

Peerless 5271

[Chapter 5271: Finally breakthrough! Sunshine World!](#)

For others, this may be the death Jedi, the purgatory on earth.

It is very possible that after being inhaled, some people will explain here for the rest of their lives.

However, for Jin Sanye, this place is simply delicious!

"I knew what was going on with that effort."

Remembering that before, Chen Feng couldn't help but feel annoyed when he fought hard with the first ancient demon soul.

However, this annoyed mood was soon dissipated by another news.

The next moment, in Chen Feng's mind, he suddenly remembered the huge voice from the top of the sky.

"Trial immortal, Chen Feng."

"You got a gift from the ancient existence Jin Sanye."

"Reward the origin of supernatural power..."

Without waiting for this huge and emotionless broadcast voice to finish, the exact same voice sounded again!

"Trial immortal, Chen Feng."

"You got a gift from the ancient existence Jin Sanye."

"Trial immortal, Chen Feng."

"You got it....."

Chen Feng noticed that although the speech pattern of each broadcast was the same.

However, as for the description of Jin Sanye, it was a long time ago, when he was first gifted by Jin Sanye.

Again, there have been some changes!

What I said last time was "a gift from the mysterious creature Jin Sanye."

But this time, it was said: "Ancient Existence".

As the number of ancient demon souls swallowed by Jin Sanye increased, in Chen Feng's mind, the huge voice from the top of the sky kept ringing.

At the same time, there are more and more rewards!

Chen Feng couldn't help getting excited.

His body, which was almost completely exhausted, was also constantly blessed and repaired by the top of the sky at this moment.

In the golden pagoda, Chen Feng's long hair is windless.

His strength is also rising!

When Jin Sanye swallowed the soul of the tenth ancient demon in one breath.

The huge voice in Chen Feng's mind has become:

"Trial immortal, Chen Feng!"

"You got a gift from the ancient legend Jin Sanye."

"Ancient Legend!"

Chen Feng repeated the title in a low voice, thoughtful.

I'm afraid it is Jin Sanye who has made a breakthrough.

I don't know what ability it has gained in this breakthrough.

Jin Sanye, who had been fattening a big lap, now stretched out his wings in a naive manner.

Contentedly, he touched his chubby belly.

The round black eyes were slightly narrowed, revealing an extremely comfortable and comfortable expression.

Looking at it like that, Chen Feng didn't seem to intend to actively tell him what it meant, so he wouldn't take the initiative to ask.

The unexpected gain within the Jinta not only made Jin Sanye full, but also gained a lot for Chen Feng!

It didn't take long before he reached the peak of the seventh floor of the Star Soul Martial God Realm.

After getting a lot of "gifts" from the top of the sky.

He can feel that at this moment, he has once again reached the extreme of realm.

It is completely possible to break through again!

The gifts given by the top of the sky are different this time.

Not only helped him return to his heyday, but also generously gave Chen Feng a lot of insight, experience and strength.

Without further ado, Chen Feng made a decision on the spot-a breakthrough on the spot!

The first floor of this golden pagoda, without the threat of the ancient demon soul, is undoubtedly the best place to break through.

Don't worry about the surprise attack by Yuan Changfeng and others.

Don't worry, the Asura Demon like the Great Black Flame Great Demon will attack himself.

Presumably, in the hearts of those outside and the Asura Devil, Chen Feng at this time might have been torn to pieces.

Chen Feng closed his eyes.

His ink hair began to dance wildly, and the whole person fell into an ethereal state!

In the star soul space, the huge star map has completely turned into a galaxy ocean at this moment!

Ten big moons are shining brightly, and countless stars are lit up.

Not only that, there seems to be some kind of connection between them!

It's like a sea wave, floating up and down.

It's like on the sea level at night, the moon is shining, and the sponge is sparkling.

The picture is peaceful and beautiful.

When those dazzling white lights became brighter and brighter, almost lighting up the vast expanse of the star map into a white world.

Suddenly, I heard the sound of something cracking in a trance.

Chen Feng suddenly shook his whole body, and his expression began to change.

The next moment, I saw the vast star map that had been merged many times!

Suddenly, it fell apart!

An incredibly scorching crimson sun leaped out of the sea of shattered silver galaxy!

Sunshine World!

The originally quite cold sea of stars, the silver-white light, was instantly stained with enthusiasm by the fiery red light.

Chen Feng seemed to be able to hear it!

In the Star Soul Space, Zhu Jiu Yin Star Soul raised his head and let out a cheerful and passionate roar!

In that cheerful roar, the roar of Sirius could be vaguely heard!

And, the chanting of the ancient Buddha.

Chen Feng, formally from the peak of the seventh floor of the Star Soul Martial God Realm, marched all the way to the eighth floor of the Star Soul Martial God Realm!

The strength is comparable to the powerhouse of the eleventh floor of the Star Soul Martial God Realm!

Perhaps this breakthrough was mainly due to various gifts from the top of the sky.

Chen Feng broke through very smoothly and easily.

At the same time, Jin Sanye next to him was still eating.

When Chen Feng completely broke through to the eighth floor of the Star Soul Martial God Realm, it had already swallowed the souls of the five ancient demons!

The benefits of this kind of uninterrupted eating to Chen Feng are undoubtedly huge!

In my mind, the huge voices from the top of the sky were still ringing continuously.

There are more and more gifts from Jin Sanye!

Such continuous gifts are most intuitively manifested in his cultivation.

Chen Feng is still improving!

His current star map has almost turned upside down compared to the previous one.

Originally a vast expanse and vast star map.

At this moment, it is more like a complete galaxy.

The huge big sun in the middle is continuously releasing its light and heat to the surroundings.

The power of the stars in the entire star chart is rotating and attracting towards it.

When a steady stream of power is sent to the middle of the day.

Chen Feng could clearly feel that his body was like this big day at this moment.

Warm and strong.

The power of the stars was further absorbed and merged into his limbs and all corners!

This transformation made him hardly need to think.

Whenever a thought moves, a lot of power can flow from all parts of the body.

At the same time, the previously torn apart star map reintegrated in the constant supply.

A brand new star map is formed!

The ten big moons are now arranged around the rotation direction of the fiery red sun.

Following the direction of its rotation, it starts to rotate on their fixed orbits together.

[Chapter 5272: tyrannical! The horrible existence of the second floor of the Golden Tower!](#)

Chen Feng noticed sharply that although these big moons were of similar size.

However, the orbit from the sun is not the same.

It turned out to be because although they have the same size.

But when Chen Fengxin condensed a big moon, his power was much stronger than before.

This makes the density of the big moon become greater, so it rotates closer to the big sun.

"I am like these big moons. As my strength increases, the more I can approach the avenue on road construction."

Chen Feng whispered in his heart.

His body has also undergone further changes in the continuous surge of strength.

Even the repetitive reincarnation space of the heavens and the earth in his body was due to this power supply.

There were some changes slowly.

In this way, when Jin Sanye swallowed the soul of the twentieth ancient demon.

Chen Feng's realm has risen to the middle of the eighth floor of the Star Soul Martial God Realm at a terrifying speed!

However, everything has not stopped.

On the chaotic ground in front of him, ten ancient demons were finally kneeling and trembling!

Although there is fear from instinct, but in front of Jin Sanye who is almost fat into a ball.

They still dare not even lift their heads after all!

One by one, they were swallowed up by Jin Sanye.

I don't know how long it has passed.

"belch--"

Jin Sanye leaned back, and his whole body was golden.

It looks like a golden chicken that has been roasted.

He collapsed directly on the ground and gave a long, full hiccup.

In front of it, thirty ancient demons souls.

Finally, it was swallowed up by it all in one breath!

"Let's eat it...Oh!"

"It's enough for us... to digest well..."

At this moment, San Ye Jin, although he was "slumped to the ground."

But because it is now as fat as a ball.

Therefore, when he fell on his back like this, his whole body was dangling.

Two feet thrashing in the air, unable to find a place for a long time.

It looks like a tumbler covered in golden feathers!

At this moment, all the black feathers in the whole body have been replaced by golden feathers, and it is impossible to count how many there are.

It squinted, trying to stretch its unnecessarily neck, and glanced in Chen Feng's direction.

After spinning hard for a while, I saw Chen Feng who was constantly breaking through.

Thirty consecutive gifts from Jin Sanye made Chen Feng's breakthrough directly reach the eighth floor of the Star Soul Martial God Realm!

peak!

If he had just broken through to the eighth floor of the Star Soul Martial God Realm, Chen Feng's strength was comparable to the powerhouse of the eleventh floor of the Star Soul Martial God Realm.

Then, he is now enough to kill the strong in the eleventh building!

Now he almost has a very large and complete galaxy!

Right in the middle, there was a big sun with flaming red heat.

It seems to never go out, bringing warm light and heat to this bright galaxy sea!

Revolving around it are ten bright moons.

They are also spinning constantly. All kinds of auras from the outside world, or the power of stars!

After passing through them, they would save to become Chen Feng's own power, which could be used at any time.

And farther away, countless stars are shining!

The countless galaxies that Chen Feng has seen are probably not as dazzling and dense as those in his star chart.

They are endless, flashing brightly or darkly, quietly brewing their own star power!

"call--"

Chen Feng opened his eyes fiercely and let out a long suffocation.

The heart moved with thoughts, his hands suddenly clenched into fists, and the warm white light instantly began to linger around the fists.

"Is this the strength of Sunshine Universe?"

He was overjoyed, he swept away the previous embarrassment and rags, and looked down to the side.

Then, he saw a golden ball...

Chen Feng didn't know whether to laugh or what to say.

In the air, there was a subtle embarrassment immediately.

Jin Sanye felt Chen Feng's gaze, and he laughed actively: "Congratulations, haha."

While speaking, the feet dangling in the air moved.

Looks very unwise.

"Hey, don't just look at it, help us a bit. Hey, it's really a bit too much this time."

Jin Sanye finally blushed, flapping his wings and beginning to struggle.

In Chen Feng's eyes, it was like a constant tumbler, beginning to work hard to turn over...

It looked funny, but Chen Feng didn't ask anything.

Jin Sanye is too mysterious!

Swire Three-eyed Golden Crow, what kind of existence is it?

However, no matter how curious he was, Chen Feng did not ask any more.

When Sanye Jin himself wanted to say something, he would naturally say it.

In this way, one person and one bird rested for a while.

Jin Sanye, who was originally round as a ball, had a deflated stomach, but the whole figure was fatter again.

After not knowing the number of full hiccups, it finally spoke quietly:

"Hey, it turns out that this Black Wisp Giant Flame Great Demon Family only controls the first floor of this golden pagoda."

Chen Feng felt very inexplicable.

"Didn't you hear it before? The great black flame giant said it himself."

Jin Sanye swung his wings.

"These are not important anymore, look over there."

Chen Feng looked in the direction of its wings.

Penetrating through a chaotic void, you can vaguely see, as if there is something else in the distance.

"Let's go, go over and take a look."

One person and one bird moved forward and explored carefully.

The first floor of this golden pagoda is basically empty, with nothing.

One person and one bird went forward for a long time, without seeing anything else.

Until they came to the deepest part of the first-level golden pagoda.

Everything appeared so suddenly.

When Chen Feng stepped forward, a spiral staircase in front of him suddenly appeared in front of him.

This spiral staircase went all the way up, breaking through the chaotic void and leading to the upper level.

Chen Feng felt the breath of enchantment.

However, when he took a step back, all the pictures in front of him suddenly disappeared.

"interesting."

Chen Feng moved forward again, and the spiral staircase in front of him appeared in front of him again.

One person and one bird came to the bottom of this spiral staircase, and looked up.

"This is a one-way barrier."

Jin Sanye is full now, and shakes his head to introduce.

Obviously it was just a fat bird, but he shook his head out of the charm of the old god.

"We are on the first level now and can enter the second level through this enchantment. But things above cannot pass through this enchantment."

Chen Feng raised his head and looked up.

The enchantment blocked the line of sight and couldn't see what the second layer looked like.

"Are we going to see it?"

Before the words fell, at this moment, I suddenly heard an extremely huge beast roar!

The sudden roar of a huge beast, whether it is from the deterrence or the penetrating power of the spiritual realm.

[Chapter 5273: Both lose!](#)

Or, the oppressive realm that seeps out from behind is shocking like never before.

"Oh my goodness!"

Jin Sanye, who was still walking after dinner, was shocked by this roar, and his whole body shuddered!

Almost sat down on the ground.

Waiting for it to react, turn around and run.

"If you want to go up, I can't beat it, um, I can't beat it!"

Halfway through, Jin Sanye suddenly turned his head.

As if worried that Chen Feng would really go up and have a look, he stopped.

"Don't think about it, you can't beat it either."

"The second floor of this golden pagoda is too terrifying. With our current strength, don't even think about it."

Chen Feng followed it and left the spiral staircase.

He is never afraid of challenges, but he is not a fool.

Although there was only a beast roar just now, and it was still separated from the barrier, it was enough for Chen Feng to feel the supreme aura!

Without needing Jin Sanye's reminder, Chen Feng knew it in his heart.

At present, he is far from the strength to set foot in that kind of place.

However, Chen Feng had no regrets, on the contrary, he was calm.

Even the family of the black wisp of giant flame great demon, the background and strength must be much stronger than him.

They can't get involved, and Chen Feng needs to be eager for success.

One person, one bird returned to the ordinary domain on the first level.

Jin Sanye swayed his head, looking at this first layer of space.

"Good Jinta!"

"Although you can't beat the second floor, we can help you seize control of the first floor of this golden tower."

Upon hearing this, Chen Feng's mind moved slightly.

He looked around, there was nothing:

"What's the use of controlling this first layer?"

Hearing this, Jin Sanye lost his big eyes.

"If it's useless, did that guy throw you in?"

While talking, Jin Sanye flapped his wings and flew up.

It began to release a golden light.

A powerful and mysterious force enveloped it.

Chen Feng stood on the ground and looked up at it.

Not long after, I saw a very inconspicuous crystal light appearing quietly in this chaotic space.

The light film is only the size of a palm, and there is magic energy surrounding it.

Although Chen Feng didn't know what it was, he could basically guess that it should be something similar to a control circle on the first floor of the Golden Pagoda.

Under the control of Jin Sanye, this invisible crystal film was forced to appear in front of Chen Feng.

Jin Sanye waved his golden wings and wiped out the traces of the giant black flame that covered it in two or more strokes.

It turned its head, looked at Chen Feng, and urged.

At the same moment, outside the Jinta!

The duel between the five Yuan Changfeng and the Great Black Flame Giant Demon has reached a fever pitch.

Although the Great Black Flame Demon is extremely strong, if it is simply confronting it directly.

Even if the five princes shot at the same time, they might not be able to deal with it.

However, it just underestimated the ability of the five Yuan Changfeng to burst out.

Coming to the Shura world this time, Yuan Changfeng's five people are among the top freshmen of various schools.

No power does not take them seriously!

The rules of the Broken Jade Conference only regulate the entry years of the participating disciples.

However, there is no limit to the magic hole cards they can carry.

As long as they don't worry about being damaged or being looted by others, each school can bring their strongest magic weapons and cards to these disciples.

Like Yuan Changfeng, there is no doubt that all of them have enough cards.

When Chen Feng fought against the soul of the ancient demon in the first floor of the Golden Pagoda.

When they are outside, they can understand each other's thoughts with just one look.

Although the six eldest sons were formed temporarily, they were united.

But since they had the same purpose at the beginning, there was still some tacit understanding between them.

Joining forces is the only option at the moment.

If the black wisp of giant flame big demon is not so powerful, perhaps it may not be able to let the five people unreservedly take out their hole cards.

In this way, even if it is the Great Black Flame Giant Demon, it will suffer somewhat from the background of the five of the nine great forces.

When he arrogantly slapped the five people, he was madly raided!

Roar--

The intense pain and trauma made the Great Black Flame Great Demon angry and painful.

It's careless!

However, the five princes on the other side were not much better.

This raid can be said to have completely offended the Giant Black Flame Demon.

Next, the fierce battle between the two sides is really difficult.

Even if it had severely damaged the Great Black Flame Great Demon, it still had a strength comparable to the mid-stage eleventh floor of the Star Soul Martial God Realm.

However, Yuan Changfeng and the other four young masters can only barely achieve the same damage effect.

For a time, the war fell into a stalemate.

What is even less optimistic is that Tao Xingran and Luo Jingfeng of the five princes were in poor condition because they had been violently attacked by Chen Feng.

In the cooperation of the five people, the two of them are almost like loopholes placed in front of the giant black flame.

Using these two loopholes, the Great Black Flame Demon tore out their encirclement several times, trying to take advantage of the victory and pursue it.

Kill Yuan Changfeng, who really played a leading role!

Yuan Changfeng was annoyed and angry. After being hit so hard several times, he was equally vigorous.

He couldn't abandon Tao Xingran and Luo Jingfeng!

Otherwise, the three of them would definitely not be able to fight against the giant black flames.

But unfortunately, the strength of the two men was damaged again.

Everything is because of that Chen Feng!

Boom!

The black magic is like a hurricane.

On this plain, the void was torn at will, and the five princes were disturbed in all directions.

And in this blackness, there are continuous lights of various colors with a bitter murderous aura, continuously!

Each road has its own barriers, constantly cutting off those large hurricanes that directly lead to the sky.

The earth is cracking, and there are constantly terrifying cracks spreading on it.

The dark gray plain that had been unobstructed was already full of holes and devastation.

Just when the five great princes and the giant black flames were fighting each other like a raging fire.

But no one noticed it, on the edge of a black magic energy.

Suddenly, a figure appeared quietly.

The figure was like a black shadow, silent.

It is perfectly hidden in the black magic energy.

At this moment, it was the time when the five princes and the giant black flames were inextricably fought and almost collapsed.

This figure came silently to the center of engagement.

However, just when this phantom came out of the black devilish energy, it gave everyone an unexpected moment.

boom!

With a loud noise, the battle between the five princes and the giant black flames broke out again.

And the location of the battle happened to be right next to that phantom!

In the two extremely fierce killing aura!

[Chapter 5274: Young Master of Demon Sect: Mo Ke Luo!](#)

Dao's black figure, like a shadow, suddenly shot.

The earth trembled!

On the side of the Five Great Young Masters, as well as that of the Great Black Flame Giant Demon, their expressions changed at the same time.

They looked at the figure that appeared suddenly, and under the attack of two terrifying forces, not only did they not suffer any trauma!

On the contrary, it is easy to crack the biggest killing intent they can release so far!

"who is it!"

"Who?"

For a while, the six people on both sides simultaneously asked the unexpected "third party".

The fighting was suspended, and the space here quickly stabilized.

Yuan Changfeng and others quickly saw who came.

It was a young man in a black robe.

Because of the black cloak covering his head, it was difficult to see his face clearly.

However, everyone present is very clear.

This person is extremely strong!

After discovering that his whereabouts were exposed, the black-robed man not only did not panic.

Instead, laugh more arrogantly.

"Hahahaha...I am here to harvest you!"

As the voice fell, there was also a cloak hat covering his face.

This mysterious black robe man finally revealed his true face!

However, when his appearance appeared in Yuan Changfeng's eyes for the first time.

The five eldest sons all changed their expressions.

On their faces, the uncontrollable underground consciousness was horrified.

"It's you, Mokoro!"

"Mokoro!"

"The Young Master of the Demon Sect of Ten Thousand Desires, Mo Ke Luo!"

...

Although the reactions of the five people may not be exactly the same.

But obviously, they are quite familiar with this uninvited guest.

The person who came was exactly the Demon Sect of the Ten Thousand Desires, who had the same status as the nine powers!

Among them, the young master, Moko Luo!

Yuan Changfeng temporarily gave up his preparations for confronting the Giant Black Flame Demon, and frowned and shouted at Moko Luo:

"You demon, why are you here?"

You know, the Demon Sect of All Desires. In theory, it shouldn't be here.

Although the status of the Demon Sect of Ten Thousand Desires, in terms of strength, is similar to the nine major forces.

But after all, it is a demon force of the Eastern Desolation, and it is the enemy of the so-called right way!

The Broken Jade Conference was held for the decent sects, and the Demon sect was never invited to the list.

Not to mention this, even if the Demon Sect of Ten Thousand Desires is qualified to participate in the Jade Smashing Conference.

According to other rules of the Broken Jade Conference, Mokoro shouldn't be here either.

As the young master of the Demon Sect of the Ten Thousand Demon Sect, Moko Luo has been in the market for a long time and is extremely powerful!

If you compare him with the disciples of the Galaxy Sword Sect.

So, his current strength is probably equal to the level of the top ten among the real disciples of the Galaxy Sword Sect.

Moreover, according to him, he easily resolved the full attack of the five people on Yuan Changfeng's side and the Great Black Flame Demon.

To be able to do this, the strength has at least surpassed the twelfth floor of the Star Soul Martial God Realm!

In other words, this Moko Luo is very likely to be a Shifang Dongtian realm powerhouse!

The five princes on the side are extremely strong.

At best, it is just the top person in the fresh blood of their respective sects.

Fresh blood, no matter how strong the talent is, and the strength improves quickly.

The strongest, but also the eleventh floor of the Star Soul Martial God Realm.

What's more, before Moko Luo appeared, everyone had fought with the great black flame giant demon, already seriously injured.

It can be said that whether it is in the state of heyday or the current state of residual blood.

In front of Mokoro, they are probably not enough for Mokoro to hit with a single finger.

"How could he appear here!"

This question is entrenched in the minds of the five princes.

Even the Giant Black Flame Demon, at this moment, did not dare to act rashly towards this new character who appeared hastily.

It can feel threatened!

It is a kind of instinctive fear.

Even the Great Black Flame Great Demon is worried about the purpose of this uninvited guest here.

What's more, when it noticed that the five reptiles that were still stubbornly fighting with it, it seemed like **** at the moment.

All of them looked desperate.

It seemed that this person called Moko Luo was not the helper Yuan Changfeng and the others invited over.

But it doesn't seem to be a reassuring role.

Among the crowd of five princes opposite, someone suddenly yelled:

"Impossible! Why are you here!"

You know, before entering the teleportation gate.

Zhai Changzun, the wild **** who is in charge of the process, once said.

This time, they were going to a very small place in Shura's realm.

It's called Little Shura Wukong Mountain.

Here, this area has limited tolerance for the cultivation realm.

Tao Xingran yelled: "A master of your level wants to break in. It stands to reason that it is impossible to bear it!"

"Even the teleportation gate leading to this place will collapse when you rush in because you can't stand your strength."

Although there is no specific emphasis, everyone still vaguely remembers.

The portal leading to this place, as far as the upper limit of the strength of the participating disciples, is only the twelfth floor of the Star Soul Martial God Realm!

Those on the top will never get in.

Mokoro has a handsome face, but he probably doesn't see the sun all year round, and his skin is fairly fair at the moment.

However, although he looked gloomy and cold.

But he was not as thin as Tao Xingran, on the contrary, he had a rosy body.

The muscles covered by the cloth contain power that can be seen with the naked eye.

There is a black and red demon heart fire on his forehead, which is the representative of the Demon Sect of All Desires.

After hearing and seeing the reactions of the five princes.

Mokoro glanced at them contemptuously, then raised his head and laughed.

His laughter sounded so arrogant and arrogant.

"It's just a clone of me, it makes you scared like this, hahahaha..."

The contempt was beyond words.

This made the few sons who had just turned pale.

His face seemed to be slapped severely, and it was hot.

Yes, they still panicked for a while and were negligent.

With their usual calmness and agility, they should have been able to react long ago.

The Mokoro in front of him could never be the real Mokoro.

I thought that the person in front of him was not the deity of Mokoro, but just a clone.

The five eldest sons felt a little relieved.

At this moment, they observe and perceive.

Only then was it certain that the avatar of Mo Ke Luo in front of him was not as powerful as previously thought.

At most, it was on par with the giant black wisp of flame when we first met.

Probably his strength was at the peak of the eleventh floor of the Star Soul Martial God Realm.

Facing this uninvited guest, the face of the Giant Black Flame Demon was not very good.

Although, Mokoro didn't seem to be with the five princes opposite.

[Chapter 5275: Suppress the treasure! The true purpose of Mokoro!](#)

However, it can also realize that even if they are not together.

There is absolutely no possibility that this Mokoro clone will belong to it.

In addition, let alone the five people of Yuan Changfeng who were seriously injured now, the Great Black Flame Great Demon also suffered because of underestimating the enemy in the beginning.

At this moment it is seriously injured, if it really wants to fight, it is afraid that it is not an opponent at all.

Mokoro looked provocatively at the six on both sides, especially Yuan Changfeng, whose brows were clenched.

"It's okay to tell you."

"Anyway, if you say it today, it's as if it is to make you understand."

Pulling off the black robe that covered his head, Mokoro's thin lips pressed lightly, and the corners of his mouth evoked a provocative arc.

"What you said earlier is true."

"Even if it's a clone, just before entering the portal."

"With my current state, it is impossible to let me enter the portal smoothly."

"So, in the beginning, I was just possessed by a man who was taken away by me."

Mokoro also specially recalled:

"That person seems to be called Xia Haochu."

"The true disciple of the Beast God Sect."

Beast God Sect!

Among the nine powers, the Beast God Sect and the Galaxy Sword Sect are the most humble.

Because of this, this time the six princes will be organized.

The purpose is to deal specifically with the weakest Galaxy Sword Sect.

If this time the Galaxy Sword Sect was successfully expelled from the nine major forces.

Then, I am afraid that the next one to be expelled and targeted will be the Beast God Sect.

Most of the disciples who came in from the Beast God Sect this time were also ill-conditioned.

Anyway, after entering the Shura realm, the young masters have hardly seen any disciples from the Beast God Sect.

However, I never expected that I would encounter a terrifying opponent who used the people of the Beast God Sect to come in here!

Mokoro's clone looked at the people in front of him playfully.

"I first possessed this demon soul on Xia Haochu."

"Then when you people were preparing to enter the Shura realm, you quietly followed in."

Judging from Morkoro's appearance, the whole process seemed simple.

However, Yuan Changfeng and others still feel that this explanation is somewhat reluctant.

Morkoro's clone saw their doubts and smiled even more proudly:

"You guys, are you wondering why I can come in silently."

He laughed triumphantly again.

Then, he suddenly turned his head and looked at the giant black flame demon on the other side.

"Thank you anyway."

"Thank me?"

The Giant Black Flame Demon didn't expect it to be mentioned.

Mokoro stretched out his hand provocatively and pointed to a border line.

Yuan Changfeng and others may not have come out.

However, the Great Black Flame Great Demon could see through Moko Luo's avatar at a glance.

Its face sank suddenly, extremely cold and ugly.

Because of the direction of Mokoro's finger.

It is the border of the magic city where he is stationed, a castle as a sentry!

Yuan Changfeng and others are not clear, but the Great Black Flame is clear.

"You dare to attack my men by killing them and absorbing those demonic souls to supplement and restore the strength of the clone!"

After hearing the words of the Great Black Flame Great Demon, Yuan Changfeng and others understood.

It turned out that when he first entered the Shura world.

The avatar of Mokoro standing in front of them at the moment was an extremely weak and ordinary phantom.

It was after entering the Shura realm that it was like a fish in water, and it quickly evolved to its current strength!

Powerful enough to crush the five great princes and the giant black flame giant in front of you!

Feeling the crazy laughter of Mo Ke Luo, hovering in the sky, spreading and reverberating towards the distance.

Everyone and demons are angry at the moment.

Especially the Great Black Flame Demon.

"How dare you slaughter all guarding demon soldiers at my post!"

"Do you really think I don't have a hole card!"

Before he finished speaking, the huge black flame giant flame once again took out the palm-sized golden pagoda used to absorb Chen Feng.

It sneered and quickly manipulated the Jinta.

"After you are sucked into my urn."

"You will know who is the supreme being here!"

However, at this time, an accident happened!

The smile on the face of the Great Black Flame Great Demon lingered on his face.

It bowed its head fiercely, but the golden pagoda in its hand still had no response.

"How is this going?"

At this moment, the Giant Black Flame Demon seemed to be suddenly thrown into the abyss from high above the sky.

Cold all over!

Fear suddenly appeared in my heart!

This, but his biggest hole card!

Now, it has failed?

It suppressed the panic in its heart, suddenly raised its head, and stared viciously at the avatar of Mokoro on the ground.

"What the **** are you doing in here?"

Mokoro seemed to have planned, and he was not in a hurry.

Regarding the problem of the Great Black Flame Giant Flame, he can even say that he knows everything and talks endlessly.

"My purpose is the thing suppressed at the bottom of your Shura City."

As soon as these words came out, the great black wisp of flame was shocked!

Its big copper bell-like eyes were about to go round at this moment, and blurted out in horror:

"how do you know!"

Unexpectedly, a magic power from the world of Xuanhuang Zhongqian.

Actually they would know that under the Shura Demon City in the Shura Realm, a big secret was suppressed.

At this moment, Mokoro's clone suddenly moved.

He jumped in place fairly easily, and began to do some basic movements.

He twisted his neck and said, "Okay, since I have said everything clearly."

"You can die clearly now."

His eyes were full of triumphant looks.

Looking at the desperate people in front of him, Mokoro almost laughed.

"I think today, who can save you!"

The demon forces have always been like fire and water with the righteous sect.

Fire and water are incompatible!

As the young master of the Demon Sect of Ten Thousand Demon Sect, Mo Ke Luo used his clone to follow the participating disciples of the nine major forces and sneak into the Asura world.

The main purpose, there are others.

But one of its purposes is to solve all the participating disciples from the nine major forces that came in.

"The latest young generation of your nine major forces will be wiped out this time."

"In the future it will only become a laughing stock! Hahaha..."

"You guys, there will be ten years of faults in the talent!"

"And our Demon Sect will definitely suppress you severely because of this!"

Everyone changed.

The possibility that Mokoro said is extremely high!

The thought of using a mere clone of oneself can achieve such an achievement.

Mokoro laughed wildly.

His laughter went straight to the sky, and traveled farther and farther on this plain.

However, at this moment, a voice suddenly appeared.

[Chapter 5276: And me!](#)

"And me!"

This voice is simple and neat, vigorous and powerful.

At the same time, with infinite confidence.

The five princes who had suffered injuries of varying degrees.

The moment I heard this sound, my face suddenly changed!

Even the Giant Black Flame Demon was taken aback at this moment and his eyes widened.

In its palm, that special golden pagoda with a big palm.

Actually, without it being controlled, a warm white light suddenly burst out.

The next moment, a familiar figure appeared in front of everyone again.

After seeing this person clearly, Yuan Changfeng and others almost changed their faces.

"Chen Feng!"

"Isn't he dead?"

"Couldn't the thirty ancient demons' souls be able to deal with him?"

...

Although, Chen Feng's appearance at this time gave the five princes a glimmer of hope.

But why is it Chen Feng?

Seeing that he was not dead did not make everyone happier.

On the contrary, in my heart, a look of horror rose!

"how can that be!"

The Black Wisp Giant Flame Demon was the first to believe it.

Endless magic energy emerged from its body again, quickly wrapping the golden pagoda in its hands.

However, no matter how it tries, this golden pagoda can no longer respond to it.

Chen Feng noticed its movements, turned sideways, raised an eyebrow and smiled:

"Do you want to control it? Don't think about it, just give up."

After hearing his clear answer.

The expressions of Yuan Changfeng and others have obviously become more ugly!

No one knows what Chen Feng experienced in the Golden Pagoda.

They can only see.

At this moment, Chen Feng was compared to the appearance that he had previously absorbed into the golden pagoda by the Great Black Flame.

It can be said that there is no difference!

How embarrassed he was before?

But now, he is not only full of spirits, but also the burst of courage and aura is like a reborn!

"What exactly did he experience in the Jinta?"

Tao Xingran stared at Chen Feng fiercely, wishing to eat his flesh and blood!

However, Chen Feng is not interested in following them anymore.

He stood in front of Mokoro, smiling, and repeated:

"I'll kill you."

Seeing a young monk at the eighth floor of the Star Soul Martial God Realm suddenly appeared on the opposite side.

Opening his mouth, he actually dared to provoke Mokoro, everyone was guessing what he had experienced.

"Forget it."

Yuan Changfeng interrupted the speculation of the young masters behind him.

He stared at Chen Feng in front of him coldly: "No matter what he experienced."

"Could it be that in just a few cups of tea, can you quickly have the strength to surpass Mokoro?"

"Also..."

Several disciples were persuaded by Yuan Changfeng's theory, and they all lamented in advance.

As the center of the topic, Mokoro naturally heard what they were talking about in a low voice.

It is even more arrogant.

His thin body was hidden under the black-gray robe, and he didn't take Chen Feng to heart.

It can be said that he directly ignored Chen Feng's challenge.

He just squinted and sneered, shaking the back of Chen Feng's head:

"Ignorance junior! I'll clean up you later."

In Moko Luo's current eyes, the only one in front of him that needs to be eliminated immediately is the Great Black Flame Demon!

As long as the Great Black Flame Demon is eliminated.

Take its devil soul, and then absorb it into its own nourishment.

After that, it is not a problem at all to solve the rest of the small chores.

On the opposite side, the giant black flame demon was stared at by Moko Luo.

At this moment, it was too late to wonder why the first floor of the urn was no longer under his control.

It can feel the black robe man Moko Luo walking towards him!

The momentum on the body is getting stronger and stronger.

The suppression of it is becoming more and more obvious.

In this way, Chen Feng was almost completely ignored.

This made him helpless.

Chen Feng lowered his head, closed his eyes, and sighed long.

When he opened his eyes again.

In his hand, he didn't know when, he clenched his broken knife.

"Since I have the ability to leave Jinta!"

"Then, it should be enough to explain that at this moment, I already have the strength to surpass the Black Flame Giant Flame Demon."

"Why do you always look down on me?"

The voice is not over yet, an unprecedented powerful and terrifying coercion!

In an instant, it broke out in this world!

The mighty force was like a wolf rushing to the tiger, and the momentum was unprecedented.

In a daze, one can even vaguely see a thick city wall shining with warm white light!

Facing Moko Luo's back, he quickly covered the past!

Just when this powerful force appeared in everyone's sight!

Suddenly there were some individuals who exclaimed on the spot.

"This power..."

"how is this possible?"

...

Everyone was stunned!

Including Yuan Changfeng, everyone in this place.

They were all shocked by Chen Feng's great momentum.

Who can think of it!

A few hours ago, Chen Feng was still a bewildered, weak and exhausted dog that was almost exhausted.

And now, not only has he swept away his decay, he is full of momentum!

What's more, there was a coercion far above the strength of all of them!

What's more, people like Yuan Changfeng and others have extremely sharp eyes.

They noticed it for the first time, and they would find it easily when they looked closely.

After these short hours passed, the color of the light that burst out of Chen Feng's body had changed significantly!

What exactly is going on?

All of them were stuck in place and didn't react for a while.

As for Chen Feng's side, the strength at this moment was revealed layer by layer, every point of strength, Mo Ke Luo's face became ugly.

Chen Feng's strength kept rising until it was almost equal to the strength of the clone of Moko Luo.

He interrupted the knife with his hand and shot aggressively: "Now, is it enough to kill you?"

Before the words fell, the figure had disappeared in place.

boom!

The space began to vibrate violently.

On the already devastated plain, it suddenly became chaotic.

And I'm afraid no one here noticed!

Just now, when Moko Luo was heading towards the Great Black Flame Demon.

Nearby, there was a force that quietly disappeared.

Xuanhuang in the thousand worlds.

Above the fairy mountain hosted by the Broken Jade Conference, the huge light curtain of the picture was originally lost.

At this moment, something happened again!

Someone noticed it for the first time, and immediately exclaimed and pointed to the huge light curtain above his head.

"Look, everyone, the picture is restored!"

Without the suppression of the Great Black Flame Demon, the effect of the original light curtain was restored again.

However, when everyone sees clearly in the huge light curtain at this moment.

When the picture was displayed, the audience was silent!

All the cultivators above the high mountains, even the wild **** general Zhai Changzun who has been guarding the portal!

[Chapter 5277: I can take it myself!](#)

When I saw the picture reflected in the light curtain, my face was slightly moved.

Countless pairs of eyes stared at the light curtain.

I saw the five sons headed by Yuan Changfeng above the light curtain.

At this moment, extremely embarrassed!

In some serious injuries, even the skull was split.

Opposite, there is a Shura Demon!

In the middle of the two sides, the avatars of Chen Feng and Mo Ke Luo are fighting!

In the confrontation between the sword, the light and the sword, even Chen Feng has a vague tendency to win...

"I...I'm afraid it's not hallucinations?"

There was a cultivator who was watching, and his voice was a bit dull.

Some people began to question, and even suspect that the light curtain was wrong.

In short, few people want to believe that everything that happens in the light curtain is real.

But whether they believe it or not, the war continues.

Above the plains.

Chen Feng held a broken knife, and constantly erupted with terrifying power, and the warm white light almost lit up the sky.

All the darkness will be invisible.

The clone of Mokoro has been tortured with fear by Chen Feng at this moment.

He has never seen such a powerful opponent!

Whether it's magical skills, physical strength, or mental attacks!

Chen Feng, all of them were able to cope with ease.

In order not to be defeated by Chen Feng, Moko Luo's clone has almost exhausted his most powerful ability.

Chen Feng met again, the situation encountered before when he fought the ancient demon soul.

This clone of Mokoro can be transformed into reality.

If the ordinary attack is when he turns into a phantom, it will be useless and a waste of cultivation.

If ordinary people encounter such a situation, I am afraid they will have to mess around for a while.

However, it was also thanks to the ancient demon souls in the first floor of the Golden Tower.

Chen Feng reacted almost immediately and began to attack in a targeted manner.

Buddha's angry eyes and roaring power!

The purple-white light instantly lit up!

A huge purple and white lion, carrying a majestic, angry Buddha, came across the void!

Then, on the center of the eyebrows of Na Mokoro, lightly tapped that point.

Hum!

It doesn't matter whether Mokoro's clone is a phantom or an entity at the moment.

In front of the Buddha's angry lion roar, it doesn't matter!

Probably it was affected by some previous shadows.

This time, Chen Feng did not wait for three breaths at all.

He raised the broken knife straight up and dropped the knife in his hand.

cut!

Slash!

No matter how proud of Mokoro's clone!

At this moment, he can really understand the feeling of kicking the iron.

If you continue to fight Chen Feng, the result is probably not optimistic!

Even, it is very likely that he lost his wife and lost his soldiers.

Taking advantage of a gap, Mokoro's clone suddenly stopped and shouted: "Wait a minute!"

"Speak well if you have something to say!"

He hurriedly relented, and his face looked at Chen Feng with a flattering smile.

"Your name is Chen Feng, right?"

"Master Chen, you and I have no grievances."

"If you can cooperate with me, let me get that treasure this time, I will give you great benefits!"

Yuan Changfeng and others in the distance.

When I saw this scene, my face became extremely ugly.

Just now facing them, the clone of Mokoro, who was still invincible.

At this moment, facing Chen Feng, he could only sullen his face, and actively lowered his posture to beg others to let him go.

Such a strong contrast is like a fierce slap, slapped Yuan Changfeng and others' faces hot.

Who would have thought that at the very beginning, a few of them deliberately deceived Chen Feng, wanting to completely kill him.

The result now is too ironic!

Chen Feng looked at the avatar of Mo Ke Luo in front of him, with a smile on his lips:

"I can take it myself."

Before the words fell, the hand interrupted the knife and instantly emitted a strand of silver thread.

That was after the breakthrough of the cultivation base!

faster!

More powerful!

The concealment is also higher!

Almost in an instant, the knife broke through the void.

In that strand of silver thread, there are endless killing intent and sword intent!

In an instant, cut fell on Moko Luo's clone.

boom!

Extremely far away in the world of Xuanhuang.

Where the Demon Sect of Ten Thousand Desires is located, the real Moko Luo is currently in retreat.

Suddenly, his face changed again and again, and then he suddenly spit out a mouthful of black blood with uncomfortable control.

The next moment, he suddenly opened his eyes!

The gray color on his face is visible to the naked eye.

Chen Feng relentlessly chopped his clone a few times and completely killed him!

Although it was just a clone of him.

However, there is also Mokoro's true consciousness and power!

Now that the clone was killed, the backlash he received was quite impressive.

For a time, Mokoro himself was also hit hard.

He raised his eyes embarrassedly, as if he wanted to penetrate the void and pass through the complete barrier!

From a distance, staring at Chen Feng who is in the realm of Shura at this moment.

After a long time, he gritted his teeth and uttered two words: "Chen Feng!"

The retreat room, killing intent!

With the outbreak of Mokoro!

All the ornaments, etc., are all broken and turned into powder!

And all this, Chen Feng doesn't care about it at the moment.

Kill if you kill, nothing to care about.

Chen Feng turned around, and the blood-stained broken knife pointed at the five princes.

Putting it in Chen Feng's indiscriminate bombardment, Moko Luo's clone was directly annihilated and disappeared from the sight of everyone.

Now he is the time to kill the most fun.

Looking at Chen Feng like this, even Yuan Changfeng was a little frightened at this moment.

Ke Chenyi and others noticed Chen Feng's unkind eyes, and they were also frightened.

However, some of them are quite arrogant.

"Chen Feng, I advise you to calm down now."

"Think about it carefully, what does each of us mean."

Hearing this, the other princes also gained some confidence.

Tao Xingran said, "Each of us represents our own power."

"No matter which force, your Galaxy Sword Sect can't afford it."

Hearing this, Luo Jingfeng, who was still a little frightened, also laughed.

He stood up and regained his confidence: "That's right."

"Chen Feng, if you really think of yourself as a member of the Galaxy Sword Sect, you'd better think clearly now!"

"You Galaxy Sword Sect, can you provoke the six major forces?"

Under the light curtain, similar sounds also began to sound.

Killing Moko Luo's clone is nothing.

But if the six great masters were killed, it would be tantamount to offending the six great forces.

Chen Feng, maybe he could kill it regardless.

But the Galaxy Sword Sect, can't afford it!

The Galaxy Sword Sect is already at a disadvantage.

In this broken jade conference, the six major forces directly united to form the six young masters!

[Chapter 5278: You guys should have thought of it!](#)

Specially used to deal with the disciples sent by the Galaxy Sword Sect.

It can be said that from the beginning, the six of them were ready to completely split the Galaxy Sword Sect.

Now, it is the Galaxy Sword School who has to beg the others!

If Chen Feng kills regardless, the consequences will be unpredictable.

There are even many people who can already predict the blood and blood that may happen in the future.

Previously, because the black wisp of giant flames covered the light screen,

The disciples participating in the Broken Jade Conference, the onlookers on the side of the Xuanhuang Zhongqian World in the picture of the Shura Realm were not aware of it.

So many of them actually have questions.

"Six princes, why are there only five princes?"

"Where is Zhuang Zhilian from Qinghong Immortal Gate?"

"Yes, I remember that he was also very disdainful of Chen Feng, and kept saying that he was going to kill him."

Above the mountains on all sides, someone mentioned this, suddenly speechless.

Everyone was naturally watching Zhuang Zhilian's previous performance on the zenith cloud platform.

However, inside the light curtain, Chen Feng showed the terrifying power.

Suspicion rose in everyone's heart.

They looked at each other, and they all saw the same guess from the countering faces.

"No way?"

"But, if it wasn't him, who else could it be?"

...

Don't wait for them to guess so long!

In the light curtain, someone has already given the result.

Yuan Changfeng sneered and looked at Chen Feng and said:

"Chen Feng, you have already killed all the participating disciples of the Qinghong Immortal Sect."

"Even Zhuang Zhilian died by your knife."

"This Azure Rainbow Immortal Sect, I'm afraid it's already grudges with the Galaxy Sword Sect because of you."

Speaking of this, Yuan Changfeng is more determined and louder!

Vaguely, with a sense of persecution even more.

Sneered and said: "I advise you to think clearly, whether your small Galaxy Sword Sect can withstand the anger of the six forces."

After all, he threatened more pointedly:

"You Galaxy Sword Sect, don't follow in the footsteps of Yuxu Immortal Gate."

Hear these words!

Under the light curtain, everyone was in an uproar.

It's one thing to have a guess in your mind!

However, from the mouth of Yuan Changfeng, the head of the six princes, it was confirmed that Chen Feng had killed Zhuang Zhilian of Qinghong Immortal Gate.

At this moment, it is a completely different feeling.

After this broken jade conference, the name Chen Feng will surely shine in the Eastern Wilderness!

Although, it is Yuan Changfeng and other five eldest sons threatening Chen Feng.

However, everyone knows that they have reached the end.

If they don't move out of their respective sect forces, put pressure on Chen Feng!

I am afraid that today, they will all die at the hands of Chen Feng!

"Who would have thought that Chen Feng, the disciple of the Galaxy Sword School who was ridiculed and ridiculed by us at the beginning, would be the biggest surprise of this Jade Smashing Conference!"

"With him, the wonderful performances of all other participating disciples have all become foils."

However, no matter how many people feel moved towards Chen Feng.

Looking at the picture in the light curtain, many people still sighed.

"It's a pity that he chose to join the Galaxy Sword Sect."

"Yes, since he was so amazing at the Broken Jade Conference, he also wanted to add luster to his school and sweep away the previous declines."

"In this case, he has to consider what Yuan Gongzi and others said."

For a time, all onlookers thought.

Whether it is for the Galaxy Sword Sect or for yourself.

Chen Feng definitely didn't dare to really attack the other five princes again.

However, Chen Feng has never been a person who acts according to the eyes of everyone!

He only sneered in the face of the five princes who were pressured by words.

The whole body was warm white light, and it flourished again.

"Speaking so much, it's better to be directly in front of me, kneeling and kowtow begging for mercy, it's easy!"

"Maybe, I can still consider just abolishing your cultivation."

As soon as this remark came out, whether it was the five princes present or the spectators under the light curtain.

It's all in my heart!

At this time, dare to be so arrogant!

Could it be that Chen Feng actually...

There is no need for them to guess anymore.

A broken knife was raised high and pointed directly at the five people in front of him.

"When you want to kill me, you should be mentally prepared to be killed."

Before the words fell, an unprecedented terrifying coercion instantly covered everyone.

Even Yuan Changfeng, in a state of battle damage, could hardly resist Chen Feng's such powerful coercion and suppression!

All of them blushed!

Even if his back was bent down, I firmly didn't want to do as Chen Feng's wish and knelt down in front of him!

However, Chen Feng was never a kind man!

It is not because the other party is very spine, will not be unable to play!

Click —

Tao Xingran, who was the most injured, was the first to be unable to support it!

The kneecap, directly broken.

In the next moment, he knelt down in front of Chen Feng uncontrollably!

Extremely embarrassed!

Very embarrassing!

"what--"

No matter how angry and roaring he is, it will not help!

With the first one, there is a second...

When Yuan Changfeng was forced to kneel down!

The crowd under the light curtain. All look silly.

"Chen... Chen Feng, won't be, really want to... kill them, right?"

Otherwise, angering the five people so much would undoubtedly inflict great enmity on himself.

It won't help to let them go!

They were right!

Chen Feng stood in front of them without even lifting his eyelids.

Completely, it is a condescending look down state.

In his mouth, spit out a word coldly.

"How old is the person, and still use the power behind to threaten?"

"As far as you are, it will be the same in this life."

After that, the broken knife in his hand!

In an instant, a few silver-white rays of light flashed.

Too much to kill God!

The five figures kneeling on the ground all lost their breath and fell to the ground.

All die!

Chen Feng at this moment is even more like Shura than the Shura Demon in the Shura world.

His stern face was full of iron and indifference.

After taking five jade symbols.

I saw that he strode towards the giant black flame giant who was also suppressed immobile.

Then, carrying it and leaving quickly.

The crowd under the light curtain watched him carry the huge black wisp of the giant flame demon away from his back.

In an instant, fell into silence.

The six princes are all destroyed!

After Chen Feng left here for a long time, he looked at the giant black flame giant he was carrying.

"Recover the spying of the talent."

It turned out that the power of the previous light curtain.

Chen Feng also noticed when the Great Black Flame Great Demon was injured and invalidated.

Although he didn't know what it was, Chen Feng could feel it, it was a feeling of being watched.

Think about it again, what that power is.

He knew it in his heart.

At this moment, the giant black flame giant demon.

[Chapter 5279: Treasure! Liangyi Biochemical Gate!](#)

Having witnessed the astonishing scene of Chen Feng's anti-killing of the five princes, how dare you not follow him?

Under the light curtain, the picture suddenly disappeared again with a jet of black magic.

After confirming that no one could see them, Chen Feng asked directly:

"Before, what is the secret Mokoro said?"

He didn't forget about it!

Moko Luo's clone did not hesitate to venture to the Shura world.

The purpose is for the things that are suppressed and sealed under the devil city where the giant black flames are stationed.

Now that he knew there was a secret, how could Chen Feng easily let it go.

Seeing Chen Feng still didn't let this problem go.

The black wisp of giant flame demon was instantly emotional, and his whole body surged.

I only heard a cold snort: "You ask me, I will tell you?"

"Do you think I am too spineless."

Hearing this answer, Chen Feng was taken aback, then nodded.

"You make a lot of sense."

Before the words fell, a strange black light appeared in his eyes instantly.

Heaven and earth reincarnate magically, suddenly gaining power!

The huge world is in the space of reincarnation!

The third huge vertical eye burst out with endless black light.

In the center of its pupil, a black magic heart quickly formed.

Then, as Chen Feng and the giant black flame giant looked at each other!

Planted directly into the depths of the spiritual world of dealing with.

After implanting the Devil Heart, Chen Feng simply patted the giant black flame demon.

"Well, you can tell me now."

The giant black flame demon was frightened and angry.

He clearly felt what Chen Feng had moved to him, but he couldn't perceive it.

"what did you do to me!"

After successfully planting the Devil Heart, Chen Feng can basically grasp what the Great Black Flame Demon is thinking.

He didn't have that kindness, so he specifically introduced his methods in detail.

He was even more rude to dealing with the Shura Demon in the Shura world.

Step on him directly.

"I'll ask you again, it's sealed under your magic city!"

"What is it?"

This time, the Great Black Flame Demon just wanted to refuse.

From the depths of its spiritual world, a sudden pain suddenly appeared!

I saw a dark black magical plant, suddenly sprouted like a broken bamboo!

The speed and momentum are unprecedented!

Almost after a few breaths, this terrifying demon strain has quickly branched out and is deeply rooted in its spiritual world!

At the same time, the top branch has reached the top of the spiritual world.

The Great Black Flame Great Demon suddenly let out a scream.

The whole body suddenly emitted a steady stream of magic energy.

This torture from the spiritual world is far more terrifying and unbearable than ordinary physical torture!

In fact, Chen Feng has passed the Demon Heart.

When the question was asked, the answer was already obtained.

However, since the Great Black Flame Great Demon has said that.

He seemed to treat it a little bit if he didn't torture it like that.

After many verifications in the past, even those with backbones were implanted with the devil heart.

They couldn't stand the severe pain caused by the crazy growth of the magic strain!

Originally, pain in the physical body also has to pass through the brain and consciousness before people can feel the pain.

Now, this kind of pain occurs directly in the spiritual world.

It is equivalent to the most brutal and inhuman torment of the physical body and the spiritual world.

Sure enough, after a while, the giant black flame in front of him couldn't hold it.

"I said, I said..."

It has a hoarse voice, and it can't even stand still.

"Under my city, the suppressed treasure is called Liangyi Biochemical Gate."

"Liangyi Biochemical Gate?" Chen Feng repeated the name.

He looked at the giant black flame demon:

"To be specific, what's the use of this thing?"

By this time, the Great Black Flame Great Demon had already been tortured by the Demon Strain and had lingering fears.

How dare to refuse with stubbornness?

"If you get the Liangyi Biochemical Gate, then next, as long as you can determine a coordinate."

"You can pass through this door and travel freely between the two realms."

Hearing this, Chen Feng's eyes instantly became extremely deep.

He immediately understood why this treasure would be suppressed and sealed under a huge magic city.

If such a biochemical door of Liangyi is grasped by anyone who has bad intentions.

Both will have unpredictable tragic consequences for the two realms of the Asura Realm and the Xuanhuang Middle Thousand World.

However, the next words of the Great Black Flame Great Demon made Chen Feng regain his senses.

"However, once the coordinates are determined, the two coordinate points inside and outside the Liangyi Biochemical Gate cannot be changed."

Chen Feng suddenly thought of something and continued to ask:

"What are the special requirements for coordinates?"

The Giant Black Flame Demon said honestly:

"Any place you've been to will do."

"Is it true in both worlds?"

"Correct."

The giant black flames explained, "This two-yi biochemical gate must be buried in a place where the forces of the two worlds coexist."

"That is, the place where the spatial cracks between the two realms are dense."

"Next, it needs to be refined with a special magic circle before it can be cultivated,"

"It takes ten thousand years of training to formally complete the refining of this Liangyi Biochemical Gate."

Upon hearing this, Chen Feng followed its topic and asked:

"Then now, how many years have you cultivated?"

Hearing this question, the Great Black Wisp Flame's face turned pale, and said helplessly: "This year, it will be exactly ten thousand years."

Hearing this answer, Chen Feng thought of a lot.

The Liangyi Biochemical Gate, which took a full 10,000 years to train, was just completed this year.

And Demon Corot, the young master of the Demon Sect of the Ten Thousand Demon Sect, happened to find ways to come to the Shura world this time.

The purpose is for that Liangyi biochemical door.

It is hard for Chen Feng not to think about the special connection between these.

At the beginning, the passage between the two realms was basically sealed, and there was basically no connection between the two realms.

Either Wanyu Demon Sect has been eyeing this Liangyi biochemical gate since ten thousand years ago!

Or, during these ten thousand years, they didn't know how to get in touch with this Shura world.

In any case, it is worth paying attention to.

Thinking of the madness of Mo Ke Luo clone before, Chen Feng snorted disdainfully.

He raised his head and looked at the giant black flame demon:

"Take me to find the Liangyi Biochemical Gate."

Just after this order was issued, Chen Feng almost immediately received the thoughts from the heart of the Great Black Flame.

Sure enough, this huge black flame giant demon still didn't give in so easily.

However, this is in line with Chen Feng's expectations.

A noble-born Asura Great Demon, how could it be a soft-footed shrimp that immediately succumbed to torture.

It's reasonable to plan to take the opportunity to play tricks.

[Chapter 5280: Are you stuffing my teeth?](#)

Looking at him on the surface, he bowed his knees, like a giant black flame demon no longer struggling.

The corners of Chen Feng's lips formed an arc invisibly.

"Please follow me."

Under the leadership of the Giant Black Flame Demon, Chen Feng headed north.

Soon, I saw the magic city from the horizon.

Although before, Chen Feng had seen this huge magic city through God's consciousness and scattered Golden Feather Crows.

However, when he actually came to him in person, his feelings were quite different.

This magic city covers an extremely large area.

At the outermost periphery, in addition to the towering walls, there is a huge skeleton that is shocking.

Those skeletons seem to come in all kinds: monsters, monsters, giants...

There is even a white human skeleton!

From afar, looking at the magic city.

Then you can see with the naked eye, the monstrous devilish energy is constantly pouring out of the devil city.

The whole magic city is like a giant beast lying down.

Mysterious, huge, killing intent rises.

The great black wisp of flames smiled triumphantly when he saw the devil city he was stationed in.

It turned its head and looked at Chen Feng again, with a smile on its face.

Said again: "Please follow me."

At this moment, the gate of the magic city was empty.

The city gate was wide open, and the whole magic city felt like an empty city.

Chen Feng followed the giant black flame demon with no expression on his face and stepped into it calmly.

Just after he entered the main street in this magic city.

Behind him, a loud bang suddenly sounded.

The gate that had been wide open suddenly closed tightly.

This feeling, like it, has entered a trap.

"Jie Jie Jie Jie..."

The Great Black Flame Great Demon laughed wildly in his heart, and once again gave a certain order in secret.

The next moment, I saw the two of them standing on the street at the gate of the city.

Around, there were dense Shura magic soldiers in an instant!

Obviously, these magic soldiers have been waiting here for a long time.

Just waiting for Chen Feng to take the bait!

Looking at the city walls behind him, the streets and alleys in front of him, and the houses.

At this moment, countless Shura magic soldiers were densely arranged.

Chen Feng sneered straight in his heart.

"Why, do you want to use the outnumbered to get out?"

He spoke softly, still standing upright, completely calm and relaxed.

I couldn't see it at all, and I didn't expect the slightest panic.

This reaction made the darkly happy mood of the Great Black Flame Great Demon once again become frightened.

Without waiting for the giant black flame giant beside him to say anything.

Chen Feng does not need to explain it.

He suddenly turned around, looked at it and said:

"Do you really want to know why the golden pagoda was originally controlled by you."

"Why does it suddenly fail?"

"Why didn't the thirty ancient demon souls in the gold tower on the first floor cause any harm to me at all?"

Now, Chen Feng doesn't have to cover up.

But the great black flame giant who heard Chen Feng's words gave a violent heart.

It is still careless!

Chen Feng said this to it at this time.

The meaning behind it is quite bad!

When the Great Black Flame Great Demon just wanted to make a move, and was about to struggle to escape quickly.

In Chen Feng's arms, a plump golden fat bird appeared again!

"As soon as our third master Jin appeared, the ghost cries and wolf howling was not a problem, quack!"

I saw it flapping its wings and flying quickly.

At the moment when he saw Jin Sanye, the Great Black Flame was disdainful in his heart.

Although, no matter how careful it is, no matter how careful it is.

A fat bird of unknown origin, with a mysterious vertical eye on his forehead, spoke carelessly.

At first glance, the feeling changed, very unreliable.

This is its first impression of Jin Sanye.

Chen Feng used the Devil's Heart to grasp the mind of the giant black flame demon clearly.

After learning these thoughts of the Great Black Flame Giant Demon.

Chen Feng did not rush to refute it, but continued to wait for the development of the situation.

"Look at the fat man, that would be a disadvantage."

Hearing Chen Feng's meaningful words, the Great Black Flame was taken aback.

But Jin Sanye turned around, showing dissatisfaction on his face humanely:

"You fellow, can you call us three masters of gold?"

"What about Xiaojin, Laojin, and Fatty? Are we fat?"

"We don't eat much, can you take advantage of this fellow?"

Against the background of densely packed Shura demon soldiers rushing in, San Ye Jin still has a consistent image of impropriety.

Chen Feng is no different from it, and he doesn't care about the charge of the Shura Demon Soldier.

He only looked at Jin Sanye, snarled at it, and motioned:

"Here, I leave it to you."

Jin Sanye patted his mellow breast with his wings:

"Don't worry, our appetite is still good."

"This stuff between teeth is guaranteed to be eaten up."

Before the words finished, the giant black flame demon suddenly changed his face.

I saw Jin Sanye, who was still chubby rolling in place, suddenly seemed to be incarnate into a bolt of lightning.

Quickly rushed towards the Shura Demon Soldier he had summoned.

As the fat bird plunged into the team of Shura Demon Soldiers, screams sounded one after another.

Countless black magic energy, at a speed visible to the naked eye, quickly scattered towards the surroundings.

Those were supposed to be the magic energy stored in those Shura magic soldiers.

But now, the large Shura Demon Soldier in front of him was like harvested rice.

It fell into pieces.

"how is this possible!"

The giant black flame demon couldn't believe his eyes!

It widened its eyes and looked at the large number of Shura Demon Soldiers in front of them when they saw King Jin Sanye.

It was as if he was suddenly frozen, trembling all over, completely losing all combat power.

Then, only when Jin Sanye opened his beak, they were all sucked into its abdomen.

At this time, the great black flame giant flame suddenly understood.

"The soul of the ancient demon in the golden pagoda is also affected by it..."

Halfway through, the giant black wisp of flame dare not go on.

If this is the case, then these methods that I just arranged.

In Chen Feng's eyes, isn't it just a trick?

Not only could it not hurt Chen Feng the slightest, but it would even show him a joke.

Can't get rid of Chen Feng's control at all!

In the next moment, the magic strain from the spiritual world grew wildly again.

The miserable roar and begging for mercy sounded in this magic city.

After Jin Sanye swallowed all the deployed Shura magic soldiers in the entire magic city.

The giant black flame giant beside Chen Feng finally stopped tormenting in embarrassment.

At this time, the giant black flame giant demon was so embarrassed that his whole body was almost dissipated.

"I don't dare to swindle anymore!"

"Please! Xiongtai, uncle, I was wrong!"
