

Peerless 5531

[Chapter 5531: Devour the blood of Shura!](#)

He raised his eyes and looked at Zhongli Yaoqin in the distance.

"Have you heard the voice of the Lord of Heaven?"

Zhong Li Yaoqin also nodded.

Hearing this voice, the big rock in their hearts finally let go.

The great deserter told them the clues, but there was no guarantee that this task is still there today.

Until now, the Lord of Heaven finally gave them a reassurance.

As long as the passage behind him is completely destroyed, the Shura bloodline of all the members of the Demon Sect of All Desires is absorbed.

This task will be completed in all likelihood!

Chen Feng stood proudly in the void, the ink was flying, and the whole body exploded with a more powerful aura.

The Supreme God Demonizing Dragon Art was almost turned to the extreme.

The blood of Shura in the body was constantly surging.

Keep getting longer and bigger.

In the blink of an eye, it is already tens of thousands of meters long!

It's just that the more you get to the back, the slower your bloodline upgrades.

But, at this moment, an accident happened.

When the Asura bloodline was upgraded to the inferior grade 4, the entire Asura bloodline began to explode.

It has a strong consciousness of devouring.

Directly rushed out of the Dantian world, turned into a black dragon, and rushed into Chen Feng's limbs!

Chen Feng's spiritual world was stunned.

He secretly said.

"not good!"

However, Mo Long roared and rammed straight into his body.

"Roar!"

In an instant, Chen Feng's figure began to soar.

The complexion suddenly turned blue and was instantly covered by scales.

When he opened his eyes again, he had already turned into a green vertical pupil.

Even the teeth began to skyrocket, and in a blink of an eye they were full of fangs.

In less than a few breaths, Chen Feng has become a Demon of Shura ten meters tall!

As for the members of the Demon Sect of Ten Thousand Demons, nearly half of them have not completely drawn their blood!

In the distance, Zhongli Yaoqin's breathing became stagnant.

She couldn't tell that Chen Feng's state seemed not quite right.

But the voice of the Lord of Heaven just rang in his ears.

If you stop at this time, I don't know if you will miss a great opportunity.

However, Chen Feng had already made a decision before she could make a decision.

"Roar!"

He raised the sky and roared.

The Supreme God Demonizing Dragon Art moves more quickly.

In the body, the blood of Shura quickly rushed into the limbs, trying to swallow his original blood.

Pain all over!

Rao was a man of iron and steel like Chen Feng, and he could hardly help screaming at this time.

However, he still did not stop.

At this moment, the blood in Chen Feng's body began to boil!

His breathing began to become rapid, and his whole body kept getting hot.

A red golden light burst out from his body!

The light goes straight to the world!

Illuminate this piece of pitch black like day!

At this moment, within a radius of tens of thousands of miles, all the Asura demon and monks stopped all together.

They all felt the extremely powerful blood pressure suppressed.

It was this suppression that almost made them want to kneel down and surrender immediately.

The elders sent by the three top-level first-grade sword sects were all surprised at this time.

"what happened?"

"Whose blood is so strong?"

As soon as these words came out, a name suddenly appeared in their minds.

Chen Feng!

This makes them even more shocked.

Sure enough, as the elders said, Chen Feng's cultivation strength has increased too fast!

If he cannot be obliterated in time, I am afraid there will be no chance again in the future!

They looked at each other, and finally revealed their biggest hole cards.

At this time, the old Demon Xu Jun was equally frightened.

Because, he felt a fourth-grade inferior Shura bloodline!

Fourth grade inferior!

How terrifying is the original body of that young man!

For a time, he could hardly move.

Even with the strength of the eighth hole of the Shifang Dongtian realm, it is difficult to burst out the greatest strength because of its suppression.

"kill!"

Facing the siege of the monks in front of him, he suddenly felt fear.

"I'm not going to die here, am I?"

Just as Old Demon Xu Jun was frightened, another roar came from the direction of the altar.

The shocking and tearing sound echoed constantly in the sky.

I can still hear it vaguely, that is Chen Feng!

At this moment, Chen Feng was almost on fire.

He could feel that his blood was boiling.

The supreme blood flowing in his limbs and hundreds of skeletons, at this moment, is like a sleeping giant lion, slowly waking up.

Chen Fengmo was flying frantically, his eyes were bloodshot, and two bursts of blood shot out.

It doesn't look prestigious.

The billowing black magic mist is still pouring into his body.

The blood of Shura is still getting stronger.

Chen Feng could even hear the roaring and neighing noises in every corner of his body.

"Chen Feng, stop!"

In the darkness, Zhong Li Yaoqin kept shouting.

Although she didn't know what was going on, she could see that something was wrong with Chen Feng at this moment.

That Shura bloodline seemed to want to go against the guest and swallow his own bloodline!

If we continue to absorb it like this, the consequences will be disastrous!

However, Chen Feng did not stop.

Seeing that completing the task is within easy reach, he is willing to take a gamble.

"I want to see if your Shura bloodline is stronger, or my bloodline is stronger!"

With his roar, the sky and the earth danced wildly.

A light suddenly appeared from Chen Feng's body.

Zhong Li Yaoqin took a look from a distance, and immediately took a breath.

"It's actually..."

Chen Feng knew nothing about all this.

The violent power kept flowing in every corner of his body.

The blood boiled completely, and a powerful force burst out of his bones, suddenly appeared.

With the appearance of this power, the bloodline of Asura that had been clamoring ceaselessly was immediately suppressed.

There is no room for resistance.

The endless magic mist still flows continuously and crazily into his body.

Chen Feng has fallen into a very special state.

Everything around seems to be forbidden.

He could clearly perceive the surging of blood flow and pulse beating in his body.

And this time, there is a kind of supreme majesty.

In a trance, he kept muttering.

"I have... Supreme blood."

The sound was as thin as a mosquito at first, but it became louder and weird.

In the end, he became like Hong Zhong Dalu, constantly echoing under the sky!

The body seemed to be torn apart, it was extremely painful!

However, the Supreme Bloodline is always as solid as a rock.

No matter how strong that Shura bloodline becomes, it will not move like a mountain!

"The Supreme Bloodline, terrifying!"

boom!

All the black magic mist between heaven and earth poured into Chen Feng's body.

But this time, all the Shura bloodlines in the body were actually swallowed by Shengsheng!

The remaining Shura bloodlines seemed to have some sense, and finally did not dare to recreate it, and honestly returned to the Dantian world.

A voice rang in his mind.

"Fourth grade is medium."

The Supreme God Demonized Dragon must stop functioning, and the conclusion is made.

Chen Feng's appearance began to gradually recover.

He suddenly opened his eyes, turned around and looked at the huge space passage behind him.

[Chapter 5532: Enter, the second floor of the urn!](#)

"I'll help you!"

With that, a ray of Dao Yun suddenly appeared in place.

And his figure has already rushed into the space channel.

This blood sacrifice has come to an end.

Even if Old Demon Xu Jun discovered all the truth now, it would not help.

Without enough Shura blood to sacrifice, the formation at his feet cannot be activated.

The vertical eye in the center of Jin Sanye's forehead suddenly opened.

A red light burst out immediately.

In an instant, the entire space channel began to tremble violently!

The endless thunder light popped up.

However, these lightning rays hardly constituted a threat to Chen Feng.

The next moment, Jin Sanye opened its fat bird's beak.

The space shock became more and more intense, and the entire space channel was about to collapse.

"It's done!"

Both Zhongli Yaoqin and Chen Feng were happy.

However, at this moment, an accident happened.

Between the lightning and flint, I saw a dark shadow coming from the depths of the space channel where they were.

Boom!

With sparks and lightning along the way, the thunder light could hardly stop the figure.

In an instant, Chen Feng suddenly felt bad.

Without saying anything, he grabbed Jin Sanye and pushed it back into the space in his chest.

Just after stuffing, I saw a pair of **** black pointed claws, instantly zooming in!

He was directly planning to squeeze Chen Feng's head!

The Taishang Yuqing Nine Shou Zhen tactics turned to the extreme in an instant.

When the paw went down, there was only a strand of Dao Yun that had not disappeared.

Chen Feng suddenly appeared outside the space channel.

He said nothing, the Qingqiu Heavenly Sword and Daoyun Long Sword ran to the extreme at the same time.

Two Taishang Zhushen Slashes broke out at the same time.

The surrounding time and space almost stopped in an instant.

boom!

The crackling sound continued, but unexpectedly, it did not explode in the space channel.

I saw that huge black shadow, unexpectedly fought these two swords!

In a very short period of time, he rushed out of that huge space channel.

"Roar!"

Screams sounded.

When Chen Feng saw that figure, his expression suddenly sank.

The figure in front of him was covered and wrapped by scales that looked like a crocodile. The figure was tall, a hundred meters tall!

Giant black flame demon!

"Chen Feng! You are Chen Feng!"

"You killed my nephew and you stole the Great Asura Hong Furnace."

"This hatred is not shared!"

The magic sound is rolling,

Only rush into the sky.

The old Demon Xu Jun and others in the distance heard it clearly.

Then, his face changed abruptly, his breathing almost stagnated.

That Chen Feng turned out to be not a member of the Shura realm, but a blood-sea and deep enmity with the Great Black Flame Great Demon Family!

And in the past few days, I was completely blinded by him!

"I also asked him to host the blood sacrifice..."

At this moment, Old Demon Xu Jun's heart was completely confused.

But he had forgotten that he was fighting against the powerhouses of the three top first-grade immortal gates at this time.

Take it lightly in the battle of life and death, that is a fatal loophole!

When Old Demon Xu Jun reacted, everything was too late.

boom!

Countless bright rays of light hit him at the same time.

Almost in an instant, Old Demon Xu Jun was bombarded with no scum left!

It's just that everything is too late.

Several powerhouses of the three top-level first-grade immortals are now dead and wounded.

They quickly rushed behind the Demon Sect of All Desires.

Zhong Li Yaoqin noticed it for the first time and immediately reminded him loudly.

Chen Feng's heart sank.

There was a powerful black wisp of giant flame in front of him, and the space channel was difficult to destroy smoothly.

There are wolves before and tigers behind.

If you can't think of a way at this time, let alone complete the task.

I am afraid that today, he and Zhong Li Yaoqin's lives will be confessed here!

Chen Feng Yu Guang glanced at the space channel.

Previously with Jin Sanye's method, the entire passage was actually still in collapse.

However, the speed is not so fast.

If there is no external damage, it will take at least three days to completely crush!

Three days!

Chen Feng quickly informed Zhong Li Yaoqin of the matter.

Zhong Li Yaoqin was also in embarrassment.

At this time, the Great Black Flame Demon didn't attack Chen Feng.

However, it is constantly pouring its own power toward the space channel.

This black wisp of giant flame demon is many times stronger than the one that Chen Feng has seen before.

It has at least the strength of the eighth hole of the Shifang Dongtian Realm!

With Chen Feng's cultivation base at this time, it is absolutely impossible to beat it!

But if it allowed such a remedy, the consequences would be disastrous.

At this moment, the powerhouses of the three top-level first-grade immortal gates also rushed to kill.

The appearance of the Giant Black Flame Demon was completely unexpected by Chen Feng.

Otherwise, this task may have already been completed at this time!

Chen Feng almost broke his teeth, his brain revolving extremely fast.

Zhongli Yaoqin broke off immediately.

"Let's go!"

"There are still a few months, and I can come again next time."

If you don't go now, there is really only a dead end.

Thousands of miles away, the powerhouses of the three top first-grade immortal doors approached with a laugh.

In an instant, a crazy thought flashed through Chen Feng's mind.

A golden tower suddenly appeared.

Hum!

When that golden pagoda appeared, the giant black flame giant in front of him felt immediately.

It turned around, breathing fire in its eyes.

"Give back my nephew's things!"

Chen Feng sneered.

"Okay, then you have to continue."

Before he could say anything, he threw the gold tower in his hand high into the void.

The golden pagoda swelled against the storm, and the whole body continuously erupted with billowing magic energy.

However, it also burst into golden light!

Chen Feng looked at Zhongli Yaoqin and quickly spread the voice.

"I'll hold them, you remember to bring the golden pagoda, speed up the complete destruction of that space channel!"

Zhong Liyaoqin's face suddenly changed.

She has been to the Jinta,

Naturally know what the first layer looks like inside.

Chen Feng wants to take all the strong to leave temporarily, naturally it is impossible to just lock them on the first floor of the Golden Tower.

He intends to enter the second floor!

Inside, there are endless terrifying monsters!

boom!

Before Zhong Li Yaoqin could reply, a palm wind quickly shot her flying.

Then, golden light shines!

At this moment, Chen Feng's Taoist rhyme seems to have undergone some changes.

The Jinta burst out with powerful suction, and instantly sucked the giant black flame giant in.

Then, Chen Feng's figure suddenly disappeared.

Almost at the same time, the three top-level first-grade immortal masters who had rushed to the rush all suddenly disappeared.

Only Zhong Li Yaoqin was left on the spot.

There are corpses everywhere!

The urn slowly descended from the sky.

The black magical energy was still tumbling on it, and then stood silently in Zhongli Yaoqin's palm.

Chen Feng's last few words constantly echoed in Zhong Li Yaoqin's mind.

After a while, she wanted to understand everything.

Zhong Li Yaoqin instantly grasped the small golden tower in his palm, turned and rushed into the space channel.

boom!

There was already a turmoil in the jinta.

As soon as Chen Feng entered the golden pagoda, he controlled the mighty Demon Lord, Mo Ke Luo and Sha Ye Demon Lord.

[Chapter 5533: Chen Feng, in desperation?](#)

Thanks to the demon, even if they don't want to, they can only do it.

The cultivation base of the four is not too weak, especially the powerful demon, the strength is extremely strong.

In the midst of their indiscriminate bombardment, the Black Flame Giant Flame Great Demon and the three top-tier 1st Grade Immortal Sect powerhouses were all in their hands and rushed to the second level!

"Roar!"

As soon as he entered the second floor of the Golden Pagoda, endless murderous aura instantly intertwined densely.

Coming overwhelmingly!

The sound of monsters roaring everywhere in his ears.

The rolling sound waves almost shook all the "uninvited guests".

Chen Feng looked up.

I saw this second layer, it was like a small world.

The scope is larger and broader.

At this time, they were standing in a plain and dense forest.

In front of them, there is a dark prison fire gauze leopard!

It is extremely tall, tens of meters long, and it is dark red all over, like a fiery haze.

The huge leopard claws pressed on the ground, and there was even blood on the claws that had never dried up.

The peak of the fifth hole in the Shifang Cave Heaven Realm!

As soon as he arrived on the second floor of the Golden Pagoda, he encountered a monster of such strength.

It is conceivable that the monster beasts that will be encountered next will have what terrifying cultivation bases.

And back to the door on the first floor of the Golden Tower, I don't know when it has been closed.

If you can't beat it, you must die!

The second layer of aura is extremely thin.

However, it is better than the first layer.

Chen Feng pulled Mo Ke Luo and his son over and shouted sharply.

"Why are you staying here, you must know it in your heart."

"If you want to live, you can only cooperate with me!"

The faces of Mokoro and his son were extremely ugly.

However, compared to the three top-tier 1st grade immortal gate powerhouses, compared to the black wisp of giant flame demon who is not our race.

They seem to have only this choice.

"it is good!"

Mokoro nodded.

Chen Feng raised his head and looked deep into the dense forest ahead.

Just now, a voice suddenly rang in his mind.

"The second floor of the Golden Tower, open!"

It seems that there is guidance in the dark.

Because of this, he dared to drag everyone into this place without hesitation.

"Chen Feng!"

Several roars sounded behind him.

Almost at the same time, several powerful attacks appeared.

In place, there was only a ray of light golden Taoist rhyme.

At this moment, Taishang Yuqing's Nine Shou True Art was brought into full play.

Chen Feng kept appearing and disappearing again.

After a while, he disappeared deep in the dense forest.

The powerhouses of the three top first-grade immortals looked at each other.

In everyone's eyes, there is an incomparable enthusiasm.

"That's Yuxu Immortal Sect's body style!"

"Hurry up!"

Countless Dao Yun is mysterious, and in the retreat, the color of those Dao Yun becomes more and more golden.

It's like having gone through thousands of tempers.

boom!

Chen Feng threw a punch.

A huge figure screamed and flew out.

This was already the tenth monster he killed!

The more you rushed toward the depths of the dense forest, the more terrifying the monster beasts that appeared.

Boom!

There was another loud noise.

A huge wing beast was nested into it by the great Xiu Luohong furnace.

The fire is rising, and the wailing is endless.

Behind Chen Feng, the expressions of Mo Ke Luo and Haoqi Mojun continued to shock.

Chen Feng is stronger than they thought!

His strength mainly lies in the speed of promotion too fast!

In this kind of dense forest full of horrible monsters, he is still unpredictable.

It is simply difficult for people or monsters to catch a trace of him.

Behind them, the Black Flame Giant Flame Demon also fought with the three top-level first-tier immortals.

They all hated Chen Feng.

But between each other, there is also an insurmountable gap.

The enemy's enemy is a friend, and it doesn't work here.

Everything is as Chen Feng expected.

Here, a large number of monsters will not become a burden to him, but can even disperse the enemies behind him.

He looked happy and only waited three days.

When the space channel is completely destroyed, he can instantly disappear into the second floor of the golden pagoda.

Appear on the top of the sky!

It's simple, but it's so easy to stay in the second floor of this urn for three days and three nights?

The Qingqiu Heavenly Sword and Daoyun Long Sword were constantly waving, intertwined into a dense giant net in the air.

Endless murderous aura was taken away, and then broke out!

Chen Feng's star-sea world was filled with light, especially the thirty stars, it was extremely bright.

boom!

boom!

He was almost blushing, and he was murderous everywhere he could see.

It's been one day since I entered the second floor of the Golden Tower.

Chen Feng hardly stopped.

Whenever he feels a little exhausted, whether he is surrounded by monsters or enemies, he will swarm up.

But a kind of induction deep in the dense forest has become more and more obvious.

There must be something there!

I'm afraid, these monsters on the second floor of the Golden Tower are all to protect that thing!

Thinking of this, Chen Feng couldn't help but want to know what exactly was calling him.

Suddenly, a murderous look came from behind.

Fast as lightning!

A loud noise erupted on the spot instantly.

However, only the afterimage of Chen Feng remained in place, which did not hurt him the slightest.

Taishang Yuqing's Nine Shou Zhen Jue, the first heavy defense of peace, has already reached its peak.

It's just that the moment he appeared, the two body images were prepared and rushed over at the same time.

"Chen Feng!"

"Today you will definitely die!"

It was actually the three powerful top-notch immortal gates who joined forces to kill.

Chen Feng didn't have time to react between the lightning and flint.

The Great Asura's burial sacred work slammed into action.

With a roar, Shura's bloodline was aroused, and Chen Feng's figure continued to soar.

In an instant it was convenient for the giant black flame to be no different.

His whole body was covered by scales, and his green vertical pupils burst out of black magic light.

"Die me!"

Before the words were over, the powerful devilish energy was overwhelmingly gone.

Chen Feng's whole body's strength suddenly condensed, and he immediately entered a mouthful of Shura Demon Qi.

Then, the magic breath rushed instantly.

Easily intruded into the bodies of the three top three first-grade immortal door experts.

They were caught off guard and did not react for a while.

The next moment, something terrible happened.

Whenever the human monks who were infiltrated, they all screamed.

All the flesh and blood power in them instantly turned into death!

They appear unchanged on the surface.

But the dead energy in the body was constantly running around, wantonly corroding the remaining vitality.

Soon the screams gradually disappeared.

Although these people struggled for a long time, they still had no room for parry in front of the Great Asura Burial Art.

It's worthy of being specially developed for the monks of the human race, the Hong-level ninth-rank exercise!

In front of him, several extremely hard corpses stood stiff.

Even the soul cannot leave the body.

It was eventually corroded together and disappeared completely.

"You actually practiced it!"

The voice of the Great Black Flame Demon burst.

Chen Feng turned around and had no choice to run away immediately.

On the hills dozens of miles away, the number of monster beasts has obviously increased, and even the aura that bursts out has continued to grow stronger.

[Chapter 5534: Tianyuan Little Demon, wake up!](#)

He rushed over, I'm afraid he will really fall.

The giant black flame giant in front of him naturally saw Chen Feng's mind.

It laughed wildly.

"A dignified human monk who secretly practiced the top exercises in my Asura world."

"If you hadn't offended our Black Wisp Giant Flame Family, otherwise, the Asura Realm might not give you a way out."

Chen Feng's eyes were pale.

At this time, he still maintained the appearance of the Shura demon.

However, the great Shura burial magic has a miraculous effect on the human monks, but it does little harm to the Shura demons.

Chen Feng has almost exhausted his hole cards.

But it was still difficult to deal with the giant black flame giant in front of him.

"Hand over things!"

If Chen Feng didn't say anything, he moved the devil's heart.

Despite his unwillingness in his heart, Mokoro and his son had to step forward.

The Great Black Flame Great Demon glanced at them coldly, with contempt in his eyes.

"Do you think you can stop me just by these two infamous goods?"

Regarding the Sect Master and Young Sect Master of the largest Demon Sect in the Thousand Worlds of Eastern Desolation Immortal Territory in Xuanhuang, how could the two of them bear such anger?

However, when the great black wisp of great flame exploded with a breath of shock.

The two flew out immediately.

Instantly rushed into the depths of the dense forest ahead.

After a while, the screams sounded, and then returned to nothingness.

Chen Feng couldn't help but stunned.

All of the monsters in the distance were above the seventh or eighth hole of the Shifang Dongtian realm.

Even if he puts the Taishang Yuqing Nine Shou Zhen tactics first, it runs to the extreme.

I am afraid I will be stopped in an instant.

"Do you have any last words?"

The black wisp of giant flame demon also stepped closer.

Powerful coercion kept coming, pressing Chen Feng back again and again.

Chen Feng suddenly moved slightly in his heart.

He suddenly raised his head and looked at the Shura Demon in front of him.

"What is the origin of this urn?"

Hearing this, the giant black flame demon burst out laughing.

The joking and disdain in its eyes are even more obvious.

"This is your last word?"

"It's okay to tell you that this golden pagoda was snatched from a strong human race during the war between the two worlds."

It's just that they have never entered the second floor of the Golden Pagoda for so many years.

There seemed to be countless powerful monsters in it, and a demon king tried to refine it to no avail.

"Well, you can go to death."

After finishing speaking, the black wisp of giant flame big demon burst out of black magic energy.

The supreme Asura devilish rush came.

Accompanied by it, there was a rumble of thunder.

Chen Feng was almost forced to bend down by the pressure.

But he clenched his teeth and persisted.

The surrounding Dao Yun had already completely turned into red gold at this time.

This is Chen Feng's Taoist rhyme!

Unique colors.

It's just that, unless you immediately break through the second layer of the Taishang Yuqing Nine Shou Zhen tactics, guard the gods.

Otherwise, it will be difficult to fight!

Seeing Chen Feng bend his knees, he couldn't help shaking, almost kneeling down.

At this moment, Chen Feng suddenly looked up.

There was a sneer on his face.

Still extremely arrogant!

"Do you think I have no hole cards?"

"Kill him for me!"

Almost at the same time, an extremely terrifying force burst out of Chen Feng's body in an instant.

boom!

That punch came out with a bang, and instantly knocked the great black flame giant demon hundreds of meters away.

Then, from in front of Chen Feng, a figure slowly walked out.

That figure is handsome, Kong Wu is powerful.

At this time, Chen Feng was greatly relieved.

Tianyuan Little Demon, wake up!

The sky and the earth are surging, and thunder and lightning are surging.

The original little fat boy has now turned into a slender young man with sword eyebrows and star eyes.

Because he is the offspring of the White Elephant Demon Venerable, his complexion is deceiving Saixue.

However, it is full of male masculinity.

After absorbing the blood of the Red Flame Demon Venerable, all the seals in the Tianyuan Little Demon's body shattered.

The repair is all the way hurriedly.

At this moment, he has reached the sixth cave heaven of the Shifang Dongtian realm!

The giant black flame demon felt tight at first.

But after seeing the Tianyuan Little Demon, he was relieved again.

It became angry again.

It was just a monster whose strength was not as good as his.

How dare to be so arrogant!

But, the next moment, the situation changed suddenly.

"Roar!"

The entire second floor of the golden pagoda suddenly began to riot.

In the deep forest behind him, countless monsters roared at the same time.

It seems to be sensing something.

Then, those monster beasts actually rushed forward one after another!

A horrible tide of beasts instantly formed!

At this time, Chen Feng finally laughed.

"Do you think that I am delaying time just to summon an ordinary monster beast?"

"What I found are all monsters!"

The giant black flame demon was a little frustrated.

It fiercely looked at the Tianyuan Little Demon beside Chen Feng.

Suddenly, my mind suddenly opened up!

It reflected everything.

Although this demon cultivation base is difficult to crush everyone, it does have an extremely powerful
bloodline!

Because of this bloodline, the monsters in the distance naturally did not dare to act rashly.

boom!

The terrifying tide of beasts arrived in an instant, and almost effortlessly blasted and killed the Great Black Flame.

He didn't even let go of the one hundred meters high body.

They kept tearing apart, and swallowed them in the last life!

The situation suddenly reversed!

Chen Feng didn't think of this.

Right now, there is no longer any threat to the entire second floor of the Golden Tower.

With Tianyuan Little Demon, all those powerful monsters were respectful.

However, when Chen Feng walked toward the depths of the dense forest, they still showed obvious anxiety.

It seems that he still wants to stop Chen Feng from passing.

Chen Feng looked at Tianyuan Little Demon.

"Ask them, what is there in the deep forest."

"Why do you want to stop so desperately."

Little Demon Tianyuan nodded.

The next moment, I saw the head of the Wind Dance Brahma Lingqi suddenly speaking.

"That's what the master left after sitting down."

"The master told us that we must protect this thing."

Upon hearing this, Chen Feng became more and more curious.

He spoke.

"What if I must go in?"

The Fengwu Fanlingqi thought for a while, and then said.

"It's hard for us to fight against the blood aura of the two demon-lords. If you want to go in, step on us over there."

Before the words fell, Chen Feng immediately stood up.

With the Tianyuan Little Demon by his side, he passed the beast tide almost effortlessly this time.

Click!

He stepped into the secret road ahead.

Soon, Chen Feng and Tianyuan Little Demon came to the deepest part of the second floor of the Golden Pagoda.

There, there is only a rudimentary basement.

The surroundings were slashed and cut, and the surface of the stone gate was smooth and tidy, as if it had been slashed by someone.

Presumably, the only person who made this secret room was the original owner of the Jinta.

This kind of method, seldom has the strength above the spiritual virtual land fairyland.

Chen Feng opened the door and entered.

[Chapter 5535: Hyakki Yexing Soul Calling Scripture, Part 2!](#)

It was empty except for a piece of black paper floating in the void.

The surface was pitch black, but Chen Feng could tell it was extraordinary at a glance.

His pupils shrank suddenly, and he took a sharp breath of cold air.

The next moment, he instantly appeared in front of the black paper.

I saw the eight characters written extremely distorted.

Hyakki Yexing Soul Calling Truth!

The font was twisted like countless twisted limbs, with an indescribable sense of evil and terror!

"It turned out to be the Hundred Ghosts Night Walk Soul Calling Truth!"

He had seen the first chapter of the Hundred Ghosts Night Traveling Soul Calling Scripture in the huge towers of the Buddhist scriptures on the top of the sky.

Hundred Ghosts Recall Chapter.

The Hundred Ghosts can only recall the souls of the dead.

After the three souls and seven souls are complete, they will be incorporated into their original body.

So resurrected!

However, what Chen Feng needs is the second chapter of the Hundred Ghosts Night Calling Souls.

Six Ways of Reincarnation!

And this second article does not even have a huge tower of Tibetan scriptures.

The Lord of Heaven has even said that if you can find it, you can reward 10,000 chalcedony of Heaven!

At the beginning, Chen Feng entered the top of the sky in order to find the Hundred Ghosts and Yexing Soul Calling Scriptures as soon as possible, and resurrect those who wanted to be resurrected.

Who knows, I searched for a long time.

He even found the Hyakki Yatra Reincarnation Scripture, and almost planned to use it instead.

Unexpectedly, there was a clue today!

This piece of black paper is exactly the breath of the second chapter of the Six Paths of Reincarnation!

It has a similar atmosphere to the first one, but it is different.

Chen Feng immediately took a closer look.

At first glance, he couldn't help but feel a little disappointed.

This black paper does record the second chapter of the Hundred Ghosts Night Calling Souls.

However, there are only some clues.

The true Six Paths of Reincarnation is not in the Golden Pagoda.

As mentioned above, the Six Paths of Reincarnation has caused turmoil in various worlds once it was born.

After hearing the news, the strong came and wanted to **** this thing.

And the supreme powerhouse who created this article disappeared with that article.

Since then, his whereabouts have been unknown.

It is said that he was killed and has fallen.

It is also said that he is incognito and is not known to everyone.

However, more people think that the person hid these six reincarnation chapters in a middle-thousand world.

And this paper clearly records it.

The six reincarnation chapters are in a thousand worlds in Xuanhuang!

It's just that it's in the Southern Wilderness Immortal Territory!

Seeing these four words, Chen Feng couldn't help being a little surprised.

"Isn't the Southern Desolate Immortal Territory already because of some special reasons, now there is only an endless desert."

There is no aura, no power of the stars.

It doesn't even make sense to compete.

Is it really possible for the six reincarnation chapters to stay there?

Or has it been boarded first?

"No matter what, it seems that next time, I have to go to the Southern Wilderness Immortal Territory."

Chen Feng carefully accepted this special piece of ink paper.

However, at the moment of contact with it, an extremely powerful time force burst out suddenly.

The next moment, a voice of vicissitudes of life suddenly appeared in Chen Feng's mind.

"I am the master of the Golden Pagoda of Hundred Ghosts, a Taoist without a cliff."

"If you want this thing, you need to respond to me."

The Taoist Wuya, the lord of the golden pagoda, is talking to him over time!

Chen Feng asked directly without saying anything.

"What's the matter?"

"Resurrect me."

Hearing this, Chen Feng couldn't help being shocked.

This senior already knew that he was about to die, so he dared to lay down such a handwriting.

Without waiting for Chen Feng to answer, he just listened to the Taoist Wuya to continue.

"The Southern Wilderness Immortal Territory is in danger, my heart is disturbed, my heart is disturbed!"

Chen Feng was deeply shocked when he heard this.

The Southern Desolate Immortal Territory has already wiped out countless hours.

It seems that the Taoist Wuya who talked to him at this time has spanned millions of years!

Chen Feng thought for a while, and still said.

"Senior, today's Southern Desolate Immortal Territory, there is no grass, only a desert."

Upon hearing this, the other party fell silent immediately.

The silence did not last long.

The Taoist Wuya continued to speak firmly.

"No matter what, you need to make a promise that after you get the Six Paths of Reincarnation, you must bring me back to life."

"Otherwise, I won't give you any inheritance."

Chen Feng agreed without saying a word.

Anyway, he has a lot of cause and effect, and he is not afraid to carry this one.

After hearing Chen Feng's promise, a huge force instantly poured into his mind.

In an instant, a clue appeared in Chen Feng's mind.

"Southern Desolate Immortal Territory, ancient forbidden land..."

Before Chen Feng had any doubts in his heart, he could only hear the voice of Taoist Wuya again.

"Since the Southern Wilderness has been destroyed, I can only place the six reincarnation chapters of the Hundred Ghost Night Calling Souls in the ancient forbidden land.

"When you reach the Lingxu Land Wonderland, you may be able to take it out of it."

After all, the Taoist Wuya sighed.

In the tone, it seems more vicissitudes of life and helplessness.

"Little friend, thank you very much."

Before the words fell, that breath completely disappeared in Chen Feng's mind.

boom!

Instead, there is a pan-tilt.

Jin Sanye's voice sounded in due course.

"You kid really got lucky, so many monsters have been suppressed by your little brother."

"Hurry up and refine this cloud platform, and you will be able to completely control the second floor of this golden tower."

Chen Feng was overjoyed.

Although he was burdened with another task, he was one step closer to his goal.

"It seems that I have to speed up."

Only when you reach the Lingxu Land Wonderland as soon as possible can you go to the Southern Wilderness Fairyland and enter the most dangerous ancient ruins.

Then, break through to the Holy King Realm with all his strength!

In fifty years, complete the task of guarding the giant peaks given by the top of the sky.

After that, go to the Western Wilderness Immortal Territory, go to the Ruins Xianzong, to find the truth about his life experience!

Without saying anything, Chen Feng began to quickly refine the cloud platform in front of him.

Without the obstruction of external forces, the entire refining process hardly encountered any difficulties.

boom!

When the second level of the Golden Pagoda was completely refined and refined, Chen Feng suddenly felt the enlightenment.

A burst of clarity of mind.

He turned around and looked back.

Every powerful monster beast can be controlled with his mind.

The strongest, even has the strength of the eighth hole in the Shifang Dongtian realm!

"With this second level, unless it is the elders of the three top-level first-grade immortal gates who personally shoot.

"Otherwise, no one can hurt me a bit."

For a time, Chen Feng had lofty ambitions and high spirits.

He turned his head and looked at the Tianyuan Little Demon on the side.

"How much time has passed?"

Tianyuan Little Demon replied respectfully.

"One day."

In other words, there is one day left.

Without saying anything, Chen Feng immediately took out the Yuxu Baojian and entered it.

Now, he has already practiced the Supreme Yuqing Nine Shou Zhen Art to the first level of Shouhe Realm peak.

[Chapter 5536: The harvest of the second floor of the Jinta!](#)

You have to quickly complete this Taishang Yuqing Nine Shou Zhen Art.

Break through to the Lingxu Land Wonderland in one fell swoop!

Pushing open the huge bronze gate, Chen Feng came directly to the huge nine-story Buddha statue.

The nine-story Buddha statue was still shining brightly, not reaching the top.

There is no way of supremacy in the whole body.

Just looking at it is enough to make people fascinated.

This time, he jumped up directly and came to the second floor!

The arches on the second floor are much less than those on the first floor.

However, the blood above it is also thicker.

Chen Feng casually searched for an arch with a moiré monster beast, and wanted to push the door to enter.

What surprised him was that even though he had exhausted all his strength, the arch was still difficult to open.

"How is this going?"

Chen Feng was quite surprised.

Is it necessary to clear all the arches on the first floor before opening the second floor?

With this suspicion, Chen Feng quickly returned to the first layer of the Buddha.

Then, the sweep mode started.

After harvesting the techniques behind the third arch, Chen Feng suddenly reacted somewhat.

Taishang Yuqing Jiushou Zhenjue is a Hong-level nine-rank exercise method, not because of it itself.

And because, based on it, there are countless scattered exercises.

For example, in the second arch, "Returning to Wudao Yuan Gong" in the second arch.

Another example is the "Shouhe Condenser Technique" in the third arch...

Only after all these scattered techniques are mastered, can this first level of Shouhe Realm be completely cultivated to the peak!

Chen Feng is now anxious for success, and all the exercises are temporarily in his mind.

Did not start practicing immediately.

The result of this is that more and more time was spent in the monster beast battle in the first arch of the next level.

The power that needs to be consumed is getting bigger and bigger!

However, fortunately, his cultivation speed is extremely fast.

When he defeated all the monsters on the first floor, one of the arches on the second floor finally opened automatically.

Without a word, Chen Feng rushed in.

boom!

With a loud noise, Chen Feng immediately flew out.

Almost directly rushed out of the bronze giant door.

The power in the arch of the second layer of the Buddha is completely different from the first layer!

This layer is more powerful!

Chen Feng didn't even see exactly what the monster beast was like!

He couldn't help laughing wryly.

"It seems that there is really no shortcut to cultivation."

Chen Feng honestly sat down outside the Buddha statue.

He began to refine and absorb all the sub-gong methods obtained from the first layer one by one.

These sub-gong methods are not of high grade and get started quickly.

Almost within a day, Chen Feng had undergone a radical change.

At this time, he has thoroughly understood the true meaning of Shouhejing.

The sage is not bound to the vulgar, not seduced by others, holding the yin and holding the yang, and eager to think of harmony.

At this moment, Chen Feng could already teleport tens of thousands of miles!

This kind of body technique is a strong person in the fairyland of Lingxu, and it may not be able to do it!

He stepped forward.

The next moment, he appeared in an arch of the second-story Buddha statue.

boom!

This time, loud noises sounded one after another, but Chen Feng's figure was never flying upside down.

After half an hour, there was another loud noise.

Chen Feng clenched his fists with both hands, and quickly withdrew the two bright long knives from the front.

A slender snake demon suddenly fell to the ground and turned into nothingness.

"Sure enough, you have to combine all the exercises in the first layer of the Buddha statue into one before you can deal with the second layer of monsters."

Without a flexible enough body method, it is simply difficult to hold a move within this second-story arch!

Without waiting for Chen Feng to think about it anymore, the chaos in front of him began to separate.

And between the turbid world, a jade slip appeared.

The whole body releases bright light.

After that jade slip, two more passages appeared.

Chen Feng slid towards the jade slip.

Sure enough, the first exercise on the second level is the second level of the long-awaited "Tai Shang Yuqing Nine Shou Zhen Jue"!

Keep God!

According to Taoism, people are born by changes in the world.

Because of its limbs, five internal organs, nine orifices, three hundred and sixty knots, they are all similar to heaven and earth, and they can interact with each other.

If the state of keeping harmony is the harmony of yin and yang, the exchange of what is needed.

The induction and transformation between human and Taoist rhyme, then the guarding of the gods is the induction between human and heaven and earth.

"It's quite different from practice."

The same is true of the Shifang Dongtian realm now.

It is necessary to interact with the stars in the star chart in the body and the stars in the outer universe.

Chen Feng closed his eyes and concentrated.

The golden Daoyun soon appeared around Chen Feng.

Then, these Dao rhymes began to transform again and gradually began to fade.

Chen Feng's state of mind was unprecedentedly calm at this time.

Vaguely, he seemed to be able to feel it, and there were countless rhymes in his own body.

They pull each other, influence each other, and are closely connected.

And in the world around him, there seemed to be dense Taoist rhymes.

Each one rises into the air, in fact, it just puts its own Tao Yun on top of the Tao Yun between heaven and earth.

Hum!

In an instant, Chen Feng began to change.

His own Taoist rhyme is constantly increasing, and his colors and shapes are constantly changing.

In the end, those golden Dao Yun returned to nothingness.

Invisible and colorless, it can only be induced by the mind.

At this time, Chen Feng almost felt every pore of himself opened.

He seems to blend with heaven and earth.

The sense of heaven and earth's aura has suddenly doubled!

"This is Shou Shen Jing!"

Chen Feng was surprised and happy.

He successfully entered the guardian state!

At the same time, the Xinghai World in the body began to change again.

Just as Chen Feng was meditating and sensing the surrounding world, the stars in the star sea world began to sense again.

When he opened his eyes, there were another thirty stars shining brightly in the Star Sea World.

boom!

At this moment, an extremely powerful force surged crazily from his body.

There seems to be endless power in every gesture.

He actually broke through to the peak of the second cave of the Shifang Dongtian realm in one fell swoop!

Can break through to the third cave of the Shifang cave realm at any time!

When Chen Feng came out of the Yuxu Baojian, the second floor of the Golden Pagoda was still outside.

Tianyuan Little Demon was waiting outside.

When he saw Chen Feng appear, he couldn't help but shudder.

How much time has passed since then?

His master has made another major breakthrough!

Chen Feng asked casually.

"How long have I been in?"

Tianyuan Little Demon answered immediately.

"Back to the master, three days have passed."

Upon hearing this, Chen Feng's face suddenly frowned.

Three days have passed, why haven't I heard the huge voice from the Lord of Heaven?

Could it be that Zhong Li Yaoqin didn't destroy the space channel?

Chen Feng immediately took the Tianyuan Little Demon and disappeared into the golden pagoda.

boom!

As soon as the two appeared, there was a loud and deafening noise in their ears.

[Chapter 5537: Complete the lost mission!](#)

In the world, a blood red!

The icy wind was blowing all around, and the hurricane was roaring.

There are howling ghosts and wolves everywhere.

"what happened?"

Chen Feng looked up fiercely.

I saw in the distance, that huge space channel still exists steadily!

Although there is an extremely terrifying crack on it.

However, he was held back by the giant claws!

Chen Feng's pupils shrank suddenly, and he couldn't help but breathe in a cold breath.

He thought that the Demon Sect of Ten Thousand Desires had been extinct, and he took away all the powerhouses of the three top, first-grade immortals.

It is easy to destroy the space channel.

Unexpectedly, another accident happened!

That giant claw is really terrifying!

It protrudes from the space channel, as if it can be changed and extended at will.

The whole body is covered by dark blue scales, and the claws are even stronger than most top magic weapons!

There is no doubt that this must be a supremely powerful person in the Asura world!

It seems that the actions of the two of Chen Feng can be said to have destroyed a long-planned event in the Shura world!

Once at this juncture, it was completely destroyed.

So, for the Shura world, it can be said to be a failure!

This is even more unacceptable than breaking this space channel completely from the beginning.

It is for this reason that there is such a great ability to shoot in person.

Even though it was just a giant claw stretched out, it had the power above the eighth hole in the Tensquare Cave Sky realm.

Just standing in place, Chen Feng could feel a suffocating fear.

Clang!

Above the sky, the sound of gold and stone faintly sounded.

Amidst the billowing demonic energy, Zhong Li Yaoqin's figure loomed.

Chen Feng immediately concentrated, and the next moment he appeared next to Zhong Li Yaoqin.

boom!

In an instant, all the air within a radius of a few miles stagnated with Chen Feng's thoughts.

The giant claw wanted to withdraw, but stopped for a moment.

Too much to kill God!

In the next moment, the endless light is all restrained.

Extremely fast!

The two supreme sword intents instantly slashed on the giant claws.

Jet black blood shot out.

It fell on the ground with a hissing corrosion sound.

Wherever the devil blood passes, there is no life!

"Roar!"

In a daze, from the other end of the space channel, there was a roar.

The mighty one in the distance yelled in pain.

"Chen Feng, you..."

Zhong Li Yaoqin almost widened her beautiful eyes.

She couldn't believe it.

Not only did Chen Feng come out alive, but he didn't see him in just a few days, and he actually made a new breakthrough!

At this time, he is almost no worse than himself!

"You rest, here I am."

Chen Feng spoke to Zhong Li Yaoqin.

Before the words fell, he disappeared in place and appeared in front of the space channel.

"San Ye Jin, come out to eat!"

boom!

Tai Shang Zhu Shen Zhan came out one after another.

A knife that once required a whole body of cultivation to be cut, now it can even be woven into a net!

Within a radius of more than ten miles, the world changed with Chen Feng's mind.

The giant claws are inevitable, and they are constantly being cut into pieces of meat.

At the same time, Jin Sanye jumped out of Chen Feng's body.

"Let's come too!"

I saw a big golden fat bird suddenly appeared outside the space channel.

In that billowing devilish gas quickly surged.

The next moment, I saw Jin Sanye open his mouth.

An unprecedented horrible suction appeared instantly!

At the other end of the space channel, the roar trembles even more.

I saw that in the dark blue giant claw, the devil soul was continuously sucked into the mouth of Jin Sanye.

At the same time, Chen Feng continued to bombard the space channel.

Under such successive attacks, the giant claw finally broke its front paw and retreated back into the Shura realm.

And the huge space passage in front of him finally disappeared between this dark black world.

boom!

With the last ray of thunder falling.

A familiar loud voice rang in Chen Feng's mind.

"The fairy in the sky, Chen Feng, the chosen person Zhong Li Yaoqin, completed the task left in the Xuanhuang Zhongqian World."

"Destroy the Demon Sect of Ten Thousand Desires and smash its conspiracy."

"You can return to the top of the sky at any time."

Upon hearing this, Chen Feng and Zhong Li Yaoqin looked at each other immediately.

In each other's eyes, joy was clearly visible.

There were so many accidents going around in this task of leading the Chosen One.

It's finally done!

Chen Feng stood in the vast void, with billowing devil energy on his head, and the huge array below was still intact.

Today, although the Demon Sect of the Ten Thousand Desires has been completely destroyed.

The wolf ambition of the Shura realm was also temporarily shattered along with the huge space passage.

But here is still the most yin and cold place.

The space between heaven and earth is turbulent, and there will be some space cracks constantly.

And the devilish energy that has been entrenched here for millions of years will stay together for a while.

Zhong Li Yaoqin rarely showed a beautiful smile.

She looked up at the sky, as if she wanted to see the top of the sky through the thick devilish energy!

"Shall we go up quickly?"

Zhong Li Yaoqin retracted his mind and turned to look at Chen Feng.

The Teleportation Array that the Great Desert Lord built for them only took one month.

Right now, they have spent about ten days here, which is faster than expected.

In contrast, Zhong Li Yaoqin couldn't wait to return to the top of the sky.

She wants to take back the things that originally belonged to her!

However, after hearing Zhong Li Yaoqin's words, Chen Feng suddenly said something.

"and many more."

He retracted his gaze and looked down.

"Time is still too late, I have something else I want to try."

Zhong Li Yaoqin was puzzled, and asked casually.

"what's up?"

Chen Feng stretched out his hand and pointed at the incomparably huge scarlet circle below.

"Look at this magic circle, covering thousands of miles, sophisticated and complicated."

"I'm afraid, after the old Demon Xu Jun came to Xuanhuang Zhongqian World, he has been lurking here for an unknown number of years."

While talking, he flipped his hands and took out the large Xiu Luohong furnace.

The gaze in his eyes became more intense.

"Old Demon Xu Jun meticulously laid out this huge array, but now it hasn't been used in the slightest."

"It would be too wasteful to just leave it here or destroy it."

"It just so happens that there is still a core magic circle missing in my big Asura Hong Furnace."

Hearing this, Zhong Li Yaoqin already understood what Chen Feng wanted to do.

She probably knew how capable the Luo Hong furnace was.

Since Elder Wu became the elder of Tianshu Sword Sect, Zhongli Yaoqin has also heard a few words.

Following the direction of Chen Feng's fingers, she lowered her eyes to the incomparably huge scarlet array below.

"You can really give it a try."

After all, the Demon Sect of All Desires has a history of millions of years.

Now it was so dilapidated that Chen Feng and Zhong Li Yaoqin could easily destroy the door.

How many are related to this magic circle.

I have to say that Old Demon Xu Jun has indeed penetrated into the veins of Demon Sect of Ten Thousand Desires.

Presumably he had already laid out for a long time before he officially appeared.

[Chapter 5538: I want to refine Taoism!](#)

When someone in the Demon Sect finds something wrong, it's too late!

A lot of background information has been consumed in this huge circle in front of him.

Although it is not as magnificent as the guardian formation of the Galaxy Sword Sect, it is not much worse.

It is more than enough to be used as the core magic circle in the Great Asura Luohong furnace!

Without saying anything, Chen Feng immediately asked Jin Sanye in his body.

"What do you think?"

Where can Jin Sanye have any objections?

"We are just trying to remind you of this."

"Hurry up, move this circle to the Great Asura Luohong furnace."

"We haven't seen the aisle in many years, hehe..."

Chen Feng nodded.

He immediately activated his whole body cultivation base and began to try to refine the expansion array below.

Hum!

The large Xiu Luohong furnace was thrown high into the air, constantly roaring.

From its body, an endless bright light burst out.

The monstrous power kept pouring out.

Vaguely, a part of the divine light rose slowly, and an internal magic circle evolved in the void.

Eighty magic circles!

Every magic circle is extremely complicated.

Each magic circle is interlocking, restraining and influencing each other.

It was the first time that Zhong Li Yaoqin saw these arrays inside the Luo Hong Furnace.

After all the eighty magic circles evolved, the internal situation was clear at a glance.

Even a cultivator who doesn't understand the formation technique can clearly see it.

There is a vacancy in the very center of the eighty magic circle.

Here is where the core array is placed!

"In this way, this core formation is the source of the other eighty magic formations!"

Just set up this core formation and get it up and running.

Then the nine-nine-nine-eighty-one magic array will unite nine and nine into one, completely changing the quality.

And the Great Asura Luohong Furnace will also become a Taoist tool from a very powerful magical implement.

Just looking at the 80 formations, Zhong Li Yaoqin couldn't help but become excited.

She spontaneously began to protect Chen Feng.

The next moment, Chen Feng began to refine the huge magic circle below.

boom!

The silent circle was suddenly excited, and began to burst out with extremely powerful power.

The space began to oscillate.

Between the heavens and the earth, a gust of wind howled and howled sharply.

The endless demonic energy above his head surged crazily in Chen Feng's direction.

It was like a troll hiding in it, and it was about to launch a sneak attack at this moment.

However, Chen Feng remained upright and did not hesitate to move.

The sound of a hundred ghosts crying seemed to be heard.

Extremely stern, almost piercing the eardrum.

Chen Feng burst out with infinite power all over his body.

The circle is fighting him!

It is refusing to be refined and transformed!

The golden spiritual world opened up, and the monstrous golden spiritual power turned into golden light.

Radiantly rushed into the circle.

"Roar!"

This is a tug of war!

For the next five full days, Chen Feng was competing with the magic circle below.

Fortunately, the old demon Xu Jun has been completely annihilated, and the magic circle is no longer an owner.

Otherwise, it would be difficult to refine Chen Feng alone.

As the last magic pattern was completely refined, Chen Feng was overjoyed.

"It's done!"

As long as the magic circle is like a large-scale repair Luohong furnace, Dao artifacts can become!

Even Zhong Li Yaoqin was happy.

However, at this moment, anomalies suddenly occurred!

In Chen Feng's heart, a warning sign suddenly rose.

An unprecedented death threat climbed rapidly from behind him.

Suddenly made him horrified.

"not good!"

He immediately changed his complexion, turned his head and disappeared in place, instantly appearing in front of Zhong Li Yaoqin.

I saw him grab Zhongli Yaoqin, and then quickly shouted in his mind.

"Master of Heaven, I am waiting to request to return to the top of the sky!"

As soon as the voice fell, the vast voice of the dominion of heaven rang out.

"You can return!"

In an instant, the cyan light diffused out, covering both of them.

The thin layer of cyan light was suddenly extremely dazzling.

Then it turned into a thick cyan beam of light, straight to the world!

The two suddenly disappeared in place.

Even the big formation just refining has not had time to recover.

The moment Chen Feng disappeared.

Boom!

A terrifying force that destroyed the heavens and the earth suddenly fell on the world of the Demon Sect of Ten Thousand Desires!

Thunder light suddenly appeared, and the magic cloud was almost scattered by the sky.

The yin wind screamed, and the extremely violent gang wind instantly tore the void of tens of thousands of miles into chaos.

The bright brilliance lights up this piece, like daylight.

That is... the power of Lingxu Land Wonderland!

Under that extremely terrifying power, a stalwart figure suddenly appeared here.

He was covered in gray robe, beard and hair were white, but he was full of energy.

Two substantive rays of light burst into the muddy eyes immediately.

In an instant, he scanned every corner of the world.

The tall and stalwart figure did not look like an old monster at all.

But if someone is here, they will definitely exclaim for the first time.

The person here is surprisingly the Supreme Elder of the Taiyi Immortal Gate, Immortal Monarch Hong Xi!

No one thought that Xianjun Hong Xi would actually take the shot himself.

Just to deal with a kid who hasn't been in the ten-square cave for a long time!

But even so, when Hong Xixianjun looked at the empty land in front of him, his heart burst into flames.

"Anyway, let Chen Feng that kid escape again!"

Obviously, for a second, he could still vaguely sense Chen Feng's breath.

What is the next move for this kid?

Immortal Hong Xi was furious, his cold eyes swept across the ruins of the Demon Sect of Ten Thousand Desires below.

Looking at the remains of the whole floor, and the huge circle of dark red light and shadow, Hong Xi Xianjun's eyes are extremely cold.

The next moment, he waved his sleeves angrily.

boom!

The earth cracked into countless pieces.

Even the huge skull head that stood up to the ground began to fall apart from top to bottom.

The array that Chen Feng had just refined also made a crisp sound.

Then, the whole circle suddenly faded.

There was no more breath.

At this time, the cyan light beam disappeared, and Chen Feng and Zhong Li Yaoqin appeared on a platform.

Looking around, there is only a green glow around him.

There was silence all around.

Zhong Li Yaoqin looked at the boundless flat land, and only felt that he was in the middle of the desolate and vast universe.

"This is the top of the sky?"

She turned to look at Chen Feng.

Chen Feng shook his head.

"This is the transitional space for returning to the top of the sky."

With that said, he also started to introduce Zhong Li Yaoqin some of the situation here.

Such as the towers of the heavens and ten thousand realms. Such as the giant bronze fangs gate.

There are also some rules on the top of the sky.

Chen Feng was very excited.

The moment he walked out of the giant bronze fangs with Zhongli Yaoqin, the vast voice of heaven dominates in his mind.

"Chen Feng, an immortal in the sky, took the chosen person to the top of the sky within the specified time."

"It will be issued in conjunction with the previous endless killing advanced battlefield mission reward."

[Chapter 5539: Zhongli Yaoqin's bloodline induction!](#)

"Reward the qualifications to enter the third and fourth floors of the Great Tower of Tibetan Scriptures, once each!"

"Reward the fairy embryo."

As soon as he said this, Chen Feng's breathing became short.

He didn't even listen carefully to those rewards afterwards.

Fairy embryo!

Qualifications to enter the third and fourth floors of the Great Pagoda of Tibetan Scriptures!

All of them are exuberant rewards.

Prior to participating in the endless killing advanced battlefield mission, the Lord of Heaven only rewarded a low-level fairy weapon.

At that time, the rewards were temporarily detained, only that they would be issued together after completing the lead task.

Unexpectedly, it would be directly replaced with a fairy embryo!

The so-called fairy artifact embryo is the best raw material for making fairy artifact!

As long as the weapon built with this, the worst is also a low-level fairy!

"It just happens to be available to replace my Qingqiu Heavenly Sword!"

Chen Feng was very excited.

Now, Qingqiu Heavenly Sword has been completely completed.

But after all, there are still a lot of materials, which belong to the waste material millions of years ago.

If it can be replaced and tempered with fairy artifact embryos, his Qingqiu Heavenly Sword will surely change upside down.

Its power is definitely several times stronger than the top Nine-Rank Treasure!

And another reward made Chen Feng's heart beat even more.

Qualifications for the third and fourth floors of the giant tower of Tibetan Scriptures!

You know, a large part of the reason why Chen Feng came to the top of the sky is because of the huge towers of Buddhist scriptures from the heavens.

This top of the sky is said to be what one wants to do, and 80% of it comes from this huge tower of Buddhist scriptures.

Enter into the giant towers of the Buddhist scriptures of the heavens and exchange what you want to improve yourself.

This is Chen Feng's main purpose for coming to the top of the sky.

However, it is one thing to enter the giant towers of the Buddhist scriptures in the heavens, and it is another thing to get the treasures inside.

Need a lot of chalcedony and jade slips!

Today, Chen Feng has many chalcedony and jade slips.

But if you want to buy the precious magical powers, martial skills, or natural treasures in it, you are still a little stretched.

At this moment, Chen Feng suddenly remembered something.

At the beginning, the Lord of Heaven once said that if you can get the clues of the second chapter of the Hundred Ghosts Night Calling Souls, you can reward 10,000 chalcedony of Heaven!

He immediately said loudly in his mind.

"Master of Heaven, I got the clues to the second chapter of the Hundred Ghost Night Calling Souls, the Six Paths of Reincarnation."

With that said, he took out the ink paper he got.

The next moment, a light cyan light swept across the ink paper.

It didn't take long before I heard the answer from the Lord of Heaven.

"Confirmed that it is the clue to the second chapter of the Hyakki Yexing Soul Calling True Story.

"Reward the immortal in the sky, Chen Feng, ten thousand chalcedony of heaven!"

As soon as the voice fell, Chen Feng could sense it.

Among his golden reincarnation jade medals, there are 10,000 more chalcedony pieces!

Chen Feng was overjoyed, and immediately thought of something, and continued to ask.

"If I can bring the second chapter of the Hundred Ghosts Night Call of Souls back to the top of the sky, will I still be rewarded?"

The huge voice sounded again.

"Bring back the second chapter of the Hundred Ghosts Night Traveling Soul Calling Scripture, rewarding 500,000 chalcedony pieces of heaven."

Five hundred thousand roads!

Chen Feng almost jumped up.

With these five hundred thousand heavenly chalcedony, he can buy a lot of treasures among the huge towers of the Tibetan Scriptures!

And while Chen Feng was very excited, Zhong Li Yaoqin also changed.

Hum!

Even Chen Feng, who was next to him, could clearly hear a crisp sound in his ears.

"What's broken?"

He turned to look at Zhongli Yaoqin.

Zhong Li Yaoqin looked surprised, as if he couldn't believe it.

Hearing Chen Feng's voice, she turned her head.

"I have always had a seal in my body."

"Now, that seal is beginning to loosen."

This is the reward given to her by the Lord of Heaven!

The two of them were very happy, and quickly went to the giant bronze fangs gate.

They turned out to be from the fourth floor of the giant tower of the heavens and the world this time!

"I didn't expect this task to be quite difficult."

Before the words fell, a muffled hum suddenly came from beside him.

An extremely powerful breath suddenly shot out from Zhong Li Yaoqin's body.

"what happened?"

Chen Feng immediately turned his head and looked at Zhongli Yaoqin.

The next moment, Zhong Liyaoqin's complexion changed.

She said quickly.

"They found me."

boom!

From the top of the sky, Zhong Li's family was boiling.

Almost all the blood of the direct relatives were in the dark, sensing a very special blood.

"what happened?"

Although many juniors feel this way, they don't quite understand why they feel this way.

That is a kind of blood induction that can make them feel terrified!

At the same time, there is also a disgust.

It seems that between each other, they are born endless enemies!

At this moment, a huge sound suddenly sounded in the entire Zhongli Family.

The voice was extremely deep and full of air.

"All the disciples of Zhong Li's family follow the order, and that person is back."

"I want you to kill it at all costs!"

All the juniors who heard this were shocked.

"It turned out to be the voice of the ancestor!"

"The ancestor has been silent for so many years, I thought he would have sat down long ago."

"Speak carefully!"

...

As the whole bell left the family home, scattered sounds immediately sounded.

"Junior listen to the order!"

Soon, someone was called to the lobby.

"Junior Zhongli Yuntian, met the ancestor!"

The person who knelt down was Zhong Li Yuntian, who had never met Chen Feng and became a good brother!

It was precisely because Chen Feng helped him kill three more powerful opponents during the trial mission.

Now he has become a well-respected junior in Zhong Li's family.

He is even qualified to enter the Zhongli Family Ancestral Hall to worship!

"Zhong Li Yuntian, you have made a lot of progress in the previous trials."

"Now you have the opportunity to fight for the next position as the Patriarch of the Zhongli Family with your brothers."

"There is something, I should let you know."

The speaker is the ancestor of Zhongli who has been in seclusion for a long time!

That is, another offspring of Zhongli Changfeng!

Zhongli Weize!

Although he has lived for an unknown number of years, he still looks like a middle-aged man.

He walks vigorously and has a burly body.

Zhong Li Weize's eyes were empty, seeming to penetrate the void, staring at the Zhongli Yaoqin who had just come out of the huge tower of the heavens and ten thousand realms!

"My father, your ancestor, once left another heir."

"That son is not recognized by my Zhongli family."

"Moreover, once it returns to the top of the sky, it will surely cause disaster."

"At first, my mother injured her badly, but she managed to escape."

"The reason why you have blood connections today is precisely because of her return!"

As Zhong Li Weize said, a cold light flashed across his eyes.

"Now you have the strength of the fifth hole in the Ten Fang Dongtian Realm, and you must be on par with her."

"If you can kill it, the next Patriarch will be yours."

Hearing this promise, Zhong Li Yuntian couldn't help but breathe shortly, and his blood spurted.

He was so excited that he immediately raised his head and promised loudly.

"Yuntian will live up to the ancestor's hope!"

With that, he got up and left, quickly turned into a streamer, and disappeared into the sky.

Only Zhong Li Weize's mouth was filled with a smile, and he said nothing.

At this moment.

Among the huge towers of the heavens and the world.

Chen Feng and Zhong Li Yaoqin were stopped by an unexpected guest.

"Chen Feng, why did you suddenly appear here?"

The person who spoke was indeed Chu Pingsheng!

He is always extremely domineering and extremely arrogant.

It is a self-confidence field that speaks completely and does what it says.

However, under this level of appearance, there is a vicious and cruel face.

Chen Feng looked at him coldly and made no secret of his killing intent.

"Why, did you take the initiative to die?"

Hearing this, Chu Pingsheng felt even more angry.

"You shrinking head turtle, what method did you secretly use last time, you actually followed Fairy Yuheng to the endless killing advanced battlefield."

"Unexpectedly, this time I actually entered someone else's mission."

Speaking of this, Chu Pingsheng's eyes were extremely disdainful, as if he was overlooking the ants from above.

"Why, so afraid of death?"

"Afraid that I will kill you in the next trial mission?"

Listening to Chu Pingsheng's ruthless words, Chen Feng used to feel heavy and did not dare to underestimate it.

Now, it's a bit boring.

He sneered.

"Don't you send someone to try to kill me in the mission world."

"Whether it was all killed by me?"

These words immediately hit Chu Pingsheng's anger.

He was furious, but he quickly turned back and laughed.

"Anyway, you think you have escaped the trial mission again, so I can't help you?"

Looking at Chu Pingsheng's sneer, Chen Feng couldn't help but feel a bad premonition.

His eyes grew colder.

"What do you want to do?"

Chu Pingsheng finally laughed arrogantly and proudly.

"Chen Feng, Chen Feng, your greatest strength is your greatest weakness."

"You really won't have a trial mission for a long time."

"But your friends do."

While talking, he flipped his hands and took out something.

The moment Chen Feng saw that thing, his heart trembled.

His face brushed and it became extremely cold.

I saw Chu Pingsheng playing with the key of trial in his hand, very proud.

"I heard that your lovely sister, Mei Wuxian, is about to enter the trial mission."

"you dare!"

Chen Feng's murderous aura almost materialized.

The invisible Dao Yun instantly condenses into several long swords.

If he hadn't remembered, he couldn't kill each other on the top of the sky, otherwise, Chu Pingsheng had already been smashed into a sieve!

"Look, I dare not!"

Chu Pingsheng laughed.

"You continue to be your head-shrinking turtle."

"Next, I will kill everyone around you one by one!"

As he said, his gaze shifted to Zhong Li Yaoqin who was aside.

"For those who are more acquainted, it's best to know a little bit of measure and protect yourself."

"If you follow me, keep it on the top of the sky, no one dares to move you."

Hearing this, Zhong Li Yaoqin laughed sharply.

She looked at Chu Pingsheng and smiled slightly.

"I have a deadly enemy on the top of the sky, are you sure you can protect me?"

Chu Ping was quite confident in life, so let her talk and listen.

"Zhong Li Family."

"The entire Zhongli family will kill me."

Upon hearing this, the expression on Chu Pingsheng's face suddenly froze.

Looking at his brilliant expression, Chen Feng laughed and walked away with Zhong Li Yaoqin.

He is not in a hurry to consume the qualifications of the third and fourth floors of the great towers of the Tibetan Scriptures.

Although, on the bright side, he severely suppressed Chu Pingsheng.

But I have to say that if he really intends to deal with Mei Wuxian, she may not be able to resist it alone!

The two soon arrived at Beidou Fudi.

It was the first time that Zhongli Yaoqin came to Beidou Fudi.

It's just that she stood outside the Beidou Fortune Land, her eyes seemed to feel something, and she looked up into the sky.

Above the higher fairy mountain, she looked at a fairy mountain.

"I feel, I seem to have lived there before..."

Following the direction of Zhong Li Yaoqin's fingers, Chen Feng looked over.

I saw that she was pointing at an unowned fairy mountain.

The whole body is shrouded in black clouds, and you can't see the true face.

In the dark clouds, there were more thunder and storms.

It seems to be a restricted area for mortals, and no approach is allowed.

As we all know, on the top of the sky, those fairy mountains will be closed once they have no owner.

And what Zhong Li Yaoqin was referring to was a second-grade fairy mountain!

It is two higher grades than the fourth-grade fairy mountain where the true person Qingyan was located!

Almost has reached the top!

Chen Feng couldn't help but quiet down.

That's probably the fairy mountain where Zhongli Changfeng and his Taoist couple were previously.

Later, the two of them fell together, and this second-grade fairy mountain became a masterless thing.

Chen Feng looked at Zhongli Yaoqin and told her about the fairy mountain.

After learning the origin of those thunderstorms and dark clouds, Zhong Li Yaoqin was already full of tears.

She looked at that place, loudly and authentically.

"I want to go in!"

Chen Feng looked at Zhongli Yaoqin's appearance, and suddenly his heart moved.

He vaguely remembered that there was also a key of trial in the Fourth Grade Immortal Mountain where True Person Qingyan was located!

"With my current strength, it should be enough to find out!"

With this in mind, Chen Feng first brought Zhong Li Yaoqin to Beidou Fudi.

The two of them held up the jade medal of reincarnation.

Suddenly, from above the jade archway, between the words "Beidou", a blue light shrouded the two reincarnation jade plates.

"Crack"!

On the jade plate of reincarnation, there was a crisp sound.

Then, the door opened wide in an instant, and a cyan light surrounded the two and swept in.

At the moment they entered the door, the two felt that the sky was spinning.

When he wakes up again, the face and the foreground have already undergone tremendous changes.

Chen Feng is naturally used to everything here.

But Zhong Li Yaoqin was here for the first time.

She looked at the extremely beautiful valley in front of her, looked at the cliffs towering into the clouds, and listened to the ding-dong of the spring water and the bamboo forests.

I just think all this is so unreal.

The large tracts of peach forest, without a glance, spread towards the extreme distance.

There was a refreshing green breath, gushing out from afar.

The power of stars!

"Chen Feng!"

Suddenly there was an exclamation from far away.

In the next moment, Fairy Yuheng and others quickly turned into a streamer and appeared in front of the two.

"Why did you come in from outside?"

Fairy Yuheng said, turning to look at Zhongli Yaoqin.

"Who is this....."

Before Zhong Li Yaoqin could speak, Chen Feng took the lead.

"This is Fairy Yaoqin, a strong man I brought up this time."
