

## Peerless 871

### [Chapter 871: one move!](#)

"Let you understand that there is absolutely no hope for you!"

As he said, he pointed to a few middle-aged people standing beside him.

The popularity of these middle-aged people is quite stable, and they are obviously the senior members of the Xie family.

One of them was a thin middle-aged man in his fifties with a goatee, twisting his beard, and smiling at Xie Zhuxin and said:

"Daughter of Zhuxin, stop struggling with death."

"Wang Gongfu, but the sixth strongest man in the dignified divine door realm, how could your person be his opponent?"

"I said you, should you admit your fate as soon as possible?"

Xie Zhuxin gave him a cold look: "Uncle, this is my business, so you don't need to worry about it."

This old man is Xie Zhuxin's uncle and Xie Mingtang's father.

Xie Mingtang's father snorted coldly, "I really don't know how to praise, I won't cry without seeing the coffin!"

Xie Mingtang said those words just now, in fact, very disrespectful to the Patriarch of the Xie Family, but the Patriarch of the Xie Family looked dull and did not say a word, as if he had not heard anything.

Obviously, his attitude is to ignore this matter today.

Xie Zhuxin looked at it and felt a little chill in her heart.

Xie Mingtang stared at Chen Feng, haha smiled and said, "Your name is Chen Feng, right? Do you have the courage to fight with Wang Jifeng?"

"Of course, Wang Zhanfen will definitely be merciful, lest he will beat you to death with a little effort."

Chen Feng was about to agree, when Xie Zhuxin suddenly stopped in front of him, looked at Xie Mingtang, and said coldly:

"Xie Mingtang, I admit it, you let Chen Feng leave. From today, I will quit the Xie family, let alone compete with you for the position of Patriarch!"

When Xie Zhuxin said this, Xie Mingtang was even more proud. He believed that what he said was completely correct.

"Xie Zhuxin also knows that Chen Feng can't be Wang Jie's opponent, so she agrees to be soft."

He was even more reluctant to let it go, haha said with a smile: "Do you think I let you go? Tell you, it's impossible!"

"Today's battle, you must fight if you want to fight, and you must fight if you don't want to fight."

There was a hideous look on his face: "I want Wang Jie to kill Chen Feng first, and then force you to leave Xie's house! Only in this way can I understand the shame of being forced to leave Xie's house!"

His face was extremely hideous, and he directly stated his plot, completely ignoring the views of the rest of the Xie family.

Obviously, he already felt confident and could easily take over as Patriarch Xie.

Some elders of the Xie family showed dissatisfaction on their faces, but they did not dare to object.

Now no one dares to offend Xie Mingtang.

Xie Mingtang looked around everyone, and saw that no one dared to refute, and he was extremely proud of him.

Xie Zhuxin stared at Xie Mingtang and said angrily: "Xie Mingtang, don't deceive people too much!"

Xie Mingtang laughed and said: "I'm just deceiving people too much, what can you do, you have the ability to defeat the king's worship! Unfortunately, you are definitely not the opponent of the king's worship!"

Wang Jie held his chin up, arrogantly he pointed at Chen Feng and said, "Your name is Chen Fengfang, right? Little bastard, do you dare to fight?"

"Still not a man? You know to hide behind a woman!"

Chen Feng looked at him and smiled slightly: "Are I hiding behind a woman? You said nothing!"

He walked out from behind Xie Zhuxin, Xie Zhuxin said anxiously: "Chen Feng, don't be impulsive, you are not his opponent."

Chen Feng smiled: "I still said that, don't worry, everything has me!"

Seeing his confident smile, Xie Zhuxin couldn't help but tremble slightly.

Wang Jie said with disdain: "Hu blow the atmosphere, after a while, I will let you know what crushing is!"

"In front of me, you have no power to fight back, you will be crushed to death by me."

Chen Feng sneered: "I am looking forward to it!"

Wang Jie said with a cold voice: "You all get back, I want to kill this little bunny!"

Everyone retreated, leaving a large space in the middle.

Chen Feng and Wang Jie stood several feet apart.

Behind Wang Jie stood many people from the Xie family, while behind Chen Feng, only Xie Zhuxin and Xie Dongshan stood.

Xie Zhuxin looked at Chen Feng anxiously, with unspeakable worry in her eyes.

Chen Feng looked at Wang Jie and suddenly stretched out a finger. Wang Jie said coldly, "What do you mean?"

Chen Feng said: "One move, if I can't kill you within one move, I will judge myself."

"What?" Wang Jie showed an incredulous look on his face: "Chen Feng, are you crazy? What kind of fart are you talking about? What are you talking about? Are you still trying to kill me in one move?"

"I tell you, if you can make a move under my hand, even if you win." Wang Jie said with disdain.

Behind him, Xie Mingtang also curled his lips and said coldly: "Xie Zhuxin, the person you invited will only be slapstick, right?"

"If you don't have any real skills, you will only brag here and kill Wang Jie in one move? I just don't know what my last name is!"

Chen Feng glanced at Xie Mingtang, smiled and said, "Soon you will know who is arrogant?"

Wang Jie sneered coldly: "Little bastard, I'm too lazy to talk nonsense with you, I'm going to kill you!"

As he said, he shot out with a punch.

Chen Feng sighed: "I don't know how high the sky is!"

With a light wave of his hand, it was like slapped a fly, it looked understatement, without any power.

Xie Mingtang laughed: "This little bastard, is he crazy? What can he do with this one? You can't even slap a fly!"

Chen Feng smiled and said, "Look again!"

Suddenly, after the palm was shot, a huge palm print suddenly formed between one and two feet away, with a strong and extremely powerful wind.

Contains extremely powerful force.

After seeing this palm, Wang Jie was shocked, but the extremely tyrannical force had already arrived in front of him, and his fist slammed into each other.

Wang Jie's fist made a crackling sound.

Then, his arm made a crackling sound, and the entire right arm was twisted like a twist!

All the bones were broken, and even many bones pierced out of the flesh, \*\*\*\* and bloody, looking extremely miserable.

But the powerful force did not stop, and directly hit him.

Wang Jie let out a scream, spurted blood, flew out heavily, hit a house directly, and crashed that house.

But he bounced back, lying on the ground, blood surged, and he couldn't get up.

Seeing this scene, everyone was shocked.

Chen Feng looked at Wang Jie and smiled slightly: "I told you, I can defeat you within one move."

"In front of me, your strength is nothing at all."

Wang Jie looked at Chen Feng in shock, and shouted: "You! I'm a master of the sixth floor of the Divine Sect Realm! How can you easily defeat me?"

"How strong are you?"

Chen Feng helplessly spread his hands: "I told you, but you don't believe it."

#### [Chapter 872: You wait for me!](#)

Then he glanced at Xie Mingtang, smiled and said, "Xie Mingtang, do you believe it now?"

At this time, Xie Mingtang and all the Xie family members looked at Chen Feng, filled with disbelief and shock.

Many people opened their mouths wide and were shocked.

Then in the next moment, they were making a buzzing discussion.

"It turns out that this man named Chen Feng is so powerful!"

"Wang Jie, the sixth building in the Divine Sect Realm, is simply vulnerable in front of him! He was beaten so miserably!"

"It seems that he is not bragging, it turns out that he is really powerful!"

"It's ridiculous, Xie Mingtang and Wang Jie said that just now, but in fact they didn't know that they are like clowns in the eyes of others! People are really powerful enough to crush them!"

"Zhu Xin is still very powerful! She was able to invite such a master!"

At this moment, they looked at Chen Feng with fear.

And the look in Xie Zhuxin's eyes was a bit more respectful!

All changed attitudes!

Xie Mingtang's face was extremely ugly, his face flushed like pig liver, he looked at Chen Feng blankly, his fingers trembled, and he muttered:

"No, impossible, you can't be so strong!"

Chen Feng walked to him, patted his face lightly, and smiled: "But the fact is that I am so strong!"

"I'm telling you, I will kill a few more people like him!"

"A person who is stronger than him, I don't know how many I killed."

Xie Mingtang felt that he had suffered great humiliation and was slapped in the face in public.

The lighter Chen Feng slapped him on the face, the heavier the humiliation he felt, and he almost fainted.

But he didn't dare to make any rebuttal, let alone any movement, standing there honestly, letting Chen Feng slap him in the face!

But his father was standing by, his face gloomy and silent.

There was a smile on the corner of the Xie family's mouth. He changed his expressionless face and walked to the side of Chen Feng and said with a smile:

"The old man was really rude just now. It turns out that you are such a powerful master. Please go to the clan main hall to drink tea. Let's talk about it, how about?"

He immediately became very enthusiastic about Chen Feng.

Chen Feng glanced at him, smiled and said, "Okay, just as the owner said."

The Patriarch of the Xie family is a person who sees the wind and clings to the strong.

Chen Feng has already seen that as long as he is strong enough, he can definitely help Xie Zhuxin get what he wants.

At this time, Xie Zhuxin took a breath and looked at Chen Feng with surprise on her face.

Her eyes were shining brightly, and she was indescribably happy.

Xie Dongshan smiled slightly beside him and said, "Young Master, I am not mistaken! Brother Chen is amazing!"

Soon, the group of people arrived in the main hall of the clan, seated separately, and served tea.

Xie Mingtang and Wang Jie also followed.

Above the main hall, everyone was talking around Chen Feng.

The high-level elders of the Xie family were full of flattery and flattery, and they were extremely respectful to Chen Feng.

Chen Feng smiled slightly, and talked to them somewhat.

If it wasn't for Xie Zhuxin, he wouldn't bother to talk to these people.

While Xie Mingtang and Wang Jie were beside them, no one paid any attention to them. The gaze that occasionally glanced over was full of indifference.

Xie Mingtang clenched his teeth, clenched his fists, and his teeth rattled.

His heart was extremely angry: "You guys who see the wind and sway the rudder, you were so fond of me and Wang Jie, now you dare to do this to me!"

Wang Jie smiled coldly, and suddenly got up and said to Chen Feng:

"Chen Feng, I admit that you are indeed strong, stronger than me, but unfortunately, you don't know who is standing behind me!"

"Tell you, my elder brother is a disciple of Tangtang Ziyang Sword Field!"

"Now, my eldest brother is at home, I will find him now!"

"You wait for me, and my eldest brother will come back to kill you soon!"

After speaking, with a sneer, he turned and left.

And after he finished speaking, the entire family main hall immediately became quiet.

When everyone looked at Chen Feng, they suddenly became more alert and distant.

The people who talked around Chen Feng just now suddenly all retreated to their positions, silently.

It's as if they hadn't been flattered at all just now.

There was a whisper in the hall.

"What? That Wang Jie's elder brother turned out to be a disciple of Ziyang Sword Field, too tough!"

"I can't even think about it, Ziyang Sword Field, that's a mythical existence!"

"It is said that all the disciples in Ziyang Sword Field are extremely powerful, and none of them are weak!"

"Yes, his brother is so strong. When he comes to Chen Feng for revenge later, Chen Feng is definitely not an opponent."

"Yes, no matter how strong Chen Feng is, he can't be the opponent of Ziyang sword field disciples. Oh, won't we be implicated in a while?"

"What can I do?"

Suddenly, a sigh sounded.

Everyone is whispering these words!

[Chapter 873: See the wind and make the rudder!](#)

They looked at Chen Feng's gaze, and immediately took a little coldness.

Some people even looked at Chen Feng as if they were already watching the dead.

Chen Feng looked at him coldly, and said in his heart: "A group of people who see the wind and make the rudder."

He disliked such people so much, so he stopped talking, just leaned there and drank tea lightly.

In the hall, suddenly became quiet.

Xie Mingtang looked at Chen Feng and said with a haha: "Chen Feng, wait, you will die soon."

"Tell you, no one can save you! That is the powerful existence of Ziyang Sword Field, the disciple of Ziyang Sword Field, extremely tyrannical, you absolutely cannot be an opponent."

In their opinion, the disciples of Ziyang Sword Field, one by one, are like gods.

Chen Feng glanced at him in disgust. He said coldly: "There is so much nonsense!"

With a wave of his hand, an extremely powerful force surged out. It hit Xie Mingtang directly, blasted Xie Mingtang more than ten meters away, and fell heavily into the courtyard, vomiting blood.

He looked at Chen Feng with a bitter expression on his face, got up quietly, walked to the side and sat down quietly, never daring to say a word again.

The atmosphere in the hall was very depressing. Xie Zhuxin looked at Chen Feng with some worry, not knowing what to say.

After a while, suddenly, a 60-year-old old man slowly spoke:

"This, Chen Feng, you are very strong, we all know."

"But, after all, that person is a master at Ziyang Sword Field, what about you, or you should go out and avoid it! Don't take it hard with him."

When Chen Feng heard this, a slight sneer appeared at the corner of his mouth: "They all called themselves Master Chen just now, but now they are calling his name directly!"

He leaned here lazily, and said lightly: "I'm not going anywhere, I'm not going anywhere."

With that, he picked up a cup of tea and drank it leisurely.

Suddenly, there was a whisper in the room.

"This Chen Feng is really arrogant. Does he really think he is the opponent of the Ziyang sword field master?"

"Oh, young man, arrogant and arrogant, he doesn't know how to live or die."

"He is holding it hard now, trying to show his face, and when people are going to die, he will lose face at all."

They were all quite dissatisfied with Chen Feng, thinking that he was pretending, that he did not know the height of the sky.

The old man opened his mouth, and then persuaded him a few more words, Chen Feng said: "I just sit here and don't leave anywhere."

There were several elders who followed their persuasion, and Chen Feng would not be able to hear it.

Suddenly at this moment, a younger, burly man, slapped the table, stood up fiercely, pointed at Chen Feng and cursed:

"Chen Feng, you really don't know how high the sky is, tell you, leave my Xie's house quickly!"

"Get out of here, you can die, but don't involve our Xie family!"

Chen Feng looked at him and sneered: "It seems that this is your real plan, aren't you just afraid that I might implicate the Xie family?"

The burly elder said coldly: "Yes, that's what it means!"

Xie Zhuxin was furious and said coldly, "Xie Hong, what kind of nonsense are you talking about? How dare you drive Chen Feng away?"

"I remember just now, among the people who flattered Chen Feng and fawned on Chen Feng, you were the one with the lowest posture. You just kneeled on the ground and called Grandpa!"

What he said was awful. Xie Hong heard this, his face flushed, and he said coldly, "Xie Zhuxin, you little bitch, are you looking for death!"

Before Xie Zhuxin spoke, Chen Feng already said coldly: "Xie Hong, I think you are looking for death."

"You say it again, believe it or not, I killed you directly?"

Jean's voice was as cold as ice, and everyone couldn't help but trembled.

Xie Hong just wanted to talk back, but when he came into contact with Chen Feng's icy gaze, he only felt that his whole body seemed to be drowned in cold water, and he dared not say a word!

At this moment, a long roar suddenly came from a distance, quickly approaching here.

Then, two figures came into the yard. The one on the left, dressed in white, was Wang Jie.

And the figure on his right was tall and tall, and his aura was much bigger than Wang Jie.

Xie Hong looked at Chen Feng with a bitter expression on his face: "You can't go anymore if you want to go now. The master of Ziyang Sword Field has already arrived. Just wait to die!"

The man next to Wang Jie, dressed in a blue robe, was tall and mighty.

The aura on his body was extremely strong, and he was pressing against everyone in the hall.

After he came to the yard, his speed became very slow, and he walked forward step by step.

And every time he takes a step forward, his momentum pushes forward a little, and his momentum gets higher and higher.

The pressure on everyone in the hall is getting heavier.

At the beginning, it was not strong, but afterwards, the air felt a little solidified and the atmosphere was a little suffocated.

Later, it was almost the same as breathing.

When he walked to the entrance of the main hall, these Xie elders and others above the main hall were already flushed with fullness!

A few people were already unsteady in their seats and sat on the ground.

They are suppressed by aura!

All the elders of the Xie family exclaimed.

"It's over, this time Chen Feng can't escape if he wants to run!"

"Yes, Wang Jie's elder brother is so powerful that he can suppress us like this by his momentum alone. His strength is definitely far above Chen Feng, and he can easily kill Chen Feng!"

#### [Chapter 874: Come and kowtow to Lord Wang!](#)

"Just hope, let's not be implicated!"

"I don't think it will be possible. It is enough for him to kill Chen Feng. It shouldn't involve our Xie family. In a big deal, we will immediately give up the position of Patriarch to Xie Mingtang, so that he is absolutely satisfied!"

These elders talked a lot, thinking that this person could definitely kill Chen Feng easily, and Chen Feng was definitely not his opponent.

They were even worried and worried that they would be implicated, so they even decided to sell the position of Patriarch to some Xie Mingtang!

Chen Feng looked at them with a deep contempt in his eyes: These people, one by one, are really lacking in spine, and they are stunned by the wind!

At this time Xie Mingtang, Huo Ran stood up and looked at Chen Feng triumphantly:

"Haha, Chen Feng, no matter how arrogant you are, no matter how arrogant you are!"

"Now that Wang Jie's eldest brother is here, you are definitely not an opponent. If you dare to say a word, Wang Jie's eldest brother can easily kill you directly, without a second move!"

Wang Jie walked in front of his brother, took the first two steps, stared at Chen Feng with a stern face, and sneered:

"Chen Feng, if you dare to hurt me, my elder brother will definitely kill you, but don't worry, I won't let you die so easily!"

"I will make you tortured to death. You dared to humiliate me in front of so many people in the Xie family. This is the price you need to pay!"

Chen Feng looked at him faintly, smiled and said, "Really? Then I want to see how powerful your so-called big brother is."

Behind him, Xie Zhuxin looked worriedly, very worried in her heart!

And Xie Dongshan was not worried at all.

He has seen Chen Feng's strength in Ziyang Sword Field, and he never thinks that anyone in Daliang City has the strength to deal with Chen Feng!

Wang Jie faced the crowd with a proud face, and said with a smile:

"Now, let me introduce to you my elder brother, a senior disciple of Ziyang Sword Field, Wang Feng!"

Wearing a blue shirt and a masterful style, Wang Feng, with a slight smile on his face, stood up and arched his hands to everyone, and said lightly:

"I am coming back from Ziyang Sword Field this time, and there are some personal matters to be done. I know about my brother and your family, but I don't want to take care of it. After all, this is your family's own business.

He looked at Wang Jie with a bit of doting in his eyes: "My brother Wang Jie is a little bit foolish, but he is very good, so I just let him go."

"But, if anyone dares to take care of him..." When he said this, the corner of his mouth curled slightly, revealing a cold smile: "Then I want to take it too."

"As long as I act, the consequences will be very serious!"

His tone was very calm, and what he said sounded very humble, but in fact, there was a strong arrogance inside.

He said that he was unwilling to interfere with Xie's affairs after he came back. Actually, it was not unwilling, but disdain at all.

He didn't like the Xie family at all, and he didn't even bother to take the shot, so he just let his brother in.

It was only when his younger brother couldn't hold it and met a master, that he personally took action.

He smiled and said, "This time, I only need to make one shot myself."

"In the entire beam city, there are not many worthy of my second move."

"One move, I only use one move." He said proudly: "With only one move I can solve the opponent, no matter who the opponent is."

At this time, the black-faced elder with a beard and face who had spoken to Chen Fengfeng before came out and said to him respectfully:

"My lord, I know that you are very powerful, but this time, after you killed Chen Feng, can you not implicate our Xie family?"

"Our Xie family is completely innocent. This is completely Chen Feng's own claim and hurt your brother."

"We are also very angry about this, but unfortunately we are not his opponent!"

He turned his head and glanced at Chen Feng, his gaze became ferocious: "You can kill him, we have no opinion!"

Chen Feng looked at him, his eyes instantly became gloomy and cold!

What this black-faced man has done has touched his bottom line!

Wang Feng smiled slightly: "You thank the family. To my brother, it has always been respectful. This time I will not hold you accountable."

After hearing these words, all the elders of the Xie family, including Xie Mingtang's father, showed a touch of rejoicing on their faces and sighed.

Many thanks for the elders, they all knelt on the ground and kowtow to Wang Feng, thank him for his forgiveness!

Wang Feng said lightly: "I'm here this time, but it's just a trick to kill one person."

"I will leave after killing. I will return to Ziyang Sword Field in a few days. It is impossible to stay here any longer. Just show respect to my brother!"

His expression suddenly became cold: "If anyone dares to disrespect my brother, he disrespects me, and the consequences are serious."

There was still a smile on his face, but the threat came to his face.

The black-faced elder quickly nodded and said respectfully: "You can rest assured, you can rest assured, we must worship the king, very respectful and polite."

At this time, since he was the first to come out to favor Wang Feng, he seemed to have become the leader of these elders, and his position among the elders was detached.

He pinched his waist, turned his head very proudly, and shouted at Chen Feng:

"Chen Feng, what are you little \*\*\*\* doing? Don't hurry up and kowtow to Lord Wang! Maybe Lord Wang can make your death easier."

#### [Chapter 875: Brother Chen, is that you?](#)

He looked at Chen Feng and said in your commanding tone.

Chen Fengfeng was completely ignored.

"Chen Feng? What? You said his name is Chen Feng?"

At this time, Wang Feng seemed to have just heard Chen Feng's name clearly, and his face changed immediately, and he asked condensedly.

His face suddenly became a little solemn.

The name Chen Feng is very familiar to him.

Chen Feng looked at him with a smile on his face, and said, "Wang Feng, I'm standing here, won't you see it for yourself?"

Hearing Chen Feng's voice, Wang Feng immediately looked at Chen Feng, and when he saw Chen Feng's appearance clearly, his expression immediately changed.

The smile on his face froze first, and at the beginning, the proud smile on his face suddenly turned into a very stiff smile.

Then, this stiff smile instantly softened and turned into a smile full of flattery.

In the eyes of all Xie's parents who couldn't believe it, he suddenly took three steps and two steps, quickly stepped forward, and walked to Chen Feng.

He was full of frustration and said, "Brother Chen Feng, Brother Chen Feng, it is really you!"

When he said this, his waist was bent extremely low, and he felt like he was about to lie on the ground.

Chen Feng said coldly: "Fortunately, it is me. If I change to another person, I am afraid I will die under your hands today?"

The smile on Wang Feng's face suddenly stiffened, and then he hurriedly said with a smile:

"Senior Brother Chen, I was joking just now. How can our disciples in Ziyang Sword Field walk outside to kill people indiscriminately? I just want to teach him a lesson."

Chen Feng said coldly, "Really? I don't think so."

He looked at Wang Feng, leaned against the back of the chair, and said lightly:

"You are so powerful, I think the Heavenly Dao Team can't tolerate you anymore. After you go back, you can withdraw from the Heavenly Dao Team by yourself, so that I don't have to talk and you will lose face."

When Wang Feng heard this, there was a frustration and fear on his face. He actually knelt down with a thump and begged Chen Feng:

"Brother Chen, I was wrong."

He knocked his head repeatedly and pleaded: "Brother Chen Feng, I was wrong, sorry, I offended you today, if you want to fight or punish you, do whatever you want, don't drive me out of the Heavenly Dao team!"

At this time, Chen Feng also recognized Wang Feng.

He and Wang Feng also met once, and this person is a member of the Tiandao team.

When Chu Ze first came back, Wang Feng was one of the people who followed him. It should be Chu Zegang's person!

Wang Feng's strength is not weak. The tenth building of the Divine Gate Realm can indeed walk sideways in places like Liangcheng, and no one is his opponent.

No wonder he was so rampant, but when he saw Chen Feng at this time, the color of rampancy disappeared, leaving only full of fear.

Chen Feng's strength, he has seen with his own eyes, is extremely powerful, and killing himself is just a matter of snaps.

He was very scared at this time, for fear that Chen Feng would not forgive him!

When Wang Jie saw that his elder brother was like this, his face suddenly showed shock.[novelusb.com](http://www.novelusb.com)

In his mind, the eldest brother has always been omnipotent, but at this time he knelt in front of Chen Feng and pleaded bitterly.

He shouted in surprise: "Brother, how could you be like this?"

As soon as he heard his voice, Wang Feng's face was immediately frightened. He suddenly recovered and shouted fiercely: "Little bunny, if it weren't for you, how could I have fallen into such a situation?"

He grabbed his collar and pulled her over. Wang Jie hadn't recovered yet, and shouted, "Big Brother, is this kid very powerful? Why didn't you kill him?"

"You \*\*\*\* dare to talk too much?" Wang Feng slapped his face fiercely with a big slap.

He exerted great effort this time, and Wang Jie's face suddenly tilted to the right, blood mixed with his teeth spurted out.

Then, Wang Feng fiercely threw a few pros and cons with big ears, and immediately beat him into a pig's head.

Then he kicked him on the bend of his knee, knelt him heavily on the ground, pressed his head, and knocked Chen Feng a few times.

Suddenly, Wang Jie's forehead was dripping with blood.

Then, Wang Feng hurriedly said flatteringly to Chen Fengfeng: "Brother Chen, my brother does not have eyes and has provoke you. You must not be familiar with him, I will let him kowtow to you!"

Chen Feng sat there, sneered.

Wang Feng knelt next to Wang Jie, and the two kowtow together.

He kept saying: "Brother Chen, you spare my life, you spare my life."

At this moment, seeing this scene, all Xie's parents were shocked, and their faces all showed disbelief.

Their brains were a little confused for a while, and they never recovered.

"What exactly is going on?"

"Why is such a powerful existence of Wang Feng so respectful to Chen Feng that he would kneel and kowtow?"

Then, they thought of a terrifying fact. It seemed that Wang Feng and Chen Feng still knew each other, and he even called Chen Feng as his senior. Doesn't that mean...

They all came back to their senses, and even many of them had a cold sweat, which was frightened.

The whispers sounded again.

"It seems that Chen Feng is also a disciple of Ziyang Sword Field!"

"And it seems that he should be much higher in status and strength than Wang Feng, and Wang Feng is very afraid of him!"

"God, Chen Feng is so powerful, much stronger than Wang Feng. Will we anger Chen Feng just like we did to Chen Feng? Let him anger us and kill us later?"

[Chapter 876: Scared to pee](#)

The elder who asked the question was already trembling with fear on his face.

Another elder, with a very ugly face, sighed and said: "Now I can only hope that Chen Feng is not the kind of person who bears grudges!"

The black-faced man was dizzy at this moment, and great fear surged in his heart.

Feeling dark in front of me, I was sitting on the ground directly, and a piece of slate on the ground suddenly became wet.

It turned out that he was actually scared to pee directly!

Wang Jie is not something they can afford. Wang Feng's eldest brother is not known how many times stronger than Wang Jie. At this time, Wang Feng bowed so humbly in front of Chen Feng.

He didn't even know how tyrannical Chen Feng was at this time, he only knew that he was absolutely unmatched!

He was extremely fearful and regretful.

I regretted why I wanted to provoke Chen Feng. At this time, it might lead to murder.

Xie Mingtang was completely stupid, standing there staring blankly at this scene.

Chen Feng smiled and looked at everyone in the Xie family, and said lightly: "I forgot to tell you, I am also from Ziyang Sword Field!"

Wang Feng hurriedly said to the side: "Senior Brother Chen Feng is not only a disciple of Ziyang Sword Field, but also the most splendid one among all the new disciples entering Ziyang Sword Field this year!"

"In your opinion, I am already very strong, but in front of Brother Chen Feng, I am an ant!"

"Brother Chen Feng, you can crush me with just one finger."

He felt that he had offended Chen Feng just now, for fear that Chen Feng would pursue him, and now he hurriedly pursued Chen Feng.

But what he said is indeed the truth!

Hearing these words, even everyone was numb, and his expression did not change.

Today, Chen Feng shocked them too much. In their opinion, Chen Feng seemed to be omnipotent, and there was nothing he couldn't do.

Xie Mingtang trembled all over, his face turned black, and suddenly fell to the ground, vomiting blood, and fainted directly.

Xie Mingtang's father quickly got out of the queue, helped him and shouted, "Mingtang, Mingtang, how are you?"

Wang Feng stood beside Chen Feng and said proudly like an entourage:

"You may not know that Brother Chen Feng once fought a long street battle with a Zongmen elder on the eleventh floor of the Divine Sect Realm in Ziyang Sword Field."

"Which battle was turned upside down, but in the end Senior Brother Chen Feng easily won and defeated the elder!" *Novel.usb.com*

His face was full of pride, and it seemed that it was his honor to know Chen Feng.

Xie Dongshan smiled beside him and said, "Is the elder you talking about called Tang Hengyun?"

Wang Feng nodded and said, "Yes, it's Tang Hengyun."

"Haha," Xie Dongshan smiled: "You left too early, you may not know."

"When Brother Chen and I left from Ziyang Sword Field, Senior Brother Chen Feng went directly to the door and killed the elder named Tang Hengyun. Now this matter has spread throughout Ziyang Sword Field. "

When Wang Feng heard this, he was shocked.

He was even more fortunate. Fortunately, he saw the opportunity just now, and he was softened in time.

Chen Feng dared to kill even the elders, let alone himself.

What is he in his eyes?

Although everyone in the Xie family was shocked and numb by Chen Feng, when they heard the news, they still showed unbearable panic.

They looked at Chen Feng as if they were looking at a deity.

The sixth floor of the Divine Gate Realm is extremely powerful in their eyes, and what is the concept of the eleventh floor of the Divine Gate Realm?

They can't even figure it out!

Chen Feng could kill the people in the eleventh floor of the Divine Sect Realm, wouldn't it be even more powerful?

Extremely powerful!

Xie Zhuxin looked at Xie Dongshan and said, "So you know that Chen Feng is so strong, why didn't you tell me earlier?"

Although she was reproaching her words, her tone didn't mean to blame, but was full of smiles.

Xie Dongshan was also a little aggrieved: "Since I came back, there have been many things. I wanted to talk several times, but I was interrupted by the middle."

Xie Zhuxin fluttered and didn't pursue him anymore.

That's pretty good, Chen Feng gave her a great surprise.

At this time, the Patriarch Xie suddenly stood up and said: "I decided to give the position of Patriarch to Zhuxin now. Do you have any opinions?"

How dare these elders have opinions?

At this time, they were extremely afraid of Chen Feng. Just now they knew that they had offended Chen Feng, and they were afraid that Chen Feng would be held accountable. Who would dare to make an opinion at this time?

Didn't you find death by yourself?

Everyone nodded in unison, and said, "I don't have any opinions."

"That's good."

Patriarch Xie nodded slowly, and a ring fell off his finger. There was nothing surprising about this ring, but Chen Feng could feel an obscure spiritual power on it.

Patriarch Xie smiled and said to Xie Zhuxin, "Come here."

Xie Zhuxin stood over, and Patriarch Xie put the ring on her right middle finger!

"This is a token of the Xie Family Patriarch!" The Xie Family Patriarch raised Xie Zhuxin aloft, showing the ring in his hand to everyone, and said:

"Starting today, the head of the Xie family is Zhuxin."

All the elders knelt down and kowtow, and said respectfully, "I have seen the Patriarch."

The black-faced elder also hurriedly got up, knelt at the end of the team, kowtow again and again.

#### [Chapter 877: This son, it's time to kill!](#)

Chen Feng suddenly showed a sneer on his face, and said lightly: "You thank the elders, all of you are the masters of the wind."

"But you, I don't have to pursue it, but there is one person, and I must pursue it."

As he said, he pointed his finger at the black face elder!

The black-faced elder's complexion changed drastically, and he knelt down and begged: "Chen Feng, you forgive me, you forgive me."

Chen Feng's face was cold and he didn't even bother.

A look of despair flashed in the eyes of the black-faced elder, looking at Xie Zhuxin, kneeling on his knees, walking in front of Xie Zhuxin, crying loudly:

"Niece Zhuxin, you can save my life, niece Zhuxin, because we are all thanking the family."

Thank you Zhuxin for staring at him coldly, and said in a cold voice: "Who was scolding my little bitch?"

Chen Feng smiled: "No one can save you today. It's no use asking anyone."

With that, he walked forward slowly.

Seeing Chen Feng approaching step by step, the color of despair on the black face elder's face became more intense.

He was trembling all over and his face flushed. Suddenly she wowed and vomited a large mouthful of blood. Her body became stiff, her head tilted, and she fell heavily to the ground.

In his eyes, he gradually lost his spirit.

He was actually scared to death by Chen Feng!

Then Chen Feng looked at Xie Zhuxin, pointed at Xie Mingtang, smiled and said, "He, what are you planning?"

"Xie Mingtang is my cousin after all. Although he has said that he has wanted to kill me several times, he can be unkind to me, but he cannot be unrighteous."

Xie Zhuxin slowly said, "Uncle, you can leave Xie's house with Xie Mingtang."

"There is a mine three hundred miles away from the city, and there is no place for work."

His words are equivalent to assigning Xie Mingtang and his son to Xie Mingtang, but Xie Mingtang and his son dare not have any doubts!

Instead, the two of them fell on their knees, thanking Zhuxin for her great kindness.

Xie Mingtang's face was completely ashen, there was no hope in his eyes, and he could not see the possibility of defeating Xie Zhuxin.

Then Chen Feng glanced at Wang Jie again and said lightly to Wang Feng: "Take your brother home and discipline him. It's really unbelievable to bully people outside."

Wang Feng nodded quickly: "Yes, yes, after I get home, I will ban him and never let him out again!"

Wang Jie followed Wang Feng honestly, but a bit of bitterness flashed in his eyes.

At this time, on the black silk that Chen Feng didn't know, several people were arguing for him on the top of Tongtian Peak.

On the top of Tongtian Peak, a hall at the peak.

The main hall has a radius of 10,000 meters and is as high as hundreds of meters. Standing in front gives people a sense of extreme oppression.

The whole hall is like a giant mountain, and there is an inexplicable momentum above the hall.

This momentum is extremely powerful, so that everyone dare not offend!

In front of the main hall, there is a huge square with a radius of a hundred miles. The square is as huge as a plain, and you can't even see the end at a glance.

There are nine huge statues erected in the square.

The square is all paved with white jade slabs. The square is located at the highest peak of Tongtian Peak. It is surrounded by cliffs. On the edge of the cliff, spring water gurgling down. The whole square is surrounded by countless gurgling water and immortal spirits. , The cloud is transpiring.

It is like a treasure land of immortals, a solemn and solemn one!

At this time, above the hall, an old man was sitting on it.

The old man can't see his age, his complexion is ruddy, his appearance is thin, and he looks like a fairy.

He was wearing a large white robe, with a lingering spirit, a burst of turbulence, it was definitely not an ordinary item.

On the white robe is embroidered with a scorching sun!

In Ziyang Sword Field, only the first seat of a peak is qualified to embroider a round of scorching sun on clothes.

This person is the first tower of Tongtian Peak: Master Yunling!

Below him, there were more than a dozen people sitting, all dressed as the Supreme Elder.

Everyone is extremely powerful.

The worst, they are all strong in the Tianhe realm, extremely tyrannical!

Everyone here can easily crush a big sect when going out, it is an existence that needs everyone to look up to.

As for the Master Yuan Ling who sits at the top, his strength is that no one can see through it at all.

Even if you close your eyes, you can't feel whether he really exists!

Master Yuan Ling said lightly: "The elder who guarded Yao Beast Fang City was killed. It was a disciple who killed him."

After he said this, he said nothing, never said a word.

Then he closed his eyes, as if he was asleep.

And hearing this, one of the elders below, his face suddenly became extremely cold, his eyes flashed with sharp killing intent, and his forehead bounced twice!

The following elders were silent, and suddenly an elder stood up.

This elder is the youngest of all, about the age of thirty-seven or eighteen.

He looks quite handsome, but his lips are thin and mean, and his cheekbones are a little high, which makes him look rather cold.

He is the person who reacted most violently just now.

He said faintly: "As a disciple of Ziyang Sword Field, the following commits and kills the elders. These people should be killed."

Before he finished his words, an old man lazily laughed: "I'm afraid it's because of the person who was killed. It's your brother Sun Hengbo!"

This person who opened his mouth was exactly the elder He Yanxiao that Chen Feng had seen in the graveyard of Real Person Lei Ting.

### [Chapter 878: It hurts to hit the face?](#)

With a lazy smile on his face, he looked at Sun Hengbo with a joking expression.

Sun Hengbo stared at him and said coldly: "He Yanxiao, what you said is correct, indeed because the person killed was my senior."

"So, I must kill this disciple!"

He Yanxiao looked at her faintly, with a brilliant smile on her face: "You must not kill him!"

Sun Hengbo's face was ugly: "He Yan smile, what do you mean?"

He Yan said with a smile, "I don't mean anything!"

"It's just the virtue of your senior brother. You should also know that, relying on your power, you are doing things in Monster Beast Square."

"If you want me to say, this kind of person should have died a long time ago, and it would be cheap to die now!"

Sun Hengbo took a deep breath, his expression calmed down, and said lightly: "My senior brother made a mistake and has his own sect to deal with it, but there is absolutely no way for a disciple to commit suicide!"

His words were awe-inspiring and full of righteousness.

He Yan laughed and said coldly: "You really deserve to be brothers. They are carved out of the same mold. Both of them are like this. They seem to be righteous and awe-inspiring, but they hide evil intentions!"

"Do nasty things in the name of justice!"

His words were extremely ugly, leaving no trace of affection.

Sun Hengbo's eyes were extremely violent and ferocious, and his angry face flashed blue and red, and he said coldly:

"He Yanxiao, are you going to turn your face with me for a disciple?"

He Yan laughed and laughed: "Yes, and I tell you, you want to kill him, I can't let you kill him!"

"Even for him, I don't hesitate to turn my face with you!"

Sun Hengbo laughed loudly: "He Yan laughed, you are really mad, you want to turn your face with me for a disciple?"

"What's so special about this disciple? It's worth it?"

He Yanxiao smiled slightly and said, "Because he killed your brother!"

"Just because he killed my senior, you must protect him? You hate me so? You hate my senior?" Sun Hengbo said coldly.

"No, it's not the reason, it's because he has the strength to kill your senior."

"Haha, it's really ridiculous." Sun Hengbo said in a cold voice: "There are more people who have the ability to kill my senior. People in the Tianhu realm can do it, and people in the Tianhe realm can do a lot!"

He Yanxiao didn't look at him at this time. Instead, he looked at Master Yun Ling and said with a smile: "The first one, the reason I want to protect him is because this disciple is truly talented."

"Haha, super talent? How super talent is it? Is it comparable to me?"

"Many people who have entered the Ziyang sword field for seven or eight years can enter the Tianhe Realm. Like me, they have reached the eleventh floor of the Divine Gate Realm at the age of nineteen. Only those who have entered the Tianhe Realm within three years are considered geniuses. !"

Sun Hengbo said proudly.

He has always been proud of his talent.

Many people nodded, indeed, Sun Hengbo is a real genius.

"My senior is not very talented. It is normal to be killed by a senior disciple of the Tianhe Realm who has been in the Ziyang Sword Field for many years and is about 30 years old!"

He Yan looked at him with a smile, and said with a smile: "But that disciple is only the tenth building of the Divine Sect Realm."

"What? It's just the tenth building of the Divine Gate Realm?"

"Impossible! It is absolutely impossible for the disciples of the tenth floor of the Divine Sect to defeat my senior, let alone kill him!" Sun Hengbo said in disbelief!

"Not only is the tenth building of the Divine Gate Realm, but he is only seventeen years old this year!" He Yanxiao continued smiling.

"What? Only seventeen years old? He Yan laughed, are you kidding me?"

"This is simply impossible. A seventeen-year-old boy can kill my senior brother? Are you crazy?" Sun Hengbo looked at He Yan and laughed in disbelief, and shouted.

He Yan's smile on his face remained unchanged, and then he smiled and said, "Moreover, he just entered the Ziyang sword field this year. Half a year ago, he was in a small sect."

When I said this, not only Sun Hengbo, but all the elders' faces were shocked.

Then, the color of shock turned into disbelief.

If it is said that a 17-year-old boy who has been instructed by a famous teacher at How Ziyang Sword Field and piled up with all kinds of treasures can reach this level, they still believe.

But they absolutely do not believe that a person from a small sect can reach such a realm!

Everyone looked at He Yan and smiled, with deep suspicion on their faces.

At this time, Master Yuan Ling suddenly spoke, and said lightly: "What He Yan said with a smile is true."

As soon as I said this, the hall instantly became quiet.

Then, the following elders talked in shock.

"How is it possible? A 17-year-old boy who has only entered our Ziyang sword field for half a year, can he have such a strong cultivation base?"

"The first person never talks about it. The first person said that it must be like this. This young man can definitely be called a genius, and he is a top genius!"

Chen Feng's talents shocked these well-informed sect elders too!

On the other hand, Sun Hengbo's face was flushed and embarrassed. He felt that he had lost a lot of face in public, and he wanted to get in!

He Yanxiao suddenly looked at him, smiled and said: "I'm sorry, I slapped you on the face, and it hurts, slap, slap, forehand and backhand with several big ears!"

This sentence made Sun Hengbo look even more ugly, he suddenly said sharply:

"So what? He is talented, but he may have reached the limit. We have seen a lot of people like this."

[Chapter 879: Does it hurt? Keep playing!](#)

"The breakthrough speed in the early stage is extremely fast, but in the later stage it is nowhere to advance."

Many elders nodded, they had indeed seen such a genius.

Seeing the support of everyone, Sun Hengbo was even more proud, and said in a cold voice: "According to me, he must be arrested now, and then killed in public, in order to emulate him."

At this time, another elder suddenly spoke slowly.

This person is the top chapter of the management practice point.

He opened his mouth and smiled slightly and said: "Chen Feng entered the Attack Hall the day before and stayed in the Attack Hall for five hours. He did not come out until the attack hall was exhausted!"

"As for the attacking hall, a large part of the energy has been absorbed by him, and for at least five years, the attacking hall can no longer be used!"

"Within five hours, his strength has improved by at least 10%, and his progress is extremely fast."

After saying this sentence, all the elders were shocked again!

Master Yun Ling asked indifferently: "How many hours did the record of attacking the palace come?"

Zhang Taishang said, "One and a half hours."

Master Yun Ling nodded slightly, without saying anything!

Many people took a breath!

When attacking the palace, only disciples from the Divine Gate Realm can enter. The previous record was one and a half hours.

The one who can hold it for an hour and a half is a tyrannical genius, not only with extremely high talent, but also with very powerful fighting skills.

However, Chen Feng was able to survive for five hours in it, until the aura of attacking the palace was exhausted.

In such a short period of time, his strength could increase by 10%.

This sentence hit Sun Hengbo in the face again!

This shows that Chen Feng is not only extremely talented, but also extremely fast in cultivation. He is now in a frantic improvement!

What kind of monster is this? This is too great, right?

Many elders even felt jealous.

Each of them was able to become the Supreme Elder, and they were all amazing geniuses back then, and Chen Feng now definitely surpassed any of them.

When they are this age, they have never been so accomplished or so capable.

Sun Hengbo's face was extremely ugly, with a gloomy face, as if water could drip out, and he sat there without saying a word.

Master Yun Ling suddenly stood up, turned and left, only to leave a sentence lightly: "Today's matter, no one should disclose it!"

"This matter ends here."

"End here?" Everyone looked at each other, what does this mean? Aren't Chen Feng be held accountable? Tang Hengyun died like that?

There was a cold look on Sun Hongbo's face, as if he had made some decision!

The matter of the Xie family is settled.

Then, the elders recruited all the children of the Xie family.

Just before the lobby, it was announced that Xie Zhuxinnai was the current head of the Xie family.

These disciples are somewhat inexplicable, and many of them are quite shocked.

But when they saw, the family has always been domineering. No one dared to provoke Wang Jie, who is known as the number one in strength. When he stood on the side in silence, everyone had guessed something.

They looked at Chen Feng standing next to Xie Zhuxin, with awe in their eyes.

Many people have heard that Xie Ruxin invited a very strong master from outside, and once this master came, he suppressed everyone in the family.

And Xie Zhuxin became the owner of the family!

At this moment, suddenly there was a loud noise outside.

Then, there was a scream, an exclamation, and a popping sound, as if someone was being hit on the wall!

When Chen Feng heard this, his brows wrinkled slightly!

Xie Zhuxin raised her voice and shouted, "What happened outside?"

A guard of the Xie family ran from outside in a panic, came to Xie Zhuxin, knelt on one knee and said, "Patriarch, the Wei family is here!"

"What? The Wei family called here?"

Upon hearing this, Xie Zhuxin's face immediately became a little ugly.

Chen Feng looked at her, smiled and said, "Zhuxin, what's the matter?"

A wry smile appeared on Xie Zhuxin's face: "These people from the Wei family are really lingering!"

Chen Feng said, "Tell me carefully."

Xie Zhuxin nodded and said, "In this Liangcheng, there are only two larger families, one is our Xie family, and the other is the Wei family."

"The two families have been in dispute for hundreds of years. It can be said that there is a deep hatred. There are no fewer than hundreds of lives that died in the hands of each other."

"In the past few years, the Xie family's power has grown stronger and stronger, and it has gradually suppressed the Wei family. But I don't know what happened. This year, the Wei family suddenly became vigorous. Several masters appeared one after another, which suppressed my Xie family. Out of breath."

"This is not the first time they have come here to provoke. They have been here twice before."

Speaking of this, she glanced at Wang Jie: "The previous two provocations, if it weren't for Wang Jie, would be really difficult to solve, I'm afraid the Xie family will suffer a big loss at that time!"

"Wei family, right?"

Chen Feng sneered, and there was a icy look in his eyes: "So rampant, then I will go out to meet them."

"It just so happens that I still have an unresolved grievance with the Wei family."

Chen Feng has not forgotten that when he was still in Qian Yuanzong, he took a task of hunting and killing the giant bull with golden armor. As a result, several guards from the Wei family came out to grab the results of his task.

Moreover, on that day, the young master of the Wei family wanted to kill himself, and even more so, he was seriously injured.

Chen Feng said that he is gratitude and grudges, and he will never forget whoever wants to harm him.

## [Chapter 880: Kill with a punch!](#)

Chen Feng strode out, following him, the faces of everyone in the Xie family were excited.

With Chen Feng's strength, the Wei family could not be his opponent.

They all want to see how Chen Feng cleans up each other fiercely!

And those disciples of the Xie family have not seen Chen Feng's strength with their own eyes, but they all have some doubts and talk about it!

"The Wei family, it is said that in the past few years there have been three masters of the fifth floor of the gods, and they are extremely powerful!"

"That's the master of the fifth floor of the three gods, is this young man their opponent?"

"I don't think it is necessarily. He is so young that he looks unreliable!"

Many people felt in their hearts that Chen Feng would definitely not be able to compete with the Wei family!

"Yes, I don't think he is an opponent either. It is said that the Wei family not only has three masters of the fifth floor, but also a master of the seventh floor!"

"Even if he can beat those fifth floor masters, he is definitely not the opponent of the seventh floor masters."

"Yes, yes." Many people nodded.

When Chen Feng came to the outer courtyard of Xie's house, he saw a scuffle in the outer courtyard of Xie's house.

More than a dozen people wearing black clothes are advancing steadily.

Many thanks to the family members are fighting hard, but they are not opponents at all.

The dozen or so people in black clothes were obviously from the Wei family, and one of them was a master who was the fifth floor of the Shenmen Realm.

Among the Xie family's guards, they went in and out, and as soon as they punched out, one of the Xie family's guards was killed.

One of the fifth floor masters laughed loudly: "Just because you thank the family, do you want to compete with our Wei family?"

"Tell you, starting today, your Xie family will become history and disappear forever in Daliang City."

"And everything from your Xie family will be accepted by my Wei family." When he said this, his eyes were extremely greedy!

Although the Wei family is now stronger than the Xie family, in terms of financial resources, it is far inferior to the Xie family.

These people are extremely excited when they think of the benefits they can get after swallowing the Xie family!

Chen Feng sneered and said: "It is your Wei family that will disappear today, not the Xie family!"

When the people of the Wei family heard this, they looked at Chen Feng, and then at Chen Feng's age, their faces immediately showed disdain.

The master of the fifth floor of the Divine Sect Realm coldly snorted and said, "Little bastard, are you crazy, dare to brag about it here?"

"Believe it or not I killed you with a punch!"

Chen Feng let out a cold snort, and was no longer impatient to talk nonsense with him, his feet flickered, and a teleport came to him.

Then, he punched directly and hit his chest fiercely.

With a loud bang, before everyone had reacted, the master of the fifth floor of the Divine Door Realm had been shaken into several segments, and his flesh and blood flew!

After the Xie family came out, they saw this scene.

Suddenly, everyone was shocked.

"What's the origin of this young man? The five-story master of the gods, he was killed by a single move!"

"Also, when you look at his understatement, he obviously didn't exert any effort."

"Oh, killing this master is as simple as killing a chicken!"

"Yes, this person is really too strong, maybe he really might be the opponent of the Wei family's seventh floor master?"

"It's not easy to say, I think it may not be." There are still people who look down on Chen Feng.

Seeing that Chen Feng killed the strongest of them with a single punch, those members of the Wei family were stunned.

Chen Feng screamed and came to them like a tiger entering a flock. **novelusb.com**

With one punch, six people were killed instantly.

All the other members of the Wei family were shocked to see this scene, with a look of fear in their eyes, and fled out one after another.

Chen Feng sneered: "Want to run? Can you run away!"

He used his shocking steps, his figure was like electricity, and in a flash, he killed seven people.

At this time, only one of them was not killed, and all the others from the Wei family were killed by Chen Feng!

The only survivor saw this scene, his legs weakened in fright, and he collapsed directly to the ground.

Seeing Chen Feng coming towards him, he wailed loudly: "Spare me, spare me, don't kill me."

Chen Feng walked up to him and kicked it out.

He screamed sternly, thinking that he was bound to die this time.

As a result, he did not expect that after Chen Feng kicked him, he felt that he was flying up like clouds and fog, flying out a full tens of meters, but after falling on the ground, he was unharmed.

He was stunned, and Chen Feng looked at him and said coldly, "Don't you hurry up?"

"I want to kill you, you can't escape! I don't want to kill you, just get out!"

This Wei family nodded his head in a hurry, then turned around and ran away!

All the members of the Xie family were stunned. They originally wanted to go up to help Chen Feng, but before they came forward, Chen Feng had already solved the battle after just a few breaths.

Xie Zhuxin walked to Chen Feng and laughed, "It's so cool, so enjoyable!"

"My Xie family and Wei family have been fighting for hundreds of years. This is the most hearty and crushing battle!"

Other Xie family members are also dazzled.

Of course, there were some elders who were dissatisfied with Chen Feng's support for Xie Zhuxin's sobriety as the head of the family. At this time, their minds also changed.
