

Peerless 5331

[Chapter 5331: Yaozu camp! Raid!](#)

This action itself contained the courage she herself had quietly lost.

She shouldn't think that Chen Feng's decision was too naive.

On the contrary, she herself is not even as good as a kid who has just come to the top of the sky.

Even in this mission, Chen Feng is needed to play the role of the backbone.

"It's really getting better and better."

Fairy Yuheng laughed at herself.

When I opened my eyes again, the breath that burst out from it was completely different.

Chen Feng noticed the change in her body, and finally a smile appeared on the corner of her mouth.

"Okay, let's move on."

The four-person team, after experiencing this brief reorganization.

Finally, once again embarked on the journey forward.

They went all the way, through a layer of primitive dense forest, and over a rushing stream.

Finally, at the foot of a mountain, I found the Yaozu camp predicted by Chen Feng!

When they discovered from a distance, behind the more than 30 low-level monster races ahead.

Everyone, including Shi Lingxi, suddenly lit up.

"There really is a camp!"

The Tiancun Beast Slave looked at Chen Feng and said with emotion: "Brother, you are so amazing! You can guess this."

The four went into hiding for the first time.

"What should we do now?"

Shi Lingxi lowered her voice and looked at Chen Feng on the side.

A piece of bare ground in front of him was fairly empty and flat.

Those silver-gray low-level monster races have temporarily set up camps.

Although the bloodlines of the monster race are completely different from the human race, they are quite similar in terms of living habits.

Fairy Yuheng at this time has already restored its former glory.

She calmly took a look at the number of camps and the number of monsters currently walking around in and out of the camp.

Soon, a judgment was given.

"These monster races should be the same team as the monster races we just killed."

"This is a lower-level monster race team, generally composed of fifty or sixty low-level monster races and a monster centurion."

"Just now we killed about ten, and the remaining thirty low-level monster races should all be here."

She motioned several people to look at the largest camp in the center.

"There should be a demon centurion."

"Generally, as a centurion of the monster race, the cultivation base is usually around the eleventh and second floor of the Star Soul Martial God Realm."

As a fairy Yuheng who has experienced three endless killing advanced battlefield missions.

Naturally, they understand a lot more than Chen Feng.

It can be roughly judged by experience.

Just now, when dealing with more than a dozen low-level monster races.

Chen Feng and others already had a general understanding of the remaining low-level monster races.

After hearing Fairy Yuheng's introduction, all four of them fell into a brief silence.

These monster races in front of them seem to have low overall strength.

But if you rush forward rashly, even if you can kill as many as possible, you will have to pay some price.

Especially, with the current strength of the Heavenly Remnant Beast Slave, it is simply not reckless!

"Let's do it, God Can."

"Later you will make some noise here to attract a wave of low-level monsters."

With that, Chen Feng turned to look at Shi Lingxi.

"Shi Lingxi, I think you were in good shape when you were hunted down before."

"You are responsible for booby-trapping those monster races that have been attracted."

"I'll hold back the remaining low-level monster races who are still in the camp."

Immediately afterwards, he looked at Fairy Yuheng: "As for that demon race centurion, I will leave it to you."

"is that OK?"

In a blink of an eye, a policy for everyone was brought up.

Chen Feng's arrangement can be said to have considered everyone's strength and status extremely carefully.

At the same time, it can accomplish the purpose of group destruction.

"I'm OK."

Shi Lingxi nodded readily.

The number of low-level monster races that will be lured over will not be too many after all.

With her strength, as long as she cooperates well with the Heavenly Remnant Beast Slave, she can basically guarantee her safety.

Fairy Yuheng also nodded, without objection.

However, Chen Feng is still cautious after all.

He once again exhorted: "Yuheng, if the opponent is too strong, just withdraw!"

"If there is more energy, it is better to capture the centurion, we can break through from him."

Ever since Chen Feng entered this world, he has felt restrained.

Because of these low-level monster races, there was chaos in their minds, and there was nothing.

He didn't get any information.

It was like a blind man.

So he is now anxious to capture a demon race with intelligence.

At this time, his repetitive reincarnation of heaven and earth has long become an indispensable ultimate move in all worlds.

If it can't be used, it feels almost impossible to move.

"Big brother, what about you?"

Tiancun Beast Slave was the first to feel that such a distribution seemed reasonable.

In fact, for Chen Feng, the pressure is extremely high.

The low-level demon clan he and Shi Lingxi trapped, conservatively estimated that they were only about ten.

That means that Chen Feng will deal with the remaining nearly twenty low-level monster races alone!

With the reminder of Tiancun Beast Slave, Fairy Yuheng and others also reacted.

Seeing his brother's concerned face, Chen Feng smiled and patted him on the shoulder.

"Leave it to me, no problem."

Seeing Chen Feng's self-confident look, although the Tiancun Beast Slave still has concerns in his heart.

However, thinking of Chen Feng's past performances, he was a little relieved.

Since he is confident, it should be fine.

"it is good."

After setting the policy, the four immediately split up.

After a while, there was a commotion in the deep forest nearby.

Although, this commotion was fleeting.

But it still attracted the attention of a few low-level monsters at the outermost periphery of the camp.

They walked towards the depths of the dense forest, and soon caused another commotion.

The smell of blood slowly spread.

The five senses of the Yaozu are usually more acute than those of the Human.

So instantly, it once again attracted the attention of another group of low-level monsters in the camp.

But when they followed the smell of blood into the dense forest.

Shi Lingxi and the Tiancun Beast Slave were long gone.

After a while, the smell of blood gradually became more pungent.

During this period, Chen Feng and Fairy Yuheng also sneaked into the vicinity of the camp step by step.

When the third batch of low-level monster races entered the dense forest, the rest remained in the camp, and finally reached their predicted goal.

The two exchanged glances.

"go."

The war is about to start!

The blood burst into light, and the warm white blade light penetrated into the chest of the nearest silver-gray low-level monster.

Chen Feng urged the soul of the knife in the broken knife, and the fierce fighting intent and murderous aura burst out!

Accompanied by this knife, it instantly tore the body of this low-level monster race.

Killed on the spot!

In this way, it can be said that Chen Feng's sudden attack immediately caused the entire Yaozu camp to shake.

"Enemy attack!"

These monster races resemble the appearance of an erect silver wolf.

At the first time, Chen Feng, an uninvited guest, was locked.

[Chapter 5332: war! Silver Feather Demon King!](#)

Then, frantically rushed towards him.

They opened their mouths in their blood basins, and their jet black claws glowed with icy cold light.

These low-level monster races have claws as hard as iron, and their bodies are very strong.

After a while, a sonorous voice sounded.

Nearly twenty monsters with the appearance of an erect silver wolf rushed towards Chen Feng at the same time!

Such a terrifying picture made Fairy Yuheng's heart jump.

Even if Chen Feng was full of self-confidence before, but seeing this scene truly, how could he reassure people.

However, at this moment, only one roar was heard.

The next moment, a silver figure violently rushed out of the largest camp at the center of the camp.

His figure is as fast as lightning, and his breath is extremely powerful.

"not good!"

Fairy Yuheng's face suddenly changed!

Originally, I wanted to help Chen Feng first, but at this moment he had to proceed according to the original plan.

That is a silver feather demon king with a height of five meters!

He looked similar to those low-level monster races, and he also looked like a silver wolf walking upright.

But the whole body was covered by dense silver feathers.

However, the breath is as high as the peak of the twelfth floor of the Star Soul Martial God Realm!

At this moment, the Silver Feather Demon King, with red eyes, went straight to Chen Feng.

Fairy Yuheng immediately waved his jade arm, making a quick stroke in the air.

A huge circle bursting with sparks immediately appeared in front of you!

In the circle, black, white and gray light flashed.

A space-time tunnel takes shape in an instant.

Roar--

Just one second before the Silver Feather Demon King opened his blood basin and rushed to Chen Feng.

In front of him, a space-time tunnel suddenly appeared.

Even though the Silver Feather Demon King noticed something was wrong for the first time, the speed he had rushed over was too fast.

Can't stop at all!

The next moment, he slammed into the tunnel of time and space.

At the same time, he rushed out from the entrance in front of Fairy Yuheng.

Chen Feng turned his head and looked at the space-time tunnel that suddenly appeared and disappeared before him.

And, the Silver Feather Demon King rushing madly.

The corners of his lips rose slightly.

It seems that Fairy Yuheng is quite prepared for this endless killing advanced battlefield mission.

In this way, he was relieved.

The next moment, heaven and earth reincarnation magical powers, suddenly generating power.

What's different from usual is that this time, in the space of repeated cycles of heaven and earth, it is completely dark!

In the pupil of the third huge eye, it was like a flood that suddenly opened the gate.

Rushing out, endless black light!

In an instant, the entire huge space was enveloped so that you could not see your fingers!

At the same time, one after another demon heart, one after another congealed.

The low-level monster clan is very powerful and difficult to deal with.

It's better to let them kill each other!

In Chen Feng's eyes, a black light flashed by.

The few silver-gray monsters closest to him, after meeting his gaze, their bodies suddenly shocked.

Just relying on that chaotic spiritual world, if you want to control it, it can be said that it is effortless!

"Roar!"

In an instant, the four heads pounced on Chen Feng's monster, the ink in his eyes flashed away.

Then, they brushed Chen Feng's shoulders and passed.

Opening his mouth, he bit at the other monster who was rushing towards Chen Feng.

"what happened?"

Nearly twenty monster races suddenly became a mess!

The murderous aura of Qi Qi rushing towards Chen Feng was also abruptly disrupted by this sudden change.

Facing those few monsters who somehow, suddenly madly attacked their companions.

For the remaining monsters, the instinctive reaction is to dodge first.

But no matter how they shout, trying to wake up those crazy monsters.

But, where can those demons who have been implanted with devil hearts still hear?

Finally, when cannibalism is inevitable, the camp becomes a chaotic battlefield!

On the other side, Chen Feng himself did not stop.

The broken knife lit up, and he kept reaping the silver wolf monster clan that rushed over!

Like a **** of murder!

Whenever a demon clan controlled by the devil's heart loses combat power, Chen Feng will not hesitate to withdraw the devil's heart.

Immediately afterwards, it was implanted in the spiritual world of another silver wolf demon clan.

Such a nondescript chaos, in the eyes of outsiders, is nothing short of laughter.

But it happened!

When Chen Feng was left with only a pile of corpses of the Silver Wolf Demon Race.

The duel between Fairy Yuheng and the Silver Feather Demon King was almost over.

"I'll help you!"

Chen Feng wiped the blood off his face and rushed towards Fairy Yuheng.

The Buddha's angry eyes, lion roaring power, suddenly made power!

A purple-white light appeared instantly.

Even though the Silver Feather Demon King instantly changed his face and turned around to flee, it was still too late.

In an instant, the majestic and angry Buddha rides on the giant lion and crosses the void.

That finger pressed precisely on the center of the silver feather demon king's eyebrows.

Hum!

No matter how fast the Silver Feather Demon King is running away.

At this moment, he can only stumble forward like a sculpture.

Face to the ground, fell to the ground fiercely!

Fairy Yuheng smiled and shot immediately.

After a while, Shi Lingxi and Tiancun Beast Slave in the deep forest reappeared at the camp site.

Looking at the corpses everywhere, the Tiancun Beast slave was full of joy, and Shi Lingxi's eyes once again slipped astonishment.

"Brother, you are too strong!"

The two looked at Chen Feng and Fairy Yuheng, and they were almost intact!

And beside them, there was a demon centurion whose whole body cultivation was sealed, the Silver Feather Demon King!

Chen Feng also breathed a sigh of relief when he saw that the beast slave was safe and sound.

"Are you injured?"

The Tiancun Beast Slave shook his head: "The enemy is in the light and I am in the dark. I will defeat them one by one."

Chen Feng nodded, his eyes finally fell on the Silver Feather Demon King.

At this moment, the Silver Feather Demon King had been implanted with his devil heart.

However, because the two are of equal strength.

Chen Feng couldn't control the Silver Feather Demon King directly like those low-level monster races.

However, some basic things are not difficult to know as long as they are in the mind.

Chen Feng relayed the news he had received to several people of Tiancun Beast Slaves.

"The Zhenwu world we are now in is between the middle and small worlds."

"Its power level is far lower than Xuanhuang Zhongqianqi."

He screamed at the Silver Feather Demon King.

"This Silver Feather Demon King, according to our level, is the peak of the twelfth floor of the Star Soul Martial God Realm."

"According to the power level of the Zhenwu world, it is counted as the pinnacle of the four-story building in the Xianyuan realm."

Shi Lingxi asked, "How many floors are there in total?"

Chen Feng simply introduced the power system of the entire Zhenwu world.

"The strength levels here, from low to high, are Divine Body Realm, Divine Spirit Realm, and Xianyuan Realm."

"Each realm is divided into ten floors."

"The first floor of the Xianyuan Realm is basically equivalent to the ninth floor of the Star Soul Martial God Realm."

"By analogy, for example, the Sixth Floor of the Xianyuan Realm is equivalent to the second cave of the Shifang Dongtian Realm."

After that, Chen Feng looked down again and stared at the Silver Feather Demon King on the ground.

Chapter 5333: Sudden task!

Before the two Tiancun Beast Slaves came, he had already tortured him fiercely with Devil Heart.

The Silver Feather Demon King at this moment had a weak aura and was embarrassed.

But his eyes still stared at Chen Feng fiercely, as if to engrave him in flesh and blood.

In this regard, Chen Feng didn't care at all.

Anyway, he had learned everything he wanted to know from the mouth of the Silver Feather Demon King.

"In this battle of the fairy demon, the demon clan's sudden large-scale attack was mainly caused."

"As far as this Silver Feather Demon King knows, the Demon Race has produced an extremely stunning and outstanding talent in the last thousand years, known as the Chi Yan Demon Venerable."

"It is said that at present, the strength of that Red Flame Demon Venerable has reached the ninth floor of the Xianyuan Realm."

"Even, there is hope to reach the tenth floor of the fairyland that no one has ever reached."

"It is the Red Flame Demon Venerable who unified the demon clan and took the initiative to attack."

The faces of the other three are not very beautiful.

The Ninth Floor of the Xianyuan Realm, that is, the fifth cave of the Shifang Dongtian realm!

However, even more optimistic news is still to come.

One of their regular tasks this time.

Is to behead the demon army's right army general, the mad war lion saint.

And currently from the silver feather demon king's mind, the news they got.

The Yaozu's attack is divided into three main troops.

The commander-in-chief of the right army is the powerhouse of the Seventh Floor in the Xianyuan Realm!

There are several powerful generals under it!

Mad Fighting Lion Saint is one of them!

The current strength is also in the Sixth Floor of the Xianyuan Realm!

It is equivalent to the second cave of the Shifang Dongtian realm.

When they heard the news, Tiancun Beast Slave, Yu Heng Fairy and Chen Feng looked at each other.

Among them, the current strongest strength is no more than Fairy Yuheng's half-step Cave Heaven Realm.

Even, he hasn't reached the first cave of the Shifang cave world yet!

"It's almost impossible to kill..."

It's really not a godly beast slave and they are discouraged, it's really too big a gap!

When hearing this, the Silver Feather Demon King on the ground suddenly sneered.

"Hahahaha... relying on you, you actually want to kill the mad war lion saint... you are looking for a dead end!"

The Silver Feather Demon King has no use value.

In his wild laugh, Chen Feng indifferently slapped his Tianling Gai.

The laughter stopped abruptly.

The still huge body of the Demon King collapsed to the ground.

There is no more life.

Shi Lingxi watched this scene, especially when she saw Chen Feng's expressionless face throughout, her heart moved slightly.

It seems to be aware of her gaze.

Chen Feng turned his face to meet her gaze.

"What is your trial mission?"

Chen Feng, Tiancun Beast Slave, and Fairy Yuheng know each other well.

Even, it might be because Chen Feng and Tianchou Beast Slave came with Fairy Yuheng.

Therefore, the regular tasks of the three can be said to be merged into a common task of the three.

Facing Chen Feng's sudden inquiry, Shi Lingxi instantly increased her vigilance.

She frowned and immediately asked: "What do you ask this for?"

Looking at her reaction, Chen Feng can basically judge her attitude.

Even though they have signed a three-flower contract, neither of them can deal with each other.

However, there is no doubt that people like Shi Lingxi can never be honest with them.

There are still calculations in her heart.

However, this is also normal.

Chen Feng shrugged, just about to explain something.

Just when he was about to speak.

The vast voice of heaven dominates the four people's minds at the same time.

"Due to the trial of the fairy Chen Feng and others, they killed the demon centurion Silver Feather Demon King."

"Although this monster race is of average strength, it is the nephew of an important person."

"The death of the Silver Feather Demon King will involve many people."

"I hereby inform that there is a special feeling between the Yaozu."

"At present, the demon clan commander, Silver Star Demon Sovereign, who is away from here for half a day!"

"I have personally led ten elite demon saint guards, and a hundred powerful demon races, to come here to take revenge."

"Attention, the Silver Star Demon Emperor has traced your breath and vowed to never die."

After saying this, the voice of the Lord of Heaven disappeared.

Everyone suddenly became dumb.

After a long while, they looked at each other, not knowing what to say.

The Celestial Beast Slave couldn't help swallowing.

Looking at the lifeless Silver Feather Demon King, he sighed long.

"These monster races are too difficult to deal with."

Fairy Yuheng nodded in agreement: "Yeah, it's terrible. I can still feel each other."

"Kill the little ones, and come the old ones."

However, what makes Chen Feng more regrettable is.

The words of the Lord of Heaven just now seemed to be a simple reminder.

It did not release the temporary extra tasks in the previous task.

The Tiancun Beast Slave also thought of this, and said softly:

"It's a pity, the Lord of Heaven did not issue a temporary task this time."

"Otherwise, if we can smoothly solve the Silver Star Demon Emperor, the reward should be quite optimistic."

Chen Feng was a little surprised when he heard the words of Tiancun Beast Slave.

Seeing his surprised appearance, the Heavenly Canal Beast Slave thought he had said something wrong.

Suddenly a little nervous.

"Am I wrong?"

Chen Feng shook his head, and then thoughtfully said: "No, what you said reminded me."

The Lord of Heaven will not simply give reminders for no reason.

Since it did not issue a task, although it may lack the reward of the Lord of Heaven.

But it also means that they can make some other choices.

At this moment, far away, in a large-scale military camp.

boom!

With a loud noise.

Suddenly a strong shock sounded from the most central and largest camp.

The military camp position here is much larger than the small camp where Chen Feng is currently located.

And with the sudden and violent shock in the camp in the most central camp.

The subordinates of the big and small monster tribes in the entire barracks immediately increased their vigilance and energized them.

In the largest camp, the Silver Star Demon King smashed the counter table under him with a fist, furious.

His figure looks almost the same as the Silver Feather Demon King.

Even smaller, only about three meters.

However, the aura released from him is far more terrifying than the Silver Feather Demon King!

The silver star demon emperor's hair is quite shiny silver-white.

There are several places on the body, and the hair is of other colors.

The shape is like a star.

Similarly, like a silver wolf that can walk upright.

His eyes were red, bursting with angry light.

At this time, the few men standing in front of him had already been unintentionally released by his anger and aura.

Kneeling down on the ground, lying on the ground, shivering!

However, the Silver Star Demon Emperor had no time to pay attention to these at this moment.

He kept cursing and roaring, who would dare to kill the Silver Feather Demon King.

You know, although the Silver Feather Demon King is not strong, his status is not high.

[Chapter 5334: Vote for the name!](#)

However, behind him, there is an extremely terrifying existence!

If known by that existence, his nephew, under his own command, would have lost his life!

Then this consequence...

Silver Star Demon Emperor shuddered when he thought about it.

The subordinates who were kneeling on the ground had their hearts beating wildly.

"The Silver Feather Demon King is dead?"

"He is the nephew of that terrifying existence!"

"It's over, if you can't catch the person who killed him, I'm afraid, we will all be buried!"

The hearts of the demons trembled!

The Silver Star Demon Emperor roared for a long time before calming down a little.

There was a sharp flash across his bloodshot eyes.

The next moment, a jewel of a crystal-clear body lay quietly in his palm.

This special gem is less than half a fist in size, and it is crystal clear.

But in the middle, there was a drop of vivid blood red blood.

If Chen Feng and others were here at this moment, they would definitely be able to feel it.

This drop of blood was the blood of the Silver Feather Demon King who had just died!

In the camp, a mysterious hurricane suddenly appeared out of thin air.

The sound of bagpipes was constantly humming throughout the camp.

The silver star demon emperor's silver-white hair was blown into a mess.

But at this moment, he is dedicated and urging the secret method.

Suddenly, there was a huge crack in the gemstone in his palm.

Then, the clicks sounded one after another.

Soon, in the dim hurricane.

The gem shattered into powder, and all the glittering light was absorbed by the blood of the silver feather demon king at the center.

Then, that drop of blood rose out of thin air and was level with the eyes of the Silver Star Demon Emperor.

"Tell me, who really killed you?"

The silver star Demon Emperor's red eyes stared at the drop of bright blood.

Ding--

There seemed to be such a voice suddenly in my mind.

In the next moment, four breaths were slowly revealed from the drop of blood.

Amazingly, it is Chen Feng four!

The hurricane began to weaken and then stopped.

That drop of bright blood, after a few breaths, gradually burned, and finally disappeared.

In the huge camp, at this moment it was like being looted.

It's messy!

And those subordinates were still lying on the ground at the moment, not even daring to lift their heads!

The Silver Star Demon Emperor turned a blind eye to all this.

He laughed frantically.

"Caught you guys!"

The Silver Star Demon Emperor firmly grasped these four breaths in his palm.

Then, he lowered his eyes and looked at several subordinates who were kneeling on the ground.

"Order to go down, and immediately gather a team of strong people."

"I want the ten most elite demon saint guards, and then the most powerful hundred demon clan."

"Go back and take revenge for the Silver Feather Demon King!"

Several low heads lifted up together, making a neat and loud sound.

"Yes!"

The silver star demon emperor's sullen eyes swept across the crowd: "Everyone, I hope you all take this seriously!"

"You know, if you can't kill those people!"

"Then, we all have to die!"

The demon races were awe-inspiring, and shouted again!

At this time, Shi Lingxi, who was still at the foot of the mountain, finally showed a scorched face.

She looked at Chen Feng's trio in panic: "We have to run away quickly."

"You don't know how terrible it is once those monster races are scaled up!"

In contrast, Chen Feng's reaction now seemed much calmer.

Moreover, he is not only calm.

He could even turn his face sideways to meet Shi Lingxi's gaze.

Fang Cai Shi Lingxi's words actually revealed a private message.

Shi Lingxi seemed to know more about this real martial arts world and the monster race.

Shi Lingxi's face changed slightly when he noticed Chen Feng's gaze.

She also realized what she had exposed.

For a while, the scene fell into a short silence again.

Tiancun Beast Slave has always followed Chen Feng's actions.

At this moment, even Fairy Yuheng turned his head to look at Chen Feng.

Invisible, everyone acquiesced that Chen Feng was their backbone.

And Chen Feng also accepted this identity very calmly.

He looked around at the three of them with a smile on his face.

"I will give you a simple analysis."

"First of all, have we acquiesced and chose to stand on the side of the monks?"

The three nodded without hesitation.

"Then the mission of the Fairy Demon War, should we use the power of the cultivators of the True Martial World?"

"In this way, better than we go alone?"

Without a doubt, the three nodded again.

Chen Feng continued to ask: "Then if we go over in vain now, tell them that we are with them."

"Do you think they would believe our sincerity so easily?"

These are very basic questions and there is no need to hesitate.

The three shook their heads.

Chen Feng smiled and raised the last question: "Then what if we bring the name certificate?"

Upon hearing this question, Shi Lingxi frowned first and asked, "What is the name?"

Chen Feng still kept his signature smile, his eyes firm and calm:

"Silver Star Demon Emperor's head."

As soon as this remark came out, it was as if a stone was suddenly thrown into a calm lake.

Shi Lingxi was shocked, looking at Chen Feng as if she were looking at a lunatic.

"Are you crazy? The Silver Star Demon Emperor himself is a powerhouse in the Half-Step Cave Sky Realm, and there are still so many demon races under him.

"How could you kill him?"

Shi Lingxi only found it absurd.

He even felt a little regret for choosing to cooperate with Chen Feng earlier.

She lowered her face and shouted unceremoniously and coldly: "Chen Feng, you might look a little higher."

"It's ugly, just the subordinates of the Demon Race led by the Silver Star Demon Emperor are enough to kill the four of us."

However, at this moment, Chen Feng met her gaze coldly.

At this moment, Shi Lingxi seemed to feel it.

As if his soul was firmly nailed by a pair of extremely terrifying eyes, he instinctively did not dare to move.

I can only watch Chen Feng coldly scolding: "Since you want to follow us, you have to listen to me!"

The atmosphere was suddenly stiff!

Shi Lingxi didn't speak for a long time, and was completely suppressed by Chen Feng's momentum just now.

After a while, she came back to her senses quickly.

First, I was annoyed and embarrassed by my own gaffe.

Immediately afterwards, when she looked at Chen Feng again, Shi Lingxi's eyes had changed.

She sneered in disdain, waiting to see the next joke from Chen Feng and the others.

However, no matter what her attitude.

The three of Chen Feng have unified their current plans and started the next step.

"Well, let's first divide the gains of these monster races."

Kill the Silver Feather Demon King and kill this small camp of the demon clan.

Then Chen Feng would naturally not let go of all the resources here.

Whether it is the monster race or the human race, it is the strength of this cultivation base.

[Chapter 5335: puppet!](#)

Which one doesn't have some baby beside him?

Speaking of this, even Shi Lingxi cheered up.

Soon, the four of them scoured all the gains cleanly.

The four of them now occupied the camp where the Silver Feather Demon King was previously, and piled all the gains together.

It's full of a hill!

Perhaps because of the special status of the Silver Feather Demon King, they can be said to have gained a lot this time.

"what is this?"

Tiancun Beast Slave picked up an emerald green round jade piece and looked up and down.

In this harvest, this emerald green round jade was the most.

But apart from releasing a special breath, they seem to have no other effect.

Shi Lingxi, who was by the side, took a casual look and explained:

"This is the common currency in Zhenwu World, called Ruyi Secret Jade. It can be directly exchanged for Heavenly Dao Jade Slips."

"so good?"

Even Fairy Yuheng was a little surprised.

Shi Lingxi nodded, then picked up a weapon:

"The weapons, currency, etc. obtained here can all be directly exchanged for heavenly jade slips."

This is the characteristic of this task.

The higher the degree of difficulty and the extremely difficult or even dangerous the process, the greater the gain!

"This time the small camp's killing, everyone should have the same credit, and basically just share it equally."

Besides, after a glance, there is no special treasure.

Everyone has no opinion, especially outsiders like Shi Lingxi.

Even if Tiancun Beast Slave and others wanted to say anything, they didn't bother to say anything.

Soon after these harvests were divided up.

Chen Feng looked at Shi Lingxi: "You go out first."

"There is another thing that has nothing to do with you."

The words are very rude.

Seeing the three jade tiles of reincarnation in Chen Feng's hand, Shi Lingxi was stunned.

That was the result of the previous battle between Chen Feng and Jingyue Palace, and naturally it had nothing to do with her.

Shi Lingxi had a deep heart and didn't get angry, but just nodded and left the camp.

Undoubtedly, the things in the Jade Medal of Reincarnation of the Three in the Jingyue Palace are much more precious than those of the low-level monster races.

Fairy Yuheng was surprised to pick up a scroll of unknown material, and said with surprise: "It is actually a strange picture of Hunyuan!"

"What is Hunyuan Qitu?"

Fairy Yuheng explained: "This is a scoped beheading item."

"Although it is a one-time consumable, it is still very powerful."

Seeing this, even she couldn't help but sigh, "It seems that Ding Taohong and the others are still underestimating the enemy this time."

"If they used this kind of thing against us in the first place, I'm afraid we would be dead."

However, before she finished her emotions, Fairy Yuheng's eyes were attracted by another thing.

"Soul Locking Youmu!"

She greeted the two of Chen Feng in surprise, and each handed a piece of dead wood with a palm.

"This is also a good baby, you can hide your breath."

Of course, except for some other things.

Ding Taohong's jade card of reincarnation, indispensable there is a jade slip of heaven.

There was no contradiction at all when the three of them shared the apportionment.

Just as they were about to end, suddenly Chen Feng's gaze stayed on the body of the Silver Feather Demon King who was dragged in.

He was thoughtful, then raised his eyes to look at them.

"Tian Can, Sister Yuheng, go out first."

Although I don't know what Chen Feng plans to do.

But since he said so, the two of them walked out of the camp very obediently.

After half an hour.

Shi Lingxi's expression was a little impatient, and finally couldn't help but look at the two Tiancun Beast slaves who were patiently waiting next to her.

"I said, what is Chen Feng doing inside? The Silver Star Demon Emperor is already on his way now."

"Stay here again, do you want to wait for death?"

Although she has been with Chen Feng and others, they are still selfish after all.

Fairy Yuheng and Tiancan Beast Slave both looked in her direction.

However, they did not wait for the two to speak.

In the closed camp, a figure finally walked out.

wrong!

It is the five figures!

Fairy Yuheng's expression changed slightly when Yu Guang saw a glimpse.

"Chen Feng, what are you..."

Chen Feng opened the curtain of the camp and walked out with his hand under his shoulder.

There was also a casual smile on his face.

And behind him, came out urgently, like four puppets!

The Tiancun Beast Slave also changed his expression: "Big Brother, would it be too wasteful to use the puppet talisman paper so soon?"

The puppet talisman paper was something that was just discovered from Ding Taohong's jade card of reincarnation.

They never expected that Chen Feng would choose at this time and directly used four!

But, obviously Chen Feng meant this.

"Come here. Everyone finds a puppet and puts a drop of his own blood on it."

"After these four puppets get the breath of the four of us, let them wander around here."

"As a result, divert the attention of the Silver Star Demon Emperor."

Seeing these four puppets with no actual combat capabilities, Shi Lingxi suppressed the original impatience.

Obviously, the reason why Chen Feng made the four puppets included her.

Looking back at myself...

Shi Lingxi suddenly felt embarrassed.

However, it was only a moment.

She quickly reacted again and turned to look at Chen Feng: "It's just that, even if these four puppets are contaminated with our breath."

"But, unless we can hide our breath, we still can't interfere with the sight of the Silver Star Demon Emperor."

As soon as the voice fell, Shi Lingxi reacted again.

Since Chen Feng would make these four puppets, he planned to use them to divert his attention.

Chen Feng should have thought of the question she could think of.

Sure enough, a concealed pill was thrown over.

In this way, the four puppets contaminated with their aura began to slowly leave in one direction.

Chen Feng specially slowed down their progress.

However, the Silver Star Demon Emperor locked the breath of the four of them.

In this way, they would think that the four of them were completely aware of the approaching danger.

You can reduce the defense of the Silver Star Demon Emperor and his party!

"You follow me."

Chen Feng and the three of them carried the Soul Locking Youmu, enough to hide their breath.

With Shi Lingxi taking the concealed breath effect pill, the four continued to march forward.

There are dense forests nearby, and Zhenwu World has flight restrictions and cannot fly.

Even the speed of leaving is subject to certain restrictions.

Chen Feng led them and rushed forward around a large enclosure.

During the period, Shi Lingxi observed Chen Feng who led the way several times.

Looking at his reaction and demeanor, he seemed to know a certain destination.

Specially led them to bypass a place.

"Chen Feng, where are you taking us?"

Shi Lingxi couldn't help asking.

However, it was Chen Feng's indifferent back that responded to her.

This attitude made Shi Lingxi really annoyed.

However, with the Sanhua contract, she can only continue to follow Chen Feng.

[Chapter 5336: Why not attack the camp?](#)

In this way, after three hours of walking endlessly.

Chen Feng's speed suddenly dropped.

Finally, it stopped.

He looked ahead and said lightly: "We are here."

"Arrived?"

Tiancun Beast Slave and Fairy Yuheng followed his gaze and looked into the distance.

Then, the faces of the two of them all changed, and they looked at Chen Feng at the same time.

"This is... the camp of the Silver Star Demon Emperor?"

The four are currently parked in a dense forest in a high mountain.

From where they are standing, you can get a panoramic view of the picture at the foot of the mountain ahead.

Far away in front, there is another camp!

The reason why they were able to guess the identity of this camp in the first reaction.

Mainly due to the huge camp in the center of the camp ahead.

The colorful patterns on it are exactly the same as the patterns of the camp where the Silver Feather Demon King captured earlier!

It's just that the camp in front of you is much larger than that of the Silver Feather Demon King!

Around the camp, many silver-gray monsters came in and out.

Shi Lingxi's eyes widened, looking at Chen Feng who was standing in the forefront, a terrible thought came to mind.

"Chen Feng, are you going to sneak attack on the camp of the Silver Star Demon Emperor?"

Now that they had learned from the Lord of Heaven, the Silver Star Demon Emperor led a group of elite subordinates, rushing to the Silver Feather Demon King, trying to kill them all.

Well, it can indeed be known.

At this moment, in the camp led by the Silver Star Demon Emperor, there is no leader at this moment!

Hearing Shi Lingxi's low voice exclaimed, Chen Feng turned his face and smiled slightly at her.

"Why not?"

Upon hearing this reply, Shi Lingxi only felt a buzzing in her brain.

She just thinks Chen Feng is crazy!

In this situation, most people will only try their best to escape as far as possible.

How is it possible to do the opposite?

How dare you directly kill the silver star demon emperor's lair?

But she noticed that it was not just Chen Feng.

Even Fairy Yuheng and Tiancan Beast Slave both looked calm after hearing Chen Feng's attitude.

They all looked at the camp ahead, and they had already begun to discuss the policy of sneak attack!

"What a bunch of lunatics..."

For a moment, Shi Lingxi even began to doubt.

She chose to form an alliance with Chen Feng, even at the expense of the three-flower contract.

Is it worth it?

But none of this is within Chen Feng's concern.

When he had previously learned from the mind of the Silver Feather Demon King that the location of the Qian Commander Camp where the Silver Star Demon King was located.

This idea had already sprouted from the bottom of his heart.

The words of the Lord of Heaven just catalyzed his idea to come true.

Fairy Yu Heng who calmed down was not inferior to Chen Feng in strength and intelligence.

Looking at the more monster soldiers in the camp ahead, she had already thought of some ideas.

"In the jade plate of reincarnation of the three people in the Jingyue Palace, the pile of puppet talisman paper can be used right now."

Chen Feng nodded: "I think so too."

Those puppet talisman papers are numerous, hundreds of them.

Each one can make a humanoid puppet.

However, the strength of these puppets is not strong.

At first, they thought that these puppet talisman papers might not be useful, but they were used here.

As long as it can make trouble for those low-level monster races, that's enough!

Looking at Chen Feng and Fairy Yuheng discussing in a low voice, Shi Lingxi could only grit her teeth and accept reality no matter how absurd Shi Lingxi felt.

She hasn't forgotten the scene where Chen Feng sneered at her before.

Because of the three-flower contract, they are now one.

Even if you want to turn your face, it is not now.

In this way, after an hour.

Boom!

Boom! Boom!

Outside of the Yaozu camp at the foot of the mountain, some low-level monsters suddenly stopped chatting.

His face changed slightly.

"Do you feel that the ground is shaking?"

As the first monster said so, some low-level monsters around.

At this time, I also stopped to feel it.

"It seems... indeed shaking."

"what happened?"

These low-level monster races standing on the outermost periphery immediately looked around.

It doesn't matter if you don't look at it. When you look at it, the sharp-eyed Yaozu stared straight.

"Look there!"

As one person shouted, all the monster races nearby looked towards the dense forest ahead.

call out--

A long arrow with a weird light purple flame shot out abruptly from the dark dense forest.

Extremely fast!

Followed by a large army of "monks" with hundreds of people!

They are mighty, walking the same pace, appearing from the depths of the dense forest.

Rush to their camp!

The sound of crackling flames instantly blew up this quiet demonic camp.

boom!

"The enemy—attack—"

With the loud roar of a low-level monster.

Countless monster races put aside their actions and walked out of their respective camps.

Some low-level monster races who were originally outside the camp saw a large number of humanoid monks from a distance.

In an instant, his face changed.

Everyone knows that the Qianfuchang Silver Star Demon Emperor just flew into a rage.

Leading an elite team of hundreds of people, to the unknown distance.

At this time, there was an enemy attack and the dragons had no leader. Could it be that they had already calculated it?

call out--

Another fascinating light purple flame pierced the void like a shooting star in full view.

Came straight to the camp.

Many low-level monster races instantly changed their complexions and retreated one after another.

That long arrow that was in flames just hit a camp.

Once covered with this light purple flame, the camp tent suddenly seemed to be drenched with combustion-supporting agent, and it burned!

The fire engulfed the entire camp in an instant.

Smoke billowing!

However, do not wait for those monsters to react to fight the fire.

They seemed to feel something, and turned their heads together again, looking in the direction where the "monks" army rushed.

Countless long arrows with special flames flew towards them from the front.

It's like a meteor shower, overwhelming!

Like the end of the world!

All the low-level monsters stationed outside, the light purple flame flying arrows reflected in the pupils.

Getting closer!

"what--"

In the camp, screams sounded one after another.

The dense light purple flames instantly ignited dozens of tents outside.

In some camps, there are even low-level monster races that can be bought in time.

When the starlight fell on them, the light purple flame seemed to have a certain vitality.

Suddenly like a maggot with bones, it is difficult to remove!

For a time, thick smoke billowed!

"Enemy attack! Enemy attack! Brothers, all charge me—"

There are more low-level monster races, after seeing the flames and listening to the screams everywhere.

Immediately they picked up their weapons and magical instruments, and rushed towards the enemy's direction with a roar.

"kill!"

[Chapter 5337: Division!](#)

The roar is loud!

In the blink of an eye, hundreds of low-level monster races rushed towards the army of "monks".

However, they would never think of it.

The monk's enemy attack they thought was just a scam by four people!

At this moment, the four of Chen Feng, hiding among the hundreds of puppet groups, exchanged glances with each other.

Chen Feng looked at Fairy Yuheng: "I will leave the rest of the arson to you!"

"No problem, leave it to me!"

A red dress is better than a flame.

Fairy Yuheng waved his jade arm in the air, and instantly drew a shining circle in front of him.

The space tunnel of black, white and gray was immediately constructed.

She leaped lightly, stepped into the tunnel, and then disappeared from the sight of the three.

Shi Lingxi on the side looked at the direction in which Fairy Yuheng had disappeared, without speaking for a long time.

She originally thought that for this three-person team, there was no doubt that Chen Feng was the backbone.

But before the time for a stick of incense, Fairy Dang Yuheng did not change her face, and took out hundreds of bows and arrows from her jade card of reincarnation.

Shi Lingxi was still surprised when he took out the special light purple fire.

However, she is the only one.

Chen Feng and Tiancun Beast Slave were not surprised by Fairy Yuheng's preparations.

They knew better than anyone that Fairy Yuheng was undoubtedly the most prepared for this endless killing advanced battlefield mission.

Her reincarnation jade medal is definitely a treasure house!

However, it is always the case, and they are still a little surprised.

Fairy Yuheng actually got such a special kind of strange fire from nowhere.

From its color, you can see that it is different from ordinary flames.

Once contaminated, it will not be easily extinguished!

Even if it is just the spark of a star, it can cause quite terrifying lethality.

When she showed this strange fire, Chen Feng's eyes lit up.

It is undoubtedly a great helper in team battles against those low-level monster races and alien beasts!

Chen Feng watched Fairy Yu Heng take a step forward, and looked at the two Tiancan beast slaves again.

"Let's go too."

boom!

The light purple fire became more and more intense, and the breeze blowing between the mountains and rivers showed signs of spreading.

After a while, almost all the camps fell into flames.

Countless low-level monster races didn't even have time to rush to the puppet army and died directly in the light purple sea of fire!

But the puppet army is still approaching in an orderly manner.

For a while, the faces of many low-level monster races were full of despair.

"Go and notify the commander!"

Amidst the wailing, screaming, and fighting, someone finally yelled this sentence.

Thousands of miles away.

The Silver Star Demon Emperor, who was chasing the "Chen Feng Four" by Mercedes-Benz, finally received the news from the camp.

"what!"

When he learned that the camp had been attacked.

At this moment, when the news that he had fallen into a sea of flames, the Silver Star Demon Emperor stopped immediately.

His face changed again and again.

"Commander, what's the matter?"

Several elite demon saint guards from the left and right leaned over immediately.

The Silver Star Demon Emperor bowed his hand, his face was serious, even ugly.

He motioned to all his men to stop, and then closed his eyes.

The silver-white light instantly lit up from his body.

The silver star demon emperor's hands kept changing jerky and incomprehensible palm techniques, urging secret techniques.

"open!"

In front of him, the silver-white light immediately formed a special light curtain.

In that light curtain, he saw thick smoke and a light purple sea of fire.

He also saw-Chen Feng!

The one he must kill, familiar with the figure!

"How is this going?"

The Silver Star Demon Emperor frowned immediately, and an extremely bad feeling suddenly rose in his heart.

Chen Feng is not the only figure in the light curtain.

There is also a woman in a red dress and the other three are among them.

Even outside the light purple sea of fire.

There are many powerful figures faintly visible.

boom!

The Silver Star Demon Emperor hit the ancient tree beside him with a punch on the spot.

With this punch, an ancient tree that can be hugged by three or five people is instantly turned into powder.

At the same time, the aftermath kept rippling away.

In the tens of meters behind, all the tall and lush ancient trees fell to the ground.

The earth trembles for it!

"Outrageous! Outrageous!"

The silver star demon emperor's hair stood up all over his body, it could be said that he was full of anger, and his eyes breathed fire.

"What exactly is going on!"

He clearly sensed that the four auras that killed the Silver Feather Demon King were still near the Silver Feather Demon King's camp until now.

Is, slowly moving forward.

It was still a reaction that did not know that the Silver Star Demon Emperor led his troops to pursue and kill.

"How can they appear in two places at the same time?"

The Silver Star Demon Emperor stared at the picture in the light curtain in front of him, and fell into thinking for a while.

Where is the fraud?

The current situation is undoubtedly the strategy of those people.

Now, as the commander of the monster race, all he needs to do is to choose between two places.

Should he move on to find out the truth, or immediately withdraw his troops and return to his own camp!

Soon, the Silver Star Demon Emperor made a choice.

He turned to look at the elite demon saint guards on his left.

"Five of you, bring sixty monster races and move on."

"Go to the camp where the Centurion Silver Feather Demon King is located, and check if there is the breath of four monks."

"If you find out, kill without mercy!"

The five demon saint guards on the left, wearing battle armor and helmets, all looked serious, bowing their heads to lead their orders.

"Yes!"

The sound was as neat as a person, and the momentum was like a rainbow.

After finishing the order, the Silver Star Demon Emperor turned to look to his right:

"You guys, turn around now and come back with me to have a look!"

You know, in his camp, it must not be destroyed by a sneak attack!

Otherwise, the consequences will be disastrous!

"Yes!"

On the right hand side, there was another loud and unanimous sound.

...

He is dividing troops!

And this is exactly where Chen Feng's purpose lies!

Just when the Silver Star Demon Emperor led nearly half of his troops, turning around and rushing back frantically.

Chen Feng has also pushed the melee to the extreme.

Fairy Yuheng took the lead.

Wherever the edge and flame pass, there is a ruin and wreckage.

Although Shi Lingxi was not motivated to kill these monster soldiers, she was still cooperating with the killing.

Tiancun Beast Slave's injuries have long since healed, and his performance is also extraordinary at this moment.

People with special physiques like him still have some advantages when facing a large number of monster races.

As for Chen Feng, that's a different story.

When hundreds of monk-like puppets continue to fight against the monster race.

However, Chen Feng was already alone, all the way to the camp of the Silver Star Demon Emperor.

[Chapter 5338: Quirky!](#)

He has the power of repetitive reincarnation of heaven and earth that can cause harm to the group, in this case, it is obviously relatively easy to do.

However, when he tore through the outermost defensive line of the camp, he really broke into the camp.

He caught a glimpse of an extraordinary picture from a distance.

It was that picture that made Chen Feng's figure stagnate.

Previously in the dense forest and high mountains, he saw from a distance the largest tent in the center of the camp.

At that time, he didn't think too much, he only thought that it should be the camp of the Silver Star Demon Emperor.

But now it seems that there are still secrets that he did not expect.

It stands to reason that the Silver Star Demon Emperor is not in the camp at the moment.

Even if you want to send your subordinates to guard outside the camp, it is definitely not the kind of guardianship right now.

Hundreds of strong!

A whole number of a hundred powerful monster races, almost guarding the inside and outside of the huge tents tightly!

And those guards, even if there is already a raging fire around.

Everywhere, the companions wailed and screamed constantly.

They are still standing still!

Not only did they not mean to rescue or help in the past, they even tightened their heartstrings and heightened their vigilance.

It's like guarding against sneak attacks by uninvited guests at any time.

Just looking at their reaction like this, Chen Feng probably had a guess in his heart - they didn't seem to be simply guarding, but rather what they were defending and imprisoning.

The huge tent is more like a huge prison.

Looking at this scene, Chen Feng thoughtfully.

In the ensuing melee, he also consciously avoided the most central area.

Avoid head-on conflict with the hundreds of powerful monster soldiers.

Even if he had the intention, he wanted to take this opportunity to rob the prisoners in the camp.

But the elite team of hundreds of people is definitely not comparable to the previous shrimp soldiers and crabs!

Rushing against them is basically impossible.

Time passed by every minute.

The light purple fire was blazing, and ordinary camps were reduced to ashes in the billowing smoke.

The corpses of those low-level monster races were lying everywhere.

Looking around, it was devastated!

But, how can a team of thousands of men be completely confronted by Chen Feng and the others?

When all four of them showed a little fatigue to varying degrees, Chen Feng decisively issued instructions.

"go!"

In this sneak attack, he hadn't really planned to give the Silver Star Demon Emperor's camp to a pot.

Especially after discovering the tricks of the central camp, the idea of tasting nothing became firmer.

Fairy Yuheng, Tiancan beast slaves, including Shi Lingxi.

After hearing Chen Feng's instructions, he immediately stopped.

Turn around and follow the originally planned route and begin to retreat.

However, at this moment, a roar sounded from behind Chen Feng.

"I'm waiting for the demon clan camp, why don't you come and leave if you want!"

A flash of silver light.

Chen Feng had an early warning, and turned sideways for the first time, avoiding this sudden blow dangerously and dangerously.

"Big Brother!"

"Chen Feng!"

On the other two sides, Fairy Yuheng and Tiancan Beast Slave were almost hanging in their throats when they saw this scene.

Chen Feng took his hand to interrupt the knife, and took the oncoming combo unhurriedly.

This person who suddenly attacked him should also be an official and a half official in the monster clan.

Because, the clothes on his body also have the same special patterns as the Silver Feather Demon King and Silver Star Demon Emperor's Camp.

According to Chen Feng's previous memory extraction of Yinyu Demon King's mind.

The lowest person who can have this kind of pattern plus body is also ten captain.

The dark gray monster in front of him, no matter in terms of appearance, aura or clothing, although stronger than ordinary soldiers, it is far inferior to the Silver Feather Demon King.

It should be a ten commander in the camp.

Looking at the ten captain who attacked fiercely in front of him.

A plan suddenly emerged in Chen Feng's mind.

At the corner of his mouth, a slightly weird smile was outlined.

Two hours later.

Deep in the dense forest, there was a commotion from far to near, quickly passing through the dense forest, alarming the birds and beasts to panic.

The sound of wings flapping sounded one after another.

"Report—"

The former ten chieftain who shot Chen Feng one after another, the Great Demon General Remnant Feather, appeared in the dense forest.

At this moment, the Great Demon General Big Remnant Feather is much more embarrassed than before.

Not only the hair was burnt in a mess, but even a large piece of flesh on the arm was burnt to black!

When he saw the Silver Star Demon Emperor from a distance, he immediately burst into tears and knelt to the ground.

The Silver Star Demon Emperor didn't expect that on the way back all the way, he would encounter the ten captain who stayed behind in the camp.

Looking at the Great Demon General Canyu and the few demon-clan powerhouses behind him, the heart of the Silver Star Demon Emperor suddenly began to beat violently.

When it is not a last resort, the subordinates who generally stay in the camp will never come out to look for him without authorization.

I'm afraid something really happened!

Thinking of this, the Silver Star Demon Emperor waved his hand to hold him up, and immediately asked, "What's the matter?"

"Boss, the camp was attacked and the prisoner was taken away!"

"what!"

Upon hearing these words, the Silver Star Demon Emperor's first reaction was stupid.

"How is this possible? I specially left hundreds of strong men to surround it!"

But seeing the Remnant Feather Great Demon General kneel down in front of the Silver Star Demon Emperor, his emotions fluctuated extremely violently.

His face couldn't help changing, and his body was trembling slightly.

He seemed to recall some terrible picture, even his voice was trembling.

"Boss, there are dozens of cultivators in the Zhenwu world who sneaked into the camp!"

Upon hearing this, the Silver Star Demon Emperor understood everything.

He immediately jumped into a thunder, and his entire body was about to explode!

"Well, he is a cultivator of the real martial arts world! So they set a trap for me from the beginning!"

"The purpose of arranging four small gangsters to kill the Silver Feather Demon King is just to call me out!"

"It's a good time to turn the tiger away from the mountain..."

The Silver Star Demon Emperor lowered his head and was so invested in it that he didn't notice a detail.

In the eyes of the Great Demon General Remnant Feather, a black light flashed by.

That was the black light in the third huge eye in the repetitive reincarnation of heaven and earth!

Yes, the Demon General Remnant Feather has already been planted by Chen Feng!

The Remnant Feather Demon General is just a mere ten commander, and his cultivation strength is three points weaker than the Silver Feather Demon King.

Chen Feng obtained control of his body almost effortlessly.

But at this moment, the Silver Star Demon Emperor has fallen into endless regret and anger.

Where can I pay attention to the eyes of a mere chieftain?

If he was the usual, when he heard a subordinate suddenly rushing forward, he would definitely not believe those words so rashly.

However, the Silver Star Demon Emperor at this moment did not have this consciousness at all.

All his thoughts stayed on the prisoner being robbed.

[Chapter 5339: Kill the trap!](#)

This news is so shocking!

So that the Silver Star Demon Emperor himself hesitated, and couldn't believe it, all this was true.

He frowned and looked at the Great Demon General Remnant Feather who was kneeling in front of him again.

"How is the camp now?"

The Great Demon Remnant Yu looked like he did not suspect, and immediately answered "honestly".

"Master Hui, the camp is still fighting hard now."

"There are about a hundred monks in this attack, and at least dozens of them are quite terrifying!"

"One of them has a special purple flame."

"This kind of flame is extremely destructive! Our camp has been burned to the vast majority."

"What's more, they were a sneak attack, and our people were caught off guard!"

The Great Demon General Remnant Feather reported quickly and earnestly:

"Those human monks, after taking the prisoner away, half of them took the prisoner and left immediately."

"The remaining half of the people are still in our camp and want to kill us quickly!"

"I also tried my best to escape from the chase of those people. I came along all the way and wanted to tell the boss about it."

"Boss, shall we go back quickly?"

The remarks designed by Chen Feng are very scheming.

Nine points are true and one point is false.

When the Silver Star Demon Emperor saw the Great Demon General Remnant Feather, the scene of being extremely tragic by the fire was immediately moved by this nine-point truth.

However, for some reason, the Silver Star Demon Emperor still had an instinct.

This instinct drove him, still unwilling to believe the news.

However, just when he fell into hesitation.

Suddenly, in a very far away direction, the breath of the first four people appeared extremely vaguely!

The Silver Star Demon Emperor immediately followed the direction where the breath came and looked around.

Although he could not see clearly with his naked eyes, he could vaguely see that there were indeed four figures swiftly walking through the dense forest!

It looks like they are the four of Chen Feng!

They departed extremely fast, and in a short while they left the silver star demon emperor's divine sense search range.

At this moment, the Silver Star Demon Emperor could no longer tolerate any further doubts and hesitations.

Even if his instinct tells him, this may not be the case, but what if it is?

What if the four people who left quickly happened to leave with the prisoner at this moment?

Can he afford the consequences of letting the man go!

Thinking of this, the silver star demon emperor's expression finally became firm.

He immediately turned around and looked at the remaining forty strong monsters behind him: "You immediately go back and rescue the camp."

"The remaining five demon saint guards, follow me!"

The Demon Saint Guard is his confidant, and it is impossible to separate it.

These demon saint guards are different from ordinary demon subordinates.

Their cultivation level, strength, and even strategy are quite successful.

Especially their combat power, all of them have Xianyuan triple-layer or even fourth-layer buildings!

In other words, the strength of each demon saint guard is probably higher than that of the Silver Feather Demon King.

At least, it was the eleventh floor of the Star Soul Martial God Realm, even above the twelfth floor.

Upon hearing the instructions of the Silver Star Demon Emperor, the five demon saint guards behind him clasped their fists and nodded.

They replied at the same time well-trained: "Yes!"

In this way, the forty strong monster clan followed the Great Demon General Remnant Feather and others, and hurried back toward the camp.

It didn't take long for him to disappear into this dense forest.

And the Silver Star Demon Emperor was carrying his five confidants, and chased them in the direction where the four breaths disappeared.

After half an hour.

The six Silver Star Demon Emperor followed the breath of the four and chased them all the way into a valley.

The pass here is steep and the terrain is extremely special.

After arriving here, the four auras disappeared strangely.

"Be careful, they may find that we are tracking them, and they are hiding their breath at the moment."

The Silver Star Demon Emperor reminded the five demon saint guards behind him.

The five confidants led by the Silver Star Demon Emperor have been walking in this dense forest for half an hour.

Around the valley, towering old trees are getting denser.

Those huge trees that are evergreen cover the sky and the sun.

In this seemingly endless virgin forest, it is the only scenery.

Some of the ancient trees here have grown for an unknown number of years, and more than a dozen people can't come together.

On many ancient trees, there are some thick old vines.

Stretching upwards in a spiral, it can stretch out hundreds of meters.

Close, far, and even ferocious beasts are extremely rare.

I don't know if it is because of their proximity.

"How is this going?"

In this dense forest valley, the Silver Star Demon Emperor couldn't help but bring a trace of doubt in his eyes.

Since half an hour ago, he has firmly locked the four breaths.

He could tell at a glance that the breath of the four of them was rather weak.

Definitely not his opponent.

But now, the breath of those four people was just when they tracked down here.

It disappeared when there was one hour left to catch up with them.

It doesn't matter how the Silver Star Demon Emperor uses secret methods or uses treasures.

"Boss, do we still chase?"

The five elite demon saint guards behind him also looked around blankly.

Following the direction where the breath disappeared, I didn't know what to do for a while.

However, at this time.

The land they were standing on suddenly rang with a loud noise, and it exploded like this!

On the ground, a huge crack was shocking.

Many ancient giant trees fell and fell apart one after another nearby.

The heaven and the earth are dull, the sand and stone are misty!

This is so sudden!

Even the Silver Star Demon Emperor never expected that there would be an ambush here!

Not only did the originally silent surroundings burst open suddenly.

It has brought a lot of murderous aura!

A terrifying murderous aura filled all directions at the same time, that was the aura of a special killing array!

"Withdraw! Quickly withdraw!"

The silver star demon king's complexion suddenly changed and he made a decisive decision!

I want to take my subordinates, I want to go out.

Trying to intend to abruptly tear a gap before this killing array is fully activated.

However, in the next second, blood bursts!

A demon saint guard just turned around and stepped on the ground.

But it happened that there was such a terrible murderous intent that rushed out from the direction he was stepping on.

"puff--"

A splendid rainbow light directly penetrated the entire body of the demon saint guard from the sole of his feet!

He directly split the whole body in half, and after the murderous aura entered the body, it exploded.

Wherever he went, his internal organs all shattered.

This demon saint guard didn't even make a scream, and died on the spot!

This is horrible!

But this is not all.

Almost one after the other, on the other side, there was another demon saint guard.

A similar situation was encountered dangerously and dangerously.

However, his reaction was relatively quicker.

The power surged for the first time, forced his body to change direction.

[Chapter 5340: Hunyuan strange map!](#)

The result of this, although let him save his life.

But his reaction, after all, was still no better than the sudden murderous aura.

"what--"

At the same time as the screams sounded, one arm and half of his shoulder were shaved off!

The blood is pouring, and the scene is terrifying!

At this moment, the Silver Feather Demon Emperor didn't know where--they were clearly designed!

He was careless!

The sound of bombing and screaming sounded in my ears.

In Silver Feather Demon Emperor's mind, some information finally came to mind.

If he remembered correctly, the location where the four auras first appeared, seems to be here!

From where they are, if you want to keep tracking.

Then, it is bound to pass through this valley.

"Successful!"

The Silver Feather Demon Emperor gritted his teeth and stared in front of him, his entire body erected, and the aura erupting from his whole body grew stronger.

Hum!

At this moment, the killing formation that buckled them in this valley suddenly started to work.

The overwhelming coercion began to suppress the strongest Silver Feather Demon Emperor in the big formation.

In the bushes outside the killing array, Chen Feng and the four continued to hide their breath, leaning over and lying in the corner.

Waiting for the Silver Feather Demon Emperor and other demon races in that killing formation to continuously consume a large amount of cultivation base.

Chen Feng stared at the direction of the killing formation, listening to the clanging ping-pong sound constantly coming from the huge killing formation, couldn't help but be surprised.

"Unexpectedly, the effect of this Hunyuan Qitu far exceeded my expectations."

Even Fairy Yuheng couldn't help nodding.

Halfway through her head nodding, she stopped suddenly, and then turned her face: "I see."

"After all, this Hunyuan strange map was searched by Ding Taohong of Jingyue Palace."

"Based on what I know about him, since this person will come here with me, this strange picture of Hunyuan should be his backhand to deal with these monster races."

"You know, the human race monster race has always been incompatible."

"Many great abilities have habitually designed and attacked the weakness of the monster clan subconsciously when making some powerful killing arrays and other magical weapons."

"In this way, using the same thing on the monster race will cause more weakening and attack than using it on the human race."

"That's why there will be unexpected results."

Fairy Yuheng's reasoning is very convincing.

That's right!

Since deciding to deal with the Silver Star Demon Emperor.

Chen Feng's heart had already laid out the plan for this sneak attack.

In fact, the four auras that the Silver Star Demon Emperor felt half an hour ago were not those of the four of them.

The same is just four puppets.

Before the four puppets were made, the four of them had already probed the surrounding terrain.

Confirming this valley is the only way for the Silver Star Demon Emperor to pursue and kill.

Then, they began to deploy here.

Anyway, things like Hunyuan Qitu are rare.

But since it is a one-off consumable with great lethality, sooner or later, you have to squander it.

Always hoarded in your hand, then it is just a piece of useless waste paper.

Moreover, the early layout of this Hunyuan Qitu takes time.

Even Chen Feng and the four had spent a lot of energy before setting up this "trap".

Now, I saw the silver star demon emperor leading his men in front of him, fighting against this one-time killing array.

The four of Chen Feng couldn't help being afraid for a while.

Fairy Yuheng sighed deeply, with a trace of fear in her tone.

"Fortunately, we used Hunyuan Qitu here in advance."

Not long after they entered the world of Zhenwu, the monster opponent they encountered was already so strong.

I am afraid that there will not be so much time in the follow-up, which can be used to arrange the mixed element.

To make matters worse, if you don't need Hunyuan Qitu, just rely on the four of them to deal with the six powerful silver star demon emperors.

It is simply seeking a dead end.

At that time, let alone Hunyuan Qitu, life may be gone.

boom!

The ground was still trembling.

The Silver Star Demon Emperor is truly extraordinary, worthy of being a half-step Celestial Realm powerhouse.

Even if he was trapped in Hunyuan Qitu, he could still guarantee that he would not be hit by murderous auras from all directions.

At the same time, there is still room to fight back!

Chen Feng's attention stayed on him.

When he saw that the huge mace in the hands of the Silver Star Demon Emperor was shattered.

He reached out and patted the shoulders of people around him.

"It's estimated that the utility of Hunyuan Qitu is almost up to time, so I'll be prepared for it."

Hearing Chen Feng's words, the other three nodded and got up from the bushes quietly and quickly.

Then, he kept approaching in the direction where the Silver Feather Demon Emperor was.

The current four are no longer the four when they first entered the world of Zhenwu.

From the camp of the Silver Feather Demon King and the three people killed by Jingyue Palace, they all got a lot of helpful cards more or less.

In addition to this special Hunyuan Qitu, at present, everyone has more or less a lot of highly aggressive gains.

On the other hand, the six Silver Feather Demon Emperors at this moment were killed and wounded under the repeated attacks and bombing of Hun Yuan Qitu.

Even the Silver Feather Demon Emperor himself seemed quite embarrassed at this moment.

At this moment, Hun Yuan Qitu suddenly burst into a radiant light!

The four of Chen Feng knew that this was its last "return to light".

After completing this last round of bombing, it can be regarded as completely "dying."

boom!

The dazzling beams are accompanied by endless murderous aura, crazy and dense.

It's like rain of knives all over the sky!

Head-and-head bombarded every object in the range.

The previous demon saint guard whose arm and half of his shoulder had been cut off was chopped into a mass of flesh directly under this light and rain.

The other three demon saint guards, even though they cooperated with each other, couldn't resist after all.

Screams sounded one after another!

In this gloomy valley, it is as bright as day.

Hunyuan Qitu burst out with brilliant light, and at the same time was accompanied by endless murderous aura.

After completing the rain of swords from the sky, it began to spring up like mushrooms again.

Breaking from the ground!

This is harder to guard against than the one above your head!

The four people who approached quietly heard the silver feather demon emperor's fragrant anger, and they heard clearly.

Even if he was as strong as the Silver Feather Demon King, he was completely frustrated in the face of such an invincible attack.

He kept cursing and swearing.

However, just when the last murderous aura came from the ground!

A young man's voice suddenly rang in the ears of the Silver Feather Demon Emperor.

"kill!"

The sound of rolling waves came from the direction of the man's roar.

In the next moment, the Silver Feather Demon Emperor only felt a purple-white front.
