

## Peerless 5871

Chapter 5871 The depths of the leylines!

In the depths of the spiritual vein mine, the heart of the jade dragon.

The mineral veins extending in all directions, like ancient branches, converge to the deepest point.

A giant crystal with clear edges and corners, as high as a kilometer, is suspended in mid-air.

Below is the spring water condensed by the spiritual energy, which has been nurtured for thousands of years. Taking a drop will enable a strong person in the Tenfang Cave Heaven Realm to realize the power of the heavens and the earth and step into the spirit and immortal realm.

The stalactite hanging from the top is coiled with a whole body of jasper, like a jade dragon carved by a god, overlooking the giant spar below.

If there is a powerful person, it is not difficult to see.

This is the deeper underground of the vein, close to the core of the vein.

The intricate mineral veins, like the meridians of the human body, finally converge at the location of the heart.

The heart of the Jade Dragon, a rare sight of heaven and earth!

Only the spiritual veins with abundant spiritual energy can absorb various powers such as immortal power, Taoism, qi and blood, and there is a 1 in 10,000 possibility that a spiritual stone like a heart will be born.

This is the heart of the Jade Dragon.

"This deity has been searching for you for many years, and finally found you."

A man in Tsing Yi with a stern face placed his palm on the heart of the Jade Dragon.

The power contained within is pure, rich, and not stained with any impurities.

The man greedily absorbed the power in the heart of the Jade Dragon. Although the aura on his body improved, it was extremely slow.

He shook his head: "Unfortunately, the incarnation of this deity cannot absorb this power."

"Well, when the main body arrives in person and refines the ninth Jade Dragon Heart, you can perfectly reach the golden immortal and step into the heavenly immortal realm!"

At this time, a shout came.

"Qin Haoyan, you took great pains to deal with my Galaxy Sword Sect just for the Jade Dragon Heart?"

Luo Xingchen was bound by golden chains and tied to a jade pillar not far away.

The man smiled playfully: "In addition to the Jade Dragon Heart, I have another goal."

"Chen Feng!"

"As long as I get his source power, I can be more complete and break through the realm of immortals, just around the corner!"

Luo Xingchen was shocked and suspicious.

But before he could ask anything, he was silenced by the man.

"Be your chess piece, and when Chen Feng arrives, the deity can spare your life."

Qin Haoyan retracted his palm and fell into the spiritual pond below, concentrating on cultivation.

Suddenly, the pool water fluctuated and the cave shook.

Qin Haoyan opened his eyes immediately, and a hint of doubt flashed past.

A man in Tsing Yi ran in a panic: "Qin... Master Qin, Chen Feng broke through the second line of defense and came in!"

"finally come."

Qin Haoyan showed a smile and couldn't hide his excitement: "You go and meet him first."

"I don't want anyone to disturb me until the deity's body is purified."

The man in Tsing Yi hurriedly nodded and left in a hurry.

...

inside the mine.

Chen Feng led the Heavenly Remnant Beast Slave and moved forward quickly.

Just now, a terrifying force emerged from the depths of the ground, coming and going quickly.

Chen Feng became more and more worried about Luo Xingchen's safety.

He ordered the disciples of the Xinghe Sword Sect to rush back to the sect to support the two immortal sects of Yunqiong Wuji and stop the conspiracy of the Taiyi immortal sect.

Right now, there are only the two of them left.

The deeper you go, the stronger the spiritual energy that escapes in the mine.

"Big brother, the spiritual energy in the mine seems to be a hundred times stronger than usual!"

"It's so weird."

Chen Feng also felt that something was wrong and quickened his pace.

Soon, the two rushed out of the mine road and came to the deepest part of the Lingmai mine.

But the next moment, the two of them changed their faces at the same time.

The original open pit has turned into a bottomless abyss.

Judging from the traces on the edge, it turned out to be a palm print!

"It was slammed out by someone!"

Heavenly Remnant Beast Slave couldn't help exclaiming.

Inside the spiritual stone veins, most of them are ore as strong as chalcedony mysterious crystals, which can be used to refine magic weapons.

To be able to blast out a large pit thousands of meters deep with one palm, the person who shoots must be in the realm of Jinxian or even above!

"Xinghe Sword Sect, how can you provoke such a strong person?"

Chen Feng frowned into Sichuan characters.

Just as he was about to go deeper, there was a breath coming from the depths.

The man in Tsing Yi rushed out of the abyss and stood in the air.

"Are you Chen Feng?"

Chen Feng said coldly, "You are not Lord Qin."

The man in Tsing Yi sneered: "My name is Qing Ye, the deputy commander of the Dark Soul Guard of Taiyi Xianmen."

"Master Qin is cultivating below. Before it's over, you don't want to step into this abyss for half a step."

Chen Feng asked one after another: "What's under this?"

"Who exactly is Master Qin?"

Qing Ye snorted coldly, "Why do you need to ask so many people who are dying?"

A murderous look flashed in Chen Feng's eyes: "After searching for the soul, I can still know."

The Three Lives Treasures, the ancient Buddha's immortal soul, appear!

The three-faced Buddha rose up and sang loudly.

All sentient beings sympathize with the Buddha song!

The golden light fell from the sky, and the originally dark cave was instantly illuminated by the golden light.

In the Buddhist land, the three-faced Buddha sang the Buddha's songs and saved all beings.

Aoba's face changed suddenly, and immediately blocked the eardrum and sea of consciousness with immortal power.

But he still underestimated Chen Feng's strength.

But in the blink of an eye, Aoba let out a cry of pain, and the seven orifices bleed.

The sea of knowledge was severely damaged, and a savage gap was opened, which was heart-wrenching!

"Little beast, how dare you attack me?"

Chen Feng frowned.

The power of the incarnation outside the body is limited, and it can only perform the Buddha song of compassion for sentient beings once.

But he didn't think so, he couldn't be killed!

"Golden Immortal!"

Chen Feng broke through his realm in one sentence.

After experiencing the second-level earth immortal catastrophe, you can step into the golden immortal realm.

Jinxian is definitely not the enemy of the fairyland!

Even if he has not experienced the golden immortal catastrophe, Chen Feng is not his opponent at all.

Qing Ye endured the severe pain and said in a deep voice, "If it wasn't useful for Lord Qin to keep you, I would definitely kill you with my own hands!"

"However, if you can't kill it, you will lose your limbs, and Lord Qin won't blame me."

He made a bold move, and Tao Tao's immortal power came surging.

As soon as he punched out, thousands of stars and phantoms came.

The stars of the heavens shot out from the galaxy far away, and smashed down together with the fist shadow!

Can't stop it, but he has to stop it!

"Tian Can, retreat!"

Chen Feng shouted loudly.

He took a hard punch, and the worst thing was that his avatar was damaged, and it dissipated.

But the gods are different.

He is alive and mortal!

For a time, in Chen Feng's mind, he recalled those old friends who had long since died on the Dragon Vessel Continent.

"No, the tragedy must never happen again!"

In Chen Feng's eyes, a white light suddenly burst out.

In an instant, the fist shadow freezes, and the stars stop in mid-air.

Chen Feng was swallowed by the white light and came to a mysterious place with clear water and sky.

Nine Heavens and Ten Earths Soul Tiangong, the soul source is connected.

This is the first line of the water mirror, the realm of emptiness!

In this space where the sky and the lake are connected, the main body and the incarnation outside the body can meet in this space no matter how far apart they are.

Suddenly, ripples appeared in the space, and the projection of the main body gradually solidified.

Incarnate outside the body in a deep voice: "Master, I need your strength."

Chen Feng's face was a little dignified, and his mind moved. In an instant, he knew the experience of incarnation.

Chen Feng rarely showed a worried look: "If Jin Xian can work for it, that Master Qin will definitely be stronger!"

[Chapter 5872: Extraterrestrial powerhouse!](#)

"You and I are far apart, and you can borrow up to 70% of the power. Are you sure?"

The avatar outside the body took a deep breath: "Five percent, but it's worth a try!"

"Even if I lose, I can't let Tian Can accompany me to death."

Chen Feng was shocked.

In this world, he communicates with the body and mind of the avatar outside the body, and can naturally understand the mood of the avatar outside the body.

Chen Feng nodded heavily, the mighty stars and immortal power, through the realm of emptiness, crossed into the body outside the body.

"I will borrow the power of your immortal weapon again, and I must protect the Xinghe Sword Sect!"

Chen Feng grasped it with his bare hands, and the projection of the Seven Absolutes Divine Pearl gradually condensed.

The avatar outside the body took over the Seven Absolutes Divine Pearl, and his eyes were full of determination.

"With me here, the Galaxy Sword Sect will not fall!"

After speaking, the emptiness gradually faded away.

Chen Feng, who was incarnated outside his body, suddenly burst into an amazing breath.

For the second robbery, the immortal earth immortal is invincible under the golden immortal!

Now, there is even more immortal power to help, cooperate with the power of chalcedony and profound crystal that he has just absorbed.

Jinxian, still can fight!

"This kid, actually has the same breath as mine?"

Aoba was shocked by the sudden change.

At this moment, Chen Feng grasped in the void, and the seven-color divine light leaked through his fingers and turned into pitch-black color.

A sharp long knife was held in his hand.

Sharp, domineering, and gas-breaking!

"Fairy Projection!"

Aoba was shocked!

He could detect that Chen Feng's breath suddenly soared, infinitely approaching the realm of Jinxian.

Now with the help of Immortal Artifact Projection, the strength has more than doubled.

Jinxian realm, not only can't kill him, but has the worry of life!

The blade kept trembling, bursting out with amazing sword intent.

Chen Feng only felt that the figure of the night \*\*\*\* kept flashing in his mind, slashing the sky with a shocking knife and cutting through a thousand miles of mountains!

This knife is exactly the first style of the Mingshen Jue Nian Dao, which is earth-shattering!

"I see."

Chen Feng's eyes showed the color of enlightenment.

With the power of the body and the chalcedony profound crystal, he finally touched the threshold of this knife.

Jinxian?

Nothing but an enemy with a knife!

"Ming Shen Jue Nian Dao, the first style!"

"Shocking!"

In Chen Feng's eyes, black light flashed!

The long sword intent suddenly converges, continuously condensing and compressing in the body.

Aoba's face changed again, full of panic!

Because, Chen Feng's breath suddenly disappeared.

"Extremely intentional, condensed but not scattered!"

"I can't stop this knife!"

Qing Ye made a decisive decision, squeezed all the stars and immortal power in his body, and fled in a burst.

Chen Feng sneered: "You want to escape now? It's too late!"

A knife from the heavens and the poles, cut down fiercely!

In an instant, the accumulated terrifying sword intent condensed into a dark sword light!

Wan Lai was silent.

Between heaven and earth, only this ink-colored knife light can easily cut through the void and cut off the mountain wall.

Although Qingye's speed was fast, it was not one-tenth as fast as this knife, and was instantly penetrated by the light of the knife.

The knife light didn't stop, but he stopped.

The surrounding void is like a freeze frame, with only a black line connecting it together.

Gradually, the void began to shatter, cracking a hideous trace.

Aoba's body had wounds and blood splattered, but it hung strangely in the air, floating uncertainly.

In the sky, black light flashed.

In the blink of an eye, everything returned to normal.

The void shattered, and a violent void turbulent flowed out, swallowing everything around it.

The green leaves were swallowed by the turbulent current, leaving only a white streamer, rushing out of the flesh and fleeing desperately.

Even so, it cannot escape the swallowing of the void.

"No, I don't want to die!"

Aoba roared like crazy, and tried all her strength to break free.

With a big wave of Chen Feng's hand, the immortal power of the stars condenses into the cages in all directions, holding the soul of Qingye.

The cracks slowly healed and disappeared between heaven and earth.

Only the mountain wall that was slashed by the fierce knife marks recorded the knife that shocked the world just now.

Aoba collapsed.

The Dao Heart, which had been cultivated for hundreds of years, was completely shattered at this moment!

"Don't kill me, I'll tell you all!"

"Master Qin Haoyan is a strong man from outside the realm. He has reached a cooperation with the Taiyi Immortal Sect. He came to the Galaxy Sword Sect, and the Taiyi Immortal Sect united a group of immortal sects to destroy the two immortal sects of Yunqiong and Wuji."

"I know so much, please, spare my life!"

The voice was crying.

Chen Feng just glanced indifferently and used a pinch.

click!

Qingye's spirits were all extinguished, turning into a little white light, dissipating in the heaven and earth.

Chen Feng gasped slightly.

This knife used up 90% of his power.

With the current wreckage, how can he fight Qin Haoyan?

"Big brother..."

Seeing that Chen Feng's face was dark, Tian Can Beast Slave called in a low voice.

Chen Feng sighed: "Tian Can, you go back."

"I'm not sure about this battle, but the Sect Master is kind to me, and I must not sit idly by."

Tian Can still wants to say something, it can be seen that Chen Feng is so determined, he can only rot in his stomach.

Incarnation outside the body, even if it is destroyed, it doesn't matter.

It's just that the Xinghe Sword Sect that Big Brother painstakingly helped up...

Chen Feng kept silent and let his body fall into the abyss.

I don't know how long it's been down, but a touch of jade light covered Chen Feng's eyes.

After a short period of blindness, Chen Feng came to the bottom of the abyss.

The magnificent scenery in front of him had never been seen before.

Inside the huge spar, there is a majestic power, which is very similar to the power of the world that was detected when he went to the Zhongqian World.

This is the power of the origin of the world.

Even if it is only a small part, if it can be refined, it is not impossible to break through the gods.

At this time, he saw Luo Xingchen who was bound to the stone pillar.

Luo Xingchen struggled, as if he was about to say something, but the seal on his mouth blocked all the sounds.

"metropolitan!"

Chen Feng called out and was about to pass.

"Chen Feng, you are finally here."

Below, Qin Haoyan opened his eyes and slowly rose to the same height as Chen Feng.

Chen Feng looked at him, frowning more and more tightly.

Fear spreads in my heart.

This was the first time he had such an emotion.

Even in the face of ordinary Jinxian, he has never felt this way.

"Do you want to see through the deity?"

Qin Haoyan smiled playfully: "This deity has refined the origin of one world, and condensed the golden body of the immortal!"

"Now, you just need your source power to break through the realm of immortals."

Chen Feng's face changed slightly.

It seems that Yuan also said what he said.

Thousands of incarnations, who is the real me?

Chen Feng suddenly realized: "You are also one of thousands of clones?"

Qin Haoyan was stunned for a moment, looking a little surprised: "You still don't know your existence?"

Chen Feng is serious: "Even if there are thousands of clones in the world who are the same as me, I am me, and my name is Chen Feng."

A flash of approval flashed in Qin Haoyan's eyes: "You are the smartest avatar the deity has ever seen."

"The deity can leave you with a trace of consciousness, and with the body of a mortal, this remnant of life is left."

"Or, the deity gives you another choice, loyal to the deity, and a slave for life, which one do you choose?"

Chen Feng shook his head: "I choose neither."

"Winner takes all, loser for Kou!"

"There is only one battle!" The fighting spirit suddenly increased!

[Chapter 5873: Destroy two big calamities in a row!](#)

Even if you know you are lost, you have to fight to the last drop of blood to survive!

Qin Haoyan snorted coldly: "The light of rice grains dares to compete with heaven and earth!"

In an instant, the power of Heaven, Earth and Dao came in and enveloped Chen Feng.

Countless Dao rules turned into Dao Dao chains, binding Chen Feng's body.

Can't break free!

Even though Chen Feng struggled with all his strength, all his strength was tightly blocked and he couldn't move.

The difference in strength is too great.

He is by no means an ordinary golden immortal, and he is likely to be a strong man who has survived the calamity of the golden immortal!

Qin Haoyan clenched his fingers and began to extract Chen Feng's source power.

Feeling that the power of the soul was continuously stripped, Chen Feng gritted his teeth and burst out the last power.

Suddenly, the world changes color!

A group of red wind and fire tornadoes rose from the ground, filling the entire underground world.

The interweaving of wind and fire makes the power of the two grow exponentially.

Two giant dragons, one red and one blue, suddenly opened their eyes.

Fierce eyes penetrated the fire tornado, staring at Chen Feng and Qin Haoyan.

The majesty descended, and the two were strongly suppressed!

"Two robbery dragons?"

"This is the double earth immortal calamity, the Fenfeng Riyan calamity?"

Earth Immortal Six Tribulations, Wind, Fire, Thunder, Yellow Spring, Primordial Spirit, Heart Demon.

Before every cultivator breaks through the Golden Immortal realm, he must experience two of these six calamities.

However, there are only some exceptionally talented people who are exceptions.

The Fen Feng, the Sun and the Fire Tribulation, the Wind and Fire Double Tribulations, is one of the six tribulations of the mutated Earth Immortal.

This robbery is in this world, and through the past and present, no one has ever survived this calamity alive!

Qin Haoyan changed his indifferent appearance, and his face was horrified.

Ordinary immortal six tribulations, he can easily break.

But it is the catastrophe of this mutation, the catastrophe of certain death!

Under the golden fairy, no one can cross!

In addition to being frightened, he was even more shocked: "You are just a Taoist clone, how could you cause disaster?"

"It's still... a calamity of death!"

Chen Feng laughed: "The secret method I cultivate can split the soul and shape it into an incarnation outside the body, which is no different from ordinary people."

"It's a calamity of death, can you stop it?"

Qin Haoyan cursed: "Little beast, do you want to perish with the deity?"

"Before this, the deity first refined your source power!"

He once again urged Xingchen Xianli to forcefully drain Chen Feng's source power.

When the clone dies, all memories will return to the original body.

He wants Chen Feng to remember that the source is being pumped, just like tearing the sea of consciousness and crushing the pain of the flesh!

Chen Feng laughed proudly: "Although this calamity is strong, I already have a countermeasure!"

"It's only you who will die!"

Qin Haoyan didn't believe it at all: "Since ancient times, no one has ever survived this disaster."

"You are a mere calamity, and it is impossible for you to survive this calamity!"

Chen Feng is full of confidence: "Open your dog's eyes to see clearly!"

"This robbery, I will show you!"

Chen Feng stepped into the air, and the ancient Buddha immortal spirit, the treasure of three lives, hung above his head.

The light of the Buddha is scattered, and the sky and the earth are filled with golden colors.

Boom!

A loud thunder exploded out of thin air.

Above the wind and fire, a golden thunder cloud was born, and the dazzling golden thunder was swallowed in the cloud.

Seeing this, Qin Haoyan's face changed greatly: "This is... Nine Revolutions Destroying Immortal Tribulation!"

"Another death calamity?"

Double robbery together!

Throughout the ancient and modern powerhouses, no one has ever dared to cross two death calamities together!

How dare Chen Feng?

"Lonely."

Chen Feng smiled proudly, raised his head, and faced the golden thunder.

Boom!

The golden thunder roared, piercing the sky, and bombarded the ancient Buddha's fairy soul, the treasure of the Three Lives.

The throbbing golden thunder tore at the immortal soul, but it was continuously absorbed by the immortal soul and turned into pure power.

At the center of the Buddha's eyebrows, a lotus leaf-shaped imprint lights up.

The more golden thunders swallowed, the brighter the mark.

Chen Feng was overjoyed!

The power of the three souls is soul-based, and can also be integrated into other powers.

Chen Feng had some conjectures since the last time the Nine Revolutions Destroyed Immortal Tribulation destroyed the immortal soul.

The three souls are just the beginning, and the power of the soul can absorb other powers and completely perfect the power of this fairy soul.

The nine-turn extermination of the immortal calamity, the great calamity of Buddhism, is suitable for the absorption and refining of the ancient Buddha and immortal souls of the three-life treasure phase.

And this catastrophe, after the last weakening, was no longer able to pose a threat to Chen Feng.

"By refining the power of golden thunder, one of the three souls can be filled, and the power can be multiplied!"

"Forcing the Fen Feng Sun Tribulation is not difficult!"

The pain hit his body, but Chen Feng was unmoved.

Between the sky and the earth, thunder roared, and angry dragons roared.

In front of Chen Feng, Jiyi Yetian Dao overflowed with domineering sword intent, blocking the erosion of Wind and Fire Shuanglong.

He is trying his best to refine the power of Nine Revolutions to destroy the immortal tribulation.

Once it succeeds, it will be able to cross two death calamities in a row and step into the realm of Jinxian!

Boom!

The ninth golden thunder landed suddenly, smashing the ancient Buddha and immortal soul of Sansheng Baoxiang angrily.

The immortal soul remained motionless, absorbed the power of Jin Lei, and gathered all of them on the golden lotus leaf mark between the eyebrows.

The golden lotus blooms, and the Buddha's recitation is fulfilled!

When absorbing Jin Lei, Chen Feng saw something in a trance.

The mountain of Buddha is as high as ten thousand feet.

A huge phantom of ancient Buddha, sitting cross-legged, hands clasped together, singing Buddha songs.

Up and down the mountain, all beings are baptized by Buddhist songs, or have an epiphany, or a breakthrough, or a soaring mood!

Buddha country!

Clean up the distracting thoughts in your heart, and realize the suffering of the common people.

After tens of years of painstaking practice, he finally became a Buddha and saved all beings!

This is, the suffering of the common people to pursue the song!

The ancient Buddha and the immortal soul of the Three Lives Treasures folded their hands together and sang the song of the suffering of the common people.

The sound of Taoism is long, covering the whole world.

Wind and Fire Shuanglong was affected by the power of the Buddha's song, and gradually became weak and its power was greatly reduced.

Qin Haoyan also noticed that the invisible power contained in the Buddhist songs was constantly disintegrating the power in his body.

However, in the blink of an eye, his strength has fallen back to the level of a first-time Jinxian.

It has been weakened by 50%!

"This... what kind of secret technique is this?"

Qin Haoyan had never seen such a secret technique before, so he was a little flustered.

Chen Feng's mouth twitched into a smile.

Song Yuanyi's retrograde secret technique gave him great inspiration.

The sufferings of the common people follow the song, can experience the suffering of the common people, and weaken the power of the enemy with the pure ancient Buddha power brought by the nine-turn extermination of the immortal calamity.

The Qin Haoyan in front of him was just a Taoist clone, unable to resist the power of the common people's suffering and pursued the song, and was cut off by 50%.

For Chen Feng, it is a great time to turn defeat into victory!

"Wind and Fire Shuanglong, refining!"

Chen Feng shouted, and Taotao's immortal power turned into a four-sided cage, trapping two robbery dragons.

Then, swallow it in one bite!

The power of wind and fire poured into Chen Feng's body together and turned into pure power.

Astonishing qi burst out from his body, and in the blink of an eye, he has surpassed the fairyland of the imaginary world and stepped into the realm of the golden immortal!

"No, you're just an immortal of the Second Tribulation Spirit Void!"

"But your strength is comparable to that of an ordinary golden immortal, how is this possible!"

Qin Haoyan almost roared.

In order to step into the Golden Immortal realm, he devoured the source power of one world.

But Chen Feng was able to break through two major death calamities in a row, and compete with Jinxian with the imaginary fairyland!

Chen Feng slowly opened his eyes, and in his eyes, golden light was at the bottom, and the two colors of blue and red were flowing.

The power of the two great death calamities has been completely refined by him.

"This knife, you have to take it!"

Chen Feng clenched the Ji Yi Yetian Saber tightly, and an amazing Saber Intent erupted, slashing down fiercely. "The first style of Mingshen Jue Nian Dao, shocking the world!"

Chapter 5874 Canyon!

The dark knife light is reproduced, but there are three different colors of gold, red and blue!

The sword glows like ink, and the golden light shines!

The green and red wind and fire tore through the void, gathered on the sword energy, and pierced through the void!

This knife has already played to the extreme!

Qin Haoyan's expression changed dramatically, he suddenly took out a jade talisman and crushed it hard.

The blue light flashed and turned into a circular barrier, trying to block Chen Feng's sword.

The knife light passed quietly, and the world was silent.

The seemingly solid cyan barrier was instantly slashed into two by the sword light, and together with Qin Haoyan's avatar, they were cut off at the same time!

Jin Lei is angry, the wind and fire are raging!

Qin Haoyan's body was constantly torn and dissipated.

"Chen Feng, you dare to destroy my clone!"

"See you later, I will kill you and destroy the Xinghe Sword Sect!"

In the roar, Qin Haoyan's body gradually turned into a blue light and disappeared.

The light of the sword disappeared together, leaving an abyss of 10000 feet, dark and terrifying.

The power in the body gradually faded, and through the realm of emptiness, it returned to the body.

Chen Feng consumed a lot, but he did not lose his strength.

"Now, I have the qualifications to step into the realm of Jinxian."

"But... I'm just an incarnation outside my body, can I also break through Jinxian?"

He was quite puzzled.

Incarnation is just a collection of power, the power is fixed and cannot improve the realm.

But this time, he broke through to the fairyland of the second robbery, and there is no match under the golden immortal.

If you take the initiative to disperse this body, the power will return to the original body.

That body, what kind of realm will it be?

With doubts, Chen Feng came to Luo Xingchen to untie him.

"Chen Feng, you saved the Galaxy Sword Sect once again."

Luo Xingchen shook his head and sighed.

As the head of the Xinghe Sword Sect, he was taken hostage by someone...

Chen Feng smiled lightly: "Sect Master doesn't have to blame himself."

"This Jade Dragon Heart, the only one in this world, will be owned by the Xinghe Sword Sect in the future."

"Take him back and let the disciples in the sect practice. When this trip to the secret realm is over, I will leave."

Luo Xingchen seemed to think of something: "You want to use the power of the Jade Dragon Heart to resurrect them?"

"Exactly."

Chen Feng's eyes were full of light.

The heart of the Jade Dragon is bred from the spiritual energy of heaven and earth, Taoism, and immortal power.

With the help of this divine object, as long as you find the treasure that reshapes the body for a few people, they can be resurrected.

This day is finally here!

Luo Xingchen was also happy for him: "You just went through the war, go back to rest first."

"I'm here."

Chen Feng nodded and returned to the Galaxy Sword Sect first.

Tian Can saw that he was just consuming a lot of money, and finally let go of his dangling heart.

The next morning.

Chen Feng withdrew from the cultivation state with a strange expression on his face.

"My current realm is completely stable, even surpassing the main body."

"Instead of exchanging power to the main body, is it possible for me to break through the golden immortal with the main body, and then merge into one?"

It's a bold idea.

Due to the particularity of the Nine Heavens and Ten Earths Soul Heavenly Art, there is also the possibility of cultivating incarnations outside the body.

However, not to mention whether ordinary warriors can practice this mysterious technique, and even if they succeed, how much progress can the incarnation make?

If he guessed correctly, the main body and the avatar will step into the golden immortal at the same time, and then merge.

When you first entered the Golden Immortal, it was ten times stronger than the ordinary Golden Immortal!

How terrifying?

However, whether it can be implemented depends on the time when the incarnation outside the body returns to the main body.

"Brother, it's time to go!"

Tiancan shouted from outside the door.

Chen Feng followed him and met Luo Xingchen.

In the square, in addition to Luo Xingchen, there were also a group of elders from the Xinghe Sword Sect.

Hundreds of new disciples of the Galaxy Sword Sect stared at Chen Feng with excitement on their faces.

"This is Senior Brother Chen, who is a genius against many super-class Immortal Sects with one's strength!"

Facing everyone's praise, Chen Feng smiled slightly and came to Luo Xingchen.

Luo Xingchen said earnestly: "This is a long way to go, and there are still many immortal gates eyeing, you have to be careful."

Chen Feng smiled lightly: "With me, they will all come back safely."

Luo Xingchen nodded in relief.

Chen Feng came to the front of the disciples, his eyes swept over one after another.

"Song Yuanyi, come here."

Song Yuanyi was stunned for a moment and walked out of the team.

Chen Feng said loudly: "This trip to the secret realm, you will be the captain."

"If it is not in danger of life, I will not take action, and you will lead the entire team."

"I?"

Not only Song Yuanyi was surprised, but all the new disciples looked at each other in dismay.

"I heard that Song Yuanyi knew Senior Brother Chen, could it be..."

Many people changed their faces.

"You can't be a captain even if you know him!"

"In terms of strength, I don't know how many people are stronger than him. Why should he be the captain?"

"Senior Brother Chen, your decision is unfair!"

Song Yuanyi looked embarrassed: "Senior Brother Chen, I'm not suitable to be the captain."

Chen Feng smiled lightly: "Whether it's suitable or not, let's try it first."

"I made him the captain, not because I knew him, but as a ruler."

"This trip to the secret realm, whoever performs better than Song Yuanyi will be able to replace him. After returning, there will be another reward."

He glanced at Luo Xingchen.

Luo Xingchen nodded: "The last person to be the captain is regarded as the head of the newcomers, and can choose one of the martial arts and skills."

"In addition, you can get double the training resources."

This time, everyone no longer objected, but they were eager to try and compete for the position of captain.

Song Yuanyi smiled bitterly.

Isn't this cheating?

However, Chen Feng looked at him with a smile, and secretly transmitted a voice: "Whether you can help Lin Miaoyi depends on your performance."

Song Yuanyi was stunned, and looked at Chen Feng with gratitude.

"follow me."

With a wave of Chen Feng's sleeves, Taotao's immortal power converges on the Changhe River, lifts everyone up, and goes straight into the sky.

In the blink of an eye, like a meteor, it disappeared over the Galaxy Sword Sect.

Luo Xingchen and a group of elders were full of emotion as they looked at the direction in which Chen Feng was leaving.

The former teenager has finally grown into a giant.

...

Tianyun Gorge, a magnificent canyon suspended in the sky.

This place is the entrance to the Rahu secret realm, which is opened every thousand years.

Among them, there are countless treasures, and there are even more that Rahu has learned throughout his life.

Chen Feng took a group of disciples and landed on the edge of the canyon.

The clouds dissipated, revealing a figure.

The other people from Xianmen have all arrived.

In addition to several super-grade immortal gates, there are some newly promoted immortal gates.

Scattered and scattered, there are as many as ten thousand people!

"Look, someone from the Xinghe Sword Sect is here."

Many people whispered, looking at Chen Feng and others, full of jokes.

"Chen Feng? Does he dare to come?"

"The last time he killed so many powerful people from the Immortal Sect, he couldn't hide, and he dared to lead the team to participate in this secret realm trial."

"How could the Ten Thousand Immortals simply let him go?"

Chen Feng heard it carefully, walked slowly to a few people, and asked with a smile, "What is the Wanxian League you're talking about?"

Several people were shocked, but they were not afraid of Chen Feng.

"The space here is unstable, you can't use force!"

"The Ten Thousand Immortals Alliance is the largest alliance formed by the Taiyi Immortal Sect, which integrates all the super-grade Immortal Sects."

"Of course, excluding the weakest Galaxy Sword Sect."

[Chapter 5875: betray!](#)

Several people are also members of the Wanxian League. Due to the particularity of this place, it is concluded that Chen Feng does not dare to do anything, and becomes more and more arrogant.

"The Ten Thousand Immortals Alliance..."

Chen Feng shook his head and chuckled: "Taiyi Immortal Sect is really ambitious, and it has to unify the entire Eastern Desolate Immortal Territory."

"However, do they have the ability?"

Just now, he replied to Chen Feng's Wanxian League disciple, and laughed coldly: "Don't think that if you have a little strength, you can be arrogant."

"If it weren't for the protection of the gods, the Xinghe Sword Sect would have been destroyed long ago, but the methods of the Taiyi Immortal Sect will sooner or later dominate the Eastern Desolate Immortal Territory. At that time, see how arrogant you are!"

Chen Feng's smile was still the same, but there was a bit of coldness in the depths of his eyes.

Invisible coercion, instantly crushed the disciple.

Hearing a scream, he was crushed to his knees on the ground, bleeding from his seven orifices, which was horrible to watch!

You can't use force, but you can release your breath a little. It's not difficult to punish such a cheap person.

"Chen Feng, you are courting death!"

In the crowd, a middle-aged man in a purple robe came over angrily.

Chen Feng glanced at him and frowned slightly.

Why does this person look so similar to Lin Changyue, the leader of the Longyue Immortal Sect?

"Does it look familiar?"

The purple-robed man sneered, "I'm Lin Changyue's younger brother, Lin Changtian, the new head of Longyue Xianmen!"

"Using despicable means to kill my brother, still dare to appear here?"

Chen Feng sneered: "I killed him because he trespassed on the powerhouse of the Xinghe Sword Sect."

"You dare to take action, I will kill you now."

Everyone was shocked.

Chen Feng, really arrogant!

Lin Changtian's talent is far stronger than Lin Changyue, but he is not good at governing the immortal gate, so he condescended to give way.

Now that Chen Feng killed someone, not only did he not admit his mistake, but he dared to threaten Lin Changtian?

court death!

"very good!"

Lin Changtian suppressed his anger: "You can't use force here, you can only play tricks."

"The Xinghe Sword Sect is the only one who came here. You must be the one who led the team into the secret realm."

"Then leave it all in the secret realm!"

Everyone in the Wanxian League laughed.

Among them, there is a familiar figure walking slowly.

Taiyi Immortal Sect, Fairy Hong Ge!

She jokingly said: "Chen Feng is hard-mouthed, just because he has the power to protect himself, and what about you?"

"You are just newcomers. If you enter the secret realm, you will surely die."

"If you quit now and admit that the people of the Galaxy Sword Sect are trash, you can still live for a few days."

For a time, many disciples with poor xinxing showed hesitation on their faces.

Chen Feng didn't care: "Give you a chance, quit now, the Galaxy Sword Sect will not pursue it."

"If you enter the secret realm and escape, I will personally take action to clear the door."

People hesitated.

A few disciples believed that if Chen Feng was there, he would not necessarily end up dead.

But most of the disciples are afraid of the power of Taiyi Xianmen.

After all, the Ten Thousand Immortals Alliance has integrated the power of several super-grade Immortal Sects, and Chen Feng alone is by no means an opponent.

"I am willing to take refuge in Taiyi Xianmen!"

"I would too!"

At one time, thirty disciples chose to defect from the Galaxy Sword Sect.

"you!"

Song Yuanyi frowned, his face full of anger.

As those people walked towards the Taiyi Immortal Gate, they looked helpless.

"There's no way, rather than die, it's better to re-elect Mingzhu and leave a way to live."

Having said that, these people gathered in front of Fairy Hong Ge.

"Fairy Hongge, I am willing to serve the Ten Thousand Immortals Alliance!"

dong dong dong...

Thirty-two people, on one knee, showed their loyalty.

Laughter resounded throughout the sky.

"Have you seen it? This is the backbone of a disciple of the Galaxy Sword Sect!"

"It's just a little bit of pressure to be afraid, it's ridiculous!"

Fairy Hong Ge smiled sweetly: "You are very smart."

"Now, as long as you shout three times, the Xinghe Sword Sect is a waste, and I will let you join the Wanxian League."

Everyone was overjoyed and immediately shouted.

"The Xinghe Sword Sect is trash!"

"The Xinghe Sword Sect is trash!"

"The Xinghe Sword Sect is trash!"

Three times in a row!

In order to survive, several people tried their best.

The laughter broke out again.

Fairy Hong Ge was still smiling.

But in the next moment, she suddenly shot, and the white ribbon floating around her body turned into a murder weapon.

In an instant, it pierced through the chests of thirty-two people!

"You... don't believe what you say!"

Fairy Hong Ge sneered: "I said let you join the Wanxian League, but I didn't say I wouldn't kill you."

"Spineless things are annoying to look at!"

The ribbon is drawn out, and the immortal power is rolling, otherwise it will be a little bloody.

Thirty-two people fell to the ground in despair, their bodies ignited with white flames and turned to ashes in an instant.

Fairy Hong Ge laughed: "Chen Feng, do you still have the face to stay here?"

Chen Feng didn't see the slightest anger, and chuckled: "Why not?"

"I also want to thank you for eradicating the scum in the Sword Sect for me."

"After all, if these betrayers join the Ten Thousand Immortals Alliance, even if they die, they will die in the right place."

Fairy Hong Ge was immediately furious: "Sharp teeth and sharp mouths!"

"Don't say you lead the team, how can you compete with the thousands of disciples of my Wanxian League with less than seventy disciples?"

"Don't bother you."

Chen Feng still smiled, but there was a bit more coldness in the smile.

"I am very vengeful."

"If I meet a disciple of the Ten Thousand Immortals League, come one and I will kill one, come two and I will kill one pair!"

Fairy Hong Ge sneered: "The rules say that the leader must not take action against the disciples of other teams, otherwise, the Lord God will kill them with his own hands!"

"Even if you have an old relationship with Lord God, can you still ignore the rules?"

Chen Feng smiled without saying a word.

I can't openly shoot, but I didn't say that I can't use other methods.

To deal with the people of the Ten Thousand Immortals Alliance, you should use the way of the people and treat the people!

Chen Feng left indifferently.

Fairy Hong Ge was quite proud, and struck while the iron was hot: "Listen all!"

"Whoever dares to form an alliance with the Xinghe Sword Sect is an enemy of my Wanxian Alliance!"

A group of new Jinxianmen shrank their necks.

Fairy Hong Ge didn't need to say that they didn't dare to get too close to the Galaxy Sword Sect.

Super-quality Immortal Sect, even if an elder is randomly dispatched, they can easily destroy their entire Immortal Sect.

Who would dare to talk to the Galaxy Sword Sect at this time?

"Chen Feng."

At this time, a woman with a graceful figure and a cold face came with a dozen disciples.

This person is Lin Miaoyi.

As soon as he saw her, Chen Feng chuckled lightly: "Sect Master Lin, do you still want to form an alliance with me?"

Lin Miao nodded: "There is an appointment first, and it cannot be violated."

"I'm afraid I'm going to trouble you."

Chen Feng smiled lightly: "No trouble, just do my friend a favor."

Lin Miao was stunned for a moment and looked at Song Yuanyi subconsciously.

Song Yuanyi pursed his lips, somewhat at a loss.

Lin Miao snorted coldly. Although she was dissatisfied, she didn't say anything.

On the other side, Fairy Hong Ge saw that the two were chatting hotly, and a chill flashed in her eyes.

"Boundless Immortal Sect, newly promoted Immortal Sect?"

"Dare to ignore my words, form an alliance with the Galaxy Sword Sect, and kill them together!"

Everyone nodded, with a wicked gleam in their eyes. Soon, the sunset will be over the mountains.

#### [Chapter 5876: Void!](#)

The stars on the horizon shifted until the seven stars returned to their positions, and a majestic divine light descended.

Hit the middle of Yunxia!

The sky and the earth opened, and a gate composed of starlight slowly took shape.

A curtain of stars and light leads to nowhere.

Although everyone was excited, they were not in a hurry to go in.

"Why hasn't Lord God arrived yet?"

Chen Feng was also puzzled.

It stands to reason that Zhai Changzun should have arrived long ago...

At this moment, a thick voice sounded in the sky.

"You all enter the secret realm first, you will have important things in your body, and you will not be able to visit in person."

Discussions erupted in the crowd, and they all speculated on the whereabouts of Aragami General.

Chen Feng suddenly frowned, thinking: "Could it be that he went after Qin Haoyan's body?"

All he could think of was this.

Qin Haoyan, the master of the world.

After a sudden visit, he focused on such fetish objects as the Jade Dragon Heart, and almost let Taiyi Immortal Sect succeed, eradicating two decent and super-grade immortal doors in one fell swoop.

The situation is getting weirder.

Many people stepped into the light curtain and entered the secret realm.

Chen Feng and Lin Miaoyi went in last.

Passing through the long and narrow starlight corridor, several people came to a realm of nothingness.

The sky and the earth were gray and white, and there was no edge in sight.

Broken boulders, ruins, suspended in the sky.

Only in the extreme distance, a well-preserved white tower exudes weak immortal power fluctuations.

"They don't seem to be around."

Chen Feng felt it, but did not notice the slightest breath.

The teleportation here seems to be random.

With Chen Feng's perception range, he can't perceive it, so it can be seen how big this secret realm is.

"Song Yuanyi, you will lead the team."

Song Yuanyi looked at Chen Feng, and then at Lin Miaoyi before nodding.

"Let's go to the tower first, and explore the damaged ruins around by the way. Ten people are in a team, and be careful of sneak attacks by others."

Everyone nodded, and the teams were quickly divided.

Lin Miao glanced at him and said, "There are few of us, so we all follow me."

"Yes."

She set off first.

Song Yuanyi thought about it and decided to follow.

Chen Feng became a person with nothing to do, and walked forward like a stroll in the courtyard.

The movements of every Xinghe Sword Sect disciple are under his control.

If there is a slight change, he will immediately notice it.

Chen Feng looked more and more curious as he walked.

Broken ruins, architectural forms that never appeared.

Although the ancient atmosphere is very light, Chen Feng can still perceive it.

Here... what secrets are there?

Need the major immortals to work together to explore?

What is the purpose of Zhai Changzun?

"Be careful!"

Suddenly, Song Yuanyi shouted and pulled Chen Feng back to reality.

I saw Song Yuanyi strode forward, hugged Lin Miaoyi, and his figure suddenly retreated.

Ahead, the space rippled, and a void monster shaped like a wild dog with scales and armor flew out from it.

With a big mouth, he bit Lin Miaoyi's throat!

Void?

Chen Feng's face changed slightly.

This is an old friend.

Void spirits were born in the void, and they are good at using the power of the void to travel freely.

This kind of low-level virtual spirit acts by instinct, and as long as there is a living thing or something rich in power, it will take the initiative to appear and swallow it.

Because of its ability to travel freely through space, it is hard to prevent!

Seeing the Void Spirit kill, Song Yuanyi shouted: "The Ten Directions Heavenly Soul Killing Array!"

Ten jade-colored cracks were torn open all over the body, and ten jade-colored beams of light shot out from the hole.

In a blink of an eye, strangle Void Spirit!

After retreating a few meters, Song Yuanyi hurriedly asked, "Miaoyi, how are you?"

It happened so fast that Lin Miaoyi came back to his senses.

Feeling the warmth in his arms, her heart skipped a beat and she broke free.

"I want you to do more?"

Song Yuanyi was stunned for a moment.

With her back to Lin Miaoyi, she didn't see her face turning red.

He thought that his actions were too frivolous and angered her.

this idiot...

Chen Feng was a little speechless.

Seeing everyone asking about the monster just now, he went over to explain.

"This is a virtual spirit, a monster born in the void, and it may tear apart the space to attack at any time."

"You guys are not strong enough. The ten-man team is easy to be defeated, and it is changed to two teams, and the distance from each other cannot be more than 100 meters."

Song Yuanyi felt a little guilty.

He still underestimated this secret realm and almost injured Lin Miaoyi.

"Sorry, it was my fault."

Chen Feng smiled lightly: "Let you lead the team because I want you to continue to grow."

"I will always leave the Xinghe Sword Sect one day. Someone should take care of the Xinghe Sword Sect for me, right?"

The crowd froze on the ground.

Song Yuanyi couldn't believe it: "You... you want to choose me as the heir?"

Chen Feng smiled helplessly: "Not the heir, but the next suzerain."

"Although your immortal soul is strong, it is still very early to step out of this world."

Song Yuanyi looked dull, opened his mouth, but didn't know what to say.

All the disciples also had the same expression.

Step out of this world...

Senior Brother Chen Feng, how strong is he?

"Okay, let's keep exploring."

Chen Feng waved his hand, and the disciples of the Galaxy Sword Sect regrouped into two teams, proceeding carefully.

"You wait."

Lin Miaoyi suddenly stopped Song Yuanyi: "My people are also merged into your team."

"You lead the team."

Song Yuanyi asked subconsciously, "What about you?"

Lin Miaoyi said lightly, "I have something to ask Chen Feng, and I will come later."

After speaking, she went to Chen Feng.

The two walked side by side, followed at the end of the team, watching Song Yuanyi lead the team.

"What's the benefit of you helping him?"

Lin Miao said straight to the point: "Your strength is already comparable to that of the master of the super-grade immortal gate."

"He's just a stunner, why bother?"

Chen Feng laughed: "Do you think I'm plotting something on him?"

"In terms of immortal souls, I am stronger than him. In terms of martial arts and martial arts, even if I create my own style, I am stronger than his most advanced cultivation method."

Lin Miao was silent.

Although arrogant, he said it well.

With the appearance of Chen Feng, he should step out of this world and go to the depths of the starry sky.

There are very few people who can do this, and they are all geniuses among geniuses.

It's just that she can't figure it out.

In addition to conspiracy, why should Chen Feng be so good to a newcomer who is full of mistakes.

"The road of cultivation, rowing against the current, and having great perseverance are enough to solve many problems."

"Love is a word, if it becomes the \*\*\*\* of his growth, I can help him very limited."

Lin Miao raised her eyebrows and stared at Chen Feng.

Chen Feng smiled lightly: "Don't blame me for being nosy."

"The secret method he created is very helpful to me, I just help him casually."

Lin Miao glanced at Song Yuanyi and snorted coldly, "It's absolutely impossible for me and him."

"Not necessarily."

Chen Feng smiled playfully.

Lin Miao sighed, obviously unable to say Chen Feng, and left indifferently.

Everyone went all the way, and found a lot of treasures in the damaged ruins.

These are useless to Chen Feng.

However, there was a strange formation that caught his attention.

In the void, a seal formation was placed on the base of a broken human-shaped stone statue.

"The Immortal Grade Sealing Array." Chen Feng could see the rank, but he didn't know what kind of formation it was.

### [Chapter 5877: Purgatory!](#)

Song Yuanyi and a few others also came over and discussed this formation.

"Immortal Formation, such a terrifying fluctuation."

"I can feel that it is absorbing the power around it, why don't you try to inject power?"

A disciple of the Galaxy Sword Sect, trying to inject power into it.

Soon, the formation absorbed his power and shone slightly.

But it only lasted for a breath, and then it dimmed.

The disciple gasped loudly: "My strength has been absorbed!"

The faces of the people changed.

With just one breath, a disciple of the Sixth Cave Heaven of the Ten Fang Cave Heaven Realm can be sucked out.

horrible!

"The Immortal Rank Formation can only be activated by Immortal Power."

"Song Yuanyi, try it."

Chen Feng spoke suddenly.

Song Yuanyi knew that this was the chance Chen Feng gave him to express.

He motivated the immortal energy in his body and injected it into the formation.

Immediately, the formation method lit up with white light, and countless formation patterns emerged, connecting with each other.

"Xianli?"

Lin Miaoyi couldn't believe it: "You haven't broken through to the Immortal Realm, how can you have immortal power?"

Song Yuanyi explained: "I awakened the immortal soul in advance, but the immortal soul is not complete."

"Although he possesses immortal power, he is still the pinnacle of the Shifang Cave Heaven Realm."

This time, everyone knew how terrifying Song Yuanyi's talent was.

"Not long after you started, you are already at the peak of Shifangdong Tianjing?"

"I remember, the strongest disciple is only at the seventh level of the Tenfang Cave Heaven Realm, right?"

"Senior Brother Song, hide it!"

Song Yuanyi was a little embarrassed, and glanced at Lin Miao secretly.

She didn't respond, but she was extremely shocked.

That time... After that, the two separated.

Lin Miaoyi has the power to wake up in the body, and has made great progress all the way, reaching the fifth level of the fairyland of the imaginary land.

It has also survived a catastrophe and achieved a calamity of immortality.

She is only at this age, she is already in such a state, how dazzling is the master of a fairy door?

Unexpectedly, Song Yuanyi, whom she had always disdained, was more talented than her.

The reason why he didn't break through to the Immortal Realm was because he was obsessed with chasing after himself, he didn't worship the sect early, and he didn't have good cultivation resources.

"I see..."

At this moment, she understood what Chen Feng said.

One word of love shackles his growth.

"Okay, I'll come."

Chen Feng broke the awkward atmosphere.

He raised his hand, urging the power of the fairy soul, like a surging river, into the formation.

hum—

The formation buzzed, and a dazzling white light burst out.

But in the blink of an eye, all the array patterns were activated, rotated and spliced to form a complete array.

The white light inside the formation formed a light curtain, which seemed to lead to another space.

"Amazing!"

"Senior Brother Chen's immortal soul power, I don't know how many times stronger than Senior Brother Song!"

"Senior Brother Song is already a genius, but Senior Brother Chen is so strong!"

Song Yuanyi was suddenly speechless.

Have you been trampled...

Chen Feng laughed: "Come with me."

He stepped into the light curtain one step, followed by everyone behind him.

After a trance, several people came to an unfamiliar space.

Looking at the style, it seems to be the inside of the ancient tower I saw before.

"There's... a strange force here."

Song Yuanyi looked around vigilantly.

Chen Feng was also aware of it, but that power was indistinct and seemed to change positions at any time.

"Be careful."

Everyone nodded, followed behind Chen Feng subconsciously, and climbed up the ancient pagoda.

Except for the different size of space on each floor, the scenery is the same.

Soon, everyone came to the top of the tower.

A disc with a unique shape and a desolate atmosphere is suspended in the air.

hum—

The disc vibrated, and a ghostly figure emerged.

This is an old man, dressed in a white robe, immortal style.

"You are the people who participated in the reincarnation purgatory, the trial?"

Chen Feng frowned: "Participate?"

"Here, isn't the reincarnation purgatory?"

The old man nodded: "Reincarnation Purgatory is a prison that detains the evil things in the world."

"Every 100 years, a trial will be started, and geniuses with outstanding strength will be selected to enter purgatory and kill evil spirits."

"If you can successfully arrive here, you will be eligible to participate in the trial. Whether you want to go or not depends on your decision."

Chen Feng asked again: "What are the rewards for participating in the trial?"

The old man said again: "The one who kills the most evil things can enter the Dragon Soul Immortal Pond to practice."

"The water of the Immortal Pond can purify the immortal soul. Even if the immortal soul is not awakened, there is a possibility of awakening in advance."

"The highest, up to the legend, the power of the four souls!"

Four souls?

Chen Feng was slightly startled.

It was the first time he had heard of the power of the four souls.

Could it be that the power of the fairy soul is not limited to the three souls, but can also be stronger?

The disciples were extremely excited.

If you can awaken the fairy soul before the imaginary land, you will definitely be able to break through the imaginary land.

Great benefit!

Seeing their eyes full of anticipation, Chen Feng smiled lightly: "Send us in."

The old man nodded, and while waving his hand, a long white light covered the sky and covered the sky!

The stars are moving, the sun and the moon are spinning!

The disc spun rapidly, opening a teleportation portal and sending everyone to the reincarnation purgatory.

As soon as the white light dissipated, everyone was shocked by the scene in front of them.

Broken canyons, evil things can be seen everywhere!

Countless Dao rules, immortal power, and iron chains condensed, suspended in the air.

Flames, hurricanes, ice... Nearly 100 kinds of restless forces set off stormy waves!

Hell on Earth!

At this time, the old man's voice sounded in everyone's ears.

"Entering the reincarnation purgatory, the trial period is seven days."

"In addition to meeting the seven-day deadline, at least five evil creatures must be killed before leaving."

Many disciples regretted it.

The evil things floating in front of you are all at the peak of the Shifang Cave Heaven Realm, and even stronger!

Not to mention killing five, it would be difficult to live for seven days!

"A trial of survival..."

Lin Miaoyi muttered to herself, looking at the evil creatures wandering around with a curious look on her face.

"Void Spirit, I just saw it."

"Those who are farther away should be the legendary ghosts who are good at soul attack."

Chen Feng nodded: "There are five kinds of evil things, phantom spirits, ghosts, ghosts, villains, and mountain demons."

"The charm is good at inciting people's hearts and arousing evil thoughts in their hearts."

"Impossible, invisible, cunning and despicable, it will parasitize in the host's body, constantly eroding power, and it is difficult to detect until the host is dead."

"As for the mountain demon, it is as huge as a mountain. It is a kind of demon, and it is the first of the five evils. You must be careful."

Everyone sucked in a breath of cold air.

This place is too dangerous!

"Wait... That Void is here!"

Suddenly, an immeasurable Immortal Sect disciple exclaimed.

A gigantic, three-meter-high Void Spirit sensed the aura of the crowd and slaughtered it!

"The peak of Shifangdong Tianjing is not strong."

Chen Feng snorted: "; Deal with it calmly, you may not lose."

Many people were frightened by Void Spirit, how would they listen to Chen Feng's words.

For a time, many people fled subconsciously, and the original complete formation began to disintegrate.

Chapter 5878 Devouring the Soul of Immortals!

Several dazzling divine lights pierced through the phantom body in an instant.

This blow did not kill Void Spirit, but caused a lot of trauma.

"There is a play!"

Song Yuanyi shouted: "The virtual spirit here seems to be suppressed, and the strength is not that strong."

"Let's do it together!"

Everyone immediately summoned up their courage, urged their power, and attacked Void Spirit.

Void Spirit was beaten and retreated, and when he found out that he was invincible, it was too late to escape.

boom!

The body of the virtual spirit was annihilated under the attack of everyone.

The person who killed Void Spirit just now had a white word on the back of his hand.

"Is this the only one?"

Some people can't believe it.

Chen Feng nodded with satisfaction: "You guys did a good job."

"This place is too dangerous, everyone goes together and hunts evil things together."

"Yes!"

The crowd rejoiced.

The reincarnation trial is not as terrifying as imagined.

Song Yuanyi was still leading the team, and everyone moved forward slowly.

The environment here is harsh, and everyone has to urge the power at all times to resist the violent power in the space.

The evil things floating around will take the initiative to attack once they find the breath of strangers.

Fortunately, everyone already had experience and worked together to fight the enemy.

An hour later, four Void Spirits had already died in the hands of everyone.

"There's one more left to complete this trial!"

Song Yuanyi gasped slightly.

All the disciples of the Xinghe Sword Sect greeted each other.

"Captain, you have always been the one who led us to fight against evil, and the consumption is too great."

"You take a rest, we will protect the law for you!"

Song Yuanyi nodded gratefully: "Okay, let's rest in place for half an hour!"

Everyone took a break for a while.

Lin Miaoyi always stared at Song Yuanyi.

Looking at the way he adjusted his breath, he was stunned.

"You take care of them for me, I'll go check the situation."

Chen Feng left a sentence, his figure flashed and disappeared.

The next moment, he appeared in the distance.

A large group of Void Spirits, aware of Chen Feng's appearance, roared and slaughtered.

"Only Void Spirit?"

Chen Feng punched out, and the surging immortal force spurted out!

In the blink of an eye, Void Spirit wailed, blasting light and shadows all over the sky.

On the back of Chen Feng's hand, a big six appeared.

Six, have exceeded the number stipulated in the trial.

He frowned slightly: "Ordinary disciple, if you can kill five of them together, it's not bad."

"However, it is not only the disciples who entered this time, but also the elders of the various immortals."

"In the end, I'm afraid it will evolve into a battle between elders."

I thought it was easy to lead a team.

Now it seems that if you want to get the final reward, you can't continue to relax.

Suddenly, an inexplicable force approached rapidly.

Chen Feng was vigilant and looked around, but saw nothing.

What did he suddenly think of!

"Disgusting!"

Among the five evils, the most cunning one!

Chen Feng could feel Wei Mi was nearby, but he didn't know the exact location.

Getting closer!

Chen Feng's heart moved, and the three-life treasures resembled the ancient Buddha's immortal soul, hanging above his head!

Bright Buddha light, illuminating the Quartet!

A strange scream sounded, and the space fluctuated.

A monster shaped like a loach, covered with barbs, instantly escaped without a trace.

Chen Feng did not relax on this.

Because, there is a vile aura that is heading in the direction of the disciples!

At this time, in the camp.

Song Yuanyi regained his strength and came to Lin Miaoyi.

Just sitting next to her, Lin Miao moved to the side.

"leave me alone."

Lin Miao's face was indifferent.

Song Yuanyi opened his mouth, hesitated for a while, and sighed: "Are you going to continue like this?"

Lin Miaoyi did not speak.

She didn't know what to say, although she didn't want to appear too close, but she didn't want to lose Song Yuanyi either.

After all, the relationship between them is very complicated.

For a time, she was also unable to choose.

"There is movement!"

Song Yuanyi was suddenly alert, got up suddenly, and looked around.

But there was nothing around.

Lin Miaoyi also looked around, it was empty.

"What do you want to do?"

"Don't make a sound!"

Song Yuanyi shouted to stop, closed his eyes, and sensed everything around him.

Suddenly, he turned to look at Lin Miaoyi with a look of horror on his face!

"Get out of the way!"

Lin Miaoyi couldn't notice any breath at all.

The unreasonable action made her a little annoyed for a while: "What are you doing..."

Song Yuanyi suddenly swooped over and protected Lin Miaoyi under him.

Lin Miaoyi was shocked and ashamed, and pushed him away.

Song Yuanyi fell not far away, his expression showing pain.

This made Lin Miaoyi realize that something was wrong.

"What's wrong with you?"

Song Yuanyi said with difficulty: "Something has entered my body!"

"He is devouring my fairy soul!"

Lin Miaoyi exclaimed, "It's vulgar!"

When she shouted, countless disciples were terrified!

Contemptible, invisible and invisible, once it gets into someone's body, it will devour all the power!

In the end, there is only one word.

die!

Lin Miaoyi was worried and urged Xingchen Xianli to help him suppress Weiwei.

However, an invisible force repels any intrusion from outside forces.

Shimi is resisting her!

Song Yuanyi is already the prey of the vile, and no one wants to interfere!

"Oops!"

Lin Miao's hair tightened.

Could it be that there is no other way but to allow Bian Mi to devour his immortal soul?

Suddenly, a figure stepped through the void.

Chen Feng is back!

"Sure enough, let it escape!"

Lin Miaoyi hurriedly said, "Chen Feng, he was invaded by Weiwei, please help him!"

Chen Feng shook his head: "My shot will only anger Weiwei and aggravate his death!"

"Unless, he can kill Bimi himself."

Lin Miao's face was dark.

No help?

He actually died in such a place to save himself!

"Song Yuanyi, use your fairy soul to suppress him!"

Chen Feng suddenly shouted.

Song Yuanyi immediately shivered, and his heart, which was originally hopeless and overwhelmed, was instantly stabilized.

Immediately enduring the severe pain of the immortal soul, the immortal soul was activated, and the jade-colored streamer protected the whole body.

Then, go backwards!

The jade-colored brilliance turned to gray, frantically devouring the depraved power in the body.

Its speed is far faster than the immortal soul that Wei Mi devoured!

The piercing screams seemed to sound in the minds of everyone, shrill and piercing!

Song Yuanyi reversed the secret law, constantly weakening the power of the vulgar.

It is a retrograde immortal soul, forcibly refining it!

The originally injured body was reborn with the infusion of savage power.

His breath kept rising.

In the blink of an eye, an astonishing qi burst out.

It actually broke through to the Tenfang Cave Heaven Realm, the Eighth Cave Heaven!

"puff!"

Song Yuanyi spat out a mouthful of blood, gasping for breath.

"This \*\*\*\* thing is really difficult to refine!"

Everyone was shocked!

Contemptible, isn't it specialized in devouring living creatures?

Can it still be refined?

Chen Feng was also a little surprised: "Your immortal soul retrograde method has a very strong restraint effect on the vile."

"Perhaps, you can quickly break through with the help of the power of the scumbag."

Song Yuanyi was stunned for a moment, then turned overjoyed!

A contempt of the peak of the Shifang Cave Heaven Realm can make him break through the first realm.

### [Chapter 5879: trap!](#)

If it is stronger, it is not impossible to break through two realms in a row, or even advance to the Immortal Realm!

"Okay, you don't have to worry."

Chen Feng said with a smile: "The other four evil things are left to you to deal with."

"It's vulgar, it's up to me and Song Yuanyi to deal with it."

Saying that, he grabbed it in the air.

The supreme immortal power condensed his big hand and held it 100 meters away from him.

The terrifying scream resounded again!

Damn, he was crushed to death by him!

The number in Chen Feng's hand turned into seven.

"Seven..."

"This is just a cup of tea, killing seven?"

"Senior Brother Chen, it's really amazing..."

Everyone just felt their scalps go numb.

Here, any evil spirit is a deadly existence.

But for Chen Feng, it can be killed at will.

The difference is too big!

Song Yuanyi took a deep breath: "Go ahead!"

The crowd hit the road again.

After another hour, everyone stopped.

This time, they encountered a new evil.

Mountain Demon!

"This body type!"

The crowd looked up in amazement.

A demonic creature with a height of several thousand meters, like a mountain, blocked their way.

A Xianmen team of hundreds of people is fighting against the mountain demon.

"Anyone here?"

Those people discovered their existence.

"Come and help us!"

The mountain devil spit flames, extremely hot, they are not opponents at all!

"Comparable to the high-level powerhouses in the fairyland of the imaginary land..."

Song Yuanyi was in trouble.

This mountain demon is far stronger than the evil creatures I have seen before!

If you join the battle rashly, you are afraid that you will suffer heavy damage.

Chen Feng watched silently and found something, but did not say anything to remind him.

This time, after all, the experience is mainly for newcomers.

If you can't see this trick, you will definitely pay the price in blood in the future.

"Captain, let's help them."

Many disciples couldn't bear to watch and spoke out one after another.

Song Yuanyi nodded: "Okay, let's go together, be careful not to get hurt!"

Everyone agreed, followed Song Yuanyi, and attacked the mountain demon together.

The mountain demon roared and descended countless flames, covering the sky and the sun!

Gathering the strength of nearly 200 people, still can't help this mountain demon!

At this moment, a mutation occurred!

The 100-strong team suddenly turned against Song Yuanyi and others!

"You've been tricked!"

They laughed grimly.

Song Yuanyi was shocked: "At this time, you are fighting with each other, are you crazy?"

The leading black-clothed disciple smiled proudly: "Elder Qing can kill the first-level mountain demon in the fairyland of Lingxu Land!"

"We've waited for so long, but we've waited for you all!"

"what?"

Song Yuanyi was shocked.

A tyrannical breath suddenly erupted!

The elder Qingpao stepped into the air, waved his sleeves, and scattered the fire and rain.

At this time, everyone no longer had any scruples, and instantly rushed into Song Yuanyi's team.

The crowd resisted.

But the difference in realm is enough to have a small realm!

In addition to Song Yuanyi's strength surpassing his opponents, the others were instantly at a disadvantage!

"Get out of here!"

Song Yuanyi shouted loudly and kicked the black-clothed disciple back with a punch.

At this moment, he suddenly found out.

A disciple in the team was stabbed in the chest!

"Do not!"

Song Yuanyi's eyes were about to split, bloodshot all over his eyes!

It was all his negligence that led to the death of his fellow disciple!

Powerless!

Blame yourself!

But at this moment, a golden lotus flower suddenly bloomed on the disciple who was pierced through his chest.

Although he was seriously injured, the golden lotus protected his heart.

"This is... Senior Brother Chen's power!"

Everyone was suddenly shocked and turned to look at Chen Feng.

Chen Feng held a golden lotus in his palm to protect the disciple.

There was a bit of disappointment in his eyes.

"Remember this lesson and be careful about everything."

"Don't regret it later."

He changed his expression, looked at the group of people on the opposite side, and said coldly: "Dare to touch my disciple of the Galaxy Sword Sect, do you think your life is too long?"

Killing intent swept the entire space!

Rao is the mountain demon was frightened by this killing intent, and the huge body shivered.

"You are Chen Feng!"

Elder Qing recognized Chen Feng, and his face changed greatly!

Done!

Kicked the iron plate!

He turned around and ran, leaving his disciples behind!

"Can you run away?"

Chen Feng took a knife-holding posture, and immortal power poured out, condensing into a black knife phantom.

The ultimate night knife!

Cut out!

The jet-black blade light pierced through the void, instantly severing Elder Qing's body.

The broken corpse fell from the air and fell into the hot magma deep in the canyon.

Kill with one knife!

The black-clothed disciple was frightened.

"Elder Qing, but at the eighth level of the Immortal Realm, he was killed instantly by a knife?"

"Run! Run!"

The crowd scattered like birds and beasts, desperately trying to escape into the distance.

Chen Feng did not pursue.

For him, these people are juniors.

The perpetrators are dead, so spare them a dog's life.

At this time, in the crowd.

Song Yuanyi came to the seriously injured disciple and asked with concern, "Are you alright?"

The disciple shook his head: "I'm fine, thanks to Brother Chen's strength to protect the heart."

Everyone's eyes converged on Chen Feng again.

"What do you watch me do?"

Chen Feng said coldly: "Next time, I won't shoot."

"Remember this lesson!"

"Yes!"

All the disciples nodded angrily.

Lin Miaoyi looked at Chen Feng with interest.

Looking at his stern appearance, he really looks like an elder.

Chen Feng glanced at the mountain demon: "Do you want to kill this guy?"

"If you don't kill it, then I'm welcome."

The disciples hurriedly shook their heads.

"Senior Brother Chen, come here!"

"The high level of Lingxu Land's fairyland, where are we opponents!"

Chen Feng sighed, and between his fingers, he shot out a star of immortal power, piercing the body of the mountain demon.

The mountain demon let out a roar, and the huge body turned into a boulder in an instant.

Then, it shattered.

The number on the back of Chen Feng's hand also changed to eight.

The crowd sighed.

It's too easy...

The greatly stimulated people worked hard to cultivate.

There are quite a few disciples who have successfully made breakthroughs with the help of this battle.

Chen Feng nodded with satisfaction: "This is what it looks like."

Song Yuanyi came to him and blamed himself: "Senior Brother Chen, I..."

Chen Feng interrupted: "If you want to apologize, you don't need to say it."

"You can have the heart to save people, but you must have the heart to defend people."

"Remember?"

Song Yuanyi nodded heavily: "Remember!"

Chen Feng nodded with satisfaction: "Using your secret technique to weaken the evil things in the Immortal Realm, it is not difficult to win."

"Take them to try more, and when you are proficient, go to challenge."

Song Yuanyi was stunned for a moment, instinctively wanting to retreat.

But, he is the captain, he cannot back down!

"Yes!"

Song Yuanyi responded, led the team again, and moved on.

Lin Miao looked at his back and was a little lost for a while.

Now he looks a little more mature.

...

Void, the city of chaos.

In the strange-colored city composed of the aura of chaos, a gray-robed man sat.

A virtual spirit fell into the city and turned into an old man. He bowed respectfully: "Lord, the person you are looking for has appeared!"

#### [Chapter 5880: Binding fairy!](#)

The gray-robed man raised his eyebrows: "Where is he?"

The old man hesitated a little: "In... Reincarnation Purgatory."

The gray-robed man's expression changed slightly, and after a moment of contemplation, he said, "Let the ghost mother go."

"Bring people back alive."

"Yes!"

The old man saluted respectfully, and after he stepped back, he turned into an ethereal spirit and flew into the distance.

The city was silent.

At this time, a green streamer fell into the city.

The light dissipated, revealing a handsome man in a green robe.

"Kongtong, you really can hold your breath."

"The prey has invaded your territory, or are you just sending someone to test it?"

Kongtong said indifferently: "Aren't you? Since you have already fought against him, why didn't you kill him?"

The man in green robe smiled lightly: "Wait for him to grow up, then kill him and absorb his source power, wouldn't it be better?"

"You think so too, don't you?"

Kongtong glanced at him: "You and I are enemies, not friends."

"If you dare not let the main body come over, don't entangle me with your avatar."

The man in the green robe smiled: "Don't say anything like that."

"After all, we are grasshoppers on a rope, why don't we join hands and resist together?"

"Resist?"

Kongtong shook his head: "You are an idler with no worries, but I am different."

"The entire imaginary family, but I have worked hard all my life, I don't want to gamble, and I can't gamble."

The man in green robe didn't give up: "Aren't you afraid that kid will kill you?"

Kongtong narrowed his eyes: "You talk too much."

With a wave of his hand, the turbulent flow in the void was like a rain of arrows, instantly piercing the body of the man in green robe.

Before the man in green robe dissipated, he sighed, "If you really don't have the heart to resist, why would you arrest that kid?"

"The day you and I will join forces is not far away."

The avatar dissipates.

Kongtong thought for a long time and said nothing.

...

Reincarnation purgatory.

One day passed, and under the leadership of Song Yuanyi, everyone continued to move forward.

After a battle, everyone joined forces to kill an imaginary spirit of the second level of the imaginary world.

The number on the back of each person's hand changed again and became fifteen.

"The fifteenth, finally able to defeat the Spirit Void Land Wonderland 2nd Layer!"

"Captain, your retrograde secret technique is so powerful!"

The crowd was full of praise.

Song Yuanyi scratched his head, a little embarrassed.

Retrograde the secret technique and change the original effect of the secret technique, which can greatly weaken the strength of the enemy.

Then gather the power of everyone and work together to encircle and suppress them.

The limit is the second level of the fairyland of the imaginary world.

boom!

A bang.

Everyone just turned their heads at will, looking in the direction of the sound.

Dozens of Void Spirits all died one after another under the eruption of the power of the stars.

The number on the back of Chen Feng's hand jumped rapidly, and finally stopped at three hundred and twenty-seven.

"This speed is still too slow."

He turned to look at the crowd.

Everyone suddenly felt a little embarrassed.

If he hadn't been distracted to take care of them, Senior Brother Chen Feng would have killed 1,000 of them long ago, right?

However, under the guidance of Chen Feng, everyone was not discouraged.

The bigger the gap, the bigger the motivation!

They also believe that one day, they will be able to reach Chen Feng's current state.

Between the gestures, hundreds of thousands of immortal fairyland powerhouses were beheaded.

How majestic!

"someone is coming."

Lin Miaoyi spoke suddenly.

The crowd immediately became vigilant.

I saw dense figures, as many as two hundred people, quickly approaching here.

"It's a disciple of the Xinghe Sword Sect!"

The leading elder suddenly looked happy.

After some searching, he found Chen Feng and hurried there.

"Master Chen, please take us in!"

The disciples behind him all pleaded for mercy.

Chen Feng smiled lightly: "It's useless to tell me."

"Go to that kid, he is the captain, he has the final say."

He pointed to Song Yuanyi.

The leading elder was stunned for a moment, but Chen Feng said so, he could only do as he did.

He brought everyone behind him to Song Yuanyi.

"Little friend, we were hunted down by the Wanxian League, please help us!"

Song Yuanyi frowned slightly and looked at the people around him.

"Captain, I think it's better to have less than one thing."

"In case that happens again..."

Many people mean this.

Song Yuanyi struggled with his eyes. After hesitating for a long time, he said in a deep voice, "I believe you once."

"But, out of an abundance of caution, I want to leave a mark on each of you."

"If you dare to plot against us, I will light the mark, and you will be wiped out in an instant!"

The leading elder rolled his eyes: "Okay, I promise you."

Song Yuanyi condensed his strength and was about to leave a mark on the elder, but Chen Feng came.

"I'll keep your mark."

The face of the leading elder changed greatly: "That's not good, if you have bad intentions, wouldn't you kill me at will?"

Chen Feng smiled lightly: "Then there is no way."

"The people from Wanxianmeng are here, you can deal with it yourself."

The leading elder frowned.

Seeing that Chen Feng and the others were about to leave, he simply tore his disguise: "Do it!"

Immediately, nearly a hundred disciples mobilized their energy at the same time, condensed a large formation, and enveloped Chen Feng and the others.

The leading elder took out a talisman, bit the tip of his tongue, and spat out a mouthful of blood.

The talisman paper was stained with blood, and two dazzling blood lights merged into the great formation!

The already tyrannical seal formation, like a four-sided net, completely enveloped everyone!

"No, they were already prepared!"

Many disciples urged their energy to attack the formation.

But the formation is solid, and no matter how they attack, it cannot be shaken at all.

The leading elder laughed loudly: "Chen Feng, you are still in the game!"

"Blood Thread Binding Immortal Formation 10%, you can't break free!"

"When Fairy Hongge and the others arrive, it will be your burial!"

Everyone's face changed instantly!

It turned out that they were here for Senior Brother Chen!

Song Yuanyi looked remorseful: "Senior Brother Chen, I'm the one who caused you trouble!"

The faces of the disciples were even more ashen, as if they saw the scene of the Wanxian League killing everyone and dying.

"You did a good job."

Chen Feng chuckled: "Eat a cut and grow one's wisdom, and grow quickly."

"Leave it to me next."

Song Yuanyi, like all the disciples, looked at Chen Feng blankly.

Is there any way for him to escape?

"impossible!"

The leading elder laughed loudly: "This blood-stained immortal array is an extremely rare immortal-grade array!"

"Combining the power of the talisman paper and the blood essence, the power of the formation has been doubled. Even the powerhouse of the ninth level of the Immortal Realm cannot break this great formation!"

Chen Feng's expression was still indifferent: "You look down on yourself too much."

With a single move, the rhythm of the immortal artifact gathers together.

The seven-color profound light lit up and condensed into a bead.

Then, black light shot out from the seven-color profound light, swallowing all the light.

The long knife condensed with black light is as black as ink, exuding amazing knife intent!

The ultimate night knife!

Although it is a projection of a trace of fairy rhyme, it can exert 30% of its power.

Kill some minions, just right!

"It's that fairy sword!"

The leading elder seemed to have a plan for a long time, and took out a talisman paper again. "Sword Soldier Chaos Rune, open!"
