

Peerless 5191

[Chapter 5191: Soul of the sword is now! Knife out! Punish!](#)

At this moment.

An extremely fierce light instantly attracted everyone's attention.

"This breath!"

Someone exclaimed.

Chen Feng, who was trapped among the eight figures, exploded with an astonishing atmosphere of terror.

The broken knife in his hand burst out into the sky in all directions.

Peerless weapon!

At this moment, these four words appeared in everyone's hearts at the same time.

Chen Fengmo danced wildly, and his robe was blown by the wind.

In the star soul space, above the huge star map, there are six big moons, brilliant!

A large amount of the power of the stars was poured into the broken sword.

boom!

Soul Blade, now!

This is the first time Chen Feng has used the true power of Soul Sword!

In an instant, a cold murderous aura filled the entire void, like an autumn wind sweeping fallen leaves, with depression.

With the current strength of the people present, the chill from outside cannot penetrate into the body at all.

But at this moment, everyone has long been missing the icy cold from the inside out.

The light continued to strengthen, causing some people to cry uncontrollably and desperate thoughts in their hearts.

That was the result of absolute killing intent!

At this moment, even those demon gods suddenly felt uneasy.

They were roaring, but they dared not attack Chen Feng for a long time.

At this moment, Chen Feng felt an invisible force contact him.

The Soul of the Blade trembles unceasingly, and then sends out a high fighting spirit, as if returning to the battlefield again after years of silence.

The long-lost killing intent, in turn, also affected Chen Feng.

He held the broken knife tightly, and his heart surged.

And the huge Soul Blade in his hand finally burst out with a dazzling light at this moment.

At this moment, the four true disciples of the Beast God Sect who besieged Chen Feng immediately shouted in their hearts.

They can feel that there is an extremely terrifying force that has firmly locked their bodies.

They wanted to escape, but for some reason, they realized with horror that at some point, their bodies were out of control!

The surrounding space seemed to lock them in place.

And the light in the distance is getting closer...

boom!

When it was said that it was too late and then it was fast, and the bitter sword intent instantly hit the four of them.

The void was shaking like crazy, as if it would shatter at any time.

Even Xia Haochu and Elder Yuan, who were entangled in the distance, turned their attention to this direction.

Splash of blood!

The monster beast wailed and fell down!

Of the four true disciples of the Beast God Sect, three of them shattered into blood mist on the spot!

Only the last person was left, vomiting blood.

Although he did not die, he was seriously injured and dying.

The meaning of endless despair burst out, like a rock shattering the sky, revealing a powerful force that has never been seen before!

Everyone was shocked.

Countless people looked in the direction where Chen Feng was besieged, temporarily forgetting their movements.

In the midst of the **** storm, a figure burst into blood mist.

"go!"

Chen Feng quickly shouted at Jiang Yunxi, Que Yuanzhou and Que Yuanyi.

At this time, the tacit understanding of the three reached the peak.

Chen Feng's figure quickly disappeared into the distance, followed by Jiang Yunxi who quickly got rid of.

The disciple of the Beast God Sect came up to make it clear this time, this time it was only aimed at Chen Feng alone, and did not intend to become an enemy of the Galaxy Sword Sect.

So, as long as Chen Feng leaves the team now, Xia Haochu and others will not continue to pester other participating disciples of the Galaxy Sword Sect.

But Jiang Yunxi and the others just stepped forward, they had already regarded him as one, and Chen Feng could not ignore them.

As the four left, Xia Haochu also stopped.

He looked at the direction Chen Feng was leaving, his face even more interested.

"Unexpectedly, you kid is unexpectedly strong. There are so many hole cards. You can."

Xia Haochu turned his head and glanced coldly at the remaining disciples. He simply dismissed the deaths and serious injuries of his fellow students.

"Catch me."

As soon as the words fell, the remaining seven members of the Beast God Sect followed Xia Haochu, chasing and killing them in the direction where the four of Chen Feng left.

The scene was calm again.

And far away.

When Xia Haochu was chasing people up, Chen Feng's four had already disappeared far away.

To be honest, Chen Feng didn't know where they were fleeing now, or whether they were heading for the Jade Breaking Conference.

After the sword soul waved just now, the world changed color, and most of his power was squandered by this move.

His face was pale, and he threw away the people of the Beast God Sect.

Brother Que Yuanzhou checked behind him, his expression relaxed, and a little smile appeared on his face: "They should not be able to catch up for the time being."

Que Yuanyi was also relieved, and then looked at Chen Feng excitedly.

"Master Chen, the trick you just used is really amazing!"

"The three powerhouses in the eighth floor of the Star Soul Martial God Realm were actually beheaded by you! Too powerful!"

It's just that Que Yuanyi hasn't finished speaking yet.

Chen Feng, who had been walking side by side with them, suddenly shook his figure, and actually planted his head towards the ground.

This change was too sudden!

Fortunately, Jiang Yunxi reacted for the first time and shot immediately.

Flicking his sleeves, he flung out a touch of light yellow satin with a special material, which directly wrapped Chen Feng's waist and pulled it back again.

She had a serious face, turned her hands, and took out another immortal boat.

This immortal boat is not as big as the one of the Galaxy Sword Sect, only a few meters long, just enough to accommodate a few people from Chen Feng.

There is no sign of the Galaxy Sword Sect on the immortal boat. The whole body is pale yellow with the word "ginger" on it.

It seems that it should be the immortal boat that Jiang Yunxi used in his own time.

Chen Feng was placed on the deck by her, and the Xianzhou sailed forward on its own.

"As expected, Junior Sister Jiang Yunxi."

"Fortunately, you react quickly, otherwise..."

Que Yuanzhou glanced at the bottom, it was an endless ocean.

You know, the ocean is more terrifying than the earth.

If Chen Feng fell a further distance, I am afraid he would be stared at by the terrifying existence in the ocean.

"He was badly injured."

Jiang Yunxi frowned and looked at Chen Feng extremely worried.

Brother Que Yuanzhou hurried forward and carefully checked Chen Feng's physical condition.

Upon detection, the brothers suddenly changed color.

Chen Feng's injuries are extremely serious!

It seems that the shocking blow just now was indeed the trump card at the bottom of the box.

If it is not a critical moment, it will not be taken out.

The sword swept down, and if it failed to break out of the siege, it would be death waiting for Chen Feng.

Must die!

Que Yuanzhou couldn't help but sighed: "According to his current physical condition, he should have fallen after swinging that knife."

"Yeah, I don't know how he can do it, and he can fly at high speed, leaving Xia Haochu and others behind."

Jiang Yunxi stared at Chen Feng, who was bloodless, extremely worried.

She raised her head and looked at the two of Que Yuanzhou.

[Chapter 5192: Monstrous! Swire Chasing the Sun King Snake!](#)

"What kind of medicine can help him recover as soon as possible?"

The brothers laughed when they heard her.

"It is not necessary for Miss Jiang to say that Chen Feng is a friend of our brothers, so naturally we will not die."

With that, Que Yuanzhou took out a white jade porcelain vase and poured out a third-grade Baodan from it.

Jiang Yunxi's face changed slightly when he saw this glorious third-grade treasure pill.

"Rejuvenation True Pill."

She looked at Que Yuanzhou: "Is the top rejuvenation real pill in Yi Changkong's hand made by you?"

Que Yuanzhou nodded.

"It should be, my brother and I refined three top-level rejuvenation real pills at that time."

"One per person, and the remaining one was given away. Maybe it was lost in his hands."

Seeing this Rejuvenation True Pill, Que Yuanyi's face also changed slightly.

"Brother, is it a little risky?"

Jiang Yunxi knew what he was referring to.

Before, on the square outside the Zongmen Hall.

After Yi Changkong was seriously injured, in order to continue to kill Chen Feng, he did not hesitate to take a top-level Rejuvenation Pill.

Such a top-level rejuvenation pill, even if an ordinary person is seriously injured, his body may not be able to withstand the majestic strength.

However, Que Yuanzhou didn't hesitate at all, and directly stuffed this rejuvenating pill into Chen Feng's mouth.

"I think Chen Feng is fine."

As soon as the Rejuvenation True Pill entered, the terrifying and huge repair power surged out of his body.

Above the almost dry star map, shining brilliance appeared again.

In the golden spiritual space, the golden spiritual power clashed like a tide again.

Many broken meridians and injured acupoints have all been repaired to a certain extent.

From the outside, Chen Feng's face was regaining a trace of blood at a speed visible to the naked eye.

Then, he opened his eyes.

In fact, Chen Feng could always hear the conversation between the three of Jiang Yunxi.

Although he was seriously injured, the number of times he was seriously injured is also not a few, and it is not necessarily a situation where the oil is exhausted.

However, these are not the points.

"Chen Feng!"

When Jiang Yunxi saw him open his eyes, the concern on his face was beyond words.

Chen Feng smiled at her, and then looked at brother Que Yuanzhou.

Thousands of words, in the end only converged into one sentence, two words.

"Thank you."

He stood up and felt the current state of his body.

Que Yuanyi was very worried about whether the top-level rejuvenating real pill would be too effective, and asked him how he felt.

Chen Feng waved his hand: "Don't worry, you can eat another one."

Although it is a joke, it is also the truth.

After serving a top-level rejuvenating pill, part of his injury recovered, but he was far from fully recovered.

Don't worry about it.

Hearing Chen Feng's answer, Que Yuanyi couldn't help but be surprised.

"Chen Feng, your physique is too strong!"

"Obviously, the sixth floor of the Star Soul Martial God Realm is only at the level of cultivation, but after a serious injury, a top-level Rejuvenation True Pill will not be able to completely heal you."

"It seems that I have to study more top-level healing pills next."

When everyone heard it, haha laughed.

However, after laughing, the four of them focused on the current situation.

They are flying over an endless ocean.

They don't know in which direction the Broken Jade Conference will be held.

They also don't know whether there will be any danger before and after.

Chen Feng fixedly looked into the distance.

"Relax, you are implicated by me and are my friends. I will definitely protect you and take you to the Broken Jade Conference."

Seeing that he had recovered a lot, Jiang Yunxi let go of his hanging heart, and also showed his old smile.

At this moment, suddenly, her peripheral light glanced forward.

"what is that?"

Jiang Yunxi's expression changed, and she stretched out her finger to the high altitude in front of them.

The three of Chen Feng looked in the direction she was looking at, and their expressions changed immediately.

Suddenly thousands of miles of black clouds gathered on the horizon ahead, covering the sky and the sun!

Even the entire sky was dimmed, as if the end had come.

The black cloud was surging and spreading, and soon it was like a huge skynet, lying in front of Chen Feng and their immortal boat, blocking them from crossing.

Such a special celestial phenomenon is no coincidence.

Just thinking about it, a powerful demon gas immediately rose to the sky.

The four of Chen Feng became alert for the first time.

They just got rid of the interception of the true disciples of the Beast God Sect.

At this moment, when he suddenly sensed the monstrous demon energy, he would naturally think that it was someone from the Divine Beast Sect who had caught up again.

But soon, Chen Feng and others overturned this suspicion.

The breath is different!

"Go, go over and take a look."

The four of them stood on the immortal boat and looked closely.

Jiang Yunxi stared into the dark clouds with beautiful eyes, and suddenly said:

"In the dark clouds, there is a giant snake."

With her prompt, everyone soon saw a large black snake that was hundreds of meters long from the thick black clouds surging.

The black snake was constantly tumbling, shuttled among the black clouds. It is too huge, if it hadn't had claws and dragon horns, it would not be an exaggeration to say that it looked like a black dragon.

The source of the monstrous demon gas lies in it.

"Swire Chasing the Sun King Snake!"

Brother Que Yuanzhou shouted out in unison.

Hearing this name, Chen Feng felt a sudden shock.

He has heard of the Taikoo Sun-seeker, which is a prehistoric alien, a descendant of gods and demons.

Moreover, it is said to be the descendant of Zhu Jiuyin!

The Que Yuanzhou brother beside him was also excited.

"I didn't expect to see the Taikoo Sun-seeker King Snake here!"

"It is said that they live day by day, and they have one of the bloodlines of ancient gods and demons in their bodies: Dari bloodlines!"

"When I saw it today, it seemed absolutely true."

Indeed, the four of them could feel the power of the powerful and powerful blood coming from the black snake's body far away.

Que Yuanyi was even more excited.

"According to rumors, if he can swallow his blood, ordinary cultivators will have a chance to become a god-devil warrior!"

God and Demon Warrior!

That is the path that countless cultivators yearn for.

"It's just that this kind of demon **** is extremely powerful. Generally, the adult Taikoo Sunstrider has the strength of the eighth rank demon god!"

"Ordinary cultivators, it's impossible to subdue him, let alone swallow his blood."

After the excitement, the Que Yuanzhou brothers could only look at the Taigu Sun-seeker King Snake in the dark clouds, and sighed.

Their current strength alone cannot swallow their blood.

However, Chen Feng is no ordinary practitioner.

His heart is moved!

The average person cannot swallow the blood, but he can.

If he can swallow this bloodline.

Not only the injuries on his body can be fully recovered, but the divine consciousness may make his blood of the gods and demons stronger!

Chen Feng carefully looked at the thousands of black clouds ahead.

The one tumbling in the dark clouds is not only the Primordial Sun Chaser, but also the Primordial Sun Chaser!

It is more powerful than the general Taikoo Sunstrider!

[Chapter 5193: Shifang Dongtian! Star Soul Wuzu! Terror Thunder Tribulation!](#)

Judging from the billowing demon energy it releases, it is at least the 9th grade demon god, equivalent to the strength of the tenth floor of the Divine Gang Realm.

This level of strength, based on the current Chen Feng four's skill, is not an opponent at all.

This makes Chen Feng regretful.

"It seems that this ancient sun-seeker king snake is going through the catastrophe. Let's take a detour."

Que Yuanzhou said casually.

He does not mean that.

Chen Feng frowned slightly: "Crossing the Tribulation?"

Que Yuanzhou nodded and explained at will:

"Generally speaking, this kind of demon **** is a prehistoric alien, descendant of **** and demon, of course, is born stronger than other types of demon god."

"However, while being strong, there must be a corresponding price. That is the robbery."

He pointed to the black cloud stretching thousands of miles ahead.

"Have you seen it? This is the symptom of it's catastrophe. Every 10,000 years, they will suffer a catastrophe."

"Many prehistoric alien species and descendants of gods and demons died in the process of crossing the catastrophe."

Chen Feng heard the words and thought of something in his heart.

In Que Yuanzhou's explanation just now, he received a key piece of news-crossing the catastrophe is extremely difficult for the Primordial Sun Chaser.

Even if it can successfully overcome the catastrophe, the strength will be greatly weakened.

And this, for Chen Feng, is an opportunity!

However, Chen Feng suddenly thought of another thing.

He turned and looked at the three next to him.

"The demon **** needs to cross the calamity, what about the person? Does the person need to cross the calamity?"

Unexpectedly, Chen Feng's casual question caused Jiang Yunxi's expression to change unexpectedly.

There was a clear look of sadness on her face.

"also need."

Hearing this answer, Chen Feng felt calm. He continued to ask: "When?"

Jiang Yunxi raised her eyes and met his gaze, then replied word by word:

"Shifang Dongtian Realm."

That is, the Star Soul Martial Ancestor Realm!

This answer successfully caused Chen Feng to change his face.

"Human cultivators need to cross the calamity once when they step into the Ten Fang Dongtian realm."

"This catastrophe is extremely difficult. There are three thunder catastrophes, and every time they are deadly souls!"

This news was unexpected to Chen Feng.

He didn't expect that there would be unexpected news if he asked casually.

"In other words, we are not far from crossing the robbery?"

Jiang Yunxi nodded.

She continued: "Look, there are so many elders of the Galaxy Sword Sect."

"Many of them have been stuck at the peak of the twelfth floor of the Star Soul Martial God Realm."

"Did they really encounter a bottleneck? No, most of them are mainly afraid of death and dare not overcome this catastrophe!"

This news is too shocking.

Since Chen Feng entered the Galaxy Sword Sect, he has not paid much attention to this.

Alongside, the two Que Yuanzhou brothers also looked serious and solemn.

They looked at Jiang Yunxi and asked: "Then did they suppress the cultivation base?"

Jiang Yunxi nodded: "Generally speaking, those who dare not overcome the catastrophe can forcefully suppress the cultivation base."

"However, I heard that if a person's strength reaches a higher level."

"Even if the cultivation level is still the twelfth floor of the Star Soul Martial God Realm, but once the strength is enough to step into the Shifang Dongtian realm, it will be useless to suppress the cultivation level forcibly."

"Why?"

Jiang Yunxi looked at the three of them: "At that time, Lei Jie will find it by himself."

Hearing this answer, the four of them fell silent for a moment.

Jiang Yunxi's answering questions was tantamount to telling them.

If you want to continue to practice, continue to break through, this extremely deadly catastrophe!

But it's too much!

Either die or stop practicing!

There is no other option.

Chen Feng was silent for a while, then fixed his gaze again on the Primordial Sunseeker King Snake tumbling in the distant black cloud.

Jiang Yunxi noticed his changes and was a little puzzled.

"Young Master Chen, what do you keep looking at the King Snake of the Taigu Sun?"

Everyone is a friend, and Chen Feng did not intend to cover it.

"I want to kill that snake."

When these words came out, Jiang Yunxi, Que Yuanzhou and Que Yuanyi were all stunned.

They all looked at Chen Feng, and for a moment thought Chen Feng was joking.

However, Chen Feng's face could not find the slightest hint of joke.

He is serious.

Que Yuanzhou felt a little dry in his mouth.

Chen Feng dared to stare at a Ninth-Rank Demon God who was about to cross the catastrophe. I really don't know whether to call him courageous or bold.

Chen Feng saw their thoughts and explained briefly.

"At present, my injury has not healed. If I can kill this snake and swallow its blood, it will be of great benefit to me."

"All we have to do is wait for a while."

"When it is overwhelmed and its vitality is severely injured, it suddenly attacked. It may not be impossible to kill."

Listening to Chen Feng's calm and simple words, the Que Yuanzhou brothers even had an illusion:

Chen Feng was not talking about killing the Ninth-Rank Demon God, but was discussing what to eat today.

However, after they recovered, they couldn't help but treat Chen Feng differently.

Only with such a grandeur, can Chen Feng be achieved today. On the contrary, they still have too limited ideological awareness.

Thinking of this, the Que Yuanzhou brothers couldn't help but look at each other.

In the hearts of the two people, a flash of flame lit up. There is a lot of pride, slowly rising from the body.

At this moment, Jiang Yunxi, who had been silent beside her, suddenly spoke.

She looked at Chen Feng and asked calmly: "What are you going to do?"

Chen Feng looked into the distance.

"Let's get closer to the place to see the situation." As he said, he looked back at the three of them, "What do you think?"

Jiang Yunxi nodded without hesitation: "Okay."

Brother Que Yuanzhou nodded at the same time.

"can."

"We have no objection."

Now that everyone agreed, Jiang Yunxi urged the immortal boat and quickly approached the black cloud in the sky.

The closer you get, the more you can feel the ultimate shock of the picture.

The sky was shaking, and the huge Primordial Sun Chaser was constantly rolling and roaring among the black clouds.

And among the overlapping dark clouds, thunderous noises from time to time.

You can see clearly when you look closer.

It turns out that the black clouds of thousands of miles are so wide.

The main reason is that the King Snake Chasing the Sun continuously set off air waves, expanding and expanding the thick black clouds.

The space is trembling, and the black water below is surging.

In the dark clouds, there are still several storms constantly entwining the Taikoo Sunseeker King Serpent.

As time went by, the world became darker and darker.

And the terrifying coercion that came down from above the nine heavens also forced Chen Feng and others to subconsciously throb.

"This is too scary..."

Brother Que Yuanzhou looked at such a great momentum and couldn't help but slap his tongue.

Chen Feng stood quietly on the deck of the Xianzhou, looking at the black cloud ahead blankly.

Jiang Yunxi turned his face and looked at him.

"What are you thinking?"

At the same time, Chen Feng frowned suddenly.

He did think of one thing-the movement here is really too big.

[Chapter 5194: Thunder robbery! Besieged the Taikoo Sun King Snake!](#)

Although it is at sea, there is no shortage of overseas casual repairs.

It is not necessarily the only four of them who discovered that the King Snake was moving.

"Will someone lie in ambush?"

Chen Feng thought to himself.

Thinking like this, he immediately released extremely powerful mental power.

Since breaking through to the sixth floor of the Star Soul Martial God Realm, Chen Feng's mental power has also made a new breakthrough.

Coupled with his extremely keen perception, and supplemented by the third vertical eye skill in the Heaven and Earth Repetitive Reincarnation Art, the result will soon be obtained.

Sure enough, someone!

Although there is only one person, this person is quite capable!

Chen Feng looked at the sea level far away.

The sky and the earth are dim, but it does not prevent him from seeing the sea below, and there are some primitive islands in the distance from time to time.

The strong breath he felt came from a remote island thousands of miles away.

As soon as he noticed this breath, Chen Feng immediately informed the three people around him.

"That person probably hasn't found us yet."

Chen Feng looked around and pointed his finger at an island not far below.

"If this is the case, we will simply hide and wait for the opportunity then."

Jiang Yunxi waved and put away the immortal boat, and the four gathered all their breaths.

Then, quietly landed on an uninhabited island less than ten miles away.

At midnight that day.

High in the sky, a big moon has quietly hung to the highest point.

It is as big as a disc, with pale moonlight of light and shade.

The moonlight fell on thousands of miles of dark clouds, like a purple light igniting the entire black cloud.

Boom!

This moment is the weakest moment of Great Sun, and it is also the moment when Thunder Tribulation comes!

In the dark night of Rumo, a loud noise awakened everyone in the sea.

The huge lightning word fell straight down in the vast void, violently piercing the black clouds in the sky!

The target, pointed directly at the Primordial Sun-seeker King Serpent tumbling and roaring in it.

The thick lightning surpassed everyone's imagination, like an optimistic pillar.

Thunder light instantly lit up the entire sky, like daylight.

"Is this the Thunder Tribulation of the Primal Alien Species..."

The four of Chen Feng, who were dormant on the distant island, looked at the black clouds from a distance, their faces inevitably shocked.

This is horrible!

That primordial sun-seeker king snake has crossed the sky chasm that countless demon gods dream of. It is superior to all living beings but also has to withstand the harsher test given by heaven.

The thunder and lightning just now is at least as huge as the island where Chen Feng and the others live!

This is monasticism!

Constantly encountering life and death obstacles, constantly experiencing great battles, and under the tribulations, we go step by step.

Nothing in the world is spared even if it is the proud son of heaven or the late bloomer.

Only by going against the sky, constantly breaking through the layers of shackles, can you be proud of the world and sing all the way!

Two terrifying rays of light suddenly burst out of the dark clouds.

"Roar--"

The sound of the billowing devil rushes into the sky!

The originally calm sea below has already been turbulent and magnificent at this moment.

Click-boom!

This first thunder light came up aggressively, without any hint of temptation.

The light was grand, and it instantly dissipated thousands of miles of black clouds.

This line seemed to be huge, but in fact it was extremely fast, and it fell straight on the black snake body of the Primordial Sun Chaser.

However, before the end of the first thunder light, the second thunder light landed on the nine sky far away.

Everyone changed their faces.

"This doesn't give you a chance to breathe and recover at all!"

The huge beam of light is almost condensed into substance.

As if at this moment, it was like a sacred pillar supporting the heavens and the earth, coming straight towards the Primordial Sun Chaser.

Looking at the posture, it is more fierce than the first one, and I can't wait to penetrate it directly!

Boom

Two successive rays of thunder light hit the black cloud one after another, and the black cloud of thousands of miles was scattered by life, exposing the huge ancient sun-seeking king snake hidden in it.

Under the moonlight, the ink-like snake scales reflected a cold white light.

Everyone can clearly see that it already has a huge penetrating wound on its body.

Sure enough, a thunder tribulation of that level is enough to defeat all defenses.

Even the wild alien species, descendants of gods and demons!

No matter how strong the physical body is against the sky and evildoers, under the baptism of two successive thunder tribulations, it can only fall apart, collapse and collapse.

The miserable wailing spread thousands of miles.

The Swire Sunburst King Snake kept rolling and struggling in the dark clouds, and no longer had the original aura.

Its breath was severely damaged and languished.

The eyes were dull and dull, and the tail of the snake was struck by lightning, leaving its skin and flesh torn apart, and it fell down softly.

Even its figure began to shake, and it seemed to fall from high above at any time.

But above the nine heavens, the third thunder light had already fallen.

boom!

A huge beam of light penetrated the sky and the earth, bombarding it down, and the sky and the earth were bright as day again.

The horrible and dazzling light made everyone watching from a distance unavoidably feel terrified and fearful.

At this moment, Chen Feng was suddenly able to understand what Jiang Yunxi had said before.

The reason why so many elders of the Twelfth Floor of the Star Soul Martial God Realm of the Galaxy Sword Sect did not dare to cross the calamity was because they were afraid of dying in this thunder.

If it is a thunder disaster of this scale, it is indeed enough to discourage ordinary people.

In an instant, the black clouds were blown away, and pouring black rain fell locally.

Only a faint whine was heard.

On the body of the Taikoo Sunseeker King Serpent, pieces of black scales kept falling down.

Even its body fell from above the sky, like a kite with only broken wires.

Soon, Chen Feng and others smelled a smell of burnt flesh.

The light of the sky almost knocked down all the snake scales of the Taikoo Sun-seeker King Snake, and water splashed up from the sea below.

Then, it spread out in all directions, forming an extremely spectacular wave!

The nearby islands burst into pieces, and huge cracks were cut into them!

It continued to spread, and was finally lost in the inverted seawater.

Even the island where Chen Feng's four are located has received an extremely powerful wave.

The dry plant above seemed to be chopped off by a huge knife, and it was messy.

At this moment, the aura of the Taikoo Sun-seeker King Serpent had wilted to its weakest level.

And this shocking thunder robbery was finally over.

Above the nine heavens, the terrifying coercive aura gradually began to dissipate.

That primordial sun-seeker king snake, it looks like it has survived!

At this moment, Chen Feng suddenly turned his head and looked at the three of Jiang Yunxi.

"Ok."

Without his words, the three of Jiang Yunxi nodded quickly, and then launched an attack in the direction where the Primordial Sun Chaser fell.

Everything is developing as expected.

At this moment, the King Snake of the Primordial Sun Chaser, even his eyes could hardly be opened.

In the dark night, the three Jiang Yunxi approached quickly like ghosts, and then they tried their best!
boom!

[Chapter 5195: The mantis catches the cicada, and the oriole is behind!](#)

The three did not have any reservations, Qi Qi showed their strongest strengths.

"Roar!"

The King Snake of Taikoo Chasing the Sun was seriously injured and dying, and suffered a fatal thunder disaster in his nine deaths!

Just a little slack, but was suddenly killed like a storm.

Especially Jiang Yunxi, the shot is amazing!

In the moonlight, a beautiful figure curled up and came.

Like the Nine Heavens Profound Girl, she would come out of dust, without touching the world's fireworks.

But such an alluring beauty slowly raised his right hand.

Five slender jade fingers are joined together, under the moonlight like the most terrifying sharp blade in the world.

She drew a graceful arc in the air and slashed down towards the Primordial Sun Chaser.

Immediately, a dazzling and terrifying sword intent smashed straight into the most injured penetrating port of the Primordial Sun Chaser.

The body-protecting snake scales that were shot down by lightning had not had time to recover, and this almost substantial sword intent pierced the snake's body fiercely, reaching the internal organs.

In an instant, the King Snake of the Taikoo Sunburst even spit out blood and flew out for hundreds of miles.

Before it fell into the deep sea, the Que Yuanzhou brothers quietly appeared.

The two of them slapped out their palms and stared at the vicinity of the penetration wound.

The Taikoo Sun Chaser was furious and rolled frantically, trying to attack by waving its tail.

But its tail was already severely injured and torn apart when it resisted the first thunder light.

Even if its original cultivation realm is stronger, at this moment, facing the full attack of the three people, it has nothing to do.

Seeing that the King Snake's breath became weaker and weaker, the Que Yuanzhou brothers were almost overjoyed.

Jiang Yunxi flew over and raised her hand again.

Prepare for the final blow to kill the time when the king snake is in front of you!

Sudden change!

In the darkness in the distance, an extremely convergent light suddenly came.

The goal is straight, Jiang Yunxi!

When it was said that it was too late and it was fast, Jiang Yunxi immediately noticed that the situation was different.

Shengsheng took the blow that was going to be cut, temporarily changed the direction, and counterattacked towards the side and back.

when!

With a clear metal trill, the two sword intents intersect in the void.

"who!"

Que Yuanzhou and Que Yuanyi immediately tightened their expressions and their bodies tightened.

Standing side by side with Jiang Yunxi for the first time, staying vigilant, ready to attack.

A figure appeared in front of the three.

Under the moonlight, it can be clearly seen that this is a middle-aged man, wearing a light blue robe and standing upright with his hair tied.

There is a special mark on his clothes.

Looks like the mark of a certain sect.

But looking at the style of clothing, it doesn't look like a sect disciple.

The coming person has the strength of the ninth building of the Star Soul Martial God Realm.

At this moment, the sudden appearance was obviously calculated long ago, and it was necessary to reap the benefits of the fisherman.

Seeing the ugly expressions of the three of Que Yuanzhou, this person seemed quite proud.

"In the Lower Nine Bear Mountain, Yao Yuanhua."

"Thank you three for helping me to win this primordial sun-seeker."

This is really shameless!

Brother Que Yuanzhou looked at the eyes of the people who came, immediately angry and contemptuous.

"What kind of sect is indiscriminately, the dignified master is so shameless."

The Nine Bear Mountain Sect is indeed just a small force, located overseas, not worth mentioning.

However, at this moment, they can only curse like this.

With their strength alone, the three of them could hardly cope with Yao Yuanhua in front of them.

Jiang Yunxi looked at Yao Yuanhua in front of him coldly.

"The King Snake, Taikoo, is ours."

Her voice was cold, but very clear.

Hearing what she said, Yao Yuanhua immediately laughed, as if he had heard some joke.

He made no secret of contempt and sarcasm in his eyes, and smiled at Jiang Yunxi:

"You do have some strength."

"If I'm not here today, you would really have robbed this ancient sun-seeking king snake."

"But I am here!"

He tossed his sleeves, and raised his chin slightly like a charity:

"For the sake of my good mood today, I won't kill you anymore."

"Wait, leave by yourself."

Jiang Yunxi didn't change his face, and always looked cold to the outside world.

She said lightly: "What if I say no?"

Without waiting for Yao Yuanhua to reply, between the sparks and sparks, I saw a silver light flashing up.

Lifting their eyes, the three Que Yuanzhou in front of them had already backed away.

boom!

Too much to kill God!

Chen Feng's figure suddenly appeared behind Yao Yuanhua.

I saw him holding a silver-white ray of broken knife, slashing it quickly, without giving the opponent the slightest chance to react.

In an instant, Yao Yuanhua's expression changed.

Once the murderous domineering slash locked on the target, it would be difficult to escape.

Although it looks like a simple move, it can make the locked target difficult to move at this moment.

Silver light flashed.

Chen Feng passed through Yao Yuanhua, with no expression on his face.

Behind him, Yao Yuanhua's **** voice came, apparently seriously injured!

"But I was there."

Chen Feng's voice sounded a little cold, but under this situation, it brought a bit of murder.

The moment he appeared, Yao Yuanhua's heart was alarmed.

He cried out badly, and reacted instantly!

From the beginning, the four people in front of them discovered his existence and expected what he would do.

Therefore, only three people were deliberately allowed to come forward and one person was deliberately hidden.

The mantis catches the cicada, and the oriole is behind!

He thought he could take advantage of the fisherman's profit, but he unexpectedly became a mantis in the eyes of others.

What's even worse is that this person who launched the sneak attack is extremely powerful!

Even with Yao Yuanhua's current cultivation strength, it is difficult to withstand the seemingly simple and rude blow just now.

He was still negligent!

In the next second, Chen Feng and Jiang Yunxi walked side by side, and the four of them rushed towards Yao Yuanhua, becoming more and more powerful.

"whispering sound....."

Yao Yuanhua's face showed obvious unwillingness, gritted his teeth, turned and left.

Even if that ancient sun-seeker king snake was in his bag for a long time.

For him, it has a huge appeal.

However, if you lose your life, everything will become vain.

I saw him suddenly burst out with powerful pressure, and the air wave swept away.

At the same time, Yao Yuanhua turned and stared in one direction, and decisively pulled away.

After just a breathing time, he disappeared from everyone's sight.

As a master of the ninth floor of the Star Soul Martial God Realm Dacheng.

Although they suffered a sneak attack and were seriously injured, it was difficult to confront the four of Chen Feng.

However, if you want to escape, even Chen Feng can hardly stop him.

What's more, watching Yao Yuanhua gritted his teeth and took his life, Chen Feng only glanced coldly at his leaving back, and did not chase after him.

His goal has always been locked on the dying Primordial Sun-seeker King Serpent.

Turn around and look at the scorched and dying Primordial Sun-seeker.

The body of a huge snake is covered with terrifying cracks, and a huge penetrating wound can smell of burnt meat.

[Chapter 5196: Refining inner alchemy! The sixth peak!](#)

The tail of the snake fell feebly, and there were few scales left on his body, and they were all dull.

Chen Feng raised the broken knife in his hand again and swung it down.

"Roar--"

The King Snake raised his head for the last time!

It seemed that it was a glimmer of light, and suddenly a surging and primitive aura glowed from his body.

At that moment, a seven-inch inverse scale shot out!

Passing through everyone's sight, quickly disappeared into the darkness.

Chen Feng's reaction was already considered fast, and he tried to intercept it immediately, but it was still too late.

The inky black scale had already disappeared, and I don't know whether it sent any message to the unknown existence.

After a wailing, the King Snake finally dropped his head and gradually lost his breath.

"It's done!"

Looking at the huge corpse of the Taikoo Sun-seeker King Snake in front of him, Chen Feng's heartbeat accelerated.

The brothers Que Yuanzhou and Que Yuanyi behind him looked at the corpse and still had an unreal feeling.

"We actually killed an ancient sun-seeker king snake!"

It's incredible!

After a brief joy, Chen Feng quickly put away the body.

The four quickly erased their breath, and then left the place quickly.

Jiang Yunxi's immortal boat came in handy again.

After ensuring that there are no people in the radius of thousands of miles, and enough concealment.

Chen Feng took out the body of the Taikoo Sun-seeker again.

He saw his hand up and down, dividing his body into several parts.

All of you here are friends. When Chen Feng first said that he wanted to kill the King Serpent, he knew what he wanted to do.

At this moment, they are all tacitly acting as protectors outside.

Chen Feng dug out a human-headed inner alchemy from the body of the King Snake.

That is where a demon god's power is stored.

Since the King Snake of the Taikoo Sun Chaser has just died, this green inner alchemy is still warm, and has just been transformed after a successful triumph.

Chen Feng was not polite and swallowed directly.

Hum!

Accompanied by a deep roar of the body, the power of the mad stars poured into Chen Feng's body frantically from the green inner alchemy.

In the star soul space, the huge star map spread out like a bright starry sky.

And above the starry sky, the dim six rounds of the big moon, under the supply of a large number of stars, continue to regain its brilliance.

Chen Feng's absorption rate was incredibly fast, and it didn't take long for the six rounds of the Great Moon to completely return to its former heyday.

But it's not over yet!

The power of stars is still pouring in, opening up this vast starry sky.

Thousands of stars began to move in disorder again.

Even with that, the six-wheeled Otsuki, which was suspended high above, has also changed its position.

As time went by, another hazy outline of the big moon appeared in front of Chen Feng.

Then, another one, another one.

When the inner alchemy was completely swallowed up.

Above the star map, countless stars are shining brightly.

The nine big moons formed a huge circle, illuminating the entire space of the star soul.

boom!

With the formation of the nine rounds of the big moon, Chen Feng's body has also undergone brand-new changes.

The surging power washed his limbs and a hundred skeletons, and once again developed his physical potential to a whole new level.

He opened his eyes abruptly, his divine glow shot, and his cultivation was further improved.

The peak of the sixth building in the Star Soul Martial God Realm!

Step into the seventh floor at any time!

Chen Feng squeezed a fist, felt his brand new power, and was quite satisfied.

Then, he once again looked at the corpse of the Primordial Sun-seeker King Snake that was hanging in front of him.

Swallowing the inner alchemy is a small matter, and swallowing the blood is the main reason for Chen Feng's adventure!

Chen Feng closed his eyes again, gathered his mind, and fully operated the Supreme God Demonizing Dragon Art.

boom!

Soon, a brand-new breath of the blood of gods and demons appeared in his dantian world.

A **** cloud-like aura was slowly drawn out of the corpse that had lost its vitality in front of him, and it quietly poured into Chen Feng's body.

He used his full force to operate the Dragon Magic Transformation Technique, and the breath of the blood of the gods and demons was quickly absorbed by him.

These **** clouds entered the world of Dantian, and soon gathered into a blood of gods and demons!

This bloodline of the gods and demons was completely different from the bloodlines of the gods and demons that Chen Feng had absorbed before!

In the past, the bloodline of the gods and demons was only a few feet long, and the longest could not exceed 100 meters.

But this time, what he stripped out was indeed a huge bloodline, which was 10,000 meters long!

It was as clear as the sky in Chen Feng's Dantian world, even Chen Feng couldn't help but slap his tongue again and again.

"This is too big..."

Chen Feng looked at the huge blood of the gods and demons in front of him.

That 10,000-meter bloodline is intertwined with black and yellow, shining with strong power of gods and demons.

He didn't dare to absorb them all directly.

After tentatively assimilating the 10,000-meter-long bloodline of the Heaven-Through God and Demon, two kilometers.

Under the urging of the Supreme God Demon Transforming Dragon Art, it quickly transformed into a God and Demon dragon full of the breath of God and Demon!

"Sure enough, can this be considered a bloodline!"

Chen Feng was shocked secretly in his heart, and soon got the impression-this bloodline was rated as the top eight!

This result is really shocking.

One-fifth of the blood of the Taikoo Sun-seeker King Snake can actually be rated as the top eighth rank, which is really rare!

Chen Feng felt excited again.

Chen Feng did not rush to turn this blood of gods and demons into his blood.

Currently his cultivation base has been restored,

But earlier, in order to tear a gap from the encirclement of the true biography disciples of the Beast God Sect, his body suffered extremely severe trauma.

Compared with the supplement of cultivation base, the physical injury is not so fast and easy to recover.

Chen Feng urged the Supreme God Demonizing Dragon Art to quickly absorb the dragon.

Above the immortal boat, the three Jiang Yunxi remained vigilant outside.

Suddenly, sitting on Chen Feng in the cabin, his breath was getting stronger.

After the dragon was absorbed, Chen Feng's internal and external injuries completely recovered!

Chen Feng burst into air, and once again absorbed the blood of the two thousand meters of gods and demons.

He urged the Supreme God Demon Transforming Dragon Art with all his strength, and the two-kilometer bloodline of the God and Demon once again transformed into a God and Demon dragon full of the breath of God and Demon.

Sure enough, it's another 8-Rank first class!

This time, Chen Feng chose to absorb as his second bloodline of the gods and demons!

Under the impetus of the Supreme God Demon Transforming Dragon Art, the dragon of God and Demon rushed straight into the position of Chen Feng's shoulder blades.

boom!

The sacred dragon slammed into the shoulder blade!

Having had several previous experiences, Chen Feng could already calmly look at the shoulder blade space created at the beginning.

Once again ignited a real fire of the gods and demon slowly burning.

The color of this **** and devil true fire is more crystal clear, like a burning glass crystal.

Hum!

There was a resonance from the body, and the real fire of this **** and demon suddenly released an extremely terrifying aura.

The powerful blood of the gods and demons scattered instantly.

Hundreds of limbs along the meridian, immersed deep into the bones.

[Chapter 5197: Seven products are medium! Taiyin mysterious snake blood!](#)

Then, he washed his blood again.

After the real fire of this **** and demon was completely absorbed, Chen Feng looked at the newly opened space of the two shoulder blades, full of joy in his heart.

Earlier, because of his body suffered heavy injuries, the blood of the second **** and demon originally absorbed retreated and used it as a supply, saving his life.

Now this bloodline is finally made up.

Just after breathing a sigh of relief, suddenly, the Supreme God Demonized Dragon Art changed.

Chen Feng could feel his excitement and excitement.

A little bit of black and yellow starlight blended out from the remaining six kilometers of blood.

"How is this going?"

The Supreme God Demonized Dragon Art was spontaneously running.

In the world of dantian, countless black and yellow intertwined stars slowly separated from the blood of the Primordial Sun Chaser King Snake, and finally, gradually condensed on the side.

Chen Feng looked at him in surprise, and a brand new bloodline appeared slowly!

"This....."

This is weird!

In one bloodline, there is actually another completely different bloodline.

Before he could react, the evaluation result of this new bloodline automatically appeared in his mind.

"Taiyin mysterious snake bloodline... the seventh grade is medium!"

After learning this news, Chen Feng was even more shocked.

Can this be considered a surprise?

It's just that this brand new bloodline was peeled off after all, and the bloodline concentration is not high.

In the entire six kilometers, the blood of the Taiyin Xuan Snake that was less than a hundred meters away eventually condensed.

And this bloodline of the gods and demons, even the complete body of the gods and demons could not be condensed, only a huge dragon head could be seen.

This bloodline came so strange that Chen Feng did not absorb it hastily.

He temporarily interrupted the absorption of the blood of the gods and demons, and called the three Jiang Yunxi in.

"Taiyin mysterious snake!"

When they heard the words Taiyin Xuan Snake, the three of them all showed horror.

"Is there anything special about this Taiyin mysterious snake?"

Chen Feng didn't know much about this and looked at the three.

Que Yuanzhou rubbed his chin, frowning, and couldn't figure it out.

"The Taiyin Mysterious Snake is also a prehistoric alien, with ancient blood, even stronger than the Primordial Sun Chaser King Snake."

Que Yuanyi next to him also nodded, and then his brother said:

"More importantly, this kind of Taiyin mysterious snake is different from ordinary monsters."

"They can be transformed into human beings from birth, and they can be cultivated in human form."

He looked at Chen Feng.

"Do you know the Taiyin Fairy Gate? It's their martial art, very powerful!"

Jiang Yunxi, who was listening quietly by the side, suddenly thought of something at this moment.

"Just now, did an inverse scale fly out?"

After hearing her words, Chen Feng also reacted.

Originally, he was still thinking, is there anyone else who owns this ancient sun-seeker king snake?

Now think about it carefully, the inverse scale appeared silently at the time, and I don't know where it fell from.

Maybe, it wasn't the inverse scale of the Primordial Sun-seeker King Serpent at all, but the inverse scale of the Taiyin Profound Serpent!

In this way, where the end of the Ni Lin's departure is, it can be regarded as a slight eyebrow.

"Well, I'm afraid this Taigu Sun-seeking King Snake is related to the Taiyin Profound Snake."

"Just now, I just passed the message to the Taiyin Fairy Gate."

For a moment, the Que Yuanzhou brothers couldn't help but feel worried and restless.

Of the four people present, Chen Feng seemed the most calm.

He waved his hand: "What is there to worry about?"

"there is always a solution to a problem."

"If they really come here, we won't be able to beat them."

After finishing speaking, he continued to urge the Supreme God Demon Transformation Dragon Art, and tried to absorb the incomplete blood of the Taiyin Profound Snake.

As soon as the Supreme God Demonized Dragon Art touched this Taiyin Profound Snake bloodline, his emotions continued to rise.

Just when the third dragon was refining, Chen Feng suddenly felt like a door was opened in his mind.

The Supreme God Demonizing Dragon Technique was once again inspired!

The closed door creaked and opened suddenly.

At this moment, Chen Feng had a strange feeling in a trance.

He could feel that his comprehension of the Supreme God Demonizing Dragon Technique had deepened!

A piece of information was revealed from it, which appeared directly in his brain.

Chen Feng remained calm and was about to check the newly appeared information.

Suddenly, Jiang Yunxi's painful murmur came from her ears.

The first time he heard that Jiang Yunxi's situation was different, Chen Feng immediately withdrew his consciousness and paid attention to her situation.

When I opened my eyes, I saw Jiang Yunxi, who was originally dignified and elegant.

At this moment, he was holding his head with his hands, and shouted in pain.

"Uh!"

Between the electric light and flint, Chen Feng suddenly felt a blood pulse in his body.

Just thinking of a certain possibility in his heart, Jiang Yunxi in front of him suddenly broke out.

The blood in her body suddenly rioted.

The entire cabin was instantly rendered in endless red.

Jiang Yunxi's body was suspended in the air in the cabin, and the figure of the Valkyrie appeared again!

As soon as this Valkyrie appeared, her whole body seemed to have a holy and noble golden halo.

In line with the appearance of the country and the city, it exudes an unprecedented powerful aura.

At this moment, Jiang Yunxi only felt that the blood in her body was boiling like syrup, completely out of control!

This situation is extremely dangerous!

If this blood-boiling state cannot be lifted as soon as possible, she will soon be in danger of life!

"What's wrong with her?"

The Que Yuanzhou brothers had never seen such an accident before, and their expressions changed drastically in an instant.

They also saw that Jiang Yunxi was in a wrong state.

I want to help, but I don't know what to do.

Only Chen Feng knew what she was suddenly doing.

He was negligent.

Jiang Yunxi's bloodline itself surrendered to his bloodline, she shouldn't be so anxious to absorb the blood of the gods and demons, and also absorb two bloodlines one after another.

At the moment, the reason Jiang Yunxi is doing this is because she has been stimulated by the blood in her body, making it impossible to contain it.

For a while, guilt filled Chen Feng's mind.

Regardless of the cause of blood, or other.

Jiang Yunxi treated him very well from beginning to end.

This time a disciple of the Beast God Sect came, and she did not hesitate to choose to stand by him.

Life and death together!

Life entrusted!

"I will never let her die!"

Chen Feng asked Que Yuanzhou brothers to withdraw and settle in Xianzhou.

He took a step forward, hugged Jiang Yunxi directly, and quickly whispered into her ears.

"Jiang Yunxi, can you hear me?"

Jiang Yunxi, who was hugged tightly by Chen Feng, recovered a little bit of sanity in a trance.

She nodded.

Chen Feng continued: "Very well, I will teach you the magic dragon technique of the Supreme God."

"This trick can help you control the blood in your body."

Having said that, he unreservedly taught the Supreme God Demonized Dragon Art to Jiang Yunxi.

With Chen Feng's help, Jiang Yunxi quickly tried to operate the Supreme God Demonizing Dragon Art.

[Chapter 5198: The blood of the Valkyrie! Jiang Yunxi's blood is awakened!](#)

But something unexpected happened.

No matter how Jiang Yunxi tried, he couldn't practice this supernatural demonization dragon art.

"No...no!"

"I can't practice at all..."

Jiang Yunxi's face was painful, and he couldn't wait to fall to the ground and roll!

The whole body is as if being torn constantly, and the whole skin has turned red.

Her white clothes had oozes red blood from the inside out.

According to this situation, she will burst and die soon!

The situation is pressing for a critical period!

Chen Feng was extremely anxious, and suddenly thought of a way.

"Since you can't cultivate, then I will come."

However, this method was completely a whim of his, and even some elements of rushing to the doctor.

Even Chen Feng himself has no guarantee that this method will work.

He grabbed Jiang Yunxi's hand again, and his heart became more nervous than ever before.

The sudden runaway of the Valkyrie was mainly stimulated by the strengthening of his blood, accompanied by the strengthening.

And Jiang Yunxi's current cultivation strength and bloodline strength were far from enough to support the Valkyrie's strength.

Therefore, he just tried to make Jiang Yunxi practice the Supreme God Demonizing Dragon Art, just to allow her to control the blood of the Valkyrie.

But since this road is not possible, then the bloodline intensity in Jiang Yunxi's body can only rise year-on-year.

When her blood is strong enough to support the transformation of the Valkyrie, theoretically, the danger can be eliminated.

At the moment, I can't find a better way.

Chen Feng sighed lightly, stretched out his hand to hold Jiang Yunxi's shoulders, and fully operated the Taishang Demonized Dragon Art.

He tried to infuse a trace of the blood of the Great Demon in his body into the opponent's body.

The Valkyrie is bright, scorching hot, and should be of the scorching sun attribute.

However, Chen Feng has always been cautious.

Without being completely certain, he controlled the amount of Yanyang Great Demon's bloodline extremely well, and did not infiltrate it in large quantities.

As soon as the blood of Yanyang Great Demon entered Jiang Yunxi's body, Chen Feng heard a faint muffled sound.

Quite contrary to what he expected!

As soon as the blood of the Great Yanyang Devil entered Jiang Yunxi's body, it was like a spark igniting the entire oil barrel.

Originally, Jiang Yunxi was trying his best to suppress, but the balance was broken by this blood pulse.

She paled suddenly, and she vomited blood.

"No way!"

Although the bloodline of the Great Yanyang Demon is the bloodline of the Yanyang attribute, it does not blend with the bloodline of the gods and demons in Jiang Yunxi's body at all!

Chen Feng immediately withdrew from the blood of Yanyang Great Demon, and his heart became more nervous.

The first attempt made Jiang Yunxi into a more dangerous situation, which increased his pressure.

But nothing can be changed without trying.

"Since this doesn't work, I'll change another one!"

Chen Feng gritted his teeth and tried all the blood of the gods and demons he had one by one.

Just when he tried to infuse a trace of the blood of the Primordial Sun Chaser into Jiang Yunxi's body, a turning point appeared!

As soon as the blood of the Primordial Sun-seeker King Serpent entered her body, it was instantly absorbed!

"this is okay!"

Chen Feng almost hung in his throat, and suddenly fell back heavily to his atrium.

He quickly compared the difference between the Taigu Sun King Snake and other bloodlines, and quickly got a general inference.

"It seems that the bloodlines of the Primordial Sun King Snake and the Valkyrie are both extremely staunch Yanyang attributes, even stronger than the bloodlines of the Yanyang Great Devil."

"Only a strong enough bloodline of the Yan Yang attribute can it blend with and fit each other."

In this case, Chen Feng immediately manipulated and increased his input.

boom!

With a soft cry, the image of the Valkyrie that appeared became clearer and clearer.

Not only that, a new bloodline began to appear around her!

No danger!

Seeing this scene, Chen Feng was completely relieved.

Immediately. All the blood of the Primordial Sun King Snake remaining six kilometers in his dantian world was injected into Jiang Yunxi's body.

The Valkyrie frantically absorbed the blood of the Primordial Sun-seeker King Snake.

After the six-kilometer blood has been absorbed, her image has also changed significantly.

If the original Valkyrie was still a little hazy and mysterious, it seemed extremely noble and sacred.

Then, the current Valkyrie is shining!

The current incarnation of the Valkyrie bloodline, the biggest change from the previous one, is her legs.

Originally, it was just a hazy and translucent layer of phantom, but now the Valkyrie, two straight jade legs have been thoroughly condensed.

Chen Feng's gaze slowly moved away from the two legs of the Valkyrie, a little shocked in his heart.

The six-kilometer-long bloodline of the Primordial Sun-seeker King Snake is only enough to condense the two legs of the Valkyrie!

In other words, it is far from the limit!

Jiang Yunxi has to continue to absorb the powerful blood.

Before realizing this, Chen Feng knew that Jiang Yunxi's blood was special.

However, there is no intuitive feeling.

And now, he really realized that her bloodline was quite difficult!

However, the only thing to be thankful for now is.

After absorbing the six-kilometer-long bloodline of the Primordial Sun-seeker King Snake, although the Valkyrie bloodline incarnation did not absorb enough, it had some sense of intelligence.

She looked into the emptiness of her beautiful eyes, and suddenly moved!

In an instant, the solemn and sacred gaze became alive.

The Valkyrie blinked, her eyes rolled, and she looked at Chen Feng nearby.

Then, his face suddenly changed.

All the original murderous aura and nobility disappeared in an instant, and the Valkyrie shuddered.

Soon after, she looked at Chen Feng, but her expression became extremely respectful!

I saw that she was floating on top of Jiang Yunxi, who was temporarily unconscious.

Kneeled down in Chen Feng's direction.

Actually gave a big gift of three prayers and nine knocks!

After that, Chen Feng did not wait for a reaction.

She stood up without a word, turned her head and returned to Jiang Yunxi's body.

Seeing this unexpected scene in front of him, Chen Feng suddenly felt that something in his body had quietly awakened.

But this feeling was too weird, no matter how he looked for it, he couldn't find out where the change was.

"How is this going?"

Chen Feng frowned and couldn't help but feel a little distressed.

Originally, he absorbed the blood, which stimulated Jiang Yunxi's blood awakening.

The blood of the Valkyrie looked like it was partially awakened.

However, this stimulation seems to be one-way.

The strengthening of his blood can stimulate Jiang Yunxi's blood.

But Jiang Yunxi's blood awakening had no effect on him.

"Well....."

At this moment, Jiang Yunxi, whose eyes closed tightly and lost consciousness, slowly regained consciousness.

Chen Feng temporarily suppressed all the doubts in his heart and stepped forward to support her.

"What's wrong with me?"

Jiang Yunxi didn't seem to notice all the actions of the Valkyrie.

[Chapter 5199: Want to kill me Chen Feng? Who do you think you are?](#)

She flickered her eyes and quickly recovered from her confusion.

"My cultivation base has broken through!"

Que Yuanzhou and Que Yuanyi who had heard the sound also returned to the cabin at this moment.

Sure enough, Jiang Yunxi's cultivation realm at this moment quietly moved from the previous sixth floor of the Star Soul Martial God Realm to the seventh floor at this moment.

Jiang Yunxi is somewhat similar to Chen Feng, and when he was in the sixth building, he was able to entangle with the true disciples of the Beast God Sect, without being disadvantaged.

The breakthrough at this moment has increased her strength even more.

She happily took Chen Feng's arm and pressed it against Chen Feng's arm.

"Chen Feng, thank you."

Jiang Yunxi's voice was soft and even slightly flattering.

She was still somewhat impressed by the bloodshed this time.

If it weren't for Chen Feng's insistence on saving her, calmly tried various methods.

In the end, she indifferently absorbed the blood of the Primordial Sunseeker King Snake that belonged to him, and she might not be able to sustain it long ago.

Jiang Yunxi raised her head to meet Chen Feng's delicate face, with a little more infatuation in her eyes.

This scene was quite envious in the eyes of the Que Yuanzhou brothers.

"Junior Brother Chen Feng, you both have the blood of gods and demons?"

"Moreover, your blood of gods and demons is not as powerful as usual."

The brothers knew it very well.

The bloodline of the gods and demons is too special and rare, and all that can be possessed are the pride of heaven.

It's a pity, no matter how envious they are, they don't have the blood of the gods and demons, they can only watch dryly.

However, Chen Feng did not treat them badly.

"Although it is impossible to teach you the heart formula of the blood of the gods and demons, since you two practice the way of alchemy, the body of this ancient sun-seeker king snake will be given to you."

Like this powerful monster and **** with the blood of the wild alien species and the blood of the gods and demons, the body can also be used as the material of many pills.

With Chen Feng's current alchemy level, it is better to give it to the Que Yuanzhou brothers to have the greatest effect.

When Chen Feng opened his mouth and gave them such a precious thing, the two brothers Que Yuanzhou could not speak for a while.

Chen Feng chuckles: "Since you are a friend, you don't have to be so polite, just accept it."

The brothers accepted the body of the Taikoo Sun-seeker King Snake, their expressions were quite excited.

"If we are still on the Xianzhou of the Galaxy Sword Sect, there is a ready-made alchemy room in the room, and I want to use it to make alchemy now."

Seeing Que Yuanyi's excitement, everyone laughed.

However, when everyone was in a good mood, Chen Feng suddenly stopped laughing.

Immediately afterwards, Jiang Yunxi also changed his face.

Then the two brothers also turned their heads and looked out of the cabin.

After the four people looked out of the cabin one after another, the laughter of a gloomy bird suddenly sounded from the front of Xianzhou.

"Hahahaha..."

"Chen Feng, you can let me find it!"

"You are self-aware and know to come out alone, otherwise, the entire Galaxy Sword Sect will be dragged down by you."

The laughter recurred.

Chen Feng looked at each other in the cabin, and then walked out together.

On the deck of the immortal boat, an unexpected guest came at this moment.

This person was dressed in black, and he was still young.

However, it is worth noting that as soon as he appeared, the surrounding space seemed to be frozen.

The terrifying chill instantly spread!

This person is the black-clothed youth of Taiyixianzong who has been tracking Chen Feng before!

Seeing Chen Feng's four appearing, the black-clothed youth laughed more frantically.

The surrounding air was filled with a layer of cold air. In the white cold air, the knife in the hand of the black-clothed youth flashed with a silver light.

Que Yuanzhou looked at the black-clothed youth in front of him, then looked at Chen Feng: "Who is he?"

Chen Feng shook his head: "I don't know."

This picture seemed to hurt the heart of the young man in black.

He jumped into a thunder on the spot, and the look in Chen Feng's eyes became more arrogant and indifferent.

"Before I die, I might as well tell you."

"My name is Si Jingxuan, from... Taiyixianzong!"

When he heard the words "Taiyixianzong", Chen Feng suddenly understood.

"Oh, it turned out to belong to Taiyixianzong."

Chen Feng nodded and gave a brief introduction to Jiang Yunxi and Que Yuanzhou:

"I have a bit of grudges with Taiyixianzong, their old-school people want to kill me."

However, this tone is too flat.

It's like chatting with people.

The young man in black was furious.

After being ignored several times, he no longer constricted immediately.

A coercion directly hit the four of Chen Feng.

However, what he got was four people who looked at him like an idiot.

In the next moment, four terrifying coercion spurted out on the face!

Even the weakest one is much stronger than him!

Si Jingxuan's legs softened.

Si Jingxuan trembled all over his body without even covering him with the four pressures, and his heart was even more shocked.

"How is this going!"

He dared not move, looking at the four people in front of him, he suddenly realized that he seemed to be missing something.

Not seen for a few months, Chen Feng has become countless times stronger!

This is too scary!

Just before now, in Si Jingxuan's impression, Chen Feng was just a chance to kill Han Kun's unknown pawn.

"Ha ha....."

A string of silvery laughter came from the front.

Si Jingxuan suddenly returned to his senses, and saw the Qingcheng woman standing next to Chen Feng covering her mouth and giggling.

A pair of beautiful eyes fell on him, with interest in his eyes.

"It just happens that I just broke through and want to try my current strength. Since this person is here, let me deal with it."

Hearing what Jiang Yunxi said, Chen Feng naturally had no objection.

However, he suddenly thought of something and added a sentence without delay:

"Catch the live, I have something to ask him."

Their conversations sounded like needles in Si Jingxuan's ears!

Even though the difference in cultivation level was huge, he couldn't bear to be treated as a prey, talking about how to deal with his words in front of him.

He immediately lowered his face and stared at the four people in front of him sullenly.

It is too unrealistic to kill them, but if you want to get out...

At this moment, Jiang Yunxi Ping Ting stepped forward and stretched out her slender hand in the direction of Si Jingxuan.

In an instant, the mighty coercion rushed in the direction of Si Jingxuan like a torrential rain.

Jiang Yunxi, who just broke through, was the moment when his cultivation status was at his highest.

Si Jingxuan changed his color immediately, and took out a large round shield!

The round shield shines like stars, and immediately releases a powerful breath as soon as it appears.

For the first time, he temporarily resisted Jiang Yunxi's coercion!

"interesting."

There was a slight smile on Jiang Yunxi's face, but the fighting spirit in his eyes was even more obvious.

At the next moment, her jade fingers were close together, and she immediately slashed in the direction of Si Jingxuan.

This move is also not a big move.

However, Jiang Yunxi usually used to fight and kill, it is still very suitable.

At the moment when the hand slashed and cut, the endless sword intent suddenly appeared!

Like a sharp blade out of its sheath, he quickly killed in the direction of Si Jingxuan.

At the same time, Jiang Yunxi did not slack off, and quickly approached Si Jingxuan.

Si Jingxuan's cultivation base was obviously inferior to the four of them, thinking from another position, what he most wanted to do at this time was to retreat.

And she would never let Si Jingxuan succeed!

Under the sharp sword intent, the buckler was torn apart!

Before Si Jingxuan had time to show a look of horror, everything was over.

He was captured alive by Jiang Yunxi and fell motionless in front of Chen Feng.

Puff--

The feeling of having his face in close contact with the deck floor was extremely humiliating.

Si Jingxuan suddenly felt ashamed, and he had almost seen himself stepping into the ghost gate with one foot.

"I will not kill you."

Chen Feng's calm voice came over his head.

Si Jingxuan thought it was an illusion for the first time, but after a long pause, he realized that it was not an illusion.

He suddenly raised his head and looked at Chen Feng who was standing in front of him.

As soon as he met his gaze, Si Jingxuan's consciousness suddenly fell into a trance.

Heaven and earth reincarnate magically, suddenly gaining power!

The black magic heart in the third huge vertical eye has successfully planted into the depths of Si Jingxuan's spiritual world through the line of sight.

A smear of blackness flashed across Si Jingxuan's eyes, and it was fleeting.

Si Jingxuan's strength is far inferior to him, and this demon heart is easily implanted.

A smile appeared on Chen Feng's face.

When Si Jingxuan saw his reaction, his heart suddenly shook.

I only feel that the big thing is not good, but for a while, I don't know where it is.

He stalked his neck, his face flushed red, and said cruelly:

"Chen Feng, kill me if you have a seed."

"Don't want to get any news from me!"

Seeing Si Jingxuan's reaction, Chen Feng's smile was even more strange.

In the next moment, he even released Si Jingxuan's restraint and made him stand up.

"Really? I hope you can still be so stiff in a while."

Before the words fell, Chen Feng's heart moved at will.

The Demon Heart Seed, deeply rooted in Si Jingxuan's spiritual world, immediately began to take root and sprout.

In the next moment, Si Jingxuan's eyes violently burst, and his whole body burst into blue veins.

In his spiritual world, a black plant suddenly appeared!

The plant rose up almost instantly.

Almost tore his entire spiritual world!

This severe pain from the spiritual world is more difficult than ordinary physical pain.

It was as if the soul was constantly being torn apart, and there was nothing intact.

"what--"

He screamed bitterly, and finally got up, fell down again, and kept struggling and rolling on the deck.

Even hit the deck with his head!

Chen Feng continued smiling and asked, "Now, are you still stiff?"

It is true that since he planted the Devil Heart Seed, he could fully understand all Si Jingxuan's thoughts.

If Si Jingxuan was not hard at first, Chen Feng planned to do that.

But he just wanted to be tough, so Chen Feng didn't mind letting him slap himself in the face.

Anyway, he and Taiyixianzong have long been an insoluble hostile relationship, and he doesn't care about this kind of little person.

Si Jingxuan was in distress, his finger joints were stiff and white, and he kept scratching and scratching his body, rolling his head.

This intense pain is completely beyond the tolerance of any cultivator!

It didn't take long for Si Jingxuan to stand it.

"I say! I say everything!"

As soon as the voice fell, the magic strain from the spiritual world suddenly disappeared.

Si Jingxuan was sweaty, and he felt as if he had been salvaged from the water.

He lingered on the ground with lingering fears, and it took a long time to tremble and stand up again.

Chen Feng stood with his hand in hand, looked at his eyes, and opened his mouth to ask Taiyixianzong for various news and intelligence.

Especially, some things that the ancestors knew.

This Si Jingxuan was also completely frightened by Chen Feng's trick. He didn't plan to make any sophistry any more, he would answer every question, and he couldn't say enough.

After Chen Feng confirmed the authenticity of the news, he was thoughtful.

"What are you thinking?"

Seeing Chen Feng stopped suddenly, Jiang Yunxi asked curiously.

Chen Feng replied casually: "I was thinking about how Taiyi Immortal Sect would deal with me next."

"They still have to deal with you?"

Que Yuanzhou and Que Yuanyi were also a little surprised, wondering what disputes Chen Feng had with Taiyixianzong in the past.

Chen Feng waved his hand: "I am not dead, they will not rest."

Seeing the questioning stopped, Si Jingxuan couldn't help feeling nervous again.

Right now, his usefulness is gone. Chen Feng wants to kill him or let him go, all within a single thought.

And now his situation, it can be said that there is no possibility of escape.

The man is a knife, he is a fish, and he can be killed.

Thinking like this, Chen Feng seemed to be able to hear what he was thinking. He suddenly looked at him and smiled slightly:

"I won't kill you."

Si Jingxuan suddenly refreshed.

However, before he had time to breathe a sigh of relief, when he met Chen Feng's eyes again, his consciousness became trance again.

Chen Feng directly controlled Demon Heart, erasing all the memories of Si Jingxuan from his appearance to the present.

It was replaced by a false memory he fabricated.

Si Jingxuan stood blankly in front of him, his eyes occupied by the black light, empty and without focus.

Chen Feng slowly said: "When you chased me down, I found that my strength was a lot stronger, but I was still weaker than you."

"It's...weaker than me."

Si Jingxuan repeated dully.

"I can't beat you, so I can only escape at sea. You chase me all the way and keep getting closer."

"At sea... chase you down."

Chen Feng continued: "Just when I was about to be overtaken by you, I happened to hit the Taigu Sun-seeker King Snake Crossing Tribulation."

"Thousands of miles of black clouds rolled, lightning and thunder. I also took the opportunity to seize the opportunity to throw you away again."

"The Taigu Sun-seeker King Snake... Cross Tribulation, you... throw me away."

Chen Feng nodded: "Yes."

"In the end, I fled all the way to the sphere of influence of Nine Bear Mountain."

"You want to catch up, but you didn't expect that although the power of Jiuxiong Mountain is not big, there are people who are stronger than you."

"Although you are prepared, you still did not expect that as soon as you entered the sphere of influence of Jiu Xiong Mountain, you were hit by the mysterious powerhouse inside and severely injured directly."

"In this way, you have no choice but to retreat with hatred."

Chen Feng followed the temptation and planted a brand new fake memory in Si Jingxuan's mind.

In this way, in Si Jingxuan's memory, he traced the Galaxy Sword Sect alone.

Later, from the vicinity of the Galaxy Sword Sect, I heard that Chen Feng was selected as a disciple of the Broken Jade Conference.
