

## Peerless 5721

### [Chapter 5721: But so!](#)

Suddenly, a thunderous sound exploded in the floating mountain.

"Chen Feng, people are too arrogant, they are going to get retribution!"

This sonorous and powerful voice immediately lifted the spirits of all the monks around who were waiting for a good show.

it has started!

Countless pairs of eyes suddenly lit up, scrambling to look over.

The surrounding area of the huge ring was instantly squeezed.

Everyone wants to see and see with their own eyes, this unprecedented shocking picture.

One person fights against the three top one-tier fairy gates!

In the middle of the ring, Chen Feng put one hand on his forehead, and the corners of his mouth closed in contemplation finally rose slightly.

Without lifting his eyelids, he opened his mouth and uttered three words.

"Shen Chenfeng."

As soon as the name came out, the entire ring was lit.

Donghuang Xianyu, who doesn't know the name of Shen Chenfeng, the most talented disciple of Taiyi Immortal Clan?

It's like a thunderbolt!

Many onlookers even mentioned this person's recent foul name.

A disciple, who was less than a hundred years old, was among the three strongest in Taiyi Immortal Gate.

Not long ago, there were breakthroughs one after another, which attracted a vision of heaven and earth!

"Taiyi Immortal Sect actually sent Shen Chenfeng! Chen Feng is afraid it is dangerous."

Listening to words like this, Chen Feng suddenly laughed.

He turned his head to look at the person coming, his eyes teasing:

"I thought that Taiyi Immortal Clan could send some more decent people to die."

As soon as he said this, the warm atmosphere around him suddenly suffocated.

Everyone watched Chen Feng slowly getting up in disbelief.

"Shen Chenfeng, last time by a fluke, he took his life and went back. Why did Immortal Hong Xi dare to send you to fight?"

"This is a fairy gate, is it that you are exhausted?"

crazy!

An idea emerged in the minds of the monks who surrounded the audience.

Chen Feng is not crazy!

Taiyi Immortal Gate's third strongest person besides the sect master, became a joke in his mouth?

When did he fight Shen Chenfeng?

However, the opposite Shen Chenfeng's eyes were as fierce as iron, and his murderous aura became more and more intense.

"Stop talking nonsense! Don't you want to challenge me Taiyi Xianmen?"

"Pass me first!"

Before the words fell, the murderous intent on him broke out!

The fierce light visible to the naked eye radiated in an instant.

The monks around the ring changed their colors and retreated quickly.

Although there is a large array around the ring, such a murderous look is still frightening.

In the next moment, Chen Chenfeng had disappeared before everyone's eyes.

A hurricane!

The cloudless dusk, at this moment, was suddenly covered with clouds.

Boom!

Thunder and lightning!

A thick thunder light slashed straight to the center of the ring.

"This is Taiyi Immortal Clan's unique knowledge, Taiyi Huatian Jue!"

"Permeating through the world with the flesh, turning into a false heaven and descending from the heavens!"

"Unexpectedly, he would have mastered this kind of fascinating knowledge!"

The monks were so excited.

Never expected that this life and death challenge would be so fierce at the beginning!

This level of battle is extremely rare for them!

Even not far away, the disciples of the Galaxy Sword Sect couldn't help holding their breath.

Boom!

When the thunder fell, Chen Feng never moved from start to finish.

An exclamation sounded.

"Hahahaha..."

Shen Chenfeng's laughter rippled on the ring.

He appeared in the eyes of everyone again, but he was a bit more staggered and looked a little embarrassed.

Until this moment, you finally found out his true cultivation.

Half a step, Three Tribulations Earth Immortal!

The audience was in an uproar!

The disciples of Tianshu Sword Sect were all pale.

The peak of the two tribulation earth immortal, half a step and three tribulation earth immortal!

This kind of strength against the sky is simply beyond reach for them.

"Big Brother... is it still alive?"

The audience was silent.

Everyone couldn't help holding their breath, looking around, trying to find the trace of Chen Feng.

However, there is no need to wait for a while.

A familiar voice came from the field.

"Top first-grade fairy gate, but so!"

Hum!

The audience was in an uproar!

After the hustle and bustle dissipated, on the Jiao Shi that was struck by thunder, Chen Feng was safe and sound!

Lei Ting's body, as far as he is concerned, is not painful or itchy!

"It's a big brother!"

"Brother Chen Feng, invincible!"

The onlookers of the Galaxy Sword Sect have experienced great ups and downs.

Can't help it anymore at this moment!

The cheers almost pierced the day!

"This is impossible!"

In the audience, there was only one person staring at the center of the field, unable to believe it.

God knows how long he secretly fought for this counterattack!

Constantly put yourself into death, repeatedly challenge the limit, and endure the pain that ordinary people can't bear!

Even, in order to ensure that this trip is foolproof, he also specially promoted his cultivation.

But he would never think of it anyway.

The man in front of him is progressing more terribly than him!

At the next moment, Chen Feng raised his eyes, and the cold light was approaching the depths of Shen Chenfeng's heart!

"Is this your hole card?"

"Then then, it's my turn."

Before the words fell, Shen Chenfeng's instinctive heart trembled.

A familiar chill is locked firmly in an instant!

"not good!"

Until this time, Chen Chenfeng finally realized that something was wrong.

Chen Feng in front of him, the strength released at this time, completely surpassed the Three Tribulations Earth Immortal!

But his cultivation level is clearly only the tenth cave of the Shifang Dongtian realm!

Even the Lingxu Land Wonderland has not arrived.

how can that be?

Leapfrogging murder is not uncommon, but after reaching the Lingxu Land Wonderland, it has almost disappeared.

Unless there is a special magic weapon, or the golden elixir is taken, it is possible.

However, that can only go one level at most.

Like Chen Feng, he went directly from the tenth cave of the tenth cave to heaven, crossed the great realm, and directly reached the strength of the Three Tribulations Dixie.

I am afraid that it has never happened before!

Until this moment, Shen Chenfeng finally understood the intention of Immortal Emperor Hong Xi for not letting him come.

In the face of this enchanting evildoer with no one before, all geniuses are eclipsed!

He is indeed unworthy!

Don't say the battle, if he doesn't leave at this time, he will probably stay here today.

Thinking of this, Shen Chenfeng turned around and left without saying a word.

Chen Feng made the challenge clear.

This time the challenge to the three top-level first-tier fairy gates is a matter of life or death!

Anyone can kill Chen Feng.

On the contrary, he can also kill all their challengers!

"Shen Chenfeng is... wanting to escape?"

Outside the ring, the cultivators couldn't believe it for a while.

It's just that we played for a round...no, not even a round.

Shen Chenfeng's performance right now was like an imposing manner, he immediately retreated after sending out a killer move and finding it was useless.

This, how does it look like the performance of the third strongest in the dignified Taiyi Xianmen?

"From today onwards, Taiyi Immortal Gate is going to lose face."

Some old men looked at this scene and sighed.

Seeing Chen Chenfeng tearing through the void, he directly released a space jade slip, ready to escape.

However, very close behind his ears, Chen Feng suddenly sounded like a Rakshasa.

"Want to run in front of me? It's just a dream!"

[Chapter 5722: Wu Chi!](#)

Hum!

The bright golden light flashed by.

The next moment, the void that had just been torn into a gap began to recover incredible!

"Do not!"

Shen Chenfeng's face turned pale, and he let out a desperate cry.

The entire martial arts field, at this moment, has been completely covered by Chen Feng's Dao realm!

In other words, in this space, he is the Lord of Heaven!

Shen Chenfeng was completely desperate.

Without saying anything, he crushed a jade talisman, and at the same time turned his hand to throw a large seal.

Fang Yin faced the storm, with the word too, rushing towards Chen Feng.

In a short while, it will be as big as a hill, and it will be pressed straight down!

Chen Feng is no stranger to this type of square seal.

In addition to its weight, this square seal also unleashes terrifying enchantment power.

That is also a kind of Taoist rhyme, instinctively began to contend with his Tao domain.

"Taishang Yuqing Nine Shou True Art!"

Chen Feng turned this mental technique to the extreme in the Yuxu Treasure Jian.

Golden Dao domain, brilliant!

The huge square seal hanging above his head, the Dao Yun on it, is disintegrating!

It couldn't zoom in anymore, and even started to move backwards.

Crush to the top of Chen Chenfeng!

"Absolute strength suppression!"

"Shen Chenfeng, I am afraid that I will confess here today!"

The many monks onlookers were completely crazy.

Chen Feng's strength is really too strong!

Seeing that Shen Chenfeng was about to be crushed, a sound of Hong Zhong Dalu suddenly heard from the horizon.

"stop!"

Boom!

The vigorous voice, like a bell in the morning and a drum in the evening, strikes the spiritual world of everyone present.

All the excitement disappeared like a tide in an instant.

Disappeared without a trace.

Instead, there is unprovoked fear!

Everyone looked in the direction of the sound.

In the sky, a \*\*\*\* glow swiftly shot towards this side, and slammed straight into the ring formation.

The sharp-eyed person immediately exclaimed.

"It's Taiyi Immortal Gate's mount!"

"That's the second strongest under the master Hong Xi Xianjun, Elder Wen Lun!"

"Oh my God, Elder Wen Lun has gone out to challenge!"

"True Three Tribulations Earth Immortal powerhouse!"

Above the red gaze, the golden phoenix screamed from the fire and turned into lightning.

Walking on it is indeed the Elder Wen Lun in people's mouth!

Although Elder Wen Lun was called an elder, he did not look like he was in his early thirties.

Sword eyebrow star eyes, straight into the temple!

Between the eyebrows is full of arrogance!

His eyes were as deep as the vast stars.

Ordinary people may lose their minds when they explore.

Although he wore a white gold-rimmed robe and long sleeves, it was the costume of Taiyi Immortal Gate Supreme Elder, but anyone who knew something about Taiyi Immortal Gate knew it.

Elder Wen Lun, hundreds of years ago, was nothing but the most outstanding big disciple of Taiyi Immortal Clan!

"Chen Feng, I am Taiyi Xianmen and Wuzhi, Wen Lun."

"I am your opponent!"

The implication is that the Chen Feng that Chen Feng is dealing with at this moment is not a true character of Taiyi Immortal Clan.

Upon hearing this, Chen Feng had a meal in his hand.

However, in the next second, a signature smile appeared on his face.

Turning his hand and taking out a Qingqiu Tianlong Sword, the bright blade light illuminates the entire sky in an instant.

boom!

Cut it with one knife!

Without any hesitation!

Everything happened in a flash, even Elder Wen Lun, in Chen Feng's Dao realm, there is no need to return to the sky!

boom!

Chen Chenfeng turned into blood mist almost instantaneously.

No bones left!

Chen Feng held the Qingqiu Heavenly Dragon Sword in his hand, and only then did he put away the golden Dao domain and grabbed all his breath.

He raised his eyes again and looked at Wen Lun not far away again.

"Oh? If that's the case, let's go."

"Don't worry, a dusty wind will not consume much of my strength."

The audience is silent!

I haven't seen it for a while, this Chen Feng, who is known for his arrogance, is really getting more and more arrogant!

Some people slowly turned their heads and looked at their companions.

"Until now, I have a little real feeling."

"Only people who are so arrogant can dare to challenge the three top-level first-grade immortals with their own strength."

This remark immediately caused a lot of repercussions.

Even more bluntly: "In the beginning, I only thought that he was too long and he wanted to die."

"Now I take back what I said."

"Perhaps, he can really create miracles!"

And listening to these words coming in from all directions, Elder Wen Lun's face was extremely ugly.

Chen Feng killed Chen Chenfeng in front of him, only to hit him in the face.

It is the face of Taiyi Xianmen!

Regardless of the outcome of the next battle, Chen Feng's battle today will surely be famous in the East!

And the only thing that can prevent this from happening, there is only one choice—

Kill Chen Feng!

Elder Wen Lun's breath was condensed, and his cold eyes were compelling.

There was a bright light in his hand.

A long straight whip appeared in his palm.

The vertical whip was fluttering with dust, and I couldn't see the specific material, but it released a monstrous breath.

Chen Feng's pupils shrank suddenly, immediately raising his vigilance.

He has Daxiu Luo Honglu Dao tools, and Qingqiu Tianlong Sword, the treasure of the Supreme Soldier Soul.

The aura of the vertical whip in Elder Wen Lun's hand is not weaker than the aura of the sword soul of the Qingqiu Heavenly Dragon Sabre!

It can even be said that there is nothing less than it!

The next moment, Elder Wen Lun swaggered and stepped into the ring.

Hum!

Almost at the same time, the battle began instantly!

Elder Wen Lun had already seen Chen Feng's strength and knew that this person would never be difficult to deal with.

Therefore, what he hit was a preemptive idea.

As for Chen Feng, he didn't think so much.

His only idea is to come, kill one, come two, kill one pair!

The two roared at the same time and quickly approached each other.

The Qingqiu Tianlong Sword and the mysterious vertical whip were lifted high, and simultaneously swung down at the opponent.

"Too high to punish God!"

"Fight God!"

boom!

The billowing air quickly dissipated, almost overturning some monks who were too late to retreat nearby.

Where the two were fighting, an unprecedented atmosphere of terror broke out.

The two figures flew out in opposite directions at the same time.

Chen Feng's golden spiritual world, instantly set off a stormy sea!

It wasn't until the last moment when the two met that he finally realized what was in Wen Lun's hands.

The famous fairy artifact in the legend.

Hit the whip!

However, what Wen Lun held in his hand was not a real whip.

At best, it is just a replica.

But even if it was just an imitation, its power was comparable to the Qingqiu Tianlong Sword.

More importantly, what Wen Lun had just used was to fight the gods!

Even if it is likely to be the same move.

Just like the Hyakki Yexing Reincarnation Scripture to the Hyakki Yexing Soul Recalling Scripture.

But the effectiveness of the two is generally the same!

The same applies to the spiritual world!

Moreover, it is extremely difficult to fight!

With just a whip, Chen Feng almost lost consciousness for a moment.

You must know that in this level of life and death battle, life and death can be decided in an instant!

Taishang Yuqing Nine Shou Zhen Jue runs at full capacity.

In the Star Sea World, three hundred and sixty-five stars, the sun and the moon shine brightly.

### [Chapter 5723: Shameless!](#)

Chen Feng made a decisive decision and disappeared in place.

The moment he disappeared, another whip was already swiped.

boom!

The whole void is shaking!

Elder Wen Lun's complexion changed suddenly when he saw that a blow could not be achieved, and he quickly changed his moves.

However, for Chen Feng, in this way, he is considered to have the upper hand!

Just in order to preemptively, Wen Lun almost suffered the death sentence.

At this time, he must be injured.

Chen Feng couldn't help but secretly rejoice in his heart.

"Thanks to the Bihai Ziluocao."

If it hadn't been for the purpose of moving it into his own spiritual world, Chen Feng would definitely not be able to resist such a mental attack.

"Is this your hole card? Then it's my turn."

Hum!

The golden Dao domain instantly unfolded again, covering Elder Wen Lun in it.

At the moment when he saw Dao Yu, Wen Lun was even a little frustrated.

Others don't know, but he is a person of the three top-ranked immortal doors, he naturally knows in his heart.

After being asked to leave the customs a few days ago, Xianjun Hong Xi bluntly informed Chen Feng of the situation.

They are already hostile to Chen Feng.

After all, he holds the three top-level first-grade fairy gates in his hands, the jade virtual treasures that he has been thinking about for millions of years!

The stronger Chen Feng is now, and the faster he progresses, the more he can prove the power of Yuxu Baojian!

And they became more determined.

Must grab this thing from Chen Feng!

Chen Feng, must die!

But at this time Wen Lun's complexion changed slightly.

The surrounding golden gods burst forth, and then the surrounding gravity suddenly increased by more than a hundred times!

In Chen Feng's realm, he is invincible!

Looking at this scene, the audience was in an uproar.

"Elder Wen Lun is actually at a disadvantage!"

"This Chen Feng is too bad for the sky!"

All the monks were excited with the situation in the field, and their emotions fluctuated.

However, seeing that in the golden Dao realm, a thunderbolt made of golden light was about to face Wen Lun, smashing its head.

suddenly.

Boom!

Outside the ring, the sky dyed red by Caixia was once again quickly covered by dark clouds.

The yin wind roared past.

There is a hurricane directly into the sky!

Wow!

Thunder and lightning!

There is a terrifying thunder light with a thickness of hundreds of meters, and it smashes straight toward the golden Dao domain!

This scene is very familiar.

Not long ago, when Chen Chenfeng was still alive, he happened to show it once.

Taiyi Immortal Gate's top-notch knowledge, Taiyi Huatian Jue!

However, the thunderbolt in front of him is far more powerful than the performance of Shen Chenfeng just now!

Even Chen Feng didn't dare to face it head-on.

Hum!

The golden domain was forced to dissipate.

The besieged Wen Lun regained his vitality as a result.

Chen Feng stood there and didn't continue to do it.

He turned his head and looked calmly at one of the onlookers not far away.

"Taiyi Immortal Gate is worthy of being Taiyi Immortal Gate, one person will fight on stage, and one will support off stage."

"No more face!"

"I, Chen Feng and He Dehe Neng, can actually see this scene."

Chen Feng's irony, like a sharp arrow, pierced the two figures on and off the stage.

And everyone who heard his words was numb.

In today's battle, they have been shocked again and again.

I thought that Chen Feng would buy a lesson for his arrogance, but he didn't expect that what he saw was shocking!

This is the famous Taiyi Immortal Gate?

Elder Wen Lun looked out of the ring, his face was red and white.

However, Chen Feng's next words made more people seem to be dreaming.

He raised the Qingqiu Tianlong Sword in his hand and pointed his finger at an inconspicuous place in the crowd.

"The Ziwei Haotian Palace and the Longevity Sword Sect are all here, why don't they come out and say hello?"

"Are you afraid of losing too ugly?"

Everyone turned their heads together and looked in the direction Chen Feng pointed.

There, three men in plain clothes stood with their hands behind them.

Regardless of their looks and breath, the three of them are inconspicuous, and they don't wear beautiful robes.

No matter how you look at it, he couldn't connect with the strong men of Ziwei Haotian Palace and Wanling Longevity Sword School.

But, after all, that was what Chen Feng said.

Now that Chen Feng's strength is in front of him, who would dare not take his words seriously?

"The people from the three top-level first-grade immortals, since they are here, they cover up and dare not show up."

"What's this? The entire three immortal gates are afraid that I won't be able to make it all alone?"

Chen Feng said nothing, and everyone's scalp numb.

How arrogant are the three top first-class immortals?

It was the great event of the Eastern Desolation initiated by the great wilderness owner, the Jade Fragment Conference, and they both dismissed it.

Although they don't show up often, when some major Tianbao was born, the three immortal gates were almost monopolized.

Even an ordinary member can compare to the strongest disciple of ordinary immortals.

Outsiders share less than a bit of pie!

The huge power gap has been entrenched in everyone's minds for a long time.

You have long been accustomed to their strong, powerful, and superior posture.

When have you seen one of the three top-level first-grade immortal gates, who would you be jealous of?

He even hides his identity and carefully investigates.

It was shocking!

In an instant, Chen Feng's image in the eyes of everyone suddenly improved!

"The Galaxy Sword Sect really found a treasure."

"Such a rare genius who has been rare in thousands of years has actually come to their door."

While everyone was discussing, the concealer from Taiyi Immortal Gate and the three people who made the two top and one-rank Immortal Gates had already arrived in the ring.

But in the blink of an eye, the three people had already removed their disguise.

The exquisite sleeve-sleeved long robe is dotted with several stars on one, forming the shape of purple stars.

The other two were carrying long swords, and two ancient mythical beasts were walking on their sword robes.

As soon as the three of them changed their talents, they were unremarkable, with sword eyebrows and star eyes, and there was a natural jealousy between the eyebrows.

The powerful breath poured out.

"Sure enough, he is one of the three top-ranked immortals!"

Upon seeing this, everyone admired Chen Feng more and more.

Chen Feng glanced over the five people including Elder Wen Lun one by one.

These five people, the weakest in their cultivation base, also had the cultivation base of Earth Immortal Peak.

The person in Ziwei Haotian Palace is almost the same as Elder Wen Lun, and he is also the immortal of the Three Tribulations!

Chen Feng raised his eyebrows, and his tone became contemptuous and full of mockery:

"Why, are you planning to fight together?"

As soon as this remark came out, the audience took a breath.

I can't believe it at all!

No one can believe that the three top first-class immortals will do this!

But the old man with crane hair standing next to Elder Wen Lun spoke blankly and said:

"You wait for the younger generation, dare to be so disrespectful to our three top-level first-grade immortals."

"What about killing you?"

The implication is that no matter how you kill it, it doesn't matter.

They are used to being aloof.

Even if you join forces to kill one person, this kind of behavior is a bit of a shame, but as long as you can kill him, who will chew his tongue afterwards?

Who dare?

No one dares!

Looking at the five people standing in a row, Chen Feng's face sank.

They had already lifted their feet and stepped on his face. If they didn't show their faces, they would really be lawless! He sneered coldly and said, "If you join hands, you will join hands."

[Chapter 5724: Chen Feng's true strength!](#)

"Even if there are three sect masters standing in front of me, since I initiated the challenge, I will kill them all at once."

Two Three Tribulations Earth Immortals, two Two Tribulations Earth Immortals, plus one One Tribulations Earth Immortal.

Chen Feng may not be sure of complete destruction, but self-preservation is not a problem.

What's more, this challenge was initiated this time, one is to realize the promise to the Yuxu Immortal Gate.

He will surely destroy the three top first-grade fairy gates, especially the Taiyi fairy gate!

The other is to borrow the hands of these people to help him break through.

After all, the stars, sun and moon in his Star Sea World are far from ordinary monks!

A total of three hundred and sixty-five stars, sun and moon, must all derive a complete galaxy.

Only in this way can the twelfth hole of the Shifangdongtian realm reach the Great Perfection.

It's too slow just to practice in retreat!

It would be better to accelerate the breakthrough at this moment of life and death!

Chen Feng didn't care about the frying pan-like noise around him.

Holding the Qingqiu Tianlong Sword in one hand, the other hand firmly grasped the large Xiu Luohong furnace.

His breath began to skyrocket!

Better than dealing with Elder Wen Lun before!

Elder Wen Lun's complexion was suddenly brilliant, red and white, and his eyes breathed fire.

But at this moment.

"The five elders of the three top and one-tier immortal doors have joined forces to deal with the disciples of my Tianshu Sword Sect."

"If I didn't come out as the Sect Master, I would really think that my Heavenly Scroll Sword Sect would be ruthless."

The clear and sweet voice constantly echoed in the horizon.

The next moment, a bright red came and stood beside Chen Feng.

It is really Zhongli Yaoqin!

Chen Feng was a little surprised, and asked in a low voice:

"Why are you here? This is my grievance with the three great immortals, and it has nothing to do with the Galaxy Sword Sect."

Zhong Li Yaoqin didn't look at him, but came over by pressing the line:

"You can't just sit back and watch if you're feeling or reasoning."

"Besides, don't think I can't see your thoughts."

As he said, Zhong Li Yaoqin whispered: "I want to borrow their hand to tear the seal in the body."

As soon as this remark came out, Chen Feng understood.

There is a huge seal inside Zhong Li Yaoqin.

If it can be lifted, her cultivation level will skyrocket and I don't know how much, and it may even break directly into the Holy King Realm!

Ordinary means cannot achieve this goal.

This coincides with Chen Feng's idea.

Zhong Li Yaoqin looked at the five people: "Chen Feng is a disciple of my Tianshu Sword Sect."

"Two to five, don't you mind?"

Listening to the subtle "two against five", Chen Feng smiled straight in his heart.

This Zhongli Yaoqin is very similar to him.

The five Elder Wen Lun had extremely ugly expressions.

"You sent it to death by yourself!"

As he said, five majestic breaths exploded.

Chen Feng and Zhong Li Yaoqin are not reconciled.

"With me, you have to follow my rules."

"If you don't accept it, then speak by your ability!"

Hum!

Heaven and earth reincarnate in heaven and earth, suddenly erupting!

At the same time, the Supreme God's Demonized Dragon Art has moved to the extreme.

Powerful blood burst out!

In an instant, everyone's hearts trembled together, always feeling that the one standing there was not alone.

But an extremely tyrannical and powerful ancient beast!

Very majestic!

People can't help but want to surrender.

Chen Feng's Xinghai World has long been shining brightly.

Three hundred and sixty-five sun, moon and stars, revolving frantically.

Candle Nine Yin Star Soul and Roaring Sirius Star Soul were full of fighting spirit, opened their blood basin and roared into the sky!

The Qingqiu Tianlong Sword in his hand was trembling frantically.

Soul Blade felt the supreme fighting will, and was so excited that he went mad.

In an instant, a touch of gold lit up on the spot.

Chen Feng and Zhong Li Yaoqin disappeared in place.

boom!

A loud and deafening noise sounded at the same time.

At this moment, everyone finally truly felt Chen Feng's true strength.

Three Tribulations Earth Immortal Great!

"how can that be?"

Don't say it's a person who looks at the outside of the ring.

Even the faces of the five people facing each other changed in unison, especially ugly.

"There is a discrepancy between ordinary realm and strength. Most of them are carrying strange treasures or having special physiques."

"Even so, the gap between the two will not exceed three small realms."

And Chen Feng has crossed five small realms in this life!

In your limited cognition, it is truly unprecedented, and I am afraid there will be no one to come!

It's really a million years to have such a proud man!

The five people on the ring looked at each other.

At this moment, the thoughts in their hearts are the same.

That is, the reason why Chen Feng can be so against the sky is probably due to the jade virtual treasure in his hand!

The three top first-class fairy gates have searched for things they haven't found for millions of years!

If not, Chen Feng himself, they don't believe that he can achieve such an achievement.

If this jade virtual treasure can fall into your own hands, then it is yourself who is admired by all at this moment!

The thought of this made the five go crazy with jealousy!

Hum!

The golden roads cover instantly from high altitude.

Fast as lightning!

However, the reaction of the five people is also not slow!

Just as Chen Feng and two disappeared, the five of them also quickly changed their shapes.

The breath of terror suddenly exploded.

The surrounding void is shaking, and it seems that it will be torn apart in the next moment.

boom!

A faint blue flashed past.

A loud and deafening noise erupted.

I saw two disciples of the Wanling Longevity Sword Sect appear together with their double swords, and they cooperated with each other in a tacit understanding.

Sword intent suddenly pierced the sky like a changhong.

The exquisiteness of swordsmanship is like the thunder of a drum of war, and like a light wind and a light cloud.

Even Chen Feng had no choice but to bow down in this regard.

I don't know what long sword the other party is holding, but a bright sword burst unexpectedly.

Sword energy is everywhere, and the momentum is like a rainbow.

Actually destroyed the golden Dao domain that was about to take shape!

The plan was blocked, and Chen Feng reappeared, their expressions not looking very good.

The disciples of the Galaxy Sword Sect who were onlookers in the distance looked uneasy.

No matter how strong Chen Feng and Sect Master are, there are only two of them after all.

And the other party is the genius of the three top first-class immortal doors!

Looking at the current situation, the two of Chen Feng came up and even fell into a disadvantage!

The situation is not optimistic!

Some are happy and some are sad.

The disciples of the Galaxy Sword Sect here were frustrated, but the five people over there were triumphant.

"Hahaha, Chen Feng, Zhong Li Yaoqin, both of you say that you two are unparalleled wizards."

"How powerful I am, now it seems that it is not so."

It was the madman from Ziwei Haotian Palace who spoke.

Chen Feng ignored him and continued to quickly explain to Zhong Li Yaoqin:

"Leave the two of you with the sword to you, and I will take the remaining three."

Having been with Chen Feng for a long time, Zhong Li Yaoqin naturally knew what Chen Feng meant.

She had no objection, and directly nodded in response.

Then, the two violent at the same time, but they acted separately!

Chen Feng directly screamed at the Taiyi Immortal Gate and the Ziwei Haotian Palace.

"Your opponent is me."

Two Three Tribulations Earth Immortal, one Two Tribulations Earth Immortal.

Compared to Zhongli Yaoqin's side, Chen Feng's battle here is obviously more severe.

Taiyi Immortal Gate's cloak fell, revealing a thin face. It was a completely unfamiliar face, and even the monks onlookers did not recognize it.

[Chapter 5725: Pseudo wind robbery!](#)

Long blue-gray hair with sunken eye sockets.

This old green robe monster was like a candle in the wind, extinguishing at any time.

There was a pair of eagle-like eyes staring at him.

The gaze is like a tarsal maggot, it is difficult to get rid of.

The big red-faced man in the Ziwei Haotian Palace was even more fighting spirit.

The three of them had already tasted Chen Feng's strength. Even though they were full of mockery, no one underestimated him in their hearts.

Hum!

Hum!

Hum!

Bright and different lights lit up in his hands.

Even Chen Feng felt great pressure in an instant.

Taiyixian Yin also skyrocketed again at this time.

The two long knives in Chen Feng's hand were suppressed for a while!

"not good!"

His complexion changed, and without saying anything, he was about to get out of the way.

"Want to escape? It's too late!"

Elder Wen Lun roared and rushed over.

This time he came to the customs, but he was reduced to relying on teamwork to deal with Chen Feng.

Whenever he thinks of everything, he is the most angry and unwilling one on the entire court.

Chen Feng must die today!

Turning his hand, a scroll appeared in the palm of his hand.

Wow!

The long scroll was unfolded, revealing the blood and fighting spirit inside.

When Chen Feng heard about it, his pupils shrank suddenly.

This thing looks like a picture scroll, but in fact it is an independent ghost hell!

Once sealed, he might not be able to escape.

Never die forever!

Tortured by the fire day and night!

What's more ridiculous is that Chen Feng saw it clearly.

In the content drawn on that scroll, there is an inscription on the side, and the word "Yuxu" is vaguely visible.

This is actually the magic weapon of Yuxu Immortal Gate!

I'm afraid it's not too much to use it as the treasure of the town gate.

Chen Feng sneered in his heart, but the movements in his hands slowed down calmly.

He really wants to be true, he has a lot of hole cards that he hasn't used yet.

But even the purgatory scroll of this Yuxu fairy gate is not a threat to him.

From the beginning, Chen Feng made a plan.

He is going to pretend to be invincible!

Only in this way can the other party push it into a difficult situation, and even desperate situation.

And only then can he break through with the opponent's hand.

Chen Feng glanced at the battle situation not far away.

Two powerful men of the Longevity Sword Sect are besieging Zhongli Yaoqin with supreme swordsmanship.

Ten thousand swords were sent together, and the battle formation was somewhat similar to that of the Little Zhoutian Divine Sword Formation in the Galaxy Sword Sect.

With just a glance, Chen Feng could conclude that Zhong Li Yaoqin was playing the same abacus as him.

...

boom!

It was another crit, and Chen Feng flew out upside down, startled by the exclamation of the crowd outside.

The situation has reached a fever pitch.

Even if Chen Feng went against the sky, he would still lose to the joint siege of the two great and three calamity earth immortals and the one and two great calamity earth immortals.

He has loose hair and ragged clothes, barely covering his body.

The original majestic star power seemed to have been consumed at this time.

Unsustainable!

Although Chen Feng relied on a cunning skill to avoid the crisis of being sealed and suppressed.

But at this time, he is still in jail.

Elder Wen Lun's attack was particularly fierce.

At this moment, he looked at Chen Feng in the distance, his face was ruddy and he laughed happily.

"Boy, why are you not crazy now?"

The imitation whip in his hand was compared with each other fiercely, and all of them were slapped on Chen Feng, smashing him into the flesh.

Bone can be seen deep in the wound!

The most terrifying thing is to penetrate directly!

Chen Feng gritted his teeth and looked up again, but his expression changed from the embarrassment and unwillingness of his talent.

Instead, it was his usual smile.

It feels like... suddenly fooled!

"Since you are begging me to be crazy, then I will show you crazy."

After speaking, Chen Feng laughed happily.

The next moment, the sky and the earth are instantly dark.

The thundercloud condensed in a moment, covering the sky and the sun, terrifying tightly.

The expressions of Elder Wen Lun, the old monster Qingpao, and even the crowd of people onlookers changed drastically.

"Isn't it... Chen Feng is going to cross the catastrophe?"

"But isn't his cultivation realm only the tenth cave of the Shifang Dongtian Realm?"

Elder Wen Lun looked up at the sky, his expression gloomy as iron.

Looking at the surging wind and clouds, he whispered as if to himself: "This is a false wind robbery!"

"False wind robbery?"

Hearing this, the old monster Qingpao's expression changed slightly.

Elder Wen Lun, as the Taiyi Immortal Clan, the second strongest under Immortal Monarch Hong Xi, was naturally more talented than the Qingpao boss.

Only he knows the secrets that only talented people are qualified to understand.

"Pseudo-celestial calamity is something that people with their own strength far exceed their current realm."

The surrounding wind is getting stronger and stronger.

Soon, the sky is full of the sound of the gust of wind.

The mountains and forests are swaying, and the world is pale yellow.

This scene even spread to the outside of the ring.

Many of the onlookers who had a slight cultivation base changed their complexions and fled away one after another.

There are also well-informed people spreading the news about the pseudo-celestial robbery.

In an instant, most people knew what Chen Feng was going through.

Obviously, it was only breaking through the eleventh cave of the Shifang Dongtian realm, but it was a wind catastrophe that would only occur when you really experienced the spiritual virtual land wonderland!

Chen Feng looked up at the black clouds and mist, not only was he not nervous, but was faintly excited.

"Pseudo wind catastrophe is still the case, I don't know what it will be like when I truly experience the wind catastrophe."

This idea of him is also the idea of many people.

The road of cultivation is getting harder and harder.

It can be said that there are nine out of ten people who can break through in each realm.

And among those who can make a breakthrough, only 20% can be successful!

There are no shortage of people in the current realm of Dzogchen in the field, but at this point, there are very few people who dare to go further.

The longer you walk on this path, the more you can understand how many catties you are.

People with poor talents and mediocre aptitudes are not qualified to aspire to longevity!

The world is afraid of death.

The more powerful he is, the less he dare to take risks easily.

This is the reason.

People with a disposition like Chen Feng are already rare.

call-

The sharp wind is like a whistle, getting faster and faster, gathering more and more.

Chen Feng could feel the 365 sun, moon and stars undergoing significant changes in the Xinghai World.

Around the big sun, several dim little planets were spinning around at high speed.

When I saw these planets last time, they were just some rubble, and they kept hitting.

Under Chen Feng's conscious control, these rubbles were surrounded by stars, forming a strip of stars.

The chaotic and disorderly rubble continues to collide in these star belts, and eventually gradually converge into planets of different sizes.

However, those planets are still silent.

Chen Feng felt this, and his heart was extremely calm.

"Is this the birth of a galaxy?"

Outside, the world has already changed color.

Even Elder Wen Lun and others, looking at the emptiness that was constantly torn between the heavens and the earth, finally changed their expressions.

"How can this false wind catastrophe be stronger than the real wind catastrophe?"

Five of the three top-level first-grade immortal gates present all survived the disaster.

The catastrophe of different people is also different.

#### [Chapter 5726: Three Tribulations Qidu!](#)

The more talented people are, the greater the intensity of the wind catastrophe.

It may even be born with a certain vision.

But the false wind catastrophe that Chen Feng is facing right now is stronger than any wind catastrophe they have ever seen!

Elder Wen Lun stared at Chen Feng in the center of the martial arts field with bloodshot eyes.

"How many sun, moon and stars are there in this boy Xinghai world!"

As powerful as him, the star chart is unfolded, a big sun is surrounded by three big moons, and dozens of stars are scattered in the distance.

Such talent can be regarded as the top of the Eastern Wilderness!

There may be a few who are stronger than him.

But the talent that is more heaven-defying than him is definitely not more than one hand!

However, looking at this scene that looked like the end of the world, Elder Wen Lun was hit hard.

At this moment, he clearly realized the crushing level of talent between himself and Chen Feng!

A heavy feeling of powerlessness was born in his heart for no reason.

What about retreating for a century and a thousand years?

People can easily do it in a few years or even a few months!

boom!

Elder Wen Lun suddenly felt extremely absurd.

"I have practiced assiduously throughout my life, and in the past I believed that man will conquer the sky.

"But so many years have passed, but it has become increasingly clear that fate is difficult to change."

"In that case, what is the significance of practice?"

In the deepest part of my heart, the unwavering Dao Heart suddenly gave birth to a crack.

And at this time, Chen Feng didn't know anything about it.

He was immersed in the changes in the Xinghai World and couldn't help himself.

Around one star after another, in the bright star belt, the big and small planets visible to the naked eye are gradually formed.

In this way, each galaxy gradually stabilized.

And after each star derives a galaxy, the induction of the power of the star becomes clearer.

A steady stream of power poured backwards into Chen Feng's limbs.

The golden spiritual world is even more open.

Jingshengsheng has doubled again!

Rumble!

The harsh whistling wind, accompanied by thunder, is like a magic sound.

At this time, Chen Feng was surrounded by void cracks that were blown out by the strong wind.

No one can see his situation clearly.

Naturally, no one has seen his treasure glow faintly at this moment.

The wind blade hit him, and it made the sound of gold and stone!

However, the wind is still getting stronger!

The dense wind blades seemed to be the sword intent of the immortal slashing with all strength.

Even Chen Feng was covered with red marks.

Finally, a scarlet wound appeared.

The tingling finally regained his senses.

When he fixed his eyes, Chen Feng's expression was astonished, and then he immediately concentrated.

The blood in his body was faintly boiling.

The Supreme God Demonizing Dragon Art has already quietly operated to the extreme on its own.

The top of the head is Jinguangdasheng.

It's like a vision that is about to appear.

But I don't know why, but it hasn't appeared again.

Hundreds of miles away, those monks onlookers who were embarrassed and fleeing, finally saw the end of this pseudo-tyrannical calamity.

The ear-piercing sound of gold and stone is not painful or itchy to Chen Feng, but to them, it is deadly!

But at this moment!

An unprecedented thick thunder light fell from a higher firmament.

Rumble!

This sudden shock of the sky shook the black wind and clouds that had covered the sky and the sun into smoke and disappeared!

In the next moment, a fire suddenly ignited above the sky centered on the ring!

The fire was unprecedentedly swift, and a giant dragon evolved in the air!

"Roar!"

The roaring dragon's whistle constantly echoed everywhere.

And the raging fire, like a burning cloud, ignited the entire sky.

In just a few breaths of time, a sea of flames appeared out of thin air between heaven and earth!

Just when the flames in the sea of fire changed from red to purple, and even changed color again, the abnormal change regenerated!

Rumble!

Within a radius of a million miles, countless thunders fell like a downpour of thunder!

"Isn't Chen Feng rigid and false?"

"Why did the fire robbery and thunder robbery appear at the same time?"

Everyone screamed in surprise.

Only two figures suddenly appeared in the eyes of everyone.

The two of the Wanling Longevity Sword Sect were in ragged clothes at this time, extremely embarrassed!

The sword in his hand broke every inch!

"It's not Chen Feng who saved the fire and thunder calamity, but...Zhong Li Yaoqin!"

Seeing the appearance of the two powerhouses of the Wanling Longevity Sword Sect, everyone noticed another battlefield.

It stands to reason that Zhongli Yaoqin is the first sword sect of the Galaxy Sword Sect and the sovereign of the Tianshu Sword Sect.

And it's still a relatively rare female nun.

Everyone should pay more attention to her.

However, Chen Feng's previous appearance was too shocking!

Everyone's eyes were so attracted by it that they ignored her.

However, at this moment, the sea of fire and thunder pools descended together, and the world seemed to be the last days.

Everyone could even faintly hear the cry of ghosts and gods!

Zhongli Yaoqin wore a red dress, floating in the sky, floating like a legacy of independence!

Mofa danced wildly behind his head, revealing exquisite and beautiful honor!

At this moment, she is the most conspicuous brushstroke in this world!

Because of its double robbery, it affects the nearby Void Avenue.

Chen Feng clearly felt that the wind catastrophe surrounding him became more and more excited.

Wow —

A wind blade tore the void in front of him and almost swept Chen Feng in.

"Really careless..."

Chen Feng smiled bitterly and shook his head.

Zhong Li Yaoqin had previously stated clearly that her purpose was the same as Chen Feng's, and she also planned to tear the seal with the hands of the three top-ranking immortal masters.

It seems that the goal is indeed achieved.

But her fire calamity and thunder robbery did not come early or late, but Chen Feng also came when he was crossing the robbery.

Directly increase the power of Chen Feng's false wind calamity by more than ten percent!

It is equal to doubled!

It uses the power of the top two tribulation earth immortals!

Under such a powerful tribulation, no matter how strong the body is like iron, it is still a body after all.

Xuan Jing will also become a pile of scrap iron under the impact of this wind blade.

But within a few breaths, the dense wind blades instantly cut Chen Feng a thousand swords.

It wasn't until Chen Feng took out the large Xiu Luohong furnace that he could breathe a sigh of relief.

Looking down at himself, who looked like a blood man, Chen Feng grinned grinningly.

His physical body was equivalent to being bombarded by hundreds of top-level Second Tribulations Earth Immortals, and he was guaranteed not to be seriously injured.

Contented!

After all, there is no need to rush for success in cultivation.

This progress is indeed a pleasant surprise.

Chen Feng hurriedly fled outside the ring while holding the big repair Luohong furnace.

Fortunately, at this moment, the three Elder Wen Lun were also busy staying away from the place of right and wrong, and did not step forward to intercept them.

After leaving Zhongli Yaoqin's Crossing Tribulation Center, Chen Feng's false wind disaster finally resumed as usual.

He put away the big Xiu Luohong furnace, ready to complete the final experience.

At this moment, the invisible wind around suddenly became as black as ink!

call-

The false wind robbery that was about to dissipate suddenly rekindled again and made a comeback!

Chen Feng looked around in surprise.

It's so dead, coming from nowhere...

There was a scream in the distance.

"Huang Quan Jie! This is... from the Three Tribulations Earth Immortal, Huang Quan Jie!"

Upon hearing this, Chen Feng was taken aback.

Then he looked up at Zhongli Yaoqin in the center of the ring.

Sure enough, on the ring at this time, everything was dark and dead.

Those lifeless auras under the Nine Nethers seem to form a huge black cocoon beside Zhongli Yaoqin!

Three Tribulations Qidu!

[Chapter 5727: Shameless!](#)

Rao is Chen Feng who knows the seal inside Zhong Li Yaoqin, but still can't help but be surprised.

Worthy of being the offspring of Zhongli Changfeng!

In the ring center, the breath is still increasing!

Chen Feng lowered his eyes and murmured: The seal in Zhong Li Yaoqin's body should have only torn a corner, not completely untied.

Otherwise, her breath will not rise steadily.

Instead, you should go through the Three Tribulations as soon as you come up!

"I don't know how much cultivation level she can reach if the seal is completely lifted."

Chen Feng thought of the Zhongli Weize who was on the top of the sky.

Zhong Li Weize's current cultivation base is probably half a step in the Saint King Realm.

Zhong Li Yaoqin, as the only approved descendant of Zhong Li Changfeng, is probably only better than Zhong Li Weize!

"Perhaps, the opportunity for the Galaxy Sword Sect to become the first super-grade immortal gate in the Eastern Desolate Immortal Territory lies with her."

Compared to himself, Chen Feng believed that Zhong Li Yaoqin would break through earlier than him.

The stars, sun and moon in his Xinghai World are really much more than ordinary people.

This is a proof of talent, but it also means that he will devote more energy than ordinary people to break through to the next level.

Ordinary people only need to form ten or dozens of complete galaxies to step into the fairyland of the imaginary land.

And he needs three hundred and sixty-five!

For Chen Feng himself, this didn't get in the way.

After all, his strength is still rising steadily.

Even if there is a strong enemy, as he is now, he can still deal with it calmly.

But the Lord of Heaven had given him a task after all.

In fifty years, break through the Holy King Realm!

Otherwise, the consequence is obliteration!

boom!

Death breath shot at everyone again.

In the midst of turmoil, the monks who retreated and retreated from the audience had to flee away again.

What's more, they simply gave up and left this turbulent place.

However, more monks still refused to leave.

Now, everyone wants to see if Zhong Li Yaoqin can survive these three calamities.

Only Chen Feng was not worried.

Zhong Li Yaoqin, who is sealed with a powerful force in his body, is often divided into two situations.

First, there used to be a very strong cultivation base, but the cultivation base was artificially sealed.

The second is that someone sealed an extremely powerful cultivation base in his body.

For the former, even if the seal is lifted, it is just a cutscene.

And the latter, with the energy of Zhongli Changfeng, presumably would not put his daughter in danger.

So after seven days and seven nights.

The sea of flames gradually dissipated, and the scorching void cooled again.

The thousand-meter-large thunder pond was also missing. The thunder light that roared for seven days and seven nights finally disappeared, letting everyone go.

Even the overwhelming lifelessness is slowly dissipating.

Hum!

An extremely bright beam of light suddenly shot out from the direction of the ring, straight to the sky!

The mighty anger, like a raging sea, instantly washed away the pervading life.

Three Tribulations, Du Man!

Zhongli Yaoqin has officially become the immortal of the Four Tribulations!

Countless people looked at the red from a distance, and couldn't help but sigh:

"I'm afraid that the three top-level first-grade immortal gates are not even the female cultivators of the four-fold fairy land, right?"

"In other words, Zhong Li Yaoqin, the supreme master of the Galaxy Sword Sect Tianshu Sword Sect, became the first female sister of the Eastern Desolation!"

As if responding to this call, the beam of light in the distance suddenly disappeared.

In the next moment, a fiery red, peerless face almost wiped them past!

Zhong Li Yaoqin stepped forward gently, and he had appeared in front of the two powerful men of the Longevity Sword Sect.

As the fairy queen of the Four Tribulations Land, Zhongli Yaoqin even looks more glamorous!

Luck, the sword fell.

Two heads rolled down!

The audience... silent!

"Hahahaha!"

In the silence, only Chen Feng laughed out loud, without the slightest discoloration.

He raised his head and looked at the three Elder Wen Lun and the old monster Qingpao not far away, and his murderous aura stepped forward.

"Three, my ring is a life and death ring."

"I was delayed for a while, I don't know if the three dare to continue?"

Between the lines, there was a mocking tone.

Elder Wen Lun blushed with anger, and the old monster Qingpao was even more angry.

"The old man doesn't believe it, you can't destroy your evil barrier!"

Before the words fell, there were only afterimages left in the same place again.

The vision of heaven and earth above his head has not completely dissipated, but Chen Feng and the others have returned to the ring.

At this time, the huge martial arts field has long been turned into a scorched ruin.

Chen Feng broke through the eleventh cave of the Shifang Dongtian realm, with more than 300 stars, all of which derive a complete galaxy.

Only the last ten big moons and three big days remain unstabilized.

The blood in his body rushed wildly, and Chen Feng only felt that his whole body was full of energy like never before. *novelusB.COM*

As soon as the Qingqiu Tianlong Sword was released, the soul of the sword shook.

Murderous!

Hum!

At this moment, he only needs to stand above the void, giving people a grandeur of staring at the sky!

Among the monks watching in the distance, someone couldn't help but mutter:

"This feeling, I only had it once when I met the master of Taiyi Immortal Gate!"

"And Chen Feng... how long has he been practicing?"

The golden rhyme of Taoism continued to flow around Chen Feng.

In the spiritual world, the golden spiritual power has long been turbulent.

Chen Feng has no reservations and can't wait to confirm his own strength.

"Too high to punish God!"

"Heaven and earth reincarnate in heaven and earth!"

"Buddha's angry eyes, lion roaring power!"

The three ultimate moves were released one after another.

In the star sea world, the stars are shining, bursting out dazzling light.

Hundreds of miles are all dominated by Chen Feng's Dao domain.

As for Taishang Yuqing's Jiu Shou Zhen Jue's insight, it was also at this moment, to a higher level!

The whole sky is full of colors for a time.

Faint blue, silver purple, gold and other gods appeared.

There is no doubt!

Chen Feng, who had completed the breakthrough, had a significant improvement in strength.

Within the scope of his Daoyun perception, all the goals are in his eyes.

Nowhere to hide!

"Roar!"

Hum!

boom!

The loud noise shook so that the void was trembling.

Many people in the distance felt that their souls were trembling, and they quickly closed their five senses temporarily.

Waiting for the hustle and bustle to dissipate slightly, everyone saw Chen Feng's face calm and looked ahead.

Following his gaze, he saw the three Elder Wen Lun standing behind a figure with an ugly expression.

Chen Feng finally spoke lightly:

"Xianjun Hong Xi, don't come here unharmed."

The voice was not loud, but it clearly reached the ears of every monk present.

The audience is boiling again!

Taiyi Immortal Gate Master!

The strongest Taishang elder of Yuan Taiyi Immortal Gate!

Immortal Hong Xi!

He actually ended up!

"It looks like it is better than Taiyi Immortal Sect, and it can't bear the consequences of losing elder Wen Lun and other generals."

After all, the world is not as good as Chen Feng.

In just a few years, he can beheaded and show off his head, and has the strength to kill people across several realms.

To cultivate a Three Tribulations Earth Immortal like Elder Wen Lun, it consumes a lot of resources from Taiyi Immortal Sect!

If all the losses are here today, this loss is incalculable!

[Chapter 5728: Who is the number one fairy gate in the Eastern Wilderness!](#)

Xianjun Hong Xi is still in that gray robe, with white beard and hair, but without the spirit of the past.

In his muddy eyes, two substantive rays of light burst out.

Stare at Chen Feng!

"Chen Feng, I think you really want to die!"

The vigorous and powerful voice, mixed with the rhyme of Wushang Dao, rushed toward his face like a mountain of five fingers.

I haven't seen it for a while, and Immortal Hong Xi's cultivation has improved a bit.

The Four Tribulations Earth Immortal, the pinnacle!

One foot has stepped into the Five Tribulations Earth Immortal!

At this moment, the surroundings are silent.

Everyone was suppressed by an invisible aura, making it difficult to move.

This is the emperor's anger!

However, at this moment.

Boom!

There was a long chime, slowly spreading and echoing away.

Chen Feng was holding the large Xiu Luohong furnace in his hands, and his whole body was covered by his own golden Taoist rhyme.

Only in this way can we move freely.

"Xianjun Hong Xi, why, are you coming to fight too?"

Even at this moment, Chen Feng's pressure on his body is extremely heavy, and it is impossible for him to show a trace of hideousness at this time.

He laughed instead:

"Has your three top-level first-tier immortals fallen to this point?"

"Except for the master, there is not even a top author!"

"It looks like you can also let you Taiyi Immortal Sect the seat of the No. 1 Immortal Gate in the Eastern Desolation."

Xianjun Hong Xi snorted coldly, his face still condescending.

"I don't know how high the sky is!"

Before he could say anything, he raised his hand and hit it straight out.

The two disappeared almost at the same time.

Boom!

Unprecedented horrible air waves scattered like a tsunami roar.

"It's over, Immortal Hong Xi's cultivation base is too high!"

"Chen Feng is sure to die now."

"It is enough for Chen Feng to be able to take the action by Immortal King Hong Xi himself. It's a pity..."

Just as many people were talking about it, thousands of miles away, Immortal King Hong Xi and Chen Feng reappeared.

The sharp-eyed people were immediately in an uproar!

I almost jumped in amazement!

"Not dead! Not dead yet!"

"He blocked it with the tripod in his hand!"

The monks onlookers boiled again.

"puff!"

Chen Feng opened his mouth and spit out blood, and his breath was disturbed, but it was not too bad.

The great repair Luohong furnace is worthy of being a Taoist implement.

After the cultivation base reaches a higher level, the ability to activate it is also stronger.

The hand of Emperor Hong Xi just now can be regarded as exhausting all his strength, striving to kill him with one blow.

But he was forced to carry it down!

Chen Feng raised his eyes and looked at Immortal Hong Xi not far away, with a gloomy expression on his face.

He smiled.

"Xianjun Hong Xi, what it's like to wait for millions of years, isn't it?"

"I would also like to thank a few people for leaving such a treasure to me."

Xianjun Hong Xi was angered.

The Jade Void Mirror in Chen Feng's hands is his biggest obsession in this life.

Chen Feng even dared to taunt it.

"The other two, what are you still watching? Can you bear this?"

Chen Feng's expression was calm as soon as Hong Xixianjun said this.

He had expected it.

When Hong Xi Xianjun appeared, he guessed that the sect masters of the other two top, first-grade immortal gates should have already arrived here.

It's just that the three of them came, and the more important purpose was to win treasures!

The afterglow of the setting sun dyed the entire sky red.

The three top masters of the Eastern Wilderness stood in front of Chen Feng together.

Chen Feng was still smiling.

"Three top-level first-grade immortals, but so."

"Except for the three sect masters, no one dares to challenge me."

In the distance, the monks fell silent.

The three immortals of the Four Tribulations came together, and they could not see the slightest hope of Chen Feng's survival.

At this time, a red figure appeared beside Chen Feng.

The newly promoted Four Tribulations Dixian, Zhongli Yaoqin, used his actions to show his attitude.

Xianjun Hong Xi sneered.

"Here is another one looking for death."

"Hey..."

Before the words fell, a sigh reverberated from heaven and earth.

In a blink of an eye, another person appeared beside Chen Feng for unknown time.

"My Sect Master and disciple of the Galaxy Sword Sect, I really can't just sit back and watch."

"Luo Xingchen! The master of the Galaxy Sword Sect, Luo Xingchen!"

Many disciples of the Galaxy Sword Sect also reacted and exclaimed in surprise.

However, after exclaiming, everyone fell into worry again.

"I don't know how the master of the Galaxy Sword Sect is in cultivation."

"Since you are the master of the sect, you should be the strongest person in the sect if you want to come to cultivation."

But about Luo Xingchen's cultivation level, even the people of the Galaxy Sword Sect present are not sure.

Chen Feng and Zhong Li Yaoqin looked at the people who had always come.

Luo Xingchen wore a star robe, and there was a galaxy over the sky.

He looks middle-aged, his figure is even a little delicate and thin, and his complexion is extremely pale.

The sword eyebrow entered the temple, but his eyes were very deep, and they looked like they were smiling, but they were inexplicably cold and indifferent.

This person looked mediocre, and didn't even release much breath.

However, the three of Hong Xixianjun subconsciously shrank their eyes, and their breath condensed.

The people here are by no means ordinary!

Chen Feng looked at Luo Xingchen, secretly surprised.

He clasped his fist and squeezed it, saying:

"I heard that the sect master is immersed in cultivation, and often ignores the rest."

"For today's incident, I was so fortunate that the sect master came forward to help. The disciple was a little grateful."

Others present may not be able to see it, but a few of them can.

Luo Xingchen's cultivation base was actually also in the Four Tribulations Earth Immortal Mahayana!

Good guys!

Feelings, the sect master who is indifferent to everything, has been hiding his cultivation level before!

At this moment, Chen Feng finally understood a saying that was circulated by the Galaxy Sword Sect in the earliest days.

The sect master is the biggest trump card of the Galaxy Sword Sect!

Luo Xingchen stood in the air, sitting on an equal footing with the three of Hong Xi Xianjun.

For a while, everyone couldn't even tell whose breath was stronger.

But this "matching" judgment alone was enough to shock many onlookers stunned.

In the distance, some second- and third-rate immortal masters sighed with their hands:

"In any case, if the three of the Galaxy Sword Sect survive today, the name of the first immortal gate in the Eastern Desolation, I am afraid it will change hands."

Some monks in the vicinity didn't seem to be impressed at first glance.

But thinking about it carefully, it was stunned.

Can't refute!

Because, the three stars of the Galaxy Sword Sect are the Sect Master, Sect Master, and Disciple!

On the opposite side is the sect master of the three top first-class immortal gates!

If this can still be evenly matched, doesn't it mean that the overall strength of the Galaxy Sword Sect is stronger than any of the three top-level first-grade immortal gates?

Everyone quickly realized this truth.

And the three top-level first-grade immortal gate masters headed by Immortal Monarch Hong Xi knew better than anyone else.

Chen Feng's goal has been achieved!

Deliberately leading the three of them off the court is to pull the three immortal gates from the supreme position in everyone's hearts!

The three of them looked at each other in pairs, and they had made a decision in their hearts.

In order to maintain the status of the three immortals themselves, today, Chen Feng and the three must die!

You must kill them all!

This has long been out of Chen Feng's life and death arena.

#### [Chapter 5729: What's the fear?](#)

The next battle has already risen to the battle for the first immortal gate in the Eastern Desolation!

At this moment, the master of the Wanling Longevity Sword Sect, Xianwen Xianjun suddenly looked at Chen Feng and said:

"Chen Feng, the three of us are the Four Tribulations Earth Immortals. Once we do it, it is hard for others to say, but you will definitely die."

"I can give you a chance to join my Ten Thousand Souls Longevity Sword School."

"So I can save you and the Galaxy Sword Sect."

Xingwen Xianjun is also like Luo Xingdust, looks more than 30 years old, and has a strong build.

Although he smiled slightly, the threat in his tone was clear.

He is confident.

The more talented and amazing the cultivation base, the more he takes his life.

In today's situation, what is the use of Luo Xingchen's arrival?

Unless the great deserter himself appears, Chen Feng will still have to die.

Luo Xingchen and Zhong Li Yaoqin could not protect Chen Feng in front of the three of them.

To survive, Chen Feng will definitely consider his proposal.

As soon as these words came out, both Hong Xi Xianjun and Guangji Xianjun, the master of Ziwei Haotian Palace, looked sideways.

Guangji Xianjun's complexion changed slightly, and then he said the same:

"Zhong Li Yaoqin just killed two of his direct disciples, and he really wants to enter his sect. I still don't know how to retaliate."

"It's better to come to me."

At this time, Hong Xi Xianjun was so angry that his nose was crooked.

Among the three top-notch first-class fairy gates, he is the only one who has an endless relationship with Chen Feng!

Xianjun Hong Xi coldly snorted.

"I advise you to do it with me."

"This wicked animal is a hard bone, you can't chew it."

Chen Feng laughed loudly when he heard the words.

"It's worthy of knowing oneself and the enemy, a hundred battles will never end."

"Xianjun Hongxi, Xianjun Guangji, Xingwen Xianjun, why don't you three lead disciples and join me in the Galaxy Sword Sect."

As soon as this word came out, the war was about to start.

boom!

At this moment, the sky is falling apart!

Even if there was no thunder robbery, the clouds that had just dispersed also gathered again.

Frequent visions, turbulence in the void, and murderous intent.

No one thought that Zhong Li Yaoqin had just passed through the three calamities and was promoted to the Four Tribulations Earth Immortal.

But her strength can actually be comparable to Guangji Xianjun!

The Four Tribulations Earth Immortal Xiaocheng can be evenly matched with Guangji Xianjun's Four Tribulations Earth Immortal Dacheng!

It was like a loud slap in the face, slapped \*\*\*\* his face.

Faceless!

On the other side, Luo Xingchen showed the strength that made everyone stunned!

Immortal King Hong Xi, who has landed on the Five Tribulations Earth Immortal with one foot, was inextricably beaten with him!

In the end, Xingwen Xianjun waved a thousand swords illusion, but was blocked by the great Xiu Luo Honglu.

Even so, it's not refreshing.

However, as long as he can't get in, it is equivalent to hitting Xingwen Xianjun in the face!

"Good Chen Feng!"

After a unilateral tug-of-war, Xingwen Xianjun was already frustrated.

He is the master of the Wanling Longevity Sword Sect, and his every move represents the facade of the Sword Sect.

At this time, such an embarrassing and unhappy "battle" has completely lost their faces of the Longevity Sword Sect!

boom!

The voice of Huang Zhongda Lu faintly rippled away.

Xingwen Xianjun stopped, his eyes changed from hesitation to fierceness:

"Chen Feng, you only dare to be so presumptuous just by relying on the Jade Xubaojian!"

As soon as this remark came out, the other four people above the sky all had a stature.

The faces of Guangji Xianjun and Hongxi Xianjun changed together, looking at Xingwen Xianjun.

Apparently, it was quite a criticism of his public disclosure of the whereabouts of Yuxu Baojian.

The rest of those present were completely stunned.

"Yuxu Baojian... Yuxu Fairy Gate disappeared for millions of years..."

"Martial heritage!"

At this moment, Chen Feng could feel his back in an instant!

Except for Luo Xingchen and Zhong Li Yaoqin, everyone's eyes were on him.

What's more, he made no secret of his killing intent!

"The greatest heritage of Yuxu Immortal Sect actually lies on him!"

"No wonder his strength soared all the way!"

Then, an idea came to everyone's mind—

"If I get the Jade Void Mirror, will I be able to be like Chen Feng? The future is boundless!"

Everyone knows the truth about guilty.

Xingwenxianjun's move is nothing short of a ruin.

If you don't do something about the jade virtual treasure mirror in Chen Feng's hand, you probably won't have a chance to get it.

After making Chen Feng a target of public criticism, he could only take advantage of the chaos and tear away a chance.

Feeling the hostility from all directions, Chen Feng didn't panic.

He even had a small smile.

"Trash is trash. I'm alive and old, and I thought it could fly into the sky by relying on some secret treasure miracle."

This is not only for Xingwen Xianjun, but also for everyone present.

Yuxu Baojian is indeed rare.

9th grade Hong!

However, it is not his biggest hole card.

Just the Supreme God Demonizing Dragon Art, only the first volume of the fragment, can achieve the effect of the 9th grade of Hong!

If you can find the rest of the entire story, I'm afraid it's not just a universe-level supernatural power!

It can even reach the Yu-level!

What's more, he still has Dao tools capable of refining an entire world, the Great Asura Luo Hong!

In Xinghai World, there are also seedlings of the World Origin Tree rooted on mysterious rocks.

And his biggest hole card, after all, is his own!

Supreme blood!

A galaxy derived from three hundred and sixty-five stars, the sun and the moon!

Constantly tempered overlord body!

And, invincible faith and a brave heart!

He is not afraid of enemies in the world.

Big deal, blaze a trail!

Chen Fengmo made no wind and moved automatically, squinting around the world.

The Qingqiu Tianlong Sword in his hand screamed and screamed, and couldn't wait to fight bloody.  
at this time!

Hum—

Between heaven and earth, the rhyme of Tao in the horizon suddenly changes.

Ordinary monks can't distinguish it, but Chen Feng's top masters in the room felt a bit.

Come, magnificent!

Even Chen Feng is ashamed of his ability to manipulate the rhyme between heaven and earth.

Who?

Friend or foe?

Just as everyone looked surprised and uncertain, Chen Feng suddenly felt something in his heart.

Almost at the moment he reacted, above the void, in front of Chen Feng and the others, a gap in space suddenly opened.

A huge team filed out of them!

What followed was the mysterious coercion like a mountain whistling a tsunami, extremely terrifying!

On the unified silver-gray armor, the word "Huang" is extremely conspicuous!

Under the armor, only the facial features and high bundled hair were exposed.

Everyone is holding a black tasseled gun!

Well-trained, unsmiling and strong!

The leader of the team is even more impressive, the \*\*\*\* of desolation—Zhai Changzun!

"The Great Desolate Lord God's Mansion sent someone to show up!"

The audience was in an uproar!

No one thought that even the Great Desolate had sent troops to the stage.

And goodbye to Zhai Changzun, not only Chen Feng, but also the master of the three top and one-tier immortal gates, their expressions sank.

He is stronger!

Even Chen Feng is still difficult to judge his current cultivation level.

[Chapter 5730: Turn it on!](#)

Such a cultivation base is at least above the Five Tribulations Earth Immortal.

Even, it may have broken through, Holy King Realm!

If this is not the case, how can Hong Xixianjun and others be so afraid of the great deserters who never show up in person?

The emergence of the Desolate God Guards team completely suppressed all the undercurrents surging on the scene.

Zhai Changzun came to Chen Feng in two steps.

"The Great Desert Lord has orders!"

The mellow and powerful voice echoed under the entire sky.

"From today onwards, Huang Shenwei's main responsibility is to protect Chen Feng!"

"Anyone who violates the order is the enemy of the great deserter!"

As soon as this remark came out, Hong Xixianjun and others looked ugly to the extreme.

Especially Xingwen Xianjun.

I thought I could find a glimmer of hope of winning the Jade Void Mirror during the chaos.

But this step by the Great Desolate Master completely destroyed hope.

Everyone will be greedy for treasure.

But in the face of life and death, the heavenly secret treasures can only retreat to second place.

The Great Desolate Lord's Palace, the position of the entire Eastern Desolate Immortal Territory is supreme!

Even the three top-level first-grade immortals dare not fight against them, let alone the rest of the monks?

"Humph!"

Xianjun Hong Xi made a heavy cry, glared at Xingwen Xianjun ferociously, and then flung his sleeves and left.

After that, Guangji Xianjun did not stay anymore.

Xingwen Xianjun's face was so ugly, everyone finally dispersed.

This masterful battle finally ushered in an end.

Soon, the entire Eastern Desolation Immortal Territory will learn a piece of heavy news—

From now on, the Galaxy Sword Sect will be the number one immortal gate in the Eastern Desolation!

After everyone dispersed, Chen Feng put away the Qingqiu Tianlong Sword and bowed to Zhai Changzun with his fists in both hands.

"Thanks a lot."

Zhai Changzun still had no expression.

However, when he looked at Chen Feng, his extremely solemn expression softened a little.

"Your strength has improved very quickly."

Chen Feng smiled: "It can't compare to you."

Speaking of this, he couldn't help but express his doubts.

"Senior Zhai, your cultivation base, but you have the advice of the great deserter?"

When it comes to the Great Desolate Lord, Zhai Changzun's aura can't help but become solemn, even his expression respectful.

"Everything I have is bestowed by the Lord."

Sure enough!

In this way, Chen Feng is almost certain that there must be more powerful forces on the top of the sky.

The great deserter who appeared mysteriously for Chen Feng that day was probably one of them.

Even this great deserter is probably also related to the Lord of Heaven.

Thinking of this, Chen Feng couldn't help but want to go back to the top of the sky and find the Great Desolate Lord to find out.

Just thinking of this, suddenly, Chen Feng's complexion changed slightly.

He took out the golden reincarnation jade medal.

At this moment, the samsara jade card is flickering in light and dark.

Zhong Li Yaoqin took a look and looked at Chen Feng.

This is the signal given by Fairy Yuheng.

Once Fallen God has any urgent news, it will be notified.

Chen Feng looked at Zhongli Yaoqin.

Who knows, Zhong Li Yaoqin shook his head.

"I won't go back now. There is a legacy left to me by my father."

"Perhaps after I receive all the inheritance, I will be able to unlock the seal."

"When the time comes, kill it again."

Zhong Li Yaoqin is not very interested in Fallen Ancient Stars.

What she cares more about is revenge!

Chen Feng nodded and did not force it.

He looked at Zhai Changzun and Luo Xingchen, before he waited to speak, Luo Xingchen smiled.

"You go as you go, really thinking we haven't noticed it?"

Chen Feng knew it.

really!

Apparently, what the Lord of Heaven said was true.

Chen Feng finally glanced in the direction of the three top first-grade immortal doors, and said lightly:

"When I return, it will be the time when the three top first-tier immortals will perish."

This is his promise to Dongji Qingxu God and Yuxu Fairy Gate.

Chen Feng looked at Zhai Changzun: "The Galaxy Sword Sect will get rid of the predecessors first."

After speaking, he raised the sky and flew towards the sky.

"Heaven's ruler, I want to return to the top of the sky."

Before the words in his mind fell, a azure light fell on him from the void.

Chen Feng disappeared again.

Hum!

The next moment, he stepped into the Beidou blessed land.

Fairy Yuheng and others have gathered and waited for him.

Seeing him appear, you all breathed a sigh of relief.

Fairy Yuheng stepped forward: "Chen Feng, fortunately you came fast enough."

"There is still half an hour, we have to hurry to go to Fallen Ancient Star."

"If you miss this time, you can only wait for a month."

Chen Feng was a little surprised.

"So fast?"

Tiancun Beast Slave nodded:

"The Secret Realm of Gods and Demons is opened once a month, every half an hour."

Chen Feng nodded and glanced at everyone.

"Then set off now, and the rest will be on the road."

Fairy Yuheng shook his arms, and the aura burst out all over his body.

In the blink of an eye, a space channel several meters wide appeared in front of everyone.

A group of people filed in.

Chen Feng couldn't help but look at Fairy Yuheng a few more times.

Hearing his gaze, Fairy Yuheng cast a wink at him unconsciously.

"Why, I was so amazed by my sister?"

Since getting rid of the demons, Fairy Yuheng has not only regained her original temperament.

Even Chen Feng became more and more able to tease.

This state is not bad.

Chen Feng also chuckled lightly, and responded readily.

"It's really amazing. Not long ago, I said that I have accumulated a lot of money, and I have broken five small realms."

"I've been away for less than ten days, and you actually broke through to the Immortal One Tribulation."

Hearing Chen Feng's words, everyone laughed.

Fairy Yuheng showed her face even more, with a trembling smile.

"This is all thanks to Immortal Mo Rin."

"A generation of ancient gods is extraordinary. With a little touch, it will give people an enlightenment."

"If it weren't, it would take a while for me to figure it out by myself."

Everyone laughed.

For a time, the red space channel was filled with a happy atmosphere.

Chen Feng looked at those who were traveling with him this time.

Beidou Fudi came out in full force this time.

In addition to Wuya Taoist, Mo Rin Immortal, Tiancan Beast Slave, and Yuheng Fairy, Mu Jiuyou, Gong Licheng, and even Mei Wuxia and Crazy Tiger also came.

"Lu Xingwei said that he is not very interested in the Secret Realm of Gods and Demons. It just so happens that Beidou Fortune Land also needs someone to sit in."

Tiancun Beast Slave explained.

Chen Feng nodded and reached out to press his shoulder.

"This time is too busy, and the speed of your breakthroughs has surprised me."

Not long after Wuya Taoist was resurrected, he has made a breakthrough now!

Four Tribulations Earth Immortal!

Worthy of being the founder of the second chapter of the Hyakki Yexing Calling the Soul!

But Mu Jiuyou's starting point was the same as it, and he also made a breakthrough in his realm.

However, the same is the Four Tribulations Earth Immortal, between the two, the Taoist Wuya is even better.

In addition, the Heavenly Remnant Beast Slave has also strengthened its plundering ability, and it is now a half-step spiritual virtual land fairyland.

Crazy Tiger is also diligent, and like Gong Licheng, he is the immortal of the Second Tribulation.

As for Immortal Mo Rin, he has condensed from a wisp of virtual soul into a spirit.

Even so, there is still a catastrophic cultivation base!

It is hard to imagine what terrifying strength he would be if he was resurrected one day!
