### [Chapter 5541: Explore Sipin Fairy Mountain!](#)

"Fairy Yaoqin, this is Fairy Yuheng."

Fairy Yuheng looked at Zhongli Yaoqin, her expression changed slightly.

But the next moment, she reacted like an enlightenment.

Nodded and stopped asking.

"It turns out to be Fairy Yaoqin, who has long admired his name."

Zhong Li Yaoqin glanced at her, did not speak, just nodded slightly.

Chen Feng quickly spread the voice.

"Here, it's best not to let others know which world we come from."

"However, you and Fairy Yuheng are both from Xuanhuang Zhongqian."

"She should have recognized you."

Beside Fairy Yuheng stood a Tianchou beast slave.

Seeing Chen Feng, Tianchou Beast Slave was amazed except for excitement.

"Big Brother, every time I watch you disappear for a while, your cultivation base has skyrocketed like never before."

"It's so enviable."

Chen Feng couldn't help laughing as he listened to the words of the beast slave.

"If you know what I went through, I'm afraid you won't be envious."

Every time he makes a breakthrough, he is struggling from the line of life and death.

If you don't break through, you will be killed by those strong!

Since returning to the Xuanhuang Middle Thousand World, he has been chased and killed almost continuously when he reached the back.

This promotion from the knife edge is extremely thrilling every time!

However, this moment is not the time to greet the old.

Chen Feng looked up and looked around.

"Where is Mei Wuxian?"

When Chen Feng asked, Fairy Yuheng was a little curious.

"She is preparing for the upcoming trial mission."

"What, are you looking for her?"

Chen Feng nodded, and quickly repeated the words of Chu Pingsheng on the huge tower of the heavens and ten thousand realms.

After listening, Tiancun Beast Slave and others were almost eager to furious.

"If it weren't for the top of the sky to kill people, I really want to go and divide him into five horses now!"

Fairy Yuheng responded the fastest.

She looked at Chen Feng.

"What are you going to do?"

Chen Feng spoke without hesitation.

"I plan to explore the Fourth Grade Immortal Mountain left by True Person Qingyan."

"If you remember correctly, there is a key of trial in there."

The key of trial is similar to the mission key of the endless killing advanced battlefield, but it has a higher degree of freedom.

As long as you have it, you can enter any world of trial missions you want.

Chu Pingsheng didn't know where he got one.

Just want to use Mei Wuxie to deal with Chen Feng.

This made him instantly think of some close relatives.

Jiang Yuechun, white mountains and rivers, flowers like beauty.

And Shangguan Lingyun, Yue Linglong, Wei Qingyi...

These six relatives and friends were killed by the former Chu Shaoyang!

Now, waiting for him to find the second chapter of the Hundred Ghost Night Calling Souls, the six reincarnation chapters.

Only then can they be completely resurrected and reborn in the new Zhongqian world!

Chen Feng never wants to make the same mistake again!

"I intend to solve Chu Ping's life in Mei Wuxian's trial mission world."

This sentence has a dull tone.

But everyone can hear the determination!

Zhong Li Yaoqin couldn't wait to go to the second stage fairy mountain.

After hearing this, he took the initiative to speak.

"I'll accompany you to talk about that fourth-grade fairy mountain."

Chen Feng nodded.

Fairy Yuheng and Tiancan Beast Slave naturally wanted to go too.

However, Chen Feng left the fairy Yuheng.

"Beidou Fudi also needs someone to guard it. It is hard to guarantee that Chu will not make trouble in his life."

"Don't worry, we will be back soon."

Fairy Yuheng knew the severity, although she felt regretful, she nodded.

Soon, the three of Chen Feng appeared in front of the Fourth-Rank Immortal Mountain left by Real Person Qingyan.

The wind screamed in front of me, and dark clouds were everywhere.

From time to time, thunder and lightning flashed and the wind howled.

The terrifying power of thunder and lightning continued to spread wantonly, and the entire space was slightly shocked.

Chen Feng looked at the power of this thunder and lightning.

"If I try hard, with my current strength, I'm afraid it will take some time."

The Heavenly Canal Beast Slave on the side agreed.

He was originally a golden-winged dragon eagle, with rough skin and flesh, but he couldn't help feeling frustrated.

However, at this moment, Zhong Li Yaoqin on the side stepped forward.

"No problem, I seem to have a feeling..."

With that said, she took the initiative to rush into the thundercloud.

Rumble!

The thunder light between the sky and the earth was instantly ignited!

The Four-Rank Immortal Mountain once owned by True Person Qingyan was bigger than Beidou Fortune Land.

It is conceivable that there are more power of stars inside.

Stepping into this step, the thunder light caused is even harder to estimate.

In an instant, countless rays of thunder light a few meters thick came from all directions in an instant.

The twists and turns, but went straight to Zhongli Yaoqin.

"Fairy Yaoqin!"

All the beast slaves were stunned by Zhong Li Yaoqin's move.

He immediately turned his head and looked at Chen Feng, wanting to know what they should do.

Do you have to help.

Chen Feng stood quietly in the void, staring intently at Zhongli Yaoqin not far in front of him.

The thunder light in front of me, the power of every Dao is in the Shifang Dongtian realm!

Some are weak, some are strong.

Right now, the strongest one is full of the breath of the sixth hole in the Shifang Dongtian realm!

Even if Zhongli Yaoqin's cultivation base and no matter how strong his physical body is, facing the thunder light in all directions, I am afraid he will suffer a bit!

However, looking at Zhong Li Yaoqin's appearance, it seems that something is planning ahead.

"what are you planning to do?"

Chen Feng asked Zhong Li Yaoqin loudly.

Before he could answer, he probably guessed Zhong Li Yaoqin's plan in the next moment.

These dark clouds and storms covering Wuzhu Xianshan are just the power of the top of the sky.

All power comes from the power of the stars!

Chen Feng immediately remembered when he first saw Zhongli Yaoqin.

She is standing under a waterfall.

And the waterfall that flows is the power of stars!

"and many more!"

Chen Feng stretched out his hand to stop the beast slave.

"Let's take a look at the situation first."

As soon as she came out of the giant bronze fangs gate, Zhong Li Yaoqin said that there seemed to be a seal in her loose.

At the moment, she is planning to take advantage of the storm and thunder and lightning here.

To tear the seal in the body!

But this is too risky!

I saw Zhongli Yaoqin standing proudly among the layers of dark clouds.

A lot of thunder light rushed to her, annihilated it instantly.

At the same time, bright rays of light burst from her body.

The vast and terrifying power is overwhelming, and for a time, it is no less than those thunderclouds!

The Tiancun Beast Slave looked at him, his eyes almost straightened.

"Brother, the people you brought in are too strong!"

"Fight against those thunderclouds!"

Chen Feng didn't say anything, just continued to stare at the dark clouds.

However, his complexion gradually sank.

Zhong Li Yaoqin's state is wrong!

She was too anxious to get things done, and she was not calm enough as usual.

Faced with a large number of thunder lights, she opened her door wide and wanted to introduce her into her body to help her break the seal.

"not good!"

[Chapter 5542: The true martial art of Zhenyan Qingyan!](#)

Just as Chen Feng's complexion changed drastically, those thunder lights suddenly boiled!

Bursts one after another!

"puff!"

Zhong Li Yaoqin couldn't cope with it, so he lost his blood and spouted a mouthful of blood.

Even his body staggered.

It seems to be falling from high altitude.

In the next moment, Chen Feng disappeared beside the Tianchou Beast Slave, and instantly appeared beside Zhongli Yaoqin.

Without saying anything, he hugged Zhongli Yaoqin.

Turning around, he flipped his hand and took out the Great Asura Hong Furnace, shouting at the Heavenly Demon Beast Slave.

"Come in."

Tiancun Beast Slave and Chen Feng have formed a tacit understanding.

Even if there are only two words, he can react instantly.

Hum!

The Great Asura Hong Furnace rose in the void against the storm, and instantly became bigger.

The celestial beast slave flew into it immediately.

At the same time, he urged all cultivation bases, and rushed into the dark clouds abruptly.

At this moment, the three of them simultaneously entered the thundercloud.

Wow!

The endless thundercloud seemed to be ignited.

You can see the situation here for thousands of miles.

In addition to many nearby fairy mountains, the immortals passing by stopped one after another and looked sideways.

All of them had extremely incredible expressions on their faces.

Some companions looked at each other even more.

"I am not wrong, right?"

"Just now, someone rushed directly into the 4th Grade Immortal Mountain without owner?"

You know, these unowned fairy mountains, once sealed by the top of the sky.

Unless there is fate, it will be difficult to open.

Those who want to break through are often severely injured by lightning.

Especially the higher the Xianshan rank!

The lightning power contained in it is even stronger.

"I have been on the top of the sky for decades, and I have seen many people want to break into the unowned fairy mountain."

"However, no one can forge ahead successfully."

"It's not just that it didn't succeed. Nearly half of the strong people were chopped into powder!"

"No bones left!"

...

Among the discussion among the passing immortals, Chen Feng and the three had already penetrated into the thunderclouds.

There was an extremely sharp gust of wind in my ears.

Thunderstorms kept ringing.

Even the Heavenly Canal Beast Slave couldn't help feeling a little frustrated.

Just now, he completely relied on his trust in his eldest brother, and then he rushed in without hesitation.

But right now, Chen Feng held Fairy Yaoqin's waist with one hand, and grasped the edge of the large Xiu Luohong furnace with the other.

It's really just going to force it!

Even Zhong Li Yaoqin reacted at this moment, and couldn't help showing shock.

"Brother, let's go out first."

However, Chen Feng had a firm gaze, looking at the Fourth Grade Immortal Mountain in Thunder Cloud.

"Don't worry, I can teleport."

Although Tiancun Beast Slave heard some of Chen Feng's experience in Xuanhuang Zhongqian World.

But after all, I haven't really seen it before, and I am a little bit uncertain.

He kindly reminded.

"Brother, the space here is very unstable..."

Before the words fell, I saw dazzling eyes.

The body instantly lost weight and then stopped instantly.

silence!

In the last second, there were endless and deafening roars and thunder in my ears.

At this moment, there was silence for thousands of miles.

As if everything before was just an illusion.

They really came to this fourth-grade fairy mountain!

Chen Feng lowered his head and looked at the golden reincarnation jade medallion on his waist.

I don't know if it was his illusion. Just when he was running the first stage of the Jade Qing Nine Shou Zhen tactics, the samsara jade medal seemed to change.

It seems that there is a ray of green breath flowing out of it.

In that endless storm, a certain connection was created.

However, these are temporarily unknown.

The Tiancun Beast Slave couldn't believe it.

"Are we... here?"

"It's that simple?"

He immediately climbed out of the great Xiu Luohong furnace, turned over and looked around.

Looking around, the sights are all mountains and forests.

It is completely different from Beidou Fudi!

The owners of different fairy mountains can make some changes to their own fairy mountains.

Just like the Blessed Land, it is like a paradise.

And this four-pin fairy mountain, a large area of deep mountains and old forests, huge towering ancient trees.

Even the sun above his head was groggy.

It seems to be covered with a thick layer of cloth, which makes people feel more depressed.

Looking at it as a whole, it has nothing to do with "Xianshan".

It's completely like a ghost!

The only thing worth paying attention to is the power of countless stars above the sky!

Chen Feng quickly counted it.

As a Seven-Rank Immortal Mountain, Beidou Fudi has a radius of hundreds of miles, including five or six hundred stars.

And this Four-Rank Immortal Mountain of True Man Qingyan, with a radius of thousands of miles, has the power of four to five thousand stars!

No matter how depressed and silent here.

I have to say that the power of the stars here is quite strong.

Even experts like Chen Feng and Zhong Li Yaoqin at their cultivation bases seem to feel like spring breeze.

The cultivation base that runs inside the body is even more enjoyable.

However, the celestial beast slave is used to seeing the fairy mountain environment like Beidou Fudi.

Although he felt comfortable as well, he still had difficulty adapting to the lifeless environment here.

"This is the fourth-grade fairy mountain? It's not as good as the seventh-grade fairy mountain in Beidou Fudi."

Chen Feng couldn't help laughing when he heard this.

He walked over and patted the Celestial Beast Slave on the shoulder.

"Have you forgotten the past of Real Qing Yan?"

Hearing this, Tiancun Beast Slave suddenly remembered.

True person Qingyan was originally born in a poor family in Longmai Continent. When he was grazing cattle in the mountains after the age of seven, he ran into an immortal.

After being instructed by the fairy, he embarked on the road of martial arts.

It's just that he is withdrawn, doesn't like to associate with people, and loves to be with those evil spirits in the mountains and forests.

Therefore, the reputation of Longmai Continent is not obvious, and there are not many legends left.

The Tiancun Beast Slave couldn't help being deeply moved.

"It doesn't matter if you are withdrawn. He was so ambitious before and wanted to resurrect."

"After so many years, it is still so gloomy."

Chen Feng couldn't help but sigh.

In order to track down the trace of the immortal who pointed him, Master Qingyan came to the top of the sky by accident.

At the top of the sky, he stayed for a hundred years.

In these hundred years, he not only possessed extremely strong strength himself, but also established a huge martial art!

I thought it would be so magnificent and growing.

Unexpectedly, it was still gloomy as always.

He looked far above the mountains and forests.

There are palaces with countless mountains.

It's just that with such a casual glance, you can see which palaces are ruined.

It seems that after the death of Master Qing Yan, some changes have occurred here.

At this moment, Zhongli Yaoqin came over.

She didn't know anything about True Person Qingyan, and came here with her own ideas.

However, this idea is somewhat impractical at the moment.

Fortunately, she came here to try first.

"Sorry."

She spoke softly.

When Chen Feng heard this, he turned his head and waved his hand.

"What are you polite."

[Chapter 5543: The second hand of True Man Qingyan!](#)

He knew that Zhong Li Yaoqin was apologizing for the risk just now.

However, knowing that Gui knew, Chen Feng also quickly thought of a lot.

"Luckily you came here with us."

"The thundercloud storm of the Fourth Stage Immortal Mountain is already so terrifying."

"In my opinion, after we go out, you must be careful when you go to that second-grade fairy mountain."

"Can't be so eager anymore."

He understood Zhong Li Yaoqin's thoughts.

Zhongli Changfeng left only two bloodlines in total, one is the upright Zhongli Yaoqin.

The other is Zhongli Weize who is sneaky.

Now, Zhongli Weize has stretched out a huge Zhongli family on the top of the sky.

His cultivation is definitely not limited to the Shifang Dongtian realm.

Not to mention the Lingxu Land Wonderland, I am afraid it is above the Saint King Realm!

Both are the heirs of Zhongli Changfeng, how could Zhongli Yaoqin be just a Shifangdong Heavenly Realm monk?

I am afraid that the seal in her body will be released, and her cultivation base will soar.

But right now, Zhong Li's family had already learned that she had returned to the top of the sky by blood induction.

Zhong Li Yaoqin's situation here is almost equivalent to Chen Feng's situation in Xuan Huang Zhong Qian World.

If you don't improve your strength as soon as possible, it will be dangerous!

Chen Feng thought for a while and comforted her.

"The top of the sky absolutely prohibits the immortals from fighting each other."

"At least here, you can rest assured."

"Even if they want to move you, they can only send someone to kill you when you enter the world of trial missions."

On the way here, Chen Feng had already told her many things, including the giant towers of the Buddhist scriptures of the heavens and the towers of the heavens and ten thousand realms.

At this moment, Zhong Li Yaoqin didn't bother.

She nodded.

"Let's find the key of trial you want first."

Mei Wuxian's trial mission began a few days later.

The time left for them is limited!

Chen Feng and the three immediately passed through a large area of deep mountains and old forests and headed towards the dilapidated palace.

With the Taishang Yuqing Nine Shou Zhen tactics, the three of them were already standing outside the palace in the time of a cup of tea.

If nothing else, in this palace, all the secret treasures during the first few hundred years of Qing Yanzhen's life were stored.

That was all the savings he had prepared for a comeback.

Just as soon as he was resurrected, his power did not even return to one percent.

They were killed by Chen Feng again!

The three looked at the palace in front of them.

Although there is no one, it is extremely dilapidated.

But from these broken walls, one can still vaguely see the glory of the year.

"A whole hundred years of accumulation has not yet returned to dust and dirt to dust."

Chen Feng was quite emotional.

He immediately stepped into the palace.

After passing through the long corridor, the three quickly arrived in the hall.

The high throne is still spotless.

As if the owner here is still there.

However, they turned quickly and frowned immediately.

"A hundred years of accumulation, where are the keys of trials hidden?"

Could it be, not in the palace?

Chen Feng thought for a while and took out three jade charms.

He gave two of them to Tianchou Beast Slave and Zhongli Yaoqin respectively.

"The three of us act separately."

"Tian Can, you go to the forest where we came to see if there is anything unusual."

"Fairy Yaoqin, you can search carefully here again."

"I'll go to the forest behind."

"Once you find something, immediately use the jade talisman to transmit the sound."

Time is limited and we have to split up.

This is already an unowned fairy mountain, and there will be no sneak attacks.

The three quickly separated.

Chen Feng quickly rushed towards the palace and went to search for it.

These tens of miles are all rolling mountains.

Only behind is a cliff.

According to Real Person Qingyan's lonely and weird character, it is possible to put all his savings anywhere.

Without a word, he rushed under the cliff.

However, just jumped off.

The picture before him changed drastically.

Chen Feng immediately changed his face and quickly squeezed the jade symbol.

"I found it!"

The huge palace they were looking for just now was a guise!

Under the cliff, there has always been an enchantment!

Only those who jump into it can see the real sect founded by Zhenyan Qingyan!

I have to say that True Person Qingyan is really a suspicious and cautious person.

Even his own blessed land Xianshan must be so concealed.

As soon as Chen Feng entered this enchantment, his vision suddenly changed.

He looked down.

Wherever you enter the eyes are dead bones!

In contrast, the previously hidden palace can only be described as depression.

Here is the real rundown!

All the disciples of the martial arts who have been dead for tens of thousands of years have died here.

From Chen Feng's point of view, the dead bones of those disciples were all in a huge altar.

The \*\*\*\* air will not disperse.

The yin wind kept blowing, and there were resentful spirits wailing in the howling.

I have to say that Chen Yan's mind is too vicious.

As early as when he founded this school, he had already thought of a lot of future.

Among them, this huge altar is included.

With such a greedy and selfish man by nature, he was prepared to make a comeback in the event of an accident.

He calculated the rules of the top of the sky.

As long as all the members of the martial art die, this fourth-grade fairy mountain can be closed.

So, on the day he was attacked tens of thousands of years ago, he started this back-hand.

Thousands of disciples from all over the sect will die!

At the same time, he also cursed the descendants of Mei Wuxia.

Just to come to the ruins in the desolate ancient ruins, borrow the Qingyan Divine Sword to resurrect him.

Had it not been for Chen Feng's clues, he had noticed something was wrong in advance and kept a hand.

Otherwise, the current True Person Qingyan can directly open this fairy mountain and take out the things reserved inside.

Then became a top power again!

"However, thanks to him doing these methods."

Chen Feng laughed in his heart.

Today's True Person Qingyan has died too much.

These things he had prepared for himself at the beginning happened to complete Chen Feng and others.

Soon, Tiancun Beast Slave and Zhong Li Yaoqin also jumped off the edge of the cliff.

As soon as they entered the enchantment, both of them changed their faces.

"I dare to kill my disciples next time."

"It's really terrible!"

In a short while, the three of them came to the already dilapidated altar.

It's empty everywhere, silent.

The three people stepped on the ground, and there was still an echo.

Looking at the corpses this time, although some have turned into withered bones, they still maintained their last actions before death.

They struggled, constantly trying to escape from the altar.

But in the end they were all stopped.

It is not difficult to imagine what a bloodbath will be here tens of thousands of years ago.

The entire martial arts arena suddenly turned into a \*\*\*\* altar.

The original guardian formation has now become a cage of imprisonment!

[Chapter 5544: Kui Niu!](#)

The three of them bypassed the dilapidated altar and soon came to the real palace.

The appearance of the palace here is the same as before.

However, in the main hall here, they easily found a secret door.

Turning the throne on the high platform, you can see a corridor leading down.

Zhong Li Yaoqin was a little worried at first.

The Tiancun Beast Slave smiled and told her not to be so nervous.

"This place was originally the back hand that True Person Qingyan had left for him. It is impossible for him to pit himself."

The three went all the way down.

Soon, I saw that huge underground cave.

As soon as they entered, the three of them felt a surge of aura against their faces.

"Here is more aura than outside."

Rao is also a little excited by Chen Feng.

Wow!

After walking in, the three heard a sound of running water.

That is the source of aura!

Zhong Li Yaoqin looked forward and suddenly exclaimed.

"It's actually... the water of stars!"

The water of the stars is the essence formed after the core spiritual power of the stars is concentrated.

In the middle world of Xuanhuang, above the Galaxy Sword Sect, the Nine Heavens River that flows all the year round is like this.*Novelusb.COM*

Unexpectedly, there is a whole piece here too

Looking around, I saw this river full of water of stars, almost covering the entire underground palace.

It's as many as dozens of miles!

At this time, the Tianchou beast slave looked around, somewhat curious.

"Why is there only the water of the stars in this pool? What about those accumulations and heritage?"

Before Chen Feng answered, Zhongli Yaoqin's voice rang in his ears.

"under."

Chen Feng nodded.

"The water of the stars in this pond is used to restore cultivation on the one hand."

"On the other hand, it is also to cover people's eyes."

He looked at the two people.

"I'll take some and leave it to Fairy Yuheng and Mei Wuxian."

"The rest, we will quickly absorb it by ourselves."

Zhong Li Yaoqin naturally had no objection.

However, as soon as it touched the water of stars, the entire underground palace suddenly began to vibrate wildly.

The Tiancun Beast slave raised his head fiercely, his complexion changed.

"what happened?"

It stands to reason that this is the real person Qing Yan laid for his return.

How can there be any traps?

The earth began to vibrate violently.

The surface of the pool full of water with stars began to gush out bubbles.

In a blink of an eye, the water began to rise rapidly.

The storm started!

The sound of thunder rang in the ears, accompanied by the sun and the moon.

A huge monster appeared from it!

"Roar!"

With a roar, the entire underground palace began to show signs of collapse.

The three of Chen Feng looked intently, and their pupils suddenly shrank.

This is actually a Kui Niu!

It is a full 100 meters high, looks like an ox, one foot, and the whole body is pale gray.

However, compared with other Kui Niu, this Kui Niu has red eyes and a bit of demonic energy throughout the body.

It looks like a demonized kui cow!

Na Kui Niu lowered his head to see Chen Feng and the others, blowing in his nose, extremely disdainful

"You really don't know how to live or die, you dare to hit that old guy's idea!"

Upon hearing this, Chen Feng reacted in his heart.

It seems that this true person Qingyan is really suspicious by nature to the extreme.

They have already arrived here, and they have left behind to be guarded.

He looked at the giant ahead and said coldly.

"Princess Qingyan has already been killed by me, why should you still work for him?"

Hearing this, Na Kui Niu suddenly shuddered, his eyes bursting with bleeding red light.

"You actually killed him!"

"All the treasures under the water of stars need to run that school to unlock them."

"If you kill him, it will be impossible to get everything he left behind."

Upon hearing this, Chen Feng suddenly realized.

But he was not worried.

"If so, then I can rest assured."

Although he has never practiced the techniques handed down by True Man Qingyan, Mei Wuxia has it!

Zhong Li Yaoqin also looked at Chen Feng.

"Then shall we go back and bring her now?"

Before Chen Feng could speak, the Kui Niu in front of him immediately let out a cold laugh.

"Want to leave? First ask if I can answer."

Before the words fell, I saw it rushed over, bursting out a powerful scorching breath.

It's just that these breaths are not worth mentioning in Chen Feng's eyes.

This Kui Niu, but the third cave of the Shifang Dongtian realm.

Either he or Zhong Li Yaoqin can easily crush and kill.

Chen Feng simply looked directly at the beast slave.

"You can solve it, this Kui Niu bloodline is useful."

Where can the beast slaves be afraid?

He immediately responded, staring at the rushing Kui Niu, completely eager to try.

boom!

The two suddenly collided.

In the last endless killing advanced battlefield mission, the Tianchou Beast Slave and Yuheng Fairy both caused thunder.

Although the process was extremely thrilling, it was still a lifetime of death.

Now, he has even reached the strength of the third hole of the Ten Fang Dongtian realm.

The newly acquired plundering power is really extraordinary!

Na Kui Niu never expected that the three who forcibly broke in would have such a powerful cultivation base.

It's just that everything is too late now.

The Tiancun Beast Slave swallowed his blood and cultivation almost effortlessly.

Together with its capabilities, it also absorbs.

After swallowing, the Tianchou Beast Slave opened his eyes suddenly.

Then, he looked at Chen Feng and spoke with great joy.

"Big Brother, this Kui Niu also has a trace of the breath left by the real person."

"I can directly open the sealed door below."

This is good news!

Chen Feng quickly forgot this episode.

The three of them quickly got into the water and began to frantically absorb the water of stars.

As soon as he entered, Chen Feng only felt very comfortable all over, and he felt a kind of enlightenment.

Every pore is open, and the infinite power of the stars envelops them three.

Even the spiritual world seems to be nourished.

This huge pool of water of stars, under the three whales, swallowed cattle and drank, soon reached the bottom.

boom!

At this moment, an extremely fierce aura suddenly erupted from Zhong Li Yaoqin's body.

"what happened?"

Chen Feng was a little surprised, and immediately looked at Zhongli Yaoqin not far away.

She saw her beautiful eyes closed tightly, and the water of endless stars poured into her body.

The speed is so fast that a huge whirlpool has already formed around her.

The Tiancun Beast slave couldn't help but slap his tongue again and again.

"Such a ferocious swallowing ability, stronger than me."

However, Chen Feng noticed something wrong.

The next moment, without saying anything, he grabbed the Tianchou Beast Slave and quickly retreated back.

Almost at the same time, from Zhong Li Yaoqin's body, a more powerful force suddenly burst out.

Chen Feng was too late to react.

Only in an instant, he could pull out the great Xiu Luohong furnace, and cover him and the heavenly beast slaves in it.

[Chapter 5545: God and Devil Puppet Technique!](#)

boom!

The loud sound almost shook their faces pale.

This power must be at least the eighth hole of the Shifang Dongtian Realm!

Zhongli Yaoqin, this is...

Chen Feng suddenly thought of the seal in her body.

Could it be that before, the seal was loosened, and now it suddenly absorbed a large amount of water from the stars.

That seal was torn apart by the sudden power?

Outside of the great Xiu Luohong furnace, powerful air waves are still erupting.

Layer after layer.

It shook the great Xiu Luo Hong furnace and kept ringing the voice of Hong Zhong and Da Lu.

I don't know how long it took before the outside movement gradually dissipated and calmness was restored.

Chen Feng put away the large Xiu Luohong furnace and looked in the direction where Zhong Li Yaoqin was previously.

The huge pool was completely dry at this time!

Exposed one after another riverbed.

At this time, Zhongli Yaoqin stood in front of the only giant gate made of black iron.

Seeing Chen Feng approaching, Zhong Li Yaoqin turned his face slightly.

The ferocious murderous aura in her eyes suddenly drew away.

"Are you all right?"

Chen Feng shook his head and only asked her what was going on.

It can be seen that Zhong Li Yaoqin's own face is also ugly.

It is no exaggeration to say that it is as pale as paper.

However, the aura released from her body is indeed stronger than before.

After hearing Chen Feng's question, Zhong Li Yaoqin said lightly.

"My seal is getting looser."

"Just now, it has a crack that is not as big as a palm."

Hearing this, the Tiancun Beast Slave on the side couldn't help taking a breath.

With just such a crack, the power above the eighth hole of the Shifang Dongtian Realm could burst out.

If the seal is completely broken, how strong is the strength?

Only then did Zhong Li Yaoqin look around.

"Sorry, the water of stars in this pool..."

Before she finished speaking, Chen Feng interrupted what she wanted to say next.

"Don't worry about these, Tian Can just plundered a bull's power, and it doesn't need much."

"I don't have to worry even more."

As he said, he quickly walked to the mysterious iron gate that glowed with cold light.

The Tiancun Beast Slave immediately revolved with a cold breath.

"Om!"

This time, they entered the real treasure of True Person Qingyan without any hindrance.

An unusually strong spiritual energy rushed toward his face.

Chen Feng glanced casually, and he could see the mountains of heaven and earth treasures, high-end treasures and magical artifacts.

There are also many special elixirs and so on.

"You put it away first, I'll find the key of trial."

There used to be a huge bronze key in the ruins in the deserted ancient ruins.

That is the key to trial.

True Person Qingyan kept a handful there, and left the rest in the fairy mountain.

The purpose is nothing more than to quickly restore the cultivation base to its original state after the resurrection.

Even higher!

Now they are cheaper.

While collecting these treasures left by Real Person Qingyan, Chen Feng searched for the key of trial.

At this moment, he suddenly found a blood-red jade slip on one side.

"what is this?"

He grabbed the blood-red jade slip and probed his divine sense in.

Unexpectedly, this was actually "God Puppet Art"!

The supernatural power of the fifth grade of Hong!

Once it can be cultivated to the peak, even those who are strong in the fairyland of Lingxu can be caught and made into puppets.

Moreover, these puppets are all different from the previous ones.

They have a cultivation base comparable to that of the caster, and can practice and act normally.

It is hard to see that they are just puppets!

"It's almost like a clone."

To tell the difference, once the clone is destroyed, the body will be backlashed to a certain extent.

And if the puppet dies, the body will not have any influence!

Chen Feng suddenly reacted.

"It seems that the previous Kui Niu is like that."

After thinking about it, he put away this \*\*\*\* jade slip.

An idea suddenly appeared in his mind.

Chen Feng raised the corners of his mouth slightly, revealing a calculated smile.

Soon, everything inside was evacuated by the three.

The key of trial was also successfully found.

Although there is only one, it is enough.

The three quickly left the underground palace, preparing to go back to Beidou Fudi.

However, just when the three of them were about to leave, Chen Feng suddenly stopped.

"what happened?"

Zhong Li Yaoqin turned and looked at Chen Feng.

Only the expression on Chen Feng's face was quite subtle.

He looked at Zhong Li Yaoqin and Tianchou Beast Slave before him, and suddenly laughed.

"Since we are here, does it mean that we are the destined people of this Fourth Grade Immortal Mountain?"

I believe that with the strength of the top of the sky, if they are really missed, they will definitely not be allowed in.

The dark clouds and thunderstorms shrouded in the past were nothing but a test.

Hearing what Chen Feng said, both of them were taken aback.

Immediately, Tiancun Beast Slave reacted immediately.

He had seen the strength between the sky, and a thunder light could easily wipe out people.

He immediately shouted with bright eyes.

"It must be so!"

"Brother, let's look around quickly to see where we can control this fourth-grade fairy mountain."

Although Zhong Li Yaoqin didn't quite understand, he didn't object.

Chen Feng thought for a while, and began to find from the endless treasures plundered.

This fairy mountain was previously controlled by True Person Qingyan, presumably the core of that manipulation should be within his background.

However, he found an extra one-foot long, shaped like a tile, carved with sapphire to avoid death.

There are also five one-step climbing orders.

In addition, the core of this fairy mountain was not found.

"Could it be that the core is still somewhere else?"

Chen Feng continued to release his spiritual consciousness, and at the same time, he fully operated the Taishang Yuqing Nine Shou Zhen Art.

Those colorless and invisible strands of Taoist rhyme quickly flooded between heaven and earth.

Surprisingly, these re-returned to the invisible Taoist rhyme, as soon as they came into contact with this void.

Suddenly there was a sense of intimacy.

To be precise, it should be for the power of the thousands of stars in this void.

Chen Feng's heart moved at will, and he simply tried to absorb the power of the stars in this fairy mountain.

boom!

Above the void, a terrifying vortex suddenly appeared.

The vortex was spinning frantically, getting bigger and bigger, and finally seemed to cover the entire sky.

Zhong Li Yaoqin and Tianchou Beast Slave were quite puzzled.

I wonder what Chen Feng intends to do?

"Big Brother, at this time... there is no need to absorb the power of the stars in this way, right?"

But that being said.

The Tiancun Beast Slave had blind confidence in Chen Feng.

He believed that everything Chen Feng did had his intentions in it.

Just wait and see.

Absorbed the power of the stars in the Big Dipper blessed land, condensing the stars.

He directly absorbed all the power of the stars in the entire Beidou blessed land.

At first, the body seemed to be torn apart, and it was extremely painful.

But now, he almost easily absorbed the power of these thousands of stars completely.

[Chapter 5546: Take control of the Fourth Grade Fairy Mountain!](#)

The strength in the body is getting stronger and stronger.

Chen Feng even burst out a bright light all over his body, blasting straight into the sky and the earth.

However, within half a day, the power of the stars in this Fourth-Rank Immortal Mountain completely disappeared.

It will take a few days to recover.

At this moment, Chen Feng's cultivation base has quietly broken through to the third cave of the Shifang Dongtian realm!

Now, in terms of strength, he is comparable to Zhong Li Yaoqin!

Even if you encounter a strong man in the seventh cave of the Shifang Dongtian realm, you can still fight!

However, it's not over yet!

While Chen Feng was looking inside the Xinghai World, he was surprised to find out.

I don't know when, there was a ray of Dao Yun entwined with that world origin sapling!

And it is precisely because of this ray of Taoism!

Chen Feng seemed to have a close connection with the world origin sapling.

If we say that the world origin sapling was only borrowed to live in his Xinghai world.

So now, this sapling can be regarded as taking root here.

There is an inseparable connection between the two.

A drop of dew fell slowly.

Dropped on the ray of Tao Yun.

Hum!

The original invisible and colorless Tao Yun suddenly released a bright light.

This ray of light even penetrated the star sea world and rushed out of his body!

Form a beam of light and break through the clouds!

Rumble!

Before the three of Chen Feng could react, the world began to change.

The vast voice sounded indifferently from above the sky.

It is the voice of heaven dominating!

"The immortal in the sky, Chen Feng, has become a destined person for the Fourth Grade Fairy Mountain.

"You can go to the stele outside of Xianshan and rename it."

Upon hearing this, Chen Feng couldn't help being surprised.

Why did you suddenly become a destined person?

He just had some contact with that world origin sapling.

and many more.....

Could it be the cause of that drop of dew?

Chen Feng suddenly opened his eyes and turned to look at Zhongli Yaoqin.

"I just released a very special breath?"

Zhong Li Yaoqin nodded.

"The chaos of the beginning of everything."

Chen Fengmeng's divine enlightenment completely understood.

This is the benefit of having a world origin tree!

Once a tree of world origin is mastered, a drop of dew on it can be filled in.

Can call the wind and call the rain.

Naturally, a small world can also be used as one's own.

Although they still don't know until now.

How can we control this fairy mountain in a normal way?

But let him go!

Chen Feng was in a good mood.

He immediately put away his breath, took the lead and got up, stepping out of the fairy mountain.

As soon as he stepped out, the gloomy, violent dark cloud and thunder had already dissipated.

Instead, it is surrounded by immortal air that is no different from other immortal mountains.

There are even cranes and beasts around.

The majestic and strong power of stars continuously poured into Chen Feng's body.

Comfortable!

However, in the next moment, he saw many figures.

They rushed towards the three of Chen Feng.

Chen Feng was nervous for a moment.

But quickly felt relieved.

After all, private fights are forbidden at the top of the sky.

Even if someone is jealous and wants to seize this fairy mountain, it might not be so easy.

Today's Chen Feng's strength is no longer what it used to be.

He estimated it.

When he first entered the top of the sky, although his strength was not the bottom of the top of the sky.

But it's almost there.

And now, with this strength.

At least in the upper middle level of the top of the sky!

No matter how difficult it is to compete with ordinary teams and schools!

He walked quickly to the huge stele outside the fairy mountain.

That huge stone monument has been displayed here for many years.

It is full of weather and frost, and any ravine on it carries the vicissitudes of time.

It can be seen that there are some words on it.

It's just that it has been wiped out by a powerful force.

Don't think too much, it must be the handwriting of the gods!

"What are you going to name?"

The Seven-Rank Fairy Mountain Beidou Blessed Land where the Beidou team is located has the word "Beidou" outside.

If Chen Feng plans to engrave other names on this.

From now on, he can be regarded as independent.

However, on the top of the sky, many schools have several fairy mountains as blessed places.

The Beidou team was just too low-level, so there was only one Seventh-Rank Fairy Mountain.

"Chen Feng, wait a minute!"

Those figures in the distance soon came to Chen Feng.

Hearing these voices, Chen Feng turned around and looked at the visitors.

Soon, many people surrounded Chen Feng's trio.

They are people of all major sects.

The voice from the top of the sky not only resounded in Chen Feng's fairy mountain.

It echoed in the entire top of the sky!

Every owner of the fairy mountain will receive this honor.

It is precisely because of this that the people of the major sect forces rushed to him madly.

The purpose is naturally to solicit!

There are also some old faces.

They rushed to Chen Feng not far away in an instant.

They shouted loudly and desperately solicited.

An old man in a green robe smiled and looked at Chen Feng.

"The first time I saw little friend Chen Feng, the old man felt that you had a bright future."

"At that time, the old man once asked you to come to my town Yuanxianguan."

The green-robed old man was kind.

He smiled even more when Chen Feng looked over.

"Now that the strength of the little friend has skyrocketed, he has owned a fourth-grade fairy mountain so quickly."

"I wonder if our Zhenyuan Xianguan still has this honor and can be joined by young friends?"

It can be seen that the old man is eager to seek talents.

Even the lips are fast.

"As long as the little friends are willing to join us, they will be the guests of Yuanxianguan in my town from now on."

"Any resource in the view can be used at will."

Hearing this, everyone was in an uproar.

When Chen Feng was first invited, Zhenyuan Xianguan spared no effort.

Directly take a Mingzhao original heart point star pill as a gift.

Unexpectedly, it is crazy now.

This is not soliciting anymore, it's completely hugging the thigh!

Once regarded Chen Feng as an effective helper, now he is regarded as the savior of Xianguan!

It can be seen how terrifying the speed of Chen Feng's soaring strength!

However, a middle-aged man with a strong physique and a full face is not to be outdone.

He holds a long knife in both hands and is wearing a short red robe.

Looking at Chen Feng, he also shouted urgently.

"My big giant spirit gate, I would like to respect Chen Feng's little friend."

"All the fairy mountain blessed places can be controlled by Chen Feng's little friend at will."

When this remark came out, everyone was even more upset.

Yuanxianguan and Great Giant Lingmen in this town are also old opponents in recruiting newcomers.

However, in terms of strength, the former is not as good as the latter.

The old man in the green robe immediately lowered his face.

"Although you have many blessed places in the Great Giant Spirit Gate, they are just some low-level fairy mountains."

"There are two fifth-grade fairy mountains in Yuanxianguan in my town!"

Seeing that the two were about to quarrel, another man in a purple robe joined the robbing battle.

[Chapter 5547: From then on, it was the Big Dipper Sect!](#)

He came to Chen Feng.

When the sleeves were swung, a wave of treacherous aura suddenly spread.

"Our Lingwu faction has also come to solicit little friend Chen Feng."

"If you come to us, Lingwu Qijue Great Formation can give it to you directly!"

"I heard that you are at odds with Immortal Dementor, Chu Pingsheng and others?"

"We can also help you get rid of them."

At this time, everyone's uproar and exclaim reached the extreme!

Even Chen Feng was quite surprised.

Not only because of the latter condition.

With his current strength, it was only a matter of time to kill Chu Pingsheng.

It was the former that moved his heart.

The Lingwu Qijue Great Array is the treasure of the Lingwu School.

If you can practice to the extreme, you can transform into seven in one body and instantly increase your strength by more than seven times.

The most special point is that Chen Feng is missing a big formation at this time!

He finally refined the huge magic circle in the sect of the Demon Sect of Ten Thousand Desires.

But even before he could take it away, he encountered a terrifying opponent.

Chen Feng has refined the magic circle and can naturally perceive it.

Now, that huge circle is flawed!

Even if he goes back now, he will have to complete it before he can use it again.

That was originally the magic circle of the Shura realm, but I don't know when it really needs to be completed.

At this moment, Chen Feng was really moved.

The prices offered by these three schools are as shocking as ever.

However, the other sects did not give up either.

There are also words and fights.

After all, if such a genius as Chen Feng could be grabbed, the benefits would be endless.

From the moment Chen Feng came to the top of the sky, his fame quickly rose.

Many people know that when he first came, even the Valkyrie did not condense.

It's just a three-star Wudi.

But now, how much time has passed?

Not only did he break through madly, but he also entered the endless killing advanced battlefield one after another.

Even today, a fourth-grade fairy mountain was unblocked!

With this level of strength, it would probably not take a few years to break through to the Spirit Void Fairyland.

Even breaking through to the Holy King Realm, or even higher realm, will be a lifetime!

This is no longer a genius.

It's a ghost!

Unprecedented, even the top of the sky is almost unheard of!

Many outstanding talents who came to see this scene.

All of them have burning eyes and envy in their hearts.

They are also dazzling generations in their respective worlds and even in their respective teams.

But now, Chen Feng's single person's light concealed them all!

Everyone flocked around Chen Feng.

When everyone was fighting, Chen Feng saw the distance at a glance.

Fairy Yuheng who came after hearing the news.

As a member of the Beidou team, she naturally understood what happened at this time.

Chen Feng actually entered the fairy mountain of Mortal Qingyan so quickly.

Even mastered it!

All this made Fairy Yuheng extremely shocked.

But she also understood what Chen Feng was facing now.

She was extremely calm.

If Chen Feng doesn't like the Beidou team anymore, he wants to pursue a stronger school.

It's totally understandable.

She also hoped that Chen Feng could get stronger.

At this moment, Chen Feng pressed down with both hands.

Suddenly, everyone's voice was lowered.

He scanned the crowd and smiled slightly.

"Thank you seniors for showing their love, but Chen was still the original choice."

"I did not intend to leave the Beidou team."

As soon as this remark came out, the audience fell into silence.

There seems to be disappointment and dissatisfaction.

However, Chen Feng only cared about the red figure in the distance.

Fairy Yuheng and Zhongli Yaoqin both love to wear long red dresses.

It's just that there is a woman who is dressed like an immortal, and a woman who is dressed more like a happy enmity.

A generation of heroines now stands in the distance, and suddenly becomes quiet.

There is tenderness in the eyes.

Chen Feng looked distressed.

He owes too much affection to Fairy Yuheng.

So, how could you leave the Beidou team?

A smile was raised at the corner of Chen Feng's mouth, and he raised an eyebrow at Fairy Yu Heng who was surprised in the distance.

Then, he turned around coolly.

Condensing the meaning of the sword with the fingertips, quickly wrote two large characters on the blank stone tablet.

"Beidou"!

From now on, the Beidou team will be the Beidou sect!

It has two fairy mountains!

From then on, Beidou Fudi became the Beidou sect.

The posture of this matter is large, and there will naturally be strong people watching.

At this moment, I don't know who suddenly spoke.

"Venerable Guhong is here."

Upon hearing this, Fairy Yuheng turned around suddenly.

Sure enough, a figure appeared in the void.

A white-haired old man came quickly from a distance.

He wore a black robe, his figure was dry and thin, and he was a little rickety.

A pair of eyes are scarlet.

Every time Chen Feng saw these eyes, he couldn't help being shocked.

This Venerable Guhong was the master of Fairy Yuheng, who had once saved her life.

At the same time, he is also the founder of the Beidou team.

The last time Chen Feng saw him, he only felt that his breath was like an abyss, unfathomable.

Today, Chen Feng's repair base has skyrocketed.

But when I saw him again, I still felt his breath was very strong.

"It seems that this Venerable Guhong has at least a level of cultivation above the Spirit Void Fairyland!"

Chen Feng thought to himself.

Seeing that this old man had arrived a lot, other people from the sect bowed to salute.

He has a wide range of connections and a high status.

This is not a day or two.

Fairy Yuheng looked at Venerable Guhong, folded his fists, and said respectfully.

"Master, why are you here?"

I saw Venerable Guhong turning around to look at Chen Feng, smiling.

"My Beidou team has such a happy event, so I can naturally celebrate."

With his cultivation base, even though such a team was formed on the top of the sky.

But compared to those big sects, it is still far from enough.

Today, Chen Feng can be said to have raised the Beidou team by three levels with his own strength.

How could he not be happy?

Seeing Venerable Guhong approaching, Chen Feng also clasped his fists.

"I have seen Venerable Guhong."

The gray-haired old man looked at him up and down, nodding his head.

"How lucky it is for my Beidou team to have talents like you!"

When Chen Feng first arrived, Jin Yuxie and Ruokuliu even looked down on him.

They are only geniuses of the day's cruel beast slaves, and even destroy Chen Feng at the expense of destroying the Great Wall.

But now, Chen Feng slapped his face with strength again and again.

Tell everyone whether he is worthy of his rightful position.

Even Venerable Guhong secretly celebrated.

Fortunately, he chose Chen Feng and abandoned his apprentice Jin Yuxie.

This is in exchange for the expansion of the Beidou team.

He could see that Chen Feng was a man of love and justice.

Fairy Yuheng was sincere and sincere to him, which made him never leave the Beidou team.

Otherwise, with its cultivation base and talent, the entire top of the sky, all sects, will treat it as a treasure.

On the top of the sky, respect the strong.

The same is true among various schools and teams.

#### [Chapter 5548: Zhong Li Family Killed!](#)

Now that Chen Feng made such an appearance, it can almost be said that the Beidou team had a major exchange of blood.

Venerable Guhong hasn't heard anything for a long time.

Previously, Yuheng Fairy, Ruokuliu, and Xieying were the core teams.

So now, Chen Feng is the core.

Even Fairy Yuheng can only rank second.

In the face of such a result, if Kuliu and others dare to have any opinions?

They have already accepted this fact.

At this moment, there was another commotion among the crowd.

"Chu Ping is here."

Chen Feng heard the words and looked up.

Seeing that many onlookers appeared in Chu Ping's life, they all gave way.

Chu Pingsheng still looks handsome and sharp.

In the crowd, it is like the most shining star.

However, now there are some voices that sounded at all times.

"At the beginning, Chu Pingsheng was known as the first person on top of the sky in a hundred years."

"It seems that this title is about to abdicate and become virtuous."

After hearing this, Chen Feng only remembered.

Indeed, Chu Pingsheng is considered to be the one who has advanced the fastest among all the new immortals who have entered the top of the sky in the past two decades.

From the mere eight-star Wudi has been advancing violently, to the second cave of the Shifang Dongtian realm.

Among all the people present, Chen Feng was the only one who could be compared.

When Chu Ping was born in the third heaven of the Star Soul Martial God Realm, he found his own path.

Chu Ping sneered coldly as if he heard the sounds around him.

He looked at Chen Feng, still full of confidence.

"You are really strong, but you will still die in my hands."

In this regard, Chen Feng looked indifferent.

Now he has got the key of trial.

No longer have to worry about Chu Pingsheng starting with Mei Wuxia.

He gave Chu Pingsheng a cold glance.

"If I were you, I wouldn't continue to want to provoke me to anger now."

"Because, the more you bark, the more I will kill you like a dog in the next task."

When this remark came out, everyone was in an uproar.

Chen Feng is too crazy!

After all, Chu Pingsheng was also a strong man in the second cave of the Shifang Dongtian realm.

Moreover, behind him there is an entire building with clothes.

How dare he Chen Feng be so arrogant?

Chu Pingsheng saw that Chen Feng was still like this, his eyes grew colder.

"Then wait and see."

Just as he was about to leave, a bitter killing intent suddenly lit up in the void.

"who!"

Many sect children immediately regressed.

Just because this murderous aura is too powerful.

There is actually the power of the fifth cave in the Shifang Dongtian realm!

In an instant, many thoughts flashed through Chen Feng's mind.

As we all know, no private fight is allowed on the top of the sky.

But this murderous aura was extremely harsh, with a clear goal, and went straight to Zhong Li Yaoqin.

The identity of the visitor should never be underestimated!

"Boom!"

Between the sparks and flints, Chen Feng turned his hand and took out the large repair Luo Hong furnace.

Blocked in front of Zhongli Yaoqin!

Everyone looked at the direction where the murderous aura came.

I saw a figure far away in the void.

The man was handsome and tall, wearing a crown of heaven on his head, and extremely majestic.

The appearance is somewhat similar to Zhongli Changfeng.

The clothes on his body are even more clear at a glance-the child of Zhong Li's family!

Many monks started talking.

"It's actually from Zhong Li's family!"

"Could it be, when did Chen Feng offend Zhong Li's family?"

"No, that person seems to be targeting the woman next to Chen Feng."

"Which one of Chen Feng's companions have you seen in trouble, he will stand by?"

Even Chu Pingsheng's lips curled up and smiled slightly.

He looked at Chen Feng and sneered unceremoniously.

"It seems that you really make trouble everywhere."

"Even the people of Zhong's departed family dare to offend, it's really impatient to live"

It seems that upon hearing this, the person who came from a distance suddenly stopped in shape.

"Brother Chen?"

The crowd onlookers were shocked when he said this.

I saw the person approaching.

In order to wait for Chen Feng to speak, the Celestial Beast Slave next to him was one step ahead.

"Zhong Li Yuntian? Why are you here."

Although Zhongli Family's family is also on the top of the sky, it is remotely located.

In the depths of Yipin Xianshan.

On weekdays, he never appeared in front of these sects below.

Although he is extremely arrogant and arrogant, people do have capital.

No one thought that members of Zhongli's family would appear here.

And unexpectedly, the relationship with Chen Feng seems to be good?

The person here is Zhongli Yuntian!

I saw him holding a long sword and quickly appeared in front of Chen Feng.

He hesitantly looked at Zhongli Yaoqin next to him.

"Brother Chen, how can you be with this..."

Before he finished his words, Chen Feng stopped him.

"This is not a place to talk. Go ahead and talk."

As he said, he turned his head to look at Zhongli Yaoqin on the side, his eyes beckoning her to stay calm.

Chen Feng is naturally clear about the grievances between Zhongli's family and Zhongli Yaoqin.

However, Zhongli Yuntian may not be.

I saw him coming so angry, presumably he was instructed by the family to come and kill Zhongli Yaoqin.

Chen Feng looked at everyone.

"When I have something to talk about, you guys will not send them away."

He clasped his fists and arched his hands, then took Zhong Li Yuntian and Zhong Li Yaoqin, and turned back to the brand-new Beidou blessed land behind him.

"what happened?"

Seeing Chen Feng again, Zhong Li Yuntian couldn't help but feel shocked.

Since the last trial mission, he has returned to the family and began to retreat.

Along the way, the repair is extremely smooth.

It skyrocketed directly to the fifth cave of the Shifang Dongtian realm!

Such an increase in speed was also fortunate enough for him to successfully squeeze into Zhong Liweize's eyes.

When he came, he was still thinking about how Chen Feng brothers are now.

But I didn't expect to meet again so soon.

Zhongli Yaoqin on the side also looked at Chen Feng.

There was a hint of doubt on his face.

"Do you know that person from Zhongli Family?"

Chen Feng nodded.

"In the previous trial mission, I didn't know each other without fighting."

"Introduction, his name is Zhongli Yuntian."

Speaking, Chen Feng looked at Zhongli Yuntian.

"Why, did Zhong Li and Weize send you out to kill her?"

Zhong Li Yuntian was dumbfounded.

Even Zhong Li Yaoqin was quite puzzled at this time.

She looked at Zhongli Yuntian, a little instinctive in her indifference.

If it weren't for Chen Feng here, the two would have fought directly.

Even the regulations on the top of the sky didn't take it seriously.

Chen Feng looked at Zhong Li Yuntian, sinking his face, and said quietly.

"Your ancestor Zhongli Changfeng is her father."

Zhong Li Yuntian nodded.

"The ancestor said, the ancestor once left another heir."

"It's just that this heir is not recognized by my Zhongli family."

"The ancestor also said that once she returns to the top of the sky, she will surely cause trouble."

Hearing these words, Zhong Li Yaoqin couldn't help but burst into murder.

In the cold eyes, there is full of silence.

"What a reverse black and white!"

Chen Feng looked at Zhong Li Yuntian, staring straight at him.

"What I want to tell you next may subvert your usual perception."

Immediately afterwards, he told Zhong Li Yuntian.

[Chapter 5549: The key of trial!](#)

"In fact, your line is not recognized by Zhongli Changfeng."

Hearing this, Zhong Li Yuntian's complexion changed drastically.

But he did not have an immediate attack.

Chen Feng opened his mouth and told the whole story.

"...So when we first saw it, I didn't give you the letter from your ancestor."

"It's because, as stated clearly above, Zhong Li Yaoqin will be left to his only heir."

After learning the truth, Zhong Li Yuntian fell into silence.

This kind of truth is too incredible for him.

Completely subverted his usual cognition.

The family of Zhong Li, who has been standing on the top of the sky for hundreds of years, is actually the secretive and shady blood!

It is no wonder that the entire top of the sky has only been rumored by Patriarch.

Nothing about grandma.

From beginning to end, Zhong Li Yaoqin only watched him quietly.

The hands are loose and tight, tight and loose.

Although there is a similar blood flow between the two, there are also instinctive disgust and rejection.

The vengeance of killing father and mother is not shared!

Chen Feng looked at Zhongli Yuntian and said calmly.

"If you can't accept it and stick to your family's side, I can understand."

"But I will stand by Zhongli Yaoqin's side."

After all, Zhongli Changfeng's suicide note was found in the secret realm left by Master Yan Qingyu.

The only clue pointed to Zhongli Yaoqin.

Only by following her can you get a little bit of news about your life experience and master's background.

After hearing these words, Zhong Li Yuntian fell into silence.

At this moment, he was fighting between heaven and man in his mind.

Yes still chooses to guard the family and oppose Chen Feng and his group.

Still facing each other, the long sword is facing his family.

Zhong Li Yuntian raised his head and looked at Chen Feng.

"Brother Chen Feng, can you tell me your current strength?"

Chen Feng did not lie to him either.

"You can kill all cultivators below the eighth hole in the Ten-fang Cave Sky realm."

This answer was not beyond Zhong Li Yuntian's expectation.

In fact, the moment he saw Chen Feng, he already had this guess.

After a long time, Zhong Li Yuntian finally seemed to have made a decision.

He looked up at Chen Feng and at Zhongli Yaoqin.

"I would like to stand by your side."

Rumors about Patriarch are not uncommon on the top of the sky.

Even in Zhongli's family, Patriarch is also a genius with no one before and after.

For a whole hundred years, I have never seen anyone surpass the Patriarch.

Until he met Chen Feng.

Chen Feng can not only get the family letter of the ancestor, but also bring the true blood of the ancestor back to the top of the sky in a very short time.

And his strength is really improving too fast!

Zhongli Yuntian even felt.

As long as enough time, Chen Feng can even become the strongest combat power on top of the sky in the near future.

Even if you are an ancestor, you can only hold hate.

After all, there are rumors.

The reason why the ancestors have been in retreat is precisely because of the heavy losses that have not healed.

Otherwise, with his grudge against Zhong Li Yaoqin, how could he send a junior?

But when he thought of this, Zhong Li Yuntian immediately reacted.

He looked at Chen Feng and several people.

"Then you have to be more careful, it's best to enter the world of trial missions quickly."

"The family has sent several powerful men to kill Zhongli Yaoqin."

"There is no lack of spiritual and virtual fairyland experts!"

This news did not surprise Chen Feng and Zhong Li Yaoqin.

However, the following news made them have to pay attention.

"They are armed with celestial weapons, enough to resist the punishment of the top of the sky."

"But you can't fight back."

"Therefore, if you stay on top of the sky, there will be only one end."

Zhong Li Yuntian spit out a word coldly.

"dead!"

After hearing this, Chen Feng had to pay attention.

Zhong Li Yaoqin had just been led into the top of the sky.

Her first trial mission, logically speaking, would not begin until six months later.

Only by obtaining another trial key can she also enter the world of trial missions.

Zhongli Yaoqin said puzzled.

"Isn't it enough to make one step to the sky?"

Chen Feng shook his head.

"That is when your trial mission arrives, you can choose the death trial mission."

"Only the key to the advanced battlefield of endless killing and the key to trial."

"In order to follow others into the trial mission."

At this moment, Zhong Li Yuntian suddenly thought of something.

He looked at Chen Feng and said.

"I know that there is another person sent by the ancestor, who has a key of trial."

"You can grab it."

As soon as these words came out, both Chen Feng looked over.

Zhong Li Yuntian did his part and put the matter on his body.

"How many days do you have?"

Chen Feng thought for a while.

"Four or five days."

After learning this answer, Zhong Li Yuntian thought for a while, and finally gave his time.

"Then give me three days."

"After three days, I will come back with the key of trial."

Chen Feng nodded.

"Then please."

Seeing him so polite, Zhong Li Yuntian smiled and waved his hand.

"Since I chose you, I should have expressed something."

Having said that, he turned around and left, quickly left Xianshan, and left the gaze of the immortals outside.

Zhongli Yaoqin looked at Chen Feng in the new Beidou blessed land.

"Do you really believe him?"

After all, between each other's blood, there are almost inexorable enemies.

If Chen Feng were not here, Zhong Li Yaoqin would not have believed Zhong Li Yuntian even a word.

Right now, even in the face of Chen Feng, she couldn't believe it easily.

Chen Feng turned around.

He shrugged.

"Not good."

"However, it is three days."

"For the past three days, don't walk around here. The defense of the Fourth Grade Immortal Mountain is still strong enough."

"Even if someone from Zhongli's family comes, it won't be that simple to break in hastily."

With that said, Chen Feng thought about it again.

"Well, I'll go find Venerable Guhong later."

"See if he can take care of one or two in these three days."

Zhong Li Yaoqin listened to these words carefully, but he tasted something wrong.

She looked at Chen Feng beautifully.

"Are you going?"

Chen Feng nodded and smiled at Zhongli Yaoqin.

"Don't you worry about Zhongli Yuntian?"

"Then you are doing something safe."

"I plan to go back to Xuanhuang Zhongqian World."

After all, the Great Desolate Master's teleportation formation was still there, waiting to drive him back.

When Chen Feng said so, Zhong Li Yaoqin suddenly reacted.

Since she entered the top of the sky, things have kept coming.

I really forgot about the Great Desert Lord.

"In that case, there is no need to let others protect the law for me."

"I just go back with you directly."

Seeing Zhongli Yaoqin's proposal, Chen Feng thought for a while.

also!

Chen Feng immediately looked at the beast slave on the side.

[Chapter 5550: Let Chen Feng escape again!](#)

Let him go back, remember to inform Fairy Yuheng and others.

The Tiancun Beast Slave immediately patted his chest and wrapped it around him.

At the same time, he also said that he would take care of the key to the trial.

After explaining everything, Chen Feng and Zhong Li Yaoqin looked at each other.

Then all shouted.

"Master of the heavens, I am waiting to return to the Xuanhuang Zhongqian World."

At the moment when the voice fell, Qing Guang quickly wrapped the two of them.

The two figures faded, and then disappeared in the Beidou blessed land.

Hum!

As soon as he returned to the Xuanhuang Zhongqian World, there was pitch black before his eyes.

Chen Feng and Chen Feng once again appeared in the place where they had disappeared.

Among the ruins of the Demon Sect!

I have to say that they are lucky.

Not long before they appeared, the original Hong Xi Xianjun who had come in person just left with a grudge.

With a burst of blue light on, Chen Feng could even feel the terrifying aftermath that remained in place.

When they left the Xuanhuang Middle Thousand World, this Demon Sect of Ten Thousand Desires was already in dilapidated condition.

Looking at it now, there is no more grass.

Chen Feng looked at the large formation that had just been refined for the first time.

That huge magic circle was too late to absorb and take away.

At the time of goodbye, there was only a devastation left before my eyes.

The big magic circle that originally released the dark red blood light has no light at this time.

Chen Feng's heart was almost bleeding.

Seeing the opportunity for the great Xiu Luo Honglu to become a Taoist tool is in sight.

At your fingertips!

But this is all right!

He was unwilling to let it go, and tried to control that huge circle.

boom!

The earth trembled.

The endless blood light suddenly lit up.

However, it seemed to be leaking, and it was weak again before it turned on.

"It's useless."

"The damage is too serious, at least it can't work for now."

Zhongli Yaoqin on the side spoke lightly.

Chen Feng reluctantly gave up trying.

This magic circle is still an inherent magic circle in the Shura world, and it is difficult for him to repair it.

Moreover, with such a large array, Chen Feng's current skills against the array are almost helpless.

Zhong Li Yaoqin knew that this magic circle was intended by Chen Feng to evolve the Luo Hong furnace for major repairs.

She thought for a while and suggested.

"Maybe you can take it back and let Elder Wu take a look for you."

Chen Feng nodded.

The huge circle in front of him, although it had been severely damaged.

However, since it has been refined, it can be easily taken away.

Soon, the magic circle was absorbed by Chen Feng.

The two quickly returned to the distance and found the hidden teleportation formation.

For Xuanhuang Zhongqian World, there is not much time left in half a month.

At this moment, the world suddenly began to turbulence again.

This time, Zhong Li Yaoqin and Chen Feng were shocked at the same time.

"Hurry back!"

Without saying anything, Chen Feng pulled Zhong Li Yaoqin and directly spurred the teleportation formation.

The bright light instantly lit up.

Directly to the sky.

Then, it turned into a beam of light.

At the same time, a terrifying force that destroys the world suddenly fell!

Boom!

Lei Guang suddenly started, and the dark clouds that had just disappeared quickly gathered again.

The extremely violent gust of wind instantly tore the void of tens of thousands of miles into chaos.

In this chaos, a thick roar exploded.

"Don't want to run away again!"

That power is too strong, and it is above the fairyland of the virtual earth!

This time, Chen Feng could almost see it.

At the moment when the teleportation array was lit, a stalwart figure suddenly appeared on the void not far away.

Immortal King Hong Xi is back!

He wore a gray and white robe.

The beard and hair are all white, but the spirit is strong.

Two substantive rays of light burst into the muddy eyes immediately.

In an instant, it fired at the location of the teleportation array where Chen Feng and two of them were.

When it was too late, the teleportation array suddenly disappeared.

In the next moment, the substantive gaze completely shattered the floating mountain.

"Chen Feng!"

Xianjun Hong Xi was almost furious.

Again!

He let the \*\*\*\* escape again!

This makes him a magnificent person in the fairyland of the virtual world, why is it worth it?

Xianjun Hong Xi stepped forward and appeared where the teleportation formation had disappeared.

He raised his head and immediately traced the other end of the teleportation array with an overhaul.

Just now.

Hum!

Only a low whistle was heard.

A light and shadow suddenly lit up from the original position of the teleportation array.

Xianjun Hong Xi's eyes suddenly stopped.

The movement in his hand also stopped.

"Great Desolate..."

What appeared in front of him was the projection of the Great Desert Lord!

Even the projection in front of him was not more powerful than Immortal King Hong Xi.

But the aura of the sky, almost crushed the entire Xuanhuang Middle Thousand World Experts.

Even Immortal Hong Xi didn't dare to make trouble in front of him.

"Xianjun Hong Xi, you are the top first-class immortal gate of the Eastern Wilderness, and the supreme elder of Taiyi Immortal Sect."

"Not only is he unwilling to assume the responsibility of protecting the Eastern Famine."

"Instead, I have to kill someone I choose."

"You are so bold!"

As soon as he said this, Immortal Hong Xi's heart jumped and his face was earthy.

He almost weakened his legs and almost fell to his knees.

Even if they were the powerhouses of the spiritual virtual land fairyland, they could be said to be the top three in the Eastern Desolate Fairyland.

However, in the face of the great deserter, there is no idea to contend with it at all!

After all, that incident was too shocking.

But at the moment, the Great Waste Lord does not hesitate to drop a projection, but also beat him himself.

What it means is self-evident!

The Great Desert Lord is already very dissatisfied!

At this moment, even if Immortal Hong Xi wanted Chen Feng to die, he would never dare to think of disobedience again.

He bowed his head respectfully.

"Follow the orders of the great deserter."

The projection of the Great Desert Lord nodded, and his calm face was full of vicissitudes and indifference.

"Tell them both clearly."

"If something happens to Chen Feng, I will force you three immortal gates to guard the Eastern Desolation."

The voice fell.

Hum!

The projection in front of him suddenly collapsed.

Xianjun Hong Xi stood still, daring not to move for a long time.

At this moment, Chen Feng and Chen Feng had also returned to the Great Desolate Lord's Palace.

Chen Feng couldn't help but let out a long sigh of relief when he saw the Great Desert Lord again.

The clone of the Great Desert Lord was still sitting on the throne on the high platform.

He also smiled when the two returned.

"It seems that you have completed this missing task."

Chen Feng nodded and quickly recounted everything that happened over there.

After speaking, he looked at the Great Desolate Master, ready to tell what happened on the top of the sky.

However, at this moment.

A figure quickly appeared outside the hall.

It's Zhai Changzun!

I saw him coming in a hurry and told indifferently and simply.

"The eight major forces are ready to join forces against the Galaxy Sword Sect."

As soon as these words came out, both Chen Feng and Zhong Li Yaoqin's faces changed drastically.

"When?"

Zhai Changzun said lightly.

"Just after four or five days."

Chen Feng and Zhong Liyaoqin looked at each other, their expressions sinking.

Zhong Li Yaoqin spoke immediately.
