

Peerless 5631

[Chapter 5631: Enter Dayan Fairy Again](#)

Elder Wu's talent in formation is extremely strong, but in terms of cultivation, it is still not amazing after all.

He does not know how many years he has survived.

Everyone only knew that Elder Wu was there when they joined the Galaxy Sword Sect.

The origin of life is an extremely scarce resource for him.

It's a bit to consume a little.

Chen Feng frowned now, the Xinghai World in his body was shining brightly.

The continuous force of stars was guided by him and poured into Elder Wu's body.

But those forces poured into it, as if entering the vast universe.

Elder Wu's star sea is full of cracks!

A pair of withered hands suddenly stepped forward and gently grasped Chen Feng's hand that poured the power of the stars.

The wrinkled face showed a relieved smile at this time.

"It's useless. I know the old man's body."

However, Chen Feng did not give up easily.

"There must be a rescue!"

After speaking, he suddenly raised his head and looked at Luo Xingchen.

Luo Xingchen lowered his head and thought.

"The guardian formation of the Galaxy Sword Sect is closely related to the life origin of Elder Wu."

"Both can be said to be both prosperous and both prosperous."

"In other words, if the Great Array has been in contact with Elder Wu at this time, with its current state, I am afraid that it will be sucked up by the Great Array in a while!"

Ruthless!

The significance of its arrangement was to protect the entire Galaxy Sword Sect forever.

But after Luo Xingchen said this, Elder Wu shook his head resolutely.

"Xing... River Sword Sect, don't... don't have such a formation in one day."

For now, the crisis of the Galaxy Sword School seems to be over.

But it is hard to guarantee that there will be no accidents.

The guardian formation is the last barrier for every immortal gate.

However, at this moment, a voice faintly sounded.

"Just now, the old man understood briefly, you Donghuang now have a first-grade immortal door called Dayan Immortal Door."

"This fairy gate is not only famous for its formation, but also under your control, why not order it to form a formation to repair its life source?"

As soon as these words came out, Chen Feng's eyes suddenly lit up.

He looked at Luo Xingchen without saying a word.

"Please also ask the master to lend me half of the fairy token from Dayan Immortal Gate."

Before he could finish speaking, Luo Xingchen threw the jade talisman in the shape of a yin and yang fish.

Chen Feng accurately took the fairy talisman, and the golden rhyme quickly spread out.

"Flawless, Elder Gong, Fellow Daoist Lu, wait here for you

It means that I and Wuya Taoist will go and come. "

As soon as the voice fell, Jin Guang quickly wrapped the three of Chen Feng.

In the next moment, they have appeared tens of thousands of miles away.

In less than half of the incense, Chen Feng and Elder Wu stepped into the gate of Dayan Immortal Gate again!

Dayan Immortal Gate is broader than the Galaxy Sword Sect.

But, as always, it is black and white.

On the huge stone at the door, a huge picture of yin and yang of Tai Chi and Eight Diagrams is in sight.

Among them, the ubiquitous yin and yang way, compared to the last time infiltrating, has undergone earth-shaking changes.

However, for Chen Feng, it is still useless!

Last time, he had the mask of a succubus, and even his breath could change accordingly.

Now, the half of the Yin Yang Yuxian Talisman in his hand is more than enough to make him stride into it.

He had no intention of looking at the numerous floating mountains scattered from the bottom to the sky across the river.

At the entrance of Dayan Immortal Gate, there are many more powerful men.

When Chen Feng appeared, their complexion changed drastically.

"Quickly, go and invite Mr. Xingxian!"

Naturally, they would not know the fact that the five major forces went to the Galaxy Sword Sect to encircle and suppress.

At this time, Chen Feng showed up with Elder Wu and another mysterious old man, apparently sending a lot of messages.

Even though the results of the encirclement and suppression by the five major forces have not been spread, the people of Dayan Immortal Sect's understanding of Chen Feng is enough to be highly vigilant.

He came here with the **** Elder Wu.

Obviously, this person rushed to the Galaxy Sword Sect in time.

Obviously none of the five major forces could stop him!

As soon as the fairy talisman came out, everyone surrendered.

Chen Feng's hair scattered, strode forward, his complexion tense.

He completely ignored the sitting elders in black and white robes and stepped into the Dayan Immortal Gate.

Looking up is the sound of rolling thunder:

"Xingxian Daojun, come see me soon!"

The expressions of all the people present near and far changed drastically.

Not only because of Chen Feng!

Even more because of the mysterious old man behind him!

The mysterious old man did not hold half of the fairy talisman.

The defensive formation and hidden comprehensive formation of Dayan Immortal Gate fell apart under his feet!

Layers of collapse!

"Where did that guy find such an old monster!"

Without saying anything, everyone turned around and flew to the high floating mountain.

Not long after, a dark shadow quickly appeared from the highest floating mountain. It was Daojun Xingxian.

see

Chen Feng and the mess behind him, his eyes drenched, and immediately calmed down.

"Little friend Chen Feng came here, I don't know..."

Chen Feng interrupted the speech before he finished.

"Stop talking nonsense, I don't bother to care about other tricks now."

"Since you are known for your formations, at this moment, immediately set up a formation to restore the origin of life."

"If you shirk, I don't think you need to keep the Dayan Immortal Clan."

Hearing this, Daojun Xingxian's expression sank.

He could hear that Chen Feng's words were not exaggerated or threatening.

The next moment, without saying anything, he nodded immediately.

Several elders of the Supreme Master received the instruction from the master, so naturally they did not dare to be idle.

Chen Feng was taken to the martial arts field.

Afterwards, the four elders all worked together and used their magic weapons.

Elder Wu's body was floated high in the air.

Countless treasures of heaven, material and earth are placed in the formation.

An hour later, a hundred-meter-sized solid-recovery array was completely formed!

However, things happened suddenly.

Elder Wu at the center of the circle suddenly coughed up blood, and his breath became more and more wilted in a blink of an eye.

Chen Feng was furious upon seeing this.

"what happened!"

I saw Xingxian Daojun face embarrassed.

"Little friend Chen Feng, it's not that there is something wrong with this solid foundation."

"It really seems that Elder Wu has combined his life origin with another supreme array."

"The origin of life formed by a large array of solidification and return, has not been repaired, it has been taken away."

Unconsciously, many elders of Dayan Immortal Clan were all around him.

And the disciples with relatively low cultivation bases gradually disappeared.

Chen Feng glanced at it.

He is not familiar with the formation method, but he can also see that this solid return line does not hide any hands or feet.

Although Elder Wu couldn't get better immediately, it wouldn't continue to deteriorate.

Thinking of this, he breathed a sigh of relief temporarily.

Then, slowly turned around and looked at Daojun Xingxian.

"Are you bargaining with me?"

As soon as Chen Feng's eyes were met, Daojun Xingxian shook his heart.

The white yin and yang fish still shining brightly.

It can be said that at this moment, the two are of equal status to Dayan Immortal Gate!

For some reason, the person in front of him was a kid who didn't know how much younger he was.

[Chapter 5632: Dayan Immortal Gate, you don't need to stay!](#)

However, under his eagle-eyed gaze, Taoist Xingxian always had the illusion of being penetrated.

"If that's the case, then we might as well liquidate it."

Chen Feng's voice became colder and colder.

With these words, the originally solemn Immortal Gate of Dayan suddenly calmed down.

A gust of cold wind blew, and it was inexplicably frustrating.

Everyone's eyes focused on Chen Feng.

With a wave of his long arm, he flipped his hand out and took out a blood-stained Array of Destruction God Banner.

As soon as I saw this, the needles on the martial arts field were almost audible!

Daojun Xingxian's throat was tight, and he stepped forward and asked:

"Daoist Chen Feng, what does this mean?"

As soon as he said this, Chen Feng immediately laughed.

His eyes condensed suddenly, staring at Daojun Xingxian, and speaking coldly.

"Didn't you always want to know why I could sneak into your treasure chest without knowing it?"

"If Cangyu Immortal Sect can get this kind of acupuncture magic weapon, how can it be in the bottom three of the nine powers?"

Hearing these words, the audience fell into a dead silence.

Daojun Xingxian's expression even more terrified.

He immediately stepped forward two steps, and said with all seriousness:

"Little friend Chen Feng, I know you are dissatisfied with my Dayan Immortal Sect's failure to stop the other five forces."

"But I gave up half of the fairy talisman. The two immortal gates can be said to be in the same boat."

"How can you think of putting this kind of crime on me?"

Upon hearing this, Chen Feng laughed loudly.

"In that case, what do you mean by surrounding me at this time?"

Before the words fell, the pressure of horror suddenly rose.

The air wave dissipated, leaving no surplus.

Chen Feng didn't have the slightest doubt.

This broken array of extinguishing **** flag must be delivered by Dayan Immortal Gate.

The purpose is nothing more than to regain this half of the fairy talisman.

As long as the five major forces can destroy the Galaxy Sword Sect, half of the fairy talisman will return to the hands of the Dayan Immortal Gate.

This is the condition for Dayan Immortal's goalkeeper to break the formation and hand over to Cangyu Immortal Gate!

Seeing Chen Feng burst out suddenly, the nearly 100 elders who quietly stood around the martial arts field almost burst out together.

It's too late to say, then fast.

The two were suddenly at war.

Chen Feng grabbed half of the fairy talisman in his hand, dang even to urge the fairy talisman.

And at this moment, in the martial arts field

Degree lights up another big array of light!

Sleepy killing array!

However, the target is not Chen Feng!

It was the clone of Taoist Wuya behind him.

Obviously, Daojun Xingxian and other elders could also see that the mysterious old man he brought with him might have an extraordinary cultivation base.

So he actually planned to take the lead in controlling him, and then act on Chen Feng.

"senior!"

Before Chen Feng finished speaking, Taoist Xingxian suddenly broke out.

The next moment, he rushed to Chen Feng in an instant, and the other half of the black yin and yang fish fairy talisman in his hand also burst into bright light.

He laughed loudly, there was still half awe in his eyes!

"Chen Feng! My bundle of immortal slaughter gods can be stopped even by those who are strong in the spiritual realm fairyland."

"I'm going to see, without a helper, how long can you be arrogant!"

Before the words fell, the black and white light suddenly broke out, and the overlapping light began to interlace.

A big yellow hand, quickly pulled out.

Upon hearing this, Chen Feng frowned.

With half a fairy talisman in his hand, how could Daojun Xingxian dare to turn his face like this?

Or is there something wrong with this fairy talisman?

Thinking of this, Chen Feng immediately urged half of the Yingbai Immortal Talisman in his hand with all his strength.

Then, he understood the reason why Xingxian Daojun was so confident.

"Hahaha..."

"Half a fairy talisman can only be controlled by a strong person in the virtual world of fairyland."

"That old boy Luo Xingchen really dared to give it to you, it's just a delivery for nothing."

The evil anger that had been received by the Galaxy Sword Sect before finally exploded triumphantly.

Dayan Immortal Gate has long been among the top three of the nine forces in the Eastern Desolate Immortal Territory.

If it was once reduced to an accessory, how could it be possible to swallow this breath!

However, at this moment, Chen Feng laughed.

"You finally showed your true colors."

"It looks like, Dayan Immortal Gate, don't need to stay."

While Daojun Xingxian still disagreed, thinking that Chen Feng was arrogant, he saw the aura in front explode again.

At this moment, Daojun Xingxian's complexion suddenly changed.

He blurted out.

"How can it be!"

Chen Feng didn't break through the fairyland of Lingxu at all, how could he spur the half of the fairy talisman?

But that's how it happened.

Immediately afterwards, the blood was everywhere in the tragic explosion.

Even the wide river at the highest point is under Chen Feng's control

Next, all came together.

Half of them were directly scored by him into the solid foundation where Elder Wu was.

In half, Chen Feng was not polite, and immediately opened the Xinghai World and began to devour it frantically.

Dayan Immortal Gate, collapsed!

That big river, which is wider than the Nine Heavens Tongtian River, can be said to be the lifeblood of Dayan Immortal Gate.

And the lifeline was broken, and many floating mountains even began to falter.

Chen Feng's cultivation base began to skyrocket again.

Taoist Xingxian and many elders of Dayan Immortal Gate finally realized the problem at this time.

Don't, don't, don't underestimate Chen Feng's talent!

Not seen for a short time, his overall strength has actually broken through the fairyland of Lingxu!

By this time, they wanted to ask for mercy, but it was too late.

boom!

The Tienxian Tushen Great Formation that tried to trap Wuya Taoist clone also began to be defeated from the inside out.

Before long, Chen Feng dug out the other half of Xingxian Daojun.

At this point, Dayan Immortal Gate was officially merged into the Galaxy Sword Sect!

Not long afterwards, Chen Feng also found several elders of the Great Spirit Shenzong who had been escorted.

"Do you want to go to the Giant Spirit God Sect?"

Wuya Taoist asked.

Chen Feng thought for a while and shook his head temporarily.

Compared to those, at this moment he thought of something more concerned.

Now that the death trial task has been completed, he had already reminded Mei Wuxia that he could return immediately.

There is no ability to clone the Taoist person on the cliff, once he disappears in this mysterious and yellow world for a moment, I am afraid he will be discovered immediately!

Unless Taoist Wuya also knows the existence of the top of the sky!

In an instant, a spiritual light flashed in Chen Feng's mind.

Whether it is the Southern Wilderness or the Eastern Wilderness, it may not be the most suitable world for the resurrection.

How can it be compared to the top of the sky?

Thinking of this, Chen Feng turned his hand and took out the large Xiu Luohong furnace.

Only a pile of broken bones remained inside.

And, a few jade tiles of reincarnation.

Chen Feng thought of Fairy Yuheng.

The top of the sky will send some sky immortals to act as the sky messengers.

These angels from the sky often have different purposes.

For example, the Great Desolate Lord is a specialist in the Xuanhuang Middle Thousand Worlds, guarding the mountain peaks that connect the top of the sky.

Fairy Yuheng is responsible for looking for amazing talents in various worlds and bringing them back to the top of the sky.

[Chapter 5633: When to kill!](#)

Just what Chen Feng understood, there were such two heavenly envoys.

It is conceivable that the top of the sky needs a lot of fresh blood, the more talented and amazing the better.

From this point of view, the clone of Taoist Wuya may not necessarily be in line.

However, Chen Feng was quite confident in it.

Because this person created the second chapter, the Six Paths of Reincarnation, on top of the original Hundred Ghost Night Calling Souls!

Looking at the entire world of cultivating immortals, who can create their own techniques, who is not the one with amazing talents?

"If so, he must be recognized by that thing."

Thinking of this, Chen Feng suddenly raised his eyes and met the gaze of Taoist Wuya.

Suddenly urged Luo Hong furnace for the overhaul.

Hum!

After the achievement of the Taoist device, the interior of the Luohong Furnace became a self-contained one.

At this time, what Chen Feng did was to open it up.

In an instant, the blue light flourished!

Those immortals in the sky who had already turned into corpses were shrouded in it.

Chen Feng's eyes always fell on the Taoist Wuya in front of him.

The blue light is illusory, with mottled and chaotic edges, intertwined with many black, white and gray lines.

Immediately afterwards, a line of fluorescence lased out.

He went straight to Wuya Taoist, was caught by him instantly and held it in his hand.

Then, the cyan light disappeared directly.

Seeing this scene, Chen Feng's heart was set, and his face was even more happy.

"Sure enough, I knew it must be so."

Taoist Wuya lowered his head and looked at the thing in his hand.

That is a cyan jade plate.

It is about five inches long and three inches wide, the size of a palm, and extremely gentle and smooth.

And in that blue light, there are still many fine mottles.

However, those mottled make it more unspeakable mystery.

Taoist Wuya turned his hand and looked again, and saw the two large characters on the back.

"Reincarnation?"

He looked at Chen Feng, although he was a little confused, but he was not too surprised.

"Where is this token?"

Upon hearing this, Chen Feng couldn't help but admire Wuya Taoist's reaction.

The blue light just now connected time and space, forming a hole leading to the top of the sky.

And all the bones in the great Xiu Luohong furnace disappeared in the blue light!

Based on these two points alone, the Taoist Wuya can react quickly and guess what token this thing is.

A bit better than Chen Feng back then.

"Not bad."

He smiled and nodded: "It seems that the reincarnation jade medal has already recognized you."

"I can tell you many things."

Having said that, he informed Taoist Yu Wuya all the news about the top of the sky.

The first time I heard that there was such a special world above the sky, the clone of Taoist Wuya was indeed surprised.

But it was just surprise.

"So you still have another task now, which is to assist the angel of the sky and guard the mountain peak?"

Chen Feng nodded.

"Now that I have completed the death trial mission, I can return to the top of the sky at any time."

"If you don't mind, I can take you to the top of the sky."

Wuya Taoist is different from the original Zhongli Yaoqin.

Zhong Li's family bought the gatekeeper of Cangqiang Mountain and did not allow her to return to the top of the sky.

In desperation, they found and completed an unfinished trial task, which destroyed the Demon Sect of Ten Thousand Desires, but actually prevented a conspiracy in the Asura world.

Thus directly returning to the top of the sky from the huge tower of the heavens and the world.

However, Taoist Wuya even helped Chen Feng and others to complete this death trial task.

But this task is not unfinished.

Therefore, it is natural not to return directly from the giant tower of the heavens and ten thousand realms like Zhongli Yaoqin.

Taoist Wuya didn't mind this.

As a cultivator, what you want in your life is a great way.

Now, knowing that there is a higher level of the world, he will naturally not reject it.

Chen Feng looked into the circle not far away.

Elder Wu is closing his eyes to repair the origin of life.

And Xingxian Daojun and others are already in despair and despair.

Without the fairy talisman, he was just a member of the Dayan fairy gate, and he could only act according to the words of the fairy talisman owner.

Chen Feng held a complete yin and yang fish fairy talisman and indifferently issued instructions:

"I order you to wait and try to help restore the origin of Elder Wu's life."

"If he is hurt at all, you don't have to live anymore."

After that, Chen Feng disappeared in place with the clone of Taoist Wuya.

They went directly to the distant Great Desolate Lord's Mansion.

Through Demon Heart, Chen Feng simply told Lu Xingwei and Gong Licheng to return with Mei Wuxia.

Mei Wuxia wanted to wait for him, but under his persuasion he did not insist.

Before long, the two came to the top of the sky.

Zhai Changzun suddenly appeared.

Chen Feng was not surprised to see him.

Sure enough, it is

The Great Desert Lord ordered him to stay here to meet the two.

When he came to the Great Desolate Lord's Palace again, Chen Feng was already a lot more comfortable.

He conveyed his thoughts to the great deserter and got a wry smile.

"You have already thought about it, what can I say?"

Chen Feng is his chosen person.

He was anxious to return to the retreat in the divine palace, and these trivial matters were naturally not a problem.

This time, Zhai Changzun was not even needed to help.

The cultivation base of the Wuya Taoist is enough to resist the fierce wind of the sky.

Once again came to the junction of Xuanhuang Middle Thousand World and the top of the sky.

Looking at the huge arch in front, Chen Feng inevitably felt worried.

The last time he came, the golden armor in front of the arch suddenly attacked.

I don't know if there are any accidents this time.

The two approached.

Soon, they saw the golden armored **** general sitting beside the gate.

This person is more than three hundred meters tall and can't see his face clearly.

His whole body was covered by a thick layer of golden armor.

Feeling the breath of the two, the golden armor **** will slowly lower his head.

The position of the eyes immediately flashed two dark red lights.

The red light swept across Wuya Taoist.

The next moment, the jade card of reincarnation in his hand gave out a clear and misty light, covering it.

Feeling the cyan light, the golden armor **** will look away.

Chen Feng breathed a sigh of relief.

However, before he could finish his breath, his eyes swept over him.

In an instant, Chen Feng felt almost suffocating threat again.

Immediately afterwards, the cold voice sounded like a ruling from heaven:

"Chen Feng, you have taken a forbidden person to the top of the sky."

"Press... to kill!"

Before the words finished, Chen Feng was furious.

He never expected that the members of Zhongli's family would be so tough!

Even the person who introduced Zhongli Yaoqin to this place at the beginning has to put it down!

"what happened?"

The Taoist Wuya raised his eyebrows and looked at Chen Feng.

Chen Feng couldn't help but raised his head with a wry smile.

"I'm afraid I will drag you down, senior."

"It seems that this golden armor **** will be bought by someone, and wants to kill me and all people related to me."

Before the words fell, a red light shone suddenly.

The overwhelming terror and coercion instantly enveloped Chen Feng!

But this time, things are different.

[Chapter 5634: Reward for the Lord of Heaven!](#)

The coercion that almost fell apart before fell on Chen Feng, he was stopped a hundred meters away.

Wuya Taoist made a move!

There is no need to experience the pain of breaking bones and muscles again, Chen Feng is relieved.

At the same time, he was also marveling at the terrifying cultivation of Taoist Wuya!

He could even stop the golden armored general guarding the gate of the top of the sky.

It's no wonder that the top of the sky would like to use a chance to enter the fourth floor of the huge tower of the Tibetan Scriptures in exchange for the second chapter of the Hundred Ghosts Night Traveling Soul Calling Manual he created.

However, in spite of this, the strength of the Golden Armor God General is unexpectedly constantly strengthening!

Red light kept emerging.

Chen Feng reacted instantly.

Can be selected to become a golden armored general and guard the gate of the top of the sky, and he will inevitably be assisted by the top of the sky during the battle.

It was precisely this point that Zhong Li's family had calculated, and then they tried their best to buy this person.

In other words, at the moment, even Wuya Taoist can't last long.

Between the electric light and flint, Chen Feng had an idea in his mind.

He immediately shouted at Taoist Wuya:

"Senior, just rush forward and leave him to me."

Hearing this, Taoist Wuya was obviously quite surprised.

But when he looked back and saw Chen Feng's confident appearance, he didn't hesitate much at the moment.

The current situation really brooks no delay, and he does not allow him to think too much.

"Then you must be careful."

As soon as the voice fell, he withdrew all his strength.

The next moment, the figure suddenly left an afterimage on the spot!

boom!

As a golden armor general, his duty is to guard the entrance to the top of the sky.

At this time, Taoist Wuya wanted to rush, and immediately triggered the defense mechanism of the Golden Armor God General.

Under the huge arch of 10,000 meters high, there was a red light of death.

The Golden Armor God General waved his hand and rolled away to the Taoist Wuya.

At this moment, Chen Feng stood there and screamed.

"This person is the creator of the second chapter of the Hyakki Yexing Soul Calling Scripture."

"He has been recognized by the Samsara Jade Medal, so I will bring him back to the top of the sky."

"I don't know where is the rule of heaven?"

It seems that after hearing the four characters dominated by the heavenly path, the golden armor **** general's figure suddenly shocked.

His breath became mechanical again.

It was too late and then soon, and Taoist Wuya immediately broke through the shackles of the red light.

He appeared in front of the huge gate that was ten thousand meters high.

The jade card of reincarnation in the hand, quickly posted
Above the gate.

All actions are smooth and smooth, without any procrastination.

Suddenly, the door made a clear sound, and a crack opened.

With this soft sound, Taoist Wuya took a deep breath.

There was a sense of shock in my heart.

His eyes were burning like flames.

Then, the door gradually opened, and a burst of strong light gushed out, covering it and bringing it in.

At this moment, the golden armor **** who had stopped temporarily flashed red light in his eyes again.

This time he was staring at the only person left outside the door.

Chen Feng!

Long before he entered, the door was gradually closing.

As far as the Lord of Heaven is concerned, the introduction of newcomers is completed, and there is nothing to do here.

Without the will to rule over the Dao of Heaven, the Golden Armor God will restore his murderous aura.

In an instant, Chen Feng flew up uncontrollably.

He has nothing to fight back!

The whole body was stiff, bound by a cloud of red light.

Seeing that the Golden Armor God General stretched out his fingers to crush him, Chen Feng fully ran his cultivation base and let out a final roar.

"Master of Heaven, I have completed the task and request to return to the top of the sky!"

Before the words fell, the vast voice of the dominion of heaven rang.

"You can return!"

In an instant, the cyan light diffused out, and the red light dissipated in a blink of an eye.

In the next moment, that thin layer of cyan light suddenly became extremely dazzling.

A smile appeared on Chen Feng's face again.

He raised his head and looked at the 100-meter-high golden armored **** general, through him, looked at the Zhongli family behind him.

I don't know if it was his illusion, Chen Feng only felt that at this moment the Golden Armored God General had a bit of anger on his body.

The more so, the brighter the smile on his face.

"Sorry, let you down again."

The voice did not fall. The cyan light on his body turned into a thick cyan light beam.

Straight through the 10,000-meter gate!

At the moment the Golden Armor God crushed his finger, Chen Feng suddenly disappeared!

The next moment, he appeared on a platform.

"Success!"

Chen Feng breathed a sigh of relief.

This is the transitional space for returning to the top of the sky.

As he walked forward, the voice of the Lord of Heaven also sounded loudly.

"Chen Feng, immortal apprentice in the sky, in the death trial mission, won the six first-grade immortal charms."

"Take advantage of strength to contain the remaining two immortals

Door, change the power world pattern. "

"It has a great impact on this world."

"At the same time, bring back the second chapter of the Hundred Ghost Night Calling Souls, the Six Paths of Reincarnation."

"Reward the qualification to go to the fourth level of the Great Tower of Tibetan Scriptures of the Heavens once, and give a fairy mountain below the second rank."

Hearing this, Chen Feng couldn't help but shine.

He immediately asked:

"I don't know if there is a fairy mountain below this second grade, can I choose it myself?"

The vast voice of heaven dominates.

"can."

"Is it okay to have a master?"

This time, the Lord of Heaven did not answer directly.

It was silent for a moment, then replied.

"can."

Upon hearing this, Chen Feng burst into laughter immediately.

This time, using the one-step ascending order and the key of trial, he simply won the victory.

In addition to thoroughly killing Chu Pingsheng, who had been grieving for a long time, he also successfully found the six reincarnation chapters.

Not only that, he also protected the Galaxy Sword Sect strongly.

Even because of this, I got acquainted with a clone of a mighty one who had died a million years ago and introduced it to the top of the sky.

Thinking of the great towers of the Tibetan Scriptures and the fairy mountain in Xinde, Chen Feng laughed and walked towards the giant bronze fangs gate ahead.

As soon as he left the house, a familiar voice came to him.

"Brother Chen Feng, you are back."

Standing at the front is Mei Wuxia.

And beside her stood many familiar faces.

Fairy Yuheng, Tiancun Beast Slave...

Mei Wuxia looked at behind Chen Feng, a look of surprise appeared on her pretty face.

"Where's Senior Wuya Taoist? Didn't he come with you?"

Upon hearing this, Chen Feng stepped forward and scratched her Qiong nose.

"How could he come back from the giant towers of the heavens and ten thousand worlds with me, he..."

Of course, before the voice fell, a rolling thunder sounded in the distance.

"Rebel! How dare you kill my son!"

"I want you to be broken into pieces!"

Before the words fell, the huge towers of the heavens and ten thousand realms lit up with a dazzling light.

Everyone turned their heads to look, but saw an old man in a dark green robe coming quickly.

Although he is an old man, he looks only 50 or 60 years old, and even looks quite handsome.

However, a pair of cold eyes burst out with explicit killing intent, staring at Chen Feng.

Between heaven and earth, the void even began to faintly collapse.

Just looking at it, Chen Feng guessed the identity of this person in his heart.

[Chapter 5635: I should not fight!](#)

Must be Chu Ping's father!

The two are simply carved out of the same mold, with the same handsome face and unparalleled domineering.

Through the people in front of him, he could even see what Chu Ping looked like when he was old.

All the people in the huge towers of the heavens and ten thousand realms who have not left yet, are looking here at this time.

As we all know, cannibalism is forbidden on the top of the sky.

Even if the people are aggressive and murderous, there won't really be a big battle here.

Chen Feng stood in place, holding hands.

Facing Old Chu's murderous aura, he never even frowned!

On the contrary, Fairy Yuheng and others next to him changed their expressions immediately.

However, they just wanted to stop in front of Chen Feng, but Chen Feng shook his head to stop them.

Boom!

The sky above everyone's head was suddenly surging.

Heaven and earth vision!

The green light fell swiftly.

Immediately afterwards, Old Chu's figure in the distance immediately slowed down.

In this regard, everyone present was accustomed to it.

Sure enough, the next moment, heaven dominates the vast and cold and ruthless voice, falling from the sky.

"The fairy in the sky, Chu Taizhen, intends to attack the fairy in the sky, Chen Feng."

"According to the rules of heaven, warn once."

"If you commit another crime, kill it immediately!"

After speaking, the blue light suddenly disappeared.

Everything is back to normal.

Upon hearing this, Chen Feng's lips curled up with a smile.

He looked at the old man in the wide robe and sleeves in front, and he was in a good mood.

"You are Chu Pingsheng's father, Chu Taizhen?"

"Sorry, your son provokes me several times and voluntarily runs to my trial mission to find death."

"It was really annoying, just as he wanted, and sent him on the road."

As soon as this remark came out, the whole audience was in an uproar.

"Chu Pingsheng died!"

That's the owner of the Yinyilou!

And how long has this Chen Feng entered the top of the sky?

For a time, countless inquiring eyes gathered at Chen Feng.

Since arriving at the top of the sky, Chen Feng spent most of his time in the Blessed Land, the world of trial missions, and the thousand worlds in the mysterious yellow world.

Even not long ago, he led people to unblock a fourth-grade fairy mountain, which caused quite a stir.

In addition, the entire top of the sky does not necessarily know much about it.

But today everything will change.

Just because he killed Chu Pingsheng!

However, the sudden change!

Just after the will of the Lord of Heaven dissipated, he was furious when seeing Chu Taizhen's face flushed.

He flipped his hand to take out a token, and shouted.

"Iron and Blood Banner Order is in hand, Lao Zi Chu Taizhen, now I am going to challenge Chen Feng!"

Hearing this, even Chen Feng couldn't help but shrink his pupils.

The token in Chu Taizhen's hand was about one foot long, and it was light purple.

On the front of the token, a **** battle flag is painted!

Amazingly, it is the iron-blooded banner order!

Private fights are prohibited on the top of the sky, with one exception.

That is the iron-blooded banner in front of you!

As long as you have this thing, you can challenge others.

If the challenged refuses to accept it, he will have to pay ten chalcedony pieces to the initiator.

And a piece of iron-blooded banner order can only launch three challenges at most.

The token in Chu Taizhen's hand was obviously still intact and had never been consumed once.

Suddenly dark clouds surged above the void, strong winds raged, and thunder surged!

boom!

With a loud noise, a huge battle flag came from the dark clouds and thunder and smashed down!

Insert firmly between the two!

The battle flag is three feet high, and there is a huge blood-colored flag on it, hunting and flying with the wind.

Waiting for Chen Feng to go to hold and lift.

Seeing this, Chen Feng's eyes suddenly became profound.

When he reached his realm, it was natural to see that Chu Taizhen had a few kilograms of cultivation in front of him.

It was precisely because he saw it that he did not dare to challenge easily at this moment.

Chu Taizhen has at least the cultivation base of the Second Tribulation Earth Immortal!

It is no wonder that Yin Yi Lou can be so arrogant and domineering on top of the sky.

Looking at Chen Feng's unmoved appearance, Chu Taizhen snorted and raised the volume.

The sound shook the sky, constantly echoing within the huge towers of the heavens and ten thousand realms.

"Why, Chen Feng, do you dare to kill my son, but you dare not take my iron-blooded banner order!"

"I will ask you again, Chen Feng, you dare to fight!"

Fairy Yuheng's complexion on the side changed drastically.

She immediately turned her head to look at Chen Feng, and reminded very urgently:

"Don't be agitated by him, isn't it just ten chalcedony pieces of heaven? I just pay."

"I couldn't afford to pay at the beginning, but now I still lack these ten pieces?"

With that said, she also deliberately secretly transmitted voices to appease Chen Feng.

"Although those who do not accept the Iron-Blooded Banner will lose their prestige and may be deceived in the future."

"But if you can't bear it, you're going to make big plans. It's not that I underestimate you, it's Chu Taizhen is too strong!"

Listening to Fairy Yuheng's urgent and worried voice, Chen Feng smiled slightly.

He stretched out his hand and patted Fairy Yuheng on the shoulder.

Then, he calmly looked at the person in front of him, completely ignoring the blood-colored banner between the two.

Immediately afterwards, he suddenly showed his white teeth.

All smiles reveal provocative meaning.

"I should not fight!"

Before he finished speaking, Chen Feng turned his hand and took out ten chalcedony pieces.

The wind swept across suddenly, swept away the ten chalcedony pieces in his hand, and fell into the hands of Chu Taizhen.

Click!

The ten chalcedony pieces of Heaven's Path were instantly grasped by Chu Taizhen, almost cracking!

He is not bad at this little chalcedony!

At this moment, he just wanted to smash the corpse of the boy who didn't know the height of the sky in front of him!

However, Chen Feng didn't care about this.

He smiled even more.

Immediately afterwards, in full view, he turned his hand and took out something from the spiritual world.

As soon as the thing appeared, it uttered an extremely harsh scream.

Many immortals who were close by were almost lifted off by the terrifying sound waves.

Chu Taizhen, who is not far away, has a canthus.

What Chen Feng held in his hand was truly Chu Pingsheng's one soul and three souls!

"No wonder...it's no wonder my son's soul is not complete, and he was imprisoned by you bastard!"

Chu Taizhen almost broke her teeth.

If it hadn't been against the rules of the top of the sky, he would have killed the person in front of him thousands of times!

However, Chen Feng met Chu Taizhen's gaze without any fear.

He has always been so cruel to the enemy.

Never show mercy!

He snorted coldly, and the gaze shot from his eyes became more and more bitter.

"Chu Taizhen, you can think about it."

"Your son is dead, so he is not protected by the rules of the top of the sky."

"If you dare to provoke me, believe it or not, I will kill him in front of you!"

As soon as this remark came out, the audience was in an uproar again.

Everyone present was stunned by Chen Feng's remarks.

That's the master behind Yinyilou!

Even big powers such as the Blood Flame Sect that have a second-rank immortal gate, have considerable contacts with the Yin Yi Lou. Who dared to speak such rude words to Chu Taizhen?

[Chapter 5636: The fairy mountain where the Yinyilou is located is mine!](#)

I'm afraid it's not really looking for death!

Hearing this, Chu Taizhen calmed down instead.

His eyes became deeper and deeper, and his voice was extremely cold when he looked at Chen Feng.

"Dog bastard, don't be too happy. The top of the sky never protects the weak."

"The old man wants to deal with you, some are means!"

Hearing this, Chen Feng's hand was stagnant.

It looked like he was bluffed.

Looking again, Chen Feng asked calmly:

"Oh? Why don't you talk about it, what other means."

"No need to talk about things like the Jagged Banner."

"Although the kid hasn't been on the top of the sky for a long time, he has collected a lot.

Chu Taizhen's nose enlarged, and she hated her jet.

"You have the chalcedony of heaven, so do your companions have enough?"

"May I tell you that the old man will send someone to the next trial mission of any of your companions."

"And if you take shelter together like this time, the old man will challenge those who stay on top of the sky."

"It would be better if you let everyone in and out together."

Speaking of this, Chu Taizhen's beard and hair fluttered even more, her eyes almost spurting arrows.

He said word by word:

"By then, the old man will go personally and destroy all of you like a dog!"

As soon as these words came out, the huge towers of the heavens and the world fell into silence.

Many bystanders took a breath.

This is the result of being hated by the supreme strong.

Chu Taizhen was right.

The top of the sky never shelters the weak!

Although the rules are there, there are too many methods to kill people within the rules.

For a while, Tiancun Beast Slave, Fairy Yuheng and others clenched their fists immediately.

They never want to be a drag on Chen Feng.

All the onlookers looked at Chen Feng at this moment.

Some people are joking and want to see how Chen Feng, who is still arrogant and arrogant, should kneel and beg for mercy at this moment.

There are also some who are very interested, just watching the show.

In the expectation of everyone, Chen Feng smiled quickly.

The next moment, Chu Ping's life in his hand immediately lit up with golden light.

"what--"

The screams were like magic sounds.

Chu Taizhen immediately furious.

"you dare!"

As soon as the voice started, Chen Feng shouted coldly:

"Look, I dare not!"

Soon, he completely wiped out that soul!

The speed was so fast that Chu Taizhen didn't have time to shoot.

The remaining one soul and two souls were imprisoned again into the spiritual world.

This move was completely unexpected.

No one thought that at this time, Chen Feng was still so strong.

Isn't he really afraid of endless revenge from Chu Taizhen?

In this regard, Chen Feng laughed.

"Sorry, I am a person who eats soft but not hard."

"If you dare to threaten me, I will dare to fight you to the end."

As he said, he immediately turned his head and looked at Fairy Yuheng on the side.

"I don't know what kind of fairy mountain is the fairy mountain where the Yin Yi Building is located?"

For some reason, after hearing Chen Feng's question, everyone had an idea in their hearts.

Could this person be...

"As far as I know, they recently moved into a third-grade fairy mountain."

Fairy Yuheng's voice sounded.

Almost immediately after that, it was the voice of Chen Feng looking towards the sky.

"Master of Heaven, I want the fairy mountain where the Yiyilou is located."

As soon as these words came out, the audience fell into dead silence again.

Many people's eyes widened, and they could hardly believe what they heard.

Chen Feng, actually wanted to ask the top of the sky... for the fairy mountain where the Yiyilou is located?

This is simply slapped naked on the face of Yin Yi Lou.

"Is he crazy?"

"I have been on the top of the sky for so long, and I have never seen a case of seizing the main immortal gate."

"If this is done, from now on, won't the Lingyilou on the top of the sky become a big joke?"

Even Chu Taizhen was stunned when he heard this.

After he reacted, he turned to the sky and laughed.

"Chen Feng, Chen Feng, you **** can't be frightened."

"My Yiyilou is located in Xianshan, how can you get it if you ask the Lord of Heaven to talk about it!"

However, before the voice fell, I saw a huge voice resounding above the sky.

The voice was cold and merciless, without a trace of hesitation.

"can."

The laughter stopped abruptly.

Chu was really dumbfounded.

Fairy Yuheng, Wuxia Mei, Tianchou Beast Slave and others were also dumbfounded.

All those present were dumbfounded.

what happened?

When will the top of the sky be able to directly ask the Lord of Heaven to ask for a fairy mountain?

But, just after the huge voice fell.

A cyan light suddenly fell on Chen Feng's body, instantly forming a thick beam of light.

The beam of light penetrated the sky and the earth quickly moved in a direction not far away.

When Chu Taizhen saw this, his expression changed drastically.

That is the third grade fairy mountain where the Yinyilou is located!

He is going crazy!

After meeting Chen Feng's playful gaze again, Chu Taizhen only felt hot all over his body.

People were stupid to be beaten in the face.

However, Chen Feng laughed and looked at Chu Taizhen again.

"As expected of an old dog, Chu Ping's behavior and handling of things in his life really learned a lot from you."

"It's a pity, you shouldn't do it, you shouldn't provoke me."

"It's okay to move me. Those who dare to move me..."

As he said, he ran his thumb across his neck with one hand, making a gesture of death.

"This is the end."

After that, he laughed and turned around.

"Yuheng, Tiancan, Wuxia, let's go."

In Chu Taizhen's almost frustrated eyes, Chen Feng and others left calmly.

Quickly disappeared in the huge towers of the heavens and ten thousand realms.

Leaving the huge towers of the heavens and ten thousand realms, the beast slaves of the Heavenly Devil were impatient.

"Big brother, what is going on?"

"Why did you tell the Lord of Heaven, it really gave you a third-grade fairy mountain with a master?"

With a smile, Chen Feng told the story of the death trial mission.

When referring to the second chapter of the Hyakki Yexing Soul Calling Scripture, the Tiancun Beast Slave was also excited.

"Great!"

"With this second chapter, the Six Paths of Reincarnation, you can resurrect those five best friends."

However, Fairy Yuheng on the other side was worried.

"You have done everything to such a degree, Chu Taizhen will probably deal with you at all costs."

In response, Chen Feng waved his hand indifferently.

"Even if I don't do it like this, if I kill his son, he will still deal with me at all costs."

"Since you are offended to death, you don't need to flinch."

Speaking of this, he seemed to have thought of something.

"What's more, I don't have a hole card..."

When Chen Feng raised his trump card, Mei Wuxia and others naturally thought of someone.

"You mean, Taoist Wuya?"

In response, Chen Feng nodded and shook his head.

"The Taoist Wuya was indeed recommended by me, but he should still be near the entrance at this time."

"At the moment, I haven't been able to get in touch with him." Although it can be regarded as a hole card, but I don't know when it will be used, and it will inevitably lack some protection.

[Chapter 5637: Silver hook iron picture book Beidou!](#)

In fact, what Chen Feng thought of was Gong Licheng and Lu Xingwei.

Both of them swear by the way of heaven, and it can be said that they are already his people.

Especially Gong Licheng.

Like the avatar of Taoist Wuya, he needs Chen Feng to help him resurrect his relatives and friends.

Therefore, I had to do my best to protect him.

Chen Feng even suspected that in that ancient forbidden land, the clone of Taoist Wuya was so tough on purpose.

The purpose is to add a powerful protector for him.

When Chen Feng said that he had a hole card, everyone was somewhat relieved.

They understand Chen Feng.

Since he said yes, there should be no problem.

Now that he had the trump card, Fairy Yuheng became a little excited, wearing a red dress with flames like fire.

"Where are we going now?"

Chen Feng looked to the front of Qingguang, and smiled softly:

"Naturally go to the blessed place where the Yinyilou is located."

A huge third-grade blessed land, no matter who it is, it is undoubtedly a great reward.

Everyone soon came to the numerous blessed places floating on it.

The densely packed fairy hills of the blessed land are getting bigger and smaller from bottom to top.

The bottom circle is only one or two miles, like a small barren mountain.

And the top one has a radius of thousands of miles, and the clouds and mist are lingering, just like a fairy family continent!

The third grade fairy mountain blessed land where the Yin Yilou is located is more than one level higher than the original Beidou blessed land.

It is hundreds of miles away!

Chen Feng and his party could see from a distance, the huge fairy mountain guided by the blue light, with immortal energy steaming.

Enough to accommodate countless monks.

At the very edge of the blessed land is exactly the same cliff, standing thousands of feet.

And just on the cliff, as if someone swiped three words with a big brush:

Min Yi Lou!

But the moment Chen Feng approached, that cliff suddenly changed!

The three characters started to dissipate!

It was actually erased by the Lord of Heaven!

One after another roar immediately sounded.

Immediately afterwards, several figures appeared from within the fairy mountain, men and women.

They stared blankly at the three big characters "Yiyilou" gradually being erased, and they almost couldn't believe it.

I don't know who it was, but turned around and noticed Chen Feng and his party.

"Chen Feng! Did you do a good thing?"

Chu Taizhen hasn't returned yet, and the people in the Yinyilou haven't heard what happened.

However, the earth suddenly began to shake.

The power of thousands of stars was no longer used by them in an instant.

It was as if they were excluded by this third-grade fairy mountain in an instant!

Minyilou just moved up from the subordinate blessed land not long ago.

Having seen the abundance of the power of the stars in the Third-Rank Immortal Mountain, who would like to return to the original 5-Rank Blessed Land?

Almost in an instant, Chen Feng and his party were surrounded by more than a dozen powerful men in the Ping Yi Lou.

They had already revealed the treasures in their hands, and all of them were angry, but they did not rush them.

Looking at the reactions of these people, Chen Feng's complexion remained unchanged and stood with his hands behind.

Chu Pingsheng said before that they didn't have many people in the Yinyi Building.

Now it seems that it is true.

You should know that the number of people in the second-grade blessed land forces where people like Gong Licheng and Lu Xingwei belonged is even more than a hundred.

Even the Beidou team had more than ten people before.

The overall strength of the Yinyilou is stronger than the Beidou team, but there are only more than ten people.

not enough.

However, although the number is small, the strength is quite impressive.

Especially behind them, many war slaves followed.

At first glance, those war slaves are more like the main force of the Ning Yi Lou, there are more than twenty people!

Faced with the questions from everyone in the Yin Yi Building, Chen Feng was calm and composed.

"As you can see, this third-grade blessed land belongs to me."

"You guys, get out."

The coquettish woman who had been with Chu Pingsheng at the time, her complexion changed drastically.

She naturally knew that Chu Pingsheng personally shot this time, it was bound to kill Chen Feng in the world of trial missions.

But at this time, Chen Feng stood here intact.

Even grab their blessed land!

"Where's Chu Pingsheng...you can't..."

Before he finished his words, Chen Feng smiled slightly.

"he died."

As soon as she said this, the glamorous woman's pupils shrank suddenly, her breathing stopped suddenly, and then she became furious.

She breathed fire in her eyes, almost crushing her silver teeth, her eyes filled with grief and disbelief.

Someone immediately reminded him that this is the top of the sky.

The glamorous woman flipped her hand to take out another iron-blooded banner token, and waved her hand to smash it.

However, this token was swung back by Chen Feng with gentle force.

"You are too weak."

A fluttering sentence, but like a slap in the face, slapped the woman's face.

The commotion here quickly attracted many people nearby to stop and look sideways.

Suddenly, a stalwart figure emerged from the crowd.

"The Immeasurable God."

Chen Feng and others looked sideways.

But it was an old man with a dignified and solemn appearance, immortal wind and bones, stepped forward.

As soon as this person stepped forward, some of the onlookers mentioned this person.

"Who is he?"

"You just came to the top of the sky, right? This person is the elder of the Tianbei Sect, Master Yan Heng."

"Is Tianbei Sect a subsidiary force of Ningyilou?"

"No. Both are among the third grade blessings. Speaking of which, it will take a few days for the sad education to be longer."

"I heard that Master Yan Heng seems to have something to ask for, and he often visits Yinyilou recently."

...

After simply listening to the comments of the onlookers, Chen Feng also had some understanding of the people coming.

His face was calm, but his heart began to plan.

Although Master Yan Heng is old, he has a great momentum.

Step by step, everyone besides Chen Feng didn't change his face and felt the tremendous pressure.

It was Chen Feng who urged the Taishang Yuqing Nine Shou Zhen tactics to form a realm, and that was all.

"This little friend, you should also know the identity of the old man, and the old man won't have to spend much time."

"Old Chu and the old man have some connections, and I hope that the little friend will not be conceited, and quickly return this blessed place to the Yinyi Tower."

"The old man also gives you face, that's all."

Upon hearing this, Chen Feng smiled.

He immediately took a step forward and spoke in front of everyone with a loud voice.

"Master of Heaven, can the selected fairy mountain repent on the face of Master Yan Heng?"

Before the words fell, there was a huge voice from the sky of Nine Heavens.

"No."

The huge repercussions continue to spread far away.

Chen Feng turned around, and the golden Dao Yun suddenly lit up.

The next moment, he disappeared in place and appeared in front of the huge cliff and mountain.

"The sword is coming!"

With a loud shout, the golden Dao Yun in his hand quickly condensed into a peerless sword!

Then, he waved his arm down.

The golden rhyme of Taoism is like splashing ink, and the sword energy is radiant, turning into golden light, and it is ignored.

Rumble!

A new word appeared suddenly on the mountain where the "Yiyilou" was erased.

Beidou!

Too arrogant!

Don't say it's the person from the Yiyilou, even the monks who surrounded the audience were quite surprised by Chen Feng's behavior.

Master Yan Heng of Tian Beijiao personally came forward to make a round, but was beaten in the face. Someone whispered immediately:

[Chapter 5638: I, Chen Feng, challenge!](#)

"I'm afraid Master Yan Heng will get angry."

Sure enough, Master Yan Heng's face suddenly became gloomy.

He looked at Chen Feng like stagnant water, and said coldly:

"Do you know what position is my Heavenly Sorrow Education on the top of the sky?"

Chen Feng's noodles did not change color.

Regarding Tian Bei Jiao, he had heard the onlookers say clearly enough.

"Although Tianbei Sect is succumbed to the third-rank blessed land, it is strong enough to rival the second-rank."

"Boy, don't know good or bad."

"While the old man is still talking, kowtowing an apology and return the blessed land!"

In the end, Master Yan Heng's voice resounded like Hong Zhong Dalu.

Although due to the rules governed by the Dao of Heaven, it must not be half-killing.

However, in the sound of rolling thunder, all the cultivators present were panicked.

This is the true strength of the powerhouse in the fairyland of Lingxu!

Even now, Chen Feng might be able to fight against Yijie Dixian only on the strength of the battle.

But after all, he had not experienced the Six Tribulations of Lingxu Land Wonderland.

Even the first catastrophe, the wind catastrophe, and those who have survived will have an absolute advantage.

Even Fairy Yuheng and others behind Chen Feng changed their expressions.

He was the only one standing proudly, the golden long sword in his hand never even dissipated.

"Is Tian Beijiao great?"

The audience was in an uproar as soon as he said this.

Many people even doubt whether they have heard it wrong.

No one thought that by this time, Chen Feng was still so arrogant.

"Does he really understand what he is talking about?"

"You dare to be tough when you die, young people are just too arrogant."

"Chen Feng is dead!"

Quite a lot of such voices rang from all directions.

But Chen Feng smiled and was extremely confident.

Master Yan Heng almost laughed angrily.

But just as he was about to say something, a thicker voice sounded not far away.

"I want to see, which third-rank blessed land force dared to claim to be comparable to the second-rank!"

As soon as the words came out, all the monks turned their eyes to the sound source.

The next moment, they saw a very strong man approaching quickly.

The person here has a cold eyebrow, a very strong body and a blood boil.

As he approached, many monks who got closer could even feel strong spiritual pressure.

In addition, the power of the dark black thunder was continuously released from his body.

The person here is Lu Xingwei!

As early as when Chen Feng and his party went to this place, Chen Feng used the Demon Heart to summon him.

Just in case.

At this time, many monks had recognized the Taoist robe he was wearing.

"The real second-grade blessed land force, the blood flame sect!"

"Even in the same second-tier forces, it is a very strong team."

As soon as the coquettish woman in Yinyilou saw Lu Xingwei, her eyebrows wrinkled.

In just one breath, she quickly analyzed the cause and effect.

Then, furious!

"Elder Lu, you betrayed my son!"

In response, Lu Xingwei only glanced faintly.

Then he ignored her!

Today, Lu Xingwei's cultivation base is more refined and he has broken through the disaster!

It seemed that the Lord of Heaven was very satisfied with his mission and rewarded him abundantly.

Lu Xingwei approached and turned and looked in another direction.

"Since it's here, why hide in hiding again?"

Many monks were shocked again and looked in the direction he was looking.

However, Chen Feng had already felt it and turned around.

Chu Taizhen finally arrived.

Looking at Lu Xingwei in front of him, he was furious, but he couldn't think of a reply.

Lu Xingwei looked at Master Yan Heng again.

In front of Chen Feng, he could only wince.

But before the people, he is still the elder of the Blood Flame Sect.

All the monks present can only look up to the existence!

Even when Master Yan Heng saw this person, his complexion immediately turned red like pig liver.

I thought that Chen Feng was nothing more than a single unknown man.

It is precisely because of this that Master Yan Heng took the initiative to ask for a sigh for Chu Taizhen.

This will increasingly allow Chu Taizhen to act for him.

Unexpectedly, Chen Feng had a seemingly close connection with the elders of the Blood Flame Sect.

No matter how strong Tianbei Sect is, it is nothing in front of the Blood Flame Sect.

Fortunately, at this time, the attention of the onlookers was not on him.

Everyone stared at Chu Taizhen.

Obviously, he just appeared at this time, and there must be a countermeasure.

Seeing Lu Xingwei, he didn't say a word, and his hatred disappeared.

Chu Ping went to win over Gong Licheng and Lu Xingwei before he was alive, both the coquettish woman in the Yinyilou and Chu Taizhen knew about it.

But at this time, going to argue no longer helps.

Chu Taizhen looked at Chen Feng again and smiled coldly.

"Since you talk about rules like this, I will give you a rule."

After all, he said loudly.

"According to the rules of the top of the sky, the team that lives in the third grade blessed land needs at least one spiritual virtual land wonderland powerhouse to sit."

"If not, any team can challenge it."

"The challenged team cannot refuse!"

As soon as he said this, Chen Feng's face suddenly sank.

He turned his head and looked at Lu Xingwei and Fairy Yuheng.

From the reaction on the faces of the two, Chen Feng already knew.

Fairy Yuheng whispered to him:

"The top of the sky does have this rule, but it is rarely the case."

At this point, Chen Feng quickly reacted and asked immediately:

"What is the challenge rule?"

Fairy Yuheng replied quickly:

"There are three requirements."

"One, the two teams sent three players to fight one-on-one."

"Second, the party who initiates the challenge must bring its own iron and blood banner order."

"Three, two wins in three rounds, regardless of life or death."

Hearing these rules, Chen Feng suddenly understood.

What Chu Taizhen played was Chen Feng's sole cultivation strategy!

Now, the strength of the entire Beidou team relies on him to pull the team forward.

Even if he wins, as long as the remaining two lose, they still lose.

What's more, it must be Chu Taizhen to fight him.

An immortal of the Second Tribulation!

Fairy Yuheng was extremely anxious.

"Chen Feng, I will go to my master now to see if his old man can help."

"With the two of you here, I will be the third person by then, and maybe I can win."

Chen Feng knew it in his heart, but didn't say anything.

He just nodded and watched Fairy Yuheng take out a jade charm.

She smashed the jade talisman in one hand, and aura gushed out instantly.

However, just after Fairy Yuheng explained the situation at this time, Venerable Guhong fell into silence.
after a little while.

"The teacher is in retreat, and it is inconvenient to leave at this time."

...

Looking at Chen Feng's cold face, Chu Taizhen finally had the pleasure of revenge.

He gritted his teeth and stared at Chen Feng.

"Now, die for me!"

Lu Xingwei on the side was also a little worried at this time.

"It really can't, I can join Beidou..."

However, Chen Feng waved his hand.

He directed at Chu Taizhen, stepped forward, and calmly said:

"I, challenge!"

Chen Feng's performance today has already numbed everyone.

I don't know if he should be called reckless, or if he really has the ability to be so confident.

[Chapter 5639: I come!](#)

In the mere Shifang Dongtian realm, the sixth hole of the sky peak cultivation base, even if it can leapfrog the battle, the opponent is the immortal of the Second Tribulation!

No matter how much you leapfrog one's ranks, the one that differs greatly from the realm, undoubtedly can only die.

Even Chu Taizhen didn't react at first.

Chen Feng said again:

"It's okay to challenge, but give me time to prepare."

"I have just returned from the world of the death trial mission and have not yet recovered my peak strength."

"It's not fair to challenge at this time."

Hearing this, Chu Taizhen finally recovered.

The corners of his mouth split wildly and rise.

The eyes staring at Chen Feng were even more cold and murderous.

"On the top of the sky, fairness is never emphasized."

"I don't care if your strength is restored. Now that you have challenged, come on!"

Before the words fell, the iron-blooded banner that had been consumed once again ordered the token to be taken out and smashed at Chen Feng.

"The Beidou team stayed in the third grade blessed land, but there are no spiritual virtual land and fairyland powerhouses."

"According to the regulations, I can challenge it!"

"My Chu Taizhen is the first to fight, the Beidou team, who will fight!"

As soon as the voice fell, the sky suddenly darkened.

There are dark clouds everywhere, thunder surging!

Out of thin air is a sudden gust of wind!

boom!

With a loud noise, a huge battle flag broke through the dark clouds, and thunderously smashed it down!

Insert firmly in the middle of the two!

On the three-foot-high battle flag, the blood was almost dripping.

Under the eyes of everyone, Chen Feng was standing on the void, and he stretched out his hand to pick the battle flag.

"Chen Feng!"

Fairy Yuheng stood behind her, his instinctive reaction even exceeded his thoughts.

Without saying anything, she grabbed Chen Feng by the sleeve.

More and more people are approaching here.

Everyone at the top of the sky is a talented person in their own world.

After coming here, he was even more informed.

The Sanpin Fudi Xianshan, who had just moved into the Linyi Tower not long ago, was wiped out by the Lord of Heaven today.

The speed of the news spread like wings.

Before long, even some cultivators who were far away from the seventh-rank blessed land of the original Beidou battle team came.

Among them, it also includes the death row prisoner crazy tiger who was left behind by Fairy Yuheng.

"I made him come."

Fairy Yuheng hurried closer.

Chen Feng is the monk she personally introduced to the top of the sky.

Fairy Yuheng couldn't be more clear about his talent and temperament.

At the beginning, although she also thought that this newly brought monk might become a big help for the Beidou team.

But now, having met him for a while, Fairy Yuheng has long since turned from a guide to an admirer.

Chen Feng is not only extremely talented, but also strong in Taoism.

The most commendable thing is that, at this point, he has not abandoned humanity at all.

It is still so heavy on love and righteousness!

You know, at the top of the sky, where everyone is surrounded by dragons and phoenixes, too many monks have slowly abandoned humanity in order to cultivate immortals and gain the Tao.

Some of them are desperate and deceitful, and they only see benefits and gains and losses.

Fairy Yuheng cherishes Chen Feng, a man of love and righteousness among this group of people.

For this, she had to make some realistic considerations.

"Crazy Tiger was arranged by me to experience crazy experience for so long, and now it's his turn to play a little bit of residual heat."

"On the top of the sky, there is no spiritual virtual land fairyland powerhouse, and the Yinyilou can indeed challenge us."

"However, how the three cultivators will appear in the battle can be arranged by themselves."

Fairy Yuheng lowered her voice and spoke quickly.

She leaned close to meet Chen Feng's gaze, and her beautiful eyes showed visible worry.

"Crazy Tiger is your death row, inferior to War Slave, let him fight against Chu Taizhen."

"In this way, you and I may have a chance to win against the other strong players in Yinyilou."

Although Fairy Yuheng's voice was lowered, all monks were present.

After all, she didn't deliberately avoid anyone, so everyone should have heard everything.

Especially the crazy tiger.

The crazy tiger was originally more than three meters long, and he was extremely strong.

Goodbye now, his skeleton looks bigger.

The muscles bulged high, full of explosive power.

However, it is different from when we first met.

His body didn't squat anymore, and there were no scars all over his body.

It's just that the thick black iron chain is still wrapped around his body.

But the breath radiating from his body has actually reached the twelfth cave sky of the Shifang Dongtian realm!

One foot has even stepped into the fairyland of Lingxu!

At this time, he is only a distance from the real Spirit Void Fairyland!

Just when Chen Feng looked at him, he received the idea of crazy tiger in his mind.

He is angry!

Fairy Yuheng said that there was another arrangement, which was to arrange him in an advanced battlefield of endless killing!

There, in order to survive, he exploded almost all his potential.

The improvement of cultivation base is also soaring wildly.

At the beginning, Duan Xinglan, he was the most talented war slave, and even suspected that he was hiding important secrets.

Seeing it now, it really is!

After being forced to sign a death row contract with Chen Feng at that time, Crazy Tiger did experience a period of depression.

He is desperate!

However, for a long time after that, Chen Feng, let alone use him.

I haven't even seen a figure before!

This made Crazy Tiger breathe a sigh of relief.

Although the death prisoner contract was even more demanding than the war slave contract, the new owner, Chen Feng, was more than a bit better than Duan Xinglan.

However, just when he thought he could breathe a sigh of relief, Fairy Yuheng suddenly called him over.

Asking him to make a breakthrough and frantically improve his cultivation to the present level, it was actually to die for Chen Feng...

At this moment, the despair of Crazy Tiger is beyond words.

He looked at Chu Taizhen, who was opposite the Scarlet Banner.

The real spiritual virtual land wonderland powerhouse!

Moreover, it is the immortal of the Second Tribulation!

The crazy tiger who stepped into the fairyland of Lingxu knows better than anyone else.

After arriving in the Spiritual Land Wonderland, every time the cultivation base breaks through a level, the improvement in strength is completely different from the past.

A monk of the tenth cave of the Shifang Dongtian realm may be able to kill the person of the twelfth cave of the Shifang Dongtian realm.

An enchanting person like Chen Feng even has a chance of winning the first half of the Lingxu Land Wonderland.

But a One Tribulation Earth Immortal, no matter how close to the Second Tribulation Earth Immortal's strength.

Want to defeat, basically can only be a delusion!

It's all about letting him die!

But he could not refuse at all.

Because, Chen Feng, his new master, looks even worse than him...

Feeling the despair, fear, and unwillingness of Crazy Tiger, Chen Feng glanced at him lightly.

Then, he looked at Fairy Yuheng again, quickly transmitting something through the dense line.

Then, Chen Feng smiled forward.

"No, I'll do it."

Not only crazy tiger surprised.

Even the monks present were extremely surprised.

"Is he crazy?"

[Chapter 5640: Chen Feng, gave up?](#)

"Even his condemned prisoner and war slave has a stronger realm aura than him. What did he use to really fight Chu Tai?"

"But as far as I know, this Chen Feng is not a reckless person."

...

For a time, there is everything.

Chu Taizhen laughed.

When Fairy Yuheng said the words to send the crazy tiger to death, his heart was really suspended.

To him, no one else matters.

Chen Feng killed his son, and he wants to avenge him!

Chu Taizhen even thought about how to threaten Chen Feng in person.

Unexpectedly, Chen Feng strode forward and grabbed the banner.

The next moment, the wind screamed and swept both of them in an instant.

The violent wind blew everyone and everyone had to close their eyes.

When I opened my eyes again, apart from a token on the spot, two people disappeared!

At this time, Chen Feng was in a trance.

However, this is not the first time he has been here, and it is not a panic.

When he woke up again, his surroundings were dark, and under his feet was a round boulder with a diameter of one thousand meters.

And Chu Taizhen was five hundred meters away from him.

Here is the only place where you can freely fight on the top of the sky!

No one shouted to start, the two of them could almost be said to have gone back to God, and they had already begun a life-and-death battle.

"You have the courage to fight against Laozi yourself."

"Since you are seeking your own death, Lao Tzu will never soften!"

Without the ban on private fights on the top of the sky, Chu Taizhen was like a beast that had broken the shackles.

In an instant, the void within a radius of 10,000 meters was instantly imprisoned.

In his old and muddy eyes, the hatred that burst out almost turned into two substantial rays of light.

Staring at Chen Feng!

The supreme coercion overwhelmed Chen Feng almost instantly.

Locked him up!

What followed was indiscriminate bombardment.

Chu Taizhen had just experienced the pain of losing her son, and her hatred was rising.

At this time, the offensive broke out like a scourge, surging like a tsunami.

Just shoot him to death!

The war just started, as if it had already seen the end.

However, just when Chu Taizhen himself thought so, his expression suddenly changed.

The big hand that shot at Chen Feng suddenly stopped.

Chen Feng, who thought he could not struggle, disappeared!

How is this going?

Even Chu Taizhen was taken aback by this scene.

The next moment, he turned his head violently and slapped a palm...

However, it took a blank!

As soon as Chen Feng appeared, he disappeared from under his eyelids.

Immediately afterwards, Chu Taizhen looked in one direction again.

Sure enough, Chen Feng appeared there.

However, before Chu Taizhen could do it again, Chen Feng disappeared once again.

But this time, Chu Taizhen saw Chen Feng's technique clearly.

There was a mysterious golden cloud-like thing around Chen Feng, which seemed to have a sense of Taoism.

Every time he disappeared and reappeared, there would be some movement in the void.

Although those movements are only minimal.

However, with Chu Taizhen's cultivation base, it is easy to detect these.

He was not doing it, but stood there, looking at the void around him and laughing.

"Nie Hu, in front of a Second Tribulation Earth Immortal who is in the mood to kill, you are proud of not being killed in a second."

But at this point, Chu Taizhen's tone changed sharply.

Endless murderous intent rises to the sky!

His beard and hair were in the air without wind, and his anger almost burst out.

"But it stops here!"

Before the words fell, Chu Taizhen's figure flickered.

At the next moment, there was only an afterimage left on the spot.

Chen Feng's complexion suddenly changed, and his heart was alarming.

"Is this the strength of the Second Tribulation Earth Immortal?"

He knew that Erjie Dixian was very strong, but when he really experienced it, he still felt overwhelming pressure.

However, despite this, Chen Feng has no regrets.

The void began to shake wildly!

In many places with intense shocks, some spatial rifts even appeared.

Chen Feng's expression sank sharply.

Chu Taizhen didn't give him any leeway, and blocked a road when he saw it!

Even if he came up, he turned the Taishang Yuqing Nine Shou Zhen Jue to the extreme.

Under the supreme pressure of Mount Tai, it is even difficult to achieve teleportation by relying on the golden rhyme.

Chen Feng relied on supporting a small piece of Dao domain, and then proceeded for an instant.

Can be teleported, after all, it still has to be stable in space.

Otherwise, once there are space cracks everywhere, he may be cut into pieces at any time.

There is not much time left for Chen Feng.

It can even be said that it is imminent!

"Hahahaha..."

Not far away, Chu Taizhen laughed loudly, breathing fire in his eyes, but with the confidence that his grievance was about to be paid.

He patted Chen Feng's direction again.

That full palm quickly skyrocketed, crossing numerous gaps in space.

It was about to hit Chen Feng almost instantly.

Immediately, a huge four-legged Fangding tripod was flipped out and quickly expanded.

Boom!

This gray void suddenly reverberated with a continuous loud noise.

The huge bare palm slapped fiercely on the huge large Xiu Luohong furnace.

The body of the tripod burst out with a bright light.

The tyrannical energy overflowed and he lost control almost instantly.

And Chen Feng, who was hiding in the great Xiu Luohong furnace, suddenly turned pale.

There was a smell of sweetness in his throat.

"puff!"

A big mouthful of blood spurted out.

Even with a trump card such as Dao Qi in hand, Chen Feng still had no power to parry against a Second Tribulation Earth Immortal.

The only thing that can go is not to die.

Injured, but most of the attacks were stopped outside the Great Asura Honglu.

If you want to hurt him seriously, you have to do it again at least a few times.

It's not that Chen Feng never thought of using the Great Asura to bury the magical power.

In this kind of occasion where no one else is present, it seems that it is okay to use the magical powers of the Shura world.

But he thought about it and it was useless.

But, precisely because it was useless, Chen Feng suddenly fell into the lower class.

For Chu Taizhen, this was just the beginning.

After half an hour.

Chen Feng's complexion was extremely bleak, **** and embarrassed.

However, Chu Taizhen on the opposite side was also so angry that he was blowing his beard and staring.

"You have a good baby."

"Don't worry, after you die, this Taoist artifact will be mine."

"The old man will refine it again, and then seal your soul inside."

"From now on, you will not be able to survive and die!"

...

Listening to Chu Taizhen's arrogant and arrogant words, Chen Feng panted heavily and wiped the blood that stuck his eyes at random.

He sneered.

At this time, he was seriously injured and dying!

However, his other hole card played a huge role at this time!

Tianyuan Little Demon and Crazy Tiger!

Tianyuan Little Demon is his battle pet and has a master-servant contract with him.

Not to mention the crazy tiger.

Chen Feng was seriously injured and dying here, and they must have noticed it when they were outside.

I am afraid that at this time, Fairy Yuheng and others are madly inputting the power of stars into the crazy tiger and Tianyuan Little Demon.
