

Peerless 5711

[Chapter 5711: No cliff!](#)

"Welcome the return of Immortal Mo Rin."

Immortal Mo Rin was obviously very happy, and when she saw Chen Feng, she was even more pleased and very pleased.

"You junior, that's amazing!"

"I just slept for a while, goodbye you, I already have the strength of the Three Tribulations Earth Immortal."

Hearing this, everyone not far away was surprised and stared at Chen Feng.

Chen Feng didn't restrain his aura much, everyone could feel his cultivation realm.

However, Immortal Mo Rin could tell his true strength at a glance!

For a time, everyone was filled with emotion.

Is this the ability of the ancient gods?

Chen Feng's talent is really amazing!

Fairy Mo Rin said, and looked at Fairy Yuheng.

Compared to Chen Feng, when he saw Fairy Yuheng, he was more like seeing a junior.

"Your understanding of the laws of time and space seems to have entered a whole new realm."

"If you don't understand in the future, you can ask me."

As soon as he said this, Fairy Yuheng's breathing suddenly became hurried.

Even if Immortal Mo Rin now only has a ray of phantom, a soul.

It doesn't matter if his strength is not one million, but his experience and understanding are all real!

With such precious experience, anyone who can get a little bit of mention will benefit Yuheng infinitely!

"Thank you senior!"

She was about to bend over immediately.

"It doesn't have to be this way, it's just some experience reference. Everyone's Tao will ultimately depend on themselves."

"What I said doesn't necessarily apply to you."

At this moment, Immortal Mo Rin looked up.

He whispered, his eyes fell on a figure not far away from Chen Feng.

"Your breath is very special."

Chen Feng looked back.

The immortal Mo Rin is facing is the clone of Taoist Wuya!

He was busy introducing the identity of the two.

Hearing that this person in front of him was just a clone, Immortal Mo Rin's eyes became brighter.

"This fellow Taoist and I have seen each other like before."

This is a bit confusing.

However, the avatar of Taoist Wuya on the opposite side seemed to meet some kind of signal suddenly.

His eyes also lit up suddenly, and he walked up to him as soon as he took a step.

"My generation has been to the Great Thousand World before."

As soon as these words came out, Immortal Mo Rin suddenly realized, but Chen Feng was shocked.

But when I think about it, I take it for granted.

After all, Taoist Wuya is a madman who can create the second chapter of the Hundred Ghosts Night Call of Souls!

Such a masterful prodigy, even if he was born in the world of Xuanhuang Zhongqian, he must have some adventures.

It is not surprising that I have been to the Big Thousand World.

When it comes to the big world, Chen Feng will inevitably be excited.

His master and uncle Yan Qingyu, who left Longmai Continent at the beginning, may have also gone to the Great Thousand World.

I'm afraid that he was seriously injured when he returned. I'm afraid it is inseparable from that.

And his life experience, true life experience, is also inextricably linked to a certain world.

The Yun Potian he thought was not his real father.

Including that in the Xuanming Seven Seas Realm, the Great Demon Yan Yang once called him the Young Master.

And in the memory fragments of awakening, he seemed to have lived in some great world before he was ten years old.

There are countless suspended fairy mountains, huge rivers like Tianhe, and countless sandbar islands inside.

On any island, tens of thousands of powerful monsters live.

Above the sky, from time to time, a **** wearing a golden armor flies by.

Even later in the Xuanhuang Middle Thousand Worlds, an old man from the barren woods from a certain big Thousand World, also pointed it sideways.

He also asked him to go to the Guixu Xianzong in the Western Desolate Immortal Territory after the Great Perfection in the Shifangdong Heaven Realm.

There, you can get a glimpse of the truth about the corner of the world.

Everything made Chen Feng believe that his life experience was in a certain world!

At this time, Chen Feng had an unstoppable desire in his heart.

He wanted to ask them loudly for news about the great world.

Taoist Wuya even knew who he was the son of!

However, there is no need to speak, and Chen Feng is very clear about their reply.

Knowing too much when the strength is not strong enough will only bring disaster.

After several breaths, Chen Feng forcibly calmed down his boiling heart.

He looked at Wuya Taoist clone and Gong Licheng.

"Since Bihai Ziluocao has enough branches, it should not be too late, so I will fulfill my promise."

After finishing speaking, Chen Feng raised his eyes to look at the distant stars mineral vein.

Deploying the Zhenwu Chiyang Soul Returning Array will inevitably require a lot of power from the stars.

That being the case, simply arrange the altar above the veins!

Today's Beidou blessed land, Chen Feng has something to say, who would dare to object?

What's more, among the people who are going to be resurrected, there is a world-renowned arrogant!

If the real body of Wuya Taoist can be resurrected and join the Beidou team as a clone, the original body will probably be automatically included.

At that time, Beidou Fortune Land will add another general!

In this way, even if there are more powerful enemies in the future, Chen Feng will be able to let go of his hands and feet even more.

No more worries!

Hearing Chen Feng's words, Gong Licheng was very excited.

He immediately bowed deeply to Chen Feng:

"You start to set up a big array, I will get a ray of her soul!"

The most against the heavens of the Six Paths of Reincarnation is that even without a complete body, one can be resurrected!

In the first chapter of the Hundred Ghosts Night Call of Souls, in the chapter of Hundred Ghosts, you must have a complete body.

Among the people whom Chen Feng wants to resurrect, Bai Shanshui and the other six have complete bodies.

But, for example, An Lao, let alone a complete body, even the three souls and seven souls only have one soul left.

Once he was ready to use the Hundred Ghosts Nightwalking Soul Calling Sutra, Chen Feng's mind was inevitably active.

In addition to Bai Shanshui's six relatives and friends, he naturally wants to resurrect An Lao and Wu Bingshuang!

Now, as long as they are prepared enough, these people have a chance to be resurrected.

Not only is he resurrected, but he can also strengthen his talents and resurrect in any world that Chen Feng wants to arrange.

They will be able to absorb the stronger power of the stars.

There can be a more long-term avenue of cultivation!

At that time, Chen Feng will be able to take this group of friends who have come all the way from the Longmai Continent to fight all the way!

Even, Qi Qi aspires to the great world!

Realize true immortality!

When he came to the top of the Xingchen Yuanshi mineral vein, Chen Feng grabbed it casually.

A long sword made of golden Daoyun suddenly appeared in his hand.

At the next moment, Chen Feng swiped forward.

Boom!

A precipitous mountain that was originally lush and lush was erased in an instant!

On the spot, a big flat open space suddenly appeared.

This is the location Chen Feng chose!

Everyone started to withdraw.

Once the Zhenwu Chiyang Soul Returning Array is set up, it can be seen that this world will be extremely chaotic.

No one wants to be implicated accidentally.

And in Chen Feng's mind, the content of the six chapters of reincarnation finally appeared again.

"call!"

After closing his eyes, he opened his eyes and let out a sulky breath.

The next moment, Xinghai World suddenly brightened! The spiritual world began to set off golden waves!

[Chapter 5712: Three hidden families!](#)

Among the golden reincarnation jade tiles, the celestial profound spirit stone, the holy yuan soul fruit...

One after another extremely rare treasures of heaven and earth appeared in front of Chen Feng one after another.

Chen Feng's hands began to change different moves.

Above the head, dark clouds began to spread.

Although these six reincarnation chapters are diametrically opposite to the first chapter of the Hundred Ghosts Calling the Soul, they never leave their origins.

They all have a necessary step-evocation.

It's just that the first one is to recruit from the ghosts.

The core is to attract as many souls as possible between heaven and earth, and then differentiate.

And the second one is to pile up as much anger as possible first!

No need to use tough methods, just add some tokens that specify the person who needs to be resurrected!

Such soul-calling will be extremely efficient.

Chen Feng continued to integrate and place the treasures of heaven, material and earth in the corresponding position according to the records in the chapter of six reincarnations.

The anger around me grew stronger.

And a large array that is thousands of meters long has finally seen its embryonic form!

Rumble!

Outside the Beidou blessed land, all nearby monks stopped one after another.

"what happened?"

"Why is there such a strong anger in Beidou Fudi?"

The monks were talking about it, and suddenly, a sky thunder fell on the Beidou blessed land!

However, it is different from the usual Tianlei!

After this sky lightning struck into the suspended fairy mountain, it peeled off layer by layer.

In the end, only the purest vitality is left!

This scene completely shocked everyone nearby!

Some monks with richer experience were even more stunned on the spot, with their faces full of disbelief.

"This is not about resurrecting someone, is it?"

And the member of the Zhongli Family, who had been guarding the periphery of the Beidou Fortune Land, immediately took out a scroll.

Not for a moment.

boom!

"Absolutely not!"

In the lobby of Zhongli's main mansion, Zhongli Weize smashed the best wooden table beside him with a palm.

His eyes burst into a deadly cold light.

"Chao'er, you take this token of mine, and immediately contact the three hidden families of Xiao, Mu, and You."

"Require them to send people to the Beidou blessed land immediately."

"We must stop Chen Feng from resurrecting someone!"

In the main hall, Zhong Li Family's current Patriarch, Zhong Liyu Chao took the ancestor's token with both hands.

That is a rare and fierce sword!

Just getting his hand, the strong killing aura on it made Zhong Liyu Chao feel in a daze.

He quickly gathered his mind and didn't dare to look at it more.

"Baby, go now!"

...

Time passed by every minute.

Three days later.

Hum!

Two huge Zhenwu Chiyang Soul-Returning Array, completed!

And the horror and anger in the Blessed Land has already attracted countless strong people on the top of the sky to come and watch.

This is definitely a grand scene at the top of the sky!

Countless monks have never seen it in a hundred years since they entered this place.

Here, it is true that the competition is extremely fierce.

Newcomers are constantly being taken in and cheated, people are constantly breaking through or dying, and teams are constantly rising and falling.

However, in the recent year, there have been many major events.

More importantly, all major events are related to one person-Chen Feng!

The blessed land of the Ningyi Building was dominated by the Dao of Heaven, and the entire Ningyi Building was in name only!

Zhong Li's family was alarmed, and rumors were generated from the root cause.

The second-grade fairy mountain, which was abandoned and self-appointed, was unblocked by itself, and the blood of Zhongli Changfeng returned in the legend.

Zhong Li's family killing orders were issued one after another, and Zhong Li's ancestor officially left the customs, but returned in defeat!

The mysterious powerhouse appears, naming and defending Chen Feng!

But now, in the Beidou blessed land, there has just been a phenomenon of heaven and earth, and it is beginning to be angry and extraordinary again!

"Does this Chen Feng want to lift the top of the sky?"

"If this son can survive, I am afraid that the future will be limitless!"

"Even on the top of the sky, it may not be possible to keep him."

Countless monks onlookers talked.

Everyone wanted to see, this Chen Feng planned to make some noise.

What's more, they are already excited.

There is no other reason—

With such a big movement in Beidou Fudi, it is impossible for Zhong Li's family to not move!

Everyone present has a hunch, and next, an extremely rare action will take place here!

"I can't wait to see, what else can they reveal under the eyelids of heaven dominates!"

On the top of the sky, private fights are forbidden!

Even the only rule that could deal with the Beidou team did not apply.

According to the rules of the top of the sky, the team that stays in the third grade blessed land needs at least one spiritual virtual land wonderland powerhouse to sit.

If not, any team can challenge it.

The challenged team cannot refuse!

But, who can think of it!

At the moment, in the Beidou Fortune Team, apart from the ignorant Venerable Guhong, one person has reached the Lingxu Land Wonderland!

That is, crazy tiger!

In the old days, in order to block the blow of Zhong Li Weize for Fairy Yuheng, he made a temporary breakthrough.

In the past few days, after taking the golden pills from Chen Feng, the original injuries have been fully recovered!

Crazy Tiger's cultivation base has been stabilized in a disaster!

Because of him, the Beidou team will no longer be as passive as before.

If Zhongli's family had to do something, he would have to pass the pass of Heavenly Dao dominance first.

But even if these truths are well known, you still believe in one point.

Zhong Li's family, it is absolutely impossible to let it go!

They must have some special means to circumvent the rules governed by the Dao of Heaven!

Hum!

With the earth-shattering movement rippling inside the Beidou Fortune Land, everyone was boiling.

I saw countless angers quickly and restrained at an extremely terrifying speed.

At the same time, two bright beams of light appeared between heaven and earth.

Go straight to the sky!

A mysterious and simple power, along with the power of time and space, quickly swept outward.

Between the heavens and the earth, the vision has revived!

Above the void, a mysterious rune as large as 10,000 meters appeared!

The rune burst out with a dazzling glow, which aroused many people's five senses immediately.

Some people whose cultivation base is inferior, even more feel their souls, can't help but shudder.

As if there is a supreme power, indifferently scanning the deepest part of their souls!

boom!

Another same rune was mapped on the void.

Under the rune.

The two huge Zhenwu Chiyang Soul-Returning Array, under the urging of Chen Feng, were running at full capacity.

Including Taoist Wuya and others, no one thought that he actually planned to resurrect the two at the same time!

You know, the stronger the person being resurrected, the more majestic cultivation is needed.

Naturally, there is no need to say more about the strength of Taoist Wuya.

And at this moment, another Zhenwu Chiyang returns to the center of the soul formation.

The soul that Gong Licheng brought is also not to be underestimated!

The one he wants to resurrect is a woman!

This woman wore a self-cultivation and plain uniform, her figure was exquisite and elegant, and her facial features were exquisite and heroic.

Just such a ray of soul is enough to feel its burst of fighting spirit.

And it is this ray of soul that has an aura that is comparable to the avatar of Wuya Taoist!

This means that her original body is probably more powerful!

[Chapter 5713: You guys, want to stop me?](#)

This made Chen Feng look at Gong Licheng a few more times to show respect.

It can be seen that Gong Licheng has a deep sense of love for women.

There must be an inseparable relationship between the two!

"Gong Licheng's identity, I'm afraid it also has a lot of background."

Chen Feng secretly said in his heart.

However, since he agreed to resurrect, he would not say much.

With its current strength, as long as there are no accidents, the resurrection of the two is not difficult.

What's more, he had made small calculations when he was resurrected at the same time.

If you divide your power equally, the resurrected Taoist Wuya and the woman will not recover much strength.

Even if they had other thoughts, it would not have much impact on Chen Feng.

Defenses can not do without!

Chen Feng stood in front of the two large formations, raised his hand, and threw the sun-flaming **** grass into it.

This is the last step of the evocation!

"Soul! Come back! Come! Come!"

Boom!

At this moment in the sky, I heard heavy bells and drums.

That voice constantly echoed in the sky, and it was like going up to the blue and falling down to the yellow spring, and it was like crossing time and space.

Just then!

Everyone was shocked and looked up to the sky!

There is a terrifying force, overwhelming and coming!

Inside the Beidou Fortune Land, everyone's expressions grew gloomy.

And outside, the monks watching from afar were already completely boiling.

I saw high above the sky, and I didn't know when, an unprecedented terrorist isolation formation appeared!

"Cross the sea without knowing the truth!"

Chen Feng has also used it to lie to the sky and cross the sea to break the soul formation.

Once enveloped by the formation, everything that happens inside, even people who are a step away, will not be aware of it at all.

And at the moment, the Hiding Heaven Crossing the Sea Broken Soul Formation is even more powerful than the one that Chen Feng used before!

Chen Feng immediately noticed the strangeness!

Under this large isolated array, even the surrounding Dao domain and Dao rhyme are changing.

To be able to do this, I am afraid that even the will of the gods can only be blocked outside!

"Without the rules governed by the Dao of Heaven, today, Chen Feng will undoubtedly die!"

Someone already shouted excitedly.

And some are more clever, looking up to the sky early.

A mysterious man is dispatched!

Three blood-colored beams of light rose into the sky, like three legs standing together, each occupying a corner.

The beam of light is extremely huge, running through the world, and the breath is majestic like a majestic ocean!

And under these three beams of light, even the vision of heaven and earth was actually suppressed by life!

There was an uproar in the audience.

Many people looked in the direction of the three blood-colored light beams, running their cultivation base with all their strength, wanting to see who did it.

However, based on their cultivation base, they couldn't see anything at all.

On the contrary, it is in the blessed land of Beidou, above the altar.

Chen Feng said quickly:

"It seems, it's not from Zhongli's family!"

Most of the strength of Zhong Li's family comes from Zhongli Changfeng's power inheritance.

With Zhong Li Yaoqin for so long, Chen Feng has long been very familiar with it.

At this moment, the terrifying power outside is extremely strange!

They didn't even kill!

The purpose is very simple-to prevent Chen Feng from resurrecting those who want to be resurrected!

Looking at the three blood-colored beams of light standing in a tripod, Wuya Taoist and others looked a little heavy.

"I said why there is no movement, so I was preparing for this."

Chen Feng's tone was light and fluttering, without any solemn meaning at all.

The two huge Zhenwu Chiyang Soul Returning Formations were still operating normally at this time.

He continued to decompose each step of the six reincarnation chapters, and he played a series of complicated moves in his hands!

All kinds of sacred grass spirit flowers have been refined into the purest strands of vitality in the big formation.

Those are the essence of the flesh and bones of the living dead!

next moment.

Hum!

The two huge formations seemed to have emotions.

When they felt a threat from the external environment, the two took the initiative to explode with a strong breath.

Death began to spread!

And began to condense toward the center of the big array with extreme speed.

However, at the same time, a lot of anger was also stimulated and also became active.

For a while, anger and death began to entangle and fight each other.

The violent collision even broke the progress of the Hiding Heaven Crossing the Sea Broken Soul Formation outside the Beidou Fortune Land in an instant!

boom!

Huaguang is everywhere!

Jingshengsheng blocked the cooperation of the three mysterious people!

Fairy Yuheng and others in Beidou Fudi were already excited.

Even Chen Feng was admired—

It is worthy of the handwriting of Wuya Taoist!

At this moment, outside of the Beidou blessed land, the monks were already in an uproar.

"This...Is this really Chen Feng fighting?"

"Isn't he busy resurrecting people? How come there is room to fight against such a large formation!"

Everyone is desperately exploring the identities of the three mysterious comers.

But no matter what identity you guessed, everyone agreed on one thing in their hearts.

The relationship with Zhong Li's family must be irresistible!

At this moment, a white-haired old man with a first-class blessed land flickered in his eyes, and the color behind him changed drastically.

He looked at the top of his head with an incredible face.

"It's them!"

"Didn't they have been hidden for a long time? They were born for this!"

This word was passed on instantly.

Everyone asked about their identities.

The dying old man said with great emotion the identities of the three.

"The old man only heard a little about what happened back then."

"It's just that the Zhongli Family's ability to stand firm here at first cannot be separated from the three major families of Xiao, Mu, and You!"

When hearing the three surnames of Xiao, Mu, and You, some of the onlookers finally exclaimed.

It didn't take long for the situation of these three hidden families to spread quickly and widely.

No one knows when the top of the sky first appeared.

However, as long as you come here and inquire, it is not difficult to understand.

Ten thousand years ago, the top of the sky was more brutal than it is now!

In addition to Zhongli Changfeng and other peerless martial arts idiots, they won the best for a while, and they formed many prosperous families!

They compete for resources everywhere, divide up territories, and fight for life and death.

It's just going to turn the top of the sky upside down!

Then, the gods dominate the shot.

Then, many surviving big families began to hide from the world, avoiding their edge for the time being.

Today, nearly ten thousand years have passed.

Among them, the three hidden families, Xiao, Mu, and You, have come back!

"The sky at the top of the firmament, I am afraid it will change again!"

Everyone had the same idea in their hearts.

At this moment, the three blood-colored light beams suddenly changed again.

When everyone saw this scene before them, they all gasped!

Inside the Beidou blessed land.

Standing in the Zhenwu Chiyang Soul Returning Formation, the clone of Taoist Wuya had already frowned.

He raised his head and kept staring at the top of his head, his complexion getting more and more ugly.

Upon seeing this, Gong Licheng on the side was extremely worried.

From the very beginning, Taoist Wuya made a plan to resurrect himself as a clone.

Therefore, the avatar left behind is extremely powerful!

But because of this, the Taoist Wuya at this time also couldn't do it himself and stop Chen Feng.

It can be said that at the moment, the two most powerful players in the Beidou team are not easy to do.

[Chapter 5714: How can you stop me!](#)

And the soul-breaking formation that concealed the sky above the sea broke out again with dazzling light!

Zhenwu Chiyang's soul-returning formation was suppressed again!

Above the void, life and death are black and white, and the yin and yang fish that are constantly entangled in the formation, suddenly become unbalanced.

The outside world interferes with the soul-calling, and there is not enough death energy!

Seeing that the resurrection ceremony has reached the most important step, the most nervous one in the audience is Gong Licheng alone!

He will never allow anyone to sabotage this ceremony!

The next moment, he rose directly from the sky, attacking with all his strength above the sky!

boom!

The tug of war begins.

The three blood lights are more dazzling and compelling, and their strength is once again elevated.

Gong Licheng alone is not enough. Fairy Yuheng, Tiancan Beast Slave, Mei Wuxia, Crazy Tiger and others have also joined.

In today's Beidou Fortune Land, almost all of them are Chen Feng's relatives and friends.

Right now is the most critical moment for Chen Feng, who can ignore it?

But still not enough!

Obviously, each cultivation base of the three powerhouses is above the Three Tribulations Earth Immortal.

Even Zhongli Yaoqin and Crazy Tiger, who have reached the fairyland of Lingxu, can hardly contend with them.

What's more, deal with three at once!

Seeing that the Hiding Heaven Crossing the Sea Broken Soul Array above his head was about to be completed, Chen Feng finally moved.

I saw him suddenly burst out of unprecedented power!

Majestic and turbulent, like a sea of anger!

The two Zhenwu Chiyang Soul-Returning Arrays burst out at the same time and rose into the sky.

In an instant, he broke through the clouds and pierced for nine days!

Shengsheng pierced out two huge holes in the soon-to-be-formed Array of Soul Breaking Through the Heavens and the Sea!

At the same time, Chen Feng's voice clearly reached everyone's ears.

"You guys lend me your strength to use it!"

Fighting against all the people who concealed the sky and crossed the sea and broke the soul, all turned around.

In the next moment, a steady stream of power penetrated into Chen Feng's body!

Roar!

Moo!

boom!

In Chen Feng's star-sea world, the three star souls appeared almost simultaneously.

Almost all the stars are moving fast, bursting out unprecedented white light.

He turned around and looked at the avatar of Taoist Without Cliff in one of the big formations.

"Senior, please help me too."

In the blink of an eye, he stepped out of the Big Dipper and appeared in the eyes of the onlookers outside.

At this time, Chen Feng is full of spirits!

He was holding the trembling Great Asura Hong Furnace in one hand, and the Qingqiu Tianlong Sword firmly in the other.

"Three, if you don't work hard, you can't stop me!"

Chen Feng laughed loudly, held up the large Xiu Luohong furnace, and shook it directly.

Sila —

Heaven and Earth, at this moment, suddenly tore a lot of cracks.

Countless monks in the distance changed their expressions drastically, turned and ran away.

"Damn, this kid is crazy!"

"At the top of the sky, he actually urged the Taoist tools, wanting to refine the three powerhouses!"

"No, the way of heaven is irresistible, he just intends to refine the Soulbreaking Array!"

puff!

A mouthful of blood spurted out.

The majestic power of the stars was almost completely absorbed by the Great Asura Hong Furnace in his hand in an instant.

Chen Feng's spiritual world is beginning to show signs of collapse!

He was struggling with serious injuries, vowing to the death to resurrect those two people today!

In the distance, under the three rays of blood, the complexions of the three powerhouses Xiao, Mu, and You all changed.

next moment!

Two unprecedented powerful auras, coming across time and space!

People are going to be resurrected!

"how so!"

Outside the Beidou blessed land, many monks have also seen the world.

Usually, even if such a terrifying formation is fully activated, it will take a lot of time to leave the formation.

What's more, there are still three powerhouses in the hidden world who are devastating with all their strength!

boom!

The three blood-colored light beams suddenly became extremely scarlet.

The monstrous fighting spirit threatened the Quartet, and it caused many monks who had retreated once to flee again.

"puff!"

Above the altar, Chen Feng spouted blood again, causing everyone to exclaim!

Tiancun Beast Slaves and others yelled even more!

"Damn it, they just wanted to deal with you from the beginning!"

"I'm attacking with all my strength now, I just want to kill Big Brother!"

Before that, even Chen Feng almost thought that those people came this time just trying to stop it.

Avoid the Beidou team to add more powerful generals.

It wasn't until this moment when their true strength erupted that he was sure.

From the very beginning, the three powerhouses came for him, Chen Feng!

It doesn't matter whether you can succeed or not!

As long as we can take the opportunity to eliminate Chen Feng and then quickly, the big array will inevitably fail.

The three major hermit families can also explain to Zhong Li's family.

Simply kill two birds with one stone!

After trying to understand all of this, the offensive became more and more fierce!

Even though everyone is sparing no effort to penetrate their own cultivation base into Chen Feng's body.

The use of the Grand Asura Luohong Furnace is too exhausting!

Chen Feng's body couldn't bear it anymore, he began to bleed from the seven orifices, and his veins burst out.

boom!

In some places, blood-spattered flowers were born!

Compared with the physical body, at this moment, his spiritual world and Xinghai world are even more devastated.

The entire golden spiritual world reverberated with a huge creaking sound everywhere.

The "sky" is shattering huge cracks!

The golden mental power is fading and consuming at a speed visible to the naked eye.

This heaven and earth revealed a large area of dry and cracked ground!

In the Star Sea World, the Candle Nine Yin Star Soul and the Roaring Sirius Star Soul wailed again and again.

Chen Feng could even feel the pain, anger, and fear of being deprived of their power.

Even the leaves of the seedlings of World Origin were trembling slightly.

A few drops of dew have already fallen.

But, after all, it is limited.

Chen Feng has fallen into madness at this time!

He took out various golden pills from the golden reincarnation jade medallion, and poured his head into his mouth.

Hum!

A terrifying force broke out again in the body, and he actually pulled the slump back again.

"Ha...Haha..."

Chen Feng laughed tired and crazy: "I have to thank Zhong Li Shijia."

The possessions of the second and third bosses are now used by him as a counterattack.

But, nevertheless.

The huge Hengtian Crossing the Sea Soul Breaking Array covering the outside is still being completed at an unstoppable speed!

Onlookers have begun to recognize the dust.

Just now.

"Since I am awake, let me help little friend Chen Feng."

Immortal Mo Rin said, stepping into Chen Feng's body.

Just like they borrowed the flesh to use it before!

At the next moment, Chen Feng only felt that his whole body was filled with a powerful force.

The Supreme God Demonized Dragon Technique suddenly began to operate on its own.

The several bloodlines in the dantian were instantly excited.

The almost shattered body, in an instant, seemed to flow through countless warm currents.

boom!

The next moment, Chen Feng opened his eyes fiercely.

Cold light bursts!

In his eyes, there seemed to be a blazing fire beating.

Cang!

Fire is everywhere!

The gods are like white practice, carry through the day!

"Break it for me!"

At this moment, the voices of Immortal Mo Rin and Chen Feng sounded together.

"The soul is silent!"

That is the martial skill used by the Immortal Mo Rin.

[Chapter 5715: Who is she!](#)

With this order, the world suddenly turned into blood red!

The endless aura was madly sucked into Chen Feng's body, and finally turned into that shocking sword.

Taishang Zhushen cut, and Mo Rin immortal cut it at the same time.

Go up against the sky!

Surprisingly, through the barrier of the blessed land, rushed to the heavens!

boom!

The Soul Breaking Array, which was about to be completed, was actually split by this knife.

After doing all this, Chen Feng turned his head and shouted at one of the Zhenwu Red Sun Returning Soul Array.

"Wuya Taoist, what are you waiting for!"

This voice was from Immortal Mo Rin.

Before the words fell, only a burst of hearty laughter reverberated in the world of Beidou Fudi.

The laughter came from the avatar of Taoist Wuya in the center of the big formation. At this moment, no one thought he was laughing.

That voice seemed to come from the Netherworld!

Across time and space!

Fairy Yuheng on the side seemed to have suddenly realized something, his face suddenly changed.

She couldn't help but exclaimed:

"It's the power of time and space!"

"The souls wandering in the heavens and worlds have returned to their place in the past!"

"The Taoist Wuya is preparing to take the initiative to resurrect!"

He and Chen Feng, one alive and the other dying, have reached a weird cooperation!

Sila —

As if something broke.

The avatar of Taoist Wuya suddenly began to be surrounded by a gray-black power.

Countless yin winds began to cry.

In the next moment, the entire formation suddenly formed a golden beam of light upwards!

boom!

Directly penetrate the sky of Beidou blessed land!

Break through the Hengtian Crossing the Sea Broken Soul Array!

Go straight to the farthest and highest point!

Between the heavens and the earth, the vision seemed to be boiling suddenly, completely exploded!

Divine light permeated, illuminating the sky of tens of thousands of miles.

A solemn and majestic mysterious chant, poured into the ears of all the monks below!

Dozens of phantoms of ancient mythical beasts appeared at the same time.

The roar is so loud!

Chen Feng's death was finally relieved at this moment!

He took a deep breath, as if a drowned person suddenly regained the air, feeling extremely embarrassed.

But he couldn't help but laughed loudly.

"It's done!"

"I resurrected one!"

The Taoist Wuya at this time is no longer the clone before.

He has become a true Taoist without a cliff!

Wuya Taoist is also changing.

More and more power returned, his body became more and more magnificent, his eyes became deeper and deeper.

Thousands of stars seem to be hidden in the eyes, not majestic and angry!

The whole gives people only an intuitive feeling—

Domineering!

Absolute domineering!

Of course, at this moment, Chen Feng suddenly turned pale, and opened his mouth to bleed again!

The body collapsed again.

Outside, there was an exclamation.

Zhong Li's family still couldn't hold back after all.

Another strong one joined the three strong ones, and a fourth blood-colored light beam appeared.

The Hiding Heaven Crossing the Sea Broken Soul Array once again began to heal the gap at a terrifying speed.

And the second Zhenwu Chiyang Soul Returning Array is still at the most critical moment!

"Boy, you're waiting here, I will go back as soon as I go."

After Wuya Taoist said, he stepped out of Beidou blessed land.

After a while, there was an earth-shattering noise outside.

Chen Feng gritted his teeth and turned to look at the ray of the woman's soul in the last big formation.

"Generally speaking, we have to hold on for another hour!"

Gong Licheng on the side heard the words and immediately defended:

"It may not take that long."

"That's the most amazing woman in the world I came from!"

Just as the words were spoken, the voice just fell, and the only remaining Zhenwu Chiyang Soul Returning Formation suddenly changed.

Oh oh oh!

Yin Feng began to scream!

A scene that everyone hadn't thought of appeared.

Only then did the Taoist Wuya resurrect, and the wind was huge, but it was also controlled within the altar.

But at this moment, in the Beidou blessed land, the altar is the center.

Between the sky and the earth, it's gray and black!

Chen Feng's complexion changed drastically.

The world turned into blood red in an instant!

The only remaining Zhenwu Chiyang Soul Returning Formation also burst out with a dazzling beam of light.

Go straight to the sky!

Inside and outside the Beidou blessed land, the radius of a radius is completely covered by the vision of heaven and earth!

The unprecedented strong murderous aura, even stronger than when the Taoist Wuyao was resurrected!

"Qiang Qiang—"

Phoenix Yu Fei, He Ming Qiang!

The entire sky turned into a sea of blood, and a blood-colored phoenix flew out from the bottom of the sea.

Go straight to the nine heavens!

However, when you look closely, everyone will quickly find out.

The vast sea of blood above my head is actually a vast sea of fire!

In the endless fire of karma, the phoenix reborn from the ashes!

"Who is this person!"

Everyone was completely stunned.

Although, everyone knew that Chen Feng would be resurrected would not be an ordinary person.

But this one is more powerful than one!

Many people have come to the top of the sky for hundreds of thousands of years, and they have never seen such a grand scene.

At this moment, above the altar.

Chen Feng was flushed all over, bleeding from his seven orifices.

The Supreme God Demonized Dragon Art has actually operated to the extreme on its own.

In the world of Dantian, all blood vessels began to tremble crazily and began to boil!

"Who is this person?"

"Such a powerful bloodline is several points stronger than Jiang Yunxi!"

In order to forcibly urge the two to resurrect, Chen Feng had already tried his best to exhaust his cultivation.

At this moment, he was completely red!

In the Star Sea World, the three star souls began to tremble at the same time.

Especially the roaring Sirius Star Soul!

Chen Feng felt unprecedented excitement and joy from it for the first time.

"Why is this? Could it be that the woman Gong Licheng wants to resurrect has a connection with the roaring Sirius family?"

But, soon, he no longer had the energy to think about it.

In the blood-colored beam of light, the red-colored Yinfeng instantly tore a huge spatial crack.

Snapped!

A jade hand grabbed the crack.

Then, a beautiful shadow came out of it!

What a peculiar woman this is!

Zhu lips opened and closed slightly, red as blood.

The eyes are as silky as silk, but with the heroic spirit that the world can't match.

A green silk is like coming from Jiuyou, without wind.

The exquisite body, with a full grip on the waist, is firmly covered by the ancient plain armor.

Obviously, he felt as if he had just come from purgatory on earth, but spotlessly clean.

Clean as new!

Chen Feng's heart beats wildly, and blood rushes like ten thousand horses in the meridians.

It will explode almost anytime!

From the Dragon Vessel Continent all the way to the top of the sky, Chen Feng has also seen many strange women.

But I have never seen such a special person.

In front of her, Fairy Yuheng and Zhong Li Yaoqin couldn't help being inferior.

"Who are you?"

"Why does my blood resonate so intensely!"

During the monstrous hurricane, Chen Feng kept whispering.

A **** vision began to appear on the top of his head, as if some kind of extremely trembling vision began to appear. At this moment, the golden seal deep in the golden spiritual world trembled slightly.

Hum!

A mysterious power that seemed to come from a distant world once again slammed Chen Feng's head!

[Chapter 5716: memory!](#)

Shengsheng shattered his vision that was about to take shape!

boom!

Chen Feng was hit hard and couldn't hold it anymore.

A mouthful of blood spewed out, and the whole person flew out.

At this time, the Zhenwu Chiyang Soul-Returning Array was completely activated, and he didn't need to continue to support it.

The mysterious woman summoned by the wisp of spirit has been completely resurrected!

"what."

The woman seemed to sense something and turned to look in the direction where Chen Feng flew.

Zhu opened his mouth lightly, spitting out a single syllable that was as crisp as a yellow eagle out of the valley.

Not far away, Gong Licheng was already excited and burst into tears.

"Shangqiongbi down Huangquan, I finally see you again!"

"Mu Jiuyou!"

boom!

Chen Feng began to lose consciousness.

Everything in the body seemed to have been swept by violence, and it was devastated.

The great Xiu Luohong furnace had long been unable to hold, and fell to the ground, making a heavy noise.

The three hundred and sixty-five stars, sun, and moon in the Xinghai World, almost exhausted their light, and became barren.

Like a death star!

His injury is too serious!

"Am I going to die..." he thought so.

Of course, the next moment.

An unprecedented force was instantly injected into his body.

That feeling is like a long drought and rain!

All the broken meridians were instantly repaired as before.

In the star sea world, all the dim stars suddenly lit up with a faint light again.

In the torn apart golden spiritual world, on the dry and cracked earth, the golden spiritual world skyrocketed rapidly.

Chen Feng floated high.

The wound on the surface healed quickly and disappeared.

The bleeding seven orifices recovered as before.

Very far away, Tianchou Beast Slave and others had already stared at this scene dumbfounded.

I saw the bare-boned woman who had just been resurrected lifted up with one hand, releasing a mysterious power she had never seen before.

A very fine breath, but there is a grand atmosphere!

As soon as he entered Chen Feng's body, a strand of unprecedented primitive and mysterious power fell down!

Watching from afar, you can feel the power of suppressing the mountains and rivers of the world!

"What kind of power is this...?"

It is countless times stronger than the power of stars! Countless times richer!

It seems to be incompatible with this world!

Gong Licheng laughed madly.

"Hahaha...that is, the original star power of the Great Zhoutian!"

"She, from the great world!"

Hum!

Chen Feng was hooked by that mysterious power and came to the plain-clad woman.

The strong resonance caused by the blood between the two was actually suppressed by her at this time.

Between heaven and earth, the phoenix vision gradually disappeared.

Mu Jiuyou's eyes fell on Chen Feng, unable to see any emotions.

After a while, her brows wrinkled slightly, and then between her index fingers, she gently touched the center of Chen Feng's brows.

In an instant, the depths of Chen Feng's golden spiritual world were like a sea of anger!

A powerful, unstoppable force, only penetrates the entire spiritual world.

Accurately rush to the golden seal that stretches for thousands of miles!

As soon as Mu Jiuyou was resurrected, he reached out and touched the sealed memory of Chen Feng!

Click!

A tiny crack appeared in the golden seal like the Great Wall of China.

Chen Feng's mind buzzed and exploded!

He remembered a lot of things!

He remembered how many years ago he was still three years old, imprisoned in a water prison.

All kinds of slender gold needles are inserted on his head, and his limbs and torso are bound by countless chains.

Those chains are thin and thick.

The thickly penetrates a layer of faintly glowing formations and connects with the four walls.

Thin and deep into his skin, flesh and blood.

There were many immortal cultivators standing around, all expressionless.

And among those cultivators, there was a young man who looked seven to eighteen like him.

Just seeing that familiar face, Chen Feng felt a deep hatred in the depths of his soul!

He hates it!

Angry, hate to the bone!

"My... good brother! You use my soul and my bones, but you can still feel at ease!"

At the next moment, Chen Feng completely lost consciousness.

There was darkness before his eyes.

Chen Feng seemed to have entered an extremely long dream.

In the dream, he didn't seem to be Chen Feng, but another child.

In his dream, he has lived in a huge world since he was a child.

There is a huge garden that can accommodate dozens of small thousand worlds!

It stretches infinitely!

Just like a fairy heaven.

In that huge garden, there is a huge lake with a white tower on it.

Chen Feng seemed to be overlooking all of this, looking at his young "self", and sneaking into the white giant tower.

"Uncle, I'm here to play with you again!"

The skinny "self" can easily push open the gate of the giant tower.

Inside, there is a young man trapped in chains.

With only one glance, Chen Feng completely "buzzed" in front of his eyes, completely stunned.

"How can it be!"

"what on earth is it!"

He yelled frantically, looking madly at the endless darkness around him.

"Why is my uncle, my master, imprisoned in this white pagoda?"

"What the **** is this place!"

"Who the **** am I!"

In front of him, the one who was crossed by countless large and small chains was not Yan Qingyu, but who could it be!

Yan Qingyu at this time looked a lot younger.

Although his body has many wounds and extremely deep injuries, he hasn't attacked the source.

A thick blood scab can still be seen on a mysterious robe.

In this way, Yan Qingyu was trapped here with disheveled hair, but still smiled when he saw the person coming.

"You're here..."

You're here!

The familiar voice instantly seemed to come from the distant sky.

Chen Feng's spiritual consciousness was pulled away in an instant, and he could no longer look back any further.

He yelled desperately.

Returning to his senses, his eyes suddenly cracked.

The blue sky brings in the eyes.

The surroundings are very quiet.

The next moment, several familiar faces scrambled together, leaning over to look at him.

"Chen Feng, you finally woke up!"

"I just said, Big Brother's life is so hard that it won't happen easily, hehe."

Chen Feng's gaze flicked across familiar faces.

"Tiancan, Yuheng..."

He sat up slowly, but his breathing was still rapid.

The feeling of blood spurting continued, Chen Feng felt a little bit, and turned his head to look behind him.

The plain-clad woman, standing at attention with her hand holding her hand, was talking to Gong Licheng.

When Chen Feng looked over, she seemed to have noticed it, and turned sideways to look at him.

"You are from the great world."

Chen Feng's voice was very determined.

In order to complete the two Zhenwu Chiyang Soul Resurrection Arrays and fight against the three hidden masters sent by Zhong Li's family, Chen Feng almost walked through the ghost gate.

Three hundred and sixty-five stars in the Xinghai World, the sun and the moon are dry!

The spiritual world is on the verge of collapse!

All blood vessels in the pubic world are burning!

The flesh is even more broken, the seven orifices are bleeding, and the whole body is bloody!

But at the moment, all his injuries are healing.

With a speed that is visible to the naked eye, and an extremely terrifying speed, heal quickly!

[Chapter 5717: The strong from the great world!](#)

At this moment, there was a voice roaring in Chen Feng's mind.

"What is my identity!"

"Why? Why do I have the flesh-and-blood sensitivity to Yun Potian, but was told by the Southern Huangtian Emperor that Yun Potian is not my biological father?"

"Why is there more than one spiritual seal in my spiritual world?"

Chen Feng already knew that the first few spiritual seals were set by his uncle, the master Yan Qingyu.

But I didn't expect that after those layers of seals, there will be seals!

In the Xinghai World.

The world-origin sapling rooted on a stone shook off a few drops of dew at this moment.

In an instant, Chen Feng's excited heart suddenly calmed down.

He looked down at his star sea world.

The power of the stars began to recover.

Three hundred and sixty-five faint stars, sun and moon, once again resonated with the stars in the distant universe.

After echoing in the distance, a faint light reappeared.

But there is something different.

Chen Feng looked closely.

Then, the pupils suddenly enlarged!

I saw some tiny dust gradually floating around all the stars, the sun and the moon.

On closer inspection, where are those just dust?

"galaxy!"

The sun, moon, and stars in the star sea world need to derive their own complete galaxies in order to reach the Great Perfection of the Shifangdong Heaven Realm.

And in Chen Feng's Star Sea World, the number of sun, moon and stars far exceeds that of ordinary people!

It has been a long time since the number has stabilized, but the process of deriving galaxies will be delayed.

But I didn't expect that this step would actually come to this time!

Even if this crucial step has already been taken.

The galaxies surrounding the more than 300 suns, moons and stars are far from complete and stable.

There are constantly the birth of the last planet, and then its annihilation.

They are like a very inconspicuous tiny bit in the vast universe.

Chen Feng's cultivation is slowly recovering.

After a while, he had reached his original peak state.

However, the cultivation base is still rising!

The peak just reached, unexpectedly has a new overflow!

However, in the end, he still didn't reach the eleventh cave of the Shifang Cave.

It's far from the twelfth hole of Dzogchen's Shifangdong Heaven Realm, and even more so, close to the end of the world!

Chen Feng closed his eyes.

I opened my eyes again, and all the previous emotions had been reduced.

He looked at Taoist Wuya with a small smile on his face.

"Congratulations to the resurrection of Taoist Wuya, the younger generation has fulfilled their promise to you."

The Taoist Wuya in front of him didn't seem to have changed.

Even the cultivation base is still in the original Three Tribulations Land fairy realm.

But no one can admit wrong.

This is not a clone!

The Taoist Wuya in front of him is very arrogant!

His eyes penetrated the void far away, as if he could directly cross time and space!

Such a spirited spirit is absolutely impossible for a clone to possess.

Everyone understands that today's Wuya Taoist must be accumulating.

However, Chen Feng still wants to prove one thing.

"I don't know how many avatars the Taoist Wuya still retains."

The doppelganger Wuya Taoist can be regarded as concentric to Chen Feng and to the entire Beidou Blessed Land.

But who can be sure that the same is true of the resurrected original body now?

The same question was faced directly on Mu Jiuyou who had just been resurrected.

"Re-introduction, this is the world's first **** of war in ten thousand years, Mu Jiuyou."

"She is from the big world!"

Following Gong Licheng's introduction, Chen Feng looked at Mu Jiuyou again.

The original star power of the Great Zhou Tian was sufficient to prove this point.

Mu Jiuyou has a very special identity!

She is a strong man from a certain big world!

However, the cultivation of Mu Jiuyou in front of him was weakened a lot.

After all, just resurrecting with a wisp of spirit as a primer, the starting point is really too low.

In addition, Chen Feng later did not have enough cultivation base to support her regaining more strength.

All in all, at present, this plain-clad woman also only has the cultivation base of Three Tribulations Earth Immortal.

With just a wisp of soul, at the time of resurrection, he will have the same strength as the Taoist Wuya.

This woman deserves to be a person from a thousand worlds!

Looking aside, Gong Licheng looked excited and regretful, and Chen Feng felt calm.

In fact, from the beginning, he decided to resurrect the two at the same time, so he had an idea.

After the resurrection, the two people are considered to know each other again.

Whether the two can be combined with Chen Feng and the Beidou team is not yet known.

It is one thing to promise a resurrection.

But Chen Feng had to have a deeper consideration.

Otherwise, he exhausted his energy and tried his best to resurrect the two of them, which would be of no benefit to him, and it would be too bad!

Standing on the top of the sky and having come to their class, Chen Feng can stick to his morals, but he will never do useless work.

He fulfilled the promise of swearing by the will of heaven.

Now, the two people in front of the change have expressed their opinions.

"Your name is Chen Feng? I can join your Beidou team."

Mu Jiuyou went straight in, and instantly gave Chen Feng a reassurance.

Her beautiful eyes flowed, staring straight at Chen Feng.

"However, I am optimistic about this team because of you."

"I didn't expect you to be alive..."

Hearing this, Chen Feng's face shrank.

Obviously, Mu Jiuyou's words contained a lot of information.

She obviously knows his identity!

And also know some of the secrets!

Chen Feng immediately took a step forward, with a slightly urgent tone:

"What do you know?"

However, Mu Jiuyou just smiled, and then took his gaze away from Chen Feng leisurely and began to look around.

Just now, Gong Licheng had already informed her all about the top of the sky.

"I've heard of the top of the sky."

"But, there is a big discrepancy between the people I know here."

"interesting..."

Mu Jiuyou opened his lips lightly again, and opened his mouth again to utter astonishing words.

As soon as these words came out, not only Chen Feng, but also Fairy Yuheng and others, their expressions were shaken.

Everyone looked at Mu Jiuyou together.

Mu Jiuyou's gaze swept over everyone, and then the corners of his lips slightly curled up, but his complexion was still extremely cold.

Just when she was about to say something.

Suddenly, there was a loud voice above my head.

The loud noise, like the voice of Hong Zhong Da Lu, resounded through the sky!

"Fairy in the sky, Chen Feng, create a forbidden technique, according to the rules of heaven, he should be punished!"

As soon as the sound fell, a huge blue beam of light fell from the sky in an instant!

The one-hundred-meter beam of light easily penetrated the barrier of the Beidou blessed land and directly locked onto Chen Feng.

Before everyone had time to react, Chen Feng disappeared in the cyan light beam.

There was a flower in front of Chen Feng's eyes.

In an instant, an unprecedented powerful force firmly controlled it.

The Taishang Yuqing Nine Shou Zhen tactics turned to the extreme in an instant.

Countless secret and complex Dao Yun will fall, falling on him.

Chen Feng could clearly feel that it was an incomparably powerful Daoyun will. If given enough time, he can even analyze them one by one.

[Chapter 5718: test!](#)

But, right now, he doesn't even have the power to resist.

The strength between him and the Lord of Heaven is too far apart!

How does the fluorescence of the floating grass compare to the bright moon of the heart of heaven?

This feeling made Chen Feng gritted his teeth.

Unwilling!

For some reason, he disliked the feeling of being unable to control the situation.

It's like exuding from the bones of instinct.

The powerful control didn't last long on Chen Feng.

The next moment, I stepped on the ground under my feet.

There was a vast expanse in front of him.

Chen Feng didn't know where he was at the moment.

This is an unfamiliar area on the top of the sky, he has never before.

The sky above my head is tens of thousands of miles high!

The ground beneath your feet also stretches without boundaries.

Looking far away, there is no end in sight, nor can the divine consciousness be tens of thousands of meters away!

Even more frightening is that here, the power of the stars is extremely thin.

Even worse than the Dragon Vein Continent!

"This is not a place of exile, is it?"

Chen Feng muttered to himself.

Hum!

Before the words fell, a cyan beam of light suddenly appeared in front of him.

And what appeared along with the cyan light beam was a familiar figure.

Guarding in front of the huge bronze gate on the top of the sky, the golden armored **** general!

The alien who was bought by the Zhongli family!

However, upon closer inspection, Chen Feng quickly found a slight difference.

The one guarding outside the giant bronze gate was more than three hundred meters tall, and was covered by extremely heavy golden armor.

And the one in front of him is no more than a hundred meters away.

Although they also wear golden armor, the weapons in their hands are different.

This is a Fangtian painted halberd.

And this **** general's only exposed eyes also burst into a cold light.

As soon as he saw Chen Feng, he rushed towards him.

The majestic murderous aura was overwhelming, and it hit Chen Feng!

In an instant, Chen Feng's blood coagulated and his back was chilly.

He has almost no room for parry!

Is it just so dead?

"I'm not convinced!"

Chen Feng gritted his teeth and shouted at the sky:

"Heaven is the ruler, I understand that Chen Feng will die if I die!"

"You never mentioned that the Hyakki Yexing Soul Recalling Truth is a forbidden technique!"

"Or, nowadays, the Lord of Heaven can dispose of whoever he wants to dispose of?"

After that, Fang Tian painted the halberd.

Chen Feng tried his best to operate the Taishang Yuqing Nine Shou Zhen Jue.

It's too late to say, it's fast, and the power that bound him disappeared instantly.

Keng!

A loud noise!

Chen Feng flew upside down from a hundred meters away.

Although he was embarrassed, he didn't suffer any injuries.

The huge voice sounded again.

"Chen Feng, the immortal disciple in the sky, resurrected the people of the great world, and brought great disaster to the top of the sky."

"The crime is punishable!"

In Chen Feng's mind, he remembered the words of Mu Jiuyou not long ago.

"There is a big discrepancy between the people I know here."

Chen Feng suddenly reacted to something between the lightning and flint.

At the top of the sky, will there be no access to the great world at all?

Whether all the aboriginal people here, or the geniuses later absorbed, are they all from various small and medium-sized worlds?

And the reason why the Lord of Heaven took him captive to this unfamiliar place, instead of punishing him in public.

There is no ban on private fights!

Chen Feng's heartbeat gradually accelerated.

The Lord of Heaven is testing him!

Boom! Boom! Boom!

The Golden Armor God will kill him again.

It is extremely indifferent, like a puppet without feelings, only knows how to fight.

It will always regard Chen Feng as the target of killing until the Lord of Heaven calls a stop.

"Heaven is the ruler, let's talk!"

Chen Feng once again ran the Taishang Yuqing Nine Shou Zhen Jue, avoiding the golden armored general, and said loudly.

However, all he waited for was the killing intent of the Golden Armored God General!

Fang Tian's painted halberd struck again.

Clang!

This time, Chen Feng flipped his hand and took out the Qingqiu Tianlong Sword, and resisted the blow head-on.

Unexpectedly, he did not fly out.

The golden armored general in front of him is not as strong as the one guarding the gate!

"It seems that only by defeating the Golden Armored God General in front of me can I be qualified to negotiate with the Lord of Heaven."

After confirming this, Chen Feng calmed down.

His eyes were like torches, and his whole body instantly burst into a majestic, domineering murderous aura.

The golden armored general in front of him, although his strength is not far away from him, can't say that he is also in the Four Tribulations Dixian Hinayana!

And Chen Feng's current strength, although it can be compared with the Three Tribulations Earth Immortal.

However, in the Lingxu Land Fairyland, the Three Tribulations Earth Immortal and the Four Tribulations Earth Immortal are still a stark difference!

This battle is still a life of nine deaths!

Chen Feng did not easily use the Taishang Yuqing Nine Shou Zhen tactics.

The speed and response of the Golden Armor God General is extremely fast.

Blindly dodge and delay time, try to lengthen the battle and bring down the opponent, which has little effect on him.

That being the case, in this special space where the power of the stars is thin, it is better to use every bit of power to the limit.

storm!

"Buddha's angry eyes, lion roaring power!"

In the Star Sea World, the half-empty and half-real phantom of the ancient Buddha also lit up slightly.

In an instant, the purple-white light flourished.

It is stronger than any time in the past!

An unprecedented strong lion jumped out of the void behind Chen Feng.

Above it, the Buddha carrying him is even more solemn and angry!

"Roar!"

The lion raised his head and roared, and every inch of flesh exploded with terrifying power.

It leaped fiercely, leaped across the void, and rushed straight at the Golden Armor God will open its blood basin and pounce away.

The Buddha on his back stared at the golden armored **** general, stretched out a finger, and pointed straight at the center of his brow!

Time, almost stopped in an instant!

at the same time.

"Heaven and earth reincarnate in heaven and earth!"

In the space of the overturning world, the huge blue pupil suddenly opened!

The faint blue light illuminates the entire space instantly.

Strong spiritual power, come out!

Suddenly, the raging sea shook the waves, rushing to Menglang, followed closely!

Chen Feng had already experienced the golden armor outside of the Golden Armor, which had a special material.

At this moment, the only thing that can win the opportunity is mental attacks!

Sure enough, the attacks of the two spiritual powers, with Chen Feng's current strength bonus, shine!

boom!

The golden armored general in front of him was actually sealed for a moment!

"It's now!"

Chen Feng didn't hesitate, and immediately, with the other hand, the golden spiritual power condensed into a long sword.

Two long knives, held high at the same time!

"Too high to punish God!"

Chen Feng shouted violently, the stars of Xinghai World were shining, and powerful forces burst out.

Candle Nine Yin Star Soul and Roaring Sirius Star Soul roared together.

Even the Qingqiu Heavenly Dragon Sabre in his hand was trembling with excitement.

The soul of the sword appeared, murderous!

Chen Feng leaped high, gritted his teeth and struggling to chop off!

boom!

With two knives, it cut a hole!

Chen Feng's heart slammed, eyes full of bloodshot eyes, and he was running at full capacity without saying anything.

But, at this moment, another powerful force overwhelmingly locked it firmly in place.

"Could it be that my life is at stake?"

How unwilling Chen Feng is!

At this point, the Lord of Heaven has intervened!

[Chapter 5719: Secret Realm of Gods and Demons! Fallen ancient star!](#)

Otherwise, even if the Golden Armored God General could not be severely injured, at least he could be injured.

But the next moment, no murderous aura was felt around.

Even the breath of the golden armored **** general disappeared.

The restrained power disappeared again.

"Chen Feng, you passed the test, and now you are qualified to talk to me."

The huge voice sounded again.

Hearing this, Chen Feng's heart suddenly loosened!

He won!

However, failing to hit the golden armored general, his heart was still somewhat aggrieved.

The power of the gods is too strong!

It's definitely not what he can think of now.

Chen Feng put away the double knives, looked at the chaos around him, and swallowed that breath forcibly.

Today, he is inferior to human skills and has nothing to say.

However, as long as he is given enough time, one day, he will dare to challenge the sky!

Opening his eyes again, Chen Feng's eyes have returned to calm.

"Hyakki Yexing Soul Calling Scripture is not a forbidden technique, nor is it said in the rules of heaven that you cannot resurrect others."

"What's more, talents like Taoist Wuya, I think, the top of the sky should be very welcome."

His eyes became deeper and deeper, and his tone was determined:

"Therefore, you brought me here because I resurrected a person from the great world."

"Heaven's ruler, am I right?"

Heaven dominates the vast voice, and replied indifferently:

"It's true."

Chen Feng said nothing but said: "Tell me what I can know."

After a short dead silence, the huge voice sounded again.

A heavy sigh came into Chen Feng's ears.

"Chen Feng, I want to choose you..."

After hearing these words, Chen Feng's eyes suddenly widened.

The blood is boiling!

The fists were clenched and loosened several times.

In the end, his eyes were firm and he nodded.

"Yes, but I also have my conditions."

...

After half an hour, a heavy news swept across the top of the sky!

"Visit the strong man in that secret realm and return in defeat!"

"Countless great powers are lost in the ancient star of Luoshen!"

"I heard that they didn't even see the legendary treasure!"

This news quickly spread throughout the top of the sky.

All the powerhouses in the blessed land are shocked at the same time.

"Duan Xingzhi actually lost?"

In the Beidou Fortune Land, Fairy Yuheng was surprised, and also showed an unbelievable expression.

Mei Wuxia looked at her with a look of doubt.

"Sister Yuheng, what's the matter?"

Fairy Yuheng's red dress was like a fire, putting aside the wine in her hands, and stood up.

"Duan Xingzhi and Duan Xinglan brothers, you are no stranger."

"They have invited me to join their team several times before."

"Just to return to the ancient Luoshen on the periphery of the ruins and explore a special secret realm."

Speaking of this, Fairy Yuheng looked into the distance.

"It is rumored that there is a legendary ancient treasure-the realm of reincarnation!"

As soon as these words came out, even the Taoist Without Cliffs, Immortal Mo Rin, and even Mu Jiuyou, who were cross-legged and concentrating not far away, all looked over.

"In the rumors, you can explore the previous life, you can see the next life, the state of reincarnation?"

Fairy Yuheng nodded.

"Exactly!"

Immortal Mo Rin couldn't help laughing when he heard this.

"Unexpectedly, after so many years, I can still hear the proud works of old friends."

As soon as the voice fell, Void was suddenly torn out a hole.

Chen Feng stepped out of one of them.

"What is the origin of the reincarnation, let's just listen."

"Chen Feng!"

"Big brother, are you okay?"

"Brother Chen Feng!"

...

Everyone looked at Chen Feng with surprise.

The next moment, people are surrounded by groups in the center.

Chen Feng smiled and waved his hands: "I have nothing to do, but I have gained a lot."

As he said, he once again brought the topic back to the mirror of reincarnation that everyone had just discussed.

"Yuheng, I just heard you say that Duan Xingzhi and others returned from a defeat just for the mirror of reincarnation?"

Fairy Yuheng nodded, then shook his head.

"It is for the mirror of reincarnation, but not just for it."

Speaking of this, she looked at Chen Feng:

"The secret realm is called the secret realm of gods and demons."

"Mystery of Gods and Demons?"

Sure enough, Chen Feng's complexion immediately shuddered, and he immediately became serious.

"Could it be that this secret realm is still related to the Avenue of Gods and Demons?"

Fairy Yuheng spread his hands and shrugged: "Who knows? That's what he said anyway."

She paused and continued:

"When you were away, I went to investigate."

"According to those survivors, in the mysterious realm of gods and demons, in addition to the mirror of the ancient treasures, there is also a technique."

Upon hearing this, Chen Feng had already made a decision in his heart.

This mysterious realm of gods and demons, it seems that he must go to see it.

Said that he could explore the previous life and see the mirror of the reincarnation in the afterlife, Chen Feng did not feel much enthusiasm.

His heaven and earth reincarnated in heaven and earth, and there were three huge vertical pupils in the space.

The first one to release the blue light was a mass mental attack.

The third one formed a demon heart with black light, which was used for individual control.

The second one released white light.

It can also explore the past life, glimpse the afterlife, and even create illusions with it.

Compared with it, Chen Feng was more interested in that exercise.

Millions of years ago, the Avenue of Gods and Demons inexplicably declined and dried up in various worlds.

The gods and demons of various parties can hardly move on this road.

Even Chen Feng just had a fragment of the first volume of the Supreme God Demonizing Dragon Art.

Only the fragments of the first volume have been identified as the ninth grade of Hong!

Now, Chen Feng has been practicing for a long time.

The only two levels of Xuanhuangjuan's fragments, where the melt is the furnace and the refining furnace is the tripod, Chen Feng has already entered the halfway.

"It's a pity that the bloodlines of the gods and demons are too few. So far, I haven't absorbed the twelve complete bloodlines of the gods and demons."

Chen Feng's heart moved slightly.

Since the news of the Secret Realm of Gods and Demons can reach his ears, it can naturally reach more people's ears.

"Perhaps, this time going to the Secret Realm of Gods and Demons, I can meet many bloodlines of Gods and Demons."

Thinking of this, Chen Feng's eyes became brighter and brighter.

"I want to go, Fallen Ancient Star!"

However, as soon as the words were spoken, Fairy Yuheng poured cold water down.

"Chen Feng, you can think about it, it's an ancient star of falling goddess."

"Even the ancient gods have fallen there!"

If this is not the case, with Duan Xingzhi and others preparing for a long time, it is unlikely that most of the casualties will be killed, and they will return in embarrassment.

Even Gong Licheng and others frowned.

"Duan Xingzhi also invited me."

"It's just that I was thinking about resurrecting Mu Jiuyou, so I didn't dare to take risks easily, so I politely refused."

Now, people have been resurrected.

This falling **** ancient star, he really wanted to make it.

"Since you are all planning to go, then I will accompany you for a while."

Fairy Yuheng smiled brightly.

Behind Chen Feng, Tiancun Beast Slave and others need not say much.

Zhong Li Yaoqin hesitated.

"I want to go back."

[Chapter 5720: One person, challenge the three best immortal gates!](#)

Xuanhuang Zhongqian World, after all, is her father's homeland, with the Tianshu Sword Sect that she can't let go of.

Chen Feng nodded.

"No hurry, I'll go back with you first, and it won't be too late to go to the Fallen Ancient Star."

In Xuan Huang Zhong Qian World, Chen Feng still has things unfinished.

With his current strength, this Xuanhuang Middle Thousand World Eastern Desolate Immortal Territory can almost be swept away.

It is time to fulfill the promises made to the Yuxu Fairy Gate in the past.

Not only that, Chen Feng has a huge plan.

He wants to develop the Galaxy Sword Sect into the No. 1 Super Grade Fairy Gate in the Eastern Wilderness!

The passage that was blocked by the Yuxu Immortal Gate in the past, he wants to unblock it again!

He wants the sentient beings of the Dragon Vein Continent to have a broader world!

"In that case, Yuheng and Gong Licheng, you continue to explore the secrets of the gods and demons. If there is news, you will come to me in time for Yuheng."

After confessing some things about the Tiancun Beast Slave, Chen Feng and Zhong Li Yaoqin spoke together.

"Heavenly Dao ruler, I want to return to the Xuanhuang Zhongqian World."

In an instant, a blue light fell on the two of them.

The two of them faded and disappeared.

...

Chen Feng and Zhong Li Yaoqin appeared side by side outside the Tianshu Sword Sect.

But after a while, Tianshu Sword Sect, and even the entire Galaxy Sword Sect, have undergone earth-shaking changes.

Now, the floating mountain of Tianshu Jianzong is high!

It has the same status as the Floating Mountain where the elder Wu and the master of the gate are two.

The majestic Nine Heavens Tongtian River is more surging than before.

In the entire Tianshu Sword Sect, the power of the stars is extremely abundant.

"Chen Feng? Sect Master! You are back!"

Si Konghao noticed the movement for the first time, and immediately rose into the air and appeared in front of the two of them.

With his loud voice, the entire Tianshu Sword Sect was boiling!

Countless figures rose into the sky at the same time, vying to fly in.

The number of people is more than when they left last time!

"I have seen the lord, I have seen the big brother!"

This time, all the disciples in the sect wore the same clothes as Si Konghao, no difference.

Chen Feng smiled and nodded: "It seems that Elder Yue Xinlan has done a good job of rectifying."

Speaking of Yuexinlan, Zhongli Yaoqin also rarely melts the ice and snow.

Si Konghao laughed forward and hugged Chen Feng vigorously.

"Brother, you don't know, now the entire Eastern Desolation Immortal Territory is shuffled."

"My Galaxy Sword Sect is already under the three top first-class immortal doors, the first immortal door!"

"The sect master also said yesterday that when you return, we will soon be the fourth top first-grade immortal door!"

Upon hearing this, Chen Feng smiled.

"The top first-grade fairy gate, is it amazing?"

"I am coming back this time, just to solve the three immortal gates!"

As soon as this remark came out, the audience fell silent for a moment.

Even Zhong Li Yaoqin looked at him unexpectedly.

then.

The audience was in an uproar!

Everyone is boiling!

In their opinion, this legendary big brother can do what he says!

No matter how arrogant he says, it may become a fact!

"Are you coming back this time for this?"

Zhongli Yaoqin's secret tone is heard.

Chen Feng nodded: "I once made a vow of heaven."

After that, he smiled slightly and said, "Please also ask the Sect Master to do me a favor."

...

After three days, a piece of news spread like wildfire.

In just three days, it quickly spread to all corners of the Eastern Desolation Immortal Territory.

The disciple of the Galaxy Sword School, Chen Feng, challenged the three top first-tier fairy gates!

Taiyi Immortal Gate, Ziwei Haotian Palace and Wanling Longevity Sword Sect can send the strongest men to fight at will.

Regardless of life or death!

"Arrogant! It's arrogant!"

There was a loud noise in the Great Hall of Taiyi Immortal Gate.

Xianjun Hong Xi angrily took the case and got up, and the aftermath swept away in an instant.

The person who came to report the report turned pale and fell to his knees.

Immortal Hong Xi looked very gloomy.

"This wicked animal!"

On the side of Gaotang, a young man in a special blue Taoist robe turned sideways and looked over.

The young man has sword eyebrows and star eyes, with sharp facial contours, and his eyes are as deep as the sea.

If Chen Feng was here, he would definitely be able to recognize this person.

It was Chen Chenfeng who was almost killed by him as a sacrifice in the past!

At that time, Chen Chenfeng was full of arrogance and arrogant pride.

But now, all his auras are restrained, his eyes are deep, and he can't see the exact cultivation level.

However, it is far more dangerous than before!

As soon as Chen Feng was mentioned, Chen Chenfeng's eyes burst into sharp hatred.

He looked at Immortal Hong Xi, and said:

"But for a while, this kid dared to be so arrogant, he must have made a breakthrough in his cultivation."

"I also ask Immortal Jun Hong Xi to let me take his head and shame!"

Chen Feng, who used to be half-stepped in the fairyland of Lingxu, was defeated by Chen Feng of the fifth cave of Shifang Cave.

Almost as a sacrifice, no corpse!

If Immortal Hong Xi hadn't given up chasing Chen Feng and rescued him, he would have been a dead soul.

Such a shameful shame, after Shen Chenfeng came back, Ye Ye could not hate herself!

However, Xianjun Hong Xi did not immediately nod his head and agree.

His brows frowned slightly, and he looked a little hesitant!

"Since the kid dared to directly challenge me, the three top-level first-grade immortal gates, I am afraid that this strength is far from the original."

"If you go, it may not be possible."

Having said that, Immortal Hong Xi thought for a while: "Go and ask Elder Wen Lun to leave the customs."

Shen Chenfeng's hands tightened and loosened when he heard the words.

However, he nodded and responded.

After leaving the hall, Chen Chenfeng's face was gloomy as iron, as he walked faster and faster.

It seems that a defeat in the past has ruined the trust of the sect master in him!

"No! My Shen Chenfeng is no longer what it used to be."

"No matter how big Chen Feng's breakthrough is, how many breakthroughs can I have?"

Thinking of this, Shen Chenfeng immediately ordered someone to invite Elder Wen Lun, and he quietly left Taiyi Immortal Gate.

...

Three more days passed.

Outside the Galaxy Sword Sect, there are already a sea of people.

Monks from various forces in the Eastern Desolate Immortal Territory arrived one after another, and could not stop around a floating mountain.

That floating mountain is the arena designated by Chen Feng for the battle.

Looking at this posture, the Broken Jade Conference has never been so lively.

"This Chen Feng is going to die? That's a top-notch fairy sect!"

"Then, don't say it so early. Chen Feng of the Galaxy Sword Sect is placed in the entire Eastern Desolate Immortal Territory, and he is also very famous."

"No matter how much you can break through, you can still break through to the fairyland of Lingxu Earth?"

"The latest news, a disciple of Ziwei Haotian Palace has survived the catastrophe not long ago!"

All kinds of voices flowed into Chen Feng's ears from all directions.

At this time, he was sitting on the side of the ring.

A few days after the news was sent, he waited here for a few days.

On the huge arena with a radius of one thousand meters, a flag was directly inserted by him.

Letter: The First Battle of the East Desolation!

The breeze came slowly, and the red and black flags were hunting.

Everyone saw him and the banner clearly.

He Chen Feng wanted to use his own power to win the name of the first fairy gate of the Eastern Desolation for the Galaxy Sword Sect he belongs to!

Just as the sun sets in the west, another day is about to pass.
