

Peerless 861

[Chapter 861: I dare not kill you?](#)

Before a large hall, Tang Hengyun stood there, looking at him coldly.

He looked at Chen Feng and sternly shouted: "Chen Feng, you really do not live or die."

"Last time, I had spared your life, how dare you come and provoke?"

Chen Feng sneered, disdainfully.

This Tang Hengyun was really shameless. Last time, it was Wei Qingyi who had clearly rescued him, but he even said that he let him go.

Simply shameless!

Chen Feng said lightly: "I just know how to live or die, and have the ability, you let me die?"

"I'm afraid that if you don't have this ability, you will not only kill me, but be killed by me."

A look of shame and anger flashed across Tang Hengyun's face, and he said in a cold voice: "Chen Feng, you immediately kneel and kowtow to me, and I can treat it as nothing happened today."

"If not..."

"What if not?" Chen Feng laughed loudly, "Tang Hengyun died!"

After speaking, he made a mistake and came directly to Tang Hengyun.

Then, he punched it hard!

The two fought into a group in an instant. Before that, Chen Feng was enough to defeat Tang Hengyun.

Not to mention, Chen Feng is now very successful in cultivating Thunder Thunderbolt Boxing, and his realm has also improved several points. Lei Jin in his dantian is even stronger and stronger than before.

Soon, Tang Hengyun was lost and was hit by Chen Feng in the chest.

The part where he was hit by that shot suddenly turned black, and instantly turned into coke.

His face was dark, a mouthful of blood spurted out, and he felt that the fire in his belly was burning for a moment, as if all the internal organs were burned.

Yeah, looking at Chen Feng, he exclaimed, "What martial skill are you?"

Chen Feng said lightly: "The martial arts to kill you."

As he said, kicked out, just on top of his dantian, shook him to the point of how many bones were broken, and flew over, directly smashing the hall!

Countless bricks fell and buried him in it.

Finally, he crawled out from inside, looking embarrassed.

Chen Feng walked up to him and said lightly: "Do you have any last words to explain?"

"You dare not kill me, you absolutely dare not kill me!"

Tang Hengyun said coldly, "Do you know who my junior is?"

"Tell you, my junior brother is the Supreme Elder of Qingzhu Peak!"

"It's also Ziyang Sword Field, the youngest Taishang Elder, if you dare to touch me, he will never spare you!"

"He is extremely powerful, you are definitely not his opponent, he will kill you directly."

Chen Feng said lightly: "Oh? Really? So amazing?"

"So? I really dare not kill you!"

Tang Hengyun said lightly: "That's right!"

He shouted sharply: "Knelt down and kowtow to me!"

People around were also talking about it: "Haha, I said yes, Chen Feng absolutely dare not touch Tang Hengyun."

"Yes, the backer behind Tang Hengyun is extremely powerful. If you move, Chen Feng will undoubtedly die."

"That person can crush Chen Feng with one finger!"

"Yes, even Broken Edge Peak won't be able to save him by then!"

Chen Feng looked at Tang Hengyun, smiled and said, "Tang Hengyun, your junior may be really powerful, and he might be able to kill me easily, but it's a pity..."

His expression suddenly became cold and stern: "You will never see this scene."

As he said, he kicked Tang Hengyun directly in the chest, kicking Tang Hengyun into the air.

Tang Hengyun exclaimed: "You, you dare to move me..."

Chen Feng's eyes were extremely cold: "You dare to humiliate me like that, and you dare to humiliate my senior sister Yue Linglong."

"I said, you are all going to die!"

As he said, he jumped up, came in the air, three punches in succession, all thunderous.

All hit Tang Hengyun's chest.

Tang Hengyun's figure suddenly stood still in the air.

Then the next moment, his whole body became pitch black, and he was blasted into coke by the extremely powerful thunder and lightning, and he fell heavily to the ground.

Seeing this scene, everyone was shocked and speechless.

No one thought that Chen Feng was actually moved by Tang Hengyun, and that he really dared to kill him!

Chen Feng smiled slightly and picked up Tang Hengyun's mustard bag from the ground.

Then, turned and left.

Seeing Chen Feng coming, everyone took the initiative to let Tang Hengyun pass by.

Everyone looked at Chen Feng with awe.

Xie Dongshan hurriedly pursued it, and when there was no one around, he quickly asked in a low voice:

"Brother Chen Feng, how good are you now?"

He looked very excited.

Chen Feng pointed behind him and said faintly: "The Tang Hengyun who was killed by me just now is the elder of the sect, and is already the eleventh building of the gods."

"Hi...the repair base of the eleventh floor of the Divine Gate Realm..."

Xie Dongshan listened and took a breath.

He Nene said: "So, isn't your strength already..."

Chen Feng smiled slightly and said nothing.

Xie Dongshan felt dizzy in his brain. Chen Feng was very powerful, he knew.

However, Chen Feng is now so strong that even the masters of the eleventh floor of the gods can be killed.

This is simply beyond his imagination!

[Chapter 862: Take it, Qi Qi Dan!](#)

Then, Chen Feng and Xie Dongshan left Ziyang Sword Field.

At this time, neither the head of Broken Blade Peak nor Elder Chi were present.

The whole Broken Edge Peak, he can call the shots.

Naturally, Chen Feng didn't need to go through someone's unification, he could leave directly.

In the evening of the same day, the two of them left the Ziyang sword field and arrived at Danyang County.

The destination of their trip is Daliang City.

Ziyang City under the mountain is two to three days away from Daliang City.

In the evening of the same day, they rested in an inn in Ziyang City.

In the inn, in a quiet room, Chen Feng sat cross-legged.

In front of him, is a sapphire tray.

In the sapphire tray, there are two pill, which are pale yellow, and they look very elegant and exude a burst of fragrance.

This delicate fragrance contains extremely rich spiritual power.

Take a deep breath, as if you feel that your cultivation level can increase a bit.

This kind of pill is exactly Qi Qi Pill.

Chen Feng refined four Qi Enhancing Pills, two of which were given to the Heavenly Dao Team, and the other two were kept by himself.

Chen Feng took a deep breath and put one of the pills into his mouth, then calmly began to refine.

The entrance of the elixir instantly turned into a warm current.

Then, it rushed into Chen Feng's body.

This warm current penetrated into Chen Feng's meridians, penetrated into the limbs, and poured into the acupuncture points that Chen Feng had never opened.

The color of this warm current is absolutely different from the color of Dragon Elephant Fighting Heaven Jue Gang Qi. It is colorless and does not have any attributes.

Just pure power.

The Dragon Elephant Fighting Heaven Jue in Chen Feng's body was running, and these warm currents began to circulate in the body for several weeks following the Dragon Elephant Fighting Heaven Skill.

Then, it became a blood-red color.

It became exactly the same as the qi of the Dragon Elephant Fighting Tian Jue before.

Gang Qi swept into the acupoints and condensed into cyclones.

Soon, all the cyclones condensed in a hole.

Then, the mighty Gang Qi surged to the second acupuncture point.

Chen Feng was a little surprised. You must know that he is now stepping into the tenth building, coupled with the extremely high quality of the Dragon Elephant Fighting Heaven Jue's qi. While bringing him strong combat effectiveness, he wants to condense the cyclone and open his acupuncture points. , The aura needed is much higher than others.

The mighty Gang Qi opened the second acupuncture point again, and all the condensed inside it was completed before it disappeared.

A smile appeared at the corner of Chen Feng's mouth: "Unexpectedly, Qi Qi Pill could help me open two acupuncture points."

He swallowed the second Qi Enhancing Pill again.

After half an hour, Chen Feng opened his eyes and slowly exhaled a turbid breath.

He has now reached the middle of the tenth building, and there are twelve acupuncture points left before he breaks into the eleventh building.

Chen Feng roughly calculated an account, and it took him almost a day to refine these two Qi Enhancing Pills.

After the two Qi Enhancing Pills were swallowed, it would take almost a day to refine them.

This is equivalent to two days, which can open four acupuncture points!

This speed is really amazing!

Of course, Chen Feng did not consider the cost in this calculation.

After all, alchemy requires materials, and the success rate of an average first-grade pharmacist is about fifty to one.

Only fifty raw materials can be refined into a pill, and it may still be inferior!

And Chen Feng's success rate in refining Qi-enhancing Pill was 25:1.

This is because the Qi-enhancing pill is relatively difficult to refine among the first-grade pill. For example, the success rate of the better-refined Qingxin Healing Pill has reached twenty to one, which is very scary!

With this advantage, Chen Feng is destined to practice much faster than others.

Chen Feng took a deep breath, and secretly said in his heart: "I must find Profound Fire earlier and swallow it."

"As a pharmacist, there are so many benefits."

"If I didn't have the ability to refine medicine, it would be impossible for me to cultivate so fast. The pharmacist is really too powerful, and I definitely can't lose this ability!"

At this time, it was the darkest period of time before dawn.

Chen Feng was not sleepy. On the contrary, he had a breakthrough in strength, but he felt clear and clear, and his heart was clear.

He took a deep breath and felt that all the organs of his body were full of vitality.

All the feelings have become more acute.

Chen Feng suddenly heard, not far away, there was a whispering sound.

Chen Feng also had a childlike heart, and immediately concentrated his attention and ears, leaning towards that side.

Suddenly, the vague voice just now became clear.

He could distinguish clearly that the room where the sound came from should be twenty-five feet away from him, and the location was slightly lower.

If nothing else, it is on the first floor or underground.

Two people spoke in very small voices at this time, but this voice was very clear when Chen Feng listened at this time.

"Hey, that little girl, but she is so beautiful, it's not an exaggeration to describe it as a beautiful fairy," said a rough and hoarse voice.

A slightly sharp young voice snickered: "Yes, there are many beautiful women in the Ziyang sword field, and in the city of Danyang County, I have visited many kiln brothels, but I have never seen such a high-quality product. "

The rough voice laughed: "Haha, can the people in the kiln brothel compare with her?"

[Chapter 863: Ran Yuxue, crisis!](#)

"This woman is not only as beautiful as an immortal, but also has an extremely noble temperament, with a frosty temperament."

The sharp voice said: "Yes, hey, people want to conquer her desperately when they see her, and watch her cry for mercy."

The hoarse voice smiled and cursed: "Hey, okay, don't think about it here, you really want her to cry for mercy, just later!"

"When the boss finishes cleaning her, it will naturally be our turn."

"Haha, that's right!" The sharp voice made a burst of lustful laughter.

When Chen Feng heard this, his face was already cold.

These people are obviously doing something wrong. It should be looting a woman for them to commit adultery.

He whispered coldly: "It's time to kill!"

Then, the person with the hoarse voice said triumphantly: "Haha, that girl is really stupid, she even dared to stay in the inn."

"She didn't know that this inn was opened by our boss. How many girls are doing this?"

"Yes, that's right, since we opened the inn, we have been grooms every night in the past two years, and we have spent a lot of good stuff."

"I didn't even dare to think about it before, but there are still such days. But the third brother,"

The shrill voice said, "This girl carries a heart-clearing healing pill and an indescribable pill. Doesn't he have any background?"

"In case it has something to do with which alchemist, we will not be unlucky?"

"Bah, you're afraid of a fart!" Crude voice said: "I saw it with my own eyes. The pill was requested by this little girl and a disciple of Ziyang Sword Field."

"That disciple, I should have bought it at a high price, hey, still a pharmacist? You are not so rare to be a pharmacist?"

"That little **** looks so young, how could he be a pharmacist?"

"I'm relieved." Some shrill voice said.

Chen Feng listened, and his eyes were even more cold and murderous.

He had guessed who these two people were talking about.

It is Ran Yuxue!

He didn't expect that Ran Yuxue was spotted when he was in the Ziyang Sword Field, and after returning, he was looted in this inn!

At this point, you may be in danger.

At this time, Chen Feng felt murderous in his heart.

No matter how Ran Yuxue can't stand his master and apprentice, in Chen Feng's eyes, Ran Yuxue is also Master Yan Qingyu's person!

"No one can touch her except Master! You people, you want to humiliate her!"

Chen Feng's tone was harsh, and with a murderous voice, he let out a low growl from his throat: "You all have to die!"

His figure flashed, disappeared directly into the room, and quickly swept away in the direction of the sound.

The inn at night is quiet.

Chen Feng followed the voice and walked into the lobby.

He was silent and found that the voice was closer to him, as if it was coming from the back of the lobby.

Chen Feng immediately came to the firewood room in the backyard, and then he found that the voice became extremely clear, and he could hear clearly with his ears without using the qi.

Chen Feng slowed down, turned around in the wood shed, then sneered slightly, stretched out his hand, and directly pushed the pile of wood aside.

Then, an iron ring was exposed above the ground, connected to a huge iron plate.

Chen Feng snapped his hand and tore off the big iron plate, revealing a three-foot-square entrance.

Below the entrance was a tunnel, and Chen Feng heard a voice coming.

And the movement above was also heard in the tunnel, and there was a low growl: "Who? Who is on it?"

Chen Feng's figure flashed and disappeared into the tunnel.

Inside the tunnel, two people were waving their weapons and rushing forward.

Suddenly, there was a flower in front of them, and they realized that there was a man standing in front of them, a handsome boy.

But at this time, his face was murderous, and his face was murderous!

When the two saw Chen Feng, they all shouted: "Who?"

Chen Feng said coldly: "The one who wants your life!"

He knew that time was urgent at this time, and Chen Feng didn't have any nonsense, so he rushed forward.

When the two saw Chen Feng's young age, their faces suddenly showed contempt, and said with a sneer:

"Little bastard, although I don't know why you are here? But you are looking for death!"

As he said, the big man with a full face and beard on the left hit Chen Feng with a punch.

Chen Feng sneered: "Good job!"

Stretching out his right hand, he directly grabbed his fist and twisted it with a click.

This, the big man's left arm was twisted into twists and twisted into a ball.

There was also a scream in his mouth.

Chen Feng stepped forward and slapped him on his chest, but instead of killing it, he shattered all his bones.

Chen Feng gave a sneer, threw him to the ground, punched again, and fisted at the frivolous young man who was about twenty years old next to him.

This young man's face has changed drastically.

Senior brothers who were much higher than him were knocked down by Chen Feng with two blows. How could he be an opponent?

He wanted to run, but it was too late.

Chen Feng stretched out his hand, clasped his shoulder, and sneered, "Get me back."

As he said, he lifted his body and fell heavily to the ground.

The young man let out a scream, and then the scream stopped abruptly.

It turned out that he was actually thrown into a puddle of flesh by Chen Feng's fall, and his body was pressed like a thin piece of paper, completely flat.

[Chapter 864: You are the one who is dead!](#)

Chen Feng stared at the big bearded man with cold eyes, and said coldly, "Where did you plunder that woman?"

The big bearded man laughed loudly: "Oh, so you are an associate of that little bitch!"

"Haha, tell you, you are late, and he is afraid that our boss has already enjoyed it now."

Chen Feng sneered: "Looking for death!"

Kicked out, kicked his head directly, then flew towards the end of the tunnel.

At the end of the tunnel is a large iron gate, which looks extremely heavy.

Chen Fengfeng kicked it, and the big iron gate weighing hundreds of thousands jin was kicked directly by him.

Then, bright lights came.

Only then did Chen Feng see that behind the iron gate, it turned out to be an underground palace.

The underground palace, with a radius of hundreds of meters, was built extremely luxuriously, with gold and jade inlaid everywhere.

At this time, in the palace, between the four pillars, there is a large bed carved with gold and jade, which is extremely luxurious.

On the big bed, a one-eyed man was sitting there, and in his arms, he was holding a woman.

The clothes on the woman were already torn apart, revealing white skin.

At this moment, she was lying on the man.

Hearing the movement outside and seeing the big iron gate being kicked, the man immediately raised his head and then saw Chen Feng.

Of course, I also saw Chen Feng's angry eyes.

But he didn't panic. After seeing Chen Fengfeng's face clearly, a sneer appeared at the corner of his mouth, and he didn't stand up at all.

Instead, he leaned against the golden pillow and said lazily: "Are you an accomplice of this little bitch? Didn't you come to her?"

Chen Feng said coldly: "Yes, I'm here to save her, and I'm here to kill you too!"

The one-eyed man let out a burst of laughter: "Hahahaha, it's so funny, it's just overkill!"

"Do you think that the two guys out there are my opponents after you solve it?"

"These two things are really rubbish. They were easily solved by you. They are the ones who lost me!"

While talking, he was still touching the woman in his arms.

Chen Feng's eyes steamed with anger: "Put down your dog's paws! Otherwise, I will chop them off later, and then step on them into mashed meat."

"Hahahaha, bastard, you are not afraid to flash your tongue when you speak big words."

The one-eyed man sneered: "Besides, how do you know this girl is not willing to let me touch it? Look..."

Chen Feng looked intently, and sure enough, Ran Yuxue's face was full of **** and flushed. At this time, she actively climbed on this person's neck, looking like she wanted to be lingering.

"Is it clear? Hahahaha..." The one-eyed man smiled triumphantly: "This little bitch, I beg Lao Tzu to enjoy her!"

Chen Feng's eyes became cold in an instant, and his heart was full of chills, and he despised Ran Yuxue very much.

But then he realized that Ran Yuxue must have been drugged or used some other means.

Otherwise, with her temperament, it would never be the case!

The one-eyed man laughed and said: "I have been in Ziyang City for more than two years, and I have played with more than a hundred women, but the girl I met today is really the best."

"Look at this figure, look, and temperament! Hahaha, moreover, it's still a young man!"

"It's also my luck. I followed her all the way down at Ziyang Sword Field. Haha, otherwise I really missed such a top product!"

Chen Feng said coldly, "Are you also a disciple of Ziyang Sword Field?"

"Unexpectedly, in the Ziyang Sword Field, there is even a despicable person like you, who opened this inn here and raped so many women and killed so many lives within one or two years!"

"It's like doing all evil things, losing one's conscience, and surpassing death!"

"You use this word, it seems that you are also a disciple of Ziyang Sword Field!"

The one-eyed man smiled coldly and said condescendingly: "Originally, after I captured you, I wanted you to be my servant and my subordinate."

"After all, it seems that you still have some strength, and you deserve to be my servant."

"However, since you are from Ziyang Sword Field, then I can't spare you."

"After all, these things I did would be a bit troublesome if the sect knew about them."

The one-eyed man looked at him coldly, with a disdainful face, and said proudly:

"Boy, you shouldn't talk too much, you have caused yourself a murderous disaster."

Chen Feng said coldly: "You are so sure that you can kill me?"

The big man laughed and said: "It's not for sure, it's a fact, I will kill you easily!"

He suddenly stood up, stared at Chen Feng, and said coldly, "Little bastard, let me tell you."

"After I catch you later, I will abolish your cultivation skills, break your limbs, and then humiliate this woman in your presence."

"Don't you care about her? Well, I will put you in shame!"

With that said, he made a mistake at his feet, very fast, and very mighty, like a tiger descending from a mountain, rushing towards Chen Feng.

A huge mace appeared in his hand and slammed it down at Chen Feng.

There is a force of thunder, it looks very tyrannical!

There was a hideous look in his eyes, and he shouted sharply: "Little bastard, go to hell!"

Chen Feng sneered: "You are the one who died!"

He stretched out his fist and smashed it hard!

[Chapter 865: I do what I say!](#)

The fist and mace collided with each other, and there was a huge creak of gold and iron, as if Chen Feng's fist was made of metal, extremely tough.

The mace was bent directly, and the head and tail were almost stuck together.

And an extremely huge force came, and the one-eyed man's tiger's mouth was suddenly shattered, blood oozing out, and a burst of noise came from his arms.

The bones of his arm were shattered directly!

Chen Feng sneered, unreasonable.

Taking a step forward, he slammed a punch.

Suddenly, thunder and lightning shot, the one-eyed man let out a scream, the entire chest and abdomen became pitch black, like coke, and then flew out heavily.

He spouted blood and looked at Chen Feng in horror.

"How is it possible for you? How can you have such strength at such a young age?"

Chen Feng sneered, "You are too lonely and ignorant."

In all fairness, the big man is quite strong, he is almost catching up with Tang Hengyun, and he is definitely an outstanding disciple.

However, in front of Chen Feng, it was not enough!

He stepped forward, a cunning look flashed in the eyes of the one-eyed man.

Suddenly, he rushed towards the end of the bed.

There was a secret road hidden there. After entering the secret road, he did not believe that Chen Feng could catch up with him.

Chen Feng sneered: "Want to run? It's too late!"

The body shape flashed, startled with shock.

Then, the big man was horrified to find that Chen Feng had come directly in front of him.

He shouted sternly, "Little bastard, I'm fighting with you."

Chen Feng laughed: "If you want to work hard, you have to have the capital to work hard!"

"You can't hurt my cold hair even if you try everything."

After all, kicked him in the crotch.

Chen Feng heard a sound like something bursting, and then the one-eyed man covered his crotch and rolled frantically on the ground.

He was twisted like a bug, and his mouth screamed.

Chen Feng stepped forward, looked down at him, and said lightly: "Don't you like to insult women? I will abolish your place and let you taste this."

The one-eyed man was so painful that tears came out.

Chen Feng smiled: "I said just now that if you dare to touch her with your dog's paws, I will chop off your paws and step on them."

"I do what I say!"

With that said, Ziyue Knife came out of its sheath, brushed it, and chopped off both her hands with two knives.

Then he stretched his foot and stomped on it, stomping it!

"Ahhh, I am a disciple of Qingzhufeng, and the nephew of the first wife of Qingzhufeng. If you dare to move me, Qingzhufeng will not let you go!"

The big man hissed.

Chen Feng smiled: "It seems that the lesson is not tragic enough."

With that, he chopped off his feet.

The big man let out a miserable howl.

Chen Feng shook his head faintly. He doesn't like torturing people, but if this person does evil things, he should suffer the most extreme pain!

Chen Feng asked indifferently: "Where are the women who were humiliated by you before?"

The big man hissed, "Kill, I will kill them all!"

Chen Feng's eyes were even colder.

This kind of person, let him die directly, it is too cheap for him!

Chen Feng suddenly remembered something and took out a mustard bag.

This mustard bag was obtained after he killed Tang Hengyun, but he had not had time to open it.

Chen Feng hurriedly searched inside, then a smile appeared at the corner of his mouth, and a jade bottle appeared in his hand.

After opening the jade bottle, it was filled with green viscous liquid.

This kind of liquid, Chen Feng is very familiar with is the kind of liquid he was smeared on his body by Tang Hengyun in the prison.

Chen Feng brushed a dozen knives and cut countless wounds on the surface of the man's body.

The big man looked at him in horror and said, "What are you going to do? What are you going to do?"

Chen Feng's face showed a rare hideous look: "I want you to taste the greatest pain in the world!"

With that, he shattered all the bones of his whole body, and then smeared this green liquid on his body.

Great Han suddenly felt an extremely itchy feeling.

Then, the itching sensation became more and more intense. In the end, he couldn't control it. The itching made him die, and it made him worse than life.

He wanted to reach out and grab it, but the bones of his arms and legs were shattered and it was impossible to move.

But the problem is, the feeling is still there.

Chen Feng separated hundreds of wounds on his body, all of which were smeared with green liquid, making him look like a green man.

He was itching for a while and laughed, hissing and crying again, and he twitched on the ground as if he wanted to reduce the tingling sensation.

But it didn't work.

He wailed loudly at Chen Feng: "You kill me, you kill, I beg you, kill me!"

Chen Feng smiled: "I won't kill you!"

His cry of pain echoed in this underground palace.

Then, Chen Feng walked to the big bed.

On the big bed, Ran Yuxue was writhing very uncomfortably.

After seeing Chen Feng coming, he immediately rushed over and entangled Chen Feng directly, just like a vine around a tree.

Her lips were hot, her breath was extremely hot, with a strange fragrance, she desperately kissed Chen Feng's face and neck.

Chen Feng felt hot on her body, exuding deep affection.

She whispered in Chen Feng's ear: "Hold me, hurry, give it to me, give it to me..."

[Chapter 866: Forget about today](#)

Chen Feng was stunned, he had never encountered such a thing.

He was stunned in place. At this time, Ziyue and Anlao suddenly appeared.

Ziyue tweeted twice, and said jealously: "Oh, that's right, lingering with your lover!"

"This woman hated you to death, but now she embraces you and asks for love. Are you very happy?"

Chen Feng didn't know how to let it go. He stretched out his hand to push Ran Yuxue away, but as soon as he stretched out his hand, he touched Ran Yuxue's smooth skin on her body. He immediately shrank back like being struck by lightning.

Chen Feng smiled bitterly and said, "Zi Yue, don't ridicule me. She used to be my master's woman."

"In my mind, although she is hateful, she is in the same position as a teacher, how could I touch her?"

He looked at An old man for help, and said bitterly, "An old man, what should I do about this?"

Ziyue giggled for a while, but she seldom saw Chen Feng look so flat.

Chen Feng smiled bitterly and said, "Ziyue, don't gloat for misfortune. You can also come up with your ideas. Don't you see where I put my hands now?"

Seeing that he was still talking here, Ran Yuxue seemed very dissatisfied, and suddenly kissed him on the mouth.

Chen Feng was shocked, and hurriedly turned her head, Ran Yuxue kissed her neck, her breath was blue, her voice was extremely charming:

"Hurry up, hurry up, who are you talking to? Hurry up and hold me..."

Chen Feng saw that her skin was already glowing red, and her face was flushed even more.

His eyes were confused, only **** in his eyes, and nothing else.

An Lao glanced at the side and said: "He is afraid that he was given an aphrodisiac, and it is a very, very powerful aphrodisiac."

He stepped forward, opened Ran Yuxue's eyelids, took a close look at her pupils, and then heaved a sigh of relief and said:

"Fortunately, the thief just wanted to increase her **** and let her take the initiative to ask for pleasure, rather than want her life."

"The aphrodisiac given to him is not the most powerful one. There are some aphrodisiacs that die as long as they don't make friends. There is no other way."

"But now, there are ways to cure this."

Soon, under An Lao's guidance, Chen Feng brought a large bucket of ice water over and poured it into Ran Yuxue.

Ran Yuxue choked and coughed, but after he drank the cold water, his mind clearly seemed to be clearer, his eyes were clear for an instant, but then he continued to be covered by lust!

Then, she slammed her head directly into the bucket.

Ran Yuxue's head was pressed in, unable to breathe, struggling violently.

He felt like he was suffocating to death.

But Chen Feng stayed with her secretly, she couldn't move at all.

Old An said: "Okay, it's almost done."

Chen Feng released her hand, and Ran Yuxue stood up immediately, breathing greedily, panting heavily.

Coughing violently while breathing.

Just now, she was choked with a lot of water, coughing for a long time, and suddenly vomiting violently on the side of the wooden barrel.

The spit out not only contains water, but also some red liquid.

An Lao took a breath and said, "Okay, that's it."

Then he disappeared: "Boy, leave the matter here to you."

Chen Feng nodded and said, "Thank you for being old."

An Lao smiled slightly and disappeared instantly.

Ran Yuxue coughed for a long time and vomited for a while, then she turned her head back with clear eyes.

Her face was still flushed, but not because of lust, but because of her suffocation and embarrassment.

She glanced at Chen Feng, then lowered her head and said in a low voice: "Chen Feng, thank you very much, I just..."

She wanted to say something but stopped, and the scene that happened just now made her feel extremely ashamed.

Although she has been given an aphrodisiac, in fact she has always been sober, but the effect of the aphrodisiac is so powerful that she can't control her desires and behavior at all.

In fact, she remembered those things clearly.

Before she finished speaking, Chen Feng interrupted her and said: "Uncle Ran, nothing happened just now, and I don't know anything."

"All the things that happened here today are forgotten, understand?"

Ran Yuxue nodded silently!

She didn't even dare to look at Chen Feng.

Regarding today's matter, she didn't know what to say.

She remembered everything very clearly. When he was humiliated by the one-eyed man, he could not wait to die. When Chen Feng came, she clearly remembered the joy she felt when she saw Chen Feng.

And what I remember more clearly is the shame in my heart when I entangled Chen Feng with extreme shame and begged him for love!

At this time, Chen Feng could pretend to be completely ignorant of this matter. That was the best ending.

She looked at Chen Feng and said sincerely, "Chen Feng, thank you so much!"

Chen Feng shook his head slightly: "Uncle Ran, needless to say, leave quickly and go back to Qian Yuanzong!"

Ran Yuxue nodded, and Chen Feng found a large women's dress here and threw it to her.

Ran Yuxue put on her body, turned and walked towards the tunnel entrance.

Suddenly, she whispered: "Chen Feng, I am very sorry for the past, you and your master."

As soon as Chen Feng heard this, his face immediately became cold, and he said coldly, "Uncle Ran, don't say these words anymore."

[Chapter 867: Arrogant dog minion](#)

"The past things are over!"

His voice was very stiff, Ran Yuxue heard it, she was cold, her body stiffened for a moment, barely squeezed out a smile, and said:

"I know, you will definitely not forgive me, and I don't want to ask for your forgiveness. I just want to say sorry to you."

Then quickly swept away.

Chen Feng felt very complicated, shook his head, feeling a little depressed.

Over there, the one-eyed man was still hissing in pain.

Chen Feng sneered, and carried him, together with the other two bodies, and threw them into the courtyard of the inn.

Then he drew out the Purple Moon Knife and wrote some words on a boulder.

The general idea is to expose the identities of these three people and expose the things they did.

Then he woke up Xie Dongshan.

Xie Dongshan still didn't understand what was going on, so he was picked up by Chen Feng.

He didn't dare to ask more, Chen Feng said that he had to hurry, he nodded quickly, and the two left here.

Soon, the screams awakened others.

When those people came here, they saw the three corpses on the ground and the words on the boulder. They didn't dare to neglect, and they quickly reported to the Ziyang Sword Field.

At dawn, an elder from Ziyang Sword Field came here.

Seeing this scene, his face showed awe-inspiring color.

At this time, hundreds of people were onlookers outside the inn. Everyone wanted to know what was going on and whether the words carved on the stone were real or fake.

The white-robed elder said in a deep voice: "Don't worry, everyone, we will definitely investigate this matter thoroughly after we go back, and we will definitely give everyone an explanation."

"My Ziyang Sword Field will never tolerate such insurgents!"

But in his heart, he said coldly:

"Whoever killed my Qingzhufeng people, I must make him pay the price! I don't care what they do, or the Qingzhufeng people, just can't do it!"

Two days later, Chen Feng and Xie Dongshan came to Daliang City.

Daliang City is located in the northeast of Danyang County. If it were Chen Feng a year ago, in his opinion, it would still be a big city.

But now, Chen Feng has seen the vastness of Danyang County and the prominence of Ziyang Sword Field.

In his eyes, Daliang City is just an inconspicuous small city.

It is just a few hundred thousand people, and the city is less than a hundred miles in radius.

Xie Dongshan pointed to the continuous mountain range to the north of the city, smiled and said, "This mountain range is rich in various medicinal materials."

"Our Xie family started as a medicinal material business in the first place, and it was the auction house that opened in the end, thanks to this mountain."

"Daliang City is the birthplace of our Xie family."

Chen Feng nodded slightly.

Xie Dongshan smiled and said: "In Daliang City, there are only two families that can be regarded as large-scale, one is our Xie family, and the other is the Wei family."

"Haha, this is out of your eyes, Brother Chen Feng."

Chen Feng shook his head and did not speak, but he suddenly remembered the Divine Door Realm in his mind.

He murmured softly: "Daliang City Wei Family!"

Wei Family, these two words immediately evoked some memories of him.

In Chen Feng's mind, he immediately thought of the dark rainy night, the shining knife light that pierced the night sky, and how he looked after he was seriously injured.

A smile appeared at the corner of Chen Feng's mouth: "Is that the Wei family? Long time no see!"

The two entered the city and soon came to Xie's house!

After arriving at Xie's house, the guards standing at the door of Xie's house immediately showed a weird smile on their faces when they saw Xie Dongshan.

Then, he stopped at the door.

Xie Dongshan looked at them and said lightly: "What are you doing? I want to go in!"

"The eldest master has an order, thank you deacon, you, as a non-family member, cannot enter the mansion from today onwards."

A man with a beard and a head of the guard said with a smile, "Thank you, deacon, go find an inn by yourself!"

When Xie Dongshan heard this, he was immediately furious: "Xie Cheng, what kind of fart are you doing?"

"When the Patriarch is still there, when the eldest master's order becomes the highest order in the family!"

"I want to see Young Master, I want to join the family!"

Xie Cheng sneered and said, "How honorable is the Patriarch's status? Isn't it that someone like you would like to see if you see it?"

He should also be a direct child, so when faced with Xie Dongshan's sideline, he feels very superior.

And he was very jealous that Xie Dongshan was able to get the auction house deacon to be such a lucrative errand.

At this time, there is a chance to suppress Xie Dongshan, never let it go!

The other guard was also there to help, haha smiled and said: "Moreover, you should pay attention to your words."

"What young master? We only know that there are Patriarch and Young Master in the family, and what **** young master has never heard of."

After he finished speaking, these guards laughed playfully and looked at Xie Dongshan with disdain.

Xie Cheng laughed for a while, walked to Xie Dongshan, with a very contemptuous and provocative attitude, pointed his nose to his nose, and said lightly:

"Tell you, in the future, the Xie family's yard can only live in the direct line. How do you deserve to live in the branch like yours?"

Xie Dongshan trembled with anger and shouted, "Xie Cheng, you are deceiving too much."

Chen Feng looked on with cold eyes and found that the Xie family's internal fighting had indeed become serious to a certain extent!

"I deceived people too much, so what? Haha, come and bite me!" Xie Cheng yelled.

[Chapter 868: Cheap bones, owe to clean up!](#)

"Moreover," he pointed to Chen Feng behind Xie Dongshan, and said coldly: "You dare to bring an outsider into the family house, do you want to rebel? Is this an agent of another family?"

He screamed: "Come on, catch this spy for me!"

He directly framed up and slandered Chen Feng as a spy.

Chen Feng smiled faintly beside him, his emotions did not even fluctuate.

In his opinion, these people are no different from ants.

When people see a few ants rushing towards them, will they have any excited reactions? Absolutely not!

"Who dare!" Xie Dongshan sternly shouted as they watched them rushing up with their weapons.

"This is the distinguished guest I invited for the family. It is powerful and you must not offend!"

"What? Guest?"

"Hahahaha, really ridiculous, this is the most ridiculous sentence I have heard in the past two years!"

Xie Cheng pointed at Chen Feng and let out a disdainful laugh, haha said: "This little bastard, I'm afraid the hair is not full, right?"

"Returning a distinguished guest? Still powerful? Who do you want! If he is powerful, wouldn't I be so powerful?"

"Hahahaha..." The others also laughed jokingly, with disdain, and didn't believe what Xie Dongshan said.

The difference between their strength and Chen Feng's strength is really huge, and you can't even see Chen Feng's depth at all. Just looking at him when he is relatively young, he feels that he has no ability and cannot be strong!

Xie Dongshan flushed with anger and wanted to argue about something.

At this time, Chen Feng suddenly squeezed his shoulder and said lightly: "Leave this to me!"

Then, he stepped forward, looked at Xie Cheng and other guards, and said lightly: "Are you sure you won't let me in?"

Xie Cheng stared at him and laughed wildly: "Little bastard, what kind of pretense? Do you think you are strong? Do you think your status is honorable?"

"I just won't let you in, what can you do to me?"

He laughed and said: "You little bastard, I can easily deal with it with one hand, and you dare to be so arrogant in front of me! Believe it or not, I just killed you?"

Chen Feng shook his head with a hint of pity in his eyes, and said slowly: "You who are ignorant are fearless!"

Xie Cheng was irritated by his attitude.

In his opinion, Chen Feng completely despised him and was extremely arrogant.

He screamed: "You **** want to die!"

A fist blasted towards Chen Feng.

Chen Feng smiled slightly and flicked his fingers. NOVELSb.com

He just flicked his fingers lightly, and Xie Cheng was already hit by an extremely powerful force.

With a bang, he was directly hit and flew out more than ten meters, slammed into the gate, and directly smashed the gate out.

Xie Chengkuang spurted blood, he landed on the ground, his eyes widened, and he looked at Chen Feng in disbelief!

And the other guards looked at Chen Feng at this time with unstoppable horror.

Xie Cheng is the strongest among them. In their opinion just now, Xie Cheng's punch can directly kill Chen Feng.

Unexpectedly, Chen Feng just flicked his fingers, underlining, as if to flick away a wisp of dust from his hands.

And Xie Cheng was beaten so miserably.

They were extremely shocked, just how far the difference between the strengths of the two would have happened!

Seeing Chen Feng looking to them, they could not help but step back.

Chen Feng waved his hand and said lightly: "You also go with him for company!"

When he waved his hand, it seemed to be an understatement, but an extremely powerful force came out.

Everyone only felt Li Feng rushed towards their faces, and then as if being hit by a sledgehammer, they vomited blood, retreated a few steps, and fell directly next to Xie Cheng, looking miserable one by one, with multiple fractures all over the body.

Chen Feng walked up to them, looked down at them, smiled and said, "Now, can we go in?"

No one dared to answer. Everyone looked at Chen Feng silently, with fear in their eyes, and no one dared to say anything against it.

A hint of resentment flashed in Xie Cheng's eyes, but he did not dare to show it at all.

Chen Feng smiled slightly: "The bones are cheap, they just don't have to be cleaned up!"

He swaggered and walked directly into the mansion!

"A group of dog minions!" Xie Dongshan followed Chen Feng in, and when he passed by Xie Cheng, he left a word!

In Xie Mansion, the area is quite large.

After Chen Feng walked in, a person walked across from him, a young man in his thirties.

The youth was tall and strong, and looked quite generous.

This kind of person, if Chen Feng saw him a year ago, he would think he was very generous, but a strong person.

But at this moment, he was in front of Chen Feng, just like a firefly in front of the moon, his aura and aura were very humble, and there was no comparison.

Behind the young man, he followed an old man in his fifties, dressed as a housekeeper.

When the young man came here, he first glanced at Xie Cheng, who was lying on the ground groaning and screaming, then turned his gaze to Xie Dongshan, and finally fixed on Chen Feng's face.

Xie Cheng saw this young man coming, and his face immediately showed excitement, as if he had seen a backer, and shouted:

"Master, Xie Dongshan, a dog who eats inside and out, dared to collude with outsiders to come to the door. We did not allow outsiders to enter. He actually injured us. This kind of person is damned!"

[Chapter 869: The ignorant is fearless](#)

This young man is Xie Mingtang, the young master of the Xie family.

After Xie Mingtang listened, he stared at Xie Dongshan and said coldly, "Is what Xie Cheng said, is it true?"

Xie Dongshan said, "Master, I had trouble doing that just now."

When he was about to say something, Xie Mingtang interrupted him directly.

He said coldly to Xie Dongshan: "Xie Dongshan, you are really brave, you dare to collude with outsiders and come to my Xie's house to be ruthless!"

"I also injured the person in my Xie's family. I really have to die!"

"I will report to the Presbyterian Church, and I will deprive you of all power, go directly to prison and be killed another day!"

His voice was fierce and cold, high above, as if he was saying the truth!

Xie Dongshan stared at him and said coldly: "Young Master, Chen Feng is not an outsider."

"Chen Feng is the distinguished guest I have invited by the young master's order!"

"The distinguished guest you invited, this hairy boy, is the distinguished guest Xie Zhuxin asked you to invite? The one who came to support him?"

Xie Mingtang looked at Chen Feng up and down, and laughed, full of disdain!

"Hahaha, Xie Zhuxin is really falling back with her life."

"I was able to fight with me at the same time. I also admired her. I didn't expect it to fall to this level."

"Even if you are in a mess right now and are at a loss, you shouldn't invite a hairy boy!"

He pointed to Chen Feng and said lightly: "This kind of little **** is here, what else can you do besides making trouble?"

"Is it possible, do you and Xie Zhuxin really count on him to come back?"

Behind him, the housekeeper-like middle-aged man in his fifties also smiled and said:

"Young Master, if Xie Zhuxin had your vision, she wouldn't be where she is now!"

"Of course she is far from being able to compare with you, Young Master, how wise you are, Xie Zhuxin, after all, it's just a trash that can make some waves."

"Compared with the young master, you are still far from enough!"

Hearing his welcome, Xie Mingtang laughed even more, very happy.

He looked at Chen Feng and said coldly: "Little Mao boy, I know that you should have some strength, otherwise, you would not beat Xie Cheng like this."

"But you have to know that Xie Cheng is just my Xie family's guard, their strength is not worth mentioning."

"My Xie family is stronger than Xie Cheng, I don't know how much!"

"You can defeat Xie Cheng and them, but in front of our Xie family's real powerhouse, you are simply vulnerable!"

He raised his chin, his face was full of arrogance, and said proudly: "Tell you, the one who stands behind me is too enshrined, and his strength has reached the sixth floor of the gods!"

"The sixth building in the Divine Door Realm, do you know what it means?"

He looked at Chen Feng and gently rubbed his fingers: "The one who exists, just rub his fingers gently, you can crush you like an ant!"

"You are as humble as an ant in front of him, there is no room for resistance at all."

After hearing this, Chen Feng slowly shook his head, feeling very ridiculous.

This Xie Mingtang really looks at the sky from a well!

Indeed, the sixth floor of the Divine Sect Realm, but in such a small family, it is considered a good strength, but what is it in front of me?

Ten thousand people in the sixth floor of the Divine Sect Realm are not enough to kill by themselves! It's really a bunch of ants!

Xie Dongshan wanted to laugh even more. He knew Chen Feng's strength and how powerful Chen Feng was.

Xie Mingtang's words are extremely ridiculous in his opinion, and they don't know how high the sky is!

Chen Feng shook his head, feeling very helpless.

For this kind of person, the difference in strength between the two is too big, and he doesn't know what to say.

Seeing his expression, Xie Mingtang's expression suddenly became colder, and he felt that Chen Feng looked down on him.

He said coldly: "You don't believe it, do you? Okay, wait for me, and I'll let you see the strength of that existence later!"

After speaking, he gave Chen Feng a fierce look, and walked to the inner house with the old housekeeper.

Chen Feng said lightly: "Let's go, and see Xie Zhuxin too, it's been a long time."

Soon, Chen Feng saw Xie Zhuxin in a side courtyard.

Xie Zhuxin's hair is a bit messy, her complexion is not very good, and she looks rather haggard.

After seeing Chen Feng, he immediately greeted him with surprise on his face and cheered: "Chen Feng, are you here? Are you really here?"

Chen Feng smiled and said, "Of course I am here, you are in trouble, how can I not help? We are friends!"

Xie Zhuxin laughed. Like a man, she hammered Chen Feng's chest and said heartily:

"Chen Feng, I knew that you would definitely come over!"

"I am a person who has a lot of grudges. I definitely remember whoever offended me. But I remember it even more. You and Xie Dongshan were good to me at the time, and I will not forget."

Chen Feng said: "At Ziyang Sword Field, what Xie Dongshan said to me was not very clear. You can tell me about the process of this matter."

Xie Zhuxin nodded and recounted the process.

It turned out that in the process of fighting for the position of Patriarch, he had completely gained the upper hand, and he even forced Xie Mingtang to leave Xie's house and actively asked to go out to practice.

[Chapter 870: Arrogant](#)

But Xie Mingtang, luck was really good. After going out of **** luck, he ran into a master when he went out to practice.

That master, and he can't resist. *NoVELuS&.Com*

Xie Mingtang invited him back to Xie's house directly.

With the help of this expert, Xie Mingtang immediately turned the situation around!

That master became the supreme worshiper of the Xie family, helping the Xie family with two major things one after another, and he was prestigious in the Xie family.

Then, he publicly announced that unless Xie Mingtang became the head of the family, he would leave Xie's house after the Chinese New Year.

At this time, the entire Xie family was panicked.

Xie Mingtang was immediately recognized as the next Patriarch.

The current Patriarch seems to have acquiesced in this matter.

Chen Feng smiled and said, "That is the master of the so-called sixth floor of the Divine Door Realm, right?"

"Yes."

Xie Zhuxin nodded: "That person has reached the sixth floor of the Divine Door Realm, and he is very powerful."

She looked at Chen Feng with some worry in her eyes, and said, "Chen Feng, how strong are you now?"

"I remember when I first saw you, you were the third floor of the Divine Gate Realm. Now, have you reached the fifth floor? Can you be the opponent of the sixth floor?"

Chen Feng shook his head slightly and said, "I am not the fifth building."

"Not the fifth building?"

Xie Zhuxin's expression became even more worried: "Are you on the fourth floor now?"

She looked worried, feeling that she was going to fail this time.

I'm afraid that Chen Feng is not the opponent that exists.

She gritted her teeth suddenly, as if she had made a decision, and said, "Chen Feng, don't stay at Xie's house anymore, go quickly."

Chen Feng suddenly froze: "What do you mean?"

Xie Zhuxin gritted her teeth and said: "I can't hurt you. This time I am completely defeated. I won't be Xie Mingtang's opponent. I can't involve you anymore."

"Leave now, and leave here as soon as they are not here!"

"Since you are not his opponent, then, don't block the car with Man Arm, I immediately announced that I would give up the competition for the position of Patriarch, and let him!"

When Chen Feng heard it, he was funny and moved.

The funny thing is that I said that I was not the fifth building, which meant that my strength was higher than the fifth building.

Xie Zhuxin got it wrong, thinking she hadn't reached the fifth floor yet, thinking she was not that person's opponent at all.

But what moved was that after Xie Zhuxin made such a judgment, she let herself leave the first time, for fear of implicating herself!

So, Chen Feng couldn't leave even more.

Xie Dongshan quickly explained to the side: "Young Master, things are not what you think!"

Xie Zhuxin said quickly: "Okay, don't explain, time is too late."

"Xie Mingtang has always done things very quickly. If you don't leave, it will be too late. Let's go!"

"Haha, is it time to leave now?"

There was a wild laugh outside the door, and then with a bang, the door was kicked open.

Xie Mingtang's arrogant voice came in: "Xie Zhuxin, Xie Dongshan, and that little bunny, get out of here!"

Xie Zhuxin's face turned gloomy: "I will meet them when I go out, Chen Feng, you don't leave here if you hide."

"Don't worry, I will never let you be implicated today, the big deal is that I will submit to them."

Chen Feng smiled slightly, reaching out and holding her, with a gentle smile on his face: "Don't worry, everything has me."

Having said that, I went out first.

Xie Zhuxin was stunned. What she saw in her eyes was Chen Feng's gentleness and self-confidence, a smile that seemed to control everything!

Chen Feng and the three people walked out of the room and saw a circle of people standing in the courtyard at this time.

Among this group of people, Xie Mingtang is at the front.

Next to him is a white robe warrior who is more than 30 years old.

This white-robed warrior, with his chin raised, his face full of arrogance, and a defiant look, put on what he thought he was a master!

Chen Feng guessed that this person should be the warrior of the sixth floor of the Divine Sect Realm.

Chen Feng looked at him and felt very ridiculous.

The sixth floor of the Divine Sect Realm, in the Ziyang Sword Field, any ordinary disciple can reach such a level, there is nothing to be proud of, and anyone will be crushed to death.

But he is so arrogant, it is ridiculous!

The faint sarcasm of Chen Feng's mouth was always on, and after Xie Mingtang looked at it, he was furious.

He said coldly: "Little bastard, I told you just now, you will soon see the strength of a real master!"

He pointed to the person next to him, and said coldly, "This is my Xie family consecrated, Wang Jie!"

Wang Jie was about thirty-two years old. He glanced at Chen Fengfengyi from the corner of his eye, and let out a cold snort, disdainfully said:

"This is the little **** Xie Zhuxin invited? Just rely on him, want to compete with me?"

With that, there was a burst of disdainful laughter!

Xie Mingtang also laughed: "Yeah, they are simply mad, it's really ridiculous!"

He looked at Xie Zhuxin and said loudly: "Xie Zhuxin, I know you are not reconciled yet, you still want to fight with me."

"But it's a pity, the person you invited is absolutely impossible for Wang Jie's opponent."

"This time, I have also invited my father and uncle, so that everyone can see how trash your people are and how powerful my people are."
