

Peerless 5751

[Chapter 5751: The blood tree of gods and demons has already been planted!](#)

That unconcealed blood tree of gods and demons that releases the breath of ancient treasures!

Yes, it looks lush and lush from a distance, even somewhat similar to the World Origin Tree.

However, when Chen Feng slashed the birth gate and saw the tragic tomb of the gods and demons in front of him, the truth was revealed.

Where is a treasure tree?

It is clearly a gray-red blood tree!

The originally green roots and branches have absorbed a large amount of blood of the gods and demons, and become gray-red.

And some of the roots and branches that rushed to attack were even dripping with blood.

Apparently it had just absorbed the blood of some invaders.

Suddenly, two hands were placed on the left and right shoulders.

"I'll help you!"

"Concentrate!"

Taoist Wuya and Mu Jiuyou spoke almost at the same time, and two extremely powerful energies poured into Chen Feng's body instantly.

Almost in an instant, the light of the Grand Asura Luohong furnace decayed and turned to flourish.

Hum!

The vigorous and long bell ringing rippled away layer by layer.

Chen Feng, coupled with the full assistance of the two Four Tribulations Earth Immortal powerhouses from Wuya Taoist.

At this moment, the Taoist instrument of the Great Asura Luo Honglu was finally officially activated!

Suddenly, Chen Feng's spiritual world had a brief connection with the great Xiu Luo Honglu, and he could see everything outside.

Where is the **** dim sky above?

After the clouds disperse, the extremely large "Tianzhu" can be seen faintly!

Cover the sky!

It's 10,000 meters high!

There is no doubt that it is the root of the tree!

In contrast, those who besieged them from all directions, like the roots and branches of the tentacles, can only be regarded as the roots of the blood tree of the gods and demons.

It doesn't hurt or itchy to break a few!

They were standing right under the blood tree of the gods and demons, and they were attacked by thousands of blood-colored roots!

Each root is comparable to the full blow of the Four Tribulations Earth Immortal!

Even if Chen Feng saw this scene, his scalp numb instinctively.

He took a deep breath, his heart moved with his thoughts, where would he dare to hide himself again!

If you don't go all out, once the Taoist weapon is destroyed, he and everyone behind him will undoubtedly die!

The Supreme God's Demonized Dragon Art instantly moved to the extreme.

The blood flowing in the limbs and hundreds of skeletons boiled in an instant.

"Everyone, help me!"

Chen Feng shouted.

Tiancun Beast Slave, Yuheng Fairy, Crazy Tiger... and even Cao Jinmang all felt extreme fear at this moment.

Without saying anything, they put their hands on the shoulders of the previous person and did what Chen Feng said.

Hum! Hum! Hum!

The big Xiu Luohong furnace was activated again by one point.

At this moment, Chen Feng felt that his physical body was in sync with the great Xiu Luohong furnace.

The supreme bloodline aura suddenly broke out and rushed straight into the sky.

The bright white glow of Luo Hong's furnace was instantly bloody, and at the same time, countless blood whips burst out.

Actually intending to fight head-on with the overwhelming blood-colored roots!

But at this moment.

All the scarlet roots stopped in place when they approached Chen Feng.

As if a little scared, he didn't dare to approach.

"This is... bloodline suppression?"

After a brief surprise, Chen Feng immediately reacted and was overjoyed.

Just like in the past, Jiang Yunxi and other special bloodlines would instinctively surrender when they meet him.

At this time, the supreme bloodline had been strengthened by the Supreme God Demonizing Dragon Art, and the aura was greatly stimulated.

After all, the blood-colored roots are living creatures, so naturally they will be suppressed by the blood.

However, just as everyone behind Chen Feng was about to breathe a sigh of relief...

"Tsk tut..."

"For so many years, I didn't expect that I would wait for a supreme bloodline!"

The vicissitudes of life sounded from above the dome.

Its vastness was like thunder on the ground, and everyone was instantly chilled by the explosion.

That is, the blood tree of gods and demons!

After absorbing the blood of various gods and demons for countless years, it actually produced spiritual wisdom!

For an instant, Chen Feng was on his back, with goose bumps all over his body uncontrollably.

The blood tree of the gods and demons locked his breath!

"I heard what you said before."

The huge voice passed faintly, and the huge tree above his head trembled only slightly, and there was a loud thunder-like noise.

Chen Feng was not surprised at what the God and Demon Blood Tree said.

It was obvious that the venue changed immediately after they had spoken some special words.

I am afraid that the entire land of the Gods and Demons Secret Realm is covered with the roots of the Gods and Demons Blood Tree.

For thousands of years, it has been relying on this land to gradually build up the illusion of barriers.

The purpose, naturally, is to attract the blood of countless gods and demons to come and absorb the blood.

Chen Feng looked up at the sky, and asked in a deep voice:

"You absorb so much blood of the gods and demons, do you want to achieve the gods and demons treasure body and transform into the strongest **** and demons body refiner?"

Although it was a question, there was a certain number in my heart.

"Since you have already guessed it, why bother to ask?"

The huge voice could not tell whether it was a male or a female, but at this moment he burst into laughter.

"God helps me too, and God helps me too!"

"As long as I absorb your supreme blood, I will be able to completely transform!"

The deafening laughter shook everyone in the Great Asura Hong Furnace, and everyone was dizzy.

The powerful sound waves, even the Dao Qi, are difficult to completely resist.

But what worries them even more is Chen Feng!

The current situation cannot get worse!

And they, faced with such a huge blood tree of the gods and demons above their heads, couldn't even rise to the slightest desire to struggle.

The strength of each other is too far apart!

Cao Jinmeng and the three even collapsed to the ground, looking desperate.

However, at this moment.

A calm voice sounded.

"God and Demon Blood Tree, if I were you, I should bow down and bow my head to me."

"So, I might still spare your life."

The speaker is indeed Chen Feng!

As soon as these words came out, even the most trusted people such as the Heavenly Remnant Beast Slaves were stunned.

They looked at Chen Feng and doubted that he was crazy.

"Big...Big Brother, I'm afraid this tree has the strength of the Five Tribulations Earth Immortal Peak."

Tiancun Beast Slave reminded.

I saw that Chen Feng's eyes were still extremely calm, even with a certain firm belief.

"I know. So what?"

Everyone was only surprised.

Chen Feng has always been a calm and measured person, and will never be so aggressive.

If it had been in the past, he reacted like this, the Heavenly Remnant Beast Slaves would not be worried.

But right now, on the opposite side is a blood tree of the gods and demons absolutely above the Five Tribulations Earth Immortal!

In contrast, Chen Feng's cultivation realm.

The eleventh cave sky of the real Shifang Dongtian realm!

Being able to leapfrog and slay the Three Tribulations Earth Immortal powerhouse is already a miracle on the road to immortality.

But, no matter how miraculous, could it still be able to fight against the terrifying existence above the Five Tribulations Earth Immortal?

Rumble!

The earth began to crack.

The countless corpse mountains that were piled into mountains began to collapse!

Thousands of Scarlet Roots rushed out from under the abyss, aiming directly at Chen Feng.

"Don't be ashamed of talking, and seek your own death!"

"You angered me, and I will use your blood to forge the blood of the Supreme God and Demon!"

"Even your physical body will become my **** and devil body!"

"Hahahahaha..." The gigantic laughter from all directions echoed and repeated.

[Chapter 5752: Fusion of blood! Gods and Demons Big Oven!](#)

Many people have turned pale after the shock.

Even Taoist Wuya changed his face and turned to look at Chen Feng: "What are your cards?"

Everyone's lives were pinched by Chen Feng at this moment.

However, at this moment, Chen Feng was seen taking a step forward.

He looked up at the invisible blood tree of the gods and demons, but his gaze was looking up, as if looking down!

As if at this moment, he is watching the world!

A clear, calm, but domineering voice rushed straight into the sky.

"What do you think is supreme?"

When the voice fell, Chen Feng stretched out his hand to cover the large Xiu Luohong furnace on everyone, while he was alone, soaring into the air.

At this moment, he was dancing wildly!

And the next moment, the scary roots that were red to black in the sky penetrated Chen Feng's body straight from all directions.

"Chen Feng!"

"Big Brother!"

"Brother Chen Feng!"

...

Everyone was stunned!

The Tiancun Beast Slave was almost crazy, and he was about to rush out on the spot, but was stopped by Mu Jiuyou.

As for the crazy tiger, his face was as white as snow, he closed his eyes and waited for death.

The death row contract between him and Chen Feng destined Chen Feng to die, and he will undoubtedly die!

However, the sky of laughter suddenly stopped.

Only the echo is left.

"I...I'm fine!"

Crazy Tiger muttered to himself in surprise, causing everyone to react instantly.

Everyone was shocked and looked up at the sky.

I saw that the body that was crucified in the air did not shed a drop of blood.

There were countless blood-colored roots in front of him, but suddenly stopped the action of poking into Chen Feng's body.

Even, can't wait, want to escape!

Huh!

The drooping head suddenly lifted up.

Chen Feng looked up to the sky and laughed.

"Hahaha... the blood tree of the gods and demons, you have accumulated the blood of the top gods and demons for countless years, I laughed at it!"

In an instant, the Supreme God Demonized Dragon Technique, the first volume, the mysterious yellow scroll, broke out!

In the world of dantian, the few scarlet blood fog giant chains shattered one after another!

Return to become a vast blood mist!

The supreme bloodline flowing in the limbs of Chen Feng began to boil.

Below, in the great Xiu Luohong furnace.

"I understand!"

"It is unbelievable, he dare to take such a risk!"

Wuya Taoist blurted out like a gaffe.

Everyone asked what was going on.

Mu Jiuyou's beautiful eyes circulated on the side, staring at the void closely.

"He just said it."

That sentence-what do you think is supreme!

The supreme bloodline is called the supreme, that is the supreme, the nine-five-sovereign!

What's more, when Chen Feng cultivated along the way, he had strengthened the bloodline for an unknown number of times.

"It can be said that in this world, no blood can swallow his supreme blood."

The Taoist Wuya couldn't help but respond with a lot of emotions.

"It's okay if the blood tree of the gods and demons wakes up in time, but Chen Feng's words just angered it."

"The blood veins in the blood-colored roots, once pierced into Chen Feng's body, they will completely follow his way!"

Hearing the explanation of the two, Fairy Yuheng and others were overjoyed!

The Tiancun Beast Slave threw a few punches toward the void with excitement, and the sound of breaking through the sky rang out.

"It's really big brother! This calculation is absolutely amazing!"

The three Cao Jinmeng behind him were already dumbfounded.

He stared blankly at the figure above the void, and then at everyone:

"Senior Chen Feng, all of this has been calculated?"

"Do not!"

Gong Licheng smacked his tongue and said, "No one thought that everything would happen."

"It is precisely because of this that Chen Feng is more powerful."

After finding out the life gate, found the tomb of the gods and demons, confronted the giant blood tree of the gods and demons.

Only in the time of a cup of tea!

Chen Feng unexpectedly adjusted it immediately and thought of a way to deal with it.

What's more rare is that his own cards are strong enough!

The countless blood-colored roots of the blood tree of the gods and demons plunged into the body at the same time, and when placed on any person, the blood was drained instantly.

Turned into a corpse!

However, Chen Feng was not dead!

It is precisely because of this hand that he has the opportunity to activate some magical powers.

Begin to absorb the blood of the blood tree of the gods and demons!

You know, it has absorbed and refined the bloodline for so many years, even if it is not as good as the supreme bloodline, it is absolutely top-notch!

Everyone is right!

Chen Feng at this time is ecstatic!

He won the bet!

The few blood fog giant chains left in the Dantian world are his spare "life"!

After consuming all the spare lives, he used the supreme bloodline to suppress the countless roots pierced into the body.

First class!

Each one is first-class!

Infinitely close to the best blood!

Each one is an extremely rare bloodline of gods and demons!

Of course, including the original Shura bloodline.

The blood tree of the gods and demons began to struggle frantically.

The loss of blood makes it extremely frightened in an instant, and at the same time extremely angry.

boom! boom! boom!

One by one, the blood-colored roots exploded one after another.

However, in the next moment, Chen Feng's figure has disappeared in place.

Taishang Yuqing's Nine Shou Zhen tactics suddenly gained power!

boom!

Chen Feng appeared above the sky, slashed away the blood tree of the gods and demons, and rushed in.

The breath of the supreme blood, arbitrarily diffused!

Above the head, at this moment, a certain vision finally broke out.

The blood tree shivered uncontrollably.

Instinct is urging it to surrender!

"Why! Why is it so!"

It screamed desperately, but Chen Feng couldn't help but attack by suicide.

A strong and vigorous body is already riddled with holes.

Can destroy faster and recover faster!

The blood of the twelve top gods and demons was filled with almost no difficulty.

"The melt is the furnace!"

Chen Feng's breathing became heavy.

The blood of the twelve top gods and demons turned into true dragons of the twelve gods and demons.

In the body, the twelve gods and demons were really fire, which was instantly ignited.

It's like waiting for a long time!

In an instant, the twelve gods and demons real fire formed a connection with each other.

boom!

Chen Feng's spiritual world received a burst of divine enlightenment.

At this moment, he clearly realized.

A **** and demon oven, with his body as a container, formally formed!

Since the Supreme God Demon Transformation Dragon Art was acquired, it has always been difficult to make progress because of insufficient blood absorption of the God and Demon.

After a long time, Chen Feng was naturally a little worried.

When I decided to come to the Gods and Demons Secret Realm, it was mainly for this purpose.

However, the result now is completely beyond his expectations!

The blood of the twelve top gods and demons has been absorbed, and they all work together to form the gods and demons oven!

It's just a blockbuster, it's a blockbuster!

His laughter echoed in the world.

"Cool! That's cool!"

"I can feel a qualitative change in my physical body!"

The twelve gods and demons are real fires, which are located in the vital places of the whole body.

Forming a connection with each other is equivalent to burning the whole body in the fire.

[Chapter 5753: Forty-nine thunder robbery!](#)

In the intense roasting, every inch of flesh and blood, every drop of essence and blood, is undergoing visible changes with the naked eye.

Crackling!

The bones are making a crisp sound.

A thick layer of dirt was rarely discharged from the pores, and then instantly burned to death by the gods and demons.

By Chen Feng's current cultivation base, his physical body has long since been tempered for many times.

The physique has long been regarded as flawless.

However, under the scorching and scorching of the gods and demons, there was a new step forward.

The real fire of gods and demons is spreading!

A layer of almost transparent flame gradually covers every existing muscle and bone.

Even the blood became more and more bright red.

Chen Feng clenched his fists and could clearly feel the terrifying changes in power!

With the addition of twelve top gods and demons bloodline, the gods and demons oven is enough to increase its physical strength tenfold!

When the last inch of bone and blood was covered by the real fire of the gods and demons, the Xinghai World was lit.

Hum! Hum! Hum!

One after another, the sun, the moon and the stars burst out of their own accord.

The last three big days finally began to change.

Gravel bands gradually formed around.

Then, as they collided with each other, stars began to revolve around them.

There is destruction and there is regeneration!

boom!

In the spiritual world, the golden spiritual ocean once again set off stormy waves.

The chaotic zone on the edge has been reclaimed once again!

Not only did Chen Feng realize all of this, but even the people in the Great Asura Hong Furnace below also felt it.

"He broke through!"

Mu Jiuyou's beautiful eyes flowed, looking over the void, the corners of his lips curled up.

I can't see whether it is appreciation or anything else.

The next moment, the world changes drastically!

Lei Jie is here!

When ordinary monks stepped into the twelfth cave of the Ten Fang Dongtian realm, there would be no thunder disaster.

Only those with excellent talents and great potential will lower the Thunder Tribulation in advance.

However, for Chen Feng, this is already commonplace.

Earlier, he had become accustomed to being struck by lightning.

Rumble!

In the Secret Realm of Gods and Demons, the entire sky instantly turned scarlet.

The supreme coercion shrouded this world at this moment.

Instead of looking up, Chen Feng lowered his head, looked at the crowd of Mei Wuxia, and spoke:

"How far to hide."

He has a hunch.

This thunder robbery will only be more terrifying than any one I have seen in the past.

Even if there is a Taoist instrument enveloped, it is difficult to guarantee that those people will not be accidental.

The supreme blood in the body was still boiling, Chen Feng raised his head, his eyes burst out with burning light, and pointed directly at the huge shadow that almost disappeared in the thundercloud.

After all, the blood tree of the gods and demons is just a plant, even if the roots are well developed, it is often used to attack.

But it's still hard to get away and move!

So far, only some special gods such as the World Origin Tree have this special ability.

And this has become the fatal weakness of the blood tree of the gods and demons!

It is so huge that it completely enveloped Chen Feng.

If Lei Jie wants to smash Chen Feng, it is the one who bears the brunt.

"Hahaha, God helped me too!"

"Let me take a look, this time there will be several thunder tribulations!"

Chen Feng smiled happily.

Daxiu Luo Honglu escaped smoothly, and the place was cleaned up.

Wow —

The blood-colored thunder light suddenly lit the world.

And Chen Feng, finally at this moment, clearly saw the appearance of the blood tree of the gods and demons.

Unprecedentedly huge!

It's almost stabbed through this day.

Boom!

The earth trembled violently again.

It was more violent than any previous time.

Chen Feng looked intently and smiled.

Good guys!

The blood tree of the gods and demons also admitted to counseling!

It did not hesitate to abandon part of its branches to attract the sky thunder.

The remaining main branches are shrinking rapidly!

The huge tree covering the sky and the sun instantly became ten thousand meters in size, and then only a thousand meters, a hundred meters...

Soon, Chen Feng clearly saw the Thunder Jieyun above the void.

In the blood-red thundercloud, the light flashes.

The thunder sounded constantly, as if coming from all directions.

As the first sky thunder fell, the entire sky seemed to fall into a thunder pond.

Splitting his head and covering his face, several or a dozen blood-colored sky thunders smashed at Chen Feng at the same time.

The void has been split many times.

Even if Taishang Yuqing's Nine Shou True Art had broken through to the ninth state, there was nothing he could do in this situation.

However, Chen Feng didn't care.

He had a goal!

As he swiftly moved in a certain direction, the sky thunders that fell from the sky also chased him.

But it was another voice that yelled at him.

"Damn it! A mere ant dares to plot against me again and again!"

The blood tree of gods and demons has never been so speechless.

First, stealing chickens can't eclipse the rice, and wanting to absorb Chen Feng's blood, on the contrary, a lot of his own blood has been taken away.

At this moment, every time Chen Feng moved, he was in the shadow of its reduced size.

As a result, blood-colored sky thunders with a thickness of one hundred meters, without exception, all landed on its body.

Almost 90% of the power was removed, and finally 10% fell on Chen Feng.

Boom!

There were more than a dozen sky thunders, falling like crazy.

No matter how powerful the blood tree of gods and demons is, it is not a **** tree of the world origin tree after all.

Each blood-colored sky thunder is at least worthy of the full blow of the Four Tribulations Earth Immortal!

At the same time, he was struck by more than a dozen such sky lightnings.

Click—

Finally, the small half of the blood tree of the gods and demons was chopped into scorched black.

Crashed down!

The blood tree of the gods and demons is crazy!

What ugly greetings to the eighteenth generation of ancestors have been said!

In the next moment, it didn't even care about anything, and the whole body burst out with a terrifying and fierce light that had never been seen before.

Thousands of thick branches gushing out of the ground again.

Go straight to Chen Feng to kill!

then.

Rumble—

More than a dozen blood-colored sky thunders fell, and followed Chen Feng's movement, smashing it on its body.

Chen Feng looked up to the sky and laughed.

What is a peak turn?

This is called a turnaround!

A second ago, they were bound to die, and there was no way to go.

Right now, he really cut a way out of life!

After 90% of Lei Jie was removed, the remaining 10% fell on Chen Feng, causing limited damage.

It's not that 10% of Thunder Tribulation has little destructive power.

It just so happens that his physical strength has just increased tremendously.

At this time, Tianlei's body is a kind of tempering!

Rumble!

A total of forty-nine sky thunders greatly increased his physical strength.

But the blood tree of the gods and demons that shrunk to a thousand meters in front of them was desperate and embarrassed, and there was no one in strength!

He is confident to fight!

Forty-nine sky thunders split an hour.

The whole world is filled with the breath of thunder and tyrannical destruction.

Even after the last sky thunder was absorbed by Chen Feng, the blood on the sky was not like the past.

It took a long time for the crimson thunder robbery to gradually dissipate.

The void returned to calm, and the cracks all over it slowly disappeared.

At first glance, it seemed that nothing had changed in the Secret Realm of Gods and Demons.

Only the corpse mountain below is missing.

There is more ruin.

Chen Feng was almost unscathed.

[Chapter 5754: Who is it, who are you looking down on?](#)

Only the battle robe on his body was smashed to pieces under the forty-nine blood-colored thunders, and his upper body was naked.

His body was just formed, standing empty in the air, his whole body glowing with radiance.

Every inch of the knotted muscles contains unprecedented explosive power!

Opened his eyes.

The two groups of gods and demons were really fire in their eyes, burning fiercely!

Chen Feng stared at the God and Demon Blood Tree not far in front.

Especially... the center of the canopy!

With the breakthrough of his Supreme God Demonizing Dragon Technique, he completed the melt into the furnace.

At this moment, Chen Feng's feeling for the Supreme God Demonizing the Dragon Art is even stronger!

He can clearly feel that the thing he dreams of is in the center of the crown of the blood tree of the gods and demons!

Hidden in the trunk by it!

However, when Chen Feng sensed it, the blood tree of God and Demon also felt Chen Feng's prying eyes.

"Roar!"

The roar was deafening.

Being conspired by Chen Feng, the catastrophe was enough to make it embarrassed.

If there is no trump card used to lure countless gods and demons to die, then it will really be over!

The next moment, the earth trembled violently again.

Whoosh!

Under the deep black soil, countless blood-colored roots appeared again.

At the same time, the slender branches above the sky also burst into luminescence.

Clang!

Without saying anything, Chen Feng flipped his hand to take out the Qingqiu Tianlong Sword, and stepped up into the air.

The blood tree of the gods and demons at this time, at most the cultivation base of the Four Tribulations Earth Immortal Peak.

The strength between each other has been drawn to the extreme.

The Fragment of the Supreme God Demonizing Dragon Technique is at your fingertips!

There is only one chance, he will never miss it!

"Too high to punish God!"

At this moment, the two star souls in the Xinghai World burst into brilliant light at the same time.

Candle Nine Yin Star Soul and Roaring Sirius raised their heads and roared together.

In an instant, the sky was dim and the ground was dark.

Chen Feng disappeared in the same place, but two biting sword intents broke out more than ten miles away!

Caught off guard!

After breaking through the twelfth cave of the Shifang Dongtian realm, Chen Feng's mastery of Tao Yun naturally improved.

It can be said that the laws of heaven and earth in this mysterious realm of gods and demons can no longer restrict him.

His divine consciousness was restored and stretched for thousands of miles.

The span of the void has also been greatly restored.

What's more worth mentioning is his brand-new hole card-Cut Nothing!

Before the Taoist rhyme was golden light.

Since entering the state of defensiveness, his own Taoist rhyme has returned to nothingness, and after merging into nature, there is no trace to follow.

Gather when you use it, and disperse when you don't.

After the breakthrough in cultivation, his grasp of Dao Yun has improved.

Therefore, the golden long knife that was originally solidified by Daoyun is now completely invisible.

Unless the cultivation base is much higher than Chen Feng, there is no way to detect such a blow!

The Taishang Zhushen Slash, which just looked like a single blow, was actually cut by two long swords at the same time.

Wow —

A shocking sword intent slashed down, severing hundreds of roots and branches.

And the other sneak attack slashed directly towards the backbone.

Very fast!

However, the blood tree of the gods and demons is still stronger than Chen Feng's current strength.

Even though the blow was extremely subtle, the blood tree of the gods and demons reacted at the critical moment.

It made a decisive decision to shrink itself again.

boom!

A very thick branch was chopped off with a single knife, and countless blood spurted out.

It rained blood instantly between heaven and earth!

But, after all, let it escape the deadly point!

"Damn it! The mere ants dare to hurt me so much!"

The blood tree of the gods and demons roared angrily, murderous.

The gravity suppression between heaven and earth suddenly strengthened again, and the rhyme of Taoism changed again.

In an instant, Chen Feng could feel rejected by this world!

can not breath!

Unable to seduce the rhyme of the world!

Even the flesh began to be flushed by the pressure of life, bleeding and collapse at any time.

All aspects of suppression!

Chen Feng's face was extremely gloomy.

The blood tree of the gods and demons is condensing this mysterious realm of gods and demons to form a target, directly suppressing Chen Feng to death!

"Chen Feng!"

"Big Brother!"

...

Very far away, the people in the Great Asura Hong Furnace couldn't help but exclaim.

But at this moment.

"hehe..."

A chuckle rang out in this world.

The thousands of branches of the blood tree of the gods and demons rushed to Chen Feng again, wanting to penetrate and draw the power of the supreme bloodline.

It can be close to a hundred meters away.

Hum!

The supreme branches, dark red to black, stagnated again.

It's like an invisible wall ahead.

Chen Feng sneered.

The Supreme God's Demonization Dragon Art is running to the extreme, and the twelve gods and demons are really burning.

In the next moment, all the blood-colored branches burst together!

Around Chen Feng, blood was pouring down almost instantly.

However, just as he was going to take advantage of the victory and pursue the occasion, the sudden change occurred!

"not good!"

In the count!

Chen Feng is good at calculating for a lifetime, but there are also times when a hundred secrets are sparsed.

Although he reacted immediately, it was still too late.

The burst of blood rain fell on Chen Feng's body, and the sudden severe pain went from the surface to the depths of the flesh.

Chen Feng turned his head and saw that he had found the clues—

The blood tree of the gods and demons has lived for an unknown number of years.

Knowing that Chen Feng has the supreme bloodline and can suppress its roots, naturally he will not do useless work.

The seemingly reckless, excited and crazy attack is actually a cover.

The purpose is to let its seeds fall on Chen Feng!

If the human race's most powerful vitality is reflected in the critical moment of life and death.

So for a plant, when the seed germinates, it is its most invincible moment!

The seeds of the blood tree of the gods and demons were so subtle that they were almost invisible.

The number is huge, and as fine as dust, it has completely concealed it from Chen Feng's eyes!

Countless small seeds fell on Chen Feng and quickly began to take root in his flesh.

At the same time, **** the blood!

In the blink of an eye, Chen Feng was covered with slender seedlings.

"what-"

The tragic cry sounded amidst the sorrowful laughter.

The seeds of the blood tree of the gods and demons are like the maggots of tarsal bones, once they are covered in the flesh, they quickly take root.

In the blink of an eye, the roots penetrated into the lungs and the internal organs were almost completely intertwined!

"Hahahaha...Chen Feng, Chen Feng, I admit that you are a bit capable."

"But you will still be my nourishment after all."

"There are hundreds of millions of my seeds, and each one has a ray of my spiritual thoughts attached to it, and it is completely subject to my control."

The blood tree of the gods and demons was triumphant, and at the same time, hundreds of blood-colored roots appeared again.

Prepare to harvest Chen Feng's life.

at this time.

"Idiot..."

The scream stopped abruptly, and it was replaced by Chen Feng's calm voice.

The action of the blood tree of the gods and demons was stagnant.

The next moment, Chen Feng stretched out his hand to pull out the seedlings growing out of his eyeballs, his eyes gloomy as iron.

The corners of the mouth, with a smile!

"Who is it, who is underestimating it!"

Heaven and earth repeatedly reincarnate in heaven and earth, and suddenly gain power!

This time, in the space of heaven and earth repeated reincarnation, three huge vertical pupils burst out at the same time.

[Chapter 5755: break!](#)

The first one is blue, the second one is bright white, and the third one is black!

However, the target is not the blood tree of the gods and demons ahead.

Instead, himself!

When the spirit-like power that fluctuates in the void seeps out and makes people look disillusioned, the blood tree of the gods and demons finally reacted.

It saw Chen Feng's intentions!

It's too late!

boom!

The violent mental attack drowned Chen Feng almost instantly.

In the golden spiritual world, the vast ocean formed by the convergence of spiritual power is also raising turbulent waves.

However, compared to this level of attack, it is far from fatal.

The fatal thing is the countless seedlings rooted in his body!

Chen Feng grinned at the corner of his mouth.

The dark black Demon Heart Seed flew towards the main body of the God and Demon Blood Tree, and was keenly noticed just as it approached a hundred meters.

However, the God and Demon Blood Tree not only didn't breathe a sigh of relief, but even began to yell at it.

This time, it was Chen Feng's turn to laugh out loud.

"Thanks to what you said just now, otherwise, I wouldn't have thought, in fact, I still have a hole card."

When the voice fell, the brilliant white light instantly enveloped Chen Feng.

Hum!

In my mind, the memory of the blood tree of the gods and demons was overwhelming.

It's almost at a glance!

The blood tree of the gods and demons roared and roared.

Countless ferocious roots wanted to rush out again, running through Chen Feng.

Clang!

An awe-inspiring murderous aura appeared, steadily blocking those attacks.

The Taoist Wuya and others who had been evading far away finally arrived.

After the strength of the blood tree of the gods and demons fell sharply, everyone worked together and had the confidence to completely kill it!

Looking at the group of people who suddenly appeared in front of Chen Feng, the God and Demon Blood Tree finally panicked.

If it were an individual, it must have already made the bowels blue with regret at this moment.

It has already seen Chen Feng's intentions.

The attack of mental supernatural powers is nothing more than three points: attack, spy, and manipulation.

And the one who wakes up the opponent and uses this as a breakthrough is itself!

"My seeds are hundreds of millions, and each one has a ray of my spiritual thoughts attached to it."

This sentence is simply express!

Countless seeds have taken root in Chen Feng, but now they have become a cocoon.

It can perceive that its own spiritual thoughts are constantly being spied on.

So that... the picture in front of me began to change.

Boom!

The world is suddenly thunderous!

The rain of blood was pouring, and the sky was suddenly dark.

Familiar scenes reappeared before the eyes, even if the blood tree of the gods and devil knew it was not real.

But a figure appeared in front of him, making him instinctively fearful!

That is an...ancient god!

A young ancient **** who looks no more than thirty!

One, the ancient **** who walks the Avenue of Gods and Demons!

He has sword eyebrows and star eyes, and he has a magnificent appearance.

The blood of the monstrous gods and demons is boiling, and the twelve gods and demons are really burning.

In the thunder, thunder, wind and rain, this person danced without wind, his eyes were deep and firm.

The murderous aura is extremely harsh!

Vaguely materialized.

However, the most striking point is that he is extremely strong and tough.

The blood bursting out of the whole body is like a humanoid beast.

Even far surpassing the ancient fierce beasts!

Even Chen Feng has never felt such a terrifying flesh and blood!

Above the head, the blood mist condensed, forming a five-clawed dragon, constantly surging in the red clouds.

And the next moment, I saw that ancient **** waved his hand.

The five-clawed dragon turned into a long sword in an instant, and fell into its hand, allowing it to drive it.

The blood tree of gods and demons fell into unprecedented fear!

boom!

The ancient **** moved.

Almost instantly, the Supreme God Demonizing Dragon Art in Chen Feng's body also boiled!

The two echoed each other in a distance, and at this moment they achieved sensory intercommunication.

After the furnace became a cauldron, this ancient **** had obviously cultivated the blood of the strongest **** and demon.

Chen Feng could feel the power of the ancient god's bloodline, and even stabilized his supreme bloodline!

Although it was only an instant synesthesia, it was enough to make Chen Feng understand.

No wonder.

No wonder the blood tree of the gods and demons took great pains to lay out, just to cultivate the same top-level bloodline of the gods and demons.

too strong!

In front of him, ordinary people have only two thoughts of war, kneeling and surrender.

Chen Feng frowned.

The ancient **** feared by the blood tree of the gods and demons was fighting on this planet.

I am afraid that the name of the ancient star of Fallen God came from him.

Suddenly, a secret tone rang in the ear:

"Chen Feng, I am waiting to help you."

The secret transmission of Taoist Wuya made Chen Feng a short-lived Qingming.

He nodded slightly, already having an idea in his mind.

Divine Mind looked inside, explored the world of stars, and came to a world-origin sapling rooted in the palm of the hand.

"As a seedling, you should also absorb some nutrients."

As if he understood what Chen Feng said, the leaves of the seedlings shook slightly.

A ray of emotions slowly poured into his heart.

happy!

Immediately afterwards, the countless roots rooted in his flesh and blood, and even deep into his lungs, began to dissipate.

Chen Feng's eyes lit up, and he was more confident.

All the power of the blood tree of the gods and demons is vulnerable to the world's origin saplings!

He immediately withdrew his mind and raised the Qingqiu Tianlong Sword in his hand again.

"It's time to break through this mystery!"

In the next moment, Chen Feng instantly breathed and visualized the ancient **** in the memory of the blood tree of the gods and demons.

It's just that, between Chen Feng and the ancient gods, there is a huge gap in strength after all!

Even the mask of the succubus is difficult to imitate completely.

At the critical moment, Immortal Mo Rin made a speech:

"I'll help you!"

He walked directly into Chen Feng's body and merged with it.

boom!

The blood gas was instantly ignited.

The breath of the ancient **** broke out!

"Pu Jinglong, we are now grasshoppers on a boat."

"You stand by for so long, and it's time for you to contribute."

The Taoist Wuya turned his eyes slightly to look at Pu Jinglong, who was walking with them, but remained silent on the side.

Pu Jinglong only hesitated for a moment before he made a decision.

Reached out and patted in the direction of Chen Feng.

A particularly powerful force poured directly into Chen Feng's body!

Immediately afterwards, Mu Jiuyou and Taoist Wuya shot at the same time, pouring power into Chen Feng's body.

Hum!

At this moment, a primitive and supreme aura quietly burst out of Chen Feng.

Open your eyes and shoot a sharp Huaguang!

Every inch of muscle is full of explosive power, bulging tightly.

The extreme gravity suppression seems so trivial at this moment.

Chen Feng disappeared instantly.

The blood tree of the gods and demons hadn't reacted yet, a giant hand had already pierced its main trunk.

The dazzling light broke out in the screams.

The World Origin Saplings in Xinghai World began to take the initiative to take advantage of Chen Feng's hand to absorb the power of the blood tree of the gods and demons.

"what-"

The screaming screams carried through the mysterious realm of the gods and devil thousands of miles high in the sky.

"It's amazing!"

Fairy Yuheng was in the large Xiu Luohong furnace, looking at the shocking scene ahead.

She couldn't help laughing with her hands on her hips.

"This Chen Feng will always surprise people."

The Tiancun Beast Slave was also quite pleased.

[Chapter 5756: How could it be him?](#)

"This Secret Realm is finally able to go out."

But soon they discovered that things didn't seem right.

Under the initiative of the World Origin Saplings, the demise of the blood tree of the gods and demons received little hindrance.

However, the mystery of the gods and demons was not broken!

"How can this be?"

All the people who had just been happy, their faces turned gloomy at this moment.

Chen Feng looked up.

Right above the heads of him and Cao Jinmeng, there was still a ray of chaos.

Looking at the Bone Corpse Mountain and the ruins of the abyss, Chen Feng suddenly had a thought in his mind.

"Since the mystery is not broken, there are only two possibilities."

"One is that the blood tree of the gods and demons hasn't completely died yet."

Before Chen Feng finished speaking, Taoist Wuya denied this.

"impossible."

"Once this blood tree drains its blood, there is only one dead end."

This is the biggest difference between spiritual plant monsters and other species.

Even if they can absorb the aura of heaven and earth, the power of stars, to maintain their own immortality.

However, everything absorbed must be stored on the trunk.

It can be said that when the body is destroyed, they are dead.

In fact, Chen Feng also tends to say this.

He looked at everyone again and said every word:

"Since it is impossible, there is only the only possibility left—"

"There is another person behind the secret realm of Gods and Demons!"

As soon as this remark came out, everyone felt chills in their hearts.

But this seems to be the only explanation.

"Ha ha ha ha!"

There was a burst of laughter in all directions.

That voice was exactly the same as the voice of the Fangcai God and Demon Blood Tree!

In an instant, two thoughts arose in Chen Feng's mind.

Could this **** and devil blood tree really still have a back hand?

Or...from beginning to end, this voice is not from the blood tree of the gods and demons itself!

In any case, as soon as the voice sounded, Chen Feng took the main Xiu Luohong furnace back in the first reaction, and firmly protected everyone.

With sharp eyes, the Tiancun Beast slave suddenly exclaimed:

"Brother, look over there!"

He stretched his hand at the huge dead tree that had no life, and was dumbfounded.

Everyone looked in the direction he was pointing.

With just one glance, everyone's pupils shrank suddenly.

The inner vitality of the blood tree of the gods and demons was exhausted, but at this moment, the two things hidden in the crown of the tree were exposed.

A silver-rimmed mirror a few meters high appeared slowly.

Next to it, there is a piece of jade slip suspended.

When Chen Feng saw the jade slip, he could hardly look away.

The aura released by that piece of jade slip is of the same origin as when the fragment of the first volume was obtained!

This is the follow-up to the Supreme God Demonizing Dragon Art!

However, this excitement lasted less than a blink of an eye.

Because these two cherished objects are floating above a strange figure at this moment.

"this is..."

Chen Feng didn't have time to take a closer look at what the mirror of ancient reincarnation looks like, but at this moment his eyes straightened.

Not only him, but also the Celestial Beast slaves in the crowd, had the same reaction.

"How could it be him!"

The Tiancun Beast Slave blurted out, his face full of disbelief.

This reaction naturally aroused the enquiry of the companion.

"When we went to the Xuanwu Middle Thousand Worlds to test, we borrowed a knife to kill a phantom there."

While talking, the Tiancun Beast Slave made a stubborn mouth toward the front, and continued:

"The phantom image originally came from him."

Great Sadness and Joy King Kong Demon!

wrong!

As soon as Chen Feng remembered the name, he denied it.

The flesh in front of him is definitely not the Great Compassionate King Kong Demon.

He didn't have four faces, eighteen arms, and there was no devilish energy on his body.

But other than that, the two are exactly the same.

The limbs are slender, the facial features are three-dimensional, and the eyebrows are kind and purposeful.

The image in his early thirties still looks vigorous.

The breeze gradually rose.

Most of the blood-yang soul-cultivating flowers that grew on the Bone Corpse Mountain were cut off by the wind blade and gathered.

"Chen Feng, I have to sincerely thank you."

"If you don't have the ability to destroy that tree, I won't be able to get out of it, and I will rise again!"

The man who looked exactly like the Great Compassionate King Kong Demon had rampant contempt in his eyes.

Before the words fell, the man suddenly burst into bright light.

The mirror of reincarnation suspended above the head directly released a breath of shock.

Everyone can clearly see that a wave of turmoil has begun to rise on the mirror of reincarnation.

One after another, the blood-sun nourishing soul flower floated into the mirror of reincarnation.

Under everyone's eyes, a figure gradually appeared in the mirror.

As the figure became clearer, Chen Feng and others' complexions changed drastically.

"Why did another figure appear again?"

The figure that appeared in the mirror of reincarnation was a long bald young man!

He looked like he was in his early twenties, but he had an extremely vicissitudes of life.

But at a glance, not only Chen Feng, but all the people present came up with an idea.

The person in the mirror is the man outside who looks exactly like the King Kong Demon of Great Compassion and Joy!

"Is this past and present?"

Mei Wuxia pulled Fairy Yuheng's sleeve nervously and asked.

"It should not be."

Fairy Yuheng's answer is exactly the point of view of everyone.

The two of them should be from the same era.

It's more like...

Chen Feng thought of a somewhat ridiculous possibility between the flashes of lightning.

These two people are two fleshy bodies.

But the spiritual wisdom inside is the spiritual wisdom of the same person!

Look up into the distance.

I don't know when, the clouds above my head have been covered with clouds again, and there are frequent visions.

A beam of blood-colored light pierced through the clouds and fell precisely on the person who looked like the King Kong Demon of Great Compassion and Joy.

"Why do I look like I'm resurrecting?"

Fairy Yuheng's unintentional remarks were suddenly shocked at this moment.

Everyone subconsciously moved in this direction, and even Chen Feng became interested.

Under all eyes, the mirror of ancient reincarnation gleamed brightly.

Afterwards, the bald man inside stretched out his hand and wanted to go out through the lens surface!

Chen Feng's breathing suddenly became extremely heavy.

It only takes a few blood-yang soul-raising flowers to replace the Hyakki Yexing Soul-calling Scripture—resurrecting others!

Worthy of being an ancient artifact!

He was forced to shelve the resurrection plan, and couldn't wait any longer.

He must take down this ancient mirror of reincarnation!

At this moment, Chen Feng already had some speculation in his mind.

The Fallen Ancient Star was not originally called the Fallen Ancient Star.

That's because countless years ago, two ancient gods fought here.

I am afraid that the two figures in front of me are exactly the two ancient gods back then.

"I'm afraid we all got it wrong."

"The blood tree of gods and demons should be a prison at first."

"The purpose is to trap him."

Chen Feng's low voice at this time was silent, but everyone listened to it.

Taoist Wuya and the others also looked forward very solemnly at this time.

"Take advantage of this critical moment, let's do it!"

"This person doesn't look like a good talker, and it's not very useful to discuss it carefully."

[Chapter 5757: Ancient gods!](#)

Even Pu Jinglong said the same.

"Jie Jie Jie Jie!"

The laughter echoing in the sky gradually became gloomy and cold.

I saw the person in the mirror slowly walking out of the mirror of reincarnation.

"You are right, I am Mingtian Ancient God."

"After so many years, I finally waited for today!"

He laughed, and suddenly reached out to Chen Feng.

"You, your body and blood are good."

"Come here, kneel down."

The bald young man said this was arrogant, unprecedented.

Chen Feng sneered on his face, but didn't dare to look down at it in his heart.

Even after tens of thousands of years, that is an ancient **** after all!

Moreover, he could sense that the bald young man in front of him who claimed to be the Ancient God Mingtian had a very unusual body.

The Supreme God Demonized Dragon Art has a sense, and this person has also practiced this technique.

However, in the Xinghai world, the half-empty and half-real phantom of the ancient Buddha actually seemed to have some kind of inspiration.

"Buddha?"

Chen Feng became more and more confused.

At this moment, Mu Jiuyou behind him suddenly spoke.

"I understand."

"The talent in the mirror is the true appearance of the ancient **** Mingtian, and the flesh in front of him is another fallen ancient god."

As soon as this remark came out, Chen Feng suddenly realized.

It should be!

This makes sense.

The bald head in front of him, which looks exactly like the Great Compassionate King Kong Demon, is probably the predecessor of the Great Compassionate King Kong Demon.

There are many examples of ancient Buddha becoming demons.

"Hahaha... You little Nizi is a bit discerning."

"Yes, what I am using now is the body of King Kong King Kong of Sadness and Joy."

"This is a genuine ancient Buddha."

Zhang Yang, the ancient **** of Ming Tian, did not rush for a while.

For thousands of years, no one has been talking, and at this time he will inevitably have a lot of emotional backlogs and want to break out.

In the mirror of reincarnation, the real Mingtian ancient **** walked out of the mirror, but the flesh was a phantom.

The phantom merged into the body of King Kong King Kong of Sadness and Joy, and a dusty past was also revealed.

Thousands of years ago, Ming Tian wanted to seize something in the hands of King Kong King Kong of Sadness and Joy.

In the end, Ming Tian gave a fatal blow to King Kong King Kong.

I thought that I finally won a big victory, but I never thought that King Kong King Kong would counterattack again before his death.

His physical body was destroyed, and his spiritual wisdom was trapped in a sacred tree, rooted here, no matter how hard it was to move.

In this way, although Mingtian Ancient God got everything he wanted to plunder, he was also behind bars.

"Fortunately, there is no way out of heaven."

"I have the Supreme God Demonizing Dragon Art in the hands of King Kong of Sadness and Joy."

"Soon, I thought of a plan."

The Supreme God Demonizing Dragon Art in the hands of King Kong King Kong of Sadness and Joy is not complete.

It didn't even start the first volume Xuanhuang scroll.

However, after all, it was an ancient god, and Ming Tian started to train with the endless scroll in his hand.

Use the sacred tree that trapped him as a physical body to practice!

After countless years, the former sacred tree has become today's sacred tree!

"As for this secret realm, in addition to cultivating the Supreme God Demonizing Dragon Art, the most important thing is to wait for you."

"Or you."

Ming Tian Gu Shen's gaze fell on Chen Feng.

There was a crazy smile in his eyes.

"As soon as you enter the secret realm, I can be sure that you have also practiced the Supreme God Demonizing Dragon Art."

"It's just that, I didn't expect you to hide with me in the beginning."

"I was almost fooled by you."

Ming Tian Gu Shen seemed to be in a really good mood, and he was quite happy.

Chen Feng listened for so long, but never said anything.

The Supreme God Demonizing Dragon Art he cultivated was also obtained when he was conducting a trial mission in Xuanwu Zhongqian World.

There, there is a great demon **** Yanjiao.

For a long time, Chen Feng never thought about going to Buddhism.

It was only now that I realized that the projection of the King Kong Demon of Great Compassion and Joy at the time was indeed a common fighting form in Buddhism.

Looking at the ancient **** Mingtian escaping from his birth and regaining his freedom, Chen Feng's brain was running wildly.

He seems to have been rewarded with something, I don't know if it's useful...

"Okay, I've finished speaking, so I won't let you die unclearly."

"Next, come over, give me your body and blood!"

How strong Chen Feng's bloodline is, the ancient **** Mingtian had already seen it when he was still the blood tree of the gods and demons.

Isn't that the bloodline he has dreamed of all these years!

As long as it has it, how about even if the strength is not saved?

He is confident that he will reach the top again in a hundred years!

Even, to a higher level!

However, after having said it twice, the kid holding the Taoist instrument in front of him was still unmoved.

Ming Tian Gu Shen was already a little impatient.

"Boy, I won't say the same thing a third time."

"Don't think that you will be stubbornly resisting. Even if I don't have the same strength, I will definitely be able to shake you ants."

While speaking, a majestic force burst out from the King Kong King Kong.

Hum!

The big Xiu Luohong furnace began to roar frantically.

On Chen Feng's shoulders, a steady stream of power was once again supplied.

Everyone is fully supporting.

It seemed that Ming Tian Ancient God was only targeting Chen Feng, but there were all smart people present.

Even Pu Jinglong knew that once the ancient **** Mingtian got the body of Chen Feng, they would definitely have no life to leave.

But the power outside had already broken through the Five Tribulations Earth Immortal Mahayana in an instant!

Just overwhelming everyone!

Moreover, that breath is still rising!

Even if the Daxiu Luohong furnace is a Taoist tool, the power that can be injected is not strong enough, and the awakening is not comprehensive enough, it is still useless.

It made a harsh sound all over.

It seems that the next moment, it will be overwhelmed, and it will burst completely.

Ming Tian Gu Shen was right.

The strength of 10,000 is more than enough to crush them.

"Damn it! If this stalemate continues, we will undoubtedly die!"

The Tiancun Beast Slave had already been stimulated into a fighting form, his figure soared, and his eyes burst into golden and black light.

His instinctive beast defense technique also released his breath outwards at this moment.

The three of Cao Jinmang's faces were pale, but they could only grit their teeth and output with all their strength.

But, I can't hold it anymore!

Even Chen Feng himself, the three hundred and sixty-five sun, moon and stars, turned to the extreme.

Some initially derived stable galaxies showed signs of collapse.

The three star souls roared even more, communicating with Chen Feng.

Unwilling!

At this moment, Fairy Yuheng suddenly said:

"Everyone, I have a hole card and I need your cooperation."

However, the words were not finished, but Chen Feng denied it.

"Don't think I don't know what you are thinking."

"I tell you, don't even think about it."

Fairy Yuheng would say that he has a hole card at this moment, but in fact everyone quickly guessed.

When they reach these realms, they will basically have a final hole card.

However, just like the dead King Kong King Kong, that hole card was exchanged for his life.

[Chapter 5758: Dove occupy the magpie's nest!](#)

Chen Feng could guess what Yuheng wanted to do without even thinking about it.

She has an extraordinary talent for the laws of space.

If she fights with fate, even in the mysterious realm of gods and demons, she might be able to tear a channel apart.

Teleport everyone out!

"Stay steady, things haven't reached that point yet!"

Chen Feng's eyes gradually became firm.

He looked ahead and said word by word: "The age of the ancient gods has passed."

"It's just the peak of the Five Tribulations Earth Immortal. By coincidence, I also have a hole card."

Chen Feng has rarely had such an adventurous time.

Along the way, he was calculated, betrayed, and encountered countless difficulties, and he has long been used to not fighting unprepared battles.

But by now, everything has already deviated from the original expectations.

Can only fight!

The golden light of the reincarnation jade medal passed.

At the next moment, Chen Feng had a black digit in his hand.

"what is this?"

"This is the trump card you are talking about?"

Yu Heng and others asked, but their tone was not a bit ecstatic.

I really don't understand at all. Chen Feng took out a phalanx at this time. Why did he use it?

Beside him, there was only one person who gave an initiation, his eyes widened and exclaimed.

"Brother, you actually have this!"

"Maybe, it's really useful!"

Without saying a word, Chen Feng poured all the power gathered on his body into the black phalanx.

Hum!

The world is silent as night.

As if time and space were still at this moment, an unprecedented breath instantly enveloped the whole world!

"how is this possible!"

"How can you have his finger bones!"

Ming Tian Gu Shen completely changed his expression at this moment.

The breath of the Great Asura Hong Furnace was crushed, and the smoke disappeared.

The crowd of Chen Fengzhi suddenly became relaxed, all of them pale and panting heavily.

The few with lower cultivation bases, even one staggered, almost fell to the ground with weak legs.

But it's not over yet!

Mu Jiuyou, Taoist Wuya and Pu Jinglong remained motionless, supporting Chen Feng with all their strength.

A steady stream of power is constantly poured into the finger bones.

Chen Feng's eyes grew firmer and he almost burst into light.

The Supreme God's Demonized Dragon Art has run to the extreme.

The twelve gods and demons on his body were burning with real fire, forming the appearance of a **** and demons oven.

The black phalanx stood impressively in the furnace of the gods and demons, and gradually established a connection with Chen Feng.

As a reward bestowed by the Lord of Heaven, it is a thing without a master.

He took control of the phalanx almost without hindrance.

boom!

At the moment when the mind was connected, Chen Feng uncontrollably breathed heavily.

The next moment, his eyes were violent, looking at the bald-headed ancient **** Mingtian not far in front, and finally couldn't help laughing up to the sky.

"Hahahahaha..."

"This one, I won the bet!"

One of the phalanx of Da Beixi King Kong Demon was the phalanx missing from the right hand of the bald flesh body in front of him at this moment!

Not only that, this phalanx was obviously refined, and the remaining aura was enough to shock the original body in turn!

At the moment when he grasped the finger bones, Chen Feng also had contact with the physical body of King Kong King Kong.

And this connection is closer than Mingtian Ancient God!

The world suddenly changed color.

The wind is surging, the dark clouds are like splashing ink, the visions are frequent, and the lightning flashes and thunders.

Chen Feng Qingsi danced wildly, stood brazenly in place, and shouted:

"kill!"

The physical body of King Kong King Kong of Sadness and Joy quickly approached Chen Feng uncontrollably.

Qingqiu Tianlong Sword appeared.

The Supreme God Demonizing Dragon Art is to use the power of the Supreme Bloodline to the extreme.

Clang!

The sound of gold and stone trembled.

However, the physical body in front of Chen Feng was almost undamaged!

"Haha...hahaha..."

Ming Tian Gu Shen laughed hard.

"Sorrow and joy King Kong, the physical strength is comparable to a magic weapon, not much inferior to your Taoist weapon."

"Even if you can control it, as long as I'm inside, how can you help me?"

Before the words fell, a strange light broke out from Chen Feng's body.

Heaven and earth repeatedly reincarnate in heaven and earth, outrageously exerting power!

Since the physical body is indestructible, then you can attack the divine consciousness with all your strength!

boom!

The three rays of light intertwined with blue, brilliant white and black, blasted past.

But what followed was Chen Feng's muffled snort.

The throat suddenly poured into fishy sweetness, and a trace of red blood overflowed from the corner of his mouth!

The spiritual power of the ancient **** Mingtian was far above Chen Feng, and the heaven and earth reincarnated on it repeatedly, and it had no effect.

The presumptuous laughter silenced everyone.

This battle is really too difficult!

I thought I saw hope, but in a blink of an eye I fell into deeper despair.

If you can't kill the ancient **** Mingtian, the mystery of the gods and demons will never be broken.

They will never be able to leave!

However, Chen Feng's cultivation base was already unsustainable.

The laughter of the ancient **** Mingtian echoed in the sky, ridicule and ridicule, endless.

Behind him, Cao Jinmeng and others were already in despair, their breath became more and more wilting.

Chen Feng lowered his head, his mind went crazy.

"Chen Feng, I can't hold it for long."

Pu Jinglong's reminder made the hearts of everyone even more serious.

Time is running out.

Right now, the four of Chen Feng broke out with all their strength to maintain a stalemate with Mingtian Ancient God.

Once the balance is broken, the ending... can be imagined!

In the spiritual world, a voice became louder and louder.

The struggling color flashed through Chen Feng's eyes.

But there is no other way!

He shouted:

"Death!"

"Yes, brother, any instructions?"

"Go and fetch me the mirror of reincarnation! I'm going to get a big ticket today!"

Chen Feng's sudden violent shout made everyone excited.

Hearing the words, the Tiancun Beast slave brightened his eyes and exclaimed:

"Yes!"

He didn't even ask more, without saying anything, he took the mirror of reincarnation in the distance.

Chen Feng urged his phalanx to buckle the body of King Kong King Kong of Sadness and Joy, together with the ancient **** of Ming Tian, into the furnace of the Grand Asura Luohong.

"Senior Pu, hold on for a while!"

"The rest of you are here to help."

When the mountains and rivers are exhausted, Chen Feng's sudden big move is undoubtedly inspiring.

Gong Licheng and others couldn't help but ask:

"Brother Chen Feng, what are you going to do?"

At this moment, Chen Feng took out a lot of resurrection materials from the jade plate of reincarnation, and waved his hand to fetch a lot of blood sun nourishing soul flowers that were left in the distance.

Hum!

A figure suddenly appeared from his body.

"I want to revive Immortal Mo Rin!"

As soon as these words came out, the audience took a breath of air-Immortal Mo Rin, also an ancient god!

Why did they forget him!

Since it was impossible to destroy the physical body of King Kong King Kong of Sadness and Joy at the moment, he couldn't fight against the spiritual sense of the ancient **** Mingtian.

The only way is to occupy the magpie's nest!

Let the Immortal Mo Rin enter the body of King Kong King Kong of Sadness and Joy to fight against the ancient gods of Ming Tian!

Once successful, not only will they not die, but they will also get an extremely powerful companion of the ancient gods!

Yu Heng and others were dumbfounded and murmured.

"This...it's crazy..."

[Chapter 5759: resurrection!](#)

Killing God!

Resurrect another ancient god!

But with this crazy plan, Chen Feng has already begun to act.

The Mirror of Reincarnation is activated.

Immortal Mo Rin's soul floated in front of him.

Countless heaven, material and earth treasures instantly turned into powder and poured into it.

Moo!

In an instant, Chen Feng, the third figure in Xinghai World, the phantom of the ancient Buddha, suddenly moved.

The golden scriptures of the Great Bodhisattva of Guan Zizhen shook violently.

A ray of golden light, containing the rhyme of the Supreme Buddha, flooded into the soul of Immortal Mo Rin along with the spiritual energy.

The moment the Immortal Mo Rin appeared, Ming Tian Gu's face changed.

He controlled the physical body of King Kong King Kong of Sadness and Joy, and wanted to move.

But, it's still a step too late!

The mirror of reincarnation does not seem to have a master. Once activated, the resurrection process has begun.

Immortal Mo Rin's soul suddenly burst out with dazzling light.

Sweep out a shocking coercion!

That is the breath of the ancient gods!

At the next moment, he shouted loudly: "Chen Feng, don't worry, leave it to me!"

boom!

Golden light scattered!

The last thing Mingtian Ancient God saw was a towering and stalwart figure, rapidly zooming in in the golden light.

The strong air wave hit everyone in the opposite direction.

Even Chen Feng was completely unable to stop this strong wave of air and was overturned to the ground.

This battlefield between heaven and earth suddenly shrank to within the scope of a physical body.

Chen Feng got up for the first time and looked forward with concern.

The body of King Kong King Kong of Sadness and Joy was already frozen in place.

The breath inside suddenly became extremely chaotic.

For a while it belonged to the ancient **** Mingtian, and for a while it belonged to Immortal Mo Rin.

In the last second, another murderous aura attacked Chen Feng and others, but in the next second, King Kong King Kong himself stopped his attack.

"It looks like the battle is extremely fierce."

Taoist Wuya came to Chen Feng's body, looked ahead, and sighed deeply.

Fairy Yuheng and others are still anxious.

"Can Immortal Mo Rin win?"

"We can't wait outside, we have to do something."

However, Chen Feng shook his head.

"We can only wait."

That's why he decided to let Immortal Mo Rin take a risk at the end.

Chen Feng's eyes were deep, and there was no emotion on his face.

He said lightly: "Actually, when the ancient **** Ming Tian used the body of King Kong King Kong of Sadness and Joy, Senior Mo Rin asked me to do this."

But in the end, there was really no other way, and Chen Feng had to choose this way.

It's not that he doesn't want to resurrect Immortal Mo Rin.

But, this decision is too risky!

Once Immortal Mo Rin fails, not only will he not be able to eliminate the ancient **** Mingtian, but he will even become the nourishment for the latter.

Chen Feng and the others will face the more powerful Mingtian Ancient God.

The consequences could be disastrous!

Chen Feng didn't explain this in detail, but everyone also reacted to it one after another.

"hateful!"

Tiancun Beast slave was impatient, and punched the big Xiu Luohong furnace with a punch.

"The Immortal Mo Rin is fighting for all of us. It is really uncomfortable for me to stand dry and wait for the results!"

He looked at Chen Feng and said anxiously:

"Brother, can't we enter the body of King Kong King Kong of Sadness and Joy to help Immortal Mo Rin?"

Without waiting for Chen Feng's answer, Mu Jiuyou on the side directly said no.

"Why do you think people are qualified to enter the body of an ancient god?"

Hearing this, the Tiancun Beast Slave's complexion was stagnant, but the Taoist Wuya also nodded and said:

"The ancient **** Mingtian's control over King Kong King Kong's physical body is currently suppressed by Chen Feng."

"Otherwise, Immortal Mo Rin can't get in at all."

The eyes finally stopped in Chen Feng's hands.

The black phalanx.

Chen Feng did not cover up:

"The phalanx obtained by accident has the same body as the King Kong King Kong. I didn't expect it to be useful here."

To suppress the physical body, Chen Feng couldn't get in by himself.

Right now, they can only wait for the result.

Mei Wuxia couldn't help asking, "How does the spirit strength of Immortal Mo Rin compare to the ancient **** Mingtian?"

Compared with Chen Feng and others, her cultivation is still weaker, and it is difficult to distinguish the details.

However, no one responded to her this time.

Chen Feng was silent.

Immortal Mo Rin has been in his spiritual world for a long time, and he knows the strength of his soul best.

Compared to Mingtian ancient gods, I am afraid it is at a disadvantage.

Because of this, Chen Feng didn't want to do this until the end.

Do nothing, just wait for despair to come, it's too painful!

But, at this moment, anomalies suddenly occurred!

I saw a powerful golden light burst out of the body of King Kong King Kong of Sadness and Joy.

Almost at the same time, in the depths of Chen Feng's Xinghai World, there was also a brilliant golden light erupting.

Wow!

The sound of paper turning.

In the distance, the third ancient Buddha star soul, suddenly all the sun, moon and stars lit up.

The Golden Scriptures of the Great Bodhisattva of Avalokitesvara, there is no wind, and it turns quickly.

One after another, many complicated characters burst out, reflecting in the vast and dark world of stars.

The Buddha's light sternly illuminates every gap.

It seems to light up the chaos in the distance!

The phantom of the ancient Buddha, who closed his eyes and put his hands together, moved at this moment!

Although it was only a moment, it was at this moment that Chen Feng's mind was full of ancient Buddha recitations.

The golden light penetrated the vast world of stars, straight out of his eyes, and hit the front.

Chen Feng became excited uncontrollably.

How did he forget!

He actually forgot about this thing!

He was vaguely aware of the past when the Morin fairy gradually resurrected from the phantom to the soul.

Immortal Mo Rin and Buddha are inextricably linked!

And the physical body of the King Kong King Kong of Sadness and Joy in front of him, the original body is the Buddha's way!

At this moment, Chen Feng almost yelled excitedly.

Immortal Mo Rin is not going to die!

He is really emboldened!

"Everyone, please help me again. We hope we can win!"

As soon as the voice fell, everyone gathered together again without saying a word.

Hum!

In the Xinghai world, the golden scriptures of Avalokitesvara Bodhisattva are even more radiant.

Gufo Star Soul raised his head slightly, his face gradually showing compassion.

The eyes that were originally closed also opened a gap extremely slowly!

The phalanx rose into the air and flew towards King Kong King Kong of Sadness and Joy, and it started to soar rapidly.

A domineering coercion came right away!

In the lower body, an unbelievable exclamation sounded from the ancient **** Mingtian.

"No! It's impossible!"

Observing the bonus of the Golden Sutra of the Great Freedom Bodhisattva, the effect is too strong!

The clouds are surging in the sky, and the golden light appears.

At the same time, the entire secret realm finally began to burst into loud rumbling noises.

The Secret Realm of Gods and Demons finally began to collapse!

"what-"

The screams came to an abrupt end.

The body of King Kong King Kong was completely submerged by golden light, and a phantom struggled to escape.

But it's too late!

The Buddha's rhyme overflowed, and King Kong of Sadness and Joy suddenly opened his eyes.

Reached out and grabbed the phantom.

咚—

In an instant, the clouds above her head turned into a statue of Buddha.

Om mani chant mi hum!

The six-character mantra comes from all directions, layered on top of each other, and the sound waves are surging.

All the visions of heaven and earth come out.

In the eyes of Chen Feng and others, the golden light gradually dissipated from the body of King Kong King Kong.

"call..."

With a soft exhalation, everyone's heartstrings are struck.

Immortal Mo Rin, resurrect!

In other words, Mo Rin ancient Buddha, resurrected!

Boom—

The sky with frequent visions was torn apart a terrifying gully.

The earth began to fall apart.

At the same time, there was another thing in Chen Feng's Xinghai world that also found a force at this time.

[Chapter 5760: Harvest!](#)

"What kind of power is this?"

The breath surging out of Chen Feng's body almost immediately attracted everyone's attention.

Tick!

In the star sea world, a drop of crystal clear dew fell silently.

But at this moment there is a stormy sea!

Chen Feng himself did not expect that the world origin sapling rooted in his Xinghai world would actually act at this time.

It stands on a rock, slowly spreading its branches.

The purest and most primitive force leaves Chen Feng's star-sea world with the rhythm of the branches swinging.

Straight towards that huge blood tree of gods and demons!

"Could it be that the mission of this world-origin sapling to perceive the suppression of the blood tree of the gods and demons has ended."

Regardless of whether it was so, the blood tree of the gods and demons was occupied by that force without any hindrance.

Hum!

The turbulent and collapsed secret realm of gods and demons suddenly stopped disintegrating at this time.

Tiancun Beast Slave and others looked at each other and looked around.

"What's the matter?"

"Mingtian Ancient God is not dead yet, is it?"

"Or, there is a new secret owner..."

Just as everyone was anxious, Chen Feng's eyes suddenly flashed a light.

He laughed and said loudly:

"Don't worry, it's me."

At the moment when the World Origin Sapling occupies the blood tree of the gods and demons, Chen Feng himself also felt the connection with this secret realm.

Without the will of the ancient **** Mingtian, all the balance in the secret realm was broken.

However, Chen Feng had an idea in the fastest time-he wanted this secret realm to exist forever!

The Secret Realm of Gods and Demons is not without the need for existence.

It can continue to be a trial ground, continuously absorbing power.

Thus, the blood tree of the gods and demons is strengthened, and then nurtured to the tree of world origin.

"This trip to the Secret Realm of Gods and Demons has yielded a lot."

"But the difficulties to be faced next are getting harder and more dangerous."

Chen Feng paused, his eyes deeper and deeper.

"I need more strength to become stronger!"

The world-origin saplings are changing in the Xinghai world.

It absorbed a large amount of essence of the blood tree of the gods and demons, and at the same time fed back the past, giving it a glimmer of hope of rebirth.

In the eyes of everyone, the extremely decayed blood tree of the gods and demons was radiant again.

It started to skyrocket again!

In Chen Feng's Xinghai World, the seedlings of the World Origin Tree have also grown tremendously.

It pulled out a brand new seedling!

The sun, moon and stars shone, and endless power was continuously absorbed, and then turned into the purest heaven and earth aura.

In the end, it condensed into a drop of dew on the new seedling.

Boom!

The dewdrops fell, dripping in the star sea world.

In the next moment, an unprecedented new force, such as the power of a prairie fire, swept the entire Xinghai World in a blink of an eye!

It is just a drop of dew, but it is more powerful than the power contained before!

Double the skyrocket!

"Hahaha..."

King Kong King Kong opened his eyes and stared straight at Chen Feng, before he burst into laughter.

Next, he walked towards Chen Feng.

With every step taken, the body shape changes slightly.

When he completely appeared in front of Chen Feng, the original image of King Kong King Kong completely disappeared.

It was replaced by the appearance of Immortal Mo Rin!

If not for his little finger bones still disappeared, everyone might really think that he had returned in his original form.

Immortal Mo Rin looked at Chen Feng, whose eyes were closed and the black hair danced wildly, with a greater smile in his eyes.

"This kid always has many adventures."

"Seeing you help me resurrect, I should give you a chance."

As the voice fell, Immortal Mo Rin folded his hands together, closed his eyes piously, and chanted the ancient scriptures in a low voice.

The light of Buddha suddenly appeared, and Jin Hui shone on him.

The next moment, lightly tap with your fingertips and point in Chen Feng's direction.

A ray of golden Buddha light formed by the convergence of characters, along the fingertips of the Mo Rin fairy, reaches Chen Feng's brain!

In the Xinghai World, the Golden Sutra of the Great Bodhisattva Avalokitesvara finally turned around.

Then, stayed on one of the pages!

Chen Feng's breathing became heavy in an instant!

The Golden Sutra of Avalokitesvara Bodhisattva is the number one mind in the world in the Xuanhuang Zhongqian!

Since getting it, Chen Feng has never been able to unblock it, and can only see a one-page general outline.

But today and today, with the help of Immortal Mo Rin, he finally unblocked the first page of the Golden Sutra of the Great Bodhisattva Avalokitesvara!

However, this is not the time to view the content—

The power injected by Immortal Mo Rin went straight into the depths of the Star Sea World.

That half-virtual and half-real phantom of the ancient Buddha!

The five senses of the ancient Buddha are covered with a faint shadow, which makes people indistinct, but inexplicably can feel it, it is "waking up"!

The slightly closed eyes gradually widened.

The thin lips opened slightly, showing a compassionate and pious appearance.

On his body, inch by inch of brilliance was turning into reality, as if he was wearing a golden robes.

The ancient Buddha folded his hands together and began to recite.

At this moment, even Candle Nine Yin Star Soul and Roaring Sirius Star Soul were extremely quiet.

They occupy one side peacefully, looking at this side with a calm expression.

Chen Feng did not know when he was already sitting cross-legged, his hands folded and placed on his chest.

In front of him, the Golden Sutra of the Great Bodhisattva Avalokitesvara is suspended, shining brightly.

And his appearance, the posture completely coincides with the ancient Buddha star soul that turned into reality behind him!

The two were cut out of a mold!

...

I don't know how long it took.

Chen Feng opened his eyes again, and in front of him, Tiancun Beast Slave and others stood still.

No one urged impatiently.

From the changes in Chen Feng's breath, everyone knew enough that he had just made a huge breakthrough.

"Mo Rin Ancient Buddha."

Chen Feng suppressed the majesty and solemn expression on his face and got up to look at the person in front of him.

Unexpectedly, Immortal Mo Rin waved and smiled.

"It's better to call me the old one. Although I am now resurrected, my strength will never exist."

"Right now, I am not much better than you."

Everyone also gathered around, congratulating them one after another.

Immortal Mo Rin has just been resurrected, but fortunately, he uses the body of an ancient Buddha, which is quite compatible.

The overall strength also has the strength of the Five Tribulations Earth Immortal.

And as his strength recovers, the breakthrough speed cannot be the same as that of ordinary cultivators.

As for Chen Feng, he has completely reached the twelfth hole of the Shifang Cave Heaven Realm!

Right now, he can accept the Heavenly Tribulation experience at any time and formally enter the Lingxu Land Wonderland.

However, it is not the time yet.

Looking at such a spirited Chen Feng, Pu Jinglong couldn't help but sigh.

"Zhong Li Weize is really in trouble."

After seeing all of Chen Feng's abilities, almost no one would want to be an enemy easily.

But on his head, there was a killing order from Zhong Li's family.

Hearing this, Chen Feng's smile gradually converged, looked at him, and said lightly:

"Recognizing people is indeed a science."

Hearing this, Pu Jinglong wanted to say something, but he obviously had something to say.

Chen Feng asked him to speak.

"In your opinion, the bloodline of Zhong Li's family on the top of the sky is not correct."

"But you only know one, but you don't know the other."
