

Peerless 5361

[Chapter 5361: The seventh of the ten true biography disciples! Exit!](#)

Seeing this scene, Chen Feng and Fairy Yuheng couldn't help but stare at each other.

Originally, they expected that the strength of this human race commander was naturally above them.

However, I am afraid it may not be the opponent of the Yaozu commander.

Unexpectedly, Gao Hongzhen did have arrogant capital.

With a punch in a rush, he was still evenly matched with the Tianyun Demon Emperor.

If they rushed to him, they might die!

Soon, the earth trembled quickly.

Thousands of monsters finally arrived at the scene.

As soon as he saw that the Tianyun Demon Emperor was already fighting with the human chieftain, the monsters immediately roared.

The entire dense forest trembled crazily at this moment.

Many people in the distance were even more quarrelsome with eardrum pain and even bleeding!

"How is this going!"

Gao Hongzhen jumped into thunder and roared furiously.

He looked around: "Shen Siqin! What happened before, why I don't know!"

However, at this time the two thousand-person teams were already in a melee.

No one cared about what he was angry with.

The only one staring at him, apart from Chen Feng, was the Tianyun Demon Emperor.

The more he saw Gao Hongzhen angrily, the more proud Tianyun Demon Emperor was.

"Meet again. Last time you were lucky enough to take your life, I think this time, you still have any tricks!"

Before the words fell, the world suddenly dimmed.

At this moment, the Tianyun Demon Emperor revealed his prototype and opened his mouth.

In the terrifying roar of tigers, Gao Hongzhen finally concentrated on dealing with the enemy in front of him.

He snorted coldly.

"A few months have passed, you still have only this trick."

The two fought together again.

These two are also the best in each other's camp, and they are also good at close combat.

At this moment, he immediately fought with each other, fists to the flesh!

For a time, the situation changed.

Two rays of light, red and yellow, intertwined between the sky and the earth, and they have not separated after a long time.

Time passes by every minute and every second.

Finally, the two figures separated again.

At this moment, Gao Hongzhen and Tianyun Demon Emperor were covered in blood and scars.

But no one would admit defeat.

The two of them showed fierce eyes and were about to rush towards each other again.

At this moment, Chen Feng's dark eyes quietly stared at Gao Hongzhen.

Heaven and earth repeatedly reincarnate in heaven and earth, and suddenly gain power!

The dark black light instantly brewed into a fist-sized demon heart.

At the moment when Gao Hongzhen and Tianyun Demon Emperor were about to meet, the devil's heart instantly imprinted into Gao Hongzhen's eyes.

At this critical juncture, I can't relax at all.

But Gao Hongzhen's spiritual world received a sudden force interference.

"not good!"

He was suddenly cold all over.

At the same moment.

Xuanhuang in a thousand worlds!

Galaxy Sword School.

A thick sky thunder fell suddenly and landed deep in the back mountain of the Heavenly Power Sword Sect.

Suddenly, it penetrated the world in an instant, shocking all directions!

Boom!

The world suddenly changed color.

Above the clear sky, dark clouds suddenly burst.

All the disciples, deacons, elders, etc. staying in the Galaxy Sword Sect felt something at the same time.

They all looked in the direction where the sky thunder fell.

Thunder robbery!

Someone within the Galaxy Sword Sect is about to break through the Shifang Dongtian realm!

In the main hall of Tianquan Sword Sect's sect, the master abruptly stood up and quickly asked the elder beside him.

"Who is retreating where the first sky thunder fell?"

Soon, there was a grand elder with a crane and beard.

"If you read it right, Quanyang Mountain should have fallen from the sky thunder."

"Since Quanyang Mountain is the place where Qin Baichuan retreats."

As soon as these words came out, all the people present in the entire Zongmen Hall changed their expressions.

"It's Qin Baichuan!"

"He is still in retreat! It must have been decades?"

...

Everyone's faces were filled with excitement.

Under the leadership of the Sect Master, everyone in the entire hall hurried to Quanyang Mountain.

When these people arrived at Quanyang Mountain, the entire Quanyang Mountain had already been surrounded by hundreds of people!

In addition to the Tianshu Sword Sect, the disciples, deacons, and elders of the other four Sword Sects have all come.

It's been too long since the Galaxy Sword Sect had a strong man in the Shifang Dongtian realm!

As soon as the Sect Master of the Heavenly Power Sword Sect came personally, many other Sword Sect members complimented.

However, at this moment, above the dark clouds, thunder and lightning rose like a volcanic eruption.

Endless, coming from all directions, surging crazily!

Click —

Lei Guang pierced a gap in the dark cloud above his head.

The dim sky was dazzling in an instant.

too frightening!

Everyone looked up at the thundercloud full of lightning.

In the thundercloud, the light flickered, and the thunder shook the sky.

There were bursts of light flashing inside, as if thunderstorms were brewing in it!

The thunder tribulation that breaks into the ten-square cave sky is generally composed of three sky thunders.

If it can survive, then it will formally enter the Ten-fang Cave Heaven Realm!

From then on, the sea is wide and the fish leap, and the sky is high where the birds fly.

But if it can't make it through, there will only be one end-death!

At this time, everyone's eyes were focused on the top of Quanyang Mountain.

There, there is a tall figure.

It is Qin Baichuan!

He has a handsome face and a dignified body.

A pair of cold eyes shot at Han Xing, and two sword eyebrows were inserted diagonally into the temple.

This person has a broad chest, just standing on the top of the mountain, he will be invincible!

Qin Baichuan stared at the dark clouds above the sky.

The three thunder tribulations of the Shifang Dongtian realm means not breaking or standing, which means putting it to death and resurrecting!

Therefore, its color is constantly changing.

At first it was ordinary blue-purple and silver-white, but later it gradually showed blood.

The lightning crackled, and suddenly sounded!

More than ten miles around Quanyang Mountain, crowded with onlookers.

"I'm coming!"

In the exclamation of who did not know, the thundercloud quickly overwhelmed, and the world became dim and dark.

Then, the first sky thunder raged down, breaking the sky!

boom!

A huge thunder pillar with a diameter of ten meters, burst and split!

Lei Zhu glowed with **** light, and slammed Qin Baichuan's body severely.

Even though everything has been prepared.

However, when the first sky thunder fell, Qin Baichuan still couldn't help groaning.

The whole person was directly smashed for thousands of meters, and fell heavily to the ground!

The crowd onlookers could not help exclaiming.

Everyone's eyes followed Qin Baichuan closely, paying close attention to his state.

Soon, someone in the crowd cried out again.

"He is laughing! Senior Brother Qin is laughing! He has survived this sky thunder!"

There was a burst of cheers around.

Three sky thunders, the first one has already passed!

It is equivalent to the most dangerous process, which has gone three times.

I saw Qin Baichuan climb up from the ground with difficulty.

[Chapter 5362: Thunder Tribulation!](#)

There was blood on his body, but a smile appeared at the corner of his mouth.

He seemed to be silently telling everyone that he was able to do well with Qin Baichuan!

At this moment, among the thunderclouds, a second terrifying thunder pillar crashed down!

What was even more frightening was that, without waiting for the second one to fall completely, the third scarlet sky thunder almost fell immediately.

When the third sky thunder fell, the world was like a rain of blood.

The world is instantly red!

In a trance, everyone's ears seemed to be screaming sternly from the supreme beings.

boom!

Boom!

Seeing this scene, everyone's hearts were hanging.

Two sky thunders fell on Qin Baichuan almost at the same time!

He coughed up blood, his body was split and flew out.

There were countless broken bones in his body, blood and flesh blurred, and even a burnt smell permeated.

After the three sky thunders fell, the depressed black thundercloud quickly dissipated.

After a while, the heavens and the earth recovered again.

Qin Baichuan fell heavily into the mountains and rivers, his breath was extremely weak, and he was seriously injured and dying!

However, at the same time, several elders of the Heavenly Power Sword Sect rushed away quickly.

A large amount of spiritual power was injected into his body, abruptly survived this fatal catastrophe!

"Haha...hahahaha!"

The breath of the first cave of the Shifang cave world began to explode in Qin Baichuan's body.

His bones were crackling.

The surrounding spirits were quickly absorbed by him and used to treat injuries.

After a while, Qin Baichuan proudly strode towards the distant crowd.

For the rest of his life, he couldn't help laughing wildly.

"I am the third among all true disciples who have survived thunder tribulation and become a strong man in the Ten Fang Dongtian realm!"

As the seventh of the Ten True Disciples of the Galaxy Sword Sect, he can make this breakthrough.

Even surpassed many elders in the Galaxy Sword Sect!

The disciples who had been onlookers immediately gathered around cheering and said joy.

The whole mountain behind the sword sect of Tianquan is filled with joy.

Among the crowd, an elder Hefa walked out and came to Qin Baichuan.

When Qin Baichuan saw the visitor, he immediately held his fists respectfully.

"Master! Fortunately, the disciple did not humiliate his life and successfully broke through the Shifang Dongtian realm."

It turns out that this person is the master of Qin Baichuan, and also the elder of Tianhe, Zhuang Wuchen!

Zhuang Wuchen smiled and stood still, looking at Qin Baichuan in front of him with great relief.

"Baichuan, congratulations on breaking through the Shifang Dongtian realm."

"This gift for the teacher has been prepared for a long time."

As he said, Zhuang Wuchen flipped his hand, and a cold light flashed in front of everyone.

The next moment, a long sword with golden light fell into Qin Baichuan's hands.

"The power of heaven is one sword!"

Qin Baichuan was overjoyed and quickly thanked him.

You know, this is one of the strongest magic weapons in the Heavenly Power Sword Sect!

With his current cultivation base, it is equipped with this golden sword that can be divided into nine.

His strength can be directly promoted to the second cave sky!

Qin Baichuan looked up to the sky and laughed, then looked at the surrounding disciples.

Suddenly, his smile stopped abruptly.

"Where are Yu Nanhua and Zhuge Hong? Why don't you come to welcome me out?"

Hearing Qin Baichuan's words, the faces of many disciples of the Sword Sect of Heavenly Power who surrounded him suddenly changed.

Someone cried immediately.

"Senior Brother Qin, you have to avenge several senior brothers!"

"Several seniors were killed by Chen Feng a few days ago!"

After hearing the death of Yu Nanhua and others, Qin Baichuan was furious.

You know, those disciples can be regarded as his little brothers in the past, and he has been taking care of them all the way.

"Who is Chen Feng? How dare to attack my people!"

Qin Baichuan frowned.

This name is very strange to him.

"Is he a disciple of the Heavenly Power Sword Sect?"

Seeing Qin Baichuan's reaction, everyone suddenly reacted.

Chen Feng joined the Galaxy Sword Sect for a very short time, and Qin Baichuan was able to successfully break through the Shifang Dongtian realm.

As early as thirty years ago, it was closed.

He has no idea who Chen Feng is!

At this time, many disciples of the Sword Sect of Heavenly Power rushed to introduce them.

"Chen Feng is a disciple of Tianshu Jianzong."

"This person is extremely arrogant and arrogant, and he doesn't know where Sect Master Zhong Li got the rescuer."

...

Tianquan Sword Sect didn't like Chen Feng at all, so if he had this opportunity, he would definitely have to add some fuel.

In an instant, an arrogant and domineering image formed in Qin Baichuan's mind.

The other Sword Sect children around, even though they knew that Qin Baichuan was misled, they never spoke for Chen Feng to refute.

After all, they are not in harmony with the Tianshu Sword Sect.

After listening to the introduction, Qin Baichuan sneered again and again.

"Interesting. The disciple of Tianshu Sword Sect dare to be so arrogant!"

"I really want to see and see."

With that said, he bid farewell to the master and elders present.

Then he turned around, took Tianquan to return to the sky, and rushed directly to the Floating Mountain where the Tianshu Sword Sect was located!

"Who is here!"

As soon as he entered the domain of Tianshu Sword Sect, several disciples of Tianshu Sword Sect shouted sharply.

An arrogant and accustomed person like Qin Baichuan was so unscrupulous that Yukong flew over other sword sects.

This is an absolute provocation!

Qin Baichuan was angry at the murder of Yu Nanhua and others. How could he care about those rules?

Regarding the cultivation talent, he just broke through to the Ten Fang Dongtian realm and is definitely a disciple cultivated by the Galaxy Sword Sect.

In terms of identity, he is a disciple of Tianquan Sword Sect, and even more so, an apprentice of Tianhe Elder Zhuang Wuchen.

The Galaxy Sword Sect would never allow Qin Baichuan to be punished for the sake of a mere waste.

This is exactly his arrogant confidence!

As soon as Qin Baichuan entered the Tianshu Sword Sect, his spiritual consciousness spread quickly.

Immediately, as if he had seen some joke, Yang Tian laughed.

"I haven't seen it in thirty years, has the Heavenly Scroll Sword Sect fallen here?"

"Why is there a dozen influential scum barking here?"

I have to say that he broke into the Tianshu Sword Sect today, really picking a good day.

It happened that Zhongli Yaoqin and Yue Xinlan had left.

The entire Tianshu Sword Sect was left with only a dozen new disciples.

These more than ten new disciples chose to join the Tianshu Sword Sect because of Chen Feng!

Since Chen Feng entered the Galaxy Sword Sect, the entire Sword Sect has been able to hear about him one after another.

Today, the elder is forced to cut his arm, and tomorrow will fight Yi Changkong, the true disciple.

Even, directly won the laurel of the broken jade conference.

This kind of demeanor really makes these newly joined disciples admire!

But Qin Baichuan didn't care about this.

He glanced left and right, and then asked the person walking aside: "Where is Chen Feng?"

"It should be in his own mansion."

Qin Baichuan nodded slightly: "Lead the way."

Having said that, he must continue to head towards Yukong.

"stop!"

When I heard that people wanted to be against Chen Feng, the dozen or so new disciples rushed up.

They quickly stopped in front of Qin Baichuan and the others, lined up.

[Chapter 5363: The secret of the top of the sky is leaked!](#)

"It's already a violation of the rules to break into the Sword Sect of the Sky Scroll without permission."

"You can't go back quickly!"

They looked solemn and shouted sharply.

However, it was Qin Baichuan's sneer in exchange.

"A group of ants dare to be a car!"

Before he finished his words, his figure trembled, and the breath of the ten-square cave world suddenly covered the front.

He didn't even need to do it himself. In the next instant, the dozens of Tianshu Sword Sect disciples who stopped in front of him were bloody.

They were completely crushed by the mighty coercion!

At that moment, everyone even felt a trace of despair.

Among them, the strongest cultivation base is currently no more than the eighth floor of the Star Soul Martial God Realm.

The strength gap is too great!

I am afraid that even if Chen Feng comes out in person, he may not be able to deal with it.

Qin Baichuan laughed and walked forward, and soon came to Chen Feng's residence.

Only a loud boom was heard.

The closed courtyard door was torn apart by a palm!

Qin Baichuan stepped into it, and the yin bird's eyes quickly scanned every corner of Chen Feng's mansion.

However, the whole mansion is empty, where is the shadow of Chen Feng?

"how could be?"

The disciple of Tianquan Jianzong who led the way was at a loss.

"I heard from my fellow brother that Chen Feng has been practicing in the mansion since he returned to the Galaxy Sword Sect."

If it weren't for Chen Feng's task to complete on the top of the sky, he had indeed been practicing in retreat.

But he has now entered the endless killing advanced battlefield mission.

Therefore, it is not Chen Feng's residence, even in the entire Xuanhuang Zhongqian world, he may not be able to find him!

Qin Baichuan kicked open the door of Chen Feng's room and entered the mansion at will.

The inside was clean and almost empty.

"Tsk...trouble!"

Qin Baichuan smacked his tongue impatiently, then flipped his hand and took out a rather primitive mirror.

The leading disciple on the side immediately widened his eyes.

"Mountain River Mirror!"

The so-called mountain and river mirror is a special purpose artifact.

It can follow the traces of the person you want to find, reflecting the person's current location all the way.

No matter if this person is at the ends of the world, or close at hand.

This mountain and river mirror was said to have been damaged and its whereabouts are unknown.

Unexpectedly, this mirror of mountains and rivers would actually be in Qin Baichuan's hands!

Qin Baichuan didn't care what the people around him reacted.

He took a little bit of Chen Feng's breath very casually, and then urged Shanhe Jing to see it.

However, the expected picture did not appear.

Not only did it not appear, but on the mirror of mountains and rivers, a large mist of mist was immediately reflected.

Then there was a clear soft sound.

I saw a crack in the mirror of the mountains and rivers!

"what happened?"

Qin Baichuan's face suddenly changed, looking at the mountain and river mirror in his hand, his expression was astonished.

However, just when he stared at the mirror of mountains and rivers.

"what is this....."

At this moment, Qin Baichuan was completely shocked.

Through the mirror of mountains and rivers, although he could not see anything, he could unexpectedly find a special breath!

If at this moment, Chen Feng could see this scene, it would definitely change on the spot.

Because what Qin Baichuan found was the breath of the top of the sky!

Qin Baichuan frowned, trying hard to capture that breath.

That kind of simple and mysterious feeling is detached from the whole world of Xuan Huang Zhong Qian.

Even if only a trace leaked from the Mirror of Mountains and Rivers, Qin Baichuan was greatly shocked!

However, he didn't wait for him to continue prying.

Click!

Only a crisp cracking sound was heard, and it rang unexpectedly.

Qin Baichuan returned to his senses fiercely.

He looked forward subconsciously, his pupils shrank suddenly!

I don't know when, the mountain and river mirror is already densely covered with cracks!

At this moment, a breeze passed.

According to the legend, the mountain and river mirror that saw through the secrets of heaven was turned into powder and scattered with the wind.

"what happened?"

"This is the legendary mountain and river mirror..."

"It was broken into nothingness!"

For a while, whether the disciple of the Tianquan Sword Sect leading the way, or the disciple of the Tianshu Sword Sect who was seriously injured, was terrified at this moment.

No one knows what Qin Baichuan spied on.

Chen Feng's mansion was silent for a long time.

Only Qin Baichuan lowered his head, his eyes were dim, and he didn't know what he was thinking.

For a long while.

Suddenly there was a soft snort in place.

But seeing Qin Baichuan suddenly raised his head, curled the corners of his lips, his cold eyes glowed with cold light.

He looked ahead, as if seeing through the void, always seeing far away.

"No matter where you are, you will always come back here."

"As long as you want to come back, that's enough!"

Before he finished his words, a dull and strange breath was released from Qin Baichuan's body.

Hum!

At the same time, there was a low hum of a radius of 100 meters.

In an instant, the light in Chen Feng's mansion, hundreds of meters away, quickly became dim.

And all the disciples within this range felt an extremely depressing pressure at this moment!

This coercion is rapidly becoming more and more terrifying!

"Using Dayan Cage Magic Skill! Quick! Quickly withdraw!"

The disciple of the Tianquan Sword Sect on the side changed his expression instantly when he felt the pressure.

Obviously, these little brothers of Qin Baichuan had long heard of his practice.

They hurriedly rushed towards a hundred meters away.

It's like running away!

And those disciples of the Tianshu Sword Sect who were seriously injured, after hesitating for a while, still fled towards the distance.

They had the intention to prevent Qin Baichuan from doing anything wrong with Chen Feng's mansion.

But those disciples of the Heavenly Power Sword Sect reacted in this way, and one could imagine the terrifying power of the Dayan Prisoner.

Although he was wondering why Chen Feng was not there, he could find the mansion again.

No one wants to die for this.

Qin Baichuan did not stop these insignificant ones either.

Soon, the mansion of Chen Feng with a radius of 100 meters was completely enveloped by his Dayan Cage Technique!

Here, there is a depressed breath everywhere.

Anyone who strayed into it would be like entering a closed cage!

And all the restrictions are invalid for Qin Baichuan himself.

"Hahaha..."

Qin Baichuan laughed louder and louder.

He stared at Chen Feng's mansion viciously.

"In this retreat, I not only broke through the Ten-fang Cave Heaven Realm, but also penetrated the Dayan Cage Technique to one level!"

"Chen Feng, as long as you dare to come back, you will never want to escape from my palm."

After speaking, Qin Baichuan turned around and left Yukong vigorously.

at the same time.

Deep in the core of the Galaxy Sword Sect, in the main hall of the gate.

Luo Xingchen suddenly stood up from the position of the master.

He frowned, raised his head and looked out of the palace gate, his eyes spanning nothingness.

Soon, some pictures were reflected in his eyes.

It is exactly what is happening in Tianshu Sword Sect at this moment!

Seeing Qin Baichuan actually use the Dayan Prison Cage Divine Art, Luo Xingchen's face flashed with dislike.

However, just when he wanted to make a move, he suddenly stopped in shape.

[Chapter 5364: you wanna die!](#)

Luo Xingchen seemed to have thought of something suddenly and withdrew his gaze.

He looked back with interest and smiled slightly.

"Little guy, I didn't expect you to encounter such a thing."

"This kind of crisis, I want to see how you can crack it."

With that, Luo Xingchen turned around and sat back as the master of the door.

And his gaze seemed to straddle the wider and longer void, looking straight to the top of the sky.

...

Chen Feng in the world of Zhenwu suddenly paused slightly.

His Demon Heart Seed had just been sacrificed, and he won an opportunity for the Tianyun Demon Emperor.

boom!

The earth broke apart, suddenly showing the appearance of a huge cobweb.

When Gao Hongzhen reacted as quickly as possible, he was still a step slower after all.

puff--

He vomited blood, flew upside down, and knocked down a huge wood again.

The battlefield in front of us continues.

Thousands of monster army and human cultivators fought into one group.

No one noticed that Chen Feng, who was hiding in the corner, was frozen in place at the moment.

At this moment, a huge voice suddenly rang in his mind.

That is the voice of the Lord of Heaven!

"Trial fairy Chen Feng, because you were traced to the top of the sky with a breath."

"It is possible to be spied on the identity and even expose the existence of the top of the sky."

"If you can successfully complete the endless killing advanced battlefield mission, when you return, you need to kill Qin Baichuan within half an hour."

"Otherwise, not only will you be directly obliterated."

"Even everyone you know on the top of the sky will be obliterated!"

Suddenly hearing this series of inexplicable instructions, Chen Feng was all confused.

Who is Qin Baichuan?

Is it an existence in this Zhenwu world?

However, Chen Feng soon reacted.

Since the Lord of Heaven said "if the task can be completed", that is to say, that Qin Baichuan can never be the person in the task.

That's the person in Xuan Huang Zhong Qian World!

Chen Feng immediately asked the Lord of Heaven out loud in his mind.

"Please also be more detailed."

After all, the penalty for this order is too great!

Once he fails, let alone he will be obliterated. Even Fairy Yuheng, Tianchou Beast Slave and everyone who knows him will be ruthlessly obliterated by the Lord of Heaven!

Perhaps it was because it had something to do with the existence of the top of the sky, the Lord of Heaven quickly responded.

In the next moment, Chen Feng only felt that the picture before him changed suddenly.

Then, he saw Qin Baichuan.

I also saw what Qin Baichuan did in front of his mansion.

I have to say that the power of the dominion of heaven is really powerful!

Although only seeing the picture, Chen Feng felt like he was on the scene.

He could perceive Qin Baichuan's breath and cultivation.

The cultivation base of the first cave of the Shifang cave world!

Moreover, there seems to be a strange treasure on his body, causing the overall aura to erupt, which is full of the second cave of the ten-square cave!

This made Chen Feng's heart sink sharply.

He understood everything.

The Lord of Heaven will never allow the existence of the top of the sky to be exposed!

If you want not to be exposed, there are only two ways right now.

First, let Chen Feng kill Qin Baichuan.

But if Chen Feng failed to kill Qin Baichuan within half an hour.

Then, there is only the second way.

That is to erase all traces of Chen Feng related to the top of the sky!

After understanding everything, Chen Feng's eyes became extremely cold in an instant.

"Qin Baichuan, you are looking for death!"

He will never allow anyone to discover the secret between himself and the top of the sky!

Moreover, if he did not follow the instructions of the Lord of Heaven, killing Qin Baichuan within half an hour, the consequences would be even more serious.

No matter if he will die.

Even the companions he valued will be implicated because of him, and they will all be completely obliterated by the Lord of Heaven!

It can be said that Qin Baichuan's accidental observation almost broke Chen Feng's event!

This made Chen Feng angry more than anything.

For a time, Chen Feng hated Qin Baichuan who had never met before.

He immediately stared, and said to the Lord of Heaven: "Don't worry, this person, I will kill him!"

However, as soon as the voice fell, a huge voice sounded again.

"Qin Baichuan has broken through the Shifang Dongtian realm, and has the top magic weapon gifted by his teacher, Tian Quan is a sword."

"At this time, he has sufficient strength in the early stage of the second cave of the Ten Fang Dongtian realm."

After finishing the information, the vast voice subsided again.

Chen Feng also calmed down suddenly.

The Lord of Heaven specifically told him this information, the intention can be said to be very clear.

With his current strength, it is absolutely impossible to kill Qin Baichuan!

In an instant, Chen Feng felt great pressure.

He secretly said in his heart.

"In other words, I must not only complete the mission of this endless killing advanced battlefield."

"In this real martial world, quickly raise one's own strength to above the second cave of the Shifang Dongtian realm!"

Otherwise, not only will he die.

Fairy Yuheng and everyone will be wiped out!

And these pressures suddenly turned into infinity, like a few giant mountains, pressing **** him.

The sense of urgency to enhance strength has grown in an instant!

"Chen Feng? Chen Feng, are you okay?"

"What happened?"

In the ear, the voice of Fairy Yuheng gradually came.

Chen Feng's consciousness was pulled back.

He turned his head and saw Fairy Yu Heng with a worried face.

Seeing Chen Feng's return, Fairy Yuheng frowned and asked: "What's wrong? Did the Lord of Heaven give you another temporary task?"

Looking at Fairy Yu Heng who was really worried about him in front of him, Chen Feng's heart was clenched invisibly.

Thinking that they might die because of him, Chen Feng couldn't calm down!

Qin Baichuan, must be killed!

He must increase his strength madly in the fastest time!

Chen Feng's expression was extremely serious, but he said nothing.

He shook his head and focused his gaze on the front again.

Tianyun Demon Emperor and Gao Hongzhen are already equal in strength and evenly matched.

However, with Chen Feng's envoy just now, Gao Hongzhen's spirit was suddenly disturbed, and his figure suddenly froze for a moment.

"good chance!"

The Tianyun Demon Emperor was overjoyed, his eyes burst out immediately, and he attacked with all his strength!

boom!

Only a loud noise was heard, and the terrifying air wave pushed away.

In an instant, all the warriors and monsters within a few miles around were lifted off!

However, Gao Hongzhen was directly pierced in the chest by the Tianyun Demon Emperor because he couldn't dodge.

The tall body collapsed suddenly.

Gao Hongzhen will never look down!

"general!"

Countless human monks opened their eyes violently and shouted desperately on the spot.

The Tianyun Demon Emperor laughed loudly.

"Hahahaha..."

"Gao Hongzhen, I'm afraid you won't think that one day, you will die in my hands."

Chen Feng retracted his gaze and directly called the Heavenly Canal Beast Slave and others.

At this moment, Tiancun Beast Slave and Shi Lingxi, with a team of thousands of casual cultivators, hung in the deep forest.

[Chapter 5365: Tianyun Demon King, die!](#)

"Tian Can, Shi Lingxi, take everyone with you and come and support immediately!"

There is a three-flower contract, no matter how far apart, they can communicate with each other.

In front of him, the team of 1,000 people led by Gao Hongzhen was already showing signs of decline.

The group of dragons has no leader, and the army is distracted.

If there is no support, the entire army will be wiped out!

But this is not the result Chen Feng wanted.

From beginning to end, he just wanted to kill Gao with a knife.

As for this Tianyun Demon Emperor, it was just his sword.

This is the first time he has played, and Changyang real person has already doubted him.

In this battle, no one should be left behind.

Can only win, not defeat!

"Yuheng, let's get away the head of the demon clan commander."

"it is good!"

Fairy Yuheng nodded.

The two repeated their old tricks, pretending to dodge and want to leave here.

Then, he pretended to accidentally fall into the sight of Tianyun Demon Emperor again.

Sure enough, Tianyun Demon Emperor smiled even more when he saw them.

"Gao Hongzhen is dead, I see how you can escape!"

He immediately threw off the group of monster race army, laughing and chasing them quickly.

"Took it."

Chen Feng exchanged glances with each other and turned around at the same time.

In the next moment, they flew towards the direction where Shi Lingxi and others came.

"Tian Can, Shi Lingxi, I have a plan, listen carefully..."

While swiftly fleeing, Chen Feng used his heart-to-heart communication to explain his plan to the two in the distance.

Originally, the strength of the Tianyun Demon Emperor was even higher than that of the Silver Star Demon Emperor.

But just now, Chen Feng and the two led him to Gao Hongzhen.

Although Gao Hongzhen was killed, the two were evenly matched. In order to kill Gao Hongzhen, the Tianyun Demon Emperor also spent a lot of cultivation.

At this time, he was almost a lot bigger than the Silver Star Demon Emperor.

As long as they cooperate tacitly after a while, they can surprise them by surprise.

In this way, the head of a demon clan chieftain will once again appear in the human modification camp!

The surrounding giant trees kept passing by.

The Tianyun Demon Emperor kept accelerating, getting closer and closer to them.

Suddenly, the two of Chen Feng made a turn and rushed into an empty flat ground.

Tianyun Demon Emperor looked at the open space ahead, his expression changed slightly, and immediately sneered again and again.

"What do you think those warriors in ambush can do with me?"

"I can crush them with one finger!"

With that said, the Tianyun Demon Emperor once again did not hesitate to spend his cultivation base, speeding up to catch up.

However, at the moment he rushed to that open field, a sudden change occurred!

The two of Chen Feng who fled in front suddenly turned around.

Suddenly a golden beam of light burst out of the two of them.

At the same time, the aura of Chen Feng and Chen Feng suddenly began to climb!

"wrong!"

At this moment, Tianyun Demon Emperor finally realized that the situation was far beyond his expectation.

Early he detected the ambush of thousands of people around to relax their breath.

There are more than a thousand people who can ambush here.

There are also two breaths that are not weaker than Chen Feng!

The golden light not only appeared on the two of Chen Feng in front of him, but also on the two of them behind him!

Go straight to the sky!

The four immediately surrounded the Tianyun Demon Emperor!

Under the action of the three-flower gathering formation method, a powerful force that did not belong to them, quickly poured into the body in the dazzling golden light.

The breath of the four continues to rise.

Instantly broke through the Shifang Dongtian realm, directly surpassing the current strength of the Tianyun Demon Emperor!

With the formation, the four simultaneously slammed a punch at the Tianyun Demon Emperor in the middle.

The golden light instantly flourished!

Between those four punches, it seemed that there was some kind of constant involvement, and instantly weaved into a big golden net!

boom!

One blow exploded, and the golden light scattered all over the sky.

"Roar--"

Under the siege from all sides, the Tianyun Demon Emperor finally changed his face.

With this blow, he has nothing to hide!

It was hit directly, and the prototype of the Yaozu was shot out.

A giant tiger with dazzling fur suddenly appeared in the sight of everyone.

This giant tiger is huge, with more than a dozen people tall and tens of meters long!

Chen Feng's four surprise attacks caused a huge, hideous wound in the abdomen of this giant tiger.

Bloody, you can even see the internal organs!

The severe pain made Tianyun Demon Emperor roar and roar.

His eyes are red, and he keeps trying to break through.

"Don't let him run away!"

Chen Feng hurriedly spoke and issued another command: "Everyone obeys the order, kill me!"

Before the words were over, the thousands of people who had been discovered by the Tianyun Demon Emperor for a long time rushed out of their ambush.

They roared and bombarded the giant tiger in the center.

At the same time, Chen Feng and the four are also chasing after victory.

The Tianyun Demon Emperor who had lost the opportunity was still outnumbered in the end, and his aura became more and more depressed.

boom!

With a loud noise, the giant tiger crashed down.

Can't get up anymore!

Tianyun Demon King, die!

The breath of the giant tiger gradually disappeared, and the corpse on the spot became smaller again, reverting to the original appearance.

Chen Feng stepped forward and cut off his head neatly.

He raised the head in his hands high, and shouted at the thousands of casual cultivators behind him.

"Brothers, let's kill the remaining demons!"

"Yes!"

At this moment, the atmosphere in the Thousand-member casual repair team reached an unprecedented peak.

They worked together to kill a powerful demon clan commander!

Before that, they couldn't even think about it!

Daochang Xinghuai and the others blushed, each leading a team of a hundred people and killing them.

After half an hour.

The army of the Thousand-human Monster Race led by the Tianyun Demon Emperor was completely wiped out!

Chen Feng returned with a big victory!

On the way back to the human grooming camp, Chen Feng called Shen Siqin.

"You should have been here for a long time?"

Chen Feng lowered his voice and asked Shen Siqin.

Shen Siqin nodded: "What's wrong?"

"Then you should know, what are the characteristics of this Zhenwu world?"

"For example, what output is there, or how can we improve our strength."

When the immediate matter was temporarily resolved, Chen Feng thought of Qin Baichuan again.

He needs to improve his cultivation as soon as possible!

Shen Siqin probably understood what Chen Feng meant, and immediately became mysterious.

"According to my observation, there are two major 'special products' in this world."

"The first one is the blood of the Yaozu."

Upon hearing this, Chen Feng frowned immediately.

I saw Shen Siqin quickly explain.

"Here, the monster race has a variety of bloodlines."

"There are some extremely powerful bloodlines among them."

"If you can absorb these bloodlines, your cultivation strength will skyrocket!"

Speaking of this, Shen Siqin licked his face and laughed: "I won't hide it from you, this is not the first time I have come to this real martial world."

"When I came last time, I got a powerful blood."

"It is because of that bloodline that allows me to have the special aura that you perceive."

[Chapter 5366: Framed!](#)

"As long as I want to, I can release my charm at any time."

"Unless the cultivation base is much higher than mine, otherwise, it will be affected somewhat."

Upon hearing this, Chen Feng's heart moved.

The special blood of the Yaozu?

He immediately thought of his Supreme God Demonizing Dragon Art.

I don't know if I can absorb the blood of those monster races with the Taishang God Demonizing Dragon Art.

Although thinking about this in his heart, Chen Feng still looked as usual at this moment.

He calmly continued to ask, "What about the other specialty?"

Shen Siqin chuckled.

"This is the second one, naturally it belongs to the Human Race."

"After the last mission, I accidentally inquired about this second specialty before leaving."

"That is, the soul of the ancient gods!"

"Ancient Soul?"

Chen Feng looked over.

Shen Si nodded, "It is said that there may be traces of some ancient gods here."

"Those ancient gods chose to abandon their flesh and strengthen their spirits for eternal life."

"But in the end, the physical body was gone, and the spirit still collapsed."

"But even though they collapsed, the souls of those ancient gods won't die so easily."

Listening to Shen Siqin's words, Chen Feng lowered his eyes, not knowing what he was thinking.

Soon, the familiar human tribe grooming camp was finally ahead.

Someone in the casual repair team was already excited and cheered.

For them, when they went to explore the road this time, they could be said to have returned from a big victory!

Not only didn't damage many people, but completely wiped out the monster army of thousands of people!

Nothing to live!

It's been so long since they have joined the Human Race to decorate the camp, and they have never beaten so much.

However, just after everyone returned to the camp.

Suddenly, a group of men and horses rushed out of the camp, and immediately surrounded them.

"Chen Feng, your return from a big defeat has caused my battalion to suffer heavy losses!"

"I am now on the order of the Changyang real person, asking you to immediately proclaim yourself as a cultivation base and stand by."

"You do not accept it!"

Among thousands of troops, a familiar voice sounded.

When Chen Feng heard it, he recognized that this person was the previous Qu Lingya!

With cold eyes, he directly crossed Qu Lingya and looked far away from the camp.

Sure enough, the cold wind stood there.

Seeing Chen Feng look over, Han Yifeng immediately showed a smug smile.

Without thinking about it at all, Qu Lingya dared to do this now, obviously because of the cold wind.

The crowd of the thousands of casual cultivators immediately changed their colors.

Before Chen Feng could speak, they all questioned.

"Did you make a mistake?"

"We are clearly returning from a big victory, how can we return from a big defeat?"

Upon hearing this, Qu Lingya laughed immediately.

He stared at Chen Feng, meaning something, and began to taunt every day.

"Where do you guys dare to claim a big victory?"

With that, Qu Lingya pointed at Chen Feng, her eyes full of malice and sarcasm.

"You **** don't deserve to be a commander at all!"

"If it weren't for your incompetence, leading to a big defeat, causing General Gao Hongzhen to die. What crime should you take!"

Hearing this, Chen Feng probably knew it.

Judging from the current expressions of Hanyifeng and Qu Lingya, the death of Gao Hongzhen was not their focus at all.

They just want to plant Chen Feng!

"What are you doing in a daze? Why don't you hurry up and call yourself a cultivation base?"

"Or do you want to rebel?"

Seeing Qu Lingya's arrogant and domineering appearance, how could everyone in the casual cultivating team stand such a mistreatment?

They looked at Chen Feng's ability, and they didn't say anything about it!

"Qu Lingya, who do you think you are, dare to speak to the commander?"

Dao Xing Huai stepped forward, glaring at him.

However, Qu Lingya raised her eyebrows slightly when she heard this, showing a proud look.

"I don't dare, but what about the real Changyang?"

Hearing the real Changyang, everyone changed their colors.

how is this possible?

At this moment, Han Yifeng finally walked over proudly.

"It is indeed what the real Changyang meant."

As he said, it turned out to be a token of a thousand chiefs.

After seeing the token, everyone fell silent for a while.

It really means the real Changyang!

Han Yifeng sneered again and again, extremely proud.

"I advise you, in the camp of the real Changyang, you'd better be obedient and catch it, just let it go!"

"Otherwise, no one knows what the consequences will be."

Too arrogant!

How could Tiancun Beast Slaves and others endure this suffocated anger?

He took a step forward at Qu Lingya, and the powerful aura of the peak of the cave world suddenly burst out of his body for half a step.

However, it is not waiting for him to act.

"Death!"

Chen Feng drank him.

The Tiancun Beast Slave turned around puzzledly and looked at him.

"Big brother, can you bear this too?"

However, for some reason, Chen Feng was unexpectedly silent and expressionless.

No one knew what he was thinking.

However, Chen Feng's voice soon came from the hearts of the three people.

"Don't resist, just do what they say."

"If we resist at this time, all our previous efforts will be wiped out!"

"Moreover, at the moment, it seems that the real Changyang person should have been misled and has no confidence in us."

"If we do it at this time, it's even possible to directly invite the real Changyang killer."

Once the real Changyang made a move, there was only one way left to die.

In desperation, Chen Feng asked the casual repair team to go back, leaving only the four people in place and Shen Siqin.

Qu Lingya couldn't close her mouth with a smile for a long time when she saw Chen Feng and others stunned.

He is so proud!

Feng Shui turns around.

He has wanted to deal with Chen Feng for a long time!

Thinking of five days ago, Qu Lingya was still angry because of Chen Feng's various angers.

I saw him strolling to Chen Feng and suddenly raised his hand.

Snapped!

A crisp sound!

Qu Lingya actually slapped Chen Feng on the spot!

This slap is full of strength.

In a blink of an eye, clear palm prints quickly appeared on half of Chen Feng's face.

"Qu Lingya, dare you!"

Without waiting for Chen Feng to react, the Tianchou beast slave and Fairy Yuheng immediately furious.

They all stepped forward together and stood firmly in front of Chen Feng.

Had it not been reminded by Chen Feng, the previous Qu Lingya would have been a corpse!

However, even if they couldn't do it directly, they would never allow Qu Lingya and others to attack Chen Feng at will.

For a time, the atmosphere on the scene was tense.

The air seems to be filled with the smell of gunpowder, as long as there is a little spark, it can explode!

However, no matter how angry the Tiancun Beast Slave and others were, Chen Feng's mood did not fluctuate at all.

As the humiliated deity, not only did he not fight back, he even had a weird smile on his face.

But for some reason, it was this strange smile that made the hearts of Qu Lingya and Han Yifeng flutter.

I always feel that Chen Feng like this will counterattack in the future.

[Chapter 5367: Anti-kill!](#)

And those are completely unbearable for them!

They didn't dare to recreate it, even the cynicism that they had originally thought of, they gave up temporarily.

Several people were soon taken to the Chinese Army's Great Account.

Opening the camp tent, the real Changyang was sitting on the first seat of the central army camp tent, not knowing what he was looking at.

"Changyang real person, Chen Feng and others have been brought here, please give instructions."

The cold wind respectfully rushed to Changyang to report.

Then, the real Chang Yang in the first seat responded and put down the reading in his hand.

At this time, the real Chang Yang was expressionless, after a faint glance at Chen Feng and others, he asked faintly.

"What is going on with you this time exploring the road?"

While speaking, a faint air of coercion gradually formed in the Chinese army camp.

With this coercive aura, Qu Lingya and Hanyifeng immediately felt confident again.

The two straightened their backs again.

Before Chen Feng could speak, they answered first.

"Marshal, I sent someone to find out. When Chen Feng led his troops to meet the monster army, he was a deserter."

"It is precisely because of this that Gao Hongzhen's death was caused!"

The more the cold wind is said, the more it is filled with righteous indignation.

"In the beginning, we suspected that he might be a spy of the monster race."

"It has only been five days, and our human camp has lost a general because of him."

"I also hope the coach can observe!"

...

Chen Feng stood silently, listening to Qu Lingya and Han Yifeng's framing and insults on him.

On the contrary, Fairy Yuheng and the others on the side were very angry at this inverted rhetoric.

Above the first seat, Chang Yang's face became increasingly gloomy.

When the two accusations were over, he stared at the silent Chen Feng coldly.

"Do you have anything else to say?"

Chen Feng finally moved when he heard the words of the real Changyang.

He raised his head and calmly met Chang Yang's gaze.

"Have."

With that said, Chen Feng took a straight step forward.

"However, before I say it, you might as well look at one thing first."

He stretched out his hand to motion everyone to look at the corner.

From beginning to end, Shen Siqin stood there silently.

When the real person Chang Yang saw him, his eyes immediately eased a lot.

In the eyes of everyone, Shen Siqin stretched out his hand and crushed a piece of jade.

The crushed jade immediately burst out with a burst of light.

Immediately afterwards, everyone in the tent of the Chinese military camp clearly saw a scene.

In the picture, Gao Hongzhen is instructing Shen Siqin.

Everyone heard his words more clearly.

Order Shen Siqin to let Chen Feng and others die outside no matter what method he uses.

Then, Shen Siqin appeared struggling.

He looked at the real Changyang, clasped his fists and lowered his head: "When the matter is up to now, if I don't tell the truth, I am really ashamed of the trust in the coach!"

"Chen Feng and the others have done nothing wrong from beginning to end."

"Gao Hongzhen's death is not so much implicated, it is better to say that he took the blame."

"He asked me to figure out a way to use the hands of the monster clan army to calculate Chen Feng and everyone."

Compared with the words of Hanyifeng, obviously, this kind of jade that can store the picture is considered as conclusive evidence.

The real Changyang was very surprised on the spot, and stood up abruptly.

He stared at that scene for a long time, then looked at Shen Siqin with a complicated expression.

"Why didn't you say it before? Why did you say it again?"

Shen Siqin lowered his head extremely annoyed, and his tone was a bit bitter.

"With the cold wind, how dare I tell the truth?"

"After all... he has always been my backer."

Hearing this, everyone in the entire Chinese military camp changed their faces.

Han Yifeng's face suddenly became so cold that it was hard to see the extreme.

Real Chang Yang's face was even more surprised.

He looked at the cold wind, and seeing that he hadn't refuted, his eyes finally gradually turned into disappointment.

No one thought that with Shen Siqin alone, the situation would immediately reversed!

In the tent of the Chinese military barracks, it was so quiet that needles fell.

Real Changyang's face was gloomy.

He looked at the cold wind coldly, his anger intensified.

Unexpectedly, I would be so deceived, I almost caused the loyal general to be wronged, and the traitor took the lead!

Seeing Changyang's indifferent eyes, Han Yifeng suddenly felt cold.

A murderous aura has locked him!

If you don't do anything, and quickly calm the anger of the real Changyang, he will undoubtedly die today!

Thinking of this, the cold wind suddenly felt like falling into an ice cellar.

Do not!

He can't die!

In any case, he must not die!

The cold wind shivered immediately, and almost softened his legs and knelt down.

"The coach! It's not me... There must be a misunderstanding!"

"Shen Si must have misunderstood me."

In panic, his eyes fell on Qu Lingya who was aside, and his eyes lit up.

The secret conversations he had with Shen Siqin before were all passed through Qu Lingya.

For him, the current form may not be irreversible.

Just push everything onto Qu Lingya's head...

Thinking of this, Han Yifeng was delighted, but on the surface he suddenly thought of what kind of appearance.

He turned his head abruptly and stared at Qu Lingya on his side.

Snapped!

A slap was slapped directly on Qu Lingya's face.

In an instant, half of Qu Lingya's face was swollen and tall, purple and black!

More blood fell from the corner of his mouth.

"The last name is wrong! You are so bold!"

"I treat you very well on weekdays. I didn't expect you to slap your nose on your face and dare to stab me!"

"I ask you, did you threaten Shen Siqin in my name?"

Han Yifeng's cold eyes stared at Qu Lingya, waiting for him to react.

Seeing Hanyifeng's reaction, Qu Lingya's heart was instantly cold.

Others may not know, but he knows very well.

Han Yifeng intends to push all charges on him!

At this time, if he took those charges, he might have avoided death.

But if you refuse, you will definitely die!

The hints and threats in Han Yifeng's eyes had already carried a trace of murderous aura.

It seemed that if he dared to deny it, he would desperately kill his mouth!

There was silence in the middle camp.

Everyone stared at Qu Lingya, waiting for him to express his attitude.

Under the bitterness, he was entangled with heaven and man in his heart.

In the end, he lowered his head resignedly.

".....Yes."

He responded in a low voice.

Seeing Qu Lingya's reaction, everyone present had mixed reactions.

The real Chang Yang had a complicated expression, but his extremely gloomy expression finally eased a bit.

However, the corners of Chen Feng's lips curled up slightly, seemingly smiling.

He did not speak, but looked at the cold wind in extreme cold.

Seeing that Qu Lingya took all the faults, the cold wind at the moment was greatly relieved.

However, at this moment, his suspicion was not completely cleared.

This scene must continue to be full!

Therefore, Hanyifeng immediately became more angry, and his breath fluctuated greatly.

He took two steps forward and tightened Qu Lingya's collar tightly.

"I do not treat you badly on weekdays, why are you so trapped in me!"

Qu Lingya's entire body was suddenly lifted up.

[Chapter 5368: Who said this, it just passed?](#)

The strong sense of suffocation made his face flushed, extremely embarrassed!

But now, he can only continue the whole lie.

"This... is also a misunderstanding!"

"This time... it was indeed my fault, but... I just wanted to please General Han..."

Hearing this, the cold wind froze for a moment, and then let go of him, his face as cold as iron.

"Listen to what you mean, or do you want to blame me?"

With that, he shook off Qu Lingya and turned to look at the real person Changyang.

Full of righteous indignation!

"Boss! You know me."

"For a long time, I and the Yaozu have never shared the same spirit!"

"Whenever there is an attack from the monster race, I will be the first to fight to the last moment."

"A person like me, no matter how private it is with others, it is absolutely impossible to use the hands of the monster race to punish him."

Speaking of this, Han Yifeng turned his head again and continued to question Qu Lingya.

Even the real Chang Yang next to him was waiting for him to give an explanation.

Qu Lingya was slammed and fell to the ground.

At this time, he dared not get up, knelt on the ground, lowered his head and said.

"From the beginning, I knew it very well."

"Compared with the coach and general, I am neither planning nor courageous."

"So, I just want to please General Han, hoping to get a place in the camp."

"I accidentally learned that day that Gao Hongzhen also wanted to do something against Chen Feng and others."

"That's why I was confused, and threatened Shen Siqin in the name of a general..."

Hearing the complete "explanation", the Chinese army's large account fell silent again.

Real person Changyang frowned.

"So, the collusion with the demon clan is just what Gao Hongzhen meant and has nothing to do with you?"

Qu Lingya nodded like pounding garlic.

Hearing the chill of all this, his face finally looked better.

He looked at Chen Feng and others.

At this moment, Chen Feng and several people were also tied by Qu Lingya with special mysterious iron chains.

He frowned and glanced at Qu Lingya who was still kneeling on the ground.

"What are you doing in a daze? Untie it quickly!"

Upon hearing Hanyifeng's command, Qu Lingya drooped her head forcibly.

"Yes."

This sound makes people unable to hear the emotions.

Qu Lingya got up from the ground, walked forward, and quickly released the shackles of Chen Feng and others.

After unbinding, he proactively leaned down and bowed deeply.

"Everything is my fault."

"I was confused and almost made a big mistake."

Seeing him like this, Han Yifeng's face showed a look of appreciation again.

Qu Lingya is very on the road.

By this time, the cooperation of the two was almost done.

He pushed all the faults on Qu Lingya, and Qu Lingya pushed the biggest fault on Gao Hongzhen.

Since the dead can't speak anyway, this matter cannot be verified.

Han Yifeng looked at Chen Feng again, full of guilt.

"But, here, I must also apologize to you."

"In the beginning, I really suspected that some of your uninvited guests were monster undercover agents."

"My temper is impatient and impulsive, causing the people under me to be wrong."

Speaking of this, his talk changed abruptly.

"A few rest assured, from now on, I will definitely believe in your identities."

"In the future, I hope to join hands with you to kill the enemy side by side!"

When Han Yifeng said these words, his face was full of sincerity.

Just barely stepped forward and took Chen Feng's hand.

Looking at this scene, Chang Yang's face finally relieved completely.

When he looked at the cold wind again, there was already approval in his eyes.

Since just now, Han Yifeng has been paying close attention to his reaction.

Seeing this, he was determined.

This matter is basically settled!

My heart loosened in an instant, and a huge rock fell to the ground.

Han Yifeng smiled and spoke.

"So, this thing, let's just pass it."

However, at this moment, a sneer suddenly sounded in the Chinese military camp.

"Who said this, just passed?"

As soon as these words were spoken, everyone's eyes instantly fell on the person who spoke.

Chen Feng!

I saw him standing on the spot with his arms folded, his eyes filled with contempt.

Real Changyang also looked over.

In fact, Chen Feng's reaction was not unexpected.

In any case, this "Oolong" incident is after all the lives of several of them.

If Chen Feng hadn't acted cautiously, I'm afraid he would have already died!

By now, the real Changyang person can basically conclude that there is no problem with the identities of Chen Feng.

They are indeed casual practitioners who have come to take refuge.

Not only is his identity okay, he is also surprisingly strong.

An army of thousands of monsters lay in ambush before, and later Gao Hongzhen and others who were ready to reap the benefits of fishermen intercepted.

With such careful layout, they not only remained intact, they even slaughtered the entire monster tribe army.

Even cut off the head of a demon clan chieftain again!

Such talents should definitely be reused in the human monk camp!

If nothing is punished at this time, then it would be too chilling for Chen Feng and others.

Thinking of this, the real Changyang looked at Hanyifeng.

"Chen Feng's attitude, you have also seen it."

"Today, although you explained Oolong clearly, you still made a mistake after all."

With that, the real person Changyang glanced at Qu Lingya beside Hanyifeng.

"Han Yifeng, Qu Lingya is yours. Tell me, how should you punish?"

Hanyifeng and Qu Lingya instantly rejoiced when they heard the words of Master Changyang.

Judging from this reaction, Changyang Real Person didn't seem to plan to care too much.

Just want to appease Chen Feng a few people.

However, just when Han Yifeng was about to speak.

Chen Feng stepped out.

"Changyang, I'm sorry, this human monk camp, I think we should quit."

When the voice fell, a mysterious iron token of the human chieftain was handed over by Chen Feng without nostalgia.

His face was extremely indifferent, with a trace of anger in his eyes.

In an instant, the entire Chinese army camp was filled with shock!

You know, in the human monk camp, no one has ever dared to be so presumptuous in front of the real person of Changyang.

Besides, that is a token of thousands of chiefs!

The cold wind suppressed full of jealousy, but he was already laughing proudly in his heart.

This Chen Feng is really bold.

To dare to smash into the real Changyang like this is simply a story to come to the door.

He immediately took a step forward, pretending to be angry.

"Chen Feng, it's because I misunderstood you earlier and failed to discipline subordinates."

"If you have any dissatisfaction, just come at me."

"The real Changyang is the head coach of my camp. He treats you well, so what is your desire for such a collision?"

However, before the words were finished, a very cold look suddenly came over.

Extremely indifferent!

One glance made him feel cold all over his body, and he dared not say another word!

This is the strength of Changyang real person!

The cold wind was shocked and unexpected.

How could this be?

Why isn't the real Changyang angry?

[Chapter 5369: I'm Chen Feng, I'm not convinced!](#)

Moreover, not only was he not angry, he even looked at Chen Feng's face quite polite.

"Chen Feng, since you have come to take refuge, you must also hope to kill the demon race and guard the mountains and rivers of my human race."

"I understand that you have been wronged in this matter. I can say if you have anything to say."

"It's just that the Fairy Demon War continues to this day, and our situation is grim."

"At this point, your talent may help me break through the Yaozu camp in one fell swoop."

"I hope you can stay."

As soon as these words came out, Han Yifeng and others were terrified.

They never expected that their conspiracy plan ended up making wedding gowns.

Chen Feng's method of escape from the dead was actually appreciated by Changyang real people!

For a while, everyone once again turned their eyes on Chen Feng.

Upon seeing this, Chen Feng spoke lightly.

"I won't say much about the scene. I will only say a little."

He was not polite and looked directly at Han Yifeng and Qu Lingya.

"The two of them just sang and got together. It seemed that they could justify themselves, but in fact they cleverly pushed the charge on a dead person."

"Anyway, there is no evidence for death, and only you know the truth."

After speaking, Chen Feng snorted and stopped speaking.

Hanyifeng and Qu Lingya's cold sweat fell instantly.

But now, there is nowhere to go.

They can only assert that this is the truth, anyway, as Chen Feng said, there is no proof.

At this moment, Chang Yang sighed secretly in his heart.

In fact, Han Yifeng and Qu Lingya's mouth was a bit real and a bit fake, he probably knew.

But Hanyifeng is a master of the Sixth Floor of the Xianyuan Realm after all, and the hand that was severed a few days ago has now recovered.

He doesn't want to lose this combat power yet.

"Then what do you want?"

Changyang real person asked.

Chen Feng was so keen that he immediately noticed his hidden attitude.

He smiled slightly and said nothing else.

Only one sentence.

"They want me to die."

Master Chang Yang took a deep breath.

Chen Feng had a tough attitude and was not a talkative master.

If you want to appease him, I am afraid that today's matter cannot be easily stopped.

"I understand."

The real Changyang nodded and turned to look at Hanyifeng.

"Be suspicious of colleagues, sit back and indulge subordinates."

"Cold wind, I punish you today to reduce three thousand elite, can you be convinced?"

As soon as these words came out, Hanyifeng's eyes were shocked!

Because of Chen Feng's affairs, three thousand elites were punished at once.

The real Changyang person really values Chen Feng this time!

Even Fairy Yuheng and others, who stood behind Chen Feng, changed their expressions at this time.

However, the real Changyang person stared at the cold wind.

The coach's aura has enveloped the entire camp invisibly.

Now, Han Yifeng understands in his heart.

This decision can no longer be changed.

"Yes....."

He reluctantly responded.

But when he looked up, Yu Guang caught a glimpse of Chen Feng not looking at it.

At this time, Chen Feng still looked at the real Changyang.

Then, stretched out his hand to Qu Lingya.

"He almost wiped out our entire army of 1,000 people!"

Hearing this, everyone in the tent of the Chinese army barracks suddenly felt shocked.

It seems that Chen Feng is still not satisfied?

By this time, the real Chang Yang's face was gloomy, and his heart was a little angry.

He reminded Chen Feng in a deep voice: "It's almost done. They didn't mean it after all."

Unexpectedly, after hearing this, Chen Feng turned and left!

"You stop me!"

The real person of Changyang was furious, and a trace of the pressure of the pinnacle of the Seventh Floor of the Xianyuan Realm burst into his eyes.

The entire tent of the Chinese military camp was instantly enveloped by this terrifying coercion.

It is difficult for everyone to move!

But, at this moment, a voice sounded hard and decisively.

"The coach who can't convince the crowd, don't follow it!"

Undoubtedly, the speaker is Chen Feng!

Even with unbearable coercion, he is still proud and unyielding, and will never compromise!

The real Changyang was almost to death by him.

"What do you really want!"

Chen Feng's cold eyes burst with indomitable sharpness.

Under the coercive pressure, he spoke again.

"If it weren't for my extraordinary caution, we would undoubtedly die this time exploring!"

"As the coach, you should know this better than me."

"Now, you want to protect the cold and wind, I can understand."

"But since you are the coach, if you do something unfair, you can use me as a joke at will."

"Sorry, this is not the general I want to follow!"

Under the strong pressure, Chen Feng not only didn't have any cowardice, but made a loud voice instead!

He, dissatisfied!

If you can't give a satisfactory explanation today, don't want to force him to stay here.

Looking at Chen Feng's decisive face, Chang Yang's heart trembled.

"Don't you want me to kill him?"

"Why not?"

Chen Feng asked without hesitation.

As soon as this was said, everyone in the Chinese army camp was silent.

Han Yifeng suddenly raised his head and stared at Chen Feng.

Had it not been for the presence of Changyang, the hatred and anger in his eyes had already exploded at this moment!

Qu Lingya's complexion was even more shocked.

Even the Tianchou beast slaves and Fairy Yuheng behind Chen Feng looked sideways.

Especially Shen Siqin!

It has been quite a while since he came to Changyang Real Man.

He had never seen someone like Chen Feng who dared to confront Changyang directly.

I'm afraid there are not many people in the entire human monk camp.

Thinking of this, Shen Siqin couldn't help but look deeply at Chen Feng.

At this moment, Chen Feng still has his eyes like a torch, and his waist is unyielding.

He was waiting for Changyang real person to give his choice.

For a while, within the camp, there was no sound!

After a long silence.

"Is it necessary?"

The real Chang Yang murmured, unable to hear the tone.

However, as soon as these words came out, the cold sweat on Qu Lingya's body was washed down.

The real Changyang is really considering his choice of life!

Chen Feng nodded firmly.

"It must be so!"

Hearing his reply, Chang Yang Zhenren took a deep breath, and then looked at Qu Lingya.

"Qu Lingya, you can judge yourself."

His voice was calm, but with unquestionable commands.

Qu Lingya who heard this, instantly fell into hell!

He was full of horror, staring at Shang Changyang in horror.

What I saw was his indifference to him, and the faint irritability.

The real Changyang made a compromise with Chen Feng!

At this moment, Qu Lingya was completely panicked.

He looked at the cold wind almost as if for help.

But before he could speak, a palm wind cut against the tip of his nose like a knife!

Immediately, a very indifferent voice came from the real Chang Yang.

"No one can save you, so hurry up, and it will be considered a decent thing for you."

The Changyang real person is in a very bad mood at this moment!

But he had to admit that what Chen Feng said was right.

He can only make a choice between Qu Lingya and Chen Feng.

Obviously, he chose Chen Feng.

[Chapter 5370: reward!](#)

Seeing the development of the situation so far, Han Yifeng's face is also extremely ugly.

You know, Gao Hongzhen and Qu Lingya are his left and right arms.

At the moment, Gao Hongzhen is dead.

He was fined three thousand elite!

And now, Chen Feng actually wants Qu Lingya to die!

In Han Yifeng's eyes, Chen Feng was undoubtedly targeting him.

But he couldn't come forward!

This is the end of the matter. If he speaks for Qu Lingya, he will not be able to save it, and he will even cause trouble to the upper body.

The only thing he can do is to remain silent.

Accept the pain of consecutive broken arms!

"General Cold..."

Looking at the drooping eyes of the cold wind, Qu Lingya's mood completely fell to the bottom.

He was abandoned by everyone!

Including the cold wind that has been flattering and pleasing!

At this moment, Qu Lingya only felt that she was a joke.

A total joke!

I thought that he helped Han Yifeng shirk all guilt, and for this reason, Han Yifeng could also save his life.

Unexpectedly, this will be the result.

He regretted it!

I regret it thoroughly!

From the beginning, he shouldn't have targeted Chen Feng!

It's not worthy of fawning, to please the dog thing Hanyifeng.

"Ha...Haha..."

Qu Lingya laughed desperately, trembling all over.

The laughter was bleak.

Looking across the cold wind, all I saw was indifference.

There is even a hint of urgency!

Seeing Qu Lingya's reaction, Han Yifeng's heart was a little bad.

The next moment, Qu Lingya's face suddenly changed.

He stretched his hand to the cold wind and said loudly, "Today, I will definitely die."

"But before I die, I want to confess one thing."

"Gao Hongzhen and I are both Han Yifeng's men. Under his coercion, we had to carry all the charges for him."

"Including everything just now, it's all fake. It's all cold..."

Before he finished his words, he saw the cold wind suddenly raging, and his murderous aura suddenly rose!

He directly flipped his hand, pushed out a palm at Qu Lingya, and patted directly towards the sky.

boom!

Qu Lingya was immediately pierced into his heart and lungs, breaking his veins and flew out.

Death on the spot!

His corpse fell heavily, and he couldn't catch his eyes!

No one expected that the cold wind would suddenly kill him at this time.

This is obviously killing people.

But when a person dies, there is no evidence of death.

Han Yifeng's face was indifferent, glaring at Qu Lingya's corpse, shaking his sleeves and retracting his palms.

"Death is imminent, and I actually want to give it a go."

"I'm really blinded to reuse this kind of bastard!"

But even if he was like this, in the eyes of everyone, he was somewhat eager to cover up.

Chen Feng looked at the real Changyang again.

At this moment, seeing this gaze again, the real person Chang Yang sighed deeply.

It's already reached this point, but something went wrong again!

This time, he didn't even wait for Chen Feng to speak again, he kept his face cold and looked directly at the cold wind.

"Cold wind!"

With a roar, the cold wind shook all over.

The fear of imminent disaster, instantly spread and spread along the spine!

For a moment, Han Yifeng's feet were even numb.

He raised his volume and tried to explain.

"Boss, this matter really has nothing to do with me!"

"Even if I take 10,000 steps back, at least I am right with the coach and the entire human monk camp."

"The situation is precarious now, one more person will have more strength!"

"I hope the coach will think twice!"

The master of the five-story building of the dignified Xianyuan Realm, at this moment, placed his posture extremely low.

Such a preemptive strike is to punish him, and he has to weigh the meaning of these words.

At this time, the real Changyang had no intention of killing him again to appease Chen Feng.

He grimaced and resisted the great anger.

"Chen Feng!"

"Since you think there is no evidence for this matter, it's better to be like this."

"From now on, I will let the cold wind fall under your command."

"If he has a second heart, he can do it with you."

"So, do you have any objections?"

Hearing the icy wind of this, his complexion immediately became stiff, and his face was full of disbelief.

Actually let him fall under the command of a mere commander?

Why!

Han Yifeng looked at Chen Feng fiercely, staring at him firmly.

An unstoppable anger came from his body, from bottom to top, rushing out quickly, wanting to explode.

But when he was near the throat, he was forcibly suppressed by the cold wind!

He must not lose control!

They have endured the humiliation for so long, and they have achieved such a posture.

If you lose control at this time, you will fall short!

At the same time, everyone's eyes fell on him.

Being looked at by those eyes, Han Yifeng only felt embarrassed.

His face was even hotter, as if being slapped severely!

However, he could only gritted his teeth and hung down his proud head slowly and hard.

Seeing this, Madam Changyang finally felt a little more comfortable.

So he looked at Chen Feng and waited for an answer.

The real Changyang has already thought that if Chen Feng insists on not being forgiving, then he will shoot directly.

Between Chen Feng and Hanyifeng, he must choose Hanyifeng who is currently more powerful!

However, a word finally came from the opposite side.

"Thanks to the coach for his impartial handling."

Chen Feng finally accepted this treatment.

But I don't know why, whether it is the Changyang real person or the cold wind, his heart is particularly aggrieved.

Especially the cold wind!

Chen Feng's left and right arms were all cut off, and even his own hand was cut off by Chen Feng.

And now, not only could he not kill him, but he was punished under Chen Feng's command!

This hatred is not shared!

But it is not the time yet.

Hanyifeng lowered his eyes, pretending to be bowed to his ears.

But it will conquer the utter hatred to the extreme.

The real person Chang Yang exhaled a deep breath, and then he recovered his calm and looked at Chen Feng again.

"I will give you what you want."

"Let's talk about the rest."

"Since you brought back the head of the Tianyun Demon Emperor this time, I still have to reward you."

"I wonder what reward you want?"

Upon hearing this, Chen Feng's heart suddenly moved.

However, he was still calm on the surface, without waves.

After thinking about it for a moment, he raised his eyes and looked at the real Changyang in front of him, clasping his fists.

"The coach acts impartially and presides over justice for me. Chen Feng is very grateful."

"As for the reward... it's better to hand over the corpses of those monster races to me."

The corpse of the monster?

This is the first time that Chang Yang has heard this kind of reward.

"What use do you want the corpse of the monster race?"

Is it possible that there is no secret on the corpses of those low-level monster races?

However, he just asked casually, and didn't mean to ask Chen Feng to give an explanation.

On the contrary, as long as those useless corpses of the Monster Race are easier for him.

The real Changyang waved his hand casually.

"Then you take it."

Chen Feng clasped his fists again, and then led the Tianchou Beast Slaves and others to leave the Central Military Camp in strides.

As soon as he left the Central Military Camp, Fairy Yuheng and others leaned forward.
