

Peerless 5571

[Chapter 5571: Chen Feng, too arrogant!](#)

The leaders and elders of the other eight forces also stepped forward.

The guardian array lights up.

In the martial arts field, Xuan Zecheng's eyes suddenly shot out a powerful murderous intent.

"They asked me to explore your bottom, huh..."

Xuan Zecheng knew why he was sent first.

Because he is the weakest among the strongest disciples of the eight major forces!

This made him feel extremely humiliated!

It is precisely because of this that he will increase his cultivation level at all costs!

Just to kill Chen Feng in seconds, and to rectify his name!

Before the words fell, a Seventh Grade God Pill instantly entered his throat.

Hum!

Everyone outside the court immediately exclaimed.

"At this time, I have to serve another Tianchen Zengyuan Pill. Xuan Zecheng intends to end this competition quickly!"

Tianchen Zengyuan Dan, at the cost of its own life span of one hundred years, stimulates potential.

In Shifang Dongtian territory, raise a realm and maintain it for a quarter of an hour!

Xuan Zecheng even sneered when he noticed the exclamation of people around him.

He looked at Chen Feng with extreme disdain.

"Do you think this is the end?"

In the next moment, an extremely cold breath broke out in the palm of his hand!

The long sword in his hand is also a top magic weapon!

"In this way, he will have the combat power of the eighth hole in the Ten Fang Dongtian Realm!"

There was a cold air around me.

"Chen Feng is dead!"

However, from beginning to end, Chen Feng did not even move his eyebrows.

He looked calm.

"They asked you to come and explore me, really shouldn't."

Seeing Xuan Zecheng slaying swiftly, Chen Feng only started gently.

"Because you are not qualified!"

boom!

Accompanied by the terrifying air wave, the loud noise instantly dispersed.

Those invisible air waves aroused the huge guardian array to scatter.

Creak!

Constantly making loud noises, as if they could not bear it at any time, and completely collapsed.

And the loud noise penetrated the guardian truth without any hindrance.

Almost everyone present turned pale!

What's more, just hearing the loud noise, he put his head in his hands and fell to the ground.

They screamed.

Amidst this loud noise, there is also a strong breath.

Those with a relatively low cultivation base can't bear it when they get close.

At the moment when the loud noise erupted, a figure in the center of the martial arts field also turned into a black light.

In an instant, he flew upside down into the huge martial arts field!

The audience fell into silence!

Including the crowd sent by Galaxy Sword to watch.

They originally emboldened and cheered Chen Feng.

Of course, they also know that after a day of transformation, Chen Feng is probably very strong today.

However, there is always psychological preparation.

But when they saw the scene on the martial arts field ahead, they were still stunned.

The strongest disciple of Cangyu Immortal Clan, unexpectedly... was defeated in seconds!

In all the shocking eyes, Chen Feng slowly turned around.

He slowly looked at the eight forces outside the martial arts field.

Then, he smiled slightly.

"This challenge is about life or death."

"However, I never rushed to kill them all."

"It can be regarded as some tribute to the eight major forces from afar."

As soon as he said this, it ignited the anger of the eight major forces almost instantly.

Chen Feng, too arrogant!

On the surface, he was polite, but in fact he was telling everyone plainly.

He didn't even try his best with that punch just now!

Otherwise, I am afraid the result will not be what it is now.

Many people's eyes finally looked under the martial arts field.

I saw Xuan Zecheng who fell into the distance.

The originally personable Cangyu Immortal Clan big disciple fell to the ground, covered in blood.

Can't even climb!

He broke down and roared.

His eyes were bloodshot, his hair was messy, and his clothes were ragged.

Looks extremely crazy and embarrassed.

"Chen Feng! How dare you abandon my cultivation base!"

As soon as he said this, many onlookers around him took a breath.

Although he didn't kill the opponent directly.

But with a punch, the cultivation base of others was abolished.

This is even more vicious than killing Xuan Zecheng!

For a while, many people looked at Chen Feng again, with a bit of dread.

Chen Feng is stronger than they thought!

And what he said just now is correct.

Let Xuan Zecheng go to the bottom, really did not have any effect.

I'm afraid, it must be stronger!

It's just that, on the side of the eight major forces, all of them have grim faces and tightly pressed their thin lips.

One faction looks like a big enemy.

The Galaxy Sword Sect has already cheered.

Even the sect master Luo Xingchen's face was filled with a smile.

He stood with his hand in hand, looking at the leader elder of the eight major forces.

Especially Cangyu Immortal Clan said with a slight smile.

"Accepted."

The face of the leader of the Cangyu Immortal Clan was red and white.

He clenched his fists, wishing to shoot Chen Feng himself in the martial arts field.

But he still endured it.

The old man with white beard and hair took a deep breath.

When he opened his eyes again, he only shouted in a deep voice.

"What are you doing in a daze? Don't hurry up and bring your big brother back!"

Even if Xuan Zecheng was seriously injured, it would be worthless from now on.

But in front of outsiders, this face is still necessary.

At this time, Chen Feng looked at everyone.

"According to the previous rules, now that the first challenge is over."

"Then the next challenge will continue the day after tomorrow."

This is what he said before.

At the end of each challenge, one day must be reserved for him to recover.

However, as soon as this remark came out, many people's faces changed.

Among the teams of the remaining seven major forces, a few even got up.

"Please also lead the elder to allow the disciples to play!"

"Cut that Chen Feng under his hand!"

However, no matter how angry and cursing they are.

When Chen Feng said this, he was reminding the master Luo Xingchen.

Today, the eight masters of the eight major forces have retreated.

Among the rest of the team, there was no waves tossing in front of them.

Luo Xingchen stepped forward slowly.

"Elders, don't the eight major powers change their minds when they say they change?"

The appearance of hiding a knife in his smile successfully made the elders of the other major forces have to endure it.

Especially the leader of Longya Immortal Gate, Qing Shengzhen.

This person is of medium build, not very old, and the appearance of the bones of the fairy wind is somewhat rare in the dragon tooth fairy gate.

At this moment, he even let out a cold snort.

"How much can you improve in one day?"

"The day after tomorrow is the day after tomorrow."

"let's go!"

With that, he turned around and left.

Behind him, all the disciples and elders of Longya Immortal Sect left quietly.

It seems that Chen Feng's performance this time is not too surprising.

Even the strongest dragon tooth fairy gate has left, and the other seven forces naturally disperse as birds and beasts.

Chen Feng watched them leave, standing still for a long time without speaking.

In the distance, people from the Galaxy Sword School rushed in with cheers.

Many people put their arms around Chen Feng's shoulders, more excited than he himself.

[Chapter 5572: You really come from the top of the sky!](#)

But when they were about to take Chen Feng back, they saw him shook his head.

"You go back first."

"I have to wait for a few people."

Sikonghao and others were puzzled by Chen Feng's words.

Who else will come at this time?

However, since Chen Feng was smiling and confident, they could probably guess.

This kid probably has some plans.

"In that case, let's go back first."

"This is not inside the Galaxy Sword Sect, you must be careful."

"People of the eight major forces may come to you for revenge."

Chen Feng smiled and waved his hands, sending them away.

At the same time, he thought to himself.

They have a headache if they don't come.

Soon, Chen Feng was the only one left on this small floating mountain.

Chen Feng was not idle either.

I walked around twice and arranged a little.

When the sky dimmed, the first figure finally appeared in the scope of the divine consciousness.

"You finally came."

Chen Feng smiled and looked at the incoming person, Zhong Li Yunqi.

Zhong Li Yunqi looked calm, looked at Chen Feng quietly, but his face was expressionless.

I don't know what I'm thinking.

"Are you waiting for me?"

Zhong Li Yunqi quickly approached and came to Chen Feng.

Chen Feng stood upright with his hands behind him, and asked with a smile.

"How's it going?"

Zhong Li Yunqi shook his head.

"Gong Licheng still has no whereabouts."

"I even suspect that he may not be in the Eastern Desolation Immortal Territory now."

A few days ago, Chen Feng and Zhong Li Yunqi reached a temporary cooperation.

Zhong Li Yunqi was responsible for finding Gong Licheng, and then pulling him back together to complete the task first.

But, who knows, all day.

He used a lot of secret methods and failed to find Gong Licheng's whereabouts.

Hearing this, Chen Feng was a little surprised.

But soon he recovered his composure.

But Zhong Li Yunqi suddenly changed the subject.

"Your strength seems to have made a big breakthrough."

"How did you do it in just one day?"

From the first sight of Chen Feng, he wanted to ask this question.

Chen Feng smiled.

"Got a baby."

Then, he smiled and looked in one direction again.

"Someone is here again."

After the voice fell, a few breathing time passed.

Three figures appeared in front of Chen Feng and Zhong Li Yunqi.

All three of them wore the costumes of disciples of the Burning Heaven Sect.

But his body exudes the breath from the top of the sky.

They are the third of the heavenly immortals who have sneaked into the eight great forces!

Because all three of them are burly and powerful, their breath attributes are biased towards fire attributes.

The headed person has scattered hair and knotted muscles.

He saw Chen Feng and said lightly.

"You really are from the top of the sky!"

However, after that, he quickly looked to the side of Zhong Li Yunqi.

Zhong Li Yunqi is different from them.

He didn't look like a disciple of the forces, so people at the top of the sky would recognize it at a glance.

This person is wearing Zhong Lishi's costume!

This is the member of Zhongli Family!

The headed person thought for a while, and started to introduce.

"I am the Bu Yunhai of the Nanji Team. These two are also members of our team, Wang Xu and Wu Wenkang."

"I've heard the name of Zhong Li's family for a long time. When I saw it today, it was really extraordinary."

Zhong Li Yunqi had long been used to this, nodded slightly and said nothing.

However, Chen Feng looked at the three of them and smiled faintly.

"Finally waiting for you."

As soon as these words came out, Bu Yunhai's expressions changed, and they looked at Chen Feng together.

"I am here, just waiting for you people on the top of the sky to come over."

"Although you and I are opponents."

"But everyone's tasks should be similar, all to reverse the future of the Galaxy Sword Sect's siege."

Chen Feng's words are extremely provocative.

In addition, Zhong Li Yunqi's identity and status are superb.

In the eyes of these people, it is quite shocking.

The three of Bu Yunhai didn't speak temporarily, they just listened to Chen Feng quietly.

After a while, one after another, several people also appeared here.

They are all immortals who have come to the top of the sky.

Soon, nearly ten people gathered in front of Chen Feng.

Among these immortals, most are immortals in the sky.

Only a few are trial immortals, including Wu Wenkang, Wang Xu and Bu Yunhai.

Chen Feng took a few people to another floating mountain nearby.

Then the plan will be informed.

"Chen Feng, what do you mean by this!"

An immortal in the sky disguised as the **** of beast sect, with a bad expression and questioning.

Chen Feng said lightly.

"Don't understand?"

"Only let the eight major forces take a fatal blow and push the Galaxy Sword Sect to the top of the nine major forces."

"This task is considered complete."

As long as the next challenge, Chen Feng won again and again.

In the end, encirclement and suppression will inevitably be launched again.

Otherwise, just relying on Chen Feng to persuade most of the strong combat power of the eight major forces, this task will be completed.

But the gods dominate, and there is no reminder.

Someone quickly accepted this.

"But with people like us alone, the highest strength will not be stronger than you."

"How can eight first-grade immortals be hit hard?"

As soon as this remark came out, many people immediately agreed.

Chen Feng smiled slightly.

"Two methods."

"Let the Galaxy Sword Sect become a super-grade fairy gate."

"Or, let the eight major forces, like Dayan Immortal Gate, lose their background."

A heavenly immortal disguised as a disciple of the Dayan Immortal Clan, finally spoke at this time.

He told the story of the mysterious powerhouse's sneak attack on the Treasure Pavilion.

Many people are surprised at who the mysterious powerhouse is.

Only Zhong Li Yunqi glanced at Chen Feng thoughtfully.

In response, Chen Feng opened his arms and suppressed the voices of everyone.

"I know the mysterious strong man."

"It's also an immortal in the sky who participated in the trial mission this time."

He started to flicker.

Chen Feng quickly got some news amidst the all-talking discussions.

After the eight major forces returned, several leader elders and the strongest disciples quickly gathered together.

They are re-adjusting their plans.

At this moment, Bu Yunhai opened his mouth and looked at Chen Feng.

"Don't die in the challenge."

"As far as I know, Luo Yiyun, the strongest disciple of Divine Burning Heaven Sect, has enemies with you."

"At the beginning of the Broken Jade Conference, you killed his brother, Luo Jingfeng."

Chen Feng raised his eyebrows when he heard this, and seemed to dismiss him.

"Luo Yiyun, I remember."

Seeing him so confident, everyone stopped talking.

Chen Feng continued to tell his plan.

After half an hour, everyone quietly dispersed.

It's getting late.

Chen Feng went to see Mei Wuxia again.

Mei Wuxia was worried at this time.

When she saw Chen Feng, she couldn't wait to step forward and hug him.

"Brother Chen Feng, you are too courageous."

The great Xiu Luo Honglu was in her hands, and now Chen Feng had actually lost his greatest defense ability.

And he has to challenge the eight strongest disciples.

It was equivalent to focusing the artillery on him alone.

[Chapter 5573: How strong is he?](#)

Chen Feng touched her head, soothed a few words, and then fully informed of his plan.

After Mei Wuxia listened, her little mouth didn't close for a long time.

She was stunned.

"Can this be done?"

Chen Feng shrugged.

"Anyway, everyone already knows that this mysterious world is the world I live in."

"Just at this point, they will never be able to return to the top of the sky alive."

At this moment, Lu Xingwei's voice suddenly rang in Chen Feng's mind.

"Brother Chen Feng, I found Chu Ping alive."

"He is at Canglanjiang's house!"

In order to keep in touch, Chen Feng once planted a magic heart in Lu Xingwei's spiritual world.

Now, they are talking through this magic heart.

As soon as these words came out, Chen Feng's expression became extremely ugly.

He asked quickly.

"Has Gong Licheng not fallen yet?"

Lu Xingwei shook his head.

Chen Feng quickly turned his cultivation base through the demon heart and through Lu Xingwei's vision.

I clearly saw the picture of Canglan.

Chu Ping was born outside the Jiang family mansion not far away.

Apparently, he already knew that Fairy Yuheng came from here.

Chen Feng quickly gave Lu Xingwei an order.

"Staring at him."

"If he has any signs of dealing with the Jiang family, I don't care what you use to keep the Jiang family."

Lu Xingwei saw Chen Feng's determination and anger, but he dared not follow it.

Chen Feng stood there, clenching his fists.

It seems that we have to find a way to make the opportunity as soon as possible to go to Canglanjiang's house!

Fairy Yuheng's hometown, he will never allow anyone to destroy it!

One day passed quickly.

The second challenge is about to begin!

When Chen Feng followed the Galaxy Swordsmen to the battlefield, the eight major forces had been waiting for a long time.

No more than the arrogance and self-confidence two days ago, today's eyes are more jealous.

It seems that Chen Feng's performance in the challenge was really beyond their expectations.

Chen Feng smiled and stepped into the martial arts field.

His eyes were calm, and he swept towards the eight major forces.

"I wonder who is going to challenge me today?"

His tone was calm and calm.

It feels like it doesn't matter who the opponent is.

This is an absolute shame for the eight major forces.

It's completely looked down upon!

What's more frustrating is that they can't say anything yet.

However, although it cannot be said, they are also prepared.

Soon there was a commotion in the Heavenly Remnant God Sect.

Many people looked at one of the men.

Cheering loudly.

Chen Feng looked over.

I saw the man in a pale white robe with wide sleeves, and he looked very handsome.

A pair of Danfeng eyes are long and narrow.

Sword eyebrow star eyes, deep gaze.

He is like a young master, with an elegant temperament.

Chen Feng couldn't help but think of the disciple of Tiancun Shenzong he had seen in the Jade Smashing Conference.

Ke Chenyi.

It seemed that the disciples of the Heavenly Remnant God Sect were all like this.

"Senior Brother Yao, don't let us down!"

"Brother Anru, be careful!"

"A big brother will definitely beat Chen Feng to death!"

Listening to the agitated voices, Chen Feng seemed to smile but did not smile, without words.

This Yao Anru is one-third stronger than Xuan Zecheng!

Standing in front of Chen Feng, this person's breath released, he already had the seventh peak of the Ten Fang Dongtian realm.

And without a doubt. He also has a lot of hole cards in his hand.

The overall strength is enough to reach the eighth peak of the Shifang Dongtian realm.

It even reached the ninth cave of the Shifang Dongtian realm for a time!

When you reach the Shifang Dongtian realm, especially in the later stage, every increase in the realm means doubling your strength!

This Yao Anru was afraid that he was newly arranged after the eight major forces had made urgent discussions two days ago.

The onlookers of the Galaxy Sword Sect looked a little worried at this time.

This is inevitable.

After all, Chen Feng's cultivation base aura is nothing but the fifth cave of the Shifang Dongtian realm.

Yao Anru looked at Chen Feng not far in front of him, but said nothing.

His face was solemn, with only vigilance and solemnity in his eyes.

Xuan Zecheng failed the test, and the leader of the eight major forces planned to let him be the second test.

This made Yao Anru feel a fire in his heart.

He turned over and took out the silver fan in his hand.

That silver fan is made of special profound crystal, accompanied by a powerful fire.

Moreover, from it, Chen Feng could still feel the power of time and space.

There is no doubt that it is a special top magic weapon.

The war is about to start.

After the guardian array glowed, the challenge officially began.

In an instant, the two disappeared in place at the same time.

boom!

Then loud noises sounded one after another.

On the not-so-large martial arts arena, the guardian formation continued to glow with violent energy impact.

Bright and dazzling.

The people from the nine major forces outside the court kept their eyes on the court.

Everyone wants to see who can survive this time.

However, they are destined to be disappointed.

Chen Feng used Taishang Yuqing's Nine Shou Zhen tactics with all his strength, and his figure was almost incredible.

Yao Anru's idea is very simple and direct.

The special treasure fan in his hand is enough to hit the target with extreme speed.

The speed is so fast that no one can beat it.

But when he threw it out with all his strength, there was only an afterimage left on the spot.

Chen Feng is actually faster than the power of time and space!

Yao Anru's complexion changed immediately.

Only after doing it yourself can you feel it more truly.

They still underestimated Chen Feng.

He has a better grasp of time and space than himself!

After feeling this, Yao An made a decisive decision and turned around to escape.

However, just turned around.

I saw a figure appeared in front of him!

Not even ten meters!

Amazingly, it was Chen Feng!

I saw that he still maintained the appearance before disappearing, his eyes were calm as water.

He spoke lightly, without any emotion.

"I gave you one day, why still just want to explore my bottom?"

"At this level, it is still not qualified."

As soon as this remark came out, the audience was in an uproar.

what?

Even Yao Anru, the strongest disciple of Divine Remnant Sect, is not Chen Feng's opponent?

That is already comparable to a strong elder!

For a while, everyone looked at Chen Feng's face with horror.

"How strong is he?"

This question surfaced in everyone's minds at the same time.

Chen Feng raised his eyes lightly and met Yao Anru's gaze.

"Did you admit defeat, or did I throw you down?"

Even if you don't have to fight anymore, the people of the eight major forces understand enough.

Yao Anru is not Chen Feng's opponent at all!

Chen Feng's challenge is no better than the Broken Jade Conference.

For the sake of the Galaxy Sword Sect behind him, he could not be too arrogant.

If necessary, just release people like this.

Anyway, the strength of these people is not as good as him.

Even if you let the tiger go back to the mountain now, and see you later, you will still be trampled under his feet.

There is no room for struggle.

Yao Anru's face was red and white.

He has never suffered such humiliation!

But I have to admit that he is not Chen Feng's opponent at all.

[Chapter 5574: If you are not convinced, I will give you a chance!](#)

This made him feel a sense of frustration spontaneously.

But before he could speak, the leader of the Heavenly Remnant God Sect was one step ahead.

"He admits defeat!"

It seems that Chen Feng's performance against Xuan Zecheng in the previous two days gave them a sense of crisis.

If the fight continues, there will only be one consequence.

That is the Heavenly Remnant Divine Sect, and one of its strongest disciples will be lost from now on.

Such a loss, Tiancun Shenzong could not bear.

Yao Anru had to stop with the words of the leader elder.

His body was like thorns on his back.

Xixi's comments came like a tide.

After he got off the martial arts field, he thought that today's challenge ended in such a hurry.

Who knows, Chen Feng is still standing on the martial arts field.

He looked at the crowd, and finally his gaze fell on the Qinghong Immortal Gate and the Beast God Sect.

"The Heavenly Remnant God Sect was ranked fifth among the nine major forces."

"To send Yao Anru to play today, I'm afraid I have already given up the two strongest disciples of the Azure Rainbow Immortal Sect and the Beast God Sect?"

As soon as these words came out, the two immortal gates suddenly fell silent.

How unwilling they are!

All faces are full of anger.

But he dared not speak.

After all, it was the leader elder of Longya Xianmen who made this decision.

Chen Feng smiled.

The next moment, his eyes suddenly became extremely sharp.

"I think you are very dissatisfied?"

"If you are not convinced, I will give you a chance."

"Your two strongest disciples, let's go together."

This statement is simply too lethal.

It's like charity, more like looking down.

Completely condescending!

The two immortals suddenly became angry.

There was a commotion in the crowd, and the cursing was endless.

Especially many of the disciples of the Beast God Sect are rough and violent.

At this time, hearing these words was even more furious.

Among them, a disciple immediately rushed to the leader of the elder.

This man has a sturdy back and red hair.

Even the beard was red, scattered around.

However, no one can ignore the powerful aura bursting out of him.

Very wild!

It looks like a red lion.

I saw this person clasp his fists, looked at the leader elder, and shouted.

"The disciple Xiang Yinglong requested to play!"

Xiang Yinglong is the strongest disciple of the Beast God Sect.

Although he only has the strength of the sixth hole of the Ten-fang Dongtian realm.

But the disciples of Beast God Sect are different from other immortals.

They have a very powerful method of guarding against beasts, and only accept disciples with demon gods and star souls.

After controlling the demon god, every disciple of the Beast God Sect can fight one against two.

even more!

Therefore, if you want to measure the strength of this person, I am afraid that there is also the seventh hole above the Shifang Dongtian realm.

The same is true for the Qinghong Immortal Gate on the other side.

"Disciple Zhao Chun, request to play!"

The disciples of Qinghong Immortal Sect are mostly of medium build.

It looks mediocre, but it is also quite capable.

Zhao Chun is dressed in a well-deserved blue-blue real disciple costume.

He stood with his hair tied, but his eyes were firm.

The two knew that Chen Feng was so provocative and a great humiliation to them.

But if you can't avoid it, it's even greater humiliation!

They can only choose to challenge!

The two leader elders of Qinghong Immortal Sect and Beast God Sect were also very angry at this time.

The two exchanged glances.

Finally nodded.

"Just kill it."

Xiang Yinglong's blood was about to boil.

He replied heavily.

"Yes!"

The next moment, the two figures quickly flew to the center of the martial arts field.

The guardian array opened again, and the battle was about to start.

Chen Feng did not intend to be polite.

He was very clear in his mind.

At this time, no matter how he was rude to the Beast God Sect and Qinghong Immortal Sect, he would not anger the other great immortal gates.

The attitudes of the people of the Great Immortal Sect in the forefront toward the Azure Rainbow Immortal Sect and the Beast God Sect were nothing more than the same as the Kan Galaxy Sword Sect.

But Chen Feng can take this opportunity to complete his plan.

Xiang Yinglong came up and summoned his own demon god.

"Roar!"

A huge blood-red lion suddenly appeared in front of Chen Feng.

It is fifty meters high.

The grim fangs in his mouth were still glowing with cold.

The roar of a lion almost shook the guardian formation with bright light.

At the same time, Zhao Chun on the other side leaped into the air, and Mo Fa had no wind.

This person is also the seventh hole of the Shifang Dongtian realm.

The next moment, tens of thousands of flying swords appeared around him instantly.

"Chen Feng, today is your death date!"

The two roared at the same time, and hurried towards Chen Feng from different directions.

The giant lion opened its mouth wide.

The violent breath came like a tsunami and avalanche.

For a while, everyone's eyes were fixed on the martial arts field.

However, in the colorful light.

Chen Feng suddenly disappeared in place.

At the same time, a wave of white light headed towards the three of them.

boom!

With several loud noises one after another.

The guardian formation collapsed directly!

The intense air wave blasted a piece of air instantly.

Thanks to the successive shots of the leaders of the eight major forces, this suppressed the strong impact within a controllable range.

Everyone looked at the martial arts field again.

I saw Xiang Yinglong and Zhao Chun, lying on the ground, not knowing their life or death!

Even the blood-red giant lion wailed and fell down!

The audience was silent.

Shocked!

Shocked to numbness.

Everyone could not help thinking of a word.

"This Chen Feng is too scary!"

I saw Chen Feng still standing in place at this time.

He stands tall and straight, and his hair is never messy.

The only difference is that there is an extra Qingqiu Heavenly Sword in his hand.

Just now, what he performed was the Supreme Zhu Shenzhang.

Chen Feng looked at the Burning Heaven God Sect again.

The disciples of the eight major forces couldn't help taking a breath.

He still wants to challenge again?

Everyone felt aggrieved and humiliated like never before.

Chen Feng's posture was clearly disgusting that they were too weak.

I thought I needed to rest for a day before fighting, but who knows... I think too much.

The leader of the Burning Heaven Sect, the elder glared even more.

He was planning to interrupt before Chen Feng spoke.

However, someone is faster.

"Forget it today."

"If you want to fight, I will wait for the guardian formation to be repaired tomorrow."

The speaker is the leader elder of Longya Immortal Gate, elder Fu Ju.

With his opening, Mo Wenrui, the leader of Dayan Immortal Gate, also nodded in agreement.

Seeing several elders evasive, Chen Feng didn't insist.

He nodded.

"casual."

As he said, he took a light step and disappeared from the martial arts field.

Under the martial arts field, Luo Xingchen smiled and looked at the leader elder of the eight major forces.

"After all, he is young and energetic. If you are unhappy, please forgive me."

Several leader elders have had enough of today's humiliation and shame.

Before Luo Xingchen finished speaking, a few people turned around and left.

The face was overcast.

What's more, the eyes are full of shady birds!

The people who left the Galaxy Sword Sect laughed happily on the spot.

Mo Wenrui and others who had left immediately looked at Elder Fu Ju at the Dragonya Immortal Gate.

[Chapter 5575: mean!](#)

"That kid is too enchanting, Elder Fu Ju, will you continue as planned tomorrow?"

This time, Elder Fu Ju suddenly laughed.

He glanced at Mo Wenrui diagonally.

"Are you Dayan Immortal Gate confused?"

"We are not here to participate in the so-called challenge."

As soon as this remark came out, the rest of the leader elders suddenly realized.

Yes, this was originally the form of Chen Feng's reversal.

They just want a head-to-head Galactic Sword dispatch.

Elder Fu Ju suddenly raised his head and looked towards the void.

"Tomorrow, let the arrogant kid taste the pain."

The next day, it will arrive in a blink of an eye!

The martial arts venue has long been crowded.

The new guardian array has been repaired.

When Chen Feng was on the stage, Luo Yiyun of the Burning Heaven God Sect also responded.

Seeing this familiar face, Chen Feng only felt that something was wrong.

He originally thought that he would send the strongest disciple of Dayan Immortal Sect or Giant Spirit God Sect no matter what.

Unexpectedly, it was still Burning Heaven God Sect.

Luo Yiyun looks quite similar to Luo Jingfeng.

When he looked at Chen Feng, his eyes were filled with hatred.

"You killed my brother, today, I will kill you."

Before the words fell, Luo Yiyun burst into action.

Quickly kill towards Chen Feng!

At this moment, the light of the guardian formation flashed.

In the next moment, Chen Feng learned of the conspiracy of the eight major forces.

There is a problem with this guardian array!

Someone secretly manipulated and added a special formation to it!

At this moment, Chen Feng only felt like a mountain topping his body.

The gravity is tens of thousands of times!

He was furious in an instant and raised his eyes to look at the leader elder of the eight major forces in the audience.

"You are simply despicable!"

boom!

Luo Yiyun sneered again and again, and his figure immediately bulged.

Muscle knot!

The physical strength is extremely strong!

Like Luo Jingfeng, Luo Yiyun's physical strength has been developed to an extremely terrifying level.

Although he is not a **** and demon body refiner, he is not letting go.

On the one hand, Chen Feng was caught off guard and suffered tens of thousands of times of gravity.

The figure has an instant stagnation.

And here, Luo Yiyun has strode forward, as fast as a meteor.

"Die me!"

boom!

With a punch, he almost exploded the void and slammed into Chen Feng's Dantian world with strong resistance!

"puff--"

No matter how strong, he was hit in this way.

Chen Feng flew upside down, spouting a pool of blood when he opened his mouth.

Seeing that he was about to be knocked out of the martial arts arena, Chen Feng forcibly endured the shock and sharp pain of the Dantian world, and slapped back several times.

His body reversed in the air, thinking like a very flexible cat, he half-kneeled and stopped at the very edge of the martial arts field.

He suddenly raised his head, two almost substantive angry eyes, staring at Luo Yiyun.

"Apply tens of thousands of times of gravity to me. Is this what your God Sect Burning Heaven does?"

"Very despicable and shameless!"

The roar instantly turned into a rolling sound.

However, along with the words of just now, he was stopped in the luminous guardian array.

No trace of it came out of the big array!

Around the martial arts arena, everyone could only see Chen Feng's grimace, shouting something loudly.

The expressions of everyone in the Galaxy Sword Sect changed drastically.

Especially Elder Wu, took a few steps forward and took a palm of the guardian formation on the martial arts field.

His palm is not an ordinary palm.

The dark golden light flourished.

The complex power of the magic circle is instantly formed in the palm of your hand!

Extremely fast!

boom!

With a deafening sound, the isolated sound was heard.

Chen Feng's roar immediately spread through the guard array.

However, just when Elder Wu wanted to do it again.

Elder Fu Ju of Longya Immortal Gate, moved!

He waved a murderous aura, although it seemed rather random, it contained extremely terrifying power.

With Elder Wu's current cultivation base, I'm afraid he can't resist it.

As a last resort, he could only take two steps backwards.

Dangerously and dangerously avoided.

"Wait!"

Elder Fu Ju looked indifferent and looked at the martial arts field extremely calmly.

Then, squinted at the Galaxy Sword Sect.

"Once the challenge begins, no one is allowed to intervene no matter what happens."

Hearing this, Old Man Wu almost jumped into a rage.

He pointed his finger at the "Guardian Array" on the martial arts field, and his face was deformed with anger.

"What a 'whatever happens', does it include your hands and feet!"

"In this, it is clear that a tens of thousands of times the gravity array has been added!"

"Besides, don't think I can't see it, that big formation only works for Chen Feng!"

As soon as this remark came out, even many of the disciples in the Eight Forces team also exclaimed.

The matter was secretly planned by the leaders of the eight major forces.

Even the formation was secretly moved by Elder Mo Wenrui of Dayan Immortal Gate.

Those disciples who are not qualified also have no idea.

In the Galaxy Sword Sect, everyone was angry.

The eight powers deceive people too much!

Under the public, in full view, they dare to act so openly!

However, at this moment, Elder Fu Ju was still expressionless.

He looked extremely calm.

"Elder Mo Wenrui of Dayan Immortal Gate represents one of my eight major forces and rarely violates regulations."

"However, your behavior just now also violated the rules."

"This is offset."

"If you want to intervene again, don't blame us for being ruthless!"

As soon as this remark came out, all the members of the Galaxy Sword Sect became angry.

Unexpectedly, before all the challenges failed, the eight major forces could no longer be restrained.

It's already skinless and faceless!

The old man Wu was even more angry.

But just when he was planning to fight for reasons, he heard Chen Feng's voice in the martial arts field.

"Elder Wu, don't worry."

He slowly stood up from the edge of the martial arts field.

Then, his face sank, and a quick sneer appeared.

"Tens of thousands of times more gravity, I will still kill you like a dog!"

A bloodthirsty sneer and firm killing intent burst out of Chen Feng's body.

Even outside the martial arts field, everyone can feel the shock brought by this aura!

This made Elder Fu Ju and the others, who had previously smiled indifferently, their faces visibly stink.

They squinted at Chen Feng in the martial arts field.

In his eyes, he was full of contempt.

Chen Feng is indeed very strong, but so what?

No matter how strong he is, with this tens of thousands of times of gravity blocking, his figure will be greatly hindered.

Even the sword intent he hacked out would be slowed down a lot.

With Luo Yiyun's strength, they are set to win this competition!

At the Galaxy Sword Sect, many people behind Luo Xingchen cursed.

All kinds of unpleasant things came out.

Even request a suspension!

However, the more angry they are, the happier the people of the Eight Powers will be.

This is the world of cultivation!

The weak eat the strong!

Even if Luo Xingchen is there, as long as they dare to do something against them, the eight major forces can grasp the cause of a complete encirclement and suppression!

[Chapter 5576: Still blow you up!](#)

This is why Chen Feng just spoke up.

They are shameless, but the Galaxy Sword Sect can't fall into the tongue!

After all, they are currently no match for the eight major forces to besiege again.

Under the pressure of tens of thousands of times of gravity, Chen Feng's strength has indeed been greatly restricted.

Luo Yiyun was very proud and laughed.

"It's as slow as a pig. I don't even use magical weapons. I will unscrew your head today!"

"Vengeance for my dead brother!"

Before he finished his words, he showed a fierce look, gritted his teeth and rushed forward.

He raised a punch with one hand.

At the beginning, Luo Jingfeng was beaten by Chen Feng in the Dantian world, causing serious injuries and finally dying.

Now as the elder brother, Luo Yiyun naturally wants Chen Feng to pay the debt.

But an accident happened!

Just when he was about to rush to Chen Feng and punch through Chen Feng's dantian world.

The fist went empty.

Only an afterimage remained in place.

The next moment, a familiar voice sounded from behind for some reason.

"You angered me."

"So, go to hell!"

Luo Yiyun's eyes suddenly burst, his face was frightened, and his whole body was frightened in a cold sweat instantly.

how is this possible?

How could Chen Feng teleport under the pressure of tens of thousands of times of gravity?

However, it was too late.

Under the martial arts arena, the eight forces holding the winning ticket, all expressions stuck on their faces.

boom!

Only a loud noise was heard.

Chen Feng's fist had already penetrated Luo Yiyun's Dantian world.

Then, his face was extremely cold, and he couldn't see any expression.

Punch after punch down.

Shengsheng beat Luo Yiyun into a mass of meat!

Inside and outside of the martial arts arena, a dumbfounded voice!

Everyone was completely shocked.

How is this done?

Why can Chen Feng still teleport under the pressure of tens of thousands of times of gravity?

Many disciples of the Eight Powers couldn't understand even if they wanted to break their heads.

He neither used the time-space scroll nor took any medicine.

Tens of thousands of times of gravity suppression is real.

It can be seen that he has indeed been affected.

Among the thousands of people in the audience, only a few remained silent.

In their minds, they all vaguely guessed something.

Among them, Zhongli Yaoqin is the clearest.

What Chen Feng had just used was not the force of space nor the force of time.

It's the Taishang Yuqing Nine Shou True Art of Taixu Immortal Gate!

The body is transformed into Taoism and Taoism, blending with heaven and earth naturally.

Even if there is no amount of gravity suppression, Chen Feng can still do it, teleport!

However, the range of teleportation will change.

Luo Yiyun's biggest negligence was that he was too close to Chen Feng.

He thought that Chen Feng could not be flexible under such suppression, and definitely could not launch a sneak attack.

However, this is Chen Feng's biggest killer right now!

Luo Yiyun is dead.

Don't look down!

The breath dissipated, and the guardian formation unblocked by itself.

Elder Wu and others rushed up immediately.

"Boy, are you okay?"

Chen Feng smiled at him and shook his head.

"The world of dantian was shaken out of a crack, the problem is not big."

As soon as this remark came out, the hearts of the eight major powers became nameless.

This is not a big problem?

That's the public world!

A slight damage may greatly affect the performance of strength!

Especially when it comes to their level of cultivation, it is a thousand miles away!

But he said that the problem is not big.

Is this Chen Feng really a monster!

Even Elder Fu Ju looked extremely ugly at this time.

Chen Feng noticed his gaze and temporarily released Elder Wu's hand.

With a sullen face, he met Fu Ju's gaze.

"In the protection of the big array secretly play hands and feet."

"Suppress me with tens of thousands of times of gravity, is this the confidence of the eight major forces?"

"Still, you have already given up."

"Knowing that you are upright, none of your disciples can beat me!"

As soon as these words came out, how could the disciples of the eight major forces stand it?

It's one thing to be shocked by his strength.

But it's about the face of my immortal door, how can I easily admit defeat!

What's more, many of them also feel that this matter is because of their disgrace.

Everyone from the Galaxy Sword Sect rushed into the martial arts field.

They stood beside Chen Feng and once again formed a confrontational posture with the eight major forces.

Facing this situation, Elder Fu Ju was calm.

Standing with his hands alone, there was even a sneer from the superior in his eyes.

"Then what do you want?"

This is what Chen Feng waited for.

He stretched out a hand and spread his fingers.

"Five days!"

"The next challenge, I will continue in five days."

"It's counted as compensation for your hands and feet, you won't even be able to afford it, right?"

Upon hearing the conditions proposed by Chen Feng, the eighth leader elder Benn immediately guessed what.

It seems that Chen Feng has any plans that will take some time.

Otherwise, how much can be recovered in a mere five days?

Looking at Chen Feng's incomparably confident, even with some sarcasm and sarcasm, Elder Fu Ju shook his head.

"I said it before."

"Your sect has also intervened, one time and one time, it is considered two cleansing."

"The next challenge will proceed as usual."

The eight forces have seen Chen Feng's thoughts, how can he do it?

Naturally, it firmly refused.

At this time, Luo Xingchen took a step forward.

Luo Xingchen always had a calm face and looked very talkative.

But today, the murderous aura in his eyes burst out without cover.

The murderous aura was unscrupulous, and the deterrence was even the most arrogant Fuju Elder in his life, he was suppressed!

Fu Ju, who had previously been invincible, trembled in two strands at this time.

It is possible to kneel down almost at any time.

"You moved two hands and feet on the guardian formation, and our elder moved his hands once."

"If I refuse to give it these five days, I don't mind to offset it myself."

As soon as this statement came out, the eighth leader elder had to arouse attention.

Don't look at Luo Xingchen who is smiling on the surface.

But some of them have seen it in the past.

If he is really angry, even a star can be broken by him!

Not even the respective sect masters dare to meet him.

Cultivating the world, respect the strong.

In this floating mountain with a radius of tens of miles, Luo Xingchen has the strongest strength.

No matter how unwilling the eight major forces were, they could only nod their heads.

Chen Feng turned to look at Luo Xingchen.

"Thank you."

Luo Xingchen smiled and patted him on the shoulder, revealing his old smile again.

"You are the face of my Galaxy Sword Sect, and you fight for us."

"I should thank you."

The people of the eight major forces flung their sleeves and left.

When I left, either my face was dull, or his face was particularly angry.

Also, his face is hot.

Especially the people of Burning Heaven Sect.

When Chen Feng was suppressed by tens of thousands of times of gravity, their strongest disciple actually lost.

And the death was extremely tragic.

Everyone only felt that a slap slapped their faces severely.

After the eight major forces left, Chen Feng and others quickly returned to the Galaxy Sword Sect.

[Chapter 5577: True or false](#)

This time, Chen Feng took Mei Wuxian.

Upon returning to Tianshu Jianzong, Chen Feng said.

"I have to take a trip in a hurry."

"I should be able to come back in five days."

He offered to rest for five days, of course he didn't really want to rest.

But to buy a certain amount of time to go to Canglanjiang's house.

And the five days is the limit that the eight major forces can accept.

Luo Xingchen nodded.

When Chen Feng spoke for five days, he had already guessed.

It was precisely because of what he had stepped on that Luo Xingchen would take the initiative to help him win these five days.

Therefore, when Chen Feng spoke, he readily agreed.

"However, when you go out at this time, you have to be careful that people from the eight major forces follow."

Chen Feng nodded and suddenly laughed.

"Don't worry, the Treasure Pavilion at Dayan Immortal Gate was not stolen in vain."

Today's Chen Feng's resources are almost comparable to those of the entire Galaxy Sword Sect!

He took out some of the formation techniques and gave them to Elder Wu.

He also took out a lot of heavenly materials and earth treasures and gave them directly to the Tianshu Sword Sect.

Then, Mei Wuxia was introduced to them.

"She will trouble you to take care of it first."

"I will go back."

Mei Wuxia wanted to follow along.

But she knew in her heart that going on her own might not help much.

It may even drag Chen Feng back.

Therefore, she did not speak to go with her.

Chen Feng flipped his hand and took out a scroll glowing with shining light.

Inside, is a teleportation array.

As long as Chen Feng determines the coordinates and adds enough aura, the teleportation array will be activated.

Chen Feng didn't feel distressed to use it anyway.

In the next moment, he disappeared into the Galaxy Sword Sect.

Appeared near Canglanjiang's home!

Chen Feng just injected spiritual power and started the teleporting scroll.

Outside of the Galaxy Sword Sect, among the eight major forces, someone noticed it for the first time.

Elder Fu Ju is one of them.

With his cultivation base of the tenth cave of the Ten Fang Dongtian realm, he sneered immediately.

"I knew that the brat has to have five days, so he must have some plan."

"Okay! Going out at this time is simply looking for a dead end!"

At this moment, there were leaders of the other seven forces around him.

When they heard the news, they were all amused.

Chen Feng's return was originally unexpected by the eight major forces.

The original encirclement and suppression of the Galaxy Sword Sect has now become a challenge due to the appearance of Chen Feng.

Right now, the challenge is not over yet.

If this time, Chen Feng died outside...

Five days later, the Galaxy Sword Sect had no challengers.

They will be able to grasp this handle and summon the strong among the various immortals again.

Encircle the Galaxy Sword Sect once again!

Everyone thought of this in unison.

Fu Ju suddenly turned around, his eyes sharp, and he looked into the distance.

"Immediately send a group of people to follow."

"Be sure to encircle Chen Feng outside!"

Even the leader elder of Longya Immortal Sect said so, the leader elders of the other seven forces naturally followed the same pattern.

The eight people hurriedly left and returned to their respective fairy gates.

Start to hand-appoint some disciples.

Elder Mo Wenrui worked fully again to capture Chen Feng's trace.

He wants to temporarily set up a small teleportation array.

Link the end point coordinates of the teleportation array with the captured breath of Chen Feng.

Chen Feng secretly left the Galaxy Sword Sect, and the Eight Great Forces wanted to send someone to punish them secretly, and it quickly spread among the Eight Great Forces.

Almost all the disciples heard about this news.

Many disciples who had a fairly good level of cultivation have invited Ying.

Chen Feng's previous performance in the challenge was really arrogant!

Although they have to admit, Chen Feng is very strong.

But the stronger he is, the more angry everyone is.

And among these people, a few disciples silently exchanged glances with each other.

These people are those immortals from the top of the sky.

If Chen Feng really died outside, the eight major forces could take the opportunity to attack the Galaxy Sword Sect.

Must find a way to destroy at a high point!

Therefore, after determining each other's attitude, they immediately showed their strength.

"I also want to participate in the killing of Chen Feng!"

...

Here, Chen Feng stepped into the teleportation scroll.

The sense of weightlessness came immediately.

But it quickly returned to normal.

He stepped on the flat ground again.

Chen Feng quickly glanced around.

His location was in an alley not far from Canglanjiang's home.

The Canglan River House is located in a huge city in Canglan City.

Compared with the Galaxy Sword Sect and other places, here is more life-like.

No wonder it is the second-tier fairy gate.

Not far behind Chen Feng, there was even a bazaar with constant cries.

If Chu Ping were to do something here, I am afraid it would really be a waste of life!

Thinking of this, Chen Feng's face sank.

He quickly contacted the Demon Heart in Lu Xingwei's spiritual world.

Through Lu Xingwei's perspective and thoughts, Chen Feng quickly understood the situation of the previous day.

Chu Pingsheng had already contacted the Jiang family once.

But, for some reason, he didn't directly do it.

But precisely because he didn't do it directly, Chen Feng felt that the situation was not right.

Lu Xingwei had previously received instructions from Chen Feng.

As long as Chu Pingsheng takes action against the Jiang family, he must try his best to stop it.

Therefore, he appeared in front of Chu Pingsheng.

Who is Chu Ping's life?

As soon as he saw Lu Xingwei appear, he already understood.

I'm afraid this person has defected.

At this moment, Chu Pingsheng was standing in front of Lu Xingwei.

The two even sat opposite each other, drinking tea in a teahouse not far away.

He looked at Lu Xingwei with a smile.

"How did Chen Feng tell you?"

"Promise you more rewards, or tell you I'm lying to you?"

Facing Chu Ping's peaceful questioning, Lu Xingwei remained silent.

If he hadn't taken that oath, he might still be shaken.

But right now, the oath has been taken.

With Heaven dominating, he can only be Chen Feng's person.

No matter what conditions Chu Pingsheng uses to win back, he will never betray.

But at this moment, a voice suddenly sounded in Lu Xingwei's mind.

"Cooperate with him and see what he plans to do."

The speaker is naturally Chen Feng.

At this time, Chen Feng held the Soul Locking Yumu in his hand, and completely restrained his breath.

The other side is rushing quietly.

Lu Xingwei received the order immediately.

His face trembled slightly, and there was a look of struggle and hesitation on his face.

After a while, he spoke slowly.

"I heard that you may promise the other two helpers the chance to enter the fourth floor of the Sutra Pagoda."

"Does Minyilou have such a skill?"

"Or is it that you, Chu Ping, have the qualifications to enter the fourth floor of the giant tower of the Tibetan Buddhist scriptures at least three times?"

Hearing this, Chu Pingsheng laughed immediately.

[Chapter 5578: Fight Chu for a lifetime!](#)

He shook his head and drank the cup of tea up.

"Since I promised you, there must be."

"Otherwise, you think, why do you respect me?"

Hearing this in Lu Xingwei's ears, it naturally caused a ripple.

He doesn't even need to pretend.

The reaction at this time is what Chu Pingsheng expected to see.

Chu Pingsheng continued to persuade him.

"But it's okay. At this time, Chen Feng's kid must think you were moved by him."

"We are just going to plan."

"Just pretend to be persuaded by him and continue to be by his side."

Hearing this, Lu Xingwei had to sigh with emotion.

Chen Feng and Lu Ping are worthy of being enemies for so long.

The two are equally matched in terms of resourcefulness.

Even the reaction is exactly the same!

Unfortunately, Chen Feng took a step forward.

And he was more considerate than Chu Pingsheng.

Chen Feng sneered at this scene.

He immediately reminded Lu Xingwei.

Soon, Lu Xingwei stood up suddenly.

He struggled with his face and quickly spoke to Chu Pingsheng.

"Chen Feng has come here."

"If you don't want to be discovered by him, we'd better leave as soon as possible."

When the words fell, he quickly showed a look of hatred towards Chu Ping.

Chu Pingsheng shook his head.

With confidence, he got up and went downstairs and said as he walked.

"Don't worry, I will go to Jiang's house now."

Before the words fell, his figure disappeared instantly.

Almost at the same time, he appeared outside the Jiang family's mansion.

Sure enough, Chen Feng hurried to the next moment.

When he saw that Chu Ping was about to walk towards Jiang's house, he immediately shouted angrily.

"Chu Pingsheng, I want you to die!"

boom!

There was a loud noise.

An extremely powerful force erupted outside Canglanjiang's house.

Such a big movement naturally caused the Jiang family.

Soon a group of people came out to check.

As soon as I went out, I saw two men fighting outside the door.

One of them was someone they knew well.

The person in the lead yelled immediately.

"Who would dare to hurt Young Master Chu, it's better to ask me first if Jiang Feibai will agree!"

Hearing this, Chen Feng's mind shook.

He instantly realized Chu Ping's plan!

Like him, Chu Pingsheng is also using divorce.

When Chen Feng recruited Lu Xingwei to become his person, Chu Pingsheng was also deceiving the Jiang family.

The visitor was Jiang Feibai, the head of the Canglanjiang family.

Jiang Feibai was dressed in a red robe, and between his eyebrows, he could see that he was somewhat similar to Fairy Yuheng.

Their family really likes red.

Even the temperament and some behavior habits can see each other's shadows.

Chen Feng can be sure only after meeting at first sight.

Fairy Yuheng has a father-daughter relationship with Patriarch Jiang Fei.

And the two are extremely emotional!

I'm afraid that Chu Pingsheng was aware of this too, and then started on it.

I don't know what method was used to make Jiang Feibai believe that Chu Pingsheng has a close relationship with Fairy Yuheng.

As a father, Jiang Feibai naturally guessed where his daughter had gone.

Now that Chu Ping was born, he naturally regarded people as his guests.

hateful!

If Jiang Feibai had an accident, with Fairy Yuheng's temperament, he would definitely not want to live.

Chen Feng looked at Chu Pingsheng and saw the pride and arrogance in his eyes.

He didn't do anything anymore, standing still, the corners of his lips slightly curled up.

As if saying silently:

The person you want to protect is now in my hands, see what you can do!

Chen Feng clenched his teeth and clenched his fists.

The nails are almost embedded in the flesh.

And at the next moment, something even worse happened.

The eight great forces are here!

"Hahahaha, good you Chen Feng."

"There is a way to heaven, you don't go, and there is no way to hell, you just go."

"It's really seeking a dead end!"

There was a loud laughter, and Chen Feng and others followed the sound instinctively.

I saw dozens of figures quickly appeared in the distance.

Everyone's cultivation base is above the fourth cave sky of the Shifang Dongtian realm!

The leader is the second strongest disciple of Longya Immortal Sect, Pei Yuanqing!

The people came with high spirits and high strides.

A firm and tight tendon, muscle knots!

The whole body is filled with explosive power.

He strode forward and appeared in front of Chen Feng after a breath.

Chen Feng ignored him either.

He only turned to look at Jiang Feibai and took out a jade medal.

There is a Jiang character engraved on it.

"Patriarch Jiang, here is Jiang Yuheng's friend, Chen Feng."

"Don't listen to Chu Pingsheng's nonsense."

"This person, me, and Jiang Yuheng are all four enemies!"

However, I don't know what kind of Ecstasy Chu Pingsheng poured Jiang Feibai into.

After hearing what Chen Feng said and seeing the jade medallion, Jiang Feibai's face suddenly sank.

He looked at Chen Feng, gritted his teeth with hatred.

Shaking all over!

The next moment, he killed with a single sword.

"Good, you Chen Feng!"

"Sure enough, as Young Master Chu said, you killed my daughter and you still used her things to deceive the old man!"

"I don't share the same spirit with you!"

As soon as he said this, Chen Feng reacted instantly.

Chu Pingsheng put him together.

Almost at the same time, Chu Pingsheng, Pei Yuanqing and others in the distance came to Chen Feng at swift speed.

An encirclement was formed instantly!

Even though Chen Feng had an extremely powerful cultivation base, he couldn't resist it at this time.

Once he strikes back, Jiang Feibai will surely be injured!

Chu Pingsheng had calculated this point accurately, and then he did it intentionally!

In this way, Chen Feng could not exert his full strength.

He can only compress his strength to a level comparable to that of Chu Pingsheng and others.

At this time, the great Xiu Luo Honglu was not by Chen Feng's side.

Unable to attack and unable to defend.

Chen Feng instantly fell into a dangerous situation.

Although the disciples who came to besiege and killed by the eight major forces are not very clear, what happened here.

But when he saw Chen Feng in jail, he came to siege without a word.

All kinds of killer moves suddenly appeared in all directions!

Fatal moves!

Even if Chen Feng has a hundred hands, I am afraid it will be difficult to match!

Between the sparks and sparks, he only heard a loud shout.

"Don't hurry up!"

Before the voice fell, loud noises sounded one after another.

Immediately afterwards, the screams rang through the sky.

In the Dragon Tooth Fairy Gate, a disciple punched through Pei Yuanqing's Dantian world with one punch!

Pei Yuanqing was originally very proud.

At this moment, he stopped and turned around slowly.

"why....."

But no one will answer him.

Similar scenes appeared one after another among the teams of the eight major forces.

Others can't see it, but Chu Pingsheng can see it naturally.

Those who started sneak attacks are also immortals from the top of the sky.

He never expected that Chen Feng had already quietly recruited so many immortals!

This made Chu Ping's life a little panic.

Suddenly, Chu Pingsheng's whole body suddenly stood up.

A great danger comes from my instinct!

Without saying a word, he immediately dodged towards the distance.

But it was still a step too late.

boom!

Lu Xingwei suddenly acted on him.

Come over with a punch!

No matter how fast he dodges, that punch still hit half of his dantian world.

[Chapter 5579: You can't kill me!](#)

Fortunately, he responded quickly!

Make a decisive decision and fly away.

Chu Ping vomited several mouthfuls of blood, and his complexion suddenly turned pale!

He has an incredible face.

"why!"

He couldn't figure it out.

It was obvious that Lu Xingwei had been persuaded by him, why did he turn back temporarily?

Could it be that Chen Feng was just now, what promise did he quietly make to him?

No, that's not right!

Chen Feng at this time may not be much more decent than him.

In order not to hurt Jiang Feibai, Chen Feng did not dare to do his best.

The overwhelming attack came quickly, and he only had time to flee in embarrassment.

It is absolutely impossible to have any more power to lure Lu Xingwei.

Suddenly, a thought flashed through Chu Pingsheng's mind.

He immediately opened his eyes wide and stared at Lu Xingwei.

"You have already played for Chen Feng?"

"The previous performance was just lying to me!"

It wasn't until this time that he finally realized it.

Not far away, Jiang Feibai's expression suddenly shrank when he saw that Chu Ping was seriously injured by a surprise attack.

Seeing to be a big fight.

But at this time. Lu Xingwei and the other immortals have bought enough time for him.

Chen Feng acted decisively and tried his best to urge Tai Shang Yuqing's Jiushou Zhen Jue.

In an instant, countless Dao Yun rushed away at Jiang Feibai.

All his life covered him inside!

After finishing this step, Chen Feng breathed a sigh of relief.

He held his fist and arched his hands at Jiang Feibai.

"Patriarch Jiang, whether you believe it or not, I am indeed a good friend of Jiang Yuheng."

"She is still alive, very well."

"The cultivation base has already broken through the Shifang Dongtian realm, and there is great hope to become a powerhouse in the spiritual virtual realm."

After speaking, no matter how Jiang Feibai reacted, Chen Feng immediately turned around.

Quickly rushed towards Chu Pingsheng.

"Chu Pingsheng, you dare not kill me head-on, you actually used Fairy Yuheng's family as a threat!"

"Today is your death date!"

boom!

Loud noises sounded one after another.

Without Jiang Feibai shackled around, Chen Feng immediately acted unscrupulously.

The extremely terrifying breath finally broke out.

At this moment, all the eight major power disciples present, or the immortals on the top of the sky.

All were deeply shocked!

They thought that during the challenge during this period, Chen Feng had already burst out all his cultivation skills when facing Luo Yiyun.

But until this moment, they suddenly realized.

They are all wrong!

Chen Feng has been hiding his cards!

Now, the breath that burst out of him is completely crushing!

The breath was accompanied by the golden rhyme, and rushed towards Chu Pingsheng.

In an instant, Chu Pingsheng's breathing became stagnant, and his pupils shrank suddenly.

The pressure in front of him slapped him frantically.

I can't wait to smash him completely here!

However, he is Chu Pingsheng.

Boom!

With a loud noise, the familiar figure didn't know what to do.

It was actually able to avoid the beating of air waves.

But some immortals onlookers in the distance were swept away by the murderous intent.

Almost a surge of blood.

"The aftermath alone is so powerful."

"How strong is Chen Feng's strength!"

Many immortals looked at the confrontation between the two in front of them, feeling deeply.

"It's no wonder that some great wilderness master appointed him the guardian of the Eastern Desolation Immortal Territory."

"I'm afraid, only a monk like him can improve rapidly."

Brilliant.

It's too bright to look directly at.

Chen Feng rushed forward, flipping his hands, and Qingqiu Tiandao swung high.

Too much to kill God!

At the same time, in his star sea world, hundreds of stars burst out with dazzling light.

Above those stars, there is a golden Taoist rhyme.

In the lingering of Dao Yun, every star that changed from imaginary to real is spinning.

The power of the stars was absorbed from the depths of the universe and poured into Chen Feng's body.

Buddha's angry eyes and roaring power!

In an instant, the purple-white light flourished.

An incomparably huge lion, carrying a majestic and angry Buddha.

The two crossed the void and came quickly.

At this time, Chu Pingsheng's complexion finally changed drastically.

He turned around and wanted to leave, but how could he escape now?

Time seemed to stop suddenly.

The spiritual world has lost its sense of time.

Chu Pingsheng felt that his body suddenly couldn't move.

That is a very strange bondage.

But he could only watch the Buddha stretch out a finger and press it on his brow.

"what--"

Screams sounded.

The powerful sealing power instantly made him lose control of his physical body.

In an instant, white rays of light came straight at him.

It seems that Chu Ping's life is about to be cut in half.

But at this moment, something strange happened.

Even if he had been imprisoned, when the sword of God Zhuo Zhan was smashed, Chu Pingsheng's body moved!

In a very strange posture, he jerked his feet on the ground.

Then, the person flashed quickly to the other side.

boom!

The loud noise recurred.

Too Shang Zhushen cut a hole!

The street in the distance madly split a huge and bottomless gully.

But Chu Pingsheng avoided this fatal blow once again dangerously and dangerously.

By this time, Chen Feng had faintly noticed that something was wrong.

There is something special about Chu Ping's life.

However, you should take advantage of the victory at this time!

Chen Feng stared at the middle-aged man who was already quite embarrassed not far away.

He gritted his teeth and shouted.

"Whatever you have, I see how long you can last!"

Next, he began to shoot Chu Pingsheng one after another.

The first and second stages of the Taishang Yuqing Nine Shou Zhen tactics have already been perfected by him.

The golden Dao Yun once again condensed a complete golden long knife.

The Qingqiu Heavenly Sword and the golden long sword besieged Chu Pingsheng.

"puff!"

Chu Pingsheng was once again swept away by Ling Xu's murderous intent.

He vomited blood again on the spot.

However, by this time, Chen Feng had already noticed the problem.

Chu Ping's current cultivation base is far inferior to him.

Naturally, there is no ability to fight back.

However, it seems that there is a kind of power in the dark that is constantly blocking other people from dealing with him.

The crowd onlookers in the distance were also a little surprised.

However, soon there was an immortal from the top of the sky, thinking of something.

The man called out.

"It is said that after Chu Pingsheng came to the top of the sky, he soon found his own way."

"Could it be because of this?"

Chen Feng's heart moved slightly when he said this.

Chu Pingsheng found a trail, and Fairy Yuheng once told him about this.

That trail is a special one,

Whether it is a legitimate reason or a perverse reason.

As long as the Dao Heart is firm enough for Chu Pingsheng, he will be able to embark on this trail better.

Then, borrow the power of this trail to protect yourself!

It seems that this is the situation right now.

At this time, Chu Pingsheng saw Chen Feng's face constantly changing.

He spat out blood casually and even laughed lazily.

"You can't kill me."

As soon as these words came out, Chen Feng suddenly stopped.

He stood quietly on the spot, looking at Chu Pingsheng's face, expressionless.

Chu Pingsheng laughed more wanton.

"Chen Feng, it's okay to tell you."

"As long as my Dao heart is firm and self-identification, I will be in an invincible state."

"No matter what, you can't kill me!"

Chen Feng stepped forward indifferently, stretched out his hand, and grabbed his neck.

He pinched his neck directly and disappeared in place.

The golden Tao Yun appeared and disappeared in a hurry.

Before leaving, Chen Feng also issued the next instructions to Lu Xingwei through Demon Heart.

Protect the Jiang family anyway!

The Taishang Yuqing Nine Shou Zhen Jue was turned to the extreme.

Chen Feng took Chu Ping's life and disappeared near Canglanjiang's home.

At the same time, the two figures appeared on a floating mountain far away from Canglan.

As soon as someone brought it here, the golden Daoyun burst into a dazzling light.

The golden beam of light almost rose into the sky.

Then, Chu Ping was actually imprisoned in place.

He was let go, coughing embarrassedly, and locked up, but Chu Pingsheng was not afraid at all.

"You give up."

"There have been countless people who wanted to deal with me. Among them, there are many people who are stronger than you."

"But, none of them can kill me, even less for you!"

The previous Chu Ping was extremely confident and full of spirits.

Like a real king.

But now, he is so embarrassed and helpless, but still smiling.

It seems that I don't care about the situation at all.

At this moment, Chen Feng's expression suddenly moved slightly.

In the next moment, more golden Dao Yun crazily poured out from around him.

In the empty void, golden, extremely complicated patterns suddenly appeared!

Chu Pingsheng stood in the translucent prison of golden Daoyun, looking up at the sky.

His face finally showed a panic from the confident and proud mask!

"impossible....."

But those golden patterns in the sky are still changing at this time.

There was no one within hundreds of miles.

At this moment, in Chen Feng's Star Sea World, the golden Dao Yun continued to spread around the seedlings of the World Origin Tree.

The golden, but extremely strange and complicated picture that appeared before him.

No one can be unmoved.

"This is... Chu Pingsheng's trail?"

The inheritance of the Yuxu Immortal Gate is related to Taoism, and the emphasis is on the integration of heaven and earth.

It is precisely because of this that he discovered something wrong at this time.

Moreover, through the resonance of Taoist rhyme, this special trail was revealed.

Although it was only the tip of the iceberg, it did not reveal all the truth.

However, it was enough to make Chen Feng feel shocked!

The extremely complicated and strange pictures in front of me are all outlined by thin golden silver lines.

They are overwhelming, spreading in all directions towards the void.

Chen Feng wouldn't know if it hadn't been made current today.

The avenues and trails will appear in the void in this way.

He reached out, trying to touch it.

But for some reason, no matter how he stretched out his hand, the golden path close at hand seemed to be far away.

It's hard to come by.

Seeing this scene, Chu Pingsheng relaxed again.

He burst into laughter, and even lay motionless in place.

"With you, you still want to touch the way of heaven?"

"I already said, you can't destroy it."

"As long as my trail is complete in one day, it will protect me from death threats."

Chen Feng no longer visited him.

Because, at this moment, another thought appeared in his mind.

He had already seen it just now.

With his current strength, it is impossible to touch the slightest bit of Heaven.

But what if he also discovered a way?

If you use the Avenue of Gods and Demons to deal with the trails that can't be named.

Of these two, just by hearing the name, you will know which one is strong and which is weak.

One is the trail and the other is the avenue.

Thinking of this, he suddenly looked at Chu Pingsheng in the golden prison in front of him.

"Have I told you that I am a **** and demon body refiner."

As soon as the words came out, Chu Pingsheng, who was laughing triumphantly, suddenly looked hard to look.

He could vaguely guess what Chen Feng wanted to say.

Sure enough, the next moment, Chen Feng stared at him and smiled.

"You said, can I use the Avenue of Gods and Demons to defeat your trail?"

"As long as the trail is not there, Dao Xin does not exist."

"You will never die!"

Chen Feng's words finally shaken Chu Pingsheng.

When a trace of panic appeared in his eyes, Chen Feng seized the opportunity.

In the surrounding golden cage, a few strands of rhyme were suddenly formed into long swords.

The long knife was still shining with bright golden light.

He quickly slashed towards that Chu Pingsheng.

"puff!"

This time, the knife was dipped firmly on Chu Pingsheng.

He suddenly vomited blood, and the blood was flowing like a shot.

A huge gap suddenly appeared in his body.

Bone can be seen deep in the wound.

Chu Pingsheng, who was originally energetic, suddenly fell into depression.

However, I have to say that his response was extremely fast.

When Chen Feng grasped the moment of shaking, Chu Pingsheng quickly adjusted his mentality.

Not only that, he also smiled and explained to Chen Feng.

"If you don't do it, maybe I will still be damaged."

"But your eagerness to do it just exposes yourself."

"You give up, I won't shake my Dao Xin again next."

"Unless you can smash the whole trail, otherwise, I am immortal."

Looking at Chu Pingsheng's triumphant face, Chen Feng was extremely angry.

He looked at Chu Pingsheng fiercely, and an idea immediately surged in his heart.

The words of Chu Pingsheng just now really pointed the way for him.

With his own strength, naturally he could not smash the entire trail.

But what if there is a stronger road?

Thinking of this, Chen Feng raised an eyebrow and smiled.

"In that case, I will try again!"

There are still five days to go back, and these five days are enough for him.

He immediately turned around, and his whole body quickly revolved around the God and Demon Lingxiao Art!

Hum!

The first part of the God and Demon Lingxiao Jue has now been thoroughly mastered.

Dahua gods and demons, reshaping flesh and blood, and tempering gods and demons!

According to the second, which is the next one.

Melting blood nirvana, new blood, and blood fusion!

The God and Demon Lingxiao Art records that the reason for doing this is to make the blood of the God and Demon reach its peak state.

At that time, he could truly open the door to the Avenue of Gods and Demons.

Since then become a **** and demon body refiner!

At that time, Chen Feng thought of...

If he remembers correctly, the supreme blood is flowing in his body.

The blood of the gods and demons has reached an extremely high state.

With his blood level at this time, isn't it enough to open the door of the Dao of Gods and Demons?

The next moment, Chen Feng reached out and held Chu Pingsheng's chest.

"what!"

The screaming scream quickly echoed in this void.

Go straight to the sky.
