

## Peerless 5041

### [Chapter 5041: My real goal is you!](#)

Like Chen Feng, he threw down the two corpses dragged in his hands and bent over with his fists.

A vicious smile flashed across Tang Weijun's eyes.

He didn't expect that Chen Feng and the three could actually subdue the people inside.

This is a good thug!

If it could be used by him, it would be a hundred times stronger than Tang Ruhe who was slapped to death by his palm before!

As for the invitation letter...

Tang Weijun sneered again and again.

Young people are still too naive, how could such precious objects be easily promised to an outsider.

"I have already felt the meaning of the effect."

"Three young talents, it's really fortunate for the Tang family to be owned by my Tang family this time!"

As he said, the insidiousness in Tang Weijun's eyes was confined, replaced by a smile on his face.

He stepped forward very politely, going to help Chen Feng.

Just when Tang Weijun was about to step over Yu Jianbai's body.

Chen Feng, who folded his fists, suddenly shouted.

"Do it!"

In an instant, the three corpses that had fallen on the ground suddenly exploded with a terrifying aura!

Where is there a half-weak look!

At almost the same moment, Chen Feng, Tiancun Beast Slave, Yu Jianbai, and Yu Jianbai's remaining two men all started together!

Long before he stepped into the cyan sword, Chen Feng knew that Tang Weijun could never be a decent person!

What promised them a blank invitation letter, Chen Feng didn't believe a word at all from the beginning.

The reason why he didn't expose, or delve into it, was just a trick.

Compared with Tang Weijun's unwarranted promise, Chen Feng is more willing to join forces with Yu Jianbai, who has interests.

It turned out that his real goal turned out to be!

Tang Weijun!

In an instant, in the empty pavilion, several powerful killing intents suddenly broke out!

The Tang family attendants on more than a dozen black flying boats around did not even react. Chen Feng had already given a fatal blow!

The silver-white light flashed by, causing Tang Weijun to subconsciously narrow his eyes.

At this moment, there seemed to be a sword and a shadow passing by.

Sword intent bursts!

Returning to his senses, Yu Jianbai's figure disappeared strangely.

His speed is even faster than Tang Weijun's reaction speed!

Got it!

Just after the first blow was successful, a huge purple-white lion head suddenly appeared behind Chen Feng.

It opened its mouth wide towards Tang Weijun.

Buddha's angry eyes and roaring power!

The rolling sound waves rushed over, almost seamlessly connecting Yu Jianbai's instant killing!

If it is on weekdays, Chen Feng's raging lion roar of the Buddha might not have any effect.

But Yu Jianbai's instant kill was ahead, and the timing was just right!

Roar!

Even the strong man in the eighth floor of the Star Soul Martial God Realm was blown head-on by this mental attack!

Suddenly, Tang Weijun's spiritual consciousness suddenly trance.

Only a short time!

However, this moment has already been considered a preemptive opportunity!

Tiancun Beast Slave and Yu Jianbai's two subordinates, three of them are all types of aggressive attacks.

The three attacked Tang Weijun from three positions at the same time.

boom!

The tall building, which had been turned into ruins, suddenly burst into loud noises.

A moment has passed.

At the moment when the trio of Tiancun Beast Slaves attacked, a supreme pressure burst out!

That is the coercion belonging to the eighth floor of the Star Soul Martial God Realm!

However, everyone was prepared.

After a short while, he immediately retreated, with the strongest defensive posture, resisting Tang Weijun's strongest pressure.

"You... are looking for death!"

At this moment, Tang Weijun's hair was messy, and his large black robe and sleeves were in tatters.

Looks very embarrassed!

He was careless!

And this negligence cost him no small price.

Now that they have torn their faces, there is no need to pretend to each other.

Tang Weijun stared at Chen Feng fiercely, the insidiousness in his eyes was very real.

"You are fine..."

At this moment, Chen Feng has a cold face and no longer pretends.

"Tang Erye, you don't really think that we would be so stupid to believe your empty words?"

"Our goal has always been an invitation letter."

At this moment, the attendants of the Tang family also reacted and rushed over.

The war is about to start!

Yu Jianbai's two subordinates, all of them are experts in the sixth floor of the Star Soul Martial God Realm.

The two of them worked almost effortlessly, screaming in the pavilion.

Chen Feng, Tiancun Beast Slave, and Yu Jianbai surrounded Tang Weijun.

However, Tang Weijun has only one goal at the moment!

That is Chen Feng!

He waved his broken long sleeves and directly summoned a blood-red ghost puppet!

This speed is much faster than Tang Rongsheng before!

The whole process is omitted directly!

Seeing Tang Weijun trying to force a drop of his own blood, Chen Feng's face changed drastically.

He looked at the two Tiancun Beast slaves and Yu Jianbai.

"No! Stop him!"

As the blood-red ghost puppet was summoned, the light in the attic suddenly dimmed.

The air suddenly filled with bleeding!

At the same time, along with it, there is a strong sense of killing!

If a blood-red ghost puppet in the seventh floor of the Star Soul Martial God Realm was actually dripped with blood and summoned successfully, the possibility of defeating Tang Weijun would be even more slim.

Chen Feng's previous design, even in conjunction with Yu Jianbai and others, tried so hard to attack Tang Weijun so that he was surprised and seriously injured!

Greatly weakened his strength!

This is their only chance!

Only in this way, with their group of people from the sixth and seventh floors of the Star Soul Martial God Realm, can it be possible to compete with a strong person at the peak of the eighth floor. [OBJ:OBJ]

Such a method seems a bit despicable, but it is the best way to deal with this kind of old thief!

Regardless of morality on the battlefield, survival is the truth!

Fortunately, even though Tang Weijun did not appear to be seriously injured at this moment, many details have revealed the truth.

How keen Chen Feng!

He could tell at a glance that Tang Weijun was just bracing him!

If not, he would not take out the blood-red ghost puppet in front of him now!

Their sneak attack indeed achieved the result of severely injuring Tang Weijun.

However, Tang Weijun's pretending to be fine at the moment is just scheming.

The purpose is just to confuse them, so that when they start, the subconscious will keep a hand, ready to escape at any time.

But how could Chen Feng make him wishful!

"Stop him!"

With Chen Feng's shout, Tianchou Beast Slave, Yu Jianbai and others rushed over!

[OBJ:OBJ:OBJ:OBJ] Chen Feng has no reservations.

Almost in an instant, a black and white long knife of several hundred meters appeared out of thin air in his hand.

While being born, while being dead!

The sword of life and death spews out frantically!

Too on the Heavenly Swordsman Formation!

Forty-nine sword intents wave at the same time!

kill!

The vast and majestic killing intent, surging surgingly, slashed towards Tang Weijun's drop of blood!

[Chapter 5042: Chen Feng's successor!](#)

boom!

Chen Feng's forty-nine sword intents were all intercepted by Tang Weijun's scarlet blood!

The continuous loud noise caused dust and debris to be shaken off the entire attic.

Taking this opportunity, Chen Feng shouted coldly.

"Second Master Tang, Second Master Tang, what kind of injury do you hide? We will do it ourselves, who do you think you can hide from?"

"This ghost puppet should be your hole card."

Hearing Chen Feng's words, Tang Weijun's expression changed.

"Shameless little thief! Looking for death!"

Tang Weijun is furious!

He madly released a powerful aura and went directly to Chen Feng!

However, Chen Feng was not afraid.

Holding a black and white long knife, a huge purple and white lion head flashed behind him.

Too on the Heavenly Swordsman Formation!

Buddha's angry eyes and roaring power!

At the same time!

At this moment, Chen Feng had already spelled out real fire.

Today, the powerhouse of the eighth floor of the Star Soul Martial God Realm must be taken no matter what!

He did not reserve, and the forty-nine life and death knives were in one accord.

Chop with one blow, like splitting the galaxy and falling stars!

Even the void is trembling and faintly distorted under this sword intent!

Even Tang Weijun's expression changed when he faced the knife added by the sound of rolling sound.

He waved his sleeves and shots again and again, with embarrassment in his behavior!

However, after all, he was a strong man in the eighth floor of the Star Soul Martial God Realm.

The offensive that the ordinary strong would not be able to survive was actually solved by him again and again.

Tang Weijun took a few steps back, panting violently, and sneered.

"I want to see, what other means do you have."

However, when he looked at Chen Feng, he met Chen Feng's firm gaze.

Suddenly, Tang Weijun's heart alarm rang!

Before he could react, a silver-white light flashed past!

It seemed to have experienced the shadow of a sword in a flash!

Hidden moves!

Tang Weijun's expression changed drastically.

Yes, there is Yu Jianbai's instant killing technique hidden in the black and white intertwined life and death sword intent!

From beginning to end, even Chen Feng did not clearly capture Yu Jianbai's whereabouts.

He seems to have a special magic weapon!

This is what Chen Feng said before!

Between the electric light and flint, the sound of metal collision filled my ears like a magic sound, resounding in this huge attic.

"court death!"

With a roar, Tang Weijun's breath changed suddenly!

Countless roaring ghosts burst out of him instantly!

Tang Weijun opened his mouth and let out a mouthful of blood.

The dark gray ghost turned red!

Just as Yu Jianbai rushed over, a dark red ghost puppet also opened its mouth toward Yu Jianbai!

Yu Jianbai's face changed drastically!

Almost in an instant, he seemed to have taken out another magic weapon.

But all this is so fast!

boom!

The dark red ghost puppets just gathered together and exploded on the spot!

As it burst, almost half of the attic was blown to pieces!

And Yu Jianbai appeared far away.

He was covered with blood and had a weak breath.

The head-to-head confrontation with the dark red ghost puppet, although not at the same time, was enough to make him burn out.

Seriously injured and dying!

But here, Tang Weijun stepped back several steps.

His face turned from red to white, and from white to red.

In the end, unable to hold back, he spit out a big mouthful of blood.

The depressed injury, and the ghost puppet that had just been summoned again after spending his essence and blood, consumed most of his strength!

At this moment, in the attic that was almost completely scrapped, everyone was in a panic.

Chen Feng looked almost exhausted.

In the ruins, silence was restored.

Tang Weijun paled, looking at them, but a strange smile appeared on his face.

His smile widened.

In the end, he even laughed directly.

"You have a good plan, but it's not that you forgot a little."

Tang Weijun stood there with a grey face, his hair was messed up, and the black Tang Jia black costume on him was even more ragged.

But he showed the gesture of a winner, reaching out and pointing at Chen Feng.

"You, I have exhausted my cultivation base."

"Now you, you can't beat any cat or dog."

With that, Tang Weijun waved his sleeve and pointed to the outside of the attic.

"And our Tang family, there are many masters guarding outside."

"Today's shame, someone in Tang will never forget!"

He stared at Chen Feng, with a cruel and bloodthirsty smile on his face, and the insidiousness in his eyes was even more brazen.

"You thought well before. From start to finish, I didn't plan to give you the invitation letter."

"But what can you do with me?"

Not far away, Chen Feng looked coldly at Tang Weijun's utterly free speech, and suddenly laughed.

Seeing his smile, Tang Weijun's heart suddenly twitched.

He now has a psychological shadow inadvertently about Chen Feng's smile.

Could it be that this kid has what he can do?

Tang Weijun thought desperately in his heart.

In my mind, there seemed to be a figure passing quickly.

At this time, Chen Feng's voice came.

"Second Master Tang, are you confused?"

"Just now, the two sixth-story buildings have rushed to wipe out the group of people outside."

Tang Weijun's face changed, but his face soon showed a complacent look.

"Look at it, just two sixth floors!"

While speaking, two of Yu Jianbai's men flew in.

Both of them were covered with countless hideous wounds.

The blood gurgled out.

The two are already seriously injured at the moment!

Half of the attic has collapsed, and the outside scene can be seen at a glance.

Originally, Tang Weijun had brought more than ten flying boats to the Tang family. At this moment, only two flying boats printed with the Tang family's pattern remained.

Inside the flying boat, there were only a few servants left.

Moreover, it looks quite embarrassed.

Although the opponents are both subordinates, Yu Jianbai's two subordinates are after all immortals from the top of the sky.

Even in the sixth floor of the same Star Soul Martial God Realm, these Tang family servants were still slightly inferior.

However, after all, outnumbered.

At present, it is the Tang family's subordinates that have the upper hand.

Seeing his own person, Tang Weijun laughed triumphantly.

"Did you see it!"

"Now, if you send anyone on these two flying boats, they can crush you!"

"It's too late to beg for mercy now!"

Tang Weijun smiled even a little crazy.

He stared at Chen Feng viciously, gritted his teeth, even extremely arrogant.

"Don't worry, kid, I won't kill you right now."

"I will take you back to Tang's house, and let you know the fate of offending me!"

What Tang Weijun wanted to see was Chen Feng's fear, annoyance, and regret.

However, he was destined to be disappointed.

Standing in front of Chen Feng, not only did not show the expressions he expected.

On the contrary, Chen Feng raised the corners of his lips, showing a smile that was not a smile!

The frantic laughter stopped abruptly.

Tang Weijun's smile at Chen Feng really has a psychological shadow.

This little beast clearly only had the third floor of the Star Soul Martial God Realm.

[Chapter 5043: In the game! In the count!](#)

However, it has the strength not weaker than the sixth floor of the Star Soul Martial God Realm.

Not only that, but his mental power is even more powerful and moving.

Moreover, these are not the deadliest.

The most deadly thing about the little beast is this crazy smile!

Every time I see him smiling like this, nothing good will happen!

Sure enough, Chen Feng spoke.

"Who told you that we have no one?"

Tang Weijun's face suddenly became earthy.

When Chen Feng said this sentence, the figure in his mind suddenly became clear.

There should have been someone next to the little beast!

Oops!

Realizing this, Tang Weijun's face changed drastically.

He released his divine consciousness again and again.

Everything happened so quickly, even if he didn't notice, a figure disappeared silently!

Obviously that person came out with him, but his sense of existence was extremely weak.

Following Chen Feng's words fell.

Even Yu Jianbai and others who fell on the ground were moved slightly in their hearts.

An unpleasant subconsciousness rose instantly.

"Do it!"

Chen Feng shouted violently!

The surging supreme coercion directly pressed everyone except Chen Feng and Tianchou Beast Slave to the ground.

Zhong Li Yuntian finally waited for the time to make his debut!

From the moment the crowd attacked Tang Weijun, he quietly retreated to the side, trying to restrain his breath.

The fighting was so fierce that even Yu Jianbai did not notice his presence.

And all this is for now!

Following Chen Feng's instructions, Zhong Li Yuntian tore off the black clothes on his body and rushed directly in one direction...

Tang Weijun's expression changed drastically, but when he saw the direction of Zhong Li Yuntian, he was stunned.

Because, in the direction that Zhong Li Yuntian killed, the goal was directed at Yu Jianbai!

Everything happened so fast!

Yu Jianbai's last hole cards were already exhausted when he resisted the dark red ghost puppet!

Just when Zhong Li Yuntian's breath broke out, he knew that not only Tang Weijun, but he was also designed together!

Although Yu Jianbai and his two subordinates looked exhausted at the moment.

Zhong Li Yuntian still did not underestimate the enemy!

The pressure broke out, and he didn't stop until the three of them were still breathing.

From the beginning, Chen Feng had already given instructions.

Don't kill people directly.

Keep it for him, there are other uses.

He dragged the three of them to Chen Feng.

Yu Jianbai looked up with difficulty and stared at Chen Feng fiercely.

However, he couldn't even say a word at this moment.

Chen Feng knew what he wanted to say, but this is the cruel reality!

There are only "friends" related to the interests. Once one party loses its value, the other party will not hesitate to turn back.

If it is him who is at a disadvantage now, I believe Yu Jianbai will react in the same way.

As a former "ally", Chen Feng said nothing.

In the space of repetitive reincarnation of heaven and earth, a blue light suddenly lit up.

Heaven and earth repeatedly reincarnated in heaven and earth, and made great achievements!

At this moment, everyone realized that Chen Feng was in a state of exhaustion!

He is stronger than he showed!

Hum!

Yu Jianbai and his two subordinates immediately felt trance.

With almost no difficulty, Chen Feng easily peeked into their inner world.

"So that's it..."

Chen Feng seemed to have something.

After he grasped the information he wanted from the hearts of the three of them, Chen Feng raised his sword and fell.

The black and white long knife is fleeting.

Too on the Heavenly Swordsman Formation!

After the killing intent, the three heads all fell to the ground.

Yu Jianbai's eyes remained violent, and he still couldn't catch his eyes in the end.

At this time, Zhong Li Yuntian had already solved all the masters on the two remaining flying boats of the Tang family!

Among the ruins, apart from the three of Chen Feng, only Tang Weijun was left!

At this moment, Tang Weijun finally realized how terrifying Chen Feng was.

In the game!

In the count!

Interlocked!

Everyone was played by him!

From Chen Feng's smile, Tang Weijun was almost certain that Chen Feng had already designed this situation as early as the beginning!

"Everyone has solved it, and now it's your turn."

Chen Feng walked towards Tang Weijun.

At this moment, Tang Weijun actually felt a sense of fear!

A strong man in the eighth floor of the Star Soul Martial God Realm was actually afraid of an ant in the third floor of the Star Soul Martial God Realm!

It's incredible!

But that's what happened.

Chen Feng stepped forward and directly sealed Tang Weijun.

"Big brother, don't you kill him?"

Tiancun Beast Slave asked puzzledly.

Chen Feng shook his head.

"This person is still useful to keep."

After Yu Jianbai's death, the huge cyan sword that ran across the attic became a thing of no one.

Chen Feng took Tang Weijun and asked Zhong Liyuntian to take Yu Jianbai's body.

The group re-entered the cyan sword.

Yu Jianbai was killed by Chen Feng, and his reincarnation jade medal naturally fell into Chen Feng's hands.

Chen Feng looked at it and was a little disappointed.

"It seems that it was too difficult for Yu Jianbai to deal with Tang Weijun before."

In the Jade Reincarnation Card, there were only some scrolls and pills left.

"Flying Smoke and Sudden Sky Scroll, Quick Air Escape Heaven Pill..."

All are expendable magic weapons that can only be used once.

Chen Feng was a little disappointed.

However, seeing these things, Chen Feng cracked Yu Jianbai's previous instant killing technique!

Yu Jianbai may indeed be more agile, but to reach a speed that even the strong of the eighth floor can't respond, he still takes the Jikong Escape Heaven Pill.

At the same time, after completing the instant kill, he took out the Feiyan Duankong scroll, which could travel directly through the space.

"wrong."

After reading these magic weapons, Chen Feng frowned.

From the side, Tianchou Beast Slave looked over.

"Big brother, what's wrong?"

Chen Feng recalled that when they first entered the blue sword, the aura of Yu Jianbai and his two men were completely hidden.

That must be some kind of magic weapon, pill.

Otherwise, it is absolutely impossible to hide Chen Feng's spiritual knowledge.

Chen Feng came directly to Yu Jianbai's body.

He knelt down and searched Yu Jianbai's body.

Suddenly, his attention was attracted by a black pill in Yu Jianbai's hand.

This is the last thing Yu Jianbai took out before he died.

Chen Feng was not polite, and directly dug the pill from Yu Jianbai's palm.

"what is this?"

Zhong Li Yuntian next to him looked over, his face suddenly changed.

"This is Nine-turn Gui Xi Dan!"

"Nine-turn Gui Xi Dan?"

Chen Feng motioned him to continue.

"Nine-turn Guixi Pill, as the name suggests, it can isolate the breath as long as it is taken."

[Chapter 5044: Plant another devil! Control Tang Weijun!](#)

"Even a master whose mental power is far stronger than you can't feel the slightest breath of you."

Speaking of this, even Zhong Li Yuntian couldn't help but show envy on his face.

"Unexpectedly, Yu Jianbai actually still has such rare pill."

"This is the treasure of escape!"

"Even on the top of the sky, I rarely see it!"

After hearing Zhong Li Yuntian's introduction, Chen Feng couldn't help smiling.

He grasped this nine-turn Gui Xi Dan.

"With this, my next plan will be more certain."

Upon hearing Chen Feng's words, Zhong Li Yuntian was shocked again.

He blurted out.

"Do you have a plan again?"

After saying this, Zhong Liyun Tian felt that he was a little gaffe.

Quickly touched his nose and smirked.

Chen Feng didn't care.

He lifted his chin in the direction of Tang Weijun, motioning Zhong Li Yuntian to look over.

"Otherwise, why do you think I didn't kill him directly?"

With that, Chen Feng looked at Tang Weijun's eyes, and it became more and more like looking at a baby.

"This is my biggest gain this time."

At this moment, Tang Weijun, although he was sealed in his cultivation, was still conscious.

As soon as Chen Feng's gaze came over, his back felt chills.

The cold sweat went straight down.

After Chen Feng counted all Yu Jianbai's treasures, he also found a blank invitation letter on his chest.

Chen Feng was not surprised to see this blank invitation letter.

But the beast slave and Zhong Li Yuntian beside him were a little dissatisfied.

"Didn't this guy grab three of them?"

Chen Feng said lightly.

"After all, the Tang family is one of the four big families in Duanmu Xiancheng, so it shouldn't be that stupid."

"Previously, it was said that Yu Jianbai had snatched three of them, which was a cover."

"In this way, people who hear the news, such as us, will turn all their attention to Yu Jianbai alone."

"The remaining two from the Tang family are relatively safe."

Although understandable, Chen Feng was a little disappointed.

However, he thought of this at the beginning, so he arranged the next plan early.

This blank invitation letter naturally belongs to Chen Feng first.

Even if Zhong Liyun Tianxin had objections, people had to bow their heads under the eaves.

Putting away the blank invitation letter, Chen Feng was still in a good mood.

He laughed and patted them on the shoulder.

"Don't worry, my next plan is actually prepared for your two invitation letters."

Hearing this, the Tianchou Beast Slave was not surprised.

He also laughed.

"Big brother, after all, I have been with you for so long, and there is no need to explain. I believe you."

Zhong Li Yuntian had to nod too.

Chen Feng smiled, suddenly lowered his head, and met Tang Weijun's gaze.

In the space of repetitive reincarnation of heaven and earth, in the third pitch black magic pupil on the far right, the wireless black light quickly condensed a fist-sized magic heart!

Chen Feng was just by surprise, ready to implant this demon heart into Tang Weijun's spiritual world.

At this moment, the sudden change!

Suddenly, Chen Feng only felt severe pain in his brain!

With his golden spiritual world, the golden spiritual power surged wildly.

There is a vague sign of collapse in his spiritual world!

Including the space of repetitive reincarnation of heaven and earth, they are all about to fall to pieces at this moment, almost torn apart!

Click!

Suddenly, a rift appeared above the three huge eyes!

Almost shattered!

In an instant, Chen Feng understood it!

It's a backlash!

His current strength is still too low!

Now Chen Feng can only plant devilish hearts on two people at the same time.

Moreover, he cannot be someone whose strength is much higher than him.

Tang Weijun in front of him is his upline.

The peak of the eighth floor of the Star Soul Martial God Realm!

This situation was completely unexpected by Chen Feng.

After learning this reason, Chen Feng couldn't help but smile.

In other words, if he wants to plant Tang Weijun with a devil, he must give up one of Peng Tiancheng and Zhong Li Yuntian.

So, there is actually only one choice left to Chen Feng.

Give up the demon heart in Peng Tiancheng's spiritual world.

Zhong Li Yuntian is stronger than Chen Feng. Although the relationship between the two is still OK, the relationship is still not stable enough.

Chen Feng will never allow risks!

However, if you want to give up, you cannot simply give up.

Chen Feng held back the sharp pain in his brain, and his heart moved.

His spiritual consciousness immediately saw the picture thousands of miles away.

Countless barren floating mountains undulate high and low, passing quickly under their feet.

That is Peng Tiancheng's perspective!

At this moment, Peng Tiancheng was surrounded by two other people.

They are on their way to intercept and kill a master.

Although Peng Tiancheng looked so vulnerable in front of Chen Feng, his strength was not inferior in front of others.

There were even faint signs of breakthrough.

Seeing this, Chen Feng raised the corners of his mouth, moved the devil's heart, and gave instructions in a cold voice.

"Three days later, come to Xiancheng Inn in Duanmu Xiancheng to find me."

After passing this instruction, Chen Feng quietly withdrew the demon heart rooted in Peng Tiancheng's spiritual world.

At this time, it was on the other side of Duanmu Xiancheng.

Several people, Peng Tiancheng, ran across the sky and ran away quickly.

They had just hunted down an immortal on the top of the sky, but accidentally alarmed the strong in Duanmu Immortal City.

At this time, he was running for his life in a hurry.

I saw him suddenly.

The companion looked at him puzzled.

"What happened?"

Peng Tiancheng was terrified, but could not say anything.

"I ask you, how far is Xiancheng Inn from here?"

The companion frowned, but still thought about it.

"It's about two or three days' schedule!"

"What's wrong? Are you going to Xiancheng Inn?"

Peng Tiancheng lowered his eyes and mumbled several times.

"Two or three days, two or three days..."

Before long, his eyes gradually became firm.

He looked at the people nearby.

"The plan has changed!"

...

It's just that Chen Feng has no knowledge of everything here.

Whether Peng Tiancheng will wait for him at the Xiancheng Inn on time, three days later, it will be clear.

The most important thing at this moment is to plant Tang Weijun's heart!

Just after he withdrew Peng Tiancheng's devilish heart, the pain in his mind immediately stopped.

In the golden spiritual world, the turbulence stopped, and the huge waves gradually subsided.

Under Chen Feng's conscious guidance, the three huge glasses in the space of the world's repeated reincarnation gradually repaired the cracks.

"It seems that after solving the Tang family's affairs, you have to find a way to quickly improve your strength."

Chen Feng thought to himself.

This time, he successfully planted the Devil Heart into Tang Weijun's spiritual world.

As soon as the Devil Heart took root in it, Chen Feng received all Tang Weijun's consciousness in his mind.

At the same time, he could easily detect Tang Weijun's memory!

#### [Chapter 5045: Someone is laying out!](#)

The corners of Chen Feng's mouth gradually bend upwards, revealing a satisfied smile.

Seeing his reaction, the beast slave next to him immediately realized that Chen Feng must have gained something.

"Big brother, how?"

Chen Feng retracted his consciousness and smiled and looked at the Tiancan Beast Slave and Zhong Li Yuntian standing in front of him.

"I found what I wanted."

Looking at Chen Feng's smile, Zhong Li Yuntian couldn't smile a little.

Because, watching Chen Feng peek into Tang Weijun's memory, he couldn't help but remember that he was controlled by others in this way.

Fortunately, they are still grasshoppers on a boat.

Thinking of this, Zhong Li Yuntian adjusted his emotions.

He looked at Chen Feng.

"Where are we going next?"

Upon hearing this question, Chen Feng curled his lips into a spirited spirit.

"Go to Tang's house!"

Chen Feng signaled the Tiancun Beast Slave to stand up Tang Weijun.

He looked at Zhongli Yuntian.

"You can put on the costumes of the Tang family attendants."

The group left the blue sword.

Chen Feng turned around and looked back at this huge cyan sword.

Yu Jianbai is dead.

The cyan big sword at this moment is nothing.

He stretched his hand forward.

boom!

The broken attic immediately dropped a lot of pieces and sand.

The cyan great sword that traversed the entire attic suddenly began to shrink.

In the end, it turned into a small cyan silver sword with a big palm, lying quietly in Chen Feng's palm.

Chen Feng's expression was slightly happy, but soon turned into a faint regret.

"Brother, why is this reaction?"

"Can't you use this top magic weapon?"

Tiancun Beast Slave looked over.

Chen Feng nodded, and included him in his jade card of reincarnation.

"It's still a hundred secrets."

"I didn't expect that the connection between it and Yu Jianbai was so deep."

Seeing Chen Feng's reaction, Zhong Li Yuntian quickly reacted.

"Yes!"

"This kind of top magic weapon, with Yu Jianbai's own strength, may not be able to fully control it."

"It should be someone with great power who helped him, and helped him imprint his spirit on this cyan flying sword."

Chen Feng nodded.

"indeed."

"So right now, after Yu Jianbai died, it was also affected."

"Not to mention that there is damage, and outsiders cannot manipulate it until the spiritual mark is found."

However, this is not a big deal.

When the words fell, Chen Feng casually grabbed a black flying boat from the Tang family that was fairly complete.

From Tang Weijun's memory, he has completely grasped the information of the Tang family.

The flying boat immediately turned around and flew quickly in the direction it came.

Along the way, Chen Feng briefly shared some information with Tianchou Beast Slave and Zhong Li Yuntian.

"I caught a glimpse from Yu Jianbai's mind that there were three blank invitations about the Tang family, which he bought from a mysterious person."

When it comes to this, Tiancun Beast Slave feels a little ashamed.

"Brother, since this matter is mentioned, I have to say a few words."

"As for the source of the news, I was negligent."

Chen Feng waved his hand.

"It's okay, it can be regarded as a crooked fight, right and wrong."

"Didn't we also get one now?"

"But I'm not just talking about this."

His face became serious.

"If you just bought the news that the Tang family had three invitation letters from the mysterious person, that would be nothing."

"At best, just as we did before, watch from afar and wait for the opportunity to act."

"But Yu Jianbai is different!"

"He also bought the storage location of the invitation letter and the Tang family's defense plan."

"He even bought how to cleverly crack the Tang family's protection circle!"

As soon as these words came out, the expressions of Tianchou Beast Slave and Zhong Li Yuntian changed.

As one of the four major families in Duanmu Xiancheng, the Tang family also practiced on the Avenue of Gods and Demons.

There will be an invitation letter, in fact, there is no need to find someone to buy the news.

The Duanmu family and the four major families never had a big grudge.

Which of these four families will not have?

Even the Heavenly Remnant Beast Slave realized that something was wrong at this moment.

He looked at the two with serious faces.

"This is incredible."

"I really got the news from Xiancheng Inn."

"But that person just told me that the Tang family had three blank invitation letters."

"As for the Tang family's defense plan, the specific storage location of the blank invitation letter, and even the cracking method, this belongs to the Tang family's secrets!"

Chen Feng nodded and said: "Not bad."

"Under normal circumstances, the exact news that can be inquired is nothing but the exact number of blank invitations."

Zhong Li Yuntian frowned, and the interface continued.

"And Yu Jianbai, from the mysterious person's hands, can even detail the Lenovo-based methods to crack the guardian array."

"Is this... possible?"

He looked at Chen Feng, sternly and confirmed again.

"Are you sure you read it right?"

Chen Feng is very sure.

Yu Jianbai was seriously injured and dying at the time, and was unable to resist.

His heaven and earth are reincarnated repeatedly, and it is impossible for anything to go wrong at this time.

"Then there is only one possibility right now."

The three exchanged glances.

From each other's eyes, everyone confirmed the only result.

"Someone is spreading news on purpose."

"It's just to lure people into the Tang family!"

Chen Feng nodded.

"It can only be so."

After speculating on this situation, the Tiancun Beast Slave couldn't help showing hesitation.

"Then eldest brother, we are still going to the Tang family now, isn't it just the way of that mysterious person?"

Chen Feng smiled brilliantly when he heard the words of the beast slave.

"Being act before you realize this, that's called the Tao of others."

"I will go to the Tang house after I realize it. This is called—"

"It will count."

Soon, the black flying boat of the Tang family smoothly entered the realm of the Tang family.

The Tang family is very big.

This is not the first time that Chen Feng and the three have come here.

Around a huge floating mountain, there are many small floating mountains used for sentry posts.

Tangjiafuyuan is located in the huge floating mountain in the center.

From a distance, you can see that Tangjiafu Garden occupies a huge area!

On the huge floating mountain, most of the land was cut off by a high wall of the Tang family.

Compared with the grace and luxury of the City Lord's Mansion, the Tang Family Mansion is much simpler.

The main color is black, white and gray.

Inside and out, there was always a vaguely murderous atmosphere.

If it's the first time to come to Tang's house, you might be shocked by the atmosphere, thinking that something happened.

However, after prying into Tang Weijun's memory, Chen Feng knew it.

This is the style of the Tang family!

It looks a little lifeless.

It is in line with the image of their blood in the Huangquan Underworld.

At this moment, Chen Feng has already returned to a state of heyday.

For Tang Weijun and others, Chen Feng doesn't even need coercion and temptation.

Directly manipulated him!

A person in a high position suddenly became a prisoner, and the gap in it would take some time to adapt.

[Chapter 5046: Enter the Tang family!](#)

A master of the eighth floor of the Star Soul Martial God Realm like Tang Weijun is the younger brother of the Tang Family Patriarch.

It can be said that in the entire Tang family, he is probably under one person, but above everyone else.

People who have been admired and feared for many years, such people have long developed an arrogant temperament.

Instead of spending time to coerce and lure, it is better to control his mind directly.

After all, Chen Feng and the others have limited time.

The black flying boat with the pattern of the Tang family quickly flew towards the mansion of the Tang family.

Feizhou slowly descended in front of the Zhumen of Tangjiafuyuan.

Chen Feng, Tiancun Beast Slave, and Zhong Li Yuntian are all wearing the costumes of Tang family servants.

The three of them helped Tang Weijun around and walked out of the flying boat.

The group had just stepped up the steps in front of Zhumen.

The two guards guarding the gate of the Tang Family Mansion Garden stepped forward together, blocking their way.

The two of them also have solemn faces, and their faces are quite withered.

If it weren't for the blue sky and white sun at this moment, it might be believed that they were two ghost puppets.

Chen Feng glanced, secretly startled.

The Tang family is good at it.

The two guards at the gate actually had the aura of the seventh floor of the Star Soul Martial God Realm!

Among them, the face of one of the guards finally showed a little living expression.

He hesitantly looked at the three of Chen Feng and said slowly.

"How many faces are tight, I don't know who they are?"

Both Tiancun Beast Slave and Zhong Li Yuntian stopped.

Chen Feng's heart moved at will.

Almost at the same time, Tang Weijun, who was supported by them, suddenly broke free from the support of the three of them.

His eyes were torch, and he shot straight at the two people blocking the road.

"You two think I don't exist!"

Scream!

Like thunder!

In an instant, the two guards at the gate changed their faces and knelt on one knee, respectfully saying.

"Don't dare to belittle Tang Erye!"

Behind Tang Weijun, the expressions of Tianchou Beast Slave and Zhong Li Yuntian changed.

They looked at Chen Feng quietly.

I saw a dim light sliding across the corner of Chen Feng's eyes.

Like a fox with a scheming plan!

Seeing his reaction, both of them were relieved.

It seemed that Tang Weijun's sudden rage was precisely Chen Feng's handwriting.  
as predicted.

Tang Weijun with extraordinary momentum suddenly coughed violently.

The breath that had exploded, suddenly languished.

Chen Feng motioned with a look, and the three of them all stepped forward and held him.

Tang Weijun, who was supported by the three of them, finally stopped coughing.

When he spoke again, his voice seemed to be much older.

However, it is still solemn and quite aura.

"Unexpectedly, today I encountered hard stubble."

"I brought so many people, almost the whole army was wiped out!"

"Even I... have fallen into such an embarrassment."

In a few words, the lines were filled with grief, resentment, and unwillingness.

When the two kneeling guards heard this, their expressions changed drastically.

"Such a thing happened!"

Tang Weijun stretched out his hand and pointed to Zhumen.

"I want to see the Patriarch immediately!"

This time, how dare the two guards stop again!

Open the door of Zhu directly and let a group of people enter smoothly.

The four quickly walked towards the study where the Patriarch would often be.

After confirming that he was far away from Zhumen, Zhong Li Yuntian secretly gave Chen Feng a thumb.

"Master Chen, I really admire it!"

Soon, the group came to the study.

"Brother, I have something urgent to report!"

Tang Weijun released his breath and knocked on the door of the study.

Before the words fell, a low, vicissitudes of life came from the study.

"Come in."

Chen Feng secretly exchanged glances with the other two.

The strength of the Tang Patriarch is neither strong nor weak.

He is also a strong man at the peak of the eighth floor of the Star Soul Martial God Realm.

According to their original plan, after they opened the door, they would launch a sneak attack!

He controls Tang Weijun, as long as he doesn't have a special magic weapon or has a very strong cultivation base, he will surely succeed in a sneak attack.

Tang Weijun pushed open the door of the study.

With the support of the three of Chen Feng, they walked in.

The study room of the head of the Tang family is extraordinary after all.

There are exquisite and carved wooden boards on all sides, and there are many masterpieces hanging.

There is also a book storage area, a dining area, precious porcelain vases in the surrounding corners, and exquisite bonsai on the windowsill.

Nevertheless, the whole study room still looks extremely spacious!

In front of the counter, a dark gray robe with large sleeves, with gray hair tied up, would put down the letter paper in his hand and looked forward.

This is the Patriarch of the Tang Family, Tang Weihuan!

Chen Feng lowered his head and held Tang Weijun forward respectfully.

"Big brother, big business is not good..."

Tang Weijun greeted him.

Just when Chen Feng was about to control Tang Weijun and launch a surprise attack on Tang Weihuan.

Tuk! Tuk! Tuk!

There was a knock on the door.

"My lord, my son, please see me."

Outside the study, there was a servant respectfully reporting.

This is really unexpected!

It was completely unexpected by Chen Feng.

From Tang Weijun's memory, Chen Feng already knew.

This "Prince" is the only son of the Tang family Patriarch, Tang Yongyan.

Tang Yongyan, although his status is noble, but his strength is average.

Only the cultivation base of the fifth floor of the Star Soul Martial God Realm.

However, Tang Weihai is old enough to have a son, so naturally he is very fond of him.

Tang Weihai didn't care about him even if he was fooling around outside and completely dull.

As soon as he heard the son asking for a meeting, Tang Weihai's face suddenly relaxed.

"Let him in."

Behind him, the beast slave and Zhong Li Yuntian were all stunned.

But seeing Chen Feng's calm reaction, the two of them secretly breathed a sigh of relief.

Needless to say, even Zhong Li Yuntian, as long as he sees Chen Feng's reaction, his subconscious mind is relieved.

Of course Chen Feng didn't care.

Now is not the time to do it, so I will do it later.

For him, it doesn't matter.

The study door that had just been closed was pushed open again from the outside.

"father."

Tang Yongyan stepped over the threshold and walked in.

Suddenly, Chen Feng's hairs stood up all over his body, and he was agitated!

How powerful is his spiritual power!

The moment Tang Yongyan walked in, no, it should be said that it was, the moment the study door was opened, he felt the abnormality!

Next to Tang Yongyan, there was a man in a purple robe!

His face was slightly downward, and he followed Tang Yongyan, unable to see what he looked like.

However, it is this mysterious purple-robed man who can make Chen Feng have such a stress response!

From him, Chen Feng clearly sensed a very familiar breath.

This person comes from the top of the sky!

Almost for an instant, countless thoughts flashed through Chen Feng's mind.

In a very short time, he had already seen a lot of clues.

A brand new plan is instantly clear to my heart.

His response was extremely fast!

"Protect Patriarch!"

At the same time, a powerful mental power rushed towards the purple-robed person quickly and quietly.

Following Chen Feng's roar, the minds of the Tianchou Beast Slave and Zhong Li Yuntian hadn't reacted yet, but their bodies had moved first.

#### [Chapter 5047: Suddenly attacked!](#)

Although they still have some doubts in their hearts at this time:

"Didn't you mean to attack the Tang Patriarch? Why protect him?"

However, despite these doubts in their hearts, they still responded instinctively out of convincing Chen Feng.

Including Tang Weijun, also turned around and protected him in front of Tang Weihang.

Everything happened so fast!

From the moment when Chen Feng sensed the breath of the purple-robed man, he analyzed a lot of things.

For example, the breath of this purple-robed man is extremely cleverly hidden.

If it weren't for his particularly powerful mental power, he might not be able to perceive it.

Moreover, not only did he reduce his strength, Chen Feng felt even more that his mental power had shrunk to the extreme, and at the same time, he was still shaking.

This also means that this person is trying to suppress his strength at the moment, and his spirit is highly tense!

In other words, he is extremely sensitive now!

Then, he must have something wrong!

This is Chen Feng's new plan!

as predicted!

At the moment when Chen Feng secretly stimulated the man in the purple robe with mental power, the man in the purple robe behind Tang Yongyan was instinctively attacked.

And because of Chen Feng's phrase "protecting the family owner", there is a kind of "hint" to the purple robe.

That is, the Tang family already knew his plot!

Will count, introduce him here!

Then, start to attack!

His heartstrings were already tense and extremely nervous, but now, he was immediately stimulated!

No matter what he originally wanted, he at this moment, directly following Chen Feng's words, spewed out with supreme aura.

Go straight to Tang Weihang!

It was precisely because he wanted to attack the Patriarch!

He was calculated by Chen Feng!

However, with Chen Feng and others here, this blow was destined to fail!

Chen Feng doesn't even need to do it.

Tang Weihang waved a palm out of thin air.

The power of the peak of the eighth building of the Star Soul Martial God Realm is extremely delicately controlled!

It just offset the blow made by the purple-robed man in a hurry.

Until this time, the person in the purple robe finally reacted.

be cheated!

He glared at the person who just yelled, and he met with a pair of bright eyes.

From the tension, seriousness, and panic of the disguise, the person in the purple robe clearly saw the smile hidden in Chen Feng's eyes.

With just a glance, he knew something in his heart.

I'm afraid the origin of the person in front of me is not simple.

At this moment, in the entire study, only Tang Yongyan hadn't reacted yet.

He was taken aback by the sudden change, and subconsciously flashed aside.

For a while he looked at the man in the purple robe, and then at his father's side.

"This...what's wrong with this?"

Perhaps with Tang Yongyan's ease, the person in the purple robe finally caught the gap.

He was about to speak, trying to reverse the grim situation.

But how can Chen Feng make him do what he wants!

He yelled again.

"The culprits are attacking, quickly protect the Patriarch!"

This sound penetrated the void and spread straight to the outside of the study.

The man in the purple robe is simply frustrated!

It's him again!

That person again!

Hum!

Outside the study, a few domineering auras immediately rushed into.

All in the seventh floor of the Star Soul Martial God Realm!

In the study, the atmosphere was very tense.

Tang Weihang frowned, but looked at Tang Yongyan in the corner with concerned eyes.

"Protect my son!"

Tang Weijun who stopped in front of him said in a low voice without waiting for his voice to fall.

"Big brother, my injury is serious, I will protect him."

Tang Weihang nodded without doubting him.

Afterwards, Tang Weihang also sent a palm toward the person in the purple robe.

boom!

Several masters, combined with Tang Weihang, the powerhouse at the peak of the eighth floor of the Star Soul Martial God Realm, attacked the purple-robed people together.

At the same time, Chen Feng and several other "subordinates" followed Tang Weijun and quickly protected Tang Yongyan next to him.

Inside the study, there was an instant mess.

The bitter fighting spirit, palm wind, and murderous aura burst out.

However, beyond everyone's expectations.

Even in the face of everyone's siege, the purple-robed person did not completely fall into the wind!

Probably because, since the identity has been exposed, there is no need to worry about anything.

In the body of the purple-robed man, an aura no weaker than Tang Weihang unexpectedly broke out!

The attacks from all directions were all received by Zipao!

Chen Feng retreated to the corner, and his pupils suddenly shrank.

At this moment, the strength of this purple-robed man was a bit stronger than previously sensed.

I'm afraid this is his true strength!

It is also the peak of the eighth floor of the Star Soul Martial God Realm!

Even stronger than Tang Weihang, the head of the Tang family!

Chen Feng judged that this person was only close to breaking through the eighth building.

After realizing this, Chen Feng breathed a sigh of relief.

Fortunately, he responded promptly.

If he and Tian Can meet this purple-robed person, I am afraid that they will not be able to pass a few tricks at all!

Next to Chen Feng, Zhong Liyuntian gave him a deep look.

He knew Chen Feng's previous plan.

It is absolutely unexpected that such a variable frequency occurs.

In other words, Chen Feng thought of a cracking method in a very short time.

Not only was it not exposed, but also used the hands of the Tang family to deal with their competitors.

Until now, Zhong Li Yuntian truly admired Chen Feng.

However, Chen Feng did not have time to take care of Zhong Li Yuntian's mind at this moment.

All his attention was focused on the melee in front of him.

Tang Weiha joined the four personal guards who rushed in and instantly summoned five blood-red ghost puppets!

In the entire study room, there was an instant gust of wind!

In the air, ghosts and wolves seemed to roar.

This is the Avenue of Gods and Demons of the Tang Family!

The five of them forced out a drop of natal blood and shot them into the five ghost puppets with their fingers.

boom!

After five loud noises, the five blood-red ghost puppets, their aura skyrocketed!

Moreover, in an instant, they were separated in five directions.

Bright red!

The person in the purple robe was surprised.

"not good!"

A big blood-red pentagram formed in an instant!

With Tang Weijun's memory, Chen Feng knew in his heart that this was the Five Ghosts of the Tang Family!

The Five Ghost Universe Formation is one of the Tang Family's top formations.

Five \*\*\*\* evil ghost puppets are needed, plus five drops of Tang Family's natural blood from the seventh floor of the Star Soul Martial God Realm and above.

It can be formally formed with the special mudra knot method!

Now, this last step is missing!

You know, these five ghost universe formations, once formed, can firmly lock the people in the formation.

If it weren't for extraordinary means, don't want to break the line and escape!

Not only that, the bloodline of Huangquan underworld of the Tang family will also suppress those in the battle.

It might be better if he has the blood of ancient gods and demons.

However, if the people in the formation do not have the blood of ancient gods and demons, the suppression can be said to be fatal.

However, whether or not there is the blood of ancient gods and demons.

Basically, trapped in this formation, there was no one who could escape alive in the past!

All these information were captured by Chen Feng from Tang Weijun's memory.

[Chapter 5048: The anger of the purple-robed man!](#)

This kind of Five Ghosts Universe Array is rarely used on weekdays!

Every time the formation dissipated, the five blood evil ghost puppets would be wiped out.

You know, the blood evil ghost puppet is still different from the ordinary ghost puppet.

It costs a lot to condense into a \*\*\*\* evil ghost puppet!

Therefore, before a special time, the Tang family will not easily display this big formation.

But now, Tang Weihuan actually used it directly!

It seems that as the head of the Tang family, he also attaches great importance to the purple robe.

There is no meaning to underestimate the enemy at all!

However, at this moment, there was a detail that attracted Chen Feng's attention.

The face of the purple-robed person suddenly changed when he saw that the five ghost universe formation was about to take shape!

That kind of change in expression is definitely not the response that ordinary people would have when they see the big formation.

Almost in an instant, a thought appeared in Chen Feng's mind.

This purple-robed person also knows the Five Ghosts Universe Array!

In other words, he also knows the Tang family very well!

Sure enough, just as Chen Feng was analyzing here, the person in the purple robe suddenly exploded with a stronger aura!

The displays in the entire study were shocked!

The paintings, calligraphy, porcelain vases all collapsed!

Even with Chen Feng and others, they also felt the power of pen-hold shooting like a huge wave!

At this moment, the red light shook, and the purple gas pounced.

The two strong breaths collided together, bursting out a dazzling light!

But how keen Chen Feng!

When everyone was forced to close their eyes and tears flowed by the dazzling light, he immediately noticed the change.

The person in the purple robe pointed directly at the Tang Family Patriarch, Tang Weihang, who was in the most important position of the Great Array!

At the same time, quickly take out a magic weapon!

Before Chen Feng had time to take a closer look, the purple-robed man sacrificed the mysterious magic weapon.

Under the dazzling light, the magic weapon turned into a white light and rushed to Tang Weihang in an instant!

It directly disturbed Tang Weihang's last handprint formation!

too strong!

Even Chen Feng, seeing this scene at this moment, admired this purple-robed man in his heart.

Such a speed of reaction and means of breaking the formation are absolutely amazing!

boom!

Tang Weihang was abruptly interrupted the formation of his handprints, and the whole person was blasted far away by the mysterious magic weapon.

This situation really irritated him!

Fortunately, once the pentagram is formed, it has a certain restraining effect.

The purple-robed people want to escape, but they have to spend a lot of energy!

Chen Feng looked deeply at the people in the formation.

Presumably, you are the one behind the scenes.

What is your purpose?

Is it consistent with me?

The rest of the Tang family didn't notice Chen Feng's eyes.

However, the purple-robed man trapped in the formation could see clearly.

Moreover, I also understand what Chen Feng wants to know.

The "Tang family subordinate" who is talking now is also a fairy from the top of the sky!

If you want to say, who is the most hated in the hearts of the purple-robed people at this moment?

That must be Chen Feng!

He stared at Chen Feng, furious and hated.

If it weren't for this kid, he suddenly yelled, he wouldn't be in a rush and show his feet!

This kid is very smart!

He deliberately prevented him from speaking, and kept shouting "Protect Patriarch".

Simply good!

Even the Zipao himself can't help but applaud him.

All the Tang family members in the study are now pawns in that kid's hand by the sentence "Protect the Patriarch"!

The person in the purple robe glanced at the Patriarch of the Tang family, Tang Weihuan sneered in his heart.

Return the owner.

I'm afraid, I haven't realized until now that the subordinate who "loyally protects the Lord" has actually played him a long time ago.

If it weren't for the moment, the two would be on opposite sides, maybe they could really become friends.

Unfortunately.....

Thinking of this, the purple-robed man became angry.

Chen Feng was right.

He is the one who directed it behind the scenes!

After just coming to this trial world, he had better luck, and soon won the trust of Tang Yongyan, the only son of the Tang Patriarch.

Thus easily entered the Tang family!

After quickly getting through some details of the Tang family, he found others, and also focused on the Tang family.

The purpose of this is to allow as many people as possible to come and harass the Tang family.

In this way, to a certain extent, many experts in the Tang family can be restrained.

When the power of the Tang family is dispersed, he can take advantage of the void to enter!

He wants to do a big thing in the Tang family!

And all the painstakingly laid out and carefully planned everything, right now, was all destroyed by this guy in the third floor of the Star Soul Martial God Realm!

How can he not hate this!

boom!

The Five Ghost Universe Formation that had not been completely formed could not stop the purple-robed person after all.

The pentagram completely collapsed!

The four masters guarding the other four formations all turned pale and flew out all over.

At this moment, Chen Feng met the eyes of the purple-robed man.

not good!

Chen Feng didn't expect that the purple-robed man after getting out of trouble would not escape immediately.

Instead, he rushed in his direction!

At this time, the dazzling light finally dimmed.

Chen Feng finally saw the mysterious magic weapon in the purple robe man's hand!

Breaking the gods!

When he saw it flying towards him, Chen Feng's pupils shrank suddenly!

Divine Mind Cone, as the name implies, directly affects the spiritual world of people!

This is an extremely rare spiritual magic weapon!

It is even comparable to Yu Jianbai's cyan sword!

Chen Feng reacted immediately between the sparks and flints!

There is no time to think about anything!

Heaven and earth repeatedly reincarnated in heaven and earth, and made great achievements!

The faint blue light illuminates like lightning in the repetitive cycle of heaven and earth.

Fight!

This is Chen Feng's most powerful mental attack so far!

boom!

Between the two, a billowing air wave suddenly rolled up.

Directly blast the two people out!

In the study, the others just got up, but they were blown away again by this sudden air wave.

Obviously it was a collision of two invisible mental attacks, but abruptly collided into a rolling wave.

In an instant, Chen Feng's golden spiritual world was crazy!

The ground cracked instantly like a drought.

The golden spiritual power that was originally monstrous almost disappeared at that instant!

Even his world's repetitive reincarnation space has also received a big recoil!

The huge glasses on the far left suddenly let out a crisp sound.

Click!

A huge gap appeared again!

Even more terrifying than the last backlash!

Chen Feng's face was pale, and he spouted blood.

Worthy of being the powerhouse at the peak of the eighth floor of the Star Soul Martial God Realm!

Even if Tang Weiha and others had consumed a lot of cultivation base before, they almost destroyed him in one blow!

Yes!

At the moment when two mental attacks collided!

[Chapter 5049: Chen Feng's third step plan!](#)

For a moment, Chen Feng thought he would die!

Fortunately, this thought only existed for a very short moment!

Now, although he was extremely injured, he was not yet seriously injured and dying.

Even more ingenious is that at the moment of collision!

Chen Feng could feel that the two demon hearts actually faintly transmitted a little pure spiritual power into his body!

It is these two spiritual forces that helped him get out of trouble in one fell swoop!

Now, it is helping him to slowly recover the traumatized spiritual world.

Zhongli Yuntian next to him looked over.

He can clearly perceive this change.

In the distance, the eyes of the purple-robed man also flashed with surprise.

He thought that he had shown his hole cards, and this kid was bound to die.

Unexpectedly, I didn't die like this!

One hit is not dead, but there are more and more supporters rushing to the study!

All the Tang family guards who were close to him were coming from all directions toward the study!

If you don't go now, then you really can't go!

Zipao people hate it!

But they can only leave with hatred.

Seeing the man in the purple robe rushed out of the study, Chen Feng, regardless of his health, immediately controlled Tang Weijun and shouted.

"Hurry up and chase it!"

"This person enters and exits my Tang Mansion as if he enters and exits the realm of no one, it is definitely a big worry!"

"If we don't get rid of it, there will be no peaceful days for our Tang family!"

Tang Weijun's vigorous voice not only echoed throughout the study.

It even penetrated the study room, so that the strong guards who rushed over could also hear clearly.

Everyone could hear that this was the voice of Tang Weijun, the younger brother of the Tang Patriarch!

Tang Erye, has always had a very high status in the Tang family, and he is unique!

The owner of the family lives in a simple way. In many cases, his orders are the orders of the owner!

Immediately, everyone shouted yes.

All are chasing the purple-robed man!

In a blink of an eye, only Chen Feng, who was protecting Tang Weijun, remained in the entire study.

And, the owner!

This is exactly what Chen Feng planned in the beginning!

Although there have been many accidents, the goal is still achieved.

He looked at the direction of the purple-robed man from a distance, and sneered in his heart.

"No matter who you are and what you want to do, but I have to thank you for attracting so many masters to me."

"If it weren't for you, my plan would not go so smoothly!"

Chen Feng was in a pretty good mood.

The current situation is even more optimistic than he had planned!

Not only is there no threat in the study, even outside the study, there is currently no support.

At this moment.

The Patriarch in the study, Tang Weihang, also had a ghost in his heart.

Of course the person in the purple robe cannot be let go, but now, he is more interested in Chen Feng, who has blood on the corner of his mouth!

Tang Weihang was the first to be suddenly attacked by the Heavenly Divine Mind Cone.

He can truly feel how powerful this spiritual attack of the Heavenly Divine Mind Cone is!

And that Chen Feng, who obviously only had the cultivation base of the third floor of the Star Soul Martial God Realm, was actually able to resist!

Not only resists, but he must also have extraordinary spiritual supernatural powers!

The billowing blast that appeared out of thin air just now is proof!

When did the Tang family have such a genius?

At that moment, Tang Weihang had already realized many things.

This kid is definitely not from the Tang family!

I'm afraid, like the man in the purple robe just now, he used the same method to deceive the second brother's trust.

Thinking of this, Tang Weihang had an idea in his mind.

According to his observation, everyone present, including Chen Feng himself, did not realize that he had already seen through the identity of the kid.

It's better, just count it!

This place is extraordinary and can be used!

Especially the mysterious spiritual supernatural power in his body...

Thinking of this, Tang Weihang pretended to be grateful.

He laughed and walked towards Chen Feng and others.

"Second brother, your subordinate is smart enough."

Tang Weihang stepped forward.

"You have merit to expose the purple-robed man this time."

"As the head of the Tang family, I have to say a word of thanks to you."

The moment he walked to Chen Feng within five steps.

Chen Feng still had a hypocritical loyal smile, but he yelled without hesitation.

"Do it!"

Tang Weihang's face changed!

He never expected that he hadn't done it yet, this kid actually took a step ahead of him, and instead did it to him!

That's right!

Chen Feng was the first to do it.

Not because Tang Weihang wanted to do it, but because this was a step in Chen Feng's plan!

The first step is to enter the Tang family!

The second step is to disperse the strong around Tang Weihang and try to make one's own advantage!

The third step is to deal with the Tang Patriarch!

This is the third step of Chen Feng's plan, but it is not the last step!

However, it is the most important step.

Whether the previous plan can be completely completed next depends on now!

The efforts made before are all for the present!

At this moment, Tang Weihang thought of a lot.

At first, I was shocked, thinking that Chen Feng had seen through his disguise.

Then, it was relieved.

Even if you see through it, what can you do?

Could it be possible that he could be defeated, the powerhouse at the peak of the eighth floor of the dignified Star Soul Martial God Realm?

However, at the moment when he was relieved in his mind, a bad vigilance rose in his subconscious.

With this kid's cunning and multi-faceted disposition, would he know he is invincible and still fight to the death?

Where is the back hand?

Just as he thought of this, he saw Chen Feng in front of him, and a little smile arose.

boom!

The overwhelming attack actually rushed from the guard next to him!

not good!

At this time, Tang Weihang finally realized that he still missed this kid!

These "guards" are all in the same group!

However, when he realized this, he was still a step late.

Zhong Li Yuntian and Chen Feng, the two themselves can communicate directly through Moxin.

At the moment, the two are playing very well together!

Zhong Liyun God attacked, and Chen Feng succeeded in chasing after the victory!

At the same time, under Chen Feng's conscious guidance, he can obtain a lot of pure spiritual power from the sealed Tang Weijun through the devil heart!

Behind him, a huge purple-white lion head suddenly lit up!

Roar!

Buddha's angry eyes and roaring power!

Tang Weihang, who was frontally attacked by Zhong Li Yuntian, had no time to react at all, and was stupefied for a moment by the rolling sound.

At this moment, Chen Feng and Zhong Li Yuntian both took the Jikong Escape Heaven Pill at the same time.

This is obtained from Yu Jianbai's jade card of reincarnation.

At the moment of taking it, a pure and powerful force quickly swept through their bodies.

Chen Feng's heart moved at will and appeared in front of Tang Weihang instantly.

In the hand, the black and white long knife appeared!

Too on the Heavenly Swordsman Formation!

Seven seven forty-nine sword intents, instantly returned to a sword!

The sharp sword intent immediately hit Tang Weihang, who had not recovered from the trance!

[Chapter 5050: Unexpected fatal blow!](#)

boom!

This knife can be said to have injected all the strength of Chen Feng!

A sneak attack must be unexpected and attack with all strength!

Fight for one hit!

Just when the sword was smashed with all its strength, the instant the Buddha's angry eyes and lion roar skills won was over.

"what!"

At this moment, Tang Weihang clearly had an early warning, but could not escape from either side.

I can only watch that I will resist physically!

Even if there is a big gap between the two in their cultivation strength.

But facing such an attack, he can only resist with the power of pure flesh, which is too thrilling!

This shameless child's moves cannot be underestimated!

Bang!

After a loud noise, Tang Weihang, who was in a trance, flew out for more than ten meters.

A \*\*\*\* smell gradually filled the air.

Chen Feng's knife slashed half of Tang Weihang's shoulder straight!

Spreading from the left shoulder to the lower left, the wound was deeply visible and blood was flowing.

At this moment, even if you are the Patriarch of the Tang Family, Tang Weihang still has lingering fears!

That kid, even though he couldn't kill him directly with this cut.

However, Tang Weihang knew very well.

It's not that the kid's tricks are not working.

On the contrary, even the Patriarch of a big family like him, when he sees Chen Feng's magical powers, he wants to be his own!

Although he was only seriously injured right now, this was the result of a huge gap in his cultivation strength!

Tang Weihang lowered his head and looked at the wound on his shoulder that spread to his left chest.

Almost directly shattered his heart!

Seeing this, Tang Weihang couldn't help but look deeply at Chen Feng.

If this kid grows up, will he be worth it?

at the same time.

Chen Feng and Zhong Li Yuntian felt heavier than expected.

They could perceive that even if they suddenly attacked like this just now, they tried their best to kill.

Faced with a seriously injured Tang Patriarch, they still have no certainty of victory.

Tang Weihang is still too strong after all!

Chen Feng looked at Tang Weihang who stood up again in front of him, sighing in his heart.

The difficulty of this Xuanwu Middle Thousand Worlds mission is too high!

You must be very careful about what you do, and you have to pay a huge price.

Chen Feng thought he was thoughtful enough, but in the face of absolute strength, he still struggled hard.

Next to him, Tang Yongyan was also shocked by these things in the study, and did not react for a while.

By now, he finally reacted a little.

Tang Yongyan immediately looked at Tang Weijun who was still protecting him.

"Second Uncle, my father is hurt! Why don't you go up and help!"

Tang Weijun didn't even look at him, his face was serious.

Tang Yongyan's voice was confiscated!

The whole study can be heard clearly.

Not far away, Tang Weihang looked back at the silly son who was talking, and his face suddenly became even more ugly.

His only son is so accustomed to being arrogant that he doesn't move his mind!

Tang Weihang had already noticed when the second brother hurried in earlier.

His second brother was also seriously injured today.

Before, it seemed to be held hostage.

But Tang Yongyan said that, considering the relationship between his second brother and him, he couldn't justify doing nothing at this time.

Sure enough, Tang Weijun showed a struggling expression on his face when he heard Tang Yongyan's nearly scolding words.

With unspeakable pain!

"Brother, I'll help you!"

With that, Tang Weijun stood up.

At this time, the position of the three parties happened to be in the middle of Tang Weihang.

Tang Weihang turned his back to Tang Yongyan's corner, staring coldly at Chen Feng and Zhong Li Yuntian ahead.

His low voice echoed in the study.

"Second brother, don't force it!"

However, he hadn't finished talking here. On the other side, Tang Weijun, who had originally "protected" Tang Yongyan, had already stood up.

Suddenly, Tang Weijun's body burst out with extremely powerful murderous intent!

It's like...

Directly use all of your potential as consumption, instantly improve your strength!

Tang Weihang's expression changed, and he turned back suddenly.

"Second brother, what are you doing, I'm not going to let you do it..."

Before he finished his words, he saw Tang Weijun rushing over!

That was a shocking blow from the peak of the eighth floor in the same Star Soul and Martial God Realm!

At this moment, Tang Weihang faintly flashed a bad breath in his heart.

But it was too late!

Tang Weijun's attack did not go in the same direction as Chen Feng!

Instead, towards him!

boom!

The entire study was almost torn apart by this amazing decisive blow!

In fact, if it is not the residence of the cultivator, it is protected by a magic circle.

Their battle here will razed the mansion directly!

Tang Weijun's burning potential, burning everything, and his punch just hit Tang Weihang who was too late to defend!

puff!

Tang Weihang gulped and flew out!

His breath decayed almost instantly!

But at this moment, Tang Weihang was staring at the back compared to himself.

"Second brother..."

His eyes were violent, but he could only watch his second brother's breath gradually dissipate.

After that, he couldn't stand his body anymore, knelt on his knees, and fell down.

At the end, "boom".

The body fell, his head hit the ground hard.

The last breath disappeared.

Tang Weihang has no idea why this is happening!

Just now, when Tang Weijun suddenly burned his potential, he had a vague premonition.

It's just that the hunch was so terrifying that he subconsciously couldn't believe it.

But it is true!

His second brother, Tang Weijun, seemed to be controlled!

Just like they usually control the ghost puppets.

And now, the only people who controlled the second brother to attack him suddenly were those two boys!

Tang Weihuan is extremely angry!

There was grief and anger in my heart!

But Tang Weijun's decisive blow was still too strong after all!

Tang Weihuan was already seriously injured when he was attacked by Chen Feng and others earlier.

Now he was hit head-on again, and his body was extremely injured!

Has lost the strength to continue the war!

Realizing this, Tang Weihuan's heart suddenly made a great alarm!

He struggled, trying to get up and escape.

But it's too late!

Chen Feng strode over and stepped on his bleeding shoulder.

Tang Weijun's death is in his plan.

Originally, keeping Tang Weijun was just for them to mix into the Tang family, get close to the patron of the Tang family, and wait for an opportunity to attack.

And all this is done.

Tang Weijun also lost the value of utilization.

Chen Feng's face was extremely cold.

Tang Weijun and Tang Weijun are indeed brothers, and they even use other people's methods in the same way.

Chen Feng didn't care about his death.

It just so happened that a demon heart that was planted in it could still be vacated for the one in front of it.

"Little beast!"

Tang Weihuan looked at Chen Feng who was looking down at him with a hideous face.

He hates it!

But no matter how hard he struggles!
