

## Peerless 5551

### [Chapter 5551: Chen Feng's plan!](#)

"Instead of this, it is better for me to stay here first to help the Galaxy Sword Faction resist foreign enemies."

"You go to protect your friends."

Although the matter of the top of the sky is urgent, after all, this is her home.

The Galaxy Sword School was once the place where his father lived.

She must not just watch the Galaxy Sword Sect in danger!

Hearing these words, the Great Desolate Master could be regarded as seeing it.

"What else?"

Chen Feng immediately told what had happened on the top of the sky.

After learning everything, the Great Desert Lord fell silent immediately.

After a long time, he couldn't help but sighed.

Lifting his eyes, staring at Chen Feng.

"You kid, how can you cause so many troubles everywhere."

Chen Feng was also caught in a dilemma.

With Zhongli Yaoqin's own power alone, I am afraid it will be difficult to resist the forces of all directions.

No matter how strong the Great Desolate Lord is, it will not be easy for the prestige to interfere in the annexation of these forces.

After all, Chen Feng is still a disciple of the Galaxy Sword School.

The sect is in trouble, if he doesn't go, he can't justify it.

But Mei has no time, there must be no shirk.

Suddenly, the great deserter on the high platform waved his hand.

"No matter, this matter is not difficult to solve."

Hearing this, Chen Feng suddenly looked up.

I saw the Great Desert Lord flipped his hand to take out an object and shot it at Chen Feng.

Another huge bronze key appeared in Chen Feng's hand.

"The key of trial?"

"Exactly."

The clone of Great Wasteland said lightly.

"With the key of trial, you can choose the trial task you want to enter at will."

"Your friend is just a trial celestial disciple. This trial mission should not be too big."

"Presumably, it's like the eight major forces encircling and suppressing the Galaxy Sword Sect."

Hearing this, Chen Feng still doesn't know what the great deserter meant!

Zhongli Yaoqin can continue to stay here.

And Chen Feng can also return to the top of the sky and take Mei Wuxiao to choose to enter the Xuanhuang Zhongqian World!

In this way, neither will be delayed!

Chen Feng was overjoyed immediately and quickly thanked the great deserter.

"As soon as this matter is over, I will return here immediately and begin to retreat."

The great deserter nodded.

Chen Feng and Zhong Li Yaoqin immediately parted ways.

boom!

In a blink of an eye, three days later.

Beidou Fudi really waited for Zhongli Yuntian.

He handed Chen Feng another key of trial, but Zhong Li Yaoqin was not seen.

"She's not on top of the sky?"

There is blood induction, Zhong Li Yuntian is naturally very clear.

Chen Feng nodded.

Only then did Zhong Li Yuntian react and patted his head in annoyance.

"I didn't think well."

"As long as you return to the original world, you will be safe naturally."

In this regard, Chen Feng did not say much.

He only looked at Zhongli Yuntian.

"About your business, I have a plan..."

Hearing this, Zhong Li Yuntian immediately shook his mind and became vigorous.

After getting along in the trial world before, he has fully understood Chen Feng's strategy!

When he said this sentence, it often meant that the whole thing was already in his grasp.

In a blink of an eye, the time is up!

There was a loud voice from the top of the sky.

Countless immortals who wanted to participate in the mission also went to the huge towers of the heavens and ten thousand realms.

Chen Feng finally saw Mei Wuxie again.

"Brother Chen Feng."

Mei Wuxian is still plain white, beautiful and cute.

However, the breath released from her body is no longer what she used to be.

Today, her cultivation has already been promoted to the eleventh floor of the Star Soul Martial God Realm!

Although far inferior to Chen Feng, it is also quite impressive.

Even if you look at the top of the sky, you can rank in the forefront.

Regarding Chu Ping's life, Mei had no time to listen to Fairy Yuheng as soon as he left the customs.

"I'm very happy to be with Brother Chen Feng again."

Mei Wuxian smiled cleverly, quite agile.

Chen Feng smiled, and then handed over a key of trial.

"This key of trial, you must keep it away."

When Mei Wuxi saw this thing, she quickly reacted.

"Brother Chen Feng, do you have a trial world you want to go to?"

"clever."

Chen Feng stared at her, lowered his voice, and slowly spoke.

"I want you to choose to enter... the mysterious and yellow world!"

...

When everyone appeared in the towers of the heavens and ten thousand realms.

Chen Feng saw Chu Pingsheng from a distance.

There is no need to say anything more, as soon as the two meet, the air is full of killing.

This time, Chu Pingsheng was surrounded by three men in black robes.

There seemed to be some special magic weapon on these three people, which obscured their breath.

Let people be unable to detect their true cultivation and identity for a time.

However, just seeing Chu Pingsheng's manner of treating the three people is not hard to guess.

Those three must be Chu Ping's helpers.

The cultivation base is definitely not bad.

Even, it is very likely to be stronger than Chu Pingsheng himself.

Looking at the few people in front of him, Chen Feng couldn't help but sneered.

"You really have lost money."

However, there is only one death in the ending!

Chen Feng still has many hole cards.

Besides, the visitor this time, in all likelihood, he is familiar with Xuan Huang Zhong Qian World,

There are also great deserters and many companions.

Wanting to punish these clutter is no problem at all!

However, Chen Feng hid these in his heart.

He only sneered.

"Seeing you all rushing to find death, I really feel a little distressed."

Chu Pingsheng laughed loudly.

His eyes burst with cold light, and he said in a deep voice.

"Chen Feng, you can still be arrogant at this time."

"I'm not afraid to tell you that we have already laid down tricks on your friends."

"At that time, hehe..."

As soon as he said this, Chen Feng couldn't help being furious.

He immediately squinted Mei Wuxia next to him, trying to find out the strangeness in her.

but no!

Not aware of anything!

Even Mei Wuxia herself has looked carefully inside and out.

Seeing Chen Feng's vigilance, she couldn't help but calm down.

"Brother Chen Feng, don't mess around with yourself."

"They are probably bluffing."

Listening to Mei Wuxia's words, Chen Feng did not relax his vigilance.

He knows Chu Ping's life very well.

This person is arrogant and has extraordinary self-confidence.

At the beginning, no matter whether it was a false reason, as long as he could persuade him, it was fine.

This is his trail.

Because of this, as long as he said something, there will be no falsehood.

There must be something on Mei Wuxia's body that he hasn't noticed temporarily.

The more he thought about it, the more disturbed Chen Feng was.

Suddenly, he had an idea, and an idea suddenly came to his mind.

As an outsider, he could only detect whether Mei Wuxia's cultivation base was undermined by others.

However, the world of Xinghai, Dantian, and even the spiritual world cannot be known.

But what if he used the power of heaven and earth to reincarnate repeatedly on Mei Wuxia?

Just implant the devil's heart into Mei Wuxia's body.

Between the two is equivalent to forming a tight connection.

[Chapter 5552: Open, Xuanhuang Zhongqian World Quest!](#)

He can use Devil Heart and Mei Wuxia's own consciousness to explore every corner of his body.

Thinking of this, Chen Feng immediately began to act.

Heaven and earth repeatedly reincarnate in heaven and earth, and suddenly gain power!

In the huge space of repeated cycles of heaven and earth, three huge vertical pupils immediately burst out with three colors of light.

Among them, in the third vertical pupil, black light quickly converged in the pupil.

Condensed a fist-sized demon heart.

In the next moment, Chen Feng didn't even say hello to Mei Wuxiao, but was directly implanted in her spiritual world.

As soon as he entered, he mobilized the devil's heart and spoke to Mei Wuxia in the spiritual world.

"Don't react too much."

"Listen, now urge the cultivation base."

"Look at your spiritual world, Xinghai world, and Dantian world again."

Mei Wuxia has absolute trust in Chen Feng.

Only when Chen Feng's voice just sounded, her pupils trembled slightly.

Immediately returned to nature.

Then, without saying anything, do what Chen Feng said.

It didn't take long for Chen Feng to discover the problem!

Sure enough, the means were hidden!

Moreover, in the spiritual world!

I saw a shadow of light and shadow in the depths of Mei Wuxia's spiritual world.

The mark is extremely concealed. If Chen Feng's mental strength is not strong enough, it will not be discovered at all.

Chen Feng frowned as soon as he saw the light and shadow mark.

The intricate patterns seem to have never been seen before.

However, it feels inexplicably familiar.

On the top of the sky, I always felt like I had seen it before.

However, no matter what, the most important thing right now is to deal with this imprint.

No matter who he is, if he comes, kill him!

Chen Feng silently wrapped the light and shadow mark with his own spirit.

He did not choose to remove it immediately.

Rather than intend to...do it!

Looking at Chu Pingsheng's smiling face, Chen Feng's expression became increasingly gloomy.

"Chu Pingsheng, I will warn you one last time."

"If you retreat now, you still have time."

"If you are obsessed with understanding and have to do something to my people, then you are...find your own death!"

Chu Pingsheng laughed loudly, his eyes filled with pride and coldness.

He seemed very happy about Chen Feng's anxious appearance.

Soon, the time is up.

At the only entrance of the giant tower of the heavens and the world, a green and misty light lit up.

The cyan light shines through the sky.

In the light gate, there are already people coming in and out.

Chen Feng and Mei Wuxia walked side by side and walked in.

On the jade card of reincarnation, light flashed by. **nOveluSb.cOM**

In the next instant, they disappeared outside the light gate and appeared in the huge towers of the heavens.

The cyan light dissipated.

Then what impressed Chen Feng and others was a huge and vast space.

A huge tower with no top.

There are numerous giant gates of bronze fangs suspended.

Those huge bronze fang gates have nine floors.

The bottom is the least difficult, but also the most lively.

That was used by the newly entered Samsara Immortal Trial.

And this time, Mei Wuxia was going to take part in the task of trying out immortals.

It stands to reason that Chen Feng, as an immortal in the sky, cannot be accompanied.

If you sneak into the team quietly, you will be like the people of Chu Pingsheng before.

Only by using three top-level magical instruments to fight for life, can you guarantee immortality!

Today, there are still many immortals in front of the giant bronze fangs.

However, most of them are those who want to enter the bottom.

As for Chen Feng and the others, they had already been determined.

At this moment, Chen Feng directly flipped his hands and took out a one-step ascending order.

"Flawless, go on."

Mei Wuxia took that step to the sky.

In the next moment, Chu Pingsheng's expression changed slightly.

He didn't seem to think that Chen Feng would be so bold.

Actually want to enter the death trial mission!

The death trial mission can naturally avoid the punishment of the Lord of Heaven.

However, Chu Ping was only surprised for a moment.

The next moment, he sneered again.

"You have saved us a lot of top magic weapons."

Faced with such a weird gratitude, Chen Feng just turned a blind eye.

At this moment, the vast voice of heaven dominates suddenly sounded.

"The world of trials, open now!"

Before the words fell, the originally black giant gate with bronze fangs suddenly rose up with countless red lights.

Everyone exclaimed immediately.

In the next moment, every giant bronze fang gate quickly turned into a red light gate.

And among the light doors, the picture of change began to light up!

The silhouettes of the world after another flashed by.

The picture is bizarre and changes rapidly.

Many trial immortals immediately came to the bottom few giant bronze fang gates.

Each randomly chose a fan, and then took out the reincarnation jade medal.

After stepping in, the figure disappeared.

Chen Feng looked at Mei Wuxia.

This time, in order to conceal others' eyes, Chen Feng did not even let Fairy Yuheng, Tiancun Beast Slave and others come.

Mei Wuxia nodded, and then raised the key of trial aloft, and stepped to the sky.

These two things burst into bright light immediately.

Among the huge towers of the heavens and ten thousand realms, many powerful people have turned their attention.

Whether it is the key of trial, or the order to reach the sky in one step.

For ordinary monks, they are extremely rare.

Many teams may need to sacrifice several people in order to exchange for a one-step mission.

And the key of trial is extremely rare.

It is rare to take out both at the same time like this!

In the past few decades, there are probably not many people.

However, before they exclaimed, Chen Feng on the side also took out a key of trial.

The two huge keys of trial finally attracted a lot of exclamations.

But, immediately.

Chu Ping took out the third one.

The three black robe masked people behind him also took out the fourth, fifth, and sixth one!

A total of six huge trial keys burst out with dazzling light.

Attracted all the people in the huge towers of all heavens and ten thousand realms.

"This... when did this key of trial become so flooded?"

However, more people are surprised.

"The key thing is that they also used a step to reach the sky!"

"In other words, the six of them will enter the same death trial mission at the same time!"

As soon as this remark came out, many trial immortals took a breath.

And when they saw the life and others clearly, they were even more shocked.

"It's actually Chu Pingsheng!"

The clamor about Fang Cai and Chen Feng was only spread in a small area.

Many people still don't know what happened.

They could only see that Chu Pingsheng and the three strong men behind him looked at Chen Feng with cold eyes.

"It seems that those two are going to be unlucky."

But some people recognized Chen Feng and immediately retorted.

"I don't think so."

"Chu Pingsheng wants to kill Chen Feng not once or twice."

"But every time the strong people sent out, all died in the trial mission world."

None returned!

This has proved many things.

[Chapter 5553: Chen Feng's opportunity!](#)

What's more, Chen Feng recently moved into a fourth-grade fairy mountain that was originally closed.

At this time, it has spread throughout most of the top of the sky.

He can be considered a resounding character.

For a while, many people talked and even started to bet.

There are even more powerful people sitting on the bank.

All this has nothing to do with Chen Feng and the others.

"The mission begins!"

A red light suddenly lit up with the sound of the vast voice of the Lord of Heaven.

Mei Wuxia's beautiful eyes were closed tightly, and a name kept chanting in her heart.

At the next moment, one of the five giant bronze fangs at the highest point suddenly lit up.

The six Chen Feng were inhaled immediately.

Vanished in a flash!

boom!

A huge weightless force immediately wrapped Chen Feng.

He just felt his body shake.

Looking back, several people have entered the space-time channel.

Chen Feng still has the title of "God-level villain".

When I saw this unique space-time passage in front of me, I was already used to it.

Normally, this is a blood-red space-time channel.

However, because of his joining, only he can tell that this passage has become pitch black!

At this moment, Chen Feng suddenly remembered something.

He flipped his hand and took out the large Xiu Luohong furnace.

Then, he handed it to Mei Wuxia.

"This thing is extremely defensive."

"After entering the world of trial missions, if there is danger, hide in."

Mei Wuxia's pretty face was tight.

She quickly took it and nodded seriously.

Chu Ping saw him behind him, very disdainful.

However, he only sneered.

At the same time, Chen Feng felt that the light and shadow imprint hidden in Mei Wuxia's spiritual world moved slightly.

It seems that he has plans.

In Chen Feng's heart, he chuckled slightly.

Chu Pingsheng, Chu Pingsheng, we can finally settle our grievances between you and me!

Hum!

When the empty passage reached the end, everyone was dispersed.

Chen Feng stepped forward.

The torn void instantly recovered.

Chen Feng immediately looked around, trying to determine where he was.

The next moment, he couldn't help smiling.

The overwhelming atmosphere is familiar.

This is the Xuanhuang Zhongqian World!

Sure enough, he was right.

Such great turbulence in the Eastern Desolation Immortal Territory will inevitably become a trial task at the top of the sky.

Moreover, the difficulty will not be low!

After all, those eight powers, although they can't be compared with the three top one-rank immortals at all.

But that is also a first-grade fairy gate after all.

Among them, there are strong people in the fairyland of the spirit and virtual world.

Entering with Chen Feng and others, if the situation can be reversed, it will definitely change the future here.

However, after the ecstasy is worry.

This kind of trial task, every time they enter, everyone is scattered randomly.

He has to find Mei Wuxia first as soon as possible.

Chen Feng thought for a while, turned his hand and took out something.

A mask as thin as a cicada's wings!

This thing was obtained at the beginning, shortly after entering the Galaxy Sword Sect, he was punished to enter the outer battlefield.

It is the most proud thing of the succubus.

As long as you wear it on your face, both your appearance and breath will change quickly.

Unless it is a very powerful person, no one can see through Chen Feng's true face!

He was about to put a dormant mask on his face.

Then, the figure began to change drastically!

Before long, Chen Feng disappeared in place.

Instead, he was an ordinary disciple.

On his body, he wore the costume of the disciple of the Galaxy Sword Sect Tianshu Sword Sect!

Fairy Yuheng emphasized it.

Do not let other people on the top of the sky know which world they come from.

Otherwise, once learned, Wan had a conflict.

They are very likely to come to this world and use it to threaten.

At this moment, the surroundings are completely dark.

It must be late at night.

Chen Feng could only rely on his spiritual knowledge and cultivation to quickly explore the outside world.

However, this probe made him a little surprised.

This place is actually a floating mountain near the Dayan Sect!

He approached quietly, peeking far away.

Today's Dayan Shenzong is quite deserted.

Presumably, most of the disciples and elders have already joined forces with the other seven forces and rushed to the Galaxy Sword Sect.

Chen Feng was not idle while sensing the breath of Luo Hong's furnace.

I thought about it immediately.

If he remembers correctly, there are Qibao in the Eastern Desolate Immortal Territory.

One of the treasures is in the hands of the Dayan Shenzong.

Today, Chen Feng already has four of the seven treasures in his hands.

The Lingbao gourd obtained from the Que Yuanzhou brothers, and the extinct golden fan obtained from the Longzhong Mountain.

There are also the Earth-Extinguish-Heaven-patterned realm gifted by Zhongli Yaoqin, and the Ecstatic Universe Pen accidentally obtained during the escape.

Together, these four treasures have already exerted their power beyond each one.

What's more, I heard that the Qibao unity will exert greater power.

You can also get a peerless treasure.

However, just when Chen Feng was about to go to Dayan Immortal Gate. Suddenly there was endless blood surging quickly in front of him, changing directions.

In this regard, Chen Feng was not surprised.

This scene also happened in the previous Zhenwu world.

These blood surging in the air came from the top of the sky.

The blood quickly condensed into a few lines in the air.

Xuanhuang is in a thousand worlds, a piece of peace.

The four barren fairy territories in the southeast, northwest and northwest are not connected.

Not long ago, the Eastern Desolation Fairy Region held a Jade Smashing Conference.

At this conference, the nine major first-grade immortal gate forces of the Eastern Wild Immortal Territory were all present.

The Galaxy Sword School is the weakest.

However, in this broken jade conference, a monster was born.

Chen Feng couldn't help but smile when he saw this.

This was the first time he saw himself in the background introduction since he participated in so many trial missions.

Immediately afterwards, the mass of blood changed again.

Quickly condensed into a few lines in the air.

"This person reversed the decline of the Galaxy Sword Sect on his own, but he also offended the other eight sects."

Therefore, now the eight major forces have joined forces to suppress the Galaxy Sword Sect.

Stalemate.

Those big characters formed by blood transformation gradually disappeared.

Immediately after. The huge voice suddenly remembered in his mind.

"Because several Celestial Celestials have entered the death trial mission, the difficulty of this trial mission has increased."

"Raise to the highest level: Nightmare level!"

Upon hearing this, Chen Feng was a little surprised.

The last time he entered the endless killing advanced battlefield, it was because Fairy Yuheng failed in the first three missions that he would double the punishment.

But why is it also upgraded to nightmare level here?

Could it be that his god-level villain's destiny title played a role?

After smiling bitterly, Chen Feng quickly adapted to the familiar world of Xuanhuang Zhongqian.

He quickly sensed the great Xiu Luohong furnace.

At this moment, in his mind, the Lord of Heaven made a loud voice again.

"Xuan Huang Zhong Qian World is the location of Chen Feng's mission."

### [Chapter 5554: Mei Wuxia is in danger!](#)

"One of the regular tasks of this trial mission is to kill at least three immortals."

"If the mission fails, kill it!"

"The second task, guard the Galaxy Sword Sect!"

Hearing this routine task, Chen Feng couldn't help but smile.

It seems that the difficulty of the nightmare level, the difficulty lies here.

Even if it was Chen Feng, at this time he was no more than the third hole of the Shifang Dongtian realm.

However, in terms of overall strength, he has been able to fight against the powerhouse of the seventh cave of the Shifang Dongtian realm.

Even the strong man in the eighth cave of the upper ten square cave world has the leeway to protect himself.

But he is only one person after all.

Galaxy Sword Sect, although because he reversed the decline.

However, among them, there are still very few top-notch people.

With Chen Feng and Zhong Li Yaoqin alone, how could the individual sect masters and the master Luo Xingchen resist the encirclement and suppression of the eight forces?

This is simply an impossible task.

But whether it is the dominion of heaven, Chen Feng has to guard it.

"I don't know what the hidden mission will be."

He murmured casually, and quickly began to sneak in the dark.

Not far ahead is Dayan Immortal Gate.

Zhu Gengming, who was killed by him, was the most outstanding among the newly recruited disciples of Dayan Immortal Clan.

At the beginning, he inherited the style of the Dayan Immortal Gate and added him with black and white yin and yang robes.

Looks young, but already has a demeanor of fairy style.

Looking from a distance now, it is not inferior at all.

Dayan Shenzong is all black and white.

On the huge stone at the door, there is a huge picture of Tai Chi and Eight Diagrams of Yin and Yang.

He leaned forward silently.

Oh, this Dayan Immortal Gate is really a way of yin and yang built everywhere.

Even the martial arts field is divided into yin and yang, which merge and oppose each other.

Chen Feng did not enter.

He just probed from a distance.

In terms of the background of these first-class immortal gates, even if they do their best, they will go to encircle and suppress the Galaxy Sword Sect.

It is absolutely impossible to leave the entire Zongmen headquarters alone.

Even the powerful people in the fairyland of Lingxu Land who were sitting in town, went personally.

Chen Feng can almost conclude that there must be another strong man in the fairyland with strength close to the spirit virtual land!

To take the opportunity to end the lair, I am afraid it is not realistic.

He waited in ambush on the periphery for a long time without waiting for a figure to enter or leave.

If someone comes in and out, he can control that person and achieve his goal quietly.

But everyone was probably taken to encircle the Galaxy Sword Sect.

Chen Feng was a little helpless.

Sighed, then chose to leave.

The top priority is to rendezvous with Mei Wuxia as soon as possible.

According to the induction of Luo Honglu, Mei Wuxia is not very far away from him.

The location is relatively close to the Longzhong Mountain Range.

At the same time, he also clearly felt the magic heart implanted in Mei Wuxia.

Since entering the Xuanhuang Middle Thousand World, the light and shadow imprints in the depths of her spiritual world have been constantly flickering.

Obviously want to convey some information.

Unfortunately, there is no way to escape Chen Feng's control.

But even so.

The two are currently far apart.

Even if Chen Feng wants to use his power to take it out, I am afraid he is somewhat helpless.

The only thing that can be done is to call Mei Wuxia.

Ask her to rush towards him when Chen Feng rushed over.

Hearing Chen Feng's voice, Mei Wuxia naturally left without saying anything.

However, with this turn, he bumped into a young man.

Chen Feng relied on the Demon Heart from a long distance to see everything that Mei Wuxia had experienced.

"Where did the little lady come from, she looks beautifully born."

"What good thing is holding in your hand?"

The speaker is a young and handsome brother.

He wears a crown of heaven on his head, brocade clothes, and a purple robe.

He looked like a dog, but when he saw Mei Wuxia, his original form was immediately revealed.

Those eyes looked at Mei Wuxia, full of lust.

Extremely arrogant!

However, the breath that erupted from him was quite impressive.

There is actually the peak of the first cave in the Shifang Dongtian realm.

As far as Chen Feng is concerned, this kind of waste is natural, and he can slap to death with one palm.

But as far as Mei Wuxia is concerned, he is not at all an opponent of the few people in front of him.

Chen Feng looked gloomy and spoke quickly.

"Don't worry, urge me to give you the big Xiu Luohong furnace."

"Hold it until I stop."

Mei Wuxia nodded slightly, her pale and pretty face returned to a trace of blood.

As Chen Feng hurried over, Mei Wuxia had already followed what he said.

To repair Luohong furnace, almost become a Taoist implement.

Such a top magic weapon, the defense is naturally quite amazing.

No matter how obscene the purple-robed men talked, at best they could only surround themselves outside the great Xiu Luohong furnace.

It is impossible to enter it.

Similarly, no matter how they attacked the great Asura Luo Honglu.

Except for the vigorous voice of Hong Zhong Da Lu, there is no influence!

"hateful!"

"I don't believe it anymore, you can still stay in it forever!"

Before the words fell, only a man's voice was heard, which suddenly appeared behind several people.

"Flawless, you can come out."

Come, it is Chen Feng!

Chen Feng did not hesitate to run the Jade Qing Nine Shou Zhen tactics, which consumed a lot of spiritual energy.

Since that ray of Daoyun was connected with the world-origin sapling, his understanding of Taishang Yuqing Nine Shouzhen Jue has been deeper.

Hearing the sound, the purple-robed youth immediately turned his head.

When he saw Chen Feng's clothes, he immediately laughed.

"Sangmen star, even your sword sect is almost gone, what kind of dog you are here to pretend to be."

"This sister looks good, I want it."

"Be more acquainted, look at the decline of your Galaxy Sword Sect. I will spare you not to die."

As he said, the purple-robed youth stepped out a leg.

His face was almost overflowing.

He patted his thigh.

"As long as you crawl under my crotch, I won't pursue this matter anymore."

Before he finished his words, the servants behind the purple robe youth immediately laughed.

One smiles presumptuously than the other.

"Kneel down and climb over."

"Our son can be considered worthy of your Galaxy Sword Sect."

The harsh voice kept coming into Chen Feng's ears.

Then, I saw a cold light lit up.

In the next moment, a long knife with extremely murderous intent and extremely cold light was placed on the neck at some time.

The purple-robed youth was so scared that his soul was about to fly.

He didn't even see clearly, how exactly did the Star River Sword Sect disciple act in front of him?

I saw Chen Feng looking at him indifferently, without moving his brows.

"Who do you say is the Lost Star?"

Hearing this, the purple-robed youth had already regretted it.

No matter how he has a wealth background, he is just a disciple of a family.

It happened to be lucky enough to enter the Burning Heaven Divine Sect.

However, no matter how amazing the talent and the breakthrough in cultivation are, it is not enough in front of Chen Feng.

When Chen Feng revealed the breath of the third cave of the ten-square cave, the person in front of him was completely shocked.

#### [Chapter 5555: Putting blame on Chu Pingsheng!](#)

And the subordinates behind, even more dare not put a fart at this time.

I was very arrogant before, and now it is quiet as a chicken.

However, the ruthless words have already been released, and the purple-robed youth can now be said to be riding a tiger.

He can only grimace, sink his face and look at Chen Feng.

"As a disciple of the Galaxy Sword School, don't you know if what I said is true or false?"

"At the moment, in the entire Eastern Desolate Immortal Territory, who doesn't know that the eight major forces have joined forces to encircle and suppress the Galaxy Sword Sect."

"If you don't go back, you won't be a dead star."

Chen Feng looked indifferent when listening to these voices.

A good idea quickly emerged in his mind, and he smiled.

The next moment, he sneered with contempt.

Immediately after a punch, he went to the purple-robed youth.

boom!

It only takes a punch, not even any complicated martial arts.

The purple-robed young man vomited blood and flew out toward the distance.

The servants behind him were already shocked at this moment.

No one thought that the Galaxy Sword Sect, which could only be ranked at the bottom of the nine major forces, would actually have such powerful disciples.

In addition to the famous Chen Feng, there is also this strange man.

Chen Feng looked indifferent, turned around, and looked at those people intently.

It seems that these people, in his eyes, are just ants that can be crushed to death.

Several servants felt that they were firmly controlled.

The surrounding void The void surrounding it seems to be a substance that has suddenly been condensed.

Become a prison!

It's totally hard to move!

The hearts of several people suddenly shuddered, and their faces changed on the spot.

"Spare..."

However, the voice did not fall.

In an instant, the cold light flashed.

All the begging for mercy was harvested by Ling Li's murderous aura.

Splashing blood, these impervious servants also disappeared into the night.

The next moment, Chen Feng's figure disappeared in place.

In the distance, the purple-robed youth who flew upside down for a very long distance suddenly trembled instinctively in his heart.

I saw that ghostly figure appeared in front of him.

"Don't kill me! I will give you everything!"

How dare the purple-robed youth make trouble!

He shivered, flipped his hand and took out a jade medal.

Fear was all over his face.

Even Mei Wuxia, who was on the side, was a little confused by Chen Feng's sudden brutality.

However, although she didn't quite understand, she trusted Chen Feng unconditionally.

Therefore, she just stood by and watched all this quietly.

There was no sound.

Seeing that the youth in Zipao took out the jade medal, Chen Feng finally took it away.

His eyes didn't contain the greed.

Then, he sneered.

"For your knowledge, I might as well tell you."

"Although I am a disciple of the Galaxy Sword Sect, how can a mere Galaxy Sword Sect be better than my elder brother Chu Pingsheng."

Hearing this, Mei Wuxia was shocked secretly, and vaguely guessed what Chen Feng meant.

He wanted to blame Chu Pingsheng for all his actions.

Sure enough, when he heard the name "Chu Pingsheng", the purple-robed youth's complexion was slightly moved.

He thought he was well disguised and calm.

But how could all this escape Chen Feng!

Chen Feng weighed the storage jade plaque, and then showed a satisfied look.

The next moment, he raised his eyebrows and met the purple-robed youth.

On the face, a smile is not a smile.

When the man saw this reaction, his heart was disturbed.

But he could only ask with a shy smile.

"This uncle... can you just let me go as a fart."

However, Chen Feng did not take his time, stepping away.

"If I heard you correctly, you just wanted me to crawl under your crotch."

"Then now, as long as you get through, you can roll."

What a shame this trick!

The face of the purple robe youth,

A burst of red, a burst of white.

Dressed up like this, he looked like a son of an extraordinary family.

Since childhood, how can anyone dare to treat him like this?

Not only didn't put him in the eye, but also knocked him away with a wave.

Even giving the storage jade medallion refused to let it go.

The purple robe youth couldn't help but flushed.

He stared at Chen Feng fiercely, holding back for a long time, only a word.

"Don't go too far!"

Before the words fell, Chen Feng laughed as if he had heard some joke.

Then, he stared at the purple-robed youth who fell in front of him.

"You picked it yourself, I just did it.

"This is too much!"

Hearing this, the purple-robed youth could hardly speak.

After all, Chen Feng's words are not wrong.

can.....

This is simply a shame!

Chen Feng didn't care about him, and stood in the void, smiling contemptuously.

It seemed that he was waiting for the purple-robed youth to be honest and get under his crotch.

However, no one noticed.

His gaze changed slightly, calmly.

The black light flashing through the pupil was so fast that it was almost imperceptible.

A demon heart has long been implanted in the spiritual world of the purple robe youth.

There, Chen Feng learned everything he wanted to know.

At this moment, the situation on the Galaxy Sword Sect was not as tense as he thought.

The eight major forces joined forces to besiege, after all, it is not a glorious thing.

They need a reason.

And this reason is Chen Feng himself!

At the previous Broken Jade Conference, he was so radiant that he even strangled all the six princes.

The Seventh and Eighth Beast God Sect and Cangyu Immortal Sect.

Chen Feng is also on their kill list.

Therefore, after the eight major forces surrounded the Galaxy Sword, they began to demand people.

Hand over Chen Feng!

In the eyes of these people, it is absolutely impossible for the Galaxy Sword Sect to hand him over.

After all, apart from the special existence of Chen Feng, I have never heard of other such brilliant people.

I am afraid that the entire Galaxy Sword Sect will count on Chen Feng alone!

Such an important genius, in any school, is probably a treasure in the palm of your hand.

Chen Feng couldn't help laughing at the thoughts of these outsiders.

They don't know the internal situation of the Galaxy Sword Sect.

I don't know him either.

No matter which school he is in, he can never be regarded as a treasure.

There are as many people who want to trample him down.

Among them, many elders are included, and even the overlord!

It's just that of course he can't say this.

Regardless of the truth, right now, the Galaxy Sword Sect even wanted to hand him over.

It is never possible.

Because they couldn't find where Chen Feng was.

Even the purple-robed youth himself would never think of the person who was jointly demanded by the eight major forces.

Standing in front of him at the moment.

All in all, the situation is not particularly tense right now.

In this way, Chen Feng had other thoughts in his mind.

If he remembered correctly, the only ones who entered the death trial mission this time were him, Mei Wuxia and Chu Pingsheng.

There are also several immortals in the sky.

[Chapter 5556: Dayan Immortal Gate](#)

If you want to save the Galaxy Sword Sect in front of the eight major forces.

He and Mei Wuxia alone are probably not enough.

What should be used, naturally have to be used!

Moreover, a plan that was temporarily shelved is also put on the charter again.

The purple-robed youth trembled.

Seeing Chen Feng motionless, there was no room for negotiation.

In order to survive, he can only bear the humiliation...

However, at this moment, a figure suddenly appeared not far away.

The purple-robed youth suddenly let out a brilliance.

"It's just right!"

It was as if he had caught a straw.

The next moment, he immediately disappeared in place and quickly came to the person who came.

"Elder Shi, the young master of the Xiaheng family, Heng Tianlei."

"Brother Heng Tianqian is a direct disciple of Dayan Immortal Clan."

"For the sake of my brother, please save me!"

Unexpectedly, at this point in time, Dayan Immortal Gate actually had elders outside.

Chen Feng also shouted in his heart.

It just happened!

He was worried that he could not sneak into the Dayan Immortal Gate.

It was a target for nothing.

I saw that elder, who was surnamed Shi, was dressed in a black and white yin and yang robe with a picture of yin and yang and gossip.

Hand-held whisk, beard and hair are all white.

It looks like a fairy tale.

After hearing the introduction of the purple-robed youth Heng Tianlei, he thought slightly for a moment.

Then suddenly reacted.

"It turned out to be the son of the second-grade family Heng family."

"Why, but in trouble?"

Second grade family.

Sure enough, it did not surprise Chen Feng.

Heng Tianlei stepped behind the elder Shi and pointed at Chen Feng.

His face was full of bitterness and pride.

"This disciple of the Galaxy Sword Sect, relying on the backing of a backing named Chu Pingsheng, humiliated me as much as possible!"

"He also killed my men and injured me badly!"

"Also ask Elder Shi to seek justice for me!"

With that said, Heng Tianlei will not forget to mention the most important point.

"Afterwards, my Heng family will have to thank you!"

Sure enough, when he heard these last words, the elders immediately became more kind.

Looking at Chen Feng, he also looked very disdainful.

"Naturally, I can't sit back and watch at Dayan Immortal Gate."

"A disciple of the Galaxy Sword Sect, I want to see what waves he can make!"

With that, he strode forward.

He immediately came to Chen Feng.

Mei Wuxia was a little worried, and pulled Chen Feng.

He turned his head and smiled.

"It's okay."

It was just an elder of the fifth cave of the Shifang Dongtian realm.

With this kind of strength, Chen Feng was able to kill as early as the Longzhong Mountain Range.

When the elder came up, he stretched out his hand.

It seemed that he didn't even bother to talk nonsense, and directly obliterated the two of them.

Not far away, Heng Tianlei was proud.

boom!

The majestic breath suddenly exploded.

With a loud noise, a figure flew out dozens of miles in the dark.

Heng Tianlei was still exhaling for a second.

In the next second, his face was frozen.

Flying out... is the time elder of Dayan Immortal Gate!

Although the elder Shi is not a top level strength, he is also quite prestigious in the Dayan Immortal Gate.

The cultivation base is also considered to be at the forefront.

Who would have thought that facing a disciple of the Galaxy Sword Sect, he didn't even have the power to strike!

In an instant, Heng Tianlei's heart was ashamed!

Cold sweat ran violently from his back, turning around and running without a word.

However, he didn't react suddenly until he ran far away.

That Star River Sword Sect disciple did not seem to chase him?

He escaped from that man alive!

Heng Tianlei was very excited.

"Chu Pingsheng, I remember you!"

He said the name coldly, and then quickly disappeared into the void.

For this result, Chen Feng is naturally happy to hear.

He deliberately released Heng Tianlei.

If the elder does not appear at this time, I am afraid that he will still have a lot of thoughts.

After all, the name Chu Pingsheng still needs to be spread through the mouth of this person.

How can it be killed easily.

The next second, Chen Feng disappeared in place.

At the same time, Elder Shi Wenwei, who was dozens of miles away, was caught by a hand.

He picked it up straight!

Has Shi Wenwei ever been treated with such humiliation?

His face flushed red and he fought desperately.

However, all attacks couldn't even get close to the ordinary Star River Sword Sect disciple!

"Who are you... on earth?"

How come the Galaxy Sword Sect has such a monster again!

Faced with this person, Chen Feng showed no mercy.

Heaven and earth reincarnated in heaven and earth, and suddenly made power.

Hum!

In the space of repeated cycles of heaven and earth, endless white light suddenly lit up.

This time, Chen Feng didn't even use Demon Heart.

He directly met the elder of the Dayan Immortal Gate in front of him.

Mental attack, direct soul search!

In an instant, Chen Feng knew all the secrets in the Dayan Immortal Gate.

This Shi Wenwei was at Dayan Immortal Gate, equivalent to the Tianhe Elder of the Galaxy Sword Sect.

The cultivation base is not particularly powerful, but it is indeed in the forefront.

After all, including the Galaxy Sword Sect, the nine major forces are expensive as first-grade immortals.

It can't be compared with the three top first-class immortals at all.

The only thing that needs to be dealt with is the sect master of each sect.

I don't know where Luo Xingchen ranks among the nine sect masters.

Closer to home, now that Shi Wenwei is quite high in the clan, he knows a lot..*Novelusb.Com*

He also has the whereabouts of one of the Seven Treasures!

"Chongxu Tianshu."

Chen Feng murmured.

One of the seven treasures obtained by Dayan Immortal Gate is called Chongxu Tianshu.

This is a very special book without words.

You can analyze the essence of the exercises, martial arts, magical powers, etc. you see.

Then he appeared on the wordless book by himself.

Because of this, the disciples of Dayan Immortal Sect often have the most abundant resources such as magical powers, martial skills, and exercises.

"This is a good thing."

However, Chongxu Tianshu also has restrictions.

It can only analyze the supernatural powers, exercises, etc. under the fifth rank of Hong.

And this Chongxu Tianshu was in the hands of an elder named Mo Wenrui at this time.

That Mo Wenrui wears a black robe all the year round, full of energy.

He is the powerhouse of the ninth cave of the Shifang Dongtian realm!

Chen Feng is not his opponent yet.

What's more, that Mo Wenrui was also in the team that encircled and suppressed the Galaxy Sword Sect.

After getting all the news he wanted to know, Chen Feng finally withdrew his consciousness.

Shi Wenwei's complexion has long since changed.

He was frightened and stared at Chen Feng.

"What do you want to do!"

"I'm the elder of Dayan Immortal Gate!"

Before the words fell, the man in front of him seemed to have heard some joke.

He laughed loudly.

Then, he sneered.

"Why, don't you unite the eight major forces and want to force the Galaxy Sword faction to hand over me?"

"Now I'm right in front of you, why don't you recognize it?"

Hearing this, Shi Wenwei reacted immediately.

[Chapter 5557: The whereabouts of the Gods and Demons Refining Avenue exercises!](#)

He was shocked, looking at Chen Feng's face, he couldn't believe it.

"You... are you Chen Feng?"

"But your breath..."

Before I finished speaking, I saw the appearance and breath of the person in front of me, and suddenly began to change.

In the end, he became just like him!

The same black and white robe, the same whisk.

Even the look on his face when he was frightened was exactly the same!

Including the breath, it is even more fake!

Even Mei Wuxia, who was on the side, covered her small mouth in surprise.

Chen Feng smiled against Shi Wenwei's face.

"Since your eight major forces are so rampant."

"Then if I don't do something, it would be really polite."

The next moment, an extremely terrifying aura burst out from his body in an instant.

The powerful pressure immediately changed the real Shi Wenwei's face.

"How could it be you!"

How could it be possible to cause such a terrifying coercion so quickly!

The powerhouse of the eighth cave of the Shifang Dongtian realm, I'm afraid it is nothing more than that!

However, his surprise can only end here.

Blood burst into the sky.

Chen Feng turned around and looked at Mei Wuxia.

"It's all here, why don't we go to Dayan Immortal Gate as a guest first."

Chen Feng laughed, and ransacked everything on Wen Wei's body.

Then, he took Mei Wuxia to Dayan Immortal Gate.

Dayan Immortal Gate ranks among the top three among the nine forces in the Eastern Wilderness.

Its area is even larger than that of the Galaxy Sword Sect!

There are hundreds of thousands of miles away!

From top to bottom, they are all large and small floating mountains.

The lower the cultivation level the disciple, the more they can only live on the lower floating mountain.

Before the Gate of the Galaxy Sword Sect, there is a huge lake like the sea.

There was blue waves rippling, and aura lingered.

There are a lot of spirit beasts and fairy fish swimming under the lake, so it looks like a fairy.

And the end of the huge lake is the Nine Heavens Tongtian River!

When Chen Feng first saw the vast scale of the Galaxy Sword Sect, he was quite shocked.

But after seeing the Dayan Immortal Gate, he realized that there is a mountain beyond the mountain, and there is a sky beyond the sky.

Here, there is also a waterfall that is no different from the Jiuxiao Tongtian River.

It's just that this huge river is wider.

Looking around, almost occupied the entire line of sight.

More ingeniously, there are countless floating mountains scattered from bottom to top on both sides of this great river.

Between those floating mountains, there are bridges and corridors connected by clouds.

Xianlin Yehe flew into it.

Clouds and mists swirl around.

There are also countless waterfalls of different sizes falling vertically.

In addition, the black and white yin and yang gossip pictures can be seen everywhere.

Compared with the picturesque and fairyland of the Galaxy Sword School, this place is more majestic.

Chen Feng completely transformed his breath into the time elder.

So he took Mei Wuxia into it, without any obstacle.

Even the guardian formation did not notice that it was unusual.

Although at this time, it was getting late.

But in this kind of fairy gate, who needs a rest?

It happened that Chen Feng came all the way and almost never saw any disciples of the school.

The only ones, as soon as they saw him from a distance, they all stopped and saluted respectfully.

"Meet the elders."

Chen Feng pretended to be a gesture, waved his hand and flew up quickly.

According to the news in Shi Wenwei's mind.

The Dayan Immortal Gate can be described as an all-out dispatch this time.

Except for the new entry disciples with the lowest level of cultivation, as well as some handyman disciples and deacons.

The rest of the strong, almost all went to the Galaxy Sword Sect!

"It seems that they really made up their minds to destroy the Galaxy Sword Sect."

The more people that go there, the more people will have to carve up the background and benefits after the Galaxy Sword Sect is destroyed.

No wonder Dayan Immortal Gate is so confident.

As everyone knows, Dayan Immortal Gate is best at formation.

If it weren't from Dayan Immortal Gate, the uninvited guest wanted to sneak into it.

Then here will fall from the fairyland to hell.

At every step, it is possible to step on a killing array.

Besides, there is the most impressive guardian formation here!

I heard that there was a powerful person who wanted to sneak into it.

Up and down the Dayan Immortal Gate, almost no one raised his eyelids.

Everyone was watching with cold eyes.

Watching that person was strangled in a large and complicated formation.

Since then, no one has dared to trespass the Dayan Immortal Gate easily!

But this is the most difficult level, but it was easily solved by Chen Feng.

The mask of the succubus was prepared just for this.

In this way, Chen Feng soon appeared on the highest floating mountains.

According to Shi Wenwei's memory.

The smaller one on the left is the Treasure Pavilion.

There is a seven-story pagoda, which is similar in purpose to the Buddhist scripture towers on the top of the sky.

What's stored in it is all the heritage of the Dayan Immortal Gate over the years.

As a prestigious elder, Shi Wenwei can use most treasures.

He went to it without saying a word.

The deacon at the door was also very polite to him.

Who could have imagined that the elder Shi who returned in a hurry had already changed his shell.

As soon as Chen Feng entered it, he immediately began to search.

Originally there was a Supreme Elder here, but at this time he also went to the Galaxy Sword Sect.

They are too confident.

I thought that in Dayan Immortal Gate, no one would dare to be presumptuous.

In this way, half an hour later, Chen Feng strode away from the treasure chest.

From beginning to end, except for the lowest level that was not searched, the remaining floors were almost completely wiped out!

If someone comes in again and sees this empty treasure chest, they will probably faint directly.

Mei Wuxia waited outside for a while.

Seeing him come out, he smiled and greeted him.

"Where shall we go next?"

Chen Feng confirmed each other's trial mission with her.

The tasks of the two are similar.

Perhaps because Mei Wuxia is not an immortal in the sky.

Her trial task is of average difficulty.

In addition to killing the three immortals, you only need to kill one elder of the dragon tooth immortal gate.

That person is now cultivated as the ninth cave of the Shifang Dongtian realm.

Compared to Chen Feng, this task is almost a breeze.

"Go, go to the next place."

Anyway, on the way from the Dayan Immortal Gate to the Galaxy Sword Sect, it happened to be separated from the Giant Spirit Shenzong and the Dragon Tooth Immortal Gate.

It can be said to go smoothly.

Then there is no problem with hand-in-hand.

Chen Feng came and left in a hurry.

Until daybreak, no one in Dayan Immortal Gate had noticed that something was wrong.

At this time, Chen Feng was already hundreds of thousands of miles away from Dayan Immortal Gate with Mei Wuxia.

Almost soon arrived at the Giant Spirit God Sect.

The east lights up and the fish belly is white.

Chen Feng's appearance has also changed from Shi Wenwei to the consistent costume of the Giant Spirit God Sect.

Mei Wuxia looked at him curiously.

"Brother Chen Feng, how exactly did this happen?"

Chen Feng smiled.

"Interested? I will give you one when I have time."

Having said this, he suddenly looked down, as if thinking of something.

However, he said nothing.

Thanks to Taishang Yuqing's Jiushou True Art, it originally took several days to reach the Giant Spirit God Sect.

[Chapter 5558: God and Demon Ling Xiao decided!](#)

At this time, it has arrived before dusk.

The Giant Spirit God Sect is different from the Dayan Immortal Gate.

Here, there are all kinds of people with special physiques.

Many of the disciples have average cultivation skills.

Perhaps the bloodline has not been opened yet, or the physique needs to be tempered, and it has not yet come to shine.

Therefore, there are many disciples staying in the martial arts.

There are many disciples left behind, so there will not be fewer elders left behind.

Just when Dayan Immortal Gate discovered that the Treasure Pavilion had changed, Chen Feng had already sneaked into the Giant Spirit God Sect.

It's also a coincidence that when they just approached, they saw a \*\*\*\* and demon refiner leaving from the giant spirit \*\*\*\* sect.

In Chen Feng's mind, the Supreme God Demonized Dragon Art worked on its own.

Soon, a voice rang in his mind.

"Nine-Rank inferior."

In this regard, Chen Feng is not very disappointed.

In the world of Xuanhuang Zhongqian, the road of \*\*\*\* and devil body refining has been cut off for a long time!

He rushed to the Treasure Pavilion of Dayan Immortal Gate last night and never saw the magical powers of the gods and demons.

But the \*\*\*\* and demon body refiner in front of him, although his bloodline ranks low, has already taken a step on this path!

This means that in the giant spirit gods sect, there must be related exercises for the road of \*\*\*\* and devil body refining!

Chen Feng's heart jumped.

Since I went to the Galaxy Sword Sect, I learned about the Avenue of Gods and Demons.

Chen Feng has always wanted to find related exercises.

He has a great witch divine body and great witch return to heaven. The Great Avenue of Gods and Demons is his pursuit.

Those who practice the Dao of Gods and Demons will be several times, even dozens of times stronger than those of the same realm!

At the peak of cultivation, the monk can become the body of the ancient gods and demons!

Live the same life with heaven and earth, compete with the sun and the moon!

To achieve true immortality.

However, among the Galaxy Sword Sect, only the Jiutian Tibetan Scripture Pavilion has related exercises related to the Dao of Gods and Demons.

But to enter the Jiutian Tibetan Scripture Pavilion, a lot of martial arts are needed.

Because of this, although Chen Feng has joined the Galaxy Sword Sect for quite some time, he has never entered.

Nowadays, related exercises are at your fingertips.

He would not let it go.

Chen Feng turned and looked at Mei Wuxia.

"You wait here, I will come as soon as I go."

Mei Wuxia nodded obediently.

In the next moment, Chen Feng's appearance and breath changed drastically.

When he spoke, he was already the elder of a group of giant spirit gods.

This is the elder of the Divine Giant Spirit Sect that he met when he was in the Jade Smashing Conference.

Sure enough, when he pretended to unintentionally approach the disciple of the \*\*\*\* and demon body refiner, that person's complexion changed.

He immediately bowed his hands.

"Master, didn't you go to the Galaxy Sword Sect to encircle and suppress it?"

However, before the voice was over, he met a pair of brilliant white eyes.

The heaven and earth turning over and reincarnation magic power suddenly opened.

Chen Feng was always simple and rude to deal with such a disciple.

Hum!

But I didn't expect that anyone would be the disciple of that elder Situ.

The burly, burly and extraordinary disciple in short cloth and strong clothes stood in place dumbfounded.

As soon as Chen Feng waved his hand, he followed behind and left.

No one found out.

In an instant, Chen Feng got everything about this disciple's mind.

This person is named Qu Kangsheng, and he is not an extraordinary person.

He was born as a rural villager and was born with supernatural power.

Soon, he got attention in the remote areas of the earth.

After that, everyone told him that he should go to the fairy road.

He said goodbye to his parents, and was discovered by a passing elder of the Great Spirit Shenzong.

The Giant Spirit God Sect does have a technique on the Avenue of Gods and Demons!

However, what is disappointing is that as Qukang's bloodline is not strong, his bloodline awakens very late.

Until now, only the Star Soul Martial God has entered the tenth building.

He hasn't even reached the Shifang Dongtian realm.

Therefore, the skills he can get on the Dao of Gods and Demons are extremely low.

It's only the third grade of the wild class.

Chen Feng is now in contact with Hong-level exercises and supernatural powers.

Huang-level is already a bit look down on him.

However, although Qu Kangsheng did not qualify for a more powerful technique.

But he knew that in the Giant Spirit Divine Sect, there was indeed a more powerful technique on the Dao of Gods and Demons.

As for other things, Chen Feng didn't care much.

After he shot him to death, he hurried back disguised as this person.

However, just when he had just stepped into the gate of the Giant Spirit God Sect.

"stop."

A voice rang coldly not far away.

The target only came to Chen Feng.

In an instant, Chen Feng seemed to feel a look on him.

Under this gaze, there is no way to hide any disguise.

He stood in place, pretending to be calm.

The speaker soon came to him.

That was a tall and thin elder. According to memory, this person was named Luo Chengzhi.

The man's beard and hair were all white, and his eyes stared at Chen Feng like a falcon.

Chen Feng noticed that his eyes were different in color.

As soon as they met, his golden spiritual world caused an uproar.

At the same time, there was also a slight morning dew trembling on the saplings of World Origin in Xinghai World.

The rhyme of Taoism is rippling.

As soon as Chen Feng was lost, he recovered his mind.

What a powerful spirit confused!

He couldn't help but cried out.

At the same time, continue to pretend to be controlled by this gaze.

Elder Luo asked with a calm voice.

"Who are you? What physique?"

Chen Feng pretended to be muddle-headed and answered honestly.

"Under the sect of Elder Situ of the Divine Sect of the Great Spirit, under the Emperor Kangsheng of Xiaqu, the body refiner of the gods and demons."

Hearing this answer, Elder Na Luo seemed to frown.

As if not very satisfied with this answer.

He strengthened his strength again and continued to give instructions in a deep voice.

"Since you are a \*\*\*\* and demon body refiner, then show off the body of the \*\*\*\* and demon."

Chen Feng was afraid for a while.

It seems that the elders of the Giant Spirit God Sect are also Crouching Tiger, Hidden Dragon.

The mask of the evil succubus may not work here.

However, fortunately, the replacement he was looking for was also a \*\*\*\* and demon body refiner.

Chen Feng continued to force his composure.

His lack of words inspired a trace of the blood of gods and demons.

boom!

The monstrous blood of the gods and demons suddenly burst from his body.

Seeing this scene, the suspicion on Elder Na Luo's face gradually faded.

Even if ordinary disguise can change the breath, it can't really stimulate the blood of gods and demons.

The next moment, Elder Na Luo withdrew his mental attack.

Only then did Chen Feng pretend to be a suddenly awakened reaction.

I saw Elder Na Luo wave his hand.

"It's okay, you can go in."

In this way, under the nose of this elder Luo, Chen Feng completed the infiltration without any risk.

However, despite this, Chen Feng did not take it lightly.

Within the giant spirit \*\*\*\* sect, there are strong masters of different physiques.

"I'm afraid I can't stay here for long."

Thinking of this, suddenly, an extremely bold idea emerged from his mind.

Luo Chengzhi's cultivation is no more than the sixth cave of the Shifang Dongtian realm...

[Chapter 5559: This is... my memory?](#)

The body that had originally walked into the sect suddenly turned.

He caught up with Luo Chengzhi, the elder Luo.

Although there are more disciples and elders left behind in the Divine Giant Spirit Sect than the Dayan Immortal Sect.

But compared to the past, it is extremely rare.

Before long, there was a "Qu Kangsheng" missing from the door of the Great Spirit Shenzong.

Only "Luo Chengzhi" held his posture and entered quietly.

At this time, the elder Luo had already been replaced by Chen Feng.

He uses the same technique to search for his soul.

Then, finally got information about the whereabouts of one of the Seven Treasures within the Divine Giant Spirit Sect.

It is a pity that the \*\*\*\* wind witch true banner is also in the team going to the Galaxy Sword Sect!

It is also controlled by an elder with extraordinary cultivation.

It takes a lot of thought to get this thing.

Chen Feng temporarily left those thoughts behind and quickly went to the Tibetan Scripture Pavilion of the Giant Spirit God Sect.

This time, there are still some disciples in the Tibetan Scripture Pavilion.

There are also dedicated deacons and elders.

You can't just evacuate it like Dayan Immortal Gate!

After he took out the token that symbolized his identity, he came to the top without any hindrance.

Soon I found the high-level exercises on the Avenue of Gods and Demons.

The first chapter of "Ling Xiao Jue"!

Hong class first product!

It's just the first one, and it has reached the first grade of the Hong level!

Chen Feng's breathing couldn't help but hurried.

He quickly printed the content of the first article into his mind.

The first chapter of "The God and Demon Lingxiao Jue" has three levels in total!

The first level is Dahua God and Demon.

Start with the blood of the awakening gods and demons, and stimulate the use of the blood of awakening.

As we all know, the blood of the gods and demons is different from ordinary people.

Ordinary people and others can often display 70% to 80% of their blood.

However, the gods and demon body refiners displayed the same level of strength, but only developed two to thirty percent of their blood.

Because of this, only through the corresponding exercises can the power of silence in the bleeding vein be brought into play.

And this power can often reach ten times the original!

When the first major transformation of the gods and demons is completed, the gods and demons can awaken the blood in the body.

Inspire and apply it to the war on weekdays.

At this point, you can begin to practice the second level, reshaping your flesh and blood!

When the blood in the body has been developed to a certain extent, the flesh can no longer withstand the blood of higher intensity.

At this time, a process of neither breaking nor standing is needed.

Every inch of skin and every bone must be remodeled all over the body.

This process will be very difficult.

And it's extremely painful!

Even, including in the spiritual world, there will be earth-shaking changes.

But as long as this step can be completed, the power of the \*\*\*\* and demon body refiner will be more than tenfold!

From then on, the third stage, the tempering of gods and demons can be performed!

At this moment, the physical body can bear the power of more blood.

By then, the power of the blood of the gods and demons may not be enough to fill the entire body.

Because of this, we must begin to refine and upgrade the blood of the gods and demons!

This is the threefold content of the first chapter of "God and Demon Lingxiao Jue".

If these three levels can be completed, the power of the \*\*\*\* and demon body refiner will be dozens of times higher than before!

Even the bloodline level will be improved.

Chen Feng left the Tibetan Scripture Pavilion without saying a word.

There are still many masters in the Giant Spirit God Sect.

It is not so easy to destroy.

Now that this is known, it is better to spend time on self-improvement.

At this moment, in Mei Wuxia's spiritual world.

That concealed light and shadow mark has begun to faintly fluctuate.

Chu Ping's people are already looking for her.

Chen Feng was still unimpeded all the way and left the Giant Spirit God Sect smoothly.

The two rushed down.

Soon came to an unmanned floating island.

Chen Feng briefly arranged the formation, and then handed over Luo Hong furnace to Mei Wuxia!

"If there is an abnormal change, immediately urge Luo Hong Furnace to overhaul."

"I will sense it immediately."

Mei Wuxia nodded.

"Don't worry, Brother Chen Feng."

"I will definitely protect the law for you."

Chen Feng nodded.

Then he sat cross-legged, his eyes closed tightly, and his spirit immediately revolved at high speed.

In fact, Chen Feng is not sure whether he has the blood of gods and demons.

At first, he had no choice but to enter Xiao Zhou Tianzhu's Divine Sword Formation.

A huge voice came from the testimony, telling him that he was suspected of having the blood of ancient gods and demons.

After that, he got the Supreme God Demonizing Dragon Art.

All these tell him that there is blood of gods and demons in his body.

But what kind of bloodline of ancient gods and demons is it?

Chen Feng doesn't know anything!

He closed his eyes tightly, and quickly began to operate according to the mental method in the "God and Demon Lingxiao Jue".

Hum!

The next moment, the blood flow in his body began to flow faster.

Breathing became more and more rapid.

Muscles and muscles bulged all over.

Even the body temperature began to soar rapidly.

At the same time, a very powerful breath came out of him.

Mei Wuxia, who was not far away, felt this powerful breath.

Can not help but exclaim again and again.

"Brother Chen Feng's bloodliness is really strong!"

At this time, the blood in the body began to boil.

Chen Feng even began to emit white air all over.

These blood vessels, running at high speed in his body, soon formed a small week.

At this moment, the Supreme God Demonizing Dragon Art in his body suddenly started to operate on its own.

"what happened?"

Chen Feng's heart shuddered, but immediately returned to peace.

The bloodline that had just boiled to the point of bursting apart, under the stimulation of the Supreme God Demonizing Dragon Art, began to calm down.

However, at the same time, the speed of operation remains unchanged.

Chen Feng's spiritual consciousness was constantly immersed in his own blood and deepened.

I don't know how long it has been sinking.

Suddenly, under the stimulation of the golden mental power, he only felt an unprecedented tremendous power!

That power is like a sleeping lion.

Quietly hidden in the deepest part of the blood.

But even so, the trace of breath it releases is enough to be daunting!

"This is my blood of ancient gods and demons?"

Chen Feng couldn't help but get excited.

In the next moment, he did not hesitate to turn "The Gods and Demons" to the extreme.

boom!

When that power is excited.

There seemed to be a deep and long drum in the morning and evening.

In an instant, Chen Feng forgot the time and everything around him.

In front of his closed eyes, there was blood red!

At the same time, some extremely broken memory fragments suddenly passed quickly through his mind!

Those pictures are really passing too fast!

Chen Feng didn't even have time to see even one picture!

The only thing he could hear was the scream of a boy.

And, the great pain almost engraved in the blood!

And grief!

"This is... my memory?"

At this moment, Chen Feng only felt his heart beating violently, almost exploding.

[Chapter 5560: Dahua Gods and Demons, get started!](#)

The huge pain quickly covered him like a tide.

And the terrifying power that originated from the depths of the bloodline in the body trembles slightly at this time.

Not far away, Mei Wuxia was almost dumbfounded.

She knew that Chen Feng was extremely strong.

But when there was a sky full of signs above this void, she was still extremely shocked.

I saw that Chen Feng seemed to want to show a particularly powerful aura.

But for some reason, he was suppressed by some mysterious force.

Did not show up.

However, even so, just leaking a trace of breath is shocking.

This breath of blood actually carried a kind of power that looked over the world!

Only me!

Hum!

The next moment, Chen Feng suddenly opened his eyes.

Two golden rays of light burst out from his eyes.

Almost pierced the sky.

Gods and Demons Lingxiao Jue, the first level, Dahua Gods and Demons, formally start!

Yes, it's just getting started.

But Chen Feng stood up with a "huh".

Just standing there, it gives people a sense of standing tall and upright.

As if he was born supreme!

Chen Feng's eyes were burning, and it was a long time before he condensed the golden light.

He strode towards Mei Wuxia.

"Brother Chen Feng, you succeeded!"

Mei Wuxia was very excited, even happier than Chen Feng herself.

Chen Feng smiled and nodded.

Then, both eyes looked in one direction.

"It's time to solve the trouble first."

In the depths of Mei Wuxia's spiritual world, around the beating mark of light and shadow, the power quietly withdrew.

Chen Feng took Mei Wuxia, all the way to the direction of the Galaxy Sword Sect.

It's just that the speed is not too slow.

He didn't even use Taishang Yuqing Nine Shouzen Art.

The purpose is to lead the snake out of the hole!

Chu Ping was chasing them this time and entered this death trial mission.

There are three helpers behind him.

According to Chen Feng's understanding, the imprint of light and shadow must not have been implanted by Chu Pingsheng himself.

It should be one of his three helpers.

After entering the trial mission world, everyone will be randomly scattered in every corner of the world.

I don't know if the four of Chu Pingsheng have gathered at this moment.

With Chu Ping's current cultivation base, Chen Feng has almost no worries.

The only thing he needs to watch out for is the three helpers.

The three of them were on the top of the sky before, and they didn't even leak a breath.

At this moment, Chen Feng didn't know how much strength those people had.

The only thing I know is that they are all immortals in the sky!

Just a few hours later, Chen Feng's expression suddenly changed slightly.

Then, a strange smile gradually appeared on his face.

Seeing Chen Feng's reaction, Mei Wuxia reacted.

"But someone is here?"

Chen Feng nodded.

He immediately took Mei Wuxia and adjusted his direction.

Go straight to the Dragon Tooth Fairy Gate!

Although it was on the way, there was a slight deviation in orientation.

boom!

When that figure appeared, Chen Feng and the two had no surprises.

It's just that the man in the black robe was not surprised.

"You are waiting for me to come."

His tone was extremely indifferent.

Until then, Chen Feng finally felt the breath on his body.

The seventh cave of the Shifang Dongtian realm!

What a Chu Pingsheng!

Actually invited such a powerful fairy from the sky.

Chen Feng laughed.

"I don't know what benefits Chu Ping promised you in his life."

"With your cultivation base, how can you be willing to use it for him?"

Faced with Chen Feng's unsalty and not indifferent provocation, the man in the black robe and mask on the opposite side still had no response.

He is extremely cold-tempered.

At this time, he only laughed contemptuously.

"Chen Feng, such painless words are of no use to me."

"If you are a little bit more interesting, then just dictate yourself."

"I can let the woman next to you go."

Faced with this old-fashioned threat, Chen Feng only shook his head lightly.

His eyes were extremely calm.

Just standing in place, there has already begun to have an awe-inspiring aura above everything, majestic.

"No need to talk nonsense."

"Although you are the only one, you kill it if you kill it."

Looking at Chen Feng's changes, the black robe man finally had a slightly moved expression.

He seemed a little surprised.

Chen Feng's realm is only the third cave of the Shifang Dongtian realm.

But why, his aura is invisible, getting stronger and stronger?

Could it be fraud?

When this thought appeared in the black robe man's mind, it instantly stimulated a spirit.

But in the next second, he was denied again.

He has the cultivation base of the seventh peak of the Ten Fang Dongtian Realm!

A mere ten-square cave-sky realm third cave-sky monk, no matter how powerful, can he beat him?

It really boosted the ambition of others and destroyed one's own prestige.

However, this momentary humiliation also successfully aroused his anger.

"In that case, go and die!"

brush!

The black-robed man immediately lifted his black robe.

Revealing the lineup inside!

This person has horizontal eyebrows facing cold, his face is like a falcon, he is extremely strong and full of blood.

It seems that the physical strength is extremely strong!

At the same time, his mental power is also extremely strong.

Even in the face of Chen Feng, he could not change his face.

However, that's all.

The next moment, the sturdy man rushed towards Chen Feng.

A jet of black light quickly converged in his palm.

Among them, the power of bursting thunder is implied!

"Give me... to die!"

This move has almost reached the power of the eighth hole of the Shifang Dongtian Realm!

The man laughed wildly, his face turned hideous.

It seems that he has strong confidence in this trick.

However, Chen Feng just stood still, motionless.

Even Mei Wuxia is anxious.

"Brother Chen Feng!"

In response, Chen Feng even smiled slightly and turned his face to look at her.

Say it's too late, then soon!

Everything happens between the electric light and flint.

boom!

Only a loud noise was heard.

The terrifying air waves almost turned into monstrous tsunamis and hurricanes.

Several nearby floating mountains were swept away immediately.

Loud noises kept coming.

Those floating mountains were cut apart by the waist!

Mei Wuxia covered her Zhu's mouth, staring straight at the battle between the two.

She was completely stunned!

I saw Chen Feng still standing there.

His whole body muscles bulged slightly, as if filled with powerful force.

And his right fist stuck out.

Straight through the chest of that strong man!

Mei Wuxia's cultivation base was relatively low.

As a result, she didn't even see what happened.

Only the strong man had a face full of disbelief.

He slowly raised his head mechanically.

Blood kept spilling from his mouth.

Then, he met Chen Feng's indifferent eyes.

"you....."

Only he and Chen Feng knew what had happened just now.

As soon as he rushed past, suddenly, a chilling breath came out from where Chen Feng was standing!
