

Peerless 911

[Chapter 911: Finally action!](#)

Chen Feng laughed, "I'm waiting."

Looking at his back, Lin Dong flashed a hideous look in his eyes, and muttered to himself: "This young man is extremely talented, and his martial soul also has magical effects. This son will become a great weapon in the future, and the words left behind are to leave me a scourge. !"

He hasn't done anything yet, but has put Chen Feng on the kill list!

After this episode, the team continued to move forward.

Soon, in the evening, he went deep into the Tulong Mountain Range about one hundred and seventy miles.

After arriving here, he stopped moving forward.

Two hundred miles is a line, if you go deep two hundred miles, a large number of spirit beasts will appear.

First-level spirit beasts are very common, and second-level, third-level and even fourth-level beasts will appear.

No need to be stronger, just a third-level spirit beast can destroy the entire team!

There was a mountain that was not particularly high in front of everyone. On the forest, the fragrance of medicine overflowed, and I saw this mountain. Many members of the hunting group cheered!

A smile appeared on Uncle Liu's face: "It's Yaoxiangling."

Chen Feng already knew what happened to Yaoxiangling, and someone had told him on the way.

Yaoxiangling is a very strange place in the Tulong Mountain Range. I don't know why, because it is extremely rich in various elixir.

Both the quality and the quantity are much higher than other places, and many elixir of good quality can be picked easily, and they will be bought by people.

After picking, they can sell a considerable part of the price in the Elixir Town. The destination of their trip is here!

There was a touch of anxiety in Uncle Liu's eyes, and Sun Qichang next to him advised him: "Uncle Liu, don't worry, there are countless elixir in Yaoxiangling."

"We will work together to find the medicinal materials, and we will be able to save Xian'er."

Uncle Liu smiled bitterly and said: "Others are easy to say, but one of the main medicines is the ice and flame grass, which is very rare and can't be bought."

"It is estimated that it is difficult to find here. We can only stay here for three days at most. The team will withdraw after three days. We must also leave. Three days are very tight!"

The faces of the people in the team showed a touch of anxiety, their expressions sad.

Liu Shuqiang squeezed out a smile and said with a smile: "Okay, okay, let's not say these frustrating words, it is rare to come to Yaoxiangling, hurry up and find it!"

"Such a good opportunity may not be encountered once in ten or twenty years. The last time I came to Yaoxiangling, Xian'er hasn't been born yet. You are still little babies."

"Don't worry about too many Xian'er, you can dig whatever elixir is valuable!"

Sun Qichang dissatisfied and said: "Uncle Liu, what are you talking about? We must give priority to finding the medicinal materials Xianer needs."

Everyone went to Yaoxiangling to look for them. Chen Feng walked over to Uncle Liu and asked, "Uncle Liu, what does that ice and flame grass look like!"

"Some people have arms about the length, half blood red and half ice white, very weird. It looks like half flames and half ice water."

Chen Feng nodded, remembering.

Along the way, he heard a lot of stories about that Xian'er. This girl was very good and had a very kind heart, and everyone in the hunting group liked it.

She was very sensible and couldn't practice since she was a child, but he took the initiative to wash and cook for everyone, no matter how hard or tired, he never complained.

But it was such a kind little girl who got that kind of serious illness and was dying.

Everyone is looking forward to her getting better soon, and Chen Feng is no exception.

A smile appeared at the corner of his mouth: "Xian'er, although I haven't seen you before, don't worry, I will definitely save you!"

Chen Feng also went to the Yaoxiangling material. He was stronger than others, and he could go to many places where others couldn't go. Therefore, Chen Feng had gained a lot in one day.

There were more than a hundred elixirs, and seven of them reached the level of first-class elixir.

But unfortunately, there is no last thing he needs!

Chen Feng has been following Mei Wuxia, watching her whereabouts.

At night, the night was silent.

Suddenly, a tent shook slightly.

Then, a figure came out from inside, looked around, and saw that there was no one, then quietly touched it outside.

Soon I came to the outside of the camp, and then I spotted a direction and quickly swept over there.

Silently.

But what she didn't notice, when he opened the tent curtain, he fell into the observation of a pair of eyes!

Chen Feng followed Mei Wuxia with a smile on his lips.

He kept staring at Mei Wuxia, when she finally acted.

Chen Feng followed Mei Wuxia all the way to Yaoxiangling.

Mei Wuxia did not come to the front of Yaoxiangling this time, but went to the back of the inaccessible.

Other places are clusters of flowers, trees lined with shades, full of elixir, but here is a stone ground with no grass growing.

There is a huge water pool above, and behind the water pool is a stone mountain, and a waterfall of more than 100 meters high falls from the stone mountain.

On this night, the sound of the water smashing into the Shuihantan is very clear!

After seeing Mei Wuxia come here, Chen Feng directly took off the large robes of the alchemist he was wearing outside, revealing a tight black dress inside.

She hid the robes of the alchemist, looked around, and then jumped into the cold lake.

She had already put on clothes suitable for diving inside, and she was obviously prepared.

[Chapter 912: Mystery hall](#)

Chen Feng quickly came to the edge of the cold pool, and did not hesitate to sneak in!

He is like a swimming fish, the qi envelops his body, and the whole person enters silently without arousing any waves.

There was no sound.

Although it was midnight, the moon was in the middle of the sky, the moonlight was bright, and the water was not so dark.

Chen Feng saw that in front of Mei Wuxia was swimming forward quickly.

He quietly followed behind.

At this time, Chen Feng was excited.

Obviously, Mei Wuxia definitely hides a big secret. And when she came to Yaoxiangling, she had already planned!

The two moved forward, and Chen Feng discovered that there was a cave at the bottom of this cold lake.

The stone cave is very deep and stretches forward, without knowing where it leads.

Chen Feng at this time. It was completely impossible to see Mei Wuxia's figure, but he could feel it with his breath.

I don't know how long it took, Chen Feng heard a pop in front, the sound of something protruding out of the water, and then the sound of Mei Wuxia's gasping.

Obviously, Mei Wuxia was already out of the water, and Chen Feng was still hiding under the water.

He is so strong that he can hold his breath underwater for half an hour, and he is still far from his limit.

After a while, Chen Feng heard footsteps go away, and then he came out.

He found that it was a stone cave, about two to three meters high.

Obviously, this place was excavated manually, and it was very strong.

There was a wet trail of water spreading forward, and Chen Feng continued to follow this trail of water.

Soon, he came to a hall, and at the end of the hall was a stone gate.

Chen Feng didn't enter the hall, but watched from the passage.

At this time, Mei Wuxia was playing around in Shimen.

Shimen seemed extremely strong, and she couldn't open it. Mei Wuxia didn't open it for a long time, and a flash of shame flashed between her brows.

Suddenly, she stretched out her fist and slammed at Shimen.

From this punch, Chen Feng estimated her strength, that is, the seventh and eighth floors of the Divine Sect Realm.

Obviously, although she is good at refining medicine, she is not strong enough!

When she bombarded Shimen with this fist, Chen Feng suddenly had an ominous premonition, and he secretly said that it was not good.

Mei Wuxia's punch blasted on Shimen, and the sudden change occurred!

A strong aura waved, suddenly cracking countless black holes on both sides of the hall.

There were hundreds of them, more than two meters long, and extremely sharp black giant arrows, which shot at Mei Wuxia fiercely, extremely fast.

Mei Wuxia screamed in fright, but his hands were quick, and with a snap, he directly crushed a green mask.

These black giant arrows are shot on the green mask.

Although the green mask was faltering, it still supported it.

Obviously, it was a strange treasure, and when the last dozen arrows were shot on it, the green mask also disappeared.

Mei Wuxia sighed for a long time, with a touch of pain on her face, and murmured in a low voice:

"This spiritual treasure is very precious, enough to withstand the full blow of the Tianhe realm powerhouse, but I only exchanged it for three middle-grade pill, it's gone!"

She thought it was over, but in fact it was far from over.

The moment the giant arrow disappeared, above his head, a slab of stone suddenly cracked.

Then, a huge cage fell heavily.

Wuxia didn't react at all. When she came back to her senses, she was already detained in this huge cage.

The huge prison is the size of a small house, cast with a strange black metal, glowing with a faint blue light.

The fence above has the thickness of human thighs.

There was a flash of panic on Mei Wuxia's face, and she kept punching on the cage, but it was of no use at all.

On the contrary, he was shocked to his small fist with blood.

At this time, the walls on both sides of the hall suddenly made a rolling sound, squeezing toward the middle.

The squeezing speed is not fast, but it is extremely firm.

Seeing this scene, Mei Wuxia's face showed an unconcealable panic, and she let out a scream, and slammed the cage wildly.

But it was of no use at all. The weight of the stone walls on both sides did not know how many jins, Mei Wuxia knew that she would surely be able to crush her.

Finally, the stone walls on both sides were close to the cage, which was extremely strong.

Mei Wuxia was expecting that the cage could be squeezed out of shape so that she could get out of it.

However, the metal of the cast cage seems to be flexible. When the stone wall squeezes forward a little, the metal of the cage retreats a little.

Mei Wuxia looked at the stone wall that was getting closer and closer, finally showing despair on his face, like a collapse, sitting on the ground, howling!

At this time, she had no calmness, she was just a desperate little girl facing despair!

At this time, Chen Feng suddenly walked out of the passage, looked at Mei Wuxia, smiled and said, "It seems that you need a little help."

When Mei Wuxia heard the voice, she was shocked. She raised her face to see Chen Feng and exclaimed, "It turned out to be you."

Chen Feng smiled slightly: "Yes, it's me."

His expression of graciousness at this moment made Mei Wuxia itch with hatred.

Mei Wuxia's eyes flickered a few times, and she immediately woke up and said, "I should have guessed that it was yours a long time ago."

"You are so smart and strong, but when I thought that my wish would be fulfilled these two days, and I didn't do things carefully, you should have discovered it?"

Chen Feng smiled and said: "Yes, as early as a few days ago, when we just passed the poisonous banyan forest, I found you sneaking out at night."

"It's just that I don't know what you are doing. For the past two days, I have been following you secretly. No, that's it."

There was a touch of bitterness on Mei Wuxia's face, and she murmured softly, "Mei Wuxia, Mei Wuxia, I didn't want you to be arrogant and smart, thinking that you can play with everyone on the palm."

"Unexpectedly, I was stared at for two days and found nothing!"

Chen Feng laughed and said, "This is not a bad thing, you see, if you don't follow me, you might die here today."

"There is no sound, no one knows where you died, and soon, you will be forgotten."

When Mei Wuxia heard these words, she shivered suddenly, her face showing great fear!

She looked at Chen Feng and shouted angrily: "Why don't you come to save me?"

She looks a little savage, like a little girl who has been spoiled.

Chen Feng smiled in his heart: "Sure enough. This is the real Mei Wuxia. The cold and noble her before was just pretending."

Chen Feng stretched his hands: "Why should I save you?"

[Chapter 914: Haha, got rich!](#)

She looked at Chen Feng and said softly: "This girl has no other thoughts. I just want to get things that belong to my ancestors, I just want to improve my strength and take revenge."

At this point, Mei Wuxia is already full of tears!

Chen Feng sighed softly, patted her back, and whispered: "Don't worry, I will help you, this time you will definitely get what you want."

Mei Wuxia shook her head, took a deep breath, her eyes became very firm, and said lightly: "I believe in you, but I believe in myself more!"

Chen Feng listened and was silent for a while.

Soon, the two came to the end of the tunnel.

This is a hall, and a strong fragrance of medicine can be smelled from a distance.

After entering the hall, the two were stunned by the scene before them.

In the middle of the hall, it turned out to be a flowerbed.

In the flower garden, countless exotic flowers and plants are planted.

These strange flowers and weeds, I don't know how many years they have grown here, they are very lush!

There was joy on Mei Wuxia's face, and she rushed forward quickly.

Her face was full of smiles, and she kept exclaiming: "Ah, this is the Sungrass, God, it is so big!"

"It's three feet long. The largest Sungrass I've seen before is only half a foot long. At this size, it has been born for at least two thousand years!"

"Ah, it turned out to be White Jade Gastrodia, the size of a human head, my God! The best thing you can buy outside is only the size of a thumb belly!"

Mei Wuxia exclaimed again and again, and in the end, the exclamation turned into a burst of laughter.

She stood there with her hips akimbo, and laughed triumphantly: "Hahahaha, this time I made a fortune."

Chen Feng looked at him with a smile. He knew that Mei Wuxia had buried her sadness and hatred in her heart.

Chen Feng also stepped forward, and soon his face showed surprise.

"This, this is musk horseshoe yellow! Haha, this is the last medicine for refining Jinglei Dan!"

"There are at least a hundred musk horseshoe yellows here, which is enough for me to make alchemy! Moreover, the musk horseshoe yellows here are extremely high-quality, and it is very likely that they can increase the level of the pill!"

"Haha, this is Agni-Frying Icegrass. Uncle Liu and the others wanted to get the Agni-Frying Icegrass. I discovered so many."

Chen Feng couldn't resist a burst of pleasant laughter.

An Lao's voice also rang in his ears, with a hint of smile: "Yes, this should be the spiritual power of the entire Yaoxiangling Ridge, which is concentrated here, so the medicinal materials here are growing very well!"

Then, he straightened his face like Chen Feng reprimanded: "Why are you smiling? Give me peace to the old man."

"Don't be ignorant, you will have too many big battles in the future!"

Chen Feng flattened his mouth and found that An Lao is actually a very good face, and he especially likes to tell him those things in the past, and then teach him.

Chen Feng would naturally not mind.

Chen Feng smiled slightly: "Well, old age, I will listen to you, listen to you."

Chen Feng looked at the crazy Mei Wuxia, smiled and said, "Don't smirk, quickly divide this, don't forget, meet in half."

Upon hearing this, Mei Wuxia gave him a murderous look, snorted, and said:

"You can divide it, but you have to let me choose first."

Chen Feng said: "Okay, but I want all the musk horseshoe yellow and the blazing ice grass."

Mei Wuxia looked at it, and she didn't seem to need these two things, so she nodded.

Soon, the two were divided.

Everyone had about 500 elixir, and Chen Feng discovered that the lowest elixir here had reached the first grade.

Some are very high, even reaching the third rank.

Chen Feng didn't use these now, but he still took the jade box and sealed it up.

Will be used in the future.

After the division, the two went around the hall, and then they found that there seemed to be no way out.

Here, it seems to have come to an end.

The two even knocked on the stone wall, and there was a very heavy voice behind, there was absolutely no interlayer.

Mei Wuxia's brows curled up: "It's impossible. With my family's past strength, if it's just this little treasure, it can't be so precious and important."

"There is definitely something strange!"

Chen Feng nodded, and suddenly his brow fell on the middle flowerbed.

Other places have been checked, it seems that only the flower garden has not been checked.

Chen Feng immediately jumped up, took a closer look, and then a clear smile appeared at the corner of his mouth.

He stretched out his hand, and the qi surged, clearing all the soil in the flowerbed.

Suddenly, a huge stone circle appeared under the flowerbed.

The array is very sophisticated, with many holes embedded in it, and Chen Feng dare not act rashly.

He asked Mei Wuxia, "Do you know how to open it?"

Mei Wuxia looked at it for a while, then suddenly smiled: "The ancestors are really farsighted, and they have left me a way to open it!"

With that, she took out nine crystals from her mustard bag.

These nine crystals are more than a foot long, and the short ones are about the length of a finger. They are of different shapes, exuding colorful light, and they are truly beautiful.

She inserted these nine crystals into the holes of a magic circle.

After all of them were inserted, the whole magic circle clicked and made a soft noise, as if something inside it rotated slightly.

Then, there was silence, and no door was opened.

However, Mei Wuxia was not discouraged. Instead, a smile appeared on the corners of her mouth. He nodded slightly and said, "That's it."

Then, he took out the nine crystals one by one according to a very mysterious law, and inserted them into the other nine holes again.

This time, the inserts are quite particular, some insert all of them, and some leave half of them.

Then there was another click inside, making a soft noise.

Chen Feng had already noticed at this time that there were a total of eighty-one of these holes. It seemed that these crystals had to be used nine times.

Next, Mei Wuxia continued to insert and remove the crystal, repeating this cycle nine times.

And this circular platform also rotated nine times in succession.

When Mei Wuxia was about to take out the crystal after the last rotation, the door suddenly split open, revealing a huge circular hole about five meters in diameter.

Below, there is a dark patch, I don't know how deep it is.

The platform suddenly disappeared, and the two fell straight down.

Mei Wuxia was unprepared, exclaiming in her mouth, her hands flying wildly.

She didn't know how deep it was below, all he knew was that if she fell like this and the distance exceeds two hundred meters, she would definitely fall into a pool of fleshy mud.

[Chapter 915: Golden balance!](#)

She yelled in panic, waving her hands wildly, as if trying to catch something.

At this time, suddenly, her hand touched a warm and generous palm.

This palm gently grabbed her hand.

Then, a gentle voice came: "Don't worry, everything has me."

I don't know what's wrong, after Mei Wuxia heard this voice, she immediately felt relieved and no longer worried.

At this time, it is getting closer and closer to the ground.

The rocks on the ground gave off a strong red light. With the light, the two of them were able to see clearly the situation below.

Below is a piece of red rocky ground, which is very desolate. It seems to be a huge underground space with a radius of thousands of meters.

The two of them had fallen for almost a few hundred meters, and another hundred meters before they would fall to the ground.

Mei Wuxia said in a panic, "Feng Chen, can you do anything?"

Chen Feng smiled slightly: "Look at me."

He took a deep breath, and the startling step was launched, and his figure suddenly became light and fluttering, like a feather.

Then, after walking a few steps in the air, he stopped the downward momentum so abruptly.

Then, she took Mei Wuxia and fell to the ground lightly.

When he was about to land, he stretched out his hand and hugged Mei Wuxia in his arms.

Mei Wuxia didn't even feel the bumps, and fell on the ground.

Chen Feng smiled and said, "How about? It's nice to have me, right?"

Mei Wuxia nodded instinctively, then suddenly blushed, gave him a fierce look, and said, "You stinky rascal, don't let go! Also, where do you touch your hand? That's someone's ass. ..."

Chen Feng showed embarrassment on her face and put her down quickly.

He didn't mean it.

Mei Wuxia gave him a blank glance, swept around, and then exclaimed, "Ah, I know where I am?"

"This is in the eye socket of that giant beast!"

"What?" Chen Feng was shocked when he heard it.

It turned out that the two of them had been walking through the eye sockets of this giant beast just now.

Such a long distance and such a huge space are just the eye sockets of this behemoth!

Mei Wuxia continued: "We should be in the brain of the giant beast, and what we want is in the heart of the giant beast."

"Come, follow me." She quickly discerned the direction, and then walked forward with Chen Feng.

The space inside is very high and wide, and the caves are as high as 100 meters.

Leaning on the stone walls on both sides, piled up many armored weapons, the number is still quite large, but they are all ragged and worthless.

The two of Chen Feng didn't even look at it. After walking for a full half an hour, they arrived at an extremely open hall.

This hall was like hollowing out the belly of Yaoxiangling Mountain.

Up to thousands of meters, with a radius of 10,000 meters!

In the center of the hall, there is a nine-story high platform, one hundred meters high, built with huge stones.

The surface is engraved with exquisite patterns, which is extremely brilliant!

The two swiftly rushed to the high platform, and then their eyes were shocked.

At the top of the high platform, there is a huge golden balance in the center.

The balance is as high as one person, and there is a tray on each side.

On the tray on the left, there is a secret book that looks very old and exudes a mysterious atmosphere. A white jade bottle, a stack of paper, an armor, and a long sword!

There are a lot of things.

On the tray on the right, there is only one thing.

Such a thing is a black bead the size of a fist.

When Chen Feng's eyes touched this black bead, he immediately felt that his eyes seemed to be sucked in.

Not only the eyes, but even the entire soul was sucked in.

In an instant, there was a trance.

He felt as if he had entered an endless huge space. Then the next moment, a deep roar sounded in the space, almost shaking his soul apart.

An extremely strong, enormous coercion was suppressed.

Chen Feng knew that the gap between him and this coercion was a few major levels.

Seeing the black bead on the right, Mei Wuxia also exclaimed: "It really is the inner alchemy of the **** swallowing idol, it turns out that this thing really exists!"

"Swallowing the sky idol? What is this?" Chen Feng asked.

He suddenly remembered, and exclaimed: "Swallowing the gods, are we now in the body of this giant beast?"

Mei Wuxia nodded: "Yes, it's this behemoth."

"Along the way, the huge footprints you saw belonged to this giant beast. The place we entered just now was the eye socket of this giant beast, and even..."

She took a deep breath: "Even Yaoxiangling is transformed by the body of this giant beast!"

"Otherwise, why is this Yaoxiangling so rich in herbs?"

"It's because the giant beast has died, but its aura has not dispersed, so so many herbs have grown!"

A look of holiness flashed across her face, full of worship and said: "This giant beast is the god-swallowing idol."

Chen Feng took a deep breath.

The swallowing idol, in the name of the swallowing sky, can be swallowed even this day, how powerful is it?

And even the entire Yaoxiangling Ridge was transformed by its body!

He exclaimed: "What level of spirit beast is this swallowing idol!"

Mei Wuxia smiled slightly: "I don't know how high it is. Anyway, it has surpassed the spirit beast, at least it is above the 9th rank spirit beast."

Chen Feng listened and shook his head. Above the Ninth-Rank Spirit Beast, what a powerful concept is that?

It was so powerful that he couldn't even imagine it.

You know, he is now roughly equivalent to the second-rank spirit beast, the third-rank spirit beast can easily kill him, and the fourth-rank spirit beast can easily kill him in seconds.

Ninth Stage Spirit Beast? Probably a sneeze would shock Chen Feng to death.

At the same time, a strong excitement surged up: It turned out to be such a powerful behemoth, how good is the legacy it left behind?

Mei Wuxia said faintly: "At the beginning, a group of warriors without a sect saw this swallowing sky idol and saw it step into the Dragon Slayer Mountain Range."

"At that time, even the Elixir Town hadn't even appeared, and it was still deserted here."

"They found that the god-swallowing idol was dying, so they tracked it all the way, and finally waited until the god-swallowing idol came here and couldn't hold it anymore and was seriously injured."

"Then, they entered the body of the Heaven-Swallowing Idol, and used the inner alchemy, bones, and blood of the Heaven-Swallowing Idol to temper themselves and enhance their strength. From this, a powerful sect was created."

"They used certain bodies of the Swallowing Idol to forge many spiritual treasures, all of which were enshrined on the altar inside the Swallowing Idol."

[Chapter 916: Treasure! Swallowing the gods of inner alchemy](#)

"Later, this sect declined, but these heritages have survived!"

She took a deep breath and said, "This school is called Tuntianmen!"

"What? It turned out to be Tuntian Gate?"

Chen Feng took a deep breath. He had heard that this sect was said to be a huge sect in Suiyang Town, Danyang County and even the entire Qingzhou in ancient times.

In terms of its strength at that time, it even far exceeds the current Ziyang Sword Field!

Mei Wuxia walked over, doubled it carefully, took a look, and said:

"On the left is a cheat book, and this stack of paper is some recipes for refining medicine. As for this jade bottle, there should be a pill in full."

"This pill can wash the marrow and cut bones, improve people's physique, and let people turn from a cultivating waste into a genius."

"In addition, there is a sword and a pair of armor, these are the treasures of the original swallowing heaven!"

Chen Feng thoughtfully said, "You mean, these things in this tray are the heritage of Tuntianmen?"

Mei Wuxia nodded: "That's right."

Chen Feng's eyes passed the mountain for a while, and said, "The Swallowing Heaven Gate was originally so powerful, and the martial arts secrets and armors left behind must be extremely powerful."

"I estimate that these cheats are at least a high-level technique of the third and fourth stages of the profound level."

Mei Wuxia smiled: "You still underestimate the Tuntian Gate. What I dare to say is that this cheat book has definitely surpassed the mystery and may even reach the prefecture level."

"And this weapon and armor, if you look at the light, they are at least a fifth-grade and sixth-grade spirit weapon. The weapon is indestructible, and the armor is extremely strong."

Chen Feng's eyes narrowed slightly, it turned out that he really underestimated the Tuntian Gate!

What I was in contact with right now was only a low level among the profound level techniques, that is, the first and second levels of the profound level, and this cheat book seemed to have surpassed the profound level.

These things can instantly turn a man into a powerful master.

Chen Feng took a deep breath and dissipated the heat in his eyes, becoming clear.

At this time, Chen Feng turned his attention to the inner alchemy of the **** swallowing idol.

He was a little surprised and said: "This balance has so many things on the left, and on the right there is only an inner alchemy that swallows the gods."

"Does it mean that the inner alchemy of the swallowing idol is enough to withstand everything else?"

Mei Wuxia nodded: "That's right."

Chen Feng suddenly looked at him and said lightly: "How can you know so much?"

"I think the ancestors of your family shouldn't be so omniscient and omnipotent that they can even guess the level of the strange treasure left by the swallowing idol, right?"

"Moreover, you didn't open the jade bottle, you knew what the pill contained in the jade bottle was!"

Mei Wuxia looked at Chen Feng and smiled slightly: "Actually, I just concealed something."

"My family is the descendant of the Tuntian Gate. Some secrets of the Tuntian Gate are also passed down in our family."

Chen Feng nodded, it was no wonder.

Mei Wuxia continued: "This inner alchemy of the Heaven-Swallowing Idol is the supreme treasure of the Heaven-Swallowing Gate. It is extremely powerful and has always been in the hands of the Sect Master."

"The patriarch of the Swallowing Sky Idol Sect left a last word, and the inner alchemy contains all the power of the Swallowing Idol."

"Once anyone can find a way to extract from it, he can become an inexperienced master, let alone surpass the three realms of Tianhe, Tianhu and Tianhai, even if it is beyond the soul condensing realm, even a higher realm is not a problem."

"But it is a pity that the Swallowing Heaven Gate has been passed down for thousands of years, and the masters of the past generations are amazing, but no one has realized the way to pour out the power of the inner alchemy!"

She looked at Chen Feng, smiled and said, "So this inner alchemy may be a waste, or it may be a treasure."

Chen Feng took a deep breath and said, "You didn't have to tell me this."

Mei Wuxia smiled slightly and stretched out her hand: "The things on the balance belong to the two of us, and the two sides are equivalent."

"Since we want to divide evenly, in fact, I should conceal the truth about the inner alchemy, so that you are more likely to choose the inner alchemy. But I can't do it because you saved my life. Now I have regarded you as a friend."

Chen Feng took a deep look and said, "You choose first, which way?"

Mei Wuxia chuckled: "If I choose first, you won't have the chance to regret it."

"In case I chose what you want, you will regret it later." Chen Feng smiled freely and said very freely:

"These are unexpected joys, fortunate for me, but not for my life."

"Okay, okay! A good one is my luck, not my life!" Mei Wuxia's eyes were colorful, looking at Chen Feng, there was a strange look in her eyes.

Then she walked to the left without hesitation, pointed at the heaven-swallowing gate strange treasures and said: "I want these things."

There was a hint of hatred in her eyes: "I want revenge, and I urgently need to improve my strength!"

"Although I have a very high talent for refining medicine, I can't practice martial arts. That pill can improve my physique, and practicing cheats can greatly increase my strength. With these two spirit weapons, I can greatly increase my combat effectiveness. !"

Chen Feng smiled and had no objection: "Then I will choose this inner alchemy."

Mei Wuxia looked at him and asked, "Aren't you afraid that this inner alchemy will become waste?"

"Dozens of the supremely powerful sect masters have no secrets, are you sure you can penetrate them?"

Chen Feng smiled: "Actually, even if you let me choose first, I will choose this one. I am not so eager to improve my strength in the near future. I hope it will last longer."

"And this thing will undoubtedly change my future destiny. As for whether I can penetrate it, I have confidence in myself!"

It was Chen Feng's real thoughts. In fact, there was no high or low choice between the two, but their needs were different.

Mei Wuxia nodded and said nothing more, "Let's take it quickly and leave quickly!"

"Leave? Do you want to leave here? Where do you want to go?"

Suddenly, a cold voice came from behind them.

The two were shocked, and quickly looked back.

I saw that a tall young man, with dozens of people, rushed towards here.

In a blink of an eye, he has come under the high platform and surrounded the high platform!

The 30-year-old young man headed by him is Lin Dong!

Mei Wuxia exclaimed: "Lin Dong? How did you get in?"

"Hahahaha, Mei Wuxia, didn't you think about it?"

Lin Dong let out a burst of triumphant laughter: "Haha, you think you are keeping all of us in the dark and playing with us on your hands."

[Chapter 917: The terrifying Tianhe one-star master!](#)

"It drove us to clear the way for you without knowing the truth, help you get here, and help you get those treasures."

"But, you never thought of it, I actually already understood your plot long ago!"

Lin Kang, who was next to him, also let out a consonant laugh: "Little bitch, you worked so hard, but in the end you made clothes for others!"

"We are actually. We have known your purpose for a long time, and have been following you all the time! In order to let you help us find these treasures!"

There was a hideous look on Lin Dong's face, and he reached out his hand directly at the two of them, and said lightly: "Now, hurry up and hand over the treasure, I will make your death easier."

His face was extremely arrogant, it seemed to make them two die faster, it was the same gift to them two!

Chen Feng sneered and said, "What if I don't?"

"Don't you dare to say no? Boy, I didn't teach you at the time because all the hunting groups were there, and I was afraid to arouse other people's dissatisfaction."

"Is it possible, do you really think I dare not do anything to you?"

"Tell you, in front of me, you are not a fart!"

While talking to him, Chen Feng made a few gestures with the back of his right hand behind him, so that Mei Wuxia could see.

After Mei Wuxia saw it, a touch of emotion appeared on her face. Chen Feng's gesture was just to signal her to leave.

Mei Wuxia quietly moved two steps back, and Chen Feng was relieved to see his actions like this, thinking that she understood what she meant.

Chen Feng suddenly shouted, and the Ziyue Sword was unsheathed, shaking the earth!

Crazed to Lin Dong and others.

Shaking the earth slashed out, and in an instant, hundreds of huge stone thorns appeared on the ground!

Those people Lin Dong brought, except Lin Dong, everyone else had no place at all, they were directly pierced by the stone thorns, including Lin Kang!

They screamed one after another, and a dozen people died directly.

And Lin Dong seemed to be indifferent to their affairs, laughing, his eyes filled with contempt:

"Little bunny, you dare to attack?"

At this time, the extremely fierce sword energy of Shao Dadi had already slashed at him with a sword force.

He just showed a slight smile at the corner of his mouth, and then punched it out.

It's just a punch, it's simple and without any tricks, but the power contained in it is huge.

Then shook the earth, and was directly crushed by this simple punch.

In the next instant, Lin Dong teleported directly to the high platform and hit Chen Feng with a punch.

Chen Feng roared and thunderbolt fist burst out.

The two fists collided, Lin Dong remained motionless, while Chen Feng retreated several steps, spurting blood.

His arm made a loud click, and his arm bone was directly broken!

With just one punch, Chen Feng was injured.

Chen Feng was astonished: "Is this the strength of a Tianhe Realm master?"

Lin Dong looked at him with a sneer at the corner of his mouth, and said proudly: "Chen Feng, you are really fearless, ignorant!"

"I am a dignified one-star master of the Tianhe Realm, and I have gathered ten drops of true essence!"

"Strength like you, in front of me, there is no difference from ants!"

Condensing one drop of True Yuan can enter the Tianhe Realm, and condensing a hundred drops can enter the Tianhu Realm.

Tianhe Realm, from low to high, is divided into one star to ten stars.

Ten drops of true yuan, one star!

Chen Feng is not an opponent at all!

At this time, taking advantage of Chen Feng to resist Lin Dong, Mei Wuxia had put all these treasures in the mustard bag.

Lin Dong didn't seem to care about this, he smiled slightly and said, "Come on, you can take it now, anyway, I will kill you at that time, these things are still mine!"

Chen Feng gritted his teeth, stood up, spit out a mouthful of blood, and shouted sharply: "Come on, come on!"

"I really don't know the heights of the sky and the earth, I dare to take the initiative to provoke at this time! Well, since you are looking for death, then I will fulfill you!"

Lin Dong let out a sneer and punched out again.

This time, Chen Feng felt that he was facing greater pressure and greater momentum.

With a bang, after he received a punch, he was directly beaten out, vomiting blood, and felt that his whole body bones seemed to be shattered.

While still in the air, Chen Feng had already released the Wuhun of the Willow, and launched both shock and extreme blows!

The invisible sound wave hit Lin Dong.

A smile appeared at the corner of Lin Dong's mouth, and the sound wave was shattered with a light wave of his hand.

He proudly said, "Have you seen it? This is the strength of a Tianhe Realm master."

A deep sense of frustration surged in Chen Feng's heart. The Heavenly River Realm masters and Divine Sect realm were really not the same strength at all, and he was not Lin Dong's opponent at all.

There is no resistance at all!

Lin Dong walked forward slowly and said with a sneer: "I only used 70% of the strength just now. If I used 10% of the strength, you won't end up like this!"

Although Chen Feng was seriously injured, he still struggled to stand up and block Wu Mei Wuxia.

He roared and roared, and the Dragon Elephant Fighting Heaven Secret Art in his body surged wildly: "Dragon Blood Battle Body!"

With this roar, countless sapphire dragon scales appeared on the surface of his body, and dragon horns spread out, his hands and feet turned into dragon claws!

The dragon blood battle body has been strengthened six times. At this time, Chen Feng's dragon blood battle body is infinitely close to its ultimate form!

"What the **** is this?" Lin Dong frowned.

Chen Feng's voice was hoarse and his eyes were blood red, staring at him, and screamed: "Kill!"

The figure flashed, and the speed was extremely fast, and he came directly in front of Lin Dong, and his claws grabbed it with great power.

A flash of surprise flashed in Lin Dong's eyes: "After this weird transformation, your speed has doubled!"

He slammed a punch, and banged Chen Feng's claws together. The two actually took a step back!

And above his fist, there were five **** blood holes caught out!

The two fought into a group. After a while, Lin Dong let out a roar.

At this time, he was covered in blood and blood and injured in many places.

Chen Feng was also seriously injured. Several dragon horns were broken, and many scales collapsed.

Lin Dong said coldly: "Unexpectedly, your transformation is quite powerful, you can actually be comparable to me who used 70% of my strength!"

He arrogantly said: "Well, let you see my ten percent strength!"

As he said, he roared, his strength continued to rise, his breath became very terrifying.

Then he screamed: "Die!"

The fist bombarded Chen Feng with an unrivaled posture.

Boom boom boom!

After receiving more than a dozen punches, Chen Feng was directly beaten back a dozen steps, fell on the high platform, covered in blood, and was directly beaten back from the state of the dragon blood battle body.

Astonished in his heart, where his cards were, he was not Lin Dong's opponent.

[Chapter 918: The second floor of Tulong Mountain Range!](#)

At this moment, Mei Wuxia suddenly whispered: "Head down."

Chen Feng bowed his head instinctively, Mei Wuxia took out an iron pipe and lightly patted the tail.

There was a sudden bang in front of the iron pipe.

Then, an extremely strong mist sprayed towards Lin Dong.

Lin Dong was caught off guard, and was directly sprayed by the mist.

He actually shook his body and felt an extremely dizzy sensation coming over, causing him to sway and sit down on the ground.

Then, Mei Wuxia pulled Chen Feng and screamed: "Run!"

Chen Feng knew that this was a good opportunity to kill Lin Dong, but if he could not kill Lin Dong, the only hope today would be gone.

He ran his qi frantically, pulling Mei Wuxia and leaving quickly.

The two ran all the way!

Soon, the two followed a passage and left Yaoxiangling.

At this time, it was already dozens of miles away from Yaoxiangling.

At this time, Chen Feng was far away and could already hear Lin Dong's roar.

Lin Dong had obviously recovered, chasing this way, and that huge momentum was constantly approaching here.

Mei Wuxia took out the Heaven-swallowing idol Neidan from the mustard bag and handed it to Chen Feng, saying: "The time is urgent, so I won't say more, let's not pass it, I am going to take revenge!"

"If you have fate in the future, we will meet again."

Chen Feng nodded heavily, took a deep look at him, put Nei Dan into his arms, and then quickly fled away.

The two separated.

But after a while, Lin Dong came here.

His eyes were cold, his face was stubborn, and he roared and roared: "Little bunny, and you little bitch, I must catch you."

His ferocious roar echoed in the mountains.

Above the distant mountain, in a hidden stone crevice, Chen Feng looked at all this outside, with a touch of coldness at the corner of his mouth:

"Lin Dong, you hurt me badly, we're never finished! You wait for me, I will definitely make you regret it!"

Chen Feng frantically ran towards the depths of the Tulong Mountain Range.

He felt a huge breath behind him, chasing him continuously.

Chen Feng knew that this was Lin Dong's breath.

Obviously, Lin Dong absolutely did not let go of his plan, and Chen Feng was also very clear about the consequences of being caught up by Lin Dong, there was only a dead end!

Chen Feng quickly made a decision. If he fled to the mountain, he would never have the slightest chance to get rid of Lin Dong. Lin Dong would definitely chase him all the way.

And even if he used his shocking steps, his speed was not as fast as he had reached the first star of the Tianhe Realm.

Therefore, Chen Feng almost did not hesitate and ran towards the depths of the mountains.

Soon, a black cliff appeared in front of him. It was pitch black and looked very strange.

On a tall cliff, a few lines of big characters were written!

"Here, it has been two hundred miles deep into the Dragon Slaying Mountain Range! The danger ahead is unpredictable, and those who have not reached the Heavenly Lake Realm, enter carefully!"

Chen Feng looked at it, and his heart stunned.

This writer was obviously the strong man who entered the depths of the Dragon Slaying Mountains. This was the warning that the strong man gave to later generations.

You have to enter the sky above the lake to enter.

How dangerous is the second level of the Dragon Slaying Mountain Range?

But at this time, Chen Feng had no choice.

The powerful breath behind him kept approaching, and Lin Dong's arrogant voice came over: "Feng Chen, you may not necessarily die if you fall into my hands."

"But if you enter the Dragon Slaying Mountain Range, you will definitely die. Think about it yourself."

Chen Feng turned around and laughed: "Even if I die, I won't let you get any benefits!"

Having said that, resolutely, step into it!

As soon as he stepped across the boundary of the black cliff, Chen Feng felt a very trance, as if he had come to another world.

Suddenly he realized that the Dragon Slaying Mountain Range is actually layered layer by layer. This black cliff seems to be a dividing line, separating two hundred miles away and within two hundred miles.

At this time, Chen Feng entered the second level of Tulong Mountain.

After entering here, I obviously feel that the aura here is more concentrated.

Of course, even more dangerous feelings came one after another!

Lin Dong came under the black cliff and stared at the figure of Chen Feng who disappeared not far ahead.

He hesitated several times, but after all he did not dare to chase in.

In the depths of the Tulong Mountain Range, he had been there once and almost never returned alive.

There are still lingering fears so far, high-level spirit beasts can be seen everywhere there, with dangerous steps, and it is very likely that there will be no return.

In order to chase Chen Feng, in order to obtain that treasure, he felt that it was not worth all his life.

He gritted his teeth fiercely: "Little Wang Ba Lao, it's fine for you to die in the Tulong Mountain Range. If you don't die, I won't be able to spare you!"

Talking, turned and left.

As soon as Chen Feng entered the second level of the Tulong Mountain Range, which was more than 100 meters away, suddenly, a sharp roar came from the front.

A giant black tiger flew out from behind a cliff.

This black giant tiger is fifteen meters long and eight meters high. It is extremely mighty and powerful.

There is even more black air, which looks eerie and terrifying.

He stared at Chen Feng and let out a violent roar.

With this tiger roar, a vision suddenly appeared in front of Chen Feng. He only felt that his eyes were dark, and it seemed that countless souls rushed towards him, waving their claws and pounced at him.

Chen Feng couldn't help but let out an exclamation.

But at this moment, suddenly the jade pendant hanging on his chest felt cool, and then an old voice rang in his ears:

"Hold your breath!"

Chen Feng suddenly came to his senses, agitated all over, quickly abandoning the distracting thoughts in his heart.

After a while, the illusion in front of him disappeared.

At this time, the black giant tiger had already pounced on Chen Feng, with an extremely prominent momentum!

Its tiger claws struck dozens of times in succession, and each time was extremely heavy.

Chen Feng had already been seriously injured, and tried his best to block a claw, then stepped back ten steps, wow, and vomited another mouthful of blood.

Chen Feng's left arm was shattered. For these dozen claws, Chen Feng could only harden each claw, because the giant tiger was so fast that he couldn't hide.

After taking these ten claws, the little qi that Chen Feng had accumulated just now was exhausted again.

Blood was spurted wildly, and the bones of both arms had been shaken to pieces.

And he felt a fishy sweetness in his throat and a sharp pain in his internal organs.

Obviously, the internal organs were injured again.

Already seriously injured!

Chen Feng felt dizzy for a while, and a voice in his heart muttered: "Am I going to die?"

At this moment, the giant tiger pounced once again, and the roar of the tiger sounded.

Those illusions appeared in front of Chen Feng again, but then they were dispelled by the coolness of the jade pendant.

But when Chen Feng came back to his senses, the giant tiger's fangs were already in front of his eyes.

[Chapter 919: Fight!](#)

There was a smug look in its eyes, as if to swallow Chen Feng directly in one bite.

At this time, An Lao's voice suddenly sounded: "This is the Yingui Giant Tiger, a second-grade spirit beast, very powerful."

"But, under its throat, there is a piece of white fur. That is his weakest place and his weakness."

Chen Feng's eyes suddenly flashed brightly and nodded gently.

He stayed there motionless, and in the eyes of the ghost giant tiger, this human being was completely frightened by himself.

His eyes were even more proud, and he directly bite at Chen Feng.

And just when he was about to touch Chen Feng, and its fangs and teeth were about to touch Chen Feng's head, suddenly, Chen Feng's figure moved.

Chen Feng rose up all the last qi, started with shocking steps, and came directly to the chin of the giant tiger.

Then, as soon as he raised his eyes, he saw the piece of white fur.

Chen Feng let out a loud roar, with a crazy look in his eyes: "Go to hell!"

All the anger was mobilized by him.

Thundering Jiuxiao, launched instantly.

He punched and hit the white fur fiercely.

Chen Feng felt that his fists had easily penetrated the extremely sturdy fur of the giant tiger.

Sure enough, the rest of the giant tiger is extremely hard, but here it is soft as a piece of cotton.

Chen Feng's entire arm was submerged.

In the next instant, the lightning flashes and bursts into the giant tiger's body!

There was a crazy roar in the mouth of the giant tiger, and he could hear it clearly for dozens of miles around.

In the next instant, its huge claws slapped Chen Feng heavily, and directly slapped Chen Feng out hundreds of meters, crashing onto a cliff!

Chen Feng vomited blood again and was already seriously injured and dying!

He hasn't been injured like this for a long time, and even hallucinations have appeared before his eyes, his ears are buzzing, and he can't see anything, and his eyes are blood red.

After a while, he returned to normal.

He could hear the crazy roar of the giant tiger, which was full of pain.

Soon, this roar became lower and lower, and finally disappeared without a trace.

Chen Feng knew that the giant tiger was dead.

At this time, his whole body was in severe pain, and he didn't have a trace of strength. When he moved, he almost fainted alive.

But Chen Feng still gritted his teeth, squeezed the last bit of strength from his body, insisted on standing up, and staggered towards the giant tiger.

He fell four or five times in the middle, but in the end he walked to the giant tiger's side.

On the side, An Lao appeared quietly, with a touch of approval on his face, and said in his heart:

"Chen Feng, this son is not only talented, but also extremely resolute. In martial arts practice, sometimes the latter is far more important than the former!"

From the white fur, blood gurgled out, and Chen Feng almost pounced on it in a greedy gesture.

This time, he didn't even directly use the dragon elephant to fight the sky, but directly rushed to the wound, swallowing his essence and blood.

The tiger's blood is extremely spicy and hot to the extreme, and it seems to be a destructive force forever.

The hot tiger blood directly burned his internal organs, but Chen Feng also got a powerful blood force from it.

Then he stretched out his hands to reach there, madly absorbing the blood in the giant tiger!

A huge amount of blood poured into his body, filling up the dried up acupuncture points, recondensing the cyclone.

And the power of a huge amount of blood surging vigorously in the meridians, repairing the injured meridians one by one, and reopening the blocked meridians.

An hour later, at this time, the giant tiger has been sucked into a corpse, there is no blood, and the fur has lost its luster.

Chen Feng, on the other hand, exhaled a breath full of blood and stood up slowly.

He felt that his injury had recovered seven or eighty-eight, and he was very energetic.

There was a feeling of bulging in the body, and Chen Feng knew that he would not be able to absorb any blood power for at least three days.

And even, his Dragon Elephant Fighting Heaven Secret Art is more improved.

Just now the blood of this giant tiger caused him to open three more acupuncture points.

Chen Feng is getting closer and closer to the twelfth floor of the Divine Gate Realm!

He asked An old man on the side: "An old man, what should I do now?"

Old Angrily said, "Ask what to do? Are you still a little confused by being beaten?"

Chen Feng scratched his head in embarrassment.

An old man said: "In the depths of the Tulong Mountain Range, the danger is unpredictable. The most important thing you should do now is to quickly find a hidden cave to hide."

Chen Feng nodded: "Yes."

Then he took out the fur on the surface of the giant tiger and the beast pill at an extremely fast speed, and even before he had time to look at it, he quickly escaped.

Not to mention, it would be good if he sucked the blood. The smell of blood was gone, and no more powerful monsters would be attracted!

Chen Feng quickly found a cave on a cliff.

The entrance of the cave is covered by a large number of wisteria, and there are many pine trees growing outside the wisteria, which is even more tightly covered.

The cave is not very big, but it is very dry, and there are no traces of wild animals.

After Chen Feng came here, he was breathing heavily.

Although his skill has recovered and his strength has improved, in fact, his injury is not completely healed at all.

At this time, I used Jinghongbu to hurry up, and under the running gas, I still felt a pain in my chest and lungs, and my whole body was a little sore.

An Lao appeared with a heavy face and said, "Do you remember what I told you before you ate Xisui Pill?"

Chen Feng nodded: "Remember, let me get as few injuries as possible in the future, and don't spread to the internal organs, otherwise it will leave problems, and it will be useless to eat Xisui Pill."

An Lao sighed and said: "Now you have affected the internal organs, and the effects are still very severe, and now you have left behind."

Chen Feng smiled slightly, somewhat calmly: "There are some things that I know will be very serious, and I have to do it. Some things get to the head, and there is no way if I don't think about it."

"Injury, this is no way, I can only recover as much as possible."

An old man nodded, then threw out a few Xisui Pills to him, and said, "Hurry up and eat!"

Chen Feng nodded and immediately swallowed Xisui Pill, and then began to cultivate cross-legged.

Three hours later, he vomited some congestion, and a lot of black congestion and impurities also ooze out of the pores on his body.

Chen Feng sighed, feeling that the pain in his body had disappeared, his whole body was refreshed and he was completely restored to his peak state.

He was thinking about what he should do next.

The depths of the Tulong Mountain Range are very dangerous and unpredictable. Should you leave here or continue to hide?

If you leave here, you may be chased by Lin Dong.

[Chapter 920: Refining Thunderbolt!](#)

Suddenly, Chen Feng patted his head, and said with some annoyance: "Oh, why am I so stupid!"

"I actually forgot that I have the Dragon Elephant Fighting Heaven Secret Art. After killing a monster beast, I can immediately absorb its blood, so that it won't attract other spirit beasts."

"A lot of people who entered the depths of the Dragon Slaying Mountain Range died so quickly because of this. In fact, the spirit beasts they encountered at the beginning were not very strong, but it was because the **** smell attracted stronger after killing the spirit beast. The spirit beast was killed."

"However, I don't have any problems at this point, so that my chances of surviving in the Dragon Slaying Mountains are much greater than others."

Anlao shook his head slightly beside him, and said, "You just want to understand this?"

"If it weren't for you, I would have spoken to stop you when you entered the depths of the Dragon Slaying Mountain."

Chen Feng smiled awkwardly: "Fighting in the past two days, I haven't recovered, and my head is dizzy."

Early the next morning, Chen Feng exhaled a suffocating breath, and slowly woke up from his practice.

During this night, he had completely refined all the blood in that ghost giant tiger's body and transformed it into his own qi, and his strength went even further.

He opened the vines at the entrance of the cave and took a deep breath of cold air.

At this time, the scorching sun is rising, and it is at the junction of day and night, where light and darkness meet.

The roar of the beast one after another.

Standing on the top of the cliff, looking at the endless mountains and the vast sky in the distance, Chen Feng's mind was empty.

There was a feeling of loneliness in my heart, between heaven and earth, I was alone.

He smiled slightly, calmly and calmly: "He is in a good mood, and his qi is surging. Now, it's time to refine the Thunder Pill."

He carefully covered the entrance of the cave, and blocked it with a boulder, then returned to the cave and sat cross-legged, in front of him is the Qingmu Wangding.

Chen Feng has a heart and is very quiet.

His movements are extremely proficient, and his left hand is pressed under the Qingmu Wangding.

With a bang, a group of red flames rose.

Then Chen Feng took out the Jinglei Purple Electric Fruit and threw it in directly.

After the thunderous purple electric fruit was thrown into the red flame, it was instantly sizzling.

Soon, it was burned into a ball of red liquid.

Chen Feng nodded in satisfaction, just about to throw another medicinal material into it.

Suddenly, his left hand shook slightly, but with such a slight movement, the flame suddenly became uncontrollable.

With a bang, the red liquid turned into black fly ash and dissipated directly.

Chen Feng shook his head slightly, still with a calm smile on the corner of his mouth, not discouraged.

At this time, his expression was extremely indifferent, and he didn't seem to care at all.

Then he took out another thunder purple electric fruit and threw it into it.

This time, the flame was more careful, enveloped in red liquid.

The red liquid constantly changes its shape, exuding a dreamlike luster!

This time, Chen Feng was more cautious. When he went to get another medicinal material with his right hand, his left hand was as steady as a rock without any movement.

Chen Feng took another monster beast from the ninth floor of the Divine Sect Realm, the crystal core of a lightning lion, and threw it into the flames.

In the purple-white crystal nucleus, there is a white crack, which is formed naturally, just like a lightning bolt.

Soon, it became a white very viscous liquid.

This white liquid soon came into contact with the red liquid formed by Jinglei Purple Electric Fruit.

Both of them have thunder and lightning properties, and they are of the same origin and very close, so the red and white liquids quickly merged together.

At this time, Chen Feng kneaded the flames in his hands extremely carefully. When the two merged, it was the most difficult time to control.

Chen Feng must be very careful, if you are not careful, both will evaporate directly!

An Lao watched by the side, making no noise, just watching quietly.

Chen Feng is already very skilled in movements, and he has taught everything that should be paid attention to. The rest is mainly based on talent and familiarity with practice!

Finally, the red and white liquids were completely fused together, and then Chen Feng threw out another piece of Astragalus Extract.

This time, the astragalus essence was not a smelted liquid, but something like a kind of lava, just like a burned stone before it condensed into glass.

It even showed a silky golden yellow drawing, which looked extremely magnificent.

Then, it undulated in the flames.

Chen Feng flicked his left hand slightly, and a touch of flame turned into a small hand to gently press it down, and then the crystals melted into astragalus essence were pressed into the mass of red-white liquid.

Chen Feng had already held his breath at this time, his heart was very nervous, secretly awe-inspiring, but his hand was still extremely calm.

This time is the most critical period for alchemy.

The reason why it is difficult to refine the Thunder Pill is that the medicinal materials of the Thunder Pill are not all attributed!

And some medicinal materials will turn into liquids, and some will turn into solids.

The easiest pill to refine, all the medicinal materials will turn into liquid, and have the same attribute, which is the lowest level of difficulty among the first-grade pill.

And as long as the two change slightly, it will increase a difficulty, which is the medium difficulty in the first-grade pill.

As one of the most difficult to refining pill among the first-grade pill, Jinglei Pill has both sides.

Finally, the yellow crystals gradually melted in the red and white liquid, and bubbles were released one by one.

Every time a bubble bursts out, Chen Feng must carefully control the flame to let the bubble escape, otherwise the bubble will explode if it is inside!

After a full cup of tea has passed, the crystals and liquids are completely fused.

A smile appeared at the corner of Chen Feng's mouth, and he couldn't help but breathe a sigh of relief.

But just. It was the effort of such a sigh of relief, a slap, a complete burst, and no previous efforts.

Chen Feng shook his head, but his expression was still indifferent, without any frustration, and he started refining again.

After failing six times, finally, completely integrated.

Next, Chen Feng threw the musk horseshoe yellow into it.

Musk horseshoe yellow is even more weird. After being burned by the flame, it emits an extremely strong fragrance.

This strong fragrance filled the medicine cauldron, and Chen Feng's right hand. Immediately exhaled a burst of qi, sealed the mouth of the medicine cauldron, so that the smell could not be emitted.

He can only use mental perception and experience to estimate. Because he couldn't even smell how strong the musky smell inside.

Finally, Chen Feng felt that he had reached a peak, and then directly opened the lid.

The flame flicked slightly, and directly bounced the main body of the musk horseshoe yellow.

It turned out that what is needed to refine Jinglei Dan is not musk horseshoe yellow, but its smell.
