

## Peerless 5641

### [Chapter 5641: In the first game, I surrender!](#)

Relying on this humble feedback.

Huh!

Chen Feng suddenly got up and once again struggled to open a piece of golden Dao domain.

Just when Chu Taizhen was condescending and asked him to knelt down and beg for mercy.

He suddenly raised his head and laughed sharply.

"Heaven rules, this first game, I give up."

After hearing this, Chu Taizhen shook his heart, and said it was not good.

Although he has been in retreat all year round, he has also heard of this junior in front of him recently.

This person is very good at tactics.

Moreover, I have never seen him bow his head to anyone!

It is impossible for him to admit defeat!

Even if he heard that clear "give up" at this moment, Chu Taizhen was not happy at all.

What followed was boundless anger after surprise.

"What's the point of surrendering now!"

"What I want is that you can't survive, you can't die!"

After all, he exploded with all his strength and madly attacked Chen Feng in front of him.

The void is constantly trembling.

The gang wind swept around, wrapped in the endless aura of killing and the spirit of extinguishment, and rushed forward.

He immediately faced Chen Feng and was about to pass through.

But, at this moment, everything is quiet!

The whole piece of circular boulder with a diameter of one thousand meters lit up with a green glow.

The will of the Lord of Heaven has fallen!

"Ming Yilou challenged the Beidou team in the first round, and Chu Tai really won."

The huge voice not only resounded in this void, but also resounded in the ears of many onlookers waiting for the outcome of the battle.

After hearing this, Fairy Yuheng and others changed their faces.

On the other hand, the people in the Yinyilou who had just been driven out immediately lit up with ecstasy.

They looked at Fairy Yuheng and others again, gearing up to regain the third-grade blessed land in front of them.

The rest of the people were even more emotional.

"No matter how talented Chen Feng is, after all, the time to come to the top of the sky is still shorter."

"I admit that he is strong, but as long as the opponent is a strong man who has just entered the fairyland of the virtual world, he may still have a trace of vitality."

"But he is really frivolous this time, but unfortunately a genius has fallen from the top of the sky."

"Genius...huh, at the top of the sky, there is no shortage of geniuses."

Amidst the roaring discussions, Lu Xingwei on the side was uncharacteristically.

Not only did he not worry at all, but instead looked up at the place where Chen Feng and Chu Taizhen had originally stood.

"Out!"

Before the words fell, a thunderbolt fell in the void.

Then, among the countless black lights lingering, a portal slowly appeared.

Everyone suddenly became excited: "The two of them are coming out!"

"The gate of the duel arena opens, and the result will be announced immediately!"

A triumphant smile erupted among the members of the Yinyilou.

However, after a burst of strong light passed, two figures appeared at the gate of the arena at the same time.

When the gods fell, a crack appeared on the iron-blooded banner, which meant the consumption of an opportunity.

Everyone finally saw Chen Feng's situation clearly.

"Chu Taizhen, although I lost, I will definitely come to my door in a month."

"Next time, I will make you regret revenge, and even make you regret having a son like Chu Ping's life!"

Chen Feng's voice was loud.

Everyone present could hear it clearly.

Then, what caught his eye was a young man covered in blood and embarrassed.

It was Chen Feng!

Fairy Yuheng and others immediately exclaimed, their faces suddenly full of worry.

But, I have to say, they also breathed a long sigh of relief.

Although Chen Feng was seriously injured at this time, he was not near death.

And this kind of injury that didn't hurt the origin can recover after a while.

Therefore, although this first match was lost, it was not a big loss for the Beidou team.

Chu Taizhen stood in front of Chen Feng, even maintaining a hands-on posture.

He hated having to take care of everything, so he killed the arrogant kid in front of him.

But I can only hold back!

"Huh, wicked animal, I will save you one more month of dog life."

Speaking of this, Chu Taizhen stood up straight, looked at Chen Feng coldly, and laughed.

"However, this fairy mountain in the Yiyilou, I am afraid you will be blessed with it."

Everyone around was thinking the same way.

In their view, Venerable Guhong, the earliest founder of the Beidou team, was closed without fighting.

Completely ignore the safety of the players.

This is obviously showing weakness to Chu Taizhen.

Today's Beidou team can be said to be supported by Chen Feng alone.

The first match was lost, and the overall situation has been decided.

The Beidou team, it's lost!

The arrogant laughter of the members of the Yinyilou heard in the ears, and both Fairy Yuheng and the Tiancun Beast slave couldn't help being angry.

They almost unanimously, wanting the next challenge.

Chu Taizhen spoke first.

"My Yiyilou, the second game is...Qu Xihong!"

The unfamiliar name did not cause the rest of the crowd to discuss.

However, the members of the Yinyi Building were all excited as if they were beaten up.

I saw the sound of chains colliding among them.

Immediately afterwards, a middle-aged man with a tall man, a sturdy back and a strong aura, stepped forward.

At the moment when he saw the people coming, Chen Feng understood where the strength of Yin Yilou was.

This Qu Xihong is a war slave!

However, he was a war slave with the eleventh cave of the Ten Fang Dongtian Realm!

The treatment of the war slaves in Ningyilou was completely different from that of Duan Xinglan.

Although he was a war slave, on the surface, he was no different from ordinary people.

Except for the black chains tied to their bodies, it shows that their identities are different from others.

He looked at Chen Feng without even looking at Fairy Yuheng and others.

It seemed that no one else could get into his eyes except Chen Feng.

Chu Tai really sneered again and again.

"Chen Feng, you have someone to challenge!"

In this regard, the onlookers were very emotional and talked a lot.

The faces of Fairy Yuheng and others were even more ugly.

Unexpectedly, there is such a strong man in Yinyilou, who is just a war slave!

They are not as powerful as Chen Feng, at most they can only challenge one or two small realms.

Lu Xingwei's expression on the side also pulled down.

"Master Chen, why don't I just join your Beidou team."

"This second person, I'll fight."

As soon as these words came out, Chu Taizhen, who was sure that the Beidou team would lose, immediately changed his expression.

The same goes for the audience.

"Elder Lu, what is your relationship with Chen Feng?"

"You are the elder of the second rank force, how can you bear to condescend to this small team?"

Many people asked.

In response, Lu Xingwei just wanted to speak, but was stopped by Chen Feng's hand.

He shook his head.

"Thank you Elder Lu for your kindness, but the defeat of the Yinyilou is already set."

Chen Feng's words immediately caused an uproar in the audience.

Especially seeing the smile on his face, everyone was even more surprised.

Even Chu Taizhen's expression turned gloomy.

#### [Chapter 5642: The crucial third game!](#)

He was full of gloomy faces, staring at Chen Feng, wanting to see a flaw in his face.

But, at this moment, a string of laughter sounded out of thin air.

"Hahaha... It seems that the old man came at the right time."

In the eyes of everyone's astonishment, the two figures approached extremely quickly from a distance.

The headed one is indeed Wuya Taoist!

When Mei Wuxia and Lu Xingwei saw Taoist Wuya, they immediately became excited.

On the contrary, many people around did not have much reaction.

Compared with the Taoist Without Cliffs, their eyes are more on the person beside Taoist Without Cliffs.

"Isn't that Gong Licheng from the Eight Qi League?"

"Another elder with a second-grade blessed land force! When did Chen Feng win over such a powerful person?"

Gong Licheng at the moment was even a little embarrassed.

Not long after Chen Feng had just walked out of the bronze fangs gate of the giant tower of the heavens and ten thousand worlds, Gong Licheng received Chen Feng's secret instructions.

Immediately go to the entrance of the top of the sky, and pick up the Taoist Wuya as soon as possible to join them.

At the beginning, Chen Feng planned to go on his own.

After all, there is a close relationship with the blood flame sect and the people of the Eight Qi Alliance, and both can be used as a hole card.

Can be used to surprise.

But people are not as good as the sky, and they still haven't been able to withstand this unexpected invitation.

However, just when everyone looked at Gong Licheng, only the people in the apartment had a fierce reaction.

Especially the coquettish woman, even more furious.

She stretched out her lush jade fingers, her chest rising and falling, but in the end she didn't say a word.

But many people have guessed from her reaction.

After all, many people were there before Chu Pingsheng and others entered the trial task.

The coquettish woman also mentioned Lu Xingwei's matter.

For a while, many people looked at Chen Feng with more subtle expressions.

The two helpers who could bring Chu Ping's life all instigated rebellion, and Chen Feng seemed to be really capable.

At this time, only one person in the audience never looked at Gong Licheng.

It is Chu Taizhen!

From beginning to end, he only looked at the old man who had just spoken.

The old man undressed in a long robe, standing with his hands behind him, without joy or sadness on his face.

All his auras are converged, making it difficult to judge his true cultivation level.

However, others may not be able to see how powerful this face-to-face old man is, but Chu Taizhen can.

There is only one possibility for a cultivation base that is hard to see through even his two tribulations!

The strength of this old man is probably still higher than the immortal of the Second Tribulation!

Soon, many onlookers also reacted.

In the eyes of everyone, Gong Licheng, who should look down on everyone, respects the old man beside him very much.

And the old man said that just now.

Obviously, this person is here to help Chen Feng and the others!

Thinking of this, Chu Taizhen's face became more and more ugly.

At the last moment, he smiled at the corners of his lips, his eyes were full of ferocity and madness, thinking that the Beidou team would be defeated.

Who knows that such a change will happen in the next moment!

By this time, Chu Taizhen still didn't understand all this!

I'm afraid from the beginning, Chen Feng suddenly changed his mind and refused the death row and war slave of Crazy Tiger to replace him with death. This was the idea in his heart!

Although it is not clear how he got in touch.

But Chen Feng must have contacted Gong Licheng early and asked him to bring the old man to support him.

If Crazy Tiger played against Chu Taizhen, it would only come to an end.

That's death!

However, Chen Feng is not necessarily.

Chu Taizhen had already seen it with his own eyes in the duel arena where everyone was isolated.

Compared with his cultivation base and supernatural powers, Chen Feng is naturally totally unable to compare with him.

But he has a few special hole cards!

A Taoist artifact!

And it is a four-legged Fangding with strong defensiveness!

A magic weapon that can be promoted to a Taoist tool, even if it is the Second Tribulation Earth Immortal, it may not be able to destroy it.

The other hole card is Chen Feng's special mastery of Tao Yun!

At first, even Chu Taizhen thought that teleportation was nothing more than Chen Feng mastering certain spatial rules.

After all, in the Beidou team, there happened to be a person who had made great achievements in the law of space-Fairy Yuheng.

Who could have imagined that even after Chu Taizhen deliberately caused space turmoil, a golden light burst out of Chen Feng's body.

Dao domain!

Relying on these two hole cards, Chen Feng prolonged time extremely skillfully, and also saved his life.

At this moment, Chu Taizhen couldn't help but feel regret and resentment in her heart.

Chen Feng's calculation has succeeded again!

And if he wanted to put him to death as soon as he came up, and hit him directly, instead of thinking about torturing him and making him worse than death, what would happen to this powerful old man now?

Chen Feng turned around, looked at Taoist Wuya, smiled and walked over.

"Senior came at the right time."

"Senior, please be sure to help me."

As he said, he wiped the blood from the corner of his mouth and clasped his fists.

Taoist Wuya saw Chen Feng's injuries from a distance.

Although he had never hurt the origin, such a serious injury was enough for him to lie down for a while.

At this time, I can persist, purely for the sake of fighting for a breath.

Although Wuyadao could not see happiness and anger on the human face.

But his brows were still slightly frowned, and he suddenly reached out and held down Chen Feng.

In the next moment, an extremely majestic force poured into his body.

Although not as pure and soft as the power of the stars, the spiritual energy of the heavens and the earth, it is quite effective at this moment for Chen Feng!

Chu Taizhen's face became more and more ugly.

He couldn't stand it anymore, and immediately took a step forward and sneered.

"Huh! Chen Feng, I have never seen this person on the top of the sky."

"Let's never hear when your Beidou team had this person."

"The rules governed by the Dao of Heaven can be clearly stated. You can only choose people from your team!"

"Relying on the fact that your Beidou team is such an influential force, you really think that someone can look forward to..."

However, before he could finish speaking, a very cold gaze suddenly swept over.

I saw the old man in the toga look at him and slowly opened his mouth.

"What does it matter if the old man joins the Beidou team."

As he said, he flipped his hand and threw out the jade card of reincarnation after the blood drops to recognize the master.

In an instant, the light shines!

The reincarnation token belonging to the Taoist Wuya immediately echoed the Mount 3 blessed land not far away.

There was almost no time before Wuya Taoist officially joined the Beidou team.

The audience was in an uproar.

"There is no need to untie the original forces and directly join the Beidou team."

"This is a newcomer!"

"But how can newcomers have such a high level of cultivation?"

...

Chen Feng's complexion improved a lot, and Taoist Wuya also let go in time.

"Senior, this is your next opponent."

With that, Chen Feng stretched out his hand to Qu Xihong.

He was not worried about the second game.

There is no doubt that Qu Xihong has no chance of winning in front of a strong man who even surpasses the Three Tribulations Earth Immortal.

[PEERLESS MARTIAL SOUL](#)

[Chapter 5643: In the third game, the Tianchou Beast Slaves win!](#)

Looking at the thin old man in front of him who could not be named, Chu Taizhen stretched out his hand to stop Qu Xihong.

"The second game, there is no need to fight. Yin Yi Lou... admit defeat!"

But this time, before everyone reacted, a bloodthirsty smile lit up on his face again.

Chu Taizhen stared at Chen Feng.

"Now that you and I are tied with one win and one loss, this third game has become a crucial one."

"I want to see, who else in your BeiDou team can fight with us in Yinyilou!"

As he said, he roared.

"In the third round, I sent Wei Yansha from the Yinyilou!"

Before he could finish his words, a tall and thin half-orc, covered with cheetah patterns, walked out of the crowd.

The many immortals selected on the top of the sky are not only humans, but also many monsters and orcs.

For the Lord of Heaven, race does not matter, as long as it is strong enough.

However, the human race has an absolute advantage in later cultivation.

Therefore, most of the people here are mainly human monks.

In addition, in most of the large, medium and small worlds, the human race, the monster race, and the orc race are often hostile.

At this time, the Yinyilou dispatched a half-man and half-beast-looking beast race, which was unexpected to Chen Feng.

Then Wei Yansha was obviously a leopard.

But he was able to break through the shackles of the orcs in cultivation, and the breath that broke out was not weaker than the previous war slave Qu Xihong!

The eleventh hole of the Shifang Cave Heaven Realm Dacheng!

Many people onlookers discussed again.

Although the situation has reversed, it is still extremely unfavorable for the Beidou team.

If they can't win the third game, all the previous acts of violently occupying the Yiyilou will be a joke!

The only thing that is gratifying is probably the new power that has appeared.

Even if you lose, you don't have to worry too much about crushing revenge.

The atmosphere behind Chen Feng suddenly became serious.

At this moment, the Tiancun Beast Slave took the lead.

"Brother, let me come."

He looked solemn and looked at Wei Yansha.

Chen Feng spent a lot of time with Mei Wuxia in the world of death trials.

And the Heavenly Remnant Beast Slave on the top of the sky is also frantically improving his cultivation.

The scene of crossing the catastrophe with Fairy Yuheng at the same time is still vivid, but in a blink of an eye, the Tiancun Beast Slave has actually made a qualitative leap!

His current cultivation base has reached the sixth peak of the Ten-fang Cave Heaven Realm!

Although in the eyes of other onlookers, the peak of the sixth cave of the Shifang Dongtian realm was still far from the eleventh cave.

But don't

Forget, the physique of the Tiancun Beast Slave is extremely special!

The destiny title given to him by the Lord of Heaven at the beginning is the "Beast King", which can enhance his animal training ability.

Later, he gained the ability to plunder in the endless killing advanced battlefield mission.

It can be said to further strengthen the special physique.

Now he, with the beast whip in his hand, even if he is a powerhouse over his five small realms, he is confident!

Chen Feng looked back at him, and read the longing in the eyes of the Tiancun Beast Slave.

"Be careful!"

Chen Feng only gave a simple command when he patted the beast slave on the shoulder.

Then, according to the old habit, he handed over Luo Honglu, who had been promoted to Dao implement.

People can't repeat the challenge, but they can't without a speaker!

Mei Wuxia and the others all stopped talking.

Even Chu Taizhen raised his eyebrows, and the corners of his lips made a playful smile.

"It seems that your Beidou team is really unmanned, and you actually let a waste from the sixth hole of the ten-square cave to challenge."

Wei Yansha, who strode forward, twisted his neck, lifted his chin, and looked at the face of Tiancun Beast Slave with extreme disdain.

He laughed arrogantly, but suppressed the fleeting discomfort in his heart.

I don't know why, seeing the calm face of the strong man in front of him, he was a little uneasy.

Among the people present, the only Taoist Wuya silently looked at the Heavenly Remnant Beast Slave.

"interesting....."

The Tiancun Beast Slave didn't support it.

He took the big Xiu Luohong furnace that Chen Feng handed over and was ready.

Gong Licheng frowned and walked forward on his own initiative, looking at Chen Feng and saying:

"Or it's me."

Chen Feng shook his head.

As an elder of the Eight-Discrimination League, Gong Licheng was more complicated than Wuya Taoist to join the Beidou team.

Unless, he would rather abandon all the resources left in the Eight Qi League.

Gong Licheng has now become Chen Feng's most steadfast accomplice by swearing to the ruler of heaven.

Chen Feng treated him badly, that is, treated himself badly.

He smiled and looked at the Tiancun Beast Slave, and said lightly:

"Whoever underestimates my brother will suffer."

The Iron-Blooded Banner was activated again, and the void darkened.

Dark clouds condense again.

The thunder is surging, the wind blows!

boom!

The huge \*\*\*\* battle flag broke through the thick dark clouds, and smashed down with endless thunder!

Wei Yansha boasted that he was holding the winning ticket, laughing as he watched the Celestial Beast Slave raise the battle flag.

The two disappeared instantly!

It was impossible for Chen Feng to say that he was not worried when the Tiancun Beast Slave disappeared.

But he both

After making a choice and trusting his brother, he will not waver.

The team in the Ning Yi Lou had already begun to laugh.

Many people have long gone from being suffocated when they saw Taoist Wuya, to a sigh of relief.

"A mere group of weak people in the sixth cave of the ten-square cave world must take the initiative to find death. Who can stop it?"

Even Chu Taizhen couldn't help but ridicule.

In response, Chen Feng only smiled faintly.

"Didn't I also use the strength of the sixth hole in the Ten Fang Dongtian Realm to resist your full attack from the Second Tribulation Earth Immortal?"

As soon as he said this, the onlookers couldn't help but breathe in air.

Chu Taizhen turned pale, her anger soared with murderous intent.

At this moment, someone laughed out loud.

Chu Taizhen's sharp gaze cut aside in an instant.

However, Taoist Wuya did not receive any impact, instead he looked at Chen Feng and shook his head with a smile.

"Your boy's mouth is really unforgiving."

"However, your physique is extremely special, and you can withstand the half-worn two-tribulation immortal, the old man is not surprised."

"But you seem to be too confident with your brother?"

Many onlookers wanted to know this question.

Especially those who have heard of Chen Feng.

They all understand that this person is by no means a reckless person, but rather scheming and cares about love and justice.

Tiancun Beast Slave and him are inseparable on the top of the sky, and the two are quite close.

In any case, this choice surprised them.

Chen Feng waved his hand.

He did not directly answer Wuya Taoist's question, but instead looked at everyone present.

"Before answering this question, I would like to ask you all."

"On the top of the sky, within two months, how far can you break through from the third hole of the Shifang Cave Heaven?"

As soon as this was said, the audience fell silent.

At this time, Chu Taizhen frowned slightly.

A terrible thought flashed across his mind for an instant.

Immediately afterwards, only Fairy Yu Heng beside Chen Feng was suddenly exclaimed.

"I and the Celestial Beast Slave were able to cross the calamity at the same time in the endless killing advanced battlefield mission, breaking through the ten-square cave heaven."

"After returning to the top of the sky, we all received gifts, and our cultivation base broke through to the third cave."

"But how long has passed since I didn't even realize it if you didn't say it!"

As soon as these words came out, there was a moment of silence in the audience.

And it seemed to confirm Chen Feng's confidence in the beast slaves.

The gate to the duel field suddenly appeared!

A huge voice sounded.

[Chapter 5644: The trump card of Tiancun Beast Slave!](#)

As soon as the voice of the Lord of Heaven sounded, the audience was silent.

Everyone was shocked!

"It's just past... time for a stick of incense!"

This is even more shocking than the match between Chen Feng and Chu Taizhen!

Even though Chen Feng had just touted the Heavenly Remnant Beast Slaves so much, in the eyes of everyone, he was only a battle.

After all, what he was dealing with was the powerhouse of the eleventh cave of the Shifang Dongtian realm!

There are still many ills.

According to everyone's cognition, even if the Celestial Remnant Beast Slave can show a lot of hole cards, he should fight very hard.

Wei Yanshou was a leopard monster who evolved into a half-orc form.

No matter how to strengthen himself, the shortcoming that is difficult to fight for a long time is always his biggest fatal injury.

To deal with such half-orcs, ordinary people will practice dragging words.

As long as he can withstand Wei Yan's indiscriminate bombing, he can control the rhythm to a certain extent.

Then wait for the opportunity to find an opportunity to defeat it.

With less than a stick of incense like this, even Chu Taizhen was in disbelief.

The vast voice of the Lord of Heaven was like a slap in the face, and it slapped his face fiercely.

"Ning Yi Lou was defeated!"

After the silence, there was an uproar.

A divine glow shot out from the gate of the duel field, and it was indeed a celestial beast slave!

He was holding a nine-foot-long scarlet nine-section whip, looking quite embarrassed.

However, there was a smile on his face.

As soon as he took a big stride out of the gate of the duel, he stopped.

At the same time, Chen Feng also guessed the plan of the Tianchou Beast Slave.

He remembered the crimson nine-section whip that was true and imaginary.

This object is called Royal Beast Whip.

At first, this thing could be used once in three days. Anyone whose strength is not more than two levels of the Heavenly Remnant Beast Slave will be controlled for a moment if one is drawn.

Later, with the blessing of the title of Mandate of Heaven, this thing has undergone another transformation.

And this moment, put it now, is even more terrifying!

With the cultivation base of the Celestial Remnant Beast Slave, it was obvious that Wei Yan was controlled for a moment!

In this short moment, there is no doubt that he let Wei Yansha take the initiative to admit defeat.

This could explain that there was almost no injury on the Tiancun Beast Slave.

Because he made this plan from the beginning!

However, Chen Feng also clearly remembers that once this thing is used, there will be a terrifying consequence—

Once under the control of this beast whip, after a moment, the controlled monster will hate the heavenly beast into the bone!

Never die ever since!

Thinking of this, Chen Feng

Above the dome.

"Ming Yilou challenged the Beidou team, lost two in three rounds, and the challenge failed."

Before the words were over, the jade cards of reincarnation of the Beidou team, such as Chen Feng, Tiancun Beast Slave, Wuya Taoist, etc., burst out with dazzling light.

At the same time, on the huge third-grade blessed land immortal mountain not far behind, the four characters of the Beidou team were shining brightly.

Each stroke contains endless rhyme!

The matter ends here, and the curtain has come to an end.

The faces of more than ten players in the Yin Yi Building are all wonderful.

The coquettish woman who had been close to Chu Ping's life even refused to confess her fate and looked at Chu Taizhen.

Seems to be waiting for him to give orders.

However, even if Chu Taizhen gritted his teeth and hated the sky, he was helpless at this time.

The Celestial Remnant Beast Slave had already placed them together, and with the help of the Lord of Heaven, beheaded a general in their team.

To be impulsive at this time is tantamount to death.

After a long time, his trembling lips opened when he was so angry that he made a few words with difficulty.

"You kid, you wait for me!"

"let's go!"

With that, the people in the Yinyi Tower turned and left quickly, as if they could not stay here for a moment.

The crowd onlookers also became quiet.

No one thought that under the situation of Venerable Guhong showing weakness, the Beidou team could turn defeat into victory.

For a while, many people looked at Chen Feng more enthusiastically.

But they did not try to invite Chen Feng to join their team like the previous few.

Everyone could see that the current Beidou team might have changed the backbone.

Now that the Beidou team is in power, it is probably Chen Feng!

So, how could he leave the Beidou team?

The crowd gradually dispersed, and the issue of the challenge between Minyilou and the Beidou team was also passed on.

Chen Feng turned and looked at the people behind him.

"Thank you for your help, let's advance to the third-grade blessed land."

Fairy Yuheng also nodded excitedly.

"I heard that it took a lot of effort to lay down this third-grade blessed land at the time, and it even damaged a general."

"With his temperament, I am afraid there is something hidden in it!"

Everyone stepped in, the place was blue.

In the next moment, they disappeared outside the blessed land and appeared inside.

Before he was shocked by the scenery in front of him, suddenly everyone caught a glimpse of a figure suddenly falling down.

"puff!"

Everyone turned their heads and was shocked.

"Chen Feng!"

"Brother Chen Feng!"

#### [Chapter 5645: Breakthrough, the seventh hole!](#)

No one thought that Chen Feng would suddenly fall down after just entering the third-grade blessed land fairy mountain.

However, the next moment, he stretched out a hand beside him to catch the fallen body.

"I didn't slack until now, it is indeed a bit capable."

The avatar of Taoist Wuya looked down at Chen Feng, who was holding it in his hand, with no concealment of appreciation on his face.

Others may not be able to see it, but with his cultivation level and figure, where can he not detect the problem?

Fairy Yuheng raised her head when she heard this.

"This senior, Chen Feng is..."

Before she finished speaking, Taoist Wuya took the initiative to explain.

"As soon as he saw that Chu Taizhen was asking for trouble, he immediately ordered Gong Licheng to come and find the old man."

"In order to delay time, he had to deal with the first game challenge himself."

"Do you really think that with its mere ten-square cave-sky realm and the sixth cave-sky realm, there is nothing serious about it in front of the Second Tribulation Dixian?"

Hearing this, why can everyone not understand?

Chu Taizhen hated Chen Feng deeply, and he would not show mercy when he started.

Under such indiscriminate bombing, I'm afraid Chen Feng didn't even have a chance to hide.

Looking back now, no one can imagine what he experienced in the duel for almost an hour!

Chen Feng has always been a strong person.

If he had extra energy, he would never let himself appear in front of everyone embarrassed.

But when the first game came out, it was obviously already that way.

Seeing everyone's faces full of worry, Taoist Wuya waved his hands at will.

"Don't worry about it. Although he was seriously injured and dying, this guy is a bit capable and didn't hurt his origin."

"Who can say it well, maybe this kind of absolute force crushing is also a benefit to him."

Before the words fell, Chen Feng opened his eyes.

Instead of looking at everyone, he looked straight ahead.

When they first entered the Seven-Rank Beidou blessed land, Chen Feng and others were shocked by the scenery inside.

And now, when you first entered the third-grade blessed land fairy mountain, the inside is even more beautiful.

If the original Beidou Fudi was just an extremely beautiful valley, then there was a small continent in front of it.

The mountains are stacked one after another.

The cliffs are soaring into the clouds, and there are green plants and flowers everywhere.

Of course, the most exciting and trembling is undoubtedly the exciting green mist in the air.

Stars overwhelming

Chen Qingqi!

It has the same warmth as aura, but more abundant.

Moreover, compared to the star Qing Qi in the Seven-Rank Blessed Land, here is more intense.

Under the sky in the distance, there is a huge force together, huge and diverse in shape, undulating.

Almost materialized!

The power of nearly ten thousand stars!

The rich and extreme star Qing Qi rushed into Chen Feng's body.

The pores on the whole body are relaxed!

Chen Feng's complexion was still pale, but he still laughed.

"Sure enough, as I expected."

As he said, he flipped his hand and fully mobilized the Xinghai World in his body.

This time, instead of relying on the three hundred and sixty-five stars in the Xinghai World to replenish, but actively seek out the power of the stars from the outside world!

boom!

Golden Dao rhyme appeared again around Chen Feng.

The next moment, he disappeared in place and appeared above the sky.

With him as the center, the void began to continuously rotate, quickly forming a huge vortex.

The power of nearly ten thousand stars also increased with the vortex, began to change his body shape, intentionally or unintentionally attracted to his direction.

The originally clear blue sky suddenly dimmed.

Everyone was watching in place, without any hindrance and no dissatisfaction.

This brand-new third-rank Beidou blessed land can be said to have been brought down by Chen Feng alone.

Even Lu Xingwei, who had planted a demon heart and had to obey, still had to admire it now.

Such a mentality is beyond the reach of people!

The huge vortex was spinning frantically, getting bigger and bigger.

The power of dozens of stars that were close to him had already been completely swallowed and disappeared into the whirlpool.

Later, the power of the stars in the entire sky also rotated with the direction of the vortex, forming a larger vortex.

Gong Licheng stared at the dark shadow above the sky, his eyes burst into surprise.

"How can this be caused by a mere ten-square cave heavenly sixth cave monk..."

"If it is the wind catastrophe of the Lingxu Land Wonderland, I am afraid it is nothing more than that."

Speaking of this, he suddenly froze.

If it is the sixth hole of the Shifang Dongtian realm, it can still cause turmoil in this way.

The Six Tribulations of the Spiritual Land Wonderland that Chen Feng will face in the future, how terrifying it should be!

At first, several people nearby nodded in agreement.

Then they followed suddenly

Stopped and looked over.

They also thought of this.

Some people even think of:

"When he broke through the Shifang Dongtian realm, he did the same, and his momentum was too great."

In response, Taoist Wuya only smiled and said:

"Since he's been here all the way, he must have been prepared, don't worry."

The words are so.

Chen Feng in the void is constantly recovering.

The constant force of stars poured directly into the body, scouring every gap.

Coupled with the dew on the saplings of world origin, his golden spiritual world, Xinghai world and Dantian world are all recovering quickly.

However, at this moment, for Chen Feng, one thing is more important.

The power of nearly ten thousand stars surrounded him from all directions.

The power of these huge stars is now being guided by his best efforts!

Three hundred and sixty-five large and small stars correspond one by one to the stars in the depths of the universe in reality.

Even the ten big moons and three big suns are the same.

At this time, what Chen Feng had to do was to make every effort to promote its high-speed rotation.

Form a galaxy!

In the late stage of Shifangdongtian realm, monks usually need to transform every star into a galaxy.

But others are no more than ten or a few dozen at most, but he has three hundred and sixty-five!

It is necessary to transform all three hundred and sixty-five stars into galaxies. If anyone hears it, I am afraid that this is a fantasy!

No one has ever done it!

"But I want to try it!"

Chen Feng gritted his teeth and swallowed the power of nearly ten thousand stars like a gluttonous food.

With the help of that majestic and continuous force, it wraps all the stars and rotates at high speed!

Hum!

In the deepest part of the Xinghai World, a half-virtual and half-real ancient Buddha star soul seemed to have a new change.

However, under the faint suppression of the Candle Nine Yin Star Soul and the Roaring Sirius Star Soul, it was suppressed again with difficulty.

Chen Feng gritted his teeth and guided desperately.

The golden spiritual world is roaring crazily, and the golden spiritual power is almost exhausted!

boom!

boom!

boom!

There are constant loud noises coming from his body!

Sizzle

Accompanied by a sudden golden thunder light, Chen Feng easily broke through the seventh cave heaven of the Shifang Dongtian realm in the power of ten thousand stars!

[Chapter 5646: miracle!](#)

Chen Feng should have broken through long ago.

This breakthrough was not difficult for him.

The world is getting darker and darker.

It seemed that all the light was absorbed by the black shadow on the void.

The power of ten thousand stars also poured into Chen Feng's body, and this situation continued.

At first, everyone was just shocked.

Later, everyone couldn't help but start to worry.

"Will he lose control? No matter how strong he is, he will still be the seventh cave sky of the ten square cave heaven."

"The power of nearly ten thousand stars is swallowed and absorbed, so you are not afraid of exploding and death?"

Lu Xingwei's expression was extremely worried, and he expressed the doubts that everyone had in their hearts more or less.

All of them were his own people, there was no need to cover them, and they all knew that he was really worried.

Mei Wuxia looked at the Tiancan Beast Slave, and the Tiancan Beast Slave looked at Fairy Yuheng.

Fairy Yuheng glanced, and finally, like Gong Licheng, his eyes stayed on Taoist Wuya.

Compared to them, this clone of Wuya Taoist is the real senior.

Seeing all eyes turned over, Wuya Taoist stood with his hands in his hands and smiled.

"Don't worry, he is fine."

"It's just that such a domineering physique and talent, coupled with his perseverance and extraordinary luck."

"The old man is worried that his next road will not be easy."

Gong Licheng couldn't help but speak.

"Why did the senior say this?"

The Taoist Wuya is also patient, and talks about the advantages and disadvantages.

"To give a simple example, when an ordinary monk enters the Ten-fang Cave, he only needs to condense three stars, two big moons, and one big sun."

"From then on, you only need to combine these six stars into a galaxy, and you can enter the fairyland of the virtual world."

"And this kid's physique and blood are stronger than ordinary people, and it's still being strengthened."

"This has led to the number of sun, moon and stars that he condensed at the beginning, far exceeding ordinary people."

"Therefore, it naturally needs more power of the stars to transform all of them."

Speaking of this, Wuyadao's human face trembled slightly, and even paused.

He looked at Chen Feng from a high place, his eyes could not be fixed.

"Not only that, this battle of the power of ten thousand stars...Different galaxies?"

As soon as he said this, everyone gasped.

For ordinary monks, a star map will eventually evolve into a star sea world.

And in a star sea world, only one martial soul will turn into a star soul, and

After forming the only galaxy.

Even a top-level genius cultivator, with many stars, and even a few rounds of large moons, might not be able to differentiate into two galaxies.

This not only requires doubling the power of the stars, but also requires strength in various aspects such as physical and mental power!

In silence, the Tiancun Beast Slave spoke with difficulty.

"But even if it splits into two galaxies and absorbs the power of ten thousand stars, it seems there are still too many."

By this time, Taoist Wuya had extremely deep eyes.

He stared at Chen Feng and spit out a word.

"That could be three, or even more..."

The audience was silent.

Especially Lu Xingwei and Gong Licheng both felt a little dry mouth at this moment.

They also stared at the figure wrapped in the vortex of the wind in the distance, only feeling absurd and outrageous.

All the tops of the sky are geniuses.

Therefore, they understand more the horror that Wuya Taoist said.

Differentiating galaxies has big advantages and disadvantages!

Naturally, there is no need to say more about the advantages, but the disadvantage is that the difficulty of breaking through the cultivation base will increase in the future.

Double the increase!

Of course, the most important thing is that it is too difficult!

It is extremely rare to be able to differentiate between two galaxies, rare, let alone more than two...

However, no one knew that Chen Feng was far beyond expectation in Xinghai World at this time.

At this moment, he didn't think about so many pros and cons.

"I have a brave heart, and a heart of invincibility!"

No one knows his state better than him.

It's really more special than Wuya Taoist said.

Although Chen Feng broke through the seventh cave of the Shifang Dongtian realm at this time, his comprehensive combat power is challenging the limit!

Before breaking through, he was able to fight against the preliminary spiritual virtual land fairyland powerhouse who had not been catastrophe by the wind.

Therefore, the key to his current breakthrough lies in whether he can challenge unprecedented limits.

"I want to have the strength to fight across the realm!"

The humiliation that was completely crushed by Chu Taizhen is vivid.

Although no one would be ridiculed by that defeat.

But after all, it was defeated!

Moreover, the defeat was very embarrassing and there is no chance of winning!

"This kind of humiliation is enough!"

Chu Taizhen's original threat was still in his ears, and the time left for Chen Feng was running out.

Even if there is Taoist Wuya around him as a great help, how can he just rely on others?

In the Star Sea World, God

The light has long been radiant and boundless, not real.

But, can feel it, he has not reached the limit!

"Roar!"

In the darkness, there seemed to be rolling roars that sounded continuously and continuously.

Severely knocked the hearts of people in the distance.

In the Star Sea World, the roaring Sirius Star Soul, Candle Nine Yin Star Soul, and Ancient Buddha Star Soul also finally changed.

They gradually respond to the three most dazzling big sun.

The big day revolved wildly, each driving three to four rounds of the big moon and many stars.

As Wuya Taoist said, Sanhua Galaxy!

However, Chen Feng does not seem to be satisfied with it!

"I can reconstitute it!"

He roared, his eyes were like torches, and two sharp golden lights were shot straight out.

The power of the stars in the star sea world was controlled again.

"There is no big sun as the center of the galaxy, then...I will...create the big sun!"

Ten rounds of the big moon were separated by his life.

After countless large and small stars accelerated and approached, they began to frantically absorb the power of the stars.

This unprecedented attempt naturally caused Chen Feng's body to be greatly tested!

"what!"

Numerous golden lights shot out from Chen Feng's body.

From a distance, those golden lights seemed to be retrograde from the terrifying huge black vortex.

They are like golden lightsabers, piercing through Chen Feng's body.

Fairy Yuheng and others had never seen such a scene before, and immediately exclaimed.

The Tiancun Beast Slaves even showed worry and wanted to rush forward to help them.

"Hold on!"

Taoist Wuya released a terrifying force when he raised his hand, and easily stopped them.

At this time, he also stared at the heights.

"Don't bother him."

"We may be witnessing...a miracle!"

Except for the horrible vortex that was getting bigger and bigger, almost covering the entire sky, this third-grade blessed land had fallen into silence.

But, in this silence.

Suddenly, as far as the eye could see, another loud noise suddenly erupted.

It seemed that something buried deep in the ground had unlocked the seal.

The deep and long echoes continued to echo.

Even the huge movement above the sky is difficult to completely cover up.

Everyone changed their colors and immediately became extremely alert.

At Chen Feng's most critical moment, no one is allowed to make any mistakes!

"what happened!"

[Chapter 5647: Past!](#)

The Lord of Heaven has already taken the charge and attributed this third-grade blessed land to Chen Feng.

All the players in the Yin Yi Building were driven out by invisible forces and it was difficult to resist.

It stands to reason that there shouldn't be any existence that does not belong to the Beidou team.

But what happened to the loud noise in the extreme distance?

But the next wave of shaking made everyone's face changed.

"Stay steady, don't mess around for now."

Taoist Wuya immediately got up and took the initiative to check the changes.

However, before he got closer, the scene above the sky once again made Qi Qi stop moving.

I saw an endless blue and misty spirit burst out from the far side of the sky!

Those green and misty rays of light almost moved towards the sky at the same time.

He actually took over the power of the ten thousand stars and rushed into the horrible vortex that covered the sky and sun!

"That is....."

At this moment, even Taoist Wuya couldn't help but stop in the air.

Below, everyone's eyes widened slightly.

The original worry and panic were replaced by shock.

"In this third-grade blessed land, there is actually..."

Fairy Yuheng took the words of the Tianchou Beast Slave, and his eyes flickered.

"A complete stellar mineral vein!"

"Unexpectedly, Chen Feng could activate this stellar elementary stone vein under the circumstances of the wrong situation!"

Mei Wuxia, Tiancun Beast Slave and others on the side looked slightly surprised when they heard this.

Fairy Yuheng didn't want to be the first time she saw her reaction.

She turned over and took out the jade medal of reincarnation, and said quickly:

"Chen Feng, continue to absorb!"

"This is a great opportunity for you!"

Above the sky, Chen Feng seemed to feel something, and the black vortex expanded again.

A steady stream of stars from afar replenished the sky, like an avalanche or a tsunami.

He takes it all!

"Can Big Brother absorb so much?"

Tiancun Beast Slave looked at the people next to him a little worried.

He noticed that the other two new faces didn't seem to be too surprised by this scene.

Gong Licheng noticed his gaze and looked over.

"Blessed Land Xianshan of Grade 3 or above will have a vein of Star Yuanshi."

"The higher the grade, the greater the scale of the vein."

"I also have one of the Eight-Discrimination League, which is larger than this one."

Lu Xingwei nodded, but he was still very emotional, still looking into the distance.

"It's just that when I joined the Blood Flame Sect, that vein had already been developed and many members settled in."

"I have never seen such a shocking scene."

Gong Licheng nodded in sympathy.

At this time, the Taoist Wuya in the distance also returned.

Although it was the first time that he came to the top of the sky, he didn't even know anything about this blessed land.

But, after all, the cultivation base and vision are there.

"If it hadn't been for Chen Feng's kid to heal his injuries, he would break through his cultivation base by the way and absorb almost all the power of the stars."

"Otherwise, it won't excite the long-dust-sealed star elemental stone vein."

Gong Licheng sighed:

"Listening to the rumors in the Eight-Discrimination League, dozens of them absorbed it at the same time, and this unblocked the Xingchen Yuanshi vein."

"Now, Chen Feng has done it by himself."

"Such a comparison, it is terrible!"

Tiancun Beast Slave and Mei Wuxian listened to these, exchanged glances, and then looked at Fairy Yuheng.

"Fairy Yuheng, aren't you only in the seventh-grade blessed land before?"

"Why do you also know about this?"

Hearing this, Yu Heng couldn't help showing a helpless wry smile.

"Because the Beidou team also had a third-grade blessed land."

As soon as this remark came out, Tiancun Beast Slave and others were a little surprised.

Fairy Yuheng couldn't help feeling a little funny when he saw his reaction.

"Otherwise, why do you think I know a lot of secret rumors? There are some special methods?"

There are even a lot of enemies!

With that, she seemed to remember something, and sighed deeply.

"The Beidou team was originally founded by my master, Venerable Guhong."

"With his cultivation level, coupled with teaching several good apprentices, occupying a third-grade blessed land, who dares to object?"

Hearing this, Lu Xingwei, who had been silent most of the time, seemed to have thought of something.

"I'll just say how Venerable Guhong is far from the rumors."

"Presumably a huge change happened later, right?"

Fairy Yuheng nodded.

"Master never admits people to the team easily, but once he joins, he will definitely have an excellent talent."

"For example, I have a good talent for space power."

"For such a special team, the natural tree is very popular, and many teams want to work together."

What happened after that can be guessed without saying more.

"My Beidou team had no intention to intervene in the grievances between other teams, but was forced to stand in the team and was tricked."

"Big Brother is dead, and everyone in the team also died seven or eighty-eight."

"Master's temperament has also changed drastically, and he doesn't dare to show his edge on the top of the sky and stay in seclusion for a long time."

Speaking of this, Fairy Yuheng looked at Tiancan Beast Slaves and others, with a rare embarrassment on her face.

"Master's reluctance to take action this time is actually a kind of protection for me..."

As the founder of the Beidou team, as long as Venerable Guhong doesn't make a move, the relationship between Yinyilou and Chen Feng can only be regarded as a private grievance.

At least the Beidou team as a whole will not be implicated.

Above the high altitude, the huge vortex began to slowly condense, while everyone in the Beidou team fell silent.

They can understand Fairy Yuheng's mood.

From the third rank team all the way to the seventh rank, let an energetic and powerful person be cautious and conservative to this point.

This is the ruthlessness of the top of the sky!

After an unknown period of time, the distant star elemental stone vein was finally completely unblocked.

Above the sky, the vortex finally disappeared.

Chen Feng completed his breakthrough and appeared in front of everyone instantly as the golden Tao Yun appeared.

Everyone hurriedly greeted them.

Seeing Chen Feng again, everyone could only feel a powerful and reborn aura on their faces.

Even the avatar of Taoist Wuya could not help but raise his eyebrows, admiring it.

"The old man thought you had a three-pointed galaxy, but now it seems that there may be more than one."

Chen Feng smiled and nodded, but did not reveal how many galaxies were divided.

He looked at the avatar of Taoist Wuya and smiled:

"I wonder if the younger generation now has the power of a battle and a disaster?"

The audience was shocked when he said this.

Dare to say!

With the seventh cave of the Shifang Dongtian realm, battle against the immortal!

Putting it on other people is whimsical and looking for death!

However, Chen Feng said this, but everyone had to think about it seriously.

Wuya Taoist nodded approvingly.

"Now, your strength has become your biggest trump card."

Chen Feng clenched his fists, feeling the explosive force wandering around in his body.

At this moment, his fighting spirit was high, and he wanted to kill him immediately and fight Chu Taizhen again.

But he resisted it!

Chen Feng knew better than anyone that his own strength at this time was still not enough!

[Chapter 5648: Goodbye Duan Xinglan!](#)

Chu Taizhen's true strength was the land immortal who had just passed the fire disaster.

Even if he could hit him hard by surprise, he might not be able to kill him after he got hit hard.

"However, Japan will be longer."

He cleared up his emotions and looked at everyone.

"I'm going to take a trip to the Great Pagoda of Tibetan Scriptures."

Hearing the huge towers of Tibetan scriptures from the heavens, Lu Xingwei's breathing was a little quick.

At the beginning, the reason why he promised Chu Pingsheng to help kill Chen Feng was precisely because Chu Pingsheng used the opportunity to enter the fourth floor as a deal.

However, no one expected that the development of follow-up events would be so twists and turns.

Not only did he not get the chance to enter the fourth floor of the giant tower of the Tibetan Scriptures of the Heavens, but he was also reduced to Chen Feng's.

Devil's heart was implanted in the depths of the spiritual world, and Chen Feng would know what Lu Xingwei planned.

Gong Licheng on the side seemed quite calm at this time.

Chen Feng naturally understood.

Come to think of it, Gong Licheng wanted to enter the fourth floor of the Great Pagoda of the Tibetan Scriptures for the same purpose as him.

Earlier, the entrance to the top of the sky was blocked and Zhong Li Yaoqin could not enter through normal procedures.

In desperation, they turned to the Great Desert Lord for help.

At that time, the main body of the Great Desert Lord mentioned that he needed to enter the fourth floor of the giant tower of the Tibetan Scriptures.

Therefore, Chen Feng knew something about this fourth layer.

If it is said that the first three floors of the giant towers of the Tibetan Buddhist scriptures of the heavens, they mainly store some magical powers, martial arts, and mental methods.

So starting on the fourth floor, there may be some tasks in the storage!

Some trial missions that have failed!

Although, the failed trial missions are often extremely dangerous and extremely difficult.

But at least you can choose!

Now the second chapter of the Hyakki Yexing Soul Calling Scripture is in hand, and there are only materials left before the resurrection of six relatives and friends!

Adding the Taoist Wuya and the one who promised Gong Licheng, a total of eight copies!

It is not a small number.

Just thinking about it, Chen Feng felt his scalp numb, and he couldn't laugh or cry.

However, he did not retreat.

After so many storms and waves, can you still be afraid of collecting materials?

Chen Feng turned to look around.

Worthy of being a third-class blessed land, it's no wonder that Yin Yi Lou is so reluctant.

Presumably, they also took a fancy to the unsealed star elemental vein here.

"Since the Xingchen Yuanshi vein has been unsealed, Tiancun, Yuheng, Wuxia...you should cultivate in it."

"I will come as soon as I go."

On his return this time, he has not given the second chapter of the Hundred Ghosts Night Calling Souls, the six reincarnation chapters, to the giant tower of Tibetan Scriptures.

After handing it over, it can reward 500,000 Heavenly Dao Chalcedony.

"Plus the chalcedony in my hand, it should be enough to go to the third level to change some magical powers."

After this task is completed, in addition to rewarding the opportunity to enter the fourth floor, there is also a chance to enter the third floor.

Thinking of this, the golden reincarnation jade plate shined again.

Chen Feng quickly disappeared in place.

However, just when he first came to the vicinity of the giant towers of the Tibetan Scriptures, several uninvited guests stopped him.

"Chen Feng, I heard that you have made the limelight recently."

"Tsk...the cultivation base has been improved fast enough, but that's nothing more!"

The headed person wore a black robe, and looked rather masculine, revealing an indescribable domineering attitude.

Especially in the cold eyes looking at Chen Feng, there was a bit of fierceness.

This person is Duan Xinglan who hasn't seen for a long time!

When Chen Feng had just entered the top of the sky, he soon met this person with Fairy Yuheng.

At that time, he even took a look at Chen Feng.

The result was naturally a slap in the face by him.

Even the most proud war slave in his hand, Crazy Tiger, was deceived by Chen Fengkeng and signed a death row contract directly.

But now, under the arrangement of Fairy Yuheng, Crazy Tiger's cultivation base is advancing by leaps and bounds.

Thinking of this, Chen Feng's lips evoked a sarcasm.

"Who am I? It turned out to be Young Master Duan."

"I have to thank Young Master Duan for the top war slave who gave me back. It really has amazing talent."

Duan Xinglan ran into Chen Feng today, thinking of the loss he suffered in the first place.

Now that he mentioned it, he was naturally angry, and the veins violently violently, and his murderous aura was released.

Many monks who entered and exited the giant towers of Tibetan Scriptures nearby had already seen some of them.

What's more, he either recognized Duan Xinglan or Chen Feng.

Some whispers came soon.

However, Chen Feng turned a deaf ear to this.

He didn't even see Duan Xinglan's reaction.

As if he was deliberately picking things up, he continued to add fuel to the fire, showing a playful smile.

"Speaking of which, last time you owed me a chance to enter the third floor of the giant tower of the Tibetan Buddhist scriptures."

"Since I saw you today, why not pay it back?"

As soon as he said this, the anger on Duan Xinglan's face soared with the naked eye.

For a time, even a little dark cloud gathered in the sky above the two of them.

Seeing that Duan Xinglan will be sanctioned and warned.

However, at this moment, Duan Xinglan smirked and retreated swiftly.

"Chen Feng, don't think I don't know you."

"You want to use the hand of the Lord of Heaven to provoke me so that it can directly act on me."

"It's a pity that you can only miscalculate this trick with me."

As Duan Xinglan spoke, his eyebrows were raised, and the corners of his mouth evoked a sharp arc.

His eyes were extremely cold, but they glowed with pride.

"Forgot to tell you, my brother has returned."

"With him, I won't give you the chance to enter the third level, so what can you do?"

"A person like you who has to rely on other people's charity to be eligible to enter, even if you enter, how many heavenly chalcedony can afford?"

Speaking of this, several followers behind Duan Xinglan were also excited.

Try to agree.

It seemed that he was quite in awe and yearning for Duan Xinglan's powerful brother.

Hearing this, Chen Feng couldn't help but smiled playfully.

"Heavenly chalcedony, is it hard to come by?"

Hearing this, Duan Xinglan confirmed Chen Feng's short-sightedness even more.

He was so disappointed.

"For me, natural chalcedony is not rare."

"I have a good brother who can send me ten thousand heavenly chalcedony with a wave of his hand."

Hearing this, many cultivators passing by all took a breath.

Immediately after that, the voice of "ten thousand" sounded one after another.

Duan Xinglan was disappointed.

However, Chen Feng in front of him did not react as he expected.

Seeing his expressionless face, he said lightly:

"Ten thousand heavenly chalcedony, are there many?"

As soon as he said this, before Duan Xinglan spoke, a blue-robed monk behind him spit wildly with excitement.

"Let's pretend here. Ten Thousand Heaven's Path is not much chalcedony, but would you show it to everyone?"

Duan Xinglan even smiled with countless eyes.

"Ten thousand heavenly chalcedony, naturally not much."

"My brother still has more than 100,000 Heavenly Dao Chalcedony in his hand, and he can give it to me."

Upon hearing this, Chen Feng lowered his head again and chuckled lightly.

"More than one hundred thousand heavenly chalcedony, are there many?"

When these words came out again, Duan Xinglan's anger was ignited again.

He looked at Chen Feng with cold eyes and sneered.

#### [Chapter 5649: The small face, the big one!](#)

"Since you are so disdainful, it's better to show it to everyone."

"If you really have more than one hundred thousand heavenly chalcedony, I will give you the opportunity to enter the third level of the giant tower of the Tibetan Scriptures."

"But if you can't get it out, return the crazy tiger to me."

Chen Feng raised his eyebrows.

"You owe me a chance, even if you don't show it, you still have to pay me back."

"If you are willing to give it again, I don't mind doing it myself and slap you in the face."

Duan Xinglan is arrogant and accustomed, how can he stand Chen Feng's repeated ridicule!

He gritted his teeth with hatred.

He didn't even wait for the two people behind him to stop him, and immediately responded.

However, Chen Feng did not let him go this time.

"You swear an oath by the way of heaven, otherwise, who knows if you are going to fall back on the bill again."

Duan Xinglan was so angry that his nose was crooked.

"I can swear by the rule of heaven, but if you can't take it out, I will not only return to the mad tiger, but I also want you to become my war slave!"

Chen Feng smiled brilliantly.

"A word is settled!"

Seeing him suddenly show such a smile, Duan Xinglan inevitably shook his heart.

I always feel that this should not be Chen Feng's response.

Could it be that he could really take out more than 100,000 Heavenly Dao Chalcedony?

"No, absolutely impossible!"

Duan Xinglan rejected this guess.

It is precisely because he understands how rare chalcedony is that he dares to bet so confidently.

Don't say it's alone.

It is an entire team that normally has a blessed land of six or seven ranks. In order to obtain ten thousand heavenly chalcedony, all of them need to fight for a year.

Even if Chen Feng has an adventure, so what?

Could it be that he alone can be worthy of an entire team?

The more Duan Xinglan thought about it, the more it made sense, and his heart returned to his stomach.

However, despite his certainty, with his understanding of Chen Feng, since he dared to be so confident, I am afraid there is still some trick.

Thinking of this, Duan Xinglan couldn't help feeling a little hastily.

He didn't want to leave Chen Feng a chance to play tricks!

"Since the vow has been taken, Chen Feng, now, immediately, show everyone your chalcedony of more than 100,000 heavens."

The green light was projected on Duan Xinglan's body.

This means that the Lord of Heaven has begun to witness the vow between the two.

Chen Feng stood with his hands in his hands, smiling faintly.

"More than 100,000 heavenly chalcedony, I don't have one."

Hearing this, the huge boulder hanging in Duan Xinglan's heart suddenly fell.

He immediately laughed out loud.

However, before the mockery began, only the next sentence from Chen Feng was heard.

"What I have is a full 500,000 heavenly chalcedony!"

Before he finished his words, Chen Feng suddenly raised his voice, flipping his hands and taking out a dark mysterious object.

He yelled to the Lord of Heaven:

"Master of Heaven, I got the second chapter of the Hundred Ghost Night Calling Souls, the Six Paths of Reincarnation!"

Under all eyes, the ink cloud above his head suddenly condensed.

A light cyan light fell from it and swept over the ink paper in Chen Feng's hand.

For a time, the wind whistling, like a hundred ghosts walking at night!

And the complexions of many monks around him suddenly changed.

Obviously, they knew what Chen Feng was doing even if they had never heard of the Hyakki Yexing Reincarnation Sutra.

If you can bring back enough precious things and add them to the giant towers of the Tibetan Scriptures, the Lord of Heaven will reward rich materials.

For example, chalcedony of heaven!

By this time, everyone still didn't understand!

Chen Feng had prepared this hand long ago, and deliberately put on Duan Xinglan!

After a while, the Lord of Heaven gave a reply.

"Confirmed that it is the second chapter of the Hyakki Yexing Soul Calling True Story."

"Reward the immortal in the sky, Chen Feng, five hundred thousand heavenly chalcedony!"

The vast voice echoed in this sky.

The explosion made Duan Xinglan people stupid.

His eyes straightened, staring at Chen Feng in front of him, he couldn't believe what he heard.

Five hundred thousand!

It is the gods who dominate the rewards!

Hum!

Chen Feng could feel that his golden reincarnation jade card lit up.

Another 500,000 Heavenly Dao Chalcedony.

In addition to the more than 100,000 Heavenly Dao Chalcedony accumulated before, Chen Feng today can even compare to the resources of many teams on the top of the sky!

Not only Duan Xinglan, but also the reward of such arrogance, even many onlookers were blushing.

The top of the sky is a coexistence of hope and despair.

Among them, the greatest hope is the huge tower of Buddhist scriptures not far away!

As long as you save a certain amount of chalcedony, all monks can buy everything they want here.

Cultivation methods, magical powers, martial arts, magic tools, heavenly materials and earth treasures...

But the process of accumulating chalcedony is so desperate!

According to the levels of different immortals, the towers of the heavens and ten thousand worlds will arrange trial tasks at a certain time.

Not everyone is like Chen Feng, every trial is full of surprises.

Among them, at least more than half died forever in the world of trial missions.

Even the peerless genius in any world, the dragon and the phoenix among the people, can hardly escape this fate!

What is even more terrifying is that these fallen geniuses still die in the hands of their own people on top of the sky!

This is the cruelest place on the top of the sky!

Raise Gu!

Absorb all the geniuses of the heavens and the world, and then carry out a cruel screening, and finally the strongest Gu King is left!

In order to survive, the vast majority of monks will do their best and do everything they can.

People like Chen Feng who got 500,000 Heavenly Dao Chalcedony with open hands were naturally missed by many people on the spot.

There were many monks watching near and far, and their eyes were red.

Think that some of them are still working hard for the One Hundred Heavenly Dao Chalcedony.

But Chen Feng raised his hand and got half a million...

Chen Feng seemed to feel a lot of hostility around him, and Chen Feng looked around lightly.

The biting eyes suddenly made many people wake up like a dream.

To be able to receive such a reward from the Lord of Heaven, naturally has enough ability!

Don't be dazzled by the jealousy, you end up in an uncomfortable end.

After all, there are infinite possibilities in life.

If you die, there will be nothing!

Chen Feng looked around, and finally turned his gaze on Duan Xinglan in front of him.

He raised his eyebrows.

"Heaven dominates the testimony, and I laughed at the two chances of the third floor of the huge tower of Tibetan Buddhist scriptures."

Seeing Chen Feng's smile with white teeth, Duan Xinglan was frustrated!

Anger was almost gushing out.

If it weren't for this, you can't kill people!

He clenched his fist tightly, his eyes burning with anger.

However, Heaven ruled, Duan Xinglan could not go against his will even though he was unwilling.

At this moment, he suddenly seemed to sense something, his expression suddenly changed.

At almost the same time, Chen Feng narrowed his eyes slightly.

He turned to look.

I saw a figure in the extreme distance approaching this side quickly.

The comer is not good!

Chen Feng could tell from the breath of that person and Duan Xinglan.

[Chapter 5650: Duan Xingzhi, the immortal Dacheng cultivation base!](#)

The visitor must be Duan Xinglan's brother who has been talking about for a long time, Duan Xingzhi!

Sure enough, soon, a tall figure appeared in everyone's eyes.

The visitor was just like Duan Xinglan, also wearing a plain black robe, but with white hair!

There is no wind automatically, with a certain tolerance!

The burly but not bloated figure, every corner is filled with explosive power.

Without this person, Duan Xinglan would feel domineering, powerful, and confident.

However, the two stood side by side, all eyes staying on Duan Xingzhi unconsciously.

He has deep eyes, sword eyebrows and star eyes, and his eyebrows are tightly wrinkled into a word Sichuan.

Just standing there without deliberately letting out any breath, but it is enough to make everyone realize that this person is extremely strong!

Chen Feng stood still, his eyes narrowed.

No wonder Duan Xinglan always talks about his brother.

This Duan Xingzhi has the cultivation base of Dacheng Dacheng!

"Brother, you came right in time."

Duan Xinglan seemed to have seen a savior, hurried to Duan Xingzhi's side, and explained what had just been calculated.

Since it is a complaint, it is inevitable to add more oil and jealousy.

The atmosphere suddenly became tense.

But Chen Feng was still standing there, standing still.

He looked at the brothers faintly, even with a sneer at the corner of his mouth.

"Why, the way of heaven is the ruler, dare you still fail to make a mistake?"

With his elder brother Duan Xingzhi, Duan Xinglan seemed to suddenly gain confidence.

He did not dare to confront the Lord of Heaven, but he was humiliated again in Chen Feng's hands, and I believe that his brother will not sit back and watch!

However, just as he waited for his brother in front of him to help him out.

"give him."

"what?"

Duan Xinglan didn't react for a while, and looked up blankly.

The audience was silent.

Duan Xingzhi turned his head lightly and met his gaze.

"Since I have lost, I am willing to bet and give it to him."

"You don't lack those two opportunities."

As soon as this remark came out, there was some commotion among many onlookers.

The sentence behind Duan Xingzhi is really arrogant!

It's like saying that the third floor of the giant tower of the Tibetan Scriptures of the heavens, you can enter the same as you can.

You know, most of the people present are struggling desperately in the trial missions, and this is a chance to enter the third floor of the giant tower of the Tibetan Scriptures.

However, Duan Xingzhi's aura and cultivation base were placed there, and some people in the crowd knew something about it.

Have to serve!

Only Duan Xinglan was stunned.

Others couldn't tell, but when he met his eyes, he clearly noticed something was wrong!

My brother did not show any hostility towards Chen Feng!

On the contrary, it is...

He hesitated and shouted again:

"brother....."

The voice did not fall, but was interrupted by Duan Xingzhi.

"Can't you hear what I said!"

This time, the tone was full of majesty!

No matter how arrogant Duan Xinglan was in front of outsiders, he couldn't be tough in front of his brother.

Even though his face was burning with anger, he could only turn his head viciously.

Staring at Chen Feng.

Then, he flipped his hand to take out the samsara jade card, and assigned Chen Feng two opportunities to enter the third layer.

Chen Feng was not polite and generously accepted the bet.

The number of characters engraved on the golden reincarnation jade plate has changed, and he also got what he deserved.

Just about to leave, he saw the opposite Duan Xingzhi looking at him again, and said:

"Chen Feng, I am very interested in you."

"There is something I planned for a long time, and I intend to cooperate with you."

Hearing this, Duan Xinglan's expression suddenly changed.

He raised his eyes in surprise and looked at Duan Xingzhi standing in front of him, blurting out:

"Brother, are you crazy? Why did he come in!"

However, Duan Xingzhi turned a deaf ear to him, his eyes remained cold, but he stared directly at Chen Feng.

He is domineering, with such a tone and attitude, how can he have the slightest sense of discussion?

This is simply a threat.

Chen Feng's heart fell.

Although he didn't know what Duan Xingzhi was talking about, he remembered that he mentioned it the last time he saw Duan Xinglan.

At that time, Duan Xinglan came to Yuheng, also in order to let her follow along to do a big thing.

Listening to what Yuheng said at the time, it should have reported an unacceptable bargaining chip.

I don't know if I really need it, but I still refuse it.

Unexpectedly, after so long, the Duan brothers were still in the preparation stage.

What is the big deal?

Countless thoughts flashed through Chen Feng's mind, but in the end they all returned to peace.

He looked at Duan Xingzhi and asked lightly:

"You invited Yuheng before for this matter?"

Duan Xingzhi gave an affirmative answer without hesitation.

Chen Feng asked again:

"What was the bargaining chip she wanted?"

Upon hearing this, Duan Xingzhi's eyes darkened a bit, and his tight face seemed even colder.

However, he still answered.

"She wants a complete stellar mineral vein."

Upon hearing this, Chen Feng couldn't help but raise his eyebrows.

This chip is indeed a bit cruel!

But he could also guess why Yuheng said so.

Duan Xinglan, who was hiding behind Duan Xingzhi, obviously also remembered the original scene, and his expression was extremely ridiculous and angry.

He flashed and walked out from behind Duan Xingzhi.

"I said you guys one by one, don't shame you."

"If there must be someone who is good at space in that place, where can I get her?"

"Hmph, so are you. Since my brother is willing to give you face, he personally invited you to persuade you not to know good or bad."

After Duan Xinglan finished speaking, Chen Feng nodded.

Then, he looked at the two.

"Sorry, I'm not interested."

After speaking, turn around and leave.

This response immediately caused Duan Xingzhi's brows to frown.

The light bursting out of the eyes shot out almost substantially, piercing directly towards Chen Feng's back.

"Don't you want to know what the plan is?"

"Perhaps, after you know it, you have to come over and beg me."

Chen Feng didn't turn his head back, only shook his hand.

"Yuheng is my friend. I don't want anything she doesn't want."

This is indeed a reason.

However, he is not arrogant.

From appearing to speaking, Duan Xingzhi gave people a very strong feeling.

Especially his extremely aggressive eyes, as if he didn't stop until he reached his goal.

Chen Feng has always disliked this condescending attitude.

Seeing him as an ant, but let Duan Xinglan pay the bet again, taking it as a face to him.

Although what he said was not an order, what was revealed between the lines was still an order.

Thinking of this, Chen Feng couldn't help but smile.

how?

Is he sure he will get down the donkey and hold the thigh in front of him?

If he really agreed today, he went with their brothers to the so-called big plan.

By then, if there is an accident, you will definitely be used as a shield for the dead!

Even if he was going, he would never be with the brothers.

Duan Xinglan next to Duan Xingzhi has long been frustrated.
