

Peerless 5051

[Chapter 5051: Chen Feng's ultimate goal! Supreme God Demonizes Dragon Technique!](#)

Chen Feng successfully planted a demon heart into his spiritual world.

After finishing all this, Chen Feng's face suddenly turned pale.

The injuries that were still suppressed at this moment no longer need to be hidden.

Chen Feng's legs softened and he almost couldn't stand firmly.

Zhong Li Yuntian's eyes were quick and he clasped his arm.

"Big Brother!"

The Tiancun Beast Slave no longer had to pretend at this moment, and rushed directly to Chen Feng.

In the entire study, only Tang Yongyan was left looking at all this foolishly at this moment.

"You...you are all in one group!"

The Tiancun Beast Slave turned his head and looked at Tang Yongyan with mockery on his face.

This second ancestor of the Tang family has been completely abolished.

Even now, he still looks stupid!

At this moment, Chen Feng's face suddenly changed.

"Heaven Can, catch him!"

As soon as the voice fell, a cold hum echoed through the entire dilapidated study.

This cold snort was like a hammer hit in my heart!

Although Chen Feng reacted very quickly and had been prepared, he still didn't notice for a while, his face pale.

A mouthful of sweet blood rushed to his throat.

"The three came to my Tang family to make waves, and they used despicable means to hurt my Tang family descendants."

"Do you really treat my Tang family as no one!"

The deep voice sounded slowly, slightly hoarse and deep, but powerful and steady.

But in the vicissitudes of life full of wind and frost, there is also obvious sullenness and anger.

Between the lightning and flint, the Tiancun Beast Slave's eyes were quick, and he stretched out his hand to clasp Tang Yongyan's neck.

"presumptuous!"

With a roar, an old man in a dark gray robe with big sleeves slowly descended from the dilapidated study.

The old man's beard and hair are all white, and the deep ravines on his face are full of years of hard work!

In the muddy eyes, an overwhelming coercion burst out!

boom!

At this moment, the world changed, and a thunderbolt fell out of thin air!

It can't be said to be earth-shaking!

That is the power beyond the eighth floor of the Star Soul Martial God Realm!

Even Zhong Li Yuntian, under this coercion, couldn't stand it at all, couldn't directly control it, and knelt on one knee.

Being overwhelmed by this overwhelming coercion, he couldn't stand up straight.

Next to him, Tiancun Beast Slave also had a pale face, and his muscles and bones were making noises.

But he pinched Tang Yongyan's hand, but did not let go.

Only Chen Feng, not only did not struggle hard, but did not even rush, a smile appeared on his face!

At the moment the supreme coercion pressed him down, Tang Weiha beside him suddenly got up on his own.

He took a step forward and stopped in front of Chen Feng!

The old man in the void not only changed his face when he saw this change.

The monstrous coercion dissipated in an instant!

Chen Feng doubted very much that the strength of this old man might not be limited to the ninth building of the Star Soul Martial God Realm!

It might be higher!

Through the devil's heart rooted in Tang Weiha's spiritual world, Chen Feng knew who the gray-robed old man in front of him was without any difficulty.

In the corner, Tang Yongyan, who was pinched by his neck, looked happy when he saw the person coming.

"Ancestor, please help me!"

The visitor is the ancestor of the Tang family, Tang Chenghui!

The birth of the ancestor of the Tang family shocked not only Chen Feng in the study.

All the Tang family members who were still in Tangjiafuyuan were alarmed!

For a time, countless auras gathered in the study!

Now, things can be a big mess!

Zhong Li Yuntian's heart felt more and more bad.

Chen Feng told them that there was no such thing in the plan!

If he had known that the ancestors of the Tang family would have been alarmed, he would just cooperate with Chen Feng to come in!

But, it is too late to talk about this now.

Zhong Li Yuntian's face was extremely ugly, he turned his head and looked at Chen Feng subconsciously, but his face was startled when he saw it.

Even in this extremely unpleasant situation now, Chen Feng still has a smile on his face.

It's like, Cheng Zhu is in the chest!

At this time, what other means does he have?

Zhong Li Yuntian was going crazy.

He has discovered that to have Chen Feng's meticulous mind, not only a strong brain power, but also a fearless heart that is not afraid of everything!

But this is not something ordinary people can have!

The ancestor of the Tang family did not know how old he lived, and even his eyelashes were empty.

Hearing Tang Yongyan's call for help, he only glanced faintly.

At this look, it was the anger of hating iron and steel, and the unbearable blood.

After taking back this look, the eyes of the ancestors of the Tang family suddenly became extremely cold.

He looked at Chen Feng.

Others may not be able to detect it, but he understands it at a glance.

This kid used some special means to control his eldest son, Tang Weihai!

Looking at Tang Weijun who fell aside again, the emotions of the ancestors of the Tang family that had not fluctuated for a long time couldn't help but fluctuate again.

Their Tang family, blood inherited from the ancient Huangquan Underworld.

After all, this bloodline had too much to do with Huang Quan, and was not tolerated in this world.

Therefore, for a long time, the family head family has always been rare!

By the time of the ancestors of the Tang family, it was passed on for nine consecutive generations!

He finally gave birth to two equivalent sons, and now another one is dead!

And the other's life was also held in the hands of the kid in front of him.

Not to mention, on the other hand, the only seedling of their generation, Tang Yongyan, was also controlled by the gate of life!

Facing the stern look of the ancestors of the Tang family, Chen Feng smiled.

"The ancestors of the Tang family, how about we compare deals?"

"Use something from your Tang family to exchange the lives of your Patriarch and Young Master."

"I just don't know if you want it or not."

Having said that, Chen Feng's heart has long been determined.

The ancestors of the Tang family have to change if they don't change it!

The most important thing in the Avenue of Gods and Demons is the inheritance of blood.

A Tang Yongyan may not be enough, and even if the ancestor of the Tang family wants to, he can be snatched back at this moment.

But Tang Weiha's life is the most important thing!

Although the ancestors of the Tang family have been away for a long time, they have been in retreat for a long time and do not hear all the mundane things of the Tang family.

But it can also be seen that this Tang Yongyan is really not enough.

Compared to him, it is Tang Weiha's fate and more important!

Thinking of this, the face of the ancestor of the Tang family was extremely gloomy.

He said coldly: "What do you want!"

Until now, Chen Feng finally revealed his true intentions for coming to the Tang family.

He opened his mouth and uttered seven words.

"The Supreme God Demonizes the Dragon Technique!"

The seven words seem to be light and fluttering, but they are sonorous, striking the spiritual world of the ancestors of the Tang family.

In an instant, the face of the ancestor of the Tang family changed drastically!

He immediately let out a low growl.

"How do you know this!"

Next to him, Zhong Li Yuntian finally couldn't help sighing after a brief consternation.

This Chen Feng...

"It's amazing!"

By now, he finally understood.

All in all, the purpose is not necessarily the other two blank invitations.

Chen Feng did not hesitate to design such a big game. The real goal was the Tang family's magic dragon magic!

Behind him, a light smile appeared on the face of the Tiancun Beast Slave.

"Of course it's amazing, this is my big brother!"

[Chapter 5052: 9th grade Hong! The Supreme God Demonizes the Dragon Technique!](#)

By now, the Tiancun Beast Slave had naturally understood Chen Feng's purpose.

Brother, this is the way of the gods and demons that have been eyeing the Tang family.

Chen Feng's goal is to cultivate the Avenue of Gods and Demons, so as to successfully become a body refiner of Gods and Demons!

This is more important than getting two blank invitations!

Chen Feng resumed his unhurried appearance.

He stood quietly on the spot, looking at the ancestor of the Tang family in the void.

The ancestor of the Tang family finally landed slowly from the void.

He stared at Chen Feng fiercely.

"You kid is courageous, dare to ask me to be too **** dragon art!"

"Do you know how valuable it is!"

Chen Feng tilted his head and nodded lightly.

The meaning couldn't be simpler.

Not only did he know, but he knew very well.

"If I don't know its value, how can I easily speak?"

Chen Feng said slowly.

Hearing his words, the ancestor of the Tang family seemed to be irritated.

"You know, dare to open your mouth and ask me!"

He roared in a low voice.

"Isn't it worth it to exchange the two bloodlines of your Tang family with a copy of the Supreme God Demonizing Dragon Art?"

"The continuation of the Tang family is important, or is a supernatural power important?"

Chen Feng turned his lips together, not afraid.

"What's more, giving me a super **** Demonizing Dragon Art, to your Tang family, did not cause any loss."

The ancestors of the Tang family have lived to this age, and the strength has reached this level, how can they experience the feeling of being overwhelmed by a junior!

Facing Chen Feng's reluctance, his heart burned with anger.

The coercion in the body pressed Chen Feng several times.

However, every time, Tang Weihang, who was under control, would be stopped between him and Chen Feng in time.

Chen Feng said coldly.

"Tang Family Patriarch, don't try any more."

"If you really want to kill me, before I die, I will definitely not keep the lives of the Tang Family Patriarch and Young Master."

"If you want to get lucky, you can try it."

Chen Feng's words were extremely rampant!

The ancestor of the Tang family was so angry that he was blowing his beard and staring, but he was helpless.

Chen Feng can't afford it, but their Tang family can't afford it even more!

After a long time, the ancestor of the Tang family was defeated after all.

"I can give it to you."

With that said, he flipped his hand to take out a piece of jade slip and threw it directly to Chen Feng.

Chen Feng opened his hand to catch it, with joy in his heart.

He immediately penetrated into it and scanned the contents of the jade slip.

After a quick scan, Chen Feng quickly discovered the problem.

This Supreme God Demonizing Dragon Technique is not complete!

Chen Feng immediately called the top of the sky in his heart.

"Master of Heaven, help me check, is there any problem with this Supreme God Demonizing Dragon Art?"

As soon as the voice fell, a fluorescent light suddenly lit up in his mind.

The content in the jade slip was quickly swept by this fluorescence.

Soon, the vast voice of Heaven's dominance sounded in Chen Feng's mind.

"The Supreme God Demonizes Dragon Technique, the first volume is fragmented."

"Rank: Hong-Rank Ninth Rank."

"Cultivating this fragment of the first volume, you can cultivate to the second level of sub-supernatural powers."

Hearing these words ruled by the Dao of Heaven, Chen Feng's heart was immediately shocked!

9th grade Hong!

This super **** Demonizing Dragon Art is too unusual!

Chen Feng heard it right.

This is just a fragment of the first volume!

Even the first volume is not complete, there is actually a 9th grade Hong!

If it were the first full volume chapter, what grade would it have!

If you got all the chapters and practiced in this way, would it be worth it?

For an instant, Chen Feng's heart was suddenly ecstatic.

This method is too strong!

After so long of planning and calculation, it is worth the money!

It can even be said to be excellent value for money!

However, this is not the time for excitement.

Chen Feng returned to his senses, controlled his emotions, and calmly looked at the ancestors of the Tang family.

"The one you gave is only the fragment of the first volume."

Hearing this, the ancestor of the Tang family couldn't help but his face was shocked.

At this time, he finally faced Chen Feng squarely.

"You kid, you are quite capable. You actually know this."

"Yes, our Tang family only has this first volume fragment."

Chen Feng asked immediately, "Where is the rest?"

At this point, the ancestors of the Tang family need not hide.

"The complete first volume is in the City Lord's Mansion."

Duanmu Mansion!

Hearing this answer, although Chen Feng had already expected something in his heart, he still couldn't hold back a breath of cold air secretly.

It seems that he is still busy in this Xuanwu Middle Thousand World.

This Duan Mu Family's City Lord's Mansion invites him, he must go!

Now, Chen Feng could not help but let out a long sigh.

The planning of these days has finally achieved his goal.

Yes, all of Chen Feng's plans were even earlier than Zhong Li Yuntian, Tiancun Beast Slave and others expected.

When he killed Zhong Li Yunlong on the street of the City Lord's Mansion earlier, he had already begun to plan.

On that day, the Tiancun Beast Slave returned and brought news from the Tang family.

As early as that time, Chen Feng knew it well.

The leak of this news is by no means accidental.

Someone must have followed the Tang family to release this news.

The goal is to attract as many people as possible to the Tang family.

At that time, people who are truly in the dark can take advantage of the emptiness and achieve their goals.

Chen Feng, who understood all this, didn't care at all.

No matter who the master behind the scenes is and what purpose he has, he has already figured it out.

Will count!

As for the blank invitation letter from the Tang family, it was only one of his purposes.

Even in comparison, this is just a small goal.

Chen Feng's real purpose is to practice the method of the Tang family's Dao of Gods and Demons, the Supreme God Demonizing Dragon Technique!

Chen Feng had seen this method in Tang Weijun and Tang Weiyan's memory.

However, when I first heard this name, it was also at the welcome ceremony that day!

Chen Feng's shot seemed to be timely and prevented the culprits from attacking Nangong Ruxue.

Afterwards, Nangong Ruxue took the initiative to talk with Chen Feng.

Although she is dressed in strong clothes, she is a woman of personality.

Since Chen Feng made the move, it was because she had accepted Chen Feng's favor.

This favor must be returned.

Therefore, Chen Feng asked a question when the two spoke privately.

"The method of cultivating the Avenue of Gods and Demons, the entire Duanmu Xiancheng, besides the Duanmu family, which family has it?"

Nangong Ru Xue looked down and thought for a moment, but still told him.

"Tang Family."

This is extremely precious news!

The entire Duanmu Xiancheng was probably only known to the people in the Duanmu family.

Not to mention these foreign immortals from the top of the sky, even the aborigines of this world rarely know.

Tang family!

Nangong Ruxue told him that although the Tang family of the four major families did not seem to be improving.

However, this family has a great background!

They came from a great family, the Tang Yao clan!

The aristocratic family is the oldest kind of family in this world.

[Chapter 5053: Get out! The rage of the ancestors of the Tang family!](#)

They are extremely mysterious, have passed on for hundreds of millions of years, and have a profound heritage.

It is not comparable to the Duanmu family.

In the prehistoric family, there are often some extremely terrifying top magical secrets!

And the Tang Yao clan is one of the top cultivating families of Gods and Demons in this Fang Xuanwu Middle Thousand World!

Because of this, the Tang family was fortunate to inherit a practice that was extremely against the sky.

That is the Supreme God Demonizing Dragon Art!

At that time, Nangong Ruxue looked a little excited when he heard this, but she kindly dissuaded him.

"This Tang family, you'd better not make some wishful thinking."

Chen Feng asked: "Why?"

Nangong Ruxue didn't hide her privately either.

"Knowing that they have ancient gods and demons practicing methods, looking at the entire Duanmu Fairy City, many people know."

"But no one dared to grab it!"

"Even the Duanmu family didn't dare to steal it outright."

Chen Feng seemed to understand.

"Is it because there is Tang Yao clan behind them?"

Nangong Ruxue nodded.

"Not bad."

This is what Chen Feng and Nangong Ruxue secretly transmit.

And this is also one of his main purposes for showing goodwill to Nangong Ruxue.

At that time, he used Nangong Ruxue's mount to behead his enemy.

She also showed her kindness to Nangong Ru Xue and asked her to owe her a favor, so that she could get the confidential information.

Afterwards, Chen Feng began to make plans in his heart.

It is undeniable that Tang Yao's revenge is definitely not something people like him can bear.

The family of Duanmu Yangyang is afraid of their revenge.

However, Chen Feng and others are not afraid!

Because they are not in this world!

This Xuanwu Middle Thousand World, for them, is nothing more than a trial world in the end.

After completing the required trial task, just grab it and return to the top of the sky.

Even if it is Tang Yao's clan, can it be impossible to catch up to the top of the sky!

"Boy, it's time to let go!"

An anger from the ancestor of the Tang family immediately pulled Chen Feng's thoughts back in front of him.

"According to the agreement, I have given you the Tang family's most secret ancient gods and demons cultivation method, so don't give me any tricks."

The face of the ancestors of the Tang family was already ugly and couldn't be ugly.

However, facing such an ancestor of the Tang family, Chen Feng was not afraid.

He turned his head to look at the Tianchou beast slave.

The Tiancun Beast slave got the order, and immediately let go, releasing the restraint on Tang Yongyan.

At this time, Tang Yongyan had long been scared to **** off.

As soon as he let go, he burst into tears and rushed towards the ancestors of the Tang family, praying for shelter.

Even the ancestors of the Tang family inevitably showed contempt when they saw such descendants.

But there was no opening.

After all, the direct descendants of the Tang family are just such a single seedling!

The ancestors of the Tang family continued to look at Chen Feng.

"one left."

However, Chen Feng did not directly loosen his control over Tang Weihang.

"The younger generation has always heard about the character of the Tang family."

He said suddenly.

Hearing this, the face of the ancestor of the Tang family was gloomy as dark clouds.

If others can't hear it, how can he not hear it!

This kid is turning around and saying that people in their Tang family often say one thing and do another thing!

"Boy, don't be too arrogant!"

He murmured, and there was a beating in his words.

However, it's okay to deal with others. Using this set to deal with Chen Feng is useless!

I saw Chen Feng smiling and looking over the shattered study.

Upon hearing these words, Zhong Li Yuntian, Tianchou Beast Slave, Tang Yongyan and others all looked out.

At a glance, they reacted.

At this moment, many people from the Tang family stood outside the study room!

Chen Feng retracted his gaze and continued to look at the ancestor of the Tang family, with a smile on the corners of his lips.

"I wonder if the ancestors of the Tang family feel that if I let them go now, will your Tang family take action against us?"

As soon as this remark came out, not only the Tang family outside looked bad.

Even the ancestor of the Tang family has an ugly face!

"What do you want?"

As soon as the voice fell, Tang Weihang spontaneously came to Chen Feng.

Seeing Tang Weihang doing this, the ancestors of the Tang family didn't understand what Chen Feng meant.

Sure enough, Chen Feng said with a smile.

"You better not catch up."

"When I get to a safe place, I will naturally let him go."

"Otherwise, I don't mind taking your Patriarch's life and burying me."

Chen Feng scanned the people outside coldly.

"You can try, whether you kill me quickly or I kill your Patriarch quickly!"

Hum!

At this moment, Chen Feng did not hesitate to use the Buddha's Angry Lion Roar technique.

The billowing sound waves were superimposed on Chen Feng's words, and layers of ripples spread away.

The entire Tang family could hear it clearly.

The faces of everyone showed anger.

They all stepped forward, but were stopped by the ancestors of the Tang family.

"Let them go!"

The ancestor of the Tang family spoke in person, who would dare not follow it!

Chen Feng, Zhong Li Yuntian and Tianchou Beast Slave quickly gathered together.

Tang Weihuan walked beside them spontaneously with no expression on his face.

Zhong Li Yuntian turned his hand and took out an ordinary flying boat. The four jumped on the flying boat and rushed towards the distance immediately.

Everyone in the Tang family gathered together.

Everyone looked ugly, staring in the direction they disappeared.

Someone wanted to follow, but was stopped by the ancestor of the Tang family.

"It's okay."

His eyes were faint, like muddy and muddy, but there was another burst of light in it!

The light seems to be able to penetrate the void and see the sight of thousands of miles away.

"Let them run away first."

"After they think they are safe, let them go and I will chase them personally!"

This sentence is loud and loud!

All the members of the Tang family who followed him looked happy upon hearing these words.

"If the ancestors did it themselves, even if these three little thieves fled to the ends of the world, it would be of no avail!"

However, some people asked.

"What if they keep on letting go?"

The ancestor of the Tang family snorted lowly.

"I think he dares!"

Chen Feng did not intend to let others go.

One day later, after confirming that the Tang family did not catch up, Chen Feng released Tang Weihang.

Afterwards, the three of them fled frantically and ran all the way to their lives!

Not long after, Tang Weihang returned to the Tang family.

Immediately, there was a loud noise from the Tang family.

boom!

The ancestors of the Tang family ran swiftly along the direction of Tang Weihang's return.

This speed almost broke through the void!

For a while, the space he passed through began to vibrate wildly without control.

The strength of the ancestors of the Tang family is unfathomable!

It is definitely not what Chen Feng can match!

Moreover, this time, the ancestors of the Tang family had the intention of lore!

No matter where the three little thieves fled, he was bound to catch them back!

Especially that scheming kid!

The ancestor of the Tang family looked gloomy at the thought of being in front of a hairy boy.

[Chapter 5054: Cultivation of the Supreme God Demonizing Dragon Technique!](#)

In his body, a gray-black ghost was immediately released!

For a time, the world changed color!

The endless ghosts spread wildly everywhere.

But something surprising happened!

Three days!

The ancestors of the Tang family almost turned over the entire Duanmu Xiancheng.

The three little thieves disappeared strangely!

Can't even catch the breath!

It is as if these three people no longer exist in the world!

"how is this possible!"

The ancestors of the Tang family were extremely frightened.

He didn't feel that the three had committed suicide in fear of sin.

Three days later, the ancestors of the Tang family put away all the ghosts.

Under the afterglow of the setting sun, he quietly hovered above the sky, looking far into the void.

"Don't let me find you!"

However, no matter what the people of the Tang family thought, they would never have thought of where the Chen Feng trio were at the moment.

As early as when Tang Weihuan was released, Chen Feng took Jiuzhuan Guixi Pill!

That nine-turned turtle Xi Dan was originally obtained from Yu Jianbai.

With this one, Chen Feng directly took the Heavenly Cruel Beast Slave and Zhong Li Yuntian, completely hiding the breath of the three!

The ancestors of the Tang family couldn't find the breath of the three Chen Fengs anyway.

And here, Chen Feng has already launched an action.

At the moment, the three people are in an abandoned house with no one.

This is the place where the Heavenly Canal Beast Slave first came to this Xuanwu Zhongqian World.

There is a desolation nearby, full of abandoned houses.

Within a radius of tens of miles, few people travelled.

However, although it seems remote and deserted, it is not far from Duanmu City Lord's Mansion.

With the special abilities of the Nine Turns Gui Xi Pill, at this moment, Chen Feng and the three people don't have to worry about the Tang family ancestors discovering their whereabouts.

Chen Feng looked at Zhongli Yuntian.

"You go to Duanmu Xiancheng near and far away, and accidentally leak a message to several people, make them believe it, and help us spread it out."

Zhong Li Yuntian frowned slightly, with doubts in his eyes.

"what news?"

"It was revealed to them that not long ago, a mysterious purple-robed man raided the Tang family and snatched three blank invitations from the Tang family."

When Zhong Li Yuntian looked at Chen Feng, the doubt in his eyes gradually turned into a sudden realization.

"You want to transfer everyone's goal to the person in the purple robe, so that he will be the target of everyone, so that everyone will not notice us!"

Chen Feng nodded.

"Yes. Now that there is an irreversible contradiction with him, why not use it to the extreme?"

Zhong Li Yuntian nodded and left immediately.

When Zhong Li Yuntian's figure disappeared into the sky, Chen Feng turned and looked at the beast slave beside him.

"I want to practice the Supreme God Demonizing Dragon Art. You protect me."

"it is good."

Tiancun Beast Slave speaks simply and neatly.

He has gradually formed an almost blind trust in everything his elder brother said.

No matter what the eldest brother said, there must be his reason.

There is no need to ask more, just follow the instructions he gave.

Chen Feng returned to the abandoned house and once again looked at the jade slip he had just obtained.

At present, for him, cultivating this Supreme God Demonizing Dragon Art can be said to be a crucial thing!

After the twists and turns of the Tang family's raid, Chen Feng deeply realized his lack of strength.

After all, his cultivation level is still too low!

But to improve and then break through, this requires time and experience accumulation.

However, the enemies in this world will not wait for him!

In the intangible and tangible, there are powerful enemies who are watching.

The mysterious heavenly immortals under Chu Pingsheng have not yet appeared, and the ancestors of the Tang family will not let them go, as well as the person in the purple robe.

Although Chen Feng didn't know the identity of that person, he knew exactly one thing.

The people in purple robes hate them very much!

No matter what he was lurking in the Tang family, Chen Feng and the others intervened, completely ruining all his layout.

Thinking of his hateful departure, Chen Feng's heart sank.

If I see you next time, the person in the purple robe will never let him go again.

Must be in this trial world, while there is still time, quickly improve!

Although Chen Feng only had the third floor of the Star Soul Martial God Realm, he could crush everyone below the sixth floor.

The hard part is to improve your strength to fight against stronger opponents!

You know, at present, the opponents in this trial world are mostly the eighth floor of the Star Soul Martial God Realm, or even the ninth floor and above.

Chen Feng had already thought about it the first time he learned that the Supreme God Demonized the Dragon Art.

In a limited time, only by cultivating the Avenue of Ancient Gods and Demons, can you quickly increase your strength in a short time.

Right now, he finally got the fragment.

Chen Feng was very relieved when there was a dead animal slave as a protector.

He sat cross-legged, his divine consciousness quickly immersed in the jade slip.

In the beginning, everything happened too hurriedly!

Chen Feng didn't have time to take a closer look at this jade slip on the specific content of the Supreme God Demonizing Dragon Art.

At this moment, his spiritual consciousness was concentrated on the first line of the jade slip.

Supreme God Demonizes Dragon Technique!

The seven characters are as strong as paper back, giving people the illusion of majestic momentum.

He looked again.

"The Supreme God Demonizing the Dragon Art, extremely domineering, swallowing everything, plundering everything in the world, absorbing all the avenues of the gods and demons, and turning them into their own use."

Seeing this, Chen Feng's heart was shocked.

This is too God's Demonized Dragon Art, too strong!

If you can cultivate it thoroughly, maybe you can become one of the strongest beings among the gods and demons!

Thinking of this, Chen Feng's heart was surging.

He suppressed his excitement and kept watching.

The first volume of the Supreme God Demonizing Dragon Art is called Xuanhuang Juan.

Seeing these two words, Chen Feng even slapped his tongue again and again.

Heaven and earth Xuanhuang, the universe is wild, dare to ask how many cultivation methods in this world dare to name Xuanhuang at the beginning?

After reading this incomplete Xuanhuang scroll, Chen Feng already had a count.

Among the existing fragmented scrolls, they mainly include the training content of the first and second levels.

The first layer, named Melt for Furnace.

As the name suggests, it is to temper the flesh, and finally make this flesh of oneself into a furnace for gods and demons!

The second layer is called the furnace for the tripod.

It is also the final cultivation result of the entire Xuanhuang scroll-turning one's body into a humanoid Xuanhuang **** and devil supreme tripod!

When the Xuanhuang God and Demon Supreme Ding is refined, it can be used to smelt the blood of the world's God and Demon!

At that time, there will be no escape from all the blood of the gods and demons in the world!

And the blood of the gods and demons in Chen Feng's body will continue to grow after absorbing the blood of the gods and demons in the world, until it becomes the strongest blood of the gods and demons!

Thinking of this result, the blood in Chen Feng's body couldn't help but boil.

No longer thinking about it, he went straight to the first level.

According to the jade slip, the basic requirement for a melt to be a furnace is to absorb twelve complete blood of the gods and demons!

The blood of these twelve gods and demons, after being absorbed.

[Chapter 5055: All pubic fields are burned! The sun rises!](#)

Under the operation of the mind of the Supreme God Demon Transforming Dragon Art, it will be transformed into twelve gods and demon real dragons.

Only by gathering these twelve gods and demons and real dragons can the twelve gods and demons and real fire in the body be ignited.

After these twelve gods and demons burned in the body and connected to each other, they could form the shape of a **** and demons oven.

The blood of the twelve gods and demons absorbed can be of unlimited grade.

But naturally, the higher the grade, the better the effect!

With Chen Feng's savvy, it didn't take much time to master the operation mentality of Taishang Demonized Dragon Art.

"But where do I go to find these twelve bloodlines of gods and demons?"

You know, most of the time, people who have the blood of gods and demons tend not to show it easily.

The kind of awakening like the young master of Duanmu Palace, after all, is a minority.

Furthermore, even if he knows that Duanmuxi has the blood of the gods and demons.

However, with Chen Feng's current strength, if he wanted to absorb the blood of others, it would be tantamount to seeking a dead end!

Thinking of this, Chen Feng couldn't help but smile.

This Supreme God Demon Transformation Dragon Art, worthy of being recognized as the top ninth grade Hong-level God and Demon Dao cultivation technique based on the fragmented scroll.

At the very beginning, people fell into a bottleneck, unable to do anything!

"Blood...Blood...Blood..."

Just as Chen Feng repeated his words unconsciously, suddenly, a flash of inspiration flashed through his mind.

From just now, he always had a feeling.

Absorbing other blood, this way seems familiar.

Suddenly, there was a movement in his heart, and a ray of light flashed in his eyes.

"That drop of blood of the Great Demon Yanyang!"

Yes!

The drop of Yanyang Great Demon's blood has been in a calm state since the last time it ate away the drop of Mighty One's natural blood attached to the immortal seal of Tianquan Town.

So far, Chen Feng almost forgot it!

The blood of Yanyang Great Demon can also swallow other high-level blood.

"I wonder if it can help?"

Thinking of this, Chen Feng was about to release the blood of the Great Yanyang Demon in his body.

I haven't paid attention to it for a long time, and the blood of that drop of Yanyang Great Demon has changed a lot.

The original drop of blood was mainly composed of black and gold interlaced, and faintly, there were still threads of blood lingering.

After swallowing other essence and blood all the way, the lingering blood color gradually became obvious.

But at the beginning, after swallowing the drop of blood of the mighty person imprinted on the immortal seal of Tianquan Zhen, the blood color has begun to gradually take a place.

Right now, this drop of Yanyang Great Demon's natural blood had obviously become a three-color interweaving of black, gold and red.

Although the red is still not heavy, it can't be ignored!

Chen Feng condensed his mind and quietly operated the mind of the Supreme God Demonizing Dragon Technique.

Suddenly, a sudden change occurred!

That drop of three-color intertwined powerful blood, as if receiving a mysterious call, immediately penetrated into Chen Feng's body!

It directly reached Chen Feng's Dantian world through the body!

And Chen Feng's expression was shocked violently at the same time!

He immediately became excited.

This drop of Yanyang Great Demon's natural blood is indeed feasible!

The three colors of black, gold and red are constantly intertwined, releasing dazzling brilliance, slowly rising above the sky.

Gradually, the originally weak red gradually became more dazzling.

When it stopped in the air, this drop of natal blood had already turned into a **** sun!

boom!

This red sun suddenly burned!

In an instant, in the world of Dantian, endless fires started like a prairie fire.

The vigorous fire illuminates the entire Dantian world as bright as day!

All scenes are in this red brilliance, with nowhere to hide!

At this moment, Chen Feng could even clearly see that there were a lot of impurities in his Dantian world.

The remaining traces of past practice, the remnants of martial arts Tianhe, etc.

And all of these, in this increasingly fierce red fire, seemed to be ignited together, gradually dissolving!

In a blink of an eye, the blood-colored flames are dense and dense, burning all over the sky!

Soon it swept the entire world of Dantian!

However, this blazing flame made Chen Feng ecstatic the moment before, and turned pale in the next moment.

The temperature of the blood-colored flame is getting higher and higher, and it has a posture of burning everything.

In less than a moment, Chen Feng only felt that the entire Dantian world seemed to be suffering from endless karma!

The severe pain instantly swept his whole mind!

Chen Feng staggered two steps toward the side, almost unable to stabilize his figure.

In the end, he fell directly to the ground and rolled, with an expression of extreme pain on his face.

The fire burning in the pubic world is more painful than the ordinary physical body being burnt and the spiritual world being burnt!

There is a posture of not breaking or standing!

"what--"

Chen Feng clenched his teeth, his veins violent, his face turned red and bloodshot!

But, at the same time, the entire Dantian world!

All impurities, dirt and residues visible on the surface and invisible in the depths!

All were burned by this prairie fire!

I don't know how long it took, Chen Feng gradually recovered his spiritual consciousness.

Look at the Dantian world again.

The Dantian world at the moment, although still in the **** fire, seems to be reborn!

Except for the Great Witch Blood Pool, everything else was completely burned by the **** fire!

Seeing all this and looking up at the red sun again, Chen Feng was shocked.

This kind of thing has never been mentioned in the Supreme God Demonizing Dragon Art.

A drop of Yanyang Great Demon's life blood would actually have such an abnormal change!

However, it is undeniable that after the red fire burned all the impurities.

Chen Feng obviously felt refreshed and transparent for a while!

It seems that all the impurities in the body and all the hidden dangers of the dantian have been burned clean!

He has a hunch.

After this special tempering, the practice from now on will be smoother!

At this moment, the red fire is not as widespread as it was at the beginning.

Chen Feng released a touch of divine mind and plunged into the red sun above the sky.

Suddenly, his mind moved.

The divine consciousness that has penetrated in instantly seems to have entered a certain void state!

Chen Feng controlled those divine consciousness and carefully tested.

Soon, he came to some circumstances.

A special space appeared in this blood-colored sun transformed from the blood of the Great Demon Yanyang.

Within a thousand miles, it is black and gray!

Misty, like the chaos when the world is not open!

However, in the black and gray, under closer inspection, you can see **** breaths again!

They are like giant scarlet chains, thick or thin, but not complete entities.

It is like fog and not fog, like smoke and not smoke, reaching out as if you can't touch the entity, but you can clearly perceive their existence.

These blood-mist giant chains are extremely mysterious, yet extremely magnificent!

[Chapter 5056: Trace now! Hunt down the first blood of gods and demons!](#)

At this moment, Zheng Zi is spinning at an extremely slow speed.

In this black and gray space, up and down.

"what is this?"

Chen Feng controlled his divine consciousness again, and explored the mysterious **** breath.

As soon as the divine sense approached these **** breaths, an extremely simple breath swept all the divine senses that entered!

At this time, Chen Feng's face changed drastically, and he had a certain number in his heart!

Every **** breath here is full of the blood of gods and demons!

Chen Feng withdrew his spiritual consciousness, looking down and thinking, his expression felt enlightened.

There are two things about that perception that just now shocked him.

First, the **** breath that exists is actually the breath of the blood of gods and demons!

Second, Chen Feng suddenly realized that from that moment, he could actually sense the blood of the gods and demons!

He remembered clearly.

The huge **** breath just now rose solemnly, solemnly, and silently in the gray and black space.

They did not actively release any of their own breath.

He actively sensed it when he was approaching!

Compared with the existence of the blood of the gods and demons, at this moment, this is even more shocking to Chen Feng.

It took some time before he calmed down again, thinking about the origin of this change.

"It seems that this drop of essence and blood of the Great Yanyang Demon has some feelings between it and the Supreme God Demon Transforming Dragon Art."

"The combination of the two has such a miraculous effect!"

The more Chen Feng thought about it, the happier he was.

At this moment, he can already feel all the blood in that thousands of miles!

He leaned out his divine sense and approached a thick red chain of blood fog again.

Almost at the same time, a little news naturally appeared in my mind.

The blood of the gods and demons in front of us is the blood of the lower ninth rank!

The blood of gods and demons is divided into nine ranks.

Among them, the first product is the highest and the ninth product is the lowest.

And each product is also refined into the upper, middle and lower three grades.

These cognitions all appeared in Chen Feng's mind at this moment.

Chen Feng's spiritual consciousness was once again locked on another bloodline of the gods and demons.

Sure enough, another rank and level related to the blood of the gods and devil automatically came to his mind.

"Hahahaha!"

Chen Feng couldn't help laughing.

"This Yanyang Great Demon's life essence and blood are a perfect match with the Supreme God Demonizing Dragon Art!"

"I was worried about how to find the blood of the twelve gods and demons!"

"It's an infinite way!"

Chen Feng was very excited.

You know, he has the blood of the great flames of the sun, and in the days to come, he will practice the magic dragon technique of the gods, destined to be countless times faster than others!

At least, the most difficult first step is to find the scattered blood of the gods and demons. For him, it is no longer a problem!

Chen Feng retracted his consciousness and stood up.

He immediately walked a few steps quickly and walked out of the abandoned house.

Divine consciousness spread out, quickly covering all corners of a thousand miles.

Hum!

Several breaths of the blood of the gods and demons squeezed into Chen Feng's mind almost at the same time.

And the breath of the blood of the gods and demons closest to him is not far from their current hiding place!

"Rank Nine Bloodline!"

Chen Feng looked at the Tiancun Beast Slave next to him.

"Come with me."

"it is good!"

The two of them headed in one direction and hurried away.

After three and a half hours, Chen Feng and the two suddenly stopped.

The Tiancun Beast Slave looked forward and then at Chen Feng.

"Brother, where are we going?"

Chen Feng looked out at a huge floating mountain in front of him, and spit out two words.

"Leave home."

This result was not only beyond Chen Feng's expectations, but also within his expectations.

He knew that people with the blood of gods and demons were destined to be extraordinary.

But I didn't expect it to be such a big problem.

He traced the blood of the Ninth-Rank God and Demon all the way, but he didn't expect to come to the realm away from home!

Chen Feng couldn't help but smile again and again.

"what?"

And the Tianchou beast slave who heard these two words not only showed a hint of shock on his face.

Leaving home is one of the four major families in Duanmu Fairy City, except for the Duanmu family.

The Tiancun Beast Slave couldn't help swallowing.

He looked at Chen Feng.

"Big Brother, we just came out of the Tang family making a big fuss, and now we are leaving home again, will it be too soon?"

"I heard that leaving home is not a good thing."

Chen Feng nodded when hearing the words of the beast slave.

He retracted his gaze, smiled and patted the Celestial Beast Slave on the shoulder.

"Don't be nervous, not just go in now."

Chen Feng looked around and pointed to a lively floating mountain.

"Let's go there to find out first."

In other words, we still have to get ready!

The Tiancun Beast Slave was a little puzzled, but still didn't think too much.

The two soon mixed into the lively floating mountain.

After some inquiries, the two quickly got a general understanding of the situation of leaving home.

"That bloodline of the Ninth-Rank God and Demon must be the Young Master Li, Hexuan!"

Chen Feng secretly made a judgment.

Alongside, the Tiancun Beast Slave also probably knew the reason why Chen Feng wanted to leave home this time.

Li Hexuan, the young master away from home, is cruel, stubborn and ferocious, and moody!

This is news that is known far and near!

This murderous, licentious and innocent young master left the house, committing sins day and night for a long time!

He is not only cruel and bloodthirsty, but also has a high desire.

Every day there must be several maids who are tortured to death by him and thrown out of his bedroom mercilessly!

But, just half a month ago, no cold bodies were thrown out!

Li Hexuan seemed to disappear suddenly, and never appeared in front of the world again.

Chen Feng inferred that the bloodline of the Ninth-Rank God and Demon he had sensed should be the young master away from home.

It must have been half a month ago, the young master who did no evil, quietly awakened the blood of the gods and demons in his body.

"Brother, what are you going to do?"

Tianchou beast slave looked at Chen Feng.

Chen Feng waved.

"No hurry. Wait for Zhong Li Yuntian to return."

He immediately used the devil's heart to inform Zhong Li Yuntian, and after spreading the rumors about the purple-robed man, he joined them as soon as possible.

"This away from home is far inferior to the Tang family."

"And what we need is to bring that Li Hexuan out of this Lijia Mansion Garden."

"Perhaps, things are much simpler than imagined."

Chen Feng soon had a plan in his mind.

Before long, Zhong Li Yuntian joined them.

After hearing Chen Feng's plan, Zhong Li Yuntian did not hesitate too much.

Li Hexuan's blood awakening should be confidential.

If it weren't for Chen Feng's blood, he could sense the aura of the blood of the gods and devil.

Otherwise, even Duan Muxi would not have noticed the strangeness of Li Hexuan!

Leaving home at this moment may not be particularly tight against him!

Their current focus should be on those invitation letters from Duanmu's family.

[Chapter 5057: Shocked, sneaked away from home!](#)

As for Li Hexuan, no matter how strong this young master Li Jia was originally.

During the awakening of the bloodline, he must concentrate fully and fully awaken the blood of the gods and demons.

He has no fighting power!

Chen Feng's plan is very simple-turn the tiger away from the mountain, and make a sound!

The effect of the Nine Turns Guixi Pill is still there, and the three of them can still hide their breath perfectly at this moment.

As long as Zhongli Yuntian attracted the attention of the masters away from home, let them think that the purpose of the enemy attack was for the invitation letter!

At that time, with the strength of Chen Feng and Tianchou Beast Slave, they are confident that they will smoothly take away Li Hexuan.

Zhong Li Yuntian has never been a cringe.

Just a moment ago, a few people knew about the overall strength of leaving home.

As the heir of the Zhongli family, he came from the top of the sky. Although he couldn't fight the whole strong man who had left the family, he was more than enough to protect himself.

Chen Feng's plan is not difficult for him.

"Okay, when will you act?"

"just now."

After Chen Feng finished speaking, he approached directly to the floating mountain away from home.

Zhong Li Yuntian and Tiancan Beast Slave followed closely.

According to the plan, the three of them split up immediately after finding out the general situation of Lijiafuyuan.

Before long, there was only a loud bang.

"Enemy attack!"

The front entrance of the house was crowded with people.

Almost immediately, all the masters deployed away from home rushed to the "discovered" intruder.

Although Lijia is one of the four major families, it is still somewhat weaker than the Tang family, which is also one of the four major families.

At least, when Chen Feng and the Tiancun Beast Slave sneaked in, they didn't encounter any other players along the way.

"Hurry up, Zhong Li Yuntian won't have much time for us."

Like a ghost, Chen Feng approached a servant.

Soon, he found the news he wanted to know in the mind of this person.

"Li Hexuan's bedroom is in front."

Chen Feng looked towards Qin Fang who was away from Hexuan, and suddenly frowned.

"There is not only Li Hexuan, but also someone guarding the Fa."

Although this point was also in Chen Feng's pre-consideration, it was still a bit disappointing to see it.

Tianchou beast slave looked at Chen Feng.

"Star Soul Martial God Realm seventh floor."

"Brother, I'll get him away."

Chen Feng reached out and stopped him.

"It doesn't have to be so troublesome, I have a good thing."

While talking, Chen Feng controlled Zhong Li Yuntian's demon heart, and directly felt the situation at the gate of the house at this moment.

Zhong Li Yuntian was surrounded in the center of the square courtyard inside the main entrance of Lijia.

The three guardians of the home away from home in the seventh floor of the Star Spirit Martial God Realm all shot together.

"Those who leave home without permission, die!"

Chen Feng quickly glanced at Zhong Liyuntian's perspective.

Soon, he will have a basic idea.

Those three guardians who were at war with Zhong Liyuntian should have great prestige when they were away from home.

Chen Feng took out something from his jade card of reincarnation.

That was the trophy he had obtained from a confusing succubus when he was dispatched to the battlefield outside the galaxy.

The mask of the succubus!

Since returning to the top of the sky, this mask, which was as thin as a cicada's wings, naturally came back with it.

Chen Feng put it on his face.

In the next moment, his whole body changed completely instantly!

All changes in height, appearance, and body shape for a guardian away from home.

Even the breath has become a completely strange breath!

The Tiancun Beast Slave next to him, even though he had been mentally prepared, was still stunned by Chen Feng's changes.

"Brother, if you appear directly in front of me in this appearance, I will most likely act on you directly."

Chen Feng raised an eyebrow at him, his eyes also slightly proud.

However, he soon returned to seriousness.

He looked at the Tiancun Beast Slave: "Time is limited."

"After a while, I will lead people away, you go in, steal from Hexuan and leave!"

"When the time comes, we will meet at the appointed place."

"understand!"

Chen Feng immediately rushed to the outside of Li Hexuan's bedroom.

Before he could get closer, the closed bedroom suddenly opened, and a violent murderous aura appeared.

"it's me."

Chen Feng opened his mouth, but what he uttered was a deep, hoarse voice.

It was the voice of the guard of the seventh floor that I heard through Moxin just now.

Sure enough, the murderous aura disappeared in front of Chen Feng.

"How did you come?"

From the bedroom, a middle-aged man in a gray-blue robe quickly walked out.

"I suspect that there is more than one sneaking into and away from home. You go and take my place."

Chen Feng deliberately acted urgently, giving people a posture of urgency.

The middle-aged man in the gray-blue robe didn't suspect him, but he was embarrassed.

"What about the young master?"

"It will only take a while and there will be no problem. If the invitation is stolen, you and I will suffer."

Chen Feng's expression was also very ugly. After speaking, he hurried back in the direction of the main entrance.

The middle-aged man thought for a moment and was quickly convinced.

He turned, carefully closed the door to Li Hexuan's bedroom, turned and rushed in the other direction.

...

After a cup of tea, Tiancun Beast Slave carried a person and quickly disappeared from home.

Chen Feng had already waited at the agreed place.

He passed a message to Zhong Li Yuntian through the devil's heart, asking him to retreat immediately.

"Let's go quickly too!"

"They will find out soon that the person is missing."

Chen Feng glanced at the man carried on his shoulders.

"Sure enough."

From this tightly closed eyes, but it is obvious that the hostile young man can clearly feel the breath of the blood of the Ninth-Rank God and Demon.

The three of them quickly moved away from this place of right and wrong from two directions.

When Chen Feng and the two arrived at the agreed meeting place, Zhong Li Yuntian was still trying to get rid of the tracking of the guards away from home behind.

"Don't wait for him. Let's start."

Chen Feng carefully probed around and made sure that no one else was there.

After that, he couldn't wait to absorb the blood of the gods and demons in Li Hexuan's body.

The Tiancun Beast Slave threw down Li Hexuan who was on his shoulders.

Li Hexuan is now a critical moment to retreat and awaken the blood of the gods and demons, and cannot move at all!

Right now, even if he wants to give up, he can't stop.

Chen Feng looked at Li Hexuan on the ground coldly.

Jin Yihua suits, slender body shape, looks like a talent, quite handsome.

But between the eyebrows, there is obvious cruelty.

This person is extremely murderous!

Although Chen Feng is not a good person, he doesn't mind doing harm to the people.

"You protect me."

He looked at the heavenly beast slave.

The latter nodded immediately and was ready.

In this dim and desolate abandoned temple hall, Chen Feng gathered his mind and directly operated the Supreme God Demonizing Dragon Art!

In an instant, Chen Feng's dantian world was full of light!

[Chapter 5058: Refining the first blood of gods and demons!](#)

A breath suddenly emerged.

That is a brand new breath of the blood of gods and demons!

In front of Chen Feng, Li Hexuan, who could not move, had a big change.

Just now, he clearly felt that the blood of the gods and demons that he was awakening with all his strength was suddenly shaken!

The man who stole him seems to have some kind of mentality from the Great Way of Gods and Demons!

Li Hexuan could feel a powerful breath, like a big hand.

He clenched his blood of the gods and demons, and then severely tore it out!

He wanted to directly peel off the blood of the gods and demons in his body!

In a hurry, Li Hexuan's closed eyes opened instantly!

His eyes were violent, and he glared at Chen Feng in front of him.

However, at this moment, Chen Feng still looks like a guardian away from home, even his breath is exactly the same.

Seeing the familiar face, Li Hexuan's heart was even more shocked!

These are not things that Chen Feng needs to care about.

He fully operated the Supreme God Demonizing Dragon Art.

Soon, a trace of **** misty breath quietly poured into Chen Feng's body from Li Hexuan's body.

Those breaths are the breath of the blood of gods and demons!

At this moment, Li Hexuan was already bloody.

He couldn't move, and his dantian was in severe pain.

The blood of the gods and demons that originally belonged to him is being stripped away at this moment!

And those **** cloud-like auras were slowly absorbed by the guardian from home in front of them!

Soon, under the operation of the Supreme God Demon Transforming Dragon Art, the bloodline of the 9th-rank middle-class **** and demon in Li Hexuan's body was quickly stripped away!

At the moment of stripping, Li Hexuan opened his mouth and spit out dark red blood.

He fell directly to the ground and lost consciousness.

Chen Feng concentrated on absorbing it.

I don't know how long it took, all the **** cloud-like breath was absorbed!

In the end, in his Dantian world, they gathered into a brand new blood of gods and demons!

Although this bloodline of the gods and demons is no more than three or four feet long, it is as thick as a house beam.

The bloodline of the gods and demons of the middle rank of the ninth rank, the whole body is intertwined with two colors of black and yellow, shining with strong power of the gods and demons!

Under the urging of the Supreme God Demon Transforming Dragon Art, it quickly transformed into a God and Demon dragon full of the breath of God and Demon!

boom!

As soon as this sacred dragon took shape, it seemed to come alive and rushed directly to the position of Chen Feng's left shoulder blade!

Chen Feng was shocked.

The direction in which the sacred dragon rushed forward was neither an acupuncture point nor a meridian.

It looks like it's just a bone!

Before Chen Feng had time to worry, he saw the giant dragon of God and Demon, opening his mouth.

Vaguely, there was even a dragon chant coming from the horizon.

The dragon smashed into the left shoulder blade abruptly!

For an instant, Chen Feng's body was tight.

However, the expected pain did not come.

Looking down, a whole new space has been opened up in the left shoulder blade!

Inside, the sacred dragon disappeared.

Instead, it is a slowly burning **** and demon real fire!

This **** and demon is really fire, and the color is crystal clear, like a burning glass crystal.

It slowly descended, and finally stopped in the center of the brand new space on the left shoulder blade.

Hum!

The body seemed to resonate.

Immediately afterwards, the real fire of this **** and demon suddenly released a powerful aura.

From the left shoulder blade, the powerful blood of the gods and demons scattered instantly!

They dipped into the depths of the bones along the limbs and hundreds of skeletons, scouring his blood.

In the dilapidated hall, the celestial beast slave stood by Chen Feng.

Suddenly, a glowing glow burst out of Chen Feng's body.

Even with a masquerade, the Tianchou Beast Slave can still clearly feel that Chen Feng's body is changing!

Indeed, Chen Feng is getting stronger!

A ninth-rank middle-level **** and demon bloodline is changing his original body!

He could feel that his muscles seemed to be injected with infinite strength.

The already strong body is constantly refreshing its toughness, going straight up!

The more he changed, the more excited Chen Feng was.

So far, the physical strength alone has at least doubled!

The feeling that the whole body is flooded with power is really comfortable!

Originally, he could only crush the people in the sixth floor of the Star Soul Martial God Realm.

For the powerhouse of the seventh floor of the Star Soul Martial God Realm, it can only match the initial stage.

However, he now has confidence in a fight against people in the middle stage of the seventh floor of the Star Soul Martial God Realm!

Such a change really made Chen Feng's heart happy.

"This is just the benefit of absorbing the blood of the first **** and devil!"

"If I absorb the entire blood of twelve gods and demons, how much will my strength increase?"

"Will it be the strongest combat power that directly broke through to the Star Soul Martial God Realm?"

As the blood of the gods and demons dispersed throughout the body, the real fire of the gods and demons on the left shoulder blade was gradually absorbed.

Suddenly, Chen Feng's mind moved.

In the next second, his spiritual consciousness came to the star soul space.

In the vast star soul space, there seemed to be some kind of fluctuation on the seemingly flat star map.

Li Hexuan, who fainted beside Chen Feng, suddenly burst into blood!

His breath was weakening rapidly.

"Li Junran, how dare you..."

Before he finished speaking, Li Hexuan's eyes burst out with an incredible look on his face.

In his star soul space, a touch of star projection spontaneously lit up.

What echoed in the distance was in Chen Feng's star soul space, and in that vast expanse of stars, the corresponding star projections gradually appeared!

With the appearance of this star projection, the star map became more and more turbulent.

Chen Feng felt a little nervous.

In an instant, his fluctuating star map suddenly split and spread out!

The vast and majestic breath, overwhelmingly released!

Before Chen Feng changed his face, he saw countless brand new stars appearing in those split star maps!

These newly-appearing thousands of stars, speaking of the huge star map that was originally torn apart, are reconnected together.

In the end, a brand new and larger star map was formed!

In the star soul space of Li Hexuan, the star map gradually disappeared, and the stars gradually dimmed.

A large amount of the power of the stars poured down and was instilled into Chen Feng's new star map.

Seeing such a shocking scene, Chen Feng was extremely ecstatic!

"Is this the power of the Supreme God Demonizing Dragon Art!"

"This is too strong!"

"As expected, there is only the fragment of the first volume, and it can be recognized as a ninth-rank Hong-ranked God and Demon Dao Mind Art!"

"In addition to being able to directly strip away the blood of other gods and demons, even the stars condensed with the other's star chart."

"And, the power of the stars absorbed, stripped together, all for my use!"

"If this continues, my star map will grow bigger and bigger!"

"My blood will be stronger and stronger! My potential will be stronger and more invincible!"

Facing the huge new star map, Chen Feng's heart was surging.

No language can specifically describe his mood at this time!

Chen Feng can almost feel it.

[Chapter 5059: Rumors are everywhere! The crisis of the Zipao people!](#)

The realm of his own cultivation is rapidly improving at a speed visible to the naked eye!

Now he can break through at any time!

Directly from the third floor of the Star Soul Martial God Realm, break through to the fourth floor!

This is the direct benefit of the expansion of the star map!

However, Chen Feng did not rush to make a breakthrough.

Such a good opportunity naturally has to wait until the right time to make use of it.

After all these transfers were completed, suddenly, Chen Feng had an extra cognition in his mind.

That is from the perception of the Supreme God Demonizing Dragon Art.

"It seems...because the first bloodline of the gods and demons I absorbed is the 9th grade middle."

"Therefore, the next bloodline of the gods and demons to be absorbed must be at least 9th-Rank!"

This cognition, like a basin of cold water, immediately poured down from Chen Feng's head.

Chen Feng's ecstasy was instantly extinguished.

Although there is no accident, it is still sighing.

"I knew long ago that cultivating this Supreme God Demonizing Dragon Technique is by no means easy."

"But I didn't expect it to be so difficult."

Just by absorbing this first bloodline, Chen Feng could really feel the difficulty.

This time, he was lucky, just as the owner of the bloodline of the gods and demons was fully awakening the bloodline.

Otherwise, you really have to fight with Li Hexuan again, what will happen to you still missing!

What's more, Chen Feng knew it when he could sense the blood of the gods and demons in a radius of thousands of miles.

Within a thousand miles, there are very few people with the blood of gods and demons!

Moreover, most of the bloodlines are also inferior to the 9th grade.

Like the direct sons of several big families in Duanmu Xiancheng, the bloodline is no more than that of Lihexuan, the 9th grade is only medium.

You know, in this Xuanwu Middle Thousand World, being able to have the bloodline of the gods and demons of the 9th rank is already a very powerful bloodline!

Otherwise, why is Li Hexuan so arrogant?

"Hey--"

Chen Feng slowly opened his eyes and sighed.

It's not easy to find the bloodline of the ninth-grade gods and demons!

It is possible to be the son of the city lord of Duanmu Xiancheng, and the young lord of the Duanmu family can have it.

Chen Feng stood up.

The Tiancun Beast Slave greeted him immediately.

"Brother, you succeeded!"

A smile appeared on Chen Feng's face.

He nodded lightly, and at the same time, looked at the Tianchou beast slave: "How long has it been?"

"one day one Night!"

At this time, Chen Feng was not surprised.

In his expectation.

However, he looked around, except for Li Hexuan who had passed out, there was no Zhong Li Yuntian.

"Has Zhong Li Yuntian come back?"

The Tianchou Beast Slave nodded.

"He got rid of the chase away from home and came back once."

"Seeing that you are busy, just go out again and spread the false news about the purple-robed man."

Chen Feng was taken aback, then laughed.

"It's hard enough."

...

At this time, Duanmu Xiancheng did not know why, in many places, rumors were everywhere.

The news that the mysterious purple-robed man sneaked into the Tang family and stole the three blank invitations from the Tang family, seeming to have double wings and scattered around.

And this mysterious purple-robed man was resting in a deep palace at this moment.

Here, it can be said to be the fringe area of Duanmu Xiancheng.

There are floating mountains all around.

These floating mountains are inaccessible and desolate, with very few clouds.

Occasionally, civilians take root in them and live and work in peace and contentment.

On weekdays, no immortal cultivator will pass through these places, let alone settle down.

But, now, one of the small floating mountains here is completely controlled by the purple-robed people.

Since that day, after being designed by Chen Feng and ruining some plans, the Zipao people have been chased by the masters of the Tang family all the way.

In the end, although he still got rid of those who chased and killed, he also paid some price himself.

Otherwise, it won't be reduced to such a place to hide his body.

The purple-robed man sitting above the hall, as soon as the kid's smile that day appeared in his mind, his anger couldn't hide.

Suddenly, his closed eyes suddenly opened.

Almost at the same time, a tyrannical breath suddenly came!

Under the palace, the space suddenly appeared strangely twisted.

Immediately afterwards, a figure slowly walked out of the twisted space.

After the person walked out, the twisted space instantly returned to normal.

It seems that this person is here.

The purple-robed man stared at the uninvited guest with cold eyes.

"How did you come."

The people standing under the hall, wearing white robes, couldn't see clearly.

Hearing the words of the man in the purple robe, the man in the white robe smiled deep.

He walked forward slowly.

If it was at this moment, if someone was present, the face would definitely change!

Forget about the peak of the eighth floor of the Star Soul Martial God Realm, this white robe man actually has a similar aura!

It is also the peak of the eighth floor of the Star Soul Martial God Realm!

The visitor spoke lightly.

"Zipao, with your strength and identity, do you need those three invitations?"

The words are full of banter.

Others are not clear, but the person in the white robe is very clear.

Although, they were also selected by the Lord of Heaven to enter this world of trials.

However, with the identity and strength of the purple-robed person, even if he did not complete the regular tasks, he would not be obliterated by the Lord of Heaven.

When hearing the rumors that came in torrents, the white-robed man thought of a lot for a time.

In order to prove his idea, he even used some means to find this place.

Hearing what the white-robed man said, the purple-robed man slowly spoke.

"I don't need it."

"But my men followed me."

"They have always been loyal to me, so I naturally want to get three tickets for them."

The purple-robed man's voice did not fluctuate, and he could not hear any emotions.

However, the person in the white robe laughed.

"You just pretend."

"Yes, you love your subordinates, so you don't hesitate to be hunted down by the entire Tang family, and you have to get three tickets for them?"

"You are such a person? Why don't you believe it?"

"Hua Lingchen, Hua Lingchen, it seems that I came just right."

"Today, you are destined to die in my hands!"

Before the words fell, the man in the white robe disappeared in place!

Murderous aura suddenly spread!

Great earthquake trembled!

Almost at the same time, the purple-robed man also disappeared in place.

boom!

In an instant, the two had already handed in their hands in the air!

The white-robed man laughed wildly: "Sure enough, I didn't expect it. Hua Lingchen, with your seriously injured body, how can you fight me!"

As he said, the overwhelming force swept towards the purple-robed man.

This battle was extremely fierce!

Outside the hall, the ordinary civilians under control shivered.

They only dared to hide in their respective houses, hug each other tightly, and kept praying for God to fall down and protect their lives.

Suddenly, a purple light burst out from the deep hall!

The purple robe is invincible!

He and the people in the white robe are dead enemies.

[Chapter 5060: Invalid invitation?](#)

On weekdays, with his heyday, he can always beat people in white robes.

How could it end up like this now!

The person in the purple robe is getting worse and worse!

He was covered with blood, even if he was full of resentment and resentment, he could only escape in embarrassment!

After he escaped a long way, after confirming that the white-robed man could not find him temporarily, the purple-robed man stopped again.

Looking at the direction from a distance, he suddenly became cold and fierce, and began to curse bitterly.

Chen Feng's appearance once again appeared in his mind.

Zipao people have never been so angry.

His eyes were bloodshot and he gritted his teeth and said: "Boy, you made me into such a situation! You broke all my plans!"

"I originally planned to make a breakthrough in this mid-thousand world and reach the ninth building!"

"It just fell short!"

As he said, he suddenly laughed coldly.

"Do you really think that I have nothing to do with you!"

"Since you dare to make me so embarrassed, if I don't let you pay a heavy price, I would be too sorry!"

The purple-robed man turned his hand and took out a mysterious orb with a large palm.

The whole sphere is translucent, and it is vaguely visible that it contains a mysterious atmosphere.

With the spirit of the purple robe man moved.

In that mysterious sphere, Chen Feng's appearance instantly appeared.

At the same time, all the information and location of Chen Feng appeared in the mind of the person in Zipao.

"So your name is Chen Feng! Wait for me!"

After the purple-robed man put away the mysterious orb, he quietly disappeared in place.

In a blink of an eye, three days have passed.

The three of Chen Feng quietly returned to the huge floating mountain where the City Lord's Mansion was located.

That day, they sneaked into the Tang family in disguise, and after making a fuss about the Tang family.

In order to plant a devilish heart for Tang Weiyan, the head of the Tang family, Chen Feng could only withdraw the devilish heart that Peng Tiancheng had originally implanted.

"Brother, will the person you mentioned come?"

The three quickly arrived at Xiancheng Inn.

Every time he came to Xiancheng Inn, Chen Feng couldn't help but sigh inwardly.

Too magnificent!

Worthy of dare to call yourself "Xiancheng Inn"!

Zhong Li Yuntian followed, carefully observing the surroundings.

Following the crowd, the three of them stepped into the Xiancheng Inn.

Today's Xiancheng Inn seems particularly lively.

The three of Chen Feng just found a corner and sat down, and they saw a familiar figure from a distance.

"he came."

Tiancun Beast Slave and Zhong Li Yuntian followed Chen Feng's sight.

I saw a young man in a hurry, hurriedly stepping into the Xiancheng Inn, looking around, seeming to be looking for someone.

Soon, the man saw Chen Feng and three people sitting in the corner.

Awe appeared on his face subconsciously, and his figure became restrained.

The person here was Peng Tiancheng.

Seeing Peng Tiancheng approaching quickly, Chen Feng couldn't help feeling somewhat satisfied.

However, superficial work has to be done.

He constricted his expression and looked at the incoming person slightly flatly, seeming to have a feeling of imposing anger.

"sit."

Sure enough, Peng Tiancheng couldn't help trembling when he saw Chen Feng's reaction.

He looked at Zhongli Yuntian and Tianchou Beast Slave sitting next to Chen Feng.

All masters!

The strong aura even reached the seventh floor of the Star Soul Martial God Realm!

During this period of time, Peng Tiancheng has also made great progress in his cultivation in this Xuanwu Zhongqian World.

Originally, when he heard the news of the three-day covenant, he still hesitated.

Fortunately, there is no fluke!

Chen Feng's methods are definitely better than he thought!

Thinking of this, Peng Tiancheng hurriedly sat down obediently.

He was about to speak.

Suddenly, in the entire Xiancheng Inn, all the cultivators' complexions changed.

His sight, which was originally bright, suddenly became dim.

The four of Chen Feng were sitting in the corner, next to the window.

Looking out, his complexion also changed!

It was an extremely huge fairy bird flying above this Fang Tianyu!

The world suddenly darkened, precisely because its wings spread out, covering the sky above this floating mountain!

The breath of this fairy bird is strong, but not murderous, enough to make everyone notice it!

When Chen Feng raised his head to look at the immortal bird, his eyebrows frowned slightly.

"Someone."

Sure enough, many people soon discovered this.

A figure stood on the back of this behemoth.

"People from the City Lord's Mansion."

Zhong Li Yuntian said lightly.

You know, the nearby floating mountains are the sites of the Duanmu family.

There are prohibitions above the sky.

Without a special identity, even if his cultivation level is extremely high, he would not dare to be so unscrupulous here.

Chen Feng and the others probably have some in their hearts.

I saw the fairy bird flying forward at a very slow speed.

At the same time, from the back of the huge fairy bird, a loud voice came to the surroundings.

At least the powerful warrior of the ninth floor of the Star Soul Martial God Realm!

That person's voice clearly echoed throughout the floating mountain.

"The City Lord's Mansion has an order!"

"In recent days, in Duanmu Xiancheng, there have been cases of attacks and killings of major families."

"After investigation, we found that the purpose of these attacks was suspected to be those invitations issued by Duanmu."

"Therefore, the City Lord's Mansion issued a killing order today!"

"From today on, those who dare to make trouble again will be killed!"

The man above the sky has a sonorous and firm voice.

The supreme sound wave passed through the void, beating each cultivator's heart word by word.

Soon, the huge fairy bird flew across the sky and continued to fly away.

The originally gloomy sight quickly returned to normal.

Just when Chen Feng and the others thought it would be so easy to pass, suddenly, on the back of the immortal bird in front of him, a faint loud sound came again.

"Young Master Duanmu would like to remind everyone who snatched the invitation letter."

"The invitations sent to the major families have a special atmosphere."

"Unconventional means can be erased."

"At that time, dare to hold these people who have special aura and are not from major families. Even if they come to the City Lord's Mansion, they will be killed on the spot by the City Lord's Mansion!"

If it were originally, Chen Feng and others were just shocked.

Then, hearing this, Chen Feng's face suddenly became extremely ugly.

He immediately took out the blank invitation letter he got from the Tang family.

According to the Lord of Heaven, as long as you brand your aura on the invitation letter you get, you can be regarded as completing a routine trial task.

Chen Feng tried without hesitation.

However, it failed!

Just as the strong man in the City Lord's Mansion said, there is indeed a special secret aura on this blank invitation letter.

I don't know if it is because of this special breath.

No matter how Chen Feng tried, he couldn't let his breath be imprinted on this invitation letter!

"hateful!"

Chen Feng immediately punched the air bitterly.

I thought a routine task was completed, but I didn't expect this accident to happen!
