a proud look on his face, waiting for Chen Feng to soften!

A mere nine-star Wudi peak, without any backing!

Tianshu Jianzong himself is just lingering.

Only need to show his backer, Chen Feng will naturally follow him.

If it weren't for the relationship between Chen Feng and Jiang Yunxi, it seemed that the relationship was unusual.

Qi Zhuoyang won't waste time, accepting an unknown **** from the peak of the Nine Star Martial Emperor, as his attendant.

He is unworthy.

Murder in Chen Feng's eyes was even better.

"True disciple? Is it amazing?"

He looked at the tall and thin young man: "It seems that you are very happy to be a dog, but I don't have this habit."

The tall and thin young man flushed instantly.

Qi Zhuoyang's eyes were cold, killing intently.

Chu Qianzhong laughed loudly:

"Qi Zhuoyang, it seems that your face is not very good!"

"People don't even put you in their eyes!"

The son of Ji is named Ji Xingyuan.

At this moment, with a sneer on his face, he said:

"Can condense the power of ninety-nine and eighty-one stars!"

"Naturally have my own pride!"

"Maybe, he can really pass the assessment with his own strength!"

The two of them obviously didn't want to praise Chen Feng.

But relying on holding Chen Feng to suppress Qi Zhuoyang.

Moreover, the words contained unspeakable teasing.

"correct."

Ji Xingyuan was a little mocking: "Chen Feng, where is the power of your eighty-one stars? Show us!"

Obviously, he didn't believe it at all, and was still teasing Chen Feng.

Chu Qianzhong spoke at this time, haha smiled and said: "Ji Shao, what you said!"

"People Chen Feng is a top genius who condenses the power of ninety-nine and eighty-one stars, can he lie to you?"

Ji Xingyuan sneered:

"Haha, what a top genius, he wouldn't even dare to break through the first level of flying sword killing!"

Everyone laughed.

Someone said loudly, "Master Chu, I wonder how many breaths you need to pass this level?"

Chu Qianzhong said lightly: "Ten breaths!"

Everyone exclaimed in a low voice.

Ji Xingyuan smiled and said: "Brother Chu is so powerful, you can pass this flying sword killing level with ten breaths!"

"And I, maybe, shorter!"

Chu Qianzhong's face sank slightly.

Don't underestimate a breathing gap. At this level, a little improvement is the limit.

Everyone talked lowly.

"If the flying sword kills this level, if it can pass within twenty breaths, it basically means that you have the qualifications to enter the Galaxy Sword Sect."

"Yes, within ten breaths, all are geniuses."

"I remember that the fastest way to kill this level by flying sword is five breaths!"

"That person is known as the genius of the Galaxy Sword Sect once every ten thousand years! Later, he became the sovereign of one of the five great Sword Sects!"

Among the crowd, there was a sound of exclamation!

Ji Xingyuan and Chu Qianzhong had a look of pride on their faces.

Can kill the people of this level with flying swords within ten breaths.

Suddenly, a long howl sounded.

"Xiao was probably between nine to ten breaths, clearing this flying sword to kill one level!"

A chic and elegant figure came out from the crowd.

He was also one of the outstanding geniuses of the City of Stars standing side by side with Ji Xingyuan, Chu Qianzhong and others!

"It's Xiao Yuyu! I didn't expect that he would be able to clear the level with Flying Sword within ten breaths!"

"There are really too many enchanting geniuses this time!"

"In the past, although many geniuses participated in the assessment, each time, at most one or two can pass the flying sword within twenty breaths!"

Amidst the crowd, bursts of exclamation sounded.

Ji Xingyuan, Chu Qianzhong, and Xiao Yuyu stood side by side, among the dragons and phoenixes.

Qi Zhuoyang sneered: "Then, let's compare and see, who can pass faster?"

"I Qi Zhuoyang, within ten breaths, there is no problem!"

"it is good!"

Xiao Qianzhong and others will naturally not be stage fright.

The four are full of confidence.

Ji Xingyuan suddenly turned his eyes, looked at Chen Feng, and jokingly said:

"Chen Feng, why don't you compare with us, how about?"

He obviously wanted Chen Feng to make a fool of himself in public.

"That's right, Chen Feng, let us also see how abnormal the genius who sees the power of the eighty-one stars!"

"You are the power of eighty-one stars, crushing me, there is no problem!"

Chu Qianzhong and Qi Zhuoyang also spoke.

Xiao Yuyu also looked at Chen Feng jokingly.

Everyone looked at the show.

Jiang Yunxi was furious looking at her, but couldn't help!

[Chapter 4894: Crush you guys! Is there a problem?](#)

At this time, Chen Feng spoke slowly.

Looking towards Chu Qianzhong: "You just had a sentence, which is pretty good."

"What is it?"

Chu Qianzhong frowned.

Chen Feng smiled: "I crush you, there is really no problem!"

Quiet!

For a moment, it was as quiet as dead silence!

The next moment, a huge roar of laughter suddenly burst out.

"Is this kid crazy?"

They all looked at Chen Feng with a look like a lunatic.

"What you seek is to pass this level within ten breaths?"

Chen Feng sneered: "Within ten breaths, is it amazing?"

These people, Chen Feng didn't want to bother.

Ji Xingyuan and Chu Qianzhong are just clowns!

What is it?

Unexpectedly, he repeatedly provoked!

Since I have to stretch my face and let myself hit, then I have to be blunt!

Chen Feng smiled coldly, his body was like a charm, and in a flash, he rushed into Feijian Annihilation.

No sound and no breath, the sword energy runs across.

It is densely packed, covering a kilometer of space around Chen Feng!

Every sword aura has the power to kill Jiuxing Wudi!

This is the outermost.

The flying sword further inside is enough to kill the first building of the Star Soul Martial God Realm!

Ji Xingyuan sneered:

"Waste is waste, it's really impulsive, I can't be excited at all!"

Many people shook their heads repeatedly.

I feel that Chen Feng is going to die at this level.

No matter what, it was just the peak of the Nine Star Martial Emperor.

Chen Feng looked at the dense surroundings and the sword energy rushing forward with no expression on his face!

It's just a punch!

Unparalleled in boxing power, pure and violent physical power, freely and freely!

"Ten breaths, too long!"

"I only need three breaths!"

Unparalleled fist, destroying the dry!

Whether it is Jian Qi or Fei Jian, everything is wiped out and shattered!

Within one breath, Chen Feng shattered all the flying swords within his sight!

Feijian destroys the killing array, and then changes!

Within a kilometer of a radius, the infinite sword aura and the flying sword actually gathered together!

Turned into a huge flying sword!

The giant sword exudes a terrifying aura, and it seems to be able to kill everything, even the heavens and the earth!

One sword, beheaded towards Chen Feng!

The second floor of the Star Soul Martial God Realm, it would be extremely difficult to resist this blow!

Chen Feng chuckled, "This is Feijian's strongest blow!"

"This sword, even the second floor of the Star Soul Martial Emperor, will be beheaded!"

"Unfortunately, for me, the power is too weak!"

A punch, greeted him!

With one punch, the giant sword that was cut down was smashed!

Chen Feng laughed wildly, and rushed out of the Feijian Killing Pass!

Three breaths!

Chen Feng, only took three breaths to get out of this level!

Everyone outside the array is as silent as death!

Everyone was shocked and speechless!

The next moment, he exclaimed again and again.

"Chen Feng, it took only three breaths to pass this level?"

"Master Grandpa is here, am I right?"

"He actually passed this level in only three breaths?"

"This is terrible! I'm afraid it will break the record of the Galaxy Sword Sect!"

"Two punches shattered all the sword energy! His body is so terrifying!"

Then, Chen Feng turned around.

Looking towards Chu Qianzhong and others, he smiled slightly:

"I said, within ten breaths, is it amazing?"

Chu Qianzhong and others were all stupid!

All of them were stunned by Chen Feng's speed.

At this time, after hearing Chen Feng's words, his face was even more painful!

Every word and every sentence seemed to be slapped on their faces.

It hurts so hot!

Especially when I think of myself waiting for others, touting each other and competing!

It seems that ten breaths are amazing.

That kind of humiliation is extremely strong!

They were slapped in the face by Chen Feng!

Chen Feng took only three breaths and completely crushed them!

Chen Feng looked at everyone and sneered: "I said, ten breaths, is it amazing?"

"Why, is there a problem?"

Silent!

At this time, everyone realized how ridiculous they were!

"It turns out that Chen Feng's body is so terrifying, so powerful, so terrifying!"

"He is not the Nine Star Martial Emperor at all, I am afraid that his strength will surpass the second floor of the Star Soul Martial God Realm!"

"He is definitely the top existence among everyone in this assessment!"

"We laughed at him just now? Really humiliated ourselves."

Chen Feng glanced over Chu Qianzhong and others slightly, did not speak any more, just smiled contemptuously.

But this is even more disdainful.

Chu Qianzhong and others felt embarrassed as they slapped their faces one by one.

"These people are really frogs at the bottom of the well!"

"Yes, still look down on Chen Feng? Are they worthy too?"

"It's a breath, I am complacent, and I don't deserve to give Chen Feng shoes."

Everyone whispered.

Chu Qianzhong and the others, with pale expressions, rushed into the Feijian Killing Pass without saying a word!

After breaking through the flying sword killing barrier, the wall that traverses the entire world is still not peaked!

The second level, the giant metal puppet level!

Chen Feng didn't even look at Chu Qianzhong and the others, and instead of staying, he went straight into the giant metal puppet level!

A huge metal puppet stopped in front of him.

That is a puppet like a spider!

It is tens of meters high, and the whole body is made of metal, flashing with a frightening cold light!

Eighteen arthropods, sharp and sharp, with extreme coldness and bloodthirsty!

The terrifying arthropod, like a giant knife, slashed down towards Chen Feng!

Chen Feng's eyes flashed: "At least the peak strength of the first building in the Star Soul Martial God Realm!"

"However, for me, there is still no difficulty!"

Chen Feng's figure flickered, tens of meters in the air, and landed on the back of the giant spider puppet.

He fell heavily.

Still not using any martial arts techniques, it is pure physical power!

boom!

The giant spider puppet made a harsh cracking sound.

Being smashed by Chen Feng's terrifying kick!

More giant metal puppets appeared.

These giant puppets may be in the shape of a lion, a tiger, a cheetah, a snake, a violent bear, etc.!

Each one possesses the peak strength of the first floor of the Star Soul Martial God Realm!

Fierce and fierce!

With the powerful pressure to crush everything!

but!

boom!

boom!

boom!

But all were broken by Chen Feng with one move!

There is no giant metal puppet that can block his blow!

Where Chen Feng passed, the giant metal puppet shattered.

Chen Feng stopped abruptly and looked up, a strange color flashed in his eyes:

"Dragon?"

The one who stopped in front of Chen Feng was a huge puppet dragon!

The body is winding, as long as one thousand meters, covered with metal scales like scaly armor!

That terrible momentum is even more pressing!

It seems to be standing at the top of the heavens, overlooking everything!

This is a giant metal puppet dragon, with an icy, ruthless and indifferent aura!

The strange color in Chen Feng's eyes faded:

[Chapter 4895: just you? Is it worth it?](#)

"It turned out to be a giant metal puppet!"

"Star Soul Martial God Realm second floor strength!"

"Unfortunately, I still can't stop me!"

Chen Feng let out a long laugh, facing the terrifying dragon claws photographed by the metal puppet dragon, punched and killed him.

This is a punch that can shake the sky!

Just a punch, the dragon claw shattered!

Two punches! The metal puppet dragon was completely shattered!

Chen Feng spent no more than ten breaths in the giant metal puppet pass!

Chen Feng kept walking and rushed into the third level!

Then, he passed two more levels, the speed was incredible.

In front of him, endless cyan flames rise!

What he is going to pass now is the fifth level!

Chen Feng stopped before a huge blue flame.

Evergreen flames in the center of the earth!

This cyan flame is so high in temperature that it is extremely terrifying!

The most frightening thing is that the everlasting green flames in the center of the earth not only burn the flesh.

Even the martial soul of the monk will be ignited and burned into nothingness!

"what--"

Screams came one after another from the green flames in front of them.

Many warriors who marched more than half were burned to death in front of Chen Feng's eyes.

Body turned into fly ash!

The soul turned into blue smoke!

Wuhun was forced out abruptly.

Then, by this green flame, burned into nothingness!

Even Wuhun did not stay!

This is the Everlasting Green Flame at the center of the earth.

Chen Feng swept around.

Many people have stopped, hesitating, afraid to move forward.

Because the flow of time was different when entering this world of assessment, someone appeared in front of Chen Feng.

However, he broke through the barrier extremely fast.

Therefore, it has now rushed to the forefront.

Obviously, if you want to continue to pass the level, you can only rush into the blue flames like the people in front.

Another person went to the fifth level after Chen Feng, and rushed in without looking.

In the next second, the man's body was tight, and his veins violent.

Screaming frantically, resisting desperately.

But the next moment, his defense was burned through.

then!

Body turned to ashes!

The soul is annihilated!

Wuhun disappeared!

The eternal green flame in the center of the earth burns the flesh, burns the soul, and burns the martial soul!

So terrible!

Ordinary Star Soul Martial God Realm First Building entered here, but it was motionless, and it couldn't take ten breaths.

What's more terrifying is that this Earth Center Everlasting Flame is not that simple.

In this almost materialized flame, there are special puppets!

This kind of puppet comes and goes without a trace.

There seems to be some kind of formation?

Or the material is special.

Once the warriors enter the blue flames, they will attack randomly.

And these special puppets, all have the peak state of the first floor of the Star Soul Martial God Realm!

Chen Feng looked at it for a moment, and it became clear in his heart.

"Entering here, I don't even need to transform into a great witch **** body, I only need to transform into the body of the witch race."

For Chen Feng.

This is quite simple.

Just as he was about to enter the earth's heart of the earth, a voice came from behind.

"Which sect are you from?"

Chen Feng turned around.

I saw a big man striding over.

He is tall and burly, with an unspeakable domineering look!

Chen Feng has never seen this person.

"A casual repair."

The other party heard a casual repair, and the color of disdain became even stronger.

"Unexpectedly, a mere casual repairer can reach the fifth level."

The big man waved his hand contemptuously.

"I'm Sikonghao, you should have heard of me."

Chen Feng did not answer.

He had indeed heard of the name Sikonghao.

Si Konghao is also one of the top geniuses this time.

However, they have always been alone, not all the same with Chu Qianzhong and others.

He is also one of the most promising to enter the Galaxy Sword Sect and become one of his disciples.

Si Konghao came to the assessment world first, before he entered the flying sword killing.

Therefore, he had no idea what happened in the first level.

I don't know the horror of Chen Feng.

Si Konghao continued to say to himself: "It's almost the limit for a casual cultivator to get here."

"You, it's hard to go further."

"Fortunately for you, one of my men just died ahead."

Chen Feng said lightly: "So what?"

Si Konghao pointed his hand, his face full of charity.

"You take his place and follow me in the future. I will help you pass this level."

He looked down at Chen Feng with a full face.

It seems to him, this is the same as giving Chen Feng great face.

Chen Feng glanced at him lightly and said lightly: "Are you worthy?"

Go directly into the earth's center of the earth.

Si Konghao was furious and walked in.

"You ungrateful animal!"

In the boundless blue flames, murderous aura quickly struck.

In the blue flames, two mysterious puppets appeared strangely and rushed towards them.

"You haven't understood what you have lost! What you have lost is the only chance to enter the Galaxy Sword Sect."

Si Konghao sneered: "On your own? You are looking for death!"

Chen Feng smiled slightly and threw a punch.

He didn't even look at it, and directly smashed a mysterious puppet facing him!

He didn't cultivate to the outside world, but rather restrained.

Chen Feng noticed that after the mysterious puppet was exploded, it melted instantly.

It was turned by this earth's center of the earth!

At the same time, another mysterious puppet also attacked Si Konghao.

The time interval is too short, Si Konghao has no time to think.

Since Chen Feng can solve it with one punch, he can definitely solve it easily!

In an instant, Si Konghao was like Chen Feng and threw a punch.

The next moment, he flew out, vomiting blood.

"The peak of the first building in the Star Soul Martial God Realm?"

Si Konghao exclaimed in shock.

This mysterious puppet didn't release a breath of terror until the last moment.

No wonder so many people are just like him, killed by the mysterious puppet just like him.

The only good news is that his body is stronger than the others.

Therefore, after someone has been attacked, they can no longer continue to withstand the scorching flames of the Earth's core.

Directly turned into flying ash!

However, Chen Feng only flicked a punch just now!

Si Konghao looked at Chen Feng again, his expression full of horror.

"How strong is this boy's strength?"

Chen Feng smiled faintly: "I said you are not worthy, is there a problem?"

Without looking at him, he walked away quickly.

Si Konghao was ashamed, and his face was even hotter.

"I'm really ridiculous, this master is far beyond me, I still want him to be my subordinate?"

At the same time, he noticed one thing.

Even the spirits of the earth's center of the earth could burn the eternal green flames, but Chen Feng's body was not even burnt red!

"In the casual cultivator, when is there such a master?"

After transforming into the body of the Witch Clan, Chen Feng passed this level easily.

In the back, there was almost no pressure, and continued to move forward and continue to crush.

Very fast!

As the difficulty increases, fewer people are seen in the level.

But it's not nobody.

After all, there are many disciples who came early.

The strength is not very strong, but the progress is already fast.

However, Chen Feng came from behind and has come to the forefront.

[Chapter 4896: Want to count me? dead!](#)

When it came to the seventh level, he and another disciple were the only ones in the whole level.

This person, Chen Feng, was also impressed.

He noticed this person from the sixth level.

Is one of the few people who can keep up with him.

The two have always kept a short distance, each passing through the barriers with their own ability.

The seventh level, a huge array!

The gigantic array is a complex array.

It contains several killing arrays.

But the most important thing is that it can produce thousands of times of gravity suppression!

It seems that if you want to pass the assessment and enter the next level, you must break through the killing array with your body under the pressure of a thousand times the gravity.

It is obviously unrealistic to completely destroy the huge array.

The best way is to take advantage of the moment when the killing formation is broken, tear a gap and rush to the other side of the big formation!

Chen Feng didn't stop, and walked directly into the formation.

Another person followed closely behind.

As soon as he entered the battlefield, Chen Feng felt a crisp sound from his bones.

Under the tens of thousands of times of gravity, his body was as strong as his body, and it was instantly tightened.

Feeling the tremendous pressure, the bones creaked, the muscles tightened, and even the whole body contracted inward.

If you change to someone else, you will be directly crushed into meatballs!

However, Chen Feng had no fear in his heart.

In an instant, transformed into the body of the Witch Clan!

Suddenly, the body became much easier.

Even under the pressure of tens of thousands of times of gravity, he still had the power to throw a punch.

Welcome!

Fighting with fists, this is what this killing formation needs them to do.

boom!

boom!

boom!

Chen Feng threw out three punches in a row, with extremely powerful physical strength, abruptly repulsed the formation.

It's now!

Now, the killing array is temporarily forced to retreat, this is the best chance to break here!

Amidst the sparks and flames, Chen Feng suddenly felt extremely dangerous.

Warning sign Dasheng, his figure flashed, and he avoided instantly!

A hand suddenly appeared where he was originally standing.

It's another person in the big formation!

Chen Feng understood instantly.

Because it is a checkpoint set in the assessment, this huge array of killings is a series of attacks.

If there are a few people in the formation, several killing formations will attack accordingly.

As long as that person throws Chen Feng to another killing formation, he will have enough time to rush out of this formation!

What a vicious intention!

Chen Feng had never known him and had no old grudges.

"Want to count me? Want to kill me? You, what are you?"

Chen Feng smiled coldly, then turned his hands and grabbed the man.

That person instantly panicked and struggling frantically, but how did he break free?

In the screaming for mercy, he directly ran into the killing formation!

The screams stopped abruptly!

Chen Feng's eyes were cold, facing a new round of killing, he punched again.

Galaxy Sword School.

On a floating mountain, in the quaint hall.

This is the Galaxy Hall.

In the hall, a three-story platform.

At the highest point, five people sat.

It was the elder sent by each of the five sword sects.

Each of the five great sword sects has many disciples who have been optimistic about it before, and some are simply the nephews of the elders of the five great sword sects.

In order to prevent them from encountering accidents when they broke through the barriers, each family sent people to watch.

First, protect safety and facilitate rescue.

Secondly, observe the strength of the disciple, how it is.

On a platform below them, sitting several elders, wearing robes decorated with countless stars.

They are the elders responsible for the assessment this time.

They are all the lowest-level elders of the stars.

However, Elder Stars is also an elder!

Every strength is extremely terrifying, and when placed outside, it is an absolute big shot.

Their strength is all above the twelfth floor of the Star Soul Martial God Realm!

It is no exaggeration to say that even at this moment, all the disciples in the assessment project are tied together, they are not their opponents.

Even, it can be easily crushed to death!

They are not much weaker than the elders sent by the five great sword sects.

At the bottom, in the hall, hundreds of deacons heard orders back and forth.

In front of everyone, in the void, dozens of water curtains were suspended.

Inside, it is the assessment situation of each disciple who participated in the assessment.

The disciples who came to participate in the assessment this time were even the top disciples of their respective sects, families, and forces.

Has long been famous.

Especially those who have been determined to enter the Galaxy Sword Sect are even more concerned.

Jiang Yunxi, Chu Qianzhong, Ji Xingyuan, Qi Zhuoyang, Si Konghao and others were repeatedly mentioned.

"As expected of the Heavenly Jade Sword Master Xu's uncle, Jiang Yunxi, all the way to the seventh level smoothly."

The Heavenly Jade Sword Sect is the most special Sword Sect in the Galaxy Sword Sect.

Because it is composed entirely of women.

Moreover, the strength ranks in the top three among the five sword sects!

But at this moment, Jiang Yunxi was not the only one who stayed at the seventh level.

"Look, Chu Qianzhong has already reached the eighth level!"

"This one, you have already decided to enter the Tianji Sword Sect, right?"

He faintly smiled when someone mentioned his disciple of Sword Sect, Elder Feng of Tianji Sword Sect.

Full of pride.

The Tianji Sword Sect is also one of the extremely high-ranking Sword Sects, but compared to the other top Sword Sects, it is still a bit short.

But this time, they have Chu Qianzhong!

"Chu Qianzhong is..."

Elder Feng was about to speak.

Suddenly, someone exclaimed not far away.

"Qi Zhuoyang has reached the ninth level! Currently ranked second!"

The attention of everyone was immediately diverted.

"Qi Zhuoyang, his brother is the true disciple of the Kaiyang Sword Sect Master Zhou, and he has been determined to join the Kaiyang Sword Sect."

"Now, it is faster than Chu Qianzhong!"

When Elder Feng heard this, his face turned ugly again.

Chu Qianzhong is not as good as Qi Zhuoyang!

At this moment, there was another exclamation.

"Qi Zhuoyang has reached the next level again! Currently ranked second!"

The crowd was in an uproar.

Passed another level so quickly?

As the Kaiyang Jianzong, the elder who came here to supervise this time, Elder Zhao seemed much calmer.

Kaiyang Sword Sect, in the Galaxy Sword Sect, always sits and looks at each other.

Elder Zhao knew Qi Zhuoyang's talent for a long time.

As for Qi Zhuoyang's current achievements, Elder Zhao obviously had a foreboding, not surprising.

A faint smile: "Qi Zhuoyang is indeed a disciple that our Jianzong values especially."

"Although it's only second now, the person in front of him must have entered much earlier than him."

"But, soon."

Elder Zhao stroked his beard and smiled faintly: "It only takes less than twenty breaths, and he can overtake the person in front of him."

"First, it can only be him!"

What Elder Zhao said was extremely domineering.

Everyone nodded without doubt.

Qi Zhuoyang's performance speaks for itself.

At this time, a voice suddenly sounded.

An elder, with a bit of joking at the corner of his mouth, looked at the elder in charge of the Sword Shun Sect that day.

"I heard that there is also one person from Tianshu Sword Sect this time who also participated in the assessment?"

The elder was provocative and aggressive.

"What about your people? Why didn't I see it?"

Suddenly, everyone burst into laughter.

[Chapter 4897: It turned out to be... him!](#)

Facing everyone's laughter, the supervising elder of Tianshu Jianzong remained indifferent.

This is a cold and blue woman, quiet and quiet, with hidden edges.

This kind of ridicule has long been unable to influence her emotions.

She stared coldly, glanced at the laughter.

Just one glance, the laughter weakened unconsciously!

Tianshu Jianzong's momentum is not fake, but the more Xinlan is a person, it should not be underestimated.

She is the only woman among the five supervising elders.

Even younger than the elder of the Sky Jade Sword Sect!

Among the five supervising elders, the youngest is the youngest, but the cultivation base is just sitting and watching!

The more Xinlan, the disposition is indifferent, and he doesn't care about world affairs.

But in this way, the cultivation base is extremely high.

However, fortunately, she rarely pays attention to the internal affairs of Tianshu Sword Sect.

In this assessment, Yue Xinlan only heard of Chen Feng's name from Zhongli Yaoqin.

However, Chen Feng is only the peak of the Nine Star Martial Emperor!

Therefore, Yue Xinlan had no hope for him.

There was no possibility that Chen Feng could enter the Galaxy Sword Sect.

Sure enough, I heard so many names just now, except for Chen Feng.

"Presumably, Chen Feng has already died in the first few levels, right?"

"Not even the first level."

She shook her head and laughed at herself in a low voice: "Isn't it every year?"

Both she and Zhong Li Yaoqin wanted to change this situation, but...

Thinking of Zhong Li Yaoqin's injuries, she was darkened.

"Moreover, Sister Yaoqin and I are not the kind of temperament that can be held. They are too cold."

Suddenly, someone exclaimed.

The attention of the crowd moved away instantly.

"Who is this number one? It's so scary!"

"I'm not mistaken, I have rushed to the sixteenth level!"

"How much time has passed! The record of the Galaxy Sword Sect will probably be refreshed today."

Everyone's gaze swept across, looking at the supervising elder of Tianquan Jianzong.

"Such a rare genius in thousands of years, he must be the default candidate of the Heavenly Power Sword Sect."

Heavenly Sword Sect, the strongest Sword Sect in the Galaxy Sword Sect today.

It is the number one power of the Galaxy Sword Sect.

To say who could be more talented than Qi Zhuoyang selected by Kaiyang Jianzong, that can only be someone who is valued by Tianquan Jianzong.

"Is it Si Konghao?"

"That kid has always been alone, getting in earlier than the others in the test."

"Unexpectedly, the Heavenly Power Sword Sect could choose such a peerless genius!"

"Only what you value has this strength."

A few elders went directly to the high platform and directly expressed their compliments and congratulations:

"Congratulations to Elder Sun, Guizong has got another talent."

"This person, I'm afraid that Elder Sun is right? Elder Sun really has a unique vision."

However, on the high platform, the supervising elder Sun Boxong of the Heavenly Sword Sect looked ugly.

"No... the disciple ranked number one is not from our Heavenly Power Sword Sect."

In the galaxy hall, there was sudden silence.

His face was a little embarrassed, very embarrassing.

Elder Sun's face was dumb, staring at the light curtain, very ugly!

He also wanted to know who the one who broke through to the sixteenth level was!

Also, why did Sikonghao delay so long in the fifth level!

"Then, this person...Which Sword Sect will he be?"

A deacon spoke to ease the embarrassment.

At this time, someone finally saw the front figure clearly, and suddenly exclaimed: "This, this person, seems to be that Chen Feng!"

"What, Chen Feng?"

"The Chen Feng who wants to join Tianshu Sword Sect?"

"Isn't this person the only Nine Star Martial Emperor Peak? How could it be the first one?"

"Is it wrong?"

Everyone was shocked when he said this!

They cast their eyes on the light curtain.

Even Yue Xinlan's beautiful eyes flowed, looking towards the water curtain.

After that, everyone was even more surprised and speechless.

That person is indeed Chen Feng!

They basically know the name Chen Feng, after all, this is the only candidate disciple of Tianshu Sword Sect.

But I usually talk about it as a joke.

At the peak of the nine-star Wudi, the Heavenly Scroll Sword Sect can be valued, and participate in the assessment. This Tianshu Sword Sect is really declining.

Yue Xinlan was horrified instantly, suddenly got up!

"It turned out to be Chen Feng? This young man, so against the sky?"

You know, even Zhong Li Yaoqin was not optimistic about Chen Feng before.

But, the next moment, there was a burst of ecstasy in my heart!

Chen Feng's strength exceeded her and Zhong Li Yaoqin's expectations.

"Chen Feng is so against the sky, is it possible that my Tianshu Jianzong has changed the fate?"

Thinking of this, her whole body trembled slightly!

Turn around suddenly and leave quickly.

At this time, the matter is serious, she must go back and report it!

After she hurriedly left, everyone in the hall remained silent.

This incident made them very faceless.

Who would have thought that the disciples whom each of the four great sword sects fancy would be suppressed by the people of Tianshu Sword Sect!

It's just a mere nine-star Wudi who was treated as a joke before!

Could it be that Tianshu Sword Sect will rise because of this?

In the silence, someone saw a star elder wearing a star robe, leaving quietly.

After a while, he came back quietly.

Everyone's eyes flashed, guessing what he was doing.

However, everyone pretended not to see it.

No matter how their four major sword sects compete, the Heavenly Scroll Sword Sect will never improve!

This is their common understanding.

If there is any possibility, we must press it down!

...

At this time, Chen Feng has entered the sixteenth level.

In the sixteenth pass, Chen Feng unexpectedly saw a woman.

The sixteenth level is a beast forest!

Boundless, there are decayed and withered giant trees everywhere, the ground is a scorched black color, and the sky is a dead black.

It's like an abandoned world.

At the entrance, above the boulder, two big characters: Beast Forest!

Only through the beast forest can you continue to challenge the next level.

In the beast forest, dragons roared and tigers roared, sound waves shook the sky.

The earth is shaking!

Several first-grade demon gods rushed over.

Every monster has a strange shape, just like a combination of various monsters!

Chen Feng looked at it, and his heart shuddered!

"These demon gods are definitely not made naturally, but made by immortal cultivators!"

"What kind of existence? Can you create such a terrifying monster god?"

Although they are not born by nature, these monster gods are extremely terrifying, and their aura is unimaginable!

Like hills, exuding the ultimate murderous aura.

The first-grade demon god, the strength is equivalent to the second floor of the Star Soul Martial God Realm!

"This son, please, help me."

The woman's blue silk is like black ink, her beautiful eyes are flowing, her figure is full and full.

There were tears in her eyes at this moment, and she was very pitiful.

Chen Feng's eyes instantly condensed, this woman is definitely not a disciple who participated in the assessment!

Her breath is wrong.

There was a wave in Chen Feng's heart, but it didn't show it.

He didn't even look at her.

For Chen Feng, it doesn't matter who it is.

[Chapter 4898: The last level: Sixiang locks the sky thunder!](#)

Because no one can stop oneself, the first one to rush out, this side assesses the world!

He fixed his gaze on the approaching monsters.

The first grade monster god, the flesh is extremely domineering.

Moreover, these heads in front of them seem to be particularly overbearing, and their bodies are full of explosive power.

The body is like the hardest metal casting!

Moreover, he felt that the surface of the bodies of these demon gods that were created was radiating a faint glow.

Chen Feng's heart moved and punched out!

Sure enough, the martial arts power was directly dissolved by the fluorescence on its surface.

like water off a duck's back.

Chen Feng instantly understood: "It seems that this kind of demon **** is very special."

"Many martial arts techniques are invalid for them!"

It is estimated that when it was created, it was already biased towards this aspect!

The martial arts technique is invalid.

Can only fight physically!

Even though the disciples who participated in the assessment possessed such heaven-defying techniques and martial skills, here, they can only rely on physical strength to stand firm!

Fight with monsters of the same level or even higher realm.

This is the selection level of the Galaxy Sword Sect!

After a while, these monsters had already arrived in front of Chen Feng.

"My son! My son!"

The headed Yipin Demon God suddenly opened his mouth and uttered human words.

Then, angrily roared.

Behind him, there are many first-grade demon gods who are also roaring.

Chen Feng knew instantly.

It turned out that they only wanted to retrieve the cubs that were taken away.

But after all, it was created by birth and lacked intelligence.

He could only roar and roar, but couldn't distinguish between the two and who was the one who took their cubs.

The woman's body trembled slightly and slowly approached Chen Feng.

It seemed that he was terrified. It seemed that he had to lean against him to feel a little safer.

But, the next moment!

Suddenly something appeared in her hand, her figure flashed, and she walked around behind Chen Feng with a treacherous body, with a speed like a ghost!

Then, hit out with a palm!

Then no matter what the result was, he turned around immediately, actually intending to escape.

Chen Feng moved, lightly avoiding the palm behind his back.

Looking down, a bunch of hair suddenly appeared in his arms.

What appeared in the woman's hand just now was the hair of this young beast!

What a weird shenfa!

Without using martial arts or exercises, it is worthy of being a person who can appear in the sixteenth pass that can achieve such a physical strength only by physical strength.

unfortunately.....

Chen Feng's eyes were cold: "Misfortunes lead to the east, wrong minds!"

The leader of the First Grade Demon God sensed the aura of his cub.

Instantly furious!

With a loud roar, he attacked Chen Feng.

Chen Feng smiled lazily:

"Girl, don't go in a hurry."

When the woman heard this, she was not good at standing.

Chen Feng's figure flashed and came directly behind him!

When she grabbed her backhand, the woman only felt a hand like iron tongs, which firmly clasped her neck.

In an instant, he couldn't move.

She screamed, struggling frantically.

But unfortunately, where is Chen Feng's opponent than physical body?

Then, Chen Feng smiled and threw her out!

With that pinch of cub hair.

A few first-class monsters, suddenly stunned!

Chen Feng looked up indifferently, looked at them, and let out a low growl!

In the dantian, the blood pool rolled and instantly transformed into a great witch **** body.

The great witch divine body, standing upright, is no less inferior to these first-grade demon gods!

Even more!

"I, Chen Feng, are not afraid of you."

"It's just that I have nothing to do with this matter and I don't want to be used."

"You have to settle the account, just look for her!"

After all, I went forward without even looking at them.

The woman found out in horror that, for some reason, a few first-grade demon gods seemed to understand.

They gave way and let Chen Feng pass.

Then, looking fiercely at the woman!

"no no!"

Chen Feng strode away.

The sharp screams behind him suddenly sounded and stopped abruptly.

The blood spread.

But when the woman died, Chen Feng had already stepped out of the sixteenth level!

Until now, there are no more appraisal disciples who have entered in advance!

Chen Feng, speed first!

After a cup of tea time, Chen Feng finally came to the last level!

Eighteenth level!

Four elephants lock the sky thunder!

boom!

Loud noise!

A huge lightning burst from the void.

This is the Sixiang Suotian Thunder Array!

Gather the power of thunder and lightning, trapped in a world.

Anyone who enters this formation and whose body is not strong enough will be chopped into a pool of mud on the spot!

Even Wuhun is no exception!

Chen Feng looked at the thick lightning bolts, and his attitude became serious.

The last level is far more difficult than the previous 17 levels!

But, what's the problem!

He let out a low growl, his black hair was flying, and his eyes showed an extremely determined light.

Incarnate into a great witch **** body, stride forward.

boom!

boom!

boom!

The Sixiang Locking Thunder Array was instantly excited!

All the thunder and lightning that was brewing came crashing down towards Chen Feng.

Each path can make ordinary Star Soul Martial God Realm first floor, even the second floor strong, wipe out!

Several huge thunder lights arrived at the same time!

The huge beam of light penetrated the world and bombarded down.

That is to say at this moment!

Chen Feng, moved!

He went up against the sky and threw a punch!

Dare to compete with these four elephants!

boom!

Chen Feng stood still.

Where he was standing, with him as the center, huge cracks were scattered everywhere.

And Chen Feng, unscathed!

This kind of flesh is terrifying!

However, Chen Feng knew best.

That punch just now consumed half of his strength in an instant.

Even if he was the avatar of the great witch divine body, he felt a trace of fatigue rushing to his heart.

"If this continues, I'm afraid that I will be able to pass the level by becoming a great witch sacrament!"

But that was Chen Feng's trump card.

Chen Feng doesn't want to be exposed now!

"Can't delay any longer, otherwise, if the essence and blood in the Great Witch's Blood Pool cannot be refilled, my hole cards will be invalidated."

Chen Feng stared ahead and ran forward.

boom!

Countless thunder lights condensed in the entire Sixiang Suotian Thunder array!

They are mighty, overwhelming, and strike again!

Finally, how long has passed!

Chen Feng stepped out of the four elephants lock sky thunder formation, blood surging inside his body.

He quickly launched the Great Sorcerer God Body, his complexion pale.

In front of him, there is a huge cliff with layers of forests and fairy mountains lingering.

Behind him is a huge assessment world!

Chen Feng let out a long breath: "Finally, I am out!"

Unspeakably relaxed and comfortable in my heart.

The fairy mountain ahead is peaceful, and the fairy beasts roam around.

Otherwise, there was no one.

Obviously, Chen Feng was the first!

He twitched the corner of his mouth slightly, and when he reached a pool of water, he sat cross-legged and began to adjust his breath.

After a while, there was a low growl, and a mouthful of blood gushed out.

Suddenly I felt a lot more relaxed in my mind.

After a long time, he slowly opened his eyes.

"This last big formation is really terrifying!"

The Sixiang Suotianlei formation is a bit special.

Each of the lightning strikes had extremely terrifying power.

[Chapter 4899: Master Sagong, be the first person!](#)

Moreover, it is different from the previous levels.

Before entering the large array of levels, the attacks were evenly targeted.

And this last level was actually the entire battle against any intruder.

He just used his own power to resist the thunder and lightning bombing of the entire array!

Even if it is as strong as the great witch **** body, it will inevitably be inadequate.

However, he noticed one thing.

Every time the thunder and lightning from the Sixiang Suotian Thunder array bombed, the power is the same.

No increase or decrease.

Can this explain that the power of thunder and lightning in the big array is actually limited.

What if a few people join together and enter the Four Elephants Locking Sky Thunder formation at the same time?

Some speculation emerged in Chen Feng's heart.

He closed his eyes and rested his mind here and recovered his strength.

After waiting for half an hour, Chen Feng suddenly raised his brow and looked at the exit of the eighteenth pass.

Someone is out!

Tall and burly, rough and violent.

It is Sikonghao!

He was spewed with blood, many tendons and fractures, and his injuries were extremely serious.

After coming out, he staggered forward a dozen steps, suddenly his eyes lit up.

Suddenly, he rushed to the side of a mountain stream and drank the stream.

In one sigh of relief, he directly sucked the mountain stream flowing with abundant spiritual energy.

His body is really strong and his talent is also very outstanding

This only eased a little bit, and fell to the ground, panting heavily, unable to stand up.

It feels that there is only one breath left from death!

After a long while, he struggled to turn over, looked around, and laughed suddenly.

"It seems that I am the first?"

He did not see Chen Feng due to the shelter of the woods and the terrain.

Upon seeing this scene, Chen Feng's mouth twitched slightly and did not say anything.

Watching this scene with interest.

However, after a few breaths, several people rushed out from the exit.

Qi Zhuoyang, Ji Xingyuan, Chu Qianzhong, and others are impressively listed.

Several people were lingering fears, and their faces were full of shock.

There are many wounds on his body.

Each is close to the level of serious injury.

Obviously, in this last level, the four elephants lock the sky thunder, the horror of power almost made them unable to bear.

Ji Xingyuan, after a long time, he was breathing well.

With lingering fears:

"Thanks to Master Qi for informing me in advance, the trick for this last pass."

"If we don't enter together, but fight separately, relying on ourselves, we will definitely die."

Chen Feng heard it from a distance and slowly nodded.

really!

The four elephants lock the sky thunder formation, the more people entering at the same time, the less thunder light attacks are assigned to everyone.

That's why they will enter together and pass this level!

But despite this, everyone was seriously injured.

If you enter one by one, I'm afraid no one can come out alive!

Ji Xingyuan rolled his eyes and suddenly said:

"This time, although we broke in together, we broke out together."

"But, Brother Qi, you have done the most, so if the deacon asks later, you will naturally be the first one!"

There was a bit of flattery in his words.

Qi Zhuoyang nodded proudly, also not humble.

In his opinion, he is indeed worthy of being the first!

Ji Xingyuan looked at other people, smiled and said, "Everyone, what do you think?"

Especially, the eyes stayed on Chu Qianzhong the longest.

Obviously, to force him to speak.

Qi Zhuoyang's gaze was also cast over, with a bit of coldness.

Chu Qianzhong cursed inwardly.

He naturally knew that Ji Xingyuan was trying to flatter Qi Zhuoyang while stepping on himself.

Let yourself, no matter what, won't get this first name!

However, at this time, he did not dare not to speak.

Qiang said with a smile: "This is extremely true, this time the first level assessment is naturally the first brother Qi!"

Everyone complimented.

Qi Zhuoyang laughed, extremely proud.

But at this moment.

Suddenly a lazy voice sounded:

"Where do you put Lao Tzu?"

As soon as this remark came out, everyone was shocked!

Is there anyone here?

Someone came out earlier and came faster than them?

It turned out that after Sikonghao came out, he lay down by the stream, but they didn't see it because they were obstructed.

Then, everyone heard whose voice it was!

"Sikonghao?"

A rough man laughed, Si Konghao stood up and walked to several people: "It's your grandpa!"

When he saw him coming, everyone's faces were ugly.

More faint, some redness.

Like being slapped in the face!

Just now, they were still complimenting Qi Zhuoyang, saying that he was the number one this time.

As a result, a Sikonghao appeared in a flash.

Sikonghao laughed loudly: "Everyone, you guys are here to cheer you up, didn't you think I was the first?"

His eyes were particularly playful.

Everyone is indescribably embarrassed.

However, no one dared to speak.

He just looked at Si Konghao with awe.

Si Konghao was originally as famous as them.

But since being favored by the Sword Sect of Heavenly Power, it is said that he has obtained the secret method and his strength has improved by leaps and bounds!

Now, it has exceeded them.

Especially Qi Zhuoyang, his face was hot.

Just now, he was complimented by everyone.

He is also full of pride.

As a result, Si Konghao was slapped in the face instantly.

However, although Qi Zhuoyang was extremely unwilling.

But he had to admit that Sikonghao was better than him.

"Young Master Sikong, admiring his name for a long time."

"It's worthy of being the person whom the Sword Sect of Heavenly Power looks after. It's really better than me."

"The first one in this level should be you."

Qi Zhuoyang took the initiative to show his favor to Sikonghao!

Soon, Chu Qianzhong, Ji Xingyuan and others also calmed down.

They were shocked when they saw this scene.

Qi Zhuoyang, how aloof!

His breath is strong, absolutely above everyone.

Those who are as tyrannical as Qi Zhuoyang turned out to show their favor towards Sikonghao.

Several people looked at each other and immediately had a measure.

One after another went to Sikonghao.

Chu Qianzhong wore a white robe, full of grace and grace.

Looking at Si Konghao, he smiled and said, "Zai Chu Qianzhong.

"Our successful passage this time also borrowed from Young Master Sikong."

"Chu is here, thank Master Sikong first."

With Chu Qianzhong taking the lead, several others responded immediately.

Ji Xingyuan also smiled and sighed:

"We only dared to break in by a group of people, but Young Master Sikong, dare to enter the Sixiang Suotian Lei array alone!"

"This kind of courage, who else!"

Qi Zhuoyang also opened his mouth: "The first person in this assessment must be Young Master Sikong."

Everyone praised Si Konghao, just as they praised Qi Zhuoyang.

However, Si Konghao did not respond.

He frowned, thoughtfully, looked around, and then at the exit of the eighteenth pass.

But the figure was not seen.

There was a little doubt on his face.

It shouldn't be!

"The casual cultivator I met in the fifth level earlier is far above me."

"The first person should be the one."

[Chapter 4900: Waiting here for a long time!](#)

He said lightly: "This is the first person, I'm afraid it may not be me."

Everyone was taken aback, staring at each other.

It's not Sikonghao, who else can it be?

Everyone was exhausted and adjusted their interest in place.

After a while.

Si Konghao suddenly opened his eyes.

"Someone is here again."

At the exit of the eighteenth pass, someone suddenly appeared again.

Jiang Yunxi and several others also rushed out from the exit.

Everyone except Jiang Yunxi fell to the ground for the first time, screamed again and again, and recovered.

There were fewer people coming out this time than Qi Zhuoyang and others.

In other words, the power of thunder and lightning is distributed to everyone more.

Jiang Yunxi's complexion was fairly calm and not embarrassed.

Still wearing a white dress, like a fairy banished, dignified and graceful.

Instantly attracted everyone's attention.

There is a sense of awe in the eyes of many people.

Jiang Yunxi is obviously not low in strength.

Moreover, she had been valued by the female elder of the Galaxy Sword Sect before, and she definitely had a good hole card.

Otherwise, it would be impossible to pass the level so easily.

As soon as Jiang Yunxi came here, he felt the joy from his bones.

She could feel that the power of the blood in her body was agitated again at this moment.

The attention of Chu Qianzhong and others was instantly focused on her.

But, at the same time, they also thought of one person.

Chen Feng!

The only man who made Jiang Yunxi look different!

It's just a casual repair.

He is also worthy?

Chu Qianzhong sneered, teasing deliberately.

"In other words, what about that genius Chen Feng with the power of eighty-one stars?"

Ji Xingyuan smiled lowly: "Yeah, how come such a powerful genius is gone now?"

"Could it be that you died in the circle?"

Everyone burst into laughter.

Qi Zhuoyang said lightly: "This son has some strength, but it is still too shallow."

"I didn't see him in the later levels, I guess he was dead inside."

There was indescribable indifference and overlooking in the words.

Ji Xingyuan disdainfully smiled and said: "Random cultivator is casual cultivator, lack of strength, it is no surprise to die inside."

When Si Konghao heard these words, his heart suddenly moved.

For the first time, he looked at Chu Qianzhong and the others, and asked in a deep voice.

"Who is Chen Feng?"

When Chu Qianzhong and others saw Si Konghao take the initiative to speak, they all spoke out.

"Young Master Sikong, don't care, it's just a low-powered casual cultivator."

"Yeah, this person claims to have the power of eighty-one stars, and it's just a trick to come."

"If you really are that genius, how can you not come out now?"

"That is, what true ability does the person whom Tianshu Jianzong looks after?"

Jiang Yunxi flushed with anger and was about to refute.

Suddenly, something seemed to be felt.

First was stunned.

Then, his face was flushed instantly.

There was a bit of flattery in his eyes.

At the next moment, a lazy voice suddenly sounded:

"Waiting for you for a long time, why did you come?"

The voice was faint, with a somewhat lazy meaning.

But when this sentence fell, it instantly silenced the court!

Because everyone can hear clearly!

This is exactly Chen Feng's voice!

"Why is he here?"

"And, listening to this, it's been a long time since then?"

A figure walked out slowly.

Chen Feng is a long jade.

Chu Qianzhong, Qi Zhuoyang, Ji Xingyuan and others were instantly stupid.

Frozen, unable to say a word.

Their faces are so hot!

Chen Feng shook his head and looked at them: "You guys, you think you are very good, but in my eyes, you are just a clown."

"I was too lazy to pay attention to you, but you just sent your face up for me to fight."

Chen Feng smiled slightly: "Then I have to be rude."

The crowd burst into laughter.

Chu Qianzhong and others were still dismissive of Chen Feng just now, but they were immediately beaten in the face.

This time, it hurts more than before!

"Chu Qianzhong, I lost my lord this time!"

"Yes, before entering the first level, I dismissed Chen Feng, and Chen Feng was slapped in the face."

"Just now, he spoke rudely, but continued to be beaten in the face."

"There is no face!"

Jiang Yunxi's beautiful eyes gleamed and walked towards Chen Feng, giggling.

"Congratulations, Master Chen, I know that these eighteen levels will not help you."

The faces of Chu Qianzhong and others became more ugly.

At this moment, another person walked by their side.

Si Konghao actually walked towards Chen Feng.

"Let's meet again. Your Excellency, is Chen Feng?"

He looked very solemn, with a sense of awe.

Chen Feng nodded slowly.

Under the gaze of Qi Zhuoyang and other people, Si Konghao's face showed a clear look.

"Master Chen, you are the hostility that deserves to be deserved, our Sikonghao is far inferior to you!"

He clasped his fists and bowed deeply: "Only below, I speak arrogantly and hope to forgive my sins."

Attitude, extremely polite!

Even with a bit of humility!

Everyone was shocked and their mouths grew.

Who didn't know, Si Konghao was always arrogant, arrogant and unconvincing.

At this time, it was so to Chen Feng!

Chu Qianzhong and others felt that he was slapped several times on his face.

Si Konghao, who had fudged for a long time, was so respectful to Chen Feng, a person they had previously dismissed!

In my heart, there was even more shock!

This Chen Feng is too terrifying!

Even Si Konghao was so convinced by it.

Chen Feng raised his eyebrows, a little surprised, and then smiled slightly: "It's okay."

Chen Feng appreciates those who dare to act and admit their mistakes so frankly.

"This person is a light wind and Jiyue."

At this time, everyone looked at Chen Feng with a little awe.

No more disdain before.

Chu Qianzhong and others looked cold and didn't know what they were thinking.

Chen Feng had already used his strength to shock everyone!

At this moment, a blue light flashed suddenly, and a middle-aged man appeared in front of everyone.

But it's not Cui Gaochi!

The middle-aged man, his face was indifferent, with a bit fierce.

He is also burly and terrifying.

Although not as good as the elders, it is more than enough to crush these disciples in front of him.

This person gave Chen Feng a deep look, with indescribable coldness.

It seems, looking at a four.

Then, he glanced at everyone who had cleared the level and spoke lightly.

"Congratulations on passing the first assessment world."

"The following is the second assessment world, and I will be responsible for the next assessment."

Everyone on the scene heard the subtext from the deacon's words.

In other words, among so many disciples who have entered the assessment, only those who have passed the first assessment world alive are now!

The middle-aged man turned around and walked forward with everyone.

Go around a cloud-shrouded fairy mountain and enter a cave.

When I walked to the end of the cave, my face suddenly opened up!
