

Peerless 5931

[Chapter 5931: It really is you!](#)

She is scared!

She is not proficient in formation at all, she just learned some superficial knowledge.

The current situation of Xingyue Chamber of Commerce is not good, so she just wanted to come here to make some money.

"Is this cowardly?"

Chen Feng sneered: "You keep saying that I'm a waste, and you don't believe what I say."

"Why don't you dare to do it now?"

Su Yao's face turned as red as a pig's liver, and her heart was full of murderous intent!

"I don't need to take action. When you break the formation, you will be killed by the remnant soul in the formation!"

"You can't laugh for long!"

Chen Feng was too lazy to talk nonsense with him.

Soon, the servant brought a piece of soul jade.

This piece of jade has the power to suppress the soul.

Chen Feng directly crushed the soul jade and sprinkled the powder on the jade slips.

The jade slip shook, and there were two streamers of light, one red and one white, moving rapidly inside.

"Old Lin, do your best!"

He threw the jade slips out.

Lin Yue immediately mobilized his strength and punched the jade slip with a fist.

Click!

The jade slip exploded, and the red and white streamers turned into two phantoms, one dragon and one snake, which screamed and dissipated.

An ancient scroll fell out of the jade slips and slowly landed on the table.

Cheng Han picked it up and flipped through it, and was shocked: "This is the fifth-level skill of the Immortal Grade?"

"Or a rare method of soul cultivation?"

He kept turning backwards, but his body kept shaking, and he almost passed out.

"It's so mysterious, I can't understand it!"

"It's worth at least five hundred spirit crystals!"

Five hundred spirit crystals have been accumulated by ordinary warriors for hundreds of years.

Although not so precious, this is just one of them, and there must be more precious treasures behind!

"Unfortunately, the first jade slip was destroyed."

A flash of anger flashed in Lin Yue's eyes, and he stared at Su Yao: "Judging from the value of this exercise, the first jade slip is worth at least hundreds of spirit crystals."

"Now that it is destroyed by you, how do you pay for it?"

Su Yao's face changed suddenly: "I, what should I pay for?"

"It was Cheng Han who asked me to make a move, why should I pay for it?"

Cheng Han blamed himself: "Old Lin, it's all my fault!"

"I mistrusted her, which led to the destruction of the first jade slip. I will ask the president for instructions and be punished voluntarily!"

He looked at Su Yao again and said angrily, "Get lost!"

Su Yao's eyes were full of unwillingness, and she gave Chen Feng a hard look.

Little bunny, you wait!

If you dare to cut off my money, I will kill you!

She got up to leave, but Chen Feng had already seen through what she was thinking.

Chen Feng continued to break through the formation, but within an hour, he cracked all the rough stones.

In the last rough stone, there was a giant red egg the size of a fist, covered with blue patterns.

"What is this?"

The three of them said in unison that they had never seen this thing before.

"If I remember correctly, this thing should be one of the ancient beasts, the egg of Xuanming Huofeng."

A familiar voice came from outside the door, it was Qin Yuying.

"President."

Lin Yue and Cheng Han bowed to salute.

Cheng Han blamed himself: "President, I..."

Qin Yuying interrupted with a wave of her hand: "I already know about this matter, I think you care about the chamber of commerce, so let me deal with it lightly."

"Old Lin, you go and do it."

"yes."

Lin Yue took Cheng Han and left.

Chen Feng said indifferently: "The president sent them away, what did you want to say to me?"

Qin Yuying didn't answer, but picked up the egg of Xuanming Huofeng, and exclaimed: "The ancient beast has disappeared since thousands of years ago, and no one has seen it before."

"I didn't expect that the eggs of Xuanming Huofeng could be found in this rough stone."

"This is a rarer existence than the method of incarnation outside the body."

She handed the egg to Chen Feng, and said solemnly: "The news of this item will spread soon, and it is not safe to stay in the chamber of commerce."

"I will give it to you, and no one will guess that it is on you."

Chen Feng was stunned for a moment, but still put it away.

After that, Qin Yuying immediately went to prepare for the Wanshang Conference.

Chen Feng was about to go back to his residence, but found that the cloth was dropped, and the scenery in front of him suddenly changed, and he was no longer in the original position.

Or to be precise, it has been pulled into a formation.

"It seems that Qin Yuying trusts you very much."

The space began to distort, and a figure appeared out of thin air.

The person who came was a middle-aged man, tall and skinny.

The eyes are fierce and sinister, making people shudder.

But there are many fairy artifacts hanging on his body, which are deliberately exposed outside, as if to deter the enemy.

Chen Feng was convinced that this person was the one who was spying on him.

He directly took out the egg of Xuanming Huofeng, and said with a smile: "That **** really trusts me, but she doesn't know that I have already betrayed her."

"If you give this item to the president, there will be no chance for the Xingyue Merchant Guild to turn around."

The tall man hooked his finger, and the strange egg fell into his hand.

"It's a pity, the egg of an ancient alien beast that is rare in ten thousand years."

Chen Feng sighed helplessly: "As long as the ancient beast can be hatched and cultivated a little, it will definitely be a strong person in the holy king realm in the future."

"If I didn't lose all my cultivation and urgently need the eternal ivy, I might as well take it and run away."

The tall man paused and glanced at Chen Feng without leaving a trace, feeling greedy in his heart.

Xu Lei trusts himself very much.

Chen Feng had no cultivation, so killing him was effortless.

Afterwards, he left with the eggs of ancient alien beasts, and when Xuanming Huofeng grew up, how could he be afraid of the little Nine Saints Chamber of Commerce?

"You reminded me."

The tall man smiled viciously: "Kill you, no one will know that I got this egg."

He made a sudden move, and the strength of the fifth level of Golden Wonderland was undoubtedly revealed!

But when he killed Chen Feng, Chen Feng smiled.

"You are really easy to deceive."

The tall man's heart trembled, and he subconsciously wanted to stop.

wrong!

He woke up suddenly.

Chen Feng has no cultivation base, even if he has ulterior motives, he can't help himself at all!

What do you have to be afraid of?

"Stupid!"

"die!"

The tall man is ready to kill Chen Feng!

Chen Feng had been on guard for a long time, mobilizing the power of the immortal soul in advance.

The Luan, Phoenix, and Golden Crow appeared at the same time, turning into a ring, shining brilliantly!

"Thanks to your phalanx to hide your breath, otherwise it would be troublesome for me to kill you."

Chen Feng smiled coldly, and the golden feather ring instantly surrounded the tall man, shrinking rapidly!

But in the blink of an eye, the tall man was locked.

"Formation?"

The tall man was very surprised: "It's not that you have no cultivation, why can you activate the formation?"

Chen Feng smiled lightly: "Have you heard of the Immortal Soul Formation?"

The tall man naturally hadn't heard of it.

The formation that can be cast with the immortal soul, even if it is above the golden immortal, it has never been heard of an existence as strong as a heavenly immortal.

Two forces gushed out of the golden feather divine ring, one was cold and the other was hot.

The power of Luanfeng and Jinwu entered the tall man's body, heading straight for the sea of consciousness!

"The power of the six souls!"

The tall man realized it later, and said in horror: "You kid has already figured it out!"

Chen Feng smiled lightly, and a stern look flashed in his eyes.

The power of Luanfeng and Jinwu exploded in the man's mind, instantly obliterating his soul!

Then the ring continued to shrink, turning his body into nothingness without leaving any traces.

As soon as he died, the enchantment that had been arranged before would dissipate.

Chen Feng seemed to be okay, picked up a ring and returned to his residence.

Little did he know, there was an old man with white beard and hair staring at him in the dark.

"The Heaven-Sealing Formation Code is indeed on your body."

He stroked his white beard and muttered to himself: "His talent is much higher than Bai Hao's. If he can be used by me, it's better than killing him."

"But he is very smart, so he may not help me."

The old man fell into silence for a long time. Soon, Chen Feng returned to his residence, but he didn't see Bai Shanshui and the others.

[Chapter 5932: Colosseum!](#)

I only found out after asking Lin Yue that they actually went to the Colosseum!

Chen Feng hurried to the Colosseum.

Tens of thousands of spectators cheered and cheered.

On the circular field in the middle, Bai Shanshui was challenging a one-horned and two-winged giant tiger in the first level of the Golden Wonderland.

The one-horned and two-winged giant tiger attacked fiercely, Bai Shanshui struggled to resist, but his body suffered more and more injuries.

"Brother Bai, be careful!"

Jiang Yuechun and the others reminded from the stands.

When Chen Feng arrived, seeing this scene, he wanted to stop it.

But seeing Bai Shanshui's resolute eyes, he suddenly understood something.

They were also the pride of heaven, how could they be willing to be sheltered and live in peace?

puff!

The one-horned and two-winged giant tiger tore open Bai Shanshui's clothes, leaving deep scars that were visible to the bone.

However, Bai Shanshui clung to the giant one-horned and two-winged tiger and did not let go. He unleashed all his strength and slammed the giant one-horned and two-winged tiger on the forehead!

Click!

With this punch, the forehead of the one-horned and two-winged giant tiger was cracked, and blood spattered everywhere!

The giant one-horned and two-winged tiger twitched a few times, completely silent, and lay on Bai Shanshui's body.

"Won!"

Jiang Yuechun and the others cheered and hurried down to pick up Bai Shanshui.

But just halfway through, he was stopped by a black-robed man with a hulking back.

At the same time, a man in blue stepped into the air and said loudly, "It really was a wonderful showdown!"

"In the next round, he will challenge the third level monsters of the Golden Wonderland!"

Suddenly, there were countless cheers from the stands!

Only Bai Shanshui looked astonished, as if he was shouting something, but the outside world couldn't hear it.

Chen Feng's eyes froze, and he saw that there was an extra layer of formation on the field, which isolated Bai Shanshui's voice.

On the other side, the man in blue released his breath.

The triple realm of Golden Wonderland instantly suppressed Jiang Yuechun and the others.

"Be honest, or you will be the next to die at the mouth of the monster!"

"Be obedient and obedient, not only can you save your life, but you can also get a lot of benefits."

Chen Feng heard it clearly, and the coldness in his eyes became more and more bitter.

Obviously, Jiang Yuechun and the others were tricked.

However, to dare to do this in the industry of Xingyue Chamber of Commerce is not a small amount of courage.

Just as the man in blue was about to make a move, Chen Feng leisurely walked up to them, pretending to be in front of him.

The man in blue was startled, stopped suddenly, and asked, "Who are you? Don't meddle in your own business!"

Chen Feng smiled: "The person who moved me still asks who am I?"

"Release Bai Shanshui, and spare your life."

The man in blue looked down at Chen Feng carefully.

Seeing that Chen Feng had no cultivation, he immediately felt relieved and showed a contemptuous expression.

"A waste that doesn't even have a cultivation base, you want me to let you go?"

The man in blue is about to make a move.

Chen Feng didn't want to cause trouble, so he took out a token and waved it in front of the man in blue.

"Do you recognize this thing?"

The man in blue stopped suddenly and stared at the token in shock: "This is the Xingyue Order?"

"Isn't this the token that the president has?"

"Why is it in your hands?"

Chen Feng said coldly: "Release him immediately!"

The man in blue frowned more and more.

This kid obviously has no cultivation base, so why did he know the president of Xingyue Merchant Guild?

Are you lying to yourself?

"I do not believe!"

The man in blue sneered and said, "The Xingyue Token has always been in the hands of the president, and has never been given to anyone else."

"How do you prove that this Xingyue Token is real?"

Chen Feng sneered: "Whether it's true or not, you dare to do such a thing in the Xingyue Merchant Guild, have you ever thought about the consequences?"

The man in blue thought that Chen Feng couldn't pretend anymore, and he was secretly happy.

He beat back directly, took out a sound transmission talisman and informed Qin Yuying.

"President, someone is making trouble in the Colosseum!"

"He still has the Xingyue Order you gave him!"

Qin Yuying asked suspiciously, "Is that person's surname Chen?"

The man in blue looked at Chen Feng and asked, "What's your last name?"

Chen Feng said lightly: "President Qin, it's me."

Qin Yuying was slightly surprised: "Why did you go to the Colosseum?"

Chen Feng sighed helplessly and explained what happened.

After learning the truth, Qin Yuying's tone sank: "Zhang Minghao, you are so brave!"

Zhang Minghao trembled, trembling, his face was full of fear.

This kid really knows the president!

"President, it's all a misunderstanding!"

"It was the contestants who insisted on challenging high-level monsters, and I just followed his orders."

Qin Yuying was silent for a long time before saying, "Chen Feng, you decide."

Chen Feng said lightly: "Use my friend's life to make money, then let you experience it too!"

"Pull out the strongest monster here!"

Zhang Minghao turned pale in shock!

The strongest monster in the Colosseum is the Qinglei giant crocodile of the seventh level of the Golden Wonderland!

He is only at the sixth level of the Golden Immortal Realm, and if he meets him, he will definitely die!

"No, my lord, I was wrong, I know I was wrong!"

Zhang Minghao hurriedly knelt down and begged for mercy: "I am obsessed with money, I should be punished!"

"But I beg you to spare my life, I am willing to be a cow or a horse for you, and let him order you!"

Chen Feng smiled calmly: "I don't need it."

No matter how Zhang Minghao pleaded, Chen Feng ignored it.

"Not yet?"

Qin Yuying urged in a cold voice.

Zhang Minghao fell into deep despair.

Naturally, you can't escape, but facing the Qinglei giant crocodile, it's still a dead end!

He still chose to challenge the Qinglei giant crocodile.

In a battle between humans and monsters, even if the odds of winning are slim, he can only take a gamble.

Chen Feng stepped into the air, just like Zhang Minghao announced before, and said loudly: "Change your opponent in the next round."

"Zhang Minghao, the steward of the Colosseum, will challenge the strongest monster in the arena!"

In an instant, countless gasps sounded, and then turned into cheers!

The Qinglei giant crocodile is the overlord here, victorious in every battle, no one dares to challenge it!

This time it was really worth it!

Soon, under Qin Yuying's order, the cage door of the Colosseum opened abruptly.

A giant crocodile covered in fine scales and entwined with fine green thunder stepped onto the Colosseum.

Roar!

The roar shook the sky, and the terrifying coercion swept the entire Colosseum!

Zhang Minghao was so frightened that his legs went limp, he suddenly turned his head and wanted to escape, but found that the field had already been covered by a formation, and there was no way to escape!

"ah!"

The Qinglei giant crocodile rushed forward frantically. Zhang Minghao had no strength to fight back. After resisting for a while, he was directly killed by the giant crocodile.

hiss-

The spectators in the audience took a deep breath.

I have long heard that the Qinglei giant crocodile is extremely fierce, and it really lives up to its reputation!

"I heard that Zhang Minghao angered that kid just now, and was forced by President Qin to go to the Colosseum!"

"What? What's the origin of that kid, so that Qin Yuying can protect him like this?"

Everyone looked at Chen Feng one after another, constantly guessing his identity.

There was a bit of awe in his eyes.

Chen Feng brought Bai Shanshui back to the viewing booth and fed him the elixir.

After a while, Bai Shanshui's injury was mostly healed.

"Thank you for coming."

Bai Shanshui blamed himself: "I didn't want to drag you down, so I came to the Colosseum to practice, but I didn't expect to encounter such a thing."

Chen Feng smiled lightly: "It's fine as long as it's okay." "Next time I'll take you with me when I go out to practice, and I will protect you, so no one will touch a single hair of your hair."

[Chapter 5933: Competition!](#)

The eyes of several people were full of emotion.

"It's over here. If I'm still alive, we'll talk about it later."

Qin Yuying was about to cut off the sound transmission, but was stopped by Chen Feng.

"I have something to say in person, I wonder if the president has time?"

Qin Yuying was silent for a moment before saying, "Come to the chamber of commerce and find me."

After sending relatives and friends back to their residence, Chen Feng returned to the Xingyue Chamber of Commerce and came to the top floor.

When the door was pushed open, Qin Yuying was standing by the window waiting.

"You came."

Qin Yuying signaled Chen Feng to sit down.

But Chen Feng didn't move, and directly confessed: "I sent Yu Ning to Xu Lei."

"What?"

Qin Yuying's complexion changed drastically, and her voice was cold: "What is your intention?"

Chen Feng explained: "She was the one who found the medicine for me, and that's why she fell into Xu Lei's trick."

"But I will do what I can and keep my avatar in the Nine Saints Chamber of Commerce. Someone was secretly watching me before, so I can't confess to the president."

"Now that person has been beheaded by me, but to destroy the Nine Saints Chamber of Commerce, I must know how many people are in the hands of the president."

Qin Yuying was shocked and angry.

What is this Chen Feng planning?

Chen Feng immediately explained clearly to Qin Yuying, and only then did she gain her trust.

After asking, I found out that the Xingyue Chamber of Commerce is stronger than the Nine Saints Chamber of Commerce. As long as Qin Yuning's safety is guaranteed, it is not difficult to destroy the Nine Saints Chamber of Commerce.

Qin Yuying said solemnly, "Are you sure you can protect Yu Ning?"

Chen Feng frowned: "The avatar alone is not enough, I must recover my strength."

"There is no time to find an alchemist right now, so we can only forcibly refine the Five Elements Supreme Treasure to dissolve the power of Nirvana Immortal Power."

"The key to turning the tide of the battle is whether you can get the eternal ivy."

Qin Yuying was silent for a long time, and then sighed, "I will get the eternal ivy for you."

"When you do it, be sure to protect Yu Ning!"

Chen Feng nodded heavily.

Soon, the two discussed the matters of the Wanshang Conference and did not leave until midnight.

Chen Feng returned to his residence and took out four kinds of Five Elements Supreme Treasures.

The power in the treasure arouses the Nirvana Immortal Power in the body, constantly wreaking havoc in the body.

The pain was so painful that Chen Feng's veins bulged, and his forehead was covered with cold sweat.

A fierce look flashed in his eyes, and he said in a deep voice, "As long as I get the eternal ivy, I can forcibly absorb the power of the Five Elements Supreme Treasure, bet that I can refine the immortal power of Nirvana!"

"If you succeed, your cultivation base will advance rapidly, and if you fail, you will die!"

Chen Feng clenched his fists: "The sky is boundless, the Tao is endless!"

"It's a mere catastrophe, don't even try to stop me!"

On the second day, the Ten Thousand Merchants Conference.

The presidents of the major chambers of commerce in the city gathered in the square in the city.

One side of precious jade hangs in the air, reflecting a magnificent palace.

This thing is a fifth-grade fairy artifact, a void mirror, which can seal a small space in it.

If it is used, it will be activated by the spirit crystal, and the internal space will be projected into reality, which will be used for holding the Wanshang Conference over the years.

Chen Feng and Qin Yuying came to the venue, while people from other chambers of commerce had already arrived.

The square is divided into four areas of different sizes.

Xingyue Chamber of Commerce occupies 50%, Jiusheng Chamber of Commerce 30%, and the remaining two chambers of commerce each account for 10%.

The size of the area symbolizes the strength of the chamber of commerce.

The Xingyue Chamber of Commerce is very powerful and rich in funds. Even if the three major chambers of commerce combine, they can only barely keep the balance.

"President Qin, long time no see."

Xu Lei walked over slowly, and said with a fake smile: "I think you must have heard the rumors."

"This Ten Thousand Merchants Conference, my Nine Saints Chamber of Commerce will definitely win the first place!"

"Yeah?"

Qin Yuying smiled lightly: "I also have a treasure in my hand, but it is extremely rare."

"Who wins and who loses is still uncertain."

She deliberately glanced at Chen Feng.

Xu Lei immediately understood that the treasure was in Chen Feng's hands!

Chen Feng winked at Xu Lei without leaving any trace, and Xu Lei knew that he was sure to win!

"As I said, the Nine Saints Chamber of Commerce is the final winner."

Xu Lei laughed loudly: "When I win the conference, I will let you watch me keep devouring your hard work!"

"One day, I will take the Star Moon Merchant Guild into my pocket!"

He left after speaking.

In his opinion, he had Chen Feng to help him.

In order to survive, Chen Feng would definitely betray Qin Yuying at the critical moment.

However, why isn't the person following Chen Feng around?

Could it be that he took it lightly because he had no cultivation?

Xu Lei shook his head, didn't take it seriously, and murmured in a low voice: "What kind of waves can a **** make?"

He returns to his zone.

Soon, the Wanshang Conference officially opened.

The person in charge of presiding over the meeting was none other than City Lord Yang Nantian.

"According to the rules of previous years, the Ten Thousand Merchants Conference is only better than the treasure of the town council, and the one with the higher value wins."

"Everyone, please."

Xu Lei and Qin Yuying stood still, but the other two chambers of commerce took out their treasures first.

"The treasure of the Taiping Chamber of Commerce, the seventh-level elixir of the immortal product, the Jade Muscle White Bone Pill, can prolong life for thousands of years!"

"The treasure of the Tianhong Chamber of Commerce, the sixth-level armor of the immortal rank, the Taitian mirror, can block the full blow of the seventh-level powerhouse of the Golden Immortal Realm, and it is a life-saving treasure!"

The onlookers watched and exclaimed endlessly.

"At the beginning, there are two priceless treasures!"

"Exorbitant price? The two faucets haven't moved yet!"

"Although their baby is good, to the presidents of these two chambers of commerce, it's just an appetizer."

Everyone looked at the two presidents with expectant eyes.

Xu Lei smiled confidently: "This treasure of mine was given to me by someone close to you."

"Forbidden technique, the method of incarnation outside the body!"

He took out a jade talisman and introduced it to everyone.

"After learning this technique, you can condense an incarnation with the same realm, just like a real person!"

"In addition, the avatar is not only controlled at will, but also can practice independently, touching the unreachable realm!"

"Those who have obtained this technique are equivalent to doubling their cultivation speed and doubling their comprehension!"

Suddenly, the entire square fell into a deathly silence.

hiss-

Everyone took a deep breath!

"This kind of forbidden technique was obtained by President Xu?"

"More than twice the speed of cultivation, stronger comprehension, and a greater possibility of hitting the next level!"

"This thing is too precious, no treasure can compare with it!"

Seeing everyone exclaiming incessantly, Xu Lei became more and more proud.

He won!

"President Qin, what treasure do you have?"

Xu Lei looked at Qin Yuying provocatively.

Qin Yuying winked at Chen Feng.

Chen Feng took out a strange egg, and said loudly: "Does anyone recognize this thing?"

Everyone looked at the egg suspiciously, not knowing why.

"Isn't this a monster egg?"

"The pattern is weird, there is no smell, could it be a stillborn baby?"

"Is this thing worthy of being called the treasure of the town council?"

In their opinion, how could this kind of thing compare to the method of incarnation outside the body?

Only Yang Nantian showed surprise, and tentatively said: "This, is the egg of the ancient beast, Xuanming Huofeng?"

As soon as this remark came out, the person who just laughed at Chen Feng just shut up.

"That's right, it's the Xuanming Fire Phoenix Egg!"

Chen Feng said with a smile: "Although the method of incarnation outside the body is precious, it is just one more self."

"Then I would like to ask everyone, who thinks that the talent is higher than the ancient beast?"

Everyone fell silent. The ancient strange beast, Xuanming Huofeng!

Chapter 5934 Save people!

He has been a strong man in the Golden Wonderland since he was born, possessing infinite talents!

Don't say that their talents are mediocre, even if they are so-called geniuses, they dare not compare their talents with the ancient beasts.

"Obtaining this strange beast, with just a little training, it can grow into a powerhouse in the Heavenly Immortal Realm, or even the Saint King Realm!"

"Instead of relying on yourself to practice hard for thousands of years, why not raise a strange beast and lead yourself to triumphantly?"

Everyone was taken aback.

Also, is there such a way to play?

As Chen Feng said, the growth rate of the ancient alien beasts was much faster than them.

As long as the strength of the alien beast surpasses him, he can absorb the power of the alien beast and improve his own cultivation.

With the help of strange beasts, isn't this much faster than condensing incarnations to practice together?

"It seems that the eggs of ancient strange beasts are indeed more precious."

"It's more than precious, it's a rare treasure that can't be found in thousands of years!"

Those who originally supported Xu Lei turned to Chen Feng's side one after another.

"Where did you get the ancient alien beast egg?"

Xu Lei almost roared out, not daring to say anything: "Only the rough stone has a one-in-a-million possibility of opening a sleeping alien egg."

"And the method of breaking the formation has long been lost, this cannot be the egg of Xuanming Huofeng!"

"you are lying!"

He panicked.

Xuanming Huofeng, the most cold fire beast known as immortality.

According to the rumors, a strange bird once flew over from the high altitude outside the territory, causing the ground of this world to ignite strange ice flames, which lasted for thousands of years.

Ice flames spread all over the place it passes, and all life is wiped out!

And the person who left behind this legend is a strong man in the Heavenly Wonderland!

How does the mere method of incarnation outside the body compare with the ancient alien beast egg?

"Whether it's true or not, you know better than anyone else."

Chen Feng said lightly: "You lost."

Xu Lei's eyes sank, and a sinister look flashed across: "Give me the egg!"

"As long as I get this egg, the Eternal Ivy will be yours!"

He directly revealed the everlasting ivy.

It was a forearm-length, green and strong vine, exuding endless vitality.

It is one of the treasures of the five elements, a rare treasure of the wood attribute!

However, Chen Feng's performance shocked him even more.

"The egg is mine, and the everlasting ivy is mine."

"You don't really think I'll work with you, do you?"

Chen Feng tilted his head slightly, and said to Qin Yuying: "President Qin, it's your turn."

Qin Yuying got up slowly, and the breath on her body rose rapidly!

The killing intent swept across and stabbed fiercely into Xu Lei's sea of consciousness!

"You, you want to kill me?"

Xu Lei was surprised and angry: "The Chamber of Commerce is not allowed to use force to suppress it. How dare you act presumptuously in front of the city lord?"

Yang Nantian's eyes darkened: "President Qin, what do you want to do?"

Qin Yuying snorted coldly: "Of course I killed him!"

"I know that violence is not allowed between chambers of commerce, but he used force first and then kidnapped my daughter, which has already violated the regulations of Shengcheng!"

"Even if I kill him, he asked for it!"

Xu Lei exclaimed: "Did you already know that that **** was arrested?"

He immediately looked at Chen Feng, and immediately understood what was going on.

"It really is you!"

Xu Lei said viciously: "I knew you had no good intentions!"

"Sun Quan, don't come out yet!"

After waiting for a long time, no one responded.

Xu Lei's face became more and more ugly: "This trash, didn't you tell him to keep an eye on Chen Feng, where did he go?"

Chen Feng smiled lightly: "You are talking about Sun Quan, but this one?"

He took out a corpse from the ring and threw it directly in front of Xu Lei.

"Sun Quan?"

Xu Lei was amazed!

It was the person he sent to monitor Chen Feng!

"No, it's impossible!"

Xu Lei didn't dare to believe it: "He has my sound transmission talisman, if Qin Yuying finds out, he will send a message to me."

"Who killed him?"

Qin Yuying was also shocked, and her eyes gradually fell on Chen Feng.

"Could it be you?"

Xu Lei denied it outright: "Impossible!"

"He has no cultivation, it is impossible to kill Sun Quan!"

Chen Feng sneered: "Who says you can't kill people without cultivation?"

Bright light gushes out from the body.

Luanfeng and Jinwu soared into the sky, connecting head to tail, turning into a two-color divine ring!

It is the Golden Feather Divine Ring!

"Six, the power of six souls?"

Everyone exclaimed.

Six souls and immortal souls are rarely possessed even by those who are strong at the level of celestial beings.

Chen Feng clearly has no cultivation, why does he have such a powerful immortal soul?

With a thought, the Golden Crow and Luanfeng dispersed out of thin air, and several barriers rose around them.

Sixteen double-color barriers were erected, directly blocking the entire site.

Level 4 Immortal Grade, Immortal Soul Formation, Soul Prisoner Gao Tian!

Using the power of the fairy soul to transform the barrier, each layer of the power of the fairy soul will increase the defense of the formation by 50%!

The power of the six souls has tripled!

Even a strong person at the seventh level of the Golden Immortal would not be able to break through this Immortal Soul Formation in a short time!

Xu Lei was directly trapped!

"President Qin, I leave it to you."

Chen Feng's face was pale, the veins on his forehead were throbbing wildly, and he had a splitting headache!

He had exhausted all the power of the immortal soul, and only then did he cast the soul prisoner Gao Tian.

To kill Xu Lei, Qin Yuning could only rely on him.

"Asshole!"

Xu Lei was furious: "If you kill me, your daughter will definitely be buried with me!"

Qin Yuying's movements suddenly stopped, and she subconsciously looked at Chen Feng.

"Did you forget that I still have an incarnation outside my body?"

Chen Feng smiled playfully.

At this moment, a sense came from the distant sky.

...

Nine Saints Chamber of Commerce, prison.

Chen Ze sat cross-legged, the strength in his body surged.

After these days of training, his strength has infinitely approached the sixth level of the Golden Wonderland.

As long as you survive the first Golden Immortal Tribulation, you will be able to compete against the sixth-level powerhouse of the Golden Immortal Realm!

Suddenly, the sound transmission symbol lights up.

"Chen Ze, you can bring Qin Yuning out."

Chen Ze suddenly opened his eyes: "Finally I can leave."

Qin Yuning on the side showed excitement: "Did mother send someone to rescue us?"

Chen Ze shook his head: "No one is coming, but I will take you out."

Qin Yuning's smile froze.

It turned out that after being locked in the dungeon, Chen Ze explained everything clearly.

The two waited here for many days, and finally got a summons from Chen Feng.

Qin Yuning worried: "This is the prison of the Nine Saints Chamber of Commerce, and there must be strong people guarding it."

"You are the only one, and you still have to take me with you. How can you escape?"

Chen Ze smiled lightly: "Just follow me closely."

He stood up slowly, and when he clenched his fist, a dragon shadow suddenly appeared on the fist!

Punch out!

Roar!

The golden dragon roared and blasted through the prison door in front of him!

Boom!

A loud noise resounded throughout the prison.

For a force of the level of the Nine Saints Chamber of Commerce, its prison is a separate space opened up.

In the middle of the space is the prison.

The space is not large, but it is tightly sealed off. Outside the prison, there are several jailers guarding it.

"What happened?"

A group of prison guards rushed over immediately.

I saw Chen Ze leading Qin Yuning out of the cell, with a golden light flowing from his body, and his aura was overwhelming!

"Whoever blocks me, die!"

With a low shout, the dragon shadow on his body danced and let out a sky-shattering roar!

All the jailers were shocked by the momentum and trembled in their hearts.

Chen Ze took a step forward, and the jailer took a step back, all the way to the exit.

[Chapter 5935: Fierce battle!](#)

"Quick, hurry up and inform Lord Chong!"

A jailer hurried away.

Chen Ze frowned slightly.

As Qin Yuning said, the prison must be guarded by the strong.

Saving people is the most important thing, not fighting to the death.

He grabbed Qin Yuning's hand, turned into a golden dragon, and soared into the sky!

Boom boom boom!

The stone wall of the compartment was slammed open by him and rushed directly to the ground.

"Where to go!"

There was an angry shout.

Before seeing anyone, a giant broad ax came through the air!

With dragon scales attached to Chen Ze's arm, he swung his arm and bounced off the giant axe, but was also knocked back a few steps.

A burly man three meters tall fell to the ground with a bang, pulled out a huge ax on the ground, and roared with evil spirit!

"My name is Chongshan, and I'm known as the Mountain Shaking Axe!"

"Put that **** down and beg for mercy obediently, I can still leave your whole body!"

Chong Shan held two axes in his hands, like a tall mountain.

The aura on his body is even more fierce, and he is a sixth-level strongman in the Golden Wonderland!

"kill me?"

Chen Ze sneered: "You might as well try it!"

Chong Shan laughed back angrily: "Little bastard, you don't know the heights of the sky and the depths of the earth!"

"die!"

Swinging the two axes, he leaped with all his strength and slashed at Chen Ze's head!

This blow is so powerful that it can instantly kill a fifth-level powerhouse in the Golden Wonderland!

Chen Ze's eyes froze, and the dragon's blood surged rapidly in his body.

True dragon mysterious body great supernatural powers, transforming into a dragon with one's body!

He raised his head and roared, his body continued to grow, reaching five meters in a blink of an eye!

It has dragon horns on its head, dragon tail on its back, and fine golden dragon scales all over its body.

The sharp dragon claws were attached with a golden edge, and the surrounding immortal power was instantly cut, and he fled to a distance in fear.

When the giant ax fell, Chen Ze directly held the blade of the ax with his dragon claws, sparking a series of sparks!

blocked?

"You, are you a human or a demon?"

Chongshan showed a look of dread.

Dragon, the master of the demon clan!

If he kills the dragon, he will be chased and killed by the monster clan, and he will definitely die!

Chen Ze sneered: "Just now you said you were going to kill me, why are you afraid now?"

Chongshan became more and more annoyed, and roared: "It doesn't matter if you are a dragon, I will kill you!"

The twin axes glowed red, and the red glow on the blades of the axes flashed, condensing into two tiger heads.

Chong Shan yelled loudly, and the power of the giant ax instantly soared!

Chen Ze's body was continuously pressed down, and blood dripped from his palm.

But there was no fear in his eyes, and he frantically activated the True Dragon Mysterious Body Great Divine Ability.

The power of the dragon's blood was fully stimulated, and the power above the dragon's claws surged!

Ka Ka Ka!

The huge ax was pinched by him with countless cracks, almost shattered!

"What?"

Chong Shan exclaimed in amazement: "This is a fourth-grade fairy weapon, how can you crush it with bare hands?"

"Could it be that you have mastered the power of heaven?"

When the power exceeds the limit of the physical body, it will turn into the power of heaven.

The power of the sky, shake the sky!

That is enough to shake the power of heaven and earth!

"You know too late."

Chen Ze crushed the giant ax fiercely, and the dragon's claws were like lightning, piercing through Chong Shan's chest in an instant!

"ah!"

Chong Shan let out a scream, and was directly crushed by Chen Ze's dragon claws, and was thrown into the distance.

Chen Ze immediately picked up Qin Yuning and left.

A group of jailers and guards were left alone, looking at the corpse on the ground in disbelief, trembling!

"Master Chongshan, is he dead?"

"Can't even block a blow, how can he be so strong!"

Chamber of Commerce.

Chen Ze hurried over with Qin Yuning.

"impossible!"

Xu Lei didn't dare to say anything: "With Chongshan guarding the dungeon, how did you escape?"

Chen Ze sneered: "A Chongshan wants to stop me?"

He took off the fragments of clothes left on the dragon's claw and threw them beside Xu Lei.

Xu Lei's eyes are tearing apart!

First Sun Quan, then Chong Shan!

Damn Chen Feng actually beheaded his two confidantes!

"I want you to die!"

Xu Lei was completely enraged, and directly killed Chen Feng.

Qin Yuying immediately stopped Xu Lei and shouted: "Your opponent is me!"

The two collided into a ball, and the immortal power burst out, roaring endlessly.

Chen Feng was sent flying by the aftermath, and hit Chen Ze's body, a mouthful of blood gushed out of his mouth.

"Xiao Feng!"

Qin Yuning worried: "Are you okay?"

Chen Feng shook his head: "It's a bit more consumed, but it's not a serious problem."

He looked at Chen Ze again: "The president may not be able to fight against Xu Lei, but as long as she gets the eternal ivy, she can help me refine the immortal power of death."

Chen Ze nodded: "I don't have enough realm to intervene in their battle."

"Now we can only wait."

Boom boom boom!

Xu Lei and Qin Yuying clashed several times, and neither could do anything to the other.

"Bitch, since you want to die, then I will fulfill you!"

Xu Lei shouted angrily, and the power in his body was running wildly.

A white shadow rushed out from the body and turned into his appearance.

"Nine heavens and ten earth souls and heavenly skills!"

Chen Feng suddenly frowned!

Unexpectedly, in just a few days, Xu Lei actually practiced the forbidden technique!

Although it was hastily condensed, his avatar still has 70% of its strength.

The two attacked Qin Yuying at the same time, breaking the stalemate, and suppressing Qin Yuying instantly!

"Chen Ze!"

Chen Feng shouted loudly!

If this continues, Qin Yuying will undoubtedly lose!

Chen Ze used all his strength to activate the True Dragon Mysterious Body Great Divine Ability, transforming himself into a dragon and rushing into the battlefield.

Blast out with one punch!

Xu Lei's avatar was defenseless and was sent flying by the punch.

However, even if it is only 70% of the strength, it still has the strength of the sixth-level peak of the Golden Wonderland.

Although this punch hurt the avatar, it was not enough to kill him.

"Ants that get in the way!"

The avatar outside the body snorted coldly: "Since you are in a hurry to die, then I will kill you first!"

The white light on the fist radiated a biting cold air, and it slammed into Chen Ze's chest fiercely.

Chen Ze resisted with dragon claws.

boom!

Although he blocked the punch, the cold air penetrated into his body, and hoarfrost formed all over his body.

"What a strong cold air!"

Chen Ze frowned more and more.

He is already in the body of a real dragon, but he still can't help the cold air.

After the cold air entered his body, his movements were twice as slow, and he was directly blasted out by the avatar punch!

puff!

Chen Ze spat out a mouthful of blood, and the bones in his chest were blasted with countless cracks.

"Still hard!"

The avatar outside the body showed a look of fear.

He underestimated Chen Feng's incarnation outside his body too much.

The avatar made of dragon's blood has the power of heavenly movement. Even if his realm is higher, it is not so easy to kill Chen Ze.

"go!"

Below, Chen Feng gave a low drink.

The Golden Crow in the Golden Feather Divine Ring flew out and entered Chen Ze's body.

Immediately, the red flame ignited blazingly.

The fire of the Golden Crow is the most yang and the most powerful!

The hoarfrost was melted by the flames, and water mist rose.

But Chen Feng already consumed a lot, and he was about to be unable to hold on if he used the power of the immortal soul again!

"Quick battle!"

Chen Ze nodded, his eyes turned into vertical pupils.

Rolling Longwei exploded!

He raised his head, and a little bit of golden light gathered in his mouth, and the brilliance became brighter and brighter.

A golden bead the size of a longan condenses.

It seems inconspicuous, but it contains a heart-pounding power!

The next moment, it shot out from the mouth of the dragon, drawing out a golden streamer!

Real dragon supernatural powers, Cave Heaven!

The golden light was so fast that it pierced through the avatar's chest in an instant, leaving a big scorched black hole.

"You, how could it be..."

The avatar outside the body has a look of disbelief. This blow drained all of Chen Ze's strength.

[Chapter 5936: A silver lining! Overcome the Golden Immortal Tribulation by force!](#)

Gather at one point, and instantly burst out the strongest lethality!

Even if he is the peak of the sixth level of the Golden Wonderland, he will still die if he is defenseless!

The body of the avatar broke and dissipated together with the soul in it.

"ah!"

Xu Lei was traumatized and let out a cry of pain.

Qin Yuying took this opportunity to break his arm with a blow and **** the ring.

"then!"

She threw the ring to Chen Feng.

Chen Feng reluctantly took it, and soon found the eternal ivy in the ring.

"Five Elements Supreme Treasures are finally collected!"

He swallowed the five treasures directly.

boom!

The power exploded, and countless bloodstains were split on his body, and the blood gushed out like a spring!

"ah!"

The heart-piercing pain made him feel his head back.

Chen Ze immediately returned to his side, injected his own power into Chen Feng's body, and refined it into a treasure.

But the force is too strong.

The streamers of five colors kept tearing apart Chen Feng's body.

Among them, tiny black arcs danced.

It is the Nirvana Immortal Power!

"I can't hold it anymore!"

Chen Ze's face turned pale, struggling to hold on.

Chen Feng endured the severe pain, his eyes were bloodshot and he said: "Then invite the Golden Immortal Calamity to help me suppress the power in my body!"

"Are you crazy?"

Chen Ze didn't dare to believe it: "Even if the power of the Golden Immortal Tribulation can suppress the power of Nirvana, but in your current situation, if you forcefully cross the Golden Immortal Tribulation, you will definitely die!"

Chen Feng gritted his teeth and said, "If I don't cross the Golden Immortal Tribulation, I will definitely die."

"The only way to survive the Golden Immortal Tribulation is by force!"

The power in the body surged wildly, arousing the power of heaven and earth.

In an instant, the clear sky was covered with colorful brilliance.

Different powers are hidden in the streamer.

"This is the Tribulation of the Seven Gods!"

Xu Lei was extremely surprised: "The Seven Gods Tribulation has seven different powers, and it is the second most catastrophe after the God Extinguishing Tribulation!"

"Are you planning to bury everyone with you?"

The faces of the people watching the play outside the formation changed instantly.

The city lord secretly said something was wrong.

The collision between the power of the Seven Gods Tribulation and the power of the Nirvana Immortal might affect the entire city!

He couldn't help thinking, the power of the Seven Gods Tribulation had already fallen.

The seven-color divine light fell down like a river rewinding.

"ah!"

Chen Feng hissed and screamed, feeling that his body and soul were being torn apart!

With the last sliver of his sanity, he guided the two forces to come together.

The seven-color divine light merged with the immortal power of Nirvana.

These two powers are one of the strongest powers at the Golden Immortal level.

The immortal power of Ji Mie is even better, constantly suppressing the seven-color divine light.

This happened to give Chen Feng a chance to breathe.

"Refine it for me!"

With a loud shout, he crazily devoured the immortal power of Ji Mie and the power of the seven gods.

The two forces merged into the body, and the originally broken body began to heal.

The power of the Seven Immortals, known as the gathering power of all spirits in the world, possesses endless vitality!

On the other hand, the Nirvana Immortal Power is the strongest power of destruction, capable of destroying everything.

The two forces gathered at the dantian and condensed into two groups of forces, one colored and one black.

Chen Feng's aura continued to rise, but with the effort of a stick of incense, he had surpassed the fifth level of the Golden Wonderland!

Until the divine light dissipated, the vision disappeared.

Chen Feng knelt down on one knee, gasping for breath, the divine light flickered on his body, and the black thunder flickered.

The two completely different powers were all stored in his dantian for his use!

He clenched his fists, felt the majestic power in his body, and laughed heartily.

"My power is finally back!"

Chen Feng felt the power in his body, which had already reached the level of the Second Tribulation Golden Immortal.

There will be a total of three catastrophes for the Golden Immortal, and after passing all of them, you can step into the level of the Celestial Immortal.

After absorbing the power of Heavenly Tribulation, his realm has become comparable to that of a sixth-level powerhouse in the Golden Wonderland.

Even if he meets the seventh level of the Golden Wonderland, he still has the strength to fight!

Not only that, but the two catastrophic powers are the top immortal powers in the world.

The power was too great, Chen Feng only refined half of it, and sealed the remaining half in his dantian, and refined it later.

"Little bastard, why do you have such great power!"

Xu Lei was angry and jealous.

In his opinion, this power should be his.

As long as he can get this power, he will be able to kill Qin Yuying and annex all the chambers of commerce in the city!

With a murderous heart, he ignored Qin Yuying's obstruction and directly killed Chen Feng!

"die!"

Xu Lei burst out with all his strength, and slammed his palm at Chen Feng's heart.

Immortal power is mighty, converging into a river in an instant, and rewinding down!

Chen Feng sneered indifferently: "You want to kill me?"

"It's up to you!"

Raising his hand, Nirvana burst out with immortal power.

The pitch-black thunder pierced through the sky, blasted away the river of immortal power in an instant, and penetrated Xu Lei's chest!

Kill in one hit!

Xu Lei looked at the blood hole in his chest in disbelief, and fear welled up in his mind.

This is the Nirvana Immortal Power!

Even though Chen Feng's realm is weaker than his own, he still has the ability to easily kill himself!

He let out a scream, and the black lightning flashed on his body, tearing his body into pieces.

"died?"

Everyone looked at the sky in shock.

Feeling the power contained in Nirvana Immortal Power, they shuddered violently.

If it is contaminated at all, it will be turned into flying ashes, and there will be no bones left!

Suddenly, the situation changed.

Boundless golden light descended from the sky, covering the entire city!

The coercion fell, causing everyone to prostrate on the ground, their bones almost shattered!

Chen Feng also fell to his knees on the ground, the celestial power in his body was flowing wildly, but he couldn't hold back the aura at all.

"As expected, I saw you right."

A stalwart figure descended from the golden light.

The figure is so tall that it pierces the heavens and the earth, and it is not angry and majestic.

He stared at Chen Feng with a pair of golden eyes, with a bit of admiration.

"It's you?"

Chen Feng recognized this person at a glance, it was the mysterious person who destroyed his tribulation!

The golden figure looked at him with a smile, and said lightly: "Not only has the power of Nirvana been refined, but also the power of the seven gods."

"Your body is an excellent container!"

Chen Feng's eyes froze, and he was shocked!

Could it be that he came to take his own life?

"Unfortunately, you are still missing something."

The golden figure was a little empty, and the golden light shot out, piercing through Chen Feng's heart.

Boom!

The heart was beating wildly and was directly pierced by the golden light!

"ah!"

The heart-piercing pain swept across his whole body, causing Chen Feng to convulse all over his body, and the veins all over his body bulged.

Gradually, a golden pattern appeared in the damaged heart.

It exudes an ancient air, like an ancient seal, constantly absorbing the power in his body.

"No one can survive after being hit with the God Slaughter Seal."

"If you can undo the shackles of the God-Slaying Seal, come to the Golden Light Cave to find me."

The golden figure gradually faded away, and the surrounding vision returned to calm.

Chen Feng clutched his chest, but couldn't feel his heart beating.

His heart has been destroyed, but he is not dead.

Just because the God-Slaying Seal inside the heart has supreme immortal power, it can not only maintain his vitality, but also provide even more terrifying power.

However, everything has a price.

The seal of the **** of slaughter, the seal lives up to its name.

People in China and India will be continuously absorbed by this seal to inspire stronger power. But once the celestial power is absorbed, there is no doubt that he will die!

[Chapter 5937: Spirit King!](#)

"With the two kinds of immortal power in my body, it can only last for three years."

Chen Feng's eyes became colder and colder, and his heart was full of doubts.

who is he?

Why do you repeatedly make things difficult for yourself and cause yourself to die?

"Spirit King!"

Qin Yuying said the name tremblingly.

"It is rumored that in this world, the last Holy King is sleeping, titled Spirit King."

"He was a strong man in the Great Desolation Period. Since Sirius was wounded, he fell into a deep sleep, and it has been thousands of years now."

"Why did he wake up suddenly, and why did he stare at you?"

Chen Feng shook his head.

He couldn't figure it out, why would someone as strong as the Holy King covet his body?

Qin Yuying was silent for a moment, and then said: "The seal of Tu Shen is not insoluble."

"This seal will continuously absorb your immortal power. As long as you increase your immortal power faster than the speed of absorption, you will be able to get rid of the shackles of the God Slaughter Seal when you step into the realm of heavenly immortals."

"This is a deadly evil, and it is also a treasure to speed up your practice. Whether you live or die, it all depends on your chance."

Chen Feng took a deep breath and looked in the direction where King Ling disappeared.

"In the eyes of the holy king and the strong, I am like an ant, let him play around."

"But if one day, when I step into the realm of the holy king, I will definitely ask him to pay back a hundred times!"

Everyone gasped heavily.

This kid actually has the guts to shout to King Ling?

I really want to die!

However, the King of Souls has already left.

Once Xu Lei died, the Nine Saints Chamber of Commerce had no leader.

Qin Yuying immediately led people to annex the Nine Saints Chamber of Commerce.

Within seven days, the city was full of turmoil and changes.

On the morning of the eighth day, the City Lord's Mansion.

Chen Feng was invited, and as soon as he entered the door, the city lord smiled and said: "Chen Xiaoyou, you are here."

"Please come in!"

He followed.

As soon as the city lord took his seat, he immediately asked someone to serve tea, and asked: "After the first battle that day, I checked some news about my little friend."

"I heard that little friend came from Zhongqian World?"

Chen Feng nodded: "If the city lord has anything to say, just say it."

The city lord smiled awkwardly, coughed twice, and said seriously: "My name is Changye, the lord of the city."

"But this city is just one of the thousands of forces in this world, ranking eight hundred and seventy-two."

"Little friend came here, have you ever heard of Qianshi aspirations?"

Chen Feng shook his head, and listened to Yu Changye's explanation.

"The so-called aspirations of thousands of powers means that thousands of powers compete with each other by force, re-dividing the rankings and allocating territories."

"This world is getting more and more decayed, the resources available are getting fewer and fewer, and the competition is getting fiercer."

"I see that my little friend is quite capable, so would you like to represent this city and participate in a thousand potential aspirations?"

Chen Feng narrowed his eyes slightly: "What benefits do I have?"

Yu Changye hurriedly said: "Participants will get exclusive rewards, the higher the ranking, the better the rewards."

"And after the final ranking is determined, a large amount of resources will be allocated to each faction, allowing a cultivator to cultivate from a golden immortal to a heavenly immortal!"

"Little friend can take 30% of it, okay?"

Chen Feng was very surprised.

Even if it is only 30%, it is an extremely large number.

What's more, the competition between thousands of forces is a good opportunity for him to sharpen himself.

Right now, Blood Wind hasn't been found yet, and Dao Wuchen's injury hasn't healed yet.

It's a good place to win the championship.

"Okay, I agree."

Yu Changye showed joy, and said with a smile: "From today on, little friend is a nobleman in my city lord's mansion."

"If there is a need, just ask the servants."

Chen Feng nodded and was about to leave when he saw a man in Tsing Yi step into the room.

"My lord, I'm sorry for being late."

Beside him was a short man.

The two look similar, they should be brothers.

Yu Changye frowned slightly, waved his hands and said, "Lu Chenyue, I have a distinguished guest to receive, you go outside and wait."

Lu Chenyue was taken aback for a moment, and her eyes fell on Chen Feng.

"Is this kid the honored guest that the city lord said?"

He looked Chen Feng up and down, and the disdain in his eyes was even more intense.

"Is there anything more important than winning the championship?"

Yu Changye said displeasedly: "What I'm talking about is the matter of winning the championship."

"If you don't want to go, then I might as well just say it."

"This time there are only five places in the city. Counting this son, you are the only one left, and there is no place for your younger brother."

Lu Chenyue was surprised and angry: "What kind of person is he, and he deserves to take my brother's position?"

"City Master Yu, I think you are old-fashioned and confused, can this kind of waste also participate in Qianshi Qianqiu?"

"presumptuous!"

Yu Changye's face turned cold: "Do you know who he is?"

Lu Chenyue showed suspicion, and looked at Chen Feng again.

"Who could it be?"

"Could it be your illegitimate child?"

"you!"

Yu Changye was very angry, but suppressed his anger, and did not forcefully suppress Lu Chenyue.

It seems that the city lord is also a little afraid of him.

"Boy, do you understand the rules?"

Lu Chenyue looked at Chen Feng with a smile, with a hint of threat: "I'm from Yuecheng, and I'm the 234th power on the Thousand Power List."

"I came here to help, but you took my place, why don't you go?"

Chen Feng was stunned.

No wonder Yu Changye is afraid of him three points, it turns out he has a lot of background!

"What does it matter to me?"

Chen Feng said lightly: "Don't say you are from Yuecheng, so what if you are from the first force?"

"Since the right to allocate quotas is in the hands of the city lord, it will naturally be allocated by the city lord."

Lu Chenyue laughed back angrily: "So ignorant of flattery!"

"Second brother, since it's your quota, you can grab it back yourself!"

The man next to him is his younger brother Lu Chenxing, who smiled coldly: "A mere trash from the fifth level of the Golden Wonderland dares to take my place, and there is only one fate!"

"die!"

Lu Chenxing circulated his celestial power, and a blue light appeared all over his body, condensing into three big spears, shooting from the hole!

He actually did something in the city lord's mansion!

Yu Changye was shocked and angry!

As the lord of the city, he has always been feared only by others, how could he allow others to step on his head and act wildly!

However, the brothers of the Lu family had a lot of background, so he didn't dare to provoke them easily.

Until the big gun was close to the eyebrows, Chen Feng finally moved.

bang bang bang!

Hit three punches in an instant!

The black thunder on the fist flashed, and the roar was deafening!

It is the Nirvana Immortal Power!

boom!

The three big guns exploded in an instant, and their strength was reversed, shocking Lu Chenxing back dozens of steps, and fell directly out of the room.

"What?"

Lu Chenyue was shocked: "Could this power be the immortal power in the catastrophe?"

"You are a cultivator who has survived the calamity!"

Cultivators who have survived the catastrophe have power far superior to ordinary cultivators.

Because there are too few cultivators who have crossed the catastrophe, ordinary people divide the strength of cultivators from one to nine.

The second calamity Golden Immortal, who has just passed through the calamity, is comparable to the sixth level of the Golden Immortal Realm.

And Lu Chenxing was also at the sixth level of the Golden Immortal Realm, but he had never survived the Golden Immortal Tribulation, so he couldn't beat Chen Feng.

Chen Feng said lightly: "With your strength, you want to take my position?"

The Lu brothers were furious.

These were the words they mocked Chen Feng just now, but now they were returned the same way.

Lu Chenxing was not Chen Feng's opponent, so he could only look at Lu Chenyue. Before Lu Chenyue could speak, Yu Changye said coldly, "This is not Yuecheng, it's not your turn to act wild."

[Chapter 5938: Demon God Tomb!](#)

"No matter how much you dare to attack, no matter where you come from, you must follow the rules here!"

The faces of the Lu family brothers all sank.

Yu Changye, as the lord of a city, is extremely powerful.

If it wasn't for the fear of their identities, they would have made their move long ago.

They still have to rely on Changye to participate in the Qianshi Aspirations, so they can't make too much trouble.

"Forget it, I don't care about you."

Lu Chenyue snorted coldly: "Then according to what the city lord said, I will be the last one."

"But, I remember that there is a rule in the city, my brother can challenge any qualified cultivator?"

Yu Changye's face changed slightly, and he nodded reluctantly.

"That's good."

Lu Chenyue sneered: "Brother, since the city lord insists on protecting this kid, let's change someone."

"With your strength, no matter who your opponent is, you will win."

Lu Chenxing glared at Chen Feng viciously, and then agreed.

Before leaving, Lu Chenyue said with a smile: "Boy, you should be more careful in your cultivation these few days."

"If you accidentally die outside the city, don't say I didn't warn you."

After speaking, the two brothers laughed and left.

This is not a reminder, it is clearly a threat!

Yu Changye sighed deeply: "Lu Chenyue will take revenge, once he gets on top of him, I'm afraid it will be difficult to escape."

"You can beat his brother, but you are not his opponent, so be careful!"

Chen Feng smiled and nodded.

He had already seen that Lu Chenyue was a strong person at the seventh level of the Golden Immortal Realm.

Even if he is invincible now, he only needs to practice for a period of time to match him.

The two chatted for a while, and then a servant from the Star Moon Merchant Guild delivered a letter.

Chen Feng hurried back to Xingyue Chamber of Commerce, Lin Yue was already waiting for him at the door.

"Master Chen, you are back."

He smiled and said, "Your relatives and friends have settled down and are staying in the VIP room on the upper floor of the Xingyue Chamber of Commerce."

"The president personally ordered them to find something to do in the chamber of commerce, and exchange their accumulated achievements for cultivation resources, lest they take the resources for nothing and feel bad."

Chen Feng smiled and said: "The president has a heart."

"I'll go see her right now and thank her in person."

Lin Yue took Chen Feng to the top floor and saw Qin Yuying, Qin Yuning's mother and daughter.

Coincidentally, Chen Ze was also there.

"Xiao Feng!"

Qin Yuning trotted over and said with a smile, "It's all thanks to you that Xingyue Chamber of Commerce won this time!"

"Just now my mother said that she wants you to be the vice president of the chamber of commerce!"

Chen Feng was stunned for a moment, looked at Qin Yuying, and said apologetically, "I'm sorry, I don't want to be here."

Qin Yuying was not surprised: "I guessed that you would say that."

"You went to see the city lord today, it must be a matter of Qianshi's aspirations."

"I just got a map here. It's a desolate ancient ruin outside the city. It may be helpful to you."

She handed the map to Chen Feng.

The map is a jade talisman, and it sets a strong seal, which can only be opened by those above the fifth level of the Golden Immortal Realm.

When Chen Feng opened it, his brows became more and more wrinkled.

"The Devil's Valley in the Beginning, the Tomb of the Demon God?"

Qin Yuying nodded: "That is the place where the powerful foreign demons fell when this space was first opened."

"That man is known as the Demon God. He once killed thousands of Saint King Realm powerhouses, collected countless treasures, and sealed them all in the tomb."

"As soon as the news comes out, all forces are looking for news about the Demon God's Tomb. Although it is dangerous, the opportunity is not small."

Chen Feng nodded.

Demon God, a strong man in the Holy King Realm in the early days.

After breaking the seal by himself, his realm skyrocketed, and the power of the previous fairy arts couldn't keep up.

The Demon God's Tomb is a good place to go!

Chen Feng thanked him and was about to leave when Qin Yuning took his hand.

"You take this with you."

She handed Chen Feng a pair of soft armor, which was a sixth-grade fairy weapon.

"This is the Wind Dragon Armor, which is forged from the scales of the Wind Dragon, which can enhance the speed of movement and martial arts."

"Although it is soft armor, its defensive power is not as good as ordinary armor, but it can also withstand a full blow from the seventh-level powerhouse of the Golden Wonderland."

The soft armor started with a faint fragrance.

Qin Yuning pursed her lips and lowered her head, not daring to look at him.

"This is the soft armor I gave Yu Ning to save her life."

Qin Yuying had a see-through expression: "Going to the Demon God's Tomb is extremely dangerous, and she doesn't want anything to happen to you."

How could Chen Feng not understand Qin Yuning's thoughts, and said with a smile, "Thank you for your soft armor."

"Don't worry, I will come back alive."

He left after speaking.

Qin Yuning watched him leave all the time, her eyes full of worry.

...

Three days later, the Demon Valley of Absolute Beginning.

The magic valley stretches for thousands of miles, like a big crater made by a falling meteor.

A strong demonic energy floated in the valley, dyeing the earth black.

Devil energy can not only erode the body and soul, but also suppress the power in the practitioner's body.

When Chen Feng first entered the Devil's Valley, the devil's energy poured into the meridians in his body instantly.

The Nirvana Immortal Power operated independently, directly blasting the demonic energy into ashes.

"What a domineering power."

Chen Feng was quite surprised.

Ji Mie Xianli has always been known for being domineering. Now that he has refined it, how can he allow other powers to corrupt his master?

Without fear of being eroded by demonic energy, Chen Feng has a great advantage.

"Master, hold on, as long as you can escape from this place, I will be able to cure you!"

A girl's voice came from afar.

A figure emerged from the demonic energy, a girl in blue was walking staggeringly with a man in white robe on her back.

The white-robed man was covered in wounds, and the girl's clothes were stained red with blood. He said weakly, "Leave me alone, go quickly."

"Once caught up by them, none of us will survive!"

The girl in blue said stubbornly: "Master saved my life and taught me how to practice, so I can live to this day."

"How can I leave Master here and leave alone?"

Before the man in white robe could say anything, several figures arrived and surrounded the two of them.

"It's a good show of master-student love!"

The leading middle-aged man is a one-eyed man with scars all over his body.

The corner of his mouth curled up into a smile, which was not only obscene but also scary.

"Wukong, the treasure you want is in my hands."

The white-robed man said decisively: "Let my apprentice go, and I will tell you where the treasure is hidden."

"Otherwise, you don't even think about stepping into the Demon God's Tomb!"

Wukong stared coldly, and snorted coldly: "Qingxuan, you should know the fate of lying to me."

"Once it falls into the hands of the master, you will suffer the pain of refining your soul. You can't live or die!"

Qingxuan directly made a big oath of heart demon: "I, Qingxuan, swear, as long as you let my apprentice go, I will give you the Blood Demon Knife!"

Only then did Wukong nod in satisfaction: "You are wise!"

The girl in blue wanted to say something, but Qingxuan forced her to die, so she could only reluctantly agree.

Just as he was about to leave, he happened to see Chen Feng not far away, and hurriedly shouted:
"Senior, help!"

Wu Kong instantly looked at Chen Feng.

Due to the occlusion of the demon energy and limited perception, he could only see a vague figure with a vigilant look on his face.

"This is the grievance between me and them, you better pretend you didn't see it!"

Chen Feng walked over with a smile: "What if I say no?"

Seeing him revealing his figure, Wukong was taken aback for a moment: "Is he actually a brat?"

When he thought of it, he showed a fearful expression just now, and his anger came from his heart!
"Little bastard, scare me!"

[Chapter 5939: Conquer!](#)

"Like meddling in other people's business? Then I will kill you first!"

Wu Kong punched casually, not paying attention to Chen Feng at all.

The strength of the punch pierced through the air, and it hit Chen Feng's heart hard.

boom!

The strength exploded, making a roaring sound.

Chen Feng was motionless, not even the slightest damage to his clothes.

"What?"

Wukong was extremely surprised: "I am the fifth level of the Golden Immortal Realm, I used 30% of my strength for that punch just now, even the third level of the Golden Immortal Realm can't stop it!"

"What realm are you in?"

Chen Feng was still indifferent: "You will know soon."

The immortal power of Nirvana surged quietly, and the black thunder spread all over the body!

The terrifying aura instantly enveloped Wukong, making him unable to move and trembling endlessly!

"Second, the Golden Immortal of the Second Tribulation is comparable to the sixth-layer powerhouse of the Golden Immortal Realm!"

Wu Kong was scared silly!

He never imagined that this unremarkable boy in front of him was actually the strongest of the Second Tribulation Golden Immortal!

Chen Feng also punched casually.

The punch was explosive and shot, containing the power of Nirvana, and the black thunder danced wildly!

boom!

Directly blast through Wukong's chest!

Wukong was dumbfounded, touched the blood hole in his chest, and fell to the ground absolutely.

"One punch kill?"

The man in black beside Wukong exclaimed in shock, turned around and ran away.

Soon Chen Feng and their master and apprentice were left.

The girl in blue stared blankly at Chen Feng, and then said after a while: "Many, thank you for your help, senior."

Chen Feng said lightly: "I save you, of course I have my purpose."

"What is the Blood Demon Knife you mentioned just now?"

The girl in blue turned her joy into surprise, and immediately stood in front of Qingxuan.

"Yiyi, calm down."

Qingxuan said weakly: "If he wanted to kill people and seize treasures, he would have done it long ago. Why save us?"

Ning Yiyi realized later, and hurriedly apologized: "I misunderstood senior."

Chen Feng smiled helplessly: "Don't call me senior, just call me Chen Feng."

"I'm here for the Demon God's Tomb, and I happened to meet you, can you tell me about the Demon God's Tomb?"

Qingxuan nodded, telling the story while healed.

The Demon God's Tomb is the place where the Demon God's bones are buried, and there are countless treasures.

But the Demon God is cunning and left three seals here, and only those who break the seals can get the Demon God inheritance.

The Blood Demon Knife is the key to cracking the seal of the first knife, and it is also the sixth-rank fairy weapon used by the generals under the Demon God.

Chen Feng frowned slightly, and a fiery look flashed in his eyes.

The grade of the Mingyan Knife is far inferior to that of the Blood Demon Knife. If he can get the Blood Demon Knife, his strength will have a qualitative leap!

Qingxuan's injuries recovered a bit, and he took a long breath and said: "Our master and apprentice also came here for the treasures, but our realm is not enough, and we provoked the Demon Society, so we were chased and killed."

"I don't know if the young master is willing to cooperate with us to open the first seal together, and we will get 70% of what we get, how about it?"

Chen Feng thought for a while, and then said: "It doesn't need to be seven or three points, I just want the Blood Demon Knife."

"But what would the demon be?"

Qingxuan was stunned for a while, and then he explained: "The Heavenly Demon Society is a force formed by the descendants of the demon gods. Later, it recruited many cultivators, most of them are demon cultivators, and their power is very huge."

"This time the Demon God's Tomb is here, the Heavenly Demon Society will naturally want to take back the Demon God's inheritance, attack hundreds of cities in the future, and occupy this world."

Suddenly, Chen Feng looked at the direction where those cultivators were escaping.

Obviously, they will definitely flee back to report.

If their acquaintance is okay, if not, come and kill one by one!

"Master Chen, I'm fine."

Qingxuan got up slowly, and said with a smile: "The Blood Demon Knife is hidden in a secret place by me, please come with me."

Chen Feng followed the master and apprentice into the Demon Valley and came to a stone wall.

This is a dead end, you can only go back the same way.

But Chen Feng saw some clues, and praised: "It's a very concealed formation."

Both master and apprentice were taken aback.

"This is the sky-covering formation that master is best at. It is a fourth-level formation of the immortal rank. It can cover up any aura, and it also has the effect of camouflage."

"How did you find out?"

Chen Feng smiled without saying a word.

Not to mention that he is already good at formations, and the addition of Nirvana Immortal Power ignores the suppression here.

This kind of formation, he can see through it just by looking at it.

Qingxuan narrowed his eyes, and felt that Chen Feng was unfathomable.

He immediately broke through the formation, revealing a cave.

Deep in the cave, a **** long knife was stuck on the stone.

The blade was slender and slender, much taller than Chen Feng.

On the blood-red long knife, red light flowed, like flowing blood, which made people shudder.

"This is the Blood Demon Knife."

Qingxuan explained: "It is said that this knife is an immortal weapon made by the blood demon, one of the three major demon generals under the demon god, refined from his own demon bones."

"Anyone who is wounded by this knife will leave a blood demon mark on their body, which may explode at any time."

Chen Feng frowned slightly, and looked at the Blood Demon Knife curiously.

There is a strong devilish energy in the knife, and there is also a trace of sinister and bloodthirsty soul breath hidden.

It is the blood demon, the owner of this knife, who left a remnant soul in this knife, waiting to devour those who want to get the blood demon knife, and use the corpse to revive their souls!

If Chen Feng didn't check, he directly grabbed the handle of the knife.

In an instant, the Blood Demon Knife lit up with a dazzling red light, and a huge head rushed out from it!

"After waiting for so long, I finally got a new body!"

The remnant blood demon grinned grinningly, and looked at Chen Feng repeatedly, feeling even more delighted!

"The Golden Immortal of the Second Tribulation, the power of the Six Souls!"

"There are still two powerful immortal powers in the body!"

He greedily licked his lips, and said with a smile: "If you devour your soul and control your body, I will be reborn!"

"Your talent is stronger than mine back then, maybe it can help me break through the limit!"

Chen Feng smiled suddenly: "Coincidentally, I am also very interested in your power."

"If I can devour it, it will be enough for me to rival the sixth peak of the Golden Wonderland."

The remnant soul of the Gorefiend was stunned for a moment, and then laughed loudly: "It's just an ant, you still want to devour me?"

"court death!"

The size of the blood demon's remnant soul skyrocketed, and he opened his **** mouth to devour Chen Feng.

Chen Feng had a calm expression on his face, but slowly raised his hand.

The dense black thunder flickered and danced in his palm, crackling.

The remnant soul of the Gorefiend was startled: "Ni Mie Xianli?"

"You actually have such power!"

Thunder is the nemesis of demon energy.

What's more, the Nirvana Immortal Power is not just an ordinary thunder, but also one of the most powerful Nirvana Immortal Powers!

He is scared!

The endless demon energy receded, and he curled up into the blood demon knife, unable to shrink back.

"You can't hide."

Chen Feng poured Nirvana Immortal Power into the Blood Demon Knife.

"ah!"

The blood fiend's remnant soul hissed and screamed: "Don't, don't kill me!"

"Leave me alive, I can help you break the seal!"

Chen Feng put away the immortal power of silence, and said lightly: "If you have a different intention, I will destroy you."

The blood demon's remnant soul responded again and again, allowing his power to invade the blood demon knife.

Chen Feng drew out the long knife, but found that the knife was very heavy.

While dancing, the **** saber light actually froze in mid-air, and it dissipated after a breath.

"Condensation marks?"

Chen Feng showed surprise on his face.

To freeze the mark is to freeze the knife light in any position. The seemingly inconspicuous sword light has the terrifying power to kill the fifth level of the Golden Immortal Realm!

[Chapter 5940: Enter!](#)

The more frozen sword lights, the larger the area that can be blocked, and even completely block the enemy's retreat.

The remnant soul of the blood demon hurriedly explained: "In addition to the condensation mark, it can also condense the magic seal."

"As long as someone is touched by this knife, or someone who touches this knife, a magic mark will be left on their body, which can be detonated at any time."

Chen Feng nodded in satisfaction.

With the Blood Demon Knife, by surprise, it may hurt the sixth-level powerhouse of the Golden Immortal Realm.

The three left the cave and rushed to the first seal following the guidance of the blood demon's remnant soul.

The sealed place is a black hall.

A golden long sword hung above the main hall, condensing the sword energy into a chain, locking the entire black main hall.

They came late, and more than a dozen cultivators had already gathered beside the black hall.

Chen Feng looked at the long sword in the air, and immediately felt a powerful soul breath.

There is also a remnant soul hidden in this sword. It is a strong sword repairer who uses this sword to seal the hall.

"How to break the seal?"

The blood demon remnant soul explained: "The person who sealed this hall is known as the Golden Sun Sword Master, and he is a strong man who has cultivated flame and sword intent to the extreme."

"The sword is just a projection now, and it is all supported by his remnant soul. It cannot be broken by ordinary methods, but my devilish energy can invade his remnant soul and temporarily weaken the power of the seal."

"When I weaken the formation, I only need to let the cultivators of the fifth level of the Golden Immortal Realm take action to break the formation."

Chen Feng nodded, and told the master and apprentice the news.

Qingxuan frowned: "There are a lot of people here, most of them are from the Heavenly Demon Society, and they are all in the fifth level of the Golden Wonderland."

"Once we break the formation, they will definitely take the opportunity to attack. There are too many people, and we have no chance of winning."

Chen Feng also noticed this.

Breaking the formation is easy, but the hard part is how to get the treasure from so many people.

At this time, the people from the Demon Society were also observing Chen Feng and the others.

"Look, do those people look like those painted on the reward order?"

"That's right, the girl is exactly the same as in the painting, it must be them!"

A stern look flashed in everyone's eyes, and they quietly approached Chen Feng and the others.

"Boy, did you kill Wukong?"

Qingxuan and Ning Yiyi frowned instantly, the power in their bodies surging rapidly, ready to strike at any time.

"What did you say?"

Chen Feng laughed loudly as if listening to the joke: "Wukong and I are partners, and we haven't got the things yet, so why should I kill him?"

Everyone was taken aback.

"What do you mean?"

"Someone reported in the meeting before that you killed Wukong, and you still want to quibble?"

Chen Feng sneered: "Are you talking about those traitors?"

"It's clear that they took advantage of me to negotiate a deal with Wukong, and suddenly attacked Wukong in an attempt to take away the Blood Demon Knife."

"Wukong suffered a serious injury, so let me come here to find treasures for him to heal his wounds. They still have the face to beat him up?"

The more people listened, the more puzzled they became.

Qingxuan instantly understood Chen Feng's intention.

This is to deceive the enemy and let them help you get the treasure!

"One-sided words, who knows if you are making it up?"

The leading middle-aged man was dressed in red, his eyes were red, and his body was filled with strong demon energy. He was obviously a demon cultivator!

Chen Feng drew out the blood demon knife and summoned the blood demon's remnant soul.

The ferocious demon head hung above his head, making a deafening roar.

Everyone was scared back again and again.

The man in red was startled: "The Blood Demon Knife is in your hand?"

Chen Feng smiled lightly: "It was Wukong who lent me this thing. When I get what I want, I will naturally return it to him."

"You are also a demon cultivator, so you can naturally see that if I were not a demon cultivator, I would not be able to activate the blood demon knife at all, which is enough to prove that I am no different from you."

"After breaking the formation here, I will take you to see Wukong, and you will naturally know whether what I said is true or not."

Everyone exchanged glances, revealing a bit of calculation.

Only the holder of the Blood Demon Knife can open the formation.

It's better to wait for Chen Feng to break the formation before making a move, so that he can break the formation and get the Blood Demon Knife.

As for Wukong's death, how could it be more important than the Blood Demon Knife and treasures?

"Okay, you break the formation first."*novEluSb.cOM*

The man in red asked everyone to retreat.

Chen Feng walked through the crowd and came to the front of the formation. The blood demon said through sound transmission, "Break open a corner of the formation in a while, and let us go in."

The Gorefiend nodded, injecting power into the Gorefiend Knife.

With one slash, a gap was torn open in the formation in an instant.

"Walk!"

Chen Feng shouted loudly, and immediately rushed into the formation with the master and apprentice.

The man in red was shocked: "No, this kid is trying to keep us out!"

"Hurry up!"

However, by the time everyone reacted, it was too late.

The gap in the formation was closed, allowing everyone to bombard and remain motionless.

After Chen Feng and the others entered the formation, they went directly to the black hall.

There are countless bones in the hall, covered with dust.

There are a few rings left here, but most of them contain ordinary treasures.

Chen Feng looked at them one by one, and then threw them to the master and apprentice.

Ning Yiyi asked curiously, "Why don't you want anything?"

Chen Feng smiled lightly: "I need treasures to improve my strength, otherwise I will be trapped here to death."

Ning Yiyi suddenly realized, and immediately helped Chen Feng find it.

All the way up to the top of the hall, I saw the golden long sword hanging in the air.

Only when I got closer did I realize that this sword is not a solid body, but a condensed form of pure immortal power!

Qingxuan showed joy: "This power is very strong. If you can absorb it, you should be able to defeat the sixth level of the Golden Wonderland."

"People outside can't stop you."

Chen Feng nodded, and immediately began to absorb this fairy power.

The power of Nirvana and the Seven Immortals surged wildly, and the speed of devouring doubled several times.

The golden long sword became smaller and smaller until it disappeared completely, no more than a stick of incense.

Chen Feng's aura became more and more tyrannical, his immortal power was as majestic as the sea, and his power went even further!

"Now I can defeat the sixth level of Golden Wonderland!"

Click!

The array is broken.

Without the blockade of this immortal power, the formation is as fragile as paper, unable to stop them at all.

"Little brat, how dare you plot against me!"

The man in red came out of nowhere, with a black machete in his hand, his demonic aura was fierce and cold.

"So what about calculating you?"

Chen Feng held the Blood Demon Knife tightly, and the aura on his body rose rapidly, suppressing the man in red ruthlessly!

"You, your strength has improved so fast!"

The man in red had a look of horror on his face.

He looked down on Chen Feng before, but now he is easily suppressed by Chen Feng!

run!

The man in red turned around and was about to run.

"Want to run now?"

"late!"

Chen Feng slashed out with a knife, and the **** knife light pierced the sky, seriously injuring the man in red in an instant!

"ah!"

The man in red hissed and screamed, and fell straight to the ground, making a big hole!

hiss-

Everyone took a deep breath!

The man in red is the strongest among them, but he can't stop Chen Feng's knife!

What are they fighting against Chen Feng?

Chen Feng came across the sky, and everyone was terrified, and hurriedly retreated.

"No, don't kill me!"

"I can help you hide it, and I can help you find the rest of the seal!"

The man in red was terrified. Chen Feng smiled lightly: "I killed Wukong, so what if the news gets out?"
