

Peerless 5241

[Chapter 5241: Nirvana nine-petal lotus!](#)

"It's been so long, and all the encounters are those who don't enter the stream."

"Yeah, I was in a hurry to give him great merit."

Some people even laughed:

"Hehe, I don't know who is going to be cheaper in the end for his great harvest."

No matter what the onlookers say, Chen Feng himself is a bit boring now.

Just killing those infamous Shura magic soldiers, there is too little merit, and there is no touch at all.

While advancing towards the front, Chen Feng secretly said in his heart that the Shura Demon Generals were lucky.

He actually avoided his death **** perfectly.

"I don't know what is going on with Jiang Yunxi and the others now."

He whispered.

Jiang Yunxi's situation at the moment is not very optimistic.

After entering the Shura realm, Jiang Yunxi quickly took out the quarter jade pendant used to find the position of the three Chen Feng and quickly left in their direction.

Compared to Chen Feng, she seemed to be much luckier.

Not long after, after beheading some Shura magic soldiers.

Jiang Yunxi actually saw a flash of red light in the crater of an active volcano.

Accompanied by that light, there is a majestic spirit that refreshes the heart!

Jiang Yunxi's eyes lit up suddenly, and a smile of joy appeared on her face.

Based on the comparison of the information in the jade charms sent by Zhai Changzun, she can basically determine the intense red nine-petal lotus that swayed with the fire in the crater.

It is a treasure unique to the Asura world, named: Nirvana Nine Petal Lotus.

And it can also change a lot of great achievements!

Jiang Yunxi's footsteps, which had been heading towards Chen Feng, hesitated and eased.

She hesitated for a few seconds, and quickly made a decision in her heart.

Change your position and quickly approach the boiling crater!

Although Chen Feng's strength is very strong and reasonable, the first thing she does after coming to the Shura realm is to reunite with everyone.

However, Jiang Yunxi did not want to be an incompetent person who was only blessed.

She has a proud talent and a rare bloodline, and in a very short period of time, she broke through to the seventh floor of the Star Soul Martial God Realm.

Moreover, just like Chen Feng, her seventh floor realm can also exert strength beyond the seventh floor.

With this strength, why do you need to think before and after even picking a treasure?

This is not her usual style!

As a result, she saw her figure flashing, and she swiftly went retrograde along the hot crater.

There is no Shura demon ambushing around this nirvana nine-petal lotus.

If you want to come, if there is an Asura Demon, Jiang Yunxi would never have the opportunity to see that Nirvana nine-petal lotus.

Soon, she came to the edge of the red crater.

Nirvana Nine-petaled lotus has always grown only in an extremely hot environment, but it cannot be an overactive volcano.

Only in places such as volcanic craters that have been in a boiling state for a long time, but have never officially erupted, can you see this special treasure.

It looks like a red lotus with nine petals.

Every lotus leaf exudes an extremely pure essence!

It's just such a lonely flower, the flames stuffed red lips, and it was fragrant.

More tyrannical aura is constantly surging and circulating in it.

Jiang Yunxi can see clearly when he gets closer, this nine-petaled lotus of Nirvana is at the moment when the most flowers are blooming.

The whole nine petals are not more or less, and they bloom very brightly.

"Even if you don't use it in exchange for great work, you can benefit a lot from absorbing it."

Jiang Yunxi thought that his bloodline and Chen Feng's bloodline seemed to be of the most yang attribute.

This nirvana nine-petal lotus is good for both of them.

Thinking of this, she no longer hesitated, and went straight forward and successfully picked the Nirvana nine-petal lotus.

However, just when she was about to leave.

Suddenly, a negative voice came from a distance:

"I advise you to put down what shouldn't belong to you as soon as possible."

"Otherwise, it might not be so easy to leave."

Accompanied by this low-pitched man's voice, there was also a powerful aura that quickly struck from behind Jiang Yunxi!

When the voice fell, Jiang Yunxi's beautiful eyes were extremely harsh at this moment.

She turned around and met the gaze of the person behind her.

The speaker was a short and sturdy disciple of the Divine Burning Heaven Sect.

After seeing Jiang Yunxi's face, the short and sturdy Divine Burning Sect contestant's face suddenly showed an unkind smile.

"Who I am, I didn't expect to be a stunning beauty of the Galaxy Sword Sect."

In just a few words, he did not conceal his **** and contempt for the Galaxy Sword Sect.

His gaze kept walking around Jiang Yunxi's body, as if he wanted to strip all of her clothes away on the spot.

This kind of gaze made Jiang Yunxi extremely disgusted.

Her face suddenly became cold.

"Keep your mouth clean!"

Hearing Jiang Yunxi's scolding, the participating disciple of the Burning Sky Divine Sect seemed to have been poked in some laughing hole, and immediately burst into laughter.

"Hahahaha...Look at you in a hurry."

The short and sturdy man continued to approach Jiang Yunxi, stretched out his hand, and said disdainfully:

"Beauty, don't you hurry up and hand over my baby?"

Not ashamed!

Jiang Yunxi's face couldn't help but a flush of anger surged, and she retorted bitterly:

"You said that yours is yours? I discovered it first!"

"Nirvana nine-petal lotus is originally a thing unique to the Shura realm. What qualifications do you have to say it belongs to you?"

Hearing Jiang Yunxi's words, the man on the other side was taken aback for a moment, and then burst into a burst of laughter, which was full of disdain for her.

"If I remember correctly, you should be Jiang Yunxi."

"The first talented woman in the City of Stars seems to be just like this."

"I think it's just a flower in a greenhouse. I don't even understand the most basic rules."

As he said, he proudly said: "I said it is mine, it is mine!"

"do you understand?"

The extremely domineering tone, obviously, made it clear that he was going to grab it.

Jiang Yunxi has calmed down.

The cultivation realm released by the man in front of him was in the eighth floor of the Star Soul Martial God Realm.

With her current strength, there is a high probability that she can beat it.

I'm not sure if I can kill it directly.

"Have you heard! Give it to me quickly!"

"Also, the jade charms on your body, including all the treasures, are also left to me."

It's so deceiving!

Jiang Yunxi blushed immediately, and his slender hands and five fingers were brought together, and the extremely powerful blood qi rose into the sky.

In an instant, the ground began to tremble in the crater that had been boiling.

The scorching air wave accompanied Jiang Yunxi's hand as a sword.

A hole was cut straight out of the air that was almost burnt, and it rushed towards the man's face!

That is far more than the aura of the eighth floor of the Star Soul Martial God Realm Dacheng!

[Chapter 5242: Jiang Yunxi's crisis!](#)

The supreme coercion is like the boiling magma in the crater, gushing out, pushing toward the man across the sky.

Until this time, the face of the man who was still laughing and taunting Jiang Yunxi suddenly changed.

He was shocked!

At the Zenith Yuntai, everyone was mocking the four participating disciples of the Galaxy Sword Sect, and none of them could get it right.

Unexpectedly, they made a mistake!

Jiang Yunxi's strength, like the leader Chen Feng, is also far beyond his own realm!

His face solidified on his face, and when he recovered, he immediately turned around and dodged in the other direction.

At the same time, he made a decisive action with lightning speed, took out a signal flare, and released it immediately.

Above the sky, a flame shape soon appeared.

That is the unique mark of the Burning Heaven Sect!

However, after he completed this series of actions, Jiang Yunxi's attack had already rushed in front of him.

It's too late to dodge now!

boom!

The crater of this volcano was shocked by their fierce attack and opened a gap of hundreds of meters long.

The magma that had originally boiled and erupted came out from the narrow gap.

An erupting volcano was interrupted by life!

Such a shocking scene, but Jiang Yunxi has no time to take care of it at the moment.

The signal of the Burning Heaven Divine Sect has been sent out, and the position is very low, and the range that can be seen is extremely small.

This is the most dangerous situation for her!

The reason why the short and sturdy disciple of the Burning Heaven Sect gave such a low signal.

This means that at least a few of their disciples of the Shentian Sect have gathered together.

At the moment, it's nearby.

Otherwise, it would be useless for him to send out such a signal here.

Jiang Yunxi's sharp sword aura instantly pierced the chest of the stocky disciple.

Although she is a woman, she has a gentle and peaceful temperament, and she doesn't like to actively engage with others.

But this does not mean that her attacks are gentler than ordinary men.

On the contrary, people who have seen her true skill have always been only scared.

A woman who looks soft as water can burst out extremely powerful lethality and offensiveness.

Even this sword passing through the chest can contain huge tears and inner strength!

It was enough to shatter and tear all the internal organs and dantian world of the disciple.

Although it may not be able to completely silence the mouth.

But that person's pubic world was greatly damaged.

Even if it can recover, it will have to pay a great price.

At least, this broken jade conference, he has no chance to continue.

He is lucky to be alive.

In the man's roar and roar, Jiang Yunxi turned to leave.

"I want to run at this time, it's late!"

The most worrying thing happened!

Jiang Yunxi stopped and looked at the five men in front of him beautifully.

They wore the same clothes as the short and sturdy disciple.

The dark red flame-patterned robes looked strong, and they were extremely difficult to provoke.

The five people lined up like a net, blocking Jiang Yunxi's path.

Especially when I saw my fellow disciple fell into the crater, his breath was weak, and he was seriously injured and dying.

Their faces are even more ugly.

"Who I am, dare to attack our people from the Burning Heaven Sect."

"It turns out. It's the famous Galaxy Sword Sect."

Hearing the words "famous", the other four laughed strangely.

The five of them looked at Jiang Yunxi sullenly, just like the sturdy man at the beginning.

His eyes wandered directly on her body.

What's more, he showed a squint expression, rubbing his hands and eager to try.

"Brothers, she has a good Nirvana Nine Petal Lotus on her body!"

Seeing his fellow disciples arrived, the short disciple who fell to the ground shouted.

Hearing his words, the eyes of the five people looking at Jiang Yunxi suddenly became extremely hot.

The best nirvana nine-petal lotus can be exchanged for a lot of great achievements!

It seems that Jiang Yunxi has to be damaged in their hands today.

The tall man standing in the middle sneered and approached Jiang Yunxi:

"I thought that with the four of you Galaxy Sword faction, that Chen Feng would pick things up and make trouble everywhere."

"It seems that we have miscalculated."

"Each of you is half a catty."

"Especially you, we haven't found the door yet, you are fine, and delivered it yourself."

Before he could finish, a sturdy dark man with a big back couldn't wait.

"Brother Chu, why do you talk so much nonsense with her?"

The brawny dark guy turned his head and looked at Jiang Yunxi:

"If you want to suffer less, be conscious and hand over all the treasures on your body."

"Otherwise, don't blame the brothers for not pitying Xiangxiyu!"

Before he finished his words, the dark and strong man was interrupted by another man who was as thin as a monkey.

There was a lewd smile on the face of the thin man, and he said:

"In my life, I haven't encountered a few stunning looks like this...hehehe..."

The faces of the rest of the people showed similar smiles.

Today, they have absolutely no plans to let Jiang Yunxi go.

When did Jiang Yunxi encounter such a shameful shame!

She was breathing fast, her chest undulating violently, almost clenching her silver teeth and clenching her fists.

However, each of the five people in front of him had a cultivation base above the eighth floor of the Star Soul Martial God Realm.

With the current Jiang Yunxi alone, even if he tried his best, he could barely contend with two of them.

But facing the five in one breath, she knew very well that it was unrealistic.

The current situation does not allow her to take out the nine-petal lotus of Nirvana.

Because even if he is weak now, he will give the nine-petal lotus of Nirvana to the five people in front of him.

they. There is no plan to let her go.

Most of the disciples of the Burning Heaven Sect were of Yang attributes, and their bodies were full of fire, and there were few women in the sect.

Therefore, there are often rumors, although the disciples of the Burning Heaven Sect are extremely strong overall.

However, there are more flower-picking thieves.

At first, when she was about to leave.

Senior brother Yin Haoran once asked her to meet a group of disciples of the Burning Sky Divine Sect.

Even if you are provoked and humiliated by language, you must definitely hold back!

At that time, it was used as a nagging exhortation, but now it has become a key life-saving remedy.

Jiang Yunxi coldly looked at the five disciples of the Burning Heaven Sect in front of him, listening to their increasingly unbearable foul language.

His face flushed with anger, but he didn't really get dizzy, so he started directly.

At this moment, she held the quarter of the broken jade pendant tightly in her hand.

The method Yin Haoran gave was to drag!

Drag until your partner arrives, or until you can drag others into the water.

"People like them, if you meet them, you will definitely say something bad."

[Chapter 5243: Encircled!](#)

"Not only can you not do it, but you can't act calmly from start to finish."

"The calmer you are, the more you are angering them."

"Just follow the way they expected, look furious, as if they have been greatly humiliated."

"They will relax their vigilance and you will get enough time."

These were what Yin Haoran told her at the time.

At that time, Jiang Yunxi was still curious and asked how he knew this.

Yin Haoran told her that the disciples of the Burning Heaven Divine Sect were just like that at the last jade breaking conference.

Besieged another beautiful woman from another sect.

At that time, the woman used this method to drag him until he passed by and drag him into the water.

The broken jade pendant kept reminding Jiang Yunxi that two breaths were quickly approaching her.

Based on the speed at which the breath approached, she basically determined that the two should be the Que Yuanzhou brothers.

At this moment, the lean man suddenly took a step forward:

"You continue to be yours, such a stunning beauty, I can't help it!"

At this time, the lean man was about to do it.

Jiang Yunxi's 'dragging' tactic is invalid, and the battle is about to start!

Just when the lean man rushed over.

The power of the stars in Jiang Yunxi's body broke out instantly, and immediately retreated.

"Under our noses, still want to escape?"

The other four also joined the battlefield now, and Qi Qi rushed towards Jiang Yunxi's direction.

In an instant, five extremely powerful, powerful and powerful forces rushed towards Jiang Yunxi.

It's like a huge wave hitting the shore, wanting to roll Jiang Yunxi's flat boat directly into the seabed!

It's hard to stand up.

What surprised them was that there was enough power from the eighth floor of the Star Soul Martial God Realm, and even the pinnacle of coercion!

It didn't even affect Jiang Yunxi, who was escaping quickly!

At this moment, they had a brand new refresh of Jiang Yunxi's strength in their hearts.

"Huh, she's worthy of the name of a talented woman, she does have some skill."

However, in front of them, it is still not enough!

The next moment, the five disciples of the Burning Heaven Divine Sect speeded up.

Like five bolts of lightning, he quickly approached in the direction where Jiang Yunxi had escaped.

The distance between the five and Jiang Yunxi was getting closer and closer, and they were about to catch up.

At this moment, Jiang Yunxi's face changed slightly and she accelerated suddenly.

A dark red, scorching palm wind quickly hit behind her, almost wiping the back of her head.

At the moment when it was about to be shot on Jiang Yunxi, the figure of the woman suddenly disappeared in place.

The next moment, a huge purple golden gourd aimed at five people.

Before they recovered, they suddenly sucked like a hurricane.

The lean man who rushed to the forefront did not notice for a while, and the slender dart he had just taken out of his hand was directly sucked into the purple gold gourd!

Brother Que Yuanzhou finally arrived in time!

It can be said that it is a very close time, and if it is one second late, the situation will not be like it is now.

The Lingbao gourd in the hands of the Que Yuanzhou brothers had already been given to Chen Feng.

But before entering the Shura realm, Chen Feng was worried about the strength of the two of them and let them take it.

After all, although this Lingbao Gourd was not a necessary magic weapon for them anymore.

But after all, after so long, it can be regarded as a hole card.

"Don't love war, hurry up!"

Jiang Yunxi immediately reminded.

Then, with a cry of peace, the three rushed towards the direction of Chen Feng's breath.

Although the strength of the two brothers Que Yuanzhou and Que Yuanyi is good, they also have the cultivation base of the eighth floor of the Star Soul Martial God Realm.

A while ago, following Chen Feng and the others, their cultivation bases were a little diligent.

Both have broken through to the peak of the eighth floor of the Star Soul Martial God Realm.

But even if you add them both.

With the current strength of the three of them, it is not optimistic to deal with the five disciples of the God Sect Burning Heaven in their heyday.

The Burning Heaven Sect is more powerful than the Galaxy Sword Sect.

At the beginning, they participated in the battle to encircle and suppress Yuxu Immortal Gate, and they contributed a lot, so naturally there was a lot of information from the subsequent searches.

This broken jade conference is different from the policy of the Galaxy Sword Sect.

The sects of these top forces will certainly distribute some hole cards to them!

In contrast, the Que Yuanzhou brothers came with zero cards.

After all, from the beginning, the two of them never thought about participating in the Jade Smashing Conference.

The only thing that is well prepared is probably the pill that they have refined for so many years.

Hearing Jiang Yunxi's reminder, the Que Yuanzhou brothers quickly realized the current situation.

Compared with Chen Feng and Jiang Yunxi, they can be said to be the first two to meet each other after entering the Shura realm.

The two held two quarters of jade pendants and rushed towards Jiang Yunxi and Chen Feng on the road.

Suddenly noticed that one of the breaths suddenly stopped moving.

It didn't take long before that breath suddenly started to move, but it didn't move anymore.

In this case, the brothers can only think of one possibility-besieged!

Therefore, the two of them rushed to the scene with all their strength.

However, I never expected that the besieging Jiang Yunxi would actually have five disciples with the same strength as them!

Although Jiang Yunxi was rescued dangerously and dangerously, the situation has not been reversed.

The three fled all the way.

The only thing to be thankful for now is the flight restrictions in this Shura world.

Otherwise, they might have been caught up by the five people behind them.

But the most annoying but also flight restrictions.

Otherwise, perhaps the three of them have already joined Chen Feng.

The surrounding pictures are like horizontal lines, whizzing past.

Que Yuanzhou ran wildly while asking what happened.

After learning about the Nirvana nine-petal lotus, he understood.

Even Que Yuanyi dressed roughly and smiled: "Then you are indeed a bit unlucky."

Not long after arriving in the Shura realm, he immediately ran into the six disciples of the Burning Heaven God Sect.

It is also rare in the whole broken jade conference.

Below the light curtain, the picture about them at this moment has attracted the attention of many cultivators.

Everyone talked a lot, most of them just ridiculed, gloating to watch the show.

Many people even went to look at Chen Feng's picture. After confirming that he and Jiang Yunxi were still quite some distance away, noise rang from the stands.

"Haha, the Galaxy Sword Sect is afraid that it will lose three people when it comes up."

"It's unlucky for them to provoke the people of Shentian Sect!"

After passing through volcano after volcano, the five people behind had no intention of just chasing after them.

Seeing that the distance between the two sides is getting closer, the attacks behind him are getting more and more frequent.

Even if Lingbao Gourd absorbs most of the attacks, it will affect the speed of escape.

[Chapter 5244: go away!](#)

However, I have to say that they are really unlucky!

After crossing a very high mountain.

Suddenly, Jiang Yunxi's pupils shrank, and her arms opened, and she grabbed the two companions who were rushing forward.

Patter

At the foot, the fine stone was kicked into the abyss in front, and no response was heard for a long time.

A huge gully with a width of one thousand meters lay in front of them!

At this moment, a icy cold flashed in the hearts of the three Jiang Yunxi, as if they felt that the sky was about to perish them.

Behind him, there was an arrogant laughter.

"Run, you should run again."

"Hahahaha...There is such a good thing, it seems that even the heavens are helping us."

"That's okay, warm up, and make the beauty cry more vigorously later."

Rude words came into Jiang Yunxi's ears, making her face pale, which was ugly.

But in the eyes of outsiders, her face was reddened at the moment.

The blush after the violent running appeared on his face, and the beautiful eyes with anger became more and more attractive.

"How to do?"

Brother Que Yuanzhou was also anxious at the moment.

According to the current strength of the three of them, in a real fight, they can only remain immortal for a period of time.

But as long as the time is long and they cannot wait for rescue, they will undoubtedly die!

Just when he was unable to do anything, Jiang Yunxi turned his face and looked at the two firmly: "Send a signal to Chen Feng."

This is currently the only way!

In the entire Broken Jade Conference, the only thing they can count on at the moment is Chen Feng.

There is no way to go behind them, and they will undoubtedly lose in a long battle. If they want to reverse, they have only one choice!

"However, Chen Feng is far away from us now."

"If we send out a signal, it is very likely to be seen by others."

Que Yuanyi also looked at her anxiously:

"Yes, and even if we are lucky, we haven't been discovered by the participating disciples. If the Asura demons are attracted, we will have no way out."

Faced with such risks, Jiang Yunxi had already considered it.

But she repeated firmly: "Send the signal!"

If you want to survive, you can only bet like this.

Not long afterwards, Chen Feng suddenly looked up and saw that above the sky in the distance.

Next to a huge long sword, there was a star-like pattern.

Seeing the signal dedicated to the Galaxy Sword Sect!

In an instant, Chen Feng's eyes were extremely cold, and a murderous intent appeared in his eyes.

The signal pattern of the Galaxy Sword School is a long sword accompanied by a string of galaxies, which now appears in extremely high places.

There is only one possibility, and that is that his companions are in danger!

Otherwise, they would never take great risks and warn him.

"How long has it been in the Shura world!"

Chen Feng felt the breath on the broken jade pendant, and was startled to realize that the other three breaths were already together at this moment.

In other words, the three of them are all in danger at this moment!

There may be more than one opponent.

"So what. Those who dare to move me, look for death!"

His figure flickered, and he hurried away in the direction of releasing the signal, extremely fast.

However, at this moment.

Suddenly, a strange voice came from a dense forest in the distance.

"Oh, don't you know if I sympathize with you Galaxy Sword Sect for bad luck, or be grateful that my luck is really good."

"I ran into you unexpectedly."

A figure stopped in front of Chen Feng:

"Since I met, there is nothing left to say. Hand in everything."

Chen Feng stopped and looked at the person blocking the road.

This person looks like a mature man, with a sturdy back and a bronze skin.

On the left arm, there is a very long scar, which looks like it has been corroded by some poison.

Chen Feng is not familiar with his face, but Chen Feng knows his clothes.

Among the nine powers, one sect that is slightly stronger than the Galaxy Sword Sect and the Beast God Sect, the Five Aggregate Heaven Sect.

The man was quite arrogant, looking down at Chen Feng:

"Your strength is so low, you can still become the leader of the Galaxy Sword Sect. If you want to come to a noble status, it is probably the nephew of an elder."

Speaking of this, he stretched out his hand and opened his palm.

"I came to participate in the Broken Jade Conference this time, presumably your elders also gave you a lot of magical artifacts at the bottom of the box."

"It's impossible to really let you out like this."

As he said, he hooked his fingers.

"Hand it over, Lu Qiu Hongfei is not a bloodthirsty person, I will definitely let you go."

Chen Feng has no time and energy to entangle him at this moment.

Regardless of whether you want a life or a treasure, it doesn't matter if Jiang Yunxi and their lives are now.

Therefore, he was extremely impatient to continue to leave.

I don't even bother to speak.

However, Lu Qiu Hongfei saw Chen Feng directly leaving.

I never thought that Chen Feng was too lazy to be familiar with him, except that Chen Feng didn't dare to do anything with him.

He curled up his lips and laughed, raising his leg to stop him in front of Chen Feng.

"Did I let you go!"

At this time, Chen Feng had a murderous heart.

Blocking his way to save people is tantamount to being an enemy of him!

Chen Feng looked at the person in front of him and coldly squeezed out: "Go away!"

"Little bastard, don't be shameless!"

Lu Qiu Hongfei was furious and roared sharply.

After all, he slapped directly and patted Chen Feng directly.

The powerful aura of Dacheng, the eighth floor of the Star Soul Martial God Realm, instantly rushed towards Chen Feng.

However, Chen Feng didn't even evade, and also slapped Lu Qiu Hongfei.

boom!

With a loud noise, Lu Qiu Hongfei was directly hit on the ground a hundred meters away, and even a human-shaped pit appeared directly on the ground!

He vomited blood violently, and his whole body was weakened.

Not to mention that this palm directly broke his heart vein every inch, but it also broke his whole body and bones!

At this moment, Lu Qiu Hongfei looked at the sky in disbelief, trying to say something, but could not say anything except vomiting blood.

By this time, no one knew the regret and fear in his heart.

No one can truly appreciate that absolute strength crushes.

Just when that palm hit him, Lu Qiu Hongfei realized that everyone underestimated Chen Feng.

He is a monster!

That is the strength that the ninth building of the Star Soul Martial God Realm will have!

A disciple who has only the sixth floor of the Star Soul Martial God Realm can easily display the strength of the ninth floor of the Star Soul Martial God Realm.

How terrible his talent should be!

Absolutely, among all the participating disciples this time, I will be the leader!

However, no one can know all this.

The next moment, the light in his eyes faded, his breath disappeared, his head tilted and he died completely.

Chen Feng disappeared straight in the direction of the signal.

He didn't even bother to look at his body again.

He has no need to confirm at all.

It was just an ordinary Dacheng disciple of the eighth floor of the Star Soul Martial God Realm.

[Chapter 5245: Chen Feng, why are you not here!](#)

Among the disciples in this competition, it is not outstanding at all.

With this kind of strength, before he set off to the scene of the Broken Jade Conference, he was able to slap one to death.

And this scene, being reflected on the light curtain, has attracted some people's attention.

Although some people have improved Chen Feng's strength, most people still disagree.

In the final analysis, that Luqiu Hongfei is indeed overpowered.

After all, among the entire participating disciples, his strength is almost at the bottom, and there is no place to shine.

Even if you die like this, it doesn't hurt.

Just when Chen Feng tried his best to rush to the signal position, Jiang Yunxi was already in desperation.

With several red lights on at the same time, Lingbao Gourd alone is useless!

The fighting experience and lethality of the Que Yuanzhou brothers is not even as good as Jiang Yunxi.

The three had been injured in multiple places and the scene was extremely tragic.

Had it not been for the brothers, there were enough pills, one after another, which was rarely seen.

At this time, throw it in your mouth as if you don't need money.

Relying on such continuous healing and healing, can we continue to confront the five Divine Burning Sect disciples opposite.

"Mother, the pill for these two dogs is not over yet, right!"

Even the five people of the Burning Heaven Divine Sect were unbalanced when they saw the embarrassing pill being swallowed by the three people one after another.

Below the light curtain.

Many of you in the stands focused on the three Jiang Yunxi and the five disciples of the Burning Heaven Sect.

Seeing that the two brothers Que Yuanzhou and Que Yuanyi took out the elixirs so swiftly, it caused a lot of splashes at the scene.

Above the mountains on all sides, you can hear amazing sounds everywhere.

"These people from the Galaxy Sword School seem to have some strength. Not all of them are like the leader of the team, Chen Feng."

"Look at those two brothers, they should be practicing alchemy."

"Looking at the pill they refined, they should have reached the level of a god-level alchemist."

"This alchemy talent is pretty good! But, it's so strange, how did the Galaxy Sword Sect send their two god-level alchemists to participate in the Jade Smashing Conference this time?"

Someone at the scene screamed towards the light curtain: "I'm afraid I have long thought that this situation will happen now."

Hearing this explanation, the people around were all startled and laughed.

"It's true."

"Otherwise, I would have been unable to hold on to someone from Divine Burning Sect."

Just when the cultivators were watching.

In the light curtain, a bright red light suddenly burst out.

The five participating disciples of the Burning Heaven Sect seized an opportunity and at the same time launched a surprise attack on Jiang Yunxi.

Even with the help of the Que Yuanzhou brothers.

However, with the three of them alone, it is still a completely one-sided situation to fight the five members of the Burning Heaven Divine Sect who shot at the same time!

A huge flame almost instantly swallowed Jiang Yunxi's whole person!

Outside the light curtain, there was a sudden uproar, thinking that the stalemate state would usher in a breakthrough.

Including the five disciples of the God Burning Heaven Sect at the scene, the same was true, all of them showed ecstasy.

"Miss Yun Xi!"

"Miss Jiang!"

Brother Que Yuanzhou exclaimed, his complexion extremely ugly.

At this moment, the huge bright red flame was suddenly pierced by a silver-white divine light!

All eyes were on the flame.

I saw the silver-white divine light that was forcibly pierced from the flame, becoming more and more dazzling and burning!

Then, another place also revealed a second silvery white light!

"It's Jian Qi!"

It is Jiang Yunxi's unique sharp sword spirit!

Que Yuanzhou immediately dropped the huge boulder in his heart, with a smile on his face.

The next moment, the brilliant red flames that had swallowed Jiang Yunxi's whole body.

It's like being unable to withstand the huge impact, becoming more and more inflated.

More and more silver-white sword awns pierced out, almost turning all these bright red flames into silver-white!

Under the eyes of everyone, Jiang Yunxi was surrounded by sword air.

She looked embarrassed, with blood on the corners of her lips and messy hair.

The clothes that were originally neat have also become ragged, exposing large areas of white skin!

But, despite this, her cold eyes still burst out with a light of reluctance.

No words are needed. As long as everyone sees her look like this, they can learn a message-she would rather die than surrender!

Obviously it should be an embarrassing and ugly picture, but under the sacred silver-white sword light, it contrasts Jiang Yunxi's thrilling beauty.

This caused the five disciples of the Burning Heaven Sect, who had never had much contact with women, to lose consciousness for a moment.

After returning to their senses, they were all excited!

Such stunning beauty is rare in the world!

On the contrary, they even more inspired their conquest.

"Jiang Yunxi, what a city of stars!"

At first the lean disciple, with his eyes gleaming, laughed:

"Brothers, work harder and try to burn out her clothes hahaha..."

This is very vulgar and contemptuous.

In the current scene, Mo said it was Jiang Yunxi himself, and even the Que Yuanzhou brothers could not listen.

But the two of them are really limited.

Even if there are a lot of pills, the recovery speed can't match the speed of the five people attacking one after another.

Compared to Jiang Yunxi's image, the two of them are flying over and suffering severe injuries at this moment.

Some wounds are even more bones, and they are shocking to see!

Only the elixir can barely maintain that ray of life.

The silver-white sword light broke out again, finally crushing the flame that was trying to swallow her.

Jiang Yunxi staggered back, unsteadily touching the shoulders of the two companions behind him.

At this moment, the three of them turned their backs to each other, forming a triangle, barely maintaining their final dignity.

At this time, in fact, the three of them already knew very well:

This is their limit.

Que Yuanyi took out the broken jade pendant, panting grimly on his face.

The brain just feels that the dizziness keeps coming.

"He is coming soon."

Having said that, there is no time to wait for Chen Feng to arrive!

Seeing the three of them standing almost desperately on the edge of the huge rift valley, the wind blew by and the three of them were crumbling.

It's dead end!

The disciples of Divine Burning Sect laughed triumphantly and kept approaching them.

The two of Que Yuanzhou became increasingly desperate, and their unwillingness and anger almost made him explode.

However, the severely injured and dying body can hardly support them to make any effective defense.

At the last critical moment, the only thing they can do is to shout loudly: "Chen Feng!"

Chen Feng——

The echo kept rippling away, repeatedly stacked, and instantly spread to the other side of the rift.

[Chapter 5246: Self-defeating cultivation base, forgive you not to die](#)

Even Jiang Yunxi, at this time, was desperately calling for Chen Feng's arrival.

If you can't wait for him, you may never be able to wait!

Seeing the three people in front of them shouting "Chen Feng" for help, the disciples of the Burning Heaven Sect laughed more frantically.

"When is it, you still count on Chen Feng?"

A strong man approached and sneered at the mention of Chen Feng, his laughter was sharp.

"Hmph, what can he do if he comes, but it's just a waste."

"You can't say that, let Chen Feng come, just one pot!"

"The entire team sent by the Galaxy Sword Sect was completely wiped out in our hands. Wouldn't it be beautiful to win the honor for the God Burning Sect?"

But the lean man still had a firm goal, rubbing his hands and staring at Jiang Yunxi:

"Chen Feng is here just right, I will treat you in front of him...hahahaha..."

At this moment, a loud noise suddenly sounded across the Great Rift Valley.

There was only a bang, and a figure flew toward them from the opposite side of the thousand-meter-long rift.

boom--

The figure that exploded quickly fell between the five disciples of the Burning God Sect and the three of Jiang Yunxi.

Suddenly, the earth was shaken.

On the cliffs next to it, huge rocks rolled down.

Everything happens between the electric light and flint, the speed is incredible.

The calls for help from the Que Yuanzhou brothers stopped abruptly, and the three of them looked at the people coming together, their expressions immediately turned into ecstasy.

"Chen Feng!"

"Brother Chen, you are here! If you don't come, you can only collect the corpses for us."

Even Jiang Yunxi's face showed a rare ecstasy because of Chen Feng's arrival.

After seeing the reactions of the three disciples of the Galaxy Sword Sect, the five participating disciples of the Burning Heaven Sect only recognized them.

The figure standing in between them was Chen Feng!

He leaped and shot across the thousand-meter rift, smashing the ground into a small hole.

Under the gaze of several people, Chen Feng slowly stood up.

Cold and calm, but he could see the killing intent that he could not control from the bottom of his eyes.

Jiang Yunxi suddenly felt a sense of security in his heart when he saw his upright back.

When Qiong's nose is sour, the eye sockets are moist.

"Master Chen, you finally arrived."

Chen Feng turned around, nodded to them, and gave a soothing look.

Then, his eyes fell on the injuries on them.

Every time I look at it, his eyes are cold.

In fact, when he rushed over, his spiritual consciousness had already captured everything that happened here.

The five disciples of the Burning Sky God Sect's cruelty and ruthlessness towards the Que Yuanzhou brothers and their insults and attacks on Jiang Yunxi have all been fully understood by him.

He turned around and confronted the five disciples of the Burning Heaven God Sect in front of him.

Behind him, Jiang Yunxi suddenly thought of something and actively reminded:

"Master Chen, this conflict originated because I picked a Nirvana nine-petal lotus, and their disciples of the Burning Heaven Sect wanted to grab it."

Brother Que Yuanzhou also reacted quickly and added: "Yes! Not only that, they are even more rude to Junior Sister Jiang!"

Chen Feng nodded.

"Even if you don't say this, I believe you will not provoke for no reason."

As he said, his face suddenly smiled, deliberately looked at the five people opposite and said:

"Since someone is rushing to die, I don't mind doing it as they wish."

In his eyes, the murderous intent suddenly flashed, and his anger had reached the maximum threshold.

Chen Feng lifted his chin slightly and motioned contemptuously to the five people opposite:

"I give you a chance to survive."

"Now I'm abolishing my cultivation base in front of me, so I can spare your lives."

Speaking of this, he specially stretched out his hand and pointed at the lean man who took the lead. In his slightly narrowed eyes, the killing intent was deeper.

"As for you, she just said something frivolous, now you have to cut your tongue."

The moment the voice fell, the five people on the opposite side were all taken aback, then looked at each other and burst into laughter.

It was like hearing a big joke.

"Am I right?"

"I said Chen Feng, are you really crazy, or are you too confident? Hahahaha..."

Especially that lean man laughed wildly.

He took two steps towards Chen Feng, put on a high posture, looked down at him, and said contemptuously:

"Look at it. Among our disciples of the God Burning Sect, the weakest one also has the pinnacle of the eighth floor of the Star Soul Martial God Realm."

"Only you? A sixth building?"

The onlookers outside the light curtain were shocked by his heroic appearance when they saw Chen Feng arrived.

However, after hearing his subsequent words, a series of jokes of laughter sounded one after another on the surrounding mountains.

"How could the Galaxy Sword Faction send such a disciple with an abnormal mind?"

"This is too self-defeating. He really relies on his own talent and can display the strength beyond his own realm, so he can fight against the five disciples of God Burning Sect in one fell swoop?"

You know, the Burning Heaven Sect is not too weak among the nine forces!

And the five disciples standing in front of Chen Feng at this moment were not the strongest among the disciples of the Shentian Sect.

But every look was above the peak of the eighth floor of the Star Soul Martial God Realm.

Especially the lean man, his cultivation is in the ninth building of the Star Soul Martial God Realm!

Faced with such five opponents, five in total.

I dare to assume such a mad attitude, I really don't know if he is ignorant or fearless.

Faced with the provocation of the thin man who almost pointed directly at the door, Chen Feng just shook his head.

He opened his eyes again, his eyes calming down.

But in this calm, something is slowly erupting.

"It's not fake to force me to do it, saying that you are seeking your own death."

With that said, Chen Feng flipped his hand and revealed the broken sword transformed from the sword body of the Qingqiu Heavenly Sword.

Although the Soul of the Blade was not urged, but when a large amount of the power of the stars poured into it.

The Soul Sabre inside also began to tremble slightly, as if feeling a certain call, very excited.

He walked towards the five people opposite.

"If you don't see the coffin, you won't cry. It's long enough for a person like you to live until now."

The thin man squeezed his wrists and knuckles, twisted his neck, and walked towards Chen Feng!

With each step forward, the coercion erupting from his body intensified.

Too much to kill God!

With a touch of silver light flashing!

That powerful, violent sword intent is all restrained!

It turned into a silver-white light, and it flashed past.

At this moment, Chen Feng no longer retained his strength.

His knife was not only aimed at the thin man, it also included the four people behind him.

At the moment when Tai Shang Zhu Shen Zhan approached them!

[Chapter 5247: One knife! Go out!](#)

The five people had an early warning, and suddenly felt a slight threat.

Obviously, there is no horrible, crazy, or stormy attack coming from around.

But they felt as if they were firmly locked in by Chen Feng's gaze!

The body that subconsciously wanted to dodge suddenly lost control at this moment, and it was impossible to avoid it!

"How is this going?"

"what's the situation?"

Someone yelled, but someone suddenly realized something, his face suddenly changed, and he looked at Chen Feng in horror.

"No way....."

But it's too late!

With a flash of silver-white light, all the figures froze in place.

At this moment, the five of them were completely dumbfounded, and their hearts were shocked with horror.

how is this possible!

How could Chen Feng's strength be so strong?

Relying on instinctive reaction, the five of them roared almost at the same time, sending out their strongest offensive in the direction of Chen Feng.

However, when that destructive power burst out after the silver-white light flashed!

All panic, dumbfounded, and disbelief have all become redundant.

"puff--"

The five opened their mouths and spit out blood, and their breath suddenly became most of the time.

Especially the lean man standing in the forefront, his legs were directly cut off, and he fell directly to the ground with blood flowing.

Screams sounded one after another.

In their offensive, almost none of them could break through the silvery white light that seemed ordinary.

Outside the light curtain, at this moment, he fell into extreme silence.

Not long ago, when Chen Feng said those threatening words with a cold face.

A crowd of onlookers above the high mountains all burst into laughter one after another.

In the crowd, one after another loudly mocking Chen Feng who arrived in a hurry, he jokes at his incompetence.

To say that a person like him is too ignorant, even knows how to die.

Even when Chen Feng was actually doing it, they watched the picture uploaded by the light curtain.

Still smiling and looking at the cultivator next to him, he was completely sure that he was completely dying.

However, just when all the onlookers in Manshan waited to see the joke.

The images from the light curtain made them all into shock and silence.

Almost everyone's face was covered with horror that could not be concealed.

In the silence, some voices sounded one after another.

"That's... Chen Feng?"

In the light curtain, the tragic situation of the five disciples of the Burning Heaven Sect.

It was like, giving everyone onlookers a slap.

This slap slapped their faces, making everyone feel hot on their faces!

Many people couldn't believe it from the beginning, but finally realized that this is Chen Feng's true strength.

In the widespread silence, many people lowered their heads.

Recalling the cynicism that I had made to Chen Feng not long ago, I only felt that my appearance was really ridiculous.

It is not Chen Feng who is really ignorant, but everyone present!

This silence lasted for a while, and then was gradually broken by some sounds.

Some people adjust their mentality quickly, and they have nothing to do with Chen Feng.

Seeing the astonishing picture in the light curtain right now, I couldn't help but sigh with emotion.

"This Chen Feng is incredible."

"Yeah, the strength he showed just now must have the ninth floor of the Star Soul Martial God Realm."

"But his cultivation level is still at the sixth floor of the Star Soul Martial God Realm."

Someone reacted, looking around and looking forward to verify the question:

"Is it possible that he is deliberately restraining his realm aura? Used to confuse everyone, so that he can relax his vigilance?"

However, this doubt was quickly rejected.

Among the cultivators onlookers, except for those nearby to watch the excitement.

There are also many powerful true disciples like Xia Haochu who have been in the business for a long time.

They were able to confirm that Chen Feng's cultivation level was definitely not deliberately confused.

"He is the breath of the sixth floor of the Star Soul Martial God Realm, without disguising it."

After receiving this certain news, the onlookers couldn't help but praise.

"Then his talent can be said to be quite amazing!"

"Yes, I'm afraid that the six princes this time may not have his talents?"

Someone said that casually, but it was immediately refuted.

Many people think that Chen Feng is indeed outstanding.

However, it is still not on par with the Six Lords and others.

There is still a gap between the two.

"No matter how talented he is, he only has the sixth floor of the Star Soul Martial God Realm at the same entry time."

"The Six Masters have actually made it to the ninth and tenth floor. Saying that the Six Masters are inferior to him would be crazy."

"Yes!"

...

It's just that no matter how much they talk about under the light curtain.

The six princes who were compared with each other could not be heard at this moment.

They have already entered the Shura realm and are fighting each other to win the championship.

As for the six major sects to which the six princes belonged, some disciples and elders came to watch.

After seeing Chen Feng's performance reflected in the light curtain and hearing the comments from the onlookers, his face was not very good.

"It's okay, didn't Yuan Changfeng give the five disciples of Qinghong Immortal Sect five Six-Rank Divine Pills?"

"This Chen Feng is inside, and it's inevitable to suffer."

Someone mentioned this and the topic became lighter again.

You know, the five disciples of the Burning Sky Divine Sect are not as good as those of the Qinghong Immortal Sect.

Furthermore, the disciples of the other eight forces who entered the Shura realm shouldn't know Chen Feng's true strength.

In their eyes, Chen Feng is still the best soft persimmon.

This means that Chen Feng is basically impossible to win the championship!

Just coping with the disciples who dealt with him was enough to make him spend a lot of energy and cultivation.

What's more, his current strength is still close to that of the Six Masters.

After thinking about this idea clearly, many onlookers present felt relieved again.

At present, Chen Feng is still a figure who may die in the Shura world.

No matter how talented he is, he will only become a word of regret that people will mention after dinner.

And in the Shura world at this moment.

Chen Feng walked towards the five disciples who fell to the ground by Shentian Sect.

In his hand, the broken knife was still emitting a silver-white light.

Until this moment, these silver-white blade lights released their crazy killing intent outside!

The five disciples of the Burning Heaven Sect, headed by lean men, looked at Chen Feng as they approached in horror.

They can feel the anger from Chen Feng.

The kind of aura and appearance that vowed to let them die in front of them, including the screams of the thin man at the moment and the blood spurting at the broken leg.

It was like a sledgehammer hitting their hearts.

Begging for mercy just hangs on your lips, ready to say it at any time.

[Chapter 5248: Give me a face!](#)

Just at this time.

"Wait!"

A familiar voice sounded from a distance.

Hearing this voice, the five disciples of Divine Burning Sect took the lead in reacting.

A light suddenly appeared in the originally desperate eyes.

Close behind was Jiang Yunxi.

She recognized the owner of the voice, and followed the sound to look behind her.

Of course, Chen Feng recognized it too, the man who was still shouting at him from a distance.

It is Jiang Yunxi's cousin!

That self-righteous Cangyu Immortal Clan participating disciple, Gao Mufeng.

"Master Gao!"

"Please also Lord Gao to save us!"

"Divine Burning Heaven Sect will have great thanks in the future!"

The five disciples of Shentian Sect saw Gao Mufeng's figure from a distance, and immediately rushed to shout for help.

After a while, Gao Mufeng led a group of disciples and appeared in the sight of everyone.

Gao Mufeng's face changed slightly when he saw the scene.

Chen Feng noticed that he looked at Jiang Yunxi, who was beside him with broken clothes, and his complexion immediately sank.

He turned his hand and took out a long robe and threw it on Jiang Yunxi's body.

In this way, Gao Mufeng turned his attention to him.

The scene is weird.

Gao Mufeng looked at the five Divine Burning Sect disciples who kept calling for help again, frowning slightly.

"How is this going?"

He looked at Chen Feng and subconsciously brought a reprimand in his tone: "What are you doing with them?"

Hearing Gao Mufeng's accountability, Chen Feng felt amused.

He himself disdains to respond to such obvious partiality, which has no meaning at all.

However, Que Yuanzhou and the others reluctantly spoke.

"Gao Gongzi is so partial."

"Just ask what Chen Feng did to them? Why don't you ask what they do to our Galaxy Sword Sect!"

"Could it be that we are only allowed to be bullied, so we can't help but resist!"

Chen Feng stood upright and looked at Gao Mufeng and the disciples of Cangyu Immortal Clan behind him.

His eyes showed a little contempt.

If he remembers correctly.

This time, among the nine major forces, the remaining six sects sent a disciple to form the so-called six masters.

It is suspected to be temporarily assembled specifically to clear the new blood of the Galaxy Sword Sect.

Even God Sect Burning Heaven sent one of the most powerful disciples in the competition.

In addition to the Galaxy Sword School itself, there are two remaining schools.

That is, among the participating disciples of the Beast God Sect and Cangyu Immortal Sect, there was no so-called "Eight Young Masters".

This also illustrates one point-among the participating disciples sent by Cangyu Immortal Clan this time.

Even the strongest Gao Mufeng is not worthy of the same name as the other six princes.

The ninth building of the Star Soul Martial God Realm is nothing more than that.

Even now Chen Feng is completely able to deal with it.

It's just that Gao Mufeng and the disciples behind him didn't know anything about what Chen Feng was thinking about.

Gao Mufeng frowned, then looked at the five disciples of Shentian Sect, and then looked at Chen Feng with a more casual and arrogant expression.

"The people of Divine Burning Heaven Sect have a good relationship with our Cangyu Immortal Sect. How can you beat people like this?"

"Well, you pay them a gift, an apology, this matter will be turned over."

Hearing what he said, the disciples of Cangyu Immortal Clan behind him all looked like You Rongyan, with smiles at the corners of their mouths, posing a high posture.

At first glance, these words seemed to be discussing with Chen Feng, but in fact, his voice was indifferent, with a hint of order.

Basically, he regarded Chen Feng as his subordinate, or as a junior.

Speaking like his, Chen Feng must obey.

However, Chen Feng didn't even have to listen to it. He turned around and turned his back to look at the five disciples of the Burning Heaven Sect.

"It's nothing to do with you, go aside."

He left a word coldly, and after speaking, he planned to lift the broken knife in his hand and directly abolished the five people in front of him.

"Chen Feng!"

Gao Mufeng was ignored and ignored by Chen Feng again and again, and finally became angry.

He glared at Chen Feng, forcibly suppressing the almost erupting anger and said.

"For Yun Xi's face, this is the last time I will bear your disrespect."

"I'll tell you again, these disciples of the Divine Burning Sect have nothing to do with our Cangyu Immortal Sect."

"You give me a face and apologize to them."

"Otherwise, don't blame me for not protecting you Galaxy Sword Sect without mercy!"

Looking at Gao Mufeng's so taken-for-granted shelf and posture.

Not to mention Chen Feng, even the Que Yuanzhou brothers, at this moment, are like watching a joke, waiting to see the development of the situation.

If you say that before, they still have concerns about Chen Feng.

But at this moment, they looked at Chen Feng who didn't put Gao Mufeng in their eyes at all, and they simply reported 100% trust!

As long as Chen Feng dares to pose and dismiss it, it shows that he has absolute confidence in his opponent.

And this kind of confidence is the source of their confidence.

The two brothers left and right, protecting Jiang Yunxi from moving away.

It has been prepared in advance. There will be preparations for a big battle.

Sure enough, after hearing Gao Mufeng's last words, Chen Feng's footsteps really stopped.

Seeing him turning around and looking at himself, Gao Mufeng's eyes showed a trace of satisfaction.

But Chen Feng's next reaction was completely unexpected!

"Who do you think you are?"

The simple six words, full of sneers and ridicule, instantly stunned the disciples behind Gao Mufeng at the scene.

"Is he crazy? Dare to say that to Senior Brother Gao."

"Maybe it's just crazy."

"This is completely looking for death."

Standing behind Gao Mufeng, he ridiculed the disciples unabashedly.

Gao Mufeng depends on Jiang Yunxi's face and gives Chen Feng opportunities again and again, but they won't.

Had it not been for Gao Mufeng to be their leader, at this moment, they might have killed Chen Feng and the others.

Everyone wants to hold a soft persimmon.

It can be said that the disciples were even gloating when they saw Chen Feng doing so.

They couldn't wait to see Gao Mufeng severely teach Chen Feng.

Sure enough, Gao Mufeng's face changed the moment he heard Chen Feng's words.

The smile on his face disappeared without a trace.

Gao Mufeng's original posture of standing with his hands in his hands, slowly lowered his hands, putting on a posture that he was ready to do something at any time.

His voice is getting colder.

"Shame on the face, today, I will teach you the Star River Sword Sect to teach you a brash boy!"

Before the words fell, it belonged to the huge pressure of the ninth floor of the Star Soul Martial God Realm.

In an instant, like a tiger descending a mountain and a group of demons dancing wildly, it quickly attacked in Chen Feng's direction.

[Chapter 5249: Who do you think you are!](#)

Gao Mufeng thought very well. He would directly use coercion to force Chen Feng to kneel and bend down in front of him and kowtow to him.

Then he walked over and gave a few slaps.

So even if Jiang Yunxi wanted to say something, there was no reason.

After all, he had no killer.

For Chen Feng and the others, this is already a great kindness.

However, the expected picture did not happen.

In the face of strong pressure, even the five disciples of the Burning Heaven Sect who were injured not far away were affected.

However, Chen Feng, who was very close to him, seemed to have not been affected at all.

Standing proudly there, looking at him coldly, like a joke.

Then, slowly raised the broken knife in his hand.

"how is this possible?"

At the moment this thought flashed through Gao Mufeng's mind, Chen Feng moved!

He actually took the initiative to fight, and rushed towards Gao Mufeng.

For a while, the silver-white light in the hands was so great that everyone present felt a kind of fear in their hearts at this moment.

And the source of that kind of fear came from the broken knife in Chen Feng's hand!

The silver-white ray of light surpassed the lightning speed and struck towards Gao Mufeng's door.

When it was too late, Gao Mufeng immediately entered the ultimate fighting state.

In his heart, he was extremely surprised by the powerful pressure released from Chen Feng.

This kid...how could it be possible!

With a loud noise, Chen Feng appeared behind Gao Mufeng.

Those eyes were full of solemnity, staring coldly at the disciples of the Cangyu Immortal Clan before him.

The scene fell into a moment of silence.

The disciples of Cangyu Immortal Clan opened their eyes wide, and were completely shocked at what was happening in front of them.

Behind Chen Feng, their trusted senior brother Gao Mufenggao.

Suddenly, his complexion instantly turned bright red, and a bright red came out from the corner of his mouth.

Gao Mufeng actually lost to Chen Feng!

This picture appeared in the eyes of everyone.

Suddenly, it was like a huge boulder falling into a pool of lake water.

Suddenly aroused an uproar.

Even Gao Mufeng himself stared wide.

In the face of everything that happened just now, he still maintained an unbelievable look.

The five severely wounded disciples of Divine Burning Heaven Sect not far away were silent at this moment.

At this moment, they even forgot to scream and beg for mercy.

Chen Feng's mouth was completely shocked, and he was frozen in place.

Not only that, but even a crowd of onlookers under the light curtain.

Everyone was dumbfounded at this moment, and couldn't believe it.

If the performance of easily defeating the five disciples of the Fentian Divine Sect before can make them feel that Chen Feng is extremely talented, but it is still a lot worse.

So now, in many people's minds, they have begun to doubt this conclusion at this moment.

They are shaken!

Chen Feng, is he really far inferior to Mr. Liu?

Dare to ask how many people in this world can take advantage of the cultivation level of the sixth floor of the Star Soul Martial God Realm, and gain the upper hand in the face of Gao Mufeng, a real master of the ninth floor of the Star Soul Martial God Realm!

"Am I dreaming?"

"Or, there is something wrong with this light curtain? This can't be true, right?"

Someone laughed dryly and said self-comforting words.

But the pictures in the light curtain don't care about their thoughts, the people inside have new actions.

At this moment, Chen Feng was in front of several disciples of the Cangyu Immortal Clan, behind him was Gao Mufeng who had just been repelled by him.

It can be said that he is equivalent to actively entering an encirclement.

The disciples of Cangyu Immortal Clan also reacted extremely quickly at this time.

They showed their magical weapons one after another, waiting in full battle.

However, do not wait for them to take the initiative to besiege.

Chen Feng swept across with cold eyes, and saw their reaction in a very contemptuous manner.

These seemingly rushed and panicked reactions made him curl his lips, and his eyes were even more murderous.

In his body, the light in the star soul space was radiant.

At this moment, the nine rounds of the big moon are shining each other, constantly running at high speed.

The power of the stars is constantly filling his limbs.

"Since all the magic weapons are displayed, why not let you go together?"

How confident Chen Feng is! How provocative!

It was an invincible posture, and he didn't take the disciples of the Cangyu Immortal Clan in front of him at all!

As soon as this remark came out, not only the faces of the Cangyu immortal disciples in front of them were not good.

Gao Mufeng behind him seemed to have received another slap in the face.

The words of Chen Feng just now were not only for those disciples who looked down on him, but also completely ignored him.

What an arrogant tone!

At this moment, Gao Mufeng felt that he had never encountered such a shameful shame in his life!

He took a sigh of relief, turned angrily, and stared at Chen Feng's back with red eyes.

Chen Feng noticed the anger coming from behind and turned his head slightly.

Gave a profile and a very contemptuous look.

"What are you, dare to shout again and again in front of me!"

"What are you, dare to compare myself to the elders of the Galaxy Sword Sect!"

His voice did not slow down, his tone became more and more arrogant and arrogant.

Not only the disciples of the Cangyu Immortal Sect and the unnamed disciple of God Burning Heaven Sect at the scene trembled!

It made the onlookers outside the light curtain feel like a hammer.

They are all wrong!

The Galaxy Sword Sect sent this time, it is not four wastes that are self-defeating!

They sent the biggest black horse!

A shocking dark horse that was not valued by anyone from the very beginning, but arrogantly more than anyone!

Seeing Chen Feng's rising aura, some people's hearts even began to shake strongly.

Can Qinghong Immortal Sect and other disciples really stop this person?

"what--"

Under the strong pressure, Gao Mufeng opened his mouth and screamed frantically.

He never wanted to believe that with his genius posture, he would be inferior to a trash!

"I didn't try my best just now. This time, I will never underestimate the enemy. You will die for me!"

With the roar, the surrounding space began to vibrate faintly.

The majestic power is surging, like a stormy sea losing the gate, rushing out of the valve of Gao Mufeng.

Cancan divine light burst out, with him as the center, a violent power shock surged around him.

The power of the endless stars surging in the direction of Chen Feng like a vast ocean, carrying the power to destroy the world.

At the same time, the disciples of the Cangyu Immortal Sect in front of Chen Feng also took the opportunity to make a move.

The breath of the eighth floor of the Star Soul Martial God Realm burst out of everyone.

For a moment, it can be said that it was a frenzy of power, like an out of control beast, rushing towards Chen Feng from all directions.

The purpose is to completely tear him apart!

No mobile phone will be returned!

Everyone in Cangyu Immortal Clan had a hideous face at the moment, exhausting their strongest power.

[Chapter 5250: Power beyond imagination!](#)

The overpowering burst of energy caused Fang Cangyu to temporarily become as bright as daylight.

Volcanoes not far away also began to erupt at a special occasion.

The bright red and hot fire has become the best embellishment and cover up here.

The three Jiang Yunxi, who retreated to the distance, saw the scene of Cangyu Immortal Gate besieging Chen Feng.

Even though he had considerable confidence in Chen Feng before, he was still in fear at the moment.

Especially Jiang Yunxi, even stepped forward two steps, trying to use his little power to help Chen Feng.

"Don't go there!"

Her intention was first noticed by the two brothers next to her, and immediately grabbed her jade arm.

"but....."

Without waiting for Jiang Yunxi to express his worries, Que Yuanzhou stretched out his finger in Chen Feng's direction, and his weak face was now calmer than ever.

"Do you pay attention to his reaction and state, as if you are trapped?"

Que Yuanyi next to him also nodded in response, "Brother is right, we can't mess up our position now."

"Look at Brother Chen Feng, he is still confident."

"I think his strength is even stronger than we always thought!"

"Our passing at this time will only hold him back."

Hearing the analysis of brother Que Yuanzhou next to him, Jiang Yunxi broke away from the state of care and chaos.

She observed carefully and found that what the two said was true.

Amidst the colorful light, the broken knife in Chen Feng's hand burst out with silver-white light.

That silver-white light surpassed all the surrounding light in an instant, becoming the most dazzling existence!

No one can ignore his existence!

The powerful coercion at this moment, like a volcanic eruption in the distance, is out of control!

At this moment, Chen Feng is more and more giving people a feeling of standing up and down.

His muscles are tight, his veins are violent, and blood erupts!

It even caused a searing resonance in Jiang Yunxi who was far away.

In the eyes of the public, this man with invincible spirit raised the broken knife in his hand.

Soul of the sword is now!

At this moment, deep in the souls of everyone present, it seemed that they heard the roar of metal!

Yes, the roar of metal!

That was the excited roar of Soul Blade.

Click — —

The surrounding space vibrated violently.

Compared to those scorching lights, Chen Feng was like a **** spot.

The aura that can be revealed is like a giant admiring heaven and earth!

At this moment, the dazzling silver-white light became the only one between heaven and earth.

Chen Feng and the broken knife in his hand became a whole at this time.

Then, the madness stirred up all the surrounding fascination, like a strange eye of the storm.

All the murderous auras and attacks rushing towards him were stirred by the silver-white light and stopped a few meters away from Chen Feng.

The Soul of the Blade trembled slightly, and all the disciples of the Cangyu Immortal Clan followed, feeling that their respective powers were out of control!

boom!

The eye of the storm suddenly disappeared and spread.

The light that was originally agitated, uncontrollably impacted in all directions.

It shot directly at the disciples of Cangyu Immortal Clan in the surrounding circle.

"puff--"

The disciples kept flying out in blood.

There is no power to fight!

Everyone was stunned, this time, including the three of Jiang Yunxi.

None of them expected that the real Chen Feng would have such terrifying strength!

As for Gao Mufeng, who was attacking with all his strength, he staggered and fell directly to the ground.

Blood gushes out of his throat uncontrollably.

"This is impossible... this is impossible..."

He kept whispering, his hair slightly messy and his eyes dull.

However, everything that happened just now replayed uncontrollably in his mind over and over.

Even if Gao Mufeng is reluctant to admit it!

However, in the deepest part of his heart, he still knew clearly.

Just now, when he watched Chen Feng's explosive momentum, he was terrified!

This makes it difficult for him to accept!

I remembered that not long ago, I was so arrogant and arrogant, let Chen Feng look at his face and apologize.

Too much face!

Gao Mufeng felt that his face could no longer be described as hot, he was beaten into a pig's head!

The distant volcano ejected bright magma, and now it became the best cover.

Chen Feng put away the broken knife and came to the disciples of Cangyu Immortal Sect who had fallen to the ground.

Looking down at them, coldly.

"Now, leave everything you collected."

"I can see that Jiang Yunxi is your big brother and cousin's face, let you go."

Before, Gao Mufeng had always used this rhetoric to suppress Chen Feng over and over again, saying those arrogant words.

Feng Shui turns around, he would never think that this sentence will come back to him one day.

But he couldn't say anything.

However, Gao Mufeng couldn't meet the demands of Chen Feng.

For a long time, he has been the favorite of all the people around him.

He is highly talented and looked up to by everyone.

He went all the way to the Cangyu Immortal Gate and became the master of the sect of the Broken Jade Conference.

Want him to be like a bereaved dog, in order to survive, hand over everything he has collected.

This is undoubtedly stomping his pride on the ground, crushing it hard!

"It's impossible!"

Human dignity is more important than fate!

Chen Feng stared at him coldly, and snorted when he heard his refusal.

He walked towards Gao Mufeng, without saying a word, directly reached out and picked him up.

Snapped--

A slap slapped his face crisply.

At this moment, Gao Mufeng was stunned.

Chen Feng's slap was nothing compared to the two attacks just now.

But just like this, he slapped his face directly, and even slapped his dignity on the ground.

Snapped--

Another backhand slap!

Chen Feng expressionlessly looked at Gao Mufeng in his hand indifferently.

In this way, he slaps the ground with one slap, and does not need to be blessed by the cultivation base, but only uses physical strength.

Purely to humiliate Gao Mufeng!

Don't you want a face? Isn't dignity higher than the sky?

Then, I will slap and slap your face and your dignity!

The disciples of the Cangyu Immortal Sect and the disciples of the Burning Heaven Divine Sect all around, watched this scene blankly.

Watching Gao Mufeng's face swollen with such a slap.

Finally, he broke down!

"stop!"

Even if Chen Feng didn't use his cultivation base, and only slapped him with physical strength, his physical strength was far beyond normal.

No one can stand him slapped like this.

At this moment, Gao Mufeng's cheeks have long been swollen, red and purple.

At the same time, tears gushing out of his eyes uncontrollably, making him look even more embarrassed and embarrassed!

Gao Mufeng finally couldn't stand it!

After being slapped like this, it is better to kill him!

He flipped his hand to take out the jade talisman and threw it to Chen Feng without looking at it.
