

Peerless 5581

[Chapter 5581: Road rolling!](#)

Large patches of light red blood mist surging from Chu Ping's body.

Moving towards Chen Feng's body continuously.

Chen Feng smiled as he absorbed the blood of Chu Ping.

"What if I use the Avenue of Gods and Demons to deal with you?"

"Like this?"

boom!

The Supreme God Demonizes the Dragon Art, running at full force.

An unprecedented powerful force broke out from the Dantian world.

In the next moment, a dark red thick blood chain was dragged out of the Dantian world.

"Suck!"

Chen Feng kept forming seals on both hands, changing into different hand decisions.

He decided to try to fuse the blood of the gods and demons.

In an instant, layers of golden Dao Yun surrounded the two.

The surrounding environment is constantly changing.

More and more golden Taoist rhymes continued to spread out in the void where the two of them were.

A blood of the gods and demons began to turn into blood fog again.

Then, the blood mist was introduced into Chen Feng's body as if it were being pulled.

They try to blend into Chen Feng's blood.

However, this process is extremely difficult.

Chen Feng only felt like a thousand swordsmen.

The blood rushing in his body almost boiled to an explosion.

The only comforting thing is that the blood of the gods and demons, bit by bit, was actually integrated into his supreme blood!

Hum!

There seemed to be another movement in the ear.

The first bloodline of the gods and demons was successfully integrated!

Before Chen Feng could take a breath, he was ready to fight again.

Suddenly, his whole body was frozen, his complexion changed abruptly.

Between the lightning and flint, there seemed to be a closed door in his mind, and it was suddenly pushed open easily.

Chen Feng didn't know what it was.

However, he instinctively knew what it was.

"I am... formally comprehending the Avenue of Gods and Demons?"

Even if it was him, he couldn't help but react a little at this time.

Only then did I absorb a bloodline, how did I realize it?

When you close your eyes, your divine sense can see the avenue of gods and demons all over the world.

Different from Chu Pingsheng's trail.

The rhyme all around is even bigger!

Cover the sky!

The rhyme of the road of gods and demons, with a little blood in the gold.

They continue to spread in the air, like branches, growing wantonly.

At the same time, those mysterious and huge Taoist rhymes approached Chen Feng from all directions.

Slowly included him!

call--

When the divine consciousness was completely connected with the avenue of gods and demons, Chen Feng seemed to hear a long breathing.

From this moment on, he could perceive the clear road.

The two seem to merge into one and become a whole.

Chen Feng was excited.

Although I don't know why, it succeeded only by absorbing and fusing a common blood.

But no matter what, this is a good thing!

The next moment, he turned his head and stared at Chu Pingsheng.

A bloodthirsty smile rose from the corner of his mouth.

"Chu Pingsheng, how does the trail you understand compare to my Avenue of Gods and Demons?"

Before he finished his words, Chen Feng tried his best to urge Tai Shang Yuqing's Jiushou Zhen Jue.

The golden rhyme quickly emerged from the body.

Echoes the rhyme of the Dao of Gods and Demons between heaven and earth.

At this moment, Chen Feng finally succeeded in urging the Avenue of Gods and Demons, and rolled away!

boom!

Compared to fighting, the direct confrontation between Tao and Tao looks calmer.

However, the fluctuations they cause are especially terrifying in the eyes of the strong.

It is by no means comparable to ordinary fighting!

Seeing this scene, Chu Pingsheng finally changed his face.

His usual self-confidence finally broke a crack.

And this crack is the beginning of breaking.

In front of the Avenue of Ancient Gods and Demons, his trail was vulnerable.

There is no room for resistance!

The avenue was crushed head-on, and Chu Pingsheng felt that his consciousness was agitated.

It was dark before his eyes.

Unprecedented despair spontaneously arises.

Chen Feng, too strong!

His Dao Heart was finally damaged, and his invincible posture could no longer be guaranteed.

"puff!"

Chu Pingsheng was trapped in a prison made of golden Daoyun, vomiting blood.

The appearance of the original aura, haggard and decayed a lot in an instant.

In the distance, everyone was stunned and looked at Chen Feng.

His face was full of shock.

"He actually realized a great road!"

"Moreover, it is still the Avenue of Gods and Demons!"

Among many avenues, the Avenue of Gods and Demons is among the best!

But, for some reason, it once flourished for a while, but it lost its heritage in many places inexplicably.

However, there is no doubt that anyone who can enter this way has an unlimited future!

Even Fairy Yuheng's father Jiang Feibai couldn't help but change his face when he saw this scene.

But only Chen Feng frowned.

It seemed that his complexion was even more serious.

Just when someone noticed this, a string of laughter sounded abruptly.

"Ha...Haha..."

Everyone followed the sound.

However, Chu Pingsheng was embarrassed while smiling unscrupulously.

He raised his head and looked at Chen Feng, but his expression was extremely disdainful.

"Do you think you will win this way?"

Chu Pingsheng took a sip.

"If you dare to kill me, there will be endless troubles!"

"What's more, you can't kill at all..."

Before he finished his words, he saw a sharp murderous aura accompanied by a dazzling white light, passing by.

Fast as lightning and thunder!

Straight to Chu Pingsheng!

boom!

This utterly utterly crippled God Slash, completely hit Chu Pingsheng!

The golden prison shattered and dissipated in the void.

And the middle-aged man inside was chopped in half!

The next moment, it shattered into a blood flower in the air!

This kind of picture evoked many people present.

However, at this moment, Chu Pingsheng's voice could still be heard slightly:

"You...can't kill me."

Flesh and blood splashed all over the floor.

Chen Feng stood there silently, looking at Chu Pingsheng's body for a while in silence.

Lu Xingwei on the side stepped forward.

"He died, what should I do next?"

Hearing this, Chen Feng suddenly seemed to have been told something.

His expression was somber as iron.

"No, he said it twice before he died, I can't kill him."

"With Chu Ping's temperament, I'm afraid there is really something left!"

Chen Feng didn't feel right anyway.

In his mind, Chu Shaoyang suddenly thought of it.

At the beginning, he also personally killed Chu Shaoyang, but someone resurrected him.

Now the five friends have not been resurrected, all died at the hands of Chu Shaoyang.

In any case, Chen Feng does not want to make the same mistake again!

The next moment, an idea came to mind.

"I want to call souls!"

Chu Pingsheng had just died, and his body hadn't dissipated the remaining temperature.

At this time, you don't even need to use the Hundred Ghost Night Calling Spiritual Sutra, you can surely bring back a few ray of soul.

Chen Feng glanced around.

In the past, he conjured souls for six friends including Bai Shanshui.

All the preparations at that time were ordered by the emperor of the Tianyuan Dynasty.

The high platform, the banner made of the shroud, all kinds of things from the shade to the cold.

But now he is not prepared for anything.

Fortunately, he is not what he used to be.

What's more, he didn't want to recall all of Chu Ping's soul as much as possible.

[Chapter 5582: Six Ways of Reincarnation!](#)

Just a little spiritualism is enough.

Chen Fengyang said: "Lu Xingwei, protect me!"

Before the words fell, Lu Xingwei walked up.

"Yes!"

Hum!

The earth shook suddenly.

Under the gaze of everyone, a golden Taoist rhyme quickly appeared under Chen Feng's feet.

The golden Daoyun quickly condensed into a ninety-nine-meter high, rounded platform.

I saw Chen Feng suddenly stretch out his hand.

"The flag is coming!"

The next moment, a big banner was slowly condensed in his hands.

Chen Feng directly inserted it in the center of the high platform!

The moment the banner was placed, golden light rose to the sky, reaching a height of a thousand meters.

The golden light was extremely strong, but it was filled with eerie and strange aura.

And in that high platform, all the golden light was injected into this golden light.

The golden light looks like a huge pillar in the eyes of everyone.

But in Chen Feng's eyes, it turned into countless things like Tao Yun.

Those "Dao Yun" are like long and dense silk threads, constantly spreading away.

In an instant, he nailed a radius of three hundred li all over.

It's like a giant tree of world origin, like a single tree into a forest, and like a giant net.

Covered hundreds of miles in a radius!

This is the benefit after comprehending the Great Way of Gods and Demons and the Taishang Yuqing Nine Shou Zhen Jue.

Even without the aid of the yin and cold things, as long as you can grasp the rhyme of the Tao, you can still call the soul!

On the high platform, Chen Feng began to take strange and mysterious steps.

In an instant, that set of steps was completed.

Then, his arms raised.

A palm slapped on the high platform!

The green flames in the palms flickered out and spread to the entire high platform instantly.

Bang!

The cyan flame rose fiercely, and stretched up the flagpole to a height of one thousand meters.

Then, it spread along the strands of silk.

Suddenly, hundreds of miles around was filled with blue flames.

In an instant, all the ghosts wandering in this area were attracted.

Above the sky, black smoke suddenly covered the sky.

That is countless ghosts!

Everyone raised their heads to look at the sky, and at a glance, the radius was as large as dozens of miles.

Black clouds continue to cover the high platform.

Almost in a blink of an eye, the layers of black clouds have already come directly above the high platform.

Then, he sat cross-legged and operated the method.

Compared with the extreme pain last time, Chen Feng's breath has changed rapidly now.

Within a moment, the whole person was faint and vague, with a bit of eerie and strange.

He stood up slowly, his eyes cold and quiet.

The figure is a bit stiff.

Then, he opened his fingers, and a little faint flame floated out.

The faint flame is pale, like a ghost fire.

The flame fell on Chu Ping's broken body.

At the next moment, Chen Feng took a strange step again.

The action is extremely exaggerated and absurd, but with unspeakable meaning of ancient barbarity.

There is solemnity in the weirdness, grandeur in the absurdity!

It's heart palpitating!

Just like the great Nuo dance of the ancient ancestors!

Green ghost fire, blazing.

In the midst of the fire, Chen Feng danced the great Nuo dance, calling out a desolate and distant call:

"Soul, come back!"

With just one sound, it is like shaking the world, rolling and reverberating under this sky!

In front of Chen Feng, Chu Pingsheng's body suddenly moved.

Rumble!

Lightning fell from the sky.

Even Thunder is a green faint.

And the dense ghosts were agitated.

Then, a ghost appeared in it, enveloped by the light of the thunder, slowly falling.

It fell on Chu Pingsheng's body.

The whole process was very smooth!

Chen Feng didn't even consume too much cultivation and energy.

He stepped forward, only to see Chu Pingsheng's ghost with a dull expression on his face.

Moreover, the light is dim and the breath is insufficient.

This means that his three souls are not complete!

Chen Feng was expressionless and waved to withdraw all the golden Dao Yun.

The next moment, the high platform disappeared, and countless black clouds disappeared.

The heaven and the earth regained tranquility.

This dim sky, as if nothing had ever happened.

Chen Feng came to Chu Pingsheng's ghost and smiled.

He wanted to catch even a ray of ghost.

However, because the response was too fast, the evocation was too timely.

At this moment, in Chu Ping's ghost, there is one soul and three souls!

However, only one soul and three souls are enough for Chen Feng to be sure.

There are people behind Chu Ping's life!

His soul dissipated too fast!

At the beginning, Bai Shanshui was able to recruit two souls and three souls after many days of death.

Chu Pingsheng was much stronger than Baishanshui in terms of strength and willpower.

How could it dissipate so quickly if no one was calling the soul behind?

Chen Feng couldn't help being thankful that he reacted quickly enough.

He grabbed Chu Ping's soul and soul in his hand.

As long as the soul does not return, no matter who is behind the person who wants to be resurrected, he will never want to fully resurrect Chu Pingsheng!

The whole process was seen by everyone.

Everyone was shocked.

This is the magic of soul calling!

Chen Feng was able to urge him with a wave of his hand, and brought back the soul of the person who had just been killed by himself!

Even Lu Xingwei couldn't help being silent.

Then, looking at Chen Feng, his gaze became firmer.

In the next moment, Chen Feng performed the reincarnation of heaven and earth.

The faint blue light lit up.

In an instant, the remaining memory fragments of Chu Ping's life were scraped clean.

At this moment, Chen Feng's expression suddenly changed.

His luck is not good or bad.

Among the remaining one soul and three souls, there happened to be the whereabouts of Gong Licheng.

It turned out that Gong Licheng first found Chu Pingsheng after entering the Xuanhuang Zhongqian World.

It was also because of Gong Licheng's words that Chu Pingsheng suddenly cut off contact with Lu Xingwei.

He, start acting alone!

And Gong Licheng went to... the Southern Wilderness Immortal Territory!

When Lu Xingwei saw Chen Feng's face changed drastically, he was a little worried.

He stepped forward two steps and asked.

"what happened?"

Chen Feng shook his head and didn't say anything yet.

When Gong Licheng approached Chu Pingsheng, he personally told him that he had been to this mysterious world.

It was also the last experience that made him hear of one thing.

The Southern Wilderness Immortal Territory seems to hide a special technique.

When Chen Feng heard this, he instantly guessed.

Almost nine out of ten is the second chapter of the Hundred Ghost Night Calling Souls, the Six Paths of Reincarnation!

At this moment, Gong Licheng had already gone to the Southern Wilderness.

He even put the tasks issued by the Lord of Heaven on it.

It seems that there are enough hole cards to offset the consequences of the failure of the trial mission.

Chen Feng's heart suddenly became anxious.

He is bound to win the second chapter of the Hundred Ghost Night Calling Souls concealed in the Southern Desolate Immortal Territory!

Never allow anyone to take the lead!

"It seems that I have to hurry up on the agenda."

Chen Feng is no better than Gong Licheng.

He didn't have enough hole cards to offset the consequences of failing the trial mission.

[Chapter 5583: Sorry to disappoint you](#)

Therefore, what he has to do now is to complete the task as soon as possible.

Then immediately went to the southern barren fairyland.

Before Gong Licheng found the second chapter of the Hundred Ghosts Nights Calling Souls, he was the first to find it!

Thinking of this, Chen Feng's eyes were full of chills.

He retracted his mind and looked at the ghost of Chu Pingsheng before him again.

"Since I have brought you back, I can't think about escaping again."

After speaking, he waved his hand.

Chu Ping's life was firmly held in his hands.

Suppressed in the spiritual world.

at the same time.

On the top of the sky, deep in the ground of the Yiyilou.

Suddenly, there was a vague roar that shook the earth.

"Who killed my son!"

The wing where Chu Ping was living trembled slightly for a moment.

However, calm was restored soon.

After Chen Feng finished all this, he waved back to the golden prison next to Jiang Feibai.

"Patriarch Jiang, I am a disciple of the Galaxy Sword Sect, Chen Feng."

"Presumably you also know that the eight major forces are now joining forces to defeat my Galaxy Sword Sect."

"And I, when I learned that Chu Pingsheng had come to you, I tried my best to stop him."

"Please think about it, whether he has ulterior motives or I have bad intentions."

Looking at Chen Feng's appearance of being neither humble nor overbearing, Jiang Feibai was finally skeptical.

At this moment, all those not far away were immortals from the top of the sky.

Chen Feng was not afraid to tell him.

"In fact, Chu Ping was not a person in this world."

"Patriarch Jiang, can't you still trust me compared to outsiders?"

Hearing this, Jiang Fei's expression changed.

In the end, a judgment was quickly made.

He looked at Chen Feng with a smile on his face.

"I blamed you by mistake."

"Think about it, my family Yuheng won't give away the jade card easily."

Chen Feng worried that those immortals on the top of the sky also had ulterior motives for the Jiang family.

Or he planned to learn from Chu Ping's life and use the Jiang family to deal with him.

He simply let Lu Xingwei stay in Jiang's house.

"Your trial mission, I will help you complete it!"

Time passes by every minute and every second.

In five days, with a trip to Canglan, it was almost used.

In addition to the Galaxy Sword Sect, a lot of people have already regrouped on the arena that was used as a martial arts challenge.

The disciples and elders of the eight major forces have all arrived.

The big east is gradually rising.

Thousands of morning clouds dyed the entire sky blood red.

However, Chen Feng was not seen in the martial arts field.

The leader of Longya Immortal Gate, Fu Ju, looked sideways over the martial arts field.

Then, he looked at Luo Xingchen jokingly.

"It's late too."

"Why, did Chen Feng plan to abstain from voting?"

As soon as these words came out, many disciples of the eight major powers seemed to have received instructions and clamored frantically.

"Isn't it as crazy as before?"

"Our big brother from Longya Immortal Sect hasn't even entered yet, so he dare not come out!"

"You can't say the same thing, after all, the big brother of Dayan Immortal Sect is quite powerful."

This remark immediately attracted the approval of many people.

The disciples turned their heads and looked at the center of the martial arts field.

Today, it is the big brother of the Dayan Immortal Gate, Taoist Fenglu, who is going to "join the war".

Although Feng Lu Taoist is a big brother in name.

But in fact, it's not just Dayan Immortal Gate.

Even the people of the other major forces have long regarded him as a powerful elder.

He has long had the cultivation base of the ninth cave of the Shifang Dongtian realm.

Not only that, but Dayan Immortal Gate is best at the art of formation.

And this big brother Fenglu knows this very well!

If it is said, the previous senior brothers of the immortal door have failed one after another.

So, the presence of Taoist Fenglu today has rekindled the hope of victory for many people.

"No matter how great Chen Feng is, he will never be an opponent of Taoist Fenglu!"

"I see, he just knows that Taoist Fenglu is playing today, so he doesn't dare to come."

The ridicule and ridicule are endless.

The eyes of the eighth leader elder also smiled.

Those disciples don't know, but they know very well.

Chen Feng is not in the Galaxy Sword School at all.

In today's challenge, Fenglu Taoists don't even have to do it themselves.

He will win without fighting!

Taoist Fenglu was also standing in the center of the martial arts arena, wearing a black and white Taoist robe.

Compared with the leader of the elder Mo Wenrui, it is also comparable.

He naturally knew about sending someone to chase and kill Chen Feng, who had sneaked out of the Galaxy Sword Sect.

Until now, none of the disciples sent by the eight major forces have returned.

This is enough proof.

Chen Feng, even if he was not killed, would definitely be in the midst of a hard fight.

There is no way to come back here to participate in the competition.

It was less than the time for a stick of incense until the agreed last time.

Taoist Feng Lu raised his chin extremely proudly.

He faintly looked at Luo Xingchen.

"You Galaxy Sword Sect, is this automatically surrendering?"

"Or, do you look down on us and refuse to let anyone out?"

The reason why the eight major forces are consuming here is to capture a reason for encircling the Galaxy Sword Sect!

As long as Chen Feng does not come out to challenge, there will be a reason.

The Galaxy Sword Sect was extremely arrogant, and took the initiative to tear up the challenge agreement, completely disregarding the eight major forces.

This kind of rhetoric was also prepared in the mind of the eighth leader elder.

Just wait for the time to come and immediately kill him!

At this moment, even within the Galaxy Sword Sect, the hearts of the people were distracted.

Chen Feng, haven't come back yet!

Especially some of the disciples and elders of the Sword Sect of Heavenly Power, even began to be strange.

"I don't think Chen Feng knew it, and those who played later were not good stubborn."

"Just made up an excuse and ran away?"

It's just that as soon as this remark came out, it immediately attracted a lot of cold eyes.

The speaker spoke and shut up immediately.

Yue Xinlan was also a little worried. She looked at Zhongli Yaoqin and was about to speak.

Suddenly, I saw Zhong Li Yaoqin, who had been calmly staring at the time of the last incense stick, suddenly spoke.

"coming."

Before the words fell, a strong breath appeared unexpectedly.

Hum!

The dazzling beam of light instantly lit up in the Galaxy Sword Sect.

The power of time and space continued to reverberate and spread.

Immediately, the expressions of the eight major forces changed.

The next moment, a golden halo quickly appeared on the edge of the martial arts field.

Many people have not even reacted yet.

As the golden rhyme was flowing, the familiar figure strode out.

"Sorry, let you down."

"I'm coming."

It is Chen Feng!

"how is this possible!"

The elders and disciples of the eight major forces who knew the inside story immediately took a breath.

In order to ensure that Chen Feng died outside, the eight major forces carefully selected a group of people.

He also repeatedly emphasized that if Chen Feng cannot be killed outside, he does not have to come back.

But now, none of those people have come back!

[Chapter 5584: Challenge, continue!](#)

However, Chen Feng came back intact!

Not only came back, but...

I always feel that the aura on him is stronger!

Taoist Fenglu stood there, his pupils shrinking suddenly.

As soon as Chen Feng appeared, he gave him a very dangerous signal.

Just being stared at by the opposite man like this, he was instantly on his back.

How is this going?

Is it possible that Chen Feng could be stronger than him?

Taoist Fenglu couldn't believe this anyway.

However, Chen Feng had already appeared in front of him and stood still.

Then, he suddenly smiled.

"Challenge, continue."

"However, before today's challenge begins, I want to make a splash."

As he said, he met Taoist Fenglu's gaze, and the corners of his lips curled up slightly, not smiling.

"I heard that there are seven treasures in the Eastern Wilderness, and the seven treasures can be combined to obtain a peerless treasure."

"It happens to be in my hand, there is one."

The fluorescence lights up.

The Lingbao gourd gifted by the Que Yuanzhou brothers appeared in Chen Feng's palm.

He looked at Taoist Fenglu, and then turned to look at the leader of the Dayan Immortal Gate, Mo Wenrui.

"Dare to come and play?"

The moment Chen Feng looked over, Mo Wenrui was inexplicable.

He always felt that Chen Feng seemed to know something.

One of the Seven Treasures of Dayan Immortal Gate, the Chongxu Heaven Book, was in his hand at this time.

How did Chen Feng know?

He couldn't figure it out, he could only temporarily attribute it to just looking at the leader elder.

After all, the leader elder is the one who really makes the decision.

Looking at Chen Feng's composure and even a hint of provocation, Mo Wenrui fell into silence.

He was a little afraid.

One of the Seven Treasures, although a single one is not a particularly top-notch.

But as Chen Feng said, the seven treasures can be combined to obtain a peerless treasure.

All the time, the eight major forces have been working hard to find them.

However, it can only be known that the four of them are in the hands of Dayan Immortal Gate, Giant Spirit God Sect, Dragon Tooth Fairy Gate and Galaxy Sword School.

Of the remaining three, one was heard recently by Chen Feng.

"It seems that Chen Feng has chosen Qibao's idea."

Many people secretly said in their hearts.

Chen Feng played this trick extremely beautifully.

Haven't the eight major forces always looked down on their Galaxy Sword Sect?

Don't you always look down on him?

He was clearly standing on the martial arts field and told them almost frankly.

I want to collect Qi Qibao!

Just ask the other eight forces if they dare to gamble!

If you dare not, there is no doubt that you will lose face.

As the strongest person of the dignified first-grade immortal gate, if he dare not use it as a prize winner, does he think he will lose?

Taoist Fenglu's face sank.

At this time, Chen Feng's next words were like a boulder falling into the water.

There was a stormy sea suddenly.

He glanced lightly at the remaining Giant Spirit God Sect and Dragon Tooth Fairy Gate.

"If you don't have confidence in one-on-one, I can allow the next game, the Giant Spirit God Sect and the Dragon Tooth Fairy Gate two to one."

"Caitou is still one of the seven treasures."

Before he finished his words, he flipped his hand and took out the World Destruction Golden Fan.

This is too ridiculous!

It was almost made clear to tell the people of the eight major forces.

If you don't dare to accept it like this, it's a waste of money!

It's just waste!

The audience was in an uproar.

Even among the Galaxy Sword Sect, everyone was surprised.

"Chen Feng is too crazy!"

"How dare he?"

Only Sikonghao, Yin Haoran and others who knew him well enough were almost excited at this time.

Their eyes were burning, looking at the tall and tall figure on the martial arts arena.

"This is him, he has always been so crazy!"

Elder Mo Wenrui finally couldn't hold back his old face, and agreed.

"Young people don't want to be mad."

"You gamble on it, your Lingbao gourd, just wait to give it away today!"

With that said, he turned his hand and took out the Chongxu Heaven Book!

Hum!

This is the first time Chen Feng has seen Chongxu Tianshu.

It was a wordless book of heaven. The material was unknown, and it looked like some kind of stone.

And he noticed one point very quickly.

When this book of Chongxu appeared, with Mo Wenrui as the center, the rhyme of Taoism in the void was distorted!

This Chongxu Tianshu can absorb the rhyme of Dao and Xiaodao!

Undoubtedly, this is undoubtedly a great weapon for the Dayan Immortal Sect who uses formation as its killer!

Chen Feng's heart moved slightly, and his breathing was slightly stagnant.

I can't wait to take down the Chongxu Tianshu immediately.

However, he quickly regained his composure.

With a smile on his face again, he looked at the two leader elders of the Giant Spirit God Sect and the Dragon Tooth Fairy Gate.

"I don't know what is the meaning of the two?"

"If I win this round today, all three Qibaos will win prizes."

"At that time, whoever wins will go to everyone."

As soon as these words came out, Yu Helei, the leader of the Divine Spirit Sect, was moved.

If Chen Feng wins today and then loses to their big disciple, then he will get a full four Qibao!

However, what they don't know is.

In Chen Feng's hands, there were more than the Lingbao Gourd and the World Extinguishing Fan.

He only lacks one of the three seven treasures in the hands of the three immortals!

In this step, he went too well.

The first three immortal gates that were standing together are now separated by Qibao.

Everyone wants to take Qibao as his own.

Therefore, no one will refuse this bold attempt.

"Bet!"

Yu Helei and Fu Ju, the two great immortal elders, spoke one after another.

This bet was just agreed.

Chen Feng laughed a lot, and repeated a few good times.

After putting away the Lingbao gourd, the guardian formation around the martial arts field suddenly opened.

This time, I didn't add any tricks.

"The challenge begins!"

With an order, Chen Feng immediately began to move.

This is unexpected to everyone.

For a long time, Chen Feng likes to be late.

Often respond to changes with the same.

Soon someone reacted.

"He knows that Taoist Fenglu is best at arranging formations."

"If Taoist Fenglu is given a chance, Chen Feng will immediately fall into the quagmire!"

Even Taoist Feng Lu himself thought so.

He just smiled sarcastically at this.

Thinking that preemptive strikes can cut off all his opportunities for formation?

wishful thinking!

The next moment, he flipped his hand and revealed a scroll of formation.

The quaint and majestic breath instantly dispersed!

"go with!"

With a shout, the half-arm-long array scroll quickly opened in the air.

The brilliance of the brilliance instantly passed through the sky, forming a beam of light.

Hum!

The void began to vibrate instantly.

I saw that the beam quickly engulfed Feng Lu Taoist in it.

Any waves are completely isolated from the 100-meter-wide beam of light.

Almost at the same time, there was another loud noise!

boom!

There was an afterimage of where Chen Feng had stood.

The real Chen Feng had appeared in front of Taoist Fenglu.

He actually hit the beam of light with a punch!

In an instant, everyone in the audience held their breath.

Ruofeng Lu Taoist is a little late.

[Chapter 5585: Break the line!](#)

Then, this competition is over!

Rumble!

The thick and bright beam of light flickered violently under Chen Feng's fist.

This made Feng Lu Taoist's complexion involuntarily changed.

My heart suddenly increased his vigilance.

"My trump card, it stands to reason, unless a strong man from the tenth hole of the Shifangdongtian realm comes."

"Otherwise, it would be hard to shake the slightest."

"Why can Chen Feng be able to..."

Thinking of this, his pupils suddenly shrank, and he secretly took a breath.

Between the lightning and flint, the Taoist Fenglu immediately gave initiation.

He looked at the person before him incredulously.

Chen Feng, actually already has the strength above the tenth cave of the Shifang Dongtian Realm?

How to fight this!

Seeing that another punch was about to strike, Taoist Fenglu immediately retracted his mind.

He gritted his teeth, his knuckles paled with force.

In any case, never give up easily!

"drink!"

With a loud roar, Taoist Fenglu kept moving some kind of light with his hands.

In the void, one array after another began to be laid out.

"This is the most core Tai Chi mixed element Vientiane Array of Dayan Immortal Gate!"

The so-called Taiji Hunyuan Vientiane Array is an array that can be stacked infinitely for various purposes.

All the formations have been cleverly integrated into an extremely huge formation!

As long as Chen Feng wants to attack Taoist Fenglu, he can only enter this Tai Chi mixed elementary multi-faceted array.

Outside the martial arts arena, Mo Wenrui had a smile on his eyes.

No matter how hard Chen Feng attacked, it would not be easy to break through the previous six solid foundations.

As long as there is enough time, Taoist Fenglu can set up the Tai Chi Mixing Yuan Vientiane Array, which is particularly terrible!

By then, Chen Feng will be dead!

All the strange treasures in his hand will belong to their Dayan Immortal Clan!

But at this moment.

Only a loud noise was heard.

The world is surging!

Countless thunder lights seem to converge in an instant!

Following Chen Feng's fists, they all blasted toward the six solid foundations!

The light is extremely bright!

Rumble!

In the thunderbolt, everyone is almost temporarily blind.

And besides thunder, there was a vaguely broken sound.

"Six Ways of Strengthening the Foundation, Broken!"

Someone exclaimed.

However, this voice was soon submerged in the endless thunder.

At this moment, Chen Feng only felt extremely cheerful.

This is his first time, after officially entering the Avenue of Gods and Demons, with the help of the power of the Avenue!

With Taishang Yuqing's Nine Shou Zhen Jue, his understanding of the Dao can be described as leaps and bounds.

Therefore, at this moment, the power can burst out in one fell swoop.

With this punch, even Elder Fu Ju couldn't help his expression change drastically.

In everyone's mind, only three words are left.

"impossible!"

But no matter how unwilling they are to believe, facts are facts.

Amidst the deafening thunder, the six-dimensional solid array collapsed step by step in Chen Feng's punch after punch!

boom!

boom!

boom!

That punch after punch, it was like a heavy beating in the hearts of everyone of the eight major forces!

The big formation collapsed, and Taoist Fenglu's expression suddenly tightened.

Fortunately, he used the magic circle scroll.

Even if he was defeated, it would not have any major impact on him.

But then, Chen Feng did not stop at all.

He stepped forward quickly, without even breathing for a moment.

Turn over!

Two long knives with different rays of light hovered above his left and right shoulders.

A Qingqiu Heavenly Sword, with brilliant silver light!

A long knife made of Tao Yun condensed, with golden light shining!

As soon as these two long knives appeared, Ling Tian's sword intent was like a wild horse that had taken off its rein, raging everywhere!

"go with!"

With Chen Feng's rant.

Too much to kill God!

In the Star Sea World, more and more stars have almost completed the step of turning the imaginary into reality.

The bright light is majestic at this time.

Chen Feng has never felt so happy before!

No other thoughts, only one thought-kill!

No matter what Dayan Immortal Gate or Longya Immortal Gate, as long as it is opposite him now.

Can only become his defeated man!

boom!

The two swords flew out, and the endless killing intent was suppressed.

But it brought an unprecedented life and death threat to Feng Lu Taoist.

He didn't have time to set up a few more defensive circles, the only thing he thought about was to escape!

When the aura of horror is reduced, this is even more trembling than outside release!

For an unprecedented attack, the Tai Chi Hunyuan Vientiane Array has only a dozen layers.

Outside the martial arts field, Mo Wenrui, the leader of the Dayan Immortal Gate, almost looked hard to see the extreme.

He got up and seemed to rush into the martial arts field at any time.

After all, Taoist Fenglu is the most promising candidate for the next generation of sect masters at Dayan Immortal Gate.

If he died in Chen Feng's hands, it would be an extremely huge loss!

The Dayan Immortal Gate has now been looted because of a mysterious strong man.

If there is a gap in talent, from now on, I am afraid that I will directly withdraw from the ranks of the first-grade fairy gate!

At this moment, Luo Xingchen, the master of the Star River Sword Sect in the distance, suddenly spoke.

He looked jealous and looked at Mo Wenrui calmly.

"Elder Mo, what are you doing."

"Are you still planning to intervene in a fair manner and bully our disciples of the Galaxy Sword Sect?"

The current situation is very good, and the Galaxy Sword Sect will naturally not let go of this great opportunity.

In the martial arts field, Chen Feng seemed to have caught a glimpse of Elder Mo Wenrui.

He twitched the corners of his lips, showing a very provocative smile.

The next moment, killing intent shot!

The golden Taoist rhyme flashed and appeared one after another.

Chen Feng stepped into the dozens of layers of Tai Chi mixed elements.

Wherever he went, step by step seemed to give birth to golden lotus.

Smash all the killing formations, psychedelic formations, defensive formations... all together!

"how can that be!"

Taoist Fenglu was finally frustrated like a dog.

He was so furious that he could hardly believe his eyes.

Up to this moment, he didn't care about anything, flipped his hand to take out a pill and swallowed it.

Even outside the martial arts field, their elder Zongmenmo tried their best to stop them, but they didn't even listen.

Immediately afterwards, Feng Lu Taoist's complexion was ruddy.

Then, several mouthfuls of blood came out one after another.

The blood mist instantly dissipated in front of him, like a curtain, waiting for someone's brush to engrave the rune.

"Give me up!"

Fenglu Taoist's index finger and **** were put together, and quickly drew runes in this blood mist.

The speed at which he took the pill is too fast.

Almost no one can see what kind of pill is that one.

However, after taking that pill, Taoist Fenglu's breath continued to soar.

His hand was waving faster and faster.

Every stroke can instantly shine.

And just less than a kilometer away in front of him, Chen Feng continued to resist with a golden barrier.

Approaching him step by step.

Under the martial arts field, many true disciples of Dayan Immortal Sect were already dumbfounded at this time.

[Chapter 5586: Chen Feng, invincible!](#)

"That is...forbidden technique!"

"Gossip kills the soul and locks the soul formation!"

Those who use this formation need to pay hundreds or even hundreds of years of life as a price.

And once this gossip kills the soul and locks the soul formation, there is only one result below the fairyland of Lingxu!

That is in this formation, being abused to perfection!

Not only the body, but even the soul will be subjected to the most terrible torture.

It is precisely because this array is too evil that Dayan Immortal Sect will list it as a forbidden technique.

Unexpectedly, Taoist Fenglu would actually do it!

Moreover, it was also used on Chen Feng.

Looking at the reactions of the disciples of Dayan Immortal Clan, everyone in the Galaxy Sword Sect was already too worried.

Even many disciples of the Heavenly Power Sword Sect were staring at the martial arts field at this time.

Their fists were already clenched.

Elder Wu also saw the danger of the gossip and soul-locking formation.

At the moment, completely disregarding face, shouted.

"Chen Feng, don't let him form!"

"Stop him!"

The guardian array is constantly releasing light.

That is the light ups and downs from the Qi wave on the martial arts field.

Chen Feng heard the voice of Elder Wu.

He lifted his pupils and instantly focused on the middle-aged man in front of him.

At the next moment, everyone heard only one sentence.

"This challenge, I think it will stop here, you are not my opponent."

The tone of these words was extremely calm.

However, it instantly ignited the anger of Taoist Fenglu.

The speed in his hand is getting faster and faster, even using his hands together.

In the blood mist in front of him, the light spread out.

Just insist on three more breaths!

The shaky Tai Chi Mixed Yuan Vientiane Formation only needs to last three more breaths.

He can complete the gossip and soul-locking array!

Once completed, it is a Jedi comeback!

It was Chen Feng who died!

At this moment, the comparison is time!

But how could Chen Feng give him a chance?

I saw an extremely bright golden light burst out of him suddenly.

Taishang Yuqing's Nine Shou True Art, at this moment, he has completely cultivated the Shou God Realm Great Perfection!

boom!

Stepping forward, the golden Dao Yun touched the earth.

The entire martial arts field began to fall apart.

Numerous golden lights snaking forward, ignoring all obstacles, rushing straight to Fenglu Taoist,

"ended."

Chen Feng's voice echoed in everyone's heart.

The screams sounded immediately.

The blood mist in front of Taoist Fenglu was instantly covered by golden Taoist rhyme.

The pattern of the magic circle that has almost been drawn up is all broken!

At the same time, there are countless golden lights that continue to spread.

They were like Chen Feng's hands, quickly grasping Taoist Fenglu firmly.

Dunk on the ground.

He is like a defeated lone wolf, roaring constantly at this time.

But struggling not to move at all!

The most proud array seemed to have no threat in front of Chen Feng.

This made the faces of all the people present gloomy.

Chen Feng's strength has improved too fast!

Every time he takes a day off, he seems to be stronger than the day before!

There was silence around.

Everyone in the eight major forces was speechless.

Although they came this time with a purpose.

But after this challenge, most of the disciples and elders had to admit.

Chen Feng is completely an existence against the sky.

The Galaxy Sword Sect, He De He Neng, possesses such a monster as a disciple!

If he is there, as long as the Galaxy Sword Sect can survive and become a newly promoted top-grade immortal door, it is not a problem!

Compared with the silence of the eight major forces, the cheers of the Galaxy Sword Sect almost upset the sky.

All the disciples wanted to rush forward and hugged Chen Feng fiercely!

I don't know who started it.

More and more disciples shouted in unison.

"Chen Feng, invincible!"

"Chen Feng, invincible!"

Listening to the overwhelming cheers, the blood in Chen Feng's body gradually stopped running.

He calmed down and turned to look at Elder Mo Wenrui.

"So, does it count that I won?"

Taoist Fenglu was still roaring and struggling.

However, Chen Feng did not kill him directly, but exchanged it in this way!

For Dayan Immortal Chongxu Tianshu, he is bound to win!

No one thought that Chen Feng turned around and threatened Elder Mo Wenrui.

Many people were shocked and started to think.

Elder Mo Wenrui gritted his teeth and stared at Chen Feng fiercely.

I can't wait to pump his muscles, peel off his skin, and eat his flesh to vent his hatred.

But he can't.

The only thing he can do is to make a choice between Chongxu Tianshu and Fenglu Taoist.

The answer is beyond doubt.

Even though Mo Wenrui's face was ugly to the extreme, the Chongxu Heavenly Book was still waved over.

Chen Feng steadily caught.

At the same time, pressing the golden hands of Taoist Feng Lu, they disappeared out of thin air in an instant.

Turned into a few strands of Taoist rhyme, and then invisible.

As soon as he obtained the Chongxu Heaven Book, Chen Feng could feel that the artifact fragments in his body moved again.

Only the last two left!

Chen Feng was in a good mood.

After putting away the Chongxu Book, he turned around and was about to fly down to the martial arts field.

According to the regulations, he can rest for another day before fighting again.

But at this moment, Elder Fu Ju suddenly stopped him.

"I see, there is no need to wait another day."

"Go straight on."

He looked at Chen Feng blankly, not caring whether Chen Feng was willing or not.

Nor could it tolerate Chen Feng's reluctance.

As soon as he said this, Yu He Lei, the leader of the Giant Spirit Shenzong, also nodded.

The two people have the same idea at the moment.

Never let Chen Feng have any chance to cultivate!

Direct wheel battle!

Moreover, looking at the appearance of Elder Fu Ju, if Chen Feng refused, they would dare to directly fight the Galaxy Sword Sect!

Once they start a war here, the eight major forces will surely reappear here.

The Galaxy Sword Sect is in danger!

Those Star River Sword Sect disciples who were still cheering are furious at this time!

They are even more angry than Chen Feng.

Why!

A good day of rest is promised, but this is not given?

Many disciples couldn't help but yelled.

Even if the opposite is the Elder Fu Ju whose cultivation base far exceeds them!

Even Zhong Li Yaoqin couldn't help frowning.

However, nothing was said.

In the end, everyone was still waiting for Chen Feng's own answer.

I saw Chen Feng smiling at Elder Fu Ju and Elder Yu Helei.

"It's not a problem to agree."

"It's just that, in order to worry that you will cheat at that time, you will not give me the lottery."

"I hope you take out the lottery first."

Until now, Chen Feng has never seen Shenfeng Witch Zhenfan and Wuxiangyunyanchi.

What if they tell him?

As soon as these words came out, Yu Helei and Fu Ju were taken aback.

Then he hesitated.

They didn't plan to give up one of the seven treasures at all.

But at the moment, it's hard for them to ride a tiger.

In the end, he was reluctant to let the child catch the wolf.

[Chapter 5587: Chen Feng's true strength!](#)

The elder of the giant spirit Shenzong leader, Yu Helei turned his hands and took out the **** wind witch true banner.

Seeing that Yu Helei had already taken action, Fu Ju was also the largest among the nine powers at this time.

How can I refuse!

In a blink of an eye, even Wuxiangyunyanzhi also appeared.

Chen Feng took out the Chongxu Heaven Book he had just obtained, together with the Lingbao Gourd.

One of the four Seven Treasures, at this time, was suspended in the void under all eyes.

Two figures walked forward slowly in the Giant Spirit God Sect and Dragon Tooth Fairy Gate.

A light brown robe deepened, it was obviously the costume of a true disciple of the Giant Spirit God Sect.

This person is tall, rugged, and extremely burly.

"Brother Lang, we must win!"

"Kill this fanatic!"

This big disciple of the Giant Spirit God Sect is named Langyangzhou.

He now has the cultivation strength of the ninth hole of the Shifang Dongtian Realm!

I'm afraid that adding the total hole cards of zero and zero can also raise another level.

And the other person wearing a white short shirt is the strongest person of the Dragon Tooth Fairy Sect, Shu Yongning!

This person looked close to Chen Feng's figure, even the expression on his face was smiling.

It was as if Chen Feng's performance did not touch him at all.

Arrogant!

And his cultivation is even better than Lang Yangzhou.

He actually has the cultivation base of the tenth cave of the Shifang Dongtian realm!

Such a cultivation base, if it explodes with all its strength, I am afraid that it will be even more of a half-step Lingxu Wonderland!

However, at this time, where is Chen Feng timid?

Not only did he not be timid, he even took the initiative to look at the two coming people and said lightly.

"Come on together, I'm still in a hurry."

As soon as these words came out, the audience was boiling!

Even the people of the Galaxy Sword Sect were boiling.

They trust Chen Feng unconditionally.

Since he said so, it shows that he is confident to defeat these two.

The guardian formation of the martial arts field is still there.

After Taoist Fenglu left in embarrassment, the other two flew in front of Chen Feng.

One to two!

The smell of gunpowder at the scene has not dissipated.

But this time, at the moment when the competition was announced, Chen Feng disappeared.

In the entire martial arts field, the three strongest disciples attacked almost at the same time.

boom!

Various lights rushed out of every corner of the martial arts field.

The defensive formation even made a difficult creak again.

However, both Shu Yongning and Lang Yangzhou looked solemn in an instant.

The sky and the earth suddenly changed color.

The thunder suddenly rang, and Mo Yun rolled down.

There seemed to be an invisible deterrence between the world and the earth, which shocked them almost hard to move.

"How is this going!"

Outside the martial arts venue, someone keenly noticed this and immediately shouted.

Everyone followed the direction of his fingers and looked at him.

Among the three figures, two of them were obviously extremely stiff.

It shouldn't be the performance of the people of the tenth cave of the Shifang Dongtian realm.

"In the end what happened?"

Elder Fu Ju and the others stared straight at the martial arts field like eagles.

Soon, they finally seemed to notice something suddenly.

Then his pupils shrank suddenly, and he couldn't help but **** in a cold breath.

"This....."

This is the Daoyun shock of the Avenue of Gods and Demons!

Compared with the shock on the realm, the shock on the road is more powerful!

That's a counterbalance between heaven and heaven.

Mo Wenrui's eyes straightened.

At this moment, he suddenly noticed an extremely secret message.

Chen Feng has vaguely traces of God and Demon Lingxiao Art!

Could it be that he was the mysterious strong man who stole all the details of Dayan Immortal Gate?

This thought only flashed through his mind.

Then he was pressed down.

"impossible!"

Mo Wenrui's face was pale, and he couldn't help denying this in his heart.

But it looks more like a self-comfort.

Compared to Chen Feng, he is more willing to believe that the mysterious powerhouse is connected with Chen Feng.

Otherwise, if it was Chen Feng, it would be too slapped.

He had such strength a long time ago, able to enter and exit Dayan Immortal Gate like no one.

Dealing with the strongest disciples of their eight forces is not easy!

However, just between this moment of hesitation.

boom!

With a loud noise, the light shone brightly.

Endless killing intent raged out.

Between the sky and the earth, among the ink clouds, the scarlet lightning fell crazily.

It hit Shu Yongning and Lang Yangzhou directly!

Chen Fengmo danced wildly, his muscles bulged, full of explosive power.

Xinghai World continuously conveys the power of stars.

He stepped on the void step by step, and golden stairs continued to emerge under his feet, which disappeared instantly after stepping on.

Until then, the people outside the martial arts venue suddenly realized something.

I am afraid that at this moment, Chen Feng has shown his true strength!

"Could it be that....."

Someone finally thought of some possibilities.

The eight major forces sent many strong men to try to kill Chen Feng completely while he was out.

Who ever thought, he appeared on the scene of the challenge with time.

At that time, those insiders were only guessing in their hearts, maybe he had any special means.

It seems that now, I am afraid it is already more ill-fortune!

boom!

Chen Feng's momentum is still rising!

This is the first time he has used his full strength after completing the first chapter of "The Gods and Demons Lingxiao Jue" and officially entering the Avenue of Gods and Demons.

The majestic strength exploded in the body.

carefree!

At this moment, Chen Feng only felt that he was stronger than ever.

"Even the powerhouse in the fairyland of Lingxu, I dare to fight!"

He roared silently in his heart.

His eyes burst into the sky, piercing the void, and staring at the two in the martial arts arena.

"If you don't want to die, just give up!"

When did Lang Yangzhou and Shu Yongning be so underestimated?

The two of them had a bit of a response to two-on-one.

But at this moment, the two are joining hands.

Two bright beams of light exploded together.

The ground of the entire martial arts field burst into pieces!

The defensive array is swelling frantically.

Constantly make a huge, unpleasant "creak".

It can break at any time!

Under the shock of the Avenue of Gods and Demons, the two of them turned red, and their muscles bulged under their clothes.

Almost burst!

"Break it for me!"

The next moment, Shu Yongning flipped his hand and took out a bronze Baolian candlestick.

The candlestick rose against the storm and soon reached a height of half a meter.

It released shining radiance, and instantly wrapped Shu Yongning in.

Upon seeing this, Chen Feng's pupils shrank.

Sure enough, they must have some special magic weapons in their hands.

so what?

Under the faint fluorescent coverage, Shu Yongning and Lang Yangzhou returned to normal again.

The two gritted their teeth with hatred and showed their cards one by one without hesitation.

boom!

The bright light rose to the sky.

Almost dispelled the blood-colored thundercloud above his head and rushed straight into the sky.

At the same time, the defensive formation was finally overwhelmed, and after a loud bang, it was broken!

Ling Ling's wanton winds and waves instantly dispersed.

Almost all the disciples and elders outside the martial arts venue were overthrown by this indiscriminate air wave!

[Chapter 5588: The Eight Martial Arts Encirclement and Suppress the Galaxy Sword Sect!](#)

The hurricane was out of control.

In the martial arts arena, Chen Feng has also reached a white-hot stage with the two in front of him.

Two long knives with different radiance, at the same time grabbing all murderous aura.

Swipe out quickly.

Even if he was flanked from left to right, he could still see clearly in the eyes of several leader elders, Luo Xingchen and others. **ηoVetusb.c0mm**

Chen Feng almost appeared to be a clone.

The afterimages continue to stack, forming a coherent movement.

The golden rhyme seems to be inexhaustible, constantly condensing into a golden long sword.

From one hand, slowly condense into two, three...

Zhong Li Yaoqin stood in place, looking calmly at the martial arts field.

However, the depths of his eyes also flashed a touch of surprise.

Chen Feng's progress is so fast.

Moreover, his golden Daoyun obviously complements the Dao of Gods and Demons.

Combining the two, Chen Feng's strength has doubled!

The golden spiritual world was surging and roaring.

Even if you don't use the avenue to shock, rely solely on the crush of mental power, it is only a matter of time before this game is won.

Zhong Li Yaoqin noticed this, and the leader elder of the eight major forces naturally too!

Especially Elder Fu Ju and Elder Yu Helei, their faces are as black as the bottom of a pot!

Shu Yongning and Lang Yangzhou are not Chen Feng's opponents!

Chen Feng is almost like a humanoid beast.

Promote while fighting.

The other two struggled to deal with it.

Seeing that the weakness between the three was about to be exposed, Fu Ju and Yu Helei glanced at each other.

The next moment, both of them suddenly shot at the same time.

The goal is straight, Chen Feng!

"Be careful!"

Suddenly, in the Galaxy Sword Sect, exclamations rang out one after another!

No one thought that at the end of today's wheel race, even the elders would do it themselves.

The two elders are all half-step spiritual virtual land wonderland powerhouses.

At this time, Chen Feng unexpectedly raided.

boom!

Fu Ju's five fingers were like ghost claws, and an extremely huge black eagle claw instantly turned out in front of him!

The black eagle claws glowed with permeating cold light, engulfing the overwhelming murderous aura.

This claw is going to squeeze the person directly into the palm!

Chen Feng was furious!

"What a dragon tooth fairy gate, in the challenge, the strongest disciple can't beat it, and the elder can still make a shot!"

Fu Ju Senran sneered.

"This is the end of the pretending challenge."

"Our eight major forces are here to encircle and suppress your Galaxy Sword Sect, so what can you do!"

As soon as this remark came out, the audience was in an uproar.

No one expected that this pretentious appearance would be torn apart suddenly when it was maintained to this day.

The veiled window paper was suddenly opened.

Even Mo Wenrui and other leaders of the other seven forces all looked over.

There was also an obvious color of surprise in his eyes.

Obviously, they did not expect that Fu Ju and Yu Helei would turn their faces at this moment.

This is too bad!

The eight major forces can be said to be one at this time.

As the leader of the strongest immortal gate among the nine forces present, Fu Ju almost represented the attitude of the eight forces.

But the dayan immortal gate has now been copied, and it can be said that the successor is weak.

Yu Helei naturally became the second leader among the eight forces.

The two of them appeared on the stage, and the weight of their words almost represented the entire eight forces!

Prosperity and prosperity, loss and loss!

But when it was too late, it was fast, and the speed of the black eagle claw was faster than that of lightning.

He came to Chen Feng in an instant.

It opened and closed with Fu Ju's outstretched hand, trying to catch Chen Feng!

"not good!"

Among the Galaxy Sword Sect, countless elders and disciples immediately exclaimed.

They all looked at the martial arts field.

Staring at the figure standing above the void.

No matter how fast Chen Feng could improve his cultivation base, he was still a bit behind Elder Fu Ju.

In the face of such a swift power, he felt like a mountain topping.

He couldn't move, so he could only watch the huge eagle claw in front of him grabbing him.

Golden Dao Yun kept showing around him, wanting to wrap it into a golden cocoon.

Without the strongest defensive Luo Hong Furnace, the only thing Chen Feng can rely on is the inheritance of the Yuxu Immortal Gate!

The combination of Taishang Yuqing's Nine Shou True Art and the Dao of Gods and Demons can change a certain range of Dao nearby!

So as to achieve an effect similar to the power of space.

However, this was only his first attempt.

Billowing Taotao's offensive swiftly struck, and it was about to be swallowed in an instant.

boom!

There was only a loud noise, which exploded not far in front.

Chen Feng looked in surprise.

What I saw was a stalwart figure from the back.

Outside the martial arts field, many people from the Galaxy Sword Sect also stared in surprise.

"It's the master!"

They stared blankly at the front of the team.

The doormaster Luo Xingchen disappeared in front of their team without knowing when.

Appeared in front of Chen Feng!

The terrifying air wave swept across the entire void!

And Chen Feng was covered with golden cocoons, and the pressure on his body suddenly disappeared.

Luo Xingchen finally took the shot himself!

He is now wearing a simple and elegant light-colored robe, and his ink hair is tied up, hanging behind his back.

The posture is tall and straight, his face is calm, and he looks a little ordinary.

However, it is precisely this kind of him with a particularly powerful aura.

Forcing everyone present to have to look at him.

It's hard to ignore!

This is the strongest combat power of the Galaxy Sword Sect!

I saw him faintly looking at Fu Ju and two people not far away, a murderous aura appeared in his light-colored eyes.

"What are you guys?"

"The eight half-step elders in the fairyland of Lingxu, dare to look to deal with my Galaxy Sword Sect."

Humph!

A cold snort, but it kept echoing away.

There is a supreme rhythm in it, which touches the hearts of everyone present.

At this moment, Luo Xingchen is the strongest God of War present!

He steadily protected Chen Feng, with a little joking in his eyes.

"Since you have spoken to this point, then our Galaxy Sword Sect has to act in order to protect ourselves."

When Fu Ju and Yu Helei saw Luo Xingchen's reaction like this, their hearts suddenly became alarming.
not good!

It's really careless!

Even the masters of the eight main gates have to consider the people who can deal with them jointly, how can they be dealt with by a few of them together!

But at this time, thinking about it, it was too late.

Fu Ju and Yu Helei immediately turned around, trying to grab their most proud disciple and leave.

But how can it be possible?

Hum!

The light blue light suddenly lit up.

The supreme coercion piled up and swept away at a few people madly.

The situation is almost a one-sided reversal!

In the previous challenge, Luo Xingchen could have done it directly.

But because the eight sect masters found an excuse to jointly attack them, he would have been patient.

Now that the eight major forces have taken the initiative to tear their faces apart, it is no longer to blame him.

"Chen Feng!"

He called out the people behind him.

At this time, you only need to shout, and you can guess it if you are as smart as Chen Feng.

[Chapter 5589: Qibao is one!](#)

Luo Xingchen wanted him to cooperate.

Just keep all the disciples and elders of the eight major forces present!

Take all hostages!

Previously, the eight major forces relied on their respective strengths to be stronger than the Galaxy Sword faction, and they would certainly not dare to provoked them.

Only then safely left the top batch of disciples here.

I want them to learn from the experience and at the same time humiliate the people of the Galaxy Sword School as much as possible.

But, who would have thought, now it has become a deadly cover!

These disciples are the hope of the eight major forces!

Is their future!

Every disciple has devoted a lot of resources and effort from each immortal gate.

If all were controlled in the hands of the Galaxy Sword Sect, they would become hostages.

The eight major forces really might not dare to directly attack them again!

When it was too late, then it was fast, and Chen Feng immediately yelled.

"I will deal with those disciples!"

Before he finished his words, he ran wildly again with Tai Shang Yuqing Jiushou Zhen Jue.

The Taoist rhyme of guarding the gods and the avenue of gods and demons interact and influence each other in the void.

Then it was quickly woven into a net of heaven and earth!

This net quickly covered Shu Yongning and Lang Yangzhou!

The situation changed drastically and everyone was caught off guard.

All the disciples and elders of the Galaxy Sword Sect also came out, madly killing the people of the eight major forces who were fleeing everywhere!

At this moment, no one thought.

Chen Feng jumped up unexpectedly.

His goal is not Shu Yongning and Lang Yangzhou.

It is the four Seven Treasures!

Although this challenge is not completely over, everyone can tell that he won!

These magical instruments naturally belong to him!

In Chen Feng's body, that artifact fragment was already impatient.

It constantly urged Chen Feng, and the empathy made Chen Feng take the lead in seizing the treasure that had not yet been obtained.

Fu Ju and others reacted, and their complexions immediately changed.

They shouted.

"Hurry up and stop him!"

But, it's too late!

Chen Feng instantly appeared in front of one of the four seven treasures.

Take it all into your arms.

Then, sudden changes occurred!

The other three treasures hidden in his body also appeared automatically at this moment.

There is a sense of mutual induction between them.

The dazzling light instantly stabbed everyone temporarily blind.

I could only hear a loud noise coming from my ears.

Qibao, it's about to become one!

The people of the eight major forces fell fiercely in their hearts at the same time.

At this moment, they cannot protect themselves!

There is simply no ability to stop Chen Feng!

In this way, seven scorching gods gathered together in an instant.

boom!

Suddenly, there was a great wave between heaven and earth.

These seven top treasures are quite useful to people of Chen Feng's realm.

But now, they feel each other together.

The void is shaking!

At the same time, the fragment of the artifact that had been silent in Chen Feng's body was also excited.

Chen Feng's heart moved at will. It was taken out the next moment.*novELUsB.coM*

Unexpectedly, as soon as he appeared in front of everyone, the void broke out again with supreme aura.

Many cultivators who were too late to escape flew out with various screams.

Suddenly, his breath was depressed.

Among them, many elders of comparable strength are also included.

Even Chen Feng himself, who was closest to the artifact fragment, was almost lifted out!

This movement is really too big!

I am afraid that even the three top-level first-grade immortals are aware of it.

"Quickly, go and stop him!"

The expressions of Mo Wenrui and others changed drastically.

They roared, their voices had already changed.

However, Luo Xingchen stopped in front of Chen Feng!

They are too late to escape at this time, how can they rush up to their own dead ends?

Clouds and mists began to gather quickly above the nine heavens in a radius of thousands of miles.

The seven gods gathered together, and were gathered and attracted to each other by the fragments of the invisible artifact.

Chen Feng resonated with the artifact fragments.

I don't know what happened to him suddenly, and he turned up to the sky and laughed.

In the next moment, the golden rhyme of Taoism quickly appeared, condensing into two golden long swords in front of Chen Feng.

As for the Qingqiu Heavenly Sword, he tossed it back in a cool manner.

The long knife with cold light drew a beautiful parabola in the air.

Then, straight into the ocean of light!

Above the treasure, Fang is a fairy!

Even the low-level fairy artifacts are several times more powerful than the top nine-tier treasures!

After the keel is repaired, the Qingqiu Heavenly Sword has been able to surpass the power of the top nine-tier treasure.

However, it is still a bit short of the fairy!

But now, what Chen Feng has to do is to forge a fairy!

He grabbed the handle of the golden long knife and rushed towards the nearest Elder Yu Helei below.

"Old Piff, today is your death date!"

No one thought that Chen Feng would dare to be so crazy!

The golden light overflowed, murderous.

Too Shang Zhushen cut, one after another!

Surprisingly, at the same time, there is a star in his star sea world that is slowly being lit.

That golden Dao Yun kept lingering around it.

The leaves of the World Origin Tree seedling on that stone tremble slightly.

It seems to be some kind of resonance.

A golden light suddenly lit up in the depths of the universe.

Around a huge star, rays of light continued to emerge, and then slowly began to rotate.

And above this star, Chen Feng's cultivation base aura was gradually released.

boom!

Chen Feng smashed his eyes.

With Luo Xingchen present, the situation on the martial arts field is basically predictable.

People of the eight major forces are constantly trying to escape.

The transmission jade charms were crushed one after another, and the time-space scrolls one after another were taken away.

The Galaxy Sword Sect has been suppressed by the eight major forces for so many years, especially now!

Be chased to the door to provoke!

In the challenge, he frequently used methods on his disciple Chen Feng.

They have been holding back this bad breath for a long, long time!

Now, it can finally break out!

No amount of shocking noise can cover these roars.

At the time of the melee, many figures quietly mixed into it.

There is no doubt that these people are all cultivators from the top of the sky!

They just want to help Galaxy Sword Faction.

Take down all the disciples who are the best of the eight forces!

And just when one person appeared.

In an instant, Zhong Li Yaoqin's face suddenly changed slightly.

Her beautiful eyes stared straight into the distance.

Murderous aura suddenly shot out from the body!

This is instinctive anger.

A sea of blood and a deep hatred, not to be shared!

Zhongli Family and Zhongli Yaoqin are destined to be the result of life and death.

In the chaotic crowd, no one noticed, Chen Feng and Zhong Li Yunqi exchanged glances calmly.

The two fought with their opponents in front of them, and at the same time, they approached in the same direction as Zhongli Yaoqin was.

Zhong Li Yaoqin didn't seem to notice him.

She still waved her jade arms, exploding with incomparable murderous might.

[Chapter 5590: Qingqiu Heavenly Sword, the power of the fairy!](#)

At this moment, Chen Feng, Zhong Li Yunqi and Zhong Li Yaoqin shot at the same time!

"You got Fooled!"

Chen Feng yelled, and the golden light knife slid across Zhong Li Yunqi's half of his body.

If it were not for his quick response, he would dodge in time.

Otherwise, it must be dead at this time!

I have to say that Zhong Li Yunqi's reaction speed and vigilance are really high.

Chen Feng had been acting for so many days, but he still couldn't let him down completely.

Obviously in the last second, the two still showed an absolute tacit understanding.

However, even though Zhong Liyunqi's reaction ability was fast enough, the flashes were particularly rapid.

Although it was never fatal, it cut off his shoulder in half!

His eyes were cracked, and fire could almost burst out of his eyes.

"Chen Feng, you are lying to me!"

In this regard, Chen Feng just smiled.

"Your Zhongli Family is a completely wrong family."

"The real Zhongli family heir should be her, Zhongli Yaoqin."

"It's ridiculous that a lie was used to deceive the world."

Chen Feng knew that even if these words were said, Zhongli's family would not believe it.

Even if they believe it, as the blood of the "wrong", they will only turn toward their own people.

The only exception is Zhong Li Yuntian.

Zhong Li Yaoqin said nothing nonsense.

She only approached, a pair of beautiful eyes caught Zhong Li Yunqi, and she would do anything at any time.

The two attacked from side to side, and they didn't plan to let him leave alive today!

However, after the initial anger and panic, Zhong Li Yunqi at this time has calmed down.

Looking at Chen Feng and Zhong Li Yaoqin, he suddenly curled his lips and smiled contemptuously.

"You can't kill me."

"I already know that you are the people of this world."

"As long as I live back to the top of the sky, and come again next time, it will be the death of this world!"

As he said, he suddenly turned over and took out a jade slip.

Zhong Li Yaoqin's complexion changed abruptly when he saw that green jade slip.

"not good!"

She was very familiar with the floating breath above.

Extremely strong power of space!

He wants to escape!

Just when Zhong Li Yunqi laughed and crushed the jade slip.

Suddenly, a chill suddenly spread behind his back!

At some point, Chen Feng on the other side quietly disappeared for an instant.

And the next moment, the supreme cold light came overwhelmingly.

"Qingqiu Tianlong Knife, cut!"

Qingqiu Tiandao turned into a fairy!

Although it is only a low-level fairy tool, it is enough to make the eyes of the eight major forces present.

Above the treasure, Fang is a fairy!

Even the low-level fairy artifacts are several times more powerful than the top nine-tier treasures!

After the Qingqiu Heavenly Sword was repaired by its keel, it was far more powerful than the Ninth-Rank Treasure Tool.

But even so, it can't be compared with the low-level fairy!

More than ten times the power!

Fu Ju and the others stared at the Qingqiu Tianlong Sword in Chen Feng's hand, their eyes almost red.

The Qibao was spinning together at high speed in full view.

Chen Feng was not even guarding the law, anyone could rush to destroy it.

But no one can do it!

They are all behind bars, it is difficult to get out!

In particular, Fu Ju, Yu Helei and other powerful people in the fairyland of the half-step spirit and virtual world.

In front of Luo Xingchen, they had no power to resist.

With frequent cards and all the killer moves, he can barely hold on for a while.

boom!

Accompanied by the bright silver light, in a trance, everyone seemed to hear a high-pitched dragon chant!

"Roar!"

The golden light burst out, freezing the void in an instant.

And this was just a short time, not even an instant, but it was enough to drag Zhong Li Yunqi into the abyss!

When it was said that it was too late and it was fast, Dao Mang passed through Zhong Li Yunqi's body.

The next moment, there was a loud noise.

Blood in the sky!

There is only a thin line between Zhong Li Yunqi and Sheng.

But it is this line of separation that has become a huge gap that can never be crossed!

It exploded into blood mist, and even the flesh was not preserved.

Even the soul is sucked into the Qingqiu Heavenly Dragon Sabre and becomes a nourishment for raising the fairy.

The audience suddenly fell into a dead silence.

This is the power of the fairy!

In the case of equal cultivation strength, it is enough to kill the enemy with one move!

Chen Feng was overjoyed.

He grabbed the Qingqiu Tianlong Sword, couldn't restrain his ecstasy in his heart, and laughed a few times on the spot.

The peerless treasure made up of the seven treasures was swallowed by the artifact fragments before it was even seen by others.

Today's Qingqiu Tianlong Sword is heavier than before.

Holding it in his hand, the blade trembled slightly, making a deep buzzing sound.

Murderous aura is looming, and all are in it.

If it was Chen Feng's previous strength, he could only fight against the people of the tenth cave of the Shifang Dongtian realm.

Then, now that he has this Qingqiu Heavenly Dragon Sabre, he can even kill a half-step spiritual virtual land fairyland powerhouse!

Chen Feng strode forward and looked at everyone.

"Who dares to fight with me!"

While speaking, he turned his gaze to Mo Wenrui and other major leader elders.

The audience suddenly fell into silence.

Even the countless elders and disciples of the Galaxy Sword Sect were shocked at this time.

"In the entire Eastern Desolation Immortal Territory, I have never seen a cultivation base... such a terrifying person!"

The disciples of the eight major forces in the distance were already shocked by the fear.

Even though they are the proud son of heaven, they are among the dragons and phoenixes.

After witnessing Chen Feng's performance since several consecutive challenges, who would dare to call himself a genius?

Who would dare to speak arrogantly as the first person in the Eastern Desolation?

No matter how unwilling to admit it, they have to be sure in their hearts.

Chen Feng is bound to be the first person among the younger generation in the Eastern Desolation Immortal Territory!

Even in the near future, he might become the first person in the entire Eastern Desolate Immortal Territory.

No wonder the great deserter favored him so much and appointed him as the guardian of the Eastern Desolation.

This melee finally came to an end in Chen Feng's domineering clamor.

Almost all the people of the eight major forces were captured and put into the Galaxy Sword Sect!

And at this point, the people of the Galaxy Sword Sect had already lost their fear and despair.

Even though, Chen Feng is still far from being compared with the eight masters.

But in their hearts, with his invincible and public appearance this time, everyone quietly gained more confidence.

Also as a disciple of the Galaxy Sword Sect, why can Chen Feng be so against the sky?

For a time, Tianshu Sword Sect was even more eloquent.

There are countless disciples who want to join the Tianshu Sword Sect!

And Luo Xingchen was even more rude.

Eight ordinary elders were specially released back to their respective fairy gates.

A few days later, the masters of the eight major forces received the jade slips.

There is Luo Xingchen's vigorous and vigorous line of characters:

Either ransom or fight!

The eight masters were furious almost invariably.

The blue veins violently smashed the jade slip in his hand!

"Star River Sword Sect, Luo Xingchen, you are so bold!"

However, when they heard the news about Chen Feng from the elder who had returned, they twisted again.
