

## Peerless 5281

### [Chapter 5281: The pressure of terror is coming! return!](#)

"I beg you!"

Under its repeated guarantees, Chen Feng stopped punishing it.

"Then continue to lead the way."

"Yes Yes Yes!"

This time, the Giant Black Flame Demon honestly brought Chen Feng into a large formation in the center of the Demon City.

This is where it usually practices.

And the center of the big formation is the channel into the underground.

Chen Feng followed behind the giant black wisp of flame and went all the way to the ground smoothly.

Seeing the legend, it takes ten thousand years to cultivate a successful shocking array.

Without Chen Feng's order, the Great Black Flame Giant Demon took the initiative to invite Ying.

"I'll break the battle for the adults."

Looking at the hypocritical face of the Great Black Flame Great Demon, Chen Feng nodded expressionlessly.

After a while, this Asura Great Demon had already cracked the legendary Ten Thousand Years of Magic Circle.

After Chen Feng cracked the Ten Thousand Years Array, he strode into it.

Quickly collect the treasures sealed inside.

From beginning to end, he remained silent for the diligence of the Great Black Flame Giant Demon.

After returning to the ground, Chen Feng asked Jin Sanye to return to his body.

At this moment, suddenly, a very terrifying breath appeared in the extreme distance!

The sky, which was originally gray, is now even more dim!

The cold wind blows, the world changes color!

Chen Feng glanced in the direction where the breath quickly approached!

Then, his face calmly looked at the giant black flame giant who was smiling proudly next to him.

He sighed long.

It was such a reaction that caused the heart of the Great Black Flame Great Demon to chuckle again.

I always feel that something is wrong.

"Originally, if you snatched your things, you didn't do anything bad for me."

"I was thinking that when this time comes, I will let you go."

"But now it seems..."

Obviously, you can't end well.

Chen Feng raised his head, his eyes were as smooth as a deep pool, and he met the eyes of the giant black flame giant.

"Forgot to tell you what you were thinking and secretly doing after the devil's heart was implanted in your spiritual world."

"I know everything clearly."

"Including your previous, quietly sending a message, summoning the present rescuer."

After hearing Chen Feng's words, the Great Black Flame Great Demon panicked completely.

It never expected that Chen Feng had the special ability to control his thoughts in the torture of it!

"That is to say... he knew from the beginning what I was going to do to him..."

Thinking of this in his heart, the Great Black Flame Great Demon suddenly felt an annoyed emotion from the bottom of his heart.

However, it gritted its teeth and became tough again.

I saw the great black flame giant sneer again:

"So what? The rescuer I came for this time is not an ordinary fish or shrimp."

"I see where else you can escape!"

Before the words fell, a warm white light hit its body instantly.

puff--

The black magic blood spilt all over the floor wildly.

Including the light curtain that was originally covered by the giant black flame giant demon, it finally returned to normal again.

The breath far away, after sensing that the Great Black Flame Great Demon was hit hard.

The coercion of terror has risen to a degree again!

That is the degree that Chen Feng absolutely cannot fight against!

Chen Feng's face was iron-colored, and his backhand slapped the black flame giant who was seriously injured on the ground!

Thoroughly, absolutely no life of it.

Then, he turned around and shouted into the air.

"Zhai Changzun, I know you can definitely see everything here."

"If you don't want the entire army of participating disciples in this broken jade conference to be wiped out, you'd better take us back now!"

Behind him, that terrifying breath had already begun to roar.

It could hear what Chen Feng said here, and said furiously: "Don't think about it!"

Between the sky and the earth, it has become completely dark!

Chen Feng is even unpredictable!

This time, what level of Shura Demon was the helper that the Great Black Flame Great Demon came to ask for help.

The only thing he could perceive was when those words spread into the air.

His surroundings suddenly began to vibrate.

A familiar spatial force quickly wrapped his whole body.

At this moment, that horrible existence can already be seen with the naked eye!

Speed of life and death!

Even Chen Feng felt the threat of death at this moment.

"Roar--"

The magic sound goes through the ears.

The huge devilish energy is intertwined with the monstrous killing intent, coming towards Chen Feng beyond the speed of light.

boom!

With a loud noise, Chen Feng's figure completely disappeared in place!

...

Hum!

When Chen Feng felt the light of heaven and earth in front of Chen Feng's eyes, he was suddenly relieved.

Fortunately, Huang Shen will make a timely move and bring him back from the hands of that horrible existence.

Open your eyes, you can see the clouds in the sky.

The big sun shines on the entire Xuanhuang Zhongqian world!

Under the feet, stepped on a huge light curtain.

Under the light curtain, there are familiar mountains on all sides.

Countless practitioners who watched the Jade Smashing Conference gathered here at the moment, staring at him together.

Chen Feng has returned intact!

When he appeared next to the portal, everyone felt the powerful aura and terrifying aura from him!

Originally, there were some onlookers who saw what was happening in the light curtain.

In my heart, there is still a trace of luck.

They guessed, in case something went wrong with the light curtain.

However, when Chen Feng returned to them alive!

That overwhelming aura wiped out all the luck in their hearts!

All around, there were shocked and awed eyes!

The first place in this broken jade conference is already obvious.

Not any of the six young masters, nor the disciples of the strongest among the nine major forces.

It is the Star River Sword Sect that is least optimistic, Chen Feng!

The blood in Chen Feng's body has not yet subsided. He scanned the onlookers on the surrounding mountains and said coldly:

"Who else is not convinced?"

Before entering the Shura realm, he remembered clearly.

The many onlookers on the mountains on all sides are eager to try and think that he can replace him.

But now, his question has received an empty response.

No one dares to refuse to accept it!

Chen Feng's performance in the middle and late stages of the Shura world is obvious to all!

With his own power, he not only killed the six princes!

In the end, he swung a knife to kill the great black flame giant.

Just ask this kind of terrifying power, who can do it?

After a long time, some people sighed among the onlookers.

"This time, Chen Feng of the Galaxy Sword Sect will surely be famous among the nine powers."

"indeed."

"It's just that he killed all the six princes so simply and neatly!"

"I'm afraid, the six major forces will not let him go so easily."

#### [Chapter 5282: Who dares to touch Chen Feng?](#)

"Anyway, at least it can prove that the Galaxy Sword School seems to usher in a new round of rise."

...

Among the various voices, there are also onlookers from some forces.

At this moment, he was staring at Chen Feng in secret.

Among them, one person lowered his voice and asked the person beside him: "What should I do?"

Only a deep voice came from above his head.

"As soon as he leaves here, no matter what method, immediately kill him!"

There are sounds in all directions.

But at this moment, the \*\*\*\* of desolation who always stood on the side of the portal glowing with earthy yellow light.

Suddenly, one step forward.

Regarding the representative of this great deserter, the famous desert \*\*\*\* general Zhai Changzun!

No one dared to show any neglect to him.

Seeing him suddenly stepping forward, the chaotic noises suddenly became smaller.

Zhai Changzun stepped forward, basically side by side with Chen Feng.

I saw him facing the surrounding mountains below, speaking plainly:

"This time, Chen Feng, a disciple of the Galaxy Sword Sect, performed outstandingly at the Broken Jade Conference."

"It can be described as a wizard of heaven."

"As far as the entire East Wilderness is concerned, such a genius is extremely precious!"

"Below, ugly words are on the front."

"If anyone dares to move him here, then he is going to be right with the great deserter!"

Hearing this, the crowd was in an uproar!

Zhai Changzun, as a desolate general, is the person who presides over the overall situation on behalf of the great deserter in this broken jade conference.

His words and deeds are undoubtedly approved by the great deserter.

For Chen Feng, he even made it clear that anyone who dares to move Chen Feng is equivalent to going against the great deserter!

How can anyone dare to risk such a big deal?

This partiality and asylum is beyond words!

But, who can raise an objection?

After all, Chen Feng's performance in the Shura world this time is indeed obvious to all.

His strength and growth rate are far beyond everyone's expectations!

As Huang Shen Jiang said, the name of Tianzong Wizard is worthy of the name.

For a moment, everyone felt awe-inspiring.

Naturally, he didn't dare to talk more about blocking roads, robberies, and assassinations in front of the desolate generals.

As for Chen Feng himself, he naturally knew what he said.

He glanced sideways, looking at Zhai Changzun on the side.

He was still unsmiling, but it really helped him a lot.

It's just that if you say thank you at this time, it seems inappropriate.

What the Wild God General said just now is just saying everything.

It is the meaning of the Great Desert Lord!

In other words, Chen Feng deserves it, not personal friendship.

After Zhai Changzun finished speaking, he turned around.

The khaki portal behind him once again released a frightening atmosphere.

It seems that this broken jade conference is basically over.

All the participating disciples who are still alive will return to the world of Xuanhuang Zhongqian.

Suddenly, at this moment.

An abrupt voice came from the mountain under the light curtain.

"Dare to ask the Desolate General, if the Galaxy Sword Sect is fighting internally, how should it be counted?"

Hearing this, Chen Feng followed the sound for the first time.

However, the face of the person who was interrogated was ordinary, and relatively unfamiliar.

It was like an ordinary person who had never seen it before.

It seems that there is no grudge with Chen Feng.

The person's face was plain, as if he just asked casually.

But it asked the key point.

Moreover, this intention is extremely sinister!

Chen Feng thoughtfully, also looked at Zhai Changzun beside him.

Hearing this, Zhai Changzun turned around, seeming to be taken aback by this question.

However, he quickly gave a clear answer.

"The martial arts are fighting, I can't intervene."

In other words, if the Galaxy Sword Sect's internal fighting leads to Chen Feng's death.

Then, you can cleverly avoid the command of being an enemy of the great deserter.

For a while, various sounds began to ring from the mountain.

Soon, inside the portal behind him, rippling lights lit up again.

Many figures appeared from it.

Chen Feng saw Jiang Yunxi and Que Yuanzhou brothers for the first time.

Seeing that each other was safe and sound, there was a clear sigh of relief on each other's faces.

Someone commented below: "Look, there are only four disciples of the Galaxy Sword Sect in this Jade Smashing Conference, and none of them are damaged."

"It seems that the Galaxy Sword Sect is really well prepared for this broken jade conference."

"In addition, Chen Feng has shown himself in the limelight at the last moment, directly taking the crown of the crown, and being blessed by the great deserter."

"This Broken Jade Conference is really eye-opening..."

...

Hearing everyone talked.

Many of the participating disciples who have just returned to the Xuanhuang Zhongqian World from the portal have yet to respond.

They were all embarrassed and tired.

After returning to the Xuanhuang Zhongqian World, it was the first time to look for their respective forces.

Soon, they discovered a frightening thing.

"Where is our captain?"

"Yeah, not only did our elder brother disappear, but the entire six princes did not appear!"

"How is this going?"

"The disciples of Qinghong Immortal Clan, is the damage so severe this time? There are only a few people left?"

"Where is Zhuang Zhilian? How about Kong Penghui? Aren't they all extremely powerful?"

"There are also disciples of the Burning Heaven Divine Sect. Why does it seem that the entire army has been wiped out?"

"God, what happened in the Asura world this time!"

...

The disciples of the nine major forces who participated in the competition showed horror.

On the other hand, Chen Feng looked calm.

After hearing those words, the Que Yuanzhou brothers thought that Chen Feng had let them escape first.

Looking at the results now, I have some idea in my heart.

but.....

"Not even Yuan Changfeng came back?"

Que Yuanzhou lowered his voice and looked at Chen Feng: "It won't be solved by you, right?"

The three looked at Chen Feng together.

In the Shura realm, they are not like the crowd onlookers under the light curtain.

Be able to see everything happening inside clearly.

Chen Feng nodded openly: "They should unite inside and outside, and they designed it early in the morning to put me to death."

"In that case, there is nothing to say."

Although thinking of Chen Feng's ability, there is always a way to escape.

Since Chen Feng appeared here, the other six princes did not appear.

Que Yuanzhou and the others already had guesses.

But when they saw Chen Feng's admission and his face was still so plain, they were still a little uneasy.

How is this possible?

"How did you do it? Yuan Changfeng's cultivation base should have the tenth peak of the Star Soul Martial God Realm, right?"

"Do not."

Chen Feng shook his head, looked at Que Yuanzhou, and corrected: "It's the eleventh building."

"And then? You solved it?"

The faces of the brothers were very strange, full of incredulous looks.

However, in response to them, Chen Feng nodded naturally.

"Since you are ready to join forces to kill me, you must also be ready to be killed by me."

"Between us, either they die or I die."

[Chapter 5283: Crisis! Murderous!](#)

"And I don't want to die."

Even Jiang Yunxi looked at Chen Feng with stunning eyes.

They are Chen Feng's closest companions, and they know Chen Feng's previous strength best.

However, they did not expect that they had only been against the five Kong Penghui before, they could not bear it, and they could only run away in embarrassment.

Unexpectedly, after they left, Chen Feng would have such a miracle.

Que Yuanzhou kept looking at Chen Feng, squeezing and touching:

"Let me take a good look, what kind of adventure has you encountered with you fellow!"

On the contrary, Que Yuanyi laughed.

"I knew that Brother Chen Feng was very fate."

"Without our cumbersomeness, on the contrary, it can continue to stimulate potential and improve strength by leaps and bounds."

No matter how many unkind looks around him.

There is no doubt that the position of the laurel of the Jade Broken Conference is already obvious.

The portal releasing the earthy yellow light quietly dissipated in Zhai Changzun's hands.

The disciples who originally had nearly a hundred participants finally returned alive, but only 20 or 30 people.

Except for the Galaxy Sword Sect, almost all the talented disciples of the other sects who had high hopes fell!

This ending is really embarrassing.

The huge light curtain seemed to be frozen, and a group of people returned to Yanwu Square in the middle of the four mountains.

The final process of the Broken Jade Conference is about to begin.

Although everyone has known who will win the crown this time.

But when Chen Feng waved his hand to reveal a lot of jade charms and treasures, it still caused the crowd to exclaim again.

Compared with his gain this time, the achievements of the other participating disciples were instantly overshadowed.

It's totally incomparable!

No matter how much resentment, anger, and unwilling eyes cast towards Chen Feng.

Under the attention of all the people, Zhai Changzun, who was a desolate general, still declared impartially.

"The first place in this broken jade conference, the disciple of the Galaxy Sword School, Chen Feng!"

The ranking came out, and then there was the reward that even Chen Feng was looking forward to.

At the beginning, the old monster Wu old man specially came to Chen Feng.

Tell him that he must get the first place in the Broken Jade Conference, the reason is that he heard that there are great benefits.

Chen Feng now wants to know what this great advantage is.

It is said to be a special magic weapon?

Facing the expectant gazes from all directions, Zhai Changzun remained unsmiling as always, and announced without changing his face:

"As the name of the laurel of this broken jade conference, Chen Feng will be able to go to the Great Desolate Lord's Divine Mansion at any time and practice for three years."

"Guide by the great deserter himself."

Hearing this reward, the surrounding mountains, including the huge square, were almost all fried.

"Go to the Great Desolate Lord's Mansion! Let the Great Desolate Master personally teach for three years!"

"I heard you right! This reward is too extravagant!"

"This is much harder than getting some treasure \*\*\*\* pill!"

"Yeah, what kind of chance is this!"

...

Even Jiang Yunxi and others are extremely envious.

The Que Yuanzhou brothers were even more emotional, and looked at Chen Feng with indescribable excitement.

"Brother Chen Feng, this is a great opportunity, you have to take it well."

As the owner of this reward, Chen Feng is the strangest to the Great Desolate Lord's Palace.

Seeing him like this, Que Yuanyi explained to him: "This Great Desolate Lord's Palace has always been mysterious."

"All the time, it can be said to be the most powerful and terrifying place in the Eastern Desolation!"

"I heard that young talents who had a similar chance before, happened to be lucky to enter it."

"After they come out again, all of them have soared in strength, and the future is unlimited!"

Having said that, he casually proposed some famous figures in the Eastern Desolation.

Only then did Chen Feng have a general idea of the rewards for this broken jade conference.

According to this, it is indeed much better than ordinary rewards.

Another point is that Chen Feng is actually more curious.

That is, when opening the portal earlier, Chen Feng clearly felt a breath from the top of the sky.

He even doubted.

Does this Great Desolate Lord, including Great Desolate Lord's Palace, have any connection with the top of the sky?

The results of the Broken Jade Conference continue to be promulgated.

The three of Jiang Yunxi also exchanged a lot of jade charms and treasures for a considerable amount of great work, and they ranked among the best.

In this broken jade conference, the Galaxy Sword Sect is full of limelight!

For this result, Chen Feng and the four are quite satisfied.

"correct!"

Jiang Yunxi suddenly thought of something, and the joy on her face quickly turned to worry.

She looked at Chen Feng: "Brother Chen, this time you killed the six princes, and you have almost forged enmity with the other eight forces."

"I am worried that your safety will be difficult to guarantee on the way back."

Participants at the Broken Jade Conference, after all, have entry years.

No matter how high the cultivation base is, it will not exceed the Star Soul Martial God Realm.

But after the competition, it was different.

Chen Feng can be said to have wiped out the top and most potential disciples among all forces.

Such a big loss, including the face of the major forces!

It is bound to put Chen Feng into an extremely dangerous situation.

Especially when Zhai Changzun, as a desolate general, announced the official end of this broken jade conference.

Almost instantly, there were countless unruly gazes staring at Chen Feng.

For this result, Chen Feng had been mentally prepared.

He looked at the three Jiang Yunxi and smiled confidently:

"Don't worry, I was prepared for this."

With that, he stopped Zhai Changzun who was about to leave.

"Master Desolate General, I have a ruthless please."

"Can you ask Master Huang Shen to send these three of mine back to the Galaxy Sword Sect?"

Hearing this, the three Jiang Yunxi were shocked.

Without waiting for what they were going to say, Chen Feng spoke first: "I know what you want to say, I know it!"

"But for this matter, just do what I said."

"After all, I am your leader, listen to me!"

After all, he looked at Zhai Changzun.

Zhai Changzun calmly looked at Chen Feng, and after confirming his demands, he nodded slightly: "Yes."

Chen Feng is very smart.

He did not choose to let Zhai Changzun send the four of them back to the Galaxy Sword Sect, but let him \*\*\*\* the three of them back home.

In this way, it can be said to ensure the safety of the three Jiang Yunxi's lives.

Although Zhai Changzun was very powerful, the most powerful Desolate General would be regarded as a target.

One may be overwhelmed.

Secondly, it may be outnumbered.

Since the main target of those people is Chen Feng himself, it is better to pick themselves out.

This result, although his situation may be quite dangerous.

But Jiang Yunxi three people. Basically, he can be sure that he can return to the Galaxy Sword Sect safely.

"What about you?"

Jiang Yunxi's eyes were full of worry.

She knows the current situation better than anyone else.

#### [Chapter 5284: Chen Feng, disappeared? !](#)

Even if Zhai Changzun's words were put there before, they couldn't stand the crowds.

There are always people who are not afraid of death and will want to plan to get rid of Chen Feng before the great deserter's revenge comes!

Seeing the worries of his companions, Chen Feng smiled: "You are too underestimating me."

"Don't worry, I have nothing to worry about by myself, nothing will happen."

In the end, Chen Feng moved the three of them and left with Zhai Changzun.

"Brother Chen Feng, you are the pride of the Galaxy Sword Sect. You must come back alive!"

"I am waiting for you at the Galaxy Sword Sect!"

...

Under the sunset, after the reluctant farewell.

Zhai Changzun took out the imposing celestial boat representing the Great Desolate Lord's Palace, took Jiang Yunxi and the three people, and quickly disappeared to the horizon.

Chen Feng didn't stay longer and turned around and disappeared.

I sent them away because I was afraid that my grievances would affect them.

From now on, his challenge has officially begun.

Three years of experience in the Great Desolate Lord's Palace, this great gift!

He must have his life to exchange it.

After returning to the Xuanhuang Zhongqian World, one thing caught Chen Feng's attention for the first time.

"Fatty, come out and have a look."

Chen Feng called out Jin Sanye.

"What do you want us to do? Is there anything to eat?"

This time in the Asura world, Jin Sanye swallowed all the way.

The whole bird has gained weight two or three times.

Chen Feng didn't have time to joke with it, and directly took out the mysterious golden pagoda that he had snatched from the giant black flame.

"Let's show it, this thing seems to have failed after returning to the Xuanhuang Zhongqian World?"

In theory, Chen Feng now has control of the first floor of this urn.

Be able to freely control the income of weak enemies.

Although he can only use the first floor as a prison at present, he can still play a considerable role anyway.

But for some reason, this urn suddenly failed.

When Jin Sanye heard this, he was also energetic.

It walked around the jin pagoda for a long time, but was puzzled.

"It shouldn't be!"

"Can this thing still be unacceptable?"

Seeing Jin Sanye like this, Chen Feng could only give up temporarily.

It seems that even it does not know the reason.

That's a waste of time. It doesn't make much sense.

Chen Feng has always been a simple and neat person, and immediately put away the golden pagoda, and lifted his chin towards Jin Sanye:

"Come on, borrow your hair for a use."

...

Chen Feng disappeared.

Countless people have long been secretly eyeing Chen Feng.

However, he still disappeared without a trace under everyone's eyes.

The ghost knew how this kid did it, no matter what method he used to find him.

But Chen Feng was like opening a mysterious eye.

Always avoid cleverly before those tracking teams arrive.

"Damn it! Didn't this kid go alone?"

"Will there be any master behind telling him our whereabouts?"

Above the sky, those golden feather crows hidden in the clouds.

She flapped her wings silently, staring at them with such anxious and corrupt appearance.

As the hero who contributed to the bird's feathers, Jin Sanye has been desperate these few days.

"More? How many times have you plucked our golden feathers?"

"We are a lot of age, so we still need to make a face!"

In response, Chen Feng slapped it on its head.

"I'm the only one here, what's the concern?"

This is also helpless.

After all, there are really too many people who want to follow his whereabouts, basically enemies and not friends.

If you want to avoid them completely, you can only send more eyes to stare at everyone's whereabouts.

Time is long, and another three days have passed!

Now I recall the Broken Jade Conference, as if it had happened a long time ago.

Many forces are looking for Chen Feng's whereabouts,

But he completely disappeared as if the world had evaporated.

However, no one could have expected it.

At this moment, Chen Feng didn't actually go far.

He was hiding in the fairy mountain where the Jade Broken Conference was held!

To be precise, it is under the fairy mountain.

The most dangerous place is the safest place.

For three days, Chen Feng hid his whereabouts all the way.

Even, therefore, distracting some people's attention.

In the end, no one noticed it.

His real body is actually hidden under this huge fairy mountain, in an extremely hidden cave.

Said to be a cave, in fact, it is more like a naturally formed inverted pit.

The opening faces downward, but there is a place in the hollow where you can rest.

This kind of extremely hidden place is probably only found by birds.

It just perfectly avoided the sight of those human cultivators.

At this moment, Chen Feng was touching a fist-sized, awkward and dark ring in his hand.

This is in addition to the Liangyi biochemical door.

Another treasure that Chen Feng got from the Giant Black Flame Demon.

Shura ring!

In fact, it is the space ring in the Shura realm, similar to those storage rings seen in the ordinary days.

After the death of the Giant Black Flame Demon, this spatial ring became a masterless thing, and Chen Feng could easily open it.

And inside, there is nothing else.

There is only a four-legged square tripod full of jet black.

The difference from the general situation is that at this moment, under this special Fang Cao, the demon fire is rising.

A breath of pill was permeated from the Fangding.

"Good fellow, actually still refining the pill!"

Chen Feng was overjoyed.

This is a windfall!

Jin Sanye also got his head out at this time, and blurted out after seeing the four-legged square tripod in the ring.

"Isn't this a great Shura oven!"

Chen Feng looked at Jin Sanye: "Do you know that again?"

Jin Sanye raised his chubby belly, quite proud: "Isn't it?"

Chen Feng only knew after Jin Sanye's introduction.

It turns out that this great Asura oven is a treasure within the family of the giant black flames of the Asura world.

Very powerful treasure!

"This thing can not only refine the pill, it can even refine the body."

"If you see who is unhappy, you can refine it directly."

"Of course, you can also train yourself."

Chen Feng nodded: "Yes, this is very Shura world."

Jin Sanye nodded: "Yes, it's quite the style of the Shura world."

Such a terrifying thing can naturally be used as a magic weapon.

The lethality is quite terrifying, not inferior to those swords, spears and halberds.

In the end, the three masters of Jin made a conclusion.

"This thing should belong to the Ninth-Rank Treasure according to its current grade."

"Nine products!"

Chen Feng couldn't help taking a breath.

You know, Nine-Rank Treasure, even if it is placed in the Galaxy Sword Sect.

Then, it can also be used as a treasure of the sect.

"Oh, right."

Jin Sanye suddenly remembered something, with a very excited expression on his face:

[Chapter 5285: The trouble is coming! Daughter of the doormaster!](#)

"It is said that this great Asura oven has some other mysterious functions."

"But I don't know what it is."

This information is enough for Chen Feng.

Chen Feng looked at the Great Asura oven being burned by the demon fire, and felt the aura of the medicine pill in it. He couldn't help but wondered a little:

"What kind of medicine is in it?"

Jin Sanye shook his head and said he didn't know.

"Then do you know how to refine this great Asura oven?"

Since this thing is of great benefit, it is natural that Chen Feng can't give it away.

This time, Jin Sanye nodded.

And at the same time that Chen Feng refining the large Asura oven.

In the Shura realm, in a bustling capital.

Inside the huge Shura Palace, there was a terrible rage.

The Shura demons in all the palaces all knelt on the ground at this moment.

He lowered his head, shaking uncontrollably.

That is the fear of absolute power instinct.

A great demon is sitting on the highest throne of the palace.

Obviously, this is also a giant black flame giant!

However, its breath is more terrifying.

At least the level above the Shura Demon King!

"My son is dead! The great Asura oven in the clan is missing!"

"This hatred is not shared!"

Its roar, from the depths of the palace, hit the sky.

I saw it waved its hand, and a black ghost with the same terrifying aura quickly appeared.

A few days later, Chen Feng left Xianshan quietly.

Along the way, with those golden feathers of Jin Sanye.

He rushed towards the Galaxy Sword Sect without any danger.

At the end of this broken jade conference, he became famous, but he was also stared at by countless pairs of eyes.

For now, it is the safest to return to the Galaxy Sword Sect quickly.

However, just when Chen Feng was very close to the Galaxy Sword Sect.

Eight uninvited guests appeared.

If it's an ordinary eight, it's fine, he can avoid it.

But among the eight people, there are people from the Galaxy Sword Sect!

"Are you that arrogant and defiant Chen Feng?"

The speaker is a woman.

This person is dressed as a true disciple of the Galaxy Sword Sect.

The tight clothing outlines her exquisite figure very conspicuously.

The woman looked young.

He has a baby face, Xiaojiabiyu's, it looks pretty.

Only the expression does not look very friendly.

A strong breath is released, very aggressive.

And she is also the inevitable source of Chen Feng's frowning brows this time.

This person is named Luo Miaoyin, and she is the daughter of Luo Xingchen, the current master of the Galaxy Sword Sect!

At the same time, he is also the top 30 true disciple of the Galaxy Sword Sect.

Chen Feng can tell at a glance that this person has a very strong cultivation base!

After so many years of getting started, Luo Miaoyin's strength is naturally higher than that of the six young masters in this broken jade conference.

Even today's Chen Feng, if he really heads up against her.

I'm afraid, I have to work hard to kill it.

What's more, her identity is extremely tricky.

When it is not a last resort, Chen Feng will not consider her as an enemy.

After all, the sect master Luo Xingchen was kind to him.

Because of emotion and reason, Chen Feng should also look at his face and avoid making enemies with his beloved daughter.

As a result, the eight-person interception seemed a bit embarrassing.

The three standing beside Luo Miaoyin were also disciples of the Galaxy Sword Sect.

The four people standing on the outermost edge were not even from the Galaxy Sword Sect.

Judging from their appearance, they should be overseas casual repairs that have been traced all the way.

Standing on a flying boat, Chen Feng looked at the eight people in front of him calmly.

Not waiting for him to speak.

I saw that the four overseas freelancers pointed at Chen Feng and couldn't wait to speak:

"It's him, this time the Jade Smashing Conference has made the limelight."

Luo Miaoyin obviously has a cute baby face, but the face looking at Chen Feng at this moment is extremely ugly.

It can even be said to be quite arrogant and domineering!

"Good, you Chen Feng, even if you win the Jade Breaking Conference?"

"As a disciple of the Galaxy Sword Sect, who would allow you to speak unscrupulously at will? You dare to offend me!"

Luo Miaoyin's hostility towards Chen Feng was not unreasonable.

She originally practiced in the Galaxy Sword Sect.

As soon as I left the customs, I met Xue Jingchen, one of the 360 true disciples of the Galaxy Sword Sect Tianquan Sword Sect.

"What? Does Chen Feng really say that to me?"

Luo Miaoyin, as the daughter of the master, naturally has a special position in the Galaxy Sword Sect.

Even if Luo Xingchen is quite strict with her, and can't be said to be too much protection.

But, after all, the identity of father and daughter is there.

In addition, Luo Miaoyin is indeed good at strength.

Therefore, in the entire Galaxy Sword Sect, even the vast majority of the elders, and even the Sect Masters of the Five Great Sword Sects, were a little more tolerant of her.

Over time, this tolerance made Luo Miaoyin accustomed to the feeling of being held in a high position.

As a result, he became more arrogant and developed a temperament like a arrogant little princess.

And this true disciple from the Sword Sect of Heavenly Power, Xue Jingchen, is exactly this kind of character.

Deliberately rushed to inform her when she left the customs.

Words: Chen Feng, a disciple of the Tianshu Sword Sect, who has just started his career, is arrogant and defiant.

Relying on his extraordinary talents and strength, he didn't pay attention to the three hundred and sixty true disciples at all.

At first, Luo Miaoyin didn't care much.

Just sneered and said: No matter how arrogant these new beginner disciples are, time will teach them how to behave.

However, since this Xue Jingchen would appear in front of her, it was naturally unkind.

If you fail to make a plan, you have another plan.

"If that's the case, that's fine, but our three hundred and sixty true disciples, including you and me."

Xue Jingchen deliberately said: "At that time, Yi Changkong taught him a lesson."

"But who would have thought that this person does have a bit of strength, and even Yi Changkong was defeated by him."

Hearing this, Luo Miaoyin was indeed attracted:

"This Chen Feng actually defeated Yi Changkong?"

Seeing that Luo Miaoyin was attracted, Xue Jingchen immediately became energetic.

Continue to deliberately say: "Yes, this person is quite arrogant."

"After stepping on Yi Changkong to beat Yi Changkong under his feet, he was even more arrogant."

"Of our true disciples, there are naturally some who are not convinced."

"Among them, someone mentioned you, Junior Sister Luo."

"But who knows, after Chen Feng learned that you are the daughter of the sect master, he is extremely contemptuous and sure..."

Speaking of this, Xue Jingchen suddenly said nothing, as if he had suddenly thought of something.

When it comes to this, Luo Miaoyin has no doubt about him.

Three points of anger was already in my heart, and he asked directly: "What did he say about me?"

"He is certain that Junior Sister Luo, you have a good dad, so you can dominate the Galaxy Sword Sect."

"He also said that a woman like you should be in the boudoir..."

#### [Chapter 5286: Chaos](#)

When everything came to this point, Luo Miaoyin immediately flew into a rage.

What she hates most in her life is that men look down on her so much.

She always believed that she was able to become a true disciple only by being the daughter of the master, and even ranked in the top 30.

Seeing Luo Miaoyin who was burning with anger, Xue Jingchen's eyes flashed an invisible smile.

Sure enough, he succeeded in being fooled!

In fact, Xue Jingchen ran to Luo Miaoyin to arrange Chen Feng in this way.

Just to let Luo Miaoyin take action against Chen Feng.

As a disciple of the Heavenly Sword Sect, Xue Jingchen, despite his extraordinary strength, ranks among the three hundred and sixty true disciples of the Galaxy Sword Sect.

Even higher than Luo Miaoyin's ranking, he was among the top ten true disciples like Gu Tianke and others.

But he has no strong background.

At the beginning, after Chen Feng abolished Yi Changkong's cultivation base in public, Xue Jingchen was also a disciple of the Tianquan Sword Sect, so he naturally hated Chen Feng.

However, he was afraid to shoot.

Since Chen Feng entered the Galaxy Sword Sect, there is no doubt that there is a lot of support behind him.

At the beginning, even the door master's special envoy came in person.

It seems that Chen Feng is exiled, but it is actually protecting him.

After that, Zhongli Yaoqin, the supreme master of the Tianshu Sword Sect, paid much attention to him.

If he were to act against Chen Feng as an ordinary ten true disciple, the consequences would be disastrous.

So he thought of Luo Miaoyin.

As the daughter of the master, it doesn't matter if Luo Miaoyin is willing to admit it.

Her identity is special after all.

It's perfect for her to deal with Chen Feng!

Ever since, Xue Jingchen took advantage of Luo Miaoyin's exit.

When it was not clear what happened to the Galaxy Sword Sect during this time, he said this before her first.

Sure enough, Luo Miaoyin's arrogant and domineering temperament is also unbearable, and he does not doubt him at all.

Directly called the three true disciples and set off together to deal with Chen Feng.

Before leaving, Xue Jingchen was Luo Miaoyin's "senior brother".

It also reminded her intimately that Chen Feng was so powerful.

Mainly because he has special treasures on his body.

Therefore, as a senior, he specially gave Luo Miaoyin a magic weapon to be used as a hole card.

Before Luo Miaoyin left, he even had a great affection for Xue Jingchen and thanked him for his generous help.

And along the way, when Luo Miaoyin and the four were starting to look for Chen Feng, they met the four overseas casual cultivators.

These four overseas casual cultivators also watched the whole process of the Broken Jade Conference.

The main reason they came near the Galaxy Sword Sect was to kill Chen Feng.

Want to harvest some treasures from him.

When they saw the four of Luo Miaoyin, they exchanged glances, and then they took the initiative to talk.

After such a conversation, Luo Miaoyin's image of Chen Feng suffered even worse.

"Good, you Chen Feng, you are not only arrogant and arrogant in the Galaxy Sword Sect."

"Ignoring the rules of the door, killing the same door at will, but also attracting a large number of enemies for us from the Galaxy Sword faction."

"A scum like you, if you don't get rid of it for a day, it will become a disaster!"

As soon as Luo Miaoyin saw Chen Feng, after such a beating.

Regardless of how Chen Feng intended to explain, a circle of silver swords rushed towards Chen Feng.

The sword is extremely sharp!

In an instant, this high altitude became a place of war.

From Luo Miaoyin's inexplicable accusation, Chen Feng could basically guess what was going on.

This made him, while being speechless, cursed Luo Miaoyin secretly in his heart. It was really mindless.

Although I don't know who instigated her, I have to say that that person is very smart.

Facing Luo Miaoyin, he shot with all his strength without hesitation.

However, Chen Feng couldn't just ignore it and punish him directly.

Whether it is the identity of the daughter of the sect master, or the strength of Luo Miaoyin himself.

There was a life-and-death battle, and Chen Feng himself would definitely suffer!

In this way, the fight became difficult.

Chen Feng was very angry.

Since I learned about the method of refining the Great Asura oven.

What he most wants to do is to return to the Galaxy Sword Sect as soon as possible, return to the Tianshu Sword Sect, and refine the Great Asura oven.

Seeing that the journey went smoothly, but he didn't expect how Chen Feng would not be angry when he suddenly encountered such a troublesome object.

With Broken Sword in hand, he couldn't easily perform too high slash.

In this case, several people other than Luo Miaoyin were also worried.

Among the eight people in front of them, the strength of the four overseas casual cultivators is relatively weak.

But unfortunately, one of them was a man in blue, who was the strongest among the four.

Not to mention, there must be Xiaocheng of the eleventh floor of the Star Soul Martial God Realm.

But his mind was obviously on Luo Miaoyin.

Everyone can tell that he deliberately rushed to the front, just to show off.

Pointing at Chen Feng with the sword, he shouted angrily: "Chen Feng, even if Cao Shengping is just an ordinary casual cultivator."

"After I was fortunate enough to meet Miss Luo, I was also angry for her."

"You guy, I think you should have been expelled from the Galaxy Sword Sect a long time ago! Abolish all cultivation skills!"

"As long as you still have a little bit of shame, you should obediently grab it now and kneel in front of Miss Luo!"

"Knock your head and apologize, self-defeating your own cultivation!"

Such a sword light flashed.

Chen Feng acted coldly, and even without much effort, he directly knocked the person into the air with a knife.

"Nonsense, just to gain attention."

Chen Feng's face was extremely cold, and he unceremoniously broke through Cao Shengping's careful thoughts.

He even stepped on his face directly.

On madness, Chen Feng has never been afraid!

No matter how others arrange and slander him, if you can't convince people with reason, then speak with strength.

To deal with Luo Miaoyin, perhaps you need to grasp the intensity.

But in the face of those overseas casual cultivators, in his current mood, he didn't start killing, it was all kind!

The eight people shot, but Chen Feng deliberately avoided Luo Miaoyin's attack.

For a time, he never got the upper hand.

Even after one move of heaven and earth repeated reincarnation magic, the eight people were temporarily knocked out of more than ten miles.

"It's really the opposite! Not even the daughter of the sect master!"

"Chen Feng, do you still consider yourself a disciple of the Galaxy Sword Sect in your heart?"

A true disciple who was also knocked into the air was full of anger at this moment.

When he came up, Chen Feng buttoned a big hat.

This person looks slightly mature, with tendons.

Under the bronze skin, there is an explosive force.

"Zhuge Hongcai, what nonsense with him!"

"As long as he wants to have a sense of shame as a disciple of the Galaxy Sword Sect, he will not be so reckless and wrong!"

Luo Miaoyin was already in anger.

Seeing Chen Feng as a thorn in the eye and a thorn in the flesh, he can't wait to get rid of it.

Zhug Hong only looked at Chen Feng and snorted coldly: "Chen Feng, if you are interested, you should turn in all the proceeds of this jade fragmentation conference."

"I will transfer it to our Galaxy Sword Sect."

[Chapter 5287: Stupid out of reach!](#)

Seeing Zhuge Hongcai's arrogant appearance, Chen Feng sneered again and again.

"Transfer it on your behalf? What are you doing and want to transmit it on my behalf?"

Chen Feng's battle with one enemy and eight was actually quite difficult.

At this moment, he has already hit a real fire.

"If the Galaxy Sword Sect is the only fools like you, I think the Galaxy Sword Sect will be finished sooner or later!"

Hearing this, Luo Miaoyin was furious and shouted sharply:

"Chen Feng, you are so bold!"

"In that case, don't blame me being rude to you!"

Before the words fell, an extremely powerful force suddenly burst from her body.

Almost instantly, Chen Feng had a warning!

Back quickly!

But it was still a step too late.

Hum!

At this moment, a dazzling purple light forced everyone present to close their eyes subconsciously.

An unprecedented heavy pressure, like a giant mountain outside the sky.

Straight down on Chen Feng's body.

Even without Luo Miaoyin urging the magic weapon from Xue Jingchen, Chen Feng already felt the difficulty of moving.

After the purple light gradually weakened, everyone could finally see clearly.

What Luo Miaoyin held in his hand was a bundle of purple celestial ropes!

With it, the void where Chen Feng was located was suddenly full of obstacles.

On weekdays, you need three points of strength to fight against resistance. At this moment, only eight points of strength can maintain freedom of action.

"Chen Feng, I will give you one last chance!"

"Now, catch it immediately!"

"Otherwise, this bundle of fairy ropes will lock your physical body, but it won't be so comfortable!"

Stupid without knowing it!

Chen Feng was very angry about the idiot Luo Miaoyin in front of him.

Had it not been for the sake of her being the daughter of the sect master, he would have already started to teach.

However, at this time!

A bitter secret attack suddenly rushed towards Chen Feng from the corner!

In Chen Feng's battle, apart from worrying about Luo Miaoyin.

The rest of the energy is more on the four unidentified overseas casual practitioners.

But who would have thought that he would suddenly be shot at him at this moment.

On the contrary, they are both true disciples of the Galaxy Sword Sect!

In the direction of Zhuge Hongcai, he quickly rushed towards a rainbow of light!

I caught Chen Feng off guard!

At this moment, his entire internal organs seemed to have experienced a tear.

It's painful!

Not only Chen Feng, but also the other fellow students present, or overseas casual repairers, all looked at Zhuge Hongcai.

I didn't know when there was a special magic weapon in his hand.

As a disciple of the Heavenly Sword Sect.

When Zhuge Hongcai learned that he was going to deal with Chen Feng, he successfully obtained the Heavenly Power Rainbow Slashing Wheel directly from the Heavenly Power Sword Sect.

Although it can't compare to the treasure-level magic weapon of Tianquan Town Xianyin.

However, in the entire Galaxy Sword Sect, it can be regarded as a very top magic weapon.

For a while, even Luo Miaoyin was slightly lost.

She really wanted to teach Chen Feng a good lesson.

However, I never thought that I would unintentionally join Zhuge Hongcai to create a situation where he would contain first and then secretly attack.

Luo Miaoyin is a person, although sometimes he is straightforward and simple, and doesn't use his brain.

But it has always been straightforward, but it is considered open and honest.

But everything is hard to say now.

Chen Feng only felt that his throat was sweet, and the blood pouring from his internal organs was forcibly suppressed by him.

However, the paleness on his face is still quite obvious.

Everyone could tell that Chen Feng was clearly underdog in this hit.

And Zhuge Hongcai who saw this scene not only had no guilty conscience or guilt.

Instead, he wanted to show off his success in the attack.

He stepped forward and looked at Chen Feng imperiously:

"Chen Feng, you are the one who toasts and does not want to eat fine wine, then I will fulfill you."

"I'll give you another chance, kneel down, and turn over all the proceeds of this jade fragmentation conference to me."

"I will pay it to the Galaxy Sword Sect!"

"Otherwise, don't blame me for disregarding fellowship!"

Looking at Zhuge Hongcai's pretentious display, Chen Feng was furious.

The warm white light instantly wrapped his whole person!

The next moment, he raised the broken knife in his hand high.

This familiar scene immediately changed the expressions of the overseas casual cultivators who had watched the Broken Jade Conference.

They are the ones who know how much terrifying power can burst out with this slash!

The surrounding space began to vibrate.

However, just when the knife was about to chop down!

Suddenly, the void became more stagnant!

"Chen Feng, stop it!"

It's Luo Miaoyin!

She urged the immortal rope in her hand again and continued to put pressure on Chen Feng.

Makes him unable to attack Zhuge Hongcai.

This made Zhuge Hongcai who was still a little uneasy.

The hanging heart suddenly settled back into the chest cavity.

With the daughter of the sect master as a backer, what are you afraid of Chen Feng!

Ten Chen Feng, he dare to provoke!

Thinking of this, Zhuge Hongcai was simply domineering, and his nostrils turned toward the sky again to attack Chen Feng.

"Chen Feng, there are only three things."

"I'll say it one last time, turn in all the treasures obtained from the Jade Smashing Conference!"

By this time, Chen Feng was already a little frustrated.

He really thought about restraining his fellow students and being patient.

But there are some people who are born stupid.

But stupid without knowing it!

Repeatedly, again and again, uttered wild words and deceived others.

Compared to Luo Miaoyin, Chen Feng at this moment hated this extremely arrogant Zhuge Hongcai even more.

"A person like you is not worthy to live in this world!"

Chen Feng roared!

The anger in his heart flared up, and he rushed directly above his head.

At the next moment, in the star map, a dazzling warm white light burst out from the big sun!  
From Chen Feng's body as the center, it broke out quickly.  
That is the power that belongs to the peak of the eleventh floor of the Star Soul Martial God Realm!  
Even stronger!

At this moment, although he has been consumed too much!  
However, the keen spiritual sense is still the same as before, far above Zhuge Hongcai.  
Only Luo Miaoyin, who was holding the immortal rope, caught this dangerous breath from him.  
As the same family, she and Zhuge Hongcai are at the same position after all.  
In any case, she could not let Chen Feng really start Zhuge Hong.

"Chen Feng, if you hit the same door again, I will really be rude to you!"  
What Chen Feng said back to her was extremely arrogant: "Whatever you want!"  
The originally glued state was broken again!

Luo Miaoyin frowned, and the immortal rope in his hand quickly rushed towards Chen Feng!  
The closer you get, the more the coercion brought to Chen Feng doubled.  
At the same time, Cao Shengping was trying to express himself in front of Luo Miaoyin.  
The spear also appeared in his hand, fiercely like a dragon!

[Chapter 5288: Next time, I won't be so patient!](#)

Fiercely stabbed at the place where Chen Feng was injured.  
The other few people even presented magic weapons in their hands.  
A series of murderous rays of light, like a poisonous snake!  
From all directions, they attacked Chen Feng respectively.  
Except for Luo Miaoyin, the other shots were extremely fierce.  
The intention was to kill Chen Feng on the spot.  
Chen Feng took a deep breath, slamming his energy, his eyes fired.  
He quickly shifted his shape and position, leaving behind afterimages in the air!  
In the end, several not-so-light attacks were ignored.  
Cut the broken knife in his hand and slashed it at Zhuge Hongcai!  
The dazzling blade light rushed straight up, carrying the supreme fighting intent of the soul of the sword.  
An almost invisible silver-white light flashed like a silk at Zhuge Hong.

No one can stop it!

boom!

When Tai Shang Zhu Shen Zhan's staying power broke out, everything was too late.

Chen Feng raised his sword and continued to slash towards Zhuge Hongcai!

It's like making up a knife, make sure to deal with this person immediately!

Luo Miaoyin's face changed.

She did not expect that when eight powerful practitioners were fighting against Chen Feng alone.

Has suffered a serious injury!

But Chen Feng can still break out such a terrifying offensive!

The soul of the long knife is like a cold electricity, and a violent wind blows instantly.

Under these successive hacks, even Luo Miaoyin and others collectively besieged Chen Feng.

It is also difficult to retain the fact that Zhuge Hong will die!

Blood rain is flying!

The sword energy erupted from Zhuge Hongcai's body, not even a whole body was left to him.

Zhuge Hongcai, die!

Even Luo Miaoyin, feeling the supreme anger from Chen Feng at this moment, couldn't help being shocked.

At this moment, Chen Feng seemed to be in a state of madness.

His green silks were scattered, casting a \*\*\*\* light in the rain of blood.

A broken knife, kill all enemies in the world!

Soul Blade, now!

Hum——

The light of the purple bound immortal rope, at this moment, was no better than the soul of a broken knife.

Around his body, the warm white light gathered more and more.

In the star map space, the huge star map is now moving at high speed throughout the galaxy!

The raging anger almost ignited Chen Feng's spiritual world.

"No! Do it now!"

Luo Miaoyin's face changed again and again, and she felt the intuition that even she had an early warning.

Cao Shengping took the opportunity to rush forward.

"Miss Luo don't have to worry, I am here to protect you!"

By now, he couldn't help but want to brush up a wave of existence.

The sound of breaking through the air sounded one after another, and the spear had hit Chen Feng's waist and abdomen!

Almost pierced to wear!

But seeing Chen Feng didn't even hide, he rushed up straight.

Along with it, Mars shoots indiscriminately and cuts back!

Qingqiu Soul Blade rushed forward, the target-Cao Shengping!

Swordsmanship, Chen Feng not only had to deal with the fierce murderous aura inspired by swords, spears and swords.

At the same time, we must set our goals and not relax.

He fell to the head with a stab, and he had the sense of a murderous demon.

But at the same time, those attacks that were hardly evasive also attacked him without any obstacle.

In a blink of an eye, the four overseas loose repair souls returned to Jiuyou.

Of the original eight people, only Luo Miaoyin and the two true disciples behind her were left at this moment.

Luo Miaoyin was frightened silly.

Along the way, those who are overseas casual cultivators, or the same disciples who are also called out.

They say that Chen Feng is very strong!

Has absolute strength beyond peers and peers.

But only when he sees it with his own eyes can Luo Miaoyin truly understand it!

Chen Feng's arrogance does have his arrogant capital.

Even under the shock of the immortal rope, Chen Feng can still desperately.

Get rid of those opponents who may not be weaker than him!

After the obtrusive person disappeared, Chen Feng's anger eased slightly.

Those ruthless eyes fixed on Luo Miaoyin.

"What are you doing!"

At the moment Chen Feng was staring at him, Luo Miaoyin got goose bumps all over his body, and his scalp was tingling!

I just feel that Chen Feng's eyes at the moment are like those of some ancient fierce beast.

Invisibly there is a kind of domineering natural leader, which only makes people subconsciously want to surrender.

Under this kind of stare, the fighting spirit on Luo Miaoyin's body disappeared silently.

An instinctive fear, spontaneously arises.

But Chen Feng was still angry.

He almost husky his voice, shouting at Luo Miaoyin: "Luo Miaoyin, I warn you!"

"I have no grievances with you. It is your business that you are willing to be played as a pawn."

"For the sake of the master, I won't move you this time, but my patience is limited."

"From now on, if you continue to trouble me, I'm afraid I won't be so kind!"

Forced to look at Chen Feng, feeling the anger of the superior.

Luo Miaoyin has an illusion!

Looking at Chen Feng's eyes, he seemed to see his father's eyes in a daze.

Although Chen Feng had already vomited blood at this moment, his injuries looked extremely serious.

You can tell by just a glance.

Several of his ribs were broken, and cracks appeared in all his internal organs.

Previously, so recklessly used magic powers one after another, presumably the power of the stars was also extremely consumed.

But for some reason, Luo Miaoyin was inexplicably determined.

If he continues to entangle himself, I am afraid that he may not be able to please Chen Feng.

Moreover, Chen Feng looked at her with open eyes.

I always feel that it is difficult to match the image of the despicable villain I heard.

Because of this, she wanted to completely activate the purple immortal rope several times, so that Chen Feng suffered a lot.

But in the end, they all resisted the urge.

Above the void, there was a moment of silence.

Seeing that Luo Miaoyin hadn't spoken for a long time, the two true disciples behind her were inferior to her in strength and identity.

Naturally, I dare not speak.

No one wants to follow in the footsteps of Zhuge Hongcai.

Seeing that Luo Miaoyin and the three were finally acquainted, they did not continue to shout and kill him.

Chen Feng turned around, ready to leave.

"and many more!"

Luo Miaoyin called him.

"For the sake of you and me, I will remind you again."

"You killed Cao Shengping just now, I'm afraid there will be big troubles next."

"Although he is a casual cultivator, he entered the ancestral home early to the blessed land overseas and became the son-in-law of the sect master."

"This is what I have achieved today."

"And this daughter of the sect master is not easy to provoke. Not only is she a true disciple of Canghai Fudi, she is also quite combative."

Chen Feng nodded, indicating that he already knew.

Then, continue to turn around to leave.

Whatever the blessings of him!

When the time comes, she dares to come, and he dares to fight!

For Chen Feng, the top priority is to refining and chemically large Shura ovens.

After watching Chen Feng take away those magical instruments, he left grandiosely.

Luo Miaoyin's heart couldn't be beaten.

She was indeed shocked by Chen Feng's domineering display.

[Chapter 5289: The name of the sea is the market!](#)

As a result, he didn't dare to continue to do it for a while, and the world fell apart.

But just let him go, Luo Miaoyin didn't give up.

She took out a jade talisman with her backhand and told Xue Jingchen of everything she had encountered here.

"Brother, although I am very unwilling, but I have to admit it."

"When Chen Feng tried his best, his strength was indeed stronger than mine."

"I would like to ask, who else is the true biography disciple who is available nearby? Can you come and help..."

The palm-sized jade amulet flashed with fluorescence.

Before long, another senior brother's response came from the end of Yufu.

"Sister Luo, what's the matter?"

The brother who came here was named Yu Nanhua.

Also one of the three hundred and sixty true disciples!

In terms of strength and ranking, he even ranked 25th above Luo Miaoyin.

Luo Miaoyin's eyes lit up immediately.

At this moment, Chen Feng had given up returning to the Galaxy Sword Sect and left far away.

Chen Feng had a hunch, since even the daughter of the sect master could be pulled out to fight him.

Now, Huixinghe Sword Sect, even in Tianshu Sword Sect, I am afraid it will not be peaceful.

In that case, change a place to refining the Great Asura oven!

He randomly found an unmanned floating island and began to prepare for this refining.

Jin Sanye jumped out.

Without waiting for Chen Feng to speak, he took the initiative to list the various materials needed for the refining and chemical Grand Asura oven.

Upon hearing the list, Chen Feng couldn't help but smile.

"Some materials, I haven't even heard of them."

In response, Jin Sanye waved its golden wings boldly:

"Let's pinch our wings and count. Three hundred and ninety thousand miles away, there is one that belongs to the market."

Hearing the news, Chen Feng couldn't help but raised his eyebrows.

Looking at Jin Sanye: "Do you know all this?"

Guixu Sea Market is the largest market in this vast sea area within a radius of tens of thousands of miles.

There are often all kinds of weird treasures.

Generally speaking, if you can't find some materials, you can go to the market to try your luck.

The so-called Guixu Sea Market is located in a huge sea volcano in this sea area.

Enter from the crater.

It is dormant for a long time, and over time, there will be no cave.

It has gradually developed into a place for goods transactions and exchanges in this sea area.

Chen Feng took Jin Sanye all the way to avoid others, and quickly headed towards the sea volcano.

A mere 390,000 miles.

For Chen Feng today, it's not that far.

When he saw a point rising abruptly on the sea level from a distance.

Guixu Sea Market has already arrived.

After Chen Feng approached, he looked down at the crater below.

This huge volcano can almost be called a small island.

Many of them entered and exited from the top crater.

However, it is obvious that there are seals around the crater.

Everyone who entered suddenly disappeared into the crater.

Neither the line of sight nor the divine consciousness can penetrate the crater.

Chen Feng noticed that those who entered seemed to have to pay enough "universal currency" to enter smoothly.

Fortunately, this so-called "universal currency" is exactly the star yuan stone.

For Chen Feng, who has mined the rich veins of the Star Yuanshi under the Sword God Desolate Hill.

The most indispensable thing is this thing.

He lowered his head and quickly paid a few celestial stones at the seal of the crater.

Smoothly entered this huge Guixu sea market.

Stepping into the seal with one foot, the next second, Chen Feng's picture suddenly changed.

Cries, bargaining... all kinds of arguing and chattering.

Chen Feng looked up specifically.

From inside the seal, you can clearly see the sky outside.

However, before the outsiders entered the seal, they knew nothing about the opposite.

After lowering his head, Chen Feng glanced quickly.

"Really worthy of returning to the market."

He couldn't help but sighed inwardly.

The originally huge circular crater has now become a huge trading market.

It sells everything, magic weapons, special blood vessels, precious materials, slaves, etc.

It can be described as everything, everything!

"Boss, have a phantom cloak."

Among the sounds coming in from the ears, the sound about "Phantom Cloak" is the most frequent and the closest.

Chen Feng followed the sound.

It turned out that not far after entering the seal, there happened to be a large-scale stall.

Stacked on it were all black cloaks.

There are many cultivators who came in around the same time as Chen Feng, but they are all familiar with the road.

The first thing is to buy a black cloak at this stall.

Chen Feng looked at the cultivators who had been wandering in the Guixu Sea in the distance.

Basically, I have a number in my mind.

It seems that the people who came to Guixu Hai are basically unwilling to show their true appearance.

Chen Feng thought for a while, and came to the stall.

Ask what the price of a black cloak is.

Since it is a one-time consumable in Guixu Sea Market, this kind of magic cloak is not very expensive.

After Chen Feng bought a top, he put it directly on himself.

Heart moves at will.

Chen Feng, who had originally killed Guojue, quickly changed his appearance and temperament.

He has become an ordinary monk who seems to have mediocre aptitude and no one notices anything.

Guixu Sea Market is different from other Baibaotang and Vientiane Pavilion.

Buyers and sellers here can all disguise themselves, which can be said to be more free.

Of course, from seeing the huge seal of the crater.

Chen Feng knew in his heart that this kind of "freedom" has a limit.

As the largest trading market in the nearby waters.

The reason why Guixu Sea Market can maintain normal operation for a long time must have a special force for supervision.

Now that he is here, Chen Feng is not in a hurry to search for temporary materials.

He walked around casually, taking a look here and there in some stores.

However, just when he went around everywhere.

Behind him, there were already a few annoying flies, quietly following him.

They also wore phantom cloaks on their bodies, and they couldn't see each other's true appearance.

However, Chen Feng didn't care about it.

Watching all the way, when Chen Feng came to a new stall.

His attention was attracted by a Nine Turn Back Yang Xiaoshen Pill placed on the stall.

The stall owner of this stall also wore a phantom cloak, and could not see the real appearance.

But the things on his stall are quite rare, and everything is worth some price.

If Chen Feng doesn't care about the materials on the list listed by Jin Sanye at this moment.

He would really be interested in staying a little longer, maybe he could buy something.

However, just when he turned around to leave.

[Chapter 5290: Think I'm a bully?](#)

The stall owner suddenly looked at Chen Feng.

"Eh, wait a minute!"

Chen Feng stopped and looked back at the stall owner: "What's wrong?"

I saw the scruffy and lean stall owner sitting cross-legged behind the stall in front of him.

Looking at Chen Feng at the moment, spread his palms at him.

"You touched my ninth turn back to Yang Xiao Shen Dan."

"Now, the Nine Turns Back Yang Xiaoshen Pill is already tainted with your breath, so it can be said that it cannot be sold."

"You actually want to turn around like this?"

Chen Feng frowned: "What do you want?"

"Give me money!"

Chen Feng has never seen such an excuse for strong buying and selling!

After touching it, you have to buy it if you get the breath?

"Brother, don't take such a joke."

Under Chen Feng's intentional concealment, his image at the moment seemed slightly rounded.

It seems ordinary, but it is not particularly shabby.

When the stall owner reached out to him for the Star Yuanshi, the few people who had been quietly eyeing Chen Feng, finally surrounded them at this moment.

For a time, many people passing by looked sideways.

From the reactions that passers-by were accustomed to, Chen Feng quickly had a judgment.

In Guixu Market, it is not uncommon for a stall owner to unite some thugs.

Sure enough, soon, he heard someone chat in a low voice.

"Shang Yaoze's group of people are going to bully the newcomers again."

"Shhh, keep your voice down, don't let them hear you!"

Chen Feng turned his head and looked at the leader who quickly surrounded him.

A strong and vicious man.

This person should be called Shang Yaoze.

In the face of these obviously unkind guests, Chen Feng stood there without fear.

Because, just after Chen Feng entered the Guixu Sea Market.

He has been constantly observing the strength of the people around him.

Most of the cultivators here are not particularly high in strength.

Including Shang Yaoze and his party who planned to bully him as a "newcomer".

The strongest Shang Yaoze was at the level of the eighth floor of the Star Soul Martial God Realm.

With such a little strength, he dared to jump out and jump.

Chen Feng doesn't know whether to say that they live or die, or how!

Shang Yaoze and a group of seven or eight people quickly circled Chen Feng.

"I heard. You have the breath of someone's \*\*\*\* pill but you refuse to buy it. Are you really such a bully for my brother!"

As previously intended to be as low-key as possible.

Therefore, the current cultivation realm that Chen Feng showed to the outside world was no more than the seventh floor of the Star Soul Martial God Realm.

The street stall was soon surrounded by people.

With a ferocious face, Shang Yaoze stepped forward, contemptuously contemplating Chen Feng.

"Those who are more acquainted, quickly hand in the Star Yuanshi to Lao Tzu."

"Otherwise, if you want to leave here today, you have to get out of Lao Tzu's crotch!"

Those who followed Shang Yaoze burst into laughter.

However, in the face of such low-level intimidation and threats, Chen Feng did not take it seriously.

Still a calm and composed look.

This quickly made Shang Yaoze's expression gloomy.

From Chen Feng's eyes, he read contempt!

"What a newcomer to the seventh floor of the Star Soul Martial God Realm, he doesn't even look at the reputation of Shang Yaoze in Guixu Sea City."

"Today's matter, don't think it will pass so easily!"

Before the words fell, the row of seven or eight people, at the same time, took a step towards Chen Feng.

Those miscellaneous coercion tried to cover Chen Feng's head.

Suddenly, the corners of Chen Feng's lips rose slightly, and he smiled at some cultivators onlookers: "Can you kill people here?"

Perhaps Chen Feng's disguised image is too low-minded, and his plump appearance is quite happy.

In short, as soon as this question came out, everyone burst into laughter.

Those with good things immediately responded and shouted: "As long as you don't get caught by the law enforcement officers of Guixu!"

"Return to the market law enforcement?"

Sure enough, this huge Guixu Market has a dedicated law enforcement team.

Seeing Chen Feng came in completely for the first time.

The appearance of ignorance of Guixu Sea Market was immediately introduced by the onlookers.

"The law enforcement officers of the Guixu only patrol six times a day."

"As long as you don't get caught by them, you can do whatever you like."

Hearing such a reply, Chen Feng knew in his heart.

However, when he saw Chen Feng's reaction, Shang Yaoze sneered.

He looked at Chen Feng coldly as if watching a joke:

"Just like you, still want to kill? Kill who? Kill me?"

Chen Feng returned to his calm complexion and met Shang Yaoze's sight without fear.

Silent means default.

The stall owner who was buying and selling was obviously in the same group as them, and stood up now.

Formed an encirclement with those people, and completely surrounded Chen Feng in the middle.

"With your strength, you still want to kill me? Hahahaha..."

Shang Yaoze Yangtian laughed.

The next moment, he flipped his hand to reveal a Fangtian halberd, and pointed directly at Chen Feng's nose with one hand.

Murderous aura, instantly spread!

However, at this moment, a loud shout suddenly came from a distance.

"What are you doing over there!"

As soon as the Guixu Law Enforcer was mentioned, the Guixu Law Enforcer appeared.

The crowd of onlookers avoided, leaving a way for Chen Feng and Shang Yaoze.

I saw a middle-aged man wearing a uniform patrol uniform and wearing a token of "Guixu" unique to the city of Guixu on his waist, walking over with a solemn expression.

And the atmosphere of this place quickly became serious and serious with the arrival of the law enforcer who returned to the market.

"Whatever you gather here, give me honesty!"

"Don't challenge the bottom line of returning to the market."

Shang Yaoze instantly retracted his Fang Tian painting halberd, and once again restrained the murderous aura he had just released.

The aura released by the law enforcer of the ruins was as high as the eleventh building of the Star Soul Martial God Realm.

Far above Shang Yaoze and others, they naturally did not dare to make trouble.

Not only did he not dare, but he respectfully greeted the law enforcement officers in Guixu.

Obviously, this middle-aged man, who is the law enforcement officer of Guixu, is no stranger to Shang Yaoze.

He glanced at Shang Yaoze faintly. Although there was no specific expression, he still said simply:

"Be honest."

"That's natural. Under your nose, how dare I make a mistake?"

Shang Yaoze smiled and complimented.

Even the previous partner who planned to buy and sell.

At this moment, I am also honest and dare not move anymore.

After the middle-aged man left, many people who originally gathered here also left.

Shang Yaoze turned around again and looked at Chen Feng's eyes, returning to his previous lofty position.

"You are lucky today."

Seeing Shang Yaoze and his party still knowing the height of the sky, Chen Feng just wanted to sneer.

It should be said that they are lucky.

If it hadn't been for the one who returned to the market, the law enforcement officer had just appeared.

Like them, I am afraid that tomorrow's sun will not be seen now.
