

Peerless 5401

[Chapter 5401: In the calculation?](#)

Keep sweeping around.

Suddenly, an oasis suddenly appeared in front of him.

The oasis is only a few kilometers in radius, with big green trees and spring shrubs.

However, the strangest thing is.

When all the howling gusts of wind hit the sky above this place, it was like a sudden encounter.

It was a direct detour!

Ahead, the cold wind stopped.

He turned to look at the crowd, with a flattering smile on his face again.

"Everyone, you need to wait for the time to enter the secret."

"Let's stop here for a while."

After Chen Feng nodded, Han Yifeng turned around and stepped into the oasis.

Behind Chen Feng, Fairy Yuheng and the others showed hesitation.

They approached Chen Feng and asked in a low voice.

"Chen Feng, there is weird everywhere here."

"Can we really believe this cold wind?"

In response, Chen Feng just smiled slightly, and then took the initiative to move away.

"Go in first."

He knew everything in his heart.

On the contrary, Shen Siqin beside him, after seeing Chen Feng's reaction, his complexion immediately became more relaxed.

He looked at you in a relaxed tone.

"Don't worry, everyone, looking at him like this, the problem shouldn't be a big deal."

After all, Shen Siqin was as resourceful as Chen Feng.

After getting along with each other during this period, everyone has already understood.

He said so, everyone relaxed, followed Chen Feng, and came to the oasis together.

Strange to say.

When a few people entered the oasis range.

The sharp wind whistling in the ears, the sound suddenly disappeared!

Taking a step back, the gust of wind suddenly sounded!

"Here... it's like a world of its own."

Ning Changfeng couldn't help but sigh.

Han Yifeng was very conscious and proactively informed.

"This is indeed a world of its own."

Hearing this, everyone looked at him together.

Han Yifeng continued to explain with a slightly flattering smile on his face.

"Actually, we have come to the entrance of the secret realm."

"It's just that this entrance only appears every day."

"So, you can rest assured and rest here first."

Hearing this news, everyone immediately started to inquire around.

But even if they turned the entire oasis upside down, they never saw the entrance to the secret realm.

Han Yifeng stood by and looked at them with a smile.

Don't say anything.

Soon, everyone simply set up a few camps.

Just when Fairy Yuheng was about to go to rest, Chen Feng suddenly called her.

"what happened?"

Fairy Yuheng looked back.

Chen Feng looked as usual and walked towards her.

"I ask you for something..."

The two walked into the camp side by side, and the special barrier immediately isolated the spiritual consciousness of the others.

Moon stars are rare.

The squally wind outside the oasis still roared non-stop.

And not long after.

An extremely mysterious place in the far distance suddenly broke out extremely terrifying movement!

boom!

Hundreds of miles in radius, the land is cracked!

Somewhere underground.

The demon lord back then suddenly opened his eyes again.

In those eyes, it seemed that crimson flames could still be reflected.

"what happened!"

"Why the blood of that thing disappeared suddenly!"

The person who spoke was the Red Flame Demon Venerable!

At this time, he was still shrouded in a cloud of blood, unable to see the specific appearance.

At the outermost periphery of the blood mist, red spots of light poured into his body continuously.

As the Chi Yan Demon Venerable was surprised, the huge blood mist around him suddenly surged violently.

Within a breath, all the blood mist was absorbed into the body of the demon lord.

The demon lord finally showed his honor.

The green eyes have long turned into crimson!

This is his normal state.

After the Red Flame Demon Venerable repeatedly felt several times, his expression became more and more serious and cold.

The Tianyuan Little Demon whose spiritual consciousness was sealed is currently completely unable to lift the seal on the spiritual consciousness by itself.

And to converge the breath, it is necessary to restore spiritual consciousness!

For a moment, Chi Yan Demon Venerable was shocked and surprised.

"Could it be that the White Elephant Demon Venerable has released the seal?"

Before he finished his words, he immediately stretched out his hand and randomly drew a circle in the void in front of him.

The next moment, the void that was drawn out in front of him was easily turned into a light curtain.

In the light curtain, it is exactly what the oasis in the desert looks like!

Chiyan Demon Venerable only glanced easily, and it became clear in his heart.

The seal was never lifted.

However, what surprised him was.

Through the light curtain, he actually saw the familiar figure again.

"Chen Feng!"

Red Flame Demon Venerable had never expected that he would be here and see Chen Feng again.

What was even more unexpected was that this ant, who tried to absorb his blood, had the Tianyuan Little Demon around him!

This gave him a sudden shock.

A large amount of blood mist spurted out again immediately!

"interesting....."

The cold laughter sounded again.

"You must live until I go out."

"Hahahaha!"

call!

Outside, the wind was rushing and howling.

The moonlight has disappeared unconsciously.

The sky is completely dark.

In the oasis, everyone was lying all over!

Even though he was as cautious as Chen Feng, he fell into the camp for some reason.

Inside and outside the entire oasis, there was only one figure, still as agile as electricity.

It is the cold wind!

At this moment, his eyes were dark and cold, and the corners of his lips slightly raised.

"Chen Feng, Chen Feng, no matter how rampant you are, the ridiculous thing is to the end, it is still me!"

He laughed silently.

At this moment, a thin layer of mist quietly filled the entire oasis.

It was this mist that quietly brought down everyone.

Only Hanyifeng alone was prepared.

At this time, he stood in front of a Wang Qingquan in the oasis.

With a smile on his face, with the blade of his hand, he instantly made a wound on his left arm.

The essence and blood quickly dripped into that Wang Qingquan.

Hum!

Those essence and blood are like the key to open the entrance of a certain secret realm.

The earth trembled suddenly!

The crystal clear spring suddenly boiled.

White mist soon rose on the water.

The strange fog in the oasis actually came from here!

Gululu...

The water boiled more and more violently.

After a while, this oasis of kilometers square became more and more misty.

All around seemed to be dead still.

Only the cold wind and wind stood by the clear spring.

He stared closely at the clear spring in front of him, as if waiting for something with bated breath.

As the water boils and evaporates, the clear spring begins to shrink!

The speed is getting faster and faster!

Later, the water level plummeted wildly at a speed visible to the naked eye!

Less than a cup of tea.

The clear spring, which is thousands of meters in size, has completely dried up!

The sand bottom below, all appeared.

The sediment is receding.

Rumbling--

There was a dull loud noise immediately.

The sediment at the bottom of the spring kept falling, revealing a huge gap.

The earth began to tremble!

The entrance to a dark secret realm suddenly appeared in front of the cold wind.

[Chapter 5402: The underground world opens!](#)

The entrance is so huge that it doesn't bottom out.

There are also restrictions on the detection of divine consciousness, and it can only detect within a hundred meters.

And, nothing can be detected!

As if there was just an endless abyss in front of him.

"Hahahaha..."

Han Yifeng laughed triumphantly.

He turned and looked back at several camps erected not far away.

His eyes were full of ridicule and madness.

"Chen Feng, Chen Feng, how crazy you are!"

"Every time the entrance of this secret realm is opened, there is no special method, and it will definitely be hit by the fog."

"I won't tell you, your life and death are not being played by me!"

"Now that the mystery is open, what can you do?"

The more Han Yifeng thinks, the more proud he gets.

He finally couldn't help laughing.

Last time, he was hunted down and accidentally escaped into this oasis.

At midnight, the fog was hazy and clearly visible.

In the oasis, the monks fell to the ground.

He saw a figure from a distance and used his blood to summon the entrance to the mysterious realm!

At that time, Hanyifeng had wounds on his body and he did not dare to make enemies easily.

So, he took the initiative to please, and learned a lot about this secret realm from the other party.

Oasis is actually just a cover for the entrance to the secret realm.

The real secret is the entire underground world below!

No one knows when this secret realm appeared or how it came from.

Even the ancient gods and souls in it all entered it later.

At that time, Han Yifeng's sincerity deceived the man.

Seeing that he got along well, the other party even told him how to open the secret realm.

The man also said.

If any day, if he encounters a tough enemy.

Then use ancient spirits and secrets to lure them and bring them here.

Then, just wait until midnight.

You can bring down all your opponents without using your own strength!

Sure enough!

This kind of special fog is usually difficult to detect what is strange.

If there is no reminder, even the mighty, it would be difficult to detect the difference!

Once ingested too much, after leading to coma.

The mist will slowly corrode the internal organs of the practitioner.

Even Dantian!

In the end, the flesh and blood of those people will be swallowed by the dense fog.

Even the roots and bones will not stay!

Han Yifeng felt very happy.

He was refreshed when he thought that Chen Feng and others would have no bones.

However, just when he was about to enter the secret realm, his footsteps suddenly stopped.

The smug look on Han Yifeng's face stiffened on his face for some unknown time.

His pupils shrunk slightly and his face looked suspicious.

Can't seem to believe what happened.

The legs that stepped into the air came back alive.

Then, turn around.

Han Yifeng stared at the camp.

"How... how is it possible!"

His throat rolled up and down, only feeling dry and dry.

how can that be?

All Chen Feng, who had obviously lost their breath, suddenly recovered their breath!

In the camp, the candlelight flickered, reflecting shadows.

Chen Feng and others stood up one by one.

Reaching out and gently flirting, the camp was opened, and the people inside filed out!

The leader is Chen Feng!

With a smile on his face, where is he half-pointed in the fog?

"This is impossible! How could you be unscathed?"

Hanyifeng was almost scared to death!

Chen Feng's previous performance clearly did not know the existence of this secret realm.

If you don't know, how can you predict it?

I saw Chen Feng baring his teeth and a smile on his face.

"That's what you want to know?"

"It's not that I can't tell you."

Chen Feng came slowly, and every step he approached made the cold wind even more frightened.

"Because I planted a demon heart into you."

"Everything you think and feel is already under my control."

"From the beginning, I knew it."

The cold wind finally couldn't stand up, and immediately fell to the ground with a butt.

He was completely dumbfounded!

It turns out that the horror strain rooted in the depths of his spiritual world actually has this effect!

Doesn't that mean that from the very beginning, Chen Feng's conspiracy was completely seen by Chen Feng?

Thinking of this, Han Yifeng's scalp numb.

His face was gray, and he finally realized how stupid he was!

"Next, choose your own way of death."

Chen Feng fluttered a word.

But the cold wind is very clear--

Chen Feng is serious!

He has an absolute killing intent on himself!

Han Yifeng regretted it completely.

He struggled, kneeling on the ground and desperately crawling in front of Chen Feng.

"Chen Feng, I was wrong!"

"I was really wrong!"

"Don't kill me! You can do anything you want, please don't kill me!"

But it's too late to regret!

In a screaming scream, Chen Feng turned his hand and revealed the broken knife.

The cold light shoots!

The knife was whispering, shaking with excitement.

Han Yifeng's pupils shrank suddenly, and he violently retreated, trying to rush into the dark secret entrance behind him.

But how could Chen Feng give him a chance!

Today, the cold wind will die!

The magic strain soared wildly, directly piercing the spiritual world of the cold wind.

There is a flash of silver light.

The begging for mercy and the screams stopped abruptly.

The cold wind is no longer useful.

Chen Feng didn't even look at him, only let the Tianchou Beast Slave search for the treasures on his body.

And he himself, went straight to the edge of the secret realm entrance.

Everyone followed him, looking towards the abyss ahead.

"Just jump in?"

Fairy Yuheng asked.

Chen Feng nodded and looked back at everyone.

"I'll go in first, and I'll let you in if there is no problem."

After speaking, he touched the ground with one foot, his body lifted into the air lightly.

Jump down!

The entrance to the dark secret realm swallowed Chen Feng instantly.

It looked like a giant beast with a big mouth.

Chen Feng kept falling, and suddenly, his eyes suddenly opened up.

A white light and shadow stimulated Chen Feng to subconsciously narrow his eyes.

At the same time, he suddenly found the real thing under his feet!

But without waiting for him to stand still and see his surroundings clearly.

An instinct is telling him that danger is approaching!

Chen Feng immediately changed color.

boom!

There was a loud noise suddenly.

Without waiting for Chen Feng to react, his sword and energy exploded.

Sword Qi is extremely fierce, as fast as lightning!

At this moment, the survival instinct drove Chen Feng to flash aside.

Almost at the same time, where he was originally standing, the earth trembled suddenly.

At this time, Chen Feng's eyes had adapted to this underground world.

The picture before him became clear.

This is a mystery, clearly a vast underground world!

Above the "sky", there seems to be a scorching sun embedded in it.

Illuminate the whole secret realm as bright as day!

At this moment, they are standing on a high mountain.

This mountain is steep and rocky.

Where he originally stood was actually cut off a mountain top by life!

The boulders fell down the cliffs.

In the distance, loud noises echoed constantly.

However, before Chen Feng had a reaction, the next fierce and unparalleled sword aura struck again.

[Chapter 5403: The strongest of the sky! Bihai Ziluocao!](#)

"The one who grabs my blue sea purple grass, die!"

Chen Feng heard this vaguely.

In the next instant, great pressure fell overwhelmingly.

What Bihai Ziluocao...

Before he could speak, Jian Guang came sternly.

Can't let him pause for a while!

Chen Feng had to change his shape again, and this was able to avoid this second deadly sword aura.

At the same time, he released his spiritual consciousness outward.

In an instant, the picture with a radius of over a hundred meters is at a glance!

Although this secret realm has restrictions, the scope of divine consciousness can spread is limited.

But it is enough!

At this time, Chen Feng finally understood why he was hunted down as soon as he came up.

On the top of the mountain, less than a hundred meters away from him, there is a blue-purple exotic grass growing!

The exotic grass is shining and radiant.

The branches will not be shown!

However, every time it expands, its fragrance becomes three-point rich!

Chen Feng took a deep breath.

Suddenly feel refreshed!

At the same time, in his spiritual world, suddenly golden light shines!

Chen Feng's heart shuddered.

"This kind of weeds is of great benefit to people's spiritual world!"

Just taking a breath can have this miraculous effect.

No wonder it will attract others to covet it!

At this time, the invading man finally eased the gods.

He temporarily stopped the attack and looked at Chen Feng, frowning slightly.

"You are also from the top of the sky?"

This is another surprise of Chen Feng.

The master of sword qi is also a fairy from the top of the sky!

Not only that, there are more than ten people behind this person a few miles away!

Those people all carried the breath of the top of the sky.

For a moment, Chen Feng even wondered if all the immortals in this world had gathered here.

"Who are you?"

Chen Feng looked at the hands-on person.

I saw that the man had a stalwart figure, a slightly darker complexion, well-defined features, and deep eyes.

The most important thing is that the breath released from his body is full of the second hole of the Ten-square Cave Heaven Realm!

Chen Feng couldn't beat him!

Behind the man holding the sword, the immortals onlookers in the distance were whispering.

"Someone dared to **** the strange grass from Jun Ruxuan."

"Courage is commendable!"

"Hahaha, what courage is commendable, it is obviously looking for death!"

"Who doesn't know what Jun Ruxuan fancy, once there are obstacles, blood will inevitably be seen."

"But, did you notice just now?"

"How did that thin man suddenly appear here?"

...

Jun Ruxuan?

Chen Feng frowned slightly.

He was on the top of the sky and had never heard of this person.

Is it well known?

At the same time, Fairy Yuheng and others who were still outside the entrance to the secret realm were already extremely anxious.

They used the Sanhua Contract to constantly call Chen Feng.

But for some reason, Chen Feng seemed to have suddenly lost track.

There is always no response!

"No, no matter what, I have to go in and see!"

Before the words fell, the Tianchou Beast Slave jumped to the entrance of the secret realm.

And when he jumped up, Chen Feng's voice rang in the three people's minds.

"The three of you, as soon as you come in, you will form a three-flower gathering circle!"

A simple sentence is enough to explain the situation.

Everyone no longer hesitated, and jumped into the secret realm entrance together.

In the next instant, four golden beams of light rose into the sky.

A force that did not belong to them quickly poured into their bodies.

Flowing to the limbs and corpses!

The four of Chen Feng's breath is connected to each other, and they skyrocket!

Soon, he broke through the second hole of the Shifang Cave.

As soon as the change appeared, the man with the sword suddenly changed his expression.

"There is actually a helper!"

"I want to see how you can fight with me based on your trash!"

Jun Ruxuan's body burst into red light.

Under his impetus, the flying sword in his hand slammed out!

Jianguang strangling, with great power!

There was a buzzing sound.

That's the movement that the sword spirit will make when the sword spirit battle is in full swing.

The next moment, Chen Feng's hand saw the broken knife immediately.

The golden light burst out suddenly!

Endless killing intent flashed out from the knife.

For a time, with one sword and one sword, there is no difference in power!

Seeing this scene, Jun Ruxuan's eyes lit up.

A violent belligerence came out quickly.

"Somewhat capable."

"But, it's not enough!"

The voice has not fallen,

There was a sonorous sound in everyone's ears.

The second silver-rim snow wave long sword appeared!

The endless red light is stacked, and the sword energy is directly improved.

Approaching the pinnacle of the second cave of the Shifang Dongtian realm!

"puff--"

Chen Feng's four faces were all white.

Then, Qi Qi opened his mouth and spurted red blood!

Even with the blessing of the Three Flower Gathering Array, their original cultivation strength, after all, could not be restrained, and they were defeated!

Chen Feng stood at the forefront of the four-person team.

With the rapid attack of supreme sword energy, he was the first to bear the brunt and flew out.

boom!

"Chen Feng!"

"Big Brother!"

For a while, everyone behind Chen Feng suddenly became worried.

Tiancun Beast Slave, Fairy Yuheng and Shi Lingxi were also seriously injured.

However, it is better than Chen Feng.

"Who is this Jun Ruxuan?"

Chen Feng's voice sounded hard in the three people's minds.

Shi Lingxi seemed to be no stranger to this name.

She spoke directly.

"It turned out to be Jun Ruxuan!"

"As soon as you see him, don't worry about who Jun Ruxuan is."

"Either flee, die, or kill him!"

"Don't look at other people's appearances, they are actually a full-blown madman."

"Moreover, it's pretty unreasonable!"

"Once you provoke him, the consequences will be disastrous!"

When Chen Feng heard this, he made a decisive decision.

"withdraw!"

If you can't beat it, run away!

Besides, he has no grievances with this Jun Ruxuan at all.

As for the Bihai Ziluocao, he had no intention of snatching it!

"Want to run?"

"Where is that easy!"

"Since you are here, let me stay here forever!"

Then, a crazy laugh came from behind.

At this moment, Chen Feng understood what Shi Lingxi meant.

This Jun Ruxuan, where is a belligerent madman.

He is clearly a murderous maniac!

Even if someone has nothing to do with him, as long as he catches the opportunity, he will never let it go.

But his cultivation base is even above everyone else!

In the next moment, the terrifying coercion, accompanied by the dense scarlet sword net, overwhelmed the sky.

Everyone's complexion changed suddenly.

At the moment of critical survival--

Boom!

A thunderbolt rises on the ground!

Thunder robbery!

Chen Feng suddenly opened his eyes and looked back in surprise.

A dazzling lightning fell from a high altitude and hit the dense sword net in an instant.

boom!

The **** arc of light collapsed instantly!

The powerful pressure that made people almost breathless, also fell apart at the same time!

The void began to oscillate.

The world suddenly changed color!

Even though they were in the underground secret realm at this time, above this weird high sky, there were still dark clouds in an instant.

No one thought that someone would break through at this time!

Chen Feng looked behind him.

[Chapter 5404: Horrible opponent! Fight to death!](#)

A few miles away, the Tiancun Beast Slave's eyes were stunned.

All over!

Yes.

Since gaining the ability to plunder, the cultivation base of the Tianchou Beast Slave has progressed by leaps and bounds.

He has stayed in the Half-Step Cave Heaven for a long time.

However, despite this, choosing to break through at this time is really a last resort.

Jun Ruxuan's strength is really too strong!

And his appearance was completely unexpected.

It can be said that there is no defense!

Otherwise, the tactics of Chen Feng and Shen Siqin may not cause such unfavorable scenes at the moment.

A thick dark cloud soon condensed above his head.

In the thundercloud, countless lights flickered, brewing in it.

The dull roar kept ringing.

Click —

A thunder light pierced through the thunderclouds, cutting through a bright gap in the sky without the sun.

The dim sky was dazzling in an instant.

It fell silent in the darkness in an instant.

These are the three thunder tribulations that are going from the Star Soul Martial God Realm to the Shifang Dongtian Realm!

Above the dark clouds, the color of thunder and lightning is constantly changing.

At first it was ordinary blue-purple and silver-white, but later it gradually showed blood.

The electric light crackled and rang!

"Hahaha..."

At this moment, Jun Ruxuan's bold laughter sounded.

I saw him grinning grinningly, raising his eyes coldly, and looking at Tiancun Beast Slave and others.

"Why, a thunder tribulation in the ten-square cave sky realm, think it can be used against me."

In the next instant, an even more vast sword aura oscillated from his body!

The aura of the second cave of the Shifang Dongtian realm suppressed the thunderclouds in the sky in an instant.

Chen Feng's face was gloomy as water.

"No way."

"Tian Can not only can't kill Jun Ruxuan like this, he will definitely die!"

His mind was running wildly.

Even, he had already made a desperate plan to stop Jun Ruxuan.

No matter what, you must not just watch your brother die!

In Jun Ruxuan's arrogant and rampant laughter, everyone couldn't help but feel a trace of despair.

Tiancun Beast Slave looked at Chen Feng even more.

"Big brother, I'll stop him."

"You guys go quickly!"

His face already had a sense of decisiveness!

All of a sudden, a sorrow spread.

It seems that everyone has decided that the current situation has become a settlement.

No one can save the beast slaves!

"Hurry up!"

"Chen Feng, don't disappoint your brother's kindness!"

Shi Lingxi shouted, her figure flashing far away.

However, no matter how others are, Chen Feng always stands in place.

not moving at all!

He would never leave his brother!

"Think about it!"

At this moment, Chen Feng's brain is running fast to the extreme.

Everything happened so fast!

As a result, the hole cards he can use in his hand cannot be used directly at all.

Otherwise, the beast slave will suffer.

Jun Ruxuan, who was not far away, seemed to be unable to wait any longer.

He grinned, and the long sword once again lit up with dazzling light.

The surging sword aura was as fast as lightning, and it pierced directly at the heavenly beast slave!

"not good!"

Chen Feng immediately changed color.

Without saying anything, he flipped his hand to take out the Qingqiu Broken Blade, and rushed forward desperately.

No matter how the Tiancun Beast Slave resisted, he absolutely couldn't stop Jun Ruxuan's deadly sword!

However, there is a shadow, faster than him!

Click — —

At the moment when the Shocking Sword was about to stab the Heavenly Remnant Beast Slave, I saw the void in front of him suddenly twisted.

A space tunnel suddenly appeared.

At the same time, another thunder struck the sky.

The loud noise reappears!

At almost the same time, the thick thunder light fell on the brilliant sword energy.

boom!

The next moment, I saw the blood-red figure, grabbing the Heavenly Remnant Beast Slave.

Drag him directly into the space tunnel.

Everything happens between the electric light and flint!

Too fast to be overwhelming!

Chen Feng's eyes widened, and Shengsheng stopped.

It's Fairy Yuheng!

She unexpectedly released all the cultivation bases, causing Thunder Tribulation!

Double Thunder Tribulation!

An unprecedented scene!

Tiancun Beast Slave and Fairy Yuheng both caused Thunder Tribulation, just to tear a ray of life in the mortal situation.

Chen Feng's throat was tight, and the knuckles of the handle of the broken knife were tightly white.

No one knows better than him, how strong those three thunder tribulations are!

Even if you go all out and make all-out preparations, you will not have a 50% chance of going through it smoothly.

What's more, such a terrible situation right now!

The thundercloud above his head immediately swelled wildly at a speed visible to the naked eye.

The rumbling sound continued.

This Fang Huanyu seemed to be the end of the world, and he couldn't see his fingers.

The wind howled, lightning and thunder.

Within a radius of tens of miles, towering giant trees broke down one after another.

In the chaotic lightning, the life was chopped into charred wood!

call--

I don't know where, a fire suddenly started.

Fueled by the strong wind, the fire raged instantly.

Soon, the small half of the mountain was plunged into a sea of flames!

The void became more and more hot.

But, at this time, no one cares about these.

The two cause Thunder Tribulation at the same time, which will undoubtedly affect each other.

The destructive power has never been seen before!

Even Jun Ruxuan, who was grinning, looked up at the thundercloud that was as thick as a city wall and as heavy as Mount Tai.

His eyes finally took on solemnity.

Chen Feng's eyes were red, and he almost gritted his teeth to hold back the roar.

The horrible atmosphere descending from high altitude is really rare!

Even if it was him, he was completely unsure of being able to hold on.

He really couldn't imagine how Tianchou Beast Slave and Fairy Yuheng could survive.

However, no one can approach at this time!

Not only couldn't get close, but had to leave the thundercloud range quickly.

Otherwise, their existence will also affect the two!

Once the thundercloud is intensified, the two of them are very likely to be smashed into ashes!

At this moment, Fairy Yuheng turned his head to look at the Tiancun Beast Slave.

The two of them, on the contrary, are the calmest existence under this sky.

Tiancun Beast Slave noticed Fairy Yuheng's gaze, and the two smiled at each other.

Can't tell whether it's relieved or confident.

Then, the two of them looked at Jun Ruxuan who was not far away, with great understanding.

At this moment, Jun Ruxuan, a murderous madman, suddenly had a very bad feeling in his heart.

Although it is still the thunder calamity of Shifang Dongtian realm.

But the destructive power caused by the double thunder robbery, even if it was him, he did not dare to entrust it!

"Where to run!"

Fairy Yuheng yelled, and stretched out his hand to catch the Tiancun Beast Slave.

The two immediately disappeared in place.

Crossed the void and appeared directly in front of Jun Ruxuan!

At the moment when the two of them appeared, above the sky, the first sky thunder crashed down!

boom!

A shocking thunder pillar with a diameter of tens of meters burst into the sky!

At that moment, the world was red!

The blood-colored thunder pillar glowed with endless gloom, and made no secret of the vast murderous aura.

It doesn't give people a half life!

The red light reflected on the faces of Jun Ruxuan, Tianchou Beast Slave and Fairy Yuheng.

[Chapter 5405: Bihai Ziluocao!](#)

The expressions of the three are different.

Mad like Jun Ruxuan, there is only fear on his face at this moment!

He exploded wildly with all his strength, his sword aura shot to the extreme, he just wanted to withstand this terrifying double thunder and lightning.

The bitter murderous intent seemed to crush the world.

The next moment, Chen Feng and everyone in the distance temporarily lost their five senses!

It was dark in front of me.

No sound can be heard in the ears.

The only thing I can feel is the earth, trembling crazily!

At this time, Chen Feng fell into endless worries.

He eagerly wanted to know whether his friends and brothers that he cared most had survived!

The first thundercloud of the Double Thunder Tribulation is comparable to the sum of the last two thunder Tribulations!

Fortunately, after half a breath, the five senses returned.

Chen Feng stared at the front.

But on the top of the mountain far away, there was only one figure left!

It's Jun Ruxuan!

Jun Ruxuan at this time was scorched and bloody.

The silver edge snow wave long sword in his hand was broken into two halves.

The rest is half, head down on the ground by the feet.

At the same time, the land with a radius of nearly 100 meters has become scorched earth!

Nothing grows!

This scene is really shocking.

It was just the first thunder and lightning that had already given birth to Jun Ruxuan, who was in the second cave of the Tenfang Cave, seriously injured!

However, at this time, Chen Feng had no time to focus on him.

He is looking for Fairy Yuheng and Tianchou Beast Slave!

"Impossible... absolutely impossible..."

No matter how powerful it is, this is only the first thunder calamity after all.

Fairy Yuheng and Tianchou Beast Slave, although not necessarily as amazing as Chen Feng.

But in front of ordinary warriors, he is proud enough!

The two can never be easily smashed by this thunder!

His eyes moved quickly.

Sure enough, I saw the two of them thousands of meters away.

The heart that almost hovered to the throat fell back slightly when he saw the two.

I saw Fairy Yuheng and Tiancan Beast Slave, supporting each other, breathing heavily.

Both of them, although embarrassed.

But the unexpected is much better than expected!

"How is this going?"

Behind Chen Feng, Shen Siqin, Ning Changfeng and others couldn't help but stare.

Even Jun Ruxuan can hardly resist the horrible double thunder robbery, why are they not embarrassed?

It's a pity that the thunder tribulation just happened too quickly.

No one can see clearly.

I am afraid that only the two Tianchou and Beast Slaves know it.

At this moment, the second terrifying thunder robbery broke out!

At the same time, it is no different from other people's thunder tribulations, and before this second road completely falls, the third sky thunder will also follow!

Between heaven and earth, dazzling light broke out again.

Stabbed everyone's eyes into tears!

At the same time, the blood rained down instantly between heaven and earth.

Chen Feng couldn't help closing his eyes, and the eyes were full of blood red!

The two sky thunders under Shuanglei's robbery fell down at the same time.

The destructive power caused is even more unimaginable!

In a trance, the ears of the crowd seemed to be screaming from countless creatures.

An atmosphere of despair filled everyone's hearts at this time.

"This sky thunder has surpassed the second cave sky peak of the Shifang Cave Heaven Realm!"

"They can't hold it anymore!"

Amidst Shen Siqin's desperate cry, the sky fell.

boom!

Boom!

At the last moment, Chen Feng noticed something unusual in an instant.

The two terrifying sky thunders aimed at, unlike the previous location of Tianchou Beast Slave and Fairy Yuheng.

On the contrary, it seems to have struck Jun Ruxuan!

How is this going?

As soon as the thought came out, the void trembled crazily.

But this time, after three full breaths, everyone recovered their five senses.

As soon as he recovered, everyone couldn't wait to look at the place where the sky thunder fell.

Just now, at the last moment when he lost his five senses, he keenly caught some sounds.

It was the sound of crazy bones breaking!

Even Chen Feng has already experienced countless lives and deaths, and suffered countless injuries.

But when he heard that voice, he still felt cold all over his body.

He was very clear in his heart.

The sound of clicking, the broken bones must be turned into powder!

Even recovery is impossible!

Who will it be?

Tiancun, or Yuheng?

For a moment, Chen Feng didn't even dare to see the result.

After the sky thunder was completed, the blood-colored thunderclouds of endless horror and low, like the spring of snow.

Dissipated quickly!

The sky and the earth soon became clear again.

The "big day" still shines.

Only smelling the burnt smell in the nose, and the large black scorched earth in front of me, silently told everyone.

What happened here!

Chen Feng rushed over.

On the mountain, there are already cracks everywhere!

The entire hill was chopped into flat ground by those three thunder tribulations.

Among them, there is also a deep pit.

Chen Feng's consciousness quickly penetrated into it.

He saw a puddle of meat!

Beside the muddy flesh, there was a...fragment of the Silver Edge Snow Wave Long Sword!

The amazing Double Thunder Tribulation can actually blast an 8-Rank magic weapon into pieces!

Chen Feng's heart quickly fell.

There is no doubt that this stall of meat mud is Jun Ruxuan!

However, as strong as Jun Ruxuan, under this terrifying thunder tribulation, he was also blasted into flesh.

Where's Tianchou Beast Slave and Fairy Yuheng...

He clenched his hands into fists, his eyes were reddish with tears in them.

However, at this moment!

An exclamation came from not far away.

Chen Feng turned his head suddenly, and instantly saw many people rushing in one direction.

A thousand meters away, there are two figures!

The two figures were ragged, scorched and bloody.

Even human faces are hard to distinguish!

However, there is clearly a faint breath!

Chen Feng was shocked instantly.

Those two figures were indeed the Tiancun Beast Slave and Fairy Yuheng!

For a time, his heart burst out with great joy and great anxiety.

I am overjoyed because Tiancun Beast Slave and Fairy Yuheng are still alive!

But they are dying!

The breath of the two is weak, and it continues to weaken.

If there is no turning point, they will not escape death!

Without saying a word, Chen Feng directly hit all the magical pills and precious medicines in his hand at the two.

Suddenly, on this scorched earth, the aura is flourishing!

The aura of the endless world was guided and poured into the two bodies continuously.

Ning Changfeng and others quickly came to Chen Feng and joined the rescue team.

However, they soon realized that something was wrong!

Although a steady stream of divine pills and precious medicines were poured into the body of Tiancun Beast Slave and Fairy Yuheng.

But these pills can only hold them in a sigh.

Can not achieve the recovery effect at all!

"How to do?"

At this time, Shen Siqin had no choice.

Everyone looked at Chen Feng together, hoping he could think of something.

Chen Feng's pupils kept trembling.

Suddenly, he raised his eyes sharply!

"Bihai Ziluocao!"

"Here is Bihai Ziluocao!"

Actually, Chen Feng didn't know how effective Bihai Ziluocao was.

[Chapter 5406: The only hope!](#)

But this is the only hope at the moment!

The reason why Jun Ruxuan appeared here was precisely that special strange plant.

When he first entered this mysterious underground world, Chen Feng took a breath.

Even 100 meters away, his spiritual world is of great benefit.

It's even harder to persuade what an amazing effect it will produce!

Without saying anything, Chen Feng turned to look at the top of the mountain.

However, after just one glance, his heart was shocked.

Just now the world is turbulent like that!

The damage caused by the double thunder robbery has a wide range!

Half of the mountain was destroyed for life.

Completely razed to the ground!

Can the Bihai Ziluocao still survive?

Wouldn't it have already turned into a fan?

Seeing Tiancun Beast Slave and Fairy Yuheng are at stake, every second delay may cause unacceptable consequences.

Chen Feng straightened up, his spiritual consciousness widened!

In an instant, all corners within a radius of several hundred meters were covered by him!

"Still!"

Everyone could only hear Chen Feng's voice.

In the next moment, his figure disappeared in place.

I saw in the ruins in the distance, I could still see a faint radiance.

The scent of exotic grasses once again diffused with the mighty calm of the world.

Everyone smelled a fragrance.

Refreshing!

Everyone looked in the direction where the fragrance came.

Then, they all changed color!

The original mountain top, although it has been chopped into flat ground by the terrifying sky thunder.

But there is a place in the "flat land" that should have no grass, but it is strangely unscathed!

Whether it's a thunderstorm or a storm.

All weirdly bypassed the five meters around Bihai Ziluocao!

At this time, the Bihai Ziluocao was still purple-blue, crystal clear.

Its branches have completely stretched out.

The breath released is more intense!

At this time, it spread to everyone, and was naturally absorbed into everyone's body.

For a while, everyone was shocked.

Generally the same as Chen Feng's previous feelings.

"This is incredible!"

"Why is Bihai Ziluocao unscathed under such double thunder disaster?"

"Never mind these, this Bihai Ziluocao does have miraculous effects."

"If Chen Feng can pick it up and give it to the two, it might really be possible to save his life!"

Everyone saw hope one after another.

They tried their best to hang on to the last breath of Fairy Yuheng.

At this time, Chen Feng was as fast as a ghost.

When everyone was discussing, he had already appeared in front of the Bihai Ziluocao.

The moment he appeared, it coincided with the last branch, which completely stretched out.

Endless fragrance, like an explosion.

A weak wave of air hit Chen Feng's face head on.

Suddenly, Chen Feng only felt that the spiritual world trembled crazily.

At the same time, his whole body, even his life origin, has been greatly supplemented.

The more such a miraculous effect, the more hope in Chen Feng's heart.

Without expression on his face, he reached out directly.

Hum!

Accompanied by a low moan, his hand was actually intercepted by a soft and strong force!

No matter how fully he runs the technique, he can't get closer to Bihai Ziluocao any more!

"How is this going?"

In the distance, Shen Siqin and the others immediately widened their eyes.

They also paid close attention to Chen Feng's situation.

At this moment, Ning Changfeng suddenly thought of something and suddenly said.

"I remember."

"This is Bihai Ziluocao! It has the miraculous effect of creating bones and living dead!"

"The most special thing is that it is not a strange grass unique to the world!"

As everyone's eyes cast on, Ning Changfeng became more and more excited.

"I even suspect that Jun Ruxuan may be considered good. During this time, the Bihai Ziluocao will mature here."

"Therefore, I specially came to participate in this endless killing advanced battlefield mission!"

Shen Siqin on the side interrupted him directly.

"Talk about the point."

"How can I take off this kind of thing?"

Ning Changfeng collapsed immediately and shook his head.

Seeing his reaction, everyone immediately sighed.

For a time, all the hanging hearts fell.

However, Ning Changfeng seemed to have thought of something suddenly.

He turned to look at Chen Feng and shouted loudly.

"Chen Feng, there are some Jun Ruxuan's men over there!"

"You go to search for their spiritual knowledge!"

Upon hearing these two sentences, Chen Feng instantly understood what Ning Changfeng meant.

Yes, everything happened too fast.

Jun Ruxuan brought a lot of entourage!

Just when they were fighting, those followers followed Chen Feng and them, and they also retreated again and again.

But, did not leave!

After all, no one would have thought that Fairy Yuheng and Tiancan Beast Slave would be so crazy.

Even more would not have imagined that Jun Ruxuan, who was in the second cave of the ten-square cave, would actually die in the hands of a group of people far inferior to him!

When Chen Feng's gaze scanned them, chills arose in everyone's hearts.

The surrounding void seems to be stagnant suddenly!

There is no room for them to struggle and escape at all!

Compared with Jun Ruxuan, these subordinates who also came from the top of the sky have a much weaker cultivation base.

Among them, the strongest is no more than the peak of the twelfth floor of the Star Soul Martial God Realm.

Chen Feng immediately mobilized the heaven and earth to reincarnate with all his strength.

To deal with these people, he doesn't even need to use the magic heart.

In the space of repetitive reincarnation of heaven and earth, a blue light burst into the first huge eye.

Those immortals who were frightened and wanted to flee, instantly froze in place!

For them, Chen Feng's mental impact is no less than Jun Ruxuan.

They have no resistance at all.

After a breath of time, Chen Feng searched for the answer he wanted to know from the spiritual consciousness of those people.

"Using mental power to transform the shape outside the body can we pluck the Bihai Ziluo grass."

"Only pick the branches that have been stretched."

"One can save a life."

Chen Feng immediately understood.

He turned his head back in an instant, and swiftly retracted his hand that was approaching Bihai Ziluocao.

Instead, there is a special force!

The majestic golden mental power soon turned into shape in front of him.

After a while, there was a hand floating in front of Chen Feng.

That hand was golden all over, glowing with scorching light.

Behind him, Shi Lingxi and others looked different.

"Chen Feng's mental power is actually golden!"

"Not only that, he can actually be here easily and externalize his mental power!"

How powerful is this spiritual world?

At this time, that golden bare hand was slowly approaching the Bihai Ziluocao.

as predicted!

Just like the result obtained by searching for the soul, the bare hand formed by mental power came to the front of Bihai Ziluo without any hindrance.

There are a total of four complete branches in the Bihai Ziluo grass in front.

It pretends to be coral, stretching out irregularly.

[Chapter 5407: Yuheng, God Can! resurrection!](#)

But it is a little more flexible.

Under the breeze, the branches will sway with the wind, soft as boneless.

Chen Feng gathered his mind, grabbed two of them, and picked them with force.

The two branches were picked off easily.

However, at the moment Chen Feng took it off, a refreshing rich aroma suddenly broke out again!

The scent penetrated everywhere and quickly penetrated into every corner of Chen Feng's body.

Once the rich fragrance entered his body, it immediately produced an extremely powerful impact.

Spiritually satisfy hunger!

And it was this wave of mental shock that made the externalized golden bare hands tremble violently on the spot.

Chen Feng's face was pale.

The scouring effect of Bihai Ziluocao on the spiritual world is really too great!

Far beyond his expectations!

This erosion is not even an ordinary mental attack.

It's an extremely appropriate fusion!

When the outside-shaped golden bare hands grabbed the purple-blue branches, the erosion that resisted the spiritual world came like a frenzy.

This comfortable feeling almost made Chen Feng groan.

His tense spirit unconsciously wanted to soften and relax.

But unfortunately, once he relaxes slightly.

The golden bare hands will fall apart!

He couldn't catch the branches of Bihai Ziluocao!

And the branches of Bihai Ziluocao, once they fall from the mother body, they will wither immediately!

Once withered, all auras will disappear in an instant!

The hope of Tiancun Beast Slave and Fairy Yuheng's improvement is even more slim!

"Do not!"

At this moment, Chen Feng shouted crazy in his heart!

He was a bruised mob with bloodshot eyes.

Even slapped a palm on his thigh.

He wants to use physical stimulation to transfer the stimulation on the spiritual level!

Everyone behind him exclaimed again and again.

They could see how difficult it was for Chen Feng to fetch those two branches.

But never expected that Chen Feng would be so embarrassed.

Only with the means of self-defeating 800 can we maintain mental peace.

Finally, in the frightened eyes of everyone, the golden bare hand split into two.

Holding a purple-blue branch in one hand, it penetrated into the two of them.

As soon as the purple-blue branches fell on the two of them, they immediately seemed to be greatly stimulated.

In the blink of an eye, the branches curled tightly and shrank.

It was actually condensed into two purple-blue treasure pill the size of half a nail!

In the eyes of everyone, Bao Dan seemed to be visible, and proactively explored the second population.

boom!

A strong and domineering breath, caught off guard against the outbreak!

Ning Changfeng and the others were originally using Shen Dan to continue the lives of the two of them, but at this time they couldn't avoid it.

It was the breath of Tianlei!

The majestic murderous aura burst out, causing everyone to vomit blood.

What's more, he flew out directly.

"What exactly is this Bihai Ziluocao...cough cough..."

Shen Siqin was at the lowest level, and his injuries were the most serious at the moment.

Chen Feng casually waved his hand forward, and gathered the fragments of the **** pill that had never dissipated in the air.

The backhand, directly into his body.

At the same time, he grabbed Shen Siqin and retreated quickly.

"Rewind!"

Hearing Chen Feng's instructions, even if they didn't react, the others turned and left without hesitation.

Sure enough, after a while, a terrifying aura broke out again where the two heavenly beast slaves were!

It is the familiar Tianlei again!

"Why is there a breath of sky thunder?"

Ning Changfeng and others were surprised and puzzled.

Only Chen Feng, staring at the front, seemed to capture a touch of truth in his heart.

The breath of this sky thunder is very similar to the previous ones.

It can even be said to be exactly the same!

"Could it be that Tian Can used his plundering ability against Lei Jie?"

As soon as this thought appeared out of thin air, Chen Feng's heart trembled suddenly.

He stared at the beast slave in the distance.

The ability to plunder thunder robbery?

Is this possible?

Can contact the various details just now, Chen Feng thinks about it more and more feels that the truth may be the case.

Otherwise, as powerful as Jun Ruxuan, they would be directly chopped into flesh.

Why did the two of Tiancan still breathe?

Not only that, the sky thunder fell too fast just now to think too much.

But now in retrospect, the direction where the last two sky thunders fell is not the two of them at all!

It was clearly aimed at Jun Ruxuan and fell!

After several waves of the sky thunder escaped, the bodies of the two Tiancans in the distance finally gradually recovered their calm.

At this time, two or three hours have passed since Lei Jie!

Seeing that there was no longer a new aftermath, Chen Feng stepped forward immediately.

He cautiously inserted the uniform breath into the two of them, and then he immediately looked happy.

I have to say that the efficacy of Bihai Ziluocao is indeed amazing!

The broken meridians, bones, shattered internal organs, and even the world of pubic pubic organs in Tiancun Beast Slave and Fairy Yuheng were completely restored!

Not only that, at this time the breath of the two also changed.

Vaguely, Chen Feng was able to sense an unusual breath.

This is different from his current power!

Fairy Yuheng once said that once one enters the Shifangdongtian realm, the star sea world will turn into reality.

From a half-virtual and half-real state to a real galaxy located somewhere in the universe.

Extremely mysterious, extremely mysterious.

At this time, what Chen Feng felt from the two of them was the feeling of "from the virtual to the real".

This also means that the two of them have indeed entered the first cave of the Shifang Dongtian realm!

Several people who followed, also discovered this situation one after another.

For a while, everyone sighed with emotion.

Even Shi Lingxi looked a little strange and said nothing.

At this time, Chen Feng finally returned to calm after confirming that the two were basically intact.

He turned around and looked at Bihai Ziluocao!

Two branches were lost, but Bihai Ziluocao still had a whole plant after all.

After seeing the miraculous effects of Bihai Ziluocao, Chen Feng would naturally not let it go.
Moreover, it is obviously much easier to store the whole exotic weed than to take two branches.
Everyone hasn't even reacted yet.
In that place, Jinguang is flourishing!
When I came back again, Bihai Ziluocao had disappeared in place.
Chen Feng returned in strides.
In his spiritual world, it is raining heavily at this moment!
The golden mental power is constantly rolling and surging.
And all of this originated only from the floating and sinking weeds in the golden waves.
In Chen Feng's spiritual world, Bihai Ziluocao seemed extremely excited.
The two branches are constantly swaying, giving a sense of joy like a child's play.
"Well....."

A soft moan sounded.
Fairy Yuheng and Tiancun Beast Slave opened their eyes.
"Big Brother!"
"Chen Feng!"
When the two opened their eyes, they saw the familiar face of Chen Feng.
All the memories after Tianlei were back in an instant.
"Unexpectedly, I can still see you alive!"
For a time, the two of them wept with joy.
Fairy Yuheng opened her arms and hugged Chen Feng tightly.

[Chapter 5408: Turn the virtual into reality!](#)

Jiao's body trembled slightly.
Under the influence of Bihai Ziluocao, Fairy Yuheng has long been reborn.
The burnt meat and waste skin on his body were completely peeled off, and his former beautiful appearance was restored.
Chen Feng caught her smoothly.
The body in the arms is as soft as boneless.
There is also a faint fragrance that penetrates straight into the nose.

That is the taste of Bihai Ziluocao.

"I thought I was bound to die."

"But I survived!"

Fairy Yuheng buried her head in Chen Feng's chest, hugging him tightly, crying and laughing.

The crowd onlookers saw this scene with subtle expressions.

After a while, Fairy Yuheng suddenly reacted.

She saw her cheeks hot, her face was red, and she quickly withdrew.

Chen Feng smiled slightly, then calmly looked at the Tianchou Beast Slave and took the initiative to open his arms.

The two came to a sturdy bear hug.

There was a kind of laughter around him.

The previous embarrassment disappeared in the air silently.

However, excitement returns to excitement.

Chen Feng still has to say.

He looked at the two of them, their expressions regarded as serious.

"From now on, we must never take such a risk again!"

If it weren't for the Bihai Ziluocao this time, the two would definitely die!

This is unacceptable to him!

Chen Feng has been continuously improving his strength since receiving the order from the dominion of the heavens.

For, not just for yourself.

More for these friends around!

But if they died here early, what is the significance of everything that Chen Feng has laid out now?

Seeing that Chen Feng didn't seem to be joking, a warm current surged in the hearts of Tianchou Beast Slave and Fairy Yuheng.

In this immortal cultivation environment where the weak and the strong eat, it is rare for a person like him to value love and righteousness.

The two are also sincerely grateful to be friends with Chen Feng.

"Big brother, things are over, don't mention it."

"Is this not good for me now?"

Tiancun Beast Slave tried to vaguely pass.

He patted his chest and lifted his chin triumphantly.

"Furthermore, I still dare to do this with a certain degree of confidence."

Fairy Yuheng on the side also nodded in agreement.

"I cooperate with Tiancan quite tacitly."

"He is responsible for plundering the sky thunder and dispersing them to the greatest extent."

"I am responsible for teleporting!"

With this mentioned, Fairy Yuheng's eyes lit up.

This time, I made a complete breakthrough from the half-step cave and entered the ten-square cave in one fell swoop. The benefits are huge!

For the Tianchou beast slave, it is based on the plundering ability to go further.

He can divide those powers plundered!

What can be used for your own use, then used for your own use.

If it cannot be absorbed, it can be shot out as it is!

For Fairy Yuheng, that is a deeper understanding of spatial ability.

From the previous, it was necessary to form a space tunnel in front.

Right now, she can move her heart at will.

With the person you want to take, it disappears and reappears instantly!

The description of the two of them actually solved Chen Feng's doubts.

It is no wonder that under the double thunder calamity, the injuries of the two were even lighter than Jun Ruxuan.

The moment Tian Lei fell, Tian Can plundered Tian Lei's power.

Once he reached the limit, Fairy Yuheng took him to teleport.

The remaining part of the Tian Lei offensive was transferred to Jun Ruxuan by Tian Can...

Chen Feng didn't say more.

In fact, he knew better than anyone else.

Although the two people in front of me were explaining, how could the circumstances allow them to consider so much?

At that time, if they did not stand up, everyone would die at the hands of Jun Ruxuan!

The rest of the team is fine.

But Chen Feng can't die!

Fairy Yuheng also thought of this, and would take the initiative to step forward when the Tianchou Beast Slave detonated the Thunder Tribulation but it was not enough.

it is more than words.

Chen Feng remembered the kindness of the two in his heart.

Regarding Qin Baichuan's threat, his expression in his eyes became firmer.

After returning to Xuanhuang Zhongqian World, he will definitely kill Qin Baichuan within half an hour!

Seeing the two men recovered from their injuries, their cultivation base reached a new high.

Chen Feng finally relaxed.

"Then, it's time to deal with some choppy."

He turned his head.

His eyes fell into the distance.

The group of Jun Ruxuan's men who wanted to escape but didn't dare to escape, suddenly looked like a man.

A very dangerous breath came quietly...

After half an hour.

Chen Feng led the crowd all the way forward.

So far, the first mission released by the Lord of Heaven was to kill seven immortals.

Everyone is done!

Since entering this secret realm, everyone hasn't looked at it carefully.

Although it was a secret realm, it looked like a huge underground world all the way down.

And besides the mountains and rivers is the stone forest!

Extraordinarily cold!

Everyone is walking in the stone forest at this time.

Where the gods are covered, the stone forest is endless and the terrain is strange and complex.

After walking forward for a few hours, the surrounding scenery hardly changed.

"It feels like walking in a maze of grottoes."

"Will you really get to the end if you walk like this?"

...

Everyone couldn't help but began to doubt.

Among them, Ning Changfeng is the most urgent.

It has been many days since entering the world of Zhenwu, and many people have completed their missions and can return at any time.

But he hadn't even seen the shadow of the White Elephant Demon Venerable.

If this delay continues, the consequences will be disastrous!

Ning Changfeng frowned and looked at Chen Feng.

He knew that Chen Feng had searched Hanyifeng's mind.

If anyone here knows this special secret world best, it must be Chen Feng.

But he was doomed to be disappointed.

"What Hanyifeng is familiar with is the entrance to the secret realm, and little is known about this underground world."

As soon as this remark came out, everyone was obviously very dissatisfied.

Except Shi Lingxi!

Chen Feng Yu Guang glanced inadvertently, but saw Shi Lingxi who was out of place.

At this time, she followed the team absently.

It seems to be worried!

Chen Feng remained silent and quietly retracted his gaze.

Suddenly, in the stone forest, a domineering air current rose out of thin air!

Everything came off guard!

In a blink of an eye, the powerful wind was extremely harsh, blowing and beating everyone, like a knife cutting!

Not only that, everyone heard a sigh in a trance.

The sigh was deep and long, but as light as a feather, like a dream.

"Who?"

Chen Feng's eyes were sharp, trying to find the source of the sound.

But that long sigh seemed to come from nothingness.

Can't catch it at all!

The next moment, the fierce wind expanded again.

An invisible coercion slowly covered everyone.

Even Chen Feng seemed to be bound invisible and couldn't struggle!

"How is this going?"

Everyone changed their colors, not knowing what was going on.

However, do not wait for them to react.

The hurricane expanded suddenly again!

Everything was like an artificial arrangement, and everyone was instantly swept into the air.

Even if Chen Feng and others started the Three-Flower Gathering Array, it was of no avail!

In the blink of an eye, the hurricane engulfed everyone and headed toward the deepest part.

boom!

When Chen Feng landed again and opened his eyes, there was no one around him!

[Chapter 5409: betray! Chen Feng, sorry!](#)

It was pitch black, and no sound was heard.

Chen Feng immediately discovered his spiritual knowledge.

Soon, he was surprised to find that he was actually located in a huge mountain at this time!

The only certainty is that the scope of the divine consciousness is still within a hundred meters.

In other words, he is still in the secret realm at this time.

They come, the security.

Chen Feng quickly cheered up and walked forward along the narrow corridor.

"what?"

Suddenly, he was shocked.

A hundred meters away, suddenly heard the sound of Xisuzi.

The next moment, he vaguely saw two human figures, coming quickly towards him!

"Chen Feng?"

Hearing the familiar voice, Chen Feng's newly suspended heart fell slightly.

The two figures kept a considerable distance one after the other.

Simultaneously appeared within Chen Feng's spiritual consciousness.

Ning Changfeng!

Shi Lingxi!

"What about the rest?"

Chen Feng looked at the front and back of the tunnel, there was nothing else except the two.

Shi Lingxi took the initiative to speak, and said in thought.

"I just tried to communicate with Fairy Yuheng."

"She said, except for the three of us, everyone else was with them."

Chen Feng came back to his senses and immediately remembered the three-flower contract.

He immediately called Fairy Yuheng in his heart.

Sure enough, the Heavenly Canal Beast Slaves gathered together at this time, safe and sound.

Moreover, it is also in the mountains.

"We don't know where you are..."

Divine consciousness was so suppressed that it was difficult to judge the position.

But, after all, they will not be too far apart.

Otherwise, even with the Sanhua Contract, it would be difficult to communicate with each other like this.

"It seems that we have to split up."

The two men and horses went hand in hand, and each began to explore.

That weird demon wind shouldn't be accidental.

Chen Feng moved slightly in his heart and took a deep look at the front of the tunnel.

He always felt that something seemed to be waiting for them in the deepest part.

The three of them moved forward without delay.

After more than a dozen miles, the surrounding area became increasingly dark.

A biting chill quietly penetrated into the skin of the three of them.

Suddenly, the expressions of the three of them changed slightly at the same time.

A hundred meters before, there was a sudden movement of flapping wings.

A stern murderous aura, with the sudden appearance of the figure, came quickly!

"Be careful!"

Before Chen Feng's words fell, the figure appeared in front of the three of them.

The visitor should be a monster.

He is thin and small, and it is no exaggeration to call him skinny.

Only the wings on the back are extremely strong.

The wings are three or four meters long!

In addition, the comer has red eyes and no white eyes.

The whole body was covered with dark skin, and when he opened his mouth and screamed, his mouth full of fangs were exposed!

More importantly, this thin little demon clan has the strength of the Sixth Floor of the Xianyuan Realm!

Its claws are like knives, and the cold is shining.

The larynx made a very strange sound wave, echoing repeatedly in this not-so-wide corridor.

The shock made Chen Feng's three ears hum!

For a moment, the spiritual world almost received a fierce attack.

In an instant, in Chen Feng's golden spiritual world, there were violent waves!

The vast momentum immediately offset the mental shock of the Thin Little Demon Race.

"What is this?"

While evading, Chen Feng took out the broken knife and quickly swung it away.

Cang!

The pair of sharp claws hit Chen Feng's broken knife, and immediately uttered the sound of gold and stone, and sparks shot!

"what--"

The next moment, the Thin Little Demon Race spread its wings and flexibly avoided the attack of Chen Feng's trio.

It soared into the sky, gathered all its strength again, and swooped down.

Fast as lightning!

In the tunnel, fierce fighting sounded again.

Chen Feng opened his five fingers together, and the broken knife was waiting for the opportunity to move.

In an instant, the entire dark cave was illuminated!

The Thin Little Demon Race is fast, but Chen Feng is faster!

In an instant, it was cut into the body by the blade of the broken sword.

puff!

Splashing blood!

But the strange thing is that even though the body was pierced and the injuries were extremely serious, this thin little demon race did not take a step back.

It is like a puppet being manipulated, numbly attacking Chen Feng and others.

Until completely dead!

When the thin little demon clan died completely, the human-shaped body that fell to the ground quickly turned into a black bat with a large palm!

"Oops....."

When Chen Feng saw the main body, his heart shook.

He looked at the two people beside him.

"I'm afraid this kind of monster race lives in groups..."

Sure enough, the next moment, big trouble strikes!

Hundreds of bat demon races rushed towards the three of Chen Feng from the depths of the black man in front.

Moreover, the cultivation level of each one is quite impressive.

Without hesitation, Chen Feng waved his hand to interrupt the knife.

Too much to kill God!

Ning Changfeng and Shi Lingxi on the side also had to join the battle, struggling to kill the bat demon clan's invasion.

It wasn't until the last demon clan fell that the corridor became quiet again.

Chen Feng was not polite, and directly absorbed the blood of those bat monster races.

The three went on for dozens of miles.

The corridor in front gradually became wider, until after a certain corner, they finally saw something useful here.

Some messy scratches appeared on the stone walls on both sides.

These scratches looked terrifying.

Some are thousands of meters long!

"It looks like it was randomly drawn by a certain mighty man in the battle..."

Ning Changfeng immediately became excited.

He immediately thought of the White Elephant Demon Venerable!

At the same time, Chen Feng noticed that Shi Lingxi's eyes gradually became cold.

The three accelerated forward.

Soon, the messy scratches on the two walls finally turned into words!

"I am the White Elephant Demon Venerable..."

Seeing these short six words, Ning Changfeng on the side became excited.

"Hahahaha...finally found it!"

"Bai Xiang Yao Zun, I have had a hard time looking for you!"

While Chen Feng read along the text, his eyebrows became higher and higher.

"Unexpectedly, the truth would be so..."

However, at this time, Ning Changfeng had no intention of looking at this again.

He rushed forward, taking out the blood of the Tianyuan Little Demon previously collected in his hand.

Hum!

The turning sound of the deep boulder sounded slowly.

A huge stone gate was opened at the end of the secret road.

Behind Shimen, an extremely scorching light broke out!

Suddenly, the weather is overwhelming!

At this moment, Chen Feng's pupils contracted and burst back again and again.

Even in the middle of the mountains, the momentum still pierced Changhong, shaking the stars and the moon!

When the horror aura gradually dissipated, the light and shadow behind Shimen gradually appeared.

As soon as they saw the picture, the three of them took a breath.

I saw two figures in a light blue crystal tens of meters high!

The one on the right is indeed the White Elephant Demon Venerable!

The surface of the crystal is extremely hard, with complicated seal marks on it.

But inside, it looks like a colloid can flow.

The White Elephant Demon Venerable is worthy of being the supreme demon clan of a generation, although it is fixed here, there is still a supreme beauty between the eyebrows!

However, what made Chen Feng more concerned about was another phantom.

Being able to be trapped here with the White Elephant Demon Venerable, this phantom must be the soul of an ancient god!

"You guys retreat."

Ning Changfeng was very excited, and immediately stepped forward to unblock it.

At this moment, a clear apology suddenly sounded in everyone's ears.

"Chen Feng, I'm sorry."

The next moment, endless murderous aura suddenly appeared!

Chen Feng could only hear a "pop".

The three-flower contract disappeared!

Shi Lingxi shot!

Suddenly, Ning Changfeng only felt that an extremely powerful murderous aura suddenly struck behind him.

The next moment, blood shot out.

[Chapter 5410: You cheat! ?](#)

The screams sounded immediately, extremely stern!

Chen Feng returned to his senses, only to see that one of Ning Changfeng's hand was actually cut off.

The white porcelain bottle he was holding tightly had fallen into Shi Lingxi's hands in the blink of an eye!

What's inside is the blood of Tianyuan Little Demon!

At this moment, Tianyuan Little Demon was scattered with them, together with Tianchou Beast Slave and others.

If you want to lift the seal, you can only rely on the blood in this vial.

"Shi Lingxi!"

"Return the blood to me!"

Ning Changfeng roared again and again, like crazy.

However, at this moment, where is Shi Lingxi still weak and helpless before?

At this time, her aura suddenly changed.

Beautiful eyes clearly have great ambitions!

What is more shocking is her cultivation level!

Since entering the world of Zhenwu, Shi Lingxi has walked with them almost all the way.

Chen Feng had already known her cultivation strength.

But now, how weak is the breath that erupted from Shi Lingxi's body?

Obviously it is the peak of the first cave in the Shifang Dongtian realm!

Compared with Tianchou Beast Slave, Yuheng Fairy and others, their strength is even stronger!

"how can that be?"

Even Chen Feng could not help but change his face at this time.

How did she do it?

Or did she pretend from the beginning?

However, no matter what the truth is, there is no doubt that this woman Shi Lingxi has a great city!

She glanced at Ning Changfeng's fury with disdain, and sneered casually.

"Only you?"

With a crisp sound like a silver bell, what he spit out was extremely cold-blooded and arrogant words!

The next moment, the porcelain bottle containing the essence and blood was immediately crushed into powder!

The crimson blood was completely absorbed by her instantly!

First, Brother Huanhaizhai was deceived to kill and robbed the treasure of Huanhaizhai town.

After a false reconciliation, near the completion of his mission, a sudden violent wounding occurred.

Shi Lingxi finally exposed her true face this time!

Ning Changfeng already hated and regretted it!

"I should have known, you woman, the city is extremely deep!"

"You should be desperate before, except you first and then hurry up!"

He roared sadly and rushed to Shi Lingxi frantically.

But in an instant, a cold light suddenly appeared like lightning.

Head straight towards Ning Changfeng's life gate!

Shi Lingxi was not afraid of Ning Changfeng's desperate effort, Emei frowned and clenched her fists tightly.

The start is extremely cruel!

The whole void began to tremble violently.

Endless killing intent swept like a storm, rushing to Ning Changfeng!

He could never resist this move!

The situation has developed in an uncontrollable direction, and Chen Feng can no longer stand idly by.

In an instant, the broken knife flashed!

Too much to kill God!

The silver light suddenly appeared, condensing the wireless murderous aura, and condensed into silk threads.

Cang!

The sound of gold and stone was piercing, and the two fierce murderous battles broke out monstrous fluctuations.

Chen Feng's heart was extremely calm. Seeing Shi Lingxi's move was fatal, his heart moved slightly.

The ultimate move that was intended to be sacrificed was temporarily recovered.

Such a delay caused a loophole for man to act.

How could Shi Lingxi let it go?

Come to fight immediately, take advantage of the victory and pursue!

boom!

Before Shimen, there were loud noises.

Sand and rocks continued to fall, and the entire corridor was crumbling.

If it weren't for both of them to control the aftermath within a certain range, I'm afraid it would have been buried by the boulder!

Chen Feng deliberately pretended to be doing his best, and the moves used were also extremely delicate.

But in fact, he calmly withdrew 30% of his strength.

The two fought for a long time, and in the end, Shi Lingxi "slightly won."

"puff--"

Chen Feng was hit by a palm and immediately flew out.

Blood was spouting out of his mouth, and the whole person looked depressed, quite embarrassed.

At this time, Shi Lingxi finally stopped.

She looked down at Chen Feng with cold eyes.

"I admit that you are brilliant and brave, and you are quite scheming."

"But at this time, the terrain here is more familiar to me, no one can help you."

"Go alone, you are not my opponent now."

Chen Feng looked quite embarrassed.

He covered the wound with one hand, while raising his head to look at Shi Lingxi, with anger in his eyes.

There was even a final struggle to step into a desperate situation.

"I don't understand, why did you sneak attack at this time?"

"You can't just prevent Ning Changfeng from completing the task, right?"

By this time, Chen Feng had fully demonstrated his "full" strength.

As careful as Shi Lingxi, she finally determined that Chen Feng was indeed defeated by her!

This makes her very happy!

During the days with Chen Feng, any objections were suppressed!

This kind of resentment has accumulated so far and finally erupted completely.

She approached arrogantly, her face full of disdain.

"What can I say to you?"

Shi Lingxi sneered.

"It doesn't hurt to tell you now."

"I knew what the task of the Lord of Heaven was for Ning Changfeng."

"The task given to me by the Lord of Heaven is just the opposite of him."

She said sonorously.

"I want to prevent the White Elephant Demon Venerable from resurrecting!"

Looking at Shi Lingxi's extremely cold face, Chen Feng sneered in his heart.

He then said coldly.

"I'm afraid it's more than that!"

Shi Lingxi chuckled lightly, her hostility ruined her beautiful face.

"Of course it's more than that."

"The task of heaven dominates is only second."

"This is the second time I have come to this world, and the purpose is for the ancient spirits!"

As she said that, she even raised her eyebrows and her crescent eyes.

The pleasant voice became more and more frosty.

"I want to thank you all for helping me lead the way."

"Now, you can go to death!"

Before she finished her words, she saw great pressure erupting from her body!

The surging power was compressed into a bright lightsaber.

This is going to kill people!

At the moment when the dazzling light blocked everyone's eyes, there was a sneer in the not-so-wide mountain.

"Finally got your true intentions out!"

At this moment, the two figures who thought they were not a climate suddenly moved extremely fast!

Two very different rays of light appeared.

The lightsaber that struck Shi Lingxi quickly!

Where can the burst of momentum look half depressed?

"how is this possible!"

Shi Lingxi's willow eyebrows were erect, and she never expected that Chen Feng and Chen Feng would cheat!

Chen Feng swept away the previous "serious injuries" and quickly broke through the bright sword light.

His hand interrupted the knife and swung it one after another, slashing at Shi Lingxi.

The bursts of sword light are like a horse, and the breath is vast as the sea!

Booming...

Scary cracks began to burst in the surrounding stone walls.

Shi Lingxi was shocked by this bitter murderous intent.

She counted that Chen Feng was scheming, and she might have a back-up.

But still underestimated him...

He and Ning Changfeng had been guarding against her since they didn't know when they started!

Ning Changfeng's hand, which had been severed earlier, quietly restored to its original shape at some point.

Where is the appearance of being seriously injured?

Seeing that the situation is not good, Shi Lingxi gritted her teeth with hatred, and her hatred was overwhelming.
