

Peerless 5701

[Chapter 5701: Venerable Feng Sui is resurrected!](#)

"senior!"

Without looking back, Chen Feng would know who was helping.

The Golden Pagoda of Hundred Ghosts is originally a Taoist of Wuya.

Right now, the only one that can come out of the tower on its own is the clone now.

A whisper from Wuya Taoist quickly came from behind:

"Continue to urge Dao Qi!"

With the help of Taoist Wuya, the Three Tribulations Earth Immortal, Chen Feng's injuries gradually healed.

And the great Xiu Luo Honglu in front of him again burst out with dazzling light.

In this state, hour after hour has been stuck.

Seeing that there was not much time left, even Chen Feng couldn't help but feel anxious this time.

If the Venerable Feng Sui is not resurrected, I am afraid it will be too late!

Just when this thought flashed through his mind.

Suddenly, time, space, thousands of Taoist rhymes, everything around them suddenly freezes.

Only one voice could be heard in Chen Feng's ears.

boom!

boom! boom!

Powerful, heartbeat!

Immediately after that, there was an extremely long breathing sound.

"Wan Zai hastily flicked his fingers, my way is finally against the universe!"

"This God, after all, still can't hold me down!"

The coffin burst out endlessly.

A pair of dry hands supported both sides of the coffin, and the fingers returned to fullness at a speed visible to the naked eye.

The closed eyes suddenly opened, bursting out almost substantive light!

The eagle-like eyes are deep and boundless, the thin lips are tightly pressed, and the handsome facial features are contoured like a knife.

Venerable Feng Sui is resurrected!

In the next instant, he stepped out of the coffin and waved his hand to the center of the mixed array.

The veins of Xingchen Yuanshi suddenly intensified the transmission of the power of stars.

Venerable Feng Sui, Mo Fa has no wind and automatically.

A steady stream of power rejoined his body.

"Roar!"

A cheerful roar, shaking the world, resounding through the mountains, breaking through the thick thunder pond above the sky!

The Ten Thousand Tribulation was vaguely suppressed by it!

Centered on the mystery of the human race, the sky shook the sky and roared like sea water poured in, roaring to all directions.

More and more Asura demons occupying the city, all heard this roar.

"This is...Where can I come to this world?"

"That channel, could it be that it has been loosened!"

However, do not wait for the demons to act.

The entire main tomb began to fall apart!

The core area of the Terran Secret Realm is officially open!

Behind Chen Feng, the Venerable Feng Sui raised his head and looked towards the sky through the endless mountain tombs.

"Lei Chi?"

"It just helps me break through the third calamity!"

The next moment, he punched the sky.

The entire mausoleum was broken open with a punch, giving a glimpse of the sky!

Rumble!

The endless sky thunder formed a field, and almost instantly blocked the Venerable Feng Sui in it.

The terrifying sky thunders hundreds of meters thick fell one after another.

"Hahaha..."

The Yukong prohibition disappeared instantly.

Venerable Feng Sui gently tapped on one foot, and the next moment he plunged into Lei Chi Yun!

"This vast thunder pond, just use it to celebrate my new life!"

The Venerable Feng Sui yelled, majestic, like a king over the world.

He stood in the middle of the thunder pond, accepting the body like a thousand thunders.

Surprisingly, the Venerable Feng Sui, who had no hope of fighting against the Tribulation in the past, is now safe and sound in the thunder pond!

"Thousands of years not only didn't let him decline, but it also nourished the physical body to a terrible point!"

"The Venerable Feng Sui is almost immortal!"

Massive essence is taken directly from the thunder pond, worthy of being the supreme human race in this world!

Domineering and unparalleled!

However, this is not the time to see its breakthrough.

With the collapse of the main tomb barrier, Gama Silvi outside, after being attracted by the Venerable Feng Sui for a while, stared at Chen Feng again!

"Chen Feng, you killed my son, you will die today!"

Gama Silvi waved and rushed.

The devilish energy in the sky was surging down, and the darkness fell like night, to annihilate Chen Feng.

At the critical moment, Chen Feng once again fully used the Taishang Yuqing Nine Shou Zhen tactics.

"Let's go to Leichi too!"

Only by borrowing the hands of Venerable Feng Sui, except for this projection, can they survive!

In an instant, Chen Feng and Taoist Wuya appeared in the thunder pond.

Before Venerable Feng Sui turned his gaze, Chen Feng clasped his fists on one knee:

"Congratulations on the return of Human Race Supreme, and also invites the Supreme to take action to punish this projection for the Human Race!"

Hearing this, the Venerable Feng Sui finally separated a ray of divine thoughts and went to the four directions.

This time, his complexion changed a lot!

Thousands of miles of mountains and rivers are enveloped by demons!

Wherever God's mind can reach, there are demons!

In countless cities, mortals without the power to bind chickens have become livestock!

This once flourishing Little Thousand World, now I never see the rest of the immortal cultivators again!

And all of this originated from that huge gap above the Nine Heavens.

The devilish energy comes from this!

"Roar!"

Endless sorrow, shaking down the sky!

Venerable Feng Sui looked back at Chen Feng and Taoist Wuya, his eyes more sad.

"In this world, there are only two of you...one?"

His eyes fell on Taoist Wuya, and he saw at a glance that it was just a clone.

The next moment, wave your hand.

He was full of brilliance and hit behind Chen Feng.

A huge mixed killing array instantly smashed the devilish energy that went straight to Chen Feng.

Rumble!

Chen Feng was firmly sheltered by a gentle force.

Venerable Feng Sui's clothes were almost shattered by the thunder pond and turned into ashes, revealing his strong upper body.

He stepped forward and stopped in front of Gama Silvi's projection.

"Since ancient times, the demons are not at odds with each other. If you want to move him today, step on my corpse first!"

This momentum skyrocketed, and for a time it was not much weaker than Gama Silvi!

But despite this, Chen Feng frowned.

The situation is not so good!

Venerable Feng Sui has just been resurrected, although he is now the pinnacle of the Three Tribulations Earth Immortal.

Compared to the Gama Silvi projection who is a demon, it is still at a disadvantage!

The black wisp of giant flames and the great demon clan will also great Shura burial art!

Once hit by it, the venerable person who is a human race will be in danger.

"Be careful, supreme!"

Without saying a word, Chen Feng reminded the Venerable Feng Sui of this matter, which drew a hearty laugh from the other party.

"Hahaha...thank you junior."

After all, Venerable Feng Sui looked sideways, and the corners of his mouth evoked a playful smile.

"You guys have a lot of secrets, I like them."

The next moment, he laughed and said:

"If that's the case, let's borrow your Taoist tool to use it!"

Before he finished speaking, Chen Feng only felt that his hands were empty.

The great repair Luo Hong furnace has risen into the sky!

Under the cover of layers of special magic circles, the Venerable Feng Sui held it in his hand.

The quaint bronze pattern burst out a misty breath in an instant.

The power contained in the wisps of aura is far beyond the power limit that Chen Feng can spur at the moment!

Brilliant!

Lei Chi and Heavenly Tribulation between heaven and earth are like a ***** storm, pouring down!

The sky above his head seemed to be torn apart by cracks.

At this moment, the power fluctuations within a thousand miles are enough to counter the rules of heaven in the entire Little Thousand World.

[Chapter 5702: Star Soul breaks through again!](#)

The great Xiu Luohong furnace kept trembling.

The aura in the Venerable Feng Sui also continued to strengthen, and then strengthened again!

Boom!

The majesty of heaven is crushed down with great strength.

I saw the Venerable Feng Sui holding up the Great Asura Luo Hong furnace in his hand, taking all the robbery into it.

Not far away, the avatars of Chen Feng and Taoist Wuya were already startled by this picture.

It was shocking!

The Venerable Feng Sui who has just been resurrected has such a great spirit.

Breaking through to the pinnacle of the Three Tribulations Earth Immortal in one fell swoop, coupled with the Taoist tools in his hand, at this time, under the suppression of the Heavenly Dao, the battle against Gama Silvi's projection!

He didn't just want to protect himself.

Venerable Feng Sui wanted to kill the projection of the head of the Asura Demon Clan in front of him!

"Roar!"

Gama Silvi's projection roared, raising his hand and the endless demonic energy rushed into the sky.

Tiandao's shock to the two is the same.

He only sent the next projection this time, without any magic weapon.

So at this moment, the two are faintly equal, on the same level!

boom!

The coercion of terror cut through the void.

The great Xiu Luo Honglu was almost shot out, hitting the deep and long voice of Hongzhong and Dalu.

The void trembled, and the Venerable Feng Sui had almost no room, and once again urged the Taoist weapon in his hand.

For a time, the light is brilliant!

According to the legend, the Dao weapon that can refine a world, in the hands of such a powerful person, the power that bursts out is really palpitating.

Not only did his aura not appear sluggish with the suppression of the heavens and the projections, but instead he became stronger and stronger.

The mineral veins of the star elemental stone below, flashed with fluorescent light, submerged in his body.

On one side is the boundless black devil energy.

On the other side, it is the power of the endless stars!novElusB.com

The interlacing of black and white, the power of destroying the sky and the earth erupted in the electric light and flint.

The torso of the Venerable Feng Sui became more and more moist, his body continued to regain its vitality, and his flesh and blood became more swollen.

Thanks to the tens of thousands of years of the power of the stars, he doesn't need a lot of energy supplements at all.

Up is the peak state!

"Boy, I should have been asleep for ten thousand years. Tell me, what is going on here?"

"Why are you only a monk in this world?"

No one thought that Venerable Feng Sui still had enough energy to talk to Chen Feng while fighting against Gama Silvi Projection.

In the thunder pool, Chen Feng was taken aback, and then quickly explained.

"Back to Senior Senior, I am not the only one left."

"The younger generation has a living creature container that houses the last batch of monks in this world."

With just a word, Venerable Feng Sui laughed loudly.

Amidst the bold laughter, there was a little more relief.

By the way, Chen Feng quickly informed about the invasion of the Shura Realm during these ten thousand years.

Although at this moment, the two wars are evenly matched.

But the situation is still not optimistic!

In this world occupied by the demons, the devilish energy is far more than the power of the stars!

If the projection cannot be defeated as soon as possible, the Venerable Feng Sui will only lose step by step.

Chen Feng's heart moved at will, and directly released Jin Sanye and the golden pagoda in his hand.

"Xiaojin, you can absorb the devil and help me quickly."

Needless to say, Jin Sanye and Chen Feng are connected.

Jin Sanye fluttered his wings, without saying a word, plunged into the devilish energy.

With the speed of its wind and wind, wherever it passed, the devilish energy instantly disappeared.

Here, Chen Feng did not fall.

The Golden Pagoda of Hundred Ghosts once fell into the hands of the black wisp of giant flames and great demons, and has undergone some transformations.

When it comes to absorbing devil qi, it does its part.

The struggle between Venerable Feng Sui and the projection of Gama Silvi is beyond the ability of monks like him to participate.

The only thing that can be done is that.

Only let the heaven and earth spiritual energy of this world suppress the devil energy.

It is possible for Venerable Feng Sui to defeat the projection!

Above the void, in the thunder of thousands of heavens, Venerable Feng Sui also noticed the movement of Chen Feng.

A smile curled up at the corner of his lips, clearly seeing through Chen Feng's thoughts.

Gama Silvi is furious!

In his eyes, there is raging hatred and greed!

"Unexpectedly, there are such surprises in this small thousand world."

It fixed its gaze at the back of the main tomb room, above the intact celestial elemental stone vein.

Regardless of the Small Thousand World, the Middle Thousand World or the Big Thousand World, regardless of Human Race, Demon Race, Demon Race.

Xingchen Yuanshi mineral vein is always the sweet pastry in your hand!

Such a vein of celestial elemental stone that stretches for thousands of miles, logically speaking, shouldn't exist in a small thousand world at all.

Presumably the human supreme in front of him has spent a lot of effort.

Now he will only do wedding dresses!

Gama Silvi became more excited as he thought about it, and the devil in his hand became more and more maddening.

However, at the next moment.

The voice of Venerable Feng Sui came in front of him:

"You have a good abacus, I want something for half my life, do you want?"

Before he finished his words, I saw Venerable Feng Sui spread his arms.

He urged the great Xiu Luohong furnace and dumped directly at the veins of the stars below.

No one thought that he would be so decisive!

Actually shot, self-destroying the entire vein!

Gama Silvi's blood-colored pupils shrank suddenly, and the devilish energy all over his body suddenly dispersed.

The murderous intent became more and more bitter, and they continued to fight towards him.

However, it was too late.

Infinite Tribulation was included in the Great Asura Luohong Furnace, at this moment, all were pouring down.

Rumble!

The entire celestial elemental stone vein has completely collapsed!

The earth-shaking loud noise continued to spread to all directions.

The endless star power difference splits apart.

This mineral vein has existed in this small world for thousands of years, and now it has collapsed, even triggering an anomaly of heaven and earth.

The thunder stopped!

Venerable Feng Sui quickly appeared under the mineral vein and grabbed the great Xiu Luohong furnace.

Dao instruments roared again, and the misty breath continued to disperse.

Hum!

The power of the overflowing stars was quickly sucked into the furnace in a short time.

The amount of power even affected Chen Feng as the master of Taoism!

In the Star Sea World, three hundred and sixty-five stars, the sun and the moon, were all lit up, reflecting each other.

At this moment, Chen Feng felt a little bit, and glanced at the Venerable Feng Sui in the distance.

"he knows..."

Boom!

The suspended Heavenly Tribulation seemed to be suddenly felt, and became violent again.

But this time, the goal was directed at Chen Feng!

He has stayed in the seventh cave of the Shifang Dongtian realm for too long!

Now, all the stars, sun and moon in Xinghai World have been illuminated!

At the same time, a lot of star power poured into it.

The power of the stars that had just emerged from the mineral veins of these stars was more pure.

It's time to break through!

It is even possible to break through the twelfth cave of the Shifang Dongtian realm in one fell swoop!

But Chen Feng just thought of this in his heart.

"Roar!"

In an instant, in the Star Sea World, the Candle Nine Yin Star Soul, Roaring Sirius, and Ancient Buddha's phantom all burst into dazzling light.

At the same time, the power of a large number of stars poured into the roaring Sirius that was still a phantom.

The next moment, the sky thunder fell.

The roaring Sirius that was originally only lit up, his eyes burst out with crimson blood.

[Chapter 5703: Step into the ninth hole! Three ancient star souls!](#)

Chen Feng's black hair went without wind, and his whole body was entangled with golden Dao Yun, and he rose up into the sky.

In the eyes, he burst into blood at the same time!

He actually took the initiative to face the terrifying thunder that was hundreds of meters thick.

The whole space began to be turbulent.

Rumble!

Lei Guang almost obliterated the entire sky!

Under the vast sky, Chen Feng's figure was as small as a drop of dust, completely wiped out by the ray of light.

However, even the projection of Gama Silvi not far away is also the Venerable Feng Sui.

No one can ignore his existence!

From his direction, an unprecedented primitive force is slowly awakening!

At this time, Chen Feng had completely entered an unprecedented state.

The bones all over his body were crackling, making a crisp sound.

Xinghai World has undergone earth-shaking changes!

The stars that originally surrounded the three big suns and the ten big moons began to shift again at this time.

I saw the completely lit candle Jiuyin Star Soul glowing all over, rushing towards him savagely.

The blood basin opened wide, and he swallowed one of the big days in one bite.

However, the next moment, the roaring Sirius became more and more solid, tall and mighty.

It also raised its head and roared, and its eyes burst into infinite fighting spirit.

High above!

That is the arrogance on the top of the world!

Among them, the breath of blood wind is more and more obvious!

"Roar!"

Sirius drew his neck, and at the moment Tianlei penetrated his body, he pounced at the same time.

Actually swallowed a big day in one bite!

Hum!

Almost at the same time, the remaining round of the big day, unexpectedly began to change position.

It seems to have received some kind of response, and it keeps moving towards the ancient Buddha phantom.

The three big days simultaneously occupied the eyebrows of Jiu Yin, Howling Sirius, and Ancient Buddha.

The remaining ten big moons and more than three hundred stars were also attracted.

With the sky thunder penetrating the body, destructive forces poured into the star sea world.

Accelerated all changes.

On the side, the seedlings of the World Origin Tree above the small rocks quietly dropped a drop of crystal dew again.

Chen Feng's breath is rising one after another!

"Hahahaha..."

Not far away, the Venerable Feng Sui looked up to the sky and laughed.

The sky thunder on top of his head was almost half gone by Chen Feng, which made him even more relaxed.

"Unexpectedly, the human race of our generation has such a genius!"

"Old dog, even if I die today, your Asura world will surely perish sooner or later!"

Before the words were over, Venerable Feng Sui once again urged Luo Hong Furnace in his hand.

The void was constantly torn apart by too powerful force.

At this time, the Venerable Feng Sui was like a madman, he didn't care at all.

Under the sky, in the thunder pond, a dazzling divine light flashed by.

Gama Silvi's projection pupils shrank suddenly!

No one thought that Venerable Feng Sui could be so ruthless.

He is actually burning the origin of life!

The layout has been waiting until the rebirth, since ancient times, how rare!

I have never heard of anyone who has just resurrected and dared to be so arrogant, using the origin of life as the fuel to fight.

boom!

Gama Silvi's projection burst out with an unwilling roar.

Looking at Chen Feng not far away, his heart has become more and more frightened.

If this child is not removed, it will become a major disaster in the future!

What the Venerable Feng Sui said may not be realized.

After all, Chen Feng still holds the Liangyi Biochemical Gate that he snatched from them!

Once the coordinates of the two worlds are fixed, the Shura world is in danger!

Even at this time, he is far from the extent that he can destroy the Shura world.

boom!

boom!

Between the heaven and the earth, the endless devil energy is dissipating.

And the power of the stars scattered around with the entire complete star elementary stone veins, and then gradually invaded the entire Yuheng Xiaoqian world!

The situation is reversing!

The Venerable Feng Sui tore the void again, the brilliance flashed, and he took a step forward.

boom!

He is as abundant as jade, and he keeps returning to his youthful appearance.

Vigorous and prosperous, where there is still a half old attitude!

Brilliant God bursts out!

One punch!

Directly point to the pubic position of Gamma Sylvie projection.

"Roar!"

An angry roar sounded.

Gamassilvi's projection weakened a lot in an instant.

In front of the Venerable Feng Sui who burned the origin of life, a projection was still defeated after all.

A wizard, the supreme human race, willing to sacrifice himself for a younger generation!

What's more, the younger generation has no blood relationship with him at all!

This is completely incomprehensible in the Shura world.

boom!

Everyone present had never seen how heroic the Venerable Feng Sui was before ten thousand years ago.

However, at this moment, everyone can feel what it is to be outstanding!

His sword eyebrows are deep into the temple, and his eyes are deep.

Although he was laughing and acting unscrupulously, his complexion was unprecedentedly calm and calm.

Like a supreme god!

The next moment, the great Xiu Luo Honglu once again shot out the power to destroy the world.

It was thrown high and shot out.

The goal points straight to the nine heavens, that huge spatial passage from the Shura realm!

"Hahahaha..."

Venerable Feng Sui laughed, following the great Xiu Luohong furnace, plunged into the passage.

boom! boom! boom!

Space began to collapse!

Countless black wisp of giant flames, great demon soldiers, demon generals, like rain.

It is like a **** storm between heaven and earth.

At this time, in Chen Feng's Star Sea World, howling Sirius was completely solidified.

Hum!

From his body burst out an unprecedented terrifying force.

Even the avatar of Wuya Daoist whose cultivation base far exceeds him, Venerable Feng Sui, and Gama Silvi projection can clearly feel that unprecedented breath.

Saw the sky!

Straightly shocked to the depths of the spiritual world!

The two star souls roared at each other, bursting out intent to fight.

At the same time, he responded to the third ancient Buddha phantom.

Even though both have the ambition to swallow the phantom of the ancient Buddha, the phantom still has no sadness or joy.

The ancient Buddhist Zen singing that spans the long years is faintly reverberating.

In the end, those sky thunders, all under the dripping dew, poured into the phantom of the ancient Buddha.

Chen Feng suddenly opened his eyes.

Shifang Dongtian, the ninth cave!

There are very few people who have an ancient star soul in the world, but he has three!

The second statue, which was completely lit at this moment, was enough to make its cultivation level soar.

Hundreds of tribulations continue to fall.

At this time, the battle between Gama Silvi Projection and the Venerable Feng Sui also ushered in the end.

"Ah! Chen Feng! Chen Feng!"

"I'm unwilling! I'm unwilling!"

The more transparent the projection turned out to be, the billowing demonic energy was constantly being dispelled.

boom!

The passage above the head completely collapsed.

At the same time, the projection was also turned into ashes in the hurricane.

This battle, after all, is Human Race, won!

The blood rain is precarious, as if welcoming the new life of this world.

On the battlefield where countless fights have been fought, blossoming blood sun nourishing soul flowers began to bloom.

And Tianlei Pool finally disappeared.

The last tribulation fell on Chen Feng, and was beaten by him with a punch!

The clothes on his upper body had already come off completely, revealing his muscular chest.

In his eyes, there was a faint divine glow.

At this moment, even on the top of the sky, he dared to compete with Chu Taizhen's generation!

"The task is completed, the reward will be issued!"

In my mind, the voice of Hong Zhong and Da Lu sounded again.

[Chapter 5704: I can revive them!](#)

Chen Feng felt a little excited.

They have completed this almost impossible task!

The Lord of Heaven directly issued the reward.

boom!

"this is..."

Chen Feng's face changed slightly.

He looked at his golden reincarnation jade medal.

Suddenly a few more objects appeared in the jade card of reincarnation.

A whole body of black phalanx!

It is densely engraved with supreme words, and the whole body exudes the breath of the Shura Demon Clan alone.

However, it is extremely deep!

A look at Chen Feng's spiritual knowledge.

It is the secret of resurrection in the world of Shura, the Nine Nether Eclipse Ghost Art!

Gama Stema intends to use this secret method to resurrect the little boy who was killed by him in the past.

After a brief glance, countless contents were engraved in Chen Feng's mind.

Nine Nether Eclipse Ghost Art, a Hong-level eighth-grade technique!

Unlike the Hyakki Yexing Soul Recruiting Scripture, the resurrection method of the Jiuyou Eclipse Ghost Jue relies on devouring countless evil spirits!

This method can reshape the physical body, and refine the supreme Asura with the devouring of thousands of ghosts!

However, if you want to completely resurrect the original body, you need to call another soul.

"If I don't call upon my soul, this method may be able to create a powerful Shura Blood Servant."

Chen Feng nodded secretly.

I thought it was a bit tasteless, but it's not useless to look at it this way.

"When I am strong enough, I will kill the Shura realm!"

"With billions of Asura's bones and blood, a supreme Asura blood servant was refined."

Today's Chen Feng is full of spirits and dared to look around the world.

With a complete Second Star Soul, it is equivalent to having an unprecedented huge hole card!

One plus one is always greater than two!

At this moment, he could even feel the excitement of howling Sirius.

The Nine Yin Star Soul of Candle on the side, even if he is not reconciled, can only accept the reality and stay entrenched.

Chen Feng could even feel that it was a bit wronged.

As for the third ancient Buddha phantom, it lit up one third.

"Thinking about it, when the three star souls are completely illuminated in the future, it will be when I step into the fairyland of Lingxu."

The thin lips were lightly opened, and the words that seemed ordinary were extremely scary.

Although Chen Feng now only broke through to the tenth cave of the Shifang Dongtian realm.

However, after undergoing the ups and downs of tempering, at this moment, his strength can even slay the pinnacle of the Second Tribulation Earth Immortal.

Even if it is the Three Tribulations Earth Immortal, it might not be impossible to fight!

Withdrawing his gaze, Chen Feng looked at the other rewards in the reincarnation jade card.

With just one glance, he suddenly sucked in a cold breath, and his pupils shrank suddenly.

"This is... the sun and moon fairy dew?"

Chen Feng became excited instantly.

What appeared in front of him was a pool of sun and moon fairy dew!

It is actually a rootless spring, a collection of the purest essence of the sun and the moon!

Legend has it that this spring will appear in any place where aura condenses.

It has an extremely terrifying effect-ripening natural treasures!

Even immortal grasses such as Bihai Ziluocao and Yangyan Shencao, as long as they are irrigated, they can ripen quickly!

Never thought that the Lord of Heaven would be so bold!

Until this moment, Chen Feng couldn't help but want to look up to the sky and laugh.

"With it, Bihai Ziluocao can quickly branch out."

"I can revive them!"

Jiang Yuechun, white mountains and rivers, flowers like beauty.

And Shangguan Lingyun, Yue Linglong, Wei Qingyi...

In my mind, those familiar figures appeared one by one.

Chen Feng's eyes became more and more condensed.

Return to mind.

The Great Xiu Luo Honglu returned from floating on his own and stood quietly in front of him.

Chen Feng stretched out his hand to take it, and then looked not far away.

The Venerable Feng Sui stood quietly on the void, unknowingly, his head was full of white hair.

The overjoyed mood gradually faded.

Chen Feng was speechless, only silently letting out all the people in the jinta.

From Jingzhu, Langkang...

One by one, the aborigines of this small thousand world appeared in front of Venerable Feng Sui.

They saw the person in front of them at a glance.

"You are... Venerable Feng Sui..."

The legendary, the human race is supreme!

The world is suddenly extremely quiet.

Even everyone's breathing is clearly audible.

"Good good!"

Venerable Feng Sui looked at these fires, his wrinkled face couldn't help showing a smile.

His eyes have already begun to become muddy.

These people had no chance to see that shocking battle just now.

Therefore, they have no idea what happened.

Everyone cheered on the spot.

The human supreme engraved in the human secret realm has actually been resurrected!

The cultivators knelt on the ground with a splash, extremely excited:

"Please also Supreme lead me to wait and revive the glory of Human Race!"

At this moment, their minds are the same.

For a long time, the human race has really reached the point when the oil is exhausted.

The supreme in front of them instantly ignited their hope!

However, Venerable Feng Sui just smiled.

"No, it is you who can restore the glory of Human Race."

The next moment, he opened his mouth and coughed up a mouthful of blood!

Everyone exclaimed and finally realized what had happened.

The state of supreme, something is wrong!

Looking again, everyone fell into a dead silence.

There was still a strong magical energy around, and there were still many cracks in the void.

Pieces of piles are silently reminding them of how fierce battles have taken place here.

Their human race is supreme, and their lives are declining rapidly!

Venerable Feng Sui lowered his head and looked at the mountains and rivers thousands of miles below.

"Go, Human Race needs you."

"Lao Tzu has been asleep for a long time, and he can fight for a while when he wakes up. It is not a loss."

After all, he looked at Chen Feng, very pleased:

"You will surpass my achievements."

Calm, yet determined.

Chen Feng didn't say a word, but clasped his fists with both hands and bowed deeply.

The Venerable Feng Sui has been extremely friendly to him since his resurrection.

If it hadn't been for him to break through smoothly and save his life from the hands of Gama Silvi Projection, the dignified human supreme would not have spent such a high price at all!

Even do not hesitate to catch your life!

It can be described as graceful as a mountain!

Especially by using the Great Asura Honglu to activate the second star soul.

Yes it is.

Venerable Feng Sui has noticed the specialness in Chen Feng's body since he got the great Xiu Luohong furnace.

Three Star Souls!

"There are still some things in my tomb. You can take them away."

"You only have to promise me one thing."

At this moment, the Venerable Feng Sui has dry skin all over, as if he is dying!

Chen Feng respectfully said: "Please speak, supreme."

I saw Venerable Feng Sui's muddy eyes, bursting out a biting light again.

"Destroy the Shura Realm!"

"it is good!"

Cong Jingzhu and others have already had tears in their eyes.

Venerable Feng Sui smiled and waved his hands to infuse life origins into their bodies.

"The old man pursues the Supreme Way all his life and dares to fight against the heavens."

"The sky does not destroy me, just because I am concerned about the world and the common people, and there is the aspiration of the people in the world."

"Wait, I would rather bear the law of heaven than the common people!"

The breeze came slowly.

The Venerable Feng Sui gradually turned into a phantom and gradually disappeared.

In the end, only the last word echoed above the void.

"Go..."

Chen Feng bowed deeply in the direction of the wind.

...

Cong Jingzhu and others turned towards Chen Feng, Wuya Taoist, Zhongli Yaoqin and Tiancun Beast slaves.

Then left in a hurry.

[Chapter 5705: Come back!](#)

The most powerful demons have been wiped out.

There is still a long way to go to save the common people.

They need them to chase and kill countless remaining demons!

...

After Chen Feng finished taking things from the main tomb.

"Master of Heaven, I have completed the task and request to return to the top of the sky!"

Before the words fell, the vast voice of the dominion of heaven rang out.

"You can come back!"

In an instant, the cyan light diffused out and instantly turned into a dazzling beam of light.

Chen Feng and others stepped into it.

In the end, he stayed in this little thousand world with a signature smile.

"Zhong Li Weize, we are back!"

Inside the giant tower of the heavens and the world, in front of the giant gate with bronze fangs, a crowd is raging.

Obviously it wasn't the day when the trial mission was started, but here it was uncharacteristically, it seemed extra lively.

Just because recently, the top of the sky is quite uneven.

The ancestor Zhongli went out and fired at the newly promoted Beidou team.

The most outrageous thing is that a more powerful mysterious figure appeared, and Zhong Li's ancestor was devastated.

Suddenly, the Beidou team became a highly anticipated existence.

Among them, the name of Chen Feng has been mentioned by countless people.

After all, that day, that mysterious powerhouse obviously made the shot for Chen Feng!

Everyone is speculating about the identity of this young man who hasn't been on the top of the sky for long.

Wherever he is, there will be a **** storm.

But he himself was safe and sound.

Right now, Zhong Li's family's killing order has been added.

The target is also Chen Feng!

Countless immortals witnessed the Zhongli Family's main mansion suddenly opened.

Dignified Zhongli is the second master of the family, Zhongli Haohong is out!

And as soon as he left the pass, he went straight to the huge towers of the heavens and ten thousand realms!

News spread soon.

After Zhongli's ancestor returned to the house, he was immediately awakened by people.

The purpose is to kill the kid named Chen Feng!

Who is Zhongli Haohong?

Even looking at the entire Zhong Lishi family, he can be regarded as a very talented wizard!

In just over a hundred years, he has broken through to the fairyland of Lingxu!

After that, he fought all over the crowd and was invincible among his peers.

Even among the same level, no one can lose!

It is said that this person is unwilling to obediently fight against the Six Great Tribulations, so he began to retreat just after entering the Lingxu Land Wonderland.

It has been closed for more than ten years now!

On the occasion of leaving the customs today, the vision of heaven and earth is extremely magnificent!

It can be seen that the strength of this person's current cultivation base is very terrifying!

What is even more shocking is that some nearby people have witnessed the extraordinary appearance of Qidu in the Second Tribulation!

Zhong Li Haohong, as soon as he left the customs, directly crossed the wind and fire disasters, and directly ranked among the immortals of the two calamities.

Since ancient times, very few monks have dared to do this.

But whoever can survive has not become the overlord of one party?

What's more, when the clock is away from Haohong, he is still at ease.

Obviously, the strength must be above the Second Tribulations Earth Immortal, and even the Three Tribulations Earth Immortal faintly approached!

Such a powerful person, personally went out, just to kill a hairy boy.

Who can hold back this prosperous scene to check it out?

At this time, in the huge tower of the heavens and ten thousand realms.

At the extremely high altitude, a huge gate with red fangs bursting into the body was already opened. Since twelve o'clock, within this door, some immortals in the sky have rushed out one after another. Those people escaped in embarrassment and difficulty.

All faces are extremely ugly.

When someone asked about Chen Feng, these people yelled at him without exception.

Finally, just say that in the world of trial missions, it seems that there is a supreme powerhouse who came here specifically to kill Chen Feng.

Chen Feng is afraid of it, but there are more ills than good luck!

Countless heavenly immortals with extremely strong cultivation bases and old monsters of the first-tier team came to watch.

After hearing the news, I was somewhat disappointed.

If Chen Feng died in the world of trial missions, there would be no way to talk about today's good show. However, the opposite is the pride of Zhongli's family.

Some onlookers whispered even more.

"I think Chen Feng is dead inside."

"The Beidou Fortune Land is gone without this, I am afraid that this third-grade blessed land will soon be unable to keep it."

Many people even turned their attention to the people in Yinyilou.

Since Chu Ping's life and death, Chu Taizhen has been with Chen Feng endlessly.

So far, Chen Feng hasn't come out, and Chu Taizhen hasn't come out either.

Some people even speculated that they were fighting a life-and-death contest inside, which wasted time.

"Huh! The influential ants also delay the old man's practice in retreat."

Zhong Li Haohong finally lost his last patience.

He is dressed in a silver-rimmed Xuelang robe unique to Zhongli Family's family, and a special purple-gold robe is added to his body.

The sword eyebrow enters the temple, the eyes are as deep as the sea, and the weapon is exaggerated!

This person stood with his hand, but his majestic momentum came overwhelmingly.

Zhong Li Haohong gave a cold snort, turned around, and the cold light fell on Fairy Yuheng and others who came to meet him.

Just being stared at, Fairy Yuheng and others would have their hairs standing cold and their hairs horrified.

Invisible, it felt as soft as Taishan's top pressure, and he just wanted to kneel and surrender.

"Since that kid hasn't shown up for a long time, the old man will kill you and go back for business."

"If you want to blame, blame the servant for not coming to save you."

Before he finished his words, he flipped his hand and threw a token from his wide sleeve.

The token is about one foot long and light purple.

A **** battle flag is engraved on the front of the token!

Iron-blooded banner order!

The void suddenly condensed with dark clouds.

For a time, the wind was violent, and the thunder was surging!

boom!

Accompanied by the loud noise, a huge **** battle flag was smashed from the thunder!

Insert it firmly between Zhongli Haohong and Fairy Yuheng!

The battle flag is three feet high, and there is a huge blood-colored flag on it, hunting and flying with the wind.

"I'm the second head of Zhongli's family, Zhongli Haohong, challenge the Beidou team!"

"This girl, dare to challenge?"

As soon as these words came out, Fairy Yuheng and others looked extremely ugly.

Her master Guhong did not come this time.

But even if he comes, he certainly won't make an appearance for him at this moment.

But if they concede three consecutive games, the Beidou team is in danger!

Regardless of the result, today, they will be discredited!

Mei Wuxia's face was pale, and she looked eagerly in the direction of the bronze giant gate.

"I come."

At this moment, a deep and deep voice sounded.

Everyone was taken aback, and they all looked behind Fairy Yuheng.

A strong man of more than three meters walked forward.

Crazy tiger!

Today's crazy tiger has high muscles, full of explosive power.

However, compared to before, it is completely different!

His body is still wrapped with a thick black iron chain, but the aura that exudes from his body has actually reached the fairyland of Lingxu!

He survived the storm that day!

"Never!"

Fairy Yuheng immediately stopped him.

Crazy Tiger's talent is too strong, even compared to Chen Feng, it is not inferior.

In time, this person will surely achieve a hegemony.

If he died in the hands of Zhong Li Haohong at this time, it would be a pity that the strong man would be struck by his wrists!

[Chapter 5706: Spike!](#)

As long as he is given time, his future achievements may not be lower than the second person in the Zhongli family in front of him!

But the current situation simply does not allow them to say anything more.

Zhong Li Haohong sneered and opened his mouth: "Don't worry, I will kill them one by one."

The next moment, his breath suddenly rose, and he shouted again.

"Beidou team, but someone dares to fight!"

The voice did not fall.

"I'll kill you!"

Only a loud shout sounded from the sky.

The next moment, a figure swooped down quickly and grabbed the banner.

The wind screamed in an instant, sweeping him and Zhong Li Haohong.

Soon, the two disappeared together.

Arena, open!

"Zhong Li Shijia challenged the Beidou team in the first game, Zhong Li Haohong, play against Chen Feng!"

Chen Feng is back!

There was a loud voice above the sky, shaking the faces of all the people present.

"Am I right?"

"Really...Chen Feng!"

Hum!

Inside the huge blood-colored bronze fangs from the heights, light was once again lit up.

One figure after another, quickly filed out.

"senior!"

Not far away, Mei Wuxia saw Taoist Wuya and others at a glance, and her pretty face suddenly showed joy.

Fairy Yuheng and the others all looked together.

I saw Tiancun Beast Slave, Wuya Taoist, and Zhongli Yaoqin appear one after another.

It is worth mentioning that.

In addition to these familiar faces, there is a strange face coming out of the giant gate.

It's just that everyone's attention is currently attracted by Chen Feng's surprise.

No one noticed the shameless character.

"It's Zhongli Yaoqin!"

After a brief shock, I don't know who suddenly shouted.

In the next moment, many people immediately came back to their senses, focusing on the fiery red dress.

Nobody knew what happened in the world of this trial mission.

Therefore, Zhongli Yaoqin, who carried the Zhongli family's killing order, is still the sweet pastry in the eyes of everyone.

For a time, many cultivators who were watching from afar surrounded one after another.

Vaguely, Zhong Li Yaoqin and others were actually blocked in the middle!

However, the situation is still getting worse!

"Come on, catch them all to me!"

Following the outrage of an elder of Zhong Li's family, the members of Zhong Li's family who had been deployed here for a long time besieged him instantly.

Fairy Yuheng is furious!

Her cold eyes burst out with cold light, staring at everyone who was surrounding her.

"I see who dares!"

Taoist Wuya and others also approached quickly, and a group of people surrounded the giant bronze fangs gate.

The leading elder wore the silver-rimmed snow-wave gold-patterned robe of Zhong Li's family, and he was very old.

He looked at Fairy Yuheng with a disdainful sneer in his eyes.

"My Zhongli family wants to destroy the Beidou team in your area, what's the problem!"

A completely condescending attitude!

As if turning over, you can put the Beidou team to death!

"you!"

Fairy Yuheng gritted her silver teeth with anger.

The crazy tiger behind him took a step forward in silence.

The unexpected and terrifying breath was released instantly, but it attracted the attention of many people.

However, the situation is still not good!

Even if Chen Feng and others returned, the crisis of the Beidou team had not been completely resolved.

At this moment, a voice sounded.

"Did Chu Taizhen also go in before? It seems that he has not come out."

Hearing this, many people who had learned about the situation here earlier returned to their senses.

Everyone showed their surprised eyes.

Many people immediately looked around, but only saw the ugly-faced remnants of the building.

The man who leads the Yin Yi Lou right now is a big bearded man.

He is very strong, dark and strong, three meters tall!

I saw this person looking at the Beidou team and sneered:

"What's so crazy about the Beidou team?"

"Leaving Chen Feng, none of them are! One by one can only become a fish waiting to die!"

These remarks seemed arrogant, but unexpectedly attracted the approval of many people present.

The face of Wuya Taoist clone is a bit ugly.

However, just as he was about to step forward, a loud voice suddenly resounded across the world.

"Zhong Li's family challenged the Beidou team in the first game, and Chen Feng won."

Before the words fell, a thunderbolt fell in the void.

Black light haunted out a portal in an instant.

The crowd hadn't reacted yet, but after a burst of bright light, a figure suddenly appeared.

"What kind of dog, dare to bark in front of my Beidou team!"

Chen Feng!

Chen Feng with a grim face in an ink-colored shirt!

Holding the Qingqiu Tianlong Sword in his hand, not only did he not feel embarrassed at all, he even looked like the Emperor of Jiuyou.

The audience suddenly fell into dead silence!

The second person in Zhongli's family, Zhongli Haohong, is this... dead in Chen Feng's hands?

"impossible!"

The leading elder of Zhong Li's family spit out two words on the spot.

His muddy eyes stared at Chen Feng who appeared in the arena, his face was full of disbelief.

But the arena gradually dissipated.

Zhongli Haohong never came out again!

From the opening of the Iron-Blooded Banner to Chen Feng's return, the whole process is no more than a cup of tea!

For a time, only two big characters appeared in the minds of everyone present.

Spike!

Chen Feng actually killed Zhong Li Haohong in a second!

"is it possible?"

Everyone was completely shocked!

Especially the remnants of the Yiji Building, they looked at each other even more.

From each other's eyes, they saw something called despair.

"What did this fellow go through during this trial mission!"

"I clearly remember that when he first entered, he barely had the power to fight Yiji Dixian."

Chen Feng stood there, without restraining his murderous aura.

Everyone can clearly feel that particularly sharp and sharp fighting spirit!

Since lighting up the second star soul, his cultivation has skyrocketed to a terrifying level.

Before entering the arena, Chen Feng didn't pay attention to Zhong Li Haohong.

At a glance, he judged that the opponent is not his opponent!

If it weren't for adapting to the current cultivation base, Chen Feng would only return faster.

There was only wind in my ears.

Chen Feng's cold eyes faintly swept across the faces of everyone surrounded in front of him.

For some reason, those people were suddenly terrified, their hairs standing cold!

Just being stared at, there is such a deterrent!

Many immortal cultivators who were thinking of killing orders in their hearts finally woke up in time and left one after another.

At this time, Chen Feng's gaze had already fallen on the remnants of the Yin Yi Building.

"Chu Taizhen has been killed by me."

"From now on, Yingyilou will be removed from the top of the sky!"

His voice was as calm as ever.

However, no one dares to despise it!

Only the bearded man and others were the only ones in the audience, whose faces were red and white.

After hearing the news of Chu Taizhen's fall, their moods had already sunk to the bottom.

At this moment, hearing Chen Feng's words again, he was even more humiliating and angry!

The dignified building, since it appeared on the top of the sky, how beautiful is it?

When have you been so embarrassed!

[Chapter 5707: What's the problem then?](#)

For a while, everyone was angry and yelled again and again.

However, Chen Feng just smiled contemptuously in this regard.

The next moment, he flipped his hand and took out a jade card of reincarnation.

Many people have sharp-eyed, and at a glance they can see that it is the jade card of reincarnation of Zhong Li Haohong.

Only then did they completely believe—

Chen Feng really killed the second person in Zhong Li's family!

I saw Chen Feng straight out a handful of iron-blooded banner orders from the jade card of reincarnation.

Wrists quivered, and one of the iron-blooded banners slammed directly at the bearded man.

In the void, dark clouds suddenly condensed.

The wind is violent, the thunder is awesome!

boom!

With a loud noise, the huge **** battle flag slammed down and inserted between the two!

"Since you are looking for death, then my Beidou team, Chen Feng, will challenge you to Xiaoyilou!"

Every word is sonorous!

Kill decisively!

Until the voice spread to every corner of the scene, everyone finally reacted.

Chen Feng was completely mad this time!

The battle flag fell from the thunder.

It is three feet high, with a huge scarlet flag on it, hunting and flying in the wind.

It lies between Chen Feng and the people in the Yinyi Building, and the sense of killing is permeated.

Everyone on the scene looked at Chen Fengmo's flying appearance, and they were all shocked!

By now, no one can see that after returning from this trial mission, his strength has improved a lot!

The former mortal enemy is no longer his opponent at all.

Minyilou is in danger today!

This situation and situation continue to be spread on the top of the sky.

The Maotou boy who has been on the top of the sky for more than a year has lifted this world upside down!

Fighting the soul-defying immortal, slashing the Chu family father and son, offending the Zhongli family, and now even destroying the entire Yinyilou!

"Chen Feng, don't be too arrogant!"

"Do you really plan to kill them all!"

Several elderly people who were onlookers not far away showed their displeasure and shouted.

Many people present recognize these people.

In the past, they had a lot of friendship with Chu Taizhen and his son.

However, when Chen Feng heard the words, he only glanced at them faintly.

"Why don't you kill them all?"

"In the beginning, they didn't want to kill me!"

Chen Feng did not feel the slightest guilt in his heart by using his own way to treat his body.

The face of the bearded man was red and black.

He is the only one who can carry the girders in the Yinyilou!

But he topped the sky but not the eleventh cave sky of the Ten Fang Dongtian realm. Once he challenged, he would be killed in seconds.

But if he descends without a fight, on the top of the sky, the Yinyilou will no longer have a foothold!

The Beidou team led by Chen Feng has completely taken the position of the third-tier team.

From now on, there will be only a lot more people who fudge and engage in relationships.

Even if there is still Zhongli Family's killing order hanging over their heads, there will still be no change.

The recent scandal about Zhong Li's family has spread throughout the top of the sky.

Many hidden aborigines, large families, and even some top-notch blessed places are waiting and watching.

They give a little bit of thin noodles to the Zhongli family, but it doesn't mean they are afraid of Zhongli family.

If the benefits of making friends with Chen Feng are greater, everyone will not have a slight view on Zhong Li's family.

Of course, these sects and aristocratic families are still a minority after all.

The absolute majority of powerful forces are often inextricably linked to each other.

The bearded man was in a dilemma, raised his eyes and looked at the members of the Zhongli family not far away.

His eyes lit up, he immediately took two steps forward, clasped his fists and said loudly:

"Presumably this is the third person in Zhong Li's family, Senior Zhong Li Cheng Yun, right?"

The Zhongli family followed the instructions of the ancestor Zhongli Weize this time, and many powerful people were dispatched.

In addition to the second person, there is a third person.

They are brothers with the current owner of Zhongli.

The death of Zhong Li Haohong has left Zhong Li Cheng Yun without a sense of reality, as if he were dreaming.

Hearing it at this moment, he just returned to his senses.

I only heard the big bearded man yelling at the crowd:

"You guys, this time this guy has dragged it to the last time to return to the top of the sky, and it must have completed a lot of tasks."

"I'm afraid I have gained a lot in my hand."

I have to say that the nearly three-meter-high bearded man is really thick and thin.

After he mentioned something like this, many of those who were just watching the show, their eyes suddenly deepened.

What's more, the breathing became short.

This sentence touched their hearts!

The breakthrough of Chen Feng's strength in this trip, in the eyes of everyone, has reached an unprecedented level.

There is no doubt that he will definitely gain a great deal in the world of trial missions!

The bearded man is still calling:

"My Yinyilou was stunned today, but many people present have received our favor to some extent."

"It's better to wait for the Alliance and kill this fight today."

"Afterwards, all the details, I don't want anything from the Yinyilou!"

With this, Zhong Li Chengyun was the first to respond.

Even if there is no big bearded man, he will surely kill the boy in front of him.

The killing order lit up red and appeared on top of Chen Feng's head.

Many people have already begun to red their eyes, staring at Chen Feng, as if staring at a rabbit waiting to be slaughtered.

However, Chen Feng was not afraid to laugh back.

He stood in place, raising his eyes with an aura of looking at the world.

"Today, come one, I will kill one!"

"Come on two, I will kill one!"

What a mad tone!

However, the next moment, I saw him flip his hands again.

Chen Feng actually showed a light purple token with a length of about one foot below the upper tip again.

He raised his chin and waved to Zhongli Chengyun.

"Since your fake clock leaves the aristocratic family, you have to come to trouble me, then take this iron-blooded banner order!"

The next moment, he shouted:

"My Beidou team, Chen Feng, challenge you Zhongli Family, Zhongli Chengyun!"

The dark clouds above your head are surging rapidly, the wind is violent, and the thunder is gathering!
boom!

With a loud noise, the huge blood-colored battle flag slammed down again and inserted between the two!

Looking at this scene, everyone was in an uproar.

Just killed the second member of Zhongli's family, and now he challenged the third member of Zhongli's family again.

Is this Chen Feng crazy?

Aren't you afraid that the elders of Zhong Li's family will be sent out to siege him?

Zhong Li Cheng Yun's face was extremely ugly.

He stared at Chen Feng fiercely, and smirked.

"very good!"

After all, he stepped forward and grabbed the banner.

The next moment, a violent gust of wind swept the two in an instant.

The violent wind blew everyone into a trance.

When I returned to God, there was only one cyan token left on the spot!

At this time, Chen Feng had already appeared on a round boulder.

It was dark all around, and the circular boulder at his feet was a thousand meters in diameter. Zhongli Cheng Yun was a hundred meters away.

Here is the only place where you can freely fight on the top of the sky!

Without the restriction of the dominion of the heavens, the two can immediately fight life and death.

Chen Feng was not polite, flipped his hand and took out the Qingqiu Tianlong Sword.

Clang!

The fierce fighting intent was accompanied by the roar of the sword intent.

He had no wind in his black hair, his cold eyes were stunned, and he shot out almost substantive divine light.

[Chapter 5708: Mysterious egg](#)

"Did you see the blood on your feet? It's your brother's."

Hearing this, Zhong Li Chengyun looked furious!

"Boy, you are too arrogant!"

Before he finished his words, I saw that there was still half an hour leaving Cheng Yun in the same place!

Instinctively felt the threat from the back, but Chen Feng still stood in place.

There is really a leisurely smile on his face.

Everything around was silent, and I couldn't hear the slightest movement.

Zhongli Cheng Yun had already been vigilant against Chen Feng for a long time.

The deterrent power of the pinnacle of Earth Immortal Peak suddenly broke out from behind Chen Feng.

Like a flash flood, the void was torn into countless gaps almost instantly.

boom!

Golden shine!

A dazzling golden lotus swept across the lotus petals crazily in an instant, condensing a dazzling sword intent.

Go straight to Chen Feng's Dantian direction!

With this blow, if you die, you will be seriously injured!

However, just as Zhongli Chengyun grinned with a sneer.

A voice rang behind his ears unexpectedly.

"I kill you, like slaughtering a dog!"

Between the sparks and flints, Zhongli Chengyun's sweaty hair stood up all over.

An icy cold from the depths of the spiritual world, seal it up!

"not good!"

He guessed that Chen Feng's true strength might far exceed the realm of cultivation that he exhibited.

However, I still didn't expect that Chen Feng could be so strong!

The moment the voice behind his head sounded, he knew that he was so wrong.

Chen Feng's strength is far above him!

puff-

A knife pierced his chest and hit the pubic area.

Chen Feng stood indifferently behind Zhongli Cheng Yun, the hot blood was kept away from the golden Dao Yun.

The difference between the strengths of the two is too large, and one move can kill!

Putting away the Qingqiu Tianlong Sword, Chen Feng smoothly took the jade card of reincarnation on Cheng Yun's body.

Sure enough, the background of the people in Zhong Lishi's family is quite impressive.

This is true for Zhong Li Haohong, and even more so for Zhong Li Cheng Yun!

There are tons of heaven and earth treasures, refining materials, chalcedony of heaven, and many rare treasures and magical instruments.

As for the elixirs, scrolls, etc. with various effects, there are countless countless varieties.

Chen Feng simply skimmed over the piled hills, his eyes were inadvertently attracted by something.

That is a stone egg.

It is no more than half a person tall, and it looks like the most common stone.

In this jade card of reincarnation, everything is releasing a strong or inferior aura.

Only it, there is no slight aura of fluctuations.

Not only that, when Chen Feng tried to get into the divine sense, this seemingly ordinary stone egg was actually stopped!

Divine knowledge cannot penetrate!

He flipped his hand and took it out.

As soon as he fell into his hands, the heavy weight was unexpected!

This stone egg is less than a hundred thousand catties!

With Chen Feng's current cultivation strength, the stone egg, which is still invisible, has a special quality.

"interesting."

Chen Feng probably had some guesses in his mind, but he didn't care about it.

In the next moment, he wiped out everything in the jade card of Cheng Yun's reincarnation in Zhongli.

On the round boulder with a diameter of one thousand meters, there was a green glow.

The will of the Lord of Heaven has fallen!

"Beidou team Chen Feng, challenge Zhong Li's family to Zhong Li Cheng Yun, Chen Feng wins."

The vast voice resounded through the void.

Inside the huge tower of the heavens and ten thousand realms, no one left around that iron-blooded banner.

Everyone is eagerly waiting for the outcome of this war to be born.

If it is placed in the past, borrow the nameless Beidou team to face the famous Zhongli family.

There is no doubt that everyone will slander the former.

However, this time the situation is a bit embarrassing.

Even the Zhongli Family and other younger generations present, all looked solemn.

No one dared to pat his chest to be sure of the result like in the past.

Just because it was Chen Feng!

It can be said that the name Chen Feng, unknowingly, already has a considerable weight in the hearts of everyone.

At this moment, a bolt of thunder suddenly fell in the void.

The iron-blooded banner suddenly floated, and countless black lights lingered.

Under everyone's eyes, a door slowly appeared.

Everyone on the scene couldn't help holding their breath, their eyes gathered at the gate of the arena.

In the crowd, I don't know who it is, and he whispered: "It must be Zhongli Chengyun..."

However, after a burst of bright light passed.

A figure strode out a meteor.

"Sorry, let you down."

Chen Feng's voice was hearty and open, and it reached everyone's ears clearly.

The audience was in an uproar again!

Although he was worried, everyone felt unbelievable when Chen Feng really appeared.

This is simply a monster!

"He... only came to the top of the sky for a few years..."

Someone was dumbfounded and could not speak for a long time.

As for the remnants of the Yinyilou, they were already completely ashamed.

Chen Feng's ability to be the second and third leader of the Zhongli family is enough to prove his strength!

A spike may still be considered a speculation.

So the two spikes, undoubtedly, are indeed a huge gap in strength.

At this moment, Fairy Yuheng and other talents were completely relieved.

Today, people like Zhongli's family can't handle Chen Feng. What happened?

They were so pleasantly surprised that they rushed forward.

"Chen Feng, what have you experienced?"

The crowd gathered around him and looked up and down, almost unable to recognize him.

Chen Feng glanced to make sure that there was nothing wrong with everyone, and then smiled with a signature smile.

"Since there is nothing else, Chen will leave first."

"let's go."

As his voice fell, Chen Feng took the lead in Yukong and left outside the giant towers of the heavens and ten thousand realms.

With him opening the way, even many elders of the first-grade blessed land are undecided.

Before deciding on a countermeasure, you all gave way to the Beidou team.

As soon as Chen Feng returned to the Beidou blessed land, he was surrounded by groups of people.

Everyone is waiting to hear what he saw during his trip.

In this regard, Chen Feng laughed frankly without mind: "This mission was a great success!"

It was a great success indeed.

Not only did he get the lack of three Saint Yuan Condensation Fruits, four Celestial Extreme Profound Spirit Stones, and four Blood Yang Soul Flowers.

On the way back to the top of the sky, the Lord of Heaven also issued rewards.

In addition to one hundred thousand heavenly chalcedony and an opportunity to enter the fourth floor of the giant tower of the Tibetan Buddhist scriptures, there is also an unexpected joy.

Furthermore, during this trip, he also unexpectedly obtained the Nine Nether Eclipse Ghost Art and Sun Moon Immortal Dew.

There is even such a great power as Venerable Feng Sui, which lights up the Second Star Soul for him!

What's more worth mentioning is that he also brought back an existence with an extremely special physique.

Chen kill!

With Chen Sha's talent and strength, his achievements may not be lower than Chen Feng!

This child is the same as the Tianyuan Little Demon that was collected at the beginning, and it is worthy of good training.

In addition to these gains, Chen Feng also cleared away the two troubles of Chu Taizhen and Zhong Li Tansheng.

By the way, he solved the second master of the black wisp giant flame big demon clan.

[Chapter 5709: Great world!](#)

"...However, my grievance with the Shura Realm should be deeper."

After listening to Chen Feng's brief introduction, everyone couldn't help but sigh.

It seems that these gains are simply eye-catching.

But everyone knows in their hearts.

This is Chen Feng's life in exchange for it!

Whenever they take a wrong move and a missed move, they will lose all the games!

Zhong Li Yaoqin on the side looked at Chen Feng and nodded slightly, revealing a smile.

"Thank you."

Chen Feng waved his hand.

"Since I brought you back to the top of the sky, and you belonged to the same camp in the past, then you are a companion."

"Zhong Li's family will attack me sooner or later, don't worry about it."

Completing the trial task will also benefit the avatars of Zhongli Yaoqin and Taoist Wuya.

The former, at this moment, has already broken through to the Great Immortal of the Second Tribulation.

And the latter, I don't know what baby I can get.

Anyway, people looked smiling and in a good mood.

At this moment, a glance attracted Chen Feng's attention.

He saw Gong Licheng standing still outside.

Chen Feng smiled and said, "With the sun and moon fairy dew, I can ripen the Bihai Ziluocao in my hand."

"In a few days, I will arrange the Zhenwu Chiyang Soul Resurrection Array for you and Wuya Taoist!"

Hearing Chen Feng's words, Gong Licheng's eyes suddenly showed light.

He stepped forward two steps excitedly, his lips trembled slightly, and finally everything merged into two words.

"Thank you!"

Chen Feng waved his hand.

The sun and moon fairy dew in his hand is not too much, and he suspects that it can't ripen the 8 branches of Bihai Ziluocao.

However, since he agreed to Gong Licheng and Taoist Wuya earlier, Chen Feng did not intend to break his promise.

Moreover, he is selfish in planning this way.

The second chapter of the Hyakki Yexing Soul Calling Scriptures is not simple.

Resurrecting others is a big deal, and there is no room for accidents!

Compared to his relatives and friends, Gong Licheng's practice is also to ensure that there is nothing wrong with resurrecting his companions in the future.

I haven't seen it for a while, and the new Beidou Fortune Land has changed its appearance.

The endless mountains are lush and lush.

The spring water dingdong, the bamboo forest swayed, and a few cranes danced among the peach forests all over the mountains and plains.

Here, there are more shadows of the original Beidou blessed land.

However, the power of the stars here is even more intense!

In the past, in order to heal his wounds, Chen Feng almost swept all the spiritual energy in this world, accidentally activated the stellar primordial stone vein.

To this day, the stars of Yuanshi ore veins are fed back to the heaven and the earth, which has benefited everyone a lot.

After Chen Feng glanced at everyone, his gaze accidentally fell on a figure.

"You are at a loss, what happened?"

Everyone looked at it together.

Crazy Tiger's heart was startled first, and then his heart warmed.

Although he was Chen Feng's death row slave, he was not treated inhumanly here, but he was still cared for.

Fairy Yuheng and others quickly informed Chen Feng and others of what had happened before.

"You mean, that adult appeared on the stage?"

When Chen Feng heard Fairy Yuheng hinting at the Great Desert Lord, his eyebrows couldn't help but raised slightly.

"No wonder that old dog Zhong Li Weize didn't come to kill me personally."

Chen Feng laughed happily, then took out a pill and threw it to Crazy Tiger.

As soon as the pill comes out, the fragrance of pill is overflowing!

The lines on the top are exquisite and dense, with three layers inside and three layers outside, even faintly with golden light.

Lu Xingwei and others on the side stared straight.

"Baichuan Guiyuan Golden Pill! The real second-grade golden pill!"

Above the **** pill is the golden pill.

Although there is only one word difference between the two, the effect is very different.

At the beginning, the eternal golden pill that Chen Feng served was enough to get a glimpse of it.

As long as there is a breath, taking the golden core, you can recover from the injury in an instant!

It's not an exaggeration to call it the living dead!

And this second-rank golden pill given by Chen Feng is even more famous for Baichuan Guiyuan Golden Pill.

It is often taken when some great energy is used to hit the bottleneck, and the confidence of success will immediately increase by 30%.

If it is learned by outsiders, I am afraid that many powerful people will rush to it.

However, Chen Feng casually threw it to a death row war slave!

Crazy Tiger took over this golden pill of 100 Chuan Nayuan, and he had already caused great waves in his heart.

Had it not been for Lu Xingwei's introduction, he would not even have known that Chen Feng had gifted him such a precious golden core.

"I..."

Before he could say anything, Chen Feng smiled and waved his hand.

"No need to say more."

"I killed Zhongli's second and third boss, and now there are so many babies."

He looked at the crazy tiger, his eyes showed no hesitation in appreciation.

"You only care about cultivation and breakthroughs. If you can keep up with my speed, you can break through the Holy King Realm in ten years."

"At that time, I plan to take you to the Great Thousand World to make a break."

As soon as this remark came out, even Wuya Taoist looked at him.

What a big tone!

Seeing everyone's surprised reaction, Chen Feng laughed instead.

"What? Is it weird?"

For so many years, he learned through various clues that his life experience is very likely to be related to a certain world.

He may be from a certain big world!

In the part of the memory that was awakened by the Great Demon of the Sun in the past, I wanted to go back in my dreams.

There, there is the person he misses most.

There is also the person he hates most!

In addition to his life experience, Chen Feng has another reason to go to the Great Thousand World.

That is blood wind!

Bloodwind is the existence that has depended on him from the beginning.

For Chen Feng, Blood Wind is not a relative, it is better than a relative!

Various signs also indicate that Blood Wind may be the roaring Sirius family from the Sirius World.

And that Great Sirius world is very likely to be a big world!

After greeted everyone briefly, Chen Feng went to his own mansion.

It has been renovated here, and now has added the Spirit Gathering Array and the Defensive Array.

Compared to before, it is more suitable for practicing retreat.

As soon as Chen Feng sat down, he took out the sun and moon fairy dew from the golden reincarnation jade medallion.

The next moment, his eyes closed tightly.

In the spiritual world, the Bihai Ziluo grass with only one branch suddenly appeared in front of Chen Feng's eyebrows.

It is blue-violet, crystal clear, and radiant.

A bare branch will not be unfolded, and a phantom is wrapped in it.

That is the phantom of the ancient Buddha falling asleep, Immortal Mo Rin!

At the beginning, Immortal Mo Rin had also helped Chen Feng many times, and even almost lost his soul.

Chen Feng also remembered this kindness.

Without any hesitation, he directly dipped the entire Bihai Ziluocao into the sun and moon fairy dew.

Together with the Mo Rin fairy inside!

The scent of exotic grass is already strong, and once it enters the sun and moon fairy dew, it arouses a great reaction.

Hum!

An unprecedented strong fragrance, quickly diffused around Chen Feng.

Wherever they passed, all the creatures were not only trembling.

Immortal grass and ancient trees suddenly became more verdant.

Ordinary birds suddenly sang loudly!

Not to mention the people who got close, all stopped in place and took a deep breath.

[Chapter 5710: Fairy Yuheng, break the demons!](#)

The spiritual world shuddered slightly.

This feeling is so refreshing!

However, just as everyone looked in the direction of the mansion, a clear buzzing sound was heard clearly.

Suddenly, the sky above Chen Feng's mansion was suddenly flourishing!

Several golden lights, shot directly at the mansion, with supreme majesty and solemnity!

In the mansion, even Chen Feng looked up in surprise and looked at the scene in front of him.

I saw the Mo Rin fairy phantom, which was originally transparent to almost disappearing with the wind, gradually began to solidify.

Then, vacate!

The Bihai Ziluocao that wrapped his body broke on its own and melted into his body!

Chen Feng's heartbeat began to accelerate.

The Sun Moon Fairy Spirit Dew was still continuously injected into Immortal Mo Rin's body, and his aura was visibly enhanced by the naked eye.

Between square inches, golden light shines!

There were frequent phenomena of heaven and earth, and three golden lotus appeared in the void!

Chen Feng, who is at the center of the vision, can even hear the wonderful sound of the heavens sung by the Ten Thousand Buddhas!

What is even more surprising is that in the singing of the Ten Thousand Buddhas, the phantom of the ancient Buddha in the world of Chen Feng's star soul seemed to have sensed something!

For a time, Jin Guang moved slightly.

The gray and simple scriptures suddenly appeared again, standing in front of Chen Feng.

This is the golden sutra of the Great Bodhisattva that has been silent for a long time!

The golden light falls, and the golden lotus emerges.

It echoes the vision of Immortal Mo Rin's heaven and earth!

Chen Feng was surprised and delighted.

"This Immortal Mo Rin, is it an ancient Buddha?"

In the past, Chen Feng accidentally met Immortal Mo Rin in Zhenwu World.

The ancient **** phantom, even if the physical body has been destroyed, the strength will never survive, and it is still much stronger than Chen Feng.

However, at that time, I never expected that this Mo Rin immortal was actually related to the Buddha!

Sun Moon Fairy Spirit Dew is still being consumed continuously.

Below, in front of Chen Feng, the crystal clear blue sea purple Luoglass finally slowly pulled out its branches again.

Under the golden light, take care of yourself, one by one.

This scene is really shocking!

But Chen Feng's brows wrinkled even more.

"Oops."

"Originally, these sun and moon fairy dew can barely ripen eight branches."

"But now it has been absorbed by Immortal Mo Rin nearly half..."

There is no more Bihai Ziluocao on the top of the sky.

Not being able to get eight roots this time means that Chen Feng has to continue to think of a solution.

Otherwise, the remaining relatives and friends will still be unable to resurrect!

When the last drop of suet jade-white sun and moon fairy dew was absorbed, there were only four branches swaying in the wind on Bihai Ziluocao.

They release a refreshing fragrance, constantly attracting everyone in the Beidou Fortune Land.

Chen Feng sighed deeply.

However, soon, he regained his spirits.

"What's the matter?"

"It's just four branches of Bihai Ziluocao. If I can get it once, I can get it a second time!"

His strength is still rising steadily, what he could get in the past, he won't get it in the future without reason.

Chen Feng put it away neatly.

Above the sky, Immortal Mo Rin finally opened his eyes.

In an instant, only those two dazzling radiances could be seen between the heaven and the earth!

The majestic breath seemed to rippling away from the nine days.

The entire Beidou blessed land, and even the people nearby, couldn't help but stop.

"It seems... there is a big man who is recovering."

This feeling is even more pronounced in Beidou Fudi.

Not far behind Chen Feng, Fairy Yuheng looked particularly surprised.

"The power of time and space!"

Wearing a red dress, she quickly came to Chen Feng's body and looked up at the void created by Immortal Mo Rin.

On the attainments of the law of time and space, among those present, Fairy Yuheng ranked in the top three.

Even Chen Feng is not necessarily better at this.

I saw Fairy Yuheng's beautiful eyes flowing, staring into the void, constantly exclaiming.

However, compared to Fairy Yuheng's supreme surprise at Immortal Mo Rin, Chen Feng noticed one thing.

He looked at Fairy Yuheng on the side.

"You broke again."

Moreover, Chen Feng is keenly aware that Fairy Yuheng's changes are not just a breakthrough.

Upon hearing this, Fairy Yuheng retracted his mind and looked at Chen Feng.

The next moment, a long-lost smile appeared on her face.

It was the free and easy look that Chen Feng and others could only see when they first saw her.

"I said, you kid, it's kind of sad to discover this now."

With that, she released her breath without concealing it.

Hum!

Shifang Dongtian realm, tenth Dongtian!

Such cultivation level made Chen Feng a little surprised.

"I remember that before this trial mission, you were only the fifth cave heaven of the Shifang Dongtian realm."

However, in just a dozen days, he actually broke through the five realms one after another.

Such an accomplishment is enough to stand on top of the sky!

Upon hearing Chen Feng's words, Fairy Yuheng giggled.

"Of course it is impossible to do this on the 14th."

She casually pulled a strand of blue silk on her forehead behind her ears, and her aura became relaxed.

Only then did Chen Feng notice something.

"You have another breakthrough in the law of time?"

"You kid is smart."

Fairy Yuheng's eyebrows were slightly bent, no one could still see the despair and anxiety before.

At the beginning, in order to deal with the endless killing advanced battlefield mission after three failures, she did not hesitate to use secret techniques.

Although it had a certain cultivation base in exchange for a breakthrough, his state was much older.

But now, looking at her, these remaining problems have been resolved.

"After all, you have to be blamed somewhat for this."

Fairy Yuheng gave Chen Feng angrily.

"If you didn't set a record as soon as you entered the top of the sky, you would break through again and again later."

"You let me be under a lot of pressure."

"At that time, my understanding of the law of time and space was also at a bottleneck, and as a result, I fell into a demon."

Upon hearing Fairy Yuheng's words, Chen Feng couldn't help laughing or crying.

He smiled and apologized again and again.

However, Fairy Yuheng waved his hand indifferently.

"Forget it, this fairy has now broken through the bottleneck and has made great progress in understanding the laws of time and space."

"What you see is that I have broken through the five realms one after another in more than ten days. In fact, I have accumulated a lot of money."

Speaking of this, her voice suddenly became much quieter:

"Moreover, it actually took a year..."

Upon hearing this, Chen Feng couldn't help but laugh.

He patted Fairy Yuheng on the shoulder as a sign of encouragement.

"It is enough to be proud of breaking through the five realms in one year."

At this moment, the vision finally gradually fell in the void.

The branch of Bi Hai Ziluo grass turned into golden powder in the golden light.

Completely blended into the phantom of Immortal Mo Rin.

Above the void, his phantom was condensed in seven and eight.

"Hahahaha... I didn't expect that Mo Rin still has today!"

The last golden light dissipated.

The Golden Sutra of the Great Bodhisattva Avalokitesvara also submerged into Chen Feng's star sea world.

Both Chen Feng looked at the returning Immortal Mo Rin, clasping their fists in both hands.
