

## Peerless 5791

### [Chapter 5791: The defeated man!](#)

"Heaven and earth overturning reincarnation of heaven and earth!"

In the space of the overturned world, the black luster suddenly rippled, and the third huge eye slowly opened.

Chen Feng's mental power immediately invaded Wu Xu's mind.

The expression on Wuxu's face immediately froze, and then turned into a hideous expression, holding his head in both hands: "No, no..."

At this moment, the black beam of light had penetrated the sea of consciousness, and his whole life had been reflected in Chen Feng's eyes.

Soon, Chen Feng raised his eyebrows and murmured in a low voice: "Is this retreat set up this game to continue his life?"

"He has lived for thousands of years?"

Suddenly, Chen Feng found some key clues in his retreat memory.

"No wonder..."

"The Dao Sword, unexpectedly comes from the Immortal Territory of Dongming!"

Thinking of using the name "Dongming Immortal Territory" before, Chen Feng couldn't help but laugh, but immediately afterwards, his expression woke up again.

"No, the memory of retreat is missing!"

"When he and Dao Sword first met in Heixu City, they were so familiar with each other and knew each other!"

"However, there is no scene where they met for the first time..."

Obviously, there is something weird in this!

There are more secrets in this sword than Chen Feng had imagined!

Chen Feng shook his head. Everything will be known when he returns to Wujing Street in Heixu City.

"Blood marrow stone!"

He set his eyes on the spar in his hand again, circling the supernatural demon transforming dragon art, swallowing the abundant power of the demon and demon immediately.

The blood of the gods and demons was surging, and the tyrannical aura radiated from Chen Feng again.

The equivalent of 12,000 Blood Essence Stones were swallowed, the Gods and Demons' melting pot shook, and the fifth tripod foot was looming.

However, until all the four blood marrow stones were refined, they were not completely formed!

Chen Feng's eyes flickered, and he thought to himself: "This fifth bloodline of the gods and demons seems to be a shackle!"

"If you want to integrate into the melting pot of gods and demons, you need more power of gods and demons..."

Thinking of this, Chen Feng once again remembered the Reef Linlong, "The power of the gods and demons on that dragon is extremely rich!"

"If you can kill it and refine its bloodline power, maybe you can reach it!"

He had planted a spiritual imprint on the dark reef Linlong long ago. At this moment, he felt that the other party was in the deepest part of the mineral vein, and his aura was still very decadent.

At this moment, Chen Feng's ears moved slightly, and his brows were slightly raised.

A series of whispering voices pierced into his ears.

"Heavenly ghost, your Lord Chen Feng, I'm afraid I didn't expect even you to betrayed!"

"He is an outsider who dares to be so arrogant in Heixu City, only to die!"

"Haha, Master Daojian said, as long as Chen Feng dies, we will all have a reward!"

The ghost smiled: "Master Dao Sword's reward is too rich! Even, he can get a sword intent from him!"

"Besides, I'm just a disciple, not his real lackey!"

"Come, go this way, Chen Feng just walked this way..."

Not only betrayed, but this day the ghost also led the other side!

"Well, you god, how dare you betray me?"

Chen Feng snorted coldly in his heart, and his figure flew by, blocking in front of the marching people.

The ghost who walked in the front was shocked: "Big...sir, why are you here?"

Did he hear what he said just now?

As soon as the sky ghost changed his panic, he laughed and introduced to the people behind him:

"Everyone, this is an expert from Far East Wonderland, Chen Feng."

"Now it seems that the adults are safe and sound, our worry is really unnecessary."

"Yes!"

A few people immediately understood, and followed the words of the heavenly ghost.

Chen Feng didn't have any waves on his face, and said lightly: "Heavenly ghost, I really thought I didn't hear what you said just now?"

The smile on Tiangui's face suddenly froze, and the others frowned, secretly urging their inner strength, ready to do it at any time.

"Just because of you, you want to hurt me?"

The chill in Chen Feng's eyes grew stronger.

Betrayer, \*\*\*\* it!

Just when he was about to take a shot, a huge black shadow rushed forward and slammed straight into Chen Feng.

Supreme God Demonizes Dragon Technique!

Although the shadow is fast, Chen Feng reacts faster, the power of the gods and demons penetrates his body, and hits the shadow with a punch.

boom!

With a loud roar, Chen Feng's figure was forced back a few steps, frowning and looking.

It turned out that the dark shadow was the reef Linlong that had just slipped away!

"Dare you come back if you are defeated?"

Chen Feng smiled coldly: "Since you are here, don't leave. Use the power of the gods and demons in your body to help me practice magical skills!"

"ridiculous!"

The Reef Linlong sneered, and the flames on the scales ignited and turned into a sea of fire, trapping the heavenly ghosts and everyone beside him.

The strong power of gods and demons penetrated into a few people.

Screams and roars sounded one after another.

"Chen Feng, are these people your friends?"

The Reef Linlong smiled poisonously: "If you want them to survive, they will abolish their cultivation."

"Within three breaths, if you still can't make a decision, I will kill one person until all of them are killed."

While speaking, the fire of the gods and demons on the heavenly ghosts became more and more intense.

"Ah! Your lord, save me!"

The sky ghost kept screaming and was devastated by the fire of gods and demons, and the flesh continued to turn into flying ashes.

However, Chen Feng just watched indifferently and had no intention of making a move.

"Kill one by one, it's too slow."

"what?"

The Reef Linlong was stunned for a moment, and did not understand the meaning of Chen Feng's words.

Chen Feng didn't explain, he drew out the Qingqiu Heavenly Sword, cut it down horizontally, and instantly cut off the Heavenly Ghosts.

The remains of several people fell into the fire of the gods and demons, and turned into ashes in a flash.

"you..."

The Reef Linlong was shocked and angry: "You are so cruel to this point, and you don't care about your companion's life!"

"companion?"

Chen Feng smiled coldly: "My companion colluded with others in an attempt to kill me to receive a reward."

"You said these people should be killed?"

After listening, the eyes of the reef Linlong were dizzy.

I thought that these people could be used to threaten Chen Feng, even if he could not be buried here, it would weaken his strength.

But suddenly, his plan has come to nothing. If he wants to survive, he has to surrender.

The Reef Linlong lowered its proud dragon head and said solemnly: "Chen Feng, I am willing to submit to you, and use the power of the gods and demons in my body to help you in your cultivation."

"I just beg you, let me make a living, even if I am a slave or a servant, I am willing."

It puts its posture very low and is quite sincere.

Chen Feng glanced at him and smiled faintly: "You know current affairs."

"As long as you follow me sincerely, I will take you out of here to a wider world."

"Yes, master."

The Reef Linlong slowly approached Chen Feng with his huge body: "Please also my master to engrave the soul seal of the master and servant on my head."

The master and servant soul seal is far more binding and vicious than the master and servant contract.

Once bound by the soul seal, those who are engraved with the soul seal will continue to provide their own power to the master until death. The Reef Linlong used this to show loyalty.

[Chapter 5792: Pick me up with Nine Swords!](#)

And he quietly approached Chen Feng, and the depths of his lowered eyes concealed murderous intent.

Chen Feng frowned, but quickly stretched out, raising his hand to engrave the soul mark.

What if the reef Linlong turns against the water?

In the face of absolute strength, he has no chance to resist at all.

As soon as Chen Feng approached, the scales on the top of the Reef Linlong's head stood up instantly, and the fire of the gods and demons was burning.

"Go to hell!"

The angry dragon roared, and the magic fire above his head gathered into magic crystals, shooting from the hole.

The gods and demons are away from the fire crystal.

The strongest blow that gathers the power of the gods and demons in the whole body, the ultimate move of the Reef Linlong.

At such a close distance, Chen Feng was unavoidable. Once he was touched by the Lihuo Jing, he would be burned to ashes by the fire of the gods and demons.

"You asked for it."

Chen Feng said, the wind was calm and the sky was calm, and the Qingqiu Heavenly Sword in his hand turned sharply.

Click!

The knife shot, instantly splitting the magic crystal in half.

In a simple and unpretentious knife, there were three hundred and sixty stars in Chen Feng's body, enough to slay the seamounts.

The moment the gods and demons separated from the fire crystal shattered, the light of the sword penetrated the body of the reef Linlong, and the blood soared.

Unwilling, his eyes widened, his body slammed heavily on the ground, halfway apart from the middle.

A crystal similar to the God and Demon Lihuojing floated from the reef Linlong's head and hung in the air.

"The origin of the reef Linlong, the \*\*\*\* and devil dragon marrow."

Chen Feng grasped it in his hand, and ran the magic dragon art.

The blood of the gods and demons merged into one, turned into a blazing flame, constantly relying on the big oven of the gods and demons.

As the flame burned, the phantom shadow of the second tripod's foot continued to condense and converge.

After a stick of incense, the second tripod foot is completely formed.

The majestic power of the gods and demons fills the whole body, and there is a sense of bursting power.

Opening his eyes, the dragon marrow in his hand had already been refined by him and turned into flying ashes.

Chen Feng frowned slightly: "All of this is a conspiracy of Dao Sword. He must know where the Origin City is."

He put away the Qingqiu Heavenly Sword, stepped out of the cave, and returned to Heixu City.

In the city, there are empty alleys, and only at the end of Wujing Street, the golden light and shadow stand proudly alone.

"Tao Sword."

Chen Feng paused: "Tell me where the original city is."

In the words, the chill was bitter.

Dao Jian was not afraid at all, and chuckled lightly: "Chen Feng, you do have some strength, but it's a pity that this is Wujing Street, and you can't tolerate your presumptuousness."

"I can tell you where the original city is, but I have one condition."

"Say."

Chen Feng responded in a cold voice, and looked at the Dao Sword waving his hand, and took out a three-foot colored glaze sword case, which was filled with light, an extraordinary product.

Dao Sword stroked the sword box lightly, showing a confident smile: "The sword is in the glass box, and the sword goes out to open the gate of heaven."

"If you want to know the location of Origin City, first pick me up with Nine Swords!"

He threw the sword box in his hand, hovering above his head, and the seven-colored light flashes on it.

Click...

When the sword box opens, nine glazed long swords are lined up at a time to form a ring, which rotates continuously.

At this time, a strong sword intent struck, it was Dao Sword.

"The sword is in the glass box, and the sword goes out to open the gate of heaven."

"Kill thousands of miles of mountains and rivers, magic sprites, gods and demons of the heavens, drink blood to help live long!"

Dao Sword raised his hand to hold one of them, and the already powerful sword intent doubled once again!

"Today, take your sword to sacrifice!"

His figure flickered, light and shadow like arrows.

A sword came out, and eight swords followed one after another, piercing Chen Feng's eyebrows.

"You want to kill me?"

Chen Feng held the Qingqiu Heavenly Sword in his hand, and the chill in his eyes soared.

Ying snorted coldly: "Outsiders, no matter what your purpose is, this is not your presumptuous place!"  
"die!"

The brilliance of the Nine Swords bloomed, connecting into a sword shadow, like a big net falling down.

Chen Feng is inevitable, but he doesn't bother to avoid it.

Even if Ying's sword and strength were beyond his expectations, it was still not enough.

"Too high to punish God!"

Chen Feng's eyes were sharp, and the long knife in his hand vibrated and buzzed. After taking a step, he cut out a knife instantly.

With only one sword, the shadow of the sword is divided into two, and the two is divided into three, which is fully transformed into nine ways.

Dangdang!

With nine crisp sounds in succession, the nine Liuli swords were all blocked by the light of the sword, and the momentum was stopped.

Ying was shocked by the sword, his mouth numb, almost unable to hold the sword in his hand.

However, Chen Feng did not pursue, and stood with his eyes closed, seeming to feel something.

The light of colored glaze circulated on the Qingqiu Heavenly Sword, containing a domineering and profound sword intent, trying to destroy Chen Feng's body.

Unfortunately, although the sword intent is good, its power is too weak to hurt him at all.

After a while, Chen Feng shook his wrist, shook the glazed glaze of the blade, and slowly opened his eyes.

"I have thoroughly understood your sword intent."

"Now, tell me the whereabouts of Origin City, otherwise, I will die by my knife."

Hum—

The Qingqiu Heavenly Sword rang for a long time, and the crisp sound of the sword reverberated continuously.

Liuli Nine Swords trembled, as if a ruler and a minister met, they didn't dare to show any rebellion.

"You...Where are you holy!"

Ying's voice was shaking because his body was shaking too.

That is fear, which stems from the fear of strength.

He is now very clear that even if he is fate, he is not the opponent of the man in front of him.

Chen Feng is too strong!

"I... I will take you to see Dao Jian."

Ying gave up, and the nine colored glaze swords flying behind him were scattered on the ground.

Chen Feng raised his hand and waved, the sword box in the shadow hand fell into his hand, and the nine swords on the ground seemed to be summoned, spinning and dancing, returning to the sword box.

Looking at the Liuli Nine Sword in his hand, he asked quietly: "Does this sword have a name?"

"nameless..."

Ying Qing shook his head: "This sword is a treasure given by Lord Sovereign to guard Wujing Street. It has killed thousands of practitioners who tried to challenge the majesty of Wujing Street."

"It's just a weapon to kill, a magic weapon to guard, why a name?"

Chen Feng sneered coldly: "The violent riot."

He put away the sword box, and said: "Lead the way."

Although Ying had unwillingness in her heart, she was not Chen Feng's opponent, so she could only lead the way obediently.

On the way, Chen Feng thought as he walked: "The Nine Glazed Swords are made of God and Demon Glazed Iron, and they are very hard."

"If you can recast these nine swords and create a long sword, its quality may be higher than that of the Qingqiu Heavenly Sword."

As long as he thought about it, Ying took him to the entrance of the giant tower and hovered up.

Looking up from the bottom, there is a golden light group that is as bright as a blazing sun hanging in the air.

The light beam on the light group fluctuates continuously, and a tall golden figure walks out and looks down at Chen Feng.

"Are you... the outsider?"

Chen Feng said lightly: "It seems that you are in charge here. Tell me where the Origin City is."

After all this tossing, he didn't have much patience.

Feeling the murderous aura on Chen Feng, Dao Jian frowned slightly: "The Origin City is right in the deepest part of this tower."

"Enter from here, pass through an enchantment, and then you can come to the entrance of the Demon Abyss Underground Palace."

"Devil Abyss Underground Palace?"

Chen Feng asked: "Where is this place?"

Dao Jian explained: "The so-called Origin City is where the origin of this is." "The Moyuan Underground Palace is located at the center of the world. Only the strongest in the world have the opportunity to enter and pursue a stronger realm."

#### [Chapter 5793: The origin of the world!](#)

After finishing speaking, Dao Jian waved his hand, and the blazing sun above his head dropped a glow, bombarding the bottom of the tower.

The complex array patterns were lit by Guanhua, forming a complete array, slowly opening.

The bottomless cave is pitch black, and even if the sun shines brightly above it, it can only illuminate a short distance.

"From here, you can reach the Origin City."

Dao Jian stepped aside and looked at Chen Feng silently.

Chen Feng frowned slightly, a trace of doubt in his heart.

The road leading to the origin of the world is near, so Dao Jian let him in?

Chen Feng asked again: "Who are you on earth?"

Dao Jian said indifferently: "I'm just a janitor."

"Your strength is far above me. I am not an opponent. Rather than fighting with my life, it is better to let you in."

"As for whether you can reach the deepest part of the Demon Abyss Underground Palace, it all depends on your ability."

After hearing these words, Chen Feng's vigilance faded a bit, and without replying, he jumped into the cave.

The cave was very deep, and after landing for a long time, the light in front of me was finally restored.

This is a dark sea, endless.

The sea water was full of a strong breath of gods and demons, and a black dust-like mist floated from the surface of the sea, escaping into the air.

When Chen Feng looked up, he saw a sun-like luminous body hanging high in the void.

But when you look closely, the so-called sun is just a huge collection of heaven and earth vitality, emitting light to illuminate this dim space.

Chen Feng fell on the sea, feeling the strong breath of gods and demons under his feet, and frowned deeply.

"The aura of gods and demons here is far stronger and purer than above."

When I thought about it, a swimming fish passed by. *nOvELu8B.cOm*

The power of the gods and demons contained in this black fish is comparable to 30% of the Reef Linlong.  
Such a small piece has such an amazing power.

Chen Feng squinted his eyes, his gaze crossed the surface of the sea and into the depths of the sea.

All kinds of weird fish swim and fight, and the power of the gods and demons that escaped is swallowed and refined by them to strengthen their bodies.

Just like in the world above, those people who keep fighting each other.

"This world is like a large arena. Only the final winner can get the strongest strength."

"The deepest part of the sea must be the hiding place of the origin of the world."

Chen Feng slowly sank into the sea and walked through the pitch black water.

As he continued to deepen, the last ray of light was swallowed by darkness.

The fish that swims by from time to time emit a faint light, gathering more and more, forming a wall.

Chen Feng took a dive as he looked at the fish next to him.

With the help of the faint light, he finally saw that these fish were completely different from those near the sea.

Sharp fangs, barbs, and black-cyan scales contain the power of gods and demons in the body, which is almost the same as the Reef Linlong.

A hundred.

"It came just right."

"Buddha's angry eyes, lion roaring power!"

Chen Feng let out a low roar, the stars in the sea of stars were shining, and the mighty divine power spread away.

An ancient Buddha phantom appeared behind him, suddenly opened his eyes, sacred and solemn!

A masterpiece of purple and white light, the glaring Buddha leaped out riding a mad lion!

The Buddha's hands are sealed, the colorful treasures of the Buddha are overflowing, and the mad lion looks up to the sky and roars!

The roar set off a circle of purple-golden waves, stirring the sea water, forming a huge vortex, dragging hundreds of strange fishes into it.

Strangle, squeeze, condense.

In the end, it condensed into a fist-sized black crystal, which was very similar to the God and Demon Lihuo Jing, but it was three times larger.

As soon as Chen Feng grasped the black crystal, he felt the power fluctuations of the tyrannical gods and demons, and a smile appeared at the corner of his mouth.

At this moment, the sea vibrated, and a powerful breath struck from the deepest point, getting closer and closer.

Something is coming!

Chen Feng stared at the depths of the sea, an extremely large figure constantly approaching.

The figure was very slow, gleaming with a faint dark purple light, and moved with the breath.

This weird creature was obviously nearby, but Chen Feng had lost the perception of any breath.

Enchantment!

Chen Feng frowned, perceiving the surrounding space, being constantly squeezed by the barrier.

"Outsiders, you shouldn't be here."

An ethereal voice suddenly sounded in my mind, and I couldn't feel the distance and direction.

The fluctuations straight into the soul made Chen Feng more vigilant.

"Where is the origin of this world?"

"origin?"

A strange voice sounded again: "Do you want to see Master Yuan, too?"

deep?

Could it be the adult who made Daojian guard the entrance?

Chen Feng frowned and asked, "Who on earth is Lord Yuan you said?"

"Nourishment, you don't need to know so much."

In the voice, killing intent gradually revealed.

The sea water next to him began to surging, and the seemingly weak waves contained the terrifying power to overthrow the mountains and rivers.

"The Way of Water..."

Goodbye to the power of Dao Ze, Chen Feng finally realized something.

It seems that only by defeating this mysterious guy can you know who the Lord Yuan is in its mouth.

Hum—

The colored glaze sword box appeared, and the moment it opened, an astonishing sword intent rose.

"broken!"

Chen Feng shouted, and the invisible barrier around him suddenly shattered.

"Liu Li Nine Swords? Did you kill Dao Sword?"

An angry voice resounded in Chen Feng's mind: "Before I give you to Master Yuan, I will break your arms first."

The faint dark purple light became brighter and brighter, gradually forming a large mysterious pattern.

A giant deep-sea beast about a kilometer long finally showed its true face.

"Sky-swallowing devil whale."

Chen Feng was startled first, then narrowed his eyes.

In the sea where the power of the gods and demons is strong, the Sky-Swallowing Whale will be born, which can consume the power of the heavens and the earth, and the cold air of the moon will continue to grow.

The moment it left the sea, the Sky-Swallowing Devil Whale was truly out of its infancy.

Their huge bodies, starting from a kilometer, grow to ten thousand meters, one hundred thousand meters, or even larger.

With one breath and one inhalation, one can \*\*\*\* the pure breath of the sun and the moon from the universe, and constantly nurture the power of the gods and demons in the body.

After all the gods and demons on the body are completely absorbed and refined, they will grow into the strongest existence in the universe.

"Fortunately, this one is only in its infancy, otherwise I will not be its opponent at all."

Chen Feng's eyes were no longer vigilant, but a hint of fierceness was revealed.

"The sword in the glaze box, the sword opens the gate of heaven!"

Click...

The colored glaze sword box was completely unfolded, and nine colored glaze long swords shot out.

"Kill thousands of miles of mountains and rivers, magic sprites, gods and demons of the heavens, drink blood to help live long!"

This move was originally Dao Sword's master skill, comparable to the powerful sword art of Hong Rank.

Now that Chen Feng understands the sword intent of Dao Sword, he can also display the essence of this trick, even stronger!

The nine swords are united into one, which is a thousand meters long, killing the hole.

The fierce sword energy tore through the deep sea, leaving a terrifying fault, slashing fiercely on the body of the Sky-Swallowing Devil Whale. The black-purple Dao pattern flashed, and most of the condensed armor of the Water Dao shattered, leaving a hideous wound on its huge body.

[Chapter 5794: The world is unkind!](#)

The blood rushed like a fountain, and instantly dyed a large area of sea water.

"Damn! How can your strength be so strong!"

The sound of the Sky-Swallowing Devil Whale sounded, and it was no longer just the soul's sound transmission method.

When this sword fell, it was already badly wounded, and it didn't even have the power to transmit sound.

Nine swords hung behind Chen Feng, the glazed brilliance flickered, and the lingering prestige still existed.

"Take me to see Yuan."

Chen Feng's face was cold, full of chill.

The Sky-Swallowing Devil Whale was scared, the human being in front of him was beyond imagination.

That sword just didn't seem to be his full power. I am afraid that only Master Yuan can subdue him in the entire world.

"Okay, I'll take you there, but you have to promise to keep me alive."

"No more nonsense, I will kill you now."

Sen Leng's threat made the Sky Swallowing Devil Whale's heart full of fear, so he had to obediently lead the way.

Under the guidance of the Sky-Swallowing Devil Whale, he kept going deep into the bottom of the sea.

The originally dark sea suddenly became clear and transparent, enough to easily crush an elephant, and suddenly disappeared.

The azure blue water is full of strong vitality, like a huge hotbed, cultivating all kinds of fish that swim freely.

"What a strong power of gods and demons."

Chen Feng frowned, his doubts getting deeper and deeper.

Judging by the number of fish here, I am afraid it exceeds the figure of 100 million.

If this amount were accumulated, it would be enough for an ordinary powerhouse in the Ten-square Cave Sky Realm to break through the limit and enter the next realm.

Just as he thought about it, a huge undersea city came into view.

Three sea trenches are intertwined, whether it is the depths or the top of Haigou, they are all huge crystal palaces.

The scent of gods and demons that was constantly exuding was already strong to the level of crystals.

"This is the end of the Demon Abyss Underground Palace, and it is also the place where Master Yuan lives."

"However, if you want to see Master Yuan, you must pass the approval of the three lords, otherwise, even with your current strength, you will not be able to break through the barrier set by Master Yuan."

After the Sky-Swallowing Devil Whale finished speaking, it kept backing away.

Chen Feng knew it was leaving, but did not stop it.

Now that he knew the location of Yuan, this Sky-Swallowing Demon Whale had no use value.

Chen Feng rushed to the strait alone, but never saw a sly look in the eyes of the Sky-Swallowing Devil Whale.

As the Dao lines on the body continued to flicker, a stalwart blue figure appeared in the depths of its soul.

"Master Yuan..."

The blue figure turned his back to him and slowly said, "Tuntian, what are you looking for?"

The Sky-Swallowing Devil Whale was silent for a moment, and still told about Chen Feng's intrusion.

"An intruder in another world?"

The blue figure's voice was very flat, and there was no joy or anger.

"Since there is the power to defeat you, it is worth using."

"Let him go, if he can really defeat the three lords and walk in front of me, the deity will enjoy it."

The connection was severed, and the Sky Swallowing Devil Whale looked at Chen Feng's away back, secretly delighted.

No matter how strong you are, you are definitely not Master Yuan's opponent.

Master Yuan who controls the laws of the world, if you can get your power, you will definitely be able to find a way to break through the world's limitations.

At that time, he can also leave here with Master Yuan, go deep into the universe, swallow the essence of the sun and the moon, and continue to grow.

At this time, Chen Feng came to the nearest Crystal Palace.

It is said that it is a city, but it is just that many palaces are located here, which is slightly scattered.

People in the city are free to come and go, and even fight and fight.

Just like the outside world, the person who is killed will lose the divine power accumulated in the body.

Those weird creatures that look like fish, but have human forms, are constantly fighting for divine power, and for this, they have even greater disputes.

Only the winner is qualified to consume divine power and continue to grow stronger.

"The weak and the strong... this ugly state is far more ugly than the outside world."

Chen Feng sighed: "Yuan, are you treating the whole world as a breeding ground for monsters?"

They all say that the world is not benevolent and that everything is a dog.

Yuan, how can it be compared with heaven and earth!

"There is anyone else?"

The victorious monster found Chen Feng with greed in his eyes: "Your power seems to be stronger than them."

He walked towards Chen Feng, his body covered with thorns, and black gas kept emitting from it.

"Be my strength!"

The monster laughed, erected his barb, shrank into a ball, and slammed into Chen Feng.

On the barb, the strong power of the gods and demons gathered, enough to instantly kill the powerhouse of the seventh hole in the Ten-fang Dongtian realm.

"I can't help myself."

Chen Feng squeezed a fist, the power of the gods and demons in his body surged, and he smashed the monster fiercely.

"The Supreme God Demonizes the Dragon Technique!"

The unpretentious fist penetrated the monster's body.

Hearing a bang, the monster's body exploded, and a fist-sized bead of supernatural power was suspended in front of him.

The divine power in it was a hundred times stronger than what he had obtained before.

After getting the bead, Chen Feng was more certain about the guess in his heart.

He suddenly turned his head and looked at the pile of monster limbs in the distance.

"How long do you want to watch?"

The pile of stumps shook, and a scaly monster crawled out of it.

This monster has the lowest degree of alienation and is closest to the human form.

"Big...sir, what's your order?"

After witnessing Chen Feng's strength with his own eyes, he did not dare to be disrespectful at all.

Chen Feng waved his hand, and the divine power bead in front of him slowly floated in front of the monster.

"Take me to the three lords, this bead is reward."

The monster was stunned for a moment, obviously he didn't expect Chen Feng to be so generous.

"My lord, please follow me."

After accepting the beads, the monster did not refine immediately, but immediately led the way for Chen Feng, which made Chen Feng very satisfied.

After entering the Crystal Palace group, Chen Feng asked, "What is your name?"

The monster saluted respectfully: "The villain Sun Shao."

Chen Feng asked again: "How long has it been here?"

Sun Shao thought for a while: "I have only been here for a thousand years, and my strength is still very weak. I have heard several strong people in the restaurant say that this place has existed for tens of thousands of years."

"Everything here is arranged by Master Yuan himself. Master Yuan found a pure land for us in a world full of demons."

After hearing these words, Chen Feng sneered in his heart.

What kind of pure land is just for his own selfishness.

However, thinking about it this way, he was even more puzzled about Yuan's existence.

"How much do you know about Yuan?"

Sun Shao shook his head: "About Lord Yuan, I just heard the rumors, and I have never seen the true face of the adult."

"There is a rumor in the entire Demon Abyss Underground Palace that Master Yuan is the \*\*\*\* of this world and that we are all created by him."

"From a barren to the complete world now, Master Yuan spread out his original power and taught us how to practice."

"Creator?" Chen Feng smiled coldly, and said in his heart: "That's right, as long as you find Yuan, you can find the origin of this world."

[Chapter 5795: Magic cloud!](#)

"Destroyed this world, the task of the Lord of Heaven, I can be regarded as completed."

Sun Shao didn't know what Chen Feng thought, and continued to lead the way.

After entering the depths of the palace, more and more monsters wandered the road.

Most of these monsters were eroded by the power of gods and demons, but they couldn't control this power perfectly and turned into ugly monsters.

They looked at Chen Feng repeatedly and whispered.

"This kid seems to be a raw face, and this breath has never appeared before."

"Or, eat him?"

"Don't act rashly. Looking at him like this, it is very likely that he has completely controlled the divine power, so that we have not been alienated. If we make a move, it is tantamount to seeking a dead end."

Chen Feng heard these words earnestly, but was very puzzled: "Sun Shao, why do they say that?"

Sun Shao smiled and said: "The adults don't know. In this city, only those who can perfectly control the power of the gods and demons will keep the original appearance."

"These people are also called lords. Once a new lord appears, they will have the opportunity to meet Lord Yuan and pursue a higher level of realm."

"I see."

Chen Feng already understands the laws of this world.

"My lord, we are here."

Sun Shao pointed to a restaurant in front of him: "This is one of the three lords, the territory of Lord Moyun."

"In this restaurant, there is a world of practice that can accommodate a thousand people, and Lord Demon Cloud is practicing there."

After listening, Chen Feng strode into the restaurant.

As soon as I entered, the guests who were talking about laughing and talking gradually turned their eyes on him.

"Outsider? What a strange breath."

"He hasn't been corroded by divine power. Could it be that he has power comparable to a lord?"

They lowered their voices and talked in a low voice, not daring to let Chen Feng hear them.

At this time, a beautiful woman in a red dress, swaying proudly, walked slowly.

"Yeah, where did this lord come from, but came to our Yusei restaurant for fun?"

Chen Feng looked at the woman carefully.

Although alienation has occurred, the alienation is just right.

Layers of scales cover the body, especially her face, which seems to be wearing a delicate mask, with this figure, adding a bit of beauty.

"I want to see Lord Demon Cloud."

After Chen Feng finished speaking, the whole restaurant was instantly quiet.

The woman's smile was a little embarrassing, but she still forced her smile to ask: "The lord is in retreat, forgive me for not seeing guests."

"Why don't you come back another day?"

I thought Chen Feng would leave lightly, but he just spit out four words lightly.

"Let him out."

"Asshole!"

A drunk monster came up against the crime, swayed, and pointed at Chen Feng angrily: "How dare you be disrespectful to the lord, it's really looking for death!"

"Since the lord is in retreat, let me teach you a newcomer for the lord!"

He shook his body and walked towards Chen Feng step by step.

With every step taken, the gods and demons aura accumulated in the body will become stronger and stronger, comparable to the seventh cave of the Shifang Dongtian realm.

Others didn't mean to block at all, instead they held the attitude of watching the show.

Since there were some early birds, they wanted to see if the newcomer in front of them really had the strength of a lord, or was he imaginary.

"grown ups..."

Sun Shao looked worried: "Why don't you go first, Liu Du is notorious for his violent temper, and his strength is not weak."

"He is still a general under Lord Demon Cloud, you can't move!"

I thought that Chen Feng was looking for the lord because he had something to do with the lord, but now it seems that he is overpowered and wants to challenge the lord's majesty.

But after all, Chen Feng gave him a lot of divine power as a reward, and he would never sit idly by.

Chen Feng was not difficult to guess his thoughts, and he was a little surprised.

It seems that there are not only wicked people in this world.

"Boy, go to hell!"

Liu Du opened his huge mouth, the majestic power of gods and demons condensed into a huge head similar to him, biting Chen Feng fiercely.

The expressions of everyone present changed drastically, and they hurriedly retreated.*noVeluS&.cOm*

Liu Du even used this trick, I'm afraid he really drank too much.

Once this trick is performed, I am afraid that not only the kid will die, but they will also be affected.

Roar!

In the roar, the tables and chairs shattered into slag, and the people who had no time to escape were all shocked and bleeding.

Biting his head towards Chen Feng, like a huge mouth in the abyss, it instantly swallowed Chen Feng's upper body.

However, the aggressive head suddenly stopped.

In the next moment, a powerful breath was released immediately, smashing the head.

Chen Feng squeezed Liu Du's head, and on top of his five fingers, the power of the gods and demons flowed and suppressed instantly.

From the avenue to the simplicity, only one palm is enough to smash Liu Du's bones and blood.

From the outside, Liu Du only had blood from the corner of his mouth and his breath was weakened.

But his body was shattered by this palm, soft as flesh, and was lifted by Chen Feng with one hand.

"Tell me, where is the lord?"

Chen Feng's tone was extremely cold, and he obviously didn't have much patience.

Feeling the killing intent, Liu Du felt fear in his heart, but his body was shattered and he didn't even have the qualification to tremble.

"I... I don't know."

Fearing that Chen Feng would not believe him, Liu Du hurriedly explained: "The lord retreats and has never explained where he is going."

"My lord, if you want to see the lord, you can...you can wait a few days."

Wait?

Chen Feng shook off Liu Du: "Today, I want to see him."

"If you can't see it, don't want your life."

Hey...

Liu Du's heart stopped beating at the same price, and then he beat more violently.

The fear of death continued to spread in his heart, even spreading to the entire crowd.

People who can cultivate to this level have grown step by step from the killing, and finally reached the level they are today.

To die is tantamount to years of hard work and waste.

The price is too great!

"Yes, I will go to the lord now."

Liu Du hurriedly agreed, urging his body's supernatural power, barely propped up his broken body, and staggered away.

The onlookers didn't dare to stay too much. Seeing that Chen Feng didn't intend to take action, he escaped from the restaurant one after another.

There is one person left, who is the female owner of the restaurant.

Chen Feng just glanced at it and walked slowly to sit at an empty table.

The woman's leg moved, but then put it back.

Ask him what to eat?

She dare not.

The man in front of him couldn't feel the breath, but he was far more oppressive than the lord brought her.

She didn't dare to move, not at all.

Time goes by quickly, but here is always brightly lit, and there is almost no concept of time.

A series of footsteps heard outside the door, awakening Chen Feng who was resting, and turning his head to look.

A naked, sturdy man, surrounded by a few people, walked into the restaurant.

"You are the first to dare to make trouble in the restaurant under my name."

The man looked at Chen Feng frivolously, without paying attention to him at all.

With such a weak breath, can Liu Du be scared like that?

As I said long ago, drinking mishaps deserves it.

"You are Lord Demon Cloud?"

Chen Feng looked at the man as he spoke. In his body, Chen Feng could feel an extremely pure power of gods and demons.

[Chapter 5796: In the middle of the world!](#)

This power is stronger and richer than the Sky Swallowing Devil Whale, and even carries a breath of law.

Lord Demon Cloud was also looking at Chen Feng, and the doubt in his heart continued to magnify.

"I'm curious, how did you get here."

"Look for me, what's the matter?"

Chen Feng said lightly: "I want you to help me meet Yuan."

"deep?"

Lord Demon Cloud froze for a moment, and suddenly reacted: "You want to see Lord Yuan?"

Contemptuous laughter sounded, Lord Demon Cloud spoke coldly: "You have some strength, but you are not worthy of seeing Master Yuan."

"Now, it's time to calculate the account of your wounding Liu Du."

To him, Liu Du was just one of his many subordinates, even if he died, it was nothing.

However, it depends on the owner to beat the dog.

He couldn't understand the arrogant boy in front of him.

Chen Feng sighed softly: "I will give you a chance."

boom!

The violent breath came, suppressing the audience.

Everyone was shocked by this breath, kneeling one after another, looking at Chen Feng in horror.

Even Lord Demon Cloud was bent down and raised his head in horror: "Your breath... this is impossible!"

Comparable to Master Yuan's breath!

Chen Feng raised his hand, the colored glaze sword box shattered into the void, slowly protruding out, and nine colored glaze long swords flew out and hung over the head of Lord Demon Cloud.

As long as a thought, the Nine Swords fall, Lord Demon Cloud will be buried here.

This is an absolute suppression, Lord Demon Cloud has no chance to resist at all.

"No, you can't kill me!"

Under the threat of death fear, Lord Demon Cloud has long lost his arrogant courage.

"If you want to see Master Yuan, you must get the approval of the three major lords and go to the Blood Abyss Palace together to open the door to the Blood Abyss Realm."

"Otherwise, even if you go through the entire world, you will never see Master Yuan."

Chen Feng was a little curious: "Why?"

"because..."

Lord Demon Cloud paused, and after a short struggle, he continued to say: "The place where Master Yuan is located does not belong to this world."

"No wonder."

Chen Feng suddenly understood, no wonder he didn't notice Yuan's breath.

It's a clever way.

"Okay, I will save your life."

Chen Feng put away the sword box, his breath dissipated, and the suppressed people gasped for breath, still lingering fear in his heart.

Lord Demon Cloud's chest kept rising and falling, and his eyes were full of alert when he looked at Chen Feng.

"Go tell the other two lords and let them help me enter the Blood Abyss Realm."

"After an hour, if you can't come back, I will find you and kill you."

Chen Feng glanced at Lord Demon Cloud.

With this look, the killing intent of tearing the world apart, fiercely poured into Lord Demon Cloud's mind.

Can't beat, can't escape, a dead end!

He must fulfill his request, he is only one step away from the realm above the Shifang Cave!

Never die here!

The strong desire to survive caused Lord Moyun to lower his head, and after a promise, hurriedly left.

He is very fast, swiftly walking through the splendid buildings.

Suddenly, he stopped.

"No, I must not be controlled by him. If Master Yuan knows that I brought him over, he will definitely kill me!"

Lord Demon Cloud clenched his fists, his body trembling constantly with anger.

Yuan's strength is infinitely close to the legendary god, even if Chen Feng is strong, he is definitely not an opponent of Master Yuan.

But how should the current situation be resolved?

"grown ups..."

A strange man next to him said: "This person's breath is not of my race, it seems to be an intruder."

"My lord alone, you are not his opponent. Why don't you summon the other two lords and take action together?"

"Even if this person is killed, the credit will be given to the other two lords, but there is no other way right now."

Lord Demon Cloud frowned, unable to make a decision.

He naturally thought of this method, the three of them work together to kill the outsider, and dedicated this person's power to Master Yuan, and he will surely receive a reward.

No matter how strong he is, the three of them attacked together, and the probability of killing Chen Feng was as high as 90%.

But, if the final success is...

This is a big bet, and everyone is happy if the bet is won.

If you lose the bet, you will lose your life!

If he changed to normal times, he would never have such troubles.

After some struggle, Lord Demon Cloud closed his eyes and took a deep breath.

When he opened his eyes again, there was no more entanglement, only killing intent.

"The three of them worked together to kill this kid!"

Lord Moyun immediately rushed to the residence of the other two Lords.

The Demon Abyss Underground Palace is very complicated, it almost occupies the entire trench and stretches for thousands of miles.

When the other two lords got the news, they immediately gathered with Lord Demon Cloud.

After waiting for a long time, Lord Demon Cloud finally waited for the other two.

"Moyun, what's the matter? Where is the intruder from?"

The two lords who came, a man and a woman, were the woman who spoke.

"Lingmei, you don't know anything..."

Mo Yun sighed: "The strength of this intruder is probably comparable to Master Yuan, and his target is Master Yuan."

"I can't deal with him alone, I must ask you two for help."

"Help? Is it good?"

The other lord smiled slyly, he was clearly Young Master Pian Pian, but there was a lazy breath all over his body.

Looks like a businessman, with only profit in his eyes.

"Xuekui, now is not the time to discuss business."

Mo Yun was a little irritable.

The three lords each hold one side and their power is overwhelming. It can be said that they are under one person and over tens of thousands.*nOveLUsB.com*

In normal times, the three lords did not meet at all, and ruled their own territory like an emperor.

The blood leader is the one who covets power and pleasure, and even his own laws are related to this.

Perceiving the change of the magic cloud, the smile on Xue Kui's face gradually faded.

"It seems that this person is very dangerous and must be eliminated."

Xuekui's tone was still lazy, but he was a little cold.

Anyone who threatens his status must never stay.

Lingmei asked: "Moyun, what do you want to do?"

Mo Yun will tell the matter of joining hands, the two lords have their own ideas, but both agreed to his request.

"Kill the foreign enemy first, and then talk about the division of rewards."

Xue Kui smiled, with a relaxed look.

It was not the first time he had done the killing of outsiders.

No matter how strong Chen Feng is, can he pass Master Yuan better?

As long as the three of them work together, even if it takes more effort than before, they can still be killed easily.

Mo Yun didn't say anything, and immediately hurried back to the restaurant with the two of them.

At this time, strange monsters gathered outside the restaurant, and the probe looked inside the restaurant.

Chen Feng sat indifferently, closed his eyes, not knowing whether he was practicing or resting.

Mo Yun led people into the restaurant: "My lord, the other two lords have brought it here."

Listening to him calling Chen Feng as an adult, the other two lords looked a bit contemptuous.

To them, Chen Feng is just a hairy boy, how can he be worthy of this title?

Chen Feng opened his eyes and looked at the two of them. The powerful aura of gods and demons in their bodies was enough to confirm their identities. "The time is just right."

#### [Chapter 5797: Blood Soul World!](#)

Standing up, walking to Mo Yun's side, he said again: "Take me to the entrance."

"Yes."

Mo Yun agreed, leading the way, and going deep into the trench under the eyes of many monsters.

As Chen Feng walked and watched, there were still many buildings in the trench, which were in dilapidated condition and looked like clouds and mud compared with the upper level.

Chaos, fighting, and fighting are always on the stage of greed.

The blood dyed the deep sea water red, with a pungent smell, and even more divine power, mixed in the sea water.

Even if he turned into a monster, he did not forget the greed in his heart when he was a human being.

It's sad.

Just as he sighed, the blood leader who fell at the end secretly transmitted the voice to Lingmei.

"Meier, I will be at the entrance of the Blood Abyss Realm soon, are everything ready?"

Lingmei gave him a white look: "I was ready, but you, that treasure has been sealed for many years, are you sure it can still be used?"

"Of course it works."

Xue Kui Xie Mei smiled and said: "With divine power as a guide, blood as a sacrifice, cast the star-destroying spear."

"Even the Star Territory can be easily destroyed, killing him a little brat is really overkill."

"Stop talking nonsense."

Lingmei's eyes were fierce: "If you dare to disturb Master Yuan's cultivation, you will die!"

The killing intent, there were subtle fluctuations, but disappeared in an instant, did not arouse Chen Feng's alert.

After waiting for the end, she can approach Master Yuan and become his woman.

The king of the future will eventually break the shackles of this world and reach a higher realm.

And she will leave this ghost place with Master Yuan as a princess.

This is the life she dreams of.

Speaking of which, I would also like to thank this ignorant intruder...

"ridiculous..."

Chen Feng sneered inwardly, but there was no expression on his face.

He felt the fluctuation just now.

It's no surprise, if these three lords are not ill-intentioned, he feels a bit boring.

After passing through the slum-like area, the deepest sea water is a scarlet color.

The huge vortex, like a huge galaxy, slowly rotates.

Such a vast scene, such a rich, depressing power in his heart gradually made Chen Feng vigilant.

"If this huge power can be refined, it will inevitably surpass the Shifang Dongtian realm."

"This Yuan is not simple."

The demon cloud at the forefront suddenly stopped, turned his head and said, "My lord, this is the only way to enter the Blood Abyss Realm, a sea of evil thoughts of blood."

"It's all the blood of the dead, mixed with evil thoughts, and possessing extremely large powers, which can mess up people's minds. Please be careful, adults."

That's how it was said, but Mo Yun was very clear that no matter how powerful a person, who bears such a huge evil thought, it will definitely be affected.

And they don't need to suppress the evil thoughts, they only need to integrate the evil thoughts into their bodies and burst out.

At that moment, you will gain power several times greater than yourself.

No matter how strong Chen Feng is, he is definitely not their opponent.

"etc."

Chen Feng spoke suddenly, and all three of them were shocked.

Could it be that he found the clue?

Chen Feng looked at Mo Yun: "According to the agreement, after the matter is done, I will save you for your life."

What?

The three lords looked dull, but laughed wildly in their hearts.

When you die, you think you have a chance to win?

Or, let you die of your own ignorance!

"Thank you, sir."

Mo Yun pretended to thank him, and continued to lead the way.

The moment I stepped into the sea of blood, pain, despair, anger...

All kinds of negative emotions poured into Chen Feng's mind, eroding his mind.

But Chen Feng was full-hearted and crushed and crushed the huge negative emotions.

Even if he has received some influence, it can be ignored.

But he was even more surprised that such a huge power gathered here, not to mention a ten-square cave sky peak, even ten could not withstand such a fat power.

What exactly is Yuan planning?

What is the shackles in their mouths?

The deeper, the more terrifying this force.

Chen Feng can still maintain his sense, but the three lords have reached their limit.

They could no longer suppress the thoughts deep in their hearts and burst out a strong killing intent.

Mo Yun suddenly turned around, with red eyes, and roared, "Chen Feng, die!"

The magical Qi of Tao Tao rolled up a sea of scarlet blood, set off a turbulent hurricane, and blasted towards Chen Feng.

The waves of blood are overwhelming, and the waves are hundreds of feet high.

As Moyun shot, the other two lords also attacked from different directions.

As the blood sea was approaching, Chen Feng just glanced coldly: "I can't help myself."

Taishang Yuqing's Nine Shou Zhen Jue worked, and his true energy wandered all over his body.

An astonishing aura swept away a hundred feet of blood around him, and the three of them were firmly suppressed by the momentum alone.

The Qingqiu Heavenly Sword fell into his hand, and an even more astonishing sword intent rose.

The endless blade light condensed, and fell suddenly with Chen Feng's knife.

"Too high to punish God!"

In the sea of stars, the three star souls roared wildly, curling up countless stars and pouring into the blade.

Cancan knife light shattered the sea of blood and slashed on the three of them.

With one knife, the corpse is separated!

"what?"

Even if the head is thrown away, the soul is still alive.

In the eyes of the three of them, there was all the fear of the opponent.

How could this man in front of him be so strong?

Chen Feng raised his hand again, and his true energy stirred the sea of blood and turned into a square cage, trapping the three people who were about to flee to death in it.

"Finally, give you a chance to take me into the blood soul world."

"Otherwise, die!"

This time, the three of them were extremely convinced that if Chen Feng really wanted to kill them, it would be easy.

"My lord, spare my life!"

Xuekui is a wise man, the most important thing is to beg for mercy: "I am willing to take adults to the blood soul world."

"We are willing too."

Chen Feng said coldly: "Lead the way."

After dispersing the enchantment, the souls of the three returned to their bodies, leading the way obediently.

With this lesson, the three dared not play tricks and led Chen Feng to the deepest part of the sea of blood.

The evil thoughts floating here are thicker, and even condensed into various weird monsters.

"Go away!"

Xue Kui slapped it out, shaking a nearby Gorefiend away.

The blood-red power that escaped, like a cloud, was swallowed by him, continuously enhancing the aura of the blood leader.

But Chen Feng frowned slightly and noticed a strange breath.

"The enhancement of the breath is only the appearance, and the power obtained by refining the mist is far inferior to the growth of the breath."

"If it is swallowed for a long time, the breath is empty, the combat power is weak, and there will even be a level of strength that is one level different from that of a warrior in the same realm."

He carefully felt the power in the sea of blood.

It was a unique breath, which seemed to have its own intelligence, wandering in the sea of blood.

They feed on the power of the sea of blood, fill themselves up, and enter the dormant period after entering the body.

Chen Feng could clearly feel the presence of that power in Xuekui's body, but he did not continue to swallow his power.

Therefore, this is intentional.

While he was thinking about it, several people took advantage of destroying the monsters while continuously absorbing the power of the sea of blood.

[Chapter 5798: Shifang Dongtian realm, the pinnacle!](#)

Chen Feng asked: "The power of this sea of blood is so strong, can those people outside really bear it?"

"My lord, you don't know anything."

Mo Yun honestly explained to him: "This sea of blood is opened twice a year, and the strong outside is allowed to enter."

"People who enter here can swallow the power in the sea of blood unscrupulously and strengthen their own cultivation."

"Furthermore, if someone reaches the pinnacle of the Shifang Dongtian realm, he can be selected by Master Yuan and brought into the depths of the blood abyss realm for personal guidance and retreat for thousands of years. What an honor?"

millennium?

Chen Feng asked again: "After those people came back, did they ever break through the fairyland of Lingxu?"

Xue Kui, who was busy devouring the power of the sea of blood, suddenly exclaimed: "It turns out that above the Ten Fangdong Heaven Realm, is the Spirit Void Fairyland?"

After hearing this, Mo Yun didn't need to answer, Chen Feng already had the answer in his heart.

These people have been there for a thousand years or even longer, but none of them have come back, otherwise they would not be ignorant of the existence of the Lingxu Land Wonderland.

They can only get in and can't get out, like a huge mouth in the abyss, swallowing them.

Yuan...what are you planning?

"Look, what is that?"

Lingmei's good-looking brows were squeezed into a word "Chuan", and Yu's finger pointed to the depths of the blood sea.

Several people looked around and were immediately attracted by a huge scarlet monster.

A giant soaked in a sea of blood, with dragons and snakes entwined on his body, swimming constantly, seems to be carrying the power in the sea of blood, dedicated to the giant's refining.

The exposed body is already a kilometer high and extremely huge.

As if feeling the presence of a few people, the giant slowly turned his head, revealing a hideous face made of blood clots.

"Someone is coming? What a delicious breath!"

The giant's pimple eyes, turning around, are completely composed of flesh and blood, without black eyes or white eyes.

Jiejie laughed strangely, the giant stood up, and the blood-colored giant python and the strange dragon snapped into the blood pool and churned back and forth.

The thick \*\*\*\* aura, accompanied by an astonishing breath, slowly rose up.

"Shifang Dongtian realm, the pinnacle!"

It was the first time that Chen Feng had encountered such a powerful enemy.

Whenever the giant walks, the majestic sea of blood will follow his steps.

It seems that he is the master of this sea of blood.

The Mo Yun trio had never seen such a terrifying monster, and they backed away again and again in fright.

The atmosphere of death gradually enveloped the three of them.

"Don't run, I'm still hungry!"

The giant smiled, revealing all kinds of spike-like blood clots in his teeth, and there was a disgusting breath.

At the same time, the sea of blood stirred and condensed into tens of thousands of dragons and snakes, which were tightly wrapped around the four of them.

"The Supreme God Demonizes the Dragon Technique!"

Chen Feng quietly operated his magical powers, and the blood of the gods and demons in his body burned wildly.

With the blessing of the melting pot of gods and demons, the powerful force is enough to easily tear the shackles.

However, he didn't do this, but wanted to see what the scarlet giant wanted to do.

Because in the body of this giant, he felt a trace of the soul breath that was homologous to the weird power in this sea of blood.

"Who is better to eat first?"

The giant's gaze swept over the four of them repeatedly, and finally stopped on Chen Feng's body.

"Your breath is very similar to that of an adult, let's eat you first!"

picture?

Chen Feng grasped the word and was puzzled.

But the giant didn't give him time to think, grabbed him in his hand, raised his head and threw it in his mouth.

Guru...

Chen Feng was swallowed into the giant's belly in this way, and the three of them stared wide.

Even though Chen Feng was arrogant and domineering, several people wanted to kill Chen Feng, but it was undeniable that Chen Feng was extremely strong.

Facing this weird giant, only Chen Feng could fight him.

But the three of them didn't expect Chen Feng to be eaten like this?

What a waste!

At this time, Chen Feng's eyes were blood red, and he had entered the belly of the monster.

The strong power of gods and demons instantly wrapped him into rice dumplings.

When it was completely dark in front of him, a white light suddenly lit up, which was quite dazzling.

When the white light dissipated, Chen Feng had already arrived in a sea of clouds.

The auspicious clouds are endless, like a big river rushing across the cheeks with the wind.

"What a real illusion."

Just as Chen Feng exclaimed, the sea of clouds rose and gradually condensed into a human form.

At the moment when the person Yunhai transformed completely revealed his true face, he said excitedly: "I finally waited for you."

"wait for me?"

Chen Feng stared at the figure in front of him. This breath was strange but familiar.

"who are you?"

"I?"

The figure continued to condense, turning into a young man dressed in red, with a curly skin.

A joking smile appeared at the corner of his mouth: "My name is Yuan. I am the master of this small world."

"Isn't it me that you tried so hard to find? Now that I stand in front of you and kill me, I will be able to ruin the world and complete the task given to you by the Lord of Heaven."

"you..."

Chen Feng's expression instantly changed.

Why would he know the rule of heaven?

"Why, surprised?"

Yuan always smiled jokingly, showing a bit of self-deprecation: "It's just a \*\*\*\* used by others, you can do whatever you want."

"It's better to follow me, break the limits of the world, help me break through the fairyland of the virtual world, and be the ruler of the other side's heaven!"

Chen Feng frowned, staring at Yuan coldly, and the doubts in his heart blew out.

"What exactly do you know?"

Yuan smiled again: "surrender to me, I will tell you everything."

"Otherwise, I will kill you, devour your power, and help me break through the fairyland of the virtual world!"

Chen Feng snorted: "I won't surrender, and you can't kill me."

"Since you don't want to say it, then defeat you first, draw your soul, and you will know it."

"ridiculous."

The smile on Yuan's face gradually receded, and \*\*\*\* steam continued to rise from his body.

A hot breath continued to spread and climb from Yuan.

The hot blood energy enough to melt the steel diamonds filled the entire blood-colored giant, like a huge melting pot.

Chen Feng's face changed slightly, and he said in his heart: "This Yuan actually wants to refine me here?"

Haohao Zhenyuan rushed forward and merged into the Qingqiu Heavenly Sword that emerged in his hand.

The blade groaned softly, and the brilliance flowed, becoming brighter and brighter.

The intent of the sword on Chen Feng's body rose to the apex in an instant, and was cut down with a single blow.

"Too high to punish God!"

The horse trained the sword to fly and shoot, and the dazzling sacred light instantly cut away the \*\*\*\* steam, came through the waves, and slashed at Yuan's throat fiercely.

Go straight to the point!

Click!

A slight cracking sound came into Chen Feng's ears, causing him to frown deeply.

Just now, the light of the knife was still there, but it got stuck in Yuan's throat, making it difficult to make an inch.

The blood-colored steam condensed into a barrier, blocking the blade's light, and then countless fine cracks appeared, shaking to pieces.

"Your strength is stronger than I thought."

After a compliment, Yuan raised his hand to pinch the blade of light in his throat.

Force, crush!

Immediately afterwards, Yuan slammed his palm, and the \*\*\*\* mist condensed the three giant snakes, attacking Chen Feng from a tricky angle.

From the avenue to the simplicity, the essence is the reality. These three giant snakes have reached the level of entity, containing the laws of heaven and earth.

[Chapter 5799: He sealed you!](#)

Chen Feng furrowed his brows, shaking his knife up, and slashed again.

Supreme punishes the gods to cut the profound meaning, the infinite destroying the world sword!

The blade of horses flew out, compressed and condensed continuously, as slender as hair.

The horror-looking knife in it turned into a tiny electric arc, wherever it went, even the space was chopped out of cracks and black light.

"Extreme mood?"

Yuan's face has always been indifferent, with a look of surprise.

The three giant snakes hit the blade light and shattered into ashes in an instant.

The sword light drew across, Yuan did not resist, and dodged sideways.

puff!

The knife was inserted into the meat, as if cutting tofu, instantly cutting the blood-colored giant's body into a gap.

From the position of the gap, white cracks continued to spread, all over the giant's body.

The next moment, the sword intent broke out.

The blood-colored giant's body exploded, the rain and blood were falling, and the flesh was flying.

Chen Feng and Yuan rushed into the body of the blood-colored giant at the same time, and stood facing each other at a distance of 100 meters.

"He came out?"

Xuekui exclaimed, his face flushed.

He had just thought of Chen Feng being killed, like a waste, but now he cut through the giant's body and got out of trouble.

Moreover, the figure in front of it is very familiar.

That is the master of this world, Yuan!

How can he fight Yuan?

Many doubts and shocks filled the hearts of the three lords.

Ling Mei reacted the fastest, kneeling and kowtow: "My lord, I will wait for the strength to be insufficient before this culprit breaks in here."

"My lord, please forgive me!"

The other two followed and kowtowed their heads begging for mercy.

Yuan Leng coldly glanced at the three of them, with a cold tone: "Useless chess pieces should be discarded."

In the palm of his hand, the blood gas turned into a whirlpool, constantly devouring the power of the three.

"No!"

The three struggled desperately, but under the suppression of absolute strength, there was no chance of resistance at all.

But in the blink of an eye, the three of them turned into three radiances, swallowed by the \*\*\*\* vortex.

The aura on Yuan's body continued to rise, although it was the peak of the Shifang Dongtian realm, it had already surpassed this limit.

Even the people of Lingxu Land Wonderland are not Yuan's opponents.

Chen Feng frowned: "Yuan, what are you planning?"

"Also, what is the relationship between you and the Lord of Heaven?"

Yuan Zhuan looked at Chen Feng and sneered: "You are the dog next to heaven dominates. You are working for him in exchange for the chance to survive."

"But, I am different from you, even if he seals me here, in these ten thousand years, I have found a way to break through the restrictions!"

"As long as I go out, I can continue to swallow these scattered worlds, continue to grow stronger, and finally, kill the Lord of Heaven!"

Chen Feng was taken aback, never expected Yuan to have such ambitions.

"The one who sealed you here is the Lord of Heaven?"

"Exactly!"

In Yuan's eyes, anger gradually rose: "What a shit, it's just an evil demon that devours thousands of lives!"

"I will kill you first, absorb your power, and after breaking the prohibition, I will kill him!"

As soon as the voice fell, Yuan shot again.

The endless sea of blood surged, turning up huge waves, condensing the power of heaven and earth, and turning into a blood-colored hydra.

The huge body is 1000 meters high, with scaly scales and long horns on its head.

This is no longer a snake, but has evolved into a dragon, possessing dragon power.

Several heads roared to the sky, and weird dragons roared out.

Under the endless pressure, Chen Feng was instantly suppressed, and even the world was constantly trembling.

The power has reached the carrying limit of the world, and if it continues to increase, it can even break the shackles of this world.

Chen Feng's face was extremely solemn, and the power of the gods and demons in his body was whizzing, tumbling, and burning!

The enemy in front of you is too powerful and must go all out!

"The Supreme God Demonizes Dragon Technique!"

The great furnace of the gods and demons in the body burst and burned, and the six tripod feet shone brightly.

A steady stream of power was sent to every corner of Chen Feng's body, and then circulated the Taishang Yuqing Nine Shouzen Art.

In the sea of stars, the brilliant galaxy flashed, mixing with the power of the gods and demons.

A powerful breath rose slowly, colliding with the coercion of the Scarlet Hydra.

"Buddha's angry eyes, lion roaring power!"

Chen Feng yelled and waved, two giant bronze beasts pounced behind themselves.

Suddenly, the ancient Buddha jumped out from behind in a mad lion, the huge phantom shook the sky regrettably, and stretched out his hand to the bronze behemoth.

The wild lion and the hydra roared relatively wildly and collided.

Boom!

At this moment, the sea of blood is shaking, and the world is shattered!

A powerful force far surpassing this world, shattered a corner of the world.

The endless turbulence of the void, frantically stirred the sea of blood, and swallowed the power of this world.

And inside this shattered void, there is an even more powerful Dao power emerging.

Yuan excitedly roared: "Sure enough, breaking this world will allow me to break through to a higher realm!"

"Chen Feng, thanks to you!"

Chen Feng's eyes were fierce, and a little anger flashed.

Unexpectedly, this Yuan was actually used as a \*\*\*\* to break the world's restrictions.

Yi Yuan's current strength, once he breaks this world, he will be promoted to the Lingxu realm fairyland.

Judging from years of suppression, the power he has accumulated must be extremely powerful.

After he breaks through, Chen Feng will undoubtedly die!

At this time, the mad lion and the Hydra were fighting together, and every time they collided, part of the void would be shattered.

As more and more outside Dao poured in, Yuan's breath continued to increase.

"Finally... we can break through!"

Yuan laughed wildly, the blood brilliance on his body became deeper and deeper.

Boom!

Thunder out of thin air, deafening.

Chen Feng suddenly raised his head and saw a \*\*\*\* thundercloud suddenly gathering above the endless sea of blood.

The red and \*\*\*\* thunder constantly tossed and rolled, like dragons wandering in the clouds.

"Xianjie, the difficulty of weeping blood!"

Powerful Thunder Tribulation that can easily kill Lingxu Earth Wonderland Second Layer!

Chen Feng's fist clenched, and he secretly said in his heart: "It seems that I still underestimated this Yuan, it can attract such immortal calamity."

"Once I let him break through, I have no chance of winning, and I must find a way to stop it!"

In a short time, thousands of thoughts flashed through.

Suddenly, Chen Feng thought of a way.

"Lei Jie, can help me!"

With a fierce look in his eyes, he retracted his body's strength, and the mad lion that was fighting and colliding with the Hydra turned into a spot of light and dispersed.

Hydra rushed into the air and froze in place, just like his master.

"what are you doing?"

Yuan was quite puzzled.

Chen Feng's strength is enough to counteract the unbreakable self.

But he suddenly put away his strength, what does this mean?

Is it to give up resistance?

Chen Feng sneered: "Yuan, you said, use my power to break this world, right?"

"If I can only defend but not attack, how can you borrow my hand to shatter the void and continue to break through?"

"what?"

Yuan was shocked. Seeing that the surrounding void cracks continued to heal, the powerful restraining force once again sealed off the entire world.

"No!"

Yuan roared angrily: "Chen Feng, you \*\*\*\* it!" The blood-colored Hydra roared again, and the huge body rushed towards Chen Feng like a mountain.

Chen Feng used the Supreme God's Demonized Dragon Art with all his strength, pulling the power of the surrounding blood sea, forming a \*\*\*\* cocoon.

Within the body, the great furnace of gods and demons was burning with violent power.

On the cocoon, the streamer turned, shining like jade.

The Hydra kept attacking, and the nine heads hit the cocoon, but only small cracks were knocked out.

"Chen Feng, come out for me!"

Yuan roared frantically like a madman, constantly manipulating the scarlet hydra to hit the cocoon.

However, the cocoon was knocked out of a crack, but it absorbed the power of the surrounding blood sea and continued to repair it.

The cracks in the square space have all healed.

The power of the influx of Tao is simply not enough to break through to the next level.

And above the head, the rolling thunder and the robbery surging, has accumulated enough power to kill the second layer of Lingxu and Wonderland.

Boom!

In an instant, a thunder pierced the sky, and fell on Yuan's head severely.

"what!"

Yuan let out a scream, and his complete body was constantly shattered under the ravages of thunder.

He immediately mobilized the power of the sea of blood, and even dispersed the Hydra, fighting the thunder robbery with all his strength.

The endless \*\*\*\* waves crashed into the \*\*\*\* thunder falling in the sky, and the roar resounded throughout the world.

The mighty power tore the void again.

When Yuan saw hope, Chen Feng emerged from the cocoon, standing proudly above the void.

"Without the power of the outside world, you can't break through, right?"

Yuan guessed something and roared: "Chen Feng, do you dare!"

"Of course I dare!"

Chen Feng's eyes were cold, and the spirit of the gods and demons in his body swelled, shaking the entire space.

Reinforcing and repairing the broken places, taking the body as the world, gives this world a more powerful force.

All the void cracks healed, and the world was closed again.

The thunder roars and falls one after another, setting off turbulent waves in the blood-colored ocean.

Yuan's body was constantly being devastated and shattered by thunder robbery, approaching the brink of collapse.

With the power of Thunder Tribulation, this was Chen Feng's plan to destroy Killing Yuan.

"Chen Feng, you \*\*\*\* it!"

Yuan's roar sounded in the endless thunder: "No thought of blood essence, burn your body and anger and blood!"

"Wake me up!"

A group of translucent blood-colored flames rose from Yuan's body.

The weird power penetrated the space and passed into a mysterious place.

In a secret room, the blood-clothed figure cultivating with closed eyes suddenly opened his eyes.

boom!

The infinite aura crushed the world, separated thousands of miles, breaking a void in the gap.

As soon as the breath was released, Chen Feng's body exploded, his bones shattered, and his muscles and muscles damaged.

"Compared to the triple power of Lingxu Earth Wonderland!"

In the severe pain, Chen Feng suddenly felt shocked.

The abyss in front of him is not his body, but a clone!

The clone is so powerful, what kind of terrifying existence will the main body be?

At this moment, a huge blood-colored hand came out of the huge gap in the void, went straight into Thunder, and held Yuan in his palm.

Then, pulled into the void and disappeared.

"Chen Feng, stay here."

The indifferent words floated out, but aroused an endless sea of blood.

A wave of blood rose from all directions and surrounded Chen Feng, transforming it into a huge cage in the blink of an eye.

Chen Feng slashed out, the sword intent bloomed, but he sank into the sea of blood, sinking the stone into the sea.

The power gap is too big.

Chen Feng's heart beats wildly, and he secretly said in his heart: "This Yuan's strength has far surpassed me."

"This battle, shaking the void, will inevitably attract the attention of the Lord of Heaven, and will also speed up the speed of Yuan's refining clone."

"When he comes out of the mountain, if I can't leave here, I will definitely die!"

The task of destroying the world has deviated from the originally planned trajectory.

The enemy is too strong, and Chen Feng is definitely not able to resist it.

Right now, you still have to break free from this prison before you have the opportunity to ask the Lord of Heaven for help.

only...

Chen Feng sighed long, remembering what Yuan had said before.

Is the rule of heaven really credible?

After a moment of silence, Chen Feng sat down cross-legged, running the blood of the gods and demons in his body.

The great furnace of the gods and demons burned again, and the six feet of the tripod lit up with brilliance.

With his body as the center, a vortex is formed, constantly pulling the power in the surrounding blood sea.

The power of the gods and demons here, although mottled, is extremely pure.

If you can make a breakthrough, even if you are not an opponent of Yuan's body, you can still have the ability to protect yourself.

The rest is left to the Lord of Heaven.

Chen Feng slowly closed his eyes and tried his best to refine the power of the surrounding blood sea.

The blood enters the body, bringing a strong power of gods and demons, and also brings various negative emotions.

"Kill! The only way to become stronger is to step on the tired bones!"

"All warriors in the world are Gu, and only the strongest one can survive to the end."

"Collect the power of thousands of creatures, break the limits of heaven and earth, and become immortal!"

Different voices echoed in Chen Feng's mind.

He suddenly understood what Yuan said.

"Heaven and Earth, it's just a Gu field, and I'm all a Gu in the field."

"Fighting, fighting, devouring, getting stronger, and finally swallowing stronger."

Chen Feng's frowning brow gradually stretched out.

Even if it is regarded as Gu, what?

Yuan plans for thousands of years, and there will be a day to break the game, and I, Chen Feng, don't need thousands of years!

Will be unyielding, arrogant, and enjoy the world!

Proud \*\*\*\* and devil bone, congeal!

The great flood furnace of gods and demons kept roaring, and the power of the gods and demons gathered in the body was poured into the spine.

With the power of the gods and demons, pour the bones and condense the bones of the proud gods and demons.

Turn your body into the carrier of the Gods and Demons Great Furnace, and whenever you activate the power of the Gods and Demons, your own power will multiply.

The turbulent sea of blood next to him was constantly being swallowed and refined by Chen Feng, and merged into the spine.

Of the twenty-six bones, three have been dyed dark red, full of strong power of gods and demons.

The power diffused from the spine instantly filled all corners of the body.

"The Supreme God Demonizes Dragon Technique!"

Chen Feng roared, the mighty power of gods and demons running in his body, roaring. **NovelUsB.COM**

Invincible belief and brave heart, at this moment, all appear!

The power of the proud gods and devil bones constantly resonated with the great flood furnace of gods and devil in the body.

The whole body of blood turned into a huge whirlpool, which was funnel-shaped from top to bottom, poured into Chen Feng's body like a whale swallowing.

The seventh tripod foot, faintly condensed into a rudimentary form, with the strong power of the gods and demons constantly filling, becoming more and more solid.

"Blood Sea Prison, break it for me!"

The moment Chen Feng opened his eyes, the light was released, and he shouted like thunder.

The boundless sea of blood set off a wave of blood, and as he waved his big hand, it melted into his body.

The seventh tripod foot is completely formed!

A steady stream of power travels all over the body and feels refreshed.

Standing alone in the endless void, Chen Feng looked around, but did not find Yuan's breath.

After the sea of blood was refined, it became a barren void, without creatures, or even divine power.

Yuan, where is it?

Suddenly, the laws of heaven and earth surging, and above the endless starry sky, the sound of the Ming and Ming Dao came out.

"I am the Yuan, the ruler of heaven and earth!" "Chen Feng, an outsider, trespassed into the forbidden land of the blood sea, swallowing the entire blood sea with sorcery, and disrupted the order of my heaven and earth."
