### [Chapter 891: Thunder Purple Fruit!](#)

This huge mountain range is called Tulong Mountain Range!

It is said that the first emperor who established the Great Qin Empire once beheaded and killed an extremely powerful ancient dragon here!

And there is a legend that is even more frightening: that is, this mountain range is transformed by an ancient dragon that was beheaded!

The mountains that stretched for millions of miles turned out to be a giant dragon. From this we can see how tyrannical and impossible the ancient dragon is!

And how powerful the person who can kill him is!

Every time Chen Feng thinks of this legend, he is dizzy.

From here to Lu'an City, the distance is about two hundred miles. The reason why Chen Feng did not go to Lu'an City but came here is because he had already found out clearly on the road: the elixir in Lu'an City is basically from Obtained from this elixir town!

The elixir in Elixir Town has more types and lower prices.

So Chen Feng chose to come here directly.

Elixir Town is extremely lively, not inferior to some large cities.

As soon as Chen Feng entered here, he smelled a strong fragrance of medicine!

In this elixir town, the most are all kinds of medicine shops.

Almost 90% of the shops on both sides sell all kinds of elixir!

In addition to the drug store, the most left are various weapons stores and armor stores.

On the street, the people who come and go the most are the weapons on their backs, one by one, quite rough and powerful warriors.

These warriors came to the Elixir Town in groups, provided some supplies here, and then entered the Dragon Slaying Mountain Range in search of various elixir.

As long as they find a precious enough elixir, they will be able to leap into adult masters, and eat and drink forever.

Of course, the number of warriors who died under the claws and fangs of those spirit beasts in the Tulong Mountain Range is even more unknown.

Seeking this truth in wealth and danger, everyone understands that because of their arrival, the Elixir Town has become more prosperous.

Groups of people walked here, and they were making loud noises unscrupulously. These people are living a life with today and no tomorrow, so they like to cause troubles, and they are not afraid of anyone.

Although Chen Feng was not afraid of them, he didn't bother to provoke him. He wrapped up some large cloaks, covered his face, and walked quietly on the side of the street!

Chen Feng strolled into a pharmacy and looked around in it.

There are shelves on both sides of the pharmacy. There are many medicinal materials on the shelves, and the fragrance of medicine is overflowing.

After Chen Feng saw it, he was a bit shocked. It turned out that the medicinal materials in this medicine shop were extremely complete, and the quality was quite high, and there were many very precious medicinal materials that were not seen in Ziyang Sword Field.

Here, it is everywhere and looks very ordinary.

Chen Feng took a deep breath: "Sure enough, it's an elixir town, and it's really worthy of relying on the Tulong Mountain Range. The elixir here is much better than Ziyang Sword Field!"

Seeing Chen Feng's surprised look, the shopkeeper showed a look of contempt in his eyes, turned his head and murmured in his mouth: "Unseen pariah."

He was actually heard by Chen Feng, and Chen Feng smiled faintly, and did not have the same knowledge as him.

Dian Xiaor's strength is so humble, it is not worth his hands!

At this time, An Lao's voice suddenly sounded from Chen Feng's ear: "Look at the medicinal plant in the fourth grid on your left hand, counting from top to bottom."

Chen Feng nodded immediately and looked there calmly.

I saw a silver-white fruit in the grid, exuding a strong medicinal power and a faint fragrance.

If you look carefully, you will find that there seems to be faint electric light around it, of course it is very light.

I'm afraid that if people stretch their fingers over, they will only be numb slightly by electricity.

Chen Feng pointed to it, smiled and said, "Xiao Er, please take it down, let me take a look."

The little second glanced at him, and said lazily: "Bai Dian Guo, a first-class elixir, each worth one hundred high-grade spiritual stones, can you afford it?"

He looked at Chen Feng and said with a look of disdain.

Chen Feng took a deep breath, suppressed the unhappiness in his heart, and said lightly: "Take it off, please."

Seeing Chen Feng's insistence, the shop Xiaor sneered, shook his head disdainfully, took it down from above, and threw it at Chen Feng very casually.

A trace of joking hung at the corner of his mouth, and he said, "Take it right? It fell on the ground and broke. You can't afford it if you sell it!"

A cold color flashed in Chen Feng's eyes: "Dogs look at things that are low!"

He stretched out his hand and took the Bai Dianguo. Suddenly, his hand was slightly numb, but it was not even tingling.

It seems that this is just a very unremarkable white electric fruit!

It is said that this kind of white electricity fruit does not grow on weekdays. It will grow suddenly on the night of thunderstorms, strong winds, lightning and thunder, and will directly grow into the next morning!

There was a little thunder and lightning in it, but it was very, very weak.

This white electric fruit also looks ordinary.

However, as soon as Chen Feng got started, he immediately felt something strange.

Its surface current is very weak, but the actual composition feels that it contains a violent thunder and lightning power. It seems that if this force is exploded, the current will instantly increase tens of thousands of times.

Chen Feng now feels very keen on the power of thunder and lightning.

Chen Feng took a deep breath and rubbed his hands lightly to spread the white peel a little.

It stands to reason that the flesh inside the Baidianguo should be white, but Chen Feng was surprised to find that it was a purple inside.

Chen Feng immediately rejoiced in his heart, and secretly said: "An old man did not say anything wrong, this is not a white electric fruit, but a thundering purple electric fruit!"

Jinglei Zidian Guo is a variant of Baidian Guo, the effect is more than a thousand times better than Baidian Guo!

### [Chapter 892: It's you!](#)

The Thunderbolt Purple Fruit contains powerful lightning power, and it is also one of the most important materials for refining Thunderbolt.

Perhaps, other raw materials can make a little bit of life, but Jinglei Zidian Guo definitely not.

In the past few days, Chen Feng has also been looking for various refining materials along the way. He has searched for more than a dozen of them. Now there are still a few medicinal materials. Jinglei Zidian Guo is one of those missing!

Chen Feng could not be satisfied with a thunder purple electric fruit, it was just the amount of medicinal materials, and Chen Feng wanted more.

He swept his gaze, and suddenly saw that under a counter behind the wall, there was a large box of Baidian fruit.

Chen Feng pointed to the big box and said, "Are these white electric fruits all in one batch?"

Xiao Er nodded, and said lazily: "Have you finished reading it? Put it back quickly after reading it, don't let your dirty hands contaminate this white electric fruit!"

Chen Feng's eyes flashed sharply, and he said coldly: "Dog eyes look down on people!"

"What are you talking about? You lowly untouchable!" Dian Xiaoer's face was grim, and he punched Chen Feng.

Chen Feng sneered, stretched out his hand, slapped, and made a crisp sound. The little second of the shop was hit hard, and a huge palm print appeared on his face.

A mouthful of blood mixed with a few broken teeth spurted out!

Dian Xiaoer was beaten up, and when he recovered, his face immediately showed resentment, staring at Chen Feng fiercely, and said coldly:

"How dare you hit me?"

"It's you!"

Chen Feng sneered: "Your mouth is so cheap, I didn't smash your mouth, it is enough to give you face!"

"Okay, okay, you wait for me!" Xiaoer nodded Chen Feng, with a sneer on his face, suddenly turned around and went into the back yard.

After a while, he came out with a strong man behind him.

The second shopkeeper pointed at Chen Feng and shouted coldly: "Han Si, kill him for me! How dare he make trouble in our shop!"

The big man, with a silly look on his face, seemed to have a very low IQ.

As soon as he heard this, he honestly responded, and then jumped into the air. Hit Chen Feng directly!

The prestige is not small, the strength is around the seventh floor of the gods, and it is enough to deal with ordinary people.

But dealing with Chen Feng is simply not enough.

Chen Feng let out a sneer, grabbed his wrist and slammed him to the ground outside.

With a loud bang, a big hole was smashed into the ground.

And this person was also smashed and broken.

The shop Xiaoer was looking triumphantly.

In his opinion, Chen Feng is definitely not an opponent if he has four strikes, he will be killed directly.

He also wanted to see the appearance of Chen Feng's pleading before his death, but he did not expect that Han Si was not Chen Feng's opponent at all, and Chen Feng was seriously injured by Chen Feng when he met.

Chen Feng looked at him with a murderous intent in his eyes: "You just wanted to kill me, right?"

"Well, it seems that the lesson I just taught you is not deep enough!"

At this moment, a middle-aged man in his forties suddenly walked out from behind, looking at Chen Feng, with a smile on his face and said, "This young man, calm down and calm down."

He turned around, grabbed the collar of the shopkeeper, slapped a few big slaps, and said in a cold voice: "You dog, who doesn't know Taishan, has offended the distinguished guest!"

His vision is much higher than that of Xiao Er Dian. It can be seen that Chen Feng is very powerful and is not easy to provoke.

Chen Feng said lightly: "It turns out that this is how you open the door to do business."

The shopkeeper hurriedly said with a smile: "It is true that I usually do not discipline him strictly. Please forgive me, distinguished guest."

He flashed his eyes and said, "Guest, it's better to be like this. If you like this Baidianguo, Baidianguo will be given to you as a little apologetic."

He is very good at being a human being, and Chen Feng can't pursue anything anymore when he says this.

Seeing that Chen Feng no longer pursued the matter, the shopkeeper was relieved. **NovEls8.com**

Dian Xiaoe was still a little unconvinced, and said: "Uncle, he is obviously an unskilled pariah. Where is the expert and distinguished guest?"

"If you want me to see, you have missed it this time!"

"Fuck your mother, just go! Can I see you? It's clear that you have no eyes!"

The shopkeeper was burned with the anger of his words, and then he kicked the shop Xiaoe's stomach fiercely, directly vomiting blood from her, knelt on the ground, covered his stomach, and did not get up for a long time.

He then went up with more than a dozen big-eared photon fans in front and back, and directly fanned the shop's little Er into a pig's head, and shouted coldly: "Get out, get out."

The shop Xiaoe was still not convinced, and gave Chen Feng a bitter look, then turned and walked into the backyard.

The shopkeeper shook his head and said, "He, is my nephew, who has been following me."

"With my protection, I am used to being arrogant here, you must not be familiar with him."

Chen Feng smiled faintly, and didn't take this shop Xiaoe at all. With his current strength, would he pay attention to the behavior of such an ant?

Chen Feng said lightly: "It's okay!"

He then pointed to the box of White Electric Fruit and said, "Are these all in batches?"

The shopkeeper smiled and said: "Yes, it's all in batches."

Chen Feng nodded, put the white electric fruit in his hand directly into the mustard bag, and then said: "You count this basket of white electric fruit for me, how many in total, buy all of them."

Well, a smile immediately appeared on the shopkeeper's face.

#### [Chapter 893: ambush](#)

Each of these \*\*\*\* fruits has a value of one hundred high-grade spirit stones. There are hundreds of them in this basket. If they are all sold, it will be a considerable income.

It can be said to be the biggest business in these two days.

He was more polite to Chen Feng. He could see that Chen Feng was very strong, but it was hidden. At this time, he also believed that Chen Feng's financial resources were very strong.

He counted, and then said: "There are four hundred of these white electric fruits, forty thousand high-grade spirit stones."

Chen Feng shook his head. Although these first-class spirit materials are cheaper than Ziyang Sword Field, they are actually very expensive.

The pharmacist is indeed a money-burning industry, and the materials are so expensive.

But he spends the money willingly at this time.

Chen Feng bought all these \*\*\*\* fruits, and then asked inadvertently: "Are these \*\*\*\* sources obtained from the Tulong Mountain Range?"

"Yes." The shopkeeper said: "It was just shipped yesterday."

Chen Feng nodded and turned to leave.

After Chen Feng left this pharmacy, he spent another full afternoon shopping here, and walked through almost all the pharmacies.

He was pleasantly surprised to find that there are really many kinds of elixir here, and they are very abundant. After walking this afternoon, he has gained a lot.

After coming out of the last shop, the sun was setting.

A smile appeared at the corner of Chen Feng's mouth: "The one hundred and thirteen medicinal materials needed to refine Jinglei Pill, now I have enough one hundred and ten flavors, only the last three flavors are left!"

"The last three medicinal materials are hard to find in the entire Spirit Medicine Town, but I have received news that they are produced in the Tulong Mountain Range, about a hundred miles away."

"The Dragon Slaying Mountain Range is very high. It is full of spirit beasts. It is much more powerful than the monster beasts in the Aomori Mountains. It is a big level higher and the strength is very powerful."

"About two to three hundred miles deep inside, you will encounter third-rank or even fourth-rank spirit beasts, which I can't resist."

"However, if you go deeper than one hundred miles and less than two hundred miles, it shouldn't be particularly dangerous. Tonight, I will enter the Tulong Mountain Range to find some medicine!"

Unconsciously, he walked into a small alley.

Chen Feng remembered that at the end of the alley was an inn, and Chen Feng planned to settle there temporarily today.

But when he walked into the alley and came to the middle of the alley, his face suddenly became cold.

Because he felt a murderous aura, he was rushing towards him.

A sneer appeared on Chen Feng's face, and he said in a cold voice: "Who, where are you hiding? Get out of here!"

"I didn't see it, you untouchable, your strength is not very good, you still feel very keen."

A cold voice came from the front, and then Chen Feng saw a pig head approaching.

No, it should be someone whose face was swollen like a pig's head. It was the shopkeeper.

Next to him were three sturdy men, and behind Chen Feng, two sturdy men approached him.

The lowest strength of these people is in the seventh floor of the Divine Gate Realm.

The shopkeeper looked at Chen Feng with a cold expression: "Everyone in my uncle's shop listens to me, haha, he is still kept in the dark by me, he doesn't know anything!"

He looked arrogant: "Han Si is a master of the seventh floor of the gods, you can easily defeat it, but there are five masters of the seventh floor of the gods, can you beat them?"

Chen Feng smiled slightly, with a look of distress on his face: "How come there are such people who do not know how to live or die!"

And seeing the look on his face, the shop Xiaoer thought he was showing weakness and thought he was not an opponent.

He smiled triumphantly: "You are definitely not an opponent, you can never beat us, right?"

Chen Feng said lightly: "I really can't beat you."

"Haha, it's no use begging for mercy right now!" Xiaoer Dian took Chen Feng's words as begging for mercy.

He suddenly changed his face, looked at Chen Feng, and said grimly: "You caused me to be beaten up by my uncle, humiliating me in public, and dare to slap me. I must kill you and make your death so terrible.!"

"Even if you kneel down and beg for mercy now, it's useless!"

Chen Feng said, "Why should I kneel and beg for mercy?"

He smiled slightly: "I just said that I can't beat them, but I can kill them easily!"

At this point, Chen Feng's tone suddenly rose, and his voice immediately became cold and harsh!

He screamed, and the Ziyue knife came out of his body, looked around, and cut it out with one knife, forming a ring.

In the next instant, the heads of the five Divine Sect Realm seventh-layer masters flew together.

Before they even had time to see Chen Feng's movements, they were already beheaded by Chen Feng, and they were cut off!

The second person in the shop was completely shocked when he saw this scene, and he didn't even come back to his senses.

And when he recovered, his face immediately showed extreme horror.

At this time, he found out that what he said about the payment was true. This young man is definitely a master and an existence that he can't afford!

He suddenly felt that he was very ridiculous. The action just now was almost the same as that of a monkey, except that he was the monkey who was being tricked.

Jumping up and down, triumphantly, as everyone knows, in the eyes of this young man, what he did is just a joke!

#### [Chapter 894: Wild Wolf Hunting Group](#)

Chen Feng came to him step by step, and every time Chen Feng took a step forward, the second person in the shop would step back.

Finally, he sat down on the ground, looked at Chen Feng in horror, and said, "You, you, don't kill me, please, please forgive me."

He knelt on the ground, knocking his head like garlic.

Chen Feng smiled and said, "It's too late to beg for mercy now!"

With that, he patted out with a light palm, directly shattering him.

Although Chen Feng killed several people in a row, he didn't even drop a drop of blood from his body, shaking his sleeves, and leaving freely.

Chen Feng found an inn to stay.

After arriving in the room, he could not wait to take out the white electricity fruit.

He rubbed the skins of these white electric fruits one by one and checked them one by one.

What surprised Chen Feng was: "Of these four hundred white electric fruits, there are a full 60 of them, they are thunderous purple electric fruits!"

Chen Feng laughed: "This is a lot of money!"

You know, although Jinglei Purple Dian Guo looks exactly the same as White Dian Guo, the price of each one is at least five thousand high-grade spirit stones.

There are just a few, which is equivalent to that Chen Feng had just earned back all the money from forty \*\*\*\* fruits.

And most importantly, Jinglei Zidian fruit is still priceless!

"Now only the three herbs are left. If you find them, you can start refining them!"

Chen Feng thought to himself.

After a short break, Chen Feng was about to set off. Suddenly at this moment, there was a knock on the door.

Chen Feng immediately became alert. He was in Spirit Medicine Town and he didn't know anyone at all. Who would come to him?

Chen Feng took a step back and said with some caution: "Just push the door directly, the door is not closed."

With a creak, the door was pushed open.

There was a young man in his twenties standing outside. This young man had a baby face, very pleasing, with a smile on his face.

He looked at Chen Feng, smiled and said, "It is quite presumptuous to come uninvited. Please forgive me."

Chen Feng looked at him and asked with some doubts: "Are you?"

"First of all, let me introduce myself. Our man is Sun Qichang, a member of the wolf hunting group."

"Oh, crazy wolf hunting group?" Chen Feng nodded slightly.

In fact, he had never heard of this hunting group.

Sun Qichang smiled and said, "Your Excellency should be the first time to come to the town of spirit medicine, right?"

Chen Feng didn't hide it, nodded and said, "Yes, it's the first time I'm here."

"No wonder," Sun Qichang looked like this as expected: "If you spend some time in the spirit medicine town, you will have heard of the reputation of the wolf hunting group."

"The wild wolf hunting group is the top ten hunting group in the entire Elixir Town. It has hundreds of members and is very powerful. The lowest strength has reached the peak of the ninth building of the gods."

"Oh?" Chen Feng raised his eyebrows. If what he said is true, the strength of this crazy wolf hunting group is indeed not to be underestimated.

He asked, "So, what can you do for me?"

Sun Qichang smiled and said: "The purpose of people who come to the town of spirit medicine is mostly to get the spirit medicine, or to make a fortune, am I right?"

Chen Feng nodded: "It's true."

"Haha, that's it." Sun Qichang said with a smile: "Tomorrow, our wild wolf hunting group will enter the Dragon Slaying Mountains to hunt down spirit beasts and find medicinal materials."

"Why don't you go with us tomorrow and join our wild wolf hunting group temporarily."

Chen Feng condensed his brows, looked at him, and said with some caution: "Why did you find me?"

Sun Qichang smiled and said: "It's very simple. This is purely a coincidence. Just now you killed a few masters in the alley so easily and I saw it!"

"So I invite you to join our wild wolf hunting group!"

Chen Feng thought for a moment. In the Dragon Slaying Mountain Range, there are many spirit beasts and dangers everywhere.

Chen Feng's current strength against a second-level spirit beast is almost the same, no matter how high it is, he can't deal with it!

In this way, entering with a powerful group is a wonderful thing, and you can also hide yourself.

Chen Feng nodded.

Seeing his promise, Sun Qichang was extremely happy, haha smiled and said: "Then let's go now, it should not be too late, now is the past, and we will leave early tomorrow!"

When the two were walking on the road, Sun Qichang asked: "By the way, I don't know your name yet!"

When walking outside, Chen Feng would naturally not reveal his name casually. He smiled slightly and said, "You can call me Feng Chen!"

Feng Chen, it is precisely to reverse the word Chen Feng.

After a while, Chen Feng stared at everything in front of him, dumbfounded.

"This, this is what you say, the top ten, extremely powerful wolf hunting group in the entire Elixir Town?"

It's not that Chen Feng's concentration is not enough, it's that the gap between what appeared in front of him and his expectations is too big.

In front of him was a dilapidated courtyard, which was more than ten meters in radius, almost like a slum.

In the yard stood a tattered flag with a height of five meters. The flag was embroidered with a \*\*\*\* wolf head. It was very realistic, but it was a pity that the flag had not been subjected to anything. The tattered flag was about to become a cloth strip!

No matter how you look at it, it doesn't look like a strong hunting group's resident!

Next to Chen Feng, Sun Xingchang showed a smirk on his face, took two steps back with some guilty conscience, and smiled: "Brother Feng, Brother Feng, you can take a look first."

He immediately shouted at the room: "Hey, it's all out. I brought you a master."

#### [Chapter 895: Hardship](#)

With this shout, a dozen people came out of the house, all of whom were mature.

Among them, walking in the forefront is a huge man who is three meters tall. Chen Feng is only more than half his height. This man is extremely strong, with strong muscles, and looks extremely strong and full of power.

As soon as he walked, the ground trembled!

After he saw Chen Feng, he seemed a little confused. He looked at Chen Feng and then at Feng Qichang, scratching the back of his head, seeming a little puzzled.

Then, the silly voice said, "Feng Qichang, where did you trick this little baby? A teenager, do you call him a master?"

"If I compete with him, I'm afraid I will slap him to death!"

Although what he said seemed to belittle Chen Feng, in fact, his tone was very serious and solemn, and Chen Feng could see that he should have that kind of honest temper.

There is no evil in fact!

Standing next to the giant man was a 17 or 18 year old boy about the same age as Chen Feng.

He chuckled and said, "Brother Chang lied to someone again, hahahaha!"

And several other middle-aged men in their twenties saw Chen Feng with a look of disdain deep in their eyes. They looked at Feng Qichang and said:

"Brother Chang, even if you are a lie, you have to find the right person to lie again and lie to such a baby to come back."

"Even if he really wants to join our crazy wolf hunting group, what's the point? Entering the Dragon Slaying Mountain Range, isn't it still a snack for those spirit beasts!"

The other person also shook his head slightly and said, "Brother Chang, you may have missed it. This boy is very weak."

These people are not so well equipped. Some people are even naked, without armor, and their weapons are even a little worn.

Only one or two of them used first-class spirit weapons, and the others even used ordinary weapons, and among them, the strength was basically around the eighth and ninth floor.

Chen Feng shook his head and smiled bitterly. At this time, if he hadn't noticed that he was deceived by Sun Qichang, that would be a bit too stupid!

Sun Qichang quickly retorted: "His strength is really not bad. I saw with my own eyes that he didn't even use a single move. He killed five masters in the seventh floor of the Divine Sect Realm!"

"What? Just him? Killed the five masters of the seventh floor of the Divine Sect Realm without any use?" The faces of those middle-aged men showed disbelief.

However, they did not speak any evil words.

Chen Feng knew that it was normal for them to think this way. After all, many people would not think of themselves as masters when they saw their age.

Chen Feng smiled slightly. At this time, he had made up his mind that he would never join this crazy wolf hunting group, but this did not mean that he could allow others to look down on himself.

Chen Feng cleared the river, and the Ziyue knife swung out.

After slashing out, the vitality of heaven and earth produced extremely violent fluctuations, and huge sword energy formed, which hit the ground heavily.

On the ground, a deep gully with a length of tens of meters and a width of more than two meters was directly formed, and the boulders were cut open.

And at that instant, hundreds of giant thorns over a foot long appeared on the ground, as hard as steel and extremely sharp.

Seeing this scene, all the members of the crazy wolf hunting group were shocked.

Then the next moment, the disdain in their eyes turned into awe-inspiring eyes. Looking at Chen Feng, their eyes were full of admiration and shock!*NovelUs3.com*

"Oh my God, this young man is so powerful. This move is just as good as the eleventh building!"

"I think it's almost the same. Just now, this trick covers a huge area. If he was directed at us, I'm afraid that all the ten of us will have to explain here just now!"

"This young man can be called a genius. He has such a strength at his age. I'm afraid we don't have any in the spirit medicine town!"

They have completely changed their views on Chen Feng, thinking that Chen Fengfeng is a powerful genius warrior!

And just now, the people who had spoken harshly to Chen Feng even walked up to Chen Fengfeng and smiled:

"Brother, I'm sorry, just now we had blind eyes, misjudged your strength, and offended you. Please forgive me."

Chen Feng smiled: "It's okay."

He didn't have any grievances. These people were very hearty men, going straight forward, and if there is anything to say, correct it if it is wrong.

Chen Feng glanced at Sun Qichang, smiled and said: "You lied to me, I will not hold you accountable, but this crazy wolf hunting group, I will not stay!"

With that, he turned and left.

Sun Qichang's face suddenly showed anxious expression, he hurriedly stopped in front of Chen Fengfeng, and said with some lowly begging:

"Young Master Feng, I know that I shouldn't have cheated you, but we really have difficulties, we really have no way!"

"We are going to treat Xian'er, Xian'er is already very sick."

"We know that a second-grade pill made by a pharmacist can cure him, but that pill is extremely expensive, and we simply cannot afford it."

"All of us, knelt in front of the alchemist's door for a whole month, before he finally promised us that as long as we can find a few medicinal materials for him, he can give us a pill to cure Xian'er. !"

"However, those kinds of medicines are all in the depths of the Tulong Mountain Range."

He pleaded bitterly: "With our strength, if we want to enter the Dragon Slaying Mountains to find those herbs, it is tantamount to seeking a dead end, it is impossible!"

#### [Chapter 896: I promised](#)

"Master Feng, please, please, join us and help us!"

Several other people also surrounded him. The big man scratched his head and said honestly, "Master Feng, you are very strong. I can feel that the knife just now can easily kill me."

"You are so strong, can you help us?"

There was a sad look on the face of the strangely surprised young man: "Xian'er is so kind and so cute, but in the end we will suffer such bad luck. We really are..."

Having said that, his eye circles are already a little red.

And many of these crazy wolf hunting group members showed hopelessness in their eyes.

When Chen Feng left, they completely lost hope.

At this time, a middle-aged man suddenly said: "Forget it, don't say anything."**NOVELSb.COM**

"Prince Feng has no obligation to help us. He is powerful. We will only become a drag on him when we enter the Dragon Slaying Mountains with us!"

Chen Feng only noticed him at this time, this person should be the strongest person in the entire crazy wolf hunting group!

His face is a little old. A frowning look.

However, Chen Feng didn't feel moved as if he hadn't heard it, and walked straight out of the courtyard.

Seeing his back disappear, everyone's faces were filled with despair.

The middle-aged warrior shook his head and sighed, "Let's not make it difficult for others."

He looked at the people and said with a wry smile: "Xian'er's disease is beyond cure. I can't let all of you enter the mountains to risk your lives because of Xian'er's disease."

He suddenly took out a mustard bag and said: "Our wild wolf hunting group's savings over the years are here. Today I will divide these things, and you will leave separately."

"I'm guarding Xian'er. When Xian'er fails, my incompetent father can only die with him!"

These people were shocked. The burly man, the clever boy, and Sun Qichang all said in unison:

"No, Uncle Liu. We will never leave, we want to stay, we want to save Xian'er, Xian'er still has a way out, we absolutely can't leave!"

Uncle Liu smiled bitterly and said, "Why are you? Xian'er will only become your drag!"

"That's not necessarily."

At this time, a voice suddenly sounded from outside, and then Chen Feng walked back again.

Seeing Chen Feng walking back, everyone's eyes lit up, and they looked at Chen Feng with hope in their eyes.

Chen Feng smiled and said: "It just so happens that I want to enter the Tulong Mountain Range. You are all locals. You are more familiar with the Tulong Mountain Range than I am, so just be my guide!"

When everyone heard it, their faces showed gratitude.

They all know that Chen Feng said this because of their face.

In fact, Chen Feng wanted to help them.

Then Uncle Liu suddenly knelt in front of Chen Feng, banged his head several times, and said with emotion, "Master Feng, you are so kind, we are not forgettable."

Everyone else also knelt before Chen Feng, kowtow again and again.

Chen Feng smiled, stretched out his hand, a powerful force directly supported them, and said:

"You're welcome, if you do this, I really want to leave."

When they heard it, they panicked and hurriedly shook their heads and said: "Don't dare, don't dare."

Then came back to his senses, Chen Feng was joking.

In fact, Chen Feng didn't leave just now, but stayed aside and watched coldly.

He was sure that these people were not using bitterness, they were really desperate to the extreme.

Not long after staying here, Chen Feng could see that this crazy wolf hunting group is a very united and loving collective.

All of them are like relatives.

They are also very good to Chen Feng. They are not hypocritical and polite, but they really treat them as friends and family members.

Chen Feng's actions just now won their trust, and they also believe that Chen Feng really wants to help them.

This atmosphere made Chen Feng feel very comfortable.

His parents have died since he was a child, and he has never felt what it is like to be at home.

Over the years, since the death of Master, he has been living in a life of intrigue and fighting with others.

Either killing or calculating, there are very few moments to stop and experience the kind of warm affection.

But at this time, in this strange town, he had a little experience!

The extremely strong man named Tu Shan was not of pure human blood.

It is said that it has something to do with some alien races in the Tulong Mountain Range, and it is the blood of that alien race left in the town.

Because of his birth, he suffered discrimination and bullying since he was a child, and perhaps because of interracial marriages, he was a little stupid, to put it bluntly, he was quite mentally retarded!

It was Uncle Liu who took him in, gave him a bite of food, raised him, and treated him like family.

The thin and clever kid was named Lu Feng, who was also an orphan since he was a child, and he was also adopted by Uncle Liu since he was a child.

After Chen Feng asked carefully, he realized that most of the people in this team were orphans adopted by Uncle Liu.

They grew up together, like relatives.

In the early morning of the next morning, on the square to the west of Lingyao Town, many teams gathered here!

There are quite a lot of hunting groups in Elixir Town, I'm afraid there are hundreds of them.

Before the hunting group entered the Dragon Slaying Mountains, the last stop was here.

#### [Chapter 897: Mei Wuxia](#)

And there are many warriors who have not joined the hunting group, shouting loudly on the square at this time, forming a team.

It is very dangerous for a person to enter the Dragon Slaying Mountains alone, and the power is limited, and the income is very limited.

Even if a warrior who has not joined the hunting group wants to enter the Dragon Slaying Mountains, he will usually form his own team.

People kept yelling, people kept joining, teams quickly formed a line, and then entered the Dragon Slaying Mountain Range.

And at this time, there was a commotion among the crowd, and many people showed excitement on their faces, shouting one after another:

"Master Mei is here, Master Mei is here."

"Haha, this time Master Mei will follow us into the Dragon Slaying Mountain Range?"

"I think it is mostly that Master Mei is very researched on elixir. Many elixir looks like ordinary weeds in our eyes, but she knows that it will have miraculous effects. This time, Master Mei will probably enter the Dragon Mountain Range again to collect herbs. Up!"

"Haha, I just don't know which team Master May will choose this time?"

"No one will choose you anyway, you, don't toad thinking about eating swan meat."

"Haha..." The said person was not angry either, and smiled heartily:

"If Master Mei can choose my team, then I will be lucky for my three lives. Even if I fight for my life, I must protect Master Mei!"

"Of course, I know that my strength is low, even if I work hard, it may be useless. So I still hope that Master Mei will choose a stronger team!"

From the words of these people, Chen Feng could hear that they all had a special respect for Master Mei, with a hint of reverence.

Chen Feng looked at Sun Qichang next to him and asked, "Who is this Master Mei? It seems that in everyone's hearts, the reputation is quite high!"

When he talked about Master Mei, Sun Qichang became excited, his eyes lit up and said:

"Feng Chen, you may not know that Master Mei is a legend in our Spirit Medicine Town."

"She is a pharmacist."

"She turned out to be a pharmacist?" Chen Feng couldn't help but raised his brow, slightly surprised.

Alchemists are very rare, and they are generally superior!

Sun Qichang said: "The alchemists are all above the top, they simply look down on us ordinary warriors, and don't bother to be with us."

"But Master Mei is different. Master Mei treats each of us very well. He has never looked down upon him."

"Furthermore, many pharmacists deliberately lower the price when purchasing elixir, and they will also recruit some warriors as their lackeys, and wantonly suppress others. When they sell elixir, the price is extremely high."

"Master Mei is different. There is no warrior under Master Mei. The price she sells to us after refining the medicine is quite low."

"Therefore, he is extremely prestigious in the Spirit Medicine Town!"

With a grateful expression on his face, he said, "Xian'er's condition, even she can't do anything about it, but he recommended a pharmacist to us."

"If it weren't for her introduction, we wouldn't even have the qualifications to seek the head of the second-grade alchemist."

Soon, Chen Feng met Master Mei.

Mei Wuxia, the person whom everyone admires in all hunting groups in the Elixir Town.

Chen Feng was shocked when he saw her.

Mei Wuxia is not so beautiful, she can only be regarded as medium, but her expression is very gentle and calm, as if she has a calming force.

When anyone sees him, no matter how restless his heart is, it can't help but calm down.

Her eyes were incomparably pure, like a puddle of autumn water, without the slightest distracting thoughts in them.

Chen Feng murmured: "Flawless, flawless, you really deserve the name of flawless!"

She was wearing a generous medicine alchemist robe, embroidered with a small cauldron on her chest, and walked slowly towards this side.

And where she appeared. Suddenly it became very lively, and the hunting groups on both sides shouted:

"Master Mei, join us, Master Mei, join us!"

There is also a daredevil who suddenly came out: "Master Mei, I haven't seen him for a few days, and he has become beautiful again. Look at this figure."

As soon as he said this, people around him stared at him.

Everyone's eyes were full of anger, as if fire could burst out, and they seemed to use their eyes to transform into sharp swords to kill him.

Mei Wuxia is an inviolable goddess in everyone's mind. This person dares to tease.

This warrior shivered violently, his face was pale, almost scared to pee, and he quickly shrank back!

With a smile on Mei Wuxia's face, she nodded slightly to everyone.

She walked in front of the hunting group one by one, and suddenly, when she came to the front of the wild wolf hunting group. Stopped.

Seeing this scene, Sun Qichang, Tu Shan, and even everyone in the hunting group, their breathing became heavy, and they looked at Mei Wuxia with anticipation.

But no one dared to speak, for fear of offending her.

Finally, Mei Wuxia spoke, and she smiled and said, "How about I will follow your wild wolf hunting group?"

As soon as Uncle Liu heard it, his voice trembled with excitement, and said in a trembling voice: "Welcome, welcome."

Mei Wuxia smiled lightly, put on a white cloak, covered her figure, and walked into the wild wolf hunting group very quietly, and stopped talking.

Everyone was very excited.

At this moment, a group of people came over here. There were 20 or 30 people, all wearing black costumes. They were huge and sturdy.

#### [Chapter 898: Tiger Hunting Group](#)

On their clothes, they are embroidered with a huge tiger head, their mouths are open, their fangs dripping with blood, they look quite hideous!

Saw them coming. Everyone in the mad wolf hunting group became a little nervous, and they pulled out their weapons one after another and confronted them.

"Oh, dare to draw a weapon? Is drawing a weapon useful?"

A playful voice sounded, full of disdain.

Then, a tall young man of twenty-seven or eighteen years old walked out of those wearing tiger-head clothes.

He came to the front of the wild wolf hunting group and looked up and down, his eyes full of disdain.

He lifted his chin slightly, and said proudly: "The wolf hunting group, you are only allowed to hand over Master Mei within the tea time, or else..."

There was a hideous look at the corner of his mouth: "Your wild wolf hunting group will be removed from Ling Yao Town today!"

Hearing this, the faces of the wild wolf hunting group were full of indignation.

Sun Qichang said angrily: "Why?"

"Why?" The tall and strong young man showed a sullen smile on his face, and said triumphantly: "Only our Tiger Hunting Group is one of the strongest hunting groups in Ling Yao Town!"

"Just because we want to crush you, it's as easy as crushing a bug."

He laughed and said, "Is this not enough?"

Behind him, everyone also laughed wildly:

"You crazy wolf hunting group, is it possible that you really thought it was the opponent of our tiger hunting group?"

"Haha, it is easy for us to kill you. The huge gap in strength cannot be made up at all. This is the weak and the strong!"

"Don't be convinced, if you have the ability, you will become stronger, come and kill us!"

Liu Shu and others were silent.

"It seems that you don't want to hand over people, do you?" The tall and strong young man showed a hint of coldness on his face: "In this case, I have to do it myself."

Chen Fengfeng's face became cold and he was about to stand up.

He can see that although these people are not weak, they are definitely not his opponents.

Suddenly at this moment, Mei Wuxia in the team spoke.

She said lightly: "You are Lin Kang from the Tiger Hunting Group, aren't you?"

The tall young man nodded, a smug smile appeared at the corner of his mouth, as if he felt very honored that Mei Wuxia could remember his name.

He said, "Yes, it is."

However, Mei Wuxia's next sentence made his face very ugly: "Go back and tell you eldest brother Lin Dong, Mei Wuxia belongs to no one, and no one can force me."

"Today, I'm going to act with the Wild Wolf Hunting Group. If you dare to do it, you are targeting me and do it yourself!"

At this moment, her voice became icy cold, no longer the slightest gentleness, obviously she was really angry!

But at this moment, when he spoke, other hunting groups also clamored.

The Tiger Hunting Group bullied the weak and weak, and was already angry by everyone, and at this time they condemned them.

The Tiger Hunting Group saw a tendency to be besieged by everyone, and seeing this scene, their faces were also a little afraid.

Lin Kang gave Mei Wuxia a fierce look, then turned and left.

A coldness flashed in his eyes, and he murmured: "This little bitch, you wait for me."

"This time, you will fall into the hands of my elder brother. What about you, even a pharmacist? My elder brother will not be afraid!"

"This time, I will definitely become a slave to my elder brother and be completely conquered by him!"

Seeing him retreating, Chen Feng slowly retracted his movements, with a cold expression on his face.

Lin Kang is also considered interesting. If Lin Kang did something just now, Chen Feng would let him see and see how powerful the wolf hunting group is!

This little episode did not affect everyone, and everyone set off towards the Dragon Mountain Range.

The Wild Wolf Hunting Group is no exception.

The group walked forward in silence. They wanted to talk to Mei Wuxia, but they were all a little cramped.

It seems that talking to Mei Wuxia is a bit tainted.

Mei Wuxia looked at Chen Feng and suddenly said, "You just wanted to do it?"

Chen Feng nodded: "Yes!"

Mei Wuxia glanced at him, shook his head slowly, and said, "You just came to Spirit Medicine Town, right?"

Chen Feng nodded.

"No wonder, you don't know how powerful the Tiger Hunting Group is." Mei Wuxia said: "In the future, don't provoke them easily. The Tiger Hunting Group is not something you can afford."

"Moreover, you are not their opponent. The Lin Kang just now is enough to deal with you, not to mention, he has so many people!"

She obviously did not realize Chen Feng's true strength.

Chen Feng didn't mind either, smiled slightly, and said nothing.

He could see that Mei Wuxia was kind, but he was actually persuading him.

Seeing Chen Fengfang didn't speak, Mei Wuxia shook her head slowly, with a hint of disapproval in her eyes, and said in her heart:

"This young man is so self-righteous, let him suffer a bit, and he will know what the sky is!"

Not far behind the wild wolf hunting group, the tiger hunting group followed closely.

However, the people in the wild wolf hunting group are not worried. There are so many people here. Almost all the hunting groups in the entire Elixir Town have come, and the tiger hunting group dare not do anything!

The Tulong Mountain Range is quiet.

Their arrival broke the ancient silence.

There are many spirit beasts here, and not long after Chen Feng and others entered, there was a small wave of monster beasts rushing here.

#### [Chapter 899: ridicule](#)

Among them, very few are spirit beasts, and most of them are monsters around the ninth floor of the eighth floor of the Divine Door Realm.

There are hundreds of these monsters and spirit beasts, and they seem to be very powerful.

If it were placed in the Aomori Mountains, it would be enough to set off a medium-scale beast tide, and it would be enough to destroy a small sect.

But in Tulong Mountain Range, it was the most common thing that happened in the outermost and most inconspicuous corner of the mountain range.

Because of this, the level of monsters and spirit beasts is too high, and the number is too much!

In the depths of the Aomori Mountains, the monsters of the eighth and ninth floors of the Divine Gate Realm are not so common, but here, the monsters of the eighth and ninth floors are the lowest level ordinary monsters!

When seeing these monsters, the hunting group didn't have the slightest fear at all. On the contrary, all of them were very excited and rushed straight up.

While rushing forward, he shouted, "No grab, no grab."

"These lightning lions were discovered by our hunting team first. No one is allowed to grab them!"

"Bah, no one is allowed to rob? You are really domineering, are your names written on these lightning lions? Obviously we saw it together!"

"Get away, get away quickly, this piece of land is within a hundred meters of a radius, and it was wrapped up by our tiger hunting group! These ten profound jade rhinos are all ours!"

"Haha, there are monsters in the sky! You other hunting groups, just grab them on the ground, our shooting star hunting group will round up all the monsters in the sky!"

"Why do we have the most powerful arrow spirit martial artist in the entire Elixir Town! His arrow spirit has reached the seventh grade of the yellow rank!"

Almost in an instant, there was chaos in the dense forest.

The various hunting groups surrounded them excitedly, took out their weapons, surrounded the monsters, and fought in chaos.

There was also a very powerful arrow spirit martial artist. Behind his back, a huge sharp arrow suddenly appeared.

His arrow spirit is at least three times the size of Lu Yuxuan's arrow spirit that Chen Feng had seen back then. It is more than 20 meters high and looks like a huge pillar standing upright in the sky!

He took out a huge longbow and shot out dozens of arrows.

Above the sky, more than a dozen large birds, which are as large as a house, all fell on the ground.

Then, some members of the hunting team rushed up happily, slashed the big bird's body, and took out fist-sized ice-white crystal nuclei from it!

At this time, a group of lightning lions suddenly noticed the wolf hunting group.

Under the leadership of an extremely huge lightning lion with a height of more than two feet, they roared fiercely and charged towards the wild wolf hunting group.

Seeing this scene, all members of the crazy wolf hunting group were shocked, with a look of horror on their faces.

The lightning lion, the peak monster of the ninth floor of the Divine Sect realm, and they also have powerful skills, and their strength is almost equivalent to the human warrior of the early eleventh floor of the Divine Sect realm.

And in the entire mad wolf hunting group, the strongest is just Uncle Liu from the tenth building of the gods.

Facing this group of at least a dozen lightning lions, they are definitely not opponents.

What's more, the extremely huge lightning lion in the front, I am afraid that it has touched the edge of a first-grade spirit beast, and its strength is comparable to the twelfth floor of the gods!

But they were panicked. But he did not forget his responsibilities.

Uncle Liu shouted: "Don't mess, don't mess, don't forget to protect Master Mei."

Everyone stood in front of Mei Wuxia.

Uncle Liu shouted loudly: "Master Mei has chosen our crazy wolf hunting group, our crazy wolf hunting group, even if everyone is dead, we must keep Master Mei safe!"

On the side, Lin Kang laughed at this scene.

He swung a sword and beheaded a red hyena with a head full of people, and then directed at the wolf hunting group, haha laughing wildly:

"You are not opponents at all, don't make senseless resistance, just your group of trash, a lightning lion is enough to kill you."

"What's more, there are more than a dozen Lightning Lions you are facing at this time!"

"Haha, your mad wolf hunting group will be removed from the history of Spirit Medicine Town today!"

The people behind him also laughed wildly: "It's ridiculous. Just entered the Dragon Slaying Mountain Range, a monster was not killed, and a potion had not been collected, so the whole army was wiped out!"

"This may be the worst hunting group in the world! Haha!"

Another person also laughed wildly: "I don't think you are called hunting group, you are not worthy of the three words hunting group, you can simply call sending food group! This is what you send vegetables to monsters! "

"Hahahaha..." Many members of the Tiger Hunting Group sneered with disdain, mocking them all!

When other hunters saw this scene, they all shook their heads slightly, but many of them showed sympathy, but no one came to rescue them.

They also have their own monsters to deal with. Besides, saving the wolf hunting group is undoubtedly offending the tiger hunting group. Who would do such a stupid thing?

While they were talking, these lightning lions had already been led by their leader to kill the wolf hunting group.

Suddenly, their huge mouths opened, and flashes of lightning spurted out of their mouths.

These lightnings, the thickness of a pinky finger, made a crackling noise, formed a power grid, and shrouded fiercely towards the wolf hunting group.

#### [Chapter 900: bet](#)

Lin Kang laughed and said: "The lightning spewed from the mouth of the lightning lion is enough to crush a huge boulder and turn a towering tree into coke."

"Haha, this round of power grid is enough to kill all of you!"

The power grid shrouded, and Sun Qichang, Tu Shan and others all showed despair on their faces and roared unwillingly.

At this moment, Chen Feng looked at Lin Kang and smiled slightly: "I don't think it is necessarily!"

He suddenly stepped forward from the crowd and stood in front of them!

Sun Qichang, Tushan and others exclaimed: "Feng Chen, come back!"

Uncle Liu also shouted, "Master Feng, don't die!"

Mei Wuxia shook his head slightly. This young man had a strong aura, but his strength was too weak. There was no strength in the empty state of mind. This kind of person would not live long.

Lin Kang laughed even more: "Little bastard, you are really looking for death, and you can't help yourself. Who do you think you are?"

"Even if you are the most pinnacle master of the Divine Sect Realm, I'm afraid you won't be able to accept this trick..."

But the next moment, the triumphant color on his face solidified, his mouth opened wide, his face was shocked, like a frightened toad!

Because he saw that after the lightning net fell on Chen Feng, it turned out to be like a stone falling into the sea.

After a sneer, it disappeared without a trace, and it didn't arouse a wave.

Chen Feng, still standing there with a smile, looked as if nothing had happened.

Seeing this scene, the members of the mad wolf hunting group were surprised at first, and then cheered with joy, and laughed: "Master Feng, you are really amazing!"

"Master Feng, really have a set!"

There was a flash of light in Mei Wuxia's eyes, and a slight smile appeared at the corner of her mouth: "I didn't see it, this young man has some ability!"

The other people in the hunting group saw this scene with a look of shock on their faces, and secretly said in their hearts: "This young man has a little way."

A smile appeared at the corner of Chen Feng's mouth, and his heart was very happy!

He couldn't bear the lightning, thunder, and lightning in nature.

However, he could easily catch the power grid from the beast like the lightning lion.

At this time, the lightning from these lightning lions had been absorbed by Chen Feng, absorbed into his dantian, and merged into the dantian's Lei Jin, Lei Jin became even bigger!

Lin Kang felt a loss of face, a sneer smile appeared on his face, and he was a little embarrassed and said: "Maybe there is something strange on his body that blocks these lightnings, and with the help of foreign objects, it is a \*\*\*\* skill?"

"Yes, yes."

The people in his Tiger Hunting Group shouted and echoed him.

With the support of his subordinates, Lin Kang was very proud, and said provocatively at Chen Feng, "You have the ability to kill these lightning lions!"

"Haha, when it's time to fight hard, I'm afraid you don't have any abilities. Even a lightning lion will be killed if you can't handle it."

Chen Feng glanced at him and didn't say anything.

He really didn't want to be familiar with such people.

But seeing Chen Feng doing this, Lin Kang thought he was cowardly and flinched. He didn't dare to respond to his words. He also believed that Chen Feng absolutely relied on some kind of treasure to block the lightning just now, and he himself had no strength. .

He was even more arrogant, and arrogantly provoked at Chen Feng: "Little bunny, dare you gamble? If you can't kill the lightning lion, just kneel down and call me Grandpa!"

Chen Feng looked at him, his expression suddenly became cold and severe, and said lightly: "If I can kill the lightning lion, what would you do?"

Lin Kang's eyes flashed, he danced the long sword in his hand, and said, "If you can kill the lightning lion, I will eat the sword in my hand!"

"Okay!" Chen Feng laughed: "I have to let you eat the sword in your hand today!"

As he said, he laughed loudly and turned around.

At this time, a lightning lion also rushed towards him!

"The evil animal suffers death!" Chen Feng sneered and punched out.

His speed is fast and incomparable. After this punch, he slammed into the belly of the lightning lion with a boom, and directly shook the lightning lion into countless pieces, turning into a rain of blood.

Then Chen Feng, drinking all his life, entered the team of Lightning Lions.

In a blink of an eye, five lightning lions were killed one after another.

At this time, seeing this scene, the lightning lion leader seemed to be irritated by Chen Feng, let out a sharp roar, and rushed towards Chen Feng frantically.

From its mouth, a thunder and lightning that was the thickness of a wrist shot out at Chen Feng!

With a touch of Chen Feng's mouth, he laughed and said, "Good job!"

He didn't evade and greeted him directly.

Lightning with the thickness of the wrist struck him directly, but Chen Feng used the mental method of Thunder Thunder Fist to directly introduce the lightning into the Dantian.

He just raised up his cold hair, not even a trace of oily skin was broken, lightning had no effect on him!

Then Chen Feng screamed and blasted out a punch. The lightning lion head opened his mouth and bit towards Chen Feng's fist.

In Chen Feng's eyes, Li Mang flashed: "You can lightning, right? You try mine too!"

As he said, in front of his fist, a burst of lightning shot!

Lin Kang on the side smirked and smiled: "How dare you hardly pick up the fangs of the lightning lion? Really ignorant are fearless!"

"The teeth of the lightning lion are so sharp that they can bite through steel and just click off your wrist."
