

## Peerless 5561

### [Chapter 5561: Chu Pingsheng, it's not that simple!](#)

It seems that there is a Supreme Being standing there!

The eyes fell on him!

In an instant, the strong man couldn't control himself completely, and his bloodline suddenly stagnated.

The whole body is cold, even hard to move anymore!

Relying on the inertia of rushing forward, he ran towards Chen Feng.

At that moment, the man understood everything.

Chen Feng was not an ordinary genius of the third cave of the Shifang Dongtian realm at all.

He has a very special blood!

The real strength is far above him.

And this was confirmed in the final collision.

Chen Feng met his gaze.

A white light flashed in his eyes.

Heaven and earth reincarnated repeatedly, and the heavenly power suddenly made power.

Soon, he learned everything about this strong man.

This person was named Lu Xingwei, and he was an elder of the Blood Flame Sect on the top of the sky.

The Blood Flame Sect occupies several second-tier fairy mountains.

Although its power is far inferior to Zhong Li's family, it is also much stronger than the teams and sects that Chen Feng has come into contact with.

The reason why he agreed this time was to help Chu Ping kill him.

Mainly because of one thing.

In Chu Pingsheng's hands, he had two chances to enter the fourth floor of the giant tower of Tibetan Buddhist scriptures!

He promised Lu Xingwei that if he could help him kill Chen Feng, he would give him a chance.

After learning the news, Chen Feng's heart sank suddenly.

Not quite right.

How could Chu Ping have two chances to enter the fourth floor of the giant tower of Tibetan Buddhist scriptures?

Even Chen Feng only got it once after going through all kinds of difficulties.

Another time it just entered the third floor.

With Chu Pingsheng's cultivation base, he was far inferior to himself.

How did he do it?

Chu Ping was born into this person, I am afraid there is nothing else he can do.

Chen Feng continued to search for everything he wanted to know from Lu Xingwei's mind.

Sure enough, he soon discovered something was wrong.

Before entering the death trial mission, Chu Pingsheng had made Lu Xingwei put light and shadow marks on them.

The purpose is to quickly sense after entering the world of trial missions.

Then gathered together.

However, after they entered it, Lu Xingwei did feel it.

But it didn't take long for the light and shadow mark in Chu Pingsheng's spiritual world to quietly lose its effectiveness.

I don't know if something unexpected happened to him or if he had other plans.

Chen Feng's complexion became more and more gloomy.

Because, the place where Chu Ping disappeared at the last moment of his life was surprisingly near Lancangjiang's home!

That is the family of Fairy Yuheng!

This time the eight major forces encircled and suppressed the Galaxy Sword Sect, from the beginning was Chen Feng.

Anyone can know this point.

Based on Chen Feng's knowledge of Chu Ping's life, he probably already knew.

Here is the Zhongqian World where Chen Feng is located!

Fairy Yuheng had given a thousand warnings at the time that he must not let the people on the top of the sky know which world he came from.

Otherwise, the enemy family is very likely to come to that world.

Find their weakness!

Thus threatening them in turn!

Chen Feng originally thought that his weakness here was probably only the Galaxy Sword Sect.

However, the place where Chu Ping disappeared made him suddenly realize.

He has one more handle!

Fairy Yuheng is kind to Chen Feng.

In any case, he couldn't let the Canglanjiang family be implicated because of him.

In the beginning, Chen Feng just planned to search through everything he wanted to know.

Then killed Lu Xingwei.

But, at this time, he changed his mind.

Lu Xingwei cannot die.

Not only can't you die, but it's also very useful!

Chen Feng immediately looked at Lu Xingwei, and immediately came to his mind.

His face is extremely serious, and his eyes are full of murderous aura!

Lu Xingwei made such a look, and his heart trembled suddenly.

What a pair of chilling eyes!

By this time, Lu Xingwei had already panicked.

His voice trembled, and he spoke again and again.

"You can't kill me, I am the elder of the Blood Flame Sect!"

"If you kill me, the sect can perceive that the killer is you through my soul card."

"By then, both you and your school will be destroyed!"

However, this kind of remark has always been nonsense for Chen Feng.

He couldn't help but sneer.

"Do you think I'm like someone who will be scared by this kind of rhetoric!"

This remark immediately made Lu Xingwei's heart startled.

He reacted violently.

The person in front of him is not someone else, but Chen Feng.

Even Chu Ping dared to provoke in his life, so why didn't he dare?

Thinking of this, Lu Xingwei couldn't help but despair.

At this moment, he even regretted it.

Why did he promise Chu Pingsheng to help?

If you don't help, although your cultivation will be slower, at least you won't lose your life.

However, just when he decided that he was going to die today.

There was a voice above the head in front of him.

"It's not difficult if I don't kill you."

"Think about it carefully, there is actually no enmity between you and me."

As soon as this remark came out, Lu Xingwei's eyes lighted up.

He suddenly raised his head and met Chen Feng's eyes.

However, it reacted quickly.

In this case, it is usually conditional.

Lu Xingwei asked tentatively.

"What are you going to do?"

Seeing him like this, Chen Feng couldn't help laughing.

"It seems that you also have self-knowledge."

Immediately afterwards, he lowered his head, reached Lu Xingwei's ear, and whispered.

"I want you to swear by the way of heaven."

"From now on you will be my Chen Feng's person."

"If there are any thoughts and actions that are unfavorable to me, they will be immediately obliterated by the Lord of Heaven!"

Hearing Chen Feng's request, Lu Xingwei couldn't help shaking.

With trembling lips, he tried to refuse several times.

But the desire to survive finally made him choose to succumb.

"Well, I promise you."

"I swear by the rule of heaven."

"I, Lu Xingwei, will look forward to Chen Feng and his horse from now on."

"If there is any unruly intention, let me be obliterated by the Lord of Heaven!"

As these words were spoken, a cyan light fell on the sky of Nine Heavens.

Immediately afterwards, a huge voice rang in the two people's minds.

"The oath is established."

As a result, Lu Xingwei had to comply.

Once he wants to think carefully, the Lord of Heaven will immediately lower his power and obliterate it!

Chen Feng nodded.

Lu Xingwei is a person who knows current affairs.

In this way, communication will be much easier.

He immediately issued instructions.

"Now, go to the place where Chu Ping last disappeared immediately."

"If I didn't guess wrong, there is a Canglanjiang home nearby."

"In any case, I want you to guard Canglanjiang's house!"

Lu Xingwei who heard this seemed to be aware of it.

But facing Chen Feng's calm look, he was very aware of current affairs and didn't ask anything.

Only clasp your fists.

"Yes!"

Lu Xingwei did not have much friendship for Chu Pingsheng.

Right now, Chu Ping's whereabouts are unknown.

And he also knew that Chen Feng was a nasty guy.

[Chapter 5562: Zhongli family powerhouse!](#)

I'm afraid this time, whether Chu Ping can go back alive is not certain.

Compared with Chu Pingsheng's promise, to be able to enter the fourth floor of the giant tower of Tibetan Scriptures afterwards, Lu Xingwei's natural choice was more realistic.

After Lu Xingwei's figure disappeared from Chen Feng's line of sight, Mei Wuxia on the side asked.

"Brother Chen Feng, what important family is that Canglanjiang family?"

Chen Feng nodded.

This time, Lu Xingwei did give him a lot of surprises.

In addition to Chu Ping's whereabouts, Chen Feng now also knows information about the other two powerhouses.

One of them is a strong man recently recruited by the new recruits from the Yi Lou.

Named Ouyang Shaozhong.

And this other person was actually a member of Zhongli's family.

That person's name is Zhongli Yunqi.

He is the same generation as Zhongli Yuntian!

However, this person is not Zhong Li Yuntian!

It can also be learned from Lu Xingwei's mind.

Once this person entered the world of Xuanhuang Zhongqian, he rushed to the Galaxy Sword Sect without saying a word.

There is no doubt that he must have got the bloodline induction.

Therefore, even Chu Pingsheng's plan was ignored.

So desperate to kill Zhongli Yaoqin!

At this moment, Chen Feng and the two were very close to the Dragon Tooth Fairy Gate.

His original plan was to rob the Dragon Tooth Fairy Gate first.

Then go to the Galaxy Sword Sect.

But now after learning of the accident, Chen Feng had to change his mind.

Since the Seven Treasures of the Dayan Immortal Sect and the Giant Spirit God Sect were both in the team that encircled and suppressed the Galaxy Sword Sect.

Presumably one of the injured Seven Treasures of the Dragon Tooth Fairy Gate was among them.

He turned to look at Mei Wuxia.

"Go, let's set off immediately, heading to the Galaxy Sword Sect."

With Chen Feng, Mei Wuxia naturally listened to him.

Chen Feng was a little worried, and at this moment, the Taishang Yuqing Nine Shou Zhen Jue was fully activated.

Dao Yun was looming, and quickly bound the two.

The next moment, the two figures disappeared in place.

Appeared in the void tens of thousands of miles away.

It originally took several days for the trip, but Chen Feng arrived in less than a day while he was on the road.

He hasn't gotten closer, and he can see the densely packed team from a distance.

The eight major forces almost came out of their nests and surrounded the Galaxy Sword Sect.

The disciples of the Galaxy Sword Sect who were practicing outside could not enter.

At least a little closer, you will be killed.

Or held hostage.

The people inside cannot get out.

Chen Feng's spiritual power is far beyond ordinary people, and he can naturally perceive it clearly at this time.

The eight great powers of the eight powers of the virtual world in the fairyland are all here!

They are standing together at the moment.

The one who confronted them was the familiar sect master, Luo Xingchen!

Five people stood behind Luo Xingchen.

They are the sovereigns of the five sword sects.

No matter how the sect masters of these five sword sects look down on each other on weekdays.

He even joined forces to suppress the sovereign of Tianshu Sword Sect, Zhongli Yaoqin.

However, this is a crisis of survival.

Several people can still be prioritized.

And after these five people, there are several others.

All those people wore uniform star robes.

The embroidery on the star robe is particularly gorgeous!

These are all elders!

Among them, Elder Wu is also on the list.

Everyone is fully armed, and the natal magic weapon in his hand has never been put down.

All faces are solemn, and all are ready.

The war is about to start!

Just looking at this posture, even Chen Feng couldn't help making a cold sweat for the Galaxy Sword Sect.

On the opposite side are eight spiritual virtual land wonderland powerhouses!

On their side, the master Luo Xingchen counted as one.

Among the elders, five are half-step Lingxu Land Wonderland.

Among the remaining sect masters and elders.

The strongest one is also the ninth cave of the Shifang Dongtian realm!

Among them, Zhongli Yaoqin, who has just returned to the world of Xuanhuang Zhongqin, is included.

This made Chen Feng a little surprised.

He didn't expect Zhong Li Yaoqin to make a breakthrough in such a fast time.

However, seeing the confrontation in front of him, Chen Feng also had to sigh.

Although the Galaxy Sword Sect is not picking up now.

But besides Luo Xingchen, there are actually five half-step spiritual virtual land wonderland powerhouses!

This kind of background can be regarded as the forefront among the nine major forces.

It is a pity that the Galaxy Sword Sect is unable to succeed!

Among the disciples, almost none can stand up and fight.

The only ones who are considered strong are nothing more than Sikonghao and others.

Chen Feng retracted his mind, and quietly looked at it among the eight siege forces.

Soon, he found some immortals from the top of the sky among those teams.

At this moment, they all pretend to be disciples of the eight major forces, and they are mixed among them.

However, among these people, there is no Zhong Li Yunqi.

At this moment, Zhou Gaoyang, the master of Longya Immortal Gate, stepped forward.

He wears a dark blue robe with embroidery of several five-claw dragons.

This man is very old, with white beard and hair, but he is full of energy.

In a pair of cold eyes, the killing intent pierced the void.

Zhou Gaoyang stared at Luo Xingchen, his deep voice constantly echoing in the void.

"Lord Luomen meant that he would not hand over Chen Feng if he was determined?"

"In that case, we have exhausted our courtesy."

"Just stop blaming everyone behind me for stepping into your Galaxy Sword Sect and looking for it myself!"

In response, Luo Xingchen only smiled slightly, revealing his white teeth.

"You can give it a try."

The tone was extremely flat, as if it were very easy to speak.

But I don't know why, including Chen Feng in the distance, they all felt stunned.

For no reason, deep in my heart, a kind of fear arose.

By this time, Chen Feng finally had a new understanding of the Luo Xingchen sect master.

The reason why the Galaxy Sword Sect was able to confront the eight major forces for so long at this time.

I am afraid it is because of him!

Look at Zhou Gaoyang and the seven sect masters around him.

The highest but the first level of Lingxu Land Wonderland.

Presumably, these eight forces can become a first-grade immortal gate, thanks to the original collection from the Yuxu immortal gate.

Some benefits were shared.

So as to break into the fairyland of Lingxu.

However, a breakthrough is a breakthrough, but it is difficult to break through again.

In contrast, Luo Xingchen's body.

The coercion he released faintly suppressed the eight people on the opposite side!

In other words, his cultivation is probably going to be the second level in Lingxudi Wonderland!

Even stronger!

Seeing the atmosphere between them, they became rattled at a speed visible to the naked eye.

The forces on both sides are murderous!

Chen Feng could even hear that many disciples in the Galaxy Sword Sect were still cursing him angrily.

Scolded him for not knowing where he went at a critical moment.

Scolded him for causing trouble to the Galaxy Sword Sect.

Among them, the disciples of Sword Sect of Heavenly Power were the most insulted.

At this moment, Chen Feng's mind suddenly moved.

He found Zhong Li Yunqi's whereabouts!

Sure enough, it was different from other immortals who came to complete the trial task.

Zhong Li Yunqi was dressed in a gray robe, disguised as an ordinary look.

[Chapter 5563: Eight powers!](#)

He is not among the eight major forces.

It was hiding on a floating mountain not far away.

It seems to be watching the situation.

Seeing this scene, Chen Feng immediately smiled.

"It seems that everything is the same as I guessed."

He quickly urged Mei Wuxian, and then left him the large Xiu Luohong furnace.

In the next moment, he disappeared in place.

In an instant, Chen Feng's figure appeared in front of Zhong Li Yunki not far away.

"Zhong Li Yunki, would you like to cooperate with me?"

As soon as Chen Feng appeared, Zhong Li Yunki's expression changed drastically.

But before he could react, he heard Chen Feng suddenly speak like this.

"I know the relationship between you and Chu Pingsheng."

"Maybe he promised you to give you a chance afterwards to enter the fourth floor of the giant tower of the Tibetan Scriptures?"

As soon as he said this, Zhong Li Yunki's complexion changed slightly.

Although he tried his best to control the change in his expression.

But who is Chen Feng?

Nothing can be hidden from his eyes.

Chen Feng smiled.

"Your trial mission this time should be to help the Galaxy Sword Sect, right?"

Faced with successive shocks, Zhong Li Yunki had to re-examine Chen Feng in front of him.

"How do you know this?"

Seeing Zhong Li Yunki's reaction, Chen Feng knew that he was right.

If not, how could Zhong Li Yunki hesitate after seeing Zhong Li Yaoqin?

The only possibility is that he is hesitating!

In the current situation, the eight major forces joined forces to deal with the Galaxy Sword Sect.

As a major sect master of the Galaxy Sword Sect, if Zhong Li Yaoqin were to fall at this time, the consequences would be even more disastrous.

The only thing Zhong Li Yunki had to hesitate was that Chen Feng could also guess it.

But that is, whether to kill her after completing the task.

From Lu Xingwei's mind, Chen Feng could know.

Previously on the top of the sky, and finally approaching the opening of the trial mission, Zhong Li Yunki had looked for Chu Pingsheng.

The reason is that his key of trial is missing.

Chen Feng basically understood this.

The key to the trial that Zhong Li Yuntian got back at the time was his in all likelihood.

In other words, Zhong Li Yunqi at the time did not know the relationship between him and Zhong Li Yaoqin.

In this way, Chen Feng seized the opportunity.

In Zhong Liyunqi's view, Chen Feng was just someone who Chu Pingsheng wanted to do everything possible to get rid of it.

At this moment, he would never have thought that Chen Feng was still in a relationship with Zhong Li Yaoqin.

Facing Zhong Li Yunqi's scrutiny, Chen Feng smiled.

"Don't look at me like this, I know more than you think."

"Now, can you still find the trace of Chu Ping's life?"

"If he can't leave this trial world alive, then the conditions he promised you are just empty talk."

Listening to Chen Feng's words, Zhong Li Yunqi's thin lips tightened.

He is considering.

Like Lu Xingwei, there is no grudge between him and Chen Feng.

It was just a deal with Chu Pingsheng.

Zhong Li Yunqi thought for a moment, as if he had figured out something clearly, and calmly looked at the person in front of him.

"If you want to instigate me, you have to give me enough conditions."

Chen Feng shook his head.

"I have no extra chance for you to enter the fourth floor of the giant tower of Tibetan Buddhist scriptures."

"But, are you so sure that Chu Ping lived there?"

"The three of you have one chance each, where does he have the ability?"

Speaking of this, he couldn't help but sneered.

If Chu Ping really has such a great ability, why should he be reduced to the need to ask three people to kill Chen Feng together?

Zhong Li Yunqi also thought of this.

His face suddenly became gloomy.

Seeing his reaction like this, Chen Feng knew in his heart that it was probably done.

He didn't speak any more, but waited for his reply quietly.

After a while, Zhong Li Yunqi finally raised his eyes and met Chen Feng's gaze.

"What are you going to do?"

The corners of Chen Feng's lips curled up.

The next moment, he quickly approached.

The two whispered quickly.

Chen Feng told Zhong Li that Yunqi's thinking was very clear.

First of all, to find the third Celestial Immortal who was drawn to Chu Pingsheng.

That person was named Gong Licheng, and he was an elder in another prestigious sect on the top of the sky.

That school is no different from the blood flame sect.

It also occupies a lot of second-grade and below immortal doors.

Even Lu Xingwei and this Gong Licheng still have some friendship.

After listening to Chen Feng's entire plan, Zhong Li Yunqi frowned.

"Your idea is really crazy."

However, Chen Feng just smiled at this.

"Can you think of an easier way?"

Zhong Li Yunqi suddenly had nothing to say.

When Chen Feng returned to Mei Wuxia's side, the eight major forces not far away were about to start their hands.

The situation is already extremely severe.

At this moment, a handsome voice suddenly came from afar.

The voice came with laughter.

"What?"

"If Chen Feng appeared here today, wouldn't you wait for it?"

As soon as these words came out, the nine major forces that were almost at odds with each other turned their heads at the moment and looked at the speaker.

Many people don't even need to read it.

Chen Feng unexpectedly appeared by himself!

The audience was in an uproar.

Even Luo Xingchen couldn't help but change his face slightly when he saw him.

No one thought that Chen Feng would show up on his own at this time.

Among the Galaxy Sword Sect, many disciples immediately became excited.

Some are rejoicing.

Since Chen Feng has appeared, as long as he is handed over, the crisis of the Galaxy Sword Sect can be temporarily alleviated.

But more is in anger and worry.

They all could see that the Eight Great Forces were not just targeting Chen Feng at all.

Chen Feng is just a cause.

At this moment, he appeared.

This is tantamount to another slap in the face of the eight major forces.

They had to find another reason to launch an attack on the Galaxy advance.

In this way, the situation can be said to be completely broken.

In full view, Chen Feng stepped into the air.

The next moment, he appeared next to Luo Xingchen.

"The master."

Luo Xingchen looked at him with a rare hint of subtlety on his face.

Behind them, Zhong Li Yaoqin couldn't help but glance at him.

It seems to be surprised at his appearance at this time.

At the same time, he was also blaming him for showing up at this time.

The disciples of Tianshu Sword Sect screamed even more.

Hope to hide Chen Feng.

However, Chen Feng smiled and stretched out his hand, beckoning them to stay calm.

Then he turned around and looked at the master of the eight powers in front of him.

"I have appeared now, can you let go of the Galaxy Sword Sect?"

The masters of the eight major forces looked embarrassed at this time.

No one thought that Chen Feng would actually appear.

Zhou Gaoyang stared at Chen Feng.

"Since you show up, that's just right."

"If you don't want to watch the Galaxy Sword Sect be dragged down by you."

"As long as you judge yourself, we will retreat immediately."

After that, the corners of his lips rose slightly, and a smug cold light flashed in his eyes.

He didn't believe that Chen Feng would really judge himself for the Galaxy Sword Sect.

#### [Chapter 5564: Guardian of the Eastern Desolation Immortal Territory!](#)

Even if they are really self-determined, they will not delay their hands on the Galaxy Sword Sect.

It just happened to solve a tricky thing.

Zhou Gaoyang's words immediately received unanimous approval from the masters of the eight major forces.

But Chen Feng was not angry.

He smiled slightly.

"I can go with you, but you can't kill me."

"If you kill me, you will be angry with the three top-level first-grade immortals."

As soon as this was said, the audience was silent for an instant.

Soon, some of the eight powers burst into laughter.

"You think you're something."

"The three top-notch first-grade immortals will still deal with us for you?"

"Yes, I really think of myself as an onion."

...

There are all kinds of ridicule sounds.

However, the sect masters of the eight major forces saw some clues at this moment.

Zhou Gaoyang looked suspicious.

He is observing Chen Feng.

The result is that what Chen Feng said is probably true.

Even Luo Xingchen was a little confused.

"When did you have such a good relationship with the three top first-tier immortals?"

This is what everyone wants to know.

At this moment, in front of the huge Galaxy Sword Sect.

All eyes were on Chen Feng.

"Because I was appointed by the Great Desolate Master, the guardian of the Eastern Desolate Immortal Territory."

"If I die, the entire Eastern Desolate Immortal Territory will be reduced to ruins in the near future!"

Everyone was shocked.

Chen Feng won the first place in the Jade Smashing Conference and was rewarded to go to the Great Desert Lord's Palace for three years.

This is a well-known thing.

In the eyes of everyone, he should be practicing in the Great Desolate Lord's Mansion at this time.

Will not come back in less than three years.

This is also the reason why the eight major forces chose to encircle the Galaxy Sword Sect at this time.

Who would have thought that Chen Feng not only came back, but also told them such a heavy news.

Guardian of the Eastern Desolation Immortal Realm?

Isn't that the title of Great Desert Lord?

Just when everyone was surprised and uncertain.

Among the eight major forces, there was a sudden shout.

"Chen Feng, you don't lie!"

"I heard that the people of the three top-level first-grade immortal gates all want to get rid of you."

"If you are dead, it is too late for them to applaud and cheer, how can they anger us!"

Before the words fell, Chen Feng's cold eyes stared at the person who spoke.

Under this harsh cold light, the dark and strong man couldn't help but froze.

Seeing Zhou Gaoyang want to speak, Chen Feng suddenly laughed.

"That person was right. At first, they really wanted to get rid of me and hurry up."

"But then, not only could they not kill me, they had to protect me."

"Otherwise, how do you think I survived from Immortal Hong Xi?"

The Great Desert Lord has already spoken.

If he dies, the three top-tier first-grade immortal gates will have to face the super-grade immortal gate of the Western Wild Immortal Territory.

Chen Feng's remarks were not exaggerated.

Hearing these words, Zhou Gaoyang and others couldn't help but shrink their pupils.

"Xianjun Hong Xi actually shot himself!"

"This kid can survive that person."

Others don't know, they naturally know who Hong Xi Xianjun is.

That is the strongest of Taiyi Immortal Gate!

After listening to Chen Feng's remarks, the few people who had originally planned to take advantage of the question had to reconsider.

And in this silence, Chen Feng calmly looked at the eight forces in front of him.

Those immortals from the top of the sky quickly felt their scorching eyes.

In his eyes, there seemed to be a certain, unclear meaning.

Also from the top of the sky, they naturally recognized Chen Feng.

At this moment, someone quickly realized.

Then, carefully looked around.

At this moment, Chen Feng spoke again.

His speech changed suddenly.

"Since you said, this time it is for me."

"I feel that I deceived people too much and killed all your fresh blood."

The real reasons for the encirclement and suppression of the eight major forces are well known to everyone present.

Talking about Chen Feng is just a reason.

Who would have thought that Chen Feng said so himself.

"Well, it's better to hold a challenge contest."

"You can send the most proud disciple, and we will compare it again."

Upon hearing this, Zhong Li Yaoqin and the others immediately changed their expressions.

Especially Yue Xinlan and others shouted.

"Chen Feng, you are crazy!"

The eight powers have so many years of background.

Chen Feng alone, no matter how strong, can he defeat them all!

In the Shura world, Chen Feng also used a lot of external forces.

Environment, Shura world powerhouse, etc.

But now if a challenge contest is to be held.

A bare arena is incomparable.

However, Chen Feng has decided.

He is neither humble nor overbearing, and calmly looks at Gao Yang last week.

"Originally, it stands to reason that at the Broken Jade Conference, you sons who wanted to kill me were killed by me."

"Skills are not as good as people, there is nothing to say."

"But, I give you a chance to get your face back!"

The implication is that if the eight major forces still cannot defeat them, then it is their own problem.

How confident is this!

What a mockery!

It is equivalent to putting the eight major forces in an awkward position.

As long as they still want some face, this proposal can only be accepted!

However, before the eight major forces could speak, several figures appeared behind Chen Feng.

"Chen Feng, you are not the only one of the Galaxy Sword Sect!"

Sikonghao strode forward to the meteor.

The three brothers Que Yuanzhou and Yin Haoran did their part.

Jiang Yunxi followed closely behind.

Many disciples also wanted to come forward.

Among them, most are the disciples of Tianshu Jianzong.

But he was stopped by Chen Feng.

"What I provoke is up to me to solve it."

As he said, he turned his head and looked at Luo Xingchen.

It seems to be waiting for a reply.

Seeing the emotions of the Galaxy Sword Sect disciples being ignited, Zhou Gaoyang discussed with the masters of the other seven major forces.

"Okay, then you alone will challenge our proud disciples of the eight major forces."

As soon as these words came out, the companions behind Chen Feng were anxious.

They all looked at the doormaster and at Zhongli Yaoqin.

I want them to come forward and persuade Chen Feng.

Even Luo Xingchen couldn't help frowning, it was difficult to give a reply.

But no one thought of it.

At this moment, Zhong Li Yaoqin suddenly spoke.

"That's it."

This immediately attracted the attention of everyone.

Including the Galaxy Sword Sect, the other four great sect masters were also quite surprised.

Isn't Zhong Li Yaoqin the most precious of her apprentice?

Without Chen Feng, how could her Tianshu Sword Sect return to its peak so quickly?

Even Yue Xinlan, Elder Wu and others frowned.

I don't understand Zhong Li Yaoqin's attitude at all.

Facing everyone's puzzlement, Zhong Li Yaoqin's expression was extremely cold and pale.

She didn't even glance at Chen Feng, but looked at Zhou Gaoyang and others on the opposite side.

"What Chen Feng provokes should be his own consequences"

"However, since you agreed to find him for revenge, please retreat."

#### [Chapter 5565: The Incident of Dayan Immortal Gate](#)

It can be seen that these words are equivalent to pushing Chen Feng out.

She just wants to preserve the Galaxy Sword Sect.

Even Tuoba Hongxin, the sovereign of the Heavenly Sword Sect, couldn't help but slap his tongue.

This woman is really cold-blooded.

After using Chen Feng, he turned his face so quickly that he didn't recognize anyone.

At the beginning, they were thinking in their hearts that if Chen Feng was here at this time, they would push him out.

Who would have thought that it was her who really opened this mouth.

Si Konghao and others were angry.

Especially Si Konghao, how can he bear this violent temper?

However, Chen Feng stopped him before he spoke.

Zhou Gaoyang and others laughed, watching the Galaxy Sword Sect plunge into chaos.

Luo Xingchen was thoughtful.

He glanced at Zhongli Yaoqin and finally confirmed her meaning.

"Then do it."

"Zhou Gaoyang, you each send a disciple."

"Excess people, please return them."

However, upon hearing this, Zhou Gaoyang smiled and retorted.

"Fights between top disciples are extremely rare."

"It's better to let all the disciples see and see with their own eyes."

"Why rush for a while?"

As soon as this remark came out, the Galaxy Sword faction became angry again.

Who knows if they don't retreat, what else can they do!

But at this moment.

"Report—"

A high-pitched voice came quickly from a distance.

Who else will be here at this time?

The eight major forces and the Galaxy Sword Sect are all following their reputations.

I saw a figure in the distance.

The visitor was a young monk, dressed in a black and white robe.

From a distance, you can tell that this is an ordinary disciple from Dayan Immortal Clan.

Suddenly noisy amidst the Wuyangyang crowd.

Everyone whispered and talked.

Now that the eight major forces have joined forces to encircle and suppress the Galaxy Sword Sect, it can basically be said to have come out in full force.

There will not be many people left behind in the sect.

They are often disciples whose cultivation level is too low, as well as some elders and deacons who are sitting in town.

At this moment, what appeared in front of everyone was just an ordinary disciple of the Dayan Immortal Sect.

Just arrived at the fourth heaven of the Star Soul Martial God Realm.

How could such a person come here to report for no reason.

Moreover, it still looks extremely urgent.

Even Daojun Xingxian, the master of Dayan Immortal Gate, frowned when he saw that the person was his own disciple.

It seems to be a bit embarrassing.

Li Hongliang, the lord of the Great Spirit God Sect, looked over.

He stood with his hands in his hands, with a joking smile on his face, half teasing and half mocking.

"Why, how many people have come out of Dayan Immortal Gate."

"Even so, let a disciple of the fourth heaven of the Star Soul Martial God Realm send a message?"

Many people just keep this sentence in their hearts.

Who would have thought that the Sect Master of the Divine Giant Spirit Sect actually ignored the alliance relationship at all.

I didn't forget to taunt the alliance at this time.

However, this is not surprising.

The Dayan Immortal Sect and the Giant Spirit God Sect had been unable to deal with each other decades ago.

Except for the Dragon Tooth Fairy Gate, the strength of the two is almost the same.

Everyone wants to suppress the other party.

Because of this, it is clear that there is something wrong with Dayan Immortal Gate.

Li Hongliang will naturally not miss the opportunity for taunting.

Daojun Xingxian looked rather ugly.

Hearing this, he hummed heavily, and the powerful breath came out unconsciously.

It's irritating.

He stared at Li Hongliang coldly, without saying a word.

Then, Xingxian Daojun turned his gaze to the disciple who came in a hurry.

"Why are you so flustered?"

Hearing such words from the master of his family, that disciple was rather conscientious.

He looked around.

It seems that I don't want to announce it in the public.

This reaction certainly caught everyone's attention.

Without a word, Daojun Xingxian turned his hand to form an isolation formation.

The light was shining, and the powerful aura instantly filled dozens of miles around.

Many people were amazed.

Only the sect master of the Dayan Immortal Gate, a strong man in the fairyland of Lingxu, can do it!

Condensed into a big array between your fingers!

Even Zhou Gaoyang, the master of Longya Immortal Gate, could not pass through the magic circle and heard Xin Mi.

In the great formation, the ordinary disciple finally got a bitter face.

"Sect Master, our treasure chest has been swept away!"

As soon as the words came out, even Daojun Xingxian immediately shrank his pupils and took a breath.

"how can that be!"

"There are so many big and small formations in the sect..."

He wanted to say that countless formations were laid out in the sect, only the people of Dayan Immortal Sect knew about it.

How could it be possible for outsiders to break in easily.

But when he thought of this, Dao Jun Xingxian reacted.

He shuddered and stared at the boy in front of him.

In the intense emotional ups and downs, a trace of breath leaked.

That ordinary immortal disciple was almost overwhelmed by his breath.

"You mean, the person who did it is my own person from Dayan Immortal Clan?"

The disciple was crying, and handed a jade talisman to his hands.

"This is a message from Elder Taiyang, who is in town, who asked me to send you a message."

"His old man wanted to come by himself, but he was afraid that the person was attacking the Dayan Immortal Gate and didn't dare to come."

"That's why the disciple came to deliver the letter."

Hearing this, Daojun Xingxian's face turned dark.

Although they came out this time, they are also confident.

After all, it is a First-Rank Immortal Sect force, and it is also considered to be among the best in the Eastern Desolate Immortal Territory.

Ordinary people who dare to pluck their beard?

Daojun Xingxian grabbed the jade symbol used by Dayan Immortal Gate for transmission.

The jade amulet was crushed and immediately lit up with a bright light.

Then, a phantom figure appeared in front of Taoist Xingxian in this light.

It's Elder Taiyang!

Elder Taiyang looked more haggard right now.

As soon as he came up, he thumped and knelt down, kowtow.

"I'm not waiting for the nursing, so the culprits sneak into my Dayan Immortal Gate, please punish the master!"

"However, before the punishment, the sect master is asked to send someone back to the sect as soon as possible."

Looking at this scene in front of him, Daojun Xingxian was almost a little weak.

The millions of years of their Dayan Immortal Clan's foundation, finally accumulated and reached their current status.

If the treasure chest is looted, it can almost be said that half of the Dayan Immortal Gate has been broken!

From now on, where can we be the nine powers alongside the other eight powers?

Even the Galaxy Sword Sect is better than them!

Taoist Xingxian felt wrong no matter what.

"All seven floors were stolen?"

He hopes to see the disciple shaking his head.

However, what responded to him was a drooping head.

"Only the treasures on the first floor were not taken away."

"The disciple immediately called the Elder Taiyang after discovering that there was a difference in the treasure house."

"After Elder Taiyang checked, he confirmed that most of the treasures from the second to seventh floors were stolen."

#### [Chapter 5566: Mysterious powerhouse!](#)

Xingxian Daojun's eyes were black.

At this moment, the magic circle covering both of them fluctuated with light.

However, he is the leader of a faction after all.

No matter if the sky is falling, he can't fall.

In the next moment, the magic circle turned into stars and dots of light scattered and disappeared.

Daojun Xingxian turned his head and looked at the people behind him blankly.

"Elder Qu and Ruohong, you stay."

"The disciples above the tenth floor of the Star Soul Martial God Realm are all left."

"Others, immediately follow me back!"

No matter what the disciple who came to report said earlier.

Since Daojun Xingxian had such a big reaction at this time, it must have been serious.

For a time, the remaining seven forces were a little volatile.

Even Zhou Gaoyang asked what happened.

But Xingxian Daojun kept silent.

However, at this moment, a voice faintly sounded.

"Go now, maybe those strong men who stole many treasures from Dayan Immortal Gate haven't escaped."

As soon as these words came out, everyone immediately looked at Luo Xingchen.

Even Xingxian Daojun couldn't help but pale, and his mind was shocked.

Is Luo Xingchen's cultivation base already so powerful!

He just had that magic circle, how can't he prevent him?

Except for Xingxian Daojun, everyone was stunned.

Dayan Immortal Gate was stolen!

Moreover, listen to the meaning of Luo Xingchen's words.

This stealing is pretty ruthless!

Everyone in the Dayan Immortal Gate changed their complexion immediately, and they couldn't believe it.

Everyone except them is equally absurd, but more of a joke.

Li Hongliang, the lord of the Giant Spirit God Sect, couldn't help laughing out loud after a brief period of surprise.

"Xingxian Daojun, someone dared to steal your Dayan Immortal Gate."

"It seems that Guizong's formation is not a reliable thing."

Mr. Xingxian's face was red and white.

But he has nothing to say at this time.

Can only urge to leave immediately.

In this case, the benefits were not even divided, but the face was completely ashamed.

However, listening to Li Hongliang's harsh laughter, Daojun Xingxian became more and more angry.

His eyes were sharp and cold, and he scanned the suspicious people one by one.

Among them, Chen Feng is included!

When his gaze fell on him, Chen Feng took the initiative to smile and spoke at will.

"Dao Jun Xingxian, don't look at me."

"As everyone knows, the direction of the Great Desolate Lord's Divine Mansion is in the opposite direction to your Dayan Immortal Gate."

This is Chen Feng's best disguise!

Everyone thought that Chen Feng had gone all the way to the Great Desolate Lord's Palace.

Now it's just coming from the Great Desolate Lord's Palace.

Daojun Xingxian just glanced at it, and then glanced at other places.

He doesn't think Chen Feng is either.

As a result, with his grasp of Chen Feng's strength, he should have exhausted most of his cultivation skills to come from the Great Desolate Lord's Palace at this moment.

Secondly, Chen Feng is not a member of Dayan Immortal Gate, even if he can arrive, how can he sneak in silently?

In contrast, it is more likely that the enemy giant spirit Shenzong is more likely.

Who knows if they will send some undercover agents in.

However, at the moment, there is no evidence.

Xingxian Daojun will naturally not make random identifications, and then take his own shame!

Li Hongliang smiled from ear to ear.

The Dayan Immortal Gate had an accident, and from now on it would never be the opponent of the Giant Spirit God Sect.

Behind him, many sect elders and disciples all smiled.

However, at this time.

Seeing the same direction, a figure appeared again.

This time, it is a member of the Giant Spirit God Sect!

I saw that man was as thin as wood, but he was wearing clothes belonging to the Supreme Elder.

Many people present have seen this person.

This person is Yan Zhifeng, a prestigious elder of the Great Spirit God Sect.

At this time, Elder Yan looked in a hurry.

At first glance, there is nothing to report.

Li Hongliang, who was still laughing, immediately seemed to swallow a fly.

His face instantly became extremely difficult to look at.

Yan Zhifeng rushed to see his suzerain.

Li Hongliang had a frightening feeling.

Before Elder Yan Zhifeng could speak, he asked first.

"You are not here to tell me that our Tibetan Scripture Pavilion was stolen?"

When this remark came out, Elder Yan was taken aback.

Instinctively shook his head.

"That's not..."

Hearing this answer, Li Hongliang unconsciously breathed a sigh of relief.

"However, we found the body of Elder Luo."

"An outsider sneaked into the Divine Giant Spirit Sect quietly."

"The old man is ashamed, it is difficult for everyone to find the trace of that person..."

As soon as this remark came out, everyone was in an uproar.

The treasure chest of Dayan Immortal Gate was stolen.

Immediately afterwards, another mysterious powerhouse sneaked into the Giant Spirit God Sect.

Actually some people dare to do something to the Eight Great Grade One Immortal Gate!

What is even more frightening is that that person is obviously extremely fast and has a very high cultivation base.

In a short period of time, entering and leaving the two major and first-grade immortal gates is like no one.

Who knows which Zongmen's Buddhist Scripture Pavilion and Treasure Pavilion that person will go to next!

At this time, the sect masters of the other big immortals finally couldn't sit still.

Especially the sect master of Longya Immortal Gate, Zhou Gaoyang.

After all, the closest to Dayan Immortal Sect and Giant Spirit God Sect is their Dragon Tooth Immortal Sect!

Zhou Gaoyang said nothing.

Turned and looked at the people behind the door.

"Leave some people, and leave the rest to me!"

Even the Dragon Tooth Fairy Sect is so nervous, how can the other sect masters dare to get lucky?

At this moment, Luo Xingchen had to add a few more words.

"Let you go back early, you won't listen."

"If you stay and go back then, I am afraid that even the fairy gate will be gone."

Zhou Gaoyang and the others gave Luo Xingchen a fierce look.

But the mighty crowd was still evacuating quickly.

At this moment, Chen Feng smiled and stepped forward.

"My trip hastily returned from the Great Desolate Lord's Palace, the challenge, and let me rest for a day."

"Besides my Galaxy Sword Sect, you can first discuss the order of battle."

"In addition, in order to ensure the fairness of the challenge, I have to rest for three days at the end of each battle."

In the chaos, his remarks did not meet much opposition.

Even the masters of several immortal gates went back anxiously.

A round of encirclement and suppression was turned into a challenge!

In the Galaxy Sword Sect, there is simply joy!

After confirming the departure of most of the powerhouses of the eight major forces, Chen Feng followed the crowd and returned to the Galaxy Sword Sect.

As soon as he entered, Chen Feng was surrounded.

Everyone jumped for joy.

Today, he is relying on his own strength to prevent an encirclement and suppression campaign.

This move is not a big contribution to the sect!

Especially Chen Feng's friends, even more excited.

No one thought that he would be like heaven falling in this kind of momentum!

However, the Tianquan Jianzong and others were upset.

Especially Tuoba Hongxin is even more yin and yang.

"I think it's really thanks to the mysterious powerhouse this time."

"Yes, yes, everyone has seen the situation just now."

[Chapter 5567: Enter, Jiutian Buddhist Scripture Pavilion!](#)

"If it weren't for that mysterious strong man, he sneaked into Dayan Immortal Gate and Giant Spirit God Sect."

"Otherwise, how can the eight major forces mean to retreat?"

"Some people don't put too much gold on their faces."

It was right above the head, after hearing the up and down of the Heavenly Power Sword Sect, Si Konghao and the others immediately turned cold.

At this time, Luo Xingchen also came over very closely.

He smiled and looked at Chen Feng.

"The mysterious strong man has something to do with you, right?"

When this remark came out, everyone was shocked.

Even Tuoba Hongxin and others looked at Chen Feng together.

In full view, Chen Feng nodded.

"Yes, that mysterious strong man is me."

After hearing Chen Feng's words, the original noisy scene fell into silence in a short time.

Even Zhong Li Yaoqin, Elder Wu, and even Luo Xingchen were surprised for a moment.

Chen Feng smiled and looked at Tuoba Hongxin.

"Sect Master Tuoba, don't you want to thank me?"

"It's too hypocritical in words, let's be practical."

"For example, come to tens of millions of sects and the like."

Tuoba Hongxin was speechless for a long time.

On the contrary, Luo Xingchen laughed loudly.

"Reward, natural reward!"

"You are good at guarding the Galaxy Sword Sect this time. From now on, you can freely enter the Jiutian Buddhist Scripture Pavilion."

Everyone was in an uproar when he said this.

Since the founding of the Galaxy Sword School, few people have been able to freely enter and exit the Jiutian Tibetan Scripture Pavilion.

Except for the Sect Master, the Supreme Elder and the Five Sovereigns, only Zhongli Changfeng and others are qualified.

Except for Zhong Li Changfeng, this is the second disciple to win this honor!

Among the crowd, there are agitated and naturally jealous.

Especially Gu Tianke, Ji Lingxiao and others.

The Galaxy Sword School also has a history that stretches for millions of years.

Compared with the other eight powers, the foundation will only be richer.

These are their accumulations over millions of years.

It can get more from the Yuxu Immortal Gate than the other eight forces.

However, no matter how others react.

Luo Xingchen's password has been given!

A white light burst on Chen Feng's sect token.

After the light is condensed, you can see that the amount of great work originally recorded has changed.

On the jade plate, the word "infinity" in seal script is clearly written!

Gradually, during this celebration, some people also reacted.

Although Chen Feng encircled and suppressed the Galaxy Sword Sect by the eight major forces, it turned into a challenge.

But in this process, Zhong Li Yaoqin's reaction was the strangest.

Even after congratulations, Si Konghao and the others remembered it again.

With Sikonghao's temperament, naturally he couldn't wait.

I don't want to guess.

He strode to the front of Zhongli Yaoqin.

Although there is still some respect, but there is already a little hesitation on the face.

"Dare to ask the Sect Master why he said that way?"

"How much Chen Feng paid for Tianshu Sword Sect, I believe that the master should know better than us?"

"But just so indifferent, it's so courageous."

Facing the aggressive questioning from Si Konghao, Zhong Li Yaoqin's expression was indifferent and unmoved.

At this time, Chen Feng smiled and stepped forward.

"You don't have to misunderstand Sect Master Zhong Li like this."

"I made her treat me like this on purpose."

The raid on the Treasure Pavilion of Dayan Immortal Gate has been rewarding.

Many rare treasures can be used by Chen Feng to contact Zhong Li Yaoqin secretly at this time.

And only then did Zhong Li Yaoqin show a wry smile on his face.

She also looked at Chen Feng.

"You will find someone to cooperate with you."

"Come on, why do you want me to be this villain and push you out?"

Chen Feng smiled faintly, as if thinking of something.

"I have ulterior motives."

Seeing Chen Feng himself explained the invitation for Gravity, Si Konghao naturally wouldn't care anymore.

He even respectfully held his fist to Zhong Li Yaoqin.

Apologize for the impulse just now.

Seeing that Chen Feng didn't intend to elaborate, everyone couldn't ask any more questions.

Anyway, as everyone knows, Chen Feng is a man of measure.

Moreover, there are always countless plans.

If he has any plans, he will often know it just by looking at it.

After this short episode, most people still turned their attention back to the current challenge.

At this point, there is still one day before the challenge.

Chen Feng won this by himself.

But what can be done in just one day?

The eight major forces will inevitably invite the strongest disciples of their respective immortals.

They wanted to kill the Galaxy Sword Sect.

How can you be merciful at this time?

Although this challenge is in the form of competition.

But when it comes to the arena, accidents will emerge in endlessly.

In the eyes of everyone's concern, Chen Feng smiled mysteriously.

"Don't worry, one day is enough."

With that said, he immediately said goodbye and hurried to the Jiutian Buddhist Scripture Pavilion.

Of course Chen Feng knew that this mission was by no means that simple.

This is a death trial mission!

Moreover, the difficulty level is nightmare level.

After all, this so-called "challenge" can only temporarily delay time.

This is a well-known thing.

Unless Chen Feng really died in the challenge.

However, many people present even had grudges against him.

It's a matter of martial arts face!

Not only that, these people also have to admit that Chen Feng is the most talented disciple of the entire Galaxy Sword Sect.

If he loses or even dies, it would be a great loss for the Galaxy Sword Sect!

Therefore, when Luo Xingchen specifically let him freely enter and exit the Jiutian Tibetan Scripture Pavilion, the people did not object.

They and the Galaxy Sword Sect will be both prosperous, and lose every one of them.

And Chen Feng is the hope of the Galaxy Sword Sect!

No one wants him to die in the challenge of the day after tomorrow.

But if he wins the eight major forces again, he will slap them in the face even more.

After this, superficial effort is useless.

The eight major forces will definitely tear their faces and directly initiate further encirclement and suppression of the Galaxy Sword Sect!

At this moment, Jiang Yunxi standing in the distance suddenly spoke.

"There is only one day to prepare, Chen Feng, can you?"

In the crowd, many people immediately began to analyze.

"Among the eight disciples selected by the eight major forces, the weakest one should be from Cangyu Immortal Clan."

"However, the overall foundation of the Beast God Sect is only above us."

"For the first challenge tomorrow, one of them should be sent."

With the posture of the Dragon Tooth Fairy Gate, Chen Feng would not really see Chen Feng in his eyes.

Yue Xinlan said lightly.

"If so, then the strongest disciple of Cangyu Immortal Clan should be the eldest son of the Xuan family of Moshan, Xuan Zecheng."

"Now there should be at least the strength of the fifth hole in the Ten Fang Dongtian Realm."

"In order to be sure, he will definitely have a lot of hole cards when he challenges tomorrow."

In this way, the overall strength is afraid that it will break through the sixth hole of the Shifang Dongtian realm!

Everyone couldn't help being silent.

The atmosphere suddenly became a bit heavy.

Among the eight strongest disciples, the weakest has the strength of the fifth hole in the Shifang Dongtian realm.

[Chapter 5568: God and Demon Lingxiao Jue, the second part!](#)

The strongest, I'm afraid it is even above the seventh cave of the Shifang Dongtian realm!

At this time, Chen Feng only had the third cave of the Shifang Dongtian realm.

Although he can always burst out stronger than realm.

But it is still worrying.

However, Chen Feng smiled and glanced at the crowd, then calmed down.

"Don't worry, even if the strongest disciple of Longya Immortal Sect comes to fight, it won't be my opponent."

Afterwards, he looked at the Jiutian Buddhist Scripture Pavilion.

Chen Feng has never felt as urgent as he is now.

He needs a breakthrough!

It is necessary to practice the Taishang Yuqing Nine Shou Zhen Jue as soon as possible and break through to the fairyland of Lingxu Land.

After all, for him, the opponent this time has never been the strongest disciple of the eight forces.

It's the eight masters!

The real powerhouse in the fairyland!

Just like before, let the eight major forces leave temporarily, the Lord of Heaven did not sound the reminder that the mission was completed.

This also made all the strong from the top of the sky realize a little.

I am afraid that only the eight major forces can be completely defeated, and the Galaxy Sword Sect will become the strongest fairy gate under the three top-ranked fairy gates!

This task is considered complete!

Chen Feng quickly went to the Jiutian Buddhist Scripture Pavilion.

This was the first time he saw the true appearance of Jiutian Tibetan Scripture Pavilion.

It is located behind the floating mountain where the gatekeeper is, like a mountain rising straight up into the sky.

The Nine Heavens Tongtian River is above it, and it diverges towards the five sword sects.

This is much more stylish than the Treasure Pavilion of Dayan Immortal Gate!

The carved and jade columns all have a primitive charm.

With the martial art token engraved with the word "infinite", Chen Feng easily entered it.

The Jiutian Buddhist Scripture Pavilion is divided into nine floors, and the first floor is a layer of heaven.

Every heavy day is extremely spacious.

All the treasures are placed on a grid of shelves, surrounded by a faint floating light.

This is a seal!

Only with enough sect mastery can it be unlocked.

When you come to the first floor, all the treasures stored here are rare.

The second layer is magical implements.

The third layer is pill.

The fourth layer is the magic circle.

Some exercises didn't appear until the fifth level began.

However, they are also more common exercises and supernatural powers.

Chen Feng went straight to the ninth floor, the ninth heaven!

Compared with the previous eight floors, this ninth heaven is no more than one mile in size.

There are only a few stone grids tens of meters square.

As soon as he entered, he instantly covered his divine consciousness.

Soon, Chen Feng's eyes lit up.

The next moment, his figure appeared in front of a stone grid.

When Chen Feng saw what was lying in this square stone grid, his pupils suddenly shrank.

Actually, it is the second chapter of "The God and Demon Lingxiao Jue"!

Hong-level second-grade magic!

"How could this be?"

Fortunately, there are some small prints below the stone grid to record the origin of these things.

Chen Feng took a closer look, and then his mind was even more shocked.

It turned out that the "God and Devil Lingxiao Jue" was one of the techniques that was highly sought after millions of years ago.

At that time, there were still many gods and demons refiners in the world of Xuanhuang.

But something happened later, which caused the Avenue of Gods and Demons to wither.

The popular exercises of the past are now buried by the years.

The first article of "God Demon Lingxiao Jue" was originally taken away by a disciple of Yuxu Immortal Sect.

Later, the Yuxu fairy gate was destroyed.

The Giant Spirit God Sect was fortunate to get the content of this first article.

And this second one has always been kept in the Galaxy Sword Sect.

Without saying anything, Chen Feng immediately raised the sect token.

As a ray of light flashed, the seal on the outside of the second jade slip was quietly resolved.

He grabbed the jade slip and left directly.

Tianshu Jianzong.

Chen Feng came to the place where he was secretly cast down, and then told Zhong Li Yaoqin.

If he has not regained consciousness after one day, he will be moved directly to the challenge.

Loaded with the hopes of the members of the Galaxy Sword Sect, Chen Feng entered and closed the door tightly.

He came to one spot and sat cross-legged.

Then, he turned his hand and took out an ancient clock!

This is an ancient bronze clock, twenty to thirty meters high.

On the ancient clock, there are numerous and complicated engraved texts.

Large areas of patina cover, adding a layer of vicissitudes of life.

If the people of Dayan Immortal Sect saw this ancient bell at this time, they would vomit three liters of blood.

This is the clock of time they are most proud of in Dayan Immortal Gate!

It is said that as long as this thing is activated.

Three months of cultivating inside, only one hour passed outside!

Chen Feng directly gave the treasure storehouse.

Among them, this one is the most useful.

He immediately used this extremely heavy ancient bronze clock to cover himself firmly.

As the light flowed, the clock of time began to sound a long bell.

One day of retreat, it began!

Inside the clock of time, Chen Feng immediately took out the jade slip, immersed in his spiritual consciousness.

"Shen Devil Lingxiao Jue" is divided into two chapters.

Adding the two pieces together, you can reach the third grade of Hong level!

The first one is to transform the gods and demons, remodel the flesh and blood, and temper them.

After reaching the third level of God and Demon tempering, you can begin to practice the second chapter.

The second chapter is also divided into three levels.

When the blood of the gods and demons is tempered to a certain level, it often reaches its limit.

If you want to make a breakthrough, it is difficult to make further progress on your own.

Then you need to absorb the blood of other gods and demons.

Fusion, to achieve a new upgrade of the blood of the gods and demons.

This is the first level of the second chapter, melting blood and nirvana!

"This is the same as the first volume of the Supreme God Demonizing Dragon Art.

The first volume of the Supreme God Demon Transforming Dragon Art, the first layer of the Xuanhuang scroll, is also to absorb the blood of twelve gods and demons.

Then, refine this own body into a \*\*\*\* and demon oven!

If the two are equal, then this Divine Demon Lingxiao Secret Art probably has little significance in cultivation.

However, the second layer immediately made Chen Feng's eyes bright.

"New blood!"

When the blood of outsiders is absorbed to a certain extent, there is no more, what should I do?

The God and Demon Lingxiao Jue gave a whole new idea.

That is, to refine the second blood of the gods and demons!

If the first bloodline of the gods and demons is born, then the second bloodline of the gods and demons is artificial!

As long as the background is sufficient, you can increase your level without limit!

The benefits of such two bloodlines of gods and demons are far more than doubled!

Chen Feng couldn't help taking a breath.

Then, it was ecstasy!

He thought of more.

Since the second bloodline of the gods and demons can be refined, why can't the third and fourth lines be refined?

At that time, if it were absorbed and refined into one, wouldn't the level of the blood of the gods and demons be higher?

At that time, the furnace will be made into a tripod, reaching the second level of the first volume of the Supreme God Demonizing Dragon Art.

His blood of the gods and demons is bound to be the strongest blood of the heavens and all realms!

The shock of the power of blood alone is enough to make countless opponents feel timid and bow their heads!

Chen Feng couldn't wait to watch.

Sure enough, the third layer is the fusion of blood.

Strengthened the power of blood.

So far, it can be regarded as opening the door of the Avenue of Gods and Demons!

[Chapter 5569: Three years in a flash!](#)

He immediately began to operate the God and Demon Lingxiao Jue!

With a deep meditation array, Chen Feng almost quickly entered a state of meditation.

The surface of the body is constantly emitting bright light.

In the star sea world, the galaxy is shining.

Unconsciously, more and more star power began to gather towards his residence.

One after another, the stars turn from the imaginary into reality, and they are remotely connected to the stars in the depths of the universe.

Then, on the surface of these stars, a ray of rhyme began to appear.

Countless pairs of eyes are watching here closely.

When the power of a large number of stars poured in, Zhong Li Yaoqin and others appeared outside the courtyard for the first time.

"Chen Feng, breaking through!"

But this momentum is really huge!

There is already a huge whirlpool!

If it is allowed to continue to develop, it is afraid that it will alarm the people of the eight major forces outside the Galaxy Sword Sect.

Zhong Li Yaoqin stared at the courtyard with beautiful eyes.

She suddenly raised her jade arm.

boom!

The star core waterfall originally in her residence was brought to Chen Feng's courtyard.

With the access of this crystal and powerful waterfall, it immediately replaced the power of the surrounding stars.

In the clock of time, Chen Feng's brows also stretched slightly.

Time, one minute and one second passed.

The sky gradually darkened.

Then, it gradually whitened.

In the clock of time, Chen Feng has been close to retreat for three full years!

In the past three years, he has fallen into an unprecedented predicament.

The first chapter of "God and Demon Lingxiao Jue" has three levels of realm.

On the first floor, Chen Feng took almost less than three months!

Not only has he mastered the arousal of the bloodline, but also can use the power of these bloodline thoroughly in the usual battle.

The second layer is to reshape every inch of skin, every bone.

Including the spiritual world is also equivalent to a reorganization.

For a monk, it was simply too shocking.

When the whole body is completely shattered and reshaped, the strength of the cultivation base is almost equal to zero.

A little carelessness will cause serious injury!

Or even die directly!

However, Chen Feng almost started without hesitation.

He has a brave heart!

He has done this more than once.

The thrills are beyond doubt.

Several times, Chen Feng almost encountered a slight accident, and the whole spiritual world almost fell apart.

Fortunately, there are countless strong people around him to protect the law, and he is in the deep meditation formation.

The big formation that was originally used to insulate him has now become his biggest life-saving aid!

This second layer, Chen Feng almost spent nearly a year!

When the last bone reorganized, the skinny body instantly blew up.

Blood quickly flooded every corner of his body.

Chen Feng only felt an incomparably refreshing sense of joy, and it hit the sky.

happy!

His physical strength has doubled again!

I thought that with such an effort, the third layer could be completely completed before the retreat ended.

However, an accident happened.

Whenever the blood flowing in the body began to boil, Chen Feng could always feel something wrong.

It was as if there was an invisible force quietly blocking it.

As long as he stimulates the power of blood to the extreme, that mysterious power will appear.

After a long time, Chen Feng felt weak.

Obviously, I can feel the blood in the body is constantly tempering and becoming stronger.

But for some reason, as long as the power of the blood is activated and manifested, it will not be used anyway.

Sora has the power of this body, it is difficult to strike out.

Chen Feng almost exhausted various methods, unable to break through the shackles of this power.

However, when he broke out after a failure, he finally saw the mysterious power.

He saw the power of his own blood, unable to transform it!

At the place where Jiang Yunxi lived, Chen Feng could see the power of Jiang Yunxi's bloodline, which would cause a vision of heaven and earth.

Then, it became a Valkyrie.

But even though his head is shining brightly now, the supreme breath is gushing out.

You can always see what shape the blood qi is about to condense in the red blood in the sky.

However, as long as the vision begins to appear and the blood begins to surge, that mysterious power will take action.

That power was like an invisible giant hand, squeezing the vision.

Even though the light is dazzling, the blood is struggling to appear.

But still can only continue to spew blood.

"What exactly is this?"

Chen Feng frowned, his face extremely heavy.

He kept guessing and remembering.

In the end, only an instinctive intuition can only vaguely rise in my mind.

The supreme bloodline flowing in his body may have been suppressed by others.

Just not sure if it is a seal or a curse.

Regardless of the oppressive force, it is too powerful!

Chen Feng pondered.

"Perhaps, that is the power from the great world."

The information revealed by the old man in the wild forest involves the great world.

I'm afraid, only the power of the great world can achieve such a terrifying thing.

It is precisely because of the suppression of this mysterious power that Chen Feng failed to complete the first part of the God and Demon Lingxiao Jue!

Seeing that the time was approaching, Chen Feng almost gave up.

Anyway, with his current strength, he continuously broke through to the fourth and fifth caves of the Shifang Dongtian realm!

Today, he even dared to fight against the ninth and tenth cave heavenly experts in Shifang Dongtian Realm!

But, it was when he was about to wake up from a deep meditation state.

Tick-

In the Star Sea World, the sapling of the World Origin Tree once again dropped a drop of dew.

And this time, in this drop of dew, there is a ray of golden Taoism.

Dew drops on the rooted palm boulders.

But it seems to be dripping in Chen Feng's huge spiritual world!

A mysterious and intimate breath instantly attracted his attention.

"what happened?"

Chen Feng immediately came to Xinghai World.

Who knows, as soon as he entered, his spiritual world began to boil!

The originally suppressed blood qi, instantly poured out like a flood of floodgates.

boom!

As far as I can see, there is blood red blood!

And above Chen Feng's head, a particularly powerful vision of heaven and earth began to erupt!

He looked up subconsciously.

But the brilliant golden light instantly lit up the entire Xinghai World.

No matter how Chen Feng urged his spiritual power to look, he couldn't see through the bright golden light at all!

At the beginning, Chen Feng just thought that the long-term accumulation of blood qi would inevitably happen once it exploded.

But until some time, the golden light was still very bright.

At this time, he was completely shocked!

Because his vision should not be looked at directly!

Even he himself is not qualified enough!

Chen Feng felt ecstatic.

He already understood.

As long as he is outside, his bloodline power will be suppressed by that mysterious power.

[Chapter 5570: Continuous breakthrough!](#)

And in the world he planned by himself, that mysterious power could not restrain it!

After the rejoicing, Chen Feng immediately cheered up.

The third level of the first chapter of the God and Demon Lingxiao Jue, the God and Demon are tempered, and the speed is rapid!

The Supreme Bloodline is already the strongest bloodline in the world.

Today, it is extremely rare to be continuously refined and strengthened!

For a time, a loud and deafening noise could be heard in the entire Galaxy World.

If it weren't for real tempering, Chen Feng wouldn't know that if he broke through above his limit, he would have such a momentum!

He could vaguely feel that the source of the loud noise was the power that suppressed him!  
boom!

Tianshu Jianzong, outside of Chen Feng's residence.

Countless Galaxy Sword Sect disciples, deacons, and elders all stared straight.

I saw a diversion of the Jiuxiao Tongtian River being introduced into it.

A whole day and night passed!

At the beginning, the power of the surrounding stars continued to overflow.

It makes people feel comfortable.

And wait until this time, when the sky is bright.

A particularly terrifying force of suction suddenly emerged from the courtyard of Chen Feng!

In an instant, not only was Jiuxiaotongtianhe diverted and introduced, it was completely swallowed up.

Even the surrounding spiritual energy began to move in Chen Feng's direction again.

Even Si Konghao and the others couldn't help but stare straight.

Everyone looked at each other.

"Is this... another breakthrough?"

One day and one night, I have broken through at least twice.

This is shocking enough!

Who would have thought that the challenge is about to start, and Chen Feng has made another breakthrough!

Zhong Li Yaoqin stood outside the courtyard, his two jade arms constantly overtook him and introduced a large number of stars.

Even Elder Wu has arrived.

He looked at this scene in the courtyard in front of him and couldn't help but slap his tongue.

"Tsk tusk... this kid is terrifying!"

"The old man only thought that this person is really talented."

"But I didn't expect it to be so powerful."

Luo Xingchen also came.

Seeing that the aura of Tianshu Sword Sect began to become thinner, he said nothing.

Wave!

Rumble!

Everyone looked up together.

I saw that the Nine Heavens Tongtian River at the highest point had been split into a tributary!

It was drawn from the tributary of the master himself.

It was also introduced into the courtyard.

In the next moment, Elder Wu, Zhong Li Yaoqin and Luo Xingchen all felt their hearts.

In an instant, Elder Wu flipped his hand and threw a huge magic circle.

Instantly covered the courtyard in front of him.

Zhong Li Yaoqin immediately withdrew his arms and returned the tributary to its original position.

Luo Xingchen is the same.

Moreover, he waved his hand and sternly said to everyone.

"Back!"

The crowd onlookers did not know why.

I just feel that things are definitely not easy.

Just after they violently withdrew to several kilometers.

boom!

An extremely shocking loud noise, exploded!

Elder Wu's circle almost only lasted a breath of time!

In an instant, his face suddenly paled.

The throat is sweet.

However, at this moment, another more powerful force wrapped it backwards.

boom!

The protagonist Luo Xingchen continued to exert force.

One circle after another was swung out one after another, covering the courtyard.

Only then has the powerful waves of air scattered around and the terrifying loud noise be suppressed within the scope.

The entire courtyard was completely shattered again!

Never seen before this battle!

For a time, Tianshu Jianzong was dead silent.

Everyone's eyes widened and looked straight at the ruins.

I saw a boy in white shirt slowly walking out.

There was a familiar smile on his face.

However, when everyone sees him again, they feel as if they are a world away!

Obviously Chen Feng is still the same.

But I don't know why, the breath, temperament, aura and other aspects have all been terribly improved!

"This...how much is this breakthrough..."

"How do you feel, Brother Chen Feng has a feeling of supreme invincibility?"

Many disciples are lumpy in their words.

Chen Feng saw the blue sky again and was in a good mood.

He looked at the people in front and smiled slightly.

"I shouldn't be late, am I?"

...

Outside the Galaxy Sword School.

A floating mountain with a radius of tens of miles was split horizontally.

Here is the challenge platform for Chen Feng and the eight strongest disciples!

At the center of this small floating mountain, a martial arts field has been divided at this time.

Surrounded by an extremely strong guardian array.

The format is very simple.

In this huge martial arts field with a radius of tens of miles, kill them or knock them out of the martial arts field.

Or, just let it admit defeat.

Of course, none of the eight major forces will consider the last one.

They all came to kill Chen Feng!

Said it is a challenge, in fact it is just a wheel race.

In this first game, the stronger disciple of the fairy sect, such as Longya Xianmen, should not appear.

After all, Chen Feng's strength is obvious to all.

They also wanted to explore Chen Feng's strength first.

When Chen Feng and the people behind him appeared here, the atmosphere on the sidelines of the martial arts performance suddenly became tense.

There are countless lights, gazing at them, and unkind.

Murderous aura rose to the sky, seeming to be doing a silent provocation.

Although most of the eight major forces have already left.

There are still thousands of people left!

All of these thousands of people are above the Shifang Dongtian realm, which is also a threat to the Galaxy Sword Sect.

However, Chen Feng ignored this.

He smiled and came to the center of the martial arts field.

"The first challenger, you can take the stage."

Looking at the posture, I intend to start the fight without saying anything!

Looking at Chen Feng's posture, many disciples and elders of the eight major forces sneered.

As the Galaxy Sword School guessed.

The Cangyu Immortal Gate's team suddenly became lively.

Among them, one person soared from the crowd and quickly landed in the center of the martial arts field.

Face to face with Chen Feng, no more than a kilometer away.

This person is the eldest son of the Moshan Xuan family, Xuan Zecheng!

I saw him facing the wind in Yushu, with a handsome and suave face.

Hair and brocade clothes, sword eyebrows and stars.

However, just standing still, he still gave people a very shocking illusion.

The powerful aura suddenly released from his body.

The faces of the Galaxy Sword Sect were shocked.

"Xuan Zecheng also broke through!"

Many people remember it very clearly before.

Xuan Zecheng's cultivation is only the fifth cave of the Shifang Dongtian realm.

And now, the person standing opposite Chen Feng has the sixth hole of the Shifang Dongtian realm!

Elder Wu exclaimed again and again.

"It seems that they are also struggling to deal with Chen Feng."

"In just one day, raise a level."

"Except for...cough, cough someone is so enchanting, I'm afraid it takes a lot of thought for others to do it."

In terms of talent, in the hearts of the Galaxy Sword Sect, no one in this world can be stronger than Chen Feng.

Xuan Zecheng was a major disciple of Cangyu Immortal Clan, although he had also gained fame.

But in front of Chen Feng, it still looked bleak.

Luo Xingchen stepped forward and stood at the forefront of the Galaxy Sword Sect team.
