### [Chapter 561: White Ghost Vine Juice](#)

This metal is definitely not pure gold. It can be seen that it is much more precious than pure gold. There is a faint blue light in the gold, which looks quite noble.

Xie Dongshan explained: "This is our auction house's gold membership card. Only customers who have traded more than 500,000 middle-grade spirit stones with the auction house can get it."

"Holding this gold membership card, if you buy something, you can reduce the price by one percent, and if you auction something, the handling fee can be reduced by one percent."

Chen Feng accepted the gold card, and then took out the things he had brought for auction this time from the mustard bag.

Xie Dongshan made an estimate and said, "Brother Chen, my estimate for these things is about 300,000 middle-grade spirit stones."

Chen Feng said, "Can you replace me with a high-grade spirit stone?"

He prefers high-grade spirit stones rather than medium-grade spirit stones, because the latter is more convenient to carry, and Chen Feng feels that it is more efficient when absorbing spiritual energy.

Xie Dongshan smiled bitterly and said: "Brother Chen, if it is possible, I would also think, but things like high-grade spirit stones are not circulated here. Only in higher-level cities, such as Danyang Juncheng. Will be there."

Chen Feng nodded: "Understood."

I drank tea and chatted with Xie Dongshan here, and then even borrowed a clean room at the Xie's auction house to practice Hunyuan Yi Qigong.

After practicing for a day, it was not until the evening that I slowly stood up.

The Xie's annual spring auction meeting is about to begin.

The huge auction hall was already full of people, and at first glance, there were thousands of people.

Chen Feng stood in a box, watching the scene outside through the curtain.

Soon, the auction began, and a beautiful woman came onto the stage. She was the auctioneer for this auction.

Soon, lots of lots were sold one by one. This auctioneer was very eloquent, and coupled with his beautiful appearance, he could adjust the atmosphere, so there were almost no lost lots.

Soon, almost forty or fifty lots have been taken away.

More than three hours have passed, and it is already late at night, and the auction has entered the middle and late stages.

The auctioneer laughed and said: "Everyone, we have the last 20 lots in this auction. After these lots are sold, this spring auction will end."

She smiled like a flower: "Everyone, you have to seize the opportunity! If you don't shoot, you have to wait for the summer auction in three months."

"You know, all of the things sold at our quarterly auctions are high-quality goods, which are usually hard to see."

Not to mention, let her say that, many people are nervous and realize this problem.

Chen Feng looked at it and shook her head secretly. This female auctioneer was really eloquent. She said that she estimated that the last 20 lots would be chased by everyone, and the price would be greatly increased.

Until now, Chen Feng has not seen anything particularly pleasing.

Ziyue was sitting on his shoulders, she was obviously a little sleepy, her little head dropped and lowered, and suddenly her body tilted and she almost slipped directly off Chen Feng's shoulders.

She was obviously very sleepy.

This lovely look made Chen Feng pounce and let out a chuckle.

Ziyue shook, woke up, stopped quickly, glared at Chen Feng, and then lazily said, "Chen Feng, when will this auction end?"

Chen Feng touched her little head and chuckled softly: "Wait a little longer, if there is no suitable lot, let's go."

Ziyue nodded, leaning on his shoulder lazily, looking listless.

Time passed, and a few more lots were photographed, and then the maid came up with a tray.

On the tray, covered with golden silk and satin, the female auctioneer removed the golden silk and satin, and underneath was a small bottle of green liquid.

The vial is not big, less than a foot high, but is made of extremely pure crystal. The liquid inside is green and crystal clear, just like a large piece of extremely fine jade.

And at a glance, it makes people feel that it seems to be changing all the time, always reorganizing, reborn, and dying, full of infinite vitality.

The female auctioneer introduced: "This is the spirit of the white ghost vine. As we all know, the white ghost vine is a very special vine plant. During the growth process, they can absorb the power of the soul that escapes between the heaven and the earth. "

"So, their sap is very good for souls, especially for some plant martial souls. It can nourish plant martial souls and even upgrade them."

"White ghost vines can only produce juice if they are over a thousand years old, and this bottle of juice is produced by white ghost vines that are five thousand years old. It is enough to increase the quality of ordinary plant martial arts by at least one grade or even two levels. Also a possibility."

"Of course, if you have been promoted before, that's not possible."

As soon as this thing was taken out, the auctioneer had just finished introducing it, and suddenly the entire auction house was in an uproar.

Plant martial souls are quite a big category among martial souls. Many people's martial souls are plants, and this bottle of juice can actually upgrade the plant souls. What kind of magical effect is this?

Although there are some limitations, it is also extremely precious.

After listening to the introduction, Chen Feng also sat up straight, his eyes radiant.

#### [Chapter 562: Joking](#)

Han Yu'er's martial soul is a seed, although it hasn't hatched yet, it belongs to the category of plants.

This thing is extremely useful to Han Yuer.

Chen Feng suddenly thought of something, and asked Ziyue: "Ziyue, there is still soul power in this kind of thing, which can nourish the martial soul and even upgrade it. Then, is there any effect on your existence? ?"

Ziyue pondered for a moment, and said: "There is an effect or there is, but the effect is not great. It is far not as good as the nourishing effect on the spirit. You should use it for your senior sister!"

She knows Chen Feng very well and knows why Chen Feng values this thing so much.

Chen Feng looked at her with a warm smile in his eyes, and said: "I have decided to buy this thing. You and the senior sister are half of them."

What else did Ziyue say, Chen Feng had interrupted her, and said, "Ziyue, don't talk about it anymore, I have already made a decision."

"During this period, I haven't been able to get you some nourishing medicine. I know you need this urgently now."

"I understand what you think. You think this stuff will be a little waste when used on you, but in my opinion, as long as anything is useful for nourishing your soul and is good for you, it is not counted when used on you. waste."

Ziyue showed a touch of emotion in her eyes, looked at Chen Feng blankly, and suddenly asked: "Chen Feng, you are so good to me, what do you say if I like you?"

Chen Feng couldn't help but feel happy, and then he flicked her little head: "What do you think, little guy? No words!"

Ziyue snorted dissatisfiedly, wrinkled her little nose and said: "Knock on someone's head again, what should I do if I knock someone stupid?"

The two were laughing and making a noise. At this time, in the auction hall outside, the bidding for this 5,000-year-old white ghost vine profession had begun.

The bidding is very fierce, almost from the beginning, it has entered a white-hot, and the price has continued to rise.

The starting price of this bottle of juice was 10,000 middle-grade spirit stones, but now it has climbed to 24,000 middle-grade spirit stones.

Many people have shown interest in this, after all, the Heavenly Spirit and Earth Treasure that can raise the level of the martial soul can't be overstated.

But interest belongs to interest. If you want to bid, you must have the corresponding strength.

Soon, in the lobby, there were only five people who kept bidding.

After one cup of tea time, the price has risen to 51,000 middle-grade spirit stones.

Three more people withdrew from the bidding, and now only two people are bidding in the auction hall.

One is a fat man in brocade clothes, and the other is a steward who looks like a housekeeper. Although he is wearing a small cap in Tsing Yi, he is quite majestic and should be a steward in a big family.

The two kept bidding, and the price kept rising.

Finally, the fat man wearing brocade clothes shouted again: "Sixty thousand middle-grade spirit stones!"

After hearing this price, the housekeeper also showed nervousness, his forehead was sweaty, he thought for a while, wiped the sweat from his forehead, and finally shouted: "I give up bidding."

When the Jinyi fat man heard him give up, he was extremely proud, stood up, looked around, laughed wildly.

He proudly said: "This bottle of white ghost vine juice belongs to me!"

Having said that, he walked towards the stage.

Suddenly, his footsteps stopped because of a voice from somewhere in the box: "70,000 middle-grade spirit stones!"

The person who made the bid was Chen Feng. He suddenly increased the price by 10,000 yuan for the middle-grade spirit stone, just to let this fat man recognize the gap between him and himself and stop raising the price indiscriminately.

When the fat man heard this, he immediately furious, and shouted at the box where Chen Feng was in: "Which one is not eye-opening? Dare to bid with Lao Tzu!"

Chen Feng smiled faintly. He did not have the same knowledge as him. He could see that this fat man had a very average cultivation level. **NovelUS.com**

Fat Jinyi scolded, but he had to abide by the rules of the Xie family auction house.

The female auctioneer on the stage said with a grin, "Please continue to bid."

The fat man thought for a while, and finally gritted his teeth and said, "Forget it, I give up."

Sixty thousand middle-grade spirit stones were already the highest price he could offer.

A smile appeared at the corner of Chen Feng's mouth. His strategy was still successful. If he only added a little bit, maybe the fat guy would continue to increase it.

If the time comes to become a dispute of spirit, the price will not know where to increase.

He directly added 10,000 middle-grade spirit stones, which also made this fat man in Jinyi retreat.

It seems that he has secured the victory, holding the bottle of juice in his hand.

The female auctioneer was also very satisfied with the price. She was able to get a considerable commission from it. She asked loudly, "Is there any further price increases?"

No one answered, the female auctioneer had already raised the hammer, ready to knock down.

At this moment, a lazy and playful voice suddenly came out: "My master bid 70,000 middle-grade spirit stones."

Chen Feng frowned when he heard it. If it was a fair bid, he was not afraid of anything, but this man only added a middle-grade spirit stone to the price he offered. This was obviously here to choose.

He heard this voice, and felt a little familiar. When he thought about it, he remembered that this voice seemed to be the burly follower beside Alchemist Ge Dan.

Chen Feng frowned and continued to quote: "80,000 middle-grade spirit stones!"

Sure enough, the other party bid again: "80,000 middle-grade spirit stones."

The loud voice was full of jokes, as if she was deliberately playing with Chen Feng.

### [Chapter 563: provocative](#)

In Chen Feng's eyes, a fierce murderous intent flashed past.

He and Ge Dan had no grievances in the past and no enmity in the past, but today Ge Dan and the people around him have repeatedly targeted himself, causing him to be angry in his heart.

Ziyue looked at Chen Feng worriedly, and said, "Chen Feng, the price has reached 80,000 middle-grade spirit stones, which far exceeds the price it should have. It is a serious premium. Do you want to continue fighting? "

A sly smile appeared at the corner of Chen Feng's mouth, and said, "Why don't you fight? Don't worry, I can't suffer from this."

After speaking, Chen Feng shouted: "Ninety thousand middle-grade spirit stones!"

He directly added another 10,000 middle-grade spirit stones.

After Chen Feng shouted out the offer, there was an uproar in the auction hall. Almost everyone's eyes fell on the door of his box, wondering who was sitting in this box.

Ninety thousand middle-grade spirit stones, even the people in this auction house are very wealthy, and 90,000 middle-grade spirit stones are also a large number they can't imagine.

None of them can make such a large sum.

Someone listened to his voice, quite young, and secretly guessed whether this was a child of a big family, a core disciple of the martial arts, that is why they could produce so many spirit stones.

The female auctioneer also flushed with excitement.

This price has far exceeded her expectations, and she can get a lot of profit from it.

She shouted loudly: "Ninety thousand middle-grade spirit stones! Is there anyone offering a higher price?"

At this moment, there was a cold snort, which was the voice of the burly man just now.

Then, Chen Feng heard footsteps and approached him.

After a while, the door of his box was kicked open, and he flew up and hit the wall.

Two people broke in.

Chen Feng had seen them all. One was the burly man with an octagonal copper hammer, and the other was a cold and thin tall man with a pair of daggers. They were all followers of Ge Dan.

After the two of them saw Chen Feng, there was a hint of surprise in their eyes, and then the burly man showed a touch of contempt in his eyes, and said with a sullen face:

"Oh, who am I talking about? So it's you little bastard! Unexpectedly, you little bastard's realm is so low, so wasteful, and you have some wealth, and you can get so much money!"

Chen Feng said lightly: "This is my box, go out!"

The burly man's face immediately turned gloomy, and he said in a cold voice, "Little bastard, what are you talking about?"

"Besides, believe it or not, I just smashed you into a puddle of flesh? The strength of the third building in the Divine Sect Realm is completely vulnerable to Lao Tzu!

The cold man, with a hint of playfulness on his face, looked at Chen Feng as if he was looking at an interesting prey:

"Boss Qi, this kind of waste, I can easily clean him up without you."

Chen Feng looked at them and said lightly: "I repeat, this is my box, you go out."

At this time, there were chaotic footsteps outside, and Xie Dongshan had already strode in with several guards from the Xie's auction house.

He saw the scene in front of him and said lightly: "Several people, since they have come to Xie's auction house, they must abide by the rules here."

These two followers of Ge Dan are obviously quite jealous of Xie Dongshan.

The burly man smiled and said without a smile: "We didn't break the rules either, just want to talk to this little brother for my master!"

He turned his head to look at Chen Feng with a smirk: "Little bastard, you are really looking for death! Do you know who is bidding with you?"

"Tell you, it is our master, master alchemist, Lord Gedan! You dare to bid with Lord Gedan? Believe it or not, you can punish your whole clan and destroy your whole family!"

Chen Feng sneered and said, "I really don't know."

The thin high school student said next to him: "My master said, if you take a picture of this thing now, send it to him in person, and knock a hundred beeps, beg him for forgiveness, and let him go. Don't hold you accountable for offending him, or else..."

Talking. There was a sneer, and the threat was self-evident.

Chen Feng sneered and said, "Okay, then I'll wait."

The burly man nodded Chen Feng with his finger, and the two gave Chen Feng a fierce look, then turned and left.

Before leaving, the thin senior middle-aged man looked at Chen Feng with a gloomy expression and said, "Don't worry, you won't survive tonight."

Chen Feng smiled faintly, without speaking.

The two people thought he was scared and even more arrogant.

After they left, Xie Dongshan apologized to Chen Feng and said, "Chen Feng, sorry, something like this happened again."

Chen Feng said: "I know you are also embarrassed. Ge Dan, even Xie Zhuxin is unwilling to provoke, and you can't afford it."

Xie Dongshan smiled bitterly and said, "You can understand it."

After a few more words, Xie Dongshan led people away, and the bidding started again.

As expected, on Ge Dan's side, the burly man's voice sounded again, and said slowly: "90,100 middle-grade spirit stones."

A sneer appeared at the corner of Chen Feng's mouth: "I see how you will step down!"

Then he leaned back heavily and shouted: "Haha, since you like it so much, then you can take it, I don't want it!"

[Chapter 564: Track down](#)

After Chen Feng finished speaking, the hall was quiet for a moment.

Then there was an uproar!

They could also see that Ge Dan was obviously making trouble and making trouble, but Chen Feng suddenly said that he would not increase the price after Ge Dan added the price of a medium-grade spirit stone again.

Ziyue grinned and slapped Chen Feng lightly: "You, it's too bad."

Everyone looked forward to the box where Ge Dan and others were, and wanted to see his reaction.

Then after a while, Chen Feng heard a crisp sound, what seemed to be the sound of something being smashed.

A smile appeared at the corner of Chen Feng's mouth, but there was no smile in his eyes at all, it was just cold.

He opened the curtain and looked, only to see that in a box not far away, Ge Dan walked out with a gloomy face, and said coldly to the female auctioneer on the stage:

"Relax, ninety thousand middle-grade spirit stones will not be missing you."

With that, strode away.

There was such a small climax in the auction, which made people feel a little dull and ended soon.

When Chen Feng left the Xie's auction house, it was already early morning the next day.

This auction lasted a full night.

The air in the early morning was cold and fresh, and Chen Feng took a deep breath and walked in the direction of Sun's house.

As soon as he walked a few steps, Chen Feng had a faint feeling: Behind him, someone was following him.

Chen Feng didn't squint, but he glanced back slightly from the corner of his eyes. The moment he glanced over, he saw a pale gray figure flashing past his back.

If it weren't for his extremely keen vision and sense, he would only think it was his own illusion.

But at the moment just now, Chen Feng had already observed the figure of this person, the same figure as the tall and thin man holding double daggers beside Ge Dan.

A sneer appeared at the corner of Chen Feng's mouth: "I didn't look for you, but you came here. In that case, okay! Then let's settle the old and the old together!"

He recognized that this person was the tall and thin man beside Ge Dan.

Chen Feng was going to trouble Ge Dan. Ge Dan robbed him of the White Ghost Vine Spirit Liquid and made Chen Feng suffer such humiliation. Chen Feng would never give up.

But he didn't expect that he didn't look for Ge Dan, but Ge Dan came by himself.

There was a sneer at the corner of Chen Feng's mouth, and he had changed direction silently. He was walking toward Sun's Mansion, but he turned to the north gate.

Soon, Chen Feng left the Great River City. It was still early in the morning, and there was no one in the forest outside of the Great River City.

Chen Feng walked towards here, it looked like he was going back to Qian Yuanzong.

And when he came to this mountain forest, he suddenly heard a sneer: "Little bunny, I see where you are going this time!"

Chen Feng turned around, and then saw the tall and thin man.

The tall and thin man, holding a short dagger in one hand, with a cold smile on his face, forced him towards Chen Feng.

Chen Feng looked at him and said faintly, "After following me for so long, you finally can't help but want to do it?"

When the tall and thin man heard this, he couldn't help but was taken aback: "You know I'm following you?"

Chen Feng smiled and said, "Guess it."

Then he raised his voice and shouted: "Okay, don't hide your head and show your tail. Come out!"

Following his shout, several people slowly walked out from the forest.

The burly man, the girl holding the bow and arrow, are among them, besides, there are two or three people.

In the distance, on a rather high mound, Ge Dan was looking at Chen Feng with a sneer.

Ge Dan looked at Chen Feng and said coldly: "I didn't expect you to find a poisonous snake following you, but you are a bit capable."

"It's a pity that you are going to die here today! No matter how you are, you are nothing more than a waste of the third floor of the Divine Door Realm. You will definitely not be able to escape today!"

He was extremely arrogant, looking down at Chen Feng, just like looking down at an ant. He did not put Chen Feng in his eyes at all. He was extremely arrogant and disdainful.

The burly man laughed wildly: "Master, if you want me to say, you value him too much. Such a waste, a poisonous snake or me, can be easily solved by one person, and we have to call us all!"

He looked at Chen Feng, pucked a mouthful of sputum on the ground, and said with a disdainful face: "Little bunny, now you kneel on the ground and beg me, I can give you a happy life so that you will not die so painful! "

Chen Feng said slowly: "Oh? What if I don't beg for mercy? So what?"

"If you don't beg for mercy!"

The burly man twisted his hands together and made a creak, his arms shook, his bones burst, and he said with a grinning smile:

"If you don't beg for mercy, I'll smash your whole body bones bit by bit later, so that you are better than death, and the pain screams for seven days and seven nights before you die."

Chen Feng sneered and said, "Then we have to see if you have this ability!"

Ge Dan slowly said, "Bronze Hammer, don't talk nonsense with him, go up and destroy him!"

"Yes!"

The burly man with a bronze hammer gave a sneer, took a big step, and rushed towards Chen Feng.

Every time he took a step, a big hole would be stamped out on the ground, like a mammoth, slammed into Chen Feng, the momentum was extremely sinister.

He was the only one who did it, and the others were standing by, holding their arms, watching the show with a playful smile on their mouths.

#### [Chapter 565: Who is killing whom?](#)

Obviously, in their opinion, Tong Hammer alone is enough to deal with Chen Feng.

In a blink of an eye, this burly man named Bronze Hammer had already smashed in front of Chen Feng, with a hexagonal heavy hammer in his hand, smashing it against Chen Feng, with an extremely fierce wind.

At this moment, it was tens of thousands of catties; the power, smiles appeared on everyone's faces, as if they had seen the scene where Chen Feng was smashed into flesh.

Until this moment, Chen Feng remained motionless in the same posture.

The poisonous snake laughed and said: "This little bastard, is he so scared that he doesn't even know how to hide?"

The girl with a bow and arrow next to her giggled and said, "I think that too, I didn't expect that this waste not only has a low level of cultivation, but also has no experience, so I was frightened."

The hexagonal copper hammer, the size of a tabletop, was only three feet away from the top of Chen Feng's head.

The burly man holding a hexagonal copper hammer has a hideous expression on his face.

In the next instant, Chen Feng would be smashed by him directly.

But the next moment, the triumphant look on his face disappeared instantly, because Chen Feng made a move!

Chen Feng could already see that this big man, including several others, was the cultivation base of the fourth floor of the Divine Sect Realm!

Chen Feng even the masters of the sixth floor of the Divine Sect realm are casserole, and to him, the fourth floor is completely ignored!

These people thought they were much better than Chen Feng. In Chen Feng's eyes, it was ridiculous.

The Purple Moon Knife in Chen Feng's hand was unscathed!

Everyone was stunned. They only saw a flash of light that was as light as electricity, tragic, and the blade flashed forward, and then the burly man's movements seemed to stagnate and stopped there.

In the next moment, the hexagonal copper hammer in the hands of the burly man suddenly broke off.

Then the next moment, the upper half of the burly man's body flew directly, and blood sprayed out from the wound.

The upper half of his body flew out directly, and the man was still crawling on the ground unconsciously.

He was cut directly in the middle by Chen Feng's desperate knife!

Seeing this scene, everyone was shocked, with expressions of disbelief on their faces.

The viper's eyes were dull, and he said in amazement: "How is it possible? How is it possible?"

"Isn't this little \*\*\*\* only the strength of the third floor of the Divine Door Realm? How could it be possible to kill the copper hammer with a single blow?"

And the girl with a bow and arrow was also full of disbelief, and her eyes showed shock.

Then Chen Feng turned his head and looked at them, with a slight smile on the corner of his mouth, and said softly: "You are all going to die!"

His smile was bloodthirsty and cold, causing the viper and others to shiver involuntarily!

Chen Feng held the Ziyue Knife in his hand and slowly pushed towards them.

Ge Dan in the distance did not change his expression at all. It seemed that the death of the burly man had no effect on him. He just coldly shouted, "What are you still doing in a daze? Don't you hurry up and kill him?"

Several followers glanced at each other, and there was a hideous look on their faces.

The thin man holding a pair of daggers shouted sharply: "Let's stand together and kill him! I don't believe him, he is so strong!"

As he said, he accelerated forward, his figure turned into a gray lightning, and the speed was extremely fast, and he was already close to Chen Feng in a blink of an eye!

And another short young man holding a huge sword is also behind him.

And the woman holding a huge bow and arrow has already opened the longbow, and a blue long arrow appeared in her hand. Then, it turned into a blue lightning and shot at Chen Feng fiercely, and the temperature in the air instantly dropped. . Obviously, there is a strong icy air in her arrow!

In just an instant, the thin man came to Chen Feng.

A bloodthirsty and cruel color flashed in his eyes. He was originally in front of Chen Feng. Suddenly he turned around and used a strange step martial arts. He came directly behind Chen Feng, and then the dagger pierced Chen Feng's temple fiercely. go with.

At the same time, the huge sword in the hands of the stocky young man also smashed at Chen Feng.

The long arrow like blue lightning had already shot in front of Chen Feng.

Four weapons came towards Chen Feng at the same time, and Chen Feng was attacked from all sides.

A smug look appeared on the skinny man's face, and his dagger was no more than a foot away from Chen Feng's temple.

One-tenth breath! As long as he was given another tenth of the time to breathe, he would be able to pierce the dagger into Chen Feng's head. At that time, no matter how strong Chen Feng was, he would never be spared.

Until this time, Chen Feng hadn't moved yet.

The triumphant expression in the eyes of the three of them grew deeper and deeper, but at this moment, Chen Feng suddenly moved.

He had a wrong step, his steps were mysterious, he smashed a step forward, using his vague steps, and directly avoided the two daggers that stabbed the skinny man with the poisonous snake into his temple.

Then he punched out with both fists, like double dragons taking water, a dragon roar in the air instantly sounded, Chen Feng slammed the first move of the dragon \*\*\*\* fist, the dragon fought in the wild, and launched outrageously!

There was a roar like a dragon's roar from his throat, and two water tanks thick and thin, more than 20 meters long, were completely condensed from qi.

Dragon scales and dragon beards, dragon claws and dragon body, all are incomplete, just like a real dragon!

The two giant dragons uttered a dragon chant, and then slammed into the girl holding a bow and arrow and the short young man holding a giant sword.

A giant dragon slammed into the huge sword of the short young man, screaming, and the huge sword was directly shaken and flew out, blood oozing out of the tiger's mouth.

Then the dragon slammed into his body again, directly smashing him into a blood mist, bursting into the air.

The other giant dragon with qi qi flicked its tail and bounced the blue long arrow away, and then came to the girl holding a huge bow and arrow.

Seeing this scene, seeing Chen Feng's fierce punch, the girl holding a huge bow and arrow was already stunned. She opened her mouth as if she wanted to ask for help, but the next moment, the dragon's claws had already torn her into pieces. Two halves!

Then the two giant dragons rushed at the two people far away with great fierceness, directly blasting the two people into countless pieces of flesh and blood, and exploded into the air.

Until this time, the power of this trick of dragon fighting in the wild was completely exhausted, and the two dragons disappeared into the air.

At this moment, Chen Feng had already turned around, and he smiled and looked at the thin man in a gray robe.

Chen Feng punched and killed four people directly!

Seeing this scene, the thin man was so incredulous that he was stunned.

Suddenly, there was great fear in his heart. He looked at Chen Feng, as if he was looking at a devil, his face pale and his whole body trembling.

The strength of these four teammates could not be more clear to him, even if they were the pinnacles of the fifth floor of the Divine Gate Realm, it would be difficult to kill them in an instant.

And Chen Feng's punch was so powerful that it really made him feel incredible!

#### [Chapter 566: You never dare to kill me!](#)

Then there was a huge panic in his heart. He had soberly realized the strength gap between himself and Chen Feng, and he no longer had the idea of killing him. Instead, he thought about how to save his life.

Chen Feng forced him step by step, with a smile on the corner of his mouth, and slowly said, "Why don't you do it, don't you want to kill me?"

"Didn't you say you wanted to kill me several times when you were at the Xie's auction house?"

"Aren't you following me, trying to kill me? Why don't you do it now?"

Every time Chen Feng took a step forward, the gray-robed man viper stepped back, trembling all over.

When Chen Feng said something, his face turned pale. Although Chen Feng was smiling at this time, his eyes were cold.

Suddenly, the man in the gray robe knelt heavily on the ground. He was already suffering from the mental breakdown that Chen Feng said. He cried and cried. While crying, he knocked his head and shouted at Chen Feng:

"Please, you have a lot of adults, don't kill me, you have a lot of adults, don't be like me!"

Chen Feng stood there, looking at him with a sneer: "Didn't you just say you want to kill me?"

The man in the gray robe heavily fanned his face with a big ear and cried, "I have eyes and no beads, but I want to provoke you. I am bold. Give me another chance! I won't dare anymore!"

He now thought of his provocation against Chen Feng at the Xie's auction house, and then thought about the behavior just now, suddenly felt that he was extremely ridiculous.

This is simply looking for death!

He regretted it to the extreme. If he could do it again, he would never provoke Chen Feng again, and would avoid Chen Feng from a distance.

They challenged Chen Feng in the Xie's auction house, and Chen Feng had to bear it one by one at the time, but they thought it was Chen Feng's cowardice and incompetence, but only at this moment did he realize how strong Chen Feng really was. terror!

Chen Feng looked at him and said lightly: "It's too late!"

Then the Purple Moon Knife in his hand slowly cut out. The thin and thin man named Viper had no idea of resisting. He knelt there and cried, closed his eyes and waited for death, leaving Chen Feng to cut off his head with a knife.

Then Chen Feng walked slowly towards Ge Dan in the distance.

He is not afraid of Ge Dan running. Although he can't see the depth of Ge Dan, he can roughly estimate it. Knowing Ge Dan's strength should not exceed the third floor of the gods.

What surprised Chen Feng was that although he killed all Ge Dan's followers, Ge Dan was not flustered. He looked at him calmly and said lightly:

"Now you throw away your weapon, discard an arm yourself, kneel in front of me begging for my forgiveness, and I can accept you as my follower when things have not happened today."

Ge Dan's expression was very calm, with a hint of arrogance and disdain still in his expression, looking down at Chen Feng.

And his attitude when talking to Chen Feng was as if he was pitying and giving charity.

Chen Feng could tell that he really didn't seem to worry about daring to kill him.

Chen Feng stared at him and said with a sneer: "You are still talking about this kind of nonsense when you are dead. Wouldn't it be more straightforward to kill you with a single blow?"

Ge Dan looked at him and said proudly: "You dare not kill me! If you kill me, the Alchemist Association will never spare you!"

"What a behemoth the Alchemist Association is. With your ignorance, you may have never heard of it. But I will only tell you one thing. I don't know how many times he is stronger than the Qian Yuanzong where you are!"

"If you dare to kill me, a first-grade pharmacist registered with the Alchemist Association, you will definitely die without a place to be buried! Not only will you die, all your relatives and friends, the sect family, will be implicated because of you and will be completely ruined. !"

He took it for granted and said: "I am very patient, so I knelt on the ground and beg me!"

Chen Feng looked at him like a lunatic. This man was utterly mad, and his self-esteem was so high that he really thought everyone would be afraid of him?

Chen Feng sneered and said, "What \*\*\*\* Alchemist Association?"

"It's really ignorant!" Ge Dan looked at him with an extremely contemptuous look:

"You wild savages in small places, with no news, ignorance, and arrogance, don't even know what the Alchemist Association is, so dare to do it to me here!"

"Tell you, the Pharmacist Association is one of the most powerful and powerful organizations in the entire Great Qin Kingdom, and there are countless powerful people in it!"

His face was full of superiority, and he looked down at Chen Feng and said lightly: "Our pharmacist profession is extremely respected and far surpasses you ordinary warriors."

"Of course, in small places like yours, you can hardly see the alchemists. You can only see the existence of the alchemists when you go to higher-level cities and larger schools."

"It's no wonder that you don't know how good a pharmacist is! Tell you, I am a high-ranking pharmacist registered with the pharmacist association, and I have an official qualification as a pharmacist! You dare to kill me, the pharmacist association, including the entire Great Qin country, Will never let you go."

He shouted impatiently: "Don't you hurry down and pray for my forgiveness? I think you are pretty good. As long as you break one arm, you will be accepted as my follower. It is already very kind to you. Up."

A joking smile appeared at the corner of Chen Feng's mouth: "Oh, if I didn't cut off my arm, what other price would you want me to pay?"

#### [Chapter 567: So what?](#)

Ge Dan proudly said: "Becoming a follower of our noble alchemists is something you humble warriors dream of. Do you know that there are a few of them who want to be my followers, and they have paid a huge price!"

"Bronze Hammer and Viper, dedicated their daughter to me, and those female followers have all been used by me!"

Chen Feng's eyes immediately became cold and stern. Ge Dan was simply not a human being. He treated ordinary warriors as slaves and beasts and humiliated them at will.

Chen Feng sneered and said: "I originally wanted to give you a good time. Since you have done these things, I really can't spare you easily!"

With that said, he walked to Ge Dan and stretched out his hand to directly seal the meridians throughout his body.

Ge Dan began to feel a little flustered, and exclaimed: "What are you going to do? Could you really dare to move me?"

"Tell you, if you move me, I will kill you all!"

Chen Feng sneered and said, "Before this, I will send you to hell!"

Then, a burst of qi gushing out of his right hand, gently patting Ge Dan's left arm, instantly shattering all the bones of his left arm.

Godan suddenly let out a scream, his painful face was pale, and sweat suddenly oozes out of his forehead.

Chen Feng laughed coldly: "Aren't you crazy? Aren't you ruthless? How come it hurts like this at this time?"

Ge Dan looked at him with a bitter expression on his face, and said with a trembling voice: "Chen Feng, I won't let you go!"

Chen Feng patted his face lightly and smiled slightly: "Wake up, I can't let you go now."

With that, he shattered his right arm again!

Ge Dan even screamed, and then Chen Feng did the same, shattering the bones all over his body one by one.

In the end, Ge Dan collapsed on the ground like a mess of meat, unable to support it at all.

All the bones in his body had been shattered, and the severe pain continued to hit him, causing him to scream and cry, tears and nose.

Chen Feng stretched out his hand again, and Ge Dan showed great fear in his eyes. He looked at Chen Feng and suddenly cried out: "Spare me! Forgive me! I don't dare anymore!"

He could tell that Chen Feng really wanted to kill him.

At this time, his arrogance and arrogance had disappeared without a trace, only fear and begging for mercy remained in his heart, and he kept begging Chen Feng to let him go.

Chen Feng looked at him and said with a sneer: "It's too late!"

He dealt with the corpses of Tonghammer and others, and then brought Gedan into a hidden mountain forest, and then kept Gedan howling miserably for a whole day and night, until the next morning, he killed Gedan.

Chen Feng took out his mustard bag, then his body was destroyed, and then he left without worry.

But what Chen Feng didn't notice was that after he turned and left, a blue light flashed across the pool of Gedan's body that had turned into pus.

Chen Feng returned to Changhe City and walked towards Sun's Mansion.

In two days, the Sun family should be able to get all the medicinal materials he needed.

As soon as I walked to the main hall, I saw Sun Ye.

After seeing Chen Feng, Sun Ye showed arrogance on his face and walked in front of Chen Feng to block his way.

Chen Feng glanced at him, not wanting to argue with him, and went aside, but he didn't expect Sun Ye to stand in front of him again.

Chen Feng frowned and said lightly: "Please get out of the way, I want to go."

Sun Ye laughed and said, "The \*\*\*\* genius of Qian Yuanzong, who do you think of yourself as a trash?"

"Do you really think that you can go everywhere with the name of a \*\*\*\* genius? Tell you, this is the Sun's house! I am the master of the Sun's house! What's wrong with me blocking your way?"

"This is Sun Mansion, where I want to be? Can you control me?"

Chen Feng said with a cold voice, "Get out of the way!"

"Oh, you are pretty handsome!" Sun Ye sneered:

"Do you know what this place is? Tell you, at other times, this place may allow you an outsider to walk around, but today this yard, you outsider are not qualified to come in, get out of here!"

As he spoke, he pointed outside and shouted coldly.

Chen Feng asked lightly: "Why am I not qualified to go here today?"

Sun Ye laughed and said: "Don't be afraid to tell you, today there is an elder of our Qingmu Sect who came to visit Sun's Mansion."

"This is a veritable elder of the sect, not a so-called \*\*\*\* genius like you. Is something like you worthy of walking here? If he is seen by his old man and sulls his elder's law, wouldn't it be my sin? Get out now!"

When he said this, Sun Ye was full of pride.

The elders of the Qingmu Sect came to Sun's Mansion. In his opinion, it was because of him. It gave him a very long face. It also made him feel that his status in both Qingmu Sect and Sun's Mansion has been greatly improved. .

At this time, he was even more arrogant and arrogant in front of Chen Feng, dismissing Chen Feng.

At this time, a voice came from the main hall: "Ye'er, who is making noise outside?"

Sun Ye smiled and said: "Father, it's nothing, just an ant, just trample to death!"

Before the words were over, Sun Yuzhi walked out of the main hall. It was Sun Ye's father.

He looked at Chen Feng, a look of disgust flashed in his eyes, and said in a cold voice, "What kind of thing do you dare to make a noise here? Get out of here!"

"It really disturbed the elders of the sect of the Qingmu Sect, can you bear it? If he angered his old man, he crushed you to death with one finger."

#### [Chapter 568: Is this where you came from?](#)

Sun Ye even stepped forward, wanting to push it into a trend, and shouted: "Hurry up!"

A cold light flashed in Chen Feng's eyes. As long as Sun Ye dared to step forward, he would immediately abolish Sun Ye with one move, no matter what the relationship between Sun Ye and the Sun family was!

At this moment, in the main hall, an old voice came out: "What's going on outside? Why is it so noisy?"

As soon as he heard this voice, Sun Ye's father, Sun Yuzhi, immediately changed the expression on his face from the arrogance and indifference when facing Chen Feng to full flattery.

He bent slightly towards the main hall, and respectfully said: "Thanks to Mrs. Li, there is nothing wrong with it, but a little fly is buzzing around here, so I will let him go!"

After that, turning around, he shouted to Chen Feng with a grim expression: "Get out of the way, or you will be killed today!"

"Oh, a little fly?"

The old voice inside seemed interested, and said with a smile: "I want to see, is it possible that the Sun family still has such an interesting person?"

With that, a black shadow flashed past and appeared in front of the main hall.

This is a long-bearded elderly man in his sixties wearing a Ge Pao. Although he is not young, his complexion is fair and smooth, his face is flushed, and he looks very energetic.

He is a supreme elder in the Qingmu Gate, this time he was invited by Sun Ye to be a guest in the family.

It turned out that Sun Ye had conspired with his father since entering the first fifty years of the Qingmumen Inner Sect, to use this as capital to seize the inheritance rights of the Sun family.

This time, he paid a great price, and invited a sect elder to support him and enhance his family status.

At this time, Sun Yusheng, the head of the Sun family, and a large number of family elders, including Sun Changfeng, and many younger generations in the family, a mighty thirty or forty people, walked out of the nearby courtyard.

After seeing the old man, he hurried forward a few steps and said with a smile: "Ms. Li, there are some important things that were delayed just now. I just came here. Please forgive me for any negligence."

The attitude is also very respectful.

You know, like Qingmu Sect, the Supreme Elder among sects like Qian Yuanzong, it is not their Sun family that can easily offend. [novelusb.com](http://www.novelusb.com)

But the look on his face was very ugly, and he was not stupid. Of course he knew that Sun Ye had invited Mrs. Li to the family. In name, he was a guest, but in fact he came to demonstrate.

He knew this very well.

Then he looked at Chen Feng, he was taken aback for a moment, and he thought: What is Chen Feng doing here?

Seeing Li Taishang coming out, Sun Ye became even more arrogant, staring at Chen Feng, and swearing fiercely: "You rubbish, don't you get out of here? It really angered our sect Li Taishang, just a finger Crush you!"

He did not see that when he said this, Mrs. Li's face immediately became very ugly, and the blue veins on her forehead jumped.

Ever since Mrs. Li walked out of the main hall and saw Chen Feng, his eyes have not been taken away from him.

He has seen Chen Feng, and the Qianyuanzong general ranking competition not long ago. He went with Fei Lichun, the master of the Qingmu Gate, to observe the ceremony. He had seen how amazing Chen Feng was and shocked the major sects and let all The master of the door is full of praise!

He also knew that the sect master Fei Lichun, in order to win Chen Feng into the Qingmu Gate, he even laid down the blood debts of the previous disciples who were killed by Chen Feng.

But at this time, such a genius was actually scolded by an ordinary disciple under his own?

It's ridiculous!

That's right, in his opinion, Sun Ye is just an ordinary disciple, not as good as Chen Feng's hair.

He suddenly yelled at Sun Ye: "Sun Ye, shut up the old man!"

Sun Ye couldn't help but froze. He didn't know why Mrs. Li suddenly scolded himself, but when he saw Mrs. Li's ugly look, he suddenly trembled, shut his mouth and stepped aside, dare not say a word.

Then everyone saw Mrs. Li walking towards Chen Feng.

Seeing this scene, Sun Yusheng's expression suddenly changed, thinking that Li Taishang was looking for Chen Feng's trouble, but he was really loyal, and was about to step forward to dissuade Li Taishang.

At this time, Mrs. Li waved his hand slightly and said lightly: "Don't think too much, don't worry."

Then he walked in front of Chen Feng, and the next action shocked everyone, with a face full of disbelief.

After he walked in front of Chen Feng, he turned out to be very respectful, saluted very politely, and then smiled slightly: "Little friend Chen Feng, I haven't seen you for many days, don't come here without problems."

This scene stunned everyone.

Mrs. Li's attitude towards Chen Feng at this time can be said to be polite with a hint of flattery and flattery.

Sun Ye, in particular, was dumbfounded with shock, his mouth opened wide, his eyes were about to fall out, his face was full of disbelief!

This, is this still in the sect, which Li Taishang who has always been known for being harsh and cruel? How could he be so polite to Chen Feng, even a little flattering and flattering?

What is the origin of this Chen Feng?

After the shock, there was a strong fear in his heart. Thinking of how he had treated Chen Feng just now, his heart trembled and his face became pale!

I was shocked and scared, but still a little suspicious. Looking at Li Taishang, I wanted to figure out what was going on.

Chen Feng didn't recognize Mrs. Li coming up, slightly surprised, and asked, "You are?"

The onlookers all saw this scene, shaking their heads and smiling bitterly.

#### [Chapter 569: Kneel down and beg for mercy](#)

Chen Feng is also good enough. He doesn't even know this Madam Li, but Madam Li takes the initiative to greet him, and his attitude is so respectful, it looks like Madam Li is a junior and he is an elder.

Sun Ye was overjoyed. Originally thought that Chen Feng would not give Mrs. Li so much, that Mrs. Li would definitely be angry, but he did not expect that Mrs. Li was not angry at all. Instead, he smiled and said to Chen Feng:

"Last time the Qianyuanzong general rankings were compared, I went with Master Fei Men."

Chen Feng suddenly realized: "Oh, that's how it is."

Mrs. Li haha, with a slight compliment in his tone:

"Chen Feng, the last time you were amazing in the Qianyuanzong general ranking competition, you killed Ding Qianshan, the sixth building of the gods, with a tyrannical attitude, and won the ranking first. , Really shocked all the sects of Danyang County!"

"Now all sects treat you as a treasure, desperately trying to draw you into their own sect!"

Hearing these words, everyone in the Sun family was shocked and looked at Chen Feng with extremely dull and shocked eyes.

"What? Chen Feng turned out to be the top of the Qianyuanzong Inner Zong overall ranking? And he was able to kill the master of the sixth building of the Shenmen?"

Their first instinctive reaction was to disbelieve, but what came out of Mrs. Li's mouth could not help them not believe it.

Sun Ye's face was pale and his body was shaky. He felt black in front of his eyes and almost fainted.

In his heart, a voice was wailing: "God, it turns out that Chen Feng is so powerful! He turned out to be the number one in the Qian Yuanzong general ranking, and was able to kill the master of the sixth floor of the gods!"

"I even dared to say those things to him before, it's just looking for death! He is afraid that one finger can run me to death!"

And his father, Sun Yuzhi, also had an ugly face, regretting what he had just done.

The two felt that their faces were hot, as if they had been slapped in the slap, so painful to death.

Such geniuses, they just spoke so ruthlessly, really knowing the heights of the sky.

Those words that Mrs. Li said, every sentence was like a heavy hammer, hitting the hearts of the Sun family, shocking them.

Sun Yusheng was shocked and delighted. What was shocked was that he didn't expect Chen Feng to be so powerful, and what was delighted was that the stronger Chen Feng was, the more worthwhile their Sun family's investment in Chen Feng.

Asking Sun Hua next to him in a low voice: "Sun Hua, Chen Feng is so powerful, why didn't you tell me before?"

Sun Hua smiled bitterly and said: "I have always wanted to talk, but I have never had a chance. I wanted to talk that day, but Brother Chen Feng stopped me."

With unconcealable pride in his tone, he said to everyone:

"You may not know that some time ago, when the major sects came to the total ranking to watch the ceremony, after seeing Brother Chen's performance, they all rushed to pay a great price, just to make Brother Chen Feng Join their sect!"

"Qingmumen said, as long as Brother Chen Feng can join them, they can write off the grievances Brother Chen had with them!"

"And the master of the King Kong Gate promised to accept Brother Chen Feng as a closed disciple, and to teach all his unique knowledge!"

"The Ten Thousand Beast Gate Supreme Elder, even more so, he wants to give Senior Brother Chen Feng a treasure of their sect of the town, a domesticated monster of the fifth floor of the Divine Sect Realm!"

After hearing these words, everyone in the Sun family was in an uproar, and they all looked at Chen Feng with extreme envy, and of course they were extremely admired.

No one thought that Chen Feng was so powerful and so popular that all the major sects would compete for it, and he would pay such a high price for him.

Apart from other things, just a monster beast in the fifth floor of the Divine Gate Realm has already been domesticated. If it were placed in the Great River City, its value would far exceed the total value of some top families.

Li Taishang on the side, the interface smiled and said: "Yes, that day, Chen Feng and Qian Yuanzong had some contradictions, and they said that they would quit Qian Yuanzong. As a result, our big sects rushed forward! "

"You haven't seen it with your own eyes that day, and you don't know the grand scene! The eight major sects around the Aomori Mountains are all vying for Chen Feng, haha, this kind of grand occasion has not appeared for hundreds of years!"

He laughed and said: "Speaking of which, we are also a little bit hopeless, but there is no way. Who said Chen Feng is a rare genius in hundreds of years!"

Sun Ye was trembling all over, terrified, like sifting chaff.

He had no doubt now that as long as Chen Feng said that he wanted to join the Qingmu Gate, Mrs. Li could kill himself directly and neatly as a gift to Chen Feng.

He has never seen Mrs. Li, who has always been ostentatious, so funny and so pleasant to speak.

He is very sure now that Mrs. Li is very flattering to Chen Feng, because if Chen Feng really agrees to enter the Qingmu Gate, he may even become the next master in the future.

He couldn't control it anymore, with a plop, he directly knelt on the ground, his face pale, tears streaming down his head, and he knocked his head repeatedly towards Chen Feng, and cried while knocking his head:

"Brother Chen Feng, you have a lot of adults, please spare me! I have offended you, and I will never dare anymore. Please spare me and give me another chance!"

Seeing this scene, everyone in the Sun family was stunned, and Sun Hua's face showed a touch of delight.

#### [Chapter 570: Don't be shameless](#)

Before Chen Feng spoke, Mrs. Li said with a gloomy face: "Chen Feng, Sun Ye, this little bastard, how did you offend you? Tell me, I will help you clear the door!"

In his mind, if killing a Sun Ye can make Chen Feng feel at ease and increase the possibility of Chen Feng joining Qingmumen, it is very worthwhile.

Sun Yuzhi was also pale, and with a plop, he knelt next to his son, repeatedly kowtow, and begged: "Chen Feng, we were wrong, we really knew we were wrong! You let our father and son live together!"

Then turned his head to look at Sun Yusheng, with a pleading expression on his face.

Sun Yusheng couldn't bear to look at him like this. After all, he was a real brother. How could he watch him die in front of him?

He looked at Chen Feng and pleaded: "Chen Feng, since they know their mistakes, please forgive them this time."

Chen Feng walked past Sun Ye and Sun Yuzhi, but didn't even look at them, but said lightly:

"Let's use one eye alone, you dog eyes, you can't see everything clearly. What's the use of asking for it? So, it's a lesson for you!"

When Sun Ye and Sun Yuzhi heard this, their faces became very ugly. They didn't expect that they both knelt down and begged for mercy. Chen Feng still refused to let them go and wanted to blind them one eye.

The two looked at each other, and both hesitated.

At this time, Chen Feng frowned and said lightly: "Don't shame your face!"

Mrs. Li quickly said, "I can't make up my mind, right? Okay, then I'll help you!"

The long sword was unsheathed, and everyone saw two white lights flashing past, and then Sun Ye and Sun Yuzhi screamed and screamed. Both their left arms were stabbed blind, blood was flowing, and the two of them were holding their wounds, painful. Rolling on the ground, screaming.

Chen Feng looked at them and said faintly: "A long memory, the remaining eyes, brighten up a bit later, not everyone is the cause of you."

Sun Ye and Sun Yuzhi nodded again and again, not dare to talk nonsense, they were extremely afraid of Chen Feng.

In the past few days, the Sun family had gathered all the medicinal materials that Chen Feng needed.

After knowing Chen Feng's status among the several sects, the Sun family respected him more, and at the same time valued him even more. It can be said that the whole government tried their best to collect the medicinal materials he needed.

Early the next morning, all the medicinal materials were already in front of Chen Feng.

There are several large boxes, all of which are very high-quality and even precious medicinal materials.

Chen Feng was not polite and put it in a mustard bag.

It's just that the friendship is returned to the friendship, the money still has to be given, even if the Sun family doesn't want it, Chen Feng will definitely stick to it.

This is his principle.

The medicinal materials needed to cultivate the golden body to determine the sixth and seventh levels are more expensive than the previous ones. These medicinal materials together cost Chen Feng about 120,000 middle-grade spirit stones, and after discounts, there are also 100,000. .

Chen Feng is now so poor that he can't get a piece of the medium-grade spirit stone on his body, but after he threw the body parts of the monster beasts to the Xie's auction house for auction, after deducting the handling fee, he still has two pieces in his hands One hundred thousand middle-grade spirit stones, so it is more than enough to pay.

Chen Feng was also somewhat fortunate. Fortunately, when he was bidding for the sap of five thousand-year-old white ghost vines, Ge Dan bid with himself. If not, he really bought that thing, and now he doesn't have much.

But then he killed Gedan and got the white ghost vine juice. In this way, he saved almost 90,000 middle-grade spirit stones.

Now Chen Feng saved so many middle-grade spirit stones, and at the same time got such a bottle of white ghost vine juice.

After counting these medicinal materials, Chen Feng left Sun's house and went back to Qian Yuanzong.

After returning to Qian Yuanzong, Chen Feng went to the Martial Arts Pavilion the first time he wanted to find Xu Lao.

In the end, he didn't expect that after he went to the martial arts pavilion, he rushed for nothing. Now it is not Xu Lao who is guarding the martial arts pavilion, but a 60-year-old man he has never seen before.

When Chen Feng saw it, he was a little stunned, and he was even more shocked. He secretly asked, "Could something happen in Chengzong?"

"Xu Lao has been guarding the martial arts pavilion for decades, and he has been here all the time. Why did he suddenly leave the martial arts pavilion and change the guard?"

The old man obviously knew Chen Feng. He knew what he was thinking when he looked at the expression on Chen Feng's face. He smiled slightly and said, "It's Chen Feng, right?"

Chen Feng nodded: "It's the kid, dare you to ask this senior?"

The old man laughed: "You can call me Hualao."

He seemed to know what Chen Feng wanted to ask, and said: "Old Xu is not here now. Since the overall rankings are over, he no longer guards the martial arts pavilion, but has a more important thing to do."

As he said, he blinked at Chen Feng: "Speaking of this, it is still related to you."

Chen Feng was surprised and said, "Is it related to me?"

But Hua Lao did not say, just pointed in a direction and said: "If you walk twenty miles in this direction, you will be able to see Xu Lao on a cliff."

Chen Feng nodded, thanked him, then turned and left, walking in the direction he pointed.

As expected, twenty miles later, Chen Feng was under a giant tree on a cliff and saw Xu Lao sitting cross-legged.

Old Xu was sitting cross-legged on a huge boulder, his eyes seemed to be open and closed, his eyes squinted, looking down.

And when Chen Feng came here, after looking down, he immediately knew why Xu Lao stopped guarding the Martial Skill Pavilion but came here.
