

## Peerless 5921

Chapter 5921 Forbidden Formation: Devouring Immortals

Nan Xiangtian frowned suddenly, his heart was full of jealousy.

Moreover, he didn't believe Qin Yuning's words at all.

No one can defeat the fifth level of the Golden Immortal Realm with the realm of the peak of the Earth Immortal.

"Nan Xiangtian, one of Liuying Tianzun's three apprentices."

With a hypocritical smile, he took advantage of the situation and asked Chen Feng: "Which senior's apprentice is brother?"

"Since he can fight across a large realm, he must have a good reputation."

Chen Feng said lightly: "Foreign casual cultivators are not worth mentioning."

Nan Xiangtian was stunned.

I thought what kind of background Chen Feng would be, but turned out to be a casual cultivator?

Could it be that he deliberately lied to himself?

"Brother was joking."

Nan Xiangtian was relentless: "If Xiongtai is the disciple of a hidden master, it's not convenient to disclose it."

"But Master always likes to challenge the strong, so please tell me quietly, and I can swear not to tell others."

"Noisy!"

Chen Feng frowned slightly: "I'm just a casual cultivator, believe it or not."

"It's you, don't make Qin Yuning's idea."

Qin Yuning helped him, and he naturally helped Qin Yuning.

But these words fell into Nan Xiangtian's ears, as if he was threatening him.

Qin Yuning is his man!

Nan Xiangtian's face darkened instantly, and he snorted coldly: "You are a casual cultivator, and you deliberately approach Miss Qin because you are greedy for her body and family fortune, right?"

"Brother Nan!"

Qin Yuning frowned: "Xiaofeng lost his cultivation to save me, how could he be a bad person?"

"And he is my savior, show him some respect!"

A flash of anger flashed in Nan Xiangtian's eyes.

What method did the useless trash use to make this \*\*\*\* trust him so much?

However, seeing Qin Yuning getting angry, Nan Xiangtian couldn't say anything.

After passing Chen Feng straight away, he sat firmly on another bench.

"Xiao Feng, don't mind."

Qin Yuning explained: "Brother Nan is very kind to me, I always treat him as my elder brother."

"Maybe I said that out of worry because I saw you strangely."

Chen Feng waved his hand and didn't care.

Although he didn't know how strong Nan Xiangtian was, he didn't bother to pay attention to this kind of scum.

Seeing the two of them chatting passionately, Nan Xiangtian became more and more jealous.

"Just let you, a waste, be proud for a while."

He sneered in his heart: "I will kill you again when the auction is over and you are separated!"

"Dare to touch the woman I like, \*\*\*\* it!"

Chen Feng noticed something, and glanced at Nan Xiangtian without leaving a trace.

"Yuning, I suddenly remembered that I need something, please help me prepare."

He listed several materials in succession.

Qin Yuning just nodded, didn't ask what to do with it, and immediately asked someone to prepare it.

During the time she left, the auction officially started.

Although the first few treasures were precious, Chen Feng was not interested.

Instead, he picked up an ancient scroll and looked through it, immersing himself in it.

This ancient scroll is exactly the Heaven-Sealing Formation Code obtained by beheading Bai Hao.

This is the book of immortal formations, which records hundreds of immortal formations.

Not only that, but there are many taboo formations, the variety of which shocked Chen Feng greatly.

"This book of formation seems to have a lot of background."

He vaguely guessed.

The person behind Bai Hao must be the one who planned the attack.

And this array code, which seemed to come from that person's hand, has now fallen into his own hands.

Turning to the fourth page of the array code, there are a few large characters in sight.

Forbidden Formation—Devouring Immortals!

Although it is a first-level formation of the immortal rank, it does not require any immortal power.

The rarer the material for the array, the stronger the array's power.

Anyone who enters the formation will be bound by the formation and will continue to absorb strength.

The longer you are trapped, the more power you lose, and you can even \*\*\*\* it into dry bones!

Just now, the materials that Chen Feng asked Qin Yuning to prepare were for the formation.

"With this formation for self-defense, Nan Xiangtian can't help me."

Chen Feng took the opportunity to glance at Nan Xiangtian.

Liuying Tianzun's apprentice should be the best at body skills, and his speed is very fast.

The effect of devouring the power of the Immortal Devouring Formation can just limit his speed.

"The first lot, the Flowing Flame Stone!"

On the auction stage, the female auctioneer in a red dress opened a wooden box.

Inside the box is a fist-sized stone with a transparent shell and lava flowing inside.

"It's the Flowing Flame Stone!"

"If a cultivator with flame power in Jinxian territory can get one, his strength will increase by at least 30%!"

All the cultivators exclaimed, their eyes were extremely fiery.

This is exactly the treasure Chen Feng wanted.

But most cultivators don't know that the Flowing Flame Stone has another function, which is to suppress the immortal power of death.

Gather all five kinds of five-element celestial medicines, and mix them with pure to clear rootless water to refine an everlasting elixir.

The pill contains endless vitality, which happens to be in harmony with the immortal power of Nirvana.

Not only is it possible to refine the immortal power of death, but also a cultivator with high comprehension can control the power in the alchemy and cultivate the immortal power of immortality.

Combining the two powers into one is the strongest immortal power in legends—the immortal power of life and death!

But the possibility of refining the immortal power of life and death is extremely slim, Chen Feng does not have extravagant hopes.

As long as the Nirvana Immortal Power can be dissolved, one can restore one's cultivation and continue to improve one's strength.

"Three thousand spirit crystals!"

"Three thousand three hundred!"

"Three thousand five hundred!"

Everyone is fighting in full swing.

Chen Feng remained silent, but Nan Xiangtian deliberately laughed and said, "Why, Qin Yuning is not here, so you dare not even offer the price?"

"It really is a waste that only relies on women!"

Chen Feng glanced at him slowly, with a bit of disdain in his eyes, and didn't say a word.

"Are you laughing at me?"

Nan Xiangtian showed anger, and was about to taunt back.

"Xiaofeng, I'm back!"

Qin Yuning just came back, seeing that Nan Xiangtian's expression was not right, she suddenly frowned.

"Brother Nan, what are you talking about?"

Nan Xiangtian quickly suppressed his anger, and said with a hypocritical smile: "It's nothing, just talking about cultivation."

Chen Feng just smiled and said nothing.

But such a proud look is full of irony.

"That's good."

Qin Yuning smiled and sat beside Chen Feng: "Xiao Feng, this is the fairy medicine you need."

"Just make an offer, and I'll pay for you."

Chen Feng was also polite: "Thank you, Miss Qin."

Qin Yuning suddenly frowned: "You call Duoshengfen that way, I am older than you, please call me sister."

Chen Feng smiled, not unwillingly, but although she is old, she doesn't look like an older sister.

"It's fine if you don't want to."

Qin Yuning pursed her lips angrily, but her eyes were bright, as if she was deliberately teasing Chu Shaoyang.

This scene fell in Nan Xiangtian's eyes, and he almost vomited blood in anger!

Damn beast!

Young Master, I have been pursuing her for many years, but I have only gotten closer to her.

What method did you use to make this \*\*\*\* treat you so well?

If eyes could kill, Chen Feng would have been killed thousands of times.

Chen Feng ignored him at all, and slowly raised his hand: "Five thousand!"

In an instant, the entire auction house fell into silence.

The cultivators turned their heads and sighed helplessly when they saw that it was the people from the VIP area who made the move.

[Chapter 5922: So what if you don't have a cultivation base? Still kill you!](#)

"In the VIP area, everyone is rich and powerful, and we casual cultivators can't compare."

The hammer fell three times, no one dared to compete with Chen Feng.

"Congratulations to this young master, who bought the Flowing Flame Stone at the price of five thousand spirit crystals!"

Following the auctioneer's congratulations, a maid handed the Flowing Flame Stone to Chen Feng.

Chen Feng accepted it calmly, and after telling Qin Yuning a few words, he continued to read the Fengtian Formation Code.

"Congratulations, my lord, the three thousand spirit crystals won the Vajra Dragon Scale!"

"Congratulations, young master, 3,500 Spirit Crystals won the Bishuizhu!"

"..."

Qin Yuning was lavish, directly offering the highest price, and easily bought the remaining four kinds of elixir.

"Xiaofeng, everything you want is here."

She handed the elixir to Chen Feng.

Only then did Chen Feng quit the practice, and said with a smile, "Sister Yu Ning, I've cost you a lot."

Qin Yuning was full of joy when she called out sister.

"Say what?"

"You are my savior, don't talk about this fairy medicine."

"Even if it's worth tens of thousands of spirit crystals, as long as you open your mouth, I'll sell it to you!"

cluck cluck...

Gritting teeth for the south weather.

Treat him with courtesy and courtesy.

To that kid, he actually looked like a little girl with every mouthful of Xiaofeng!

He is Liuying Tianzun's disciple, whoever sees him can't respectfully call him son?

But today, he lost to a trash with no cultivation!

"When you place an order, I will kill you immediately!"

Nan Xiangtian suppressed the anger in his heart so as not to be noticed by Qin Yuning.

Chen Feng smiled suddenly, and said to Qin Yuning: "Sister, you go ahead, I'll go back."

"But there are so many things, I just take them back, it's a bit difficult..."

Qin Yuning nodded, pretending to be an older sister and exhorted: "You don't have a cultivation level, so you can't store the elixir, and there may be danger on the way."

"However, I have something to do and I can't leave. Why don't I let Brother Nan see me off?"

Nan Xiangtian was stunned for a moment.

Send him back?

Isn't that a great opportunity to get rid of him?

"Then trouble Mr. Nan."

Chen Feng showed a harmless smile to humans and animals: "It was a bit of a misunderstanding before, but Mr. Nan is the apprentice of Liuying Tianzun, so his character is naturally not good."

"I don't know what Master Nan's intention is?"

He also agreed?

Nan Xiangtian almost laughed out loud!

"Miss Qin doesn't have to worry about trivial matters."

He almost jumped up, and said to Chen Feng with a smile: "Brother Chen, let's go."

Qin Yuning did not doubt Nan Xiangtian, and watched the two leave.

After leaving the auction house, Nan Xiangtian followed behind Chen Feng unhurriedly, showing a cruel smile.

Although Chen Feng lived very close to the auction house, he had to pass by a secluded alley.

When he reached the middle of the alley, Chen Feng coughed suddenly, accidentally dropped the object in his hand, and hurriedly bent over to pick it up.

"waste!"

Nan Xiangtian taunted directly: "Now that you have lost all your cultivation, you can't bear the breath of the fairy medicine."

"Killing you is easier than stepping on an ant."

Chen Feng was shocked: "You want to kill me?"

"That's right!"

Nan Xiangtian threw a formation talisman, and the cyan streamer enveloped the two of them.

Immortal first-level formation, closed-breathing formation.

It can hide all the breath in the formation and not be noticed by the outside world.

"Now, no one will find out that I killed you."

Nan Xiangtian showed a ferocious smile: "Woman who dares to touch me, die!"

He punched Chen Feng directly, without even using his immortal power.

After all, to kill a person with no cultivation, to use immortal power is to flatter him!

Chen Feng turned his surprise into a smile, with a bit of playfulness.

"Haven't you ever wondered why I came here?"

Nan Xiangtian was taken aback for a moment.

At this moment, Chen Feng slammed his fist to the ground, smashing the spirit crystal.

The spar exploded, and the spiritual energy contained in it surged like a spring.

Suddenly, Nan Xiangtian said with a sneer, "You want to use the power of the spirit crystal to deal with me?"

He laughed out loud, and his smile was full of contempt!

"Don't talk about these spirit crystals, even 10,000 of them can't hurt me!"

"You are not only a waste, but also an idiot!"

Nan Xiangtian simply stopped moving, opened his arms, and looked at Chen Feng provocatively.

"I'll just stand here and let you fight!"

Chen Feng smiled coldly.

I knew Nan Xiangtian was stupid, but I didn't expect him to be so stupid!

He raised his hand and swiped at the treasure in front of him, like flying flowers picking leaves, and then shot it all over his body.

Swish Swish Swish!

Several beams of light shot up into the sky, forming a hexagonal cage, trapping Nan Xiangtian in it.

The aura that escaped from the spirit crystal was absorbed by the treasure to maintain the operation of the formation.

Nan Xiangtian's smile froze, and he exclaimed, "This is... the Immortal Rank Formation!"

"You clearly have no cultivation base, why can you arrange an immortal formation?"

As far as he knows, no matter what kind of formation, it must be supported by the formation's own immortal power.

It is impossible to activate the formation purely by the power in the spirit crystal!

"The frog in the well!"

Chen Feng smiled playfully: "A dignified disciple of Tianzun, who doesn't even know how to use spirit crystals to activate formations."

"So what if you don't have a cultivation base? You will still be destroyed!"

With the last trace of aura flowing into the formation, the formation works instantly!

The power of the treasure merged into the formation, turning into a huge vortex, spinning rapidly!

Nan Xiangtian secretly thought that something was wrong, and immediately urged his movements to escape.

With a movement of body, it looks like a swimming dragon!

The speed is so fast that you can't see the figure at all, as if it disappeared out of thin air!

"Even if you can arrange formations, so what?"

"With my speed, it is enough to break through this formation in an instant!"

The sound came from all directions, and the direction could not be discerned.

Chen Feng was still smiling.

As the vortex continues to expand, the traction becomes stronger and stronger.

A figure gradually appeared in the sky, it was Nan Xiangtian!

His speed was several times slower than before, bound by the traction of the vortex.

"This, what kind of formation is this!"

Nan Xiangtian panicked!

Even if the formation he had seen was powerful, his speed was too fast.

Often before the formation condenses, he rushes out of the range of the formation, which is useless to him.

However, he was too arrogant to stand still and let Chen Feng make a move.

What's more, Chen Feng has no cultivation, but he can use spirit crystals to arrange taboo formations!

There is no way to escape if you devour the immortals!

The vortex gets bigger and bigger, and the traction power multiplies.

Nan Xiangtian could no longer break free from the shackles of the vortex, and was pulled into the vortex.

Click!

The powerful pressure of the vortex directly crushed his body, and blood flew from the broken flesh!

"Don't, don't kill me!"

"I am Liuying Tianzun's disciple. Once I die, Master will know, and you don't even want to live!"

Nan Xiangtian hissed loudly.

Chen Feng looked indifferent, no matter how much he begged for mercy, he didn't move.

The screaming continued for a while.

Nan Xiangtian's body was completely shattered, and his soul was also bound in the vortex and could not break free.

"receive!"

Chen Feng stomped his feet, the treasure shattered, and the formation began to shrink.

In an instant, it shrank into a thumb-sized black bead, trapping Nan Xiangtian's soul.

"Little bastard, let me out!"

Nan Xiangtian yelled and scolded endlessly.

Chen Feng sneered: "Don't think I don't know what you're thinking." "If I didn't temporarily lose my cultivation, why would I need to use the formation to deal with you?"

[Chapter 5923: Scramble!](#)

"Arrogance!"

Nan Xiangtian shouted angrily: "You deliberately approached Qin Yuning just to lie to her and spend her money!"

"If it wasn't for that \*\*\*\* helping you, you would have died long ago!"

Chen Feng asked with a smile: "She helped me because I saved her life, but what about you?"

"As far as you are concerned, it's fine to deceive Qin Yuning, but you can't deceive me."

He put away the beads directly, too lazy to listen to Nan Xiangtian's nonsense.

As Nan Xiangtian said, he can't be killed now.

Once Liuying Tianzun is attracted, with his current strength, he is no match at all.

Just as Chen Feng left, Qin Yuying arrived behind.

Seeing his leaving back, Qin Yuying was even more shocked.

"This kid, actually mastered the Heaven Sealing Formation so quickly?"

She frowned, and was relieved until Chen Feng walked away.

"The Sealing Formation Dian has a lot of background, if the old lunatic finds out, he will definitely die."

"Fortunately, this kid has no cultivation base, and the aura of the formation activated by the spirit crystal is still very weak, so he has not been noticed."

Qin Yuying stepped away.

Chen Feng lost his cultivation, so he naturally didn't notice that Qin Yuying was peeking in the dark.

After returning to the residence, I happened to meet Zhou Xun chatting with Bai Shanshui and the others.

"Chen Feng, you're back!"

Jiang Yuechun hurriedly asked, "Is the auction going well?"

Chen Feng nodded: "One of the treasures to restore cultivation has been obtained, but the rest are hard to find."

"Zhou Xun, you often take on missions, have you ever heard the rumors about the Five Elements Supreme Treasure?"

Zhou Xunning thought for a while, then shook his head and said, "The treasure of the Five Elements is too rare, it hasn't been seen for hundreds of years."

"I originally wanted to cooperate with you, how did I hear that you have lost all your cultivation?"

Chen Feng told him the ins and outs of the future, and Zhou Xun looked sad.

"Forget it, since you have no cultivation base, that place is too dangerous to take you there."

"For your sake of helping me, if there is any news about the Five Elements Supreme Treasure, I will notify you as soon as possible."

After sending Zhou Xun away, Chen Feng chatted with a few people and then went back to the room to study the Heaven Sealing Formation Code.

There are tens of thousands of formations recorded in the Formation Code, all of which are immortal formations.

In addition to the nine grades divided from one to nine grades, there are taboo formations and immortal soul formations.

The taboo formations are extremely lethal, and most of them have side effects, Chen Feng just glanced at them.

But when he saw the Immortal Soul Formation, his eyes immediately lit up!

"The formation of immortal souls is driven by the power of immortal souls. It specializes in immortal souls. The stronger the immortal souls, the stronger the formation."

"Every time you use the Immortal Soul Formation, you need to extract a trace of the original power of the Immortal Soul, which is like the pain of pulling out the soul, and it hurts so much!"

"However, the Immortal Soul Formation is far more powerful than the Taboo Formation, and it can only be used once in a lifetime."

When Chen Feng saw the end, an idea sprouted in his heart.

It is used once in a lifetime, only for ordinary cultivators.

Taking the immortal soul with the power of one soul as an example, drawing the original power of the immortal soul once will cause the immortal soul to become sluggish, its cultivation base will plummet, and even the soul will be injured and it will become an idiot.

But the natal immortal soul is different.

The soul of the natal immortal is connected with the soul of the cultivator, forming a seamless one.

To extract the power of the immortal soul is to extract the power of the soul, and the pain is far better than ten times!

But the natal immortal soul can be recovered through treasures, and if you can endure the severe pain, you can even use it unlimited times.

"Now I have no cultivation base, can't refine treasures, and can't restore the power of the immortal soul."

"Just counting the natal immortal soul with the power of six souls, you can use the immortal soul formation six times, and any more will hurt the soul."

"In other words, I have six chances to save my life."

Chen Feng secretly rejoiced.

Even if his cultivation base is sealed, he can still form an array to extract the power of the immortal soul.

Although the number of times is not many, it can be regarded as a means of saving life.

not enough...

Chen Feng took out a ring, and the power of his body exploded, crushing it hard!

More than a dozen kinds of treasures were scattered, and the rich spiritual energy filled the entire room.

Then, he took out the Flowing Flame Stone and placed it in the center of the treasure.

A raging fire gushed out of the stone, instantly enveloping the treasure and burning it blazingly!

Within a short breath, the treasure was burned into liquid and mixed into a ball.

Chen Feng endured the burning pain, put away the flaming stone and liquid, and gasped for breath.

"The materials for refining the avatar have been collected, and there is only one last step left!"

He has no cultivation base and cannot perform the condensed incarnation of the nine heavens and ten earth souls.

Even if he recovers his cultivation, at most he can condense an avatar with the same realm as his body.

However, if one can find someone whose realm is higher than his own, and practice the Heavenly Art of Nine Heavens and Ten Earth Souls to help him condense his incarnation, he can surpass his own realm.

Shenlei Yaozun is the perfect candidate!

Early the next morning, Chen Feng bid farewell to his relatives and friends, and left the city alone.

After half a month of wind and sand, he finally came to the Yaozu position.

"Who trespassed on the demon clan?"

The guard at the gate stopped Chen Feng.

Chen Feng took off his bamboo hat and showed him the Yaoshen Orb given to him by Shenlei Yaozun.

"I have something to see God Thunder Demon Lord."

The guard knew Chen Feng and was very surprised: "So it's you!"

"I'll take you to see the Demon Lord right now."

The two of them came all the way to Yaozun's residence.

Hearing that Chen Feng was coming, Shenlei Yaozun walked over with a smile: "Why are you back, kid?"

"Could it be that the three chances have been used up?"

Chen Feng shook his head: "This time I came to Yaozun to make a deal."

He took out the bottle containing the liquid: "Take a drop of the original blood essence from the demon master, and help me condense the incarnation outside the body. The reward is a forbidden technique, which can condense the incarnation outside the body."

Shenlei Yaozun was stunned: "The forbidden technique of condensing the incarnation outside the body?"

The forbidden technique is an extremely rare existence, and ordinary people will never see it in a lifetime.

He squinted his eyes, kept looking at Chen Feng, and suddenly found the power surging in his body.

"Nirvana Immortal Power?"

Shenlei Yaozun suddenly said: "You have been sealed by the Nirvana Immortal Power, and that's why you came to ask me for help?"

Chen Feng admitted frankly: "Now that I have no cultivation base, I can't condense an avatar outside my body."

"If Yaozun believes in me, I will integrate the method of condensation into the soul and inject it into the avatar."

"The incarnation is 10%, and it will be passed on to you as promised."

Shenlei Yaozun is skeptical.

After all, how rare is the forbidden technique?

This kid not only has the secret method of transforming the dragon, but also the forbidden technique?

What is his background?

"Master Yaozun, I have a distinguished guest to see you!"

The voice of the general of the Yaozu came from outside the door.

Shenlei Yaozun said indifferently: "Let go of yours first."

He ordered people to come in.

I saw an old man wearing a black robe with his arms around his body coming.

"I have seen Lord Yaozun."

The old man bowed his hands and saluted, seemingly respectful, but there was a sly look in his eyes.

"Xu Lei, why are you looking for this deity again?"

Shenlei Yaozun's face darkened slightly.

Xu Lei smiled lightly: "It was a misunderstanding before, and I'm here to make amends."

"Of course, there are still some things I want to ask Yaozun for help."

He took out a yellowed ancient book and handed it to God Lei Yaozun.

"This is the third-level secret method of the immortal rank, quenching blood."

"The treasure quenching the blood can improve the purity of the blood and help the demon master to reach the level of Tianlong as soon as possible."

Shenlei Yaozun frowned slightly, quite interested.

After receiving it, he glanced at it and nodded slowly: "Since that's the case, I don't care about the previous things."

"What's the matter this time?"

Xu Lei smiled and said: "I need a drop of the original essence blood from Yao Zun to condense the Immortal Formation Stone, and the reward is a Nine Heavens Returning Soul Pill."

Chen Feng suddenly raised his eyebrows.

Immortal formation stones are required for arranging formations above the fifth level of the immortal rank.

The way of practice is different, and the condensation method of the fairy formation stone is also different.

However, the blood of the Yaozun is the blood of a real dragon, which can greatly enhance the power of the fairy formation stone, making it easier to arrange high-level formations.

And the Nine Heavens Guihun Pill is a treasure for tempering the soul and enhancing the power of the immortal soul.

The Yaozu are born with weak souls, so the demand for this pill is naturally great.

"Human merchants, they really know how to do business!"

Having said that, Shenlei Yaozun's eyes were quite moving.

"etc!"

Chen Feng hurriedly said: "If the previous conditions are not enough, I will add another secret method!" He was a little anxious.

#### [Chapter 5924: Dragon Holy Land!](#)

There is only one drop of original essence blood, which needs to be re-condensed after consumption.

Even if Shenlei Yaozun is powerful, it will take at least three years.

He only has three months left, and he can't afford to wait for three years!

Only then did Xu Lei notice Chen Feng, and he said strangely, "Why is there such a useless person here?"

He stared at Chen Feng, and threatened in a cold voice: "No matter what your background is, if you oppose my Nine Saints Chamber of Commerce, there will only be one end!"

"die!"

Chen Feng didn't care what he said.

It's a matter of life and death, he can't let it go!

Shenlei Yaozun narrowed his eyes and said in a deep voice, "I only have a drop of blood essence, but you all want it."

"Then according to the rules of your human race, the one with the highest price will get it."

Xu Lei laughed loudly: "It's exactly what I want!"

He took out more than a dozen kinds of fairy medicines in one go, and the rich aroma filled the whole room.

"Whether it's immortal medicine, elixir, or secret technique, as long as the Yaozun opens his mouth, it will be delivered within three days!"

After that, he glanced at Chen Feng provocatively.

A trash who can't practice, compare me?

You deserve it too!

Just as Chen Feng was thinking about how to get this drop of blood essence, Shenlei Yaozun suddenly spoke.

"only these?"

Xu Lei was taken aback by the question, and asked doubtfully, "Isn't this enough?"

Shenlei Yaozun shook his head: "He promised me a forbidden technique, which can condense incarnations outside the body."

"You should know the value of the forbidden technique."

Xu Lei was shocked!

Forbidden technique, looking at the entire Sirius Great Thousand World, is just one hand.

What's more, this kind of forbidden technique that can condense the incarnation outside the body is equivalent to doubling the strength?

Don't say that you are the president of the Nine Saints Chamber of Commerce, even if you sell all the treasures of the Chamber of Commerce, you may not be able to get this kind of forbidden technique!

"Wait, I have other treasures!"

"Golden Flame Stone, Primal Chaos Gold, Eternal Ivy..."

Shenlei Yaozun waved his hand: "Needless to say."

"Depending on the value, his treasure is worth more, and he won."

He looked at Chen Feng and said lightly, "Follow me."

Shenlei Yaozun left first, but Chen Feng froze in place.

"Little brat, don't let me meet you!"

Xu Lei said viciously: "Next time we meet, I will definitely kill you!"

"I want both the forbidden technique and the blood of the Demon Master!"

He snorted coldly, turned and left.

Chen Feng kept staring at him, frowning more and more tightly.

Among the treasures that Xu Lei just mentioned, there is an everlasting ivy, which is the most treasure of the wood attribute among the five elements.

Why is it in his hands?

The two had turned against each other because of their essence and blood, and they would definitely not be able to buy it by buying it, so they had to find another way.

Chen Feng followed Shenlei Yaozun to the outside of the camp.

The divine thunder demon reverberated the power, and the immortal power surged out wildly, triggering the heaven-killing divine thunder to descend.

Rumble!

The thunder exploded, all gathered in the palm of the hand, and melted into the liquid.

It's been half a month.

God Thunder Demon Venerable uses thunder light as his body, and gradually condenses into a complete human figure.

He looked at Chen Feng: "Boy, it's your turn."

Chen Feng nodded, and at the same time he cut his palm, separated a ray of soul.

Stinging pain swept the whole body.

The pain of being withdrawn from the soul made him twitch all over his body, and he couldn't stand still.

Shenlei Yaozun frowned tightly, and there was a little more admiration in his eyes.

Even if his cultivation base is sealed, he still dares to forcibly tear his soul apart!

He is risking his soul to lose his soul and gamble with his life!

Shenlei Yaozun raised his hand and pressed on his chest, the rolling celestial power condensed, forcing blood out of his heart.

As soon as the essence and blood came out, the terrifying blood pressure exploded!

Chen Feng couldn't hold on any longer, and was suppressed by coercion on the ground, unable to move.

His eyes were bloodshot, staring at the Yaozun's blood into the avatar.

Boom!

The thunder pierced the sky and poured into the avatar outside the body.

It was this thunder that gave life to the avatar, slowly opened his eyes, and looked around.

Memories gradually emerged in my mind.

He finally remembered who he was, and walked up to Chen Feng step by step.

He stretched out his hand to pull Chen Feng up, and said with a smile, "I'm back."

The moment he touched it, Chen Feng could feel the huge power in his body, comparable to the fifth level of the Golden Wonderland!

After absorbing the blood essence of the Yaozun, the physical strength of the avatar is far greater than before.

Coupled with the blessing of the True Dragon Mysterious Body Great Divine Ability, today's incarnation outside the body is infinitely close to the level of a real dragon!

"What a powerful avatar."

Shenlei Yaozun showed shock.

The ordinary avatar method can only condense an avatar that is weaker than the main body, and the maintenance time is extremely short, requiring the main body to control it.

But the Nine Heavens and Ten Earth Souls are different.

There is a ray of soul in the avatar, with the ability to think independently.

According to the strength of the condensed power, the strength of the awakened incarnation, like another self, can continue to grow.

The avatar outside the body looked at Shenlei Yaozun, and when he raised his hand, the memories in his mind condensed into light \*\*\*\* at his fingertips.

"Thank you Yaozun for helping me condense my avatar. According to the agreement, I will teach you the cultivation method of the nine heavens and ten earth souls."

He put his fingertips on the center of the eyebrows of Shenlei Yaozun, and taught him the method of cultivation.

Shenlei Yaozun closed his eyes to feel it, and it took three full breaths before he opened his eyes.

"It really is a forbidden technique!"

"It's the first time I've seen such a mysterious method of incarnation condensation."

He couldn't tell how excited he was.

Condensing one avatar to practice independently, doubles the speed of cultivation!

In addition to the great supernatural powers of the real dragon mysterious body obtained before, combined with the avatar, you can advance to the Tianlong level in a short time!

"The value of the forbidden technique is immeasurable. It's just to help you condense your avatar. It's too bad for you."

Shenlei Yaozun took out a map and handed it to Chu Shaoyang.

"This is the map leading to the Dragon Valley Holy Pool."

"There is the holy land of the dragon clan, where hundreds of ancestors of the dragon clan are buried and gathered into a pool of blood."

"Originally, only dragons could go there, but your avatar has a drop of my blood essence, which is considered half a dragon. Going there can help you quickly condense the body of a real dragon and advance to the level of a real dragon."

Chen Feng was very surprised.

The strength of the avatar outside the body is already very strong, and can rival the powerhouses of the sixth level of the Golden Wonderland.

If you advance to the level of a real dragon, you can condense the body of a real dragon, and it is no problem to compete against the seventh level of the Golden Wonderland!

"Thank you, Demon Lord, for your help."

Chen Feng cupped his hands in thanks, and left the Yaozu territory together with the avatar.

He didn't go directly to Dragon Valley Sacred Pool, but went back to Xingyue Chamber of Commerce to find Qin Yuning.

"Nine Saints Chamber of Commerce?"

Qin Yuning asked curiously, "That's the second largest chamber of commerce in the city, second only to the Xingyue chamber of commerce."

"What are you asking this for?"

Chen Feng said frankly: "I heard that the Nine Saints Chamber of Commerce has the eternal ivy, which is the key to refining the Nirvana Immortal Power in my body."

"However, I have some grievances with the president of the Nine Saints Chamber of Commerce, so I asked my sister to come forward for me."

Qin Yuning suddenly smiled: "Okay, leave this to me."

Seeing her promise, Chen Feng returned to his residence and talked about the holy pond with his relatives and friends.

"Don't talk about going to the holy pool for a few months now, and you will stay in the Xingyue Merchant Guild."

"If you need anything, just tell Qin Yuning, she will prepare it for you."

Jiang Yuechun said with a worried face: "Even if you condense into an avatar, the main body has no cultivation, so it is still very dangerous."

"Let us go with you!" Chen Feng shook his head with a smile: "This trip is full of dangers, I can't take you to take risks."

[Chapter 5925: deserve it!](#)

"I will bring back some pool water for you to help you improve your cultivation, so that you can protect yourself in this world."

Jiang Yuechun wanted to say something, but was stopped by Bai Shanshui.

"Then we'll wait for you here."

"Be careful on your way."

Chen Feng nodded, bid farewell to everyone, and rushed to Dragon Valley Sacred Pool.

The immortal power between heaven and earth is very thin.

With the help of his avatar, Chen Feng drove all the way, and the places he passed were desolate.

He became more and more curious about what kind of terrifying existence it was, which almost destroyed the entire world.

And where is the seriously injured star soul?

Three days later, Chen Feng and his avatar came to an oasis.

This was the first oasis he saw after coming to this world.

The vegetation is strong and the ancient trees are 100 meters high.

In the depths of the oasis is a canyon, full of various elixir.

When he first arrived at the entrance of the canyon, he felt a powerful aura.

Longwei!

The unique coercion of the Dragon Clan.

The further you go in, the more terrifying Long Wei becomes.

The avatar runs the True Dragon Mysterious Body Great Divine Ability and protects Chen Feng with the power of the dragon's blood, so that he can continue to go deeper.

An hour later, the two finally reached the deepest part of the canyon.

Inside the ring canyon is a large \*\*\*\* lake.

The blood in the lake was churning, green smoke rose when the bubbles burst, and the temperature was extremely high.

"Dragon Valley Sacred Pool!"

The avatar showed excitement: "The dragon's blood here is very pure, and it is a great tonic for me."

"I'll leave some of my power to you, so I won't be suppressed by Longwei here. I will refine the dragon's blood."

Chen Feng nodded and sat cross-legged by the lake.

The incarnation stepped into the big lake, and ripples were instantly aroused.

The lake water churned, bubbles kept popping out, and the temperature soared!

The avatar frowned, only to feel a terrifying coercion crashing into his body, as if it wanted to break his whole body!

Run the real dragon mysterious body great supernatural powers to stimulate the power of dragon blood in the body.

The golden light is shining, as bright as the sun!

The avatar was covered with golden light, condensing out dragon scales, dragon tails and dragon horns.

Compared with before, the characteristics of the dragon are more distinct, like a real dragon.

After resisting the power of the blood pool, the avatar sat inside the lake and began to refine the power of the lake.

Time flies, and a day passes in a blink of an eye.

The breath of the avatar is stronger, and the dragon scales on his body are lifelike.

The dragon's horns and tail have grown a bit, and its body has grown accordingly, reaching two meters in height.

Chen Feng took this opportunity to continue studying the Tianfeng Formation Code.

He heard the sound of footsteps, and he realized that someone was approaching.

"There is someone here?"

When Chen Feng turned his head, he saw three cultivators.

The leader is tall, with a bare upper body, showing strong muscles.

The other two were women, holding the arms of the tall cultivator, rubbing their bodies intentionally or unintentionally.

"Brother Teng, look, that big lake is actually red!"

The long-haired woman on the left said in surprise.

Brother Teng said with a smile: "Your cultivation is too low, so naturally you can't feel the horror here."

"That big lake is made of blood, and the coercion it exudes seems to be the blood of a dragon."

"The boy's news is indeed true, but there is a pool of blood here, which can help me temper my body."

The three of them chatted on their own, not paying attention to Chen Feng at all.

Brother Teng was about to move forward, but was stopped by Chen Feng.

"Although treasures are good, you should know the principle of first come, first served."

Right now is the critical period for the breakthrough of the avatar, and it must not be disturbed in the slightest.

If it is light, it will fall short, and the cultivation base will be greatly reduced.

If it is heavy, it will explode and die!

"Is there anyone else here?"

Brother Teng finally noticed Chen Feng, looked him over and smiled contemptuously: "It turned out to be a trash with no cultivation, how did you get here?"

"This place belongs to me, don't you hurry up?"

Chen Feng frowned slightly.

Is there any reason to give up when the treasure is right in front of you?

If you really make a move, relying on the power of the immortal soul may not necessarily lose.

However, this place is not accessible to ordinary cultivators.

"If you want to die, just go in and try."

Brother Teng smiled disdainfully: "Just because you are a trash with no cultivation, you still want to kill me?"

"I can kill you with a wave of my hand!"

The two girls laughed coquettishly and laughed at Chen Feng one after another.

"It is said that those who know the current affairs are heroes, knowing that they have no ability to fight for the treasure, why should they die?"

"If I were you, I would get far away now and save my life."

Without saying a word, Chen Feng took the initiative to take two steps back.

In the eyes of the three of them, he was scared!

"You are smart!"

Brother Teng laughed loudly, took the two girls with him and walked into the lake.

He leaped forward, only to hear a 'plop', and fell into the lake.

chi chi chi...

The lake was churning, and the astonishing heat and pressure suddenly soared!

The moment the two women went down, they turned into nothingness, leaving only a few screams.

"Brother Teng, save, save me!"

Brother Teng was also burned by the power of the lake water, his body was on fire, and he paled in shock!

He hastily exploded with celestial power, shaking the lake water from his body, and rolled back to the shore in a state of embarrassment.

Brother Teng looked scared.

The power in the lake is too terrifying. If he hadn't reacted quickly, he would have ended up like the two girls!

I happened to see Chen Feng from the corner of my eye, and Brother Teng suddenly realized!

"Little brat, you already knew there was a problem with the lake water?"

Chen Feng said lightly: "I reminded you, it was you who refused to listen to the persuasion and insisted on sending yourself to death."

"Asshole!"

Brother Teng was furious: "I'll kill you right away and bury you with them!"

He activated his immortal power, and a bright golden light shone on his body.

Chen Feng couldn't perceive this person's realm, but inferred from the fluctuation of immortal power that it should not exceed the fourth level of the Golden Immortal Realm.

Just use him to try the power of the Immortal Soul Formation!

The power left by the incarnation circulates in the body, giving him the qualification to mobilize the power of the immortal soul in a short period of time.

Only two cries were heard, and two big birds flew out of Chen Feng's body!

One is cyan and the other is gold.

It was the Phoenix Bird and the Golden Crow!

As the breath of the immortal soul fell, Brother Teng's face changed drastically, and he exclaimed: "Six, the immortal soul with the power of six souls?"

"What is your background, why do you have such a powerful immortal soul without any cultivation?"

Chen Feng did not answer, but circulated the power of the immortal soul to condense into a large formation.

The phoenix sits in the east, and the golden crow occupies the west.

The power of the hurricane and the flame soared into the sky, blended with each other, and turned into a fire tornado.

The fire takes advantage of the wind to multiply its power!

"go!"

Chen Feng let out a low growl.

The fire tornado roared away, engulfing Brother Teng in an instant.

"ah!"

Brother Teng's screams suddenly sounded!

The flames burned his body, and his flesh and blood were torn apart by the wind blade. The pain increased!

Even if he pushed the immortal golden body and immortal power to the extreme, he still couldn't stop such a powerful immortal soul power.

"I was wrong, please don't kill me!"

"I know the whereabouts of a treasure, can you exchange my life?"

Brother Teng kept shouting.

Chen Feng raised his brows slightly, but he was not in a hurry to stop, and asked, "What treasure is it?"

Brother Teng hurriedly replied: "Soul Jade Grass, the elixir for healing soul wounds!"

A gleam flashed in Chen Feng's eyes.

Isn't Soul Jade Grass the perfect thing to restore Dao Wuchen's soul power? The power of the immortal soul dissipated, and Brother Teng fell hard to the ground.

[Chapter 5926: Incarnation outside the body, Chen Ze!](#)

The body was charred, and there were several deep scars visible to the bone, which was shocking.

He was gasping for breath, and he didn't even have the strength to get up. He looked at Chen Feng with fear in his eyes!

"Thank you son for not killing me!"

Chen Feng used his last strength to create a slave mark, which was imprinted into Brother Teng's Sea of Consciousness.

The slave seal is 100%, Brother Teng's life and death are all in Chen Feng's thought.

He threw out another pill: "Heal the wound first."

Brother Teng thanked him, took the elixir with difficulty, and began to heal his wounds.

Several hours later, Brother Teng had already recovered 50%.

The sky is full of stars twinkling endlessly.

Sitting cross-legged by the lake, Chen Feng frowned slightly as he watched the increasingly turbulent lake water.

The incarnation condenses the body of a real dragon, and it has reached the most critical moment.

Make it or break it!

boom!

A loud noise set off a 100-meter-high spray.

The avatar rushed out of the lake, bathed in golden and red light, soaring into the sky!

In an instant, billowing black clouds gathered and covered the sky for ten miles!

This is the thunder brought by Hualong!

Only by going through the thunder calamity can one condense the body of a real dragon and become a real dragon!

"Come!"

The avatar let out a loud shout.

The furious thunder in the cloud churned and descended with a bang!

The thunder was as thick as an arm, cut through the sky, and ruthlessly bombarded the avatar.

Boom!

The avatar stood up to the blow, his whole body was bathed in thunder, and the dragon scales were shattered a lot.

But soon, the dragon blood accumulated in his body took effect, constantly repairing his body.

Instead, the repaired body condensed into real dragon scales, more like a dragon.

Rumble!

The furious thunder fell one after another.

The avatar was swallowed by the thunder, and the golden scales on his body receded, replaced by dark golden dragon scales.

Until the last golden light dissipated, the avatar was covered with dragon scales.

With double horns on the first head, and a dragon tail growing from behind, it completely turned into a dragon clan!

The black clouds gradually dissipated, revealing a sky full of stars.

The avatar slowly landed beside Chen Feng, and excitedly said: "The dragon body is complete, and I have reached the fourth level of the Nine Changes, the level of a real dragon!"

"Even if you meet a cultivator at the seventh level of the Golden Immortal Realm, you will still have the strength to fight!"

Chen Feng was overjoyed.

The stronger the avatar, the stronger enemies he can fight.

Now he and the incarnation practice two ways separately, the incarnation majors in the physical body, while he majors in the immortal soul.

If he refines the Nirvana Immortal Power again, his strength will have a qualitative leap!

"Lord, master, who is this?"

Brother Teng stared at the avatar, curious and frightened.

If he knew that there was such a strong man hidden in the lake, how would he dare to attack Chen Feng?

"This is my brother, Chen Ze."

Chen Feng gave the avatar a name.

After all, the Nine Heavens and Ten Earth Souls Heaven Skills are too heaven-defying, and if others find out, they may cause disaster.

Chen Ze froze for a moment, shook his head and smiled.

Unexpectedly, as an incarnation, he became the elder brother of the main body.

"It turns out to be the elder brother of the master, no wonder he has such strength!"

Brother Teng hurriedly flattered Chen Ze.

"okay."

Chen Feng said lightly: "Take me to find the Soul Jade Grass."

Brother Teng nodded and hurriedly led the way.

After the three of them left the holy pond, they headed north all the way to a swamp.

The swamp is filled with dense miasma, and there is also a strange force that can corrode the body of a cultivator.

Just contamination can greatly reduce the strength of the physical body.

If you stay in the miasma for a long time, your body will turn into pus and blood, and there will be no bones left!

"Master, Soul Jade Grass is a treasure to heal soul wounds, but the periphery is often guarded by highly poisonous things."

"I can't go deep with my strength, can I wait here?"

Teng Ge looked terrified.

Chen Feng nodded: "You just wait here, we will come out soon."

After all, he and Chen Ze stepped into the miasma together.

When the figures of the two disappeared completely, Brother Teng changed his expression directly, with a vicious smile!

"Trash, are you worthy of being my master?"

"Even if your brother is from the Dragon Clan and has reached the level of a real dragon, he still can't beat that beast inside!"

"When you die, I will take away all the treasures on your body, and it will not be in vain for me to swallow my anger for so long."

At the same time, Chen Feng and Chen Ze went deep into the swamp.

With the protection of Chen Ze's power, the miasma did not reach Chen Feng at all.

"There's a big guy up ahead."

Chen Ze spoke suddenly, with a serious look on his face.

Chen Feng frowned slightly.

The existence that can make Chen Ze feel troublesome is not easy.

creak...

A strange cry sounded.

A shadow vaguely appeared in the miasma, and the shadow was extremely fast, shuttling through the miasma.

Chen Feng and Chen Ze stared at their surroundings vigilantly, ready to strike at any time.

The shadow shuttled through the miasma, surrounding the two of them all the time, but refused to show up for a long time.

Suddenly, a black shadow pierced through the miasma, and it turned out to be a sharp black thorn, shooting directly at the center of Chen Feng's eyebrows!

Chen Ze's eyes froze, scales covered his fists.

Blast out with one punch!

Click!

The sharp thorn was smashed by a punch.

At the same time, the black shadow rushed out from behind Chen Ze.

It turned out to be a huge mouse with black thorns all over its body.

Opened his \*\*\*\* mouth and bit Chen Feng's head!

"Cunning bastard!"

Chen Ze's eyes became colder and colder.

This monster has a very high spiritual intelligence, knowing that Chen Feng has no cultivation, it has been staring at Chen Feng and beating it.

Chen Ze shouted loudly, scales appeared all over his body, and his speed suddenly soared!

Step out, teleport to the mouse, and punch it hard!

boom!

The mouse was punched back, rolled back into the miasma, and disappeared.

"If I'm not mistaken, this is an adult Black Soul Rat."

Chen Feng said lightly: "The Black Soul Rat has a special bloodline that can directly attack the soul."

"And the Black Soul Rat is very fast, its body is covered with sharp thorns, and its defense is also very high. Unless it is strong enough to directly penetrate his body, only the power of the soul can hurt it."

Chen Ze clenched his fists and smiled lightly: "It's only the sixth level of the Golden Wonderland, nothing to be afraid of."

He slowly closed his eyes, the blood of the real dragon in his body exuded a faint dragon power.

The swamp that was originally shrouded in miasma was instantly visible.

The Black Soul Rat hid under the swamp, held back its breath, and only revealed a pair of eyes, staring at them quietly.

"Got you."

Chen Ze suddenly opened his eyes, and all the strength in his body exploded.

Step out in one step, break through the miasma, and instantly appear above the Black Soul Rat!

Blast out with one punch!

Click!

The sharp thorns on the Black Soul Rat's body were shattered, the flesh and blood exploded, and blood splattered everywhere!

It let out a scream, and its eyes were full of fear!

All the cultivators I met before were killed by it, and no one could break the sharp thorns on its body.

But Chen Ze's speed and strength were too terrifying, it didn't react at all!

With a twist of his huge body, he turned around and was about to run.

Chen Ze sneered: "Can you escape?"

It was another punch!

boom!

The wound of the Black Soul Rat was directly blasted through!

The strength of the fist exploded in the body, and the internal organs were all turned into powder.

After the Black Soul Rat let out a scream, it collapsed in the swamp, its body twitched a few times and then fell silent.

Chen Ze put away the body of the Black Soul Mouse, and said with a smile, "This guy's flesh and blood are treasures, and they can be sold for a lot of money."

Chen Feng was speechless for a moment.

Sure enough, it is my own incarnation, and I never let go of any treasure. "The breath of Soul Jade Grass is just ahead."

#### [Chapter 5927: Chamber of Commerce!](#)

Chen Ze led Chen Feng all the way forward, until they came to the edge of a pool of blue light.

There is a blue flower growing in the middle of the pool, the size of a palm.

The shimmering light, like rippling water, is gorgeous and extraordinary.

At this time, Dao Wuchen's soul fluctuations spread from Chen Feng's sea of consciousness.

It seemed to feel the breath of the soul jade grass, and the soul breath spread in circles.

Chen Feng was about to pick it, but there was a person who broke through the miasma, it was Brother Teng!

As soon as he appeared, he immediately met the eyes of Chen Feng and Chen Ze, feeling a little embarrassed.

"Lord, master, are you all right?"

"I just sensed the breath of a monster, and I was worried that you would be hurt, so I rushed in."

Brother Teng hurriedly found an excuse to hide his guilt.

Chen Feng sneered: "Are you worried about me, or do you want to see if I'm dead or not?"

Brother Teng's expression changed suddenly, and he took several steps back.

"how do you know?"

Chen Feng sneered: "I left a soul breath in the slave seal, which can know all the thoughts in your heart."

"If you accept your fate obediently, it's okay to let you go when I get the treasure."

"But if you insist on finding death yourself, then I will fulfill you."

Chen Ze immediately made a move, punching Brother Teng's heart.

"Don't kill me, I know I was wrong!"

Brother Teng knelt on the ground with a 'plop' and kowtowed repeatedly.

"I don't dare anymore, please spare my life!"

Chen Ze mercilessly smashed his heart with one punch.

He took away his ring and threw it to Chen Feng.

When I opened it, I found that there were mostly immortal medicines and spiritual crystals inside, and there was also a black token.

The token is no bigger than a palm, made of a very special material, and engraved with the word "kill".

"What token is this?"

Chen Feng flipped through it for a long time, but he didn't know the purpose of this token.

Chen Ze just glanced at it, and immediately noticed that there was a special power in this token.

"A wisp of his soul is sealed in this token. If he dies, the remnant soul will dissipate."

"It seems that he is a member of a certain force, and the news of his death has been sent back."

Chen Feng frowned slightly.

If he had known this earlier, he should have been saved.

There are many strong people in this world, but he is still very weak, so it is not appropriate to make too many enemies.

But the matter has come to this point, he will not be afraid of those people.

Chen Feng sat down cross-legged and began to refine the power of the Soul Jade Grass.

Pure soul power poured into the sea of consciousness and injected into Dao Wuchen's remnant soul.

His breath is getting stronger and stronger.

After a few breaths, Dao Wuchen's remnant soul finally woke up.

"How long have I been asleep?"

Chen Feng said lightly: "It's only three months."

Dao Wuchen was a little surprised: "It seems that you have already arrived in the Great Thousand World of Sirius."

"My current strength is still very weak, and I need more treasures to maintain my strength."

"As a reward, I will first teach you one style of marksmanship."

When he raised his hand, densely packed small golden characters floated in the sea of consciousness.

When Chen Feng took a closer look, he saw eight large characters.

Level 4 Immortal Grade, Lingxiao Divine Spear!

"I got this book of marksmanship by accident. It was created by a fairy who is good at using long spears."

"Although you use a knife, there are merits in the moves. As for whether you can comprehend it, it depends on your understanding."

Chen Feng nodded, and looked carefully at the cultivation method of Ling Xiao Shenlance.

The marksmanship is mainly fierce, which can burst out extremely strong lethality in a short period of time.

If supported by a strong physical body, the power of marksmanship can be greatly enhanced.

He thought about it.

With his current situation, he can't practice this marksmanship at all, so he might as well leave it to Chen Ze to practice.

Chen Feng opened his eyes and said to Chen Ze: "I have a book of marksmanship for you."

He raised his hand to touch the center of his brow, injecting marksmanship into his sea of consciousness.

Chen Ze closed his eyes and meditated, opened his eyes after a long time, and said with a smile: "The mysterious spear technique is stronger than the sword technique you practiced before."

"But the sword is on you. If I want to practice this book of marksmanship, I must start using a spear now."

Chen Feng sighed.

The avatar is different from the main body, and he doesn't know whether he has the understanding to practice marksmanship.

But this marksmanship is of a very high level, and its power even crushes martial arts of the same level.

"You might as well give it a try."

Chen Feng boldly said: "Although the guns and knives are different, the artistic conception is similar."

"I'll teach you marksmanship in the way of a knife, and see how it works."

Soon, Chen Feng began to understand marksmanship.

The Lingxiao Divine Spear is an extremely explosive marksmanship based on physical strength.

Chen Feng used a knife as a spear and stabbed out one after another.

When the knife was drawn, the jet-black blade pierced the sky and let out an ear-piercing scream.

An hour later, Chen Feng only felt his muscles sore, and he sat cross-legged on the ground to rest.

"This marksmanship is more difficult than expected."

Chen Ze has been watching from the sidelines.

Ling Xiao's sharp gun pursues an instant burst, using physical strength to affect the whole body, and all the immortal power bursts out in an instant.

If you practice to the extreme, stabbing Ling Xiao with a spear can even tear the space!

Chen Feng sighed softly: "It seems that this type of marksmanship will not be able to be practiced for a while."

"It's been a few days since we came out, there must be some news from my sister."

Chen Ze nodded, and rushed back to Xingyue Merchant Guild together with him.

As soon as he returned to his residence, he saw a hunched old man cleaning the yard.

Chen Feng had never seen him before, so he said doubtfully, "Senior, you are..."

Hearing the sound, the old man turned his head and introduced with a smile: "My name is Lin Yue, and I am sent by Miss to take care of your daily life."

"My son is Chen Feng, right?"

Chen Feng nodded, and asked again: "Where is sister now?"

Lin Yue frowned slightly: "Miss has often been in and out of the Nine Saints Chamber of Commerce these few days, looking for the eternal ivy for the young master."

"However, the president of the Nine Saints Chamber of Commerce seems to hang Miss on purpose. Today is the seventh time."

"I heard from Miss that if it doesn't work this time, she can only give up."

Chen Feng secretly said something bad.

Eternal ivy is very rare, probably only the president of the Nine Saints Chamber of Commerce has it.

My sister can find other spiritual things, but without the eternal ivy, it is impossible to dissolve the Nirvana Immortal Power in the body.

His time is running out.

Chen Ze suddenly said, "Let's go to the Nine Saints Chamber of Commerce."

Chen Feng nodded, and led by Lin Yue to the Nine Saints Chamber of Commerce.

The Chamber of Commerce is not in the city, but at the foot of a big mountain a hundred miles outside the city.

There is a small city here, headed by the Nine Saints Chamber of Commerce, it is a city of trade.

Although the scale is not as good as the Star Moon Merchant Guild, it is still crowded with people.

Lin Yue took the two of them to the center of the city, in front of a magnificent tower.

"This is the Nine Saints Chamber of Commerce."

Chen Feng nodded, let Lin Yue wait nearby, and entered the Nine Saints Chamber of Commerce with Chen Ze.

There are no guards in the chamber of commerce, but there are countless formations hidden inside the stone wall.

Once someone makes a move here, the formation will be activated.

Its power is enough to kill an eighth-layer Golden Immortal Realm powerhouse in an instant.

"Is this young man here to buy something?"

A middle-aged man with mischievous eyebrows approached the two of them.

"My name is Zhou Yuntong, and I am known as a know-it-all. I know everything!"

"As long as the money is in place, I can tell you any news you want to know." Chen Feng threw a spirit crystal casually: "Where is the lady of the Star Moon Merchant Guild now?"

Chapter 5928 Apology!

Zhou Yuntong was stunned for a moment before saying: "The third floor, the president's room."

"I heard that the two are discussing business, but they haven't made a decision after talking for a long time."

Just as Chen Feng was about to leave, Zhou Yuntong stopped him again: "My lord, don't leave in a hurry, I still have something to say."

"This is bonus news."

He lowered his voice and whispered in Chen Feng's ear: "The president has ideas about Xingyue Merchant, but he can't beat Qin Yuying, so he can only find another way."

"It so happened that Qin Yuning came at this time..."

Chen Feng's complexion suddenly changed!

Zhou Yuntong didn't need to finish his sentence to understand.

Reminiscent of Qin Yuning's attack, it must be the Nine Saints Chamber of Commerce's attempt to annex the Xingyue Chamber of Commerce!

His unintentional move put Qin Yuning in danger!

"Walk!"

Chen Feng immediately led Chen Ze to the third floor.

There was a cultivator guarding the door, and when they saw the two rushing about, they hurriedly yelled.

"who?"

"Dare to trespass the forbidden area! Court death!"

In an instant, the offensive was severely suppressed, and he attacked directly without distinction.

And the murderous intent is awe-inspiring, obviously intending to kill the two of them directly.

Seeing how decisive he is, it is likely that he has done such reckless things.

Chen Ze was about to stimulate the power, but was stopped by Chen Feng.

"I have a treasure here, and I want to talk to the president personally."

The guard looked at Chen Feng suspiciously, and asked, "What treasure, take it out and have a look?"

Chen Feng said lightly: "This thing is in my body, I can't take it out for the time being."

"However, you can give me your hand, feel the power in my body, and you will know its value."

Chen Ze suddenly realized.

The so-called treasure is the Nirvana Immortal Power in his body!

Chen Feng can't control this power, but if other people try to sense it, they will be hurt by Nirvana Immortal Power!

The guard looked Chen Feng up and down, and seeing that he had no cultivation, he immediately relaxed his vigilance.

He put his hand on Chen Feng's arm and injected his own strength.

The Nirvana Immortal Power in Chen Feng's dantian sensed the breath of the outside world, surged up in an instant, and rushed into the guard's body!

"ah!"

The guard hissed and withdrew his hand suddenly, but it was too late.

The immortal power of Ji Mie rushed into his body, constantly destroying his meridians and flesh and blood.

With just one breath of effort, the guard was seriously injured!

"So powerful!"

Chen Feng was secretly startled.

When facing Nirvana Immortal Power, if Chen Ze hadn't sacrificed his life to save him, he would have died long ago.

Seeing the power of Nirvana Immortal Power with his own eyes, it was only a strand of it that could instantly kill a sixth level cultivator of the Golden Immortal Realm.

Really extraordinary!

Suddenly, the door was blown open by strong wind.

A force came and shook the guard away, and he fell to the ground with horror on his face.

"Who is causing trouble in my Nine Saints Chamber of Commerce?"

Chairman Xu Lei looked at Chen Feng coldly, and was taken aback for a moment.

"It's you?"

Xu Lei's eyes froze, and he sneered: "I was looking for you everywhere, but I didn't expect you to come to my door!"

On the side, Qin Yuning got up in surprise, but she didn't expect Chen Feng to follow.

Chen Feng's thoughts changed, and he hurriedly said: "President, calm down, I'm actually here this time to make amends."

"apologize?"

Xu Lei froze for a moment.

Chen Feng walked up to him with a smile, and explained: "The last time I confronted the president, I really had to do it."

"Look at him."

He pointed to Chen Ze: "In order to save her from losing her cultivation and to protect myself, I remembered that I had some friendship with Yaozun back then."

"He is my incarnation condensed by the Yaozun's own hands using the secret method and the blood of the Yaozun. He has a cultivation level comparable to that of the sixth level of the Golden Immortal Realm."

Xu Lei looked at Chen Ze and sized him up carefully.

Chen Ze has strong blood and strong physical strength.

Moreover, there is a strong blood breath in his body, exuding a coercion.

He had only felt this coercion from the Yaozun.

"go on."

Xu Lei became more and more curious, what kind of medicine was sold in Chen Feng's gourd?

A smile curled up on the corner of Chen Feng's mouth: "I have lost my cultivation, and I need the Five Elements Supreme Treasure to refine it into a elixir, refine the Nirvana Immortal Power, and restore my cultivation."

"I heard that the president has eternal ivy here, and there were some misunderstandings before, so it's better to turn hostility into friendship."

He directly took out a jade talisman and handed it to Xu Lei.

"This is the forbidden technique given to the demon master back then."

"Except for this treasure, Chen Ze and I are willing to submit to the Nine Saints Chamber of Commerce for the president's use."

"When I recover my cultivation base and refine the immortal power of Nirvana, I can give half of it to the president."

The corners of Xu Lei's eyes twitched again and again, his heart was ecstatic!

The method of incarnation outside the body, the immortal power of extinction!

These two are the strongest forces in the world!

"However, how can I believe that you are sincerely defecting?"

Xu Lei continued to test Chen Feng: "As far as I know, you are a benefactor of the Qin family."

"Besides, if you killed Bai Hao, the Heaven-Sealing Formation Code must be in your hands. If you let his master know about it, you will definitely die."

Chen Feng remained calm on the face, but secretly vigilant in his heart.

Bai Hao's formation ceremony is indeed of extraordinary origin.

Now Xu Lei is difficult enough to deal with, and there is another master, Bai Hao.

It's tricky!

"Xiao Feng, what are you talking about?"

Qin Yuning was at the side, looking at Chen Feng in disbelief:

"You gave your life to save me. I will always remember this affection. As long as it is something you ask me to do, I will try my best to do it."

"Even my mother feels that we owe you too much, and spread the news for you to find the Five Elements Supreme Treasure."

"You don't believe that I can get the eternal ivy, do you?"

Chen Feng sneered: "You really don't have this ability."

"And I risked my life to save you just to win Qin Yuning's trust."

"As for you, you are just a \*\*\*\* for me to control the Xingyue Merchant Guild!"

A fierce look flashed in his eyes: "But I didn't expect that Chairman Xu sent someone to kill you that day. If I knew this, how could I save you? It made my cultivation completely useless, and I still have to rely on you to save me!" ?"

"In another month, I will be corroded to death by the immortal power of Nirvana, and this power will also dissipate into nothing. Instead of following you, it is better to follow President Xu, and there is still a glimmer of life!"

Qin Yuning was shocked and angry: "So you didn't really save me?"

"You are for the Star Moon Merchant Guild!"

"That's right!"

Chen Feng admitted it straight away, and stared at Qin Yuning closely: "You are the biggest weakness of Xingyue Chamber of Commerce."

"Since you are here today, don't even think about leaving."

While speaking, Chen Ze had already mobilized his strength and kept approaching Qin Yuning.

"President Xu."

Chen Feng looked at Xu Lei: "Since it's cooperation, let me show my sincerity first."

"Today I will help you capture Qin Yuning, and then go back to Xingyue Chamber of Commerce to deal with it and suppress the news of her arrest."

"Is the president sure about annexing the Star-Moon Chamber of Commerce?"

Xu Lei, who was watching the show, showed a playful smile.

"interesting."

Just as Chen Feng guessed, he arranged for the interception and killing of Qin Yuning that day.

He just pushed the boat along the way, asked Yang Jiucheng to carry out his revenge plan, and helped him catch Qin Yuning by the way, so as to blackmail the Xingyue Chamber of Commerce.

However, because of Chen Feng's appearance, all plans were disrupted!

Xu Lei smiled sadly: "Your friend is more knowledgeable than you, and understands the truth that good birds choose trees to live in."

"Don't do it yet?"

Chen Ze's breath became stronger and stronger, directly suppressing Qin Yuning.

[Chapter 5929: Just count!](#)

Qin Yuning couldn't believe it: "No, he must be acting!"

"Xiaofeng, he won't do that!"

"you know me well?"

Chen Feng interrupted her with a sneer: "What do you think I rely on to practice alone?"

"In the world of cultivators, the weak will eat the strong, and the fittest will survive!"

"As long as I kill you, not only will I be able to restore my cultivation, but with the help of President Xu, I can go even further!"

He immediately cast a look at Chen Ze.

With a flash of Chen Ze's figure, he slammed his palm on Qin Yuning's dantian.

"ah!"

Qin Yuning vomited blood and flew backwards.

There was a golden palm print on her dantian.

The golden streamer spread, forming a formation that instantly blocked her cultivation.

"I've sealed her cultivation, but I can't touch her now."

Chen Ze said in a deep voice: "Qin Yuying is extremely powerful, and the two of them have a better sense of each other. If you act rashly, you will only scare the snake."

"According to the previous plan, let my brother continue to lurk in the Xingyue Chamber of Commerce, and I will be responsible for guarding Qin Yuning."

"President, just implement the plan."

Xu Lei narrowed his eyes slightly.

This kid took the shot really decisively, not only sealed Qin Yuning's cultivation, but almost beat her to death!

However, he never trusted Chen Feng and Chen Ze from the bottom of his heart.

Whether it is acting or defecting.

It's not too late to kill their brothers when they are no longer useful!

"Come on!"

He immediately called a guard and took Chen Ze and Qin Yuning to the dungeon.

Then, Xu Lei looked at Chen Feng with deep meaning: "Whether you can get the eternal ivy depends on your performance."

Chen Feng lowered his head slowly, but an undetectable look flashed in his eyes.

"Yes, President!"

dungeon.

Located in the depths of the Chamber of Commerce, it looks very ordinary, just an ordinary courtyard, but the surrounding formations are sealed, and high-level practitioners cannot sneak in.

"Go in!"

Chen Ze threw Qin Yuning into the cell, and followed him in.

The guard froze for a moment, then asked in confusion, "What are you doing in there?"

Chen Ze said lightly: "I'm also a hostage, and I promised the president to watch him."

"If I let him go, how will you explain to the president?"

The guard laughed and hurriedly activated the formation to trap the two of them.

Qin Yuning still wanted to break through the formation, but her cultivation was sealed, so everything she did was futile.

The formation was activated, and the people inside could no longer come out, and the guards also left.

"brute!"

Qin Yu glared at Chen Ze angrily: "I trust you so much, yet you betrayed me?"

Chen Ze didn't answer immediately, but looked around.

After confirming that the formation was activated and no one could detect the conversation between the two, they breathed a sigh of relief.

"Sorry for making you feel wronged."

He transmitted the sound in a low voice, which made Qin Yuning a little at a loss.

"You, what do you mean..."

Chen Ze just pressed his hand between his eyebrows.

A ball of white light lit up, and in the mind of the avatar, Chen Feng's remnant soul flew out.

"Let me explain."

Chen Feng sighed: "When I came, I just learned that the person who intercepted and killed you was Xu Lei."

"I simply followed the plan, broke with you on the surface, and then seduced Xu Lei with treasures, but this may not make Xu Lei completely believe in me."

"After I go back, I will tell President Qin about this matter, and after I have made a plan to save you, I can cooperate with the outside world to save you and destroy the Nine Saints Chamber of Commerce at the same time!"

Qin Yuning froze on the spot, and after a long time, she showed a sudden look.

"So you acted it all!"

Chen Feng said apologetically, "The reason why I attacked you just now was to win Xu Lei's trust."

"I'm about to arrive at the Xingyue Merchant Guild. You should cooperate with Chen Ze well and just wait for the news."

The remnant soul returned to Chen Ze's body.

Qin Yuning only felt in a trance.

She was worried about Chen Feng, for a moment she forgot why she was intercepted and killed in the first place.

As Chen Feng said, mother's biggest weakness is herself!

If Chen Feng hadn't taken the risk, she would have fallen into Xu Lei's hands!

No wonder he was young, but he was able to come here from Zhongqian World, and he understood the sinister truth of the human heart far better than himself.

Then trust Chen Feng and wait for the good news.

...

Star Moon Chamber of Commerce.

"My lord, this is the fairy medicine prepared by the lady for you."

Lin Yue handed a ring to Chen Feng.

Inside the ring are two elixir plants, one stone flower and one daffodil.

It is the treasure of earth and water among the treasures of the five elements, the stone jade flower and the spirit of clear water.

"Then there are only two differences."

Chen Feng was overjoyed.

With the eternal ivy in Xu Lei's hands, only the metal treasure remains.

However, after obtaining the treasure, who should I find to refine the elixir?

He temporarily put this matter behind him, thinking about how to counterattack the Nine Saints Chamber of Commerce.

Even without cultivation base, there is a fairy soul in his body, and he faintly senses a dangerous aura hidden in the dark.

That was the person Xu Lei sent to monitor him.

Once he meets Qin Yuying, the plan will be revealed.

"Uncle Lin!"

A young man knocked on the door, walked in, and came to Lin Yue's side, with a look of distress on his face: "Senior, there is a difficult matter now, and I need your advice."

Lin Yue asked with a smile, "But the Ten Thousand Merchants Conference in seven days' time?"

"Exactly!"

The young man named Lu Ming had a sad expression on his face: "In previous years, at the Ten Thousand Merchants Conference, our Xingyue Chamber of Commerce would find a treasure to suppress the heroes, but this year there was an accident."

"I don't know where Jiushengshang found a secret method. It is said that it can condense the incarnation outside the body. It is a legendary forbidden technique!"

"The result of the Wanshang Conference determines the ownership of the shops. If the Nine Saints Chamber of Commerce wins, it can occupy most of the shops in the city, thus shaking the position of the Star Moon Chamber of Commerce."

"How should this be done?"

Lin Yue frowned slightly: "I didn't expect that the Nine Saints Chamber of Commerce could get such a treasure."

"I'll let the president know."

He immediately took out the sound transmission talisman and told Qin Yuying about it.

Qin Yuying was silent for a moment, and then sighed: "The art of incarnation outside the body is extremely precious, and the chance of winning is slim."

"It's really not possible, give up this Wanshang Conference and wait for the next opportunity."

"this..."

Lin Yue sighed deeply.

Abandoning the conference is tantamount to giving up the industry under his command and letting it be swallowed by the Nine Saints Chamber of Commerce!

That was everyone's hard work, how could it be handed over to a despicable villain like Xu Lei?

"I have some ideas."

Chen Feng said suddenly: "I heard that a batch of jade slips came from the chamber of commerce recently, from an ancient battlefield, there must be many treasures inside."

"Although the method of incarnation outside the body is precious, if you can get the ancient secret method, you may not lose."

Both Lin Yue and Qin Yuying's eyes lit up!

"Those jade slips are good, but there is no formation master in the meeting, and the Nine Dragons Chamber of Commerce has already taken care of it, so we can't find helpers at all."

"If you open it yourself, once you touch the formation in the jade slip, the treasure will self-destruct."

Chen Feng said with a smile: "I have done some research on the formation, maybe I can give it a try."

Qin Yuying was silent for a moment before saying, "Then try it."

"Old Lin, take him there."

"Yes." Lin Yue immediately brought Chu Shaoyang to his gambling house.

[Chapter 5930: Break!](#)

All kinds of jade slips are specially sold here.

The jade slips come from the battlefield outside the territory, which is an extremely dangerous place, and most of them are left by dead strong men.

Extraterritorial battlefields have special powers. After the immortals die, treasures or exercises will be sealed by special energy and turned into jade slips, waiting for those who are destined to get them.

Among these jade slips, most treasures can often be harvested.

But it may also drive out some garbage.

As soon as he arrived at the door, Chen Feng heard bursts of shouts coming from inside.

"open!"

"Look, it's a third-level formation of the immortal rank, and it also has cultivation experience!"

"The person who left the jade slip must be an array master above the seventh level of the immortal rank, and this is a big profit!"

Seeing Chen Feng's curiosity, Lin Yue explained: "Gambling jade slips is one of the most profitable businesses in the major chambers of commerce."

"There are various treasures sealed in the jade slips, and the prices vary according to their origins."

"There are a lot of people who offer sky-high prices for hundreds of spirit crystals, soaring to the sky, and some people lose all their money."

Chen Feng was stunned.

He followed Lin Yue to the backyard.

There is only one stone table in the yard, on which there are more than a dozen pieces of jade slips.

On one side are a man and a woman.

The man is middle-aged and has a deep temperament. He is the shopkeeper of this gambling house.

The other is an old woman, holding a cane in her hand, and staring at the man with a smile: "Master Cheng, you should think clearly."

"The Nine Saints Chamber of Commerce has already bought off all those who are good at using formation techniques, but I risked being chased and killed to help the Xingyue Chamber of Commerce turn defeat into victory."

"Three thousand spirit crystals, one must not be less!"

Shopkeeper Cheng struggled endlessly: "Three thousand spirit crystals are nearly half of the assets of the Xingyue Chamber of Commerce!"

"This is a big matter, I can't make the decision, I have to ask the president for instructions."

The old woman said impatiently: "I am kind enough to help you, but you have such an attitude."

"Then wait for the Nine Dragons Chamber of Commerce to annex your Xingyue Chamber of Commerce!"

After she finished speaking, she stood up and made a gesture to leave.

Shopkeeper Cheng secretly said something was wrong, and was about to chase the old woman, but was stopped by Lin Yue.

"Cheng Han, you have been the shopkeeper for decades."

"Even if the current situation is not good, how can you use people indiscriminately?"

The old woman stopped when she heard the sound, and a sinister look flashed across her face.

She didn't want to leave at all, but Cheng Han would regret it.

But when Lin Yue said these words, didn't he say that she was a liar?

"What's the meaning?"

The old woman snorted coldly with disdain: "The old man said long ago that no one can open these jade slips except the old man."

Lin Yue smiled lightly: "I don't need to bother you about this matter."

"Mr. Chen, please take action."

Chen Feng nodded, and walked slowly to the side of the jade slip.

Both the old woman and Cheng Han were looking at him, but they couldn't feel any breath from him.

"No cultivation base?"

The old woman laughed angrily: "Lin Yue, I think you are crazy!"

"How can a useless person with no cultivation level open these jade slips?"

Lin Yue has never heard of it.

He really didn't believe in Chen Feng, but he believed in the chairman.

Cheng Han was also somewhat dissatisfied, and frowned, "Mr. Lin, you are highly respected, but you are indeed old."

"This matter is related to the future of Xingyue Chamber of Commerce. I really can't trust this kid."

Regardless of Lin Yue's objection, he said to Chen Feng: "Young master, to be honest, I can't trust you, and I can't entrust the future of the chamber of commerce to you."

"Your Excellency, please wait!"

Chen Feng was not in a hurry, and smiled at Lin Yue.

Lin Yue came over with his ear: "My lord, please feel wronged."

"Try this person's ability first, if he can't do it, it's not too late for you to make a move."

Chen Feng nodded: "The president is kind to me, so it's okay to bear her for a while."

Lin Yue let out a long breath.

At this time, Cheng Han walked up to the old woman and bowed: "Senior Su Yao, please do it!"

With a proud face, Su Yao glanced at Chen Feng and Lin Yue provocatively.

"As promised before, three thousand pieces of spirit crystals, after the completion of the matter, you can't lose one piece!"

Cheng Han bit the bullet and nodded: "I will definitely convince the president!"

Su Yao proudly walked to the side of the jade slips, and slowly picked up one.

The pattern in the palm condensed and slowly poured into the jade slip.

On the side, Chu Shaoyang could see clearly.

Although he has no cultivation base, the knowledge of formations in his mind is still there.

It can be seen at a glance that Su Yao intends to forcefully break the formation!

He shook his head and said indifferently: "I don't think you want this hand anymore."

Su Yao paused and sneered disdainfully: "what are you, worthy of teaching me how to do things?"

"Do you understand?"

She didn't take Chen Feng seriously at all, and continued to break through.

Chen Feng pulled Lin Yue and quietly retreated into the distance.

hum—

The jade slip suddenly vibrated, shining bright golden light!

Cracks appeared, and there were signs of opening!

"opened!"

Cheng Han was very excited: "Senior Su is really amazing!"

Su Yao smiled triumphantly, but suddenly her face changed and she exclaimed: "No, this jade slip..."

boom!

The jade slip exploded in an instant, directly blasting Su Yao and Cheng Han out!

Lin Yue immediately mobilized his forces to protect Chen Feng.

The strong aftershock knocked Lin Yue back a few steps, but fortunately he was far away and was not injured.

Cheng Han spat out a mouthful of blood, stood up in embarrassment, and saw Su Yao not far away covered in blood.

Her hand was blown to pieces, exposing thick bones and blood!

"this..."

Cheng Han was shocked, and subconsciously looked at Chen Feng.

Could it be that what he said just now was not intended to scare Su Yao, but that he had already discovered the clue?

"You asked for it."

Chen Feng looked calm.

The jade slip just now needs a specific formation to crack. If the formation is broken with brute force, it will cause a violent explosion.

Its power is enough to instantly kill a Golden Wonderland fourth level repairer!

Blowing off an arm, count her luck!

"Young master!"

Cheng Han immediately realized how extraordinary Chen Feng was, walked up to him with a face full of shame, and knelt down with a plop:

"It's because I don't know Taishan with my eyes, I don't know that you really have the ability to break the formation!"

"I also ask you to help me. After the matter is completed, I am willing to hand over this life to you, and let me deal with it!"

He directly opened the sea of consciousness: "If you don't believe me, you can ask Mr. Lin to leave a soul imprint in my sea of consciousness."

"If I break my promise, as long as you say a word, I will die!"

Chen Feng raised his eyebrows slightly: "For the sake of your sincerity, I don't care about what happened before."

Cheng Han was overjoyed, knocked his head three times in a row, and hurriedly led him to the jade slip.

Chen Feng slowly picked up a jade slip.

Before leaving, he asked Chen Ze to leave some strength in his body.

Although it can't be used for fighting, it can barely stimulate the sleeping power in the body.

"The fourth-level Dragon Snake Formation of Immortal Grade, mainly focuses on the remnant souls of monsters and beasts, and specializes in souls."

"Find a piece of soul jade."

Cheng Han immediately sent someone to fetch it.

After Su Yao took the elixir, her injury recovered a little bit, and she said viciously: "Junior, that's not Dragon Snake Formation at all, but Golden Snake Formation!"

"It is necessary to bombard and kill the remnant souls guarding in the formation with a stronger force in order to break through the formation."

"If you do this, you will only anger the remnant souls in the formation, and you will surely die!"

"Yeah?"

Chen Feng smiled playfully: "Then you break this jade slip." Su Yao's expression changed instantly.
