

Peerless 581

[Chapter 581: Inland, molding!](#)

And at this moment, after the pill was broken, three air currents poured into his body, one was extremely cool, one was relatively normal, and the other was extremely heavy.

It made Chen Feng feel that his meridians and stomach were going to be directly crushed by him.

Chen Feng felt that his body was suddenly divided into three parts, one part was normal, the other part seemed to fly away, and the last part was desperately downward, as if to crush himself into flesh.

This feeling made Chen Feng extremely uncomfortable, and he couldn't help but wow, and a mouthful of blood came out.

But this uncomfortable feeling did not end, but it got worse.

Chen Feng felt that the extremely heavy airflow made his body completely unbearable, and this airflow seemed to be looking for the Tianbi Divine Orifice.

However, he did not follow the common sense and did not take the meridians at all. Instead, he walked through Chen Feng's body forcibly, penetrating directly from one meridian to another, and smashed a new meridian in Chen Feng's body. .

Chen Feng felt pain in every cell of his body, as if his body was being torn apart, but fortunately, the pain came and went quickly, and soon he found it in a heavy air current. Tianbi Shenqiao.

Chen Feng discovered that the Tianbi divine orifice was about one-third larger than the three divine orifices he had opened in the past.

Chen Feng immediately realized that this divine orifice was indeed different from the previous ones and was extraordinary, but after this breakthrough, he should have gained a lot.

The impurities in the Tianbi Divine Aperture are all kinds of colorful gases.

These colorful gases, as soon as they saw the extremely heavy air entering the Tiannose Divine Orifice, they immediately rushed everywhere, obviously extremely frightened.

It seems that this extremely heavy gas is like the king among them, but the extremely heavy gas did not intend to let them go, but chased it up and swallowed all the colorful gas.

After the devouring, he also grew a circle larger than before and became a lot thicker, and then he circled in the Tiannose Divine Aperture, as if he was patrolling his own territory.

Then Chen Feng discovered at this moment that the intense pain had disappeared, and the extremely heavy airflow only hovered in the Tiannose Divine Orifice, and no longer went to other places.

And just when the extremely heavy airflow was attacking the Tianbi divine orifice, the cool airflow and the light and not heavy airflow entered the other three divine orifices that had been opened.

The eyes of the sky, the mouth of the sky, the ears of the sky, and the three divine orifices lit up in sequence.

Then the Tianbi Divine Aperture also shined brightly, and then, these three airflows passed through Chen Feng's four divine orifices at an extremely fast speed, connecting the four divine orifices into one.

Chen Feng looked inside, and saw that these four divine orifices shone like the four brightest stars in the night sky.

Between the four, there is also a very bright route!

Next, the three air currents merged into one, turning into a pure, extremely mellow air current, which began to surging through these four divine orifices, forming a cycle.

In Chen Feng's body, the light shines brightly, extremely bright!

Chen Feng immediately felt the changes in his body. He felt that his body was extremely refreshed, and the impurities in his body had been drained out.

This time, not only the impurities in the body, but also the blood that is surging in the body, the impurities are also spraying out.

And his Gang Qi no longer only circulates in a single meridian, such as the Foot Taiyin Lung Meridian, but these four meridians are all connected together, the four meridians he has opened are connected together, and the Gang Qi is in Circulate among these four meridians.

The four meridians have four connected nodes, and these nodes are the four divine orifices.

Chen Feng seems to have formed a small circle in his body!

With the existence of this small cycle, the qi in his body is endless, and he is constantly regenerating.

Then Chen Feng felt a buzz in his mind, and the whole world seemed to be different. He felt that the amount of qi in his body had increased by at least 50%.

And it becomes more pure, and at the same time it produces faster, so that your lasting combat power is once again enhanced!

A smile appeared at the corner of Chen Feng's mouth, the twelve-story building in the gods, the three-level realm, and the first four-story building!

"Now I have opened the Tianbi Divine Aperture and entered the fifth floor, and at the same time I have entered the second largest realm."

"The four divine orifices of eyes, ears, nose, and mouth have been opened, forming an internal circulation in my body. This is called opening the inner world!"

But it was just opening, and the inner world in Chen Feng's body was only just a small realm.

However, this also greatly improved his combat effectiveness!

Chen Feng suddenly opened his eyes and stood up, with a smile on the corner of his mouth. He felt that the qi in his body was very full.

And most importantly, now there is a steady stream, endlessly!

"Now I have stepped into the fifth floor of the Divine Sect Realm, and I have made a great progress compared to the previous strength. At this time, if I use the Dragon Battle of the Dacheng Realm in the wild, I can make ten punches!"

"And most importantly, the recovery speed of Gang Qi has been greatly improved. After ten punches, the recovered Gang Qi is enough to make another punch!"

When Chen Feng walked out of the cave, facing the surging lake and the high cliffs on the opposite bank, he suddenly felt something in his heart.

[Chapter 582: Broken soul cross cut!](#)

The profound meaning of Desperate Three Swords flashed in my mind.

This was originally imprinted in his heart, and it was naturally profound at this time.

Chen Feng was standing there, holding the Ziyue Knife, and gently rubbing his hand on the handle, his face calm and thoughtful.

He was comprehending the sudden arrival of the mysterious sword intent!

At the moment of breaking through to the fifth building, Chen Feng had a deeper understanding of the meaning of the sword, which was an inexplicable feeling.

Suddenly I got up, my heart surged, and then I began to comprehend it naturally!

Chen Feng just stood still, motionless.

Half an hour passed, an hour passed, and soon, the setting sun went down, and the last rays of the sun spilled into the deep valley.

A ray of light fell on Chen Feng, as if opening a window. At this moment, Chen Feng moved.

His figure suddenly jumped into the air, and the speed reached the extreme, as if teleporting in the air, and then the purple moon knife in his hand was suddenly unsheathed, slashing from left to right, and then swiftly from top to bottom. , A vertical cut.

Cut out with two knives and draw a cross in the air. This cross is extremely bright and radiant, and it is the size of a wall.

Then this huge cross pattern with a radius of four or five meters, flew out and hit the stone wall in front of Chen Feng heavily.

However, this mighty offensive, after bombarding the cliff, there was no movement, like a mud cow entering the sea.

In the next instant, after about a breathing time, the entire cliff exploded with a loud explosion, bursting from the inside to the outside.

This piece of tens of meters high cliff collapsed!

Chen Feng looked up to the sky and roared, he was extremely happy, and the second move of the Three Swords of Extinction, Soul Breaking Cross Slash, formally practiced!

This move is very compatible with Hunyuan Yi Qigong, and the two are extremely compatible.

Desperate knife, cut out with a single knife, cut off life, there is no one else, it is extremely tragic!

And Broken Soul Cross Slash is extremely penetrating! After being cut out, the enemy looked safe and sound, but the internal organs had already begun to swell and exploded!

Then Chen Feng suddenly felt something and looked west.

His brows frowned, and a cold color flashed in his eyes.

"It's really lingering, and it's catching up again."

The corner of Chen Feng's mouth was slightly hooked with a smile, and he muttered to himself: "This time I broke through the fifth floor of the Divine Sect Realm, and I have practiced Soul Breaking Cross Slash, which can already cause you harm."

"If my previous attack could only cause minor injuries to you even if I tried my best, now I have the means to cause serious injuries to you. Wait, the rabbits will bite people if they are anxious!"

"Not to mention me, I am a bloodthirsty wolf, not a rabbit!"

Chen Feng quickly turned and left, about half an hour later, a gray light and shadow flashed.

Sun Haoguang came here, he turned around here, and then there was a hint of thinking in his eyes.

"This little bastard, it hasn't been long since he left here. Although his strength is low, he can run. I have chased me for three days! Little bastard, you wait for me. After catching up, I must let You are tortured!"

He looked a little embarrassed now, his appearance was quite messy, and there were even some scars on the surface of his body.

He has been busy chasing and killing Chen Feng these days and has no time to heal his injuries.

But this little injury was not in his eyes. He felt that even if he was injured ten times more than this, he could easily kill Chen Feng!

In the depths of the Aomori Mountains, among the dense forests, a group of people are walking through it at this time.

There are about twenty of these people, and they are basically between 20 and 40 years old.

Basically, she didn't wear much clothes, she was wearing animal skins, etc., and her waist was surrounded by a straw rope or ivy.

They have naked and muscular upper bodies, and basically everyone has layers of scars on their bodies. They are basically about two meters tall, and their hair is red or yellow, full of exotic atmosphere.

And each of them is basically fixed with a bamboo basket with green vines, and they also carry a small hoe.

If there are more knowledgeable merchants around the Aomori Mountains, you can recognize them as the barbarians in the Aomori Mountains, also known as mountain people.

Among these mountain people, there was still a rather special person walking.

He is also about 1.8 meters tall, he is tall among ordinary people, slender and strong, but compared to these mountain people, he is very thin.

He also wore an animal skin, but he didn't show his upper body. He wore a dirty green robe inside, and then was covered with an animal skin. But if you don't look closely, you can't see him and these mountain people. The difference.

He walked slowly towards the back of the team, seemingly injured.

At this time, a sturdy young man in the team turned his head and shouted at him impatiently:

"You **** go faster, you're a trash, you slowed down our entire team! You know?"

The other boy also turned his head and looked at the thin young man at the end with disgust, and said in agreement:

"The bull is right. Our team has taken you in for you to eat and wear. We are also ready to take you to the tribe so that you can survive in the Aomori Mountains!"

[Chapter 583: You trash](#)

"But you are not satisfied at all, and don't know how to repay your favor. Instead, you slowly harp, dragging down our journey. Tonight, if you can't go back to the tribe and camp out in the Aomori Mountains, you know how fierce you will be. Monster beast?"

At this time, a middle-aged man in his thirties walked directly to the thin young man at the end, looked down at him, looked cold, and said:

"If you continue to be so slow, we can only throw you here. You trash, you are not even a warrior, and your strength is so low. In the Aomori Mountains, you can directly kill you when you encounter a monster. Drop!"

The thin young man gave them a few faint glances. Before speaking, the stout young man called the bull suddenly walked up to him.

Then, he threw the huge bamboo basket that was almost one meter high and the **** in his hand on his back, and said in a cold voice:

"Trash, take it, you can't make any contribution to the team at all, just eat rice, get more things, let me relax, and then I can fight when I encounter a monster beast!" *novelusb.com*

"That's right!" The young man who spoke just now seemed to be mainly bullish, and immediately echoed:

"Brother Manniu, but he is already an acquired five-level warrior, very powerful, who is like you, a waste? You are a dry food! A waste like you should do such heavy work."

With that, he walked up to the thin young man and threw the medicine Louzi and the **** in his hand to him.

Their bamboo baskets are filled with all kinds of plant rhizomes, you even have the corpses of some small beasts, and so on, each weighing hundreds of catties.

If it were an ordinary human teenager, he simply couldn't bear such a heavy weight.

And the middle-aged man also walked up to the thin young man, looked at him jokingly, and threw his bamboo basket and **** to him!

He jokingly said: "Trash, come on, there is not much more, take mine as well."

Adding up these few bamboo baskets, plus the contents, it weighs at least four to five hundred catties.

At this time, the thin young man slowly raised his head, his expressionless face, it was Chen Feng.

He did not speak, but slowly lowered his head, preparing to hold all these bamboo baskets in his hands.

The sturdy young man Niu watched his movements, puckered, spitting out a thick sputum on the ground, and said with disdain: "You are still not a man, you are simply useless, you don't even dare to say a word!"

"I still hope you will resist me for a few words, and then take this opportunity to clean up you severely?"

With that, several people laughed around Chen Feng!

Murder flashed in Chen Feng's eyes, but he didn't say anything.

He came across these mountain people on the seventh day after entering the Qingcheng Mountains. At that time, he did not show his strength.

The highest status among these mountain people is only the Sixth Layer of the acquired cultivation base. He can't see his cultivation base at all. When Chen Feng did not show his strength, he thought he was a human with no cultivation base, or even a warrior. juvenile.

In fact, they said it was nice to say that they were taking in Chen Feng, but in fact they treated Chen Feng as a slave.

After meeting them, Chen Feng suddenly had an idea to implement his plan under the cover of them.

At this time, the girl next to her couldn't stand it anymore. She was also a mountain citizen. Although she was a woman, she was still half a head taller than Chen Feng. She was slender and tall, very toned, and very delicate in appearance.

Other mountain names sometimes look at her with eagerness.

She walked up to Chen Feng, looked at the men, and said angrily: "You men are too much. Chen Feng is not our slave. Why do you let him do this?"

"He is not even a martial artist, and he can't carry hundreds of catties at all. It is already very difficult to carry his own. You have to bully him!"

Man Niu looked at this girl with a look of greed flashing in his eyes, and said with a sneer: "Who says he is not our slave, he is our slave. In the future in the tribe, not only him, even his future descendants , Will all be slaves!"

"Ah! Nothing..."

He patted his face lightly: "I said something wrong, just like him, who is as thin as a chick, which woman will marry him?"

He said that there was another joking laughter, and then he shouted to the girl: "Qiqige, you get out of the way and leave us alone!"

The girl named Qiqige flushed with anger, stood in front of Chen Feng, and said angrily: "With me, you can't bully him!"

"Huh?" Seeing him defending Chen Feng in this way, Man Niu flashed jealousy in his eyes. He glanced at her up and down, and said in a weird manner: "Qiqige, you don't like this little white face, right?"

"Tell you, this little white face is inadequate at first glance. It's not as tall as you are. If you really marry him in the future, you might have to wait on him every day. And seeing his thin appearance, I'm afraid of being in bed. , Hehe..."

He didn't say the following, but the meaning was already obvious, and then he smashed his strong chest again.

Hehe smiled and said: "Which is like us, Qiqige, do you want to try my great?"

[Chapter 584: Sun Haoguang, here comes!](#)

Qiqige flushed with anger at his nasty words and trembled all over.

She is also a very pungent woman. She took out a machete from her bamboo basket and pointed it at Man Niu. She said in a cold voice, "Man Niu, what **** are you doing? Believe it or not, I slashed you?"

Seeing her posture, Man Niu didn't dare to talk nonsense.

Qiqige is a very aggressive woman, with a hot personality, and her strength is not weak. She has reached the acquired four levels, and is considered to be the best among their younger generation, comparable to that of a bull.

The bull dare not really anger him!

Man Niu gave Chen Feng a deep look, and said coldly, "Little **** is lucky, and Qiqige will protect you."

As he said, another thick sputum was spit on the ground. He didn't know if it was intentional. The thick sputum directly wiped Chen Feng's body and flew over, almost hitting Chen Feng's face.

Then he turned around and left a sentence very disdainfully: "I only know that the trash hiding behind the woman, you are still not a man, I think you don't even have eggs!"

With that, he walked back to the crowd, he didn't know what he said, all those people burst into a frantic laughter, and then looked at Chen Feng pointing and pointing with a disdain on his face.

Qiqige glanced at Chen Feng, a hint of curiosity flashed in her eyes.

Since their team accepted Chen Feng yesterday, she has been very curious about Chen Feng and came to talk to her from time to time. This is one reason why Man Niu targeted Chen Feng so much.

He feels very jealous of this. Everyone in the younger generation knows that Man Niu regards Qiqige as his own pocket and does not allow others to get involved!

Chen Feng looked at her and smiled faintly: "Qiqige, thank you very much."

Qiqige waved her hand, and said boldly: "Don't thank you, these people are too much!"

Then she looked at Chen Feng again and said, "Chen Feng, can you tell me more about things outside of the mountain? I am very curious about the mountain, and I want to listen to you."

Chen Feng nodded: "Okay."

Seeing Qiqige leaning in front of Chen Feng, the two seemed to be talking very closely, a thick color of envy flashed in Man Niu's eyes, and a hint of cold killing intent appeared on his face.

In the evening, a group of people walked to a mountain stream to rest.

The leader shouted loudly, in half an hour, we will be able to return to the tribe, and rest here first.

At this time, Man Niu suddenly turned around and screamed at Chen Feng: "Chen Feng, you trash, do you want to waste our food? Hurry up and fight a few beasts back, or you will not be allowed to live in the tribe today. Let you sleep outside and be eaten by wild animals!"

When he said this, several people immediately agreed, and even Qiqige couldn't stop it.

Because the men in the tribe must contribute to the survival of the tribe, otherwise, they are not allowed to stay in the tribe at all!

The life in the mountains is extremely cruel and lack of materials. Every bite of food is a life-threatening fight, and no waste is raised.

Chen Feng did not say a word, turned around dully into the forest, and after a while, he walked out with two small beasts in his hands.

Seeing this scene, these mountain people were a little surprised. They had already planned to laugh at Chen Feng, because no one thought Chen Feng could call the beast, but he did not expect that he would bring two beasts back so soon. .

Man Niu snorted disdainfully: "It's just luck."

Others also echoed: "Yes, it's really lucky. Maybe it was two wild beasts fighting. In the end, both lose and lose. He picked it up."

Resting next to the mountain stream, killed the beast, everyone ate a few bites of meat, and then set off again.

Finally, when night was approaching, they arrived at their tribe.

This is a cottage on the top of the mountain, and there is a river flowing around the mountain under the mountain.

Just as they were about to cross the suspension bridge above the river, Chen Feng suddenly felt a sense of extreme palpitation in his heart. It was a feeling of danger coming.

Chen Feng's heart suddenly shuddered, and he secretly said in his heart: "Here, here comes!"

He could feel that this was Sun Haoguang's breath.

Sun Haoguang is not far away, and has already paid attention to people like them.

But at this moment, instead of any panic in Chen Feng's heart, he felt his blood boil, his whole body was extremely excited, and his brain was extremely clear.

But his head was lowered, hiding himself among the people to make himself look even more inconspicuous.

Man Niu and the others were about to enter the cottage, when suddenly they saw a flower in front of them, and then they saw an old man with white beard and hair in front of them.

The old man stood in front of them, looking at the leader of the hunting team indifferently, as if he was watching a group of ants, and then said: "You are the local mountain people here, right?"

Before the leader of the team could speak, a more reckless mountain man walked out, pointed at him unceremoniously and sternly said, "What are you, get out of here."

This old man was Sun Haoguang, and Chen Feng sneered in his heart: "Dare to speak to Sun Haoguang like this, I don't know whether to live or die."

Sure enough, a cold light flashed in Sun Haoguang's eyes. Then he didn't see how he moved, just a flick of his finger, and then the mountain man who spoke just now exploded and turned into a cloud of blood.

Seeing this scene, all the mountain people were immediately frightened.

[Chapter 585: It's now, kill!](#)

They were all stunned, looking at the old man blankly, with an indescribable look of fear in their eyes, as if they had seen an evil spirit.

To be honest, these mountain people are generally quite fierce, and they are not afraid of killing people, but the old man's methods have exceeded their imagination.

In their understanding, the battle should be the hard work of real guns and swords, but this old man just flicked his finger, and an acquired triple warrior in their team was directly blown into blood fog. This is really true. so horrible!

This is beyond their understanding!

At this moment, in the tribe, a momentum suddenly rose!

Chen Feng raised his eyebrows slightly, feeling a little surprised. He didn't expect that in this small tribe, there would be an acquired powerhouse.

He could feel the aura of that strong man, but unfortunately, in Sun Haoguang's eyes, the nine-fold and the three-fold and four-fold are no different, but they are all ants.

A black figure swept over here, and soon an old man in black appeared in front of everyone. He was also wearing animal skin clothes. The skin on his face was the same as dry tree bark. Very old.

He crouched on his waist with a wooden staff, but a pair of cloudy eyes flashed with light.

After seeing Sun Haoguang, his eyes showed unspeakable horror.

His strength is much higher than that of ordinary people, so he can more clearly realize how powerful Sun Haoguang is.

Seeing this old man in black, Man Niu and others shouted: "High priest."

Their attitude is very respectful. It turns out that this old man is the high priest of this tribe.

The high priest looked at Sun Haoguang and asked respectfully: "Are you a strong man from outside the mountain? I can feel your strength is unfathomable. Even if ten thousand people, I am not your opponent. You should have arrived. Isn't it the legendary Divine Gate Realm?"

Sun Haoguang obviously enjoyed this kind of gaze, and slowly nodded, and said with some self-confidence: "Not only have I reached the Divine Gate Realm, but even a thousand ordinary Divine Gate Martial Artists will not belong to me. opponent."

"In my eyes, you, your tribesmen, and ordinary martial artists of the Divine Door Realm are all the same, no different from ants!"

Upon hearing these words, all the mountain people uttered a huge exclamation, with respect and horror on their faces, and full of disbelief.

For them, the Divine Gate Realm is a realm that only exists in the legend, extremely powerful!

It is said that their tribe has only produced a strong man from the gods in thousands of years, but it is enough to bring them to a foothold here.

It is said that every strong man in the Divine Sect Realm has the power to overturn the mountains and the sea, just like the gods and demons!

They looked at Sun Haoguang's eyes, and they all had a strong color of worship!

Sun Haoguang commanded: "Now, I need you to find someone for me."

The high priest immediately said eagerly: "We must follow your instructions. What kind of person do we need to find?"

Sun Haoguang looked down at the high priest and was about to speak.

But at this moment, Chen Feng's eyes flashed with a sharp light, right now!

At this time, Sun Haoguang focused all his attention on the high priest, and he lowered his head without any defense at all!

Before that, Chen Feng had reduced the breath of his whole body and hid behind Man Niu, whose tall body blocked him, and Sun Haoguang did not notice him at all.

At this moment, Chen Feng suddenly jumped up from behind Manniu, yelled violently, shook the entire cottage, and made everyone feel pain in the eardrums!

A huge river: kill!

The Purple Moon Knife in Chen Feng's hand, first cut it horizontally, then cut it vertically, forming a huge silver-white cross that was extremely cold and struck Sun Haoguang heavily!

But at this time, Sun Haoguang just got over.

His eyes widened, his face showed disbelief. Looking at Chen Feng, he had no time to evade. The huge cross hit him heavily!

Chen Feng's Soul Breaking Cross Slash hit Sun Haoguang hard.

However, Sun Haoguang was surprised to find that he was unscathed, just like the oncoming air, without any influence on him at all.

He froze for a while, then looked at Chen Feng, and laughed wildly: "Chen Feng, you little bunny, I said I can't find you no matter how I look, so you are hidden among these mountain people!"

"Do you dare to do it to me? It's just a matter of life and death. If you keep hiding, I really may not be able to find you, but now you dare to do it to me, that is to kill yourself!"

"See? Your offensive is of no use to me!"

Chen Feng sneered: "Really?"

Before he finished his words, Sun Haoguang suddenly felt an extremely dangerous feeling in his heart, and before he could make any response, in his chest and abdomen, his body immediately seemed to have a big explosion.

Everyone clearly heard a muffled sound, and then only Sun Haoguang's belly swelled suddenly, as if it was about to explode.

There was a flash of blood red on his face, and with a wow, a mouthful of blood spurted out, and the injuries on the surface of his body were all cracked, and countless blood spurted from it!

At this moment, Sun Haoguang was already seriously injured!

[Chapter 586: Desperately!](#)

He looked at Chen Feng, shocked, his face full of disbelief, and he shouted sharply: "How is it possible? How could you, a little bunny, hurt me?"

At this time, the mountain people around were completely silly, with an unbelievable expression on their faces.

"How is it possible? How is it possible?"

This god-level powerhouse, such a tyrannical, powerful high priest is humbled like an ant in front of him, such a powerhouse who can blow the acquired triple warrior into blood mist with just one thought!

Chen Feng, who has been in their team for two days, was ridiculed by them, and the unremarkable young Chen Feng was seriously injured with one move, just one move!

Seeing this scene, everyone was stunned!

But Barren Bull, as well as several other people in the team, suddenly trembled all over, his face pale as paper, showing an expression of indescribable horror.

They trembled with fright.

They remembered that in the past day, they had insulted Chen Feng several times, but no one thought that this humble boy was so powerful!

"It's over, it's over."

Man Niu was completely cold, and his eyes showed deep fear: "Chen Feng will never let me go. Who would have thought that he was so powerful?"

"And I actually said that to her and did that to him! Thinking about it now, it's ridiculous, and it's really killing me. When it's over, he will definitely kill me!"

He looked at Chen Feng like falling into the ice cellar!

Man Niu and the young man next to him who had always been his master looked at each other, and both of them could see a deep despair in each other's eyes.

And the middle-aged man who had scolded Chen Feng before, was so scared that his legs softened and he knelt directly on the ground!

On the other hand, Qiqige opened his eyes wide, and was full of curiosity in shock, even a bit proud.

Because she used to feel that Chen Feng was a bit unusual, now he feels that his vision is really good, and he is the only one who can see that Chen Feng is unusual!

If it was Chen Feng in the fourth floor realm, he would not even be able to make a single sword, because the qi energy was not enough.

And now that he broke through into the fifth building and opened Inner Heaven and Earth, a circle naturally formed, and he could barely issue a cross slash.

But it was only a single stab. Chen Feng slashed madly just now, and the qi in his body was exhausted.

It's like a river that dries up, exposing the riverbed.

At this moment, his body was faltering, all the qi in his body disappeared, and it was difficult to even stand still, and he felt a sharp pain in his brain, and even his breathing became rapid.

All organs, especially the lungs, felt pain. He couldn't help gasping for breath. There was a feeling of suffocation!

But at this moment, Chen Feng suddenly lifted his arms and opened them fiercely. Then, there was a crazy roar in his mouth!

With a scream, tear through the clouds!

With a wow, blood spurted from Chen Feng's mouth, but he miraculously stood firm.

Not only that, but he felt that the qi in his body was regenerating.

Chen Feng was forcibly urging him, even at the expense of his own roots, leaving an internal wound that was difficult to heal, because he knew this was an excellent opportunity to kill Sun Haoguang.

His eyes were blood red, and countless wounds burst open all over his body. It seemed that every pore was blowing out blood mist, but he felt that the familiar sense of power had returned to him!

Then he raised the Purple Moon Knife high and shouted sharply: "Kill!"

It was another cross-cutting of soul-breaking, and he cut out again!

After the knife was cut out, and still in the air, Chen Feng was already bleeding wildly. He was already seriously injured, and he hurt himself before he hurt the enemy!

Chen Feng has desperately!

Broken soul cross cut, bombarded towards Sun Haoguang!

But this time, Sun Haoguang was prepared!

Although he was seriously injured, he did not die and did not lose combat effectiveness.

On the contrary, after he was seriously injured, he was aroused fierceness, coupled with being injured to such an extent by a junior like Chen Feng, it made him feel that his face was disgraced, and he tried his best to shout: "Sea King Trident!"

His arms shook, and an aura of extremely strong water vapor spouted from his palm!

Suddenly, within a radius of several hundred meters, there was a mist of mist, and even in the air, there was condensation, and it started to rain!

Then he screamed again, his palms raised to the sky, and a strong suction hovered out of his palm!

In the river next to the cottage, tens of thousands of tons of river water, with his hands, was directly drawn out of the river as if being sucked by a giant dragon!

Then, condensed in the air into a huge trident measuring fifty to sixty meters long!

Next to the cottage, the river, the river was empty, suddenly bottomed out!

After a while, water from other places came to fill this place!

Seeing this scene, all the mountain people knelt down, whether they are now outside or inside the cottage, they all looked at Sun Haoguang with a gaze like a god.

In their eyes, this is a power beyond human control, and only the legendary gods and demons can control it.

Then, Sun Haoguang's qi pierced into this huge Trident of Sea King, and the Trident of Sea King suddenly gained a little more aura.

[Chapter 587: Dragon Blood Transformation!](#)

On top of the originally transparent color, a layer of dark blue is plated, which looks extremely sharp and hard!

It's not made of water, but made of a special metal, and then this huge Trident of Sea King greeted Chen Feng's Soul Breaking Cross!

The two collided fiercely together with a loud bang, causing a huge explosion in the air!

The vigorous qi was overflowing, and the spiritual qi was rushing everywhere. The mountain people who were a little closer were directly kicked out, tens of meters away!

A cliff on the side was directly destroyed by the earthquake, and a huge pit with a radius of more than ten meters appeared on the ground!

However, Chen Feng's Soul Breaking Cross Slash was obviously not as powerful as the Trident of the Sea King, and was directly defeated, and then the Trident of the Sea King was not exhausted and slammed directly at Chen Feng!

Sun Haoguang's eyes flashed a stern murderous intent, and there was a hint of pride, and he laughed wildly: "Chen Feng, you little bunny! My Sea King Trident is a fragment of Xuan-level martial arts. Can you compare it? Can you resist?"

"However, you should also feel honored. You forced me to perform my strongest blow and used my trick to press the bottom of the box! This is the first time I have used such a trick to deal with a level so much lower than me. people!"

"Even if you die, you should be relieved!"

In his opinion, it is absolutely impossible for Chen Feng to survive this time.

The Trident of the Sea King, let alone Chen Feng, the fourth building of the Divine Door Realm, even the peak of the sixth building of the Divine Door Realm, the strong in the early days of the seventh floor, it is difficult to resist!

Chen Feng felt the attack of death, and the Sea King Trident was about to slay in front of him. He knew that this was a force he could not resist!

With more than ten meters away from him, Chen Feng already felt that he was suppressed by a huge force, and the blood was pressed and seeped out of his pores!

He felt like he was going to be crushed into a meatloaf!

Chen Feng deeply realized the huge power gap between himself and Sun Haoguang!

And just at the time of life and death, suddenly, in the dantian, inside the ancient cauldron, that drop of dragon blood was spinning rapidly!

A strand of dragon blood, thick and thin, emerged from it, quickly repairing Chen Feng's already riddled body.

The familiar power rushed back, and Chen Feng felt ecstasy. He knew that he was about to transform into a dragon blood!

And the next moment, Chen Feng's body changed.

On the surface of his body, sapphire-like scales appeared, and sapphire-like dragon horns grew on his head, and his hands and feet became like dragon claws.

In an instant Chen Feng, the dragon blood transformation was completed, and everyone was shocked to see this scene.

Take a breath, what is this? How can a person suddenly become such a monster? But speaking of monsters, it gives them a very noble and powerful feeling!

This is Chen Feng's third dragon blood transformation.

Although it has been twice before, and it should be reasonable to adapt, Chen Feng found that when he was transforming into Dragon Blood, he still couldn't control his emotions at all.

Chen Feng looked up at the giant Sea King Trident that was smashing at him, his eyes were blood red.

Suddenly he let out a beast-like growl in his throat, and the dragon claws slammed out, and hit the sea king trident hard!

With a loud bang, the Trident of the Sea King turned into countless blue light spots and dissipated in the air.

However, Chen Feng took more than ten steps back before he could stand firm. There were also some dragon scales on his body that had been broken, and the sapphire-like dragon scales collapsed, and blood oozes out!

This is the first time Chen Feng has been injured in the situation of Dragon Blood Transformation since he had the Dragon Blood Transformation!

Sun Haoguang stared at this scene, his whole body was stunned, his face was full of disbelief. Looked there stupidly.

Then he recovered quickly, looking at Chen Feng's gaze, as if he had seen a ghost!

He exclaimed, "How is it possible? How is it possible? How can you block my Sea King Trident? What kind of monster have you become?"

He was astonished that the Trident of the Sea King was his trick to suppress the bottom of the box. It was very powerful, but he didn't expect that after being transformed into this monster by Chen Feng, he would be easily defeated.

Chen Feng didn't say a word, but stared at him with indifferent and cold eyes.

Then Sun Haoguang suddenly felt a flower in front of him, and a cyan light and shadow flashed by. In the next instant, Chen Feng had come directly in front of him, and his claws grabbed his chest fiercely.

It's not martial arts, nor any fancy, just such a straight attack, purely relying on the powerful physical talent now!

But it's getting to the extreme!**NoVELUsB.com**

Sun Haoguang was shocked. When he found that Chen Feng came in front of him to attack, it was too late to dodge, so he could only block it.

But when his fists collided with Chen Feng, he felt a sharp pain from the fists. Five blood holes were dug out on both fists, and then a huge force came, directly shaking. There was a noise in his arms.

The arm bone was shattered!

Sun Haoguang drew back quickly, but he found that no matter how he retreated, Chen Feng seemed to be in the shadows, always chasing him closely.

After catching up, he immediately attacked with two claws, seemingly out of order, but he was fast, powerful, and claws were extremely sharp, and he couldn't resist it!

[Chapter 588: Am I a waste?](#)

Powerful physical talent, does not use any martial arts, completely only uses the body!

But the body after his transformation is like being born for battle!

A natural combat body is a humanoid weapon!

In a blink of an eye, Chen Feng has forced Sun Haoguang back hundreds of steps!

Every time Sun Haoguang backed up a few steps, he would catch up, and the two played a few tricks, and then Sun Haoguang continued backing!**nOvElUsB.cOM**

Sun Haoguang was shocked: "What kind of monster is this? How could it be so powerful? It was not my opponent before, but now it can push me into such a panic!"

At this moment, he was in a panic, his arms and bones were broken, and there were countless injuries on his legs!

And he was hit by Chen Feng on the front and back many times. If it weren't for Sun Haoguang's high realm, and at the same time he cultivated a powerful body-building technique, he would be killed directly!

Even so, huge wounds were torn open in many places on his chest and back, revealing the dense white bones inside, and even the internal organs are clearly visible!

"My injury is already very serious. If I don't get treatment in time, I'm afraid it will be too late. Even if I can kill this little bunny and pay myself, it's not worth it!"

"What's more, now he is in this weird state of transformation, I can't kill him at all."

Sun Haoguang's heart has already begun to retire!

At the same time, Chen Feng attacked.

This time, Sun Haoguang didn't evade, and abruptly used a thicker shoulder position to catch Chen Feng, his shoulder was directly grasped by Chen Feng, and then he pulled a large piece from him with his claws. Even the belt meat is even mixed with the flesh and blood of bones.

Sun Haoguang's left shoulder completely disappeared, revealing the bones below.

But getting this moment of respite, he also condensed the Aquaman Trident once again!

The Trident of the Sea King, which had not been consumed, bombarded Chen Feng heavily. Chen Feng did not evade, and directly met with both claws, smashing the Trident of Sea King, and at the same time, he was also knocked out more than ten meters.

But his body hit the ground heavily, and then he jumped up like a okay person. The body after the dragon blood transformation was really strong.

Not only is the speed extremely fast, the claws, dragon horns, and bone spurs are extremely sharp, and it is like an incorruptible diamond body. It doesn't matter how you smash it, you can beat it anyway!

However, Sun Haoguang had this opportunity to breathe, and had already swept away quickly, turning into a gray light and shadow, and instantly disappeared from the line of sight.

A very cold voice came over: "Chen Feng, you wait for me, I must kill you bastard!"

At this time, Sun Haoguang was full of humiliation, and he was killed by a person who was three times lower than himself in this way, forcing him to flee, making him extremely humiliated!

Sun Haoguang didn't know that Chen Feng's dragon blood transformation had a limited time, in fact, as long as he lasted until the end of the dragon blood transformation, Chen Feng would definitely die!

Sun Haoguang escaped, and Chen Feng stood there quietly, not catching up.

He knew that he couldn't catch it.

Moreover, in his Dragon Blood Transformation at the moment, his mind did not completely disappear, but his instinct suppressed his mind.

But at this time, Chen Feng tried his best to use his mentality to gain the upper hand and control this body. Although he did not succeed, it also affected the body's movements and prevented the body from chasing.

Because Sanity told him that the best thing to do now is to escape and find a place to heal his injuries!

Chen Feng stood in place, his eyes indifferent, and swept over the mountain people!

All the mountain people knelt down and looked at him with extremely respectful and fearful eyes!

Chen Feng's appearance at this time is no different from their legendary gods and monsters, and after the transformation of this young man, he is so powerful that even the strong of the gods are pushed back by him!

Now Chen Feng looked as powerful as a **** in their eyes.

The old priest knelt on the ground and walked in front of Chen Feng. He didn't even dare to kiss Chen Feng's boots. He only dared to lower his head and kiss the ground before Chen Feng's feet. Then he looked at Chen Feng with the most respectful eyes and muttered. What are you talking about!

After a while, Chen Feng's dragon blood transformation ended and he returned to his human appearance.

Although the dragon blood has repaired his body, the sequelae of the dragon blood transformation are still very severe. It made him feel a sharp pain like tearing all over his body. .

His mind was dizzy, and he almost fell to the ground, but Chen Feng knew that he must maintain his strong image at this time and not show any weakness!

He faintly looked at the high priest, suddenly turned around, walked in front of the bull, and asked faintly: "Am I a waste, am I a drag?"

Man Niu was completely frightened and stupid. His face was full of horror, tears streaming down his face, and he knelt on the ground desperately kowtow, crying for mercy:

"My lord, did you spare me, spare me, I am blind, I have no eyes, I shouldn't talk to you like that, I damn, I damn!"

The high priest jumped up and stared at the bull with anger: "What did you do to this adult?"

As soon as Chen Feng waved his hand, the high priest immediately kept silent, standing behind him respectfully.

Then Chen Feng looked at the other two people who had mocked him, and asked lightly: "Where are you two?"

When the two of them saw this, they thought Chen Feng meant to forgive them, and quickly followed the example of a bull, knelt on the ground repeatedly, begging for mercy, saying that he deserved to die.

[Chapter 589: A man like a god](#)

After a while, the foreheads of the three of them were all blood red, and Chen Feng said lightly: "Since you say you deserve to die, then go to die!"

After that, he waved his palm lightly, and a palm wind blew out, bombarding the three of them, directly blasting the three of them into bits and pieces.

This scene caused all the mountain people to be extremely frightened and terrified. They knelt on the ground and shivered, buried their heads deeply on the ground, and did not dare to look up at Chen Feng.

But there is one exception, that is, Qiqige, she didn't even kneel down, stood there, looking at Chen Feng with some wonder.

Chen Feng looked at her with a smile on the corner of his mouth, turning around and said to the high priest: "I hope that you will hand over the tribe to Qiqige in the future and don't force her to do anything she doesn't want."

Although the high priest did not know why Chen Feng said this, Chen Feng at this time was like a **** in his eyes.

The deity's orders, only need to be followed, where is there to question?

Kneeling on the ground and kowtow quickly, and repeatedly said: "Yes, follow the orders of your lord!"

Chen Feng nodded slowly, then turned around and left!

After leaving the sight of the people in the mountains, he leaned forward and almost fell to the ground, vomiting a mouthful of blood.

A wry smile appeared at the corner of Chen Feng's mouth: "It's so dangerous, I almost showed my timidity just now!"

At the middle of the moon, Qiqige sat on the steps in front of her door, staring blankly at the bright moon hanging in the sky, her eyes a little ecstatic.

At this moment, a figure flashed continuously in her mind.

This figure is slender and tall, with a handsome face.

Segments flashed continuously in his mind, and for a while, this person was sitting with her, laughing and saying something.

After a while, this man was as mighty as a god, playing one trick after another that was enough to destroy the sky and the earth, killing the white-bearded and ferocious old man on the opposite side, constantly screaming back.

In the end, it was frozen, he smiled at himself, and then Xiao Ran left.

After a while, Qiqige stood up and sighed softly, her eyes were a little missed and sad, then she turned and entered the room.

Her house is the best in the entire cottage. It is built with big wooden boulders, clean and tidy, and even decorated with some rare treasures from the mountains.

This house was originally the place where the most noble high priest in the tribe lived, but this evening, after everyone returned to the tribe, the high priest immediately asked people to clean up the house, move it out of it, and respect it. The extremely gesture asked Qiqige to live in.

No one questioned, no one was unconvinced, and everyone took it for granted.

Because in their opinion, this is the order of the deity, and the deity has taken a fancy to Qiqige, so Qiqige is the most noble person in the cottage.

But Qiqige knew that this boy was not a god, he was just a human boy, his name was Chen Feng, and he came from a magical place outside the mountain!

And it was this young man who changed his destiny in one sentence.

In the room, there is a huge bamboo basket in the corner.

Although she had moved here, she did not throw away her original things. There were still some medicinal materials in the bamboo basket.

Qiqige came here instinctively, preparing to sort these medicinal materials, but when her hand reached in, her movement suddenly stagnated.

Then, she took out a volume of books from the bamboo basket.

The booklet was a little yellowish, with a strange shape, Qiqige was a little surprised, but when she opened the booklet, she found that there were all figures in it, without a word, you can practice by just looking at the patterns.

Although Qiqige is illiterate, it can be seen that this is a volume of martial arts practice, and it is more sophisticated than the highest and deepest practice in the tribe.

Qiqige remembered that when she was on the road today, Chen Feng had taken out her bamboo basket for a while, thinking it should be at that time.

Kikig sat on the ground, holding the book in her arms, with a warm smile on her mouth.

She felt that the scroll in her arms seemed to emit a trace of heat, that was his body temperature!

With a wow, Chen Feng spouted a large mouthful of congestion, which was also mixed with internal organs. After spitting out this mouthful of blood, Chen Feng felt that the feeling of suffocation between his chest and lungs had disappeared a lot!

Then Chen Feng took out a heavenly spirit and earth treasure from the mustard bag and swallowed it. A cool breath radiated through his body and penetrated into his limbs. Then, under Chen Feng's conscious guidance, it directed towards those clogged. The pulse passed.

After a while, Chen Feng suddenly opened several wounds on the surface of Chen Feng's body, and blood poured out from it, but the blood was black bruise!

Chen Feng jumped directly into the mountain spring next to him, cleaned the wound, and then applied good medicine on the wound, and the wound healed soon.

Chen Feng also felt those faintly painful and blocked meridians in his body. A small part of the meridians was no longer painful, and became a refreshing sensation, and the qi could run inside!

Chen Feng sighed for a long time, moved his muscles and bones, and a wry smile appeared at the corner of his mouth: "Three days have passed, and my injury is only a small and a half! My strength has recovered less than 40%."

"These healing sacred medicines were very useful when I was at a low level, but for me now, they have little effect."

[Chapter 590: Cat playing with mice](#)

"Originally, my golden body decision was enough to withstand attacks below the sixth floor of the ascending **** gate, but this time, Sun Haoguang's strength was too strong, and his realm was too much higher than mine, causing the fifth level of the golden body decision to be on him. In front of it, it seems almost useless!"

"However, Sun Hao is only uglier than me, but he is extremely strong, and he has been an elder too for so many years, so he should have accumulated a lot, and there are many miraculous medicines. Maybe he can recover faster than me! "

This is a very hidden cave, the cave is extremely wide, and there is a living spring in a corner. Chen Feng came here and stayed here for three full days to heal his injuries.

After the dragon blood transformation was over, Chen Feng had discovered many problems, but Chen Feng knew that the biggest problem was not yet these.

Thinking of this, he couldn't help but feel a pain in his heart.

At this time, it can be found that the drop of dragon blood in the ancient cauldron is obviously smaller than it was at the beginning.

Chen Feng's dragon blood transformation is very powerful, but it is not without a price.

The dragon blood transformation this time left him with some hidden wounds that he couldn't heal at all. These hidden wounds could not be healed at all by him now, and they will be choppy in the future and will become a very big hidden danger.

And the higher his realm, the more dragon blood is consumed when he transforms into dragon blood.

Chen Feng knew that this time the consumption would even exceed the sum of the previous two.

This made Chen Feng extremely distressed. He only has this drop of dragon blood. What can he do if he runs out?

But not all are bad. After the dragon blood transformation is over, the remaining dragon blood in Chen Feng's body seeps into his meridians, once again strengthening the Dragon Elephant Potian Art.

The fourth layer of Chen Feng's Dragon Elephant Breaking Heaven Art has now reached its peak.

Chen Feng now discovered that his Dragon Elephant Heaven Breaking Art, absorbing the essence and blood of high-level monsters, would have a very good effect, while absorbing the essence and blood of low-level monsters was gradually useless.

Three days later, Chen Feng completely recovered from his injuries, and he left the cave.

But just after he left the cave, he felt a strong breath, approaching here from a distance.

Chen Feng frowned immediately. He could feel that it was Sun Haoguang's breath, and Chen Feng cursed in a low voice: "It's really lingering."

He immediately turned and left, and continued to rush toward the depths of the Aomori Mountains.

After less than a cup of tea, Sun Haoguang came here. At this time, he was completely changed from a few days ago.

Not at all embarrassed, his injury has completely healed, wearing a white robe, full of energy, it seems that he has returned to his peak state.

He turned around in the cave, and then the corners of his mouth showed a touch of coldness, with a bit of pride in it:

"Chen Feng, you can't think of it. In the battle a few days ago, I had secretly made a mark in your body. Unless I die, that mark will not disappear!"

"With the existence of that mark, I can perceive your specific location. It is absolutely impossible for you to be attacked by you a few days ago. Just wait!"

"In the next few days, you will be chased by me in panic like a mourning dog, very embarrassed!"

"boom!" *nOveluSB.com*

With a loud noise, Sun Haoguang struck out with a punch, with an extremely powerful force.

In the air, water vapor is lingering, and the sound of ebb and flow is endless, like countless huge waves, rushing in violently, and Chen Feng feels like the boat blocking the front of the huge waves. Was smashed.

Sun Haoguang is the best at Dajiang Julang Boxing, and he is also the best punching technique for his cultivation!

This is also his most powerful martial art besides the Trident of the Sea King!

Chen Feng, tried his best to use all the qi, and the soul-broken cross slashed out!

However, in the peak state, Sun Haoguang's strength was really much higher than Chen Feng, and he was also prepared, after the Soul Breaking Cross Cut and Dajiang Julang Fist collided, he was directly volleyed to pieces.

But Dajiang Julangquan is about 70% of the power left, and it kills Chen Feng.

Between Chen Feng and the emperor, he fought a dragon battle in the wild. Two giant dragons roared out, but they were still shattered by the huge waves.

However, this also offset most of the power of the Dajiang Julang Fist, leaving only about 20% of its power to blast Chen Feng.

Chen Feng was directly beaten out dozens of meters away, and a mouthful of blood spurted out of the air, feeling severe pain throughout his body, bones and muscles broken!

He didn't look back at all. In the air, he resisted the severe pain, circulated his qi, and used his vague steps to sweep outwards at an extremely fast speed.

Without looking back, he disappeared into Sun Haoguang's sight.

The corner of Sun Haoguang's mouth showed a playful look. In fact, he could catch up, but he didn't. He enjoys this feeling now, like a cat catching a mouse. He doesn't kill it directly, but plays with it first. Let's play around.

Sun Haoguang laughed and said: "Chen Feng, you can run away, run away, anyway, you can't escape from the palm of my hand!"

"Don't worry, I won't kill you every time. I will leave you with a chance to make you think you can see hope, and then I will catch up!"

"You continue to have hope, but you continue to be broken by me. Finally, when you think you are going to escape a catastrophe, I will appear and kill you. I like to see your desperate look!"

"Simply killing you, it's hard to understand my hatred!"
