

## Peerless 5201

### [Chapter 5201: Misfortune, Chen Feng's calculations!](#)

But it was already on the way to the scene of the Broken Jade Conference with Xianzhou.

He chased all the way, and found that there was no Chen Feng among the members of the Galaxy Sword Sect who had participated in the Jade Smashing Conference.

Then, after tossing and searching, he finally found Chen Feng who had left the team alone.

Chen Feng was alone, and the two immediately started a battle of life and death.

In this memory, what the two people said to each other during the war is vivid.

Chen Feng has become a lot stronger, which was within his expectation.

If it were an ordinary cultivator, if he dared to offend Taiyi Xianzong, he would have died and had no place to bury him.

However, it is gratifying that although Chen Feng has become a lot stronger, he is still weaker after all.

This made Si Jingxuan quite proud, even in retrospect he was quite proud.

However, Chen Feng's ability to escape was unexpectedly powerful.

So for a long time, he pursued the desperate Chen Feng at sea with all his strength.

Everything will be portrayed vividly and almost truly with the brand new memory created by Chen Feng.

Even the picture of the King Snake crossing the Tribulation of the Taigu Sun, Chen Feng planted in Si Jingxuan's mind.

With this shocking memory, even if the memory of Jiu Xiong Mountain was not accurate enough.

Si Jingxuan can also complete his own brain without any doubt.

After completing all this memory reconstruction, Chen Feng severely injured him with a palm.

Then from above Jiang Yunxi's immortal boat, he threw it out in one direction.

"let's go."

Following Chen Feng's order, Jiang Yunxi controlled Xianzhou and quickly left the scene.

On the deck, Que Yuanzhou and Que Yuanyi were a little puzzled.

"Why not just kill him?"

"Yeah, it's still so troublesome, it's to reshape the memory, and it's to show weakness deliberately."

"Chen Feng, what are your plans?"

Listening to what the brothers said, Chen Feng couldn't help but smile.

"After all, he is a disciple of Taiyixianzong."

"If I kill him directly, Taiyixianzong will know immediately."

He turned his head and looked at several people: "Think about it, what are we going to do next?"

"Participate in the Broken Jade Conference."

Chen Feng sighed and said with a bitter smile:

"Not to mention what powerful opponents will be encountered at the Broken Jade Conference, I already have trouble with a Beast God Sect."

"At this moment, let Taiyixianzong know that the people sent to kill me have been killed, they will definitely not let it go."

"At that time, the Broken Jade Conference, the Divine Beast Sect, and the Taiyin Immortal Sect that is not known if there is a hidden danger, and another Taiyi Immortal Sect?"

"Doesn't this cause trouble for yourself?"

Hearing Chen Feng's slightly self-deprecating words, the Que Yuanzhou brothers suddenly realized.

However, it suddenly became clear to me, and when I heard these words, the brothers also became speechless.

"Junior Brother Chen Feng, you...there is really a lot of trouble."

Chen Feng shrugged: "I am doing this now to make him return to Taiyixianzong with the wrong information."

"This time and again, at least one year of Taiyixianzong's time can be delayed."

"Not only that, the information they learn about my strength will be biased."

"Furthermore, let the old thing from Jiu Xiong Mountain carry a pot for me. Why not do it?"

Chen Feng's thoughts are too detailed!

Hearing his thoughts, the Que Yuanzhou brothers couldn't help clapping their hands in applause.

"You are so smart!"

Everyone smiled and continued to move in the direction of the Broken Jade Conference.

After laughing, Chen Feng again manipulated the devil's heart, spying on Si Jingxuan who was thrown off the deck by him.

His eyes suddenly changed, appearing on an uninhabited sea.

"Ahem, this is..."

Si Jingxuan was at a loss for a moment, and then quickly realized.

"I chased Chen Feng to the sphere of influence of Jiu Xiong Mountain, and he fled in."

"However, a mysterious strong man appeared and severely injured me with one blow!"

Si Jingxuan's eyes sharpened sharply, his fists clenched!

In his mind, suddenly Yao Yuanhua appeared.

"Well, you Jiu Xiong Mountain... I will return to Taiyi Immortal Sect!"

"Dare to confront our Taiyixianzong, protect Chen Feng, and wait!"

"I'm the One Immortal Sect, level your Nine Bear Mountain!"

In Si Jingxuan's gloomy eyes, there was a flash of black ink, which was fleeting.

He didn't even notice it himself.

Jiang Yunxi's immortal boat was still flying forward steadily.

Chen Feng and others returned to the cabin.

The brothers Que Yuanzhou and Que Yuanyi also went to the other side and took out the huge body of the Primordial Sun Chaser.

Begin to harvest some parts that can be used for alchemy.

Jiang Yunxi also sat there, closing his eyes and concentrating, consolidating the cultivation base he had just broken through.

With a radius of thousands of miles and no one, it seems that there will be no enemy attack in a short time.

As for Chen Feng, he was finally able to calm down and continue with things that he hadn't had time to realize before.

He sat on the couch, closing his eyes to perceive the changes in his supernatural demonizing dragon art.

This time, he continuously absorbed the blood of two gods and demons, condensing three giant dragons.

Although it's not complete, but the Supreme God Demonizing Dragon Technique is still three.

He stared into his pubic world.

In the world of Dantian at this moment, a red blazing sun is constantly spraying heat towards the surroundings.

There are three blood-colored iron chains of different lengths and thicknesses lingering around, floating up and down in this space.

Those are the blood of the gods and demons he absorbed!

Under the control of Chen Feng's consciousness, the bloodlines of the three gods and demons suddenly began to change, gradually becoming the three dragons of the gods and demons again!

"The Supreme God Demonizing Dragon Art has indeed confirmed that they are three giant dragons of God and Devil!"

With joy in his heart, he began to urge the three dragons to swim regularly.

The three true dragons of the gods and demons are enough to open the magic dragon of the gods!

Roar!

In a daze, the roar of the giant dragon seemed to reverberate in the Dantian world.

The red sun above his head became more radiant, and Chen Feng's thoughts continued to rise again with the richness and sublimation of the blood of the gods and demons around him.

Entering into the red scorching sun, at the same time it also enters a mysterious and ethereal state.

The Supreme God Demonizes the Dragon Art, it runs with all its strength!

The three dragons of the gods and demons are connected end to end to form a circle.

Their speed is getting faster and faster, stirring up the breath of the entire space, becoming more and more hot.

In the next instant, Chen Feng's mind began to change.

His closed eyes tightened slightly, only to feel that a strong and complicated flow of information forcibly appeared in his mind.

This feeling lasted for a few breaths.

When he turned around again, Chen Feng suddenly realized that a punching technique had already emerged in his mind.

And this boxing method is exactly the boxing method in the Supreme God Demonizing Dragon Art!

"Too God, Demon, Real Dragon!"

He whispered the name of the boxing technique.

[Chapter 5202: Too God and Demon Real Dragon! Jin Sanye wakes up!](#)

Just hearing this name, Chen Feng could feel that his whole body began to tremble, and his emotions became unconsciously excited.

It must be some incredible boxing technique!

He felt a little impatient, and immediately interpret the message of the boxing technique that suddenly appeared.

According to the information given, after mastering the true dragon power of the Supreme God and Demon.

With one punch, you can hit the three dragons of the gods and monsters he absorbed!

Of course, it's not just that.

When accompanied by the three dragons of the gods and demons, they can also show the power of his blood.

Makes the power of this punch an instant increase of ten times!

Ten times!

When he saw this information, Chen Feng could hardly sit still.

What is the concept of ten times!

With his current strength, killing the eighth floor of the Star Soul Martial God Realm in seconds is no longer a problem.

The battle with the strong man in the ninth floor of the Star Soul Martial God Realm is not necessarily at a disadvantage.

But even though he could have the power to fight against the powerhouse of the ninth floor of the Star Soul Martial God Realm, it was not easy to kill them easily.

And ten times means that he can kill the power of the ninth building, and then increase ten times.

Such a powerful power is enough for him to easily kill the powerhouse of the tenth floor of the Star Soul Martial God Realm!

This sudden leap in strength shocked Chen Feng for a while.

He secretly cried out in his heart: "This will probably become my strongest hole card right now."

After the excitement, Chen Fengqiang resisted the excitement and continued to interpret.

If you can master such a powerful hole card as soon as possible.

Not to mention the true disciples of the Beast God Sect, even at the Broken Jade Conference, he will have a bigger hole card!

However, when seeing the follow-up costs, Chen Feng instantly calmed down.

"The price is, burning everything..."

This super god, demon, true dragon power needs his blood as a foundation to burn everything!

Among them, including his cultivation base, star soul, life span, sword soul, artifact fragments, etc. in the entire star soul space.

Only by burning all of this to the point of cultivating this super \*\*\*\* and devil true dragon power!

And, initially grasp this magical power!

This price is too great!

Chen Feng couldn't help laughing wryly.

"It deserves to be the Supreme God Demonizing Dragon Art."

He recalled the time when he had just practiced Taishang Demonized Dragon Art.

In his dantian world, except for the Great Witch Blood Pool, everything else was completely burned out.

But the burning at the time was still acceptable after all.

Who could have imagined that the next thing that the Supreme God Demonized Dragon Art would burn would be even more terrifying.

All his cultivation bases, he can risk burning and try, even if it is life span, it is not a problem.

But the Nine Yin Star Soul of the Candle, the Soul of Qingqiu Sword, the fragments of artifacts, etc., are all too precious!

This made him temporarily calm down and didn't dare to try directly.

Although the Supreme God Demon Zhenlong Jin had extremely powerful lethality, it was extremely tempting to Chen Feng.

But he really didn't know what a huge price it would pay if he really tried.

"It seems that this super god, demon, true dragon power, let's wait until later."

At least the current situation is absolutely impossible.

Although there is no one around and there is no enemy attack, there is no guarantee when Xia Haochu and others will appear again.

Chen Feng carefully checked the information in his mind again, and after confirming that there was no omission, he gradually withdrew from that mysterious and ethereal realm.

Then, slowly stopped the operation of the Supreme God Demonizing Dragon Art.

He opened his eyes and let out a suffocating breath.

Although it is temporarily impossible to grasp the true dragon power of the super \*\*\*\* and devil, Chen Feng has no regrets.

"Junior Brother Chen Feng, just waiting for you."

Que Yuanzhou's voice came from not far away.

Chen Feng heard the sound and looked around, only to see the Que Yuanzhou brothers ready to go.

The body of the Primordial Sunseeker King Snake that stood in front of them had only a huge skeleton left at this moment.

"How much time has passed?"

Chen Feng asked.

Que Yuanyi replied: "One day."

This answer surprised Chen Feng.

He just didn't have much time to enter that mysterious and ethereal state, and it's actually been a day.

Jiang Yunxi also opened his eyes and exited the cultivation state.

Chen Feng looked at the skeleton of the Taikoo Sun Chaser King Snake, which occupies an extremely large area, and was about to say something.

Suddenly, his face changed, and his expression suddenly became strange.

"what happened?"

Seeing Chen Feng's reaction, the three immediately became vigilant.

Without waiting for the words to fall, a strange quack suddenly sounded in the cabin.

The next moment, a fat three-legged golden crow flew out of Chen Feng's arms.

It was shaped like a big dark golden crow, staring with small black eyes.

Looking around, his head shook like a rattle.

"Quack, I'm suffocating our uncle to death!"

Chen Feng never expected that at this time, Jin Sanye actually woke up!

"Little gold!"

He was surprised and delighted, and looked at the fat golden crow in front of him.

Good guy, as the spirit of the monument of Sunfall, but like a cute three-legged fat golden crow.

Although I don't know how many years I have lived, my tone of speech always depends on the old.

But the voice is as usual, with a little immature.

Jin Sanye was the mysterious existence that Chen Feng had obtained from Xuanming Seven Seas Realm.

At the beginning, Chen Feng reached a cooperation with it.

He helped Xiaojin to devour the remaining six treasures of the Seven Great Treasures of the Xuanming Seven Seas Realm, and it helped Chen Feng open the entrance to the Valley of Fallen Stars.

Since then, the two have become friends.

Chen Feng promised him at the beginning that he would show him how big the world is and the firmament of the universe.

But after bringing it back to the Dragon Vein Continent, Xiao Jin fell asleep and became a dark golden oval egg!

Unexpectedly, today, it will suddenly wake up.

Xiaojin flew around in the cabin, then stopped on Chen Feng's shoulder, and patted him heavily with his wings.

"Haha, you guys are so strong. Our third master Jin really didn't misunderstand him."

As soon as Fatty Xiaojin came out, the style of painting was the same as before.

Although Chen Feng was delighted, he still couldn't help but joking: "Who is the third master Jin?"

Xiaojin had long been used to this and didn't care.

And the Jiang Yunxi and Que Yuanzhou brothers in the cabin, looking at Xiaojin who suddenly appeared, their faces couldn't help showing surprise.

Without waiting for Chen Feng's introduction, Xiao Jin's dark eyes on his shoulders rolled.

He stared straight at the huge corpse of the Primordial Sun King snake not far away.

"Wow! Are you sure we are going to wake up?"

"Entertain us so warmly? Then you're welcome!"

As he said, his black wings fluttered immediately, and he flew forward excitedly.

Gobbled up.

Brother Que Yuanzhou removed most of the parts that could be used for alchemy.

Chen Feng planned to throw this bone into the sea.

Unexpectedly, it became Xiaojin's ration.

I saw that Xiao Jin swallowed extremely fast, and the huge bones quickly disappeared at a speed visible to the naked eye.

[Chapter 5203: evolution! Swire three-eyed golden crow!](#)

Not even the bones let go.

Looking at this scene, Chen Feng suddenly thought.

The crow eats rotting, this little gold is really alive like a crow becomes a fine.

Xiaojin's swallowing ability is extremely amazing, even Chen Feng was stunned by its speed.

However, with the effort of a cup of tea, the huge bones of the Taikoo Sun-seeker King Snake were eaten up by it!

Not at all left!

"belch!"

The full little golden belly bulged slightly, making the whole golden crow more like a ball.

Shaking left and right twice, naive and lovely.

Its small, black eyes narrowed slightly into a line, and it looked content.

"Chen Feng, you are so awesome."

"This meal...hiccup, I was quite satisfied."

Three-legged da da came towards Chen Feng, staggering like he was drunk.

"If you have this kind of thing in the future, you must keep it for us."

"Some meat is best, but not too much meat! We are not good at that bite."

In the end, there was another long hiccup.

Xiaojin has a funny appearance, which is really interesting.

Everyone couldn't help but feel amused when they looked at it like this.

"Junior Brother Chen Feng, where did you bump into this baby again?"

Que Yuanyi looked at Xiaojin, and the more he watched, the more interesting he became.

But at the same time, all three of them were surprised.

This three-legged Golden Crow is obviously very extraordinary, and I don't know what it came from.

I don't even know how Chen Feng can subdue it.

Just as Chen Feng was about to introduce, suddenly the entire Xianzhou was shocked.

Everyone's complexion changed, but they quickly realized that this abnormal change came from inside the cabin.

The golden crow in front of them suddenly changed!

It was originally small, only one foot in size, and suddenly a brilliant golden light burst out of the blackness.

The cabin was shaking constantly.

Only heard Jin Sanye quack, his tone seemed very comfortable and painful.

In Chen Feng's mind, it quacked constantly:

"Oh, it hurts us to death, it hurts us to death! It's going to split!"

"Ah! But why is it so comfortable? It's so difficult for us to evolve this time."

Chen Feng was speechless for a while.

"Chen Feng, what's wrong with it?"

Jiang Yunxi frowned slightly, looking worriedly at Xiaojin who was constantly rolling on the ground.

Chen Feng waved his hand: "It has eaten too much, evolve, don't worry."

As soon as the voice fell, I heard Xiao Jin quack screaming, and his black wings pointed at Chen Feng as if accusing him.

"Can you guys be a little caring? We are suffering now!"

While talking, Xiaojin really "cracked"!

It began to grow bigger.

In the golden light, among the jet-black feathers, more than ten pure golden feathers grew unexpectedly!

The most obvious change is that an eye gradually appeared on its forehead!

Jin Sanye kept flapping his wings and rolling back and forth on the ground.

It used to be like a plump golden crow, but now it looks like a plump chicken!

After confirming that it was not dangerous, Chen Feng laughed unceremoniously.

"Screw you!"

The cabin stopped and trembled, and the golden light slowly dissipated.

Xiao Jin got up from the ground and rolled his eyes when he watched Chen Feng.

"Fortunately, we are evolving fast, otherwise, the feeling of tossing people to death would be undesirable."

After completing the evolution, Xiao Jin raised his head proudly, unlucky.

Jiang Yunxi smiled and said, "Speaking as if you are a human being."

Xiao Jin's strange eyes rolled: "How do we think you scold us again?"

Not joking, Chen Feng looked at it and thought of a voice inexplicably.

"Swire Three-eyed Golden Crow."

He called out the name softly.

Suddenly, Jin Sanye, who was pacing proudly, suddenly stopped and turned around.

"Hey, how do you guys know our name?"

"Swire Three-eyed Golden Crow?"

When the other three heard this name, their expressions changed slightly.

The word "Tai Koo" in the name is enough to show that this little golden backing is definitely not small.

For a while, Que Yuanzhou's eyes looked at Chen Feng, and they admired even more.

"Okay, okay, you all give us a concession."

Jin Sanye shook his body and began to direct a few people to move away.

Upon hearing this, the three Jiang Yunxi all stepped aside and made room for Jin Sanye to play.

Chen Feng looked at it: "What do you want to do?"

"Hey, let you see the ability of our third eye."

As Xiao Jin said, the third eye on his forehead suddenly trembled.

This was the first time it opened the third eye on its forehead.

For a moment, everyone subconsciously held their breath!

A red light suddenly appeared in the cabin, instantly lighting up the entire cabin.

Under everyone's gaze, the third eye on Jin Sanye's forehead finally slowly opened.

As the eyelids gradually opened, the red light bursting from the eyes gradually became stronger.

Then, focus on Chen Feng's body.

This red light showed a crystal clear and translucent state, and as soon as it shone on Chen Feng, he immediately felt a tremor all over his body.

In the next moment, he seemed to have fallen into an inexplicable situation.

This feeling is very strange, even indescribable.

His body lost control for a moment, and the line of sight in front of him suddenly changed.

The original normal and clear pictures and lights suddenly began to distort quickly, and then became blurred.

Chen Feng only felt that his eyes were not very comfortable, and they were very dry.

He closed his eyes subconsciously.

But then, Chen Feng quickly felt that a strange, burning touch came from his forehead.

However, when he reached out to touch it subconsciously, he found that his forehead was as smooth as new, nothing unusual.

How is this going?

what happened?

In the chaos, Chen Feng was a little nervous and at a loss.

But it was certain that the red light did not have any murderous or destructive power.

It is more like the opening and construction of a certain channel.

It's just that he didn't notice where the change happened.

"Junior Brother Chen Feng!"

"Master Chen!"

I heard the calls of friends around me.

At this moment, these sounds seemed to come from outside the horizon.

Chen Feng consciously wanted to respond, but this strange and inexplicable state lasted for a while.

I don't know how long it has passed. When he opened his eyes again, he could see the concerned look of Jiang Yunxi and Que Yuanzhou brothers.

His vision returned to normal.

He turned his head and looked around, no longer knowing when he actually fell on the collapse behind him.

Seeing Chen Feng awakening, the other three were greatly relieved.

"Fortunately, I was surprised."

"Yes, Junior Brother Chen Feng, you suddenly fainted, Junior Brother Jiang Yunxi almost wanted to do something with that bird."

#### [Chapter 5204: The golden feather crow, incarnate!](#)

Next to him, Jiang Yunxi's face flushed slightly, and she looked worried.

Not far away was the voice of Old God Xiaojin: "Let's just say it, can we still harm him?"

"Master Chen, how do you feel?"

Jiang Yunxi stretched out his hand and helped Chen Feng up.

However, at this moment, Chen Feng did quickly notice the abnormality.

When his mental power shifted slightly, he found that the angle of view that came into view had suddenly changed from one to two!

Suddenly he has a new perspective!

From this extra perspective, Chen Feng can clearly see the backs of Jiang Yunxi and Que Yuanzhou brothers gathered around the collapsed edge!

"How is this going?"

He turned his head and looked at the fat bird not far away.

That extra perspective is exactly Xiao Jin's perspective!

In other words, under the inexplicable and weird red light just now, his consciousness can be briefly switched to Xiaojin's position.

The strange feeling I had just now was completely correct.

The red light shone on him, really building a channel.

A channel connecting him and Jin Sanye!

This new ability is really amazing!

Chen Feng's perspective suddenly switched to himself, and suddenly to Jin Sanye's.

Soon, he mastered the ability of two perspectives to exist at the same time.

Almost instantly, he thought of the countless effects that this function could play!

Jin Sanye in the distance saw Chen Feng's expression change and knew that he had understood what was going on.

It squinted slightly, raised its head proudly, and could see a triumphant expression humanely.

"How is it, not bad?"

Chen Feng nodded and kept saying: "It's really good."

He told Jiang Yunxi three of his new abilities. The three were surprised at the same time.

They all looked at Jin Sanye together.

"This is too great!"

This makes the round and fat Jin Sanye quite proud.

I saw it looked up again: "Do you think this is over?"

As he said, it suddenly trembled, and its feathers fluffed up instantly, and the roots were visible.

The fifteen golden feathers that had just grown out of her body were clearly visible.

Immediately after that, ten golden feathers flew out of the fifteen golden feathers!

These ten golden feathers slowly rose into the void, shining with golden brilliance, and then suddenly changed!

The ten golden feathers are gone, replaced by the golden feather crow that looks unusual with ten fingers!

"quack!"

"quack!"

...

These golden feather crows were flying and crowing around in the cabin, and the four people present couldn't help showing a surprised look.

However, Chen Feng quickly discovered that he could receive the information from the ten golden feather crows!

Not only that, his heart moved with his thoughts, and he soon realized that he could also switch to the perspective of any Golden Feather Crow!

"This....."

He was so excited that he almost couldn't speak.

This is equivalent to that with the help of Xiaojin, he can have ten more clones and ten more eyes in a short time!

Chen Feng's heartbeat accelerated.

He immediately opened his mind and started a new attempt—I wonder if these ten golden feather crows can do some simple manipulation.

Chen Feng immediately released his mental power and began to try to control the ten golden feather crows.

Soon, this attempt had results.

When he controls a certain Golden Feather Crow, he can not only control it to turn his head and fix his eyes to look in the direction he wants to look, but also control it to do some simple things.

However, the only regret is that these golden feather crows have no combat effectiveness.

However, despite this, this new ability is enough to satisfy Chen Feng.

He retracted his spirit and looked at Xiaojin: "How long can these golden feather crows last?"

Xiaojin shook his head and said, "One day."

When it came to Chen Feng, the ten golden feathers that had fallen from its body had grown again.

Que Yuanzhou and others also noticed this.

Que Yuanyi pointed to the newly grown golden feathers and asked:

"Can these newly grown feathers continue to become golden feather crows?"

"Of course. How about, are we good?"

Xiao Jin stood out proudly: "We now have fifteen golden feathers on our body, and we can be reborn soon if we pull them out."

"However, at present, only fifteen golden feather crows can be changed at the same time, which cannot exceed the total number of golden feathers on our body."

Listening to Xiaojin's words, Chen Feng was really overjoyed.

"That's enough!"

Fifteen clones and perspectives are enough for countless purposes.

Especially during the war!

In many cases, when facing the enemy, only one advantage is needed to reverse the situation, let alone fifteen!

Excited in his heart, he directly stepped forward two steps, hugged Jin Sanye and gave a kiss.

This action shocked the round Jin Sanye, immediately spread his wings and fluttered twice, pressing against Chen Feng's face.

"Hey, you fellow, don't eat our tofu."

"We are not interested in you!"

It avoided Chen Feng's intimacy with disgust, and then laughed.

"As long as you let us continue to improve in the future, we still have countless supernatural powers here."

Listening to Jin Sanye's words, Chen Feng only felt strange in his heart.

This guy belongs to the Primordial Three-Eyed Golden Crow, but the name of this race is completely unfamiliar to everyone and has never heard of it.

It can only be vaguely judged from the word "Taigu", which may be quite extraordinary.

But Chen Feng didn't know the origin of it.

As Jin Sanye's ability gradually manifested, he became more and more curious about the origin of Jin Sanye.

However, looking at Xiaojin's appearance, it seems that he didn't intend to take the initiative to introduce him.

"Forget it, let's talk about it later."

Chen Feng secretly said in his heart.

Until now, he counted his current strength.

Xiaojin's awakening was unexpected, and its sudden evolution was even more unpredictable.

And now, with the assistance of Xiaojin, in addition to his original strength, he suddenly has another terrifying ability.

Hunted!

Although the Golden Feather Crow has no combat effectiveness, it can be used to find the traces of the enemy.

Then, you can control the Golden Feather Crow to approach quickly.

Taking this opportunity, Chen Feng can remotely operate the heaven and earth reincarnation magic.

Use the devil's heart formed in the third huge black vertical eye to temporarily control the person who wants to hunt!

As long as the powerful enemy is controlled, Chen Feng can mobilize the Soul of the Blade, quickly kill, and then flee far away!

Even if it is not killed, more than a dozen clones are enough to confuse the opponent's perception, thus ensuring the whole body to retreat.

This ability is great when dealing with opponents who are far stronger than oneself or with a large number of opponents!

Thinking of this, several figures emerged in Chen Feng's mind.

At this moment, Jiang Yunxi's and Chen Feng's faces changed.

[Chapter 5205: Wait for a good show!](#)

Jiang Yunxi immediately looked at Chen Feng.

"People from the Beast God Sect are chasing over!"

Brother Que Yuanzhou who heard this immediately changed his face.

In the entire cabin, the atmosphere instantly fell into heavy and panic again.

Only Xiao Jin didn't know anything, tilted his head, full of question marks:

"What kind of sect is the Beast God Sect? Is it powerful? Chen Feng, do you have any enemies?"

Chen Feng sneered: "Yeah, I'm going to find them."

It really means that Cao Cao will be here. He just thought of finding revenge against Xia Haochu, and these people took the initiative to send it to the door.

I don't know what methods they used to find their location far away.

Just so I don't have to look for it again.

Taking advantage of the people of the Beast God Sect who were still thousands of miles away, Chen Feng turned his head and looked at Jiang Yunxi and brother Que Yuanzhou.

"You go to the Broken Jade Conference first, here I will solve it alone."

Hearing his words, Jiang Yunxi and Que Yuanzhou brothers did not want to refuse immediately.

"Brother Chen Feng, although you have new abilities now, that Xia Haochu is too strong after all."

"Furthermore, he took seven people with him."

"Yes, we are not as strong as you, but we can share a few combat power for you."

Jiang Yunxi didn't say a word, but the expression on her face was full of determination.

She will not give in.

Seeing their caring eyes and righteous attitude, Chen Feng couldn't help but feel warm.

However, now is really not the time for him to be strong.

He smiled at the three: "Listen to me. Don't worry, I never fight unprepared."

"If I say that, it means that I can solve them with considerable certainty."

"You are my friends, don't you know me?"

With that said, Chen Feng controlled a golden feather crow flying in the air and handed it to the three of them.

"You bring this with you in case of accidents."

"With it, I can always pay attention to your situation, including your location."

"When the people of the Beast God Sect are resolved, I will catch up with you the first time. Don't worry."

Chen Feng's remarks were quite firm.

When the three Jiang Yunxi saw that he had decided, they had to obey.

"Be careful! We are waiting for you."

The three came to the deck, and there was a golden feather crow jumping up and down.

They watched Chen Feng leave Xianzhou from a distance and disappeared into their sight.

Chen Feng watched Xianzhou disappear into the distance, and then he suddenly smiled coldly.

He looked at the big fat little Jin who stopped on his shoulder: "Make up another golden feather crow."

"okay."

Another golden feather quickly turned into a golden feather crow in the air.

At this time, Chen Feng's powerful mental power had an extremely outstanding performance.

The ten-fingered golden feather crows came close at the same time obediently, and opened their beaks obediently.

Then, from the tips of Chen Feng's fingertips, ten drops of brightly filled blood were forced out.

They were ejected accurately into their respective mouths.

Just after his blood entered the ten golden feather crows

The ten Golden Feather Crows and Chen Feng had some changes at the same time.

Almost instantly, all the golden feather crows burst into a powerful breath.

Even their body size has become larger, and their physical bodies have also become stronger and stronger.

At the same time, Chen Feng could feel it.

The survivability and flexibility of these ten golden feather crows, even in more aspects, have been enhanced and improved in varying degrees.

Each of them was full of Chen Feng's breath at this moment.

If before, only Chen Feng knew that the ten golden feather crows were his ten clones.

Now, everyone can perceive them.

Until I saw the Golden Feather Crow, the breath of the ten clones was exactly the same as Chen Feng's, and they couldn't tell the truth from the fake.

Jin Sanye, who had been parked on his shoulder, couldn't help but slap his tongue again and again, watching the changes in front of him.

"You guy, not only has your strength increased so much, but your bloodline has increased to an astonishing level."

"Tsk tut, great, great."

"It seems that we can live a good life in the future."

Listening to Jin Sanye's gossip, Chen Feng smiled faintly.

Then, he looked at the ten golden feather crows that hovered around him, and whispered instructions.

"Go ahead."

Ten golden feather crows yelled at the same time, then scattered to different directions with great tacit understanding, and quickly flew out.

Seeing Chen Feng's arrangement, Jin Sanye quacked and laughed.

"You kid have enough thieves."

"But we like it."

Chen Feng turned his head and glanced at it, and raised his eyebrows: "Wait for a good show."

Immediately afterwards, he condensed all his breath, and quietly left the place with Jin Sanye.

Not long after they left the place, the people of the Beast God Sect tracked all the way to here.

In Xia Haochu's hand, he held a mysterious magic weapon similar to a compass.

Come to think of it, this is the key to their ability to accurately track Chen Feng.

Along the way, every time he checked the magical artifact in his hand, Xia Haochu's face increased with a smile.

Behind him, he followed the remaining seven true disciples of the Divine Beast Sect.

One of the true biography disciples seemed to be running out of pursuit.

He looked at Xia Haochu who led the team:

"Brother, just now you said that it was very close, but there was still no one around."

The customs of the Beast God Sect are different from other sects, and this behavior of questioning the seniors will not arouse Xia Haochu's disgust.

He looked down at his hand, smiled and said lightly:

"The direction of Wanli's tracking of the heart disk has always been clear. No matter where he escapes, there will be nowhere to hide before Wanli's tracking of the heart disk!"

"Even a little breath can be accurately captured by it."

Before I finished my words, I saw that the Wanli Tracking Heart Disk in my hand suddenly trembled!

Xia Hao stopped immediately.

The disciples behind him gathered around and looked at Wanli's heart disk.

"How is this going?"

None of them have seen this situation.

I saw the pointer in the disc kept changing, stopped in one direction, and continued to point in another direction.

But not long after the pointer stopped, the pointer changed direction again.

In such a cycle, the pointer almost stopped and stopped spinning, as if it were in chaos.

"Is this Wanli tracking heart broken?"

"Impossible, Brother Xia has been holding it in his hand, how could it be broken if it is bad."

"What's going on then? If it's not broken, is Chen Feng everywhere?"

For a time, all the true disciples of the Divine Beast Sect all talked and were shocked.

Some people are investigating whether the hidden power is deliberately making trouble, and some people are constantly attacking the surroundings.

In case Chen Feng used some kind of concealment skills, he hid in the void.

#### [Chapter 5206: The first prey!](#)

However, no matter how they tried, nothing was found, nothing happened.

From beginning to end, Xia Haochu tensed his face, silently staring at the heart of Wanli in his hand, without saying a word.

After various attempts by the surrounding disciples, they all calmed down.

Finally, Wanli Tracking Heart Disk gradually stabilized.

It pointed ten directions in turn, and then repeated those ten directions again.

"If it didn't make a mistake, then what trick Chen Feng used to fool Wanli to track his heart."

Xia Haochu looked at those ten directions, it was difficult to tell, and for a moment he didn't know what was going on.

"Brother, what shall we do?"

"Can't just wait here, right?"

"Yeah, let's wait here, Chen Feng might get away even more."

...

"Okay, stop making noise!"

Xia Haochu frowned and gave an order.

The entire void was restored to peace again.

He looked in different directions and finally made a decision:

"Since Wanli Tracking Heart Disk has changed in this place, then I will sit still and you will chase them separately."

Xia Haochu glanced over everyone's face.

"A total of ten directions, seven of you, three of the stronger ones, summon your beasts to be responsible for two directions."

"Remember, as soon as there is news, send it immediately. I will rush over immediately."

"He can't run far!"

This method is currently the only feasible method that seems to be feasible.

Xia Haochu made a speech, and the other disciples looked at each other, and couldn't think of a better way for a while, so they could only do so.

With an order, everyone followed the instructions and immediately set off in those ten directions.

Xia Haochu stood still and sat there, but he felt more and more in his heart that something was wrong.

According to Chen Feng's state when he ran away, he could probably judge that even if someone helped him recover.

Based on the strength of those three people, they couldn't recover much.

half?

Well, restore at most half of your strength!

Chen Feng, who was only half capable, was not afraid at all.

Every junior and disciple who went to track, even if it was difficult to fight, there was no problem with self-protection and transmission.

Xia Haochu made repeated deductions and felt that there was no problem with his logic.

But just don't know why, he always feels something is wrong.

In this way, an hour passed.

At this moment, in the direction of the east, a true disciple of the Beast God Sect was still searching.

This person's name is Qiu Minmin, and a dragon is pierced on the clothes of the true disciple on his chest!

Qiu Minmin was wearing a jet black robe, his face pale and dry, as if he hadn't seen the sun in a long time.

His long hair was tied back randomly, and his thin lips had already smacked his tongue impatiently.

For an entire hour, except for the sky in the sky and the surrounding clouds, there was only the sea below.

Nothing else.

But what Qiu Minmin didn't know was that there was a pair of eyes staring at him in the clouds.

It is a golden feather crow!

The Golden Feather Crow at this moment, watching the figure, slowly approached.

"Hey, where is Chen Feng?"

"It's been so long, I haven't even seen a half-person figure!"

"Senior brother, is it reliable?"

When Qiu Minmin was complaining, suddenly, his relaxed face suddenly changed.

The figure stopped.

He felt a familiar breath!

At this moment, Qiu Minmin suddenly became energetic, and his face was full of joy.

"Is it hit by me?"

This thought just appeared in his mind.

In the next moment, he looked up into the clouds in front of him, and met a pair of black eyes!

Hum!

At the moment when he met those eyes, Qiu Minmin's mind was chaotic.

A strong mental attack hit him from the moment he met the line of sight!

His body completely lost control.

In order to send a message, the body cannot move at all.

Before he even waited for his heart to react to something bad, a figure appeared silently in the clouds again.

This figure approached silently, and it was Chen Feng!

It was also at this time that through the eyes of the Golden Feather Crow, the time limit for controlling the opponent had arrived.

Although Chen Feng felt a little regretful.

After all, it was a long-range, demon heart attack carried out with the help of other things, which greatly weakened the strength of the demon heart itself.

In addition, even though the disciple of the Beast God Sect in front of him, he should be regarded as the weaker one in Xia Haochu's entire team.

But that, after all, is also a true disciple.

But it is enough!

Most of his hunting plan has been successful!

In Chen Feng's hands, the silver-white soul of the sword suddenly appeared!

The silver-white light was consciously controlled within a certain range.

The scope of influence will not be too wide, thus attracting the attention of other disciples of the Beast God Sect.

But the power of the Soul Sword that was quite suppressed was enough to deal with it.

As soon as Qiu Minmin recovered his spiritual consciousness, he reacted immediately and his expression changed on the spot.

At this moment, Xia Haochu's previous instructions were temporarily forgotten.

People always follow their instincts to react at moments of life and death.

A powerful knife intent came over his head and his face, extremely fast!

In this case, he instinctively seeks advantages and avoids disadvantages.

In an instant, mobilizing the abilities of the whole body, wanting to take this fatal blow.

However, he did not know that if this opportunity was missed, there would be no second chance to send a message.

Standing in the clouds, Chen Feng couldn't help but smile as he watched Qiu Minmin's counterattack.

Very good, exactly as he expected.

"You missed the only opportunity to send a message to Xia Haochu."

Chen Feng spoke slowly, his voice echoing in the narrow void,

It seems rather aloof, indifferent and ruthless.

At the same time, his hand raised the broken knife again.

The broken knife continuously released silver-white light outwards, quite a feeling of doomsday judgment.

And Qiu Minmin finally realized that the man in front of him!

From beginning to end, even if everything was accurate, he did not give him any chance of life.

Chen Feng was right. The time just now was probably the only time he could give Xia Haochu a warning.

It's just that it's too late to wake up!

Chen Feng's silver-white sword soul had already rushed in front of him again.

boom!

All murderous auras and sword intent were restrained and did not leak the slightest outward.

But Qiu Minmin's eyes, who had suffered this beheaded, slowly lost the light.

He raised his head and fell back.

However, the next moment the body was caught by Chen Feng again.

Seeing Qiu Minmin, who was gradually losing his temperature in his hands, Chen Feng couldn't help showing a common smile on his face.

"Sure enough, hunting like this is convenient and fast."

Chen Feng muttered to himself, just fell.

[Chapter 5207: What is your background?](#)

Jin Sanye's plump and round head came out of his arms again.

Its jet-black eyes rolled around, looking at the corpse in front of him with interest.

The golden feather crow also hovered above Chen Feng for a moment.

Then, he dropped and stopped on Chen Feng's shoulder.

The little guy was like an ordinary bird at the moment, turning his head obediently.

He can also gently comb Chen Feng's hair with his sharp beak.

Chen Feng turned his face, looked at this funny little helper, and patted his head with satisfaction.

Then, his attention was focused on the disciple of the True Legend of the Beast God Sect in his hand.

"Since he is a true disciple of the Beast God Sect, I must have gained a lot this time."

With that said, Chen Feng quickly checked it again.

Then, his smile gradually disappeared.

"Isn't it? Poor and white? Nothing?"

Chen Feng searched again from start to finish, and indeed found nothing.

This Qiu Minmin only wore a ring on his hand.

Chen Feng was somewhat impressed with this ring.

If he remembered correctly, when Xia Haochu showed up with everyone, everyone wore such a ring in their hands.

This ring is very different from the general storage ring.

Its whole body presents the material of dark red blood jade, and its shape is quite strange.

Vaguely, many animal outlines can be seen.

Chen Feng can almost guess what the purpose of this ring is.

He took off this blood jade ring and ran through his mental power briefly, as expected.

There is a small two-winged flying dragon inside!

This is a royal beast ring specially used by disciples of the \*\*\*\* of beasts to house their own beasts.

Chen Feng looked at the double-winged flying dragon in the Royal Beast Ring, and became more and more strange.

"Is this two-winged flying dragon still in its juvenile state?"

He patted Sanye Jin on the head directly, reminding it to pay attention too.

Although Chen Feng had never seen the double-winged flying dragon, he had seen quite a few monsters.

There are many differences between the juvenile state of a monster beast or the adult state.

The two-winged flying dragon in front of him is obviously a young dragon in its juvenile state.

Jin Sanye was slapped on the head and also leaned over to take a look.

After just one glance, it flicked its wings:

"The transitional state from juvenile to adult."

After abandoning such a lot of thoughts, in the end, he only got an imperial beast that was not an adult.

Chen Feng was suddenly dissatisfied.

He probably guessed the situation.

This person should have just become a true disciple, so he used all his wealth to get such an imperial beast.

However, who would have thought that he would suddenly encounter Chen Feng's hunt today.

Poor Qiu Minmin was directly killed by Chen Feng before he even had time to use Yu Beast.

Such an outcome can be described as quite useless.

However, these are not what Chen Feng needs to care about now.

There is already a master's beast, but I don't know if it will work.

Chen Feng was about to throw the Royal Beast Ring into the storage ring.

Jin Sanye, who was poking his head in his arms, suddenly spoke at this moment.

"You can keep this thing, it works."

When Xiao Jin suddenly said this, the movements in Chen Feng's hand stopped temporarily.

He lowered his head and looked at the plump Third Master Jin who was in his arms.

"Do you know other uses for this thing?"

Chen Feng threw away Qiu Minmin's body and grabbed Jin Sanye, who was about to retract his neck.

As soon as he tried hard, Jin Sanye was forced to look face to face with Chen Feng.

Seeing Chen Feng's reaction, Jin Sanye had to continue to say a few more words.

"Quack, this thing is a hard currency in Donghuang."

"You keep it, and you can change a lot on some special occasions."

Chen Feng never expected that such an imperial beast ring would have little-known uses.

He once again looked closely at the dark red blood jade imperial beast ring in his hand.

Suddenly, he raised his head again, and met the thief eyes of the third master Jin.

"Xiaojin, I'm really curious."

"What is your background?"

Things like this kind of transaction with imperial beast ring as hard currency shouldn't be something most people know.

But Sanye Jin, but he just knew.

And it seems to understand.

Therefore, Chen Feng still couldn't help asking this question.

However, after hearing this question, Jin Sanye did not answer directly.

Its jet-black eyes looked at Chen Feng gruntingly, spinning around, then opened its beak and quacked.

The whole looks like he is smiling.

See it this reaction.

Chen Feng knew that this guy still didn't plan to say anything.

"Forget it."

Chen Feng sighed and gave up the questioning.

I believe that at some point in the future, Jin Sanye will tell him.

He turned his head and looked in the direction where the other golden feather crow flew.

"Let's go, quickly solve them one by one."

Put away the broken knife, grabbing the soul of the knife.

Chen Feng turned his mind and quickly switched to the nearest direction to the left.

In that direction, there was also a true disciple of the Beast God Sect who had a weak cultivation base.

"You are the one."

Through the eyes of the Golden Feather Crow, hiding in the clouds, he spied the disciple's whereabouts.

Chen Feng let the Golden Feather Crow on his shoulders continue to stop in place, releasing his breath.

But he condensed all his breath and quietly dived to the next goal.

After getting a little closer, he once again ran the heavens and the earth to reincarnate magic, once again creating a fist-sized black magic heart seed.

After that, when the disciple of the True Legend of the Beast God Sect had just discovered the Golden Feather Crow hidden in the clouds.

Jin Yu Crow suddenly opened his black eyes, and met the man's sight!

Heaven and Earth's repeated reincarnation magic power suddenly started, the devil heart smoothly took root and entered the spiritual world, and began to contain it!

In this way, he successfully hunted down two disciples of the True Legend of the Beast God Sect.

At the same time, Xia Haochu, who was guarding in place, gradually felt an unpleasant feeling in his heart.

He looked up and looked around.

Looking near and far away, there was no one except the clouds in the distance.

Nothing happened.

He lowered his head and looked at Wanli Tracking Heart Disk in his hand again.

Wanli Tracking Heart Disk still maintained the state after coming here, pointing ten directions in turn.

"In other words, no one has caught up with any breath yet."

"A group of garbage!"

Xia Haochu cursed in a low voice without mercy.

With one hand on his hips, his heart burst into flames, and he raised his head and twisted his neck casually to make a crackling bone sound.

He looked completely impatient.

The spirit of the Beast God Sect has always been this way, whoever has the strength can surpass everything.

Therefore, in the eyes of others, the other disciples are his fellow students.

In fact, in Xia Haochu's heart, they can only be regarded as subordinates at best.

#### [Chapter 5208: The sneak attack failed!](#)

Almost no one in the Beast God Sect cares about their life and death.

In this way, Xia Haochu waited for a while, but the instructions on the Wanli Tracking Heart Disk were still ten directions.

There are still ten breaths belonging to Chen Feng, and they have not changed!

At this time, in Xia Haochu's calm complexion, his brows finally frowned.

"wrong."

There must be something wrong, it's almost two hours.

According to the Wanli Tracking Survey, even the worst disciple can catch up with him in one hour.

How could it be possible that two hours have passed, or there is no movement at all?

"There must be something wrong."

Xia Haochu muttered to himself in a low voice, and suddenly lowered his head after looking down and thinking for a moment.

In the next moment, he mobilized his cultivation base to start fully operating the Wanli Tracking Heart Disk in his hand.

After a large amount of star power was poured into the heart disk of Wanli Tracking, which is not too big or small, it gradually released a bright red light.

"Since Chen Feng's breath is hard to tell, the few who are chasing him will not be so."

He secretly said in his heart, and then stared at the Wanli tracking heart disk in his hand.

Soon, the pointer that kept changing its position suddenly stopped.

This time, the pointer pointed to one direction very clearly.

To the northwest.

It was the location where one of the true disciples left to track.

Since Wanli Tracking Heart Disk can accurately point out the location, it at least means that the person is still on the track, at least still alive.

After confirming this, Xia Haochu again began to determine the location of the second true disciple.

As long as the Wanli Tracking Heart Disk in hand can clearly point out the direction, at least it can be sure that the person is alive.

That's it, the third true disciple, the fourth...

When he searched the breath of the fourth true disciple, something different happened.

The Wanli Tracking Heart Disk in his hand was working normally, but the pointer in the middle stopped.

It won't move!

Even if Xia Haochu turned around, it still remained unchanged.

Seeing this scene, Xia Haochu's face finally turned gloomy.

With a wave of his hand, he continued to search for the fifth and sixth...

Every time I see a pointer that is motionless, the anger accumulated in Xia Haochu's body becomes more terrifying.

Under this circumstance, the sudden disappearance of the breath also means that people die!

The breath of the three disciples has completely disappeared.

Moreover, these three disciples are exactly three adjacent directions to the east.

Xia Haochu turned his hands and put away the Wanli Tracking Heart Disk, looking at the two adjacent directions in front of him.

For a time, it is difficult to determine which of these two directions the next breath will disappear.  
at the same time.

Among the layers of clouds, another golden feather crow was hiding in it, quietly monitoring the disciple of the fourth Beast God Sect.

In its eyes, there is already a seed of the Devil Heart filled with black light.

Everything went on in an orderly manner like the previous three disciples.

The surroundings are terribly quiet.

The man with purple robe and hair had the embroidery of the magic ape on his chest.

His appearance is a bit different from ordinary people.

Generally, cultivators who reach their level of cultivation level are not too bad in appearance.

But this person is not.

He is not tall and thin, his skin is rough and dark with fine lines.

Furthermore, lush hair can even be seen on the arms.

Even the face is almost the same, the dark red hair is messy, draped randomly behind his head.

And in those deeply recessed eye sockets, there were actually a pair of light gray eyes.

What's more prominent is that his arms are much longer than ordinary people.

From the perspective of Jinyu Crow, Chen Feng vaguely guessed.

The embroideries on the chest of the disciples of the True Legend of the Beast God Sect can tell which beast they are guarding.

Embroidered on this person's chest looks like a bloodthirsty ape.

"It seems that in order to defend the beast, he has assimilated to a large extent with the beast he is defending."

Chen Feng thought secretly, without thinking much.

Just as he did before, suddenly revolving heaven and earth to reincarnate heaven and earth.

When using the eyes of the Golden Feather Crow to show the devil's heart to that person, an accident happened!

"Chen Feng?"

The man's hoarse voice suddenly sounded.

Then, the Demon Heart sent out suddenly seemed to be blocked by a barrier!

This accident was unexpected by Chen Feng.

He could see clearly through the perspective of Jinyu Crow.

It was the moment that the man's body was close to the devil's heart, and a brilliant light suddenly shined, helping him resist for a moment!

There must be a treasure in this person!

And it was this moment that this strange treasure resisted that caused the form to be reversed immediately!

"Roar!"

A vigorous beast shadow appeared in front of the man instantly.

It is about fifty meters tall and covered with blood-red hair.

Open mouth, full of sharp fangs!

It really is the bloodthirsty nine apes!

This bloodthirsty nine contending ape is rare, tall and strong!

What's even more strange is that it has four arms, full of explosive muscle power!

At the same time, its deep eyes are also light gray.

A pair of eyes gave out two rays of light, like cold electricity!

Shoot straight at the golden feather crow hiding in the clouds.

Even across the layer of Golden Feather Crow, Chen Feng could feel the coldness of those two rays of light!

Immediately afterwards, a sharp ape cry sounded.

In the next moment, Chen Feng lost the connection with Jinyu Crow.

The Golden Feather Crow didn't have much combat effectiveness. After being discovered, it dissipated directly!

However, all of this only happened in an instant.

In the next second, Chen Feng suddenly appeared, and the silver-white ray of broken knife in his hand appeared.

He directly squeezed the broken knife with both hands and slashed towards the opposite side unceremoniously.

In the boundless void, the surrounding clouds disappeared instantly.

The Bloodthirsty Nine Struggle Ape screamed again, and there was a faint blood mist around his body.

The moment the silver-white light flashed, it seemed very strange!

However, just as the terrifying sword intent advanced forward, the tall figure greeted him like a mountain.

The extremely long claws directly moved forward, and after colliding frontally with the sword intent, they made a sonorous sound.

Then, a bunch of sparks shot out from its arms!

Chen Feng was immediately shocked.

This bloodthirsty Nine Contesting Ape is not only infinitely powerful, but can survive his full strength with a single blow, but it will not move!

Moreover, the physical strength is also extremely abnormal!

With this blow alone, his heart sank.

This blood-colored giant ape is absolutely difficult to deal with, its speed, strength, and strength are above the standard!

For a while, Chen Feng was in trouble instead.

I saw the disciple of the Beast God Sect behind the bloodthirsty Jiuzheng ape smile coldly:

"Chen Feng, Chen Feng, are you disappointed that the attack failed?"

He didn't know that before that, Chen Feng had quietly hunted down three of his disciples.

I only thought that Chen Feng had been hiding in this direction, lying in wait for a sneak attack.

#### [Chapter 5209: Kill again!](#)

As he spoke, he suddenly raised his hand, and suddenly a flare dedicated to God Beast Sect appeared in his hand.

Seeing this scene, Chen Feng's mind suddenly shocked.

Never let him send a contact signal to Xia Haochu!

At this time, Chen Feng must be excited.

He raised his cultivation to the limit.

The nine rounds of the big moon in the star soul space are shining brightly!

Endless star power rushed into the broken knife in his hand.

Qingqiu Sword Soul hummed in a low voice, and Chen Feng could even feel its excitement and supreme killing intent.

Dancing frantically, the wind is surging above the void.

Chen Feng suddenly raised his head, his eyes burst into endless fighting spirit.

"Pretending to be, what's the fear!"

Before the words fell, the power of time and space poured out wildly, and the target was locked-the bloodthirsty nine apes and the beast man behind!

Too much to kill God!

The silver light flashed past, and the ultimate killing intent had converged to the extreme.

"Roar!"

The blood-colored giant ape looked up to the sky and roared, in front of the combination of Qingqiu Sword Soul and Supreme Zhu Shenzhan, it instinctively showed fear!

Chen Feng almost unreservedly raised his fighting spirit to the extreme, making a shocking cut!

"puff!"

The blood burst out, and the bloodthirsty nine contending apes couldn't move at all!

The almost inaudible silver-white light penetrated straight into its chest, and directed towards the ugly red-haired man behind it.

Everything happens between the electric light and flint.

The silver-white divine light instantly tore the body of the Scarlet Great Ape!

The ugly red-haired man was immediately hit hard, his face pale, and his mouth was bleeding, and the oncoming silver light locked him firmly!

The appearance of the Bloodthirsty Nine Contest Apes was indeed unexpected by Chen Feng.

However, when it resisted Chen Feng's knife, it also exposed his fatal flaw in front of him.

The red-haired ugly man's cultivation base was only at the peak of the eighth building of the Star Soul Martial God Realm, and he was only a step away from the ninth building.

No matter how strong he is, the monster beast that can be controlled will never be much stronger than him.

According to the performance of the Bloodthirsty Nine Fighting Apes, he is extremely fast, extremely flexible, extremely powerful, and extremely powerful.

Combining these elements, the strength of this bloodthirsty Nine Contesting Ape must be at least in the tenth floor of the Star Soul Martial God Realm or even higher!

If it were to be such a powerful monster, it would never be controlled by an ugly man with red hair.

Even if someone helps.

But since it has shown such strong power against the sky, there is only one possibility left-the astonishing state just now, the power and invincibility it has shown cannot be maintained for a long time!

From another perspective, if the red-haired ugly man really reaches the sky, he can defend against super monsters.

With his strength, how could he be willing to point out where to play under the leader of Xia Haochu!

Chen Feng is not a reckless person, but after all, he is a cultivator with countless combat experience.

Therefore, when this Supreme Zhu Shen Zhan was issued, he already had absolute confidence.

He bet that this bloodthirsty nine contenders will become weak and vulnerable immediately after surpassing a certain limit!

It turns out that he was right.

At this moment, the face of the red-haired ugly man finally showed real fear.

He was completely horrified!

Chen Feng had absolute self-confidence and extremely firm conviction in that blow just now.

Even across the tall body of the bloodthirsty nine warriors, the chill that burst from those cold eyes directly locked him firmly.

As a disciple of the Beast God Sect, he has always looked down on disciples of the Galaxy Sword Sect.

Especially after he became a true disciple and had his own Royal Beast, his strength was twice or even three times that of the same rank.

How arrogant, arrogant, and naive to think that they are truly invincible at the same level.

Unexpectedly, Chen Feng in front of him was stronger and crazier than him!

"Obviously, he is just a kid at the peak of the sixth floor of the Star Soul Martial God Realm. He actually makes me...feel fear and powerless..."

He murmured with blood in his mouth, his eyes filled with disbelief.

However, no matter how he couldn't believe it now, Chen Feng had already swung the broken knife and killed him!

At this moment of life and death, the ugly red-haired man was completely terrified!

The silver light was instantly cut just now, despite the bloodthirsty nine apes as a buffer.

However, when it hit him, it still caused unimaginable damage.

He has no power to fight back!

"Seek help! Yes, hurry up for help!"

At the moment when the silver light flashed, one arm was raised up to the sky.

As this arm was cut away from the body, a red light flew upward instantly.

It broke through many obstacles and burst up above the sky.

A "beast" character appeared on Chen Feng's head.

Then, a breath came out of the word, and he rushed towards the distance and disappeared into the sky instantly.

Chen Feng reached out and grabbed the collar of the ugly red-haired man, and stared at the distress signal going away.

After making up the knife, the red-haired ugly man has lost his breath.

At this time, Jin Sanye got out of his arms and raised his head thieflly, looking at the sky, looking more anxious than Chen Feng.

"Hurry up, feel for what treasure is on him, and then drive away with the bloodthirsty corpse."

Chen Feng quickly touched the ugly red-haired man.

This time, he didn't gain much, not even the space ring, only a bronze medal with a special material.

"what is this?"

Chen Feng squeezed it twice for the first time and found that this bronze medal made of unknown material was actually extremely hard.

Moreover, there is still some magical power flowing.

Could it be that it was this thing that resisted the attack of the Devil Heart just now?

Before he had any more guesses, the third master Jin in his arms quacked: "This is also his spatial ring."

"In fact, at this level, the spatial ring that I put on my hand is gone."

"Many cultivators have some storage functions in some vessels and utensils."

"Like your broken knife, it can also store the soul of the knife."

Chen Feng heard this concept for the first time.

The old \*\*\*\* Jin Sanye quickly explained on the ground, listening to Chen Feng's ears, he had a new understanding.

He lowered his head and said, "So, in other words, it's not just rings, jade medals, and weapons."

"Everything you carry may contain some treasures."

Xiao Jin nodded quickly: "Yes, so when searching, you need to be more precise."

Chen Feng understands.

He searched the whole body of the red-haired ugly man again.

Certainly, only after such a bronze medal, this will let go.

Then, with the corpse of the bloodthirsty Nine Competitive Apes, he quickly left the place.

Soon, after a cup of tea time.

A rugged man full of explosive power appeared at the place where the red-haired ugly man died.

[Chapter 5210: A gift from the mysterious creature Primordial Three-eyed Golden Crow!](#)

The person here is Xia Haochu!

He quickly released his consciousness outwards, and quickly scanned the surroundings.

But nothing!

Xia Hao was unwilling to do so, and once again took out the Wanli Tracking Heart to determine the location of Chen Feng.

The breath of fellow disciple disappeared.

Moreover, the breath of Chen Feng in this direction also disappeared!

Looking at the motionless pointer in his hand, Xia Haochu's eyes were gloomy.

He pressed his lips tightly and said nothing, his anger accumulating to new heights.

At the same time, on a hidden island far away.

Chen Feng is hiding in it.

This small island is not big, only a few hundred meters in radius, but its geographical location can be described as unique.

There are huge islands on all sides, which are wrapped in them, presenting a concave shape similar to a basin.

On this endless ocean, there have been many miasma floating for a long time.

In other places, when the sea breeze blows, huge waves beat every day, and the miasma gathering will soon dissipate.

But the wind is hard to approach this small island and the waves are hard to shoot.

As a result, it was almost shrouded in heavy miasma, and it became increasingly non-existent among the clouds and mist.

Chen Feng also accidentally discovered this empty "treasure place".

At this moment, he is recovering his cultivation while reflecting on his previous hunting mode.

Through the eyes of the Golden Feather Crow, the power of Demon Heart was exploited too seriously.

"It is more suitable for long-term control by planting the control method of the devil's heart to control the puppet."

"Used for hunting is still too wasteful."

Chen Feng whispered to himself, quickly sorting out some confused thoughts.

Before thinking of hunting this way, surveillance is still secondary after all.

Mainly, it still has to rely on the devil's heart to contain the opponent, and then achieve the result of instant killing.

After all, the consumption of a demon heart's cultivation base cannot be ignored.

Under the exploitation of the Golden Feather Crow, the waste of power is very serious.

The direct result of this was that after he had hunted down four disciples of the True Beast Sect.

Not only the cultivation base consumes a great deal, but even the loss of mental power is considerable.

More worrying, there is one more point.

Just like dealing with the ugly red-haired man just now, because the power of the devil's heart has been severely exploited, the success rate of the key process of hunting is difficult to reach 100%.

Fortunately, this time he had retreated all over, but still let the signal bomb go out.

If you encounter a stronger opponent next time, I am afraid the success rate will drop even more!

"Hey."

Thinking of this, Chen Feng couldn't help but sighed: "It seems that there must be another supernatural power of control."

After clarifying his thoughts, he shook his head, leaving those things behind for a while.

He turned his head and looked at the bloodthirsty corpse of the nine apes.

Although the true strength of this bloodthirsty nine contenders was not as amazing as it was at the beginning.

However, it can make the image of the red-haired ugly man assimilated into that way.

Therefore, when Chen Feng saw the image of the red-haired ugly man at the first glance, he thought that this bloodthirsty ape must have a special bloodline.

Thinking of this, Chen Feng didn't say a word, and directly operated the Supreme God Demonizing Dragon Art.

Trying to distill the blood in this bloodthirsty ape.

However, after extracting all the blood vessels in its body, there was no sound of blood vessel rank in Chen Feng's mind.

This means that this bloodthirsty nine contending apes does not have any blood of gods and demons.

This makes him a little regretful.

However, it is not completely useless.

Chen Feng stepped back and began to absorb its blood.

Under the operation of the Supreme God Demon Transforming Dragon Art, those vigorous essence and blood will automatically flow into his Dantian world.

The blood of the third \*\*\*\* and devil that was originally entrenched in his body, the blood of the Taiyin Xuan Snake, originally only converged into a complete dragon head.

After absorbing the blood of the bloodthirsty nine apes, a new body appeared under the dragon's head.

Chen Feng could feel immediately that his blood of the gods and demons had an obvious and powerful feeling.

After absorbing the essence and blood, he got up and patted his arms gently.

"Xiaojin, it's time to eat."

Before the words fell, a fat head came out of his arms.

"okay!"

Jin Sanye had long been staring at the bones of this bloodthirsty Nine Contest Apes, and when he heard Chen Feng's words, he didn't bother to care about the name.

It quickly emerged from Chen Feng's arms, like a bolt of lightning.

Instantly rushed to the bones on the side like a hill, and started eating!

Seeing Xiaojin's eyes flashing, Chen Feng couldn't help but smile faintly.

I have to say that Jin Sanye's speed is really fast.

This one hundred meters high, bloodthirsty corpse of the nine apes like a hill.

As a fat bird about two inches in size, it can be eaten dry in less than a cup of tea.

Not even a piece of bone left!

"This amount is not enough."

Jin Sanye had a chubby belly, and his eyes narrowed comfortably into a line, and he looked shiny again.

Before the voice fell, a full hiccup suddenly sounded.

Chen Feng was stunned for a moment, and then laughed unceremoniously.

Jin Sanye's face flushed red, flapping wings to cover his eyes.

"We can't live up to my stomach."

At this moment, a huge voice suddenly exploded in Chen Feng's mind.

The sound came so unexpectedly that he almost didn't laugh and coughed violently.

Chen Feng could tell for the first time that this vast voice came from the top of the sky.

It declared with majesty and without any emotion: "Trial immortal, Chen Feng."

"You got a gift from the mysterious creature Primordial Three-eyed Golden Crow."

"Reward six supernatural powers."

Hearing the "reward" suddenly announced by the top of the sky, even though he was as calm as Chen Feng, his eyes widened slightly.

This reward came too suddenly!

Moreover, the six magical power sources, and the remaining four magical power sources before him, just make up ten!

Chen Feng turned his head abruptly and looked at San Ye Jin, almost overjoyed.

He didn't expect that this fat and gluttonous bird would have this ability!

What a treasure!

And, you know, the source of supernatural powers, but the treasure of the top of the sky!

This fat crow, it is obviously not the existence of the top of the sky!

Why can it communicate with the top of the sky?

Why don't you give it to yourself directly, something that only the top of the sky can have?

The more Chen Feng looked, the more he felt that Jin Sanye had countless secrets.

It's just that now is not the time to think about this.

Now that he has these ten magical power sources, he can immediately improve his cultivation magical powers.

At present, Chen Feng's repetitive reincarnation magic and Supreme Zhu Shenzhan have all been promoted to the third level!

Only the Buddha's Angry Lion Roar is still in the second level.

"How do we think your response is weird?"

Jin Sanye raised his head.
