

Peerless 901

[Chapter 901: Boy, I'm fooling you!](#)

"Yes, that's right, even if this little bunny can kill the lightning lion, he will definitely not be the opponent of the lightning lion leader, the difference between the two is very different!"

"Indeed, this little bunny has already killed the Lightning Lion, so he won. But..." Lin Kang laughed:

"If he was directly killed by the lightning lion head, his people would die, and the agreement with me would naturally not count."

This person is extremely shameless, with such an idea!

But then, he blushed, with a shame on his face, like a slap in the face.

Because, after the lightning lion's huge teeth bit on Chen Feng's wrist, Chen Feng's wrist remained motionless.

Instead, the fangs of the lightning lion were directly shaken off.

Then, Chen Feng hit the lightning lion with a punch.

With a bang, it seemed that the light of thunder and lightning exploded in the mouth of the lightning lion, and it uttered a miserable wailing in its mouth, and was blown out more than ten meters!

Chen Feng glanced at Lin Kang, smiled slightly, stretched out his palm, and gestured at him from a distance.

"Flap, pop, pop! Lin Kang. Does your face hurt after being beaten?"

Lin Kang's face was extremely gloomy!

The lightning lion leader uttered a mournful cry and was about to run away as soon as he turned around.

Chen Feng laughed loudly: "Want to run? Did you run away?"

Jinghongbu launched, came directly to the head of the lightning lion, and then threw a punch.

This punch blasted directly on the head of the lightning lion head. In the next instant, the lightning lion's head was like a rotten watermelon that had been stepped on. It slammed and exploded!

Seeing this scene, everyone was shocked!

Then Chen Feng smashed into the group of lightning lions, like killing chickens and dogs.

Everyone felt a flower in front of them, Chen Feng's figure flashed a few times, and then all the lightning lions fell to the ground, and none of them survived.

Everyone, whether it is the mad wolf hunting group, the tiger hunting group, or the people of the other hunting group, looked at Chen Feng, from the slight approval just now, to the deep color of awe. !

The leader-level lightning lion, the strength is comparable to the power of the twelfth floor of the gods!

Among all the members of the hunting group present, there are absolutely no more than three people who can fight against it, and Chen Feng can actually kill it!

Chen Feng's strength has reached everyone's approval.

"This boy is really amazing!"

"How old is he? He seems to be 17 or 18 years old, so he has such a strong strength!"

"The hero was born a teenager. It should be this kind of person. Our Spirit Medicine Town does not have such an outstanding talent. All the people of the same age are suppressed by him!"

Everyone talked a lot, and even their gazes towards the Wild Wolf Hunting Group brought a trace of respect and recognition.

With a strong like Chen Feng among them, the wolf hunting group can directly rank among the top ten hunting groups in the spirit medicine town.

Even enter the top five!

Many people were jealous and jealous in their eyes, and said sourly:

"The luck of the crazy wolf hunting group is really good! First of all, such a young and powerful person joined, even Master Mei favored them and took the initiative to join them!"

"If this young man stays in the Wild Wolf Hunting Group, it will last forever. The Wild Wolf Hunting Group may even break the balance formed in Elixir Town over the years."

"I don't think so, this young man doesn't seem to be able to succumb to Elixir Town!"

Lin Kang looked at Chen Feng with a flicker.

He didn't expect Chen Feng to be so powerful.

But he still didn't take Chen Feng too seriously.

In his opinion, no matter how strong Chen Feng is, he can't compare to him as a senior in the Tiger Hunting Group. After all, the Tiger Hunting Group has masters!

He snorted, gave Chen Feng a fierce look, and said sharply: "Let's go!"

Talking. He turned around and took the men of the Tiger Hunting Group to leave.

At this time, a cold voice came from behind: "Hold on!"

Lin Kang turned around and stared at Chen Feng, with a trace of impatientness in his eyes, and said coldly: "Did you say that? What else?"

Chen Feng looked at him and smiled and said, "Did you forget something?"

"What did you forget? I don't remember." Lin Kang said haha, as if nothing had happened.

Chen Feng smiled faintly, looked around, and said: "Someone just made a bet with me that if I can kill the lightning lion, he will swallow his sword."

"Now, this group of lightning lions have been killed by me, I wonder if that person still remembers to fulfill his promise?"

"Oh? You said that gambling appointment!" A joking smile appeared at the corner of Lin Kang's mouth: "Haha, I was joking, it's not counted at all."

"Haha, I was playing with you at all, I didn't expect you to really care about it."

As he said, he let out an arrogant laugh.

This person was extremely shameless, did not fulfill his promise at all, and said such shameless words.

And behind him. Those people in the Tiger Hunting Group also laughed and laughed at Chen Feng!

"Oh, isn't it?" Chen Feng was still smiling, but his smile had become cold.

"What? Do you still want to force me to fulfill the contract?" Lin Kang stared at Chen Feng and arrogantly shouted: "The surname is Feng, don't think you can be brazen if you are stronger!"

"Tell you, the Tiger Hunting Group is not something you can afford!"

[Chapter 902: Are you not keeping your promise? Then I will help you!](#)

"Your grandfather, I'm standing here. If you dare to touch my hair today, my tiger hunting group will not spare you!"

"Really? I really don't believe it!"

Chen Feng looked cold, and said with a cold voice, "I still want you to fulfill your promise today!"

With that, he strode towards Lin Kang.

Every time Chen Feng takes a step, his momentum rises by one point, and in the end, his momentum is so powerful that he is extremely powerful!

"Boy, you are looking for death!" Lin Kang yelled arrogantly, and the long sword in his hand pierced towards Chen Feng.

His strength is not low, reaching the peak of the tenth building of the Divine Gate Realm, but in front of Chen Feng, his strength is no different from that of Ant.

Chen Feng smiled coldly, stretched out his hand and directly grabbed his long sword in his hand.

The extremely sharp long sword did not even cut his flesh.

Lin Kang felt that his long sword was cast into it by pig iron, unable to move it.

The next moment, Chen Feng kicked it out.

Lin Kang hurriedly resisted, but his palms were directly shattered.

Chen Feng's feet were heavily stamped on his chest, kicked him and vomited blood, retreated several steps, and fell to the ground.

Then, Chen Feng sneered at him.

Lin Kang shouted: "You trash, don't you stop him quickly? What are you doing in a daze?"

After getting his order, the members of the Tiger Hunting Group rushed to Chen Feng and stood in front of Chen Feng.

Lin Kang laughed loudly: "Feng Chen, I am not your opponent, but can you beat us people?"

In his opinion, Chen Feng could not resist these people.

Chen Feng sneered and said, "No matter how many ants there are, they are only ants, and they will be trampled to death."

As he said, he kicked out and kicked a member of the Tiger Hunting Group into the air, shaking his chest bones to pieces, and vomiting blood.

Then, another slap was slapped on the face of another member of the Tiger Hunting Group, and his face was twisted ninety degrees, and his neck made a loud bang and was directly broken.

He fell to the ground and was seriously injured.

Then, he turned around an elbow and hit the chest of another member of the Tiger Hunting Group who wanted to sneak attack him.

With a crisp sound, the sternum of the member of the Tiger Hunting Group was directly broken.

The bone pierced into the chest and lungs, coughing violently, with pink blood foam in the blood!

In a blink of an eye, Chen Feng made an understatement, wounding more than a dozen members of the Tiger Hunting Group.

This scene shocked everyone.

Chen Feng is like a **** of war, seeming invincible and extremely tyrannical!

These members of the Tiger Hunting Group were taken out alone, and they were all masters, but they were directly beaten into the air like little chickens in front of him.

This is because Chen Feng left his hand, otherwise everyone will be killed by him!

Everyone in the Tiger Hunting Group was repelled by Chen Feng, and then Chen Feng walked to Lin Kang.

He looked at Lin Kang, smiled and said: "You just said that as long as you lose the bet, you will swallow your sword, and you will break your promise."

"But I am the person who dislikes others breaking their promises."

He walked up to Lin Kang, grabbed him by the collar, smiled and said, "Since you don't plan to fulfill your promise by yourself, then let me help you!"

"Dare you little bastard! Do you dare to do this to me? I tell you, you absolutely dare not!"

"My eldest brother, Lin Dong, head of the Tiger Hunting Group, is extremely tyrannical. You are definitely not his opponent!"

"If you dare to move me, my eldest brother will definitely kill you!"

He was still arrogant and screaming frantically at this time, he thought Chen Feng would definitely not dare to move him.

Chen Feng sneered: "Just you bullshit!"

As he said, a few big slapped fans on his face, beat him into a pig's head, his face was swollen, he could only make a whine, and could not say a word.

Chen Feng let out a sneer, then pinched his mouth with one hand, letting his mouth be upright and wide open, and then he held his sword and stabbed him in his mouth!

Lin Kang let out a whining cry, his eyes showed extreme fear, the arrogance just now. It disappeared in an instant without a trace, leaving only fear and shock.

He did not expect that Chen Feng would really dare to do this!

Originally, in his eyes, Chen Feng was just a small and irrelevant character. He was not in his eyes at all. He could bully and humiliate Chen Feng wantonly.

But now he has discovered that Chen Feng is a strong man he can't afford to provoke!

The cold blade gradually approached his mouth.

Finally, he felt that his tongue encountered the cold blade, the cold blade went all the way down, cutting his throat and his esophagus open.

Blood spewed out, a sharp pain came, and a great fear came in his heart: "I am not going to die, am I? I am not going to die, am I?"

He was so frightened that he burst into tears and looked at Chen Feng, with a pleading expression in his eyes, and he cried.

Chen Feng smiled and said: "When you cry, your muscles will move, and when you move, the injury will be worse!"

His smile, in Lin Kang's eyes, looked like a demon!

Being so scared by him, Lin Kang really did not dare to move.

A cold light flashed in Chen Feng's eyes, and his right hand pressed down fiercely. The sharp sword more than one meter long pierced Lin Kang's mouth and kept piercing his chest and abdomen!

Many of his internal organs were directly cut open, bleeding instantly, a huge amount of blood poured out from his mouth, and he was directly injured.

[Chapter 903: Poisonous Banyan Tree Python!](#)

He wanted to scream and cough and vomit blood, but he couldn't.

Chen Feng smiled slightly, released him, and said lightly: "I said, if you don't fulfill your promise, I will help you!"

At this time, everyone looked at Chen Feng with a look of fear.

This boy is not only powerful, but also cruel! Don't offend him!

What everyone didn't notice was that Mei Wuxia looked at Chen Feng's gaze, but it flickered slightly, she was a little bit appreciative, and seemed to agree with Chen Feng's approach.

This episode happened, but it didn't affect the team's progress.

The team moved towards the depths of the Dragon Slaying Mountain Range!

By noon, he had already entered the depths of Tulong Mountain for about seventy or eighty miles.

When I got here, the monsters I encountered were of higher level!

Chen Feng and others are walking in the dense forest.

Here is a dense forest with some huge banyan trees, the aerial roots of the banyan trees drooping down from top to bottom, densely packed!

They walked into the woods. Suddenly, Chen Feng stopped, frowned, and said in a deep voice, "Something is wrong."

After he said this, many people showed disapproval on their faces.

One of them, an elderly hunter group member who was in his fifties, said: "Young man, you are indeed very strong, but being strong does not mean that you have rich experience."

"Walking in the Dragon Slayer Mountain Range sometimes requires more experience. Old guys like us have been here for more than 20 years and haven't seen anything. Do you think your vision is stronger than ours? "

He is accusing Chen Feng.

And many people showed disdain on their faces, and some people whispered: "With a little strength, I really think I can do everything, it's so great!"

But at this moment, Suddenly, Mei Wuxia, who had been silent on the side, nodded slightly, approvingly said, "I didn't expect you to have such a keen perception. I also felt it. There is definitely a problem with this forest!"

When she said this, many people immediately flushed and felt very embarrassed, as if they were slapped.

Mei Wuxia has a very high status in the Spirit Medicine Town, and no one dared to doubt what she said.

The old man who spoke first felt that he had lost face and was about to refute.

Suddenly at this moment, an air root hanging upside down beside him suddenly rolled up extremely flexibly.

Just like a spirit snake, directly wrap him in it, and then squeeze him severely.

The old man suddenly let out a scream, his face flushed.

Then the next moment, the master of the ninth floor of the dignified Divine Sect Realm was strangled directly by this air root, his bones blasted, and his body was squeezed into a piece of flesh.

Then, the head of the air root suddenly split a huge gap, exposing the fangs inside, and a long, forked tongue swept out, swallowing the messed meat into the mouth.

Everyone found out, where is the air root? It is clearly a huge blue-gray poisonous python!

And this time. There were thousands of huge air roots hanging upside down, all of them came alive and turned into huge poisonous pythons.

In an instant, the swarm of pythons danced wildly, the disaster of wild pythons, and the huge hissing sound filled the space.

These giant pythons bite wildly at the warriors, or wrapped the warriors inside, and then held them tightly!

In an instant, the number of warriors killed by the giant python exceeded dozens!

These people have turned into delicious food for these giant poisonous pythons!

In the crowd, someone exclaimed and screamed: "This, this is a poisonous banyan tree python!"

"What? It turned out to be a poisonous banyan tree python?" Everyone exclaimed, with a look of fear on their faces!

Chen Feng's eyes were also dazzled.

The venomous banyan python is a very difficult creature.

This kind of creature is comparable in strength to the human powerhouse in the eleventh floor of the Divine Gate Realm. What is even more difficult is that their bodies are extremely hard and tough, very difficult to kill, and they are extremely poisonous.

and. This kind of creatures live in groups, often hundreds of thousands. If one provokes one, it leads to a nest, no matter how strong it is, it is easy to be besieged and killed by them!

A venomous banyan tree python opened its mouth wide to a hundred and eighty degrees, exposing its hideous fangs, with an extremely vicious color in its eyes, and it bite towards Chen Feng frantically.

Chen Feng shouted coldly: "Damn beast!"

With a keen sound, the Purple Moon Knife in his hand was unsheathed and cut out frantically.

Chen Feng quickly saw the power of the poisonous banyan tree python.

If this knife is cut out, if it is another monster beast of this level, it will be cut in two directly.

But when it was cut on the poisonous banyan tree python, it was only cut one foot deep, and it had not reached half of it!

Blood spurted out frantically.

What surprised Chen Feng was that the blood did not have a stench, but a faint medicinal fragrance!

However, Chen Feng didn't have time to ponder this. After being wounded, this poisonous banyan tree python made a terrible hiss, which aroused fierceness and rushed towards Chen Feng frantically.

Chen Feng chopped out a few more knives, slashing on its wound, and finally cut off the poisonous banyan tree python.

However, after being severed, the poisonous banyan tree python, with its tongue on the upper part of the body, even madly biting at Chen Feng.

Chen Feng chopped a few more times before cutting its head into mud.

The poisonous banyan tree python died completely.

[Chapter 904: Kill!](#)

Chen Feng was a little surprised, these poisonous banyan tree pythons were too difficult to entangle.

Just a poisonous banyan tree python made himself wasted almost half a cup of tea.

At this time, the hunting team was in crisis.

Just now, hundreds of people died in the mouth of the poisonous banyan tree python!

The blood of the poisonous banyan tree python exudes a faint fragrance of medicine.

It seems that this kind of blood is very attractive to it.

While everyone was not paying attention, Chen Feng gently patted the dead venomous banyan tree python with his palm. The Dragon Elephant Fighting Heaven Secret Art revolved, and the blood of this venomous banyan tree python was already in the blink of an eye. Absorbed!

At this moment, a violent wind hit his head.

Chen Feng was short, and then a poisonous banyan python with the thickness of a water tank passed over his head.

The poisonous banyan tree python missed a hit and immediately turned around. The hideous snake head faced Chen Feng, with humane provocation and venomous colors in his eyes, his tongue hissing and vomiting!

There was a sneer on Chen Feng's face: "Naughty animal, do you really think I can't help you?"

Ziyue Island was sheathed and punched out, which was a thunderbolt punch.

The thunderbolt bombarded the poisonous banyan tree python with heavy fists, and at the same time, the huge tail of the poisonous banyan tree python was also on Chen Feng.

Chen Feng felt that he was hit by a sledgehammer. He couldn't help taking a step back. He was already slightly injured and bloodshot spilled from the corner of his mouth.

But after the poisonous banyan tree python was struck by the thunderbolt, his body twitched violently. The next moment something seemed to explode in his body, it fell directly to the ground, motionless.

A smile appeared at the corner of Chen Feng's mouth, and the Thunder Thunder Fist was very effective against this wood-attributed monster beast!

Then, Chen Feng lightly patted again, using the Dragon Elephant Fighting Sky Technique to **** the blood from the body of this poisonous banyan tree python.

Then, Chen Feng frantically used Thunder Thunder Fist to fight with these poisonous banyan tree pythons, killing more than ten poisonous banyan tree pythons one after another.

It seemed that he had also noticed him. Suddenly, the hissing sound suddenly became dense. Dozens of poisonous banyan tree pythons swam towards Chen Feng and surrounded Chen Feng in the middle.

At this time, Chen Feng's body qi had been consumed for almost 70%.

After all, the thunderbolt fist is extremely expensive!

Moreover, the strength of those members of the Crazy Wolf Hunting Group was relatively low, and Chen Feng had to protect them, and he had already been shot for more than ten times.

Severe injuries gradually accumulated into moderate injuries!

Chen Feng felt that his breathing was a little short, the qi in his body couldn't keep up, his chest and lungs were hot!

Dozens of giant pythons rushed towards Chen Feng densely.

Some bite, some smashed with their tails, and some swept towards Chen Feng. Chen Feng suddenly fell into a bitter battle.

This kind of poisonous banyan tree python, he can deal with more than a dozen at the same time, but more than 30, which is beyond his scope.

With a 'bang', Chen Feng smashed a poisonous banyan tree python into coke.

At the same time, his head was also drawn by the tail of another venomous banyan python.

Suddenly, Qiqiao bleeds, his ears hum, and his eyes can't see anything for a while.

But a sharp pain came from his left arm, which was actually bitten by a poisonous banyan python.

The venomous banyan tree python bit his left arm and tried hard to retreat, actually tearing off his arm alive.

At the same time, Chen Feng felt that his body was a little bit difficult to breathe tightly, and his body was directly entangled by a poisonous banyan python.

It seems that Chen Feng has fallen into a desperate situation!

"Master Feng!"

"Brother Feng!"

The people of the mad wolf hunting group all exclaimed!

Chen Feng laughed and said, "A bunch of wicked animals, do you think this can get me?"

He let out a mad roar, his arms shook violently, shook out a little space.

Then, both fists were thrown out, and seven punches instantly thundered.

Boom and boom, the sound of thunderstorms continued to sound, and lightning was everywhere!

The seven poisonous banyan tree pythons surrounding Chen Feng were directly killed by Chen Fengfeng and turned into coke!

But the venomous banyan tree pythons seem to grow more and more, endless.

In an instant, hundreds of poisonous banyan pythons piled up beside Chen Feng.

Chen Feng sneered: "You beasts, there are enough, and it's worth my trick!"

He laughed, and the Ziyue Sword came out of its sheath.

Shake the earth, cut out heavily!

Shaking the earth slashed out, and at the same time with an extremely powerful blade, it increased his power several times.

Hundreds of huge stone thorns pierced from the ground.

Some of these poisonous banyan pythons are on the ground, some are suspended, but they are not far from the ground, and they are directly stabbed by stone thorns.

There were more than a dozen poisonous banyan tree pythons directly nailed to the ground. They screamed and screamed wildly, but they were useless.

At the same time, Chen Feng laughed.

Shaking the earth slashed out, and the body directly turned in a circle, the long knife drew a circle, and cut out a circular knife energy, covering the surrounding poisonous banyan pythons.

With the blessing of the sword power, the sharp sword energy, with great ease, directly killed these poisonous banyan tree pythons.

With one stab, Chen Feng killed fifty poisonous banyan tree pythons with just one stab!

Seeing this scene, everyone was shocked!

"It turns out that this is his true strength!"

"This boy is terrible!"

"It turns out that when he cleaned up the men in the Tiger Hunting Group, he didn't use his real strength. He was so tyrannical!"

[Chapter 905: Won!](#)

However, this move completely exhausted all Chen Feng's qi, and he felt his brain dizzy, as if he might faint at any time.

Bending down and vomiting blood, Chen Feng couldn't wait to just go to sleep like this.

He felt very sleepy, but he knew it was not the time.

He still struggled to come to the side of a poisonous banyan tree python, as if his body was tilted and helped, naturally and directly absorbed the blood of this poisonous banyan tree python.

Chen Feng extremely quickly and concealedly drew all the blood of these fifty poisonous banyan pythons.**noVεℓU&b.Com**

He was suddenly shocked, and his qi was at least half restored!

Chen Feng opened a killing ring here, and there were also several quite powerful dazzling masters in other places!

An extremely tall and strong master, his body was filled with bluish black light, and his body turned into a steel-like color.

Every punch is extremely heavy, and with a few punches, you can smash a poisonous banyan tree python into flesh.

He also killed more than ten poisonous banyan pythons.

And the previous master with a huge arrow martial arts spirit was constantly opening his bow and shooting arrows, and the arrows were all free. Almost one in every three arrows could shoot into the eyeball of the poisonous banyan tree python or into the open mouth.

These are their key points, so basically, five arrows can solve a poisonous banyan python.

The killing speed is also very fast.

However, the hunting group as a whole is completely at a disadvantage, and the number of members of the hunting group who died at the hands of the poisonous banyan tree python has exceeded 300!

Almost everyone is in a hard fight.

Chen Feng's eyes were red, and his pupils were blood red. One after another, the poisonous banyan tree pythons were killed by him, and he killed one by absorbing the blood and restoring some qi.

Therefore, Chen Feng turned out to be more and more courageous as he fought. Others were already exhausted and panting, and there was not much left in the exhaustion, but he was still screaming for battle!

The poisonous banyan tree pythons around Chen Feng were almost killed by him.

Chen Feng took the initiative to kill the poisonous banyan tree python, perhaps because he killed too many poisonous banyan tree pythons, so that the poisonous banyan tree pythons were even a little afraid of him!

Seeing him coming, they fled.

Chen Feng laughed and shook the earth on display again. He killed more than a dozen poisonous banyan tree pythons, and then shouted at the dozens of hunting group members trapped in it:

"Run forward quickly, just run out of this woods!"

These hunting team members looked at Chen Fengfeng very gratefully, and immediately ran out of the woods.

Just like this, Chen Feng cut and killed the poisonous banyan tree python while saving people.

Soon, he had rescued almost half of the people.

Seeing this scene, Mei Wuxia suddenly shouted:

"Everyone, listen to my words, all the strong combatants are gathered around Master Feng, led by him to rescue everyone!"

What he said was obviously called to those masters.

The masters all pondered for a moment after hearing them, and then nodded one after another.

It can also be seen that Mei Wuxia has a high reputation among them.

Of course, it was also because they recognized Chen Feng's strength!

The man with a strong body, as hard as a mountain, came to Chen Feng, his voice as hard as a rock: "My name is Gao Yan!"

Having said that, he refused to speak any more, just punched and killed a poisonous banyan tree python!

And the sword-wielding warrior, twenty-seven or eighteen years old, was very handsome and handsome, wearing a blue shirt.

He laughed and said, "Little brother, although you are not very old, you are very strong. You already surpass me!"

He was quite upright, and he did not shy away from admitting that Chen Feng was better than him.

He smiled and said, "My name is Feng Xiao."

Chen Feng smiled slightly and said, "My name is Feng Chen."

"Well, you don't need to introduce yourself, everyone knows your name." Feng Xiao laughed haha!

The three formed an extremely sharp arrow, some charging into the battle, and some protecting the flanks like a rock.

Suddenly, Feng Xiao became extremely relaxed, he didn't need to think about avoiding at all, just kept shooting arrows.

The three of them belonged to the combination of one plus one plus one far greater than three. When the three of them were matched together, the killing speed was more than tripled?

After a cup of tea time, most of the people were rescued!

At this time, an extremely poisonous banyan tree python was killed.

This poisonous banyan python is three meters taller than other poisonous banyan pythons. It is extremely powerful. It is already the pinnacle of a first-grade spirit beast, and its strength is comparable to the giant python that Chen Feng killed.

But unfortunately, he was facing three people at this time.

The three people joined forces and attacked frantically. This poisonous banyan tree python lasted less than a quarter of an hour under the attack of the three, and then it was killed alive.

Seeing that this giant python was beheaded, the other poisonous banyan pythons screamed one after another, and then retreated to the depths of the forest.

They were turned back!

Everyone stared at this scene blankly, their faces full of disbelief, and then the next moment, cheers broke out.

"Retired, retired, these **** beasts retired, we won!"

Everyone cheered, smiled, and tears flowed down.

Some people knelt on the ground, holding their companion's body and crying.

In this battle, almost all hunting groups have suffered great losses, with one-fifth of the people killed in the battle, and the only exception is the wild wolf hunting group.

[Chapter 906: absorb! breakthrough!](#)

Under Chen Feng's protection, none of them died in battle!

Soon, the crying stopped, everyone quietly packed up their companions' bodies and left here.

As a member of the hunting squad, I have already made such preparations and may die anytime, anywhere.

Gao Yan looked at all this indifferently, while Feng Xiao shook his head beside him, with a wry smile on his lips.

"This deal is really not a good deal. A beast like the venomous banyan tree python does not know how it grows. There is neither an inner pill nor a crystal nucleus in the body."

"Moreover, if you put aside its body, you will find that there is a very hard mass of meat, not even bones."

"This kind of meat rots very quickly, and it's very poisonous, and you can't eat it. This kind of poisonous banyan tree python has nothing good on it."

"It's still so difficult. In the Dragon Slaying Mountains, we ran into these things in hiding. As a result, we encountered so many here today!"

After cleaning up a little, the team moved on.

Gao Yan and Feng Xiao both seemed to have a good impression of Chen Feng, and the three walked together.

Chen Feng discovered that Gao Yan didn't speak much, but he was very calm and reliable.

Feng Xiao, who is strong, does not put on airs, and often speaks witty words, is a very witty and easy to get along with.

Soon, these people walked forward another thirty miles, and the sky was already dark.

Action in the Dragon Slaying Mountain Range at night is a very unwise thing, it is very easy to be attacked and killed by monsters, so everyone stopped to set up a camp in a sheltered valley in a valley.

Soon, a tent was set up!

Chen Feng is strong and has special treatment. He can own a tent, and he will practice in it until late at night.

But in the middle of the night, Chen Feng suddenly opened his eyes, got up and quietly left the tent, and headed towards the woods!

"I hope it's still too late, but in just two hours, the blood of those **** beasts shouldn't completely disappear, right?"

It turned out that Chen Feng went back to absorb the blood of those poisonous banyan pythons.

There are hundreds of poisonous banyan tree pythons killed today, and their blood is an extremely large number.

During the day, Chen Feng only absorbed the blood of about a hundred venomous banyan pythons, and had already opened two acupuncture points.

He realized that the blood of the poisonous banyan tree python was especially useful, far exceeding the blood of the monster beast of the same level!

"Little guy, are you going to go back and absorb the blood?" An old voice suddenly rang.

Chen Feng smiled slightly: "That's right."

He knew that this matter could not be hidden from Old An, and said with a smile: "Okay, it's just right to go back. Even if you didn't want to go back, I would tell you to go back."

Chen Feng was surprised: "Why?"

An old man smiled slightly: "Actually, there is a very good thing in the body of the poisonous banyan tree python, which is extremely expensive, but others don't know it!"

Chen Feng said in surprise: "What is it?"

An old man smiled, but did not speak, smiled and said: "You will know when you get to the ground."

When it was in the woods, the woods became quiet again.

The poisonous banyan tree pythons disguised as air roots that were seen everywhere in the daytime disappeared.

On the ground, countless corpses, blood overflowing.

What made Chen Feng rest assured was that there was still a faint medicinal fragrance in this blood.

Obviously, the power of blood in the blood did not volatilize too much.

Chen Feng smiled and immediately began to absorb the blood!

He absorbed the poisonous banyan tree python head by head, not letting go of any one.

Two hours later, when the moon was in the middle of the sky, Chen Feng felt extremely swelling between his chest and abdomen.

He has absorbed all the blood of more than 900 poisonous banyan tree pythons, and he feels like he is about to explode at this time.

Chen Feng hurriedly searched for a quiet place, practiced cross-legged, and transformed wildly with the Dragon Elephant Fighting Heaven Technique.

Two more hours later, Chen Feng spit out a **** stale breath, and a smile appeared on the corner of his mouth.

"The eleventh building of my Dragon Elephant Fighting Sky Technique has opened up to 23 orifices. Haha, these poisonous banyan pythons have contributed a full 14 orifices to me!"

Chen Feng was very excited. After reaching his realm, it was very difficult to improve at all, but today he made a leap!

"Is it finished? Okay, now it's time to find good things."

"It's not a few hours before dawn, we have to hurry up." An old voice sounded from Chen Feng's ear.

When Chen Feng heard this, he immediately became excited and asked, "An old man, please tell me."

An Lao's voice was filled with a smile: "If you cut the poisonous banyan tree python's head three feet away, there will be surprises inside."

Chen Feng hurriedly nodded and did so, cutting it apart.

then. Reached in and touched it, suddenly he touched a hard object.

This thing is very hidden. If it hadn't been for Chen Feng to dig in it carefully, he would never have found it.

Chen Feng quickly stretched out his hand and took out the hard object.

The strange thing is that it was obviously taken out of the **** corpse, but there was no blood on the hard object.

The hard object is about the size of a palm, showing a pale yellow color, exuding a strong medicinal fragrance, and extremely beautiful!

"This is?" Chen Feng said in surprise: "Is this astragalus extract?"

"Yes, it is Astragalus extract!"

[Chapter 907: Astragalus Extract](#)

An old man smiled and said: "The poisonous banyan tree python likes to eat medicinal materials very much, and eat all kinds of drugs and poisons."

"The toxins and poisons in the medicine are transformed into its venom, and the medicinal materials it eats penetrate into the blood, so the blood of the highly poisonous banyan python exudes the fragrance of medicine."

"The most toxic banyan tree python's favorite medicinal material is astragalus, so astragalus essence is often formed in the venomous banyan python!"

"Moreover, how old the poisonous banyan tree python lives is, and how old is the astragalus extract in the body."

When Chen Feng heard this, he couldn't help but want to laugh. He was extremely happy.

Astragalus extract is an important material for him to refine Jinglei Dan!

He couldn't find it before, but he didn't expect to get it here.

Moreover, he looked around, there were hundreds of poisonous banyan python feet here, and each corpse represented a piece of astragalus essence, and it was at least a century-old astragalus essence!

Among them, the highly poisonous banyan tree python at the leader level has contributed a huge piece of millennial astragalus essence.

Think about it, Chen Feng is extremely excited!

Chen Feng didn't let go of a single corpse, and sliced all the deadly poisonous banyan tree pythons and took away the astragalus essence.

Soon, Chen Feng finished everything. Looking at the neatly arranged hundreds of hundred-year-old astragalus extracts in front of him, Chen Feng couldn't hide his smile.

If these astragalus extracts are sold out, they are worth hundreds of thousands of high-grade spirit stones!

Today can be regarded as developed.

And more importantly, after having these astragalus extracts, he only had the last medicine left to refine Jinglei Pill!

Chen Feng took these astragalus essences and fled immediately, and not long after he left, a team of men in black quickly came here.

All of these people's clothes were embroidered with a tiger head logo. They were actually from the Tiger Hunting Group, and the leader was Lin Kang.

His injury has been cured, his face is still a little pale and his voice hoarse, but he can barely move.

It's just that he coughed violently from time to time, and he would cough up some blood. Obviously, Chen Feng's sword had already stabbed his lungs!

They came here excitedly and went looking for the dead bodies of these poisonous banyan tree pythons, but when they saw that all the dead bodies of these poisonous banyan tree pythons were thrown away, they were all astonished and shocked.

Lin Kang yelled, "How is it possible? How could it be possible that those astragalus extracts were taken away?"

Then, he flew into a rage, and roared in his mouth: "Fuck, which **** did it, dare to take Lao Tzu's astragalus extract!"

When he got excited, he immediately coughed violently, vomited blood, his face flushed, and it took a while before he recovered.

At this time, some subordinates reported to him: "The deputy head, all the poisonous banyan tree pythons have all been cut open, and the astragalus essence has disappeared."

At this time, there was already a tall and strong young man beside Lin Kang. He had just arrived here. He should have come from Lingyao Town, and he happened to meet Lin Kang and the others here.

This person dared to walk among the Dragon Slaying Mountains at night, showing his great strength.

Seeing him, the tiger hunting groups knelt down and said respectfully: "Head."

It turned out that this person was Lin Dong, the head of the Tiger Hunting Group.

Lin Dong heard the report from the people below, his eyes were extremely cold, and he whispered: "Our Tiger Hunting Group, at a huge price, bought this news from a master alchemist, saying that the poisonous banyan tree python contains expensive Astragalus essence."

"I started to arrange this game half a year ago, and spent countless costs, and finally succeeded in bringing these idiot hunting squads, and following our tiger hunting squad."

"Then deliberately passed by this forest again, in order to use their power to kill enough poisonous banyan tree pythons, and then we will come back in the middle of the night to take the astragalus extract!"

"And now, all the astragalus essence has been taken away, I don't know who it is, dare to take advantage of our tiger hunting team, but don't let me find you out!"

His face is extremely cold!

At this moment, his vigor was born, extremely powerful, and he had already broken through the Divine Gate Realm.

The others, feeling this huge breath, all knelt on the ground and shivered.

Lin Kang next to him whispered: "Could it be Mei Wuxia?"

"It can't be her." Lin Dong shook his head very surely, and said, "Mei Wuxia is very prestigious among the hunting groups in Ling Yao Town. If she really knows and wants this kind of thing, Zheng Da To put it lightly, half of the astragalus essence here belongs to him."

"She gets fair and honest, and there is no risk."

Lin Kang nodded, what Lin Dong said was indeed very reasonable.

"No matter who it is, as long as I can find it out, I must make him survive and suffer all the pain."

Chen Feng naturally didn't know what happened behind him. At this time, he had already reached a place not far from the camp.

But suddenly, he saw a white shadow flashing past.

Suddenly doubts arose in Chen Feng's mind: "Who is this? Why did he suddenly appear near the camp at night?"

He immediately followed.

Chen Feng could see that the man in front was obviously very uncomfortable. For example, Chen Feng's cultivation level would not hit the branches at all when walking in the forest. Instead, he would avoid it very dexterously, and his body would do it naturally. action.

But he didn't. When he walked in it, would he bump into branches and even trip over stones?

[Chapter 908: Amazing discovery!](#)

Chen Feng followed, and he did not notice at all.

Chen Feng judged like this, his strength is definitely relatively average.

Soon, Chen Feng saw the white figure in front of him and walked to the side of a cliff. Then he seemed to be afraid of falling off and leaned on the cliff and looked down.

After a while, he seemed to nod in satisfaction, then turned and walked quietly towards the camp.

The moment he turned around, Chen Feng saw the white silk scarf on his face, slightly raised, revealing the right side of his beautiful chin.

Chen Feng was shocked, this person was slim, obviously a woman, and judging from his looks, he was obviously Mei Wuxia!

Infinite doubts arose in Chen Feng's mind: "Why does Mei Wuxia appear here? What purpose does she come here to check at night?"

Chen Feng just felt that Mei Wuxia was definitely not as simple as it seemed.

She entered the Dragon Slaying Mountain Range this time, and there might be an extremely hidden purpose buried.

Chen Feng also went to look at the cliff. In front of the cliff was a valley.

The valley is not very large, with a radius of about three to four hundred meters, and a depth of about twenty meters. The entire cliff is surrounded by a circle, and it is bare and there is no grass growing.

The bottom of the valley is not flat.

Chen Feng jumped down and wandered around the bottom of the valley carefully, but he didn't find out what was hidden.

He even beaten the bottom of the valleys everywhere, and he didn't find any hidden caves and caves in it!

The valley is an irregular shape. It is wider towards the west, which is towards the depths of the Tulong Mountain Range, and narrower towards the east.

And on the west side, at the end, three smaller valleys were separated, deeply embedded in the rocky ground!

Chen Feng turned around in the valley and didn't see why, then he went outside the valley.

Chen Feng was already ready to turn around and leave. Suddenly at this moment, if he felt something in his heart, he looked back.

At this time, the terrain where he was standing was quite high, and the valleys all entered his eyes.

After taking a look, Chen Feng suddenly felt aroused all over his body, and a deep chill appeared in his heart, and the whole person froze there!

A thought came up in his heart. After this thought came up, he felt an uncontrollable fear.

"How is it possible?" he muttered.

It turns out that from Chen Feng's perspective, this valley, where is this valley, is actually a claw mark left by a giant beast!

Chen Feng Monthly Magazine, the more I feel that this idea is correct!

It seems. This is a huge footprint towards the depths of Tulong Mountain.

It seems that I don't know how many years ago. There is such a giant beast striding across here, leaving behind this terrifying huge footprint.

Chen Feng immediately swept away in the direction the paw prints were facing, if there were paw prints here. There will definitely be in front.

Chen Feng ran forward for another two to three kilometers, and sure enough, he saw a huge valley again.

It's just that this valley should be damaged, and it's far less obvious than the one just now, but it can still be seen that this is also a claw mark left by some kind of giant beast, which is actually exactly the same as the one just now.

Chen Feng took a deep breath, and at this time he was completely sure of his judgment.

He was extremely shocked, what kind of giant beast could leave such a claw mark?

A paw print is a valley, isn't it as majestic as a mountain range! Indomitable!

Chen Feng was shocked, and at the same time he was sure that, without a doubt, Mei Wuxia came here just now to confirm the real existence of this paw print and the direction he was heading.

Moreover, she must have confirmed this.

It seems that what Mei Wuxia is plotting must be related to this behemoth!

After figuring this out, Chen Feng knew it, and then he returned to the camp as if nothing had happened.

But Chen Feng has made up his mind, and then he must keep an eye on Mei Wuxia and pay attention to his every move.

Chen Feng returned to his tent, and after more than an hour, the sky became brighter.

Chen Feng walked out of the tent and took a deep breath of air. The Dragon Slaying Mountain Range is so huge and the level of the monster beast is so high, it seems that even in the air, the aura is stronger.

Take a deep breath, refreshing.

At this moment, a group of people came across suddenly.

Chen Feng saw that one of them was Lin Kang.

Lin Kang's expression was still a little pale, but his injury seemed to have almost recovered.

And beside him, there was a tall young man in his 30s who was quite generous.

But between the eyebrows, there is a flash of coldness from time to time, which makes people look chilling.

This group of people came directly to Chen Feng, Chen Feng looked at it, and suddenly frowned slightly.

Lin Kang stood next to the tall young man, looking like an entourage, obviously that tall young man had a higher status than him.

Chen Feng had already guessed his identity.

Lin Kang looked at Chen Feng with a cold look on his face, and then yelled with shame, "Feng Chen, this is my elder brother Lin Dong, who is also the head of the Tiger Hunting Group. When you meet my eldest brother, you still Don't kneel and salute?"

He said it for granted, as if Chen Feng kneeling to Lin Dong was something he should do.

Chen Feng glanced at him lightly, and said coldly, "I kneel to the heavens and knees to the knees of my parents, but I will not kneel to other people!"

[Chapter 909: The terrifying Tianhe Realm master!](#)

There was a smile on the tall young man's face, and he seemed to wave his hand very generously, and said, "Lin Kang, don't do that. It doesn't matter if you don't kneel."

Seeing him like this, it seemed that he didn't let Chen Feng kneel to him, it was like giving Chen Feng great face.

Chen Feng just smiled faintly.

Lin Dong, a tall young man, looked at Chen Feng, a condescending arrogance flashed in his eyes, and asked faintly: "Are you Feng Chen?"

Chen Feng nodded: "That's right."

Lin Dong smiled slightly, and suddenly his aura began to skyrocket.

The eleventh building, the twelfth building... and Chen Feng was shocked to find that his aura had directly broken through the twelfth building, reaching a higher level!

This huge momentum pressed Chen Feng down, making Chen Feng almost unable to help but want to vomit blood.

He felt that the air around him seemed to condense, making him unable to breathe!

He breathed heavily, and his body seemed to be pressed by ten thousand catties of boulders, making him almost bent over and kneeled.

Not only him, but half of the camp was shrouded in this majestic momentum.

Many members of the hunting group fell to the ground directly under the pressure of this momentum!

Chen Feng's heart was shocking, and Lin Dong had already reached the Tianhe state, he was a master of the Tianhe state, and he was a big level higher than Chen Feng!

No wonder, Chen Feng felt this coercion so powerful!

Lin Dong looked at Chen Feng, with a slight sneer at the corner of his mouth, and some pride.

His goal was to convince Chen Feng to kneel down for him.

He seemed to see the scene where Chen Feng was unable to persist and had to kneel on the ground and kowtow to him, his face was very proud!

And other people, seeing this scene, felt the huge pressure, their faces were also shocked and shocked!

"How is it possible? Lin Dong is already a master of the Tianhe Realm!"

"I haven't seen Lin Dong for two months, and he has reached the Tianhe Realm again! It seems that he has gone to painstaking cultivation for these two months."

"It's over, the whole Eurasian Town is uneasy."

"Lin Dong was the first master in Lingyao Town to break through the Tianhe Realm, and it was also the number one master in my hunting group. The Tiger Hunting Group was originally one of the most powerful hunting groups. He was still a little afraid. Now that the strength has completely surpassed others, it will be unscrupulous."

"Yes, the whole Spirit Medicine Town is going to be turbulent!"

Everyone was worried, and even many people were quite desperate.

They believed that Lin Dong, who had already breached the Tianhe Realm, was absolutely irresistible.

Tianhe Realm and Divine Sect Realm were completely different strengths.

In front of the Tianhe realm masters, the top masters in the Divine Sect realm are also very small, and they have no power to fight back!

Chen Feng gritted his teeth and stared at Lin Dong fiercely, revealing a fierce murderous intent in his eyes.

Facing the extremely powerful pressure of Lin Dong, Chen Feng held his head high, straightened his waist, like a straight javelin, without fear of giving in.

A voice echoed violently in his heart: "Do you want to subdue me? Do you want me to kneel? Tell you, dream!"

Lin Dong looked at him with a face full of arrogance, and said lightly: "Feng Chen, don't try to resist, I'm a master of the Heavenly River Realm. You can't resist the coercion across levels!"

"If you continue to carry it hard, you will be crushed to break the bones of your whole body, and eventually you will have to kneel before me."

After all, laughing.

With a happy expression on Lin Kang's face, he shouted sharply: "Brother, must teach him a lesson and let him humiliate me like yesterday!"

He looked at Chen Feng with a smug vicious smile on his face: "The kid surnamed Feng, I hope you will carry it on!"

"At that time, you will have all your bones broken, and there will be no resistance."

"Don't worry, I won't be so anxious to kill you. Our hunting team has many ways to torture and kill opponents. I will use them one by one on you, so that you can't survive and die!"

Chen Feng laughed loudly: "Really? Then I'll just walk around and wait and see!"

Suddenly, inside Chen Feng, a breath of dragon blood burst forth.

The Dragon Elephant Fights the Sky Jue, which runs automatically.

From Chen Feng's dantian, there was a sudden utter aura, and everyone had an illusion, as if an angry dragon roar sounded between heaven and earth.

Chen Feng's aura suddenly rose, feeling the pressure on his body suddenly reduced.

With a smile at the corner of his mouth, he looked at Lin Dong faintly.

With a look of disbelief on Lin Dong's face, he exclaimed: "How is it possible, how can you completely ignore my coercion?"

"I'm a master of the Tianhe realm, how can I not be able to suppress a martial artist of the Divine Gate realm?"

Chen Feng smiled and sneered: "There are so many things you don't understand!"

"Really? How about adding this?" Lin Dong smiled coldly, a flash of madness flashed in his eyes, and he roared.

Behind him, a giant tiger martial arts spirit suddenly appeared.

This giant tiger's martial soul is snow-white in body and ten feet long, the size of a five-story pavilion!

It was extremely huge, and there were fist-sized white thunderballs around his body. These white thunderballs were spinning on the surface of his body, and there was a sneer in the air.

He was covered in thunder and lightning, and he looked extremely mighty!

Lin Dong laughed loudly: "Look at my ninth-grade yellow martial arts soul, violent thunder tiger!"

[Chapter 910: You can't get out of the Dragon Slaying Mountains!](#)

Everyone was shocked, and everyone's faces were shocked. Looking at Lin Dong, he was full of admiration and fear as if he were looking at a demon!

No one has ever seen Lin Dong's martial arts, it turns out that his martial arts is a violent thunder tiger.

It turned out to be a ninth-rank yellow martial arts soul, so powerful!

Before he had used his martial spirit, he was already the number one expert in Spirit Medicine Town.

Now, I'm afraid it is stronger.

All other masters in Lingyao Town are not his opponents.

"Lin Dong hides deeply, he is very powerful."

"Feng Chen is over now. Even if Feng Chen has some strength, he will definitely not be his opponent."

"Yes, no matter how Chen Fengfeng is, he is just a master of the gods, even if he can walk sideways in the gods, he is definitely not Lin Dong's opponent."

"Lin Dong can kill him with just one move. The difference in the realm is too big!"

Chen Feng was also very horrified. This was the highest-level martial soul he had ever seen, reaching the ninth-rank yellow rank, even higher than his Xiangliu martial soul.

At this time, in Chen Feng's heart, a feeling that Lin Dong was extremely powerful and invincible was born.

Fear grew in his heart, and he felt very small, but then Chen Feng severely smashed this idea.

A voice in his heart yelled: "How about a ninth-rank yellow martial spirit? Is it comparable to my upgradeable martial spirit?"

"What about the masters of the Tianhe Realm? If it weren't for breaking into the Tianhe Realm from the twelfth building, I would have entered the Tianhe Realm long ago!"

"Lin Dong is indeed very strong now, I am definitely not an opponent, but what about it? He is just a stumbling block for me, and soon I can kick him away easily!"

Chen Feng's heart is full of pride!

And at this time, suddenly from the body of the violent Thunder Guanghu, an extremely powerful pressure was emitted.

This coercion, fused with Lin Dong's own coercion, flooded the crowd, and immediately enveloped the entire camp.

Everyone couldn't help being pressed to the ground, bowed their heads to him, and lowered their heads!

There are only two exceptions, one is Mei Wuxia.

She curled her brows, resisted in great pain, and her body was shaking, but she suddenly swallowed a pill for herself, and a green light flashed on the surface of her body. This coercion seemed to be of no use to her.

The other one is Chen Feng.

But at this time, Chen Feng also felt that this coercion suddenly increased by two or three times, making him feel pressured.

She shook her body and almost knelt directly.

He gritted his teeth, a voice echoing in his heart: "Never kneel down!"

Lin Dong laughed triumphantly: "Feng Chen, haven't you seen it before, this is the coercion that comes with the ninth-grade Huang ranked Martial Spirit."

"When a martial spirit reaches the ninth rank of the yellow rank, it can have a strong coercion, suppressing all martial spirits of the following ranks."

"How long can you resist under the pressure of my ninth-ranked yellow martial spirit?"

Chen Feng was shocked, it turned out that the ninth-ranked Huang ranked martial arts soul still had such an effect?

But at this time, behind him, Xiang Liu Wuhun suddenly appeared. After Xiang Liu Wuhun appeared, the surface was radiant, and everyone had never seen such a Wuhun.

Moreover, Chen Feng's martial spirit was so huge, it looked extremely powerful, and everyone sighed.

"This young Feng Chen, although he is not Lin Dong's opponent, but he has such strength at a young age, and his future achievements are limitless."

"Yes, he is quite a decade younger than Lin Dong! When he arrives in Lin Dong this year, Lin Dong is afraid that he will not be his opponent."

"His spirit looks so powerful, it seems to be some kind of ancient demon god, very weird, but it also gives people a noble feeling!"

After Chen Feng's Xiangliu Wuhun appeared, a wave of light flashed, and suddenly Chen Feng felt that the coercion seemed to disappear directly.

The light of Wuhun enveloped Chen Feng, as if it could directly offset the pressure.

Chen Feng is overjoyed!

As for Lin Dong, with an expression of shock that couldn't be concealed on his face, he cried out: "How could you? I am a ninth-grade Huang ranked martial spirit, and yours can offset the pressure of my martial spirit?"

Chen Feng didn't know what was going on, but it was probably because his martial soul had magical effects!

Lin Dong looked at Chen Feng with a haze on his face. Suddenly, his body shook, and the pressure dissipated.

The martial arts coercion was useless to Chen Feng, and he didn't need to use it anymore, it was just a joke.

Then, he looked at Chen Feng, the coldness on his face suddenly disappeared, showing a smile, and said: "I didn't expect your strength to be really good."

"In this case, I'll give you a chance to join our Tiger Hunting Group. From now on, follow me. As long as you join the Tiger Hunting Group, I can give you a position of deputy commander!"

There was a smile on his face with a win-winner. In his opinion, Chen Feng would definitely agree to soliciting Chen Feng, and he would be excited and grateful.

His tone is still high above, like charity!

Chen Feng looked at him and said lightly: "Sorry, I am not used to being controlled by others."

Lin Dong stared at him, his eyes flickered slightly: "Really stop thinking about it?"

"Don't think about it."

Chen Feng said decisively, then turned around and left.

Lin Dong's expression immediately became gloomy, and he said coldly, "Dare you refuse my invitation?"

His voice is bitter like a cold wind!

"Believe it or not, I prevent you from getting out of the Dragon Slaying Mountain Range."
