

## Peerless 5501

### [Chapter 5501: Go to the Great Desolate Mansion!](#)

Before the words fell, the projection suddenly collapsed, turning into countless lights and shadows.

At the same time, loud noises continued.

The countless tentacles that entangled him, at this moment, turned into pieces of flesh and blood.

Illusory Sea Devouring Sky Beast, seriously injured and dying!

Until this time, the heaven and the earth gradually recovered.

And Chen Feng finally found the so-called Emotional Pen in the depths of the island!

The next moment, Soul Locking Youmu was put away.

The aura of the two immediately recovered under the eyelids of the Fantasy Sea Heaven Devouring Beast.

"Roar!"

It wasn't until this time that the Fantasy Sea Devourer finally realized.

It seems to have killed the wrong person!

The Ecstatic Universe Pen that has been guarded for a long time has been held in the hand by an unknown soldier!

The roar sounded one after another.

However, it does not help.

At the moment when the eyes were hardly repaired, the Magic Sea Sky Devourer could only see a bright red.

Then, supreme murderous aura came over the world.

Zhong Li Yaoqin finally made a move!

She raised her jade arm, and her fingertips ejected an extremely sharp sword aura.

In the next moment, the Magic Sea Heaven Devouring Beast was completely wiped out!

It is precisely because Chen Feng does not want to involve Zhong Li Yaoqin, and does not want to harm the Galaxy Sword Sect.

Therefore, they can only be forced to continue to flee.

But now that he had already killed the projection of Xianjun Hua Hao with the hand of the Magic Sea Devouring Sky Beast, he had no more scruples.

The behemoth fell into the sea crashingly, causing a lot of water.

For a time, a huge wave of thousands of meters high hit the sky.

The water splashed up, creating a pouring rain once again!

Without turning his head back, Zhong Liyao grabbed Chen Feng on the island and hurried away.

Destination-Great Desert Lord's Palace!

Now that the crisis is raging, it is not suitable to stay here for long.

Since Ziwei Haotian Palace's spiritual virtual land fairyland powerhouse, they all personally took action against Chen Feng.

It is conceivable that the other two first-grade immortals are absolutely impossible to stand by!

"We have to hurry to the Great Desolate Lord's Palace."

"The sooner the better!"

If it is said that the entire Eastern Desolate Immortal Territory, where can it be the best place to protect Chen Feng.

The Great Desolate Lord's Palace is undoubtedly the best choice.

In front of the mysterious Great Desolate Lord's Divine Mansion, any Yipin Fairy Gate could only stay away.

They might be able to take the words of the great deserter's blessing to Chen Feng as deaf ears.

But once you get close to the Great Desolate Lord's Divine Mansion, and then attack Chen Feng, it will be a dead end!

Chen Feng quickly put away the Evocative Universe Pen.

Right now, going to the Great Desolate Lord's Divine Mansion is the most important thing.

Can not tolerate him to calm down and refine this thing.

He raised his head and looked at Zhongli Yaoqin.

"Speaking of which, where is the Great Desert Lord's Divine Mansion?"

From beginning to end, Zhongli Yaoqin was leading the way to the Great Desolate Lord's Palace.

She only gave Chen Feng a position.

The center of the Eastern Desolation Fairyland!

However, the Eastern Desolation Immortal Territory is really too big.

Who knows, where is its center?

Zhong Li Yaoqin saw the doubts in Chen Feng's heart and pointed to the front.

"Before, the Desolate God hadn't been to the Galaxy Sword Sect."

"He came here specially to give us directions."

Hearing this, Chen Feng couldn't help but slap his tongue.

Zhai Changzun came to the Galaxy Sword Sect in person, that was how long ago.

Today, Zongmen Grand Competition is over.

Where can I still sense his remaining breath?

Chen Feng once again declared his doubts.

Zhong Li Yaoqin gave a quick smile.

"Take a look again."

See her so sure. Chen Feng couldn't help but doubt again.

Could it be, what other details he didn't pay attention to?

Hum!

Chen Feng immediately started the repair base with full force.

In the Star Sea World, a lot of spiritual energy burst out immediately.

At the same time, the Taishang Yuqing Nine Shou Zhen Jue also started to operate on its own.

At the next moment, a wisp of light white Dao rhyme appeared all over him.

Chen Feng's complexion was slightly cold.

"How is this going?"

The time to practice Taishang Yuqing Nine Shou Zhen Jue was too short after all.

The first heavy shou and magical skills, he can also be able to master.

Only barely realized a ray of Dao Yun that is extremely difficult to discern with the naked eye!

However, how long has it been?

This ray of Tao Yun turned out to be a lot stronger!

At the same time, the spiritual energy of the whole body began to circulate in his body in an orderly manner, following the rhyme of Taoism.

He clearly noticed that his cultivation level had risen again!

Although the magnitude of this increase is extremely small.

But it did indeed reach the first Xiaocheng of the Shifang Cave Heaven Realm!

Chen Feng's mind condensed, and in his heart he meditated on the first decision of Taishang Yuqing Jiushou Zhen Jue.

Suddenly, the picture before him began to change.

A dark golden rhyme was clearly presented in front of the two!

"This...this is the guide left by Zhai Changzun!"

Chen Feng blurted out.

He was so shocked.

Before that, who would have thought that this way could be used to guide the direction!

"Sect Master Zhongli, what is going on?"

Chen Feng was puzzled.

Why did he clearly do nothing, but the rhyme he condensed out of it will continue to be solid?

All of this now clearly means that his Daoist perception has made a deeper progress.

Zhong Li Yaoqin looked down and met his gaze.

"There is such a saying."

"Taixu's immortal gate has no inheritance, and it is inextricably linked to the Great Desolate Lord's Divine Mansion."

"And this condensing of Taoist rhyme is a means of intercommunication."

"The more you use it frequently, the more you can invisibly condense your understanding of this rhyme."

No need for her to go on, Chen Feng understood everything.

It was precisely because he had repeatedly urged Tai Shang Yuqing Jiushou Zhen Jue.

Continually using the Shouhe magical powers to avoid the chase of the Hua Hao Xianjun projection.

The difference between the yin and the yang has actually deepened the understanding of Taoism!

Dao is doing nothing, advocating Dao is natural.

The two words "inaction" and "natural" are not really doing nothing.

But like Chen Feng just now.

Without even realizing it, he did it naturally.

If you deliberately pursue it, you lose the rhyme.

Chen Feng clearly realized.

"In other words, as long as I continue to urge Shouhe magical skills, I will be able to make this ray of Dao Yun thorough!"

He couldn't help but feel excited.

With the blessing of his own Dao Yun, Chen Feng can see the path more clearly.

The two moved forward quickly.

After Chen Fengxiu returned to its heyday, he once again urged the guard and the magic.

The original journey of nearly a month has been chopped off more than half!

Three days later, the two finally crossed the sea.

Came to the center of the Eastern Desolate Immortal Territory.

As far as the eye can see, the fairy mist is everywhere!

When Chen Feng saw the sky from a distance, his expression suddenly sank.

That is a towering mountain!

A familiar mountain!

The peak is tens of thousands of miles high, piercing directly above the sky.

It is like a pillar of heaven, just like this supporting the sky and the earth!

Even Zhong Li Yaoqin was shocked to see this scene.

She could even feel that her spirit had been suppressed in a certain way.

In front of this huge mountain, it looks extremely small, fragile, and vulnerable!

[Chapter 5502: Where is the wild god?](#)

But when she subconsciously looked at Chen Feng, she found that his face was strange.

"what happened?"

At this time, Chen Feng had already made waves in his heart.

Because, this huge mountain in front of him is so similar to the mountain he used to take from the Dragon Vein Continent to the top of the sky!

At this moment, Chen Feng blessed his soul.

He was very sure in his heart.

The so-called Great Desolate Lord's Palace must be related to the top of the sky!

And the great wilderness lord who saw the dragon without seeing the end must be the one on top of the sky!

In the old days, above the Shattered Jade Conference, the breath of the top of the sky was not accidental.

Just when the two were shocked.

In an instant, an extremely sharp sword light quietly penetrated through the clouds and mist, approaching at an extremely fast speed!

"Be careful!"

Zhong Li Yaoqin was the first to react.

Using her hand as the blade, she instantly waved her arms at the sword energy.

boom!

A powerful breath suddenly broke out not far in front of the two.

Chen Feng stopped abruptly and his pupils shrank suddenly.

It seems that near the Great Desolation Lord's Divine Mansion, strong people have long been ambushing!

"Hahahaha..."

A few laughs came from the smoky haze, and they echoed in the surrounding sky.

Both Chen Feng's expressions became extremely solemn.

The next moment, only three middle-aged men in dark green brocade robes appeared from a distance.

These three people are holding Biyue Shuanghua swords, and all of them are embroidered with flying swords on their robes!

Zhong Liyaoqin's face tightened and said in a low voice.

"This is the strong man of the Wanling Longevity Sword School."

Chen Feng nodded calmly.

Seeing the Great Desolate Lord's Divine Mansion, it was not far ahead.

If you are not angry, it is definitely a lie.

He snorted coldly, flipped his hand to urge the Qingqiu Heavenly Sword, ready to rush away at any time.

"The Wanling Longevity Sword Sect is worthy of me, Chen, and actually sent three ten-square cave heavenly sixth cave heavenly experts to kill me."

Among the three, the leader is the one in the middle.

He was thin, with high-protruding cheekbones, and his eyes looked like tigers and leopards.

This person is the Hongguang elder of the Wanling Longevity Sword Sect!

Although he is not the strongest fighting force of the Longevity Sword Sect, he is the most frightening person.

No one has survived since ancient times.

Around Elder Hongguang, one was slightly younger, with a lightly twisted beard and a grinning face.

The other one seemed to be vicissitudes of life, with white beard.

However, in his muddy eyes, a particularly vicious murderous aura burst out.

Looking at this posture, this Ten Thousand Spiritual Longevity Sword Sect has also laid a deadly hand and wants to completely kill it!

Chen Feng couldn't help but sneered.

"With these millions of years, it has long been enough for Er et al. to settle down with no inheritance."

"Why bother about things that don't belong to you."

Hearing this, Elder Hongguang smiled contemptuously.

A horrible breath rushed out of him quickly!

As if overwhelming, shoot Chen Feng quickly!

Actually intend to shoot it to death!

Chen Feng's pupils suddenly shrank, and he immediately urged the great repair Luo Hong to stand in front of him.

At the same time, a bright sword light stopped in front of that breath.

boom!

The void between each other was actually torn apart a lot of space rifts!

This is the strength of the sixth heavenly powerhouse in Shifang Dongtian Realm!

Just a face-to-face encounter, there is such power.

The next moment, a cold and determined woman's voice sounded.

Zhong Li Yaoqin took a gentle step.

The red skirt was like a fire and stood in front of Chen Feng.

"If you want to kill my disciple of the Galaxy Sword Sect, you have asked my opinion!"

At this time, her long hair is floating, and she is heroic!

A pair of beautiful eyes burst out with supreme pressure.

The aura that broke out shocked the three in front of him in an instant.

Elder Hongguang's face sank.

He looked at Zhong Li Yaoqin coldly, his tone was rather light.

"You are... a descendant of Zhongli Changfeng."

"Why, didn't the Galaxy Sword Sect die out yet?"

As soon as this remark came out, the two people behind Elder Hongguang became arrogant and mocking.

Ever since Zhongli and Changfeng passed away, the Galaxy Sword Sect has never taken advantage of the fire and punished a piece of the soup from the Yuxu Immortal Gate.

The original Yipin Xianmen gradually showed signs of decline.

No wonder it would be looked down upon by the Wanling Longevity Sword Sect.

The three top celestial gates in the Eastern Desolation Immortal Territory are naturally not comparable to the nine major forces.

Elder Hongguang sneered.

"If you are more acquainted, leave by yourself. For that person, I won't embarrass the Galaxy Sword Sect."

Before he could finish speaking, Zhong Li Yaoqin interrupted him impatiently.

"Why, should you be rude to me?"

"I want to see, how are you three of you at the sixth hole of the Ten-square Cave Heaven Realm being very kind to me!"

Before the words fell, the breath of horror burst out!

At this moment, Zhong Li Yaoqin finally showed his strength!

The seventh cave of the Shifang Dongtian realm!

It was even better than the three in front of him.

Even Chen Feng was quite surprised.

The three people in front of them were even more ugly.

"Since you have to ask for hardship, don't blame me for being ruthless!"

boom!

A sword light pierced straight.

In an instant, the thunder sound rolled, and the air wave was overwhelming.

The three elders of the Wanling Longevity Sword Sect rushed to kill Zhongli Yaoqin.

Suddenly, Zhong Li Yaoqin's voice came in his ears.

"then."

Chen Feng's body instinctively reacted, one step faster than thought.

He grabbed what Zhongli Yaoqin had thrown over.

Looking closely, it turned out to be one of the Seven Treasures, the Earth Extinguishing Sky Pattern Realm!

In an instant, the remaining three Qibaos in Chen Feng's body trembled violently.

They seem to have divine consciousness, and they desperately want to merge together!

At the same time, the ray of Dao Yun visible to the naked eye was even more provoked by itself.

Under this ray of Daoyun connection, the four Qibaos broke free of Chen Feng's shackles in an instant.

The Earth Extinguish Heaven Pattern Realm rushed into the body by itself.

boom!

At this moment, Chen Feng only felt an unprecedented powerful force rushing to the top of his skull!

He was like a divine initiation, and his whole body burst out with a strong Taoist rhyme!

Jingmang is instantly restrained.

When I opened my eyes again, it was already a fierce fighting spirit!

The sword soul of Qingqiu Heavenly Sword awakens by itself.

The mad knife kept trembling, and the roar of the heroic spirits on the ancient battlefield faintly sounded.

A beam of light shot out from Chen Feng's body, straight into the sky.

At this moment, his strength actually mentioned the fifth cave of the Shifang Dongtian realm!

Elder Hongguang and the three of them immediately looked at each other, a faint faintness arose in their hearts.

Chen Feng in front of him, although his cultivation base was not strong, made them panic.

This is something that has never happened before!

Elder Hongguang made a prompt decision and issued instructions.

The other two stared at Zhongli Yaoqin, flanked left and right, and began to bombard indiscriminately.

The sword light and murderous aura almost smashed the world!

Elder Hongguang, the strongest elder, had a firm goal and went straight to Chen Feng!

"Today, no one can save you!"

He laughed, and the long sword in his hand shot out a murderous intent.

[Chapter 5503: Desolate God will be here!](#)

Elder Hongguang's sword intent also contains Dao Yun!

That is, the breath of destruction!

Once hit by his sword light, the injury is extremely difficult to recover!

Presumably because of this, he was invincible.

"The Taoist method actually has such a powerful force."

Chen Feng finally understood why these three first-tier immortal gates were so persistent to Taishang Yuqing Jiushou Zhenjue.

Boom!

The great Xiu Luo Honglu was stopped in front of him, making a long and deep sound.

That is like Hong Zhong Dalu, constantly floating in all directions.

"puff!"

Even though Chen Feng's strength soared at this time.

But in front of him, the cultivation base is far better than his elder Hongguang!

The four Seven Treasures rotate at high speed in his body, constantly supporting him.

But drop in the bucket!

After a while, the soul of the sword wailed, and Chen Feng was bloodied and flew out tens of thousands of miles.

Zhong Li Yaoqin saw from a distance, and was furious.

She immediately burst into violent weather, desperately trying to rush over.

"Want to save people? Where is that easy!"

The two used their hole cards together to stop Zhong Li Yaoqin at all costs.

Seeing to die!

Chen Feng suddenly shouted.

"Where is the Wild God!"

"Where is the Great Desert Lord!"

The violent shout continued to spread, rippling away quickly.

For a time, thousands of miles were echoed.

Elder Hongguang's expression suddenly shrank.

The sky not far away is the Great Desolate Lord's Palace!

If a great desert owner is really recruited, the situation will be reversed abruptly.

Because of this, at the moment Chen Feng yelled, Elder Hongguang's stature instinctively stagnated.

What no one thought was that just after the voice fell, there were indeed several powerful auras coming from the direction of the Great Desolate Lord's Palace.

Among the lightning and flint, Elder Hongguang's complexion changed drastically.

Instinctively, he took a breath.

"Not really..."

Suddenly, he was tense, showing almost all his hole cards to deal with this fast coming strong.

Even Chen Feng himself was shocked.

But, I was only surprised!

The visitor was not a great deserter, nor was it a desert \*\*\*\* general Zhai Changzun!

"Hahahaha..."

When the same laughter sounded, the hearts of Zhong Li Yaoqin and Chen Feng both sank.

Suddenly, it was a member of Taiyixianzong!

And this time, more powerful ones appeared!

Perhaps because the previous assassins were not successful, the Taiyixianzong was finally angry.

It tore off the last layer of fig leaf and dispatched six people!

The weakest cultivation base is also enough to have the fifth cave of the ten-square cave realm!

Chen Feng thought to himself.

"Is this the strength of the top first-grade immortal door?"

Looking at the Galaxy Sword Sect, there are very few elders and disciples above the Shifang Dongtian realm.

The fifth hole above the sky is even rarer.

When the four laughed and approached.

At this point, the three top one-tier sect powerhouses are all in their turn.

Chen Feng looked at the towering mountains in the sky.

In the vast expanse of God's Mansion, there was no aura from the top of the sky.

Could it be that the great deserter is not there?

He immediately activated the Taishang Yuqing Jiushou Zhen Jue.

Dao Yun quickly lingered around his body and immediately wrapped his eyes.

In an instant, a trace of unique Taoism suddenly poured into his eyes.

Chen Feng's eyes opened violently.

Entering the world, there are thousands of Taoist rhymes!

Every monk in front of him was wrapped in a different Taoist rhyme.

Strong or weak, coarse or fine.

It is precisely because of the existence of these Taoist rhymes that they can stand firmly above the sky.

Chen Feng stretched out his hand, trying to touch those Dao Yun.

But his hand went straight through the ray of rhyme trying to capture.

It can't be touched at all!

"It seems that my understanding of Taoism is still too shallow."

Chen Feng thought to himself.

He can almost be sure that these rhymes are all controllable.

As long as you master Dao Fa to a certain level, you can even rob Dao Yun from its source.

Even, it can cut the resonance between the opponent and this world.

Once the resonance between the opponent and the world is cut off, no matter how high this person's cultivation base is, it will be completely useless!

Sora has a strength, but it is difficult to play a bit!

The stars in the universe will be cut off, and will not even be able to move a trace of spiritual power!

At that time, even unarmed ordinary people can beheaded.

At this moment, Chen Feng suddenly realized the true horror of Taishang Yuqing's Nine Shou True Art.

It's worthy of being the 9th grade of Hong!

It's no wonder that today's three top-notch first-class immortal gates do not hesitate to search for millions of years, and they still refuse to give up.

The three elders of the Wanling Longevity Sword Sect suddenly sank when they saw the six powerhouses of Taiyi Immortal Sect.

They separated Chen Feng and the atmosphere gradually became tense.

Elder Hongguang's expression was extremely ugly, and he gave a cold snort.

"Elder Mingsi, you are late."

"Our Wanling Longevity Sword Sect has already come one step first."

The six members of Taiyixianzong who heard this immediately looked back at each other and then laughed.

Among them, the headed man wore a dark blue robe, with a handsome face, and he appeared to be no more than 27 or 28 years old.

He stood with his hands behind and took a step forward.

Looking at Elder Hongguang, there was no timidity on his face.

"Elder Hongguang, these words are boring."

"How do you know, how long have we been in ambush here?"

"By the way, you have to thank us."

"If we hadn't come out and stopped Chen Feng, I'm afraid your invincible reputation will be ruined today."

Arrogant!

How arrogant!

However, there is no killing intent!

Zhong Li Yaoqin and Chen Feng quickly moved closer, back to back, full of vigilance.

The current situation is almost desperate for them.

If Zhongli Yaoqin can still deal with the three of the Wanling Longevity Sword Sect.

So, there are nine people in total at the moment, even she is at a disadvantage!

Chen Feng's face was sullen, and he looked at both sides calmly.

The six members of Ruo Taiyi Immortal Sect and the three of that Wanling Longevity Sword Sect were able to engage in infighting.

Maybe they still have a chance!

However, Elder Hongguang and Elder Na Mingsi stopped suddenly.

Both of his eyes fell on Chen Feng.

Between the eyebrows, a smile appeared.

"Okay, let's stop talking nonsense."

"Kill them two first, then you and I will compete again, what do you think?"

The other nodded slightly, and stood with his hands behind.

Looking at Chen Feng, he seemed to contempt an ant that could be crushed to death by blowing his breath!

boom!

Nine powerful auras with different rays of light came from in front of the two.

Zhong Li Yaoqin's beautiful eyes shrank and he was about to speak.

Suddenly, at this moment.

Chen Feng's heart suddenly moved.

In the next moment, Taishang Yuqing Jiushou Zhenjue started running at high speed by itself.

The golden rhyme in front of me suddenly began to surge!

He suddenly reached out and stopped Zhong Li Yaoqin.

Almost at the same time, a strong and powerful voice suddenly sounded from the Great Desolate Lord's Palace in the distance.

"I see who dares to touch Chen Feng!"

Only seven characters, but like the voice of Hong Zhong Da Lu, spread layer by layer.

The farther, the louder and louder!

[Chapter 5504: Shot!](#)

This sound shattered the sky.

The expressions of the nine powerhouses also changed drastically.

They all looked back.

I saw a golden stream of light coming quickly from the top of the sky mountain peak.

In an instant, a man wearing armor suddenly appeared in front of everyone.

On the armor, there is a big character-Huang!

This person is the \*\*\*\* of desolation, Zhai Changzun!

Chen Feng was overjoyed.

When he first saw this person at the Broken Jade Conference, he had never seen his true strength.

In a blink of an eye, Chen Feng has entered the ranks of the Ten Fangdong Heaven Realm.

But at this moment, he still found out.

I can't perceive Zhai Changzun's true cultivation base at all!

"How unfathomable is his strength?"

Even Chen Feng himself was shocked.

However, in any case, the appearance of Zhai Changzun is undoubtedly a help in the snow!

He coldly swept towards the nine people who surrounded Chen Feng.

The cold eyes alone are enough to shock everyone!

Even Elder Hongguang looked extremely ugly at this time.

The next moment, Zhai Changzun spoke slowly.

"The Wild God will be here!"

"Taiyi Immortal Sect, Wanling Longevity Sword Sect, dare to take a step forward and kill you!"

Zhai Changzun was still unsmiling.

He is not prestigious and angry, he is full of domineering when he comes out!

Even Elder Hongguang and the others had to weigh a bit when they met.

He is a wild god!

For a long time, the great deserter always sees the dragon without seeing the end, which is especially mysterious.

It is said that in the entire Eastern Desolate Immortal Territory, there are only a handful of people who have seen the Great Desolate Lord with their own eyes.

Under normal circumstances, it was his Arakawa guards who came forward on his behalf.

Especially the one in front of him, Zhai Changzun, who commanded the Wild God Guard, was his left arm and right arm.

Many times, when everyone saw him, it was equivalent to seeing the great deserter.

Just because every word he said was meant by the great deserter!

At this moment, the Desolate God will take the initiative to come out of the Great Desolate Lord's Palace and stop in front of Chen Feng.

Obviously, to protect Chen Feng!

This is what the great deserter meant.

But, who can bear this breath?

Chen Feng is here!

A second, he was still like a turtle in the urn, with no room for resistance.

They have no inheritance from the Yuxu Immortal Gate, only a thin line away!

How to be willing!

Elder Hongguang shook his heart and spoke with a calm face.

"Master Desolate General, we don't need to kill Chen Feng."

"As long as he obediently hand over the inheritance of Yuxu Immortal Sect."

"We promise that once we hand it over, we will never pester him again."

When everyone around saw Elder Hongguang doing this, they were shocked.

Is this the elder Hongguang they knew?

That savage, fierce, violent hunter who didn't stop until he reached his goal, actually had a time to swallow his breath!

This makes the six powerhouses of Taiyi Immortal Gate even more fearful.

They looked deeply at the indifferent person in front of them, and their hearts couldn't help but rise in nameless fear.

However, facing Elder Hongguang's concession, Chen Feng only replied with two words.

"Don't think about it!"

When he first got the glories of the jade from the Dongji Qingxu God.

It is to undertake the cause and effect of Yuxu Immortal Gate!

Chen Feng promised himself that he would avenge the Yuxu fairy gate.

Even though he hates the Yuxu fairy gate, the promise he can make will never change!

Chen Feng had an idea in his mind when he learned about Taishang Yuqing's Nine Shou Zhen tactics.

He must thoroughly learn this technique!

Not only that, he will also bring it back to the Dragon Vein Continent!

This was one of the three great ambitions he set up for the alliance when he first saw the remains of Emperor Dongyang.

His first great aspiration, stepping into the world of Xuanhuang Zhongqian, has already been realized.

In the second big ambition, the first is to avenge the Yuxu fairy gate!

After that, he will overwhelm many sects and reopen the connection between the Dragon Vein Continent and the Xuanhuang Zhongqian World!

At the same time, he will bring back the cultivation techniques above the Wudi realm to the Dragon Vessel Continent!

Let everyone in Longmai Continent be able to cultivate for it!

He wants to open a road to the sky, the road to longevity for all the warriors in the Longmai Continent!

Although time has passed for a long time, Chen Feng firmly keeps these three ambitions in mind.

Never forget.

He swept across the nine people in front of him coldly, with a bloodthirsty smile on his mouth.

"Today, you can't kill me."

"When I return from the Great Desolate Lord's Divine Mansion, I, Chen Feng, will personally go to the three first-tier fairy gates."

"When the time comes, how do you deal with the Yuxu fairy gate."

"I will deal with you all the way."

Hearing Chen Feng's words, Elder Hongguang and the others seemed to have heard some big joke.

Everyone looked at each other and then burst into laughter.

They looked down at Chen Feng again, with disdain and arrogance in their eyes.

"Only you?"

"Just by retreating for three years?"

Chen Feng nodded without hesitation.

"Just rely on me!"

"Even, it may not take three years!"

At this moment, Chen Feng, Mo was frantic, without wind.

He stood there, his eyes steadfast and shining!

Even Zhong Li Yaoqin behind him was in a daze at this moment.

If this was said from any population, she would just look at it as a joke.

But if it was Chen Feng, she had to doubt.

Just because he brought too many miracles!

Looking at Chen Feng's figure, so arrogant, Elder Hongguang and the others were murderous.

Although they don't want to admit it.

But the moment they looked at Chen Feng, they clearly realized that Chen Feng was serious!

He really intends to kill all the three top Class One Immortal Sects on his own!

It can make the great desert master so favored, and can persist for so long under the chasing of the three great immortals.

Perhaps, this person might really bring disaster to the sect!

The thought of this made them even more intolerable.

This opponent, who has not yet grown up, must be killed in advance!

Elder Hongguang turned his head and looked at Elder Mingsi.

At a glance, each other confirmed what the other meant.

"If that's the case, then... I would like to ask the \*\*\*\* of waste to enlighten me!"

Before the words were over, the violent breath came from the nine people at the same time.

The void shook wildly!

The smoke below is surging like a wave, turning from pure white to black like ink!

The wind howled, lightning and thunder.

Elder Hongguang and Elder Mingsi both flipped their hands and took out their natal magic weapons, and directly revealed their biggest trump cards.

For a time, the nine incomparably dazzling and dazzling gods, at the same time, killed Zhai Changzun.

Zhong Li Yaoqin and Chen Feng both held their breath.

They did not expect that these people would dare to attack Zhai Changzun in order to kill him!

Isn't it afraid that Dahuang will take the initiative to get angry?

However, just as Chen Feng worried for Zhai Changzun in his heart.

I saw a murderous spirit burst out suddenly.

In an instant, that piece of void was torn apart a few kilometers long!

This breath, golden light shining brightly, suppressed all breath vigorously.

[Chapter 5505: You can, she can't!](#)

boom!

In the next moment, Chen Feng could only feel that the void around him was constantly breaking and repairing.

He was lost without feeling, and his eyes were bleeding.

There was a constant buzzing in the ears.

Chen Feng couldn't see anything, couldn't feel anything.

The only thought in his mind was that Zhai Changzun did it!

Fortunately, before long, a gentle force gently covered Chen Feng in it.

Chen Feng recovered his five senses again.

At the moment when his eyes regained light, he was deeply shocked by the battle in front of him!

Countless Elder Hongguang, who had heard the news, was completely vulnerable in front of Zhai Changzun!

I saw the strong man bursting out with golden light.

He was expressionless and indifferent.

Screams and begging for mercy sounded one after another.

Elder Mingsi completely regretted it as soon as he shot it!

Zhai Changzun is far stronger than they thought!

But everything is too late!

The rain of blood fell, dyeing the smoke below.

Zhai Changzun was unscathed!

He looked back at Chen Feng and spoke lightly.

"Follow me."

Chen Feng forcibly put away the shock in his heart, and immediately nodded in agreement.

He quickly searched the resources of the nine people, then turned his head and looked at Zhongli Yaoqin.

"Let's go."

However, at this moment.

Zhai Changzun's icy voice came from the front.

"You can, she, no!"

Chen Feng stagnated, raising his eyes to look at Zhai Changzun.

"Why can't she?"

Zhai Changzun replied flatly without expression.

"Broken Jade Conference, you get first, she doesn't."

Chen Feng knew it, but didn't intend to stop there.

He took a step forward and continued to ask.

"Then what if I have to take her?"

"I believe that the Great Desert Lord should also want to see this person."

The Great Desolate Lord is a person at the top of the sky.

Since he came from the top of the sky, he must have heard of Zhongli's family.

Regardless of his relationship with that Zhongli family, since the Lord of Heaven urged Chen Feng so, he asked him to bring people up.

Perhaps it was also mentioned to the great deserter.

And now, in the place where he saw the Great Desolate Lord's Divine Mansion, Chen Feng was even more sure of this.

This tall mountain should be just like the huge mountain in the Dragon Vein Continent.

As long as you reach the top, you can go to the top of the sky as a matter of course!

Therefore, he must bring this person!

Zhai Changzun took a deep look at Chen Feng, and finally said lightly.

"Ordinary monks need to pass the test of the Great Desolate Lord before they can enter the Divine Mansion."

Upon hearing this, Chen Feng felt relieved.

He knew it would be so.

There have always been many monks who have entered the Great Desolate Lord's Palace.

It is impossible to invite all of them personally.

Among them, there must be uninvited ones.

According to this principle, Zhongli Yaoqin must also have the opportunity to enter the Great Desolate Lord's Palace.

Chen Feng immediately looked at Zhongli Yaoqin.

"Since I want you to come together, I will definitely not let you go through the test alone."

With that, he looked at Zhai Changzun before him again.

"Also ask Aura to lead us."

Seeing Chen Feng's decision, Zhai Changzun looked at him deeply.

"If you want to accompany her to the test, if you fail, you will lose the qualification to experience three years in the palace."

"Even so, do you insist on going?"

Hearing this, Zhong Li Yaoqin's expression changed abruptly before Chen Feng could react.

"No way!"

She immediately turned to look at Chen Feng.

"Three years of experience in the Great Desolate Lord's Palace is too important for you."

"So many immortals outside are chasing you, staying here is your only choice right now."

Of course Chen Feng understands this.

But he smiled, his face full of confidence.

"Why are you two so sure, if I take the test, I will definitely fail?"

Perhaps Zhai Changzun frowned when Chen Feng was too confident.

In his opinion, Chen Feng was using his anger.

He probably didn't know what it meant to be able to directly enter the Great Desolate Lord's Palace.

Thinking of what the Great Desolate Lord once confessed, Zhai Changzun thought for a while and decided to reveal it to him.

"The test of the great deserter is divided into three levels."

"Among them, the combat power, the ability of enlightenment, and the heart of the Tao are tested separately."

"There are thirty or fifty people who have come to try and challenge."

"There are fewer than five people who have completed the three tests."

"Furthermore, the weakest of these five people is also above the seventh cave of the Shifang Dongtian realm."

The implication was that even if he could tell, Chen Feng had an excellent talent.

But he also didn't think that with Chen Feng's current strength, he could successfully pass the test of the great deserter.

Hearing Zhai Changzun's introduction, Zhong Li Yaoqin not only looked worried.

The weakest person who completes the challenge is also above the seventh hole of the Shifang Dongtian realm.

This is also a great challenge for her.

"Chen Feng."

Zhong Li Yaoqin turned to look at Chen Feng, and once again persuaded him.

"You don't have to worry about me. Since I'm here, I will definitely break through this test."

"Since it's just a test, it won't be a vicious death."

"You can leave with the wild god."

However, Chen Feng still shook his head firmly.

He said word by word.

"Since there are five people who can pass the test, it means that during the test, the path to life is fairly clear."

"As long as there is a way out, I can catch it!"

There is another point, but he did not say.

Since this is a test for the great deserter, rather than making things difficult.

It was speculated based on the behavior of the Great Waste Master hosting the Jade Breaking Conference, presumably his intention for arranging these was to help the monks surpass themselves and make breakthroughs!

That being the case, he must not miss this test.

Although the danger is great, the gain is bound to be great!

Looking at Chen Feng's decision, the two knew it was useless to persuade them.

Zhai Changzun still looked indifferent, looking at the two of Chen Feng.

"Follow me over there."

The next moment, he turned and left.

Chen Feng quickly followed.

Now, with the Taishang Yuqing Nine Shou Zhen tactics, Chen Feng's flying speed has skyrocketed.

Even in front of Zhai Changzun and Zhong Li Yaoqin, they could not let the wind fall.

Chen Feng took the opportunity to check the income.

I have to say that whether it is Taiyixianzong or Wanling Longevity Sword Sect, their resources are simply extraordinary.

In contrast, the background of the Galaxy Sword Sect is indeed not enough.

Just a top-level magical weapon like the Immortal Seal of Tianquan Town, these nine people have a lot of them!

Not to mention the various scrolls, elixirs, treasures of heaven and earth, etc.

At this time, there is no life worry, and there is no need to worry about the attack of the three immortals.

Chen Feng relaxed a lot.

He even took the opportunity to look at Zhongli Yaoqin.

"Sect Master Zhongli, now I have broken through the Shifang Dongtian realm."

"But for the following practice, it is not very clear."

"I wonder if you can explain one or two for me."

Zhong Li Yaoqin would naturally not refuse.

She considered the words and introduced them in detail.

"Once you break through to the Shifang Dongtian realm, the Xinghai World will be completely formed."

[Chapter 5506: The test of the great deserter!](#)

"The next thing to do is to condense a massive amount of energy on the sun, moon and stars."

"Then, I felt in touch with the stars in the depths of the outer universe."

This is the most important thing in the early stage of the Shifang Dongtian realm.

"After all the sun, moon and stars have completed their induction, the next step is to use this to evolve the sun, the moon, and all phenomena."

Chen Feng's heart moved slightly.

"Evolution of the sun and the moon?"

"How to evolve?"

Zhong Li Yaoqin explained as much as possible.

"After completing the induction, every sun, moon and star in your Xinghai World will have infinite star power."

"With these, a complete galaxy can be derived from each planet."

"Usually, a monk who can complete all inductions can generate at least ten galaxies in his body."

"In every galaxy, there are one day, three months, and nine stars."

Upon hearing this introduction, Chen Feng couldn't help taking a breath.

This is so shocking!

He not only recalled how he felt when he first broke through.

At that time, there were already more than ten stars in the Xinghai World that had completed the induction with the outside stars.

He couldn't help looking inside and counting.

"On the second day, October, three hundred and fifty-four stars!"

"That is to say, if I want to cultivate to the Great Perfection in the Shifang Dongtian realm, I have to derive a full three hundred sixty-five galaxies!"

Chen Feng not only secretly smacked his tongue.

It seems that if you want to cultivate to the Great Consummation of the Shifang Dongtian realm, it is still a long way off.

That day in the Longzhong Mountain Range, the old man from Huanglin told Chen Feng.

I really want to know the truth about his life experience, at least to cultivate to the Great Perfection of the Shifang Dongtian realm.

Then, head to the Western Wilderness Fairy!

Look for a sect called Guixu Xianzong.

"Fine, this matter is in no rush."

Chen Feng quickly adjusted his mentality and recovered.

Zhong Li Yaoqin sighed infrequently when he saw that he was always full of confidence.

She looked at Chen Feng deeply and couldn't help but speak again.

"As you know, among the three top-tier first-grade immortal gates in the Eastern Desolate Immortal Territory, there is a spiritual virtual land fairyland expert."

"You got the inheritance of the Yuxu Immortal Gate, and you are directly on the opposite side of the three immortal gates."

"In such a situation, I really shouldn't take this risk with me."

Upon hearing these remarks, Chen Feng couldn't help but smile.

"It is because of knowing that it is necessary to practice crazily."

"Otherwise, how can we improve quickly?"

"I, Chen Feng, never fear that the enemy is too strong, I only hate myself for being too weak!"

Zhai Changzun remained silent, leading the way.

Under his guidance, the pure white smoke around him kept spreading towards both sides.

From it, a huge array was revealed!

Every step they took was on the only way to survive in the circle.

Chen Feng couldn't help being attracted by this circle.

His gaze spread to the distance, and then his heart was shocked!

This magic circle has shrouded the entire huge mountain!

Had it not been for Zhai Changzun to lead him personally, I am afraid they would never have discovered that there was a magic circle hidden here.

I don't know what it is for.

Chen Feng's heart moved slightly.

The great Xiu Luohong furnace in his hand is still a core magic circle before it can become a Taoist weapon.

This array in front of you is more magnificent than the guardian array of the Galaxy Sword Sect!

if.....

However, as soon as this idea came up, Chen Feng temporarily suppressed it.

With his current strength, this is whimsical!

The three of them walked for a long time and finally approached the huge mountain.

Zhong Li Yaoqin looked up, his eyes could not help but be shocked.

"This is where the Great Desolate Lord's Palace is located?"

This is bigger than all the mountains she has seen!

The large and small floating mountains of the Galaxy Sword Sect are stacked on top of each other, and compared to it, they can only become small mounds.

Even if it is going to fly up, I don't know how long it will take.

Chen Feng remembers the scene when he was led by Fairy Yuheng.

Ordinary monks would have to fly for three or five years just to fly up.

He couldn't help asking Zhai Changzun.

"The Great Desolate Lord's Palace, is it on the top of the mountain?"

Zhai Changzun nodded.

Chen Feng asked again.

"Where the experience is, how long can we get there?"

Zhai Changzun replied lightly: "Seventh."

Zhong Li Yaoqin was slightly shocked when he heard the answer.

On the contrary, Chen Feng had already guessed that this would be the result.

He turned his head and looked at Zhongli Yaoqin.

"Since there are still seven days, please two protect me."

"This inheritance of the Yuxu Immortal Gate has been rushed before, so I haven't read it thoroughly."

Although he is not afraid of trials, he is by no means ignorant and fearless.

So many strong people hate it, indicating that this experience is extremely difficult!

Just grind the gun, and the unhappiness is gone.

Zhong Li Yaoqin and Zhai Changzun naturally have no opinion.

Chen Feng unceremoniously took out the major repair Luo Hong furnace and handed it to Zhong Li Yaoqin.

Then, he directly sat cross-legged in.

He once again took out the Jade Void Mirror, and fully operated the Taishang Yuqing Nine Shou Zhen Jue.

Hum!

A gleam of light broke out in the furnace of the great repair Luo Hong immediately.

In the next moment, Chen Feng disappeared in front of the two again!

He came to Yuxu Baojian again.

This time, in front of the huge bronze door, there was no cloud pattern monster.

Chen Feng hurriedly pushed the door in, and went straight to the Ninth-Floor Buddha.

He went straight into the arch that he had entered before.

Earlier, he got the first layer of the Supreme Yuqing Nine Shou Zhen Jue, the Shouhe Realm Divine Art.

There are two passages ahead.

Among them, the one on the right leads to Yuxubaojian.

On the other hand, he was busy going back to support Zhong Li Yaoqin at that time, and he didn't even have time to watch it.

When he came back this time, the first thing Chen Feng did was to step directly into the channel of luminous white light.

boom!

There was a roar in the ear.

Chen Feng immediately felt weightless all over, covered by white light.

However, this feeling lasted only a moment.

After a while, he regained his five senses and saw everything in front of him clearly.

This place is only tens of meters in radius.

The white jade and copper walls are all around.

But in front of me, there was nothing else except a white jade staircase!

"Is it necessary to pass this ladder to get to the second Zeng Buddha Tu?"

Chen Feng thought to himself, but felt something was wrong.

Recalling that outside the Ninth-Floor Buddha, there seems to be no flight restriction.

Before he wanted to understand the difference between the two, the next moment, he was attracted by the writing on the white jade bronze wall behind him.

Chen Feng quickly reacted.

"The above... is the introduction of Taishang Yuqing Nine Shou Zhen Jue!"

He glanced at ten lines and read them quickly.

Then, my heart was shocked!

"It's no wonder that the other three top-level first-grade immortals are so persistent with this uninherited one!"

On this white jade copper wall, it is clearly written.

If you can master the Taishang Yuqing Nine Shou Zhen tactics, you can directly make people into a spiritual fairyland!

Just by relying on a Hong-level ninth-rank exercise technique, you can become a master of spiritual virtual land and wonderland!

Is this really possible?

Chen Feng's pupils trembled slightly, making it difficult for him to extricate himself for a long time.

[Chapter 5507: Nine-layered Buddha Spirit!](#)

After a long time, he took back his mind.

"If this is the case, then I have to completely master it!"

He walked to the white jade stairs, wanting to find out.

Unexpectedly, the divine sense only peeked out, and there was a long sigh.

"You must not pretend to be a teenager."

"With your current cultivation base, you will definitely die."

Although the voice is not old, it carries endless vicissitudes.

It's like crossing a long historical river, all the way to the present!

Chen Feng turned his head suddenly, his entire body horrified.

"Who!"

This is no more than an open place with a radius of tens of meters, why suddenly there are voices!

However, there was nothing behind him!

There are no figures!

Just as Chen Feng was extremely vigilant, the voice sounded again.

It's just that this time it came from above the white jade stairs.

"You don't need to find me."

"Because I'm on the ninth floor."

As soon as this remark came out, Chen Feng was shocked.

Does this white jade staircase lead directly to the ninth floor!

On the ninth floor, there is still a mighty one!

The speaker did not see any cunning or hostility between his words.

Since it can be so kindly reminded, it may not be malicious.

Chen Feng immediately clasped his fists.

"Junior Chen Feng, took over Yuxu Baojian from Dongji Qingxu God."

"For the first time, please enlighten me from seniors."

Hearing Chen Feng's introduction, the owner of that voice laughed again.

"Senior is not senior."

"I'm just the spirit of this nine-story Buddha."

Hearing this, Chen Feng was shocked.

However, it made sense immediately.

It has been a million years since the Yuxu Immortal Gate was destroyed, and this nine-layered Buddha do not know how long it has existed.

With its power, it gives birth to the spirit

It couldn't be more normal.

Just as Chen Feng was thinking about it, the vicissitudes of life sounded again.

"I once again guarded the Taishang Yuqing Nine Shou True Art, I have not known it for millions of years."

"At last I saw a trace of anger."

"Boy, you don't have to regard Lingxu Land Wonderland as the greatest benefit of Taishang Yuqing's Nine Shou True Art."

"I can see that you have an excellent talent for cultivation."

"It's even a \*\*\*\* and demon body refiner, with many special blood vessels in his body."

"But I'm not afraid to tell you."

"With your current understanding of Taoism, you want to practice this Taishang Yuqing Nine Shou True Art for at least several decades."

Decades?

Chen Feng couldn't help but gasped.

"In these decades of time, with your cultivation base talent, I am afraid that I will be in the fairyland of Lingxu early."

Hearing the words of Senior Qi Ling, Chen Feng couldn't help being silent.

He immediately clasped his fists and asked respectfully.

"What should the younger generation, please enlighten me."

Since Senior Qi Ling was willing to take the initiative to inform this, he must have been deliberate.

Sure enough, Qi Ling sighed.

"Enlightenment cannot be called."

"But I can tell you."

"There are a total of 285 arches in these nine-story Buddhist temples."

"There is no monster."

Hearing this, Chen Feng's face changed drastically!

He immediately understood what Senior Qi Ling said.

"You mean to say..."

In the entire Nine-Floor Pagoda, all the "monsters" are actually fakes!

It's all made of Tao Yun, transformed!

Chen Feng's spiritual world suddenly set off a stormy sea.

Senior Qi Ling's meaning is already very clear.

Defeating the "monster beasts" in these arches with ordinary fighting skills will only double the effort.

Since they exist here, they are not a test for Chen Feng.

But... teach him enlightenment!

"In other words, as long as I can see the essence of Tao Yun by playing against them."

"These monsters will lose without a fight?"

This is great news!

Chen Feng respectfully walked up the white jade stairs and once again clasped his fists to thank him.

Then, he turned around, left directly, and rushed to the second arch.

boom!

A loud noise soon came from the archway.

So, after seven days.

Chen Feng finally punched the monster in the second arch to smash it.

For seven days, he only confronted a monster in the second arch!

Although a lot of time was lost, and the process was quite difficult and dangerous.

However, it has to be said that Chen Feng can clearly feel his own changes with the reminder of Senior Qi Ling.

He once again operated Taishang Yuqing Nine Shou Zhen Jue.

In an instant, mist appeared all over his body.

It makes people not clear.

This is exactly what Chen Feng achieved in the past seven days!

He consolidated the faint smoke into a large patch!

The next moment, Chen Feng's eyes suddenly drenched, and his face suddenly changed.

Almost at the same moment, the misty smoke lingering around the body instantly condensed together.

It quickly condensed into a white rhyme!

"Come on!"

Chen Feng's body was tight, and he did not hesitate to urge his whole body to cultivate, wanting to continue to condense.

He burst into white light from his body.

And the white dao rhyme gradually began to change.

Vaguely, it seems to become a big sword!

However, at the moment when it was about to turn into a big sword, only a soft "bang" was heard.

The Dao Yun in front of him exploded quickly, reverting to a misty appearance.

Chen Feng's simple dress, a trace of regret inevitably flashed in his eyes.

"However, within seven days, I can begin to control Dao Yun."

"Senior Qi Ling also said that I am extremely fast."

He is well aware of the matter of enlightenment and can never be rushed.

"It should be seven days, and I should also go out to participate in the test of the Great Desolate Lord."

With that said, his figure suddenly disappeared in place.

The channel on the right hand side in the distance lit up slightly.

In the next moment, Chen Feng appeared outside Yuxu Baojian.

"You came?"

As soon as he came out, Zhong Li Yaoqin's voice came in his ears.

Chen Feng quickly stepped out of the big Xiu Luohong furnace and began to look around.

Zhai Changzun and Zhong Li Yaoqin were already waiting outside the gate of the test.

It seems that I have been waiting for some time.

He looked around, and was immediately shocked by the floating mountains in front of him.

"this is....."

Chen Feng couldn't help but gasped.

He looked up and saw that there was still

Huge mountain peaks towering into the clouds.

Looking down, the bottom has been completely covered by the vast sea of clouds.

But on such a mountainside, in a sea of clouds, a continuous floating mountain range appeared!

There is no doubt that this must be the handwriting of the great deserter!

How much capacity does it take to move this entire floating mountain range here?

This Great Desolate Master's cultivation base, I'm afraid it is also above the Lingxudi Wonderland.

Maybe even higher!

He turned to look at Zhai Changzun.

"Here is the test of the great deserter?"

"To survive inside?"

Zhai Changzun was still expressionless and said lightly.

"This is just your first level."

"You need to cross this mountain range."

"I will be waiting for you on the other side of the mountain."

Upon hearing this, Chen Feng couldn't help smiling.

The next moment, Zhai Changzun soared into the air, crossing the huge floating mountain range without looking back.

[Chapter 5508: The powerful Zhongli Yaoqin!](#)

Leave a long golden rhyme.

Chen Feng looked at Zhongli Yaoqin, and the two nodded.

Then, both rushed into the floating mountains.

"Roar!"

The arrival of the two is like throwing two boulders to the calm lake.

When even there was a roar of the monster beast, it sounded one after another.

They didn't even have time to formulate a collaboration plan, and they suddenly went black.

boom!

Zhong Li Yaoqin instantly waved his jade arm and slapped it out.

The sharp palm wind almost cut through Chen Feng's face, splitting the void.

The wailing sounded immediately.

The black shadow coming at such a rapid speed flew out like a meteor.

He immediately fell into the mountains ahead and quickly disappeared.

Seeing this, Zhong Li Yaoqin couldn't help but frowned.

She really didn't retain any strength in that palm, but the shadow of that shadow was so strong that she wouldn't be shattered in one palm.

But right now, its breath disappeared within thousands of miles.

Chen Feng was also aware of this.

However, without waiting for them to analyze it carefully, the next shadow struck again.

This time, the shadow of the shadow was even stronger.

It's enough to have the fifth peak of the Shifang Dongtian realm!

No wonder Zhai Changzun said that before.

If the cultivation base is too low, I am afraid that once you step into this place, you can only end with hatred!

"I come!"

Chen Feng took the initiative to take a step forward, and immediately wanted to stimulate his whole body cultivation.

At this moment, he suddenly found out.

Since stepping into this floating mountain range, his star sea world has been sealed!

Chen Feng made a decisive decision between the sparks and flints.

He swiftly mobilized all his physical strength and tried to operate the Taishang Yuqing Nine Shou Zhen Art.

In the next instant, lingering smoke appeared instantly, covering his whole body.

At the same time, a punch came out.

boom!

The loud noise sounded again.

The second black shadow also flew out wailing.

Then, suddenly disappeared in the distant mountains.

At this time, Chen Feng also retreated dozens of steps, his heart beating wildly.

His blood spurted from his body, and his right arm was still aching.

From just now, they didn't even see clearly what the dark shadow looked like.

This is already the second attack.

Chen Feng turned to look at the woman beside him.

"Do you see what it is?"

Zhong Li Yaoqin nodded, stepped forward again, and looked forward.

"It seems to be a giant ape, no other ability, but the body is extremely strong."

Chen Feng lowered his eyes and quickly analyzed.

"It seems that there have been many changes in the first level Zhai Changzun said."

"If I'm not wrong, I will be waiting for Xinghai World to be sealed here, and I cannot use the cultivation base."

"I want to test our physical strength."

"According to this order, then next, there should be monsters with extremely strong mental power."

"Even, there are others..."

Before the words fell, the third shadow came again with a violent impact.

Chen Feng just wanted to rush up again.

But Zhong Li Yaoqin stopped him.

Her complexion was extremely pale, her beautiful eyes staring at the dark shadow frenzy ahead.

Then, the corners of his lips curled up slightly, revealing a smile.

"I come."

The next moment, she kicked her legs on the ground, and the red figure instantly rushed forward.

boom!

boom!

boom!

The howls continued to sound, but they were constantly covered by those loud noises.

Looking at the fiery red figure in front of him, Chen Feng couldn't help laughing.

Don't look at Zhong Li Yaoqin's usual clear-hearted appearance.

However, she is a descendant of Zhongli Changfeng!

What flows through her body is the blood of the chosen person!

Such an existence can never be covered in dust.

Zhongli Yaoqin belongs to the battlefield!

However, despite this psychological preparation, the more Chen Feng followed, the more surprised he was.

This woman's body is too strong!

They have crossed several hills, and they are greeted in front of them. It is not an exaggeration to say that they are beasts.

But Zhongli Yaoqin didn't give him any room for performance.

Directly in front of his body, deep into the beast tide, besieged on all sides and always in an invincible place.

Even ordinary militant madmen are nothing more than this!

By this time, Chen Feng basically saw it.

The test of this great deserter is not for individuals.

He and Zhong Li Yaoqin rushed in. As long as one person can block the beast tide, both of them can pass the test.

Chen Feng could not help but muttered in a low voice.

"Doesn't it mean that hundreds of people will come together and the chances of passing it will be greater?"

As soon as the voice fell, the woman in front seemed to have sensed, and suddenly retreated.

"it's not true."

She looked ahead and said quickly.

"If one person comes in, you won't face a wave of beasts."

Chen Feng suddenly understood.

It seems that the test here is quite the right medicine.

Although one person can finish it first, but the premise is that he needs to complete everyone's amount!

Zhong Li Yaoqin spoke again.

"Be careful, the monster in front has changed."

Upon hearing this, Chen Feng quickly looked forward.

Sure enough, those huge and swift apes had been completely wiped out.

In the mountains ahead, the original towering ancient trees have all been transformed into ancient phoenix trees.

It seems that the first change of this first level has been passed smoothly.

The next one should be the second one.

"Roar!"

With a sound of phoenix, piercing through clouds and cracking rocks, breaking through the sky!

In the next moment, a huge phoenix flew up in front of the two!

The Phoenix's eyes were red, and it seemed to be in a violent state.

It seems that the color of feathers is not pure fiery red.

This should be a phoenix whose blood is not pure enough.

Almost instantly, Chen Feng's complexion changed suddenly.

The moment the Phoenix stared at them, he only felt that his blood began to rush!

He reacted instantly.

"This is... a blood test!"

At this moment, Xinghai World has quietly lifted its seal state.

Chen Feng did not hesitate, and fully ran the Taishang Demonized Dragon Art!

Hum!

Several blood vessels absorbed in the body are all activated at this time.

At the same time, a voice rang in his mind.

"Seven-Rank is superior."

Chen Feng became excited.

If he guessed correctly, this second change is to test their bloodline power.

As for him, if the powerful blood vessels in front of him can be absorbed for him...

Chen Feng immediately turned his head and looked at Zhongli Yaoqin.

"I want to absorb that bloodline."

When Zhong Li Yaoqin heard the words, the gaze that had originally been looking forward fell on him.

She seemed to be somewhat different, but she immediately regained her composure and nodded.

"can."

The next moment, the two rose into the air.

The majestic coercion surged out.

I saw Zhong Li Yaoqin waving his jade arms high again, waving a biting sword aura.

boom!

Han Guang turned quickly, and quickly plunged into the non-pure-blooded Phoenix.

Chen Feng turned the Supreme God Demonized Dragon Art to the extreme.

Almost no effort was spent, under the tacit cooperation of the two.

[Chapter 5509: Shouhejing, Dzogchen!](#)

A seventh-rank superior bloodline was taken away by Chen Fengshengsheng and absorbed into his body.

However, before this phoenix fell.

The second long ming rose up from the mountain in front.

A more pure giant phoenix spread its wings towards them.

"Sixth rank inferior!"

Chen Feng's eyes were filled with excitement for a while.

The blood in the body was boiling, but there was no pain at all.

He turned his head to look at Zhongli Yaoqin.

"Are you okay?"

Upon hearing Chen Feng's words, Zhong Li Yaoqin couldn't help laughing.

"Will you underestimate me?"

boom!

The more they fought, the more courageous the two, Chen Feng continued to absorb more and more powerful Phoenix blood.

After crossing half of the mountain range, the last sixth-rank Phoenix bloodline was completely absorbed.

Chen Feng seemed to be drunk, his face flushed with excitement.

He can guarantee that if the Great Desolate Master knows that he has stripped all the blood of the monster beasts used to test the blood, his face will be exceptionally wonderful.

The two stopped again and looked forward.

Ancient wood has changed again.

This time, it goes without saying that both of them knew it well.

The next step should be the third change. In all likelihood, it is a test of mental power!

Sure enough, when the sharp roar sounded, a powerful mental attack rushed towards them.

In Chen Feng's spiritual world, golden spiritual power began to surge.

The two looked at each other.

Then, Qi Qi rushed forward.

boom!

The golden beams of light continue to transform into various shapes.

Or sharp as a cone, or huge as a net.

And beside that piece of gold, there was a bigger piece of redness.

That is the mental power of Zhong Li Yaoqin!

Her mental power is also different from ordinary people's!

Chen Feng was trying his best to mobilize his mental power, condensing into a flying sword, and piercing a giant basalt beast in front of him.

The next moment, he turned his head and looked at Zhongli Yaoqin.

"As expected, he is also the chosen one."

He couldn't help but secretly said in his heart.

Although Zhong Li Yaoqin is a woman, she always looks like she's not cannibalizing fireworks.

She has an elegant figure, a slender figure and long jade legs.

Under this fiery red dress, it looks particularly white!

But it's such a woman with a dignified temperament, who starts her hands, but don't be fierce!

Since the two stepped into this floating mountain range, whether it was a test of physical strength or a test of blood.

Even now, in terms of mental strength, she still looks extremely calm.

Even Chen Feng is not a monster that can deal with it calmly, but she doesn't change her face, and takes the initiative!

That's nothing more.

The most terrifying thing is that Zhong Li Yaoqin never received any injuries from beginning to end!

The first test arranged by the great deserter was almost impossible for her.

Three hours later.

When the two successfully arrived at the other end of the floating mountain range, Zhai Changzun had been waiting for a long time.

Seeing the appearance of Chen Feng, Zhai Changzun seemed a little surprised.

Especially when I look at Chen Feng, I feel even more thoughtful.

For some reason, when meeting his gaze, Chen Feng felt like he was completely seen through.

He intuitively felt that Zhai Changzun had already seen it.

In the floating mountain range behind, all the monsters used to test the bloodline had disappeared.

Those special phoenix bloodlines had already merged together at this time.

Lying quietly in Chen Feng's dantian world.

However, Zhai Changzun did not say much.

He still has no mood swings, glanced at the two of them, and said lightly.

"The first level has passed, and the next one is the second level."

Just when Chen Feng thought that Zhai Changzun was going to take them somewhere again.

The person in front of him suddenly turned his hand and took out a bronze green lotus platform.

The lotus platform fell from Zhai Changzun's hand and rose in the wind.

When it fell to the ground, it was already tens of meters wide.

"Two of you, please enter this lotus platform."

"As long as you get out of it within five days, you can be deemed to have passed the second test."

After briefly introducing the rules, Chen Feng and Zhong Li Yaoqin, apart from anything else, stepped onto the lotus platform together.

Just as the two of them stepped into the body.

The whole lotus stand is golden light!

A rush of supreme Taoist rhyme rose out in an instant, blocking everything around the lotus platform.

Chen Feng raised his eyes and looked at the golden light.

Just looking at it, he immediately reacted.

This golden light has the same origin as the golden rhyme left by Zhai Changzun to them before!

Both were produced by Zhai Changzun.

Chen Feng opened his mouth and said.

"As long as I wait for the understanding of the Dao to be higher than this golden Dao rhyme, I can penetrate its origin."

"So break it down!"

However, as soon as these words came out, Zhong Li Yaoqin frowned slightly.

Chen Feng noticed and turned to look at her.

Zhong Li Yaoqin shook his head and reached out.

"It's only the first step to penetrate the source of light."

"If you want to decompose, you also need the same level of Daoyun ability."

After she dialed so little, Chen Feng immediately reacted.

Indeed it is.

He immediately mobilized the Taishang Yuqing Nine Shou Zhen Jue.

In the previous seven days, he had always practiced this level in the nine-story Buddha in the Jade Xubaojian!

Now, it happens to be used to test his level of enlightenment.

Hum!

A low, soft cry suddenly rang from his body.

In the next moment, a white mist gradually rose up around Chen Feng.

That is his Daoyun!

When Zhong Li Yaoqin saw this scene, Meimu couldn't help being surprised.

"As soon as I entered the Shifang Dongtian realm, I already have such a level of understanding of the Dao."

"I'm afraid, only this person in the entire Eastern Wilderness can do it."

Zhong Li Yaoqin asked himself, but also had to admit.

Even she was far from Chen Feng's understanding of the Dao.

"Fortunately, who I am now is not who I used to be."

"If you let a junior take the lead and solve this second level, I don't seem to be the suzerain."

Zhongli Yaoqin secretly said in his heart.

After speaking, her complexion changed, and the breath released from her body suddenly changed.

Her whole body actually began to emit fluorescent light.

The next moment, a silver-white smoke appeared out of nowhere and quickly condensed into a long sword in front of her.

Zhai Changzun stood beside the lotus platform at this time, calmly looking inside.

When he saw the long sword, his cold eyes moved slightly.

After guarding the Great Desolate Lord's Palace for so many years, the intruders and challengers I have seen are countless.

Among those cultivators who can pass the first pass, it is really rare that they can have such a level of enlightenment on the Great Dao.

Chen Feng on the side also looked over.

The moment he saw that long sword, he was blessed to his soul, and instantly wanted to understand something.

"It's no wonder that I have never seen you actuate any long sword."

"It turns out that you actually comprehend the Dao and condense it into Dao Yun, and at the same time use it as a natal magic weapon."

#### [Chapter 5510: The last day's breakthrough!](#)

Chen Feng never thought of this method!

When I saw it today, I was surprised!

Worthy of being a descendant of Zhongli Changfeng, this kind of talent is really not the envy of others.

Of course, Chen Feng did not envy it either.

After seeing her silver-white long kendo rhyme, he immediately began to try.

He had already begun to try to condense Dao Yun in the Yuxu Baojian.

This time, he was even more focused, and he kept meditating on the profound meaning of Taishang Yuqing Jiushouzhen Jue.

The avenue is simplified, from simple to deep, and finally to the same goal by different routes.

Soon, the misty white mist lingering around him quickly began to condense.

This time the speed is faster than before!

Then I started and tried molding again.

This step is extremely difficult!

The two did not disturb each other, after the whole day passed.

A dazzling light completely illuminates the entire lotus platform.

What came out immediately was the long knife that Chen Feng condensed!

This long sword looks very similar to the Qingqiu Heavenly Sword.

But without any murderous intent.

But Chen Feng was already quite satisfied.

The reason why Qingqiu Heavenly Sword has so much murderous aura is because it has experienced countless battlefields.

Drink countless powerful blood.

Such a murderous trial will be indispensable in the future.

The next moment, Chen Feng opened his eyes, and immediately shot out two bright lights.

At this moment, his supreme Yuqing Nine Shou Zhen tactics, the first level, Shouhe Jing, have been thoroughly cultivated to Dzogchen.

He looked at the golden light in front of him, and the white long knife in front of him rushed away instantly.

However, when the white long knife rushed to the golden light curtain.

A crisp sound of gold and stone reverberated immediately.

Chen Feng frowned.

I saw that the white long sword Dao Yun he had just condensed into shape was vulnerable to a blow in front of the golden Dao Yun!

It was instantly defeated and turned into a white smoke again.

The strength gap between the two is still too big after all!

However, Chen Feng was not discouraged.

He turned his head and looked aside.

I saw that Zhong Li Yaoqin was urging her silver-white long kendo rhyme at this time, still rushing towards the golden light curtain.

The golden light curtain that was hit constantly fluctuated.

It seems that it is no easy task to completely defeat it!

Even Zhong Li Yaoqin could hardly break the golden light curtain in front of him!

Until this moment, Chen Feng finally realized how difficult this second level was.

I'm afraid that the challengers who are brushed down here are probably nine out of ten.

However, Chen Feng was not discouraged.

The harder the test, the more beneficial it is to him!

Without a moment of hesitation, Chen Feng quickly condensed Dao Yun again.

This time, the rhyme of the white long sword Taoist quickly took shape.

Chen Feng urged again and hit the golden light curtain ahead.

Boom!

The long knife collapsed again and became a white Daoyun.

"Come again!"

Boom!

"Come again!"

Just like that, another day passed.

The golden light curtain still didn't mean to collapse.

However, Chen Feng's control over the Daoyun of the White Long Sword has reached a handicap!

Zhong Li Yaoqin on the side looked at it and couldn't help feeling sigh.

"Your progress is so fast."

"It takes a few months for an ordinary monk to condense and take shape, and a few months to master it thoroughly, and he can already be called a genius."

"And those geniuses are not worth mentioning in front of you!"

Chen Feng is a genius among geniuses!

At this moment, Chen Feng suddenly stopped.

He looked at Zhongli Yaoqin and said quickly.

"I will come as soon as I go."

The next moment, he disappeared on the lotus platform.

For this scene, the two inside and outside the lotus platform are no longer unfamiliar.

Chen Feng had obviously entered the Yuxubaojian again.

The huge bronze gate was pushed open again.

The familiar figure once again entered the second arch of the first floor of the Buddha.

Just now, Chen Feng suddenly had an intuition in his heart.

He has already practiced Taishang Yuqing Nine Shou Zhen tactics to the first level, Shouhe Jing, to Dzogchen!

But just relying on the first defense and realm, in any case, is not enough to defeat the golden light curtain!

The only breakthrough is to continue practicing!

The second level, guarding the gods!

He hurried into the second arch, before two familiar passages.

In front of that, the turbidity is separated and the world is transformed.

The same jade slip floated out, releasing a bright light.

Chen Feng quickly picked up the jade slip, and his divine sense swept across it.

However, what was recorded in it was not what he thought was the god-keeping magic!

It's "Returning to Wudao Yuangong".

"What is this again?"

Without waiting for the words to fall, the jade easily collapsed on its own, turned into a stream of light, and quickly invaded the spiritual world.

At the next moment, news about this technique appeared in Chen Feng's mind.

After just one glance, Chen Feng was completely attracted by the content.

The beginning of this magical power shows that this method is used in conjunction with the "Tai Shang Yuqing Nine Shou Zhen Jue".

Especially it is best to practice while keeping peace!

He couldn't wait to watch it.

Soon, Chen Feng shuddered all over.

"This magical power may just solve my urgent need!"

The content written above is actually a reverse method of condensing Dao Yun after forming!

Everyone thinks that once the Dao Yun can be condensed into shape, then the reverse dismantling will be done.

This is not the case!

Often when the Dao Yun is formed and returned to its natural state, it only has to "bang".

Suddenly collapsed.

Rather than peeling off the cocoon, following the order of the condensing time, the complex Dao rhymes are returned to their original positions.

This is exactly the method in "Returning to Wudao Yuan Gong"!

Once cultivated, Mo said that his Dao Yun can be completely reversed.

Even the rhyme formed by other monks can be reversed!

And the golden light curtain on the lotus platform is not the shaping Tao Yun set by Zhai Changzun!

Chen Feng acted decisively and quickly began to urge Taishang Yuqing's Jiu Shou Zhen Jue.

After that, he began to practice this stubbornness to return to Wudao Yuangong.

Time passed by every minute.

On the lotus platform, Zhongli Yaoqin still maintained its original posture.

The silver-white flying sword continued to rush towards the golden light curtain in front of him.

The sound of gold and stone is endless.

Zhai Changzun outside the lotus platform looked slightly.

Suddenly, the light on the lotus platform was bright!

Chen Feng appeared out of thin air again.

As soon as he appeared, he looked at Zhai Changzun.

"How long is there?"

Zhai Changzun opened his mouth and spit out the word.

"One day."

Upon hearing this, Chen Feng cast his eyes down and thought for a moment, frowning slightly.

"There is one last day, maybe it's a bit difficult."

"But you can give it a try!"

The next moment, a bright light suddenly lit up.

The white long knife appeared in front of Chen Feng instantly.

It's just that this time, on the white long knife, there is another special rhyme.

The rhyme of this Taoist rhyme is almost transparent, and it would be difficult for ordinary people to detect it unless it was carefully observed.

But it is this transparent rhyme that keeps lingering around the white long knife.

"go with!"
