

## Peerless 4901

### [Chapter 4901: The second level of assessment! The ancient starry sky!](#)

In front of me, it turned out to be a vast starry sky!

Can't see the end at a glance!

Obviously, this starry sky, in this mysterious space, forms a small world by itself.

Galaxy Sword School, such a big hand!

A small world like a shrinking universe!

As far as I can see, there is a vast starry sky!

Boundless!

The galaxy is shining!

The deep and gloomy sea of stars fell down, and the sky and the earth were only between the lines.

Too close, as if you could reach out to hold the stars!

Here, a small world of its own!

The Galaxy Sword Sect was able to grab a piece of galaxy, just for assessment.

Such a handwriting is really shocking.

However, the shock is more than that.

boom!

The ground where everyone was standing began to shake.

The earth began to shatter!

"deacon!"

Someone exclaimed and looked forward.

Above the boundless earth, a huge boulder suddenly rises from the ground!

The source of the shaking of the earth and the mountains is from the boulders!

Chen Feng's bottom plate was as steady as the ground, and he fixed his eyes on the boulders.

It was pitch black, and there were countless little bits of light on it.

Like endless stars, inlaid on it!

More importantly, it is filled with extremely powerful forces.

"This is no ordinary stone!"

"This is... a meteorite from the depths of the galaxy!"

Coming through the years, each piece is tens of meters long!

Chen Feng keenly discovered that these meteorites had been manipulated!

They are quite wide!

It's like paving roads.

Wow--

Under the attention of everyone, those long and narrow meteorites rose into the air one by one.

The meteorite flew up and rushed to the stars!

The nearest piece, ten meters above the ground, seemed to be embedded in the void.

The second block is ten meters apart.

The third block is the same.

Every ten meters, there is a meteorite.

So, step by step.

Directly to the stars!

Not long after, a vast and endless starry sky trail suddenly appeared in front of everyone.

Thousands of huge meteorites are just an ancient ladder.

"This is your second level-Star Road."

The middle-aged deacon turned around and looked at everyone.

Then, he began to introduce the second level.

"The Starry Sky Road is composed of three thousand meteorites."

"There is no magic circle inside."

With that said, he turned over and handed out a black stone to everyone.

But the size of a fist, but it is extremely heavy.

Chen Feng reached out to catch the flying star core.

As soon as I started, I felt a sink.

This thing weighs at least several billion catties!

Moreover, when he looked at the black stone, it felt very mysterious.

Because this black stone seems to exist, and it seems to be nothingness.

It clearly exists there, but it seems to be invisible and intangible.

When you reach out to touch it, there is always a little deviation.

Chen Feng quickly understood why.

Because this thing has great suction power!

Absorb power, absorb light!

Shrunk to a sharp condensate, and even began to collapse!

The deacon said indifferently: "This thing is the inner core of the stars!"

In the hearts of everyone, there was a fierce jump!

Star core!

"In the second level of assessment, the magic circle will increase the holding of the star core in your hands."

"Your assessment task this time is to hold the core of the stars and board this ancient starry sky road."

"Every step forward, the inner core of the stars increases by 100 million catties!"

When the deacon said this, everyone's heart sank.

They are already aware.

The pressure released by the inner core of the stars is even more difficult than the previous gravity array.

Three thousand!

Increase step by step!

Just standing still and motionless, the physical body will be tired.

Too hard!

But it's not over yet!

The middle-aged deacon glanced around and continued to speak.

"The above rules only apply to the first two thousand stone steps."

Everyone was shocked and terrified.

It's already so difficult!

What else?

"If you can go to the last thousand steps, the effect of the circle is actually not that great for you."

"So, when the time comes, the inner core of the star will turn into a truly vast star."

"The pressure is incalculable!"

Hearing this, everyone took a breath.

In other words, for the last thousand steps, the examiner needs to carry the real star on his back!

This is almost impossible!

The middle-aged deacon glanced around and was very satisfied with everyone's response.

He did not hurry up and continued.

"Don't be too busy thinking about the last thousand levels. Some of you can finish the first thousand levels, and this assessment is considered excellent."

Someone asked repeatedly.

"My deacon, please be more detailed."

People around responded repeatedly.

The middle-aged deacon was very satisfied, and said.

"There are a total of three thousand steps, you can reach five hundred, you are qualified!"

"A thousand grade is excellent."

"One thousand and five hundred, top class!"

After that, there is no need for him to continue.

Because the record of the Galaxy Sword Sect is two thousand!

For a long time, most of the examiners were defeated at around level 1,000.

Those who can reach level 1,500 are only one hand.

"Well, it's time for you to hit the road."

When the middle-aged deacon finished speaking, he stepped aside.

Jiang Yunxi looked at Chen Feng.

With microwaves in her eyes, she turned back and forth, looking forward to flying.

Lightly open Zhu's mouth, flattering.

"Master Chen, it's better to go with you, okay?"

Chen Feng turned his head.

Not waiting for him to respond, not far away, a spiteful look came.

Then, a negative test sound sounded.

"Chen Feng, dare to compare with me?"

The speaker was Chu Qianzhong.

This son of Chu is a dragon and a phoenix from the negative.

After meeting Jiang Yunxi, she was desperate and pursued desperately.

As a result, Jiang Yunxi didn't say anything.

However, Jiang Yunxi, who was frosty in front of him, was extraordinarily charming and charming in front of Chen Feng, and even took the initiative to invite.

Seeing Jiang Yunxi looking at Chen Feng, letting go of her cold posture, revealing the appearance of her little daughter.

He was furious!

My heart is full of resentment, I can't wait to kill Chen Feng!

He strode to Chen Feng.

"The eighteen levels of the first level, we don't meet each other, who knows what means you used."

"Now, everyone is going together, on the ancient starry sky together!"

"Chen Feng, you dare to compare with me!"

Chu Qianzhong didn't think that Chen Feng was better than him.

Even at the peak of Nine Star Martial Emperor, there was an absolute gap compared with the Star Soul Martial God Realm.

And he is the second floor of the Star Soul Divine Martial Realm!

Among all the people who participated in the assessment at the scene, only Qi Zhuoyang, Ji Xingyuan, Si Konghao and Jiang Yunxi were able to reach this level.

And in the second floor of the Star Soul Martial God Realm, Chu Qianzhong was also the one with the strongest combat effectiveness!

He has enough proud capital.

What the Galaxy Sword Sect wants is a genius like him.

At the peak of Jiuxing Wudi, if you don't use the means, it is absolutely impossible to beat them!

How can he be willing!

"Count me too!"

Ji Xingyuan came out.

"Chen Feng, dignified and positive, there is a kind of trick!"

[Chapter 4902: Easily](#)

Ji Xingyuan sneered:

"Who knows what methods the Tianshu Sword Sect used to pass the barrier for you, the only disciple."

The words are very vicious.

Alluding to Tianshu Jianzong, cheating this time.

Chen Feng glanced at him, his eyes cold.

Noisy!

He also asked for a showdown with Chen Feng!

Seeing this, Qi Zhuoyang also appeared.

After the three, there were also followers to keep up.

None of the people who come to participate in the assessment is not a genius.

The Star Soul Martial God Realm is like a cabbage, grabbing a lot.

And Chen Feng was just the peak of Emperor Nine Star Wudi.

With Chu Qianzhong and others, they also identified Chen Feng and used despicable means!

They are also convinced.

They want to pick up the plane and step on Chen Feng.

Facing everyone's doubts, Chen Feng didn't bother to bother at all.

A bunch of frogs at the bottom of the well!

He looked at Jiang Yunxi, glanced at Si Konghao again, smiled and said, "You two, let's go together?"

Jiang Yunxi was full of joy and nodded fiercely.

Sikonghao also laughed heartily: "It is my honor to be able to walk with you Chen Feng!"

After that, he turned his head and glanced at Chu Qianzhong and the others, snorted coldly, and said with disdain: "You know what a shit!"

He saw with his own eyes how terrifying Chen Feng was.

Chen Feng smiled leisurely and stepped out!

The first one, set foot on this ancient starry sky!

A blush appeared on Jiang Yunxi's face, her posture swayed, gently following.

Sikonghao laughed and followed suit.

During the whole process, Chu Qianzhong and others were completely ignored.

Chu Qianzhong and the others looked ugly and angry.

The three men shot murderously and chased them up.

The examiners climbed the first step one after another.

Faintly, they began to compete with each other.

Chen Feng held the core of the stars and walked on the ancient path of the starry sky, as if walking on the ground.

Step by step, step up.

His complexion was as usual, and he walked ten meters, one step at a time.

Even, he still has spare capacity to chat with Si Konghao and Jiang Yunxi for a while.

After ten breaths, those who set foot on the ancient path of the starry sky seemed to have a distinction of strength.

The strongest flesh is the fastest, rushing forward.

Those who are slightly weaker, slower and slower.

Moreover, it is getting harder!

It is not that easy to increase the pressure of 100 million catties in one step!

Jiang Yunxi closely followed Chen Feng's side, walking in the forefront.

For some reason, ever since she set foot on the ancient starry sky, she only felt blood surging, even more so.

It seems that the blood is nourished by the blood of the man next to him, and it is slowly strengthening!

Even with it, even the physical strength has also increased.

"Just by his side, it's hard to imagine, if..."

Somehow, Jiang Yunxi had such a thought in her mind.

She flushed suddenly and took a sip.

"Jiang Yunxi, what do you think? So shameless!"

Chen Feng, still looking as usual, effortlessly.

Qi Zhuoyang, Chu Qianzhong, and Ji Xingyuan have similar speeds.

Two steps behind Chen Feng.

Too frustrated!

He clearly tried his best to get past Chen Feng and his group.

But every time it's worse!

Only two steps away, Jiang Yunxi's closeness to Chen Feng is even more visible!

In a blink of an eye, they have reached five hundred steps.

Suddenly, the last person in the team stopped!

"what--"

That man's neck veins burst out, and he has reached the limit!

However, this person is also quite cruel and hard, and he just has to stand up and take a step forward!

He roared, gritted his teeth and tried his best!

Finally, take a step!

But, the moment his feet landed on the 501st step!

His body can no longer bear it!

With a bang, the inner core of the stars was severely suppressed!

Directly crush them into a blood mist!

No bones left!

In the same place, only his martial soul remained, wandering blankly.

Seems to be looking for his own master.

Then, it slowly dissipated.

Everyone had an unspeakable taste in their hearts for an instant.

Some uncomfortable, some sad.

I feel the extreme coldness!

This is the assessment of the Galaxy Sword Sect.

Severe, cruel, no room for change!

Either retire!

Or, die!

But despite this lesson learned, I still want to try again.

There is no simple person who can get to this point!

Bang bang bang!

The disciples who were crushed into blood mist kept appearing!

Some exploded and died.

Some were even worse, the Wuhun was crushed.

Finally, many people are full of regret and dare not move forward.

And those who can reach level 500 or above are all relieved.

After all, it was passed this level.

When it reached the thousand steps, there were only six people in the front on the Starry Sky Road.

Suddenly, Jiang Yunxi stopped at the thousandth step.

She looked at Chen Feng, but she still spoke despite the dismay in her eyes.

Softly said: "Thank you, Master Chen, for walking along."

"Yun Xi is here, I wish Young Master Chen bravely ascend to the highest and be the best."

She knew that she was almost reaching the limit.

Going up is fine.

But the price is severely injured or crushed to death, which is very worthless.

She has a special bloodline and must be valued by the senior management, and the future is bright.

There is no reason to compete here.

At this time, Chu Qianzhong and the three also caught up.

They finally caught up with Chen Feng!

Qi Zhuoyang and others showed a little smile on their faces.

When they got here, they were already sweating profusely and trembling all over.

Almost unbearable!

But at least surpassed Chen Feng!

The three of them looked at each other, and even Jiang Yunxi couldn't pay attention to it, and challenged the first thousand and one level!

The three roared in a winning streak, extremely difficult, their tired foreheads violently throbbed, and their muscles were trembling.

Even a few bones were cracked.

Finally, stepped onto the first thousand and one level!

The three of them shouted in excitement, turned around, demonstrating, and looked at Chen Feng.

Chen Feng shook his head, as if looking at three fools.

Chen Feng and Si Konghao were still at the thousandth step.

He could detect that Jiang Yunxi still had more energy.

The blood in Jiang Yunxi's body was surging, and so did he.

However, Chen Feng still couldn't feel what it was.

However, since she chose to stop, Chen Feng didn't ask much.

"In that case, then Chen will leave."

Chen Feng looked at Si Konghao again.

"how are you?"

At this moment, Si Konghao was also boiling.

The firm and firm body, like cast of copper and iron, is already sweating at this moment.

The clothes are all wet.

But there is still more power!

Si Konghao looked at Chen Feng.

He suddenly noticed that Chen Feng looked the same as when he stepped onto the first step!

Refreshing and clean, without a trace of effort.

Si Konghao's heart suddenly felt shock and fear.

This Chen Feng's body is too terrifying!

Seeing Chen Feng look over, Si Konghao closed his mind and said.

"I can accompany a few more steps."

I have to admit that he is also approaching his limit.

"Good! Then continue."

After speaking, Chen Feng stepped onto the 100th step.

Connect two steps.

In an instant, Qi, Chu and Ji, who had just surpassed him, were left behind again.

[Chapter 4903: Are you disappointed?](#)

And he never gave the three of them even one look from beginning to end!

Completely ignored!

The ultimate contempt!

Si Konghao gritted his teeth and followed suit.

Looking at the figure ahead, Qi Zhuoyang was angry.

"Chen Feng! You are deceiving too much!"

His muscles and bones are making loud noises!

Anger is most intuitively reflected in the flesh.

He still has more power!

And then on!

Take a step forward.

In an instant, the pressure increased by 100 million catties!

Qi Zhuoyang's meridians protruded, and the meteorite standing above the starry sky also shuddered!

His back was bent by the magic circle of the inner core of the stars!

But, can hold it!

Qi Zhuoyang did the same, as did Ji Xingyuan and Chu Qianzhong.

All three have advanced to the previous level.

One thousand and two!

Can hold it!

However, it is reaching the limit.

"drink!"

Qi Zhuoyang let out a low growl, and once again challenged the steps ahead.

He gritted his teeth!

The upper body clothes were almost burst open.

Exposed the strong flesh inside!

Roaring inwardly, Qi Zhuoyang stared at the steps ahead.

His feet moved hard.

on!

Come on!

boom!

Qi Zhuoyang, go to the next level!

Ji Xingyuan and Chu Qianzhong were behind him, too late to congratulate him.

Because, in order to stay on the first thousand and second steps, they already need to exhaust all their energy!

Once distracted, you will fall down at any time!

The same is true for Qi Zhuoyang.

Successfully stepped onto the first thousand and third steps, already made him crouch.

It seems that there are ten thousand feet of mountains suppressed.

Too late for joy.

He desperately realized that his limit might be like this.

There was a crackling sound in the neck.

The whole body's bones made a creaking sound!

Qi Zhuoyang looked forward with difficulty.

Si Konghao, shake one step at a time!

Obviously, it's almost reaching the limit!

And Chen Feng is still at ease!

He even stopped for a while and turned around and took a look.

Chen Feng seemed to be waiting for Si Konghao, deliberately controlling his speed.

However, it is still drifting away.

This action caused Qi Zhuoyang to collapse directly!

"What is he doing?"

"What is Chen Feng doing?"

"Chen Feng is still waiting for Sikonghao! He still has enough energy to wait for someone?"

"It seems that he stops when he wants to stop, and leaves when he wants to go!"

"And me! But why! So difficult!"

Ah ah ah ah ah!

Qi Zhuoyang let out a stern roar!

He hates it!

Hatred!

Why, why he can only look at the backs of Chen Feng and Si Konghao.

Qi Zhuoyang stared at the thousand and fourth steps ten meters away.

He is not reconciled!

Chu Qianzhong and Ji Xingyuan noticed.

The complexion changed.

However, with a trace of jealousy.

Because the two of them didn't even have the extra power to climb the 103rd step.

Qi Zhuoyang is blood red!

He wants to go to the next level!

At a distance of just ten meters, it seems to be far away at the moment.

Qi Zhuoyang roared in his heart.

Come on!

However, his feet are hard to lift!

puff!

He tried his best, and the left foot that he wanted to take was bloody.

Qi Zhuoyang hates it!

The limit has come.

Try again for these ten meters, and the result will be the same as the first person who failed.

The body is destroyed!

Looking back at the farther and farther back again.

Qi Zhuoyang was angry and frightened!

"Why can his body be so terrifying!"

The unwilling and angry eyes finally turned into jealousy.

Also, spiteful!

At the level of one thousand and fifty, Si Konghao stopped.

He can't support it anymore!

After Chen Feng bid farewell to him, continue to move up!

One person, aloof forward!

At this point, in the entire ancient starry sky road, only Chen Feng is still climbing up!

One thousand and two hundred!

One thousand three hundred!

Fifteen hundred!

As soon as we stepped onto the 1500th step, the sudden change occurred!

At this moment, Chen Feng suddenly felt that in the void, there was a burst of murderous aura of extreme ferocity!

Toward yourself, attack fiercely!

In an instant, Chen Feng's heart jumped fiercely!

"There is a murderous attack in the formation!"

"How could this be?"

But the next moment, Chen Feng thought that there is only one possibility:

Someone is controlling the magic circle and launching a sneak attack on him!

In the galaxy hall.

Many elders were stunned to see this scene!

"Chen Feng, turned out to be number one again!"

"This Chen Feng is too bad, right?"

"The first level of assessment is the first, but this level is still the first?"

"His body is incredible!"

In the hall, many elders were shocked again by Chen Feng's performance!

Many people have complicated faces.

There are several other supervising elders of the sword sect.

"Getting Chen Feng, a talent against the sky, is it possible that Tianshu Sword Sect is really going to rise?"

"He has 1,500 steps now. Is he going to hit the number of 2,000 steps?"

An elder suddenly said in amazement!

Suddenly, there was no sound in the hall.

Everyone suddenly thought of the legend of Heaven Defying in that sect!

"Could it be that Chen Feng can compare to that person?"

The star elder who had quietly left before and returned quietly, had an icy color in his eyes!

next moment!

He put his right hand in his sleeve and flicked it slightly.

Suddenly, a small purple ball of light fell into the light curtain.

When everyone saw this dark purple ball of light, their hearts suddenly jumped!

"Elder Feng is cruel enough to start!"

"Yeah! This Soul Splitting Thunder was actually used!"

"This thunder strikes, I'm afraid, then Chen Feng will lose his soul!"

The dark purple ball is a treasure of the Galaxy Sword Sect, named Soul Splitting Thunder!

As long as it enters the light curtain, it can quickly turn into a soul-splitting thunder!

At this time, Chen Feng received the dual suppression of the star core and the magic circle.

When confronted with this soul-splitting sky thunder, there is no doubt that he will die!

In the hall, everyone's eyes fell on the star elder.

However, no one spoke.

I didn't see it all!

Elder Yue Xinlan hadn't returned to the temple, and everyone was tacitly aware that they belonged to the same camp at this moment.

Squeeze Tianshu Sword Sect!

Starry sky trail.

Shocked!

Above the head, a giant sky thunder fell fiercely!

The Soul Splitting Thunder is as thick as a bucket and contains the most tyrannical lightning power!

This is not an ordinary mortal thunder and lightning, but the power of the sect, picked from the void of the universe: Nine Heavens God Thunder!

There is an inexplicable great power!

Thunder fell down!

Very fast!

Everyone exclaimed in shock!

Different faces!

Chen Feng is now struggling to resist the suppression of the magic circle and the inner core of the stars, can he stop this sky thunder?

Jiang Yunxi's complexion changed drastically, and with a low drink, he rushed directly!

Qi Zhuoyang and the others were full of joy, shouting in excitement, and laughing!

Si Konghao was very carefree, not at all concerned.

Just laughed: "Is this rare to live with Chen Feng?"

At this moment, in the eyes of most people, Chen Feng is facing a dead end!

However, Chen Feng just smiled coldly!

[Chapter 4904: Today's record! I still have to break it!](#)

Suddenly straightened his body, staring at the sky thunder, let out a low growl.

Not afraid, instead, directly greeted him!

Do not retreat but advance!

The Great Witch's Blood Pool is surging!

The body of the Witch Clan completed further changes in an instant.

Suddenly the great witch \*\*\*\* body!

boom!

The Soul Splitting Thunder hit Chen Feng head-on.

The entire ancient starry sky road was shaking.

Chu, Qi, and Ji looked forward and were about to exclaim in surprise.

The next second, the smile condensed on his face.

The violent thunder drifting around slowly dissipated.

That tall and majestic figure is extremely strong, full of dark gold, a very bright figure!

Still, stand proudly!

Chen Feng, not dead!

and!

Unscathed!

Chen Feng turned around, looked at Qi Zhuoyang and others, and smiled slightly: "Is it disappointed?"

Then, coldly raised his head and glanced at the sky!

A loud roar: "You guys, are you disappointed?"

Haha laughed wildly!

In the hall, in an instant, there was no sound!

Someone exclaimed in a low voice.

"how is this possible!"

"This son, can't you die?"

Everyone is horrified!

The eyes gathered in the light curtain.

What shocked them even more was Chen Feng's face at this time!

Looking through the light curtain, looking at them coldly!

Full of pride! unyielding! anger!

Even provocative!

Obviously, he didn't pay attention to these elders at all!

"Bold!"

Many elders roared!

They feel that their dignity has been offended!

The next moment, Chen Feng speeds up and moves forward!

"Someone is calculating me!"

"Someone doesn't want me to move on!"

"Then, I'm not as you intended!"

His eyes burst, moving towards the end of the ancient starry sky!

The speed is even faster than before!

Without dozens of breaths, Chen Feng stepped onto the 2,000th step!

Panic in the starry sky hall!

"It's about to break two thousand steps!"

"This is going to break the record!"

Record breaking!

how is this possible!

What kind of powerful body is this!

What kind of existence against the sky is this?

Chen Feng was full of enthusiasm.

At this moment, the inner core of the stars has changed.

He could feel his flesh under heavy pressure, making a crackling noise.

The next step is to break the sect record!

Qi Zhuoyang and others, such as funeral concubine.

Jiang Yunxi was full of surprises.

Si Konghao laughed loudly: "If I can be with you Chen Feng, I can brag for a lifetime!"

In the hall, the atmosphere was extremely depressing.

Elder Sun of Tianquan Sword Sect said lightly: "If this son breaks the record! Tianshu Sword Sect will turn over!"

In the words, there is indescribable coldness!

Kaiyang Jianzong Elder Zhao's eyes flashed and he slowly got up.

Then, he turned around, just please drink tea.

But, don't look at the light curtain again.

What's more, I couldn't see the every move of the elders who were responsible for controlling the circle.

Elder Sun of the Sword Sect of Heavenly Power smiled slightly and turned around.

The supervising elders of Heavenly Jade Sword Sect and Heavenly Jade Sword Sect were taken aback.

Then, it was clear to heart.

With a low smile, he turned around as well.

The elders of the stars saw this scene clearly.

Looking at each other, their eyes are a little weird.

Implying to this level, if the elders of the stars still don't understand what it means, it's really a waste of years!

Several elders looked at each other, and all saw a trace of fierceness in each other's eyes!

"Never, let Chen Feng break the record!"

"Never allow the waste of a Tianshu Sword Sect to break the record!"

If Chen Feng broke the record, he would be famous.

Everyone will know that Tianshu Sword Sect is very likely to rise.

Before, they had repeatedly spoken harshly to Tianshu Sword Sect.

Even before, Chen Feng has been calculated.

If Tianshu Jianzong turns over, they will all be unlucky!

It just so happened that Yue Xinlan was not there now.

No one knows everything they do!

What's more, the supervisory elders of the other major sword sects are all clearly standing on their side.

Several star elders had a decision instantly!

Everyone's eyes fell on a tall and thin man.

This person is named Feng endless.

He and Tianshu Jianzong have the deepest grudges.

It is said that his elder brother died at the hands of a disciple of the Tianshu Sword Sect in the sect.

Therefore, in these years, he has made the most difficulties for Tianshu Jianzong.

The hatred is the deepest, almost incompatible.

Before that, he went out and replaced the deacon in charge of the assessment.

Feng Wuxi smiled grinningly: "This matter, come down and do it!"

Slowly stepped forward, extending his right hand.

In an instant, a force entered the light curtain.

The second level, the assessment of the world, was shocked!

Looking at the 201st step in front of him, Chen Feng smiled slightly.

Going here, indeed, the pressure has become greater.

But that's all!

There is still a long distance from his limit.

The record of the Galaxy Sword School, he Chen Feng, broke today!

Lift your foot!

He reached the 200th step!

"The assessment is over!"

In the hall, Feng Buping stared at Chen Feng in the light curtain, and smiled sternly.

A palm fell down!

The voice echoed in the galaxy hall.

At the same time, it also reached the ancient starry sky.

Resound throughout the assessment world.

When Jiang Yunxi and Si Konghao heard loud voices, they both showed unexpected expressions.

Chen Feng is about to break the record.

Suddenly announced the end at this time, clearly intentional!

Qi Zhuoyang, Chu Qianzhong, and Ji Xingyuan are the opposite.

The hearts of the three people hung down instantly.

Fortunately!

Good luck announced the end.

Otherwise, if Chen Feng really broke the record.

What face do they have!

Foremost.

Chen Feng fell to the foot of the two thousand and one step and stepped empty.

The meteorite of the previous order fell suddenly.

All the pressure suddenly disappeared.

His face is very cold.

First came a blatant sneak attack.

Now it is blatantly announced the end of the assessment in advance!

Tianshu Sword Sect, is it so weak!

Bullying me Chen Feng, is bullying to such an extent!

Chen Feng is extremely angry!

Chen Feng suddenly raised his head and looked at the stars.

Everyone in the hall was shocked.

Chen Feng's icy gaze directly met each of them.

In an instant, let their hearts jump fiercely.

At the same time, a thought came up: This child's eyes are so terrible!

Obviously only a nine-star Wudi.

How can you have such a terrifying momentum!

Then, Chen Feng smiled slightly: "To enter this record, I have to break it!"

next moment!

Chen Feng suddenly roared!

"Get me back!"

An extremely terrifying aura suddenly surging across the body!

Then, with the crazy surge of blood in the body!

Both hands were actually grabbed down!

The meteorite steps that were falling down unexpectedly came alive and were caught up.

Reappeared in front of Chen Feng!

Chen Feng laughed wildly!

Go forward, step out!

His feet, after all, stepped on that step!

Well, above the 201st step!

[Chapter 4905: recording! broken](#)

Chen Feng!

The record is broken!

In an instant, the entire array was shocked!

Jiang Yunxi laughed happily.

Si Konghao nodded slowly.

Qi Zhuoyang and others were dumbfounded, and then their faces were full of frustration.

Chen Feng looked up to the sky and laughed, his eyes filled with contempt!

"You tried your best to stop me! Can you stop it?"

"You want to stop the record breaking? Can you stop it?"

The sound was rolling, resounding through the ancient starry sky, resounding across the entire array, and at the same time, resounding in the hall!

In the hall, all the elders can hear clearly!

Silent!

A dead silence!

The needle falls!

Chen Feng, too arrogant, right?

Too crazy, right?

He, this is openly provoking all the elders!

In the hall, the whole person is stupid!

Just murmured: "Impossible, impossible!"

"How could something go wrong?"

Several supervisory elders were shocked, and their faces became more and more ugly!

Kaiyang Jianzong Elder Zhao spoke slowly:

"Elder Feng, this son is not only powerful, but also fierce."

He snorted coldly:

"To deal with this class of people, some extraordinary means can be used."

Feng endlessly listened, and he was taken aback.

Then, there was a thoughtful look in his eyes.

"Extraordinary means, mean?"

Elder Sun of the Heavenly Sword Sect also has a cold face:

"Here, if you let go like this, I'm afraid you will become the next Xu Tianhe!"

Xu Tianhe!

As soon as these three words were spoken, everyone in the hall was breathing stagnant!

Take a breath!

This name, in the Galaxy Sword Sect, is a taboo!

In other words, Elder Sun of the Sword Sect of Heaven, with a high position, dare to speak out unscrupulously!

At this time, after saying these three words.

Everyone is aware of one thing: Elder Sun, is going to let Chen Feng die!

They looked at the other two overseeing elders.

In this hall, the five supervisory elders have the highest status.

The elders of the stars who implemented the specific implementation were second, and the deacons who ran errands were second.

How to do it requires several supervisory elders to decide.

In addition, the supervising elders of Heavenly Jade Sword Sect and Heavenly Sword Sect looked at each other, and both slowly nodded.

Unanimously said: "Elder Sun and the elder of the horse are looking ahead!"

These supervisory elders are also extremely resolute and resolute in their actions.

Once I found myself unable to deal with Chen Feng with normal means, there was no hesitation.

He immediately spoke out to deal with Chen Feng!

If you say, just now, they still veiled their support to deal with Chen Feng.

Now, I just ended up on my own.

No face!

However, they obviously will not do it themselves.

Feng endless won their support, and his heart was even more stable.

However, there was some hesitation in his eyes.

To deal with Chen Feng, there should always be an excuse! From the beginning!

Chen Feng was the top pick in an upright manner, and everyone was in full view. How to deal with him?

Many elders are also meditating.

It is not so easy to deal with Chen Feng!

Suddenly, Elder Sun, who had been frowning and staring at the light curtain, stood up suddenly!

He let out a low cry of disbelief: "How is it possible? How is it possible!"

Everyone was stunned.

What happened? Can Elder Sun, who has always been calm, be so gloomy?

Elder Sun stared firmly into the light curtain, seeming to be sure of something.

The next moment, it was a big laugh!

"I found it! I found the flaw!"

"That's it!"

Everyone was horrified.

Elder Sun beckoned, Feng endless walked to him, Elder Sun whispered a few words.

Feng endless was surprised at first, and then ecstatic.

Nodding again and again, brows flying.

Then, quietly out of the hall.

boom!

With Chen Feng's roar, it gradually dissipated.

The meteorites that make up the starry sky trail fell gradually.

Those meteorites sank into nothingness again.

Waiting for the opening of the next assessment.

Everyone, with these meteorite stairs, returned to the ground.

Chen Feng was the last one to return to the ground.

At this moment, he has already withdrawn from the great witch \*\*\*\* body.

When he landed, the starry sky above his head suddenly disappeared.

Instead, the familiar huge cliffs linger in the air.

They are back in the assessment world!

Everyone looked at Chen Feng without the slightest scorn.

Everyone realizes how terrifying this person is!

Completely crush everyone!

It broke the record, and stepped onto the 201st step!

The middle-aged deacon stood far away.

He looked at Chen Feng with no expression on his face, but it seemed that a certain emotion was fleeting.

Everyone approached, waiting for something.

However, after a while, they were all surprised.

"So yet to announce the results?"

It stands to reason that the assessment is over and the results should now be announced.

But for some reason, he still did not speak.

However, most people do not care.

Although it failed to break the record of the Galaxy Sword Sect.

But the assessment results are obvious to all.

Cannot reverse black and white.

Chen Feng, deservedly the first person!

"Congratulations, Master Chen."

Jiang Yunxi bends her beautiful eyes, looking forward to flying.

Sikonghao second!

Now he is convinced of Chen Feng.

Although I don't know why it was suddenly announced, the assessment is over.

However, he could tell.

It is not that Chen Feng is unable to break the record.

Someone is stopping him!

Most importantly, I haven't been able to stop it yet!

To judge Chen Feng's limit with Sikonghao's ability.

He has no bottom at all.

Perhaps, after Chen Feng broke the record, he could even walk the entire ancient starry sky trail.

Three thousand steps!

"My respect! It's a pity for this assessment."

"But you are still the first person in this assessment, you deserve it!"

Sikonghao speaks out of righteousness and fearlessness.

Qi Zhuoyang and others stood on the side.

They looked at Chen Feng with extremely ugly expressions.

My heart is even more jealous.

Sikonghao's phrase "deservedly the first person" was like a slap.

Slap them \*\*\*\* their faces.

Before them, all kinds of bragging.

But compared to Chen Feng, what is it?

Look at Jiang Yunxi's gaze again, always turning to Chen Feng!

Chen Feng is very strong!

At this moment, no matter what, they all admitted it.

Perhaps the power of ninety-nine-eighty-one stars that were rumored before is true.

His talent is too terrifying to imagine.

If let him enter the Galaxy Sword Sect smoothly and become an official disciple.

Over time, the achievements are limitless!

"How about that!"

Qi Zhuoyang, Ji Xingyuan, and Chu Qianzhong looked at Chen Feng with bitterness in their eyes.

Between them and Chen Feng, there is already an antagonism.

With the arrogance of the three, it is impossible to bow down to Chen Feng and kneel for mercy!

If you let Chen Feng become an official disciple of the Galaxy Sword Sect.

The three of them didn't think that with Chen Feng's disposition, after his strength soared in the future, he would be generous and let them go.

Of course, this is their mind.

In fact, Chen Feng didn't care about them at all.

Ignore directly!

"Chen Feng, it's not you who died, or I died!"

[Chapter 4906: You have no fairy roots!](#)

In that case...

In the hearts of the three of them, they had some calculations.

Chen Feng stood in place.

He felt that there were a few malicious breaths aimed at him.

Chu Qianzhong, Qi Zhuoyang, and Ji Xingyuan didn't even mention it.

There is another...

It was from that middle-aged deacon!

The results of the Star Road have not been announced for a long time.

Finally, someone noticed.

The newly replaced deacon looked at Chen Feng with an unpleasant expression on his face.

Chen Feng sneered, his heart suddenly understood.

Above the starry sky and the ancient road, under the eyes of everyone, someone controlled the formation to deal with him.

This has been done.

Any more shameless operations, he won't be surprised.

Because, who is not against him Chen Feng.

Rather, Tianshu Sword Sect!

He Chen Feng is a person valued by Tianshu Jianzong!

This is the fundamental reason why the elders and deacons made various tricks.

The entire Galaxy Sword Sect is crowding out the Tianshu Sword Sect!

Since you can't rely on the disciples appointed by the major sword sects, you can just kill them.

Then I have to do whatever it takes!

Chen Feng smiled coldly.

"You just don't want me to enter the Galaxy Sword Sect, do you?"

"But it's a pity, if you can't get in, you don't count it!"

"I said it!"

"I still have to go in and hit you in the face!"

"I really want to see your disappointed expressions when the time comes!"

Presumably, it will be wonderful.

However, although the deacon did not announce the result, he still had nothing to do with Chen Feng.

Can only be dragged there.

And obviously, he was waiting for news from someone.

The restlessness of many disciples and others was particularly dissatisfied, and some people had already begun to irritate loudly.

The deacon also saw sweat on his forehead and was very nervous.

I even cursed secretly in my heart: "What the \*\*\*\* is Fengchang doing? Let Lao Tzu wait here?"

"Is it just dragging? No results announced? What a trifle!"

"If you want to deal with Chen Feng, think of a suitable reason! Isn't it that I was punished by the sect for being so dragged?"

This deacon, named Qiu Ruhai, is a close faithful.

But at this moment, I was also complaining.

Zongmen attaches great importance to the assessment of newcomers.

He can hold off for a while, and if he is discovered after a long time, then he is afraid that catastrophe is imminent.

Just when the drum noise of many disciples could not be suppressed.

Suddenly, a figure suddenly appeared.

It is closed endlessly.

Seeing him coming, Qiu Ruhai was overjoyed, hurriedly greeted him, and whispered:

"My lord... what do you say?"

Feng endlessly glanced at Qiu Ruhai, then suddenly smiled triumphantly and ordered a few words in a low voice.

After listening, Qiu Ruhai was also ecstatic.

"My lord, don't worry, call me!"

Feng Chang nodded, and was beside him, holding his arms with an expression of watching the show.

Facing the crowd, Qiu Ruhai said in a deep voice: "Everyone, my name is Qiu Ruhai, and I am the deacon who judges your second pass."

"Now, announce the results!"

Everyone was in an uproar!

It's finally announced!

"but!"

Qiu Ruhai sneered and said, "Before the results are announced, I have to say one thing!"

He stared at Chen Feng suddenly: "You are Chen Feng."

Chen Feng's face was as usual.

"Yes."

Can't wait any longer?

OK!

Just come!

Qiu Ruhai laughed wildly: "If I'm not mistaken! You don't have a fairy root?"

Although, the test of Xianlinggen needs to test Xianshi.

However, as long as the cultivation base is high enough, it can still be seen.

This cultivation base is not closed!

Qiu Ruhai did not!

However, Elder Sun has!

He actually saw that Chen Feng had no fairy roots!

So, instant ecstasy!

There is even a plan to deal with Chen Feng!

Attack from the fairy roots!

As soon as this statement came out, everyone was in an uproar!

"What? Chen Feng doesn't even have fairy roots?"

"There is no fairy root? That's a waste!"

"Without the faerie roots, the power of the stars cannot be turned into the power of the faeries, without the power of the most basic faeries, where is the fighting power?"

"Yes, how are you still practicing? Where can you be considered a cultivator?"

There are also doubts.

"Isn't it possible? Without the fairy roots, how could Chen Feng be so strong?"

Someone sneered: "If you are not sure, how can Deacon Qiu talk nonsense?"

Everyone's eyes fell on Chen Feng.

Chen Feng stood in place.

He did not move.

He has no fairy roots, as Zhongli Yaoqin had tested it before.

Now Qiu Ruhai is suddenly in trouble.

In fact, it was not unexpected by Chen Feng.

Everyone is watching Chen Feng.

Or sneer, or calm.

Chen Feng nodded slowly: "It's not true."

moment!

The awe in everyone's eyes disappeared!

Instead, there is a complex expression.

There are regrets, luck, and gloat.

More, it is contempt and disdain!

Without fairy roots, there is no future!

Without the fairy roots, the power of the stars cannot be transformed into the most powerful fairy power of the cultivator!

Well, the future combat effectiveness is quite low!

You know, in this world, monks practice!

Of course, there are four main roads: immortals, Buddhas, gods and demons, and the other side!

Of course, four roads, all open to the sky!

However, the most mainstream, universally recognized, and even the only way for most people is: Xiuxian Avenue!

And the foundation of cultivating immortals is the fairy root!

Without fairy roots, everything is empty talk.

Unless Chen Feng is in other areas, has extremely high talent!

For example, it is the body refiner of the gods and demons!

A few people had this idea in their hearts, and some immediately shook their heads and removed this idea directly.

"But how is it possible?"

How rare are gods and demons?

Among the monks, there is no one in a million.

How could Chen Feng be?

Seeing the sudden change in front of him, Si Konghao also folded his hands on his chest and frowned.

"There is no fairy root? How could it be possible."

"If there is no fairy root, there can be such a terrifying strength."

"Chen Feng, is it really just a casual repair?"

Although Si Konghao was wild and domineering, his thoughts were actually very delicate.

People like him are used to being alone and don't like to learn from Chu Qianzhong and others.

Only the weak will hold together!

He Sikonghao, never disdains the weak.

Next to Si Konghao stood Jiang Yunxi.

At this time, Jiang Yunxi's face was full of worry.

The power of blood in the body was surging.

She is the last person who wants to see Chen Feng make things difficult.

Qiu Ruhai stood still in front of Chen Feng.

He lowered his eyes slightly, posing a downward attitude.

Arrogant and disdain!

He spoke again.

"You have no fairy roots."

This time, that Qiu Ruhai used a flat tone.

The tone became colder.

"Without fairy roots, everything is no good."

"Without fairy roots, it's just a waste!"

"All results will be void."

He waved his hand impatiently: "Go away."

Hearing what Qiu Ruhai said, some people were full of regret.

And some are ecstatic!

The three of Chu Qianzhong did not expect that Chen Feng had no fairy roots!

[Chapter 4907: Me Chen Feng! Why! No entry!](#)

Man is the vegetation, and the spirit of the fairy is the earth.

For vegetation to grow, it needs to draw strength from the earth.

Only those with fairy roots can communicate the spirit of the fairy.

Without fairy roots, future development will be limited.

This is also the reason why the Galaxy Sword School set the conditions.

Galaxy Sword Sect, only geniuses!

Chen Feng, without the fairy roots, he cannot enter the Galaxy Sword Sect!

Hearing Qiu Ruhai wave his hand, Chen Feng left.

The three of Chu Qianzhong almost laughed out loud.

Really has eyes!

What a reversal this is!

Regardless of how powerful Chen Feng's physical body is!

Without fairy roots, it is waste!

Chu Qianzhong didn't have doubts in their hearts.

There is no fairy root but still such strength.

how did you do that?

Could it be that Chen Feng is still a \*\*\*\*\* and demon body refiner?

But, like everyone else, this idea just flashed through their minds.

how is this possible?

"I know."

Ji Xingyuan said suddenly.

He looked at Chu Qianzhong, Qi Zhuoyang and others.

"He should have cultivated some kind of physical training method, and has been exercising his physical body with all his strength from the beginning."

"So, his cultivation is only nine-star Wudi."

"But the physical body is extremely strong."

Ji Xingyuan sneered again and again.

"He probably wanted to use this method to make opportunities."

Chu Qianzhong also understood.

"Master Ji makes sense."

"It's a pity that the Galaxy Sword School pays attention to the flesh, but not only the flesh and blood."

"If you want to be opportunistic, you can enter the Galaxy Sword Sect with your physical strength."

"wishful thinking!"

The three of them laughed, thinking that they had untied the last fig leaf of Chen Feng.

The previous humiliation on the ancient starry sky road was swept away.

Compared with the monks who only refine their bodies, their physical bodies are somewhat inadequate, which is understandable.

But they have fairy roots!

They will all enter the Galaxy Sword Sect smoothly.

And Chen Feng, no way!

As long as they enter the Galaxy Sword Sect and become official disciples, they want to kill a casual cultivator.

Isn't that something easy to come by?

Thinking of this, they looked at Chen Feng even more unscrupulously.

Chen Feng at this moment, in their eyes.

Already a dead person.

No matter how Chen Feng performed now, it was just a struggle before his death.

not far away.

Chen Feng's face was calm.

He stands with his hand, neither humble nor overbearing.

Sideways, looking at Qiu Ruhai.

"I, Chen Feng, really don't have fairy roots!"

"However, among those who are assessed, I am the strongest."

"so what?"

Qiu Ruhai sneered at his words.

"The current strength is just a stepping stone to entering the Galaxy Sword Sect."

Chen Feng's voice was calm and powerful:

"The Galaxy Sword Sect has set up heavy assessments with the purpose of selecting geniuses."

"I don't have fairy roots, and I am the first person here with the peak of Nine Star Wudi."

"With my achievements, isn't it a genius!"

Chen Feng said more and more loudly.

"The four elephants lock the sky thunder formation, I drove through with my own strength. Unscathed!"

"Step on the 201st step, the Galaxy Sword Sect. Who can compare to the present?"

"The old starry sky road just now, who is preventing me from completing these three thousand steps!"

"I, Chen Feng, why can't I enter the Galaxy Sword Sect?"

When this remark came out, everyone was in an uproar.

What a big tone!

But there is no way to refute!

The law of operation of the Sixiang Suotian Thunder array is clear to everyone present.

Chu Qianzhong and others even saw with their own eyes the scene of Si Konghao rushing through the Sixiang Suotian Thunder formation alone.

Thousands of thunder and lightning gathered together!

How terrible!

Stronger than Si Konghao, after passing through the formation, he also vomited blood.

Blood was gushing all over, and there were more broken tendons and fractures.

There were also many places where the flesh was scorched.

Just a breath away from death!

And Chen Feng is even above Sikonghao!

He was unscathed!

How strong is that physical body.

What kind of refining technique is it?

Can actually temper the body to this point!

After everyone digested this information, they thought about everything that happened on the ancient starry sky road.

They suddenly felt that it was not that difficult to understand.

Chen Feng's physical strength is to sling everyone from afar!

If this kind of body is against the sky, it can't far surpass everyone on the ancient path of stars.

That's weird!

However, these words did not touch Qiu Ruhai.

He only looked at Chen Feng coldly.

"so what?"

Chen Feng was extremely angry.

I knew someone was deliberately calculating myself, and now I don't have a face!

"Sect Master Tianshu Sword Sect, previously promised me that he only needs to pass the first two assessments."

"Even if it's not the fairy root, I can still enter the Galaxy Sword Sect."

Hearing the words "Tianshu Jianzong", his face was cold.

Qiu Ruhai sneered.

"Who promised you what to do with me?"

Chen Feng said coldly: "I want to see Sect Master Tianshu Sword Sect!"

"It's useless to see anyone!"

Qiu Ruhai pointed to the ground under his feet and said proudly:

"Here, I have the final say!"

Very arrogant!

Chen Feng sneered: "You are nothing but a deacon of the Galaxy Sword Sect, not even an elder, so you dare to dominate in front of me."

Qiu Ruhai was furious, his eyes flashed with murderous intent instantly!

The endless seal next to him also flashed his eyes.

Then, it was a joy in my heart.

"I wanted to drive him out first, and then find a chance to kill him!"

"Unexpectedly, this kid was so strong-tempered that he ran into him on his own initiative!"

"Alright, then I will take care of you now!"

Qiu Ruhai stared at Chen Feng, saying, "Do you know, who are you talking to?"

Chu Qianzhong and the others were ecstatic.

"This is a good opportunity!"

Several people walked up immediately.

"Chen Feng, Deacon Qiu plays an important role in the Galaxy Sword Sect. Who do you think you are?"

"Dare to talk to Deacon Qiu like this, you are looking for death!"

"You trash, you shouldn't have come to participate in the assessment at all!"

"Yes, Lord Deacon just kicked you out. You don't know how grateful you are, but you dare to argue?"

Ji Xingyuan, Chu Qianzhong, and Qi Zhuoyang all spoke righteously.

In their mouths, it became Chen Feng's fault!

Chen Feng looked at them coldly, as if looking at a row of dead people.

These flies are very noisy!

Seeing that he returned this posture, Chu Qianzhong wanted to put him to death immediately.

He looked at Qiu Ruhai and said:

"Master Qiu, this person not only offended you, but also offended the rules of the Galaxy Sword School."

Qiu Ruhai looked at him and smiled faintly.

This son is really interesting.

He glanced at Chen Feng jokingly, feeling like playing with other people's fate at will.

Then, looking at Chu Qianzhong, he smiled and said, "Then you said, according to the rules, how to deal with it?"

Chu Qianzhong finally tried to see it poorly, and Yin Yin uttered four words:

"Chen Feng!"

"Kill!"

Chu Qianzhong shouted, and immediately, Ji Xingyuan and others responded one after another!

"Chen Feng, it's time to kill!"

"This son is unruly and rebellious. If he doesn't get rid of it today, he will inevitably threaten the Galaxy Sword Sect in the future!"

All of them looked indignant.

[Chapter 4908: Those who are dissatisfied, come out for a fight!](#)

In fact, everyone knows what ideas you make!

Even, I can't wait to see Chen Feng's tragic end!

Chen Feng looked at them jumping up and down, only to feel ridiculous in his heart.

Such as watching a few jumping clowns.

Chen Feng spoke lazily.

"Chu Qianzhong, among so many people, you have the most nonsense."

After that, he raised his hand.

Completely ignore Qiu Ruhai in front of him.

Chen Feng raised his hand and slapped Chu Qianzhong's face!

At the moment when Chen Feng raised his hand, Chu Qianzhong felt a very bad premonition.

At this level of cultivation, everyone can have an early warning.

Chu Qianzhong made a decisive decision and raised his cultivation base to the extreme.

Tight!

The breath of the second floor of the Star Soul Martial God Realm exudes!

In an instant, he was relieved.

joke!

"A mere nine-star martial emperor, dare to attack me?"

"Want to slap me?"

Thoughts just started.

The next moment, Chu Qianzhong felt a slap on his face.

Extremely precise.

Snapped!

Chu Qianzhong let out a scream, and the whole person was slapped by the slap.

Smashed \*\*\*\* the ground far away.

The crisp slap in the face shook the hearts of everyone at the scene.

Everyone was stunned.

Chen Feng has no fairy roots.

Chen Feng, only the realm of Nine Star Wudi peak.

Chen Feng, the power of nine, nine and eighty-one stars in the legend has not come out.

That's how Chen Feng could slap Chu Qianzhong's face with a palm!

Everyone can see it clearly.

Chen Feng seemed to be an understatement and effortlessly.

And Chu Qianzhong, Tsk had already reacted immediately.

However, Chen Feng shot faster!

It looks like a casual palm, but in fact it is inevitable!

What a strength against the sky!

Qi Zhuoyang stared at Chen Feng with a gloomy eye.

He coldly shouted: "Chen Feng, Chu Qianzhong is the official disciple of the Tianji Sword Sect, and the future is unlimited."

"And you, just a casual repair, dare to beat him?"

"You really do not live or die."

He looked at Qiu Ruhai again: "Master Deacon, this son should be killed! Please also Master Deacon!"

Ji Xingyuan and others all agreed.

However, they are all hiding behind Qiu Ruhai.

For fear, I slapped it.

Chen Feng looked at Chu Qianzhong rolling in the distance and sneered:

"Is Chu Qianzhong's future limitless?"

He turned his head again and looked at those who agreed.

With a cold smile: "If you mix with a bunch of trash like you, what future can there be?"

These people, in Chen Feng's eyes, are just a group of ants!

Everyone was angry when he said this.

Chen Feng, so bold!

This is too poisonous.

Chen Feng smiled: "What? Say you are rubbish? Is there a problem?"

He let out a low growl: "Unacceptable! Come out and fight me!"

moment!

Silent!

These people who were jumping up and down just now, standing there, no one dared to speak!

Everyone knew that he was definitely not Chen Feng's opponent!

At this moment, the result is like Chu Qianzhong.

Even Chu Qianzhong was slapped like this.

Are they asking for trouble?

Chen Feng laughed!

A huge sense of humiliation fills these people's hearts.

They felt that they were simply stepped on their face by Chen Feng, stepping their face into the mud!

The humiliation is extreme.

But by the way, I couldn't say a word!

"Hahahaha!"

Suddenly, someone burst out laughing.

Everyone glared.

But at the moment when he saw the laughing person, he dared not speak.

He laughed so proudly.

It's not Sikonghao, who else can it be?

Si Konghao strode to Chen Feng's side, smiling extremely happy.

"Chen Feng, I respect you as a man!"

"You really told Lao Tzu's heart."

He never hides his words.

The voice is great again.

Everyone heard it clearly.

Si Konghao is extremely arrogant!

Everyone's sullen eyes turned to him.

Si Konghao ignored them and glared back.

"What do you look at? Is that wrong!"

"True strong, never need to hold a group."

"You, don't even have the qualifications to be my subordinate."

Chen Feng didn't expect that at this time, there would be someone who would stand up to help him.

Seeing Sikonghao's aggressive and fierce appearance, he couldn't help feeling a little funny.

However, his evaluation of Si Konghao was another point higher.

but.....

"Brother Sikong, you are really obsessed with closing things."

He couldn't help laughing.

The two first saw the fifth level.

At that time, Si Konghao, the first thing he saw him was to accept him as his subordinate.

It seems that this man did not deliberately targeted at the fifth level.

He really wanted to take a man.

Thinking about it now, Chen Feng was relieved long ago.

Tianshu Sword Sect is weak, this is an indisputable fact.

Sikonghao said so and promised to bring him into the Galaxy Sword Sect.

If you changed someone else, maybe you would still be grateful for his mercy.

It's just that he met Chen Feng.

Sikonghao was taken aback, then laughed.

He scratched his hair, looking a little embarrassed.

"Too many trivial matters, I really find it troublesome."

Chen Feng patted him on the shoulder.

Si Konghao, he appreciates.

"Sikonghao, after this matter, I will ask you to drink with you."

However, the trouble has not yet been resolved.

Chen Feng put away his expression and looked at Qiu Ruhai in front of him.

"According to the rules of the sect, you will not be in charge of measuring the fairy roots."

"I'll just ask you, do you still announce the result of the Star Road?"

"The third level of the second assessment, you still can't start!"

Qiu Ruhai sneered.

Never let Chen Feng become an official disciple!

Not to mention anything else.

If it is true that Zhongli Yaoqin will take this child into the Tianshu Sword Sect.

Then he will become an official disciple.

As we all know, formal disciples cannot be killed!

To kill, you can only take advantage of it now!

Kill now, he just needs to bear some guilt.

After all, this is just an ordinary casual cultivator with a slightly stronger body.

Like Chu Qianzhong and others, he believed that Chen Feng was just an ordinary casual cultivator who focused on cultivating the flesh.

And those guilt, he can fully bear.

After all, behind his back is endless.

Even the Four Great Sword Sects!

I just whispered to him endlessly.

Mentioned some decisions in the Galaxy Hall.

The instructions given to him by Feng Duxie are not just the meaning of Feng Duxie own.

It is also the meaning of Elder Sun.

Yue Xinlan left.

The supervisory elders of the other four sword sects agreed.

kill!

This son must never stay!

The next moment, Qiu Ruhai's aura suddenly changed!

The vigorous breath was overwhelmingly suppressed!

Everyone exclaimed!

"This, this turned out to be the breath of the ninth floor of the Star Soul Martial God Realm!"

"My God, I'm just a deacon, and my strength is so terrifying!"

Qiu Ruhai's cold voice echoed in the void:

"Chen Feng is stubborn. Deliberately messing up the assessment and provoking the responsible deacon."

"Despise the Galaxy Sword Sect, extremely arrogant!"

[Chapter 4909: I want to challenge! Xiao Zhou Tianzhu Excalibur!](#)

"Since you don't want to go, then don't go!"

After all, his eyes burst out, and murderous aura overflowed crazily.

Raise your hand!

Suddenly, a force that was terrifying to the extreme, suddenly pressed towards Chen Feng!

At this moment, everyone was shocked!

They felt that at this moment, the entire sky seemed to fall down!

Star Soul Martial God Realm Ninth Building Powerhouse!

Just one blow, the horror is here!

too frightening!

They all felt so, let alone Chen Feng who was at the center of the attack!

Chen Feng instantly felt that his body would be destroyed by the sound in the next moment!

The body of the Witch!

Great witch \*\*\*\* body!

Eucharist of the Great Witch!

Unstoppable!

It's all useless!

The realm gap is too big!

It's a total of ten realms!

Seeing that, in the next instant, Chen Feng will be destroyed!

But he did not panic.

A moment of life and death!

Chen Feng's figure flashed, and he rushed towards a certain place!

"Boy, where to escape!"

Qiu Ruhai sneered again and again.

He has the final say in the whole evaluation world.

The surrounding area has long been besieged by law circles.

Chen Feng, there is nowhere to escape!

He is dead!

Chen Feng repeatedly changed positions.

He suddenly turned around, also sneered.

"Who said I want to escape!"

The next moment, he actually appeared before Xiao Zhou Tianzhu's Excalibur!

In Chen Feng's calm expression, a faint cold light flashed.

As early as when Qiu Ruhai appeared, Chen Feng knew that there would be this scene.

It's not normal to replace the deacon who was assessed for no reason.

Chen Feng thought of a lot at the time.

Later, when he saw Qiu Ruhai's eyes looking at him, he was even more sure of this.

This Qiu Ruhai was specifically aimed at him.

In that case, you have to think of a way out!

There is a magic circle around it, Chen Feng has long known it.

He can't escape.

The opponent is also a master of the ninth floor of the Star Soul Martial God Realm.

Directly head on, he will undoubtedly die.

In the end, Chen Feng thought of the last way.

This is his only retreat!

Xiao Zhou Tianzhu Excalibur!

Earlier, when Xu Jun brought him to the assessment, he saw this small Zhou Tianzhu Divine Sword Formation.

At that time, his heart moved.

Demon body refiner!

After Xu Jun introduced, Chen Feng instantly confirmed his future Dao: The Avenue of Gods and Demons!

He wants to become a \*\*\*\*\* and demon body refiner!

This is a brighter road than Xiuxian Avenue!

Of course, if you can have both, naturally better!

But now, in the absence of Faerie Roots.

The Avenue of Gods and Demons is his best way!

He will definitely challenge Xiao Zhou Tianzhu's Excalibur!

Right now, it is the best time!

Xiao Zhou Tianzhu's Excalibur Formation is suspended above his head!

In an instant.

Qiu Ruhaiyin will kill him!

One point delay, one more variable!

Chen Feng spoke first before Qiu Ruhai came.

He yelled.

"I want to challenge Xiao Zhou Tianzhu Divine Sword Formation!"

The sound shook the void.

On the floating mountain, the fairy fog was shaken a lot.

Qiu Ruhai stopped the offensive.

What did he hear?

Chen Feng, actually want to challenge Xiao Zhou Tianzhu's Excalibur Formation?

Did he hear me right?

All reactions are the same as him.

Qi Qi was stunned.

Even Jiang Yunxi did not expect that Chen Feng would suddenly make such a request.

For a time, the power of the blood in her body became more surging.

His face blushed again.

Chen Feng in the distance is tall and stalwart like a god!

"Master Chen..."

She couldn't help but whispered Chen Feng's name softly in her heart.

After a brief silence.

The entire floating mountain burst into a ridiculous laughter.

It's ridiculous!

Chen Feng actually wants to challenge Xiao Zhou Tianzhu Excalibur!

Hahahahaha...

On the entire floating mountain, only Si Konghao frowned and Jiang Yunxi was worried and moved.

Apart from that, everyone else was laughing.

"Chen Feng, Chen Feng, you're afraid it's not a bad brain."

"As soon as Da Qiu started his hands, this kid was scared crazy."

Chu Qianzhong also got up from the ground.

He wants to kill Chen Feng immediately than anyone!

However, he did not expect Chen Feng to find his own way.

Just rely on him?

A mere nine-star Wudi?

Is it worth it?

How many formal disciples of the Galaxy Sword Sect were all turned into blood mist under this little Zhou Tianzhu Divine Sword Formation.

He has a hideous face: "Challenge Xiao Zhou Tianzhu Divine Sword Formation, who do you think you are?"

Qiu Ruhai was also laughing.

At this moment, Chen Feng was dead in his eyes.

Challenge Xiao Zhou Tianzhu Excalibur?

For thousands of years, no one has succeeded.

Chen Feng was driven to a dead end by him.

Facing yourself is a dead end!

Facing Xiao Zhou Tianzhu's Excalibur Formation, it was even more deadly!

At this moment, Qiu Ruhai was quite proud.

"The Galaxy Sword Sect really encourages everyone to challenge this big array."

"But to challenge, one must also be qualified."

He walked to Chen Feng, ready to kill.

"Chen Feng, only if he has a trace of the blood of the gods and devil in his body is eligible to challenge."

"do you have it?"

The last three words are filled with vitality.

Yinlang pressed directly towards Chen Feng.

In Qiu Ruhai's view, Chen Feng's move was merely delaying time.

Jumping clown.

Do some final struggles before you die.

"Just think about it. Enter the sword formation, you don't even have a whole body."

"Now kneel down and beg for mercy and knock me three beeps, maybe I can leave you a whole body."

Chen Feng didn't even look at him.

His face was as usual and he swept around.

Turn around, look up, and look at the sword formation.

Those who laughed at him smiled more happily when he saw his serious appearance.

"Pretend to look alike."

"Unfortunately, I can't get in at all. Hahaha..."

"Everything is dead, but I chose the stupidest one."

"What a genius with ninety-nine and eighty-one powers of stars, it turns out that it is such a thing."

Behind him, there were all kinds of laughter.

However, Chen Feng has all been left behind.

He stared at the sword formation.

Above the head, in the sky.

Thousands of Excalibur with thunder and lightning, straddling, murderous!

It seems that a star can be shredded!

Chen Feng slowly raised his head!

His eyes were full of excitement and expectation!

If you can successfully get out of this sword formation.

Are you afraid of the hands and feet of Qiu Ruhai?

Therefore, when Qiu Ruhai started to attack.

Do not.

Even earlier.

When he was on the old starry sky road and resisted the soul-splitting sky thunder frontally.

At that time, he designed it!

Above the sky.

Thousands of divine swords trembled slightly in the sword formation.

Chen Feng roared again: "I, Chen Feng, want to challenge Xiao Zhou Tianzhu's Excalibur!"

The voice just fell!

Suddenly, a red light flashed from the sword formation.

Enveloping Chen Feng.

Inside Chen Feng, the Great Witch's Blood Pool suddenly boiled!

The laughter and mockery behind him seemed to be far away.

Everything in his body seemed to be far away from him.

At this moment, Chen Feng felt that he was in a trance.

As if in the void of the universe!

Chen Feng could clearly feel that somewhere in his body, there was a force that seemed to be awakening quietly!

[Chapter 4910: Suspected blood of ancient gods and demons!](#)

This power!

Very mysterious, yet powerful!

far away.

Jiang Yunxi almost exclaimed.

Because at the same time, the blood in her body burned frantically!

She stared at the man who was shrouded in red light.

A huge voice came from the sword formation.

"Suspected of blood of ancient gods and demons, you can challenge!"

The sound was deafening, reverberating throughout the assessment world.

It seems to penetrate the light curtain, echoing throughout the galaxy hall.

In the broad assessment world, all ridicule and scolding ceased abruptly.

The huge voice from the sword array echoed throughout the space.

Continuously spreading, shaking away countless clouds and mist.

This is a floating mountain surrounded by immortals.

It's rare to show his true colors at this moment.

The boulders are rugged.

Standing in the air.

However, these are no one's attention at the moment.

The echoes keep repeating.

"Suspected of blood of ancient gods and demons, you can challenge!"

The people looked at each other with the same expression on each other's faces.

At a loss.

Surprised.

Then, it is!

Shocked!

Then, it is!

fear!

If not everyone reacts the same, they might think they have auditory hallucinations.

The loud and reverberating voice, in the end, seemed to come from all directions!

The whole piece of floating mountains and seas echoed this sentence.

Remind everyone.

Chen Feng, suspected to have the blood of ancient gods and demons!

Chen Feng, who they just mocked, suspected to have the blood of ancient gods and demons!

Chu Qianzhong was all stupid.

Among the crowds behind them, some looked towards the person beside them.

"Tell me quickly, this is a dream."

However, the echo has not stopped, still reminding them.

This is real.

The smiles on Qi Zhuoyang and others' faces quickly faded!

Instead, there was unspeakable panic!

I can't believe it!

They are the top few of the examiners in the entire field.

Compared with other people, they understand the meaning of the blood of the ancient gods and demons better.

so horrible!

Too tough!

No wonder Chen Feng can leave them far behind on the ancient starry sky road.

Before, Qi Zhuoyang and others couldn't figure it out anyway.

Now they understand.

Chu Qianzhong staggered back.

He murmured to himself: "We thought he was just practising the physical exercises of the other side."

"Unexpectedly, it will really be..."

"God and Devil Bloodline!"

"He actually, really, has the blood of ancient gods and demons!"

Although, the voice from the sword formation only said it was suspicious.

But everyone knows!

If there is no evidence, the sword formation will never aimlessly!

Suspect, it is almost there!

Have the blood of ancient gods and demons, and are strong with simple body refining!

The two are far apart!

The latter has its limits.

The former has endless potential!

The future is limitless!

The Galaxy Sword Sect's rule is that as long as there is a trace of the blood of the gods and devil in the body, it is eligible to challenge the Xiao Zhoutian Divine Sword Array.

If so, treat this sign of the blood of the gods and demons as a drop of water.

It is a river with the blood of gods and demons!

With the blood of ancient gods and demons, it is an ocean!

Before Chen Feng, there were only one or two disciples who were barely qualified to challenge each year.

Only one or two!

And among the few challengers, nine out of ten are dead.

Especially tragic!

Because of this, in fact, several suzerains of the Galaxy Sword Sect had also discussed it not long ago.

They plan to increase the challenge qualification a little bit.

With just a trace of the blood of the gods and demons, those under the realm of Emperor Martial Star Soul couldn't even support a breath!

Just as Chen Feng saw when he came.

As soon as I entered, I was crushed by the endless sword!

Not even the whole body can be left behind, turning into a blood mist, and drifting away in the wind!

This loss is too great.

With a trace of the blood of the gods and demons, you can throw away a lot of other disciples.

In contrast, it doesn't matter whether you have a fairy root!

Because Xiuxian Avenue is not comparable to the Avenue of Gods and Demons!

This is what everyone knows!

At this moment, looking at Chen Feng, who was surrounded by red light, something came to mind in everyone.

God and Demon Refining!

Only those who have the blood of gods and demons are qualified to embark on the path of gods and demons.

Then, become a \*\*\*\* and demon body refiner!

Since Chen Feng already has the blood of the gods and demons, he must have half-footed on the path of the gods and demons.

No wonder the flesh is so terrifying!

Ji Xingyuan and Qi Zhuoyang also regretted it.

"Why provoke Chen Feng for no reason?"

"Why do you have to be ill with him over and over again?"

"it's good now."

They looked at each other.

In each other's eyes, they saw their only two paths.

Chen Feng is too powerful.

The stronger he is, the worse for them!

Now, the only way to protect himself is to force Chen Feng into the sword formation.

They can't make it happen.

But someone can.

The two quietly looked at Qiu Ruhai.

Qiu Ruhai stared at Chen Feng not far away, with murderous intent in his eyes!

At the moment the loud voice sounded, he regretted it.

Very strong regret!

He shouldn't provoke Chen Feng on his own initiative in order to keep on banning.

Originally, if he could get along well with him, in the future, after Chen Feng entered the Galaxy Sword Sect, he would also be able to follow the tide.

When the time comes, the endless ban will count as something.

The blood and flesh of the ancient gods and demons were metamorphosed to the extreme.

Qiu Ruhai knew better than anyone that this son would definitely become a body refiner of the gods and demons.

Even, may have already stepped on that road.

He regrets it!

Qiu Ruhai understood it very well.

Don't think he has the strength of the Ninth Floor of the Star Soul Martial God Realm, but he is almost reaching the upper limit.

But Chen Feng is different.

Chen Feng has the blood of ancient gods and demons, and the future is limitless.

He can definitely become one of the strongest people in the world!

Even, can live forever!

However, it was too late.

From the moment he promised to ban endlessly, everything was too late.

He has chosen the stupidest path.

Now, even if he had to go back, it was too late.

Qiu Ruhai's eyes sank.

By now, his mood calmed down unexpectedly.

Since it is too late.

Then, there is only one way to go to the dark!

It's done!

Now that he has been provoked, he can only kill him while Chen Feng has not yet grown up!

The sooner the better!

Otherwise, if Chen Feng really succeeds in the challenge, then his time of death will come.

He must die without a place to be buried!

Hum!

Above the high altitude, the Thousand Thousand Excalibur began to fly in a fixed direction with a mysterious array.

Sword formation, start to move!

Sword Qi is released outward.

Everyone can really feel what is the supreme sword intent!

Everything is wiped out wherever the magic sword reaches!

This is Xiao Zhou Tianzhu Divine Sword Array.

If the power is full, even the gods can be killed!

Now, this sword formation is ready.

Waiting for Chen Feng to challenge at any time.

"Challenger, start your challenge."
