

Peerless 5811

Chapter 5811 The Profound Realm Cave!

The woman reached the stone building and jumped off the monster.

Just as he was about to bring Chen Feng in, there was a roar of a monster behind him.

Turning his head, a blue griffin with four wings on its back and extending a hundred meters was slammed to the ground.

Struggling hard, but unable to break the chain on his body, he can only arouse the light lines.

"Zhu Mengyao, are you back?"

In the sky, a shirtless man slowly landed.

He found Chen Feng and Liu Zhengzong at a glance, and frowned slightly: "Who are they?"

"Could it be a newcomer?"

Zhu Mengyao shook his head: "This is the Emperor Xuanzhenzong, Liu Zhengzong."

"And this one, a disciple of the Tianhe Sword Sect, Chen Feng."

"They're here to find the captain."

The naked man raised his eyebrows: "Looking for the captain? That's right, I have something to call for the captain."

After he finished speaking, he called out loudly, "Captain, here comes the guest!"

The sound was like thunder, echoing throughout the canyon.

The door of the stone building opened, and a handsome man dressed in bearskin walked out.

Chen Feng suddenly frowned.

In this man, he could not even notice the slightest breath.

is a strong man.

"Cangshan, you can't abide by some rules."

The handsome man sighed slightly, and then set his eyes on Chen Feng and the two of them.

"Captain, they want to see you and ask you something."

Zhu Mengyao explained.

The handsome man nodded: "If you want to inquire about news, you must first pass the Demon Hunting Trial."

"Cangshan, the four-winged wind eagle you just caught is not bad, let them try it."

"Yes!"

Cangshan smiled and said, "You two, as long as you can subdue this four-winged eagle, you will pass the test."

"Who will come first?"

Chen Feng glanced at Liu Zhengzong.

As he expected, Liu Zhengzong just released his breath and instantly suppressed the restless four-winged wind eagle.

The majestic breath enveloped the valley, causing everyone to exclaim.

Even the handsome man showed surprise: "Who is your Excellency?"

Liu Zhengzong said lightly: "Xuan Zhenzong is too high, Liu Zhengzong."

The handsome man was stunned for a moment, then said with a smile, "It turned out to be a guest of Xuanzhen Sect, so forgive me for not entertaining him well."

"I don't know, what do you want to ask?"

Liu Zhengzong did not rush to ask, but glanced at Chen Feng.

Chen Feng understood: "Senior goes first, I'll be there later."

"good."

Liu Zhengzong walked slowly towards the handsome man, and after a few simple conversations, they entered the stone building together.

"Zhu Mengyao, Cangshan, it's up to you to watch this kid's trial."

"Yes!"

The two agreed in unison.

The four-winged wind eagle, who lost its suppression, began to struggle violently again.

Cangshan walked closer and said, "Boy, this is a monster in the fairyland of the Second Tribulation Spirit Void Land."

"If you can't beat it, I will save you the trouble."

Chen Feng smiled lightly: "Senior let go, I have my own way to subdue this beast."

Cangshan sneered and shook his head, Quen when Chen Feng was young and vigorous.

Then he opened the chains.

The four-winged wind eagle escaped from the predicament, opened its wings in an instant, let out a roar, and rushed towards Cangshan.

"Beast, dare to make..."

Cangshan was about to shoot, but saw a figure flashing in front of him.

"The Supreme God and Demon Transformation Dragon Art."

The spine behind Chen Feng's back shines brightly.

The great furnace of the gods and demons burning in the body poured out majestic power and converged in the palm of his hand.

Then, a palm was pressed on the top of the four-winged wind eagle's head and pressed heavily.

boom!

The head of the four-winged eagle smashed into the ground in an instant, embedding a three-pointer.

The huge body struggled for a few times, and then there was no movement.

Uniformed?

Cangshan froze in place, full of doubts in his heart.

This kid just now, so fast.

Not only that, but even he dared not underestimate the power he displayed.

Chen Feng moved his arm and asked with a smile, "Is this considered passed?"

Cangshan suppressed his shock and nodded, "Passed."

"If you want to ask anything, just go in and ask the commander-in-chief."

Chen Feng nodded and strode towards the stone building.

When he first arrived at the door, he bumped into Liu Zhengzong.

Seeing the smile on his face, I think he got news from Sun Zhongyang.

After greeting, Chen Feng entered the stone building.

The handsome man was a little surprised when he saw him coming: "You passed the test so quickly?"

Chen Feng nodded indifferently: "Senior, I have something to ask."

"Do you know where Guixu Xianzong is?"

The handsome man's expression changed: "Why are you asking about this?"

It seems that the man knows the news of the Returning Ruins Immortal Sect.

Chen Feng handed over: "I am entrusted by others, I need to find Guixu Xianzong, and find a spirit grass to save my life."

"Also ask the captain to inform."

Identity matters should not be discussed with others.

The handsome man did not ask any further questions, frowning in thought.

After a while, he sighed: "Forget it, I'll tell you."

"The entrance of Guixu Xianzong is in Xuanjing Cave, three hundred miles away, north of the canyon."

"Thank you senior."

After getting the news, Chen Feng handed over and left.

"etc."

The handsome man suddenly stopped him and said, "Tomorrow, I will send someone to Xuanjing Cave and enter the Guixu Xianzong."

"If you want to go, you can go with them."

Chen Feng nodded: "Then disturb for one day and leave tomorrow."

The handsome man said hello.

"Zhu Mengyao, Cangshan."

Two figures stepped into the stone building and saluted.

The handsome man said: "Tomorrow, the two of you, take him to Xuanjing Cave with you."

"Be sure to bring that thing back."

"Yes!"

The two saluted again and left with Chen Feng.

That thing, what is it?

Although Chen Feng was puzzled, he did not ask.

After leaving the stone building, Cangshan asked, "Boy, what are you doing in Xuanjing Cave?"

"That's not where you should be."

Chen Feng was puzzled: "What do you mean by this?"

Cangshan frowned: "That Xuanjing Dongtian is a place affected by the Broken Void, and the riot of spiritual energy can hurt people's tendons."

"Not only that, there are many void cracks, and the corpse will be separated if you are not careful."

"Ordinary people in the fairyland of the second calamity do not dare to approach it easily. If you go, I am afraid that there will be more misfortunes than good luck."

Chen Feng was slightly startled, but his attitude was very firm: "There, I have to go."

"Tomorrow, I will trouble the seniors to lead the way."

Cangshan sighed: "Anyway, I persuaded you, it's not my fault for dying inside."

"Also, don't call me senior, if you don't dislike it, just call me big brother."

Chen Feng nodded in response.

Afterwards, Cangshan arranged a place for him.

It was already dark, and Chen Feng sat cross-legged in the cave, meditating.

Three hundred and sixty stars, alternating light and dark.

Zhou Tian's spiritual energy merged into the body, injected into the stars, and expanded into star clusters.

Two-thirds of the stars were transformed into star clusters.

Chen Feng's aura was infinitely close to the immortal realm.

When I opened my eyes, a ray of morning light entered the cave.

When Chen Feng walked out of the cave, he saw the beasts gathered below, and the figures flickered.

Cangshan felt the breath, looked up, and waved hello.

"Boy, you came just in time, we should go."

Chen Feng responded and joined in.

Cangshan gave him the four-winged eagle that he tamed yesterday, and said with a smile, "Can you ride a monster?"

[Chapter 5812: finally found you!](#)

Chen Feng was puzzled: "Flying is not faster, why do you want to ride a monster?"

Cangshan slapped his forehead: "I forgot to tell you that within the Xuanjing Cave, you cannot control the sky."

"Even power is affected by the riotous aura, and it is difficult to exert it."

Chen Feng was stunned, turned over and sat on the monster, pulling the reins.

The four-winged wind eagle roared, spread its wings, and slowly rose into the air.

"This kid is quite talented."

Cangshan smiled and jumped over to the flying monster beside him.

"Follow me!"

"Yes!"

Hundreds of flying monsters lifted off at the same time, formed a formation, and flew south.

Two hours later, a beam of seven-colored light piercing the sky rose in the distance.

Chen Feng could feel the turbulent turbulent void within the beam of light, and the mottled spiritual energy was scurrying.

The closer you get, the stronger this force will suppress you.

"Be careful, we're going in."

Zhu Mengyao reminded in a low voice.

Chen Feng tightened the reins, controlled the four-winged wind eagle, and entered the beam of light.

hum-

The moment he passed through the beam of light, the riotous aura, like a giant mountain falling down, pressed down on him.

The power in the body can only exert 30%.

Very strong pressure.

Chen Feng frowned, keeping an eye on the surroundings while following Cangshan.

Suddenly, a dense black spot appeared in front.

Cangshan's face changed greatly: "Stop!"

The team immediately stopped and formed a defensive formation.

Chen Feng felt this breath and seemed to be somewhat familiar.

Looking closely, it turned out to be a virtual spirit.

Looking at this number, there are at least a thousand.

"Why so many?"

Cangshan frowned and whispered, looked left and right, and said, "Come this way, let's go around."

"Be quiet, don't disturb these ghosts."

Everyone nodded, made gestures, followed Cangshan around to the back of the mountain, and moved forward quietly.

Suddenly, a void crack opened in the sky ahead.

A gray and dull eye poked out a crack in the void.

After scrolling several times, Chen Feng and several others were locked.

"No, it was discovered!"

As soon as Cangshan made a sound, hundreds of cracks ripped apart the void, and a large number of ethereal spirits flew out of it.

Immediately surrounded the crowd.

"Damn!"

Cangshan scolded: "There is a phantom in the sky, this is bad."

Chen Feng asked: "Heavenly Eye Void Spirit, could it be that eye?"

Cangshan nodded: "Yes, there are a lot of Void Spirits, and there are many types."

"Among them, Tianmu Void Spirit is a mutant Void Spirit with extremely strong perception ability."

"But, at such a distance, it shouldn't have spotted us."

The members of the Hunters have walked the border all the year round and have a good understanding of these ethereal spirits.

But this time, Void Spirit's strange actions made everyone feel more puzzled.

Chen Feng wanted to ask something else, but he felt a gaze fixed on him.

Turning his head, he met the giant eye of the emptiness of the sky.

"Got you."

The ethereal voice came straight into my mind.

Thousands of virtual spirits flew over, and the target was Chen Feng.

For yourself?

Chen Feng was startled and activated the strength in his body, ready to fight.

There is no way to control the sky here, he can only stand on the four-winged wind eagle.

Soon, Void Spirit roared.

In Chen Feng's body, the great oven of the gods and demons was running, and the power of the bloodline exploded.

A series of punches were thrown out, and there were afterimages of the debut.

bang bang bang...

The virtual spirits that flew over were all repelled, but they flew back.

Chen Feng could feel that these Void Spirits were weaker than the Void Corridor.

But now that the strength is suppressed, it is not easy to deal with these things.

"Hurry and kill, if you get entangled, you will only be consumed to death."

Cangshan calmly commanded, and the monster under the imperial envoy fluttered and danced wildly.

Dao Dao Feng Blade cut Void Spirit's body and exploded the black mist.

Cangshan led the crowd into the black fog and shrank away.

By the time the black fog dissipated, everyone had already left.

Tianmu Xuling's eyes rolled, and strange fluctuations came out, instantly locking Chen Feng's position.

"Chase."

With a single order, Void Spirit chased after him.

Cangshan led the crowd around for an hour, and finally took advantage of the location to get rid of the virtual spirit.

After entering a canyon, everyone fell to repair.

Chen Feng sat on the four-winged wind eagle and looked into the distance.

That faint gaze has not disappeared.

Why are they chasing after themselves?

Could it be that they were killed in the Void Corridor?

Chen Feng couldn't figure it out, but he didn't notice the approach of that breath.

On the side, Cangshan waved his hand, and the map was suspended in front of him.

He stared at the map, frowning.

"There are still three days away from the inside of Xuanjing Cave."

"There are so many virtual spirits on the outside, and there will be more inside."

Although Cangshan was puzzled, the entrance to that thing would only be open for seven days.

If you miss it, you can only wait another hundred years.

After putting away the map, Cangshan shouted, "Let's go."

Everyone followed Cangshan and went deep into Xuanjing Cave.

Two days passed, and after everyone passed through a cave, they finally reached the inside of Xuanjing Cave.

A shattered void enveloped the entire basin.

Void spirits can be seen everywhere, wandering around.

In addition to those phantoms that look like dogs, there is also a huge phantom that moves very slowly.

Chen Feng's perception was driven to the extreme, and he was careful to avoid these virtual spirits.

Suddenly, there is a familiar atmosphere.

Void spirit.

When Chen Feng turned his head, a gap opened in the void.

He stomped on the four-winged wind vulture under him and flew up.

The crack opened completely, and an eye protruded from it, which was three times larger than the previous one.

At this moment, Chen Feng arrived.

The great furnace of the gods and demons was burning, and a powerful force poured out.

The black light on the back flashed, and the black power gathered on the fist and condensed into a black fist.

Punch out.

boom!

As soon as the giant eye appeared, it was pierced by Chen Feng with a punch.

burst instantly.

Void fissures closed and dissipated into nothingness.

When Chen Feng fell, the four-winged wind eagle was summoned and helped him.

Perceiving the surroundings, those Void Spirits did not find his existence.

"Nice job."

Cangshan praised: "Your perception of these virtual spirits is sharper than mine."

"No wonder the captain asked me to bring you here."

Chen Feng smiled, noncommittal.

Returning to the team, Cangshan continued to lead the way.

In the intricate basin, there are many huge skeletons buried under the yellow sand.

One by one, the caves are twisted and twisted, and if you are not careful, you will get lost.

Cangshan skillfully shuttled through the cave, avoiding all imaginary spirits, and finally reached the deepest point.

The shattered void converged into a single point, emitting a faint black light.

The spot of light like a mirror is in the deepest part of the black light.

However, next to the light spot, there is a huge Void Spirit that is 100 meters high.

Its aura even reached the second level of the Immortal Realm.

"Damn."

Cangshan frowned: "There is a giant spirit blocking the way. If we don't lead him away, we won't be able to get in."

"But if you lead him away, you will definitely disturb the virtual spirit and fall into a dangerous place."

His mind raced, searching for a solution.

Chen Feng suddenly felt something and turned his head suddenly.

Four cracks opened, staring at Chen Feng.

The speed was so fast that he didn't even have a chance to react. "finally found you."

Chapter 5813: Void Devouring!

The void was torn apart, and a pale arm stretched out from each black hole and grabbed Chen Feng.

Those palms covered the sky and the sun, and their fingers were 100 meters long, blocking all the escape routes for Chen Feng!

Besieged on all sides!

For a moment, Chen Feng's body froze, unable to move!

"what happened?"

Chen Feng frowned slightly, his face seemed flustered.

However, there was a gleam in his eyes, and his heart was very calm.

He seems to be planning something!

"Escape! Escape!"

Cangshan looked terrified, waved his arms, and shouted loudly at the crowd.

"What is this?"

"These are not giant spirits, giant spirits don't have such a strong pressure, what are they?"

"Void Devouring Beast, only Void Devouring Beast can tear the void."

Everyone fled in a hurry, and in the blink of an eye, they had dispersed and escaped for dozens of miles.

"Chen Feng, why are you in a daze!"

Cangshan yelled at Chen Feng: "What are you doing, run away!"

"It's not that I don't want to escape, it's that I can't escape."

Chen Feng smiled bitterly, his eyes full of helplessness.

In spite of that, he remained calm.

He is still pretending, as if to deceive everyone around him.

"Damn it! This damned Void Devourer!"

Cangshan's face showed a resolute look, a little under his feet, he rushed up and rushed towards Chen Feng.

"I'll stop one for you, take the opportunity to break the encirclement, hurry up!"

"Dayan Tianluo Chessboard Secret Technique! Seal!"

With an angry shout, the power of infinite stars poured out of him, and the stars were dazzling, and a curtain of light opened behind him.

In the pitch-black light curtain, little stars flickered, and the stars were densely covered, like a chessboard, instantly surrounding Chen Feng.

On the Star Luo chessboard, a tyrannical aura emanated, blocking the arms of the four Void Devouring Beasts.

"Run away!"

Cangshan's face was pale, and he shouted loudly: "I can't last long!"

However, Chen Feng seemed to be frightened and remained motionless, looking up at the four void-devouring beasts.

There was no wave in the ancient well at the bottom of Chen Feng's eyes, staring silently at the void.

I saw that the four arms gradually ripped apart the void, revealing a huge body that was a thousand meters high.

Those were four pale, beast-headed monsters, their heads were extremely horse-like, and the canine teeth in their mouths were intertwined.

The strong oppressive force caused a hurricane to spread out.

Boom boom boom!

The gust of wind roared past, overwhelming the surrounding mountains and forests.

For a time, the sand and stone were thrown away, and the thousand-year-old giant tree was uprooted!

The leading Void Devouring Beast raised his head, and suddenly opened a scarlet vertical pupil eyeball in front of his forehead.

The scarlet one-eyed stared at Cangshan, hoarsely roaring: "Whoever blocks me, die!"

While speaking, the sturdy arm suddenly protruded out and smashed straight at the Star Luo Chessboard!

boom!

The power of the bursting stars forms an energy wave, which can be seen to spread to the naked eye!

Under the mighty force, the Star Luo Chessboard was like a piece of paper, and it shattered in an instant!

The light burst open a large hole, and the arm passed through it, pinching Cangshan.

"puff!"

Cangshankou vomited blood, and his chest was instantly crushed by giant force, and the sound of broken bones was clearly visible.

In that huge palm, Cangshan was as ridiculous as an ant, roaring in pain.

The next moment, with a 'bang' sound, blood splattered!

Cangshan was instantly squeezed into a blood mist, and it fell down without even having time to scream!

The Void Devouring Beast turned the horse's face, revealing its sharp canine teeth, and grinned strangely: "Chen Feng, this is your fate!"

"Too strong! How can I be an opponent?"

Chen Feng's words were very frightening, but his eyes remained calm.

And, with a hint of joking, *novelusb.com*

"Chen Feng, look good, I have the strength to surpass the fairyland of the imaginary land!"

The Void Devouring Beast laughed cruelly: "The power of the Holy King Realm, crushing you is like crushing an ant!"

"Alright!"

While speaking, he waved his arm, and infinite power poured out of his palm!

That tyrannical power condensed into sharp blades, scattered in all directions, pierced through the void, and escaped into the distance.

boom! boom! boom!

Immediately afterwards, there were bursts of crackling sounds from the original place, and the coquettish blood flowers burst.

The people who escaped before were all beheaded in the blink of an eye!

"Chen Feng, the next one is you!"

The four Void Devouring Beasts suddenly turned their heads, and the scarlet one-eyed stared at Chen Feng.

Then, they raised their arms at the same time, condensed sharp blades in their palms, flashing starlight, and slashed at Chen Feng!

Four sharp blades danced in midair, and in the blink of an eye, they slashed through Chen Feng's body hundreds of times!

Chen Feng's body shattered and turned into a pool of blood.

At this moment, all the breath and power belonging to Chen Feng disappeared and disappeared in the world.

It was as if this person had never appeared in this world.

"Chen Feng, he's dead!"

The leading Void Devouring Beast looked around for a long time before saying this sentence with great certainty.

"Chen Feng is a waste. He is the weakest of all the homologous people I have ever seen."

Another Void Devouring Beast sneered: "Don't be nervous, we can withdraw the illusion."

The other three looked at each other, nodded, and stretched out their hands.

As the hand formula changed, a mysterious aura emanated from the four giant beasts and spread to the whole world.

'click-'

Suddenly, there was a cracking sound from the side.

The surrounding world is like a lens, gradually cracking, shattering into pieces, and fading of color.

After a while, the surrounding scenery changed completely and became a void.

And the four Void Devouring Beasts gradually shrank in size, turning into four mysterious people in black robes and golden masks.

The masks of these four people are engraved with a number.

They are: 'six', 'seven', 'eight', 'nine'

Among the four, a burly body floated quietly.

That is Chen Feng!

But his eyes were tightly closed, there was no breath on his body, and even his mind was dark and completely silent.

The mysterious man 'Liu' eyes flickered, and his voice was hoarse: "After being hit by our 'Death and Killing Illusion Technique', you can't escape even the peak of the immortal world, let alone this guy who only stepped on the threshold!"

"He thinks he is dead in the illusion, but in reality, his consciousness will also be wiped out!"

The mysterious man 'Qi' snorted coldly: "Stop talking nonsense, quickly destroy his body, and go back for business!"

"A little later, I'm afraid the top of the sky will find it!"

The mysterious people 'Eight' and 'Nine' also showed fear in their eyes, and nodded in agreement.

"He's dead! Such a trivial matter, so worry? I'll kill his body!"

The mysterious man "Six" said coldly, stretched out his hand and grabbed Chen Feng's face.

In the palm of the hand, the power of the stars is condensed, and the momentum is fierce!

It seems that Chen Feng's head will be crushed in the next moment!

"Who said I was dead?"

At this moment, Chen Feng suddenly opened his eyes, and raised his arms with a half-smile.

One punch!

In the sea of stars, the stars twinkle, and the power of the infinite stars pours out!

Chen Feng's arms, muscles tense, burst into a powerful force, and instantly slammed into the chest of the mysterious man 'Six'!

boom!

Chapter 5814 is about to break through!

The mysterious man 'Six' was full of astonishment, and was blasted out in an instant!

"You, how could you not die?"

"Want me to die?"

Chen Feng's eyes were playful, and he chuckled: "Just relying on your clumsy illusions, do you still want to trap me?"

"You, when did you find out about the illusion?"

The mysterious man 'Seven' looked surprised and asked in a deep voice.

"I came out from the top of the sky, and I found it before I returned to the East Wasteland."

Chen Feng narrowed his eyes and said with a smile: "At that time, I already felt something was wrong, but there was no evidence, so I started to test slowly."

"For the first time, when I revealed the news of the top of the sky..."

Hearing this, the mysterious man 'Qi' showed a strange look on his face, "The suzerain of Xuanzhen Sect was transformed by me, and I didn't show any clues!"

"madness!"

Chen Feng raised his eyebrows and sneered: "Where is the top of the sky, it is impossible for ordinary people to know! A mere sect master is not shocked?"

"From here, I knew there was a problem, but I wasn't sure what the **** was going on."

"Until the back, you guys are full of loopholes, everyone's strength doesn't match Xihuang, there is a stupid guy who actually asked me if I would ride a monster?"

"Your illusion is very strong, but the people who control it are extremely stupid!"

When the words came to this point, the eyes of the four people flickered, and the faces under the masks were extremely ugly.

This is so ironic!

It was like a slap in the face of the four of them!

"Seven, don't talk nonsense with him!"

The mysterious man 'Liu' struggled to stand up and shouted viciously, "We will launch the secret technique again, trapping him for ten thousand years!"

"At that time, he will naturally run out of spiritual energy and die!"

"Okay! Perform illusion with Liu!"

The mysterious man 'Seven' gave a low voice, and immediately cooperated with the other two, choking with both hands.

That mysterious power rippling out again, enveloped all around, changing the world!

A colorful halo surged in the void, like splashing ink, and flew down towards Chen Feng, trying to wrap it up!

"Chen Feng, you will die painfully in loneliness!"

The mysterious man 'Six' looked proud and laughed wildly.

It seems that he has the chance to win.

"Illusion?"

Chen Feng was calm, and smiled softly: "Just knowing a little bit of fur, and being so arrogant, the world of ants is really sad and ridiculous."

"Real illusion, it should be like this!"

His eyes suddenly froze, and there was a powerful breath on his body, rushing out!

"The Heaven and Earth Overturned Samsara Divine Art!"

In an instant, in the golden spiritual world, tens of thousands of powerful spiritual torrents condensed, condensing behind Chen Feng.

Three pupils of different colors suddenly appeared!

Huge pupils seem to fill all the space!

That seven-color halo burst!

The black, white, and purple pupils radiated a strange light, which instantly enveloped the four black-robed mysterious people.

In an instant, a powerful spiritual force penetrated the spiritual world of the four!

The three mysterious people screamed a few times, fell to the ground, their eyes were empty, and they immediately lost consciousness.

Then, the three of them showed demented smiles and giggled.

Shocked by the powerful mental force, these three people turned into idiots!

"What, what kind of power is this?"

Only the mysterious man 'Six' was still holding on, but he was pale and felt endless pain.

"This is the real illusion!"

Chen Feng smiled indifferently and said: "Your so-called illusion, in front of the heaven and earth overturning reincarnation magic, is as ridiculous as a three-year-old child."

"You have enough **** to die."

The cold words directly hit the heart of the mysterious man 'Six', causing his body to tremble.

The eyes of the mysterious man 'Liu' were instantly flustered, and he hurriedly begged for mercy: "Chen Feng, don't kill me, I can tell you a secret!"

"Actually, I'm also another you!"

While speaking, he reached out and took off the golden mask and slowly raised his head.

"This is..."

Chen Feng's pupils shrank suddenly, and his thoughts surged.

The face of the mysterious man 'Six' was actually the same as that of Chen Feng, but his complexion was bloodless and looked a little sick.

On his left cheek, an ancient 'six' character was branded.

Doppelganger!

Appeared again!

Seeing Chen Feng's shocked expression, the mysterious man 'Six' was overjoyed. He thought he was alive, and hurriedly said, "Chen Feng, just let me go..."

Unfortunately, before his words were finished, Chen Feng had already launched the Heaven and Earth Overturning Samsara Magical Art again!

The black pupils suddenly burst open, rendering the body of the mysterious man 'Six' like ink.

"Uh..."

The mysterious man's voice stopped abruptly, his eyes gradually turned black, and he knelt on the ground, twitching continuously.

And his memory fragments were displayed in front of Chen Feng scene by scene.

This is one of the abilities of the Heaven and Earth Overturning Reincarnation Magic, which can check the memory of the enemy.

"Destroy the Sky Alliance..."

After a long time, Chen Feng took a deep breath and slowly opened his eyes.

In the memory of the mysterious man 'Six', he saw a lot of the past and understood the origin of this group of people.

This group of people actually came from different Zhongqian worlds. Like the Yuan of the Shenxu Zhongqian World, they were existences that were to be killed by the Tao of Heaven. *NOVELSb.COM*

However, the strength of this group of people is stronger, they broke the estrangement between the worlds, and established the "Destroy the Heaven Alliance" to compete with the Heavenly Dao.

In the Sky Destruction Alliance, there are countless existences like Chen Feng, and every nine people will be divided into a group and named by color.

These four people are the members of the 'Gold' group.

"People like me are called homologous... How many people are there?"

Chen Feng's eyes flickered, and he whispered, "Because I killed Yuan, I was targeted by them."

"The Destruction Alliance will not stop here, and it will definitely come to trouble me again in the future. Among them, there are powerful beings comparable to the rulers of the heavens... We must improve our strength to protect ourselves!"

"This matter, can't let the Lord of Heaven know."

The Lord of Heaven has many secrets that he did not tell him.

Perhaps, the ruler of heaven is not so reliable!

After recovering, Chen Feng turned his hand and waved, urging Taishang Yuqing Jiu Shouzheng to wrap the mysterious man's body.

In an instant, the four of them turned into ashes!

At the same time as the four disappeared, four groups of pale golden rays of light were left in the air, flickering on and off.

An extremely familiar and cordial feeling surged up in Chen Feng's heart!

"This is?"

Chen Feng raised his brows slightly, stretched out his hand and waved, and the four groups of rays of light flew up and came to him.

boom!

In that light, thousands of strands of light suddenly emerged, flying towards Chen Feng.

The speed is so fast that Chen Feng can't react at all!

The golden light soared and circled around Chen Feng's body, then poured into the body, and instantly wrapped it.

Suddenly, a powerful force slammed into Chen Feng's body!

This force is powerful, but it is not violent, but very gentle, making Chen Feng feel like he is soaking in a hot spring.

The power of the golden light, every inch, every inch, was integrated into Chen Feng's muscles, body, internal organs, and mind.

Chen Feng was extremely shocked.

His bloodline power, cultivation base, martial soul... all powers are rapidly increasing!

The shackles of the peak of the Twelve Cave Heaven Realm have been loosened!

Chen Feng, we are about to break through!

Chapter 5815 Crossing the Tribulation!

"I can't hold this breath anymore."

Chen Feng took a deep breath, no longer suppressed the desire to break through, closed his eyes, and prepared to start breaking through.

Those surging powers are still increasing, and in just a moment, they have increased by more than several times.

Chen Feng was completely immersed in it, keeping his mind on one, and ignoring what was happening outside the window.

At this time, he did not know that the surrounding environment changed, and the endless void faded away, revealing the original time-space tunnel.

In the tunnel, the white light dissipated, revealing a azure blue scene.

There are mountains and rivers in the distance, blue sea and blue sky here.

Unconsciously, Chen Feng returned to the Xuanhuang Zhongqian World, the Eastern Desolate Immortal Territory.

His vigorous figure hovered in mid-air, and a tyrannical breath flowed from his body, covering a radius of hundreds of thousands of miles!

Wherever the terrifying aura passed, birds and beasts knelt down, and plants and trees fell.

Those creatures trembled all over, as if they were kneeling and worshiping!

Not only that, all practitioners in the entire Eastern Desolate Immortal Territory felt this terrifying aura.

...

Great Desolate God's Mansion, in the main hall.

"This breath is..."

Taking the seat, the Great Wilderness God will suddenly stand up and look into the distance, "Chen Feng!"

"How could his breath be so terrifying, the threat hidden in the depths, even I felt a sense of crisis."

The Great Wilderness God General's eyes flickered, and in addition to being shocked, he suddenly smiled.

"As expected of the person I like, the potential is really limitless."

...

The three super-grade immortal gates are all extremely frightened.

Almost in an instant, the people of the three super-grade Immortal Sect gathered together.

In the usual days of intrigue, at this moment, everyone is very concentric and unanimous.

"What's going on? This breath is like a true immortal from the upper realm. Who is this character?"

"My sect's mythical beasts are all kneeling, trembling, and refusing to answer their calls." *novelus3.com*

"Quick! Quickly check it out, what's going on!"

When everyone was panicking, at this time, the Sect Master of the Galaxy Sword Sect stepped into the air. Not only was he not panicking, but his eyes were full of relief.

"Seniors, don't panic, I know the origin of this person."

The Sect Master of the Xinghe Sword Sect raised his chin slightly and said proudly, "This is my Sect's disciple, Chen Feng's breath!"

"Chen Feng? How could it be him?"

"Impossible, I know, although Chen Feng is powerful, but he hasn't even reached the fairyland of the imaginary land, how can he have the celestial spirit?"

The celestial aura is the essence of the power of the stars. Only by breaking through to the immortal realm and condensing the immortal energy of the stars can we have this kind of aura.

As soon as these words came out, everyone nodded, obviously not believing.

"You Xinghe Sword Sect, don't put gold on your face, how could such a person be Chen Feng?"

The blue-robed old man was full of disdain and snorted coldly.

"What if he wants to transcend the calamity and break through to the immortal realm?"

The Sect Master of the Galaxy Sword Sect was not angry, but instead waved his hand and pointed in the direction of Chen Feng.

I saw a bronze-colored, palm-sized mirror flying out of his sleeve, with blue light flashing all over his body, and it was good at the wind.

But in a moment, it has become as high as a person, and the brilliance on it flashes, showing the scenery thousands of miles away.

"This is my sect's secret treasure, looking into the sky through the secret mirror, you can see the scenery thousands of miles away."

The Sect Master of the Xinghe Sword Sect made a gesture, and the scene in the mirror changed, and a figure appeared immediately.

That vigorous posture, sitting cross-legged with eyes closed, with a calm demeanor, even a bit sacred.

"Chen Feng? It's really Chen Feng!"

In the crowd, someone who knew Chen Feng shouted in shock.

"Look, behind Chen Feng, there are colorful robbery clouds condensed, he really wants to cross the robbery!"

"Colored robbery clouds? Unheard of!"

Everyone has only seen a single color of Jieyun, and because the color of the Jieyun is different, the power of the Jieyun will also be different.

The colorful robbery clouds, the power contained in them, made everyone tremble.

"Colorful Tribulation Cloud?"

In the crowd, the eyes of you all flickered, and suddenly all fell silent.

They suddenly remembered a rumor that had been circulating for thousands of years.

"Only through the seven-color robbery cloud can we find the true heart of the earth immortal and achieve the realm of emptiness."

These great experts raised their heads one after another and looked in the direction of Chen Feng, their eyes full of anticipation.

"Chen Feng, can he survive the colorful thunder tribulation?"

...

Beidou blessed land, the top of the mountain.

Streams of light rose into the sky and landed on the top of the mountain, looking at the colorful clouds in the distance.

"This breath is big brother!"

Tian Can Beast Slave raised his eyebrows and smiled, "He's mysterious, he hasn't shown up for a long time, and I don't know where he went. I'll go look for him now."

With that said, he was about to leave for the place where Chen Feng was.

"Hold on."

But before he could leave, Fairy Yuheng stopped him, "Tian Can, take a closer look, Chen Feng is going through a calamity, you will disturb him in the past."

"This..."

Heavenly Remnant Beast Slave was slightly startled, and then his face was overjoyed: "Big brother is finally going to break through!"

"When the eldest brother arrives at Lingxu Land Wonderland, the entire Eastern Wilderness Wonderland, I'm afraid no one will be his opponent!"

"It's probably not that simple."

At this time, Immortal Mo Rin frowned slightly, looked up at the colorful robbery cloud, and said worriedly: "Ordinary people cross the robbery, the robbery cloud will not be so terrifying."

"According to the rumors, in the Great Desolation era, the ancient Buddha realized the true meaning of Buddhism, and it will attract colorful robbery clouds."

"This kind of robbery is impossible for someone who is not of great wisdom and power to survive... Chen Feng, it may be in danger."

As soon as these words came out, everyone's expressions suddenly changed, and they were all very ugly.

"How about that?"

The genius beast slave's eyes were red, and he exhaled impatiently, "I can't just watch the big brother's accident, we have to help him."

"Don't worry, I will use the method of prayer to give him support."

Immortal Mo Rin folded his hands together and recited the Buddha's verse.

The mighty voice of the ancient Buddha made everyone calm, and they all sat down and recited the scriptures with Immortal Mo Rin.

...

At this time, Chen Feng was thousands of miles away, and a void was torn apart.

In the void, several figures twisted and struggled, turned into streamers, and escaped.

"Damn, it can be considered to have passed through this layer of taboo."

Among them, a middle-aged man with a full beard and an ugly face like a ghost cursed, raised his head and looked around.

"Is this the Eastern Wilderness Wonderland?"

Beside him, a white-faced, beardless, sharp-eyed young man squinted to observe.

"It should be right."

The last one was a young girl in a bright red dress. She looked up in the direction of Jieyun, her eyes lit up.

"This breath is that Chen Feng!"

"I didn't expect it to be so easy to find him!"

The white-faced young man smiled sullenly: "I just killed the person from my Xia family, even if I cross the sea of millions of stars, I will kill him!"

"Today, let the people of the Eastern Desolate Wonderland know the prestige of our Xia family!"

"Go, kill that arrogant man named Chen Feng!"

The girl in the red dress squinted and smiled, "It's a good time for us to come, he seems to be going through a calamity."

"It's easy to kill him at this time."

"Then what are you waiting for, come with me!"

The grim-faced man shouted viciously, and set off first, turning into a phantom, and heading towards Jieyun.

...

At the same time, the entire East Desolate Immortal Region was full of colorful clouds.

Clouds surging in the sky, obscuring the sky and the sun, thousands of miles of sky are shrouded in colorful robbery clouds.

Boom!

Between the clouds, the thunder was rolling, and the golden lightning was running, mixed with the atmosphere of destruction.

Under the surging cloud of robbery, Chen Feng closed his eyes, and his whole body was agitated, still absorbing those powers.

He frowned, as if he had encountered a problem.

At this time, in Chen Feng's dantian, the stars flickered all over the sky, and the three star soul phantoms roared and roared, as if they were facing a great enemy.

[Chapter 5816: Eighty-one way Kalpa thunder!](#)

A huge amount of energy poured into the sea of stars, so that all the stars were plated with a layer of bright gold.

"The most important step in the fairyland of the virtual world is to transform the real into the virtual, and integrate it into the avenue."

Chen Feng took a deep breath, and immediately ran the Taishang Yuqing Jiu Shou Zhen Jue, mobilizing all the stars and absorbing the golden power.

The gold slowly melted into the stars, and everything seemed normal.

I don't know how long it took, all the stars turned golden, and only the three star souls were still roaring, refusing to absorb power for a long time.

"Star Soul, resisting... they are panicking..."

Chen Feng frowned, an ominous premonition rose in his heart, and Spiritual Mind immediately exited Xinghai.

In reality, Chen Feng suddenly opened his eyes and looked up.

At this time, the robbery cloud has been brewing for a long time, and the first golden thunder and lightning have assembled among the clouds, as thick as a hundred-year-old tree.

The golden robbery thunder roamed among the clouds, rumbling loudly, like a fierce dragon coming from the flood.

"Thunder Tribulation?"

Chen Feng's eyes were solemn, and he had already felt the powerful power contained in that robbery cloud!

Boom!

Before he could think about it, the first golden thunder robbery had already fallen.

The muscles on Chen Feng's body tightened instantly, urging the great furnace of the gods and demons, and the power of blood was like a volcanic eruption, gushing out and burning!

He turned into a blood-colored figure, soared into the sky, raised his arms, and faced the thunder calamity!

boom!

Golden lightning, mixed with the power of destruction, bombarded Chen Feng's body.

The flying robes on his body instantly turned into ashes and disappeared.

Thunder robbery slammed into his arms, shoulders, chest...

Chen Feng's entire body was exposed to thunder tribulation, receiving the bombardment of golden power.

"what-"

It was Chen Feng who also felt the heart-piercing pain and let out a low roar.

That kind of pain hits the soul directly. If it was an ordinary martial artist, it would have been unbearable and passed out.

Only Chen Feng was able to grit his teeth and hold on.

The golden thunder robbery ran on Chen Feng, and it took a full quarter of an hour before it slowly subsided.

"call-"

Chen Feng let out a long sigh, only to feel that the strength of his whole body was exhausted, and he was weaker than ever before.

"Is this the Thunder Tribulation of the Immortal Realm? It's really tyrannical!"

He looked up at Jieyun, his eyes became more and more solemn.

Chen Feng had never experienced this kind of thunder calamity, so he didn't know how many there were.

He has to be fully prepared.

Chen Feng remained silent, and turned out all his magic weapons with his backhand.

Major Xiuluo Hong Furnace, Soul Evocative Pen, Immortal Seal of Tianquan Town, Clock of Time...

This time Tribulation is different from before, he has to bet everything.

Above the sky, thunderclouds rolled, and among the gorgeous colorful clouds, another golden robbery thunder was born.

This time, the tribulation thunder was even thicker, more than twice as thick as before!

The power is also twice as strong as before!

"This robbery thunder should be resisted with a soul-eating pen..."

Chen Feng glanced at it, and with a wave of his hand, the power of the stars poured into the magic pen.

The soul-enchancing Qiankun pen bloomed with dazzling light, flew up, and rushed straight to the robbery thunder, bang!

boom!

After a burst of thunder, brilliant golden lightning exploded in mid-air, and arcs of electric arcs dissipated between heaven and earth.

The soul-enchancing Qiankun pen also turned into coke, lost its aura, and fell into Chen Feng's hands.

"I don't know if these instruments are enough for me."

Chen Feng smiled bitterly and continued to wave his hand to control the Immortal Seal of Tianquan Town.

...

In the sky, there was thunder after another, which lasted for a day and a night.novelusb.com

"The eighty way..."

Chen Feng's eyes were filled with exhaustion. He held the Qingqiu Tianlong Sword tightly in his hand and stared at Jieyun.

Beside him, there are countless wreckages of magical instruments scattered.

All the treasures Chen Feng had accumulated over the years were exhausted in this thunder calamity.

Even the big Shura oven could not escape the fate of being shattered by the robbery.

Fortunately, many treasures have not been completely destroyed. Although they have lost their spiritual energy, the embryos are still there and may be repaired in the future.

"This should be Nine Nine Tribulations Thunder, with a total of eighty-one paths."

Chen Feng's eyes became more and more solemn, and he whispered: "The last tribulation thunder is also the strongest tribulation thunder, and we must deal with it with all our strength."

Having said that, he took a deep breath, swallowed an elixir, and cheered up.

At this time, in the sky, the colorful clouds, the brilliance also condensed to the extreme.

Colorful rays of light illuminated the entire Eastern Desolate Immortal Territory.

Countless pairs of eyes are staring at Chen Feng, wanting to see the birth of the strongest spiritual immortal.

Boom!

Finally, the colorful tribulation cloud brewed the last tribulation thunder, and in the surging, the golden tribulation thunder stuck its head.

It was an extremely sturdy thunderbolt, just sticking out its head, it was the size of a mountain.

The golden thunder and lightning condensed into a thundering dragon, rolling in the colorful clouds, roaring and roaring.

"Dragon Robbery?"

Chen Feng's pupils shrank suddenly, and he took a deep breath.

The Dragon Tribulation is the strongest in the Thunder Tribulation!

Jielong not only possesses the powerful power of thunder and lightning, but also possesses short-lived spiritual consciousness and knows how to deal with practitioners.

This kind of thunder tribulation, everyone has only heard of it, and has never seen it.

"It even attracted the dragon robbery, you boy, your luck is really bad!"

At this moment, not far from Chen Feng, a gloomy laughter suddenly sounded.

"Someone?"

Chen Feng frowned slightly and suddenly turned to look.

I saw that three figures appeared not far away.

The leader is the white-faced young man, and the person who speaks is the ghost-faced strong man.

The eyes of these three people were not good, and there was a murderous aura on their bodies, and their intentions were self-evident.

"Chen Feng, do you still remember the Xia family who was killed at the entrance to the secret realm a month ago?"

The white-faced young man's eyes were sharp and he said coldly, "The three of us are the Xia family from the Nine Heavens and Ten Earths, the Dazhi Star Region!"

What he said was that when Chen Feng took the blood of the gods and demons, he met a few overachieving people.

"Xia Family, Xia Gui."

The ghost-faced strong man took out a long black knife and stared at Chen Feng viciously.

The girl in the red dress laughed like a silver bell, "Xia family, Xia Fengxue, send you a ride."

"Xia Family, Xia Fenghan!"

The white-faced young man said coldly: "Today, we will kill you and honor my Xia family's prestige!"

"Xia Family?"

"There are so many people who want to kill me, I can't remember such a small role as you."

Chen Feng's expression was indifferent, and without looking at the three of them, he turned his head to look at Jieyun again.

At this time, everyone in Beidou Blessed Land was anxious.

"No, big brother is in danger!"

The expression of Tian Can Beast Slave suddenly changed, and without saying a word, he stepped into the air, turned into a streamer, and walked towards Chen Feng.

"Don't be in a daze, everyone, hurry up and help."

Fairy Yuheng's pretty face changed slightly, and she hurriedly appealed to everyone and followed.

...

The people of the Chaopin Immortal Sect had different thoughts, but they were all surprisingly united and rushed towards Jieyun. Everyone was worried about Chen Feng, but he was the only one who looked indifferent and stared straight at Jieyun, not paying attention to the three at all.

[Chapter 5817: war! Robbery!](#)

"This kid is too mad, watch me kill him!"

At this moment, Xia Gui couldn't bear it any longer, he shouted angrily, the long knife in his hand shook, and he flew up.

"Kill the Heavenly Vault of Ghosts!"

The long black sword in Xia Gui's hand suddenly turned into a black light that split the sky, traversing 10,000 meters!

At this moment, the black sword light enveloped thousands of miles, and Chen Feng was instantly blocked by this sword, all the way out!

The black light seems to devour everything!

Xia Feng smiled coldly: "Although Xia Gui is only a servant of our Xia family, his strength is tyrannical and has the strength of a fairyland of five tribulations."

"Killing this Chen Feng is easy."

The strength of the Five Tribulations Earth Immortal is indeed very strong, and in the entire Eastern Desolate Immortal Territory, it can be regarded as a first-class powerhouse.

"Little beast, go to hell!"

Xia Gui was even more confident, and with a gloomy smile, he followed the sword light and attacked Chen Feng.

He is so arrogant!

He even wanted to get close, and cut off Chen Feng's head with one knife!

"Playing with knives in front of me?"

However, Chen Feng just glanced at him without any waves in his eyes.

A five tribulation earth immortal, in front of him, there is no big threat at all.

Compared to Xia Gui, the dragon robbery in front of you is the real crisis!

At this moment, Jielong opened his mouth and roared, making a rumbling sound of thunder, resounding for thousands of miles.

Jielong roared, rushed down, and attacked Chen Feng!

And Xia Gui, who was behind Chen Feng at this time, smiled sullenly, and fell with a knife!

There are tigers in front and wolves behind!

In an instant, Chen Feng was caught in a dilemma!

"Since you're here to die, I'm welcome!"

But Chen Feng didn't panic at all, instead chuckled, turned around suddenly, and looked at Xia Gui.

His speed was extremely fast, and in an instant, he was face to face with Xia Gui.

Xia Gui suddenly trembled in fear and sighed inwardly.

"What's going on? Why is this little beast so fast? I didn't even see clearly how he turned around!"

But before he could think about it, a crackling sound suddenly sounded on Chen Feng's body, followed by a loud noise, as if something was burning.

The devil's oven!

There was a smile on the corner of Chen Feng's mouth, with a bit of ridicule and a bit of cruelty.

At this time, the power of the blood of the gods and demons penetrated the whole body, his muscles were tense, his muscles were bulging high, and his blue veins were twisted.

"come over!"

Chen Feng let out a low voice and slammed Xia Gui's face with a palm!

Just relying on the power of the flesh, it is enough to tear the void and bombard it down!

boom!

Xia Gui was hit hard, and blood immediately flowed from his nose and mouth, causing his eyes to feel dizzy.

Immediately afterwards, Chen Feng sneered, grabbed his neck, and punched him in the chest!

Around the fist, there was a hunting sound, tearing open the void!

boom!

This punch hit Xia Gui's chest fiercely!

Xia Gui suddenly let out a "wow", his limbs loosened, and he temporarily lost the power to resist.

"Do you want to know the power of the dragon robbery?"

Chen Feng carried Xia Gui, and asked lightly in his ear.

The power of dragon robbery?

Xia Gui was stunned, and then reacted immediately, shouting in horror: "Don't..."

However, it's too late!

Chen Feng mentioned him, took a deep breath, used the power of the blood of the gods and demons, and threw him out!

Xia Gui screamed miserably, and smashed at Jielong!

boom!

In the blink of an eye, he still collided with the dragon's head, swaying circles of thunder.

Jielong roared, the power of thunder and lightning on his body became more and more irritable, and his sharp claws grabbed Xia Gui fiercely.

"do not want!"

Xia Gui's eyes were full of horror, and he shouted miserably.

But, totally useless.

The thunder and lightning claws of the dragon robbers slammed on him, and immediately electrocuted it into a ball of coke.

Then, the dragon roared and turned back to the robbery cloud, brewing the next attack.

And Xia Gui's body fell down, turned into fly ash with the wind, and dissipated between heaven and earth.

"The power of the dragon robbery is really powerful."

Chen Feng's eyes became more and more solemn, and the Qingqiu Tianlong Sword trembled slightly in his hand, ready to strike with all his strength.

At this time, Xia Fenghan and the two looked shocked, and looked at Chen Feng blankly.

He actually, easily, solved Xia Gui?

Is this person the strength of the Twelve Cave Heaven Realm?

At this moment, Xia Fenghan had thousands of questions in his heart, and even more fear and anxiety.

Only then did he realize that he couldn't see through Chen Feng at all.

"Brother, no, there are many people coming this way!"

Xia Fengxue's pretty face changed slightly, her eyes were worried, and she looked around, "Why don't we retreat first and plan for the long term!"

"Can't retreat!"

Xia Fenghan's face became a little more hideous, and he said word by word: "If I lose again this time, what will my Xia family's face be?"

"Fengxue, you protect the law for me, I want to invite my ancestors to come here and teach this group of trash in Donghuang!"

"Please Old Ancestor?"

Xia Fengxue's bright eyes flickered, and she snorted: "Brother, don't worry, they can't disturb you with me."

As she spoke, her hands formed seals, and a tyrannical star power surged from her body.

This woman turned out to be a Six Tribulation Earth Immortal, and her strength was much stronger than Xia Gui!

A bronze mirror flew out from her sleeve, the mirror light glowed with a cold glow, and the whole body was covered with purple light, forming mysterious words one after another, condensing into a big formation.

In the blink of an eye, an eighteenth-story formation rose from the ground, interlocking in series.

The purple light array is interlocked, like a big turtle shell, buckled on the top of the mountain, isolating the surrounding.

Within the big formation, Xia Fengxue looked around, feeling quite proud.

"My purple light flowing and wind formation, even if it is a twelve tribulation earth immortal, don't even think about shaking it!"

Her eyes moved slightly, she turned her head and slashed at Xia Fenghan, and sighed softly, "I just can't see the scene outside, I can only wait for the big brother to call the ancestors, and then open the big formation."

"I hope that Chen Feng will not be a coward, turn his head and run away."

After all, she restrained her mind and tried her best to maintain the operation of the grand formation.

"Brother, I'm here!"

At this time, a green streamer from the north galloped, and in a flash, it came not far from Chen Feng.

"Brother, where is the enemy? I tore him up!"

Heavenly Remnant Beast Slave looked around with anxiety on his face.

But at this time, Chen Feng didn't have the energy to respond to him, so he could only concentrate and stare at Jieyun.

After a while, tens of thousands of streamers came from the sky and hovered around the robbery cloud.

Almost all the masters of the Eastern Wilderness Wonderland gathered here, most of them wanted to see Chen Feng's demeanor of transcending the calamity, and some wanted to see Chen Feng's jokes.

Even, want to see him die at the hands of the enemy.

"These people are really brave, they dare to come to my East Emperor to be wild!"

"Look at the old man breaking this big formation, and teach these two little brats a lesson!"

Over there, there were many experts from the Galaxy Sword Sect, who were very unhappy in their hearts and went to besiege the Ziguang Liufeng Formation.

"Okay, stop arguing, look, Chen Feng is going to fight the dragon!"

Someone shouted again, and everyone immediately fell silent, all focusing on Chen Feng.

Boom!

At this time, the colorful clouds had condensed into a ball, from the initial radius of thousands of miles, to only a few miles in size. However, the power in this has not decreased, but it has become more and more solid!

[Chapter 5818: Exterminate!](#)

The 10,000-meter-long robbery dragon has become more and more solid in shape, with a sturdy head and horns, and the scales are dense, and it is already lifelike.

"This is not an ordinary dragon robbery, but the strongest existence in the dragon robbery, the fate of the dragon robbery!"

Immortal Mo Rin's old face was solemn, and he said solemnly: "The fate of the dragon is born in response to the robbery, and the life is like a mayfly, and can only survive this robbery, but the power is a practitioner of the imaginary land of the fairyland, and it is completely incompetent. "

"This last calamity, Chen Feng is probably the worst."

"what?"

Tian Can Beast Slave looked shocked, and hurriedly shouted: "Old Mo Rin, hurry up and think of a way to help my big brother!"

Immortal Mo Rin shook his head and sighed: "This is an immortal calamity, no one can help him, Chen Feng can only carry it himself."

Fairy Yuheng frowned slightly, her eyes flickering, and after a long time she said, "If it is someone else, there may be no hope."

"However, the transcendence is Chen Feng! Everything is possible with Chen Feng, and we must have confidence in him."

Everyone was silent, and each prayed for Chen Feng.

Hope, Chen Feng can survive this disaster.

At the same time, the colorful robbery cloud was completely brewed, and the Heavenly Fate Tribulation Dragon roared and fell down! The golden light flickered around the robbery dragon, and the thunder and lightning rang out, as if to burst the sky! The power of this claw made many practitioners in the Immortal Realm tremble with fear, and they even retreated for several miles.

"The Promise Destruction Blade!"

Chen Feng shouted loudly, running Taishang Yuqing Jiu Shou Zhen Jue, and mobilizing the power of the stars with all his strength.

At this moment, the sea of golden stars lit up the power of pure golden stars and poured into the Qingqiu Heavenly Dragon Saber! Roar! In the ocean of stars, the three phantoms no longer resist the power of the golden stars, and cooperate fully to cut out this sword! This knife, dark and dull, seems to be able to devour the world! The invisible sword qi blasted away and fell on the ground, severing the mountains and rivers, leaving behind ravines.

Slash above the sky, smash the robbery cloud, and divide it into two! "Death to me!"

Chen Feng glared angrily, roared, and waved the Qingqiu Tianlong Sword, slashing at the dragon claws of the Heavenly Fate Tribulation Dragon! boom! The next moment, the blade, the dragon claw, collide together! The power of the shattered stars and the power of the robbery formed a huge storm, pushing everyone away dozens of miles away.

The gust of wind swept all around, blinding everyone's eyes, and also blinding Qi Qi.

No one knows what the result will be.

"how's it going?

Chen Feng, have you resisted this knife? "

Everyone took a deep breath and stared at the center of the storm.

The dust slowly dissipated, finally revealing a stalwart, majestic figure.

Holding a knife, Chen Feng stood proudly between the heavens and the earth.

On his shirtless upper body, above the strong muscles, there were patches of scorch, and thunder and lightning were beating.

The knife in his hand was broken, and only half remained.

Although that appearance was miserable, there was an air of arrogance, unwilling to succumb to the arrogance of heaven and earth! "Big brother, big brother is still alive, he's fine!"

The Heavenly Remnant Beast Slave was overjoyed and laughed: "I just said, how could Big Brother be defeated by this little robbery cloud."

Although, everyone had expected this result, but when they saw it, they were still shocked and looked in awe.

"Anyone who can resist the fate of the dragon and the dragon, in the entire Eastern Wilderness, apart from Chen Feng, I am afraid that there is no second person to be found."

"Chen Feng, this child's talent is extremely terrifying, so terrifying!"

"Wait, you see, it seems that it's not over yet, the Heavenly Fate Tribulation Dragon is still there!"

With a loud shout, everyone suddenly stopped talking and turned their heads one after another, their eyes falling on the robbery clouds.

Sure enough, in the robbery cloud, a broken figure roared in a low voice and slowly swam.

It's Heavenly Fate Tribulation Dragon! At this time, only one-tenth of its tens of thousands of miles of body was left, flickering and dark, looking much more miserable than Chen Feng.

However, the Heavenly Fate Tribulation Dragon is always the Heavenly Fate Tribulation Dragon! Even if there is only one tenth of it left, the power is enough to kill a twelve robbery spirit immortal.

"Why are you still here?"

Chen Feng looked at Jielong with a wry smile.

Only he himself knows that, in fact, he was able to resist the blow of the Heavenly Fate Tribulation Dragon just now, it was a trick! Before, Chen Feng absorbed the energy of the gold group's 'six', 'seven' and 'eight', which was too huge to be absorbed completely.

Therefore, he used nine-tenths of his power, which was the knife just now.

This is also why the Qingqiu Tianlong Sword will break! The power is too violent, and it is simply not something that Qingqiu Tianlong Sword can handle.

However, when this strength was used up, Chen Feng's body also reached the limit, the meridians burst, and his muscles trembled.

He no longer has the strength to strike again.

Roar! The Heavenly Fate Tribulation Dragon roared, waved his claws again, and grabbed hard at Chen Feng.

Around the dragon claw, thunder and lightning run and rumble, and it can tear everything apart! "The magic weapon, the strength, it's all already" Chen Feng frowned, his body was shaking, because he was exhausted, it was difficult for him to move.

However, he didn't give in, let alone give up, but looked around and his mind changed.

"That is?"

When Chen Feng saw the purple light and the wind, his eyes suddenly lit up and he smiled.

"This great formation looks like a bastard. It seems that its defense is very strong, and it should be able to block the dragon robbery for me."

After making up his mind, Chen Feng gritted his teeth and tried his best to move his body.

Snapped! He slapped his thigh hard, stopped the trembling muscles for a moment, then roared and walked through the air! boom! Chen Feng stepped on the void and burst out the final power of the void, forming a powerful thrust! He was a bit embarrassed like a cannonball, but he was very fast and rushed to the side of the purple light array.

Roar! Tianyun Jielong roared, thinking that Chen Feng was going to run, and immediately turned around and chased after Chen Feng.

"It's now!"

Chen Feng seized the opportunity, a sneer evoked at the corner of his mouth, and suddenly fell.

boom! He smashed into the ground ruthlessly, losing his strength to protect his body, and his back hurt from the fall.

However, Chen Feng did not cry out in pain, but instead laughed.

Because, he saw with his own eyes, the Heavenly Fate Tribulation Dragon collided with the Ziguang Liufeng formation! boom! With a loud bang, the Heavenly Fate Tribulation Dragon was smashed into pieces, turned into a thunderous light, and completely dissipated.

The purple light flow and wind array was even worse, and it exploded directly into dots of purple light that flew between the heavens and the earth.

In the great formation, there were three figures, extremely embarrassed, were blasted thousands of meters, and their bodies were charred black.

[Chapter 5819: Grandpa!](#)

At this time, no one paid attention to this group of people, but focused their attention on the robbery cloud.

I saw that between the sky, the golden robbery cloud shone brightly, turned into mist, and dispersed.

The golden mist drifted past, gathered beside Chen Feng, wrapped him, and penetrated into his body.

At this moment, the huge spiritual power was turbulent, and it exploded in every part of Chen Feng's body, allowing his body to undergo a sublimation.

"Is this the power of the immortal spirit?"

Chen Feng felt the powerful spiritual power, closed his eyes, and began to cultivate and absorb.

"This is?"

"How could this mighty force be a fairyland? I've never seen it before!"

"Even if it is the pinnacle of the Immortal Realm, I'm afraid it won't be able to reach it. This breath is too weird!"

In the distance, the crowd watching was like a frying pan, and there was a lot of discussion and noise.

...

"Is this power the legendary realm of the Golden Immortal?"

Immortal Mo Rin's eyes flickered, quite shocked.

Fairy Yuheng frowned slightly and asked, "What is the realm of golden immortals? Isn't the immortal realm of the emptiness only the difference between the twelve earth immortals?"

"That's because very few people can realize the essence of the fairyland."

Immortal Mo Rin shook his head and continued to explain: "Actually, in the early days of Lingxu Land's creation, apart from the division of the twelfth-order catastrophe, there was another artistic conception."

"Earth Immortal, it's just the most common and lowest-level artistic conception in this realm."

"Above the earth immortals, there are human immortals, heaven immortals, golden immortals, and the three-layer artistic conception is differentiated."

"And the Golden Immortal artistic conception is the strongest artistic conception in the imaginary land. It can shape the body of the gods and demons.

Suddenly, everyone took a deep breath and turned to look at where Chen Feng was.

The golden light there is still flickering, and in the vagueness, you can see that there is an athletic body, looming.

"So, as long as the big brother leaves the customs, he will be invincible in the fairyland?"

After hearing this, the slave beasts looked overjoyed and laughed.

Immortal Mo Rin chuckled and shook his head, correcting: "It is the immortal invincible golden body, not the realm."

"However, an ordinary Spirit Void Earth Immortal, even if he is four realms higher than him, can't hurt him in the slightest by his physical strength alone."

The voice was behind, and everyone was still shocked and praised.

But at this moment, behind everyone, there was a sneer, full of sarcasm.

"Golden body is invincible?"

"It's just an Earth Immortal who has just survived a calamity, and is you boasting as a Golden Immortal?"

"Is there no one in Donghuang, you hold a hairy boy so high!"

The arrogance and arrogance in that voice were instantly exposed.

"Who is so mad?"

When everyone heard it, they were furious and turned to look.

I saw that in front of Xia Fengxue and Xia Fenghan, there was an old man dressed in black robes with white hair and beard.

The Xia Fenghan brother and sister were a little embarrassed, disgraced and covered with scars.

"Ancestor, don't let the people in Donghuang see my Xia family's jokes."

Xia Fenghan's eyes were full of resentment, and he shouted fiercely.

"Shut up!"

The black-robed old man let out a low voice, "It's not you two wastes, it's not like this!"

While speaking, his sharp eyes fell coldly on Xia Fenghan.

"What the ancestors taught is!"

Xia Fenghan was so frightened that his body trembled, like falling into an ice cave, and his heart shivered.

"Go away!"

After the black-clothed old man scolded, he turned his head and looked down at everyone.

"The old man is the nine heavens and ten places, the ancestor of the Xia family, Xia Ren!"

"I came to Donghuang today for no other purpose. I just wanted to kill the little **** who offended my Xia family, in order to uphold the majesty of my Xia family!"

"I'm going to kill this little **** named Chen Feng, are you okay with that?"

His words became more and more condensed, filled with a strong sense of threat.

"From nine days and ten places, how dare you be so mad?"

In the crowd, there were naturally some people who were not convinced, a young man in yellow robe shouted angrily and stood up.

"Old man, this is in the Eastern Wilderness, don't be mad!"

"Noisy!"

Xia Ren didn't even look at him. With a wave of his hand, the power of the stars surged out!

boom!

No one could see clearly how he made his move, but only saw the black light bombarding the yellow-robed youth.

Black flames rose out of thin air, wrapping the yellow-robed youth.

Accompanied by a scream, in a flash, the young man in yellow robe was burned to ashes.

"Who else wants to talk?"

Xia Ren's old face was sullen, his eyes flickered with fierce light, and he looked at everyone.

"Fellow Daoist, I am Donghuang Super-Grade Immortal Sect..."

At this moment, an old man in gray robe frowned and stepped forward.

But, before his words were finished, Xia Ren waved and slapped again!

boom!

Black flames rose, wrapped around the gray-robed old man, and screamed again.

"Noisy!"

Xia Ren stared at everyone coldly, with a sinister smile on the corner of his mouth.

Looking at the crowd is like looking at a flock of lambs to be slaughtered.

"Hey, this strength, I am afraid that it is at the peak of Lingxu Land's fairyland?"

"No, this level of strength is far beyond the fairyland of the emptiness, and I am far from being an opponent!"

"Only Lord Arrogant General may be able to compete with him."

Everyone was terrified.

This person is likely to be a master of the Holy King Realm!

"A bunch of trash, get out of here!"

Xia Ren snorted coldly, and the momentum rolled around, condensed and rolled in the sea of clouds.

The thick and cruel atmosphere instantly suppressed everyone.

No one dared to make a sound, not even to breathe!

Those masters and seniors who are known as super-grade immortals, all huddled in the crowd, pretending not to see.

The ancestor of the Xia family alone is overwhelming the immortals of the Eastern Wilderness!

"Old Ancestor, it's really invincible!"

Xia Fengxue couldn't help sighing, her pretty face was full of pride, she looked at Chen Feng's golden light cocoon.

"This time, Chen Feng is dead!"

And Xia Ren also took a step forward, stepping over a kilometer and heading towards Chen Feng.

"Old dog, don't touch my big brother!"

At this moment, I only heard a loud shout from the crowd!

Heavenly Remnant Beast Slave's eyes were red, and his figure flashed, blocking Xia Ren's face.

"Big brother?"

Xia Ren's footsteps paused, and he squinted at the beast slave, "A little beast who is not even an immortal, dare to stop me?"

"Since Chen Feng is your eldest brother, I will use you first!"

Before he finished speaking, his figure moved, and he instantly came to the side of the beast slave.

Ka Ka Ka Ka!

In the blink of an eye, the limbs of the slave beasts were twisted at a strange angle, and blood was overflowing!

"what-"

Heavenly Remnant Beast Slave screamed, and every inch of his body was broken.

The pain of a broken bone spread all over the body.

"stop!"

At this time, Immortal Mo Rin and others couldn't help it, and they flew up one after another, preparing to face Xia Ren.

"A bunch of idiots!"

However, Xia Ren swept over the crowd slightly, with disdain in his eyes.

These people are too weak!

He is so weak that he can kill everyone with his backhand!

"A group of ants, the old ones are too lazy to do it!"

Xia Ren snorted coldly, "Give me death!"

While speaking, around his body, black flames flew out, like a lotus blooming!

[Chapter 5820: The world is invincible!](#)

"Not good! Everyone step back!"

Fairy Yuheng's pretty face changed suddenly, and a chill came from her heart.

This black flame, if there is a trace of it, I am afraid it will not end well.

"Hell Evil Lotus Fire..."

Immortal Mo Rin frowned, as if remembering something, and panic flashed in his eyes.

"Everyone stand back!"

Then, he suddenly shouted loudly, waved his sleeves and made a seal with his hands, urging the golden Buddha light.

In mid-air, behind Immortal Mo Rin's back is a masterpiece of Buddha light, and there is a faint Qionglou Yuyu, looming.

Buddha country!

His star soul turned out to be a Buddhist country!

"The star soul of the Great Wilderness!"

Xia Ren raised his brows slightly, and suddenly discovered something interesting. In addition to his surprise, there was also a hint of excitement.

I saw that in the Buddha country, there was a figure of a stalwart Buddha.

Kind eyes, open chest and belly, long earlobe shoulders.

"Shen-evil!"

That kind Buddha scolded in a deep voice, squeezed the lotus seal in his hand, and pressed down the evil lotus fire in hell.

boom!

In an instant, the golden light and the black light shine at the same time!

Add radiance and beauty to each other, dazzling.

The black flames condensed into the face of an evil spirit, roared up to the sky, and continued to wrap around the Buddha.

Although the Buddha's face did not change, the Buddha's light on his body gradually dimmed, and his body was gradually corroded.

"Cough-cough-"

Immortal Mo Rin's face was pale, and he coughed twice, with blood stains.

"Don't be stunned, you can't resist, hurry up and leave with little friend Chen Feng!"

With anxiety in his eyes, he turned his head and shouted at the crowd.

"Master Mo Rin..."

Fairy Yuheng took a deep breath, gritted her teeth, turned around, and walked towards the light cocoon formed by Chen Feng.

At this time, Xia Ren narrowed his eyes, and his old face became more and more excited.

He stared at Immortal Mo Rin, "Old monk, your origin is indeed extraordinary, and you have many secrets."

"Unfortunately, your strength seems to have lost a lot, and you are not my opponent at all."

"Also, that little **** named Chen Feng can't escape from my palm!"

Xia Ren's eyes were sharp in an instant, his arms twitched, and the power of infinite stars surged out!

"The evil lotus fire in hell, the fire of karma burns the sky!"

boom!

That black flame instantly soared several times, blazing blazingly, beating, with a tendency to skyrocket!

The evil lotus fire of **** devoured the phantom of Buddha!

"puff-"

Immortal Mo Lin spat out a mouthful of old blood, staggered two steps, and fell down.

That boundless night fire instantly enveloped Fairy Yuheng and the others!

The next moment, everyone will be swallowed up and burned to fly ash!

"A bunch of trash, let's bury that little **** surnamed Chen!"

Xia Ren laughed wildly, his eyes were a little crazy, and there was some expectation, "That old monk, hand over the secrets of your Buddhist kingdom!"

Saying that, he stretched out his hand and grabbed it towards Immortal Mo Rin.

In the sky, the power of the stars condensed a 100-meter giant hand and grabbed Immortal Mo Rin.

At this time, Immortal Mo Rin's eyes were dim, and blood continued to flow from the corners of his mouth.

"Little friend Chen Feng, I'm sorry, I couldn't help you."

He looked at the group of golden cocoons, slowly closed his eyes, put his hands together, and chanted the Buddha's name.

"We, this time, I'm afraid there will be ten deaths and no life."

Fairy Yuheng showed a wry smile, "It's just that I couldn't save Chen Feng, and it's not a favor for others."

Behind him, someone smiled bitterly, "If I can die for Daoist Chen Feng, I will wait ten times without regrets!"

"I'll wait, I'll die without regrets!"

Immediately afterwards, everyone followed the man and shouted loudly.

"I'll wait, I'll die without regrets!"

"I'll wait, I'll die without regrets!"

The shouting sound resounded throughout the area.

"Chen Feng, you don't blame us when you hear it, right?"

Fairy Yuheng sighed faintly, looked at the black flame in front of her, and closed her eyes in despair.

The evil lotus fire of **** is surrounded, and it is about to devour everyone.

"Big brother!"

Outside the flames, the eyes of Tian Can Beast Slave were crimson, ignoring the pain on his body, he shouted at Jin Cocoon.

"Your brother, you are going to die soon!"

Xia Ren sneered disdainfully, and continued to torture Tianruan Beast Slave.

Along with the screams, the Heavenly Remnant Beast Slave was covered in scars, broken bones pierced through his muscles, and blood was dripping!

"Who said I was going to die!"

At this moment, amidst the monstrous karmic fire, a cold question suddenly came.

It's Chen Feng's voice!

I saw that in the flame, the golden light cocoon suddenly began to flicker, and the frequency was getting faster and faster!

boom!

In an instant, the golden light burst!

The golden light soared into the sky, like a sharp blade, piercing the evil lotus fire of hell!

Then, pierce the dark clouds, pierce the Eastern Wilderness, pierce the sky!

At this moment, everything in the world loses its color.

Only that touch of golden light is the only color between heaven and earth, dazzling!

In the golden light, a vigorous figure slowly walked out.

The first step is to smash the evil lotus fire of hell!

The black flame, with a bang, disappeared between the heavens and the earth.

The second step is to smash the void within a radius of 100 meters!

With a bang, the sky shattered, revealing a pitch-black void.

The power of the void is raging, forcing everyone to retreat again and again!

The third step is to smash the radius of thousands of miles, the aura between this world!

Everyone's breath was stagnant, and they were instantly imprisoned in the same place. No matter their body, cultivation, or spiritual sense, they could not use it!

That figure is the ruler of this area!

Finally, the golden light gradually dissipated, and everyone could finally see clearly the appearance of that figure.

It was Chen Feng without a doubt, but not all.

At this time, Chen Feng, with his upper body naked, his perfect muscles bulging, radiating ancient golden light, like a **** in the world!

He is different, it is the essence and momentum in his body.

Chen Feng really has an aura that is invincible between heaven and earth!

The world is invincible!

This is the golden body of the fairy!

"It turns out that the imaginary land of the fairyland is this kind of power."

Chen Feng stared at his fist and lost his mind for a moment.

Now, not only his body has turned golden, but even the sea of stars has turned golden.

Moreover, the ocean of stars shrunk into a ball, like a chaotic universe, in which the three star souls also turned into three golden statues.

It is like a **** who stands above the ground in this chaotic universe!

The three star souls, you have me, I have you, have merged into a brand new star soul!

"The power of the star soul is also stronger..."

Chen Feng murmured a few words and didn't delve into it, "This breakthrough is completely different from the past, so we can only wait and see."

After that, he slowly raised his head and looked at Xia Ren.

In front of Xia Ren's body is a twisted body that has become a **** beast slave.

"Heavenly Remnant..."

Chen Feng's pupils shrank suddenly, and his inner anger erupted!

Turning around again, it was the fellow Daoists who were suppressed by Xia Ren and were injured in different ways.

"Old dog, you have probably lived enough."

Chen Feng's eyes gradually became cold, as cold as ten thousand years of mysterious ice.

In that calm tone, it was dissolved in invisible killing intent!

Killing intent!

So much so that it melts into heaven and earth!

Formless!

"Little beast, I didn't expect that you really have two strokes." "But, this little skill is not enough to clamor with my ancestors!"
