[Chapter 5781: beg for mercy!](#)

Chen Feng sneered, no more nonsense, but tossed the bead away.

Whoosh!

The black virtual jade pearl turned into a starlight, breaking through the sky and hitting Bao Chongchen's face.

"Idiot! Give me the Black Void Jade Pearl so easily!"

Bao Chongchen's face was full of joy, with the black jade beads in his eyes, and he stretched out his hand to grab it.

In the distance, Chen Feng's momentum suddenly rose!

Taishang Yuqing Nine Shou Zhen Jue!

In the endless sea of stars, the candle nine yin star souls, roaring Sirius, and ancient Buddha phantom, all roaring to the sky at the same time!

The mighty power of the stars rushed out, penetrated the sea of stars, and shattered the void!

"Take me a punch!"

Chen Feng shouted loudly, the power of the violent stars gathered and blasted out with one punch!

boom!

This punch penetrated the sky and came to Bao Chongchen in an instant!

It is clear that the black virtual jade bead flew first, but Chen Feng's fist was faster than the bead!

Chen Feng's forearm muscles bulged, with the power of destroying the world, bombarding Bao Chongchen's chest!

Bao Chongchen can't reflect the extreme speed!

boom!

Immediately afterwards, with a muffled noise, Bao Chongchen was blasted into a rain of blood, floating down.

Standing in the rain of blood, Chen Feng slowly stretched out his arm.

In midair, the black virtual jade pearl fell down, just in the middle of the palm.

The **** rain avoided Chen Feng and fell on the street, staining the black stone slabs red, and the gloomy ruins.

"The Commander of Blood Deficiency cannot stop you from punching! Your lord is really good!"

With a flattering smile on his face, Tiangui hurried forward, holding the bronze bottle to gather his divine power.

And Chen Feng slowly turned his head and looked at the group of blood-deficiency guards, "Does anyone still want the black virtual jade beads?"

The group of Blood Deficiency Guards had been scared long ago, and they didn't even dare to breathe when they backed away.

"No one seems to want it anymore."

Chen Feng put away the black virtual jade beads and said coldly: "But, I need an explanation now!"

"Within a stick of incense, I want City Lord Hei Xu to come to me to explain in person!"

"If it doesn't arrive, then the entire Black Void City will be buried!"

As he said, he pointed his finger at the white-faced young man, "You, immediately go back and tell him!"

"Yes, yes...sir!"

The white-faced young man was full of horror, using his divine power with all his strength, rushed into the sky, and broke through the air to the city lord's mansion.

At this time, the sky ghost's eyebrows trembled slightly, and he cautiously asked: "My lord, the lord of the Black Void City, the rumored strength has reached the peak of the Heavenly Sealed Realm."

"Today, you are so strong, is it really good?"

Chen Feng smiled faintly: "No matter how strong he is, can he be a strong aisle sword?"

When he first entered the Black Void City, Chen Feng's mental power had swept across the city, enough to be sure that there was no strong aisle sword.

"That's not true. According to rumors, at the beginning of the establishment of Wujing Street, Lord City Lord and Master Daojian had a battle."

"In that battle, the sky trembled, and it lasted three days and three nights!"

"But, in the end, Master Daojian won, and only then can Wujing Street be created."

Tiangui took a deep breath, still lingering palpitations in his eyes.

"Hei Xu City Lord has no threat to me."

Chen Feng raised his head slightly and looked at the sky in the distance: "When it comes to speaking, he is here."

Almost instantly, all Xuexuwei's eyes lit up, and they looked up at the distant sky.

A crimson light reflected the night sky, cut through the sky, and came straight here.

"The Lord of the City is here!"

"Great! I'll be saved!"

The blood virtual guards cheered loudly, and many people had already straightened their chests, and their eyes looked at Chen Feng no longer afraid.

I saw that the red light blinked and hovered over Chen Feng.

It was an old man with a rickety figure in a crimson robe.

The old man's beard and hair were all white, his turbid eyes could not see his expression, but his body exuded a tyrannical aura.

The fourth peak of the Shifang Cave Heaven Realm?

That tyrannical strength instantly condensed into infinite aura and enveloped the entire street.

Under this powerful momentum, the sky ghost couldn't help shaking.

"My Lord, this is the person who killed Commander Bao!"

Beside the red-robed old man, the white-faced young man tremblingly pointed at Chen Feng, his eyes full of horror.

"The city lord is here, this culprit will definitely end up miserably!"

"Those who dared to provoke the city lord have been wiped out and turned into other people's supernatural powers! He will not end well!"

At this moment, almost everyone thought that Heixu City mainly blamed Chen Feng.

The red-robed old man turned his eyes to look at Chen Feng, his eyes fluctuated indifferently, but he did not speak.

However, that tyrannical power instantly won by a few points.

Chen Feng understood that the Black Void City Master was testing his futility and reality.

"Hei Xu City City Lord, what a great manner?"

Chen Feng still looked indifferent, and a sharp look flashed in his eyes!

Heaven and earth turning over and reincarnation magic!

In that spiritual world, dazzling black lights burst out, reflecting the surroundings.

The black light is mixed with fear, disgust, greed...all negative emotions are condensed in the light.

A huge eye slowly opened, and the jet black pupils stared forward.

The third giant eye can be implanted into the depths of the opponent's spiritual world and directly control the opponent!

Hum!

The surging mental power poured out, crushed like a violent wave, and pressed against the red-robed old man.

"Look at my eyes!"

Chen Feng's low drink seemed to be the voice of magic, so that everyone couldn't help but look up and look into his eyes.

At the moment when everyone looked at him, they only felt an inky black bloom in front of them, slowly fainting, occupying everyone's spiritual world.

Black giant eyes emerged in the spiritual world of everyone.

The blood deficiency guards were too low in strength, but in a blink of an eye, they were completely controlled by Chen Feng.

Blurred eyes, it means that they have lost their will.

And the red robe old man's body suddenly shook, and the whole body suddenly lit up with a crimson light, bursting open!

The red light turned into waves, rippling away!

The power of red light is very strange, it can isolate all power, even Chen Feng's mental power!

I saw that the crimson waves enveloped the red robe old man, and the light on the edge hit the golden sea of mental power, like a flat boat, rippling in the violent wind and huge waves.

"It's interesting to be able to isolate my mental power?"

Chen Feng's eyes narrowed slightly, and he was in a moment of interest.

In the Thousand Worlds of God Void, no one can reach Chen Feng's spiritual realm. He can be said to be an invincible existence!

In this case, someone could still resist his mental power attack, which is a bit intriguing.

"Although it used some kind of treasure, it still made me curious."

"I want to see, how do you block my blow!"

As we spoke, the golden spirit wave surged instantly, condensed into a sharp sword, and went down towards the red light!

Chen Feng is serious!

Before, he only used 30% of his mental power, but now, he used 50%!

The powerful mental power instantly broke the red light's blessing, tore a gap, and blasted towards the red robe old man! The eyes of the red-robed old man began to blur, and a huge black eye appeared in the spiritual world.

[Chapter 5783: breakthrough! The twelfth cave sky!](#)

Dark hole?

The dark ghost Shura keeps pouring out?

Hearing that the matter was related to the dark ghost Shura, Chen Feng's eyes lit up and his heart throbbed.

This may be a clue to the source of the dark ghost Shura!

"For your face, I will help you once."

Chen Feng's complexion was indifferent, waving his sleeves and putting away the bronze bottle.

"I have three days to help you investigate this matter. Tomorrow morning, I will get up and go to Dark Insight to see the situation."

"Thank you, sir!"

The retreat old face was full of joy, and the folds were squeezed together.

"Come on, take Master Chen Feng to the backyard to rest!"

Then, a group of people led Chen Feng to the backyard.

The backyard was very quiet, and only the sky ghost was still guarding the door after the people walked back.

"My lord, I heard that the east of the city has always been a forbidden area. It has been sealed for more than half a year. I have found many people to explore before, and they all died in it."

Tiangui whispered to persuade: "The old man's retreat can't be fully believed. It's too dangerous there to let this matter go."

"I have my own arrangements, you don't have to ask more, just step back."

Chen Feng waved away the heavenly ghost and took out the bronze bottle with his backhand.

There was a powerful divine power rippling in the bronze vase, and Chen Feng felt moved in a faint manner.

In this bronze bottle, there is a full 3 million cubic meters of supernatural power!

That is equivalent to the power of three thousand boundless street gods, or even more!

"A huge number can produce a qualitative change!"

Chen Feng's eyes flickered, and he immediately urged the bronze bottle, ready to absorb it.

Taishang Yuqing Nine Shou Zhen Jue!

Under full operation, in the sea of stars, the stars are shining, and the three phantoms gradually solidify!

The mighty power of the stars revolved around the body, forming hundreds of whirlpools around Chen Feng's body.

As the whirlpool whirled, the bronze bottle kept trembling, emitting mottled divine power, pouring into it.

With divine power entering the body, Chen Feng immediately wrinkled his brows, and he felt an unprecedented sense of wonder!

Those divine powers come from different people's bodies, so they are very messy and contain various grievances and obsessions.

When absorbing divine power, we must also use spiritual power to resist various emotions in divine power.

Otherwise, you will be affected by emotions and become crazy!

"I see..."

Chen Feng realized instantly.

No wonder the spiritual power of the practitioners in the Thousand Worlds of God's Void is very powerful.

It turns out that every time you absorb divine power, it is a condensing of spiritual power!

But Chen Feng's mental power is extremely powerful!

These obsessions can't affect him at all!

Taishang Yuqing's Nine Shou Zhen tactics are running at full capacity, and the stars are shining in the stars!

Mottled divine power swarmed and enveloped Chen Feng.

The colorful light revolves, illuminating the surroundings, and in each path, there are faces that are either painful or hideous.

These divine powers turned into strands of black energy, invading into Chen Feng's mind.

"For me, refining supernatural power is too simple!"

Chen Feng smiled indifferently, and immediately urged that powerful mental power!

In the golden sea of mental power, there was a sudden surge in the sky, and the pressure fell towards the black!

Boom!

The huge waves crashed down, and the black air immediately dissipated!

Then, the golden huge wave undulated again, rushing towards the next black gas.

Three million square meters of divine power were quickly purified in front of Chen Feng's spiritual power.

Pure power pours into the sea of stars, nourishing the stars every moment.

The three star souls also became brighter and brighter, emitting light that they had never seen before!

Three million square meters of divine power condensed into one, like the flood of bursting dike, it began to hit the sea of stars!

And the Taishang Yuqing Jiu Shou Zhen Jue, who hadn't made progress for a long time, finally started to make progress!

The bright white light is blooming in the sea of stars!

The ninth stage of the Supreme Yuqing Nine Shou Zhen tactics, Shou Zhen, Dzogchen!

Chen Feng felt that the strength hidden behind the laws of the world was growing rapidly!

The twelfth cave peak of the Shifang Dongtian realm!

Dzogchen!

breakthrough!

His strength has already been able to break through the Shifang Dongtian realm!

Half a step in the realm of immortality!

However, this breakthrough power has not stopped, it is still going on!

Rumble!

At the same time, a thick dark cloud suddenly condensed over the city lord's mansion, and thunder and lightning ran away.

And around Chen Feng, there was a constant blast of "chichi", and the purple thunder and lightning tore through the void, exuding a burst of tearing force!

"The laws of the world are repelling me..."

Chen Feng slowly exhaled a suffocating breath, opened his eyes, and looked around.

The strength in his body is too strong, and he is about to break through the Shifang Dongtian realm and step into the spiritual virtual land fairyland.

This is something that a thousand worlds in the emptiness cannot bear!

If Chen Feng is promoted to the Lingxu Earth Wonderland here, he will inevitably attract the Heavenly Tribulation!

At that time, the power of the Earth Immortal and Heavenly Tribulation will tear apart the world of God Void, and even lead to the collapse of the entire world!

"Before I welcome the baptism of Heavenly Tribulation, the law of the world will destroy me first."

Chen Feng knew clearly in his heart, and whispered: "Fortunately, the power level of the thousand worlds in the gods is relatively low. I can also avoid the earth and heaven and temporarily suppress the power."

The matter of breaking through the immortal spirits can only be completed after stepping out of this world.

It's a pity, if you can make a breakthrough now, you will have greater confidence in completing the task.

Chen Feng sighed secretly, operating the Taishang Yuqing Nine Shou True Art, temporarily sealing the power.

"Master Chen Feng, what happened?"

At this time, the voice of the heavenly ghost came from outside the courtyard, mixed with a bit of fear.

With a 'squeak', the door opened.

After Chen Feng held his hands down, he paced out slowly.

"My lord, are you okay?"

The sky ghost looked tense, and looked up and down Chen Feng, as if suffering a catastrophe.

"What can I do?"

Chen Feng raised his head and looked at the drooping clouds in the sky, instantly knowing.

Just when he broke through, the breath of the world law leaked, causing the heavenly ghost to panic.

In fact, not only the heavenly ghosts, the entire City Lord's Mansion was in panic.

"Master Chen Feng, what happened?"

In mid-air, the retreat looked panicked and came through the air.

Behind him was a group of blood-deficiency guards, all armed with knives and armor, like a big enemy!

"I felt a horrible breath just now, appearing in the backyard. The horror of that breath can destroy the world..."

Speaking of this, Retreat was suddenly startled, and suddenly turned his head to look at Chen Feng.

"My lord, does that breath come from you?"

Seeing that the old **** Chen Feng was there, after retreat, he guessed a little, and his eyes suddenly showed surprise.

"Don't worry, nothing will happen, I'm just cultivating."

Chen Feng smiled faintly.

Sure enough, it was Master Chen Feng!

Retreat pupils suddenly contracted, a faint excitement rose in the fundus, and he hurriedly saluted respectfully.

"The prestige of your lord, I can't wait to see the dust!"

"Dare to ask your lord, what kind of magic do you cultivate?"

However, Chen Feng did not respond, but looked up into the air.

At this time, the dark clouds have gradually dispersed, revealing the clear sky.

The morning light in the east is faint, and it is early morning.

"It's dawn, isn't it about going to the dark cave?"

Chen Feng immediately turned away from the subject and said, "City Lord Retreat, you can go and prepare. After a quarter of an hour, we will leave."

He was careful and thoughtful, and he understood what Chen Feng said, and immediately agreed.

[Chapter 5784: Curious!](#)

"My lord, wait a moment, and I will gather my staff here."

He immediately turned around and led Xuexuwei away.

"My lord, are we really going to the dark cave?"

The heavenly ghost stepped forward and asked in a low voice, his eyes flickering, obviously panic in his heart.

Chen Feng did not respond, but turned to look outside the courtyard.

At this time, outside the city lord's mansion, there were a few shabby practitioners walking around the city lord's mansion.

The thieves flickered in these people's eyes, as if they were planning something.

"People from Wujie Street?"

Chen Feng narrowed his eyes, chuckled and murmured, "Daosan, I didn't expect you to be so courageous!"

Although, he didn't know what purpose Dao Sword had, he wanted to send someone to monitor him.

However, Dao Jian must not be allowed to think that he is so annoying!

At the next moment, Chen Feng moved his finger to move the Taishang Yuqing Nine Shou Zhen tactics.

The power of the stars turned into a faint light with the thickness of a silver needle, shattering the air, and instantly piercing dozens of walls!

The speed of light was extremely fast, and instantly penetrated a few people outside the city!

The few people didn't even have time to scream, and immediately fell to the ground, their souls scattered.

A group of ants can be killed later!

Chen Feng chuckled and shook his head without paying attention.

Afterwards, he looked at the heavenly ghost and said solemnly: "You don't need to go to the dark cave, but you have to do something for me."

The dark cave is extremely dangerous, and people who have been there have never heard of anyone coming back!

As long as you don't go to the dark hole, you can do anything!

"My lord, just give your orders!"

Tiangui's eyes lit up and he patted his chest to promise: "As long as you tell me, I can do it!"

Chen Feng took out the bronze bottle with his backhand and threw it to the sky ghost.

"The people on Wujing Street seem to be watching us. You spend some power to find some people to also watch the people on Wujing Street."

With that said, Chen Feng casually put a touch of spiritual power into the spiritual ocean of the heavenly ghost.

"This is my mental power. If you find a problem, you can notify me at any time."

"My lord, don't worry, I will be able to find out!"

As soon as he heard that he didn't need to die, the heavenly ghost smiled and immediately took the bronze bottle, concealed his figure, and ran away outside the house.

At this time, Wu Xu came to the backyard with a group of Blood Void Guards in blood black armor.

"Master Chen Feng, I'm ready to wait, and I can leave at any time!"

"Then don't wait, set off now."

Chen Feng concealed his breath and flew into the blood deficiency guard.

"My lord, what are you?"

Retreat frowned slightly, extremely puzzled.

"This time I went out, I exposed the inconvenience."

Hearing Chen Feng's response, he chuckles and said, "I'm clear, you can rest assured, you will never be exposed."

As he spoke, Retreat stretched out his hand to offer a jade charm, glowing with blue brilliance.

The cyan light turned into a dragon shape, slowly blooming, and instantly enveloped the team of hundreds.

Suddenly, the breath of everyone disappeared, and the figure gradually dimmed, finally hiding in the world.

"My lord, my deep hidden dragon jade talisman can conceal the figure and shield the breath. With this thing, there is no need to worry about being discovered by others."

"Such the best."

Chen Feng's mental power spread out, exploring the mask.

Under this enormous mental power, nothing can escape.

This is just a low-level treasure, and it doesn't seem to have any special place, but there is a place that makes Chen Feng very curious.

Among the treasures, there is a trace of linking Dao rules, which conceals the laws of this world, so that the breath of people can completely disappear.

"interesting."

Chen Feng turned his head to look at Wu Xu, his eyes narrowed slightly.

Dao Ze is the existence of the origin of the Dao, and it is impossible for ordinary people to own it!

Retreat is by no means as simple as it seems!

However, Chen Feng didn't ask much, just said indifferently: "City Lord Retreat, we can go now."

"Okay, it's up to the adults."

Retreat showed a gentle smile, waved his hand, the mask floated and swept away.

The speed of the mask was very fast, but for a moment, Chen Feng and the others had already arrived in the East City.

This place is very different from other streets. There are teams of guards on both sides of the main road to completely blockade the street.

Pedestrians were not seen all around, and a cold wind blew past, rolling up autumn leaves and flying, making it extremely desolate.

"My lord, we are here."

Retreat waved the sleeves of the robe, the light mask disappeared immediately, and everyone revealed their figures.

"My Lord City Lord!"

When the surrounding guards saw everyone, they were a little surprised and immediately stepped forward to salute.

"My lord, look at the urban area on this side of the Southeast City, and walk fifty miles in, where the dark hole is."

Retreat waved his hand to screen the guard and raised his finger to the city ahead.

"I'll take a look."

Chen Feng faintly responded, the power of the surrounding stars surged and immediately floated up.

The city in front of you is very dilapidated, much more dilapidated than Wujing Street, ruined walls can be seen everywhere, and it seems that there has been a big battle.

The city is so vast that you can't see the end at a glance, you can only vaguely see the black city wall on the edge of the sky.

Chen Feng slowly closed his eyes, the golden sea of spirit surged, and that huge spiritual force immediately surged out!

Spiritual power rolled up the huge waves and suddenly photographed the city!

In an instant, the entire city was enveloped by Chen Feng's spiritual power!

All things have nowhere to hide!

"That is..."

The next moment, Chen Feng suddenly opened his eyes and looked towards the center of the city.

His eyes flickered, slightly deep.

Just now, in the center of the city, Chen Feng encountered a strong suction!

That kind of suction seems to be a black hole, capable of swallowing everything close to it!

Even Chen Feng's mental power was swallowed instantly!

"My lord, do you perceive a dark hole?"

At this time, Wuxu stepped forward and explained in a low voice: "The dark cave is the most mysterious place, not to mention that the dark ghost Shura can be produced inside, but it will also swallow other practitioners."

"In the deepest part of the dark hole, there is an evil power, and that is the source of everything."

"As long as the source of that power can be found and eliminated, the dark hole will disappear with it."

The power of evil?

Chen Feng frowned slightly, his thoughts turned.

The ore that can give birth to the dark ghost Shura must have something to do with the blood of the gods and demons!

This time, I must go!

"go in."

Chen Feng retracted his gaze and said lightly.

"Yes, my lord."

Retreat showed a pleasing smile, but the moment he turned around, the smile disappeared immediately.

"Enter the southeast city right away and make way for the adults!"

"Yes!"

Blood Deficiency Wei flew up and rushed towards the city.

"My lord, let's be careful. There are a lot of weird things in it, so don't hurt the adults."

Retreat shouted and led Chen Feng to the depths.

After more than thirty miles, the surrounding scenery became more and more desolate, and thick dust accumulated on the building.

"and many more!"

Suddenly, Chen Feng frowned slightly and turned to look away.

After that, everyone trembled and quickly reflected, turning their heads to look at where Chen Feng's eyes were.

There was nothing but nothing.

"My lord, what's the matter?"

Retreat's old faces fold together, his eyes are slightly surprised, and he looks around.

"There should be a blood deficiency guard there, but suddenly disappeared!"

[Chapter 5785: shadow?](#)

Chen Feng frowned and his eyes were full of doubts.

Just now, within five miles of him, under the envelope of spiritual power, everything was invisible.

But in an instant, the Blood Deficiency Guard suddenly disappeared!

Weird! Bizarre!

"how so?"

Retreat also frowned slightly, immediately exuding mental energy, feeling the surroundings.

He knew the number of Blood Deficiency Guards best.

One person is indeed missing!

When everyone was puzzled, suddenly, Chen Feng's eyes flashed with coldness, and he shouted violently, "Where!"

He flipped his palm, and Qingqiu Tianlong Sword started!

In the ocean of stars, the stars are shining and dazzling!

The mighty power of the stars immediately poured into the Qingqiu Heavenly Dragon Sabre, and the blades were trembling!

Too much to punish the gods!

Cut out with one knife, tear the void!

The bright blade light almost came in the blink of an eye, slashing to a hundred meters away!

With this knife, Chen Feng used 80% of his power!

boom!

The sharp knife light seemed to be a tornado, crushing and tearing everything around in an instant!

The sky is full of powder, swaying and falling down.

After the wind and sand, only a blood stain remained on the spot, which was inky purple, twisting on the ground like a bug.

"My lord, we lost another brother!"

At this time, the head guard of blood deficiency was also a little alarmed, and immediately shouted:

"Everyone, gather, protect Lord City Lord!" ηOveLusb.com

Said it was a protection retreat, but it was actually afraid!

This kind of enemy that can't be seen makes them feel unable to start, and panic from the bottom of their hearts.

Retreat frowned slightly, and said in a deep voice: "Master Chen Feng, this thing is really weird, we didn't come across it last time."

"It seems that the dark hole has changed to give birth to this powerful monster!"

"This time I am not prepared enough, otherwise we will go back first and wait for someone to check it out before making plans?"

"Need not!"

After Chen Feng carefully observed the pool of blood, a smile appeared at the corner of his mouth: "This thing does not come from a dark hole at all."

"Moreover, his goal is not you, it should be me!"

"You go one step ahead and wait for me at the entrance of the dark cave. I will be there later!"

Although, that strange attacker can hide his breath, and even Chen Feng's mental power can escape.

However, Chen Feng still saw through his disguise!

There is no power of the blood of the gods and demons in the breath of blood, which means that he does not come from a dark cave.

And the means used by this guy to hide is also from the same source as the Taoist rules used when retreating to hide his breath.

However, the power of Dao Ze is stronger to escape Chen Feng's mental perception.

When all this is exposed, the attacker is no longer mysterious.

This kind of weak Taoist strength is in vain in front of Chen Feng.

Retreat, believing in doubt, looked up and looked around.

"Master Chen Feng, are you sure you can handle it alone?"

"If I can't handle it, it's useless for many people."

Chen Feng responded lightly.

The self-confidence in the words made Wuxue laugh.

If Chen Feng couldn't cope with it, then there would be no chance to win another thousand Blood Deficiency Guards.

"Master Chen Feng, please be careful, we won't hold you back."

After the retreat was finished, he immediately waved his hand and headed towards the depths of the city with the Blood Void Guard.

When everyone left, the already desolate city became more and more dull, exuding a dead silence.

"I have seen through your disguise, you don't have to hide!"

Chen Feng's eyes were cold, and the Qingqiu Tianlong Sword in his hand chopped horizontally!

A dazzling knife light is extremely fast, and it instantly falls into the corner!

boom!

The dust was flying, and a black figure flashed away.

And at the moment that figure appeared, Chen Feng's huge mental power had already captured his breath.

"I said, I have found you!"

Chen Feng snorted coldly, the muscles on his legs were tight, and a powerful burst of power!

God and Demon Ling Xiao decided!

The next moment, his figure disappeared instantly.

When it reappeared, it was already a thousand meters away, and it was slashed!

The Qingqiu Tianlong Knife turned into a blue light and flew into the ruins!

In the center of the ruins is a thousand-year-old tree whose branches and leaves have fallen out, leaving only the bare trunk.

Chen Feng's knife was inserted in the center of the tree trunk.

On the trunk, in addition to the withered bark, there was a human-shaped black object, like a pool of squirming water stains.

The body of the black object was pierced by the blade, and purple blood flowed out of the wound.

Obviously, it was this black object that just attacked the Blood Deficiency Guard!

boom!

The black object suddenly uttered a long roar, and suddenly exploded with powerful divine power, forming a black wave, rushing to the surroundings!

That wave of power is so powerful that everything is turned into powder wherever it goes!

In the blink of an eye, the waves were swept away within a kilometer, and even the stone slabs on the ground turned into fly ash and disappeared, exposing the dark ground.

The wind and dust dissipated, and Chen Feng's figure still stood in place.

Like a mountain, it can stand tall!

"This little trick is of no use to me."

Chen Feng smiled indifferently: "Since you want to see me, why use this method?"

"Tao Sword—"

"Unexpectedly, you recognized me!"

The black object no longer struggles, but slowly expands, twists, and a black light shines on its body.

When the light dissipated, the black object had turned into the appearance of a Dao Sword!

Chen Feng narrowed his eyes and said with a chuckle: "No, it's not accurate to call you Dao Sword."

"To be precise, you are not a Dao Sword. The talents in that huge tower are Dao Swords, and how do you... call it?"

As soon as he said this, a flash of astonishment flashed in the eyes of Dao Jian, and he responded in a deep voice after a long time.

"Unexpectedly, you can even see this!"

"You are right, I am not Dao Sword, Dao Sword is my master, and I am the shadow, the shadow of the master!"

"film?"

Chen Feng smiled lightly: "It's quite appropriate, you are indeed a shadow."

Ying stared at Chen Feng, and said coldly: "You are very smart and strong, but you shouldn't go to Wujing Street! You shouldn't go to Origin City!"

"In this way, are you not going to tell me the location of Origin City?"

Chen Feng's eyes gradually became cold, and the long knife in his hand shook, and a large amount of blood was immediately splashed!

One of Ying's arm flew up and was chopped to the ground!

"It's a price to lie to me!"

Chen Feng put the long knife in Ying's neck and said in a deep voice, "Are you going to say it yourself, or I want to do it myself!"

"You are going to die soon, and you don't know anything!"

Yingyin sneered coldly, without seeing the slightest pain on her face.

It seems that the broken arm has nothing to do with him!

"So much nonsense!"

Chen Feng snorted coldly, too lazy to talk nonsense with him, and immediately turned the world over and overturned the reincarnation magic.

But at this moment, Ying's body suddenly began to swell and agitate!

Bang!

With a loud noise, his body suddenly exploded, bursting out a powerful force of destruction!

The powerful force turned into a wave of invisible air, bombarding the surroundings!

The space began to tear because it couldn't bear the strength, and there appeared a series of void cracks! The power of this blow surpassed the peak of the Tianfeng Forbidden Realm!

[Chapter 5786: The ultimate realm of Tai Shang Zhu Shen Zhan!](#)

Shenzhan!

"Is this exploding body and die with me?"

Chen Feng frowned slightly, and immediately ran the magic dragon technique!

The mountains formed by the blood of the twelve gods and demons burned with flames, roasting the one-legged cauldron.

Then, the big tripod revolved, and the mountains roared!

The blood of the gods and demons exploded with great power!

Chen Feng's muscles are tight and bulging high, and every muscle contains the power to destroy the world!

boom!

That powerful impact, wave after wave of bombardment on Chen Feng!

But it's useless!

Chen Feng was able to withstand this wave of shock only with the strength of his body!

"After the realm has been improved, my physical strength has also increased a lot!"

A smile appeared in Chen Feng's eyes, standing quietly in the center of the power storm.

That power burst out, spreading to the entire city!

Hei Xucheng is trembling!

The earth is shaking!

Loud noises continue, flying dust all around!

After the power disappeared, most of the southeast city was turned into a ruin and completely collapsed!

"This trick is very powerful, but unfortunately, it's useless to me."

In the dust, Chen Feng stood in the air with a confident smile on the corner of his mouth.

"He hasn't used the heaven and earth to overturn the reincarnation magic art, that guy will die, otherwise..."

"Who said I was dead?"

But before Chen Feng had finished speaking, Ying's cold shout suddenly came from behind him.

"not dead?"

Chen Feng twisted his brows and turned his head to look.

I saw that a group of black liquid slowly flowed up and turned into a shadow.

"I won't die!"

Ying squinted her eyes and smiled ferociously.

"Not only am I not dead, but I will become stronger!"

This time, the voice sounded on Chen Feng's left.

"there's still one?"

Chen Feng suddenly turned his head, and as expected, saw another shadow on the left, staring at him with sulky eyes.

"No, it's four!"

At this time, Chen Feng's right side and behind him simultaneously sounded the voice of Ying.

The four shadows surrounded Chen Feng!

"Illusion?"

Chen Feng's mind moved, running the Taishang Yuqing Nine Shou True Art, with two backhands, cutting the front and back two shadows respectively.

Two dazzling blade lights, mixed with the power of destruction, slashed at the two at the same time!
boom! boom!

Both shadows raised their hands and used their supernatural powers to block the knife.

"It's not an illusion, everything is real!"

Chen Feng immediately sensed the result, and he was even more puzzled.

Each of these four shadows has the same realm as the body!

It is equivalent to an instantaneous increase in his strength four times!

And the power of the four players is more than ten times stronger!

"Are you confused?"

In front, Ying showed a grin: "Unfortunately, you have no chance to know the reason!"

"You will die here!"

As soon as the voice fell, the four shadows flew up at the same time, surrounding Chen Feng on all sides.

Every shadow raised his arms, his body exuded a tyrannical aura, it seemed that something was brewing!

Above Ying's body, a bright emerald green light gushes out, forming a cage of light and shadow, shrouded in it.

The cage instantly blocked Chen Feng and cut off all retreats. *NovelSb.com*

At this moment, the aura between heaven and earth stopped flowing, leaving only the powerful aura on Ying's body.

"interesting."

Chen Feng narrowed his eyes and looked around, feeling that this was a big formation.

This formation is centered on the power of shadows, with four clones occupying the Quartet, forming a self-contained body, and having the power to ban the heavens and the earth!

"Although it only has the strength of the Shifang Dongtian realm, it is not easy to be able to use a formation similar to the Dao realm."

Chen Feng looked at the shadow in front of him and smiled faintly: "I can give you a chance to make a move. If you have any skills, just use it."

"But you only have one chance, you have to seize it."

The indifferent words seemed to say something that couldn't be more ordinary.

"furious!"

The four shadows roared at the same time, shocked!

"Since you want to die, then I will satisfy you!"

With a roar of roar, the light in that formation undulated, bright and dark, rippling with a circle of green divine light.

Immediately afterwards, the sword shook and the light condensed!

The green divine light, condensed into sharp sword lights, hung upside down in the sky, and blasted towards Chen Feng!

"I will kill the sword formation of the light pole this day, and I will surely wring you out of nothing!"

"Yes?"

Chen Feng smiled faintly, his wrist shook, and Qingqiu Tianlong Sword started!

"Your sword formation can indeed kill a few people in the Heavenly Forbidden Realm, but wanting to kill me is a foolish dream!"

Faced with the infinite sword light, Chen Feng was very calm, and the power of the stars in his body was surging.

Suddenly, countless stars lit up in the sea of stars, and vast power poured into the Qingqiu Tianlong Sword!

"Too high to punish God!"

Chen Feng's eyes were sharp in an instant, the muscles on his arm were tight, and he cut it off with a single blow!

Infinite sword intent, surging out!

This knife combines the artistic conception of the knife path before, far surpassing any previous knife!

The sword light mixed with the power of destruction, slashed towards that emerald green sword light!

Boom boom boom!

The blade light was extremely sharp, and it smashed the sword light into pieces in an instant, and blasted towards the aquamarine array with an all-encompassing momentum!

boom!

The blade light hit the big array fiercely, and immediately caused the big array to shake!

Torn an arm-long crack, but it failed to break the big formation.

I saw that above the crack, a bright green light lit up, but in an instant, the large array had been closed again.

"It didn't even break the formation?"

A look of surprise flashed in Chen Feng's eyes.

That sword just used 60% of his strength, and even a layer of sword intent that he had just realized, capable of slicing the sixth hole of the Ten-square Cave Heaven Realm!

This has not been able to break the formation, it can be seen that this shadow still has some strength.

"Just relying on you, still want to break my Heavenly Light Pole Killing Sword Formation?"

The laughter of the shadows came from all directions, one after another, very rampant!

"Give Ten Swords another chance, you won't be able to break!"

Ying's voice gradually became ferocious: "Today, I must kill you here!"

Chen Feng smiled quietly, looking at Ying's eyes as if looking at an idiot.

Zheng—

Then, a sharp cold light flashed, Qingqiu Tianlongdao groaned in excitement!

In the sea of stars, the three star souls shine at the same time, and the power of the vast stars is surging!

This time, Chen Feng moved for real!

On the blade of the Qingqiu Tianlong Sword, a white and purple light gradually lit up, enveloping the blade.

"This feeling is..."

At this time, Chen Feng's heart throbbed, and a sense of understanding suddenly flashed in his mind.

In the blur, he seemed to see a stalwart, tall and sturdy body, holding an ancient long knife in his hand, slashing down horizontally!

The fierce sword force struck out the stars and tore the space apart!

Under his sword, the world on that side has turned into nothingness!

One knife, destroy the world!

"Above the Supreme Zhushen Slash, there should be an extremely powerful sword technique, I have never realized it."

Chen Feng was ecstatic and muttered with excitement: "Unexpectedly, through a contest with that sword, I actually touched the threshold of this sword."

Promise Destroyer Blade!

The ultimate artistic conception of Tai Shang Zhu Shen Zhan, cultivated to the extreme, one sword can wipe out a world!

[Chapter 5787: ruins!](#)

"It's a pity that I only comprehend one-tenth, which is far from being fully displayed."

Just as Chen Feng was thinking about it, the sword formation in front suddenly shook, and the sword light hung high, falling like a meteor shower!

The overwhelming sword light engulfed the murderous air, and completely enveloped Chen Feng!

"At this moment, you still dare to distract yourself?"

Ying's sneer sounded, "You are inevitable to die!"

"I die? You should die!"

Chen Feng slowly exhaled a suffocating breath, swung the Qingqiu Tianlong Sword again, and slashed it down!

Suddenly, Taishang Yuqing's Nine Shou Zhen tactics ran wildly, and powerful forces poured into the long sword!

Promise Destroyer Blade!

Above that blade, a jet of black light suddenly surged, like a black line, shrouded in a radius of several miles, and cut out horizontally!

That black line was transformed by Chen Feng's ultimate sword intent, which could cut a world!

Where the black line passes, the space is like tofu, instantly cut open neatly, everything will be turned into nothingness when it touches this knife!

Strong enough to resist!

Wherever the sword moves, the space is cut into two!

"I can't stop this cut!"

At this moment, Ying felt the knife, and there was endless panic in the depths of his eyes.

He wants to escape, but there is nowhere to escape!

When the sword hit the sword formation, the sword formation instantly fell apart, bursting with a 'bang', and then turned into a sky full of green light, dissipating between the sky and the earth.

The four shadows were all cut into two by this knife.

"This Wuji Destroying Blade, although it can only exert one-tenth of its power, it is more than three times stronger than Tai Shang Zhu Shen Zhan!"

A smile appeared on Chen Feng's face, and the Qingqiu Tianlong Sword was put away with his backhand.

With this move, his hole cards increased again!

"Chen Feng! My lord will not let you go!"

A dark light burst out of one of the shadows, turning into a meteor, screaming and fleeing into the distance!

In the black light, is the soul of the shadow, he wants to escape with the cover of the black light.

"Want to go?"

Chen Feng raised his eyebrows and sneered, his hamstrings swelled instantly, and he stepped out and rose to the sky!

God and Demon Lingxiao Jue!

In an instant, Chen Feng stopped above the black light, stretched out a claw, and took it into his palm.

"You can't escape!"

Chen Feng didn't bother to talk nonsense with him, and directly used heaven and earth to overturn the magic of reincarnation!

In that spiritual world, the huge eyes slowly opened, and the pupils exuded a faint ray of light, fascinating!

"Chen Feng, you..."

In the black light, Ying still wanted to say something, but stopped abruptly as soon as he shouted two words.

Ying's divine soul's eyes gradually blurred, and he was already lost under the power of heaven and earth to turn the reincarnation magic!

And Ying's life, like walking through horses and watching flowers, is shown in Chen Feng's mind, and there are no secrets at all!

After a while, Chen Feng's eyes were full of surprise, and he looked in the direction of Wujing Street.

"Dao Sword, unexpectedly came from Origin City!"

However, what is more important now is to explore the dark hole and find clues to complete the task.

After thinking it through, Chen Feng narrowed his eyes slightly and said with a smile: "Dao Jian, I know you are watching, now I will give you a chance."

"The next time I step into Wujing Street, you'd better tell me the location of the Origin City, otherwise, Wujing Street and Dao Sword will no longer exist."

Shadow is just the servant of Dao Sword. Although he knows the origin of Dao Sword, he does not come from Origin City.

It's a pity that he doesn't know the location of the source city, otherwise it will save a lot of trouble.

After speaking, Chen Feng took a deep look at the direction of Wujing Street, then turned and walked towards the depths of the city.

...

Wujing Street, within the giant tower.

Dao Sword's golden pupil was bright and dark, staring at the light curtain in front of him. On the light curtain, it was Chen Feng's back.

"The strength of this Chen Feng is unfathomable."

After a while, he took a deep breath and whispered: "But, if you want to flatten my borderless street, it is undoubtedly a foolish dream!"

"You don't need to come, before you come, I want you to be wiped out!"

As he spoke, Dao Sword raised his hand, and a golden light flew out of the huge tower and scattered around Wujing Street.

"Kill Chen Feng and get the position of deputy street owner!"

Lines of golden words were scattered in the corners of Wujing Street, and then hundreds of powerful auras flew out from everywhere, fleeing in the direction of Chen Feng.

...

Heixu City, the ruins of the southeast city.

Chen Feng walked in the air, wherever he looked, there were ruins, and the ground was covered with heavy dust.

The fight just now affected the entire city.

On the flat terrain, there is a pavilion that is very conspicuous. If the pavilion is a hundred or ten meters high, there is a crimson spar vine climbing on it, exuding an evil air.

"This is a dark hole?"

Chen Feng felt the breath and immediately frowned and observed.

In fact, under the pavilion, most of it has collapsed, and there is a big hole in the hollow, which is not bottomless.

The scarlet spar vines all around spread out from this hole.

"Master Chen Feng, are you here?"

At this time, beside the pavilion, retreat shouted and saluted Chen Feng.

Chen Feng retracted his gaze and slowly fell to Wu Xu's side.

Retreat immediately smiled, flattering and asked: "Master Chen Feng, how was the battle just now?"

"It's the people from Wujing Street, kill them casually."

Chen Feng's expression was indifferent and said coldly.

"As expected, Master Chen Feng, a master at cleaning up Wujing Street, that is also easy."

Retreat still wanted to flatter, but was interrupted by Chen Feng in a deep voice: "Don't say it's useless, first tell me, what's going on in this place?"

"Okay, Master Chen Feng, look at it. This is the entrance to the dark cave."

With their retreat gaze, everyone also looked at the pavilion in front of them.

"This place was originally the biggest auction place in my Black Void City, but it suddenly collapsed for some reason six months ago."

"In the cavernous cave, these red crystals grew out, completely surrounding the pavilion."

"These red crystals will emit a strange aura, and if they are infected, they will become the dark ghost Shura."

As soon as these words came out, the blood-deficiency guards showed horror and couldn't help taking a few steps back.

These spars can actually assimilate people into the blood of gods and demons?

Instead, Chen Feng's eyes lit up, and he had to step forward to check when he got up.

"Master Chen Feng, what are you going to do?"

Retreat immediately changed his expression slightly and stretched out his hand to stop him: "My lord, if you want to enter the dark cave, you must use a special treasure to protect your body, otherwise you will be invaded by evil spirits if you encounter these spars."

"No, I just want to see what these spars are."

Chen Feng flickered, his figure flickered, before he came to the pavilion, he stretched out his hand to put his hand on the crimson spar.

"Master Chen Feng..."

Retreat eyes flickered and clenched his fists secretly.

The group of blood deficiency guards were also shocked and whispered.

"Master Chen Feng just started doing this. Wouldn't he be assimilated into the dark ghost Shura."

"It's just an arrogant person. If the city owner doesn't value him, how would it be his turn?"

"The conceited person always has to pay some price, and he will regret it soon."

[Chapter 5788: The blood of the gods and demons burns!](#)

Those whispers were full of disdain and looked down upon Chen Feng.

Although Chen Feng heard it, he didn't bother to deal with these ignorant people, but continued to explore the crystals.

The moment he touched the crimson spar, the ocean of golden mental power rolled rapidly and the waves were raging.

That powerful spiritual force surged out, penetrated into the spar, and discovered it clearly!

"I see!"

After a while, a faint smile appeared at the corner of Chen Feng's mouth, and he already knew the magic of this red spar.

This red spar contains an ancient blood of gods and demons, exuding ancient and tyrannical power, coming from unknown gods and demons.

In the next moment, the power of the blood of the gods and demon immediately rushed out and penetrated into Chen Feng's body.

The power of the bloodline of the gods and demons is extremely offensive, trembling in Chen Feng's body, wreaking havoc.

Suddenly, his body banged, arousing a cloud of **** mist, and the power of the powerful blood of the gods and demons came out!

"Array!"

In the distance, Wu Xu's complexion changed suddenly, and he uttered a low voice: "Be careful, Master Chen Feng, you may be assimilated into the dark ghost Shura!"

His eyes were a little regretful, and then he murmured: "Chen Feng, Chen Feng, why don't you listen to me, I'm so optimistic about you!"

However, Chen Feng's expression was indifferent, and the smile on the corner of his mouth remained undiminished.

"Do you want to influence me with this power?"

For ordinary practitioners, the power of the bloodline of the gods and demons is a deadly toxin, but for Chen Feng, it is a great tonic!

The Supreme God Demonized Dragon Technique urges!

The blood of the eleven gods and demons in his body was burning, and the one-legged cauldron was spinning wildly!

That strand of blood of the ancient gods and demons was instantly drawn into the melting pot of the gods and demons and turned into pure power.

Immediately afterwards, Chen Feng issued a strong suction in his palm, pulling out all the blood of the ancient gods and demons in the red crystal!

Rumble!

On the pavilion, the red crystals continued to turn into ashes, collapse and fall.

"Well, what's going on?"

Retreat looked shocked, and hurriedly shouted: "Back! Back all!"

The group of Blood Deficiency Guards was also shocked, and hurried back to dodge.

In an instant, the red crystals on the pavilion had all turned into fly ash, and they were scattered on the city pool, dyeing the sky into a cloud of gray.

But Chen Feng closed his eyes tightly, his brows were slightly furrowed, and his body exuded a tyrannical aura!

At this moment, it seems that he has turned into an ancient **** and demon, brutal and tyrannical!

The invincible trend is daunting!

At this time, the blood of the gods and demons in Chen Feng's body was constantly surging, and the second blood of the gods and demons rumbled, and then suddenly rose up to fuse towards the melting pot of gods and demons.

After a while, there was another foot on the cauldron.

"Turn the furnace into a tripod, the second floor!"

Chen Feng suddenly opened his eyes and smiled at the corner of his mouth.

He has merged two bloodlines of the twelve gods and demons, and then merged the remaining ten bloodlines to complete it!

"These spar blood veins outside the cave have very little power, and they can fuse a blood vein. If you find the source, you will be able to complete the furnace into a tripod!"

Chen Feng looked at the big hole in the pavilion, his eyes were full of scorching heat!

In the distance, the group of Blood Deficiency Guards were dumbfounded and froze in place.

Retreat also looked shocked and hurriedly handed over and praised: "My lord is really brave, I can't wait for this blood spar, my lord will solve it as soon as he takes it!"

"Go in."

Chen Feng was too lazy to listen to his nonsense, said lightly, and strode into the pavilion.

"Keep up with your lord!"

Retreat smiled awkwardly, waved and shouted, and followed Chen Feng into the big hole.

The big hole in the pavilion is bottomless and filled with cold air.

"Okay, it's cold..."

"Why is there a blood in it, my Dao Heart is trembling, it's terrifying!"

"My lord, our strength seems to be declining."

The group of blood-deficiency guards just walked into the cave and talked in horror.

"There is indeed weirdness in this hole."

Retreat did not scold everyone, but frowned and looked around.

It can be seen that there are crimson mists in the depths of the cave.

But everyone doesn't know what this is.

"This is the power of the blood of the gods and demons. It contains extremely irritable power, which can confuse and confuse people's minds."

Chen Feng frowned slightly and said lightly: "It's the power emanating from the Blood Essence Stone vein, but it is so strong that it dissipates, what is inside?"

At this moment, he looked deep into the dark cave, his eyes hotter.

"My lord, if this is the case, my people may not be able to get in."

With a sigh of retreat, he immediately arched his hands and said, "In the future, I will rely on the adults."

"No, you can go in with me."

Chen Feng smiled faintly, his body trembled slightly, and his muscles swelled instantly!

The crimson mist stagnated for an instant, and then surged into Chen Feng's body like a tide.

Although it is only a meager power, it can also resonate with the gods and demons!

Suddenly, the surrounding fog disappeared instantly, and everyone felt their bodies loose.

"That irritable feeling disappeared?"

"My strength has returned, and the sense of suppression is disappearing."

"Master Chen Feng, really amazing!"

The eyes of everyone looking at Chen Feng were full of awe, and there was no disdain before.

However, Chen Feng didn't care at all and continued to go deep into the cave.

As it deepened, the light in front of me gradually dimmed, and the hole was pitch black.

It is black that can obscure the eyes, like a black hole, which makes people lose all five senses.

"Follow me!"

Chen Feng frowned slightly and immediately mobilized his mental power to explore the depths of the cave.

The golden sea of mental power, surging huge waves, rushed out wildly, covering the entire cave.

However, the mental power only penetrated one hundred meters, and suddenly disappeared!

Disappeared!

Without warning, disappear instantly!

"what happened?"

Chen Feng's brows clenched, and he was extremely puzzled.

In this divine emptiness in the thousand worlds, his mental power is unfavorable, and he has never encountered such a situation.

Even if someone can block his mental power, it can't be eliminated.

The feeling just now is clearly the dissipation of mental power!

It seems to be swallowed by something instantly!

"Back, there is danger ahead!"

Chen Feng immediately realized that there was something in this hole, and it was extremely difficult, capable of cutting off his mental power.

"Master Chen Feng..."

Retreat shouted, and wanted to say something.

However, Chen Feng didn't give him a chance at all, and to mention it, his figure had completely disappeared.

"Master Chen Feng?"

Retreat called for a few more times, confirming that Chen Feng was no longer by his side, and then exhorted: "You all be careful, wait for me to come back here."

After all, he took out a red gem with his backhand and set it on the center of his brow.

Buzzing--

The red gem was trembling, and crimson light appeared in the retreat eyes.

"Master Chen Feng, I'm looking for you..." Wu Xu's mouth suddenly raised a sullen smile, her figure slowly faded, and she disappeared into the endless darkness.

[Chapter 5789: Power beyond the world!](#)

Deep in the cave, in the darkness, Chen Feng's figure suddenly emerged.

"Mental power disappeared here!"

He stretched out his hand, urging the power of the stars, and the palm of his hand instantly brightened, reflecting the surroundings.

In an instant, the harmonious white light covered the cave, as bright as day.

In front of Chen Feng, there were hundreds of grotesque creatures with ragged clothes and sparse hair.

The group of weird people closed their eyes tightly, seemingly unconscious, and opened their mouths to devour Chen Feng's mental power.

Dark ghost Shura!

Chen Feng narrowed his eyes to see the origin of these things.

These are the dark ghost Shura who have been corroded by the blood of the gods and demons, have completely lost consciousness and become the walking dead.

"Ho **** ho ho..."

The group of dark ghosts Shura felt the light, opened his eyes screaming, and turned to look at Chen Feng.

Pairs of scarlet eyes, full of cruel and tyrannical colors, seemed to tear Chen Feng into pieces.

"Roar-"

Shura, a dark ghost with a slightly sturdy head, opened his big mouth and slaughtered Chen Feng!

"I don't know what I can do!"

Chen Feng snorted coldly, and immediately urged Taishang Yuqing's Jiu Shou Zhen Art, and the stars in the sea of stars lit up, extremely bright.

The power of the huge stars rushed out wildly, bombarding the body of the dark ghost Shura!

boom!

Blood is flowing!

The dark ghost Shura burst instantly, turning into a rain of blood.

"Roar..."

However, the group of dark ghosts Shura was stimulated by the smell of blood and became even more excited, roaring to surround Chen Feng.

In those scarlet eyes, only bloodthirsty desire was left.

"It turns out that it is a group of things that have lost their minds and are shaped like beasts."

Chen Feng swept across slowly, and said coldly, "I will count you lucky and send you to reincarnation!"

His body shook, his muscles and muscles tightened instantly.

"Buddha's angry eyes, lion roaring power!"

In the ocean of stars, countless masterpieces of starry light, the power of the mighty stars surging!

The golden Buddha was riding a giant lion, glaring at him, and leaping out!

"Exit!"

Chen Feng shouted loudly, all the power of the stars condensed onto the phantom Buddha!

I saw that the golden Buddha put his hands together, and the lion roared under his crotch!

The roar shook the sky, wrapped in the power of endless stars, like a wave, blasted away!

Rumble!

The whole cave trembled and the dust fell.

Bang bang bang!

The group of dark ghosts, Shura, couldn't even get close to Chen Feng's body, they were blasted into blood foam by the tyrannical sound waves!

The blood poured down, dyed the entire cave red, and gathered into a river, flowing slowly.

The phantom of the Buddha disappeared, and Chen Feng withdrew his gaze and looked into the depths of the cave.

"Who is it that killed my rations!"

At this moment, a grumpy and hoarse roar resounded from the depths of the cave, which turned into an evil wind, and struck with a stench!

The wind was as sharp as a knife, blowing through the cave, leaving traces.

The bombardment hit Chen Feng's body, making a sound of golden clashes.

"Very strong!"

Chen Feng's eyes condensed slightly, looking into the depths of the cave.

The strength of the master of this breath is at least the peak of the Heavenly Sealed Forbidden Realm, and even higher than the Heavenly Sealed Forbidden Realm!

In the cave, there is a guy who exceeds the power of the world!

what exactly is it?

Chen Feng's figure flashed and rushed to the depths of the cave.

At this moment, a flash of blood flashed.

The terrifying and bloodthirsty breath, condensed into a scarlet tornado-like air current, rushing toward his face.

"Stop coming!"

Accompanied by a low, hoarse roar.

Sneak attack?

Chen Feng stopped and looked forward coldly: "Come out!"

As he spoke, three hundred and sixty stars in the sea of stars flashed immediately, and the power of infinite stars burst out!

In an instant, the golden Buddha phantom immediately condensed behind him.

The majestic power swept out, Jin Guangdagan, rushed to the scarlet tornado, and completely knocked it apart!

And at the moment Chen Feng made his move, there were waves in the ocean of his golden consciousness!

"The heavens and the earth turn over the reincarnation of heaven and earth!"

The three giant eyes did not open, but Chen Feng followed this scarlet tornado and traced its origin.

He immediately disappeared from where he was, and when he reappeared, he was already hundreds of meters away.

Here, there is a red air current in the air, which is the power of the gods and demons, which has been rich enough to take shape.

Even the Blood Essence Stones on the surrounding stone walls are extremely dense, and they are several times more numerous than those on the periphery.

"It's all this time, still want to hide?"

Chen Feng smiled contemptuously, flipped his hand, and the Qingqiu Heavenly Sword immediately fell into his hand and slashed forward.

The power of the stars condensed into a huge blade of light, bombarding the stone wall in front.

Rumble!

There was a loud noise, but the stone on the stone wall did not fall. Instead, a dark black liquid oozes out!

Blood!

And in that blood, there is a terrifying power of gods and demons, a drop of blood can be compared to three blood essence stones!

"Roar-"

At this time, an angry dragon roar suddenly sounded!

The stone wall in front of Chen Feng kept trembling, and then, a burst of blood gushed out and spread rapidly.

In the next moment, the stone wall turned into a huge head!

The stone walls around Chen Feng also trembled, and finally turned into two huge scarlet wings!

On the wings and head, there are countless fine scales, and each scale is like a fire.

Chen Feng smiled faintly: "Reef Linlong?"

Hum!

Above the head, two vertical pupils suddenly lit up, and golden light burst into light!

"This is you asking for trouble, dare to disturb me, and want you to be dead!"

The moment the hoarse voice sounded, it suddenly stretched its wings and soared.

The surrounding stone walls collapsed layer by layer, revealing a real scene, it turned out to be an extremely vast hall!

Looking up, it is three hundred meters high!

The surrounding area of the main hall is almost made of blood essence stones, and there are a lot of them.

The tens of meters deep reef Linlong shook its wings in midair, exuding the power of rolling gods and demons.

"Give you a chance to surrender to me. Go outside and find some blood for me, and I will spare you!"

"If not..."

The Reef Linlong suddenly spit out a breath of dragon, and the hot breath immediately enveloped Chen Feng.

Its strength has completely exploded!

As expected by Chen Feng, it surpassed the power of this world, equivalent to the fifth cave of the Shifang Dongtian realm!

"Finally, I will give you a chance! If you don't surrender, you will die!"

Seeing Chen Feng being enveloped by the dragon's breath, triumphant gleaming in the golden eyes of the reef Linlong.

Although it was discovered by Chen Feng, but in its view, this is the proof that Chen Feng can be a dog!

"Hehe, it's interesting!"

"How long has no one dared to talk to me like this?"

At this time, Chen Feng smiled, stepped out, and Qingqiu Tianlong Sword slashed forward.

The power of the infinite stars immediately roared, and in the sea of stars, the golden Buddha phantom flashed by, injecting tremendous power.

Huh!

The breath of the Reef Linlong was instantly crushed!

Moreover, the knife light continued to advance without stopping, and cracks were formed in the space, but it was quickly repaired. The Reef Linlong couldn't believe it, "Your power..."

[Chapter 5790: trap!](#)

It turned around and wanted to go, but it was still cut by the knife, and it wailed, and blood shot.

However, at this time, its scales all over its body glowed strangely, generating a suction force that attracted and swallowed all the blood essence stones around the main hall.

The Reef Linlong was furious, and the dragon's breath vomited: "Do you dare to hurt me! When I swallow these blood essence stones, I must make you look good!"

Upon seeing this, Chen Feng smiled coldly: "In front of me, do you think you still have this opportunity?"

He closed his eyes abruptly, circling the Dragon Magic Dragon Art, which exudes a suffocating aura above his body.

In an instant, Chen Feng was like an incarnation of an ancient **** and demon, with a tyrannical and brutal breath!

The scarlet spar that was flying towards the reef Linlong suddenly stagnated in the air, and then turned around and flew towards Chen Feng!

Moreover, in the process of flying, the light on the Blood Essence Stone continued to dim, and the power faded.

When he reached the top of Chen Feng's head, it had already turned into flying ashes, one after another, dyeing the hall even more gray.

Thousands of blood essence stones were swallowed up between breaths and breaths!

The blood of the gods and demons in Chen Feng's body was as violent as a volcano. The third and fourth bloodlines roared and flew towards the melting pot of gods and demons!

Hum—

The furnace trembled, as if excited, and there were two more tripod feet below it!

And the aura on Chen Feng's body became more and more terrifying. Outside the dark cave, the sky tribulation cloud condensed. Before it fell, the space had already cracked and could not be repaired for a long time!

"Can't break through!"

Chen Feng suddenly suppressed his breath and opened his eyes!

The power of the gods and demons spilled out, turned into a beam of light, and penetrated!

"what!"

The Reef Linlong couldn't react, was hit instantly, let out a wailing, exuding a layer of crimson light, and the body kept shrinking. *no free SB.com*

Chen Feng frowned slightly, "What's the surprise?"

His figure flashed, and he was about to rush away. At this moment, the reef Linlong, which was only one meter in size, suddenly rose.

"Stop him for me!"

There was a sorrowful cry, and then, thousands of dark ghost Shura came from all directions.

Reef Linlong glanced bitterly at Chen Feng, his blood was still dripping, it turned into a stream of light, and flew towards a narrow corridor on the opposite side.

"A group of ants want to block me too? Ridiculous!"

Chen Feng looked calm, the power of the infinite stars exploded in his hand, and the golden light shone around.

A golden Buddha phantom appeared almost instantaneously behind his back, and his huge palm was turned over and suppressed.

The dark ghost Shura around couldn't even make a scream, so they all turned into flying ashes.

A little bit of the power of the gods and demons immediately poured into Chen Feng's body.

Chen Feng was about to chase after him, suddenly frowned slightly: "Come out!"

"My lord's perception is really powerful, and he can perceive me so quickly."

A rickety figure, swaying, appeared beside him, bowing his hands in salute.

It is the city lord of Heixu City, retreat!

Chen Feng glanced at him and said lightly: "Are you here to find me?"

"But, what's the matter?"

"My lord, we found a place with a lot of blood essence stones."

"And it's not far from here, I think it might be useful for adults?"

Retreat with a look of flattery, "The stronger your lord, the greater the grasp of slaying the reef Linlong!"

He had just arrived and did not see the previous scene.

The reef Linlong that he couldn't deal with in his eyes could not even withstand Chen Feng's stab!

Chen Feng took a deep look at him and said lightly: "Lead the way."

The Reef Linlong was seriously injured, and Chen Feng left a spiritual mark on it.

Kill it, don't rush it for a while.

Retreat nodded, and the moment he turned around, a flash of excitement flashed in his eyes.

"My lord, please come with me!"

After that, they led the way, and soon the two of them left the hall and turned a corner. There was an extremely long corridor in front of them, and there were scattered blood essence stones on the stone walls.

Along the way, the power of the gods and demons becomes stronger, and the blood essence stones become more abundant.

"Sir, did you feel it?"

Retreat lowered his head, and there was an excitement in his voice: "There are more and more blood essence stones here."

Chen Feng nodded slightly in response, walked behind him, and looked around.

In his eyes, a meaningful look flashed.

"Here, there are more than just blood essence stones."

Chen Feng suddenly spoke, and at the same time, on the stone walls on both sides of him, a series of dense lines were lit up.

Those lines flashed all together, it was like a hideous behemoth, as if it were alive, with strong evil spirits spewing out.

"My lord! It's here!"

At this moment, the retreat in front suddenly turned his head, his eyes were scarlet: "Now, I can invite you on the road!"

"Retreat, I knew you were uneasy and kind!"

Chen Feng raised the Qingqiu Heavenly Sword in his hand, and the power of the golden stars was about to surge.

However, at this time, the lines on the stone walls on both sides also shone, condensed into chains of blood, falling down like a net.

"My lord, haven't you seen it?"

"This is the Tiange Slaughter God array that I used four blood marrow stones to set up. It was originally prepared for Dao Sword! Unexpectedly, you will send it to the door, my lord!"

When speaking, Wu Xu suddenly raised his hand, a cloud of blood exploded, and his figure flickered like lightning, directly hitting Chen Feng's throat.

Suddenly attacked!

The strength of the fourth cave of the Shifang Dongtian realm burst out without reservation!

Billowing power, like a wave like a tide, came over!

In the chain of formation, there were also swords, lights, swords and shadows that slashed towards Chen Feng.

Two-tier offensive, let Chen Feng escape!

"Do you think you can kill me with this?"

There was a sneer at the corner of Chen Feng's mouth, running the Taishang Yuqing Nine Shouzen tactics, urging Dao Yun.

On the Qingqiu Heavenly Sword, a layer of golden luster was immediately diffused, hazy, and seemingly ordinary.

At this moment, Chen Feng slashed, and Dao Yun exploded!

On the stone walls on both sides, the hideous and terrifying behemoth disappeared instantly, and the lines were dim.

Great formation, collapse!

And the retreat's offensive was also instantly defeated, and the sword light hit his chest!

His complexion changed drastically, he was knocked back by a stab, his body was cracked, blood dripping, and only one breath remained.

Chen Feng raised his hand slightly and put the four spars on the stone wall into his hands.

He looked down, "Is this the blood marrow stone?"

Under the exploration of mental power, Chen Feng quickly understood that every blood marrow stone is equivalent to three thousand blood essence stones!

This is specially refined by Retreat!

In other words, Wu Xu has long known the existence of the dark hole and the blood essence stone, and everything is really a game!

At this time, Wu Xu fell to his knees and kowtowed his head begging for mercy.

"My lord, spare me!"

"I know I was wrong, I just want to continue my life, please forgive me..."

"As long as you can spare me, in the future, Heixu City will feed the adults and bow their heads. I am willing to be an adult's dog!"

Chen Feng's eyes were indifferent, and his voice was even more indifferent as he swept away. "Want to be my dog? You don't deserve it!"
