

## Peerless 5231

### [Chapter 5231: challenge!](#)

The young man with white hair on his forehead came to Jiang Yunxi and showed his white teeth provocatively:

"I said, you look pretty good, why is there something wrong with your mind?"

"Who doesn't know, the Galaxy Sword Sect is now deteriorating, and its strength is falling behind."

"Originally, the various forces in the entire Eastern Wilderness have guessed, you are afraid that you will fall out of the nine major sects, right?"

"Unexpectedly, you really sent four disciples to the competition this time."

The young man with white hair in front of his forehead clutched his belly and laughed exaggeratedly.

"And him."

He stretched his hand to Chen Feng.

"It doesn't matter if you send four people to the competition, but this kind of waste from the sixth floor of the Star Soul Martial God Realm is actually the leader of you this time."

"Miss Jiang Yunxi, if I remember correctly, it should be you."

"It is said that the City of Stars has produced a talented woman with extremely high talent and powerful strength."

"Now it seems that it's just the rumours in this shop, but you really believe it."

The words of the young man with white hair on his forehead immediately attracted a lot of applause.

"Luo Zongyang, good point!"

"As expected to be the first Young Master Luo on Ningyun Island!"

...

Luo Zongyang and Jiang Yunxi have heard of this person's reputation. He is a well-known disciple of a family in the Far East Ocean.

Like Jiang Yunxi and others, he also became famous when he was young.

After that, he successfully entered the well-known Ningyun Island in the area. After a few years of entry, his strength has been outstanding among his peers.

Nowadays, Luo Zongyang's character is even more rebellious, he can say whatever he thinks, he is quite confident and arrogant.

Today, he was the first to ridicule, but it was in line with his character.

After all, it is said that this time Ningyun Island did not even have a place for the competition.

Including him!

With Luo Zongyang's lead, no matter it is the disciples of some other schools in the competition field.

The onlookers who were still standing on the surrounding mountains couldn't help but ridicule the four of Chen Feng.

For a time, boos continued.

In the face of such great sorrow, ridicule, and contempt, let alone Jiang Yunxi, even the Que Yuanzhou brothers were extremely angry.

In the process of going to the Broken Jade Conference this time, they had already learned the truth.

But when I really came to the scene, I felt that it was like a violent wind and waves.

Sneer, contempt, swearing, disdain...everything!

It is impossible to say indifferent!

Not only because they are a member of the Galaxy Sword faction, even if it is just for themselves, they will never be able to swallow this breath!

Chen Feng came to Luo Zongyang and stopped.

The boos around became stronger.

In the overwhelming contempt, Chen Feng did not change his face, and made a sound of every word.

"This time, we must be number one."

This sentence is not only Chen Feng's declaration, but also his promise to himself.

In any case, he must win the first place in this broken jade conference!

Not only for the mysterious treasure that the old monster said, not only for the Galaxy Sword Sect.

Not just for the sake of Jiang Yunxi, Que Yuanzhou, and Que Yuanyi behind him.

More for himself!

Slap all the people who look down on them at the scene!

I wonder if his attitude is too firm, his aura is too strong, and there is a moment of silence on the scene.

Then, the whole house burst into laughter.

The boos were even worse, with more voices coming from all directions, using various ruthless words to mock Chen Feng's self-consciousness and ignorance.

Even Luo Zongyang, who was standing in front of him, laughed.

However, it is different from other people who laugh at it.

Chen Feng said these words in front of him.

When he said this, the kind of belief and determination that Chen Feng conveyed in his body and eyes gave him a moment of trance.

When he came back to his senses, this moment of trance made him furious.

Luo Zongyang turned his face on the spot and opened his mouth.

"With you? With the current Galaxy Sword Sect?"

"Our Ningyun Island is also quite a prestigious force in the Far East Ocean. Why are we not qualified to participate in the Broken Jade Conference?"

"Just a few pieces of scraps of you, are you worthy of participating?"

He almost pointed to Chen Feng's nose and provocatively said every word:

"For people like you, I can hit ten on the ground with one!"

With that said, Luo Zongyang turned to look for the desolate generals who maintained order.

But at this moment, before the Jade Breaking Conference officially began the competition, the gods of the wild had not yet appeared.

Luo Zongyang looked around for a while, but didn't find it, so he simply said, "Everyone, I'm Luo Zongyang."

"Now, I will challenge the Galaxy Sword Sect on the spot..."

"By the way, I haven't asked you yet, what is your name?"

Chen Feng was neither angry nor annoyed, and answered with a smile: "Chen Feng."

Luo Zongyang nodded and continued to shout:

"I Luo Zongyang, now I am going to challenge Chen Feng of the Galaxy Sword Sect on the spot, and I invite you all to witness for me."

"If I win him, Ning Yundao will take over the qualification of the Galaxy Sword Faction this time!"

As soon as he said this, cheers erupted from the surrounding mountains.

Everyone was supporting Luo Zongyang's on-site challenge, and they wanted to see Chen Feng's embarrassed appearance when he was severely beaten in the face.

However, among the countless cheers of support, it is not true that Chen Feng himself is extremely malicious.

Here, the strong is king, that's all!

Faced with the earth-shattering "response" request, Chen Feng and the four were quite calm.

Not only Chen Feng, but also Jiang Yunxi, Que Yuanzhou and Que Yuanyi behind him are relatively calm.

Chen Feng looked at Luo Zongyang with a smile.

"How many people are you here in total? You can go together."

The implication is war!

Fight if you want!

Obviously it was still early in the morning, but the atmosphere on the competition venue had already boiled over.

Luo Zongyang stretched out his hand and deliberately flicked the white hair on his forehead like a handsome man, quite confident:

"I, Luo Zongyang, never deceive less by more."

The three Jiang Yunxi walked away silently to make room for Chen Feng.

Those participating disciples not far away also gave way.

Luo Zongyang and Chen Feng stood opposite each other, and began a confrontation amidst the roars of war drums from all directions.

"watch out!"

Luo Zongyang's cultivation was at the peak of the seventh building in the Star Soul Martial God Realm, and he was only a step away from breaking through to the eighth building.

With absolute confidence, he wants to win a place for himself in this challenge.

Therefore, when he shot, he didn't leave anything behind.

The powerful aura of coercion broke out from his body instantly, and rushed towards Chen Feng with him.

"it is good!"

"As expected, Ning Yun Island's most outstanding disciple!"

On the surrounding mountains, many people are already smiling and talking, it seems that Ningyun Island is really going to win a spot this time.

boom!

Accompanied by a loud noise.

It seems that the dust has settled.

[Chapter 5232: One blow, defeat!](#)

Everyone's eyes were focused on the rising smoke and dust.

The originally boiling mountains on all sides instantly became dumb.

I saw Chen Feng standing with his hands behind, standing in place, with just a punch.

So he smashed Luo Zongyang, who was flying, to the ground!

Suddenly, there was a short, dead silence around the mountains that had been boiling and cheering.

Except for the few individuals behind Chen Feng, such as Jiang Yunxi and Que Yuanzhou, most people did not expect it to be such a result.

Even Luo Zongyang himself did not react at all!

His face fell heavily to the ground, almost oozing blood.

However, at this moment, compared to the pain that was rubbed against the ground.

It was the unexpected result, which made him even more unbearable.

Too much face!

It was like being slapped countless consecutively, Luo Zongyang only felt that his entire face was swollen into a pig's head!

But at this time, Luo Zongyang's heart was even more dissatisfied!

Just now, he didn't even see Chen Feng using any special magic weapon or strange treasure.

This shows that he really underestimated Chen Feng's true strength!

Luo Zongyang got up from the ground embarrassedly and stared at Chen Feng fiercely.

The more I look at it, the more I feel that the other person's eyes look at him as if they are watching a joke.

At this moment, Luo Zongyang suddenly reacted.

The strength that Chen Feng demonstrated just now is definitely in the eighth floor of the Star Soul Martial God Realm, even higher!

Therefore, before, he kept provoking in front of him, which is tantamount to a clown on the other side.

This recognition made Luo Zongyang angry.

He gritted his teeth, resisting the hot temperature on his face, and looked back at the remaining four of them on Ning Yun Island.

"Go together!"

Seeing Luo Zongyang's reaction, Chen Feng narrowed his eyes and smiled at the corner of his mouth: "Look, I let you guys go together long ago."

For Chen Feng, it would be a waste of time to do so.

And these words stopped in Luo Zongyang's ears, especially harsh!

He shouted: "Chen Feng, don't be too mad!"

Luo Zongyang and the four disciples from Ningyun Island behind him all showed their most proud magical weapons.

On the spot, they shifted their shapes and positions, and the five people respectively occupied a corner of the pentagram, forming a special formation.

The azure blue light instantly illuminates dozens of miles!

Originally, the four disciples behind Luo Zongyang's cultivation strength could be described as ordinary.

The strongest, but the seventh floor of the Star Soul Martial God Realm Dacheng.

After the formation can be formed, the strength of the five has a qualitative leap in an instant.

boom!

The ground was shaking, and Ning Yundao was no longer hiding himself this time.

The five men headed by Luo Zongyang shot at the same time, attacking at the same time in Chen Feng's direction.

Five magical artifacts soared above their heads, and the majestic power passed through the magical artifacts.

Continuously, poured into the formation, and finally formed a shocking light!

The azure blue light that is hundreds of kilometers long is like a sharp sword, finally unsheathed in front of the world.

Following the roar of Luo Zongyang and others, the azure blue light that penetrated the sky instantly reversed its direction.

Directly rushed in the direction where Chen Feng was!

This record, the lethality is as great as the peak of the eighth floor of the Star Soul Martial God Realm!

"Ningyun Island really has a bit of background."

"Through one formation, five disciples can exert their strength beyond a large realm."

"Yes, it's worthy of being a small and prestigious force on the Far East Ocean."

Many cultivators who were watching around praised them.

In their eyes, Chen Feng was only deliberately hiding, and Luo Zongyang suffered a dark loss, which is not a shame.

"Under this formation, I want to see if Chen Feng of the Galaxy Sword Sect can continue to be so mad."

Amidst the noisy comments from onlookers, the azure blue edge slammed towards where Chen Feng stood.

Just when everyone smiled in advance again, they finally saw Chen Feng move!

He flipped his hand and took out a...broken knife?

"Is this Chen Feng crazy? He even took a broken knife, it was pitted, and he didn't seem to want to be a magic weapon."

"He doesn't want to use this broken knife to deal with that massive and amazing offensive, right?"

There were only a few other people, their expressions changed slightly when they saw Chen Feng reveal the broken knife.

When it was said that it was too late, the azure blue edge that was thousands of meters long hit instantly, and Chen Feng almost slid backhandedly.

boom!

There was another loud noise, which continued to echo above the sky, producing repeated echoes.

Everyone can't wait to see Chen Feng's embarrassed appearance, the vast majority of cultivators above the mountains in all directions.

They all discovered their spiritual knowledge one after another and concentrated on the huge competition field in the middle.

However, what they saw was that the azure blue light was crushed by a silver-white light!

What they saw were the five disciples of Ningyun Island who were originally orderly and confident.

At the moment the silver-white light flashed, their faces were as pale as paper, and they fell to the ground with blood.

The entire precision array fell apart instantly!

On the other hand, Chen Feng-still standing still, not even moving half a step!

This result is obviously unexpected again.

No one would have thought of an ordinary disciple who clearly only had the peak aura of the sixth floor of the Star Soul Martial God Realm.

Under the attack of the peak of the eighth building, he could deal with it calmly!

At this time, everyone was undeniably surprised.

The original ridicule of Chen Feng was temporarily calmed down.

After all, although his cultivation level is low, at least he has a good physique.

Actually, he could cross two realms to deal with at the peak of the sixth floor of the Star Soul Martial God Realm.

However, this silence and surprise lasted for a while.

When the competition field, after the nine major forces made a sneer.

The people watching around became active again.

The most embarrassing thing in the audience was the five disciples of Ning Yun Island who were still lying on the ground in the competition field and could not get up for a long time.

Especially Luo Zongyang, all his face was lost at this moment!

If it was the previous heads-up, he could still say that he was not mentally prepared, then this time, it was completely crushed by strength!

What is even more unbearable is that after a brief silence from all sides, voices criticizing him continue to sound.

Many cultivators wanted to prove that Chen Feng was just a little good, and not particularly impressive, so they did not hesitate to compare them.

"After all, Luo Zongyang's strength is that, to be honest."

"Yeah, changing to any one of the nine major forces, it will be the same result, there is nothing to fuss about."

"It can only be said that Chen Feng barely reached the passing line of the nine major forces."

...

Listening to similar sounds around me.

[Chapter 5233: Are you here to die?](#)

Luo Zongyang couldn't help but surging again, and he spit out blood and fainted.

"Everyone be quiet!"

Suddenly, a huge voice suddenly rang in the void above the high mountains.

Many people have already heard who the owner of this voice is, but everyone still looks up at it.

I saw that on the highest point of the fairy mountain where they were, there was a cloud platform at the top of the sky!

This pan-tilt is really big enough, and Chen Feng looked around and looked around a hundred miles away!

And on that cloud platform, at this moment, Zhai Changzun, the desolate general who was responsible for maintaining the order of the Broken Jade Conference, was standing.

Zhai Changzun's voice resounded through the entire void, and his voice could be clearly heard even in the corners of the mountains on all sides.

"Everyone participating in the Broken Jade Conference, please come to Genting Rooftop."

No one cares about Luo Zongyang's previous episode.

The scene boiled again.

All the disciples of various sects and forces who are going to represent the competition this time have all jumped into the air.

Soaring quickly above the zenith cloud platform.

Originally, the entire fairy mountain was floating in the air, and there was fairy mist around him.

At this moment, on the top of the Zenith Yuntai where they were, there was even more celestial clouds, and it didn't look like a place for competition.

Almost used to stand a few people.

Chen Feng led Jiang Yunxi, Que Yuanzhou and Que Yuanyi to the top of the Zenith Yuntai smoothly, and saw Zhai Changzun who was still fully armed.

And following Zhai Changzun's order, the teams that had arrived at the competition field early.

And, those forces that had come from afar but had not entered the market one after another appeared on the zenith cloud platform.

Although it was a broken jade meeting held in the face of the entire Eastern Wilderness.

But in fact, only nine teams actually played, representing the nine major forces.

And when the four of Chen Feng came to the stage, even though there was an episode in front, everyone was still talking on the mountains below.

After all, compared to the other eight teams, the Galaxy Sword faction has only four players participating, which looks really shabby!

Not only that, but judging from the cultivation realm of the four of them, they are also the lowest and most inconspicuous among the entire nine teams.

Especially Chen Feng, the leader of the team, even if he had already demonstrated the strength to fight against the peak of the eighth floor of the Star Soul Martial God Realm.

However, the peak of the eighth floor of the Star Soul Martial God Realm, placed among the entire nine participating teams, is not in the flow at all!

Looking at the other eight teams, they are generally the cultivation base of the ninth floor of the Star Soul Martial God Realm!

There are even some participating disciples, their cultivation realm has reached the tenth floor of the Star Soul Martial God Realm!

Anyone who sees such a talented and arrogant disciple can't help but exclaim.

Previously, Luo Zongyang of Ningyun Island, just in this contrast, felt that compared to Chen Feng, he might not be able to compete for a place for himself.

It's just a pity that the cultivation base is still too poor.

And when Chen Feng and the four came to the Zenith Yuntai, the people from the surrounding eight teams saw them and their expressions were quite straightforward.

Just sneer!

Especially Gao Mufeng of Cangyu Immortal Clan, when he saw Chen Feng and the others, he strode forward without shy.

Looking at the three brothers Chen Feng and Que Yuanzhou beside Jiang Yunxi, he shook his head unceremoniously.

"You are here to be ashamed."

The words were very direct, and they didn't care about how Chen Feng and the others felt when they heard this.

He walked straight to Chen Feng and the four of them, once again showing the attitude of being on the steps yesterday evening.

Looking at Chen Feng with a condescending gesture of charity.

"For Jiang Yunxi's face, I will take care of you a little bit."

In Gao Mufeng's eyes, for people whose cultivation base is far less than their own, there is no need to take care of their emotions and so on.

He made it clear that it was charity.

As for the person who was given alms, he didn't care whether he was grateful or struggling to accept it.

Only the weak will be sensitive to charity in every way.

However, after hearing his words, Chen Feng neither jumped his feet nor furiously.

He just showed a consistent smile: "For Jiang Yunxi's face, I will take care of you a little bit."

In the original words, do not move a word, just copy and return!

To be honest, Chen Feng's attitude made Gao Mufeng quite dissatisfied.

But he claims to be a superior, naturally, he will not look down and care about these meaningless nonsense with those trash.

What's more, the sentence just now was not a discussion, but a notice.

Chen Feng's four talents left in front of Gao Mufeng, and they came across with familiar faces.

A disciple of the Beast God Sect!

This time there were not many participants in the Beast God Sect, but there were also five.

What Chen Feng didn't know was that, in fact, he rushed to participate in the Jade Breaking Conference before.

He had already killed the disciples of the Beast God Sect who were preparing to compete, until only Ni Fengnan was left.

In front of him, the four people who followed Ni Fengnan were all temporarily discussed with the Desolate God Guard when the disciples of the Beast God Sect arrived at the scene of the Broken Jade Conference.

Because of this, the five disciples of the Beast God Sect saw Chen Feng, their eyes tickled with hatred, and they wanted to kill him on the spot and then quickly.

At this moment, Ni Fengnan was no longer the ordinary disciple before.

His cultivation was really just like what Xia Hao said at the beginning, and he raised more than one realm in a short time.

Stepped forward to Chen Feng, staring at him fiercely, and said in a low voice: "This time, I will definitely kill you!"

Before Chen Feng could speak, he then sneered again: "Senior Brother Xia has given me a secret guard to improve my cultivation."

"This time, my strength is enough to kill you!"

However, in the face of Ni Fengnan's provocation, Chen Feng did not even look at him.

However, although he didn't respond, he looked towards the surrounding stands and quickly found the location of Xia Haochu.

He was not polite and raised his voice and said: "Do you want five of them to come and die?"

With that said, he turned directly towards Xia Haochu, compared to a throat cut pose!

Arrogant!

Arrogant!

Too pretentious!

Standing in the stands, Xia Haochu's face was ugly, and the whole face was so gloomy that it could drip with water.

However, Chen Feng was arrogant this time, so he was arrogant enough!

After he finished talking to Xia Haochu, he turned his head and looked at where Ni Fengnan was standing.

"Is anyone here talking just now? You were talking? I thought which one brought the wild dogs up to bark."

Completely ignored Ni Fengnan's previous threat!

Onlookers from all directions couldn't help shaking their heads after seeing Chen Feng so arrogant.

Ni Fengnan, who was ignored, had an embarrassed face and even more murderous intent in his eyes.

Seeing all this, everyone couldn't help but shook their heads and sighed, mocking Chen Feng again.

[Chapter 5234: The specific tasks of the Broken Jade Conference!](#)

"This Galaxy Sword School is really stupid."

"Yeah, how could such an unconscious team leader be sent?"

"The strength can only be said to be average, but I like to pick things around, and I'm looking for a dead end."

"By the way, have you ever reminded him that in the Jade Smashing Conference, the participating disciples might die?"

...

Above the zenith cloud platform, the eyes of the other eight teams looking at Chen Feng and the others were basically the same.

Even if Chen Feng had just demonstrated his strength below.

However, in the eyes of these nine powers who are qualified to participate in the Jade Smashing Conference, the level he has just shown is far from enough.

In this regard, Zhai Changzun, the desolate general standing at the forefront, did not express anything.

He just sat on the sidelines and watched the development of the situation.

As the person sent by the great deserter to host the Broken Jade Conference, he only needs to be responsible for the process and order of the entire game.

Even if he has any opinions about a certain participating student, he will not interfere with it as long as it does not affect the normal competition process.

However, at this time, Zhai Changzun also took a step forward.

Seeing him coming forward, everyone was quiet, waiting for him to announce the start of the game.

Surprisingly, Zhai Changzun, who was a desolate general, did speak, but he did not directly announce the start of the game.

"Everyone, fix it in place for a quarter of an hour."

"A quarter of an hour later, this jade broken conference officially began."

Hearing these words, not just all the participating disciples.

Even the onlookers who stood on the mountains surrounded by all sides complained.

"Why do you need to fix it again?"

"Is there anything to fix, is there any difference between starting now and starting in a quarter of an hour?"

...

Listening to such complaints from all directions, Chen Feng also had some doubts in his heart.

He turned his head and looked at Zhai Changzun in the distance through the crowd.

Standing in front of a group of wild guards, Zhai Changzun was still expressionless as before.

It was as if he was just a puppet giving orders.

It seems that there may be little chance of getting some news from him.

Chen Feng turned to look at the Que Yuanzhou brother next to him, and asked casually, "How did you compete in the Broken Jade Conference?"

Unexpectedly, this question asked Que Yuanzhou brothers instead.

I saw the two look at Chen Feng in surprise: "Isn't it a contest between young disciples who have just started?"

"How can you compare? It should be the same as the previous competitions."

However, what they said was only taken for granted.

Chen Feng looked at Jiang Yunxi again, but saw that Jiang Yunxi's complexion was a bit solemn and shook his head.

"it's not like that."

Jiang Yunxi is a disciple of the Inner Sky Jade Sword Sect of the Galaxy Sword Sect, and has a good relationship with Yin Haoran on weekdays.

And Yin Haoran had participated in the Jade Smashing Conference.

Naturally, all experience will be fully informed.

Seeing Jiang Yunxi's reaction like this, Chen Feng's heart moved slightly.

He knew that Zhai Changzun would never let everyone fix it for a quarter of an hour for no reason.

Now that I said that, there must be his intention.

The three of them looked at Jiang Yunxi and saw her whispering: "According to the brother, the Broken Jade Conference is different from other competitions."

"All the participating disciples will go to another world. Generally speaking, there are a lot of terrifying and powerful opponents in that world."

Upon hearing these words, Chen Feng immediately changed his face.

Although he was already speculating that it might be a different format, he still didn't expect it to be like this!

Before they continue to communicate in depth, a quarter of an hour has passed.

Zhai Changzun stepped forward again and officially announced that the competition has begun!

As soon as the voice fell, he waved his hand and took out a black stone tablet.

At this moment, everyone felt a strong wave of spatial power flashing on the black stone tablet.

What was different from everyone's reaction was that when Chen Feng saw this black stone tablet, his expression suddenly changed.

The response is great compared to others.

His reaction like this once again won the cynicism of many people around him.

Many people laughed at him as if he had never seen the world.

But now, Chen Feng has no time to care about these things.

Because he felt the breath from the top of the sky from the black stone tablet!

This is the real reason that made him tremble!

At the same time, above the extremely high and distant sky.

A stalwart figure is standing there.

At the moment when the stone tablet was displayed, the figure suddenly moved in his heart, and his eyes swept towards Nine Heavens.

That gaze quickly settled on Chen Feng, and all of Chen Feng's reactions were captured by him, and then he was thoughtful.

"This thing was given by the Great Desolate Master."

Zhai Changzun gave a very simple introduction to everyone.

The black stone stele grew bigger and bigger, and then it became as tall as a person, standing heavily on the zenith cloud platform.

boom!

Accompanied by the heavy sound of the stone tablet landing, Zhai Changzun stretched out his hand and pressed it against the stone tablet in front of him.

Suddenly, a crystal clear yellow light rose into the sky.

The majestic power does not come from.

But suddenly. From the stone monument, madness rushed out.

The entire void began to oscillate and oscillate quickly.

Immediately afterwards, the crystal light filled with the strong spatial power and the aura of the top of the sky seemed to tear the void in front of them.

Instead, there is a light door!

This earth-yellow light door wrapped in gray mist continued to spread and take shape in the void until it slowly stabilized.

There was silence on all sides of the mountain and the zenith cloud platform.

Everyone's attention was focused on this strange light door.

Chen Feng also looked over.

Through the light gate, the inside of the light gate is faintly visible, and it seems to be a huge world.

However, it is not their world.

It was pitch black inside, and there were poor mountains and rivers everywhere!

There are volcanoes and magma everywhere, and many volcanoes are erupting.

The dark yellow magma mixed with various impurities continuously flows down, eating away every inch of land around the volcano.

At first glance, it will only feel that it is a \*\*\*\* on earth!

Chen Feng now finally knows why Yin Haoran had such a reaction back then.

It seems that the disciples of the Broken Jade Conference are going to this strange world like purgatory!

This time, it was not just Chen Feng.

All those present, whether they were the participating disciples or the crowds on the surrounding mountains, were speechless.

Many people were almost dumbfounded, staring blankly at the terrifying world of purgatory inside the light gate.

#### [Chapter 5235: Destination: Shura World!](#)

Suddenly, I only felt dry and dry for a while, and then swallowed dryly.

Zhai Changzun glanced back at everyone, his complexion remained unchanged, and his expression still expressionless.

He introduced it calmly: "Everyone, you have seen it too."

"The opposite of this door is a real world."

"Attention, it is not an independent world attached to our Xuanhuang Zhongqian World."

Hearing this explanation from the Desolate God General, Chen Feng's heart had already recovered from the shock of seeing the terrifying world opposite Guangmen.

Now, when he heard these words of Zhai Changzun, his heart was violent.

Others might not know what Zhai Changzun's remarks meant, but he knew very well.

This belongs to the power category of the top of the sky!

Chen Feng couldn't help raising his head, as if he wanted to find an answer through the endless void.

Great Desert Lord, who is it?

Standing in front of everyone, Zhai Changzun continued to introduce the main battlefield of the Jade Broken Conference.

"Opposite this independent world, perhaps some of you have heard of it, called the Shura Realm."

Sure enough, upon hearing this name, someone exclaimed on the spot.

Everyone was horrified, and some people even whispered to the person next to them.

"I once heard a senior predecessor say this name."

"How to say? What is the origin of this Shura world?"

"That's really hard to say, the predecessors only told me that it is also a middle-thousand world."

"No one knows the specific origin, why it has some kind of intersection with our mysterious and yellow world, this is still an unsolved mystery."

Someone yelled on the spot: "What does the senior know? Isn't this the same as not saying it?"

"What are you doing so impatiently? I haven't said yet."

Many ears leaned towards the insider.

"It is said that after the passage between the Shura realm and our Xuanhuang Middle Thousand Worlds was inexplicably opened."

"Countless Asura great demon, through that passage, invaded into our mysterious yellow world."

"For a time, the entire Eastern Desolation became a battlefield, and the battle conditions were terrible!"

Hearing this news, many disciples on the Zenith Yuntai also looked sideways.

Zhai Changzun also nodded: "Yes."

"In the beginning, it did trigger a life and death battle."

"Countless powerful people, fighting to death, use their own flesh and blood to finally kill the invaders."

"Then, the passage was sealed."

"but!"

His words suddenly changed, and everyone's hearts trembled in an instant.

"Thousands of years have passed since the war that year."

"In recent years, the passage seals between the Shura realm and our Xuanhuang Middle Thousand Worlds have shown signs of breaking."

Upon hearing this, all the cultivators present were shocked.

This news is even more frightening than when they first learned about the Shura Realm!

Tens of millions of years ago, the seals made of flesh and blood by countless mighty men could only persist until now.

On the other side, what terrifying strength this Shura Realm should have!

However, it doesn't matter how shocked everyone is, or fear.

Zhai Changzun was still calm and expressionless.

He continued: "Just in the Eastern Wilderness, there have been many gaps."

"Therefore, from time to time, there will be some enemies from the Shura realm, and many killings have occurred in the Eastern Wilderness."

"The only thing to be thankful for is that because the seal body is still there, those gaps can only allow big demons who are not particularly powerful to come over."

This is easy to understand, the gap is too weak and unstable.

Then, even if the passage to this Xuanhuang Middle Thousand World is opened, this passage will not be particularly strong.

Once the cultivation base is too strong to step into this insufficiently firm passage.

It is very likely to directly cause the channel to be unable to bear their powerful force and directly collapse.

"However, despite this, those big demons who came through the cracks have caused a lot of deaths and injuries."

At this point, most of the cultivators present have already understood the purpose of this light gate this time.

However, it is precisely because of the possible purpose that everyone feels more chill.

Many people looked at each other even more, and muttered a word in their hearts: "No way..."

They looked at Zhai Changzun, eager to hear the negative answer from the God General's mouth.

However, it was destined to disappoint them.

Zhai Changzun glanced at the group of Qi Qi looking at him, and still said blankly: "We can't let evil spirits bully wantonly."

"and so!"

His voice suddenly amplified and resounded across the sky.

Even the fairy clouds and white mist lingering around them were shaken away a lot.

Zhai Changzun looked at the top of the Zenith Yuntai, the nine teams with uneven numbers:

"In this broken jade conference, your task is to enter this door."

"Go to the Shura Realm and kill those demons in the Shura Realm!"

"Each big demon corresponds to a certain amount of great work."

"In short, the more monsters you kill, the more great power you will get."

"At that time, when you come back from the door, I will evaluate it according to the merits."

"Whoever has done the most work will be the leader of this broken jade conference!"

There was an uproar in the audience.

No accidents!

This task is too arduous!

Almost no one can accept such a rule.

Many of them have heard of how powerful the Shura world is.

To go to the Shura realm so rashly to kill the great demon, this is probably a life of nine deaths!

Even on the top of the Zenith Yuntai, among the participating teams of the nine major forces, some disciples questioned.

"Isn't this asking us to die? Who knows what level of great demon we will face after entering the Shura realm."

These remarks aroused many people's responses on the spot.

"That is, we are not saying that we are afraid of death, but it is meaningless to die for no reason."

"Also ask Ara Shenwei to explain for us."

Chen Feng and the four also looked at Zhai Changzun, quietly waiting for his explanation.

In fact, most of the disciples on the Zenith Yuntai are relatively calm at the moment.

After a brief panic after hearing the news, many people have already reacted.

After all, they are just participating in a jade fragmentation conference.

The purpose of broken jade is not to break or stand, but to live toward death.

Instead of just going to die.

Sure enough, Zhai Changzun nodded.

"The Shura Realm is indeed very strong, and there are many terrifying existences."

"It can even be said that they are not inferior to our Xuanhuang Zhongqian World as a whole."

"But we certainly won't let you die in vain."

[Chapter 5236: The six princes are here!](#)

He waved his hand and pointed behind the light gate.

"The place you are going to this time is called Little Shura Wukong Mountain."

"This is a place with limited levels in the Shura world."

"There are a lot of Shura and Big Demon there, but the strength level of each one is not high."

Hearing Zhai Changzun's introduction, the people who were originally agitated slowly recovered their calm.

Such a place is indeed a good place for trials.

Zhai Changzun took a step forward again.

"Next, I will send each of you a jade charm."

Zhai Changzun said so.

Soon, each of the nine teams on the zenith cloud platform received a palm-shaped jade symbol.

The whole body of this jade is creamy white, but the texture is quite clean.

I can even feel a warmth in my hand.

Like the other disciples in the competition, after getting this jade talisman, Chen Feng immediately penetrated into it.

Then, his face changed slightly.

Zhai Changzun's gaze calmly swept across the face of every participant in front of him.

Seeing their similar reactions, they slowly continued:

"Presumably, you have already seen it. These jade charms contain some information about the demons in the Asura world."

Chen Feng could see that the information in the jade talisman not only introduced the types and characteristics of some demons that existed in the Shura world.

Among them, there is a great amount of merit that can be exchanged for killing different demons.

Those types that are common and weaker, the corresponding great achievements are also less.

And those demons with rare types and extraordinary strengths have surprisingly many corresponding great achievements.

As long as they have the ability, after entering the Shura realm at that time, everyone can rely on their ability to kill as crazy as possible.

Thinking of this, Chen Feng's heart suddenly moved slightly.

He thought of Fairy Yuheng's fate not long after the top of the sky.

That endless killing advanced battlefield mission, in a sense, was similar to the Shura world mission he was about to enter.

The only difference is that this time he is actively attacking.

After entering the endless killing advanced battlefield, those opponents became the active attacker.

It looks like there is no difference, but in fact there is an essential difference.

"Take it as a pre-warm-up preparation for entering the advanced battlefield of endless killing."

Chen Feng secretly said in his heart that he was even more energetic at the moment, full of high morale for the next competition.

On the Zenith Yuntai, Zhai Changzun finally asked, "Do you have any questions? You can ask them now."

Suddenly, the voice of a young man resounded in the crowd.

"I have a question!"

As soon as this was said, everyone turned their heads to look at the speaker.

Chen Feng also looked at it, but unexpectedly met the person's gaze.

Jiang Yunxi glanced at the man, his face sank slightly, and introduced him to Chen Feng in a low voice.

"That person's name is Zhuang Zhilian, a disciple of Qinghong Immortal Sect."

In fact, the moment everyone saw Zhuang Zhilian looking at Chen Feng, they faintly guessed what he wanted to ask.

Sure enough, Zhuang Zhilian looked back and looked at Zhai Changzun.

"Dare to ask Senior General Desolate."

"After entering the Shura realm, can you rob the opponent's great merit by snatching the jade charms of other participating disciples?"

The audience fell silent, waiting for Zhai Changzun to give an answer.

"of course can."

Hearing the affirmative answer that Huang Shen will give, the participating disciples were a little bit happy and worried.

And that Zhuang Zhilian who was the first to ask the question even laughed.

He no longer cared about anything, turned his head and looked at the four of Chen Feng.

There was a sneer on his face: "Senior brothers and sisters of the Galaxy Sword School, you have all heard."

"At that time, I'm sorry, I'm going to be offended as a senior."

Someone started, and for a while, everyone looked at Chen Feng.

Without exception, the expressions on his face were ill-intentioned.

This is a realistic and cruel world.

It is only natural that the weak eat the strong.

In the eyes of all the participating disciples, the Galaxy Sword Sect is undoubtedly the weakest and the easiest to blackmail among the nine forces in this competition.

Many of them had been grudges against the Galaxy Sword Sect for a long time.

At this moment, I am even more proud.

For Chen Feng's current situation, they almost didn't applaud.

The faces of the Que Yuanzhou brothers were rather ugly.

They originally wanted to come to the Broken Jade Conference to meet their chances, and they could have the opportunity to participate in the Broken Jade Conference.

This should be a happy thing.

But at the moment, the feeling of being looked down upon by everyone is really embarrassing!

"Unhappy!"

"me too."

Brother Que Yuanzhou said one sentence, coldly looking at the group of opponents around him.

However, it happened at this time that another figure walked out of the crowd.

That was Gao Mufeng of Cangyu Immortal Clan, the cousin who was refused marriage by Jiang Yunxi.

His look at this moment is different from other participating disciples.

It is even more uncomfortable.

He raised his eyebrows and walked proudly in front of the four of Chen Feng.

"I said before that for the sake of cousin Yun Xi's face, I can take action to save all of you four."

"In this way, when you enter the Shura realm, you will give me all your belongings, and I can keep you safe and sound."

Chen Feng didn't take the words of people like him to heart at all.

Soon, the earth-yellow heavy door with light was slowly opened.

Zhai Changzun waved his long arm, and his low voice echoed everywhere.

"Well, the time has come, please enter the Shura realm for all the participating disciples."

This unique competition in the Broken Jade Conference is finally about to begin!

On the surrounding mountains, countless cultivators onlookers cheered.

I am eagerly looking forward to seeing the wonderful performance of the disciples participating in this broken jade conference.

All the participating disciples on the Zenith Yuntai also got up one after another and walked towards the portal.

At this moment, Chen Feng appeared in front of a Xinchang figure.

"Chen Feng, you killed my brother?"

Hearing this slightly magnetic young man's voice, Chen Feng moved his gaze to meet the speaker.

Suddenly, many people around slackingly avoided the two of them and slowed down.

Standing in front of Chen Feng was Yuan Changfeng, one of the six princes!

Before his younger brother Yuan Shuizhuo died in Chen Feng's hands.

"Isn't it? Are you going to meet so soon?"

"Now the competition should be considered as the beginning? Can Yuan Changfeng make a move?"

"According to you, now Yuan Changfeng can even slap Chen Feng to death here? There is no need to give him a chance to enter the Shura world."

"Really? This is too cruel."

[Chapter 5237: I use these five pills to buy Chen Feng's life!](#)

"Who made that Chen Feng know that the sky is high and the earth is thick, and yesterday he picked up the knife and cut Yuan Changfeng's brother directly."

...

Noisy in all directions.

Chen Feng calmly looked at Yuan Changfeng, who was indifferent but with a sense of murder.

Faintly spit out a word: "Yes."

I don't know if he heard the discussion from the surrounding disciples, the Wild God who was standing by the side suddenly interrupted Zhai Changzun.

"The official competition starts after entering the Shura realm."

In other words, the current Yuan Changfeng cannot do anything against Chen Feng.

Yuan Changfeng took his gaze back from Zhai Changzun, and continued to stare at Chen Feng with a sneer.

"Are you relieved, thinking that if I can't kill you now, you won?"

Although he is about the same height as Chen Feng, at this moment he put on a condescending but arrogant attitude, looking down at Chen Feng.

But the coercion on his body is extremely arrogant to warn everyone that the current Yuan Changfeng is definitely not something they can afford!

"Don't worry, I won't kill you."

Suddenly, Yuan Changfeng's conversation turned around and said something confusing.

How is this going?

Many people here knew that Yuan Changfeng and Yuan Shuizhuo were brothers.

Although there are extremely significant differences in cultivation base talents, the relationship between the two is not bad.

Because of emotion and reason, Yuan Shuizhuo died at the hands of Chen Feng, Yuan Changfeng would never sit back and watch.

Even Gao Mufeng and the others, who were standing aside, had a slight change in their expressions at this moment. They didn't know what Yuan Changfeng meant by this.

Fortunately, Yuan Changfeng did not show off for too long.

He flipped his hand and took out a white jade bottle.

Hold the white jade bottle upside down in your palm.

In the next second, five elixirs with extremely full star power lay quietly on his palm.

As soon as the breath of these five medicines emanated, most of the participating disciples' eyes straightened on the spot on the entire zenith cloud platform.

Yuan Changfeng looked down at Chen Feng coldly:

"I don't kill you, because you are not worthy of me personally."

With that said, he said to the participating disciples on the zenith cloud platform:

"These five pills are some kind of Sixth Grade God Pill I recently obtained."

"Enough for any one of you to instantly increase the strength of a large level."

"The efficacy of the drug is maintained at about an hour, and there are no side effects."

Yuan Changfeng glanced at everyone, and not surprisingly saw the fanaticism in the eyes of most of the participating disciples.

"Want to either?"

Of course I want!

Entering the Shura realm is imminent, if you can temporarily raise your own strength to a large realm within an hour.

Such advantages are undoubtedly overwhelming!

It can be said that having the pill in Yuan Changfeng's hand is equivalent to giving himself an amulet.

Who can face such amulets without being moved!

All of a sudden, countless disciples rushed over, vying to shout:

"Me! Me! Me!"

Yuan Changfeng was satisfied to see the reaction of the participating disciples.

He gave Chen Feng a provocative look and continued:

"I can give it to you for free, as long as you can help me kill Chen Feng in the Asura world."

Such operations by Yuan Changfeng were undoubtedly hitting Chen Feng in the face.

The expression he looked at Chen Feng just now was like a few lines of big characters:

see it? I can use a few pills at will, and countless people can kill you!

Jiang Yunxi's beautiful eyes breathed fire, and for a time she couldn't help it.

But Chen Feng's eyesight was quick, and she grabbed her to prevent her from messing around.

He looked before him blankly like a okay person.

The participating disciples opened their mouths to Yuan Changfeng and promised that they would help him kill Chen Feng.

"Yuan Gongzi, Ming people don't talk secretly."

"You gave us these five Sixth Grade Divine Pills to our Qinghong Immortal Sect. We promise that we will not only kill Chen Feng for you, but also bring his head of the item."

"Let you take it back as a sacrifice to Ling brother."

The person who spoke was Zhuang Zhilian's fellow.

Another disciple of Qinghong Immortal Clan, Kong Penghui.

I saw that Kong Penghui completely regarded Chen Feng as nothing, and said loudly to Yuan Changfeng: "Yuan Gongzi has a strong cultivation base, and he should be able to tell at a glance."

"Our Qinghong Immortal Sect's strength is placed among the nine major forces, and it can be regarded as the strongest combat power under the six major princes."

"These five Sixth Rank Divine Pills can't be better for us."

Yuan Changfeng nodded: "Then it's settled."

As soon as the voice fell, the five Sixth Grade God Pills in his palm were transferred to Kong Zenghui.

Seeing this cooperation that took Chen Feng's life as a deal was reached, all the participating disciples who had participated in the scramble had also dispersed.

However, the eyes they looked at Chen Feng were even more sympathetic.

"Chen Feng is over."

"Not only is Chen Feng finished, I think the entire Galaxy Sword Sect will be finished this time."

Many disciples nodded one after another.

"Yes, the head of the team leader has been booked by the people of Qinghong Immortal Gate."

"The cultivation strength of the remaining three people is also not very good."

"After entering the Shura realm later, they will definitely become the object of everyone's scramble to clean up."

"Not only that! I also heard that they have already forged several big enemies, and the disciples of the Beast God Sect this time also said that they would kill Chen Feng."

"Tsk tusk... this Chen Feng is really..."

...

For the ridicule, ridicule and bad-mouthing that came over again.

Jiang Yunxi and Que Yuanzhou's brothers looked tense, and their mood was extremely bad.

I was so angry with those words!

Only Chen Feng did not look angry, but smiled faintly.

He looked at the three of them, stretched out his hand and waved in front of them.

"Return to mind. What are you thinking about. It's time to go in."

Brother Que Yuanzhou only noticed that Chen Feng, the person involved, had a calm look instead.

Immediately he muttered in a low voice:

"No, Chen Feng, haven't you heard what they say about you? Why are you as calm as a okay person."

Chen Feng smiled happily: "Who said I am calm?"

In the eyes of a few people, a raging flame of war gradually burned in his eyes.

"I now think that after I enter the Shura realm, I can kill a lot, but I am!"

"Very excited!"

Seeing his state, even the three of Que Yuanzhou were stunned for a while.

Then, his eyes suddenly became excited!

Because they know very well, Chen Feng, will never make a joke!

The tight atmosphere that had lingered around the four of them instantly relaxed.

The gate to enter the Shura world is only one person, so the participating disciples are all lined up in a row and enter one by one.

When Chen Feng stepped into the door releasing the earthy yellow light.

Suddenly, the sky is spinning!

That kind of mysterious power from the top of the sky quickly engulfed his whole person.

[Chapter 5238: I finally found you!](#)

Space forces are beginning to take effect.

Chen Feng immediately felt that there was a force like a giant hand.

Easily held him in his hand, and then he was thrown in one direction.

Chen Feng is on guard and is planning to deal with the next space teleportation.

Suddenly, he keenly noticed that there was a mental power from others, and took this opportunity to snoop into his body.

"It's a trick. I want to take advantage of this chaotic transmission process, fish in troubled waters, and make a mark on me."

Chen Feng immediately realized in his heart the purpose of this person.

In this state, he really couldn't immediately trace back and find out to whom this mental power actually belonged.

After all, there are indeed many people who have such motives to track him down.

Just when he was about to wipe away that mental power, he suddenly stopped.

Inside this portal, no one could see the sudden sneer on his face.

If you want to see him in the Shura world so much, why stop it?

Chen Feng directly stopped the hand he had originally wanted to stop, and simply went the other way.

Pretending that his strength is low, he didn't find this spiritual power, and let him make a mark on his body.

At the same time, among the crowd who had not yet entered outside the door, one of the corners of his mouth rose slightly, revealing a sneer.

"Chen Feng is very strong? Humph, but so."

Under the shock of the powerful space force, when he returned to his senses again, Chen Feng had already appeared in a dark world.

He stabilized his figure for the first time and looked around.

There is no light in the world, and everything is silent. Looking around, all are continuous icy volcanoes.

They are cold because they don't know whether they are in a dormant state or they have completely become extinct volcanoes.

This volcanic mountain range seems to have been silent for a long time, and the magma on the ground has already solidified.

Even some sparse trees have regrown on the ground.

Looking further away, there are quite a few tall and slender trees on the volcanic ridge spreading so dark.

However, this is what Chen Feng can see.

Because at this moment, he is only above the void about kilometers away from the volcano.

But just when Chen Feng was about to control his body and fly forward.

Suddenly, his strength was about to wrap his body.

In an instant, the entire body seemed to be suppressed in place by an extremely vast force in the void!

"Are there height restrictions?"

This thought flashed in Chen Feng's mind for an instant, and Chen Feng did not panic.

When falling heavily towards the ground, stabilize your figure and adjust your state.

boom!

With a small sound, he landed firmly on the ground.

After landing, Chen Feng first tried his own physical skills and martial arts as usual.

It is determined that this Shura world is only restricting flying, and everything else is as usual.

No one was around.

Obviously, that portal should be intentional.

Deliberately let all the participating disciples be distributed in different places to prevent cannibalism as soon as they come up.

Chen Feng unfolded his spiritual consciousness and quickly moved to the surroundings to test.

There was no aura from Jiang Yunxi, Que Yuanzhou and others.

Even, I couldn't see any disciples from Zenith Yuntai.

"It seems that this small Asura Wukong Mountain is also quite wide."

While Chen Feng was constantly moving from the place to the surroundings, in every corner of this small Asura Wukong Mountain, other participating disciples slowly fell one after another.

The number of disciples of the nine major forces participating this time is not small.

Except for the Star River Sword Sect and the Beast God Sect, which are considered to be the lowest level among the nine major powers, only the participating disciples who have come over by one hand count.

The other seven forces have brought many disciples.

If the cage is unified, there should be nearly a hundred people entering the Shura world.

I don't know how far away, a figure wearing a gray-green robe slowly fell.

This person is tall and thin, with towering cheekbones and a cold face. His eyes are full of indifference and solemnity, but at the same time, there is obvious excitement.

He is called Situ Cangliang, and he is also one of the participating disciples in the Broken Jade Conference.

It's just that no one even noticed him on the previous zenith cloud platform.

This person named Situ Desolation was holding a crystal ball with a terrible green light.

And in the crystal ball with the big head, there is a small, pale white skeleton floating!

Hum——

The bleak green light instantly vibrated, illuminating Situ's desolate face.

Then, the delicate little skull in the crystal ball actually moved!

The little skull swiftly rotated in the crystal ball, and finally he stretched out his small bone hand, stopped steadily, and pointed in a direction.

"There."

Situ looked in the direction of Little Skeleton's fingers excitedly, the corners of his mouth grinned uncontrollably, and then he turned up to the sky and laughed.

"Hahahaha! I never thought that I would find nowhere to be found after breaking through the iron shoes, and it would take no effort to get it!"

"I have been searching for so long, and I will find such a powerful supreme bloodline easily here!"

Situ's desolate and pale face kept showing a flush of excitement, and his body holding the crystal ball kept trembling.

His dark gray eyes suddenly stared in the direction of the little skull's fingers, suddenly bursting out almost substantial light.

"Chen Feng, Chen Feng, others don't know that you hide your strength, but you can't hide it from me."

"It's just that I still overestimate you."

"You actually didn't even notice that little trick I did."

Yes, this person is the strong one who imprinted Chen Feng just after he entered the portal!

Situ Cang Lian laughed, his face suddenly changed, and his teeth instantly became gritted.

Looking in the direction of Chen Feng, there was a fierce mood that was almost crazy.

"Why! Why would you have such a powerful bloodline!"

"Why can't it be me!"

"Why can I only be the blood of Huangquan Devil Bone!"

The desolation of Situ at this moment seemed to have entered a state of madness.

Envious that Chen Feng could possess such a powerful supreme bloodline, he became mad with jealousy.

However, this hideous and distorted face suddenly changed.

Situ Cangliang was so nervous, he actually laughed again: "But it doesn't matter."

"It just so happens that my bloodline is Huangquan Demon Bone bloodline, so I can release it outside."

As he said, he raised the crystal ball that released the cruel green light, and looked at the little skeleton in it.

The \*\*\*\* and demon body refiner with the bloodline of Huangquan Demon Bone can release that little skeleton outside.

Through this, to find and perceive other gods and demons who have powerful bloodlines.

"No matter how strong your blood is, it's just a pity."

#### [Chapter 5239: Shura Demon!](#)

He stared at where Chen Feng was, his face became calm again.

"After being swallowed by me, it's all mine."

In the silent volcanic ridge, this figure quickly rushed in the direction where Chen Feng was, and disappeared in the blink of an eye.

At the same time, Chen Feng suddenly stopped exploring the surroundings.

He keenly noticed something strange about himself.

However, after looking inside, I searched it carefully, no matter where it was, I couldn't find the strange source.

Chen Feng had some guesses in his mind, and immediately urged his golden mental power.

It directly urges the heaven and earth to repeat the reincarnation magic, and spy on their own inside and outside.

Finally, he successfully found a small white skull mark deep in his spiritual world.

At this moment, this pale skull mark, which is less than the size of a thumb, is releasing a scorching temperature.

Chen Feng knew it well.

It seems that the person who marked him entered the Shura realm.

"In such a hurry to activate the mark, I have never seen anyone rushing to die in such a hurry."

Chen Feng sneered in his heart.

I already know it in my mind, and now I don't have to be horrified.

He still didn't erase the pale skull mark that was heating up, but his eyes were cold.

"Pale white skull mark, I haven't seen it."

Chen Feng was very sure that he had never seen such a mark before.

Think about it, next, he has to beware of a completely strange face.

However, at this moment, he didn't wait for the master of the pale white skull mark to follow.

On the contrary, he faced a Shura demon first.

"Jie Jie Jie"

"Jie Jie Jie..."

The grinning laughter resounded and echoed in this dead volcanic ridge.

Chen Feng narrowed his eyes slightly and looked at the Shura demon that was about five meters high in front of him.

At the same time, the Shura demon stared at Chen Feng and uttered a word.

"I heard before that you might encounter a powerful human martial artist here. I didn't expect it to exist!"

At the moment when he heard these words, Chen Feng was shocked.

Because the language of this Shura demon is generally the same as that used to communicate with humans.

Moreover, from the words of this Asura demon, he was sensitively aware of some special information.

"I heard it before"?

Who said it? Why did you hear?

It seems that some of the Asura demons in the Asura world know the existence of that portal.

At this moment, Chen Feng suddenly thought of a lot of information in his mind, and made a lot of analysis and guesses.

However, no matter what the guess is, it is not as straightforward as to ask directly.

"what are you?"

He opened his mouth and asked.

Seeing that Chen Feng had the courage to ask questions, the Shura demon on the other side laughed unscrupulously.

"It's okay to tell you, I am the Shura Demon Soldier of the Bloody Night Shura Castle."

"Your luck is really not good, I ran into it."

With that, this Shura Demon Soldier strode directly towards Chen Feng.

It grinned, exposing its dirty, sharp fangs and scarlet tongue.

Looking at Chen Feng, his eyes were full of greed, as if looking at a plate of delicious delicacies.

Chen Feng stood there, showing no panic at all.

While the Shura Demon Soldier was looking at him, he was also looking at the five-meter-high Asura Demon Soldier in front of him.

From the jade amulet given by Zhai Changzun, he already knows the level of the Asura demons in the Asura world.

To put it simply, the Shura Demon Soldier that appeared in front of him now is the weakest!

Above the Shura magic soldiers, there are Shura magic generals.

And above the Shura Demon General, there is the Shura Demon.

The realm of each appellation is divided into four levels-elementary, intermediate, high and super.

These three levels of Asura demons with twelfth-level strength can correspond exactly to the twelfth floor of the Star Soul Martial God Realm of Human Race practitioners.

And the Asura demon in front of him, even among the Asura Demon Soldiers, was only at a high level, equivalent to the third building of the Star Soul Martial God Family.

Putting it in front of Chen Feng, it was not enough.

Even the physical strength and bloodline strength of the Asura Devil are generally stronger than the human cultivators.

However, Chen Feng is not an ordinary human cultivator!

It is not an exaggeration to call him a humanoid monster!

The ground trembled slightly as the Shura Demon Soldier approached.

Chen Feng smiled and said, "If I were you, I would just turn around and run away, and would never continue to walk forward."

However, it was obvious that the Shura Demon Soldier would not follow his "kind advice".

"Jie Jie Jie... death is approaching, and there is still a leisurely talk!"

Before the words fell, the Shura Demon Soldier suddenly accelerated.

He appeared in front of Chen Feng for an instant, and opened his blood basin.

He actually intended to swallow him directly!

A foul smell came out, and Chen Feng wrinkled his nose with a look of disgust on his face.

"You are too stinky."

It smells so bad that Chen Feng doesn't even want to touch it!

boom!

On the spot, he blasted a punch at the Shura Demon Soldier who had attacked frontally.

Absolutely suppressed air waves and coercion, almost instantly penetrated the fast-attacking Shura magic soldiers!

In the next moment, Chen Feng directly urged Heaven and Earth to reincarnate magically.

Started searching for everything that the Shura Demon Soldier who claimed to be from the Bloody Night Shura Castle knew.

When he first arrived, Chen Feng only had the rough history mentioned earlier in his knowledge of the Shura world.

And, among the Jade Talisman, the Shura Demon with three levels of strength, Shura Demon Soldier, Shura Demon General and Shura Demon.

The amount of information that is too poor makes him feel insecure.

In particular, he has realized that the situation in the small Asura Wukong Mountain is likely to have some kind of change.

Otherwise, how could the Shura demon here hear that there will be human cultivators here, and come here to devour the human race instead!

To solve this Shura Demon Soldier, Chen Feng hardly spent any cultivation skills.

He also found all the information in this Shura Demon Soldier's mind quite easily.

In the darkness, Chen Feng sneered thoughtfully.

Obviously, he has gotten a glimpse of the truth about a special thing.

When he recovered, he looked down at the Shura Demon Soldier's body lying on the ground.

Thinking of it before, this Shura Demon Soldier was obviously full of blood and wanted to devour himself.

Chen Feng tried to operate the Supreme God Demonizing Dragon Art, intending to absorb his blood.

However, what was disappointing was that the blood of this Shura Demon Soldier was not as high as he expected, and it could not be absorbed into a brand new blood of the gods and demon.

Chen Feng could only retreat and absorb all the essence and blood in his body to strengthen his blood.

As for the corpse of the Shura Demon Soldier, it was left to Jin Sanye to solve it.

"You guy, really interesting."

[Chapter 5240: Chen Feng is lucky!](#)

The plump Jin Sanye was so stubborn that he could still praise Chen Feng.

Chen Feng looked at the disappearing body of the Shura Demon Soldier with a subtle expression on his face:

"Thank you for being able to say something like this."

However, in this case, it seems that there will be some time for Jin Sanye to have a full meal later.

"Speaking of which, where is this place?"

Xiaojin had been in Chen Feng's body before, and had not paid attention to the outside situation, and was at a loss for suddenly coming to the Shura world.

Chen Feng briefly explained the matter to it.

"Then what did you find in this guy's mind? You know it by looking at you like this. There must be a lot."

It's ok indeed.

Among them, some of the most basic information is.

He knew the Shura Demon Soldier, Shura Demon General, and Shura Demon in the twelfth floor of the corresponding Star Soul Martial God Realm.

Above, there are the Shura Demon King, Shura Demon King, and Shura Demon Lord corresponding to the Ten Fang Dongtian Realm.

There are even more powerful Shura Demon Saints and Shura Demon Ancestors.

Above the zenith cloud platform.

When all the participating disciples entered the portal that glowed with earthy yellow light.

Under Zhai Changzun's feet, the clouds that had been constantly surging quickly dispersed.

Above the high mountains on all sides, the onlookers who were obstructed by the cloud platform could clearly see a huge light curtain!

A light curtain covering hundreds of miles in a radius, under the ocher light reflected from the portal, various images began to appear.

Above the mountain, everyone was in an uproar.

Everyone can clearly see that the vast light curtain is divided into small light curtains of similar size.

Each light curtain was displayed corresponding to the performance of each participating disciple who entered the Shura realm.

For a time, the voices were full.

Everyone's eyes were cast on the light curtain, looking everywhere for the performance of the participating disciples that they were interested in.

Obviously, the extremely strong one who is most hopeful of competing for the crown of the Broken Jade Conference has become the focus of everyone's attention.

The Six Great Young Masters, Gao Mufeng of Cangyu Immortal Gate, even Kong Penghui, Zhuang Zhilian and others of Qinghong Immortal Gate.

It has become a topic that many onlookers talk about.

On the small light screens that reflect their performance in the Shura world at this moment, their wonderful performance can already be seen at this moment.

Many of them have already encountered the Asura Demon, and they have harvested a dozen or so Asura Demon quickly.

Looking at the whole process, it is all fluent and flowing, and it does not seem to be a challenge at all.

On the contrary, it seems to be harvesting great power.

When Yuan Changfeng easily beheaded a Shura demon again, cheers sounded on all sides of the mountain.

"too strong!"

"That Shura Demon must have the strength of the tenth floor of the Star Soul Martial God Realm, right? Yuan Changfeng actually took it down without any effort."

"too strong!"

"The first place in this broken jade conference, I think it must be him."

...

Compared with Yuan Changfeng and the others, the small light curtain reflecting Chen Feng is obviously particularly deserted.

Except for a casual glance at the beginning, no one paid attention to his performance anymore.

You know, although what they see is only the picture transmitted from the light curtain.

However, if the party is experiencing a fierce battle, the corresponding small light curtain will also light up.

Make more people notice the situation here.

Because of this, everyone will not miss the wonderful performance of people such as Yuan Changfeng.

As for Chen Feng, who has been silent, he lost his attention.

Except for one!

On the high mountain as the stand, there was only one person staring at the small light curtain where Chen Feng was.

This person is Xia Haochu of the Beast God Sect!

At this moment, everyone's attention is basically focused on the light curtain of the top disciples.

No one will pay attention to him standing on the mountain stand.

But because of this, suddenly, Xia Haochu closed his eyes and shook his whole body slightly.

In the next moment, the breath from his body quietly poured into a jade buckle on his waist that seemed uncommon.

Patter

The jade buckle shattered, and Xia Haochu's breath instantly became lingering, as if nothing.

The whole process did not make any movement and was extremely hidden.

In addition, Xia Haochu kept his eyes closed, and there was no change in his movements.

As a result, no one around him noticed his small movements, let alone his abnormality.

It's just that people around you didn't pay attention to him, which doesn't mean that no one at the scene noticed him.

Under the huge light curtain, the Wild God General who had been guarding the portal, suddenly thoughtfully, glanced in Xia Haochu's direction.

At the moment, on the small light screen that showed Chen Feng, Chen Feng turned over and took out a piece of broken jade pendant.

What he held in his hand was only a quarter the size of a complete jade pendant.

At this moment, the incomplete quarter of the jade pendant was also releasing fluorescent light, indicating Chen Feng to three directions.

This is the token that Jiang Yunxi, Que Yuanzhou brothers and him divided before entering the Shura realm.

The whole jade pendant is divided into four parts, and each person holds a quarter.

The purpose is to facilitate the meeting as soon as possible after entering the Shura realm.

After all, it is regarded as a soft persimmon that can be manipulated by the other eight forces.

If the four of them were still scattered, Chen Feng would be fine.

I was afraid that the three Jiang Yunxi would be defeated individually, and even encountered accidents, the consequences would be unacceptable for Chen Feng anyway.

Therefore, forget about the imprint.

What Chen Feng wanted to do most at the moment was to protect the safety of his three companions.

In addition, he led the Galaxy Sword Sect to become the number one in this broken jade conference!

Since Jiang Yunxi and the three were willing to stand up and fight alongside him without hesitation.

Chen Feng will naturally think about it, so that they can also benefit from this.

The directions of the remaining three breaths have been moving.

Chen Feng could feel that just as he was approaching them, the three Jiang Yunxi were converging towards where they were as soon as possible.

Although there are absolute flight restrictions on this small Xiura Wukong Mountain, Chen Feng's speed is not too limited.

He quickly passed through the dead volcanic ridge.

After passing an active volcano that was still boiling and smoking, he once again encountered a group of Shura magic soldiers.

Chen Feng solved all these infamous Shura magic soldiers almost effortlessly.

In this way, although he did not encounter the Asura Demon Commander-level Demon along the way, he also killed many Asura Demon Soldiers.

Someone in the stands accidentally glanced at his small light curtain.

Seeing him beheading those incompetent Shura magic soldiers, he was just a cold mockery.

"That Chen Feng has good luck."
