

Peerless 5621

[Chapter 5621: Go out!](#)

"Senior, please open the entrance to the grotto and let those people in."

As soon as he said this, Taoist Wuya laughed.

"You can call people."

But, speaking, he still waved his hand.

The sleeves are windless and automatic.

The mysterious runes on the streets and on the broken walls suddenly burst into glory.

Huaguang spread for dozens of miles in an instant, directly outside the grotto.

At the same time, Chen Feng was already flashing.

Holding the Qingqiu Tianlong Sword in his hand, he looked at the entrance of the ancient forbidden area, with a smile on his mouth.

Gong Li was established behind him, and he was ready to take action at any time.

In the abyss, He Haicheng and other dozens of people are now wandering outside the grotto.

All of them were full of anger.

"Xia Xuanfeng's breath disappeared here!"

He Haicheng's complexion was extremely gloomy, his voice was slow, with infinite coldness.

"The foreign treasure must be in it."

"The group of ants who calculated us before should be inside..."

The monks of Yunlong Pavilion and Yuannan Daozong exuded waves of killing intent.

I thought it would be easy to catch, but was calculated by an ant who didn't even reach the fairyland.

This makes them hate and annoy.

But how exactly will the formation on the grotto be triggered?

No one knows.

He Haicheng raised his hand and stroked the mysterious rune on the mountain wall.

Suddenly, his eyes widened.

I saw a gleam of light that didn't know where it came from, and suddenly spread along the mysterious rune.

A wide avenue emerged in the grotto.

Everyone was taken aback for a moment, and then suddenly overjoyed.

"This channel seems to be switched on and off regularly."

With that, everyone rushed in quickly.

He Haicheng suddenly raised his hand, looked at the crowd and shouted.

"Everyone, please be ready."

"Those opportunistic ants should be in there too."

"Don't fall into his plan again!"

Hearing this, everyone showed off various weapons in their hands.

Sneers and snorts of resentment continued to be heard.

Everyone cheered up and filed in.

However, as soon as they entered it, everyone's complexion changed drastically.

The radiance emitted by the mysterious rune is like a big mouth, swallow it.

When Hua Guang retreated, the power of the stars radiating from them was quickly and severely suppressed.

One by one had not stood firm in the void, and fell to the ground head-on.

Puffs sounded one after another.

He Haicheng's eyes were full of surprise.

Suddenly he felt it and looked up to the front.

"You finally came in."

Hearing this, everyone watched in unison.

I saw Chen Feng who had calculated them, holding the Qingqiu Tianlong Sword at this time, standing not far away!

There are still a few people behind.

Xia Xuanfeng just disappeared.

Isn't he here?

Without waiting for He Haicheng to think too much, Chen Feng smiled coldly, and the Qingqiu Tianlong Sword pointed directly at several people.

"Since it's here, go and die!"

Upon hearing this, He Haicheng and others were taken aback for a moment, and then they laughed.

It seemed to hear a joke.

They looked at Chen Feng, their eyes full of contempt.

He Haicheng took a step forward, sneering incomparably.

"Although there are cultivation bases suppressed here, with you few, you also want to kill me and wait?"

"Just looking for death!"

As he said, he was angry.

Muscles all over his body bulged, and he shot at Chen Feng immediately.

It's too late to say, then soon!

On Chen Feng, the golden Taoist rhyme like mist surging out.

Condensed into a space instantly.

Dao domain!

The next moment, he grinned, showing his white teeth.

Then, the figure disappeared instantly!

"what happened!"

He Haicheng's pupils shrank suddenly.

By the time he reacted, when something went wrong, it was too late.

Chen Feng appeared in front of him instantly.

Hand up and down!

The immense power suddenly burst out.

At this time, it is too late to retreat!

He Haicheng instinctively flipped his hands and took out a blood red shield.

The shield rose against the storm, and instantly protected He Haicheng in it.

boom!

Click!

The blood red shield suddenly fell apart and turned into powder!

He Haicheng cracked an incredibly hideous wound on his chest, he was covered in blood, and he immediately retreated several miles!

When everyone saw this, they were shocked.

"what happened!"

Looking at Chen Feng just now, it clearly didn't mean any cultivation base was suppressed.

No wonder he has the confidence to fight this!

The complexions of the people of Yunlong Pavilion and Yuannan Daozong changed drastically.

If they were also suppressed, they would naturally have the confidence to kill Chen Feng.

But at this moment, they will die if they meet Chen Feng!

"Run away!"

"Get out!"

Without saying anything, everyone turned around and wanted to leave the cave.

However, as soon as he turned around, he saw the opened grotto passage suddenly disappeared again!

There is no way to escape!

Everyone looked at each other, and the fear filled their hearts instantly.

At this time, He Haicheng coughed up blood in the distance.

But still stood up.

"Since there is no way back, then fight with him!"

Although the cultivation base was suppressed a lot by the ancient forbidden land, it was not suppressed to nothing.

After all, everyone is strong, and the physical strength is also extraordinary.

Someone immediately responded.

They turned around and fixed their eyes on Chen Feng.

Then, a breath of palpitations was exuded all over his body.

"Kill these reptiles!"

With a roar, everyone joined forces and rushed forward.

In the faint, the momentum even condenses into a majestic mountain!

Fell to Chen Feng!

However, Chen Feng still had a smile.

He turned and swung his knife.

"Elder Gong, take the battle for me!"

The moment the voice fell, the figure shot out, and the Qingqiu Tianlong Sword was swung in his hand.

The golden Dao realm suddenly enlarged, covering all the cultivators of the Western Wilderness who rushed into it!

Blood lasing!

The entire ancient forbidden area filled with a strong **** atmosphere.

At this time, those monks finally realized.

It turned out that the talented Chen Feng even had some reservations!

Right now is his real strength!

In despair, someone finally roared.

"How about Xia Xuanfeng!"

He Haicheng was full of resentment and looked around, but he couldn't see Xia Xuanfeng!

At this moment, someone suddenly exclaimed.

"That is the breath of Xia Xuanfeng!"

Many people follow the reputation.

I saw a large pool of blood not far away, dazzling!

But at this moment, Chen Feng sneered in front of him.

"I let you down."

"The person you count on has some abilities and fled."

Hearing this, even He Haicheng's complexion changed drastically!

Their biggest trump card is Xia Xuanfeng.

But now, Xia Xuanfeng also shed so much blood, it can almost be described as a tail dock escape!

Everyone fell into despair!

Just as Chen Feng held up the Qingqiu Tianlong Sword, ready to send them on the road.

Suddenly, a loud shout sounded from another direction.

"Chen Feng!"

It's He Haicheng!

At this time, He Haicheng was covered in blood, and there were hideous knife marks on his chest.

He was embarrassed, but his face was extremely firm.

Chen Feng quickly noticed that there was a jade symbol in his hand.

Before he took any defensive action, He Haicheng smashed the jade talisman neatly.

[Chapter 5622: Where is so much nonsense?](#)

A stream of light flew out suddenly and escaped into the void!

Chen Feng stopped, his eyes sinking slightly.

After doing all this, He Haicheng laughed frantically!

"Chen Feng, I have remembered your name, appearance, and breath, and passed it back to the sect!"

"Even if you kill me today, tomorrow..."

The words are not finished!

The long knife in Chen Feng's hand had already been cut down.

boom!

His face was indifferent.

In the golden Dao realm, a golden light turned into a sharp sword light, instantly splitting He Haicheng in half!

The voice stopped abruptly!

The corpse fell heavily to the ground.

Chen Feng stood still, with no fear on his face.

"Where so much nonsense!"

After a while, the monks of Yunlong Pavilion and Yuannan Daozong were all beheaded by Chen Feng.

Chen Feng relieved the Dao domain and let out a sigh of relief.

Then smiled and invited Gong Licheng and Mei Wuxia to search for the loot.

Soon, Chen Feng found a storage jade token from He Haicheng.

He peeked into it, and he laughed.

It seems that this person has a high status in the Yuannan Taoist School.

There are many treasures of heaven, material and earth, magic tools and elixir in the storage jade cards.

Chen Feng turned over and took out a jade slip from it.

Divine consciousness penetrated into it, and then, his eyes lit up.

"Spirit Extreme Flame Breaking Sword Technique... It was actually a third-grade Hong Rank sword technique!"

It's no wonder that He Haicheng's swordsmanship was so fierce when he fought those monsters at the beginning!

Chen Feng thought for a while and called Mei Wuxia over.

"This sword technique is very compatible with the Qingyan Divine Sword in your hand."

Gong Licheng has his own top-level technique, so he must be indifferent to this spiritual pole flame-breaking sword technique.

Chen Feng doesn't need it himself.

And Mei Wuxia's cultivation base is not high, so she can make the best use of it.

Mei Wuxia smiled and looked at Chen Feng, and accepted it without being polite.

"Thank you, Brother Chen Feng!"

Mei Wuxia looked down at the jade slip in her hand, her beautiful eyes gleaming.

"With this set of swordsmanship, I will be able to help Brother Chen Feng in the future."

Upon hearing this, Chen Feng was taken aback for a moment, and then laughed.

Reached out and rubbed her head.

Later, he found a lot of magic weapons from He Haicheng's jade storage plaque.

There were even a few divine pills that made his eyes shine.

One of the maroon red **** pill does not have many pill patterns on the surface, but there is a sharp aura circulating.

Gong Licheng on the side looked over and was obviously no stranger to him.

"Yunyu Yiyuan Pill, after taking the cultivator in the fairyland of Lingxu, he can quickly raise his cultivation level to one level!"

"However, the time limit is only for a stick of incense."

Chen Feng nodded.

Although there is only one stick of incense, it can also play a great role at critical moments.

At this time, Gong Licheng looked at another one.

That **** pill was exuding bursts of fluorescence at this time.

Chen Feng could feel that there was a huge power of blood in it.

Gong Licheng said again.

"This is the Colorful Profound Wind Pill, which can stimulate the blood in the body and enhance the power of the physical body in a short time!"

Chen Feng smiled and put away these things unceremoniously.

Then, he got up and looked at Taoist Wuya.

"Senior, we can leave now!"

Wuya Taoist nodded slightly.

Looking around again, there was a bit of sorrow in his eyes.

"I don't know how many years the old man has spent here."

"Never thought that one day I could leave this place..."

When the words fell, the mysterious runes visible to the naked eye suddenly lit up with brilliant lights.

The light radiated from the mysterious rune, condensing into a straight.

The passage to the outside of the grotto is opened again!

Everyone stepped into it.

In the blink of an eye, he had already walked out of the ancient forbidden area and came outside the grotto.

However, as soon as they appeared, a roar came!

"Roar!"

not good!

Chen Feng and others' complexion changed suddenly.

They delayed too much time in the ancient forbidden ground!

More than an hour has passed!

The Yuan Beast of Xuanhuang Town has woken up!

The surrounding cliffs began to tremble and boulders of various sizes kept rolling down.

The huge body keeps jumping on the mountain wall.

The rumbling sound keeps coming!

A pair of scarlet eyes, almost capable of emitting flames!

The Yuan Beast of Xuanhuang Town is swiftly killing everyone!

It is angry and violent at this moment!

The body's aura was stronger than before, and the mighty and powerful force directly pressed Chen Feng's trio.

However, just when the three of Chen Feng prepared to use the golden Tao Yun to escape directly out of the abyss.

The laughter of Taoist Wu Ya suddenly came.

"Hahaha..."

He took a step forward casually and raised his hand.

"Little guy, you have been guarded outside these years!"

Hearing this, the Xuanhuangzhen Yuan Beast, which had previously turned into a faint purple light, instantly became quiet.

The next moment, above the huge and hideous face, the blood basin suddenly opened.

Hum!

The purple light lit up.

I saw that Xuanhuangzhen Yuan beast's body became smaller one after another.

In the end, it turned into the appearance of a purple kitten and rushed towards the Taoist Wuya.

Taoist Wuya smiled and hugged it, rubbing its head with his big hands.

The strength of Erjie Dixian instantly turned into a docile and well-behaved kitten...

The three of Chen Feng couldn't help being stunned.

Taoist Wuya looked at the three and smiled softly.

"This is also part of the test, if you can't even pass the little guy."

"Not to mention accepting the old man's test."

Chen Feng nodded slightly.

The crisis was lifted, and the four quickly left the abyss and the oasis.

As soon as he left the oasis, Chen Feng turned his hand and took out the Great Asura oven.

The cultivation base of Taoist Wuya can naturally keep up with Chen Feng's teleportation speed.

However, Gong Licheng and Mei Wuxia couldn't do it.

Without further ado, the matter here is over, he can't wait to return to the Eastern Wilderness!

The big Shura oven quickly grew bigger.

Mei Wuxia has long been used to it, and stepped into it.

Chen Feng looked at Gong Licheng.

"Elder Gong, please."

At this time, the Taoist Wuya beside him, his eyes fell on the Great Asura oven.

He raised his eyebrows, seemingly surprised.

"This is something from the Shura world?"

Hearing that, Chen Feng was not too surprised.

Although it was just a clone of Taoist Wuya, it also had memories of before being split up.

As a great power who created the Six Paths of Reincarnation, it was normal to recognize things in the Asura world.

Chen Feng nodded.

"Junior is a person from the Eastern Wilderness Immortal Territory. He previously participated in the Eastern Wilderness Broken Jade Conference and went to the Shura Realm.

"During the period, I accidentally killed a Great Asura Demon and obtained this Great Asura Hong Furnace."

Hearing the name of the Great Asura Honglu, Wuya Taoist's eyes shook.

Almost at the same time, his eyes burst out with two bright rays of light.

hiss!

Luo Hong's body trembled.

The place where he was shot was hot to the naked eye.

The expressions of Chen Feng and others changed slightly, and their hearts were extremely shocked.

The avatar of Taoist Wuya is just carefully weighed, and even without hands, just looking at it can be terrifying!

[Chapter 5623: Give you a great luck](#)

At the next moment, there was only a hum.

In the place where the tripod body was illuminated, several layers of complicated magic circles were lit up!

Those magic circles interlaced and overlapped each other, and the entire Grand Asura Luo Hong furnace trembled more and more intensely.

However, at this moment, Taoist Wuya suddenly withdrew his gaze.

He looked at the great Xiu Luohong furnace again, and sighed slightly.

It seems to be a little relieved, but also a little regretful.

"About this thing, the old man had heard of it."

"There is a well-known Asura great demon family in the Asura world, this thing was refined by their ancestors."

Chen Feng nodded, and Jin Sanye told him about this.

"The Black Wisp Giant Flame Great Demon Family."

"It is said that when this thing was first born, it could refine all things in the world."

Taoist Wuya nodded.

"But fortunately, it didn't take long for a powerful human being to defeat 81 magic circles in his body."

"Now, the remaining 80 circles have returned to their positions, and only the core circle has not been repaired."

Speaking of this, he raised his eyes and looked at Chen Feng.

"The Shura Demon you killed was a member of the Great Black Flame Great Demon family?"

Chen Feng nodded again, and simply relayed what had happened in the Jade Smashing Conference to the seniors in front of him.

After speaking, I saw Wuya Taoist eyebrows smiling, and he laughed undisguisedly.

"Good job!"

Seeing Taoist Wuya reacting like this, Chen Feng couldn't help but smile.

Apparently, this Daoist without Cliffs and that black wisp of giant flame great demon family obviously had some grievances.

However, after laughing, Taoist Wuya did not forget to remind Chen Feng.

After all, he killed the eldest son of the immediate family of the Great Black Flame Giant Demon.

I am afraid that the Patriarch will not let go now.

And that is a difficult master, the cultivation base is probably higher than the Demon King Shura!

Taoist Wuya looked at Chen Feng once again, his face inevitably a little embarrassed.

"Hey, your cultivation base is still too low after all."

Since Chen Feng practiced all the way, he had heard similar things.

He was too lazy to explain.

However, he didn't care much, but Mei Wuxia beside him couldn't help but want to argue for him.

Mei Wuxia stepped forward and looked towards Taoist Wuya.

"Senior Taoist Wuya didn't know that Brother Chen Feng just condensed the Star Soul more than a year ago."

"Moreover, he condensed ninety-nine and eighty-one star veins at the beginning."

As soon as this remark came out, it really caused Wuya Taoist's surprise.

Even Gong Licheng's complexion changed drastically.

In more than a year, he broke through from the Star Soul Martial God Realm to the sixth cave sky of the Shifang Dongtian Realm now!

Throughout the ages, no matter how the enchanting evildoer against the sky, has never had such a sturdy qualification.

Gong Licheng looked at Chen Feng deeply and said with emotion from the bottom of his heart.

"No wonder Chu Ping will die in your hands."

Not wronged!

At this moment, Taoist Wuya looked at Chen Feng.

Suddenly, a majestic breath instantly enveloped Chen Feng's entire body.

He instinctively wanted to resist, but he reacted immediately.

There is no murderous in this powerful breath!

Taoist Wuya just wanted to find out his age.

The breath was quickly removed again.

Instead, the predecessors are surprised.

"Unexpectedly, the old man sometimes makes mistakes. You are so young!"

"It seems that the old man really delivered it right."

"With your aptitude like a broken bamboo, I am afraid that within five years, the old man can be resurrected."

With that, Taoist Wuya turned his head and looked at the great Xiu Luohong furnace in Chen Feng's hand again.

This time, a smile appeared on his face.

"In that case, the old man might as well give you another good luck."

"In the future, it is up to you to be a dragon or a worm."

When Chen Feng heard the words, his mind was shocked, and his heart fell into ecstasy.

He immediately clasped his fists in his hands and respectfully bowed to Wuyadao people.

The next moment, the wind will rise!

In the endless desert, yellow sand dances.

In an instant, the world was vast and dim.

Even the huge oasis in front of me was like a mirage, and I couldn't really see it.

But at this moment, everyone heard an extremely heavy loud noise.

The loud noise reverberated in the howling yellow sand and violent wind.

Chen Feng's complexion suddenly changed.

Although the picture in front of him was not real, he immediately showed his spiritual sense and clearly saw everything in front of him.

Outside the entire oasis, that huge giant formation burst out of brilliant light.

In an instant, Chen Feng guessed what "good fortune" the Taoist Wuya said was.

He wants to refine this unmatched formation into the core formation in the Great Asura Luohong Furnace!

Help it become a Taoist instrument in one fell swoop!

Sure enough, Mei Wuxia and Gong Licheng actually exclaimed.

I saw that the two of them were wrapped in a luminous glow and lightly brought to Chen Feng from the side of the large Xiu Luohong furnace.

Chen Feng grabbed the two of them.

In the next moment, the great Xiu Luo Hong furnace under his control shot out in a sudden.

At this moment, a thick cloud of ink condensed on Jiu Xiao instantly!

The incomparably large and terrifying thunder and lightning continued to shoot through the clouds.

In front of him, it seemed as if black clouds were pressing on the city to destroy the city!

In an instant, an ink purple thunder light that was thick enough to be hundreds of meters crashed down.
boom!

That thunder light happened to hit the Great Asura Hong Furnace in the sky.

Chen Feng refined this thing, and the great Xiu Luohong furnace was hit by thunderclouds, so he was naturally implicated.

Mei Wuxia stood beside him, and immediately noticed what was wrong with Chen Feng.

"Brother Chen Feng, what's wrong with you?"

Hearing this, Gong Licheng also looked over.

Chen Feng cried and smiled and waved.

"It's okay, it's just that the thundercloud hit the big Xiu Luohong furnace, and I will be affected."

Gong Licheng immediately understood.

He looked at the oasis again, at the giant cauldron that was soaring.

"It seems that it is not that easy to become a Taoist implement."

As he spoke, the second thundercloud smashed down!

It's too late to say, then soon!

A light flashed in Chen Feng's mind.

Don't let him think too much, almost in an instant, he fully mobilized all cultivation bases.

After that, he tried his best to control the large Xiu Luohong furnace.

Hum!

Above the sky, the direction of the furnace mouth of the Great Asura Luohong suddenly turned, and he took the initiative to face the thundercloud!

The huge thundercloud was all included in it in an instant.

At this moment, eighty-one formations lighted up on the Great Asura Hong Furnace.

The entire dim sky was lit up at this moment!

One by one, the mysterious and complex formations were connected and inseparable.

And the big core formation in the middle, at this moment, seemed to be beaten by a heavy blow.

Embedded in the previous eighty formations!

boom!

The endless reverberation keeps rippling away.

One after another, it hit the heart of everyone present.

Especially Chen Feng!

He refined the great Xiu Luohong furnace, and has extremely close ties with it.

At this moment, the eighty-one formations are closely intertwined with each other.

[Chapter 5624: Dao Qi, Cheng!](#)

Dao Qi, Cheng!

In Chen Feng's body, blood flowed like rivers and seas, roaring and surging.

The Supreme God Demonizes the Dragon Art, which runs to the extreme by itself.

At the same time, the Taishang Yuqing Nine Shou Zhen Jue was also awakened by some special induction.

The golden rhyme suddenly lit up beside itself.

Also emerged from the heights in the Luohong furnace of the great asura!

The supreme breath is full of simplicity and majestic meaning, from high above, fierce slaps.

The dark green light broke through the thick ink cloud in an instant.

It seems to have penetrated the sky!

The world became clear instantly.

But then, countless visions of heaven and earth appeared one after another.

Blossoming blood lotus bloomed at the end of the day.

There was a low hum of the main road all over the world.

Not only Chen Feng, but also Gong Licheng, Mei Wuxia, and even Zhang Feicong, who was brought out by manipulation, had their blood boiled.

"How is this going?"

Mei Wuxia exclaimed.

The metamorphosis of a Taoist artifact is born, and it will affect their blood.

At this time, Chen Feng suppressed the boiling blood, looking at the void.

"The Dao Qi, and the Great Dao of Heaven and Earth came into being."

"And this avenue of heaven and earth, what moved is exactly what I entered...the avenue of gods and demons!"

"Is it a coincidence?"

Before the words fell, a reply came in my ears.

"Naturally it is not a coincidence."

Chen Feng suddenly turned his head and looked at the Taoist Wuya who was talking.

I saw Taoist Wuya standing with his hand holding his hand, looking at him, his face remained calm.

"The great repair of Luo Honglu was not born from the avenue."

"It relied on acquired cultivation and transformed from magical implements."

"That is to say, it is the same as you and I practice, it needs to enter into a great avenue of heaven and earth by itself."

Upon hearing this, Chen Feng understood.

Since you need to move on your own and enter a certain avenue of heaven and earth, there must be some connections between them.

As the person who refined this thing, Chen Feng has become a bridge at this time!

It was precisely because he entered the Avenue of Gods and Demons and touched the threshold of this Avenue!

Thinking of this, his breathing suddenly became heavy.

Dao Qi is different from people.

People need to rely on themselves, step by step to understand the road that is built.

The Dao Qi, when it became a Dao Qi, had already condensed all the best things in the corresponding Dao!

"Because of me, it will help me go further!"

"This is the benefit of the acquired Taoist device!"

Taoist Wuya nodded.

Obviously, this is how he made Chen Feng truly good fortune!

This is really a great favor!

Chen Feng turned around, facing the avatar of Taoist Wuya, clasped his fists in both hands, and solemnly saluted.

Taoist Wuya asked him to resurrect himself, but accordingly, he not only gave him the second chapter of the Hundred Ghosts and Nights Calling Souls.

He also gave him a Taoist artifact!

Such generosity, full of power!

I don't know how long it took, the vision of heaven and earth gradually dissipated.

The great Xiu Luohong furnace in the void finally flew back to Chen Feng's hands.

Today's major Xiu Luohong furnace is completely new!

The lines on this four-legged square tripod have undergone earth-shaking changes.

The magic pattern symbolizing the giant black flame demon disappeared.

Instead, it is a brand new pattern containing the gods and demons!

The original body of the bronze tripod was now gray-green, glowing with cold light.

As soon as they got their hands, two people around came around.

Among them, Gong Licheng was the most excited.

"This is the first time I have seen the so-called Dao Qi."

"I heard that each Taoist instrument has its own unique characteristics. Let's take a look at this one."

On this point, Chen Feng himself also wanted to know.

At first, Jin Sanye once said.

Once this great Xiu Luohong furnace becomes a Taoist tool, it can refine a small world!

What a power this is!

However, before he urged the new Taoist tool in front of him, the Wuya Taoist beside him reached out and held him down.

"The old man advises you, it is better not to try to urge this thing lightly."

The three of Chen Feng raised their heads and looked at him.

"At the beginning, the ancestors of the Giant Black Flame Demon used it to refine a small world."

"Even the old man fell under it and lost my tower."

"There is not much power of the stars here. If you rush your cultivation base, I am afraid that it will be sucked up."

As soon as he said this, Chen Feng couldn't help but gasp.

The golden pagoda is in the hands of the Great Black Flame Giant Demon, so he guessed it!

But after hearing this, Chen Feng's heart couldn't help but fall.

"If I can't use this thing, what use is it for?"

With that said, he once again looked at the Taoist instrument in his hand.

Taoist Wuya's remarks were obviously for his sake, and Chen Feng was also very grateful.

However, he always feels that he can control it!

The avenue of the gods and demons in the heart is breathing with the great Xiu Luohong furnace in the hand, and the same ups and downs!

He wants to try it!

Therefore, Chen Feng took a step forward.

Immediately afterwards, in the Star Sea World, all three hundred and sixty-five stars burst out with brilliant light!

The roaring Sirius and Zhu Jiu Yin Xingxing roared together.

Even in the depths of the stars, I remembered the ancient Buddha singing!

The endless power of the stars rushed into the great Xiu Luohong furnace in Chen Feng's hands!

Although majestic, but extremely cautious.

Hum!

Everyone present heard this low whistle.

The next moment, Taoist Wuya finally showed a look of surprise.

"How can there be such a vast star power? You...could it be your star sea world..."

He lived for an unknown number of years, and soon reacted.

At this time, Chen Feng's spiritual sense had all entered the great Xiu Luohong furnace.

This is Dao Qi!

The original Avenue of Gods and Demons, like a mirage, was difficult to capture.

But now, with the help of the large Xiu Luohong furnace, he almost saw a broad road in front of him.

Just wait for him to step on!

However, as soon as he tentatively entered, his mind was almost plunged into violent chaos.

Rumble!

The supreme blood in the body is boiling instantly!

The Supreme God Demonized Dragon Art suddenly turned to the extreme by itself.

In an instant, Chen Feng suddenly had an illusion.

He broke through to the first layer of the first volume of the Supreme God Demonizing Dragon Art, the melt is furnace!

The physical body is constantly undergoing tempering!

At the moment he entered the Avenue of Gods and Demons, he himself was forged into a...the furnace of Gods and Demons!

Chen Feng immediately withdrew all the power of the stars and instantly regained consciousness.

He was panting heavily and his lips were white.

As we all know, Dayan Immortal Gate is famous for its formation.

Since it can be formed, it must be broken!

And Cangyu Immortal Sect was originally a miscellaneous cultivator, not even better than the Galaxy Sword Sect, mainly sword cultivator.

Speaking of the treasure of the town gate, in any case, it can never be a magic weapon to break the formation.

"What a Dayan Immortal Gate!"

Chen Feng gritted his teeth fiercely.

But now is not the time to vent.

Without saying anything, he urged the great Xiu Luo Honglu to put away Gong Licheng and Mei Wuxia, and looked at Taoist Wuya.

"Senior, please follow me."

Before the words fell, the golden Dao Yun suddenly lit up between the world.

After it dissipated, the light source was already empty.

[Chapter 5625: Sorry, I am late!](#)

Chen Feng brought the Taishang Yuqing Jiu Shou Zhen Jue into full play.

The realm of Dao realized by guarding Qingjing is constantly expanding!

From the beginning, it was only ten meters in radius, and now it has more than a hundred meters.

In the unique Tao domain, Chen Feng's teleport range has also been further expanded.

In addition, Wuya Taoist helped easily.

Originally, it would take at least a few days to reach the Galaxy Sword Sect from the junction of the two immortal realms.

And now...

Three hours later!

"At the moment of the big sunset today, it is the time when your Galaxy Sword Sect will be destroyed!"

The roar was vigorous and reverberating.

boom!

The **** loud noise can be heard tens of thousands of miles away, deafening!

The guardian formation of the Galaxy Sword Sect was hit hard again!

The huge light curtain made a huge creak.

Within the sect, all the disciples, deacons, elders and suzerain of the Galaxy Sword Sect gritted their teeth.

They stood behind Elder Wu and the master Luo Xingchen, and Qi Qi turned their cultivation base to the extreme.

Enter the guardian array at all!

There are already quite a few people, all covered in blood.

The elders who are not young have exhausted the last life of this life, just to protect the guardian formation.

Their breath turned from decay to extreme, and soon began to gradually dissipate.

Countless disciples looked at these familiar elders and burst into tears.

"Elder Tai Ran! Elder Yu Bo..."

The heart-piercing calls came one after another among the Galaxy Sword Sect.

Even Zhong Li Yaoqin and others have red eyes.

These elders, accompanied by the Galaxy Sword Sect, experienced glory and decline.

They never chose to leave.

Nowadays, the immortal gate is in trouble. These elders know that there is no hope of breaking through, and the deadline is approaching.

Just to give play to their last strength and guard the fairy gate!

With a cry, those old men with gully faces and white beards and hair cast their eyes cloudy.

They exhausted their last strength and shouted at the still immature faces.

"Hold it up!"

"Let's hold on to death!"

"Old man, go ahead!"

A breath after another, completely dissipated between the world.

A body, falling from high in the sky.

Even if there is no Dragon Tooth Fairy Gate, Dayan Fairy Gate and Giant Spirit God Sect.

Only relying on the remaining five forces to join forces, the Galaxy Sword Sect is still difficult to resist.

After all, there is no Chen Feng!

Outside of the big formation, the group of strong men who are not of any identity is already difficult to resist.

Today, their greatest strength is probably only the master Luo Xingchen.

However, the five sect masters of the other party had already prepared for Luo Xingchen!

It can be said that the guardian formation of the Galaxy Sword Sect is their last and greatest support!

This guardian formation is the belief of everyone!

It absolutely cannot be broken!

Outside the big array.

A supreme elder of the God Burning Sect must be upside down.

With the supreme cultivation base, he turned into a roaring thunder.

"Everyone, come here twice!"

"The guardian formation of the Galaxy Sword Sect can at most be able to withstand two more blows with my full strength!"

"When the Great Array breaks through, there will be no Galaxy Sword Sect in the Eastern Wilderness!"

As soon as this remark came out, outside of the Galaxy Sword Sect, the fighting spirit in the hearts of the five top and one grade immortal gates was completely ignited.

Everyone roared together, and the battle intent and murderous spirit broke through the clouds with the roar!

Even the **** red clouds gathered in the sky above the head were forced to disperse.

At this moment, everyone joined hands again.

The dazzling gods pierced through the sky and quickly gathered together.

After that, the mighty guarding formation directed at the front, hurried away!

boom!

The guardian formation that lay between the five major forces and the Galaxy Sword Sect once again made a huge creak.

"puff--"

Within the great formation, Elder Wu spit out a large pool of blood!

In order to support this last barrier, he was already covered in blood.

The flesh and blood of the whole body are almost broken!

"Elder Wu!"

Behind him, many disciples cried out sadly.

Even the supreme elders, who had nothing to worry about as soon as possible, were completely moved at this time.

Today, everyone in the Galaxy Sword Sect has understood.

Why can Elder Wu be independent of the five great sword factions and be located on the highest floating mountain with the master.

Because this guardian formation that has guarded the Galaxy Sword Sect for thousands of years depends on his life origin!

The unpleasant creak was like a cough from a dying old man.

I was afraid that I couldn't come back in one breath, so I went completely.

However, hearing the sorrows of the younger generations behind him, Elder Wu disheveled his head, and a divine light burst into his body again.

"Don't cry so early!"

"Cough...cough cough... the old man is dead... it's too early!"

Behind him, Luo Xingchen looked gloomy and said nothing.

At this moment, the Nine Heavens Tongtian River of the Galaxy Sword Sect was caught by one hand and hit Elder Wu in his body.

And all his own cultivation bases are also injected into it.

However, looking beyond the big formation, the five immortal gates have grinning, proud and arrogant faces.

And the dazzling brilliance that gathered again.

An atmosphere of despair inevitably spread.

Outside, everyone was cheering, counting down the last time.

And inside...

In the crowd, Que Yuanzhou whispered.

"Brother Chen Feng, you won't come back, but it's too late..."

Outside the big array.

"Last time, fast, last time!"

The five immortal gates once again burst out their strongest cultivation base.

The supreme gods gathered together and pointed directly at the guardian array that could be broken.

In the big formation, some people have become numb to despair.

However, some people broke out with supreme vitality and roared loudly.

"I swear to live and die with the Galaxy Sword Sect!"

At this moment.

A golden Dao Yun suddenly appeared outside the guardian formation.

The next moment.

"Sorry, I'm late."

As soon as these words came out, in the entire void, the guardian formation fell into a moment of silence inside and outside.

The people of the five immortals suddenly got together in their hearts for some reason.

And the countless disciples of the Galaxy Sword Sect finally burst into tears at this moment!

A huge boulder that almost crushed them, suddenly disappeared!

"It's Chen Feng!"

"Chen Feng is back!"

The five masters finally changed their expressions.

"Quick! Do it!"

The condensed divine light hit a thick beam of light, and immediately rushed to the guardian formation.

Almost at the same time, the golden Taoist charm was shaken.

Several figures stepped out of it.

And the thick beam of light that gave the guardian great array a fatal blow was instantly swallowed by the great Xiu Luohong furnace!

At this moment, the whole audience was as silent as death.

Then, there was an uproar!

Everyone is crazy.

The people in the guardian formation are crazy.

Chen Feng is back!

At this moment, he suddenly appeared like a god!

It was almost like being in a dark cloud, suddenly tore a hole.

The sun passed through and fell on everyone's desperate to dry heart.

At this moment, even the Heavenly Power Sword Sect, who had always been at odds with Chen Feng and Tianshu Sword Sect, all forgot about what they were doing and roared fiercely.

[Chapter 5626: But so!](#)

It seems to be venting.

They have been holding back for four days!

For four whole days and four nights, everyone stayed asleep and resisted.

But the situation is getting more and more serious, and the Galaxy Sword Faction is losing ground!

This bad breath has been entrenched in their hearts for a long time.

Just wait for one day, spit it out!

At this moment, Chen Feng's appearance can be described as breaking this deadlock with his own power!

Cool!

That's great!

Even if they were just watching in the big formation, they almost substituted into Chen Feng.

Xiang Sikonghao and others have been aggrieved for a long time!

At this time, he was laughing, screaming at the five forces outside the big array.

How ugly and scolding!

Have a good curse!

When Zhong Li Yaoqin and others saw Chen Feng Wei'an's back, they couldn't help but get emotional.

At their age, there shouldn't be anything else that could strike a chord.

The **** old man Wu laughed even more when he saw Chen Feng through his bleeding eyes.

While laughing, cough violently.

"Hahaha! Ahem..."

"You kid, every time you appear at the right time."

Within the big array, there was a joy.

Outside of the big formation, all the five major forces were gloomy.

They gritted their teeth, and some even yelled.

Just one last breath!

As long as Chen Feng comes one breath late, everything will be completely different.

But he happened to be the most timely.

This mortal game was easily broken.

But some people are naturally unwilling to give up.

The master of Cangyu Immortal Gate, Venerable Cedar had his eyes upside down, and he was furious!

He grabbed the Broken Array Desire Banner with one hand, turned around, and shouted at the crowd behind him.

"Everyone, it's just a little Chen Feng."

"He can stop it once, can he stop it every time?"

"Come again!"

I have to say that Venerable Cedar's words are just right.

The five forces that he was about to fall into a panic once again gathered together!

Many people looked at Chen Feng, and their hearts suddenly relaxed.

Venerable Cedar made a point.

Chen Feng may be invincible among his peers, but how can he be more powerful than the five major forces?

In the next moment, Venerable Cedar once again shook the banner of the **** of destruction.

Wow!

Everyone joined forces again.

The dazzling divine light penetrated into the sky and once again condensed into an extremely dazzling beam of light.

This time the beam of light changed again, becoming more and more condensed!

In the end, it condensed into an extremely huge lightsaber.

He pointed at Chen Feng and the guardian behind him.

It's about to happen.

At this time, Chen Feng glanced at many immortals from the top of the sky.

I have to say that in order to complete the task of the top of the sky, everyone has tried their best.

Most of the familiar immortals have long since fallen.

The rest, almost all of them are the strongest Celestial Celestials.

Hearing Chen Feng's gaze, everyone looked together.

Just hear him growl.

"Don't help me quickly!"

With that said, he flipped his hand to urge Luo Hong furnace to repair Luo Hong.

The four-legged Fang Ding shook loudly, facing the storm, bursting with bronze light.

It seemed that he was planning to do his best to resist.

The immortals in the sky came back to their senses when they saw this scene.

In their opinion, what the master of Cangyu Immortal Gate said was true.

Even if Chen Feng returned, it would only serve as a deterrent.

However, he is still not a threat to the sect masters, elders of the five major forces, and powerful elders.

Galaxy Sword Sect, I am afraid it is still precarious.

At this time, the huge lightsaber had turned to face Chen Feng and came quickly!

At this moment, all the immortals in the sky did not hesitate, and approached Chen Feng together!

Everyone, without exception, injected their own strength into Chen Feng's body!

Help him block this supreme blow!

boom!

The loud sound, like the voice of Hong Zhong Dalu, rippled away from layer to layer.

In the big formation, everyone gasped.

"Chen Feng!"

Many people shouted hoarse, staring at the outside of the big array.

The flesh fell heavily, making a dull sound.

Boom!

The audience, only they could see it clearly!

When the huge lightsaber rushed towards Chen Feng, most of it had been swallowed by the Great Asura Honglu.

But the huge impact force almost penetrated Chen Feng!

He immediately flew upside down and hit the big formation fiercely!

Chen Feng, lost!

This time it was the turn of the five powers to laugh.

"Hahaha, what are you so proud of just now?"

"I thought that Chen Feng was so capable that he could resist the crowd of our five immortals."

Upon seeing this, everyone in the Galaxy Sword Sect once again cast a shadow.

With the appearance of the golden Daoyun, outside the guardian formation, Mei Wuxia looked at the Wuya Taoist aside.

There was a bit of urgency and worry on her face.

"Senior, please help Brother Chen Feng."

This is the fairy gate where Chen Feng is located, and it is also the mission of this death trial.

In any case, keep it!

However, seeing Wuya Taoist standing with his hands behind him, he didn't mean to do anything.

Hearing Mei Wuxia's words, he only smiled and motioned to her to continue reading.

Seeing Wuya Taoist reacting like this, Mei Wuxia suddenly moved in her heart.

Could it be that Brother Chen Feng has any tactics?

She calmed down and looked forward carefully.

Sure enough, he was just concerned and confused.

Others don't understand him, maybe they don't notice.

But Mei Wuxia is familiar with him, and naturally noticed a touch of cunning in his eyes.

I am afraid that Chen Feng was not injured at all!

All this is nothing but his strategy.

When she thought of this, Mei Wuxia thought of something.

Her beautiful eyes widened slightly.

Could it be...

In front, Chen Feng stood up quickly, looking quite aggressive.

He looked at the five major forces again, his face still full of disdain.

"Break the formation and destroy the **** banner? But so."

"I think, at sunset today, it's when you return to the west!"

Hearing this, everyone was amused.

Even all the heavenly immortals thought he was crazy, and they approached to remind him.

Unexpectedly, Chen Feng suddenly turned his head to look at the heavenly immortals.

He was smiling and very confident.

"I have a hole card, but you need your best to help me."

The matter has come to this point, and the heavenly immortals still have nothing to believe.

Not far away, the people of the five major forces had once again shook the banner of Destroying God.

The huge lightsaber will gather again at any time.

And Chen Feng once again urged the great Xiu Luohong furnace and looked at the heavenly immortals.

"Please come in and help me with all your strength."

Not long after, all the immortals from the top of the sky rushed into the open furnace.

Except for the earlier days, Gong Licheng, who swore an oath under the rule of heaven.

More than a dozen immortals in the sky were surrounded, and the Great Asura Honglu expanded.

Seeing that the five major forces condensed into a huge lightsaber, they were about to rush again.

All the immortals didn't say a word, and at the same time they shot their own strength on the inner wall of the furnace.

Hum!

With the muffled sound of a low groan, the whole large Xiu Luohong furnace started to vibrate violently.

[Chapter 5627: I am alone, that's enough!](#)

Suddenly, one of the experts in the eleventh cave of the Ten Fang Dongtian Realm suddenly exclaimed.

"what happened?"

Everyone followed the sound, and the next moment, their complexion changed drastically.

I saw that on the inner wall of the entire Luohong furnace, dozens of complicated...killing formations rose up!

Moreover, it is a lore!

All the killing arrays interacted with each other and strengthened layer by layer, bursting out a divine light that resembled a lightsaber on the opposite side.

An immortal reacted immediately, and immediately stopped and wanted to rush out of the great Xiu Luohong furnace.

However, it is too late!

As soon as he approached the furnace mouth, a large golden array suddenly lit up.

All heavenly immortals have been collected into the Great Asura Hong Furnace!

It looks like it is going to be refined!

A powerful female fairy from the sky with an excellent figure, clenching her silver teeth.

With her eyebrows on fire, she stared at Chen Feng and sternly shouted.

"Chen Feng, you are crazy!"

It's not just that the heavenly immortals who are trapped in the Great Asura Hong Furnace are going crazy.

Even the five major forces present and the Galaxy Sword Sect behind them were dumbfounded again.

In the guardian formation, someone muttered to the person beside him, his eyes filled with blankness.

"What's going on...Aren't those mysterious people helping us?"

"I thought they were helpers called by Chen Feng."

Not only the people of the Galaxy Sword Sect thought so.

Even the people of the five major forces think so in their hearts.

All of these mysterious people who suddenly appeared a few days ago had extremely strong cultivation bases, and their origins were unknown.

At that time, the Galaxy Sword Sect asked inside and outside, and no one knew them.

However, without exception, they did their best to protect the Galaxy Sword Sect.

There are even a lot of fall.

Just yesterday, when they were about to lose out, some of them finally spoke in anger.

"Where did Chen Feng go?"

"This is the immortal gate where he himself is. Do you think that we can complete the task just by us!"

After hearing this, everyone suddenly realized.

It seems that these people should be helpers called by Chen Feng.

But who would have thought that this scene would appear!

Even Yin Haoran, Si Konghao and others were surprised.

For a time, even the huge lightsaber condensed not far away came to a halt.

It seemed that he wanted to see what tricks Chen Feng had.

With countless gazes staring at him, Chen Feng gently curled the corners of his lips and looked down into the great Xiu Luohong furnace.

He sneered.

"Have you forgotten, how could I let you leave alive?"

Hearing this, many immortals in the sky, trapped in the furnace of the Great Asura, suddenly realized.

The reaction is over!

Yes!

Everyone who comes to the top of the sky understands that they must never reveal their world to anyone.

Once everyone's attention on the top of the sky, there will be endless trial tasks related to it.

At that time, countless immortals will come to their world.

There are many trial missions that you have participated in.

As far as the top of the sky is concerned, the more the future pattern of the world is reversed, the more expensive it will be rewarded.

In order to complete the task and get rewards, those immortals from the top of the sky will do everything they want.

As for Chen Feng, if they can't be killed, the consequences... can be imagined.

Wanting to understand this, the Celestial Celestials who were trapped in the Great Asura Red Furnace suddenly panicked.

Chen Feng really wants to kill them!

There is no room for negotiation at all!

Above the void, Chen Feng's expression was extremely cold.

He didn't hesitate, and tried his best to urge the whole body to cultivate.

In the Galaxy World, the light is shining!

Among the more than 300 stars, the power of a large number of stars is continuously transmitted.

Hum!

Today, the Great Asura Luohong furnace has become a Taoist instrument.

Its power is not the same!

Almost in an instant, endless murderous aura shot out.

The killing array is on!

The huge Xiu Luohong furnace is gradually getting smaller.

Everyone desperately wanted to rush out of it, but unexpectedly the sealed golden circle seemed as thin as a cicada's wings.

But extremely strong!

After an immortal in the sky screamed sternly and was refined, someone finally panicked.

He stared at Chen Feng, yelling angrily.

"You can't kill us!"

"Without us, who will help you protect the Galaxy Sword Sect!"

Hearing this, Chen Feng raised his eyes and looked at the huge lightsaber in the distance, as well as the hundreds of people of the five major forces below.

His face was extremely calm, but his eyes gradually made waves.

"I don't need your help, I am enough."

As soon as this was said, there was a moment of silence in the audience.

Many people even thought they had heard it wrong.

Especially the people of the five major forces laughed out loud after reacting.

"Hahaha...Is this kid stupid?"

"One person, against hundreds of us?"

"Why? Just rely on his ability to be easily knocked off by us just now?"

Many people laughed presumptuously, with disdain and arrogance on their faces.

Venerable Cedar, who was holding the banner of Destroying the God of Destruction, couldn't help laughing at this time.

He shook his head and looked at Chen Feng and couldn't help but ridicule.

"Chen Feng, the old man admits that you have an excellent talent and excellent cultivation base."

"If there is a chance, given time, you may be the strongest person in the entire Eastern Famine."

"But right now, don't say the old man, even dozens of people behind him can easily kill you."

Behind Venerable Cedar, the masters of the other four immortal gates also nodded in agreement.

What's more, there was a flash of light in the eyes, and they actually wanted to solicit.

Listening to the oncoming ridicule, Chen Feng smiled.

He calmly stared at the broken array of God of Destruction in the hands of Venerable Cedar.

"Do you use this thing to gather the power of everyone?"

Before the voice fell, only a golden halo flashed.

The next moment, Venerable Cedar's pupils shrank suddenly, and his instinct drove him to retreat for hundreds of miles.

But, just as he stopped.

Chen Feng's voice suddenly sounded behind him.

"Where do you think you can escape?"

Venerable Cedar's complexion suddenly changed, and without a word, he flipped his hand and waved his monstrous cultivation base.

However, a piece of gold captivated his eyes.

The full blow of the half-step Lingxu Land Wonderland was completely blocked by a golden "enchantment"!

An exclamation from a distance rang in his ears.

"Venerable Cedar, your arm..."

Hearing the sound of these words, Venerable Cedar turned his head and looked at his left arm.

Empty!

Raising his head again, I saw the young man in front of him, pulling out the Array of Destruction God Banner from his broken arm.

"How... how is it possible!"

In the shock, Liao Angran, the master of the Burning Heaven Sect, suddenly changed his complexion.

He stared at the golden light-shining one-hundred-meter "enchantment", his eyes opened violently, and he blurted out.

"Daoyu...this is probably Daoyu!"

"Millions of years ago, the talents of the inner sect of Yuxu Immortal Sect had some inheritance!"

As soon as this remark came out, it was like a boulder sinking into the water, and a stormy sea was suddenly set off.

The name Yuxu Immortal Gate, now a million years later, is rarely mentioned.

[Chapter 5628: You are the descendant of Yuxu Fairy Gate!](#)

However, even if millions of years have passed, no one knows about it again!

That was the most glorious first-grade immortal door in Donghuang.

At that time, some of the so-called nine major forces present did not even appear.

It was once considered that the Eastern Desolation Xianyu was most likely to become the first super first-grade fairy gate!

It should be understood that even for a top-level first-grade fairy gate, it is extremely difficult to be promoted to a super first-grade fairy gate.

Not only is it necessary for at least one person in the immortal gate to have a cultivation base in the Saint King Realm or above.

More importantly, inheritance!

It may not be too difficult to be able to invite a strong Saint King Realm.

But it is too difficult to have a level of inheritance worthy of the super first-grade immortal door.

At that time, Yuxu Immortal Gate was born like a comet, breaking through the long night.

Among them, there are not only top powerhouses who are extremely close to the Saint King Realm.

And that unique heritage.

No one knows what kind of inheritance it is, only knows that it is a law that is completely different from the power of ordinary stars.

The completely different virtual fog can continuously transform the virtual and the real.

Even the gods are not the same.

However, the most widely known thing is this very iconic mysterious space!

Some strong men of the Yuxu Immortal Gate, centered on themselves during the war, can instantly release a kind of enchantment-like realm.

That is Dao Yu!

Even if millions of years have passed, many details are still unknown.

But everyone remembers one thing.

That is, once you are swept into the realm of Tao, you will die without life!

And Chen Feng in front of him unexpectedly released such a golden domain!

Many people who know the secrets can no longer help but exclaim.

"The three top-level first-grade immortals have been pursuing them for millions of years. Who could have imagined that the last inheritance would be on him!"

"However, it's no wonder that Chen Feng can become famous in such a short period of time."

Even among the five major forces, there are people who can't help it, not to mention the Galaxy Sword Sect.

Everyone cheered.

It's like they got the inheritance themselves.

After the shock, the people of the five major forces woke up one after another.

Oops!

Especially the masters of the other four powers.

The four of them immediately changed their complexions, looking at Venerable Cedar who had a broken arm, and shouted together.

"Don't be covered by him!"

But it's still too late!

The next moment, the golden domain suddenly zoomed in

Inflate.

No matter how fast Venerable Cedar reacted, he was still a step late.

boom!

He was shrouded in the golden realm!

Almost at the same time, the overwhelming pressure and coercion smashed together.

In the realm, golden light is brilliant!

Chen Feng turned the Taishang Yuqing Nine Shou Zhen tactics to the extreme!

Where does Venerable Cedar dare to have reservations?

When he heard the word "Daoyu", he was completely panicked.

Only the remaining right arm immediately waved with all its strength, constantly attacking a point in the domain.

However, as long as those attacks were hit, they were scattered by countless golden Dao Yun.

In the end, those forces actually reunited in the distance.

At him, rushing towards him!

At the same time, there is the light arrow condensed by the overwhelming golden Taoist rhyme!

Thousand arrows are fired!

"Do not!"

In this way, the blood mist burst out in full view.

There is no Venerable Cedar in the world!

The audience was silent.

How long is this?

Chen Feng actually killed the master of Cangyu Immortal Gate with his bare hands!

Obviously, he hadn't seen him for a while, and his strength has been greatly improved!

The sun is setting.

The sky was filled with red light.

The crimson light gleamed on everyone's face, as if they were stained with blood.

Chen Feng put away Dao Yu and turned to look at Luo Xingchen in the guardian formation.

"The captive disciples of the five immortals, are there still left?"

His sudden question made everyone's heart tremble.

Especially among the five immortal gates, except for the other four forces of the Beast God Sect.

The top disciples of the Beast God Sect imprisoned had already exploded in order to show their determination.

However, the other four immortals are not.

Especially Burning Heaven Divine Sect, as the fourth strongest immortal gate after Dragon Tooth War God, Dayan Immortal Sect and Giant Spirit Divine Sect.

It was naturally reluctant, and the top disciples that had been cultivated with all its strength were lost.

Especially, Luo Yiyun, the top disciple, had already been killed in the original ring match!

But the Galaxy Sword Sect would not care about these.

Luo Xingchen nodded immediately.

In the next moment, more than ten top inner disciples of the four major forces were brought out.

Chen Feng glanced at these people lightly.

Then, he waved his big hand and raised his long arm.

Present

Everyone's hearts rise and fall with his movements.

The members of the Burning Heaven Divine Sect were all angry.

Especially those elders, and the master Liao Anran, thought of something, and immediately became furious.

"Lazi dare!"

"Why don't I dare?"

Before the words fell, Chen Feng was strongly blocked by Chen Feng.

Hum!

A disciple wearing the battle robe of the inner disciple of the Burning Heaven Sect was caught by Chen Feng's neck.

That was the true disciple second only to Luo Yiyun, the second brother of Shenzong Fentian, Wen Tiangan.

He looked like he was invincible on weekdays, but now he can only struggle in embarrassment.

Under the gaze of everyone, Chen Feng raised his sword and fell.

The Qingqiu Tianlong knife pierced his shoulder severely, splashing countless blood.

"what--"

Screams sounded.

Chen Feng was expressionless, took out the Qingqiu Heavenly Dragon Sword again, changed his shoulder, and inserted it again.

Torture in public!

The Galaxy Swordsmen couldn't help but cheered and applauded.

Five days!

For five full days, they have suffered too much humiliation.

Those elders who are familiar with them on weekdays sacrificed their lives for righteousness, just to protect these thousands of miles of mountains and rivers.

Nowadays, Feng Shui takes turns.

They can't wait to kill all the five forces on the opposite side!

He even rushed to their respective immortal gates in one fell swoop and retaliated fiercely with tooth for tooth.

It's not enough to pay back the gift!

Numerous attacks came from all directions, Qi Qi directed at Chen Feng, trying to at least interrupt his severe torture.

However, the golden rhyme is open.

Anyone's attack will be blocked, dismantled, and dissipated within 100 meters!

Under the blood-colored setting sun, Chen Fengmo had no wind and spontaneously.

He pursed his thin lips tightly, his face was full of murderous expression, after killing one, he grabbed the next one.

"Since you have made a decision."

"Then, man, I'll help you kill!"

The scream stopped abruptly again...

"Naughty animal kid, don't stop it!"

Liao Anran, the sect master of the God Burning Heaven, was furious.

Since Chen Feng appeared, everyone knew that something was wrong.

Now, his move completely broke their original plan.

As top disciples who have invested a lot of resources to cultivate, how can the five major forces give up and give up?

They were just determined, once the Galaxy Sword Sect was breached, they would use these disciples as the final bargaining chip.

[Chapter 5629: Your cards are exhausted! Now, it's my turn!](#)

A few days ago, everything went as expected by the five major forces.

The remaining four forces promised a lot of benefits from the Beast God Sect and ordered them to abandon their trapped disciples and start a war.

Then, the Galaxy Sword Sect did not dare to move those disciples again.

Without Chen Feng!

It just so happened that Chen Feng, who was so evil, arrived again!

Many sect masters, such as Tiancun Shenzong and Qinghong Immortal Sect, are even more distraught.

Chen Feng saw through their wishful thinking, and in front of them, wiped out the mouth of their top disciple.

It's like pumping one palm to their face!

It made their faces so hot!

The wrath of the Cangyu Immortal Clan, Venerable Cedar is dead.

The other four masters dare not have any reservations at the moment.

They immediately confirmed their eyes.

In the next moment, the four, together with the two elders of the Cangyu Immortal Gate, all shot together.

"Chen Feng, I see when you can be arrogant!"

Hum!

The endless **** pierced the sky through the sky.

The red glow was dissipated, defeated, and replaced by five radiant lights.

One of the gods is formed by the convergence of two powers, which is slightly inferior.

However, these five realms were completely different from Chen Feng's power.

Chen Feng stood on the void, looking ahead, his pupils shrank suddenly.

"Five fairy symbols!"

Every first-grade fairy gate master will have a fairy talisman in his hand.

The Kuaiyu Talisman is naturally formed, and will be condensed into different shapes according to the characteristics of each immortal gate.

For example, before, the jade charms of the Dayan Immortal Gate were white all over, like two yin and yang fish connected end to end.

And those who possess the fairy talisman can control the entire fairy gate!

At this time, the five major forces actually used this biggest hole card to deal with him.

However, looking at this scene, Chen Feng did not have the slightest fear.

He was still standing there, without frowning.

There was even a smile on the corners of his lips.

A roar of the star soul shook the world, and the void was faintly showing signs of cracking.

The five fairy symbols can adjust the power of the entire fairy gate.

In an instant, the world faded.

In the guardian array of the Galaxy Sword Sect, everyone's complexion changed drastically.

"Chen Feng!"

"Brother Chen Feng!"

Many disciples shouted with great worry.

People such as Sikonghao were even more rude, swearing at the five forces.

"A few old dogs, take five yuan

What kind of patience is a fairy talisman to deal with a junior! "

Even the Tianquan Jianzong and others, many elders, and deacons, who had been with Chen Feng, were filled with righteous indignation.

Don't say Yue Xinlan, Elder Wu and others, even Zhong Li Yaoqin immediately looked at Luo Xingchen.

Now, the cold and beautiful face is a little more worried.

"They have a real murderous intent on Chen Feng and plan to eliminate it at all costs."

"With Chen Feng's strength, I'm afraid..."

However, before finishing speaking, Luo Xingchen looked at her with a smile and shook his head.

"Look at that kid's face."

As soon as this remark came out, many disciples and elders nearby all looked stagnant.

They quickly looked over together.

It really is!

The strength of the five immortal talisman that I saw was gathered together, and it was about to come towards Chen Feng.

But on his face, he has always maintained a confident confidence.

There is no panic and worry.

"What else does this kid have? How dare to be so confident."

Even Elder Wu couldn't help panting at this moment, and laughed brokenly.

How can the five major forces ignore what the Galaxy Sword Sect has noticed?

Chen Feng's smile was completely provocative in their eyes!

Far away, among the immortal gates of the five major forces, the voice of Hongzhong and Dalu rang together.

The gods pierced through the sky, connected with each other, and flocked to the direction of the Galaxy Sword Sect.

The wind was violent, lightning and thunder.

The violent strong wind even flattened the floating mountains not far away.

It's broken everywhere!

The world is sad!

However, at this moment, Chen Feng took the initiative to step forward.

At this moment, the cultivation base in his body has broken through to the extreme!

Taishang Yuqing Nine Shou Zhen Jue, fully open!

The Supreme God Demonizes the Dragon Art, fully open!

The Great Xiu Luohong Furnace was once again raised against the storm, facing the incredibly strong gods.

The immortals in the sky, who were still struggling and trapped inside, looked at the oncoming terrifying power, with a look of despair on their faces.

"Chen Feng, you must die!"

They cursed, gritted their teeth and cursed!

God light came in an instant.

At this time, Chen Feng finally spoke.

"Senior, if you don't help out at this time, when will you stay?"

Everyone from the five major forces who heard this didn't even have time to react, so they just shook their hearts.

But, the next moment.

boom!

The gods are almost overwhelming and overwhelming

The power of the earth will completely crush Chen Feng's tiny figure.

Everyone's eyes gathered at this time.

At this time, a light sigh clearly reached everyone's ears.

A fierce scream sounded.

But it did not come from Chen Feng himself.

But...

Great repair Luo Hong furnace!

There was an uproar in the audience, and everyone took a breath.

I didn't know when Chen Feng's side suddenly appeared a mysterious old man.

Do not.....

This old man clearly appeared with Chen Feng!

However, at the time, he and the other two were only watching from a distance, and almost no one cared about them.

But at this time, it was this thin old man in a simple and plain robe who gently pressed a palm on Chen Feng's shoulder.

The supreme power formed by five fairy talisman!

Almost surpassed the power of the Three Tribulations Earth Fairy in Lingxu Land Wonderland!

He was absorbed into the giant bronze cauldron by Shengsheng!

Never fell on Chen Feng at all!

Gang wind stopped.

The vision of heaven and earth disappeared.

The hundreds of miles outside of the Galaxy Sword Sect was as silent as death.

Their biggest trump card, in front of Chen Feng and this mysterious old man, completely became a joke.

The people of the five major forces all fell together at this moment.

Many people looked at each other even more, and suddenly came back to their senses, and all of them looked terrified.

But, at this moment, anomalies suddenly occurred!

"puff!"

Chen Feng suddenly spit out a big mouthful of blood.

This unexpected change caused the complexion of everyone in front and behind to change.

Immediately afterwards, Chen Feng turned to look at the old man beside him with a wry smile.

"I still underestimate seniors after all."

"Even if it's just a clone, the cultivation base is still so terrifying."

However, he immediately turned his head and looked forward, his **** lips curled up with a bloodthirsty smile.

Suddenly Chen Feng picked up the horns of the Destroying God Banner again.

"Your hole cards are out?"

"Then now, it's my turn."

Chen Feng did not detect the imprint of the Dayan Immortal Gate on the blood-stained Destroying God Banner.

However, the more so, the suspicion of secretly helping each other cannot be removed.

If it can be found out so easily, it seems that someone has planted it.

He turned and looked behind him, looking at Elder Wu who was only a few hundred meters away from him.

No part of Elder Wu's body is intact.

[Chapter 5630: Blood stains the galaxy, palm breaks the sky!](#)

Bloody and embarrassed!

Seeing this scene, Chen Feng's heart still inevitably filled with anger.

"Elder Wu, you can withdraw from the guardian formation."

"Today, none of them can leave here alive."

Hearing these loud and loud words, the guardian array of the Galaxy Sword Sect suddenly loosened like a tight string.

The huge array covering thousands of miles melted instantly like ice and snow.

Elder Wu spit out a big mouthful of blood again, staggering, and was supported by the master Luo Xingchen.

On the opposite side, there was another commotion among the five major forces.

They captured the big formation for several days, and now they finally disappeared.

Everyone wanted to rush forward and slaughter the Galaxy Sword Sect.

But Chen Feng and the mysterious old man blocked their way.

Just now heard what Chen Feng said, this mysterious old man is even just a clone!

I don't know where this helper came from.

A gleam of light flashed in the eyes of the Sect Master of the Burning Heaven God.

He took a step forward and instantly appeared not far from the two of Chen Feng.

"In the fourth of the nine major forces in the Xiadonghuang, Liao Anran, the master of the Burning Heaven Sect, I don't know how this senior is called?"

Uncharacteristically, Liao Anran clasped his fists in his hands, very polite.

Upon hearing this, Chen Feng laughed.

"Why, do you want to dig the wall?"

If there is no promise to resurrect Taoist Wuya, Chen Feng might really worry.

But now, Taoist Wuya is like Gong Licheng, and both need him to resurrect him as soon as possible.

How could they be easily poached away?

Thinking of this, Chen Feng looked at Liao Anran with no secret of joking in his eyes.

Liao Anran was not ashamed to become angry after being cleared by these words.

He could tell that this mysterious old man was Chen Feng's trump card.

Without him, the Galaxy Sword Sect will die today!

Therefore, he has to give it a try anyway.

However, before he could speak again, Chen Feng suddenly turned his head and looked at them.

"Too lazy to listen to your nonsense, I will give you two ways now."

"Or, send immortal talisman, from now on, your five immortal gates will all belong to my Galaxy Sword Sect."

"Otherwise, just go and die."

After all, Chen Feng wiped the blood from the corners of his lips at will.

In an instant, the hand crazily shook the blood-stained corner of the Divine Destruction Banner.

This thing can not only break the formation, but also destroy the gods.

The power of the stars contained in it is even rarer

!

In the Star Sea World, three hundred and sixty-five stars, the sun and the moon, are constantly absorbing the power of this horn flag like a whale swallowing a cow.

More and more stars tell to work.

A lot of golden Taoist rhyme constantly appeared around.

And among those golden Taoist rhymes, smaller stars appeared vaguely.

galaxy!

With these stars as the center, one after another galaxies began to form gradually.

The vision of heaven and earth reappeared.

At this moment, the crimson glow turned into a golden rhyme.

The gods and demons of the heavens seem to come suddenly, singing for the people who waved the flag in the sky to absorb.

The Taoist Wuya beside him also saw Chen Feng's intention.

He chuckled lightly, and shook his palm in the direction of the five major forces.

But it was this seemingly light palm that rose up against the storm.

Very fast!

In the blink of an eye, it turned into a huge palm print thousands of meters long.

Moreover, it is still skyrocketing!

What is even more terrifying is that as the huge palm print approaches, the murderous aura of killing everything is even more frightening.

The next moment, the five major forces suddenly shrank with their pupils.

In front of this giant palm, no one can rise to a struggling mind.

"Run away!"

With a loud roar, hundreds of people fled in all directions.

But where can I escape?

boom!

Chen Feng and the people of the Galaxy Sword Sect behind Taoist Wuya looked at the front stunned.

Take it out with a palm, roll up the waves!

Thousands of miles of blood stained the galaxy, one palm can break the sky!

"Is this... the power of Lingxu Earth Wonderland."

Many disciples of the younger generation watched the blood-stained scene before them, and couldn't help murmuring.

Screams repeated.

There were blood splattered everywhere on the spot, and they kept falling from the sky.

At this time, Chen Feng's hair was standing upright, and his eyes almost burst out with a substantial golden glow.

He shouted, staring at the four sect masters who were reluctantly resisting.

"Xianfu, you don't pay it!"

...

An hour later.

The five forces that had come to kill with such a mighty aura finally left like a mourning dog.

Five fairy symbols appeared in Luo Xingchen's hands.

Plus half of the Dayan Immortal Talisman in his hand.

At this moment, Chen Feng, Mei Wuxia and Gong Licheng suddenly heard a huge sound sound.

"The immortals in the sky, Chen Feng, Gong Licheng, and Lu Xingwei, test the immortals, Mei Wuxia, complete the mission of the death trial."

"Guard the Galaxy Sword Sect and reverse the pattern of the mysterious and yellow world."

"You can return to the top of the sky at any time."

Chen Feng and others were finally relieved when they heard this familiar voice.

The Galaxy Sword Sect nowadays is no longer the old one with only five sword sects.

Dayan Immortal Sect, Burning Heaven God Sect, Heavenly Remnant God Sect, Qinghong Immortal Sect, Cangyu Sect, and Beast God Sect will all bow their heads to it!

The Giant Spirit God Sect was even threatened by the Dayan Immortal Sect.

Even if Longya Immortal Sect got rid of Dayan Immortal Sect, it would be possible to send the Galaxy Sword to annihilate it again!

After all, this battle was a difficult success!

Behind them, Mei Wuxia, Gong Licheng, and Lu Xingwei, the only confiscated Luo Hong furnace, all laughed.

No one thought that in the end, this task would be accomplished with one palm.

The Galaxy Sword faction is completely boiling!

Many disciples, deacons, and elders of Tianshu Jianzong rushed to Chen Feng and lifted him up.

They shouted, desperately venting the anger in their hearts.

Excited!

Really turn defeat into victory!

And all this can be said to depend on Chen Feng!

Even if he appeared, it was him who brought in a powerful helper.

On the other side, the Taoist Wuya broke up and stood with his hands, his eyes pointed at...Zhong Li Yaoqin.

"Are you the daughter of Zhongli Changfeng?"

Although it was a question, it was in a positive tone.

Chen Feng noticed this, smiled and asked everyone to let him go, and soon approached.

"Senior has also seen Senior Zhongli?"

Taoist Wuya nodded, seeming to recall something.

"Zhong Li Changfeng is a real genius."

Just when he was about to say something more, suddenly, he seemed to feel something and turned his head to look to the other side.

The next moment, Elder Wu, who was supported by Luo Xingchen, looked pale again.

The breath weakened and fell down!

"what happened!"

Chen Feng stepped forward quickly, while quickly showing out his spiritual knowledge.

Everyone around the Galaxy Sword Sect was in an uproar.

Even Luo Xingchen looked serious at this time.

He quickly said:

"The blow just now was blocked by Elder Wu using the origin of life."

As soon as he said this, Chen Feng gritted his teeth.

He is still a step late!
