

Peerless 971

[Chapter 971: Take one enemy a thousand! What are you afraid of?](#)

Chen Feng moved quickly towards the depths of the Demon Wolf Valley, and soon came into a narrow canyon.

At this time, when Chen Feng walked to the middle of the canyon, suddenly he raised his head suddenly, showing a cold look on his face.

He said lightly: "I'll be here, don't hide sneakily, get out of here!"

Following his words, on the cliffs on both sides of the valley, suddenly there were countless figures, all of them monster wolves.

There are thousands of demon wolves, most of them are iron black demon wolves, and a small part are bronze demon wolves.

However, Chen Feng's gaze fell on the demon wolf in front of them.

The demon wolf stood alone on the top of a huge boulder, proudly superior, looking at Chen Feng with cold and indifferent eyes.

This was a silver-white demon wolf.

And with the strength of the white demon wolf, it also reached the realm of a first-grade demon beast.

Chen Feng smiled slightly: "It's getting more and more interesting. There is a first-grade spirit beast."

"This is just like this, otherwise, it's all waste, it would be boring."

The silver-white giant wolves let out a stern wolf howl, like a signal, the thousands of demon wolves rushed towards Chen Feng, forming a huge encirclement, enclosing Chen Feng.

Then, towards Chen Feng inside, he frantically started biting!

Chen Feng laughed: "Good job!"

He smashed into these demon wolves with one punch and one punch at a very fast speed. In a blink of an eye, he had already killed most of the demon wolves.

He is like an invincible God of War, extremely tyrannical.

But after a cup of tea time, all of the more than a thousand giant wolves have been killed by Chen Feng.

There was a wolf carcass on the ground, and there was no more living creature.

Then, Chen Feng cast his gaze on the silver-white giant wolf and said with a sneer: "Don't **** pretend to be standing on the cliff!"

"Do you think the posture is beautiful? You can come down too!"

As he said, he leaped up into the air and hit the silver-white demon wolf with a punch!

Knowing that it was invincible, this silver-white demon wolf turned around and was about to run away, with a look of fear in his eyes.

But how can she run away?

Chen Feng's figure flashed, directly blocking him, and then lightly stamped it on his chest.

With a bang, this silver-white giant wolf was shot and flew out, breaking off its breath.

But this silver-white demon wolf, before that, let out an extremely intimate wolf howl, which spread far, far away.

Chen Feng didn't care about it, but beckoned to the blood wind.

"You fellow, hurry up and eat!"

With a cheer, the blood wind ran to the silver-white giant wolf corpse and began to enjoy it.

After a while, Chen Feng suddenly felt the earthquake tremble.

Then, he saw a black cloud floating against the ground in the distance.

After waiting close, Chen Feng found out, where is this dark cloud? It is clear that there are thousands of wolf monsters!

Most of these thousands of wolf-like monsters are bronze monster wolves, and hundreds of them are silver monster wolves.

And the person who walked in the forefront was a giant demon wolf with golden fur all over it and looked extremely dazzling.

This demon wolf is as tall as a small mound, ten meters high and thirty meters long.

The horrible breath exuded from his body.

His strength is equivalent to a second-rank spirit beast.

Chen Feng smiled slightly: "It's getting more and more interesting."

"This Demon Wolf Valley is truly the kingdom of wolf demon. All kinds of demon wolves emerge in an endless stream, and their levels are distinct. Now there are golden demon wolves, and they have reached the level of second-tier spirit beasts."

The Golden Demon Wolf looked at Chen Feng from a distance, his eyes indifferent.

Then it let out a long wolf howl.

These monster wolves rushed towards Chen Feng madly.

Like the tide, overwhelming!

Chen Feng said coldly, "It's just a few thousand demon wolves, what's the fear?"

He stood there, facing the demon wolf that pounced like a tide, he was not afraid.

With one punch, he kept killing the demon wolf.

Soon, there were countless more corpses around him.

These corpses, layer by layer, were even taller than Chen Feng in the end.

Chen Feng did not know how long he killed, but finally, he felt a little tired.

These demon wolves, although low in strength, although he can basically solve them with one punch, even the relatively powerful bronze and silver demon wolves are just a few punches.

However, the number of these demon wolves is too much.

When Chen Feng killed about a thousand demon wolves, the body of the demon wolf next to him was about to bury him, and it was already over one person tall.

And there were still demon wolves jumping up on the corpse, madly killing Chen Feng.

At this moment, Chen Feng finally felt a bit of chill.

These demon wolves are not afraid of life and death at all, just like machines.

And Chen Feng began to feel tired.

He began to feel that the qi was consumed greatly, and this exhaustion became more and more obvious as soon as it appeared.

Finally, Chen Feng was breathing heavily and sweating profusely.

His body has already approached its limit.

At this time, more than half of the monster wolf population remained.

Suddenly, as another wolf howl came out, the demon wolf's offensive not only did not slow down the slightest, but became even more frantic, flooding Chen Feng overwhelmingly.

Chen Feng's strength was about to be exhausted, but at this time, the demon wolves were overwhelmingly rushing in frantically, and they would also leave wounds on Chen Feng after all their lives.

Suddenly, countless **** wounds appeared on the surface of Chen Feng's body, which looked quite hideous.

And he was almost knocked to the ground by being hit by a wolf demon!

It seems that in the next moment, Chen Feng will be overwhelmed by these demon wolves, completely torn apart!

At this moment, Chen Feng suddenly raised his head and saw a glorious glow in the eyes of the golden demon wolf in the distance.

He suddenly looked up to the sky and laughed wildly. The whole person was full of pride. He laughed and said, "Do you think this can trap me to death?"

There was a sudden flash in his hand, and a giant sword appeared, it was the Duan Yue sword!

The dark blade, the white blade, and the huge blade exude an incomparable shock.

He suddenly roared, shook the earth, and cut out!

Numerous ground thorns pierced directly from the ground, and suddenly there were hundreds of demon wolves, directly pierced through the body by the ground thorns.

Hundreds of demon wolves hissed in the pool of blood, most of them died directly.

The few who did not die were moaning and screaming with extreme pain.

At the same time, Chen Feng's slash with the sword force also killed dozens of demon wolves.

With just one stab, Chen Feng killed more than two hundred demon wolves!

"Even if one enemy is one thousand, what's the fear?" Chen Feng laughed loudly and went straight into the sky!

Chen Feng held the Broken Yue knife in one hand and strode towards the Golden Demon Wolf.

[Chapter 972: The second cut, cut off the mountains!](#)

Countless demon wolves stood in front of him, but no matter how many demon wolves there were in front of him, Chen Feng just smashed the earth with a single blow and slashed out.

One knife after another, the earth shook the ground, and after each cut, one saw that a large swarm of demon wolves was crushed in black, and in an instant there was such a large piece, turning into a blood-red color.

After cutting six times in a row, Chen Feng didn't have a monster wolf in front of him.

Thousands of demon wolves were all beheaded by him.

In front of him, the golden demon wolf looked at him with an unabashed look of fear in his eyes!

At this time, Chen Feng's momentum had reached a peak.

His momentum rose from the sky, angrily rushed into the sky, and his whole body was full of pride.

It seems that even when facing the deity, he is not afraid at this time.

He suddenly accelerated, ran forward, getting faster and faster, and finally rushed to the golden demon wolf.

At this time, the Golden Demon Wolf seemed inevitable.

He let out a stern roar, rushing towards Chen Feng frantically.

His four huge claws frantically drew arcs in the air.

Every time an arc was drawn, a stern golden wind blade swept towards Chen Feng.

Finally, these tens of thousands of golden wind blades condensed into a huge blade storm in the air, with a full diameter of three meters, and inside were all rapidly rotating sharp wind blades.

As long as it is swept into it, I'm afraid it will be crushed immediately!

At this time, Chen Feng laughed loudly, leaped high, interrupted Yue Dao with his hand, and raised it above his head.

And when he jumped to the highest point and his aura rose to the highest point, he let out a loud roar.

The Duan Yue knife was severely cut out, and Chen Feng screamed: "Broken Mountain!"

What he used was not to shake the earth, but to break the mountains!

The second move of the triple cut of the universe, break the mountains!

After Chen Feng's sword was cut out, three phantoms of Broken Yue sword formed in the air.

The phantoms of these three broken Yuedao swords were all located behind Chen Feng.

Suddenly, three huge phantoms of the Broken Yue Sword all fell on the body of Broken Yue Sword.

Let the power of this knife tripled out of thin air!

After slashing out, directly cut the blade storm in front of you into pieces and disappear into the air!

Then, the knife fell fiercely on the golden demon wolf.

The golden demon wolf let out a horrible howl, a huge body comparable to a hill, but it was cut in two directly by this knife!

The immense power did not stop, after cutting his body, it slammed heavily on the ground.

With a bang, a huge crack was smashed directly above the ground.

The golden demon wolf, the first two sections of his body, let out a scream, and his internal organs rolled down!

In the eyes of the blood wind on the side, there was a bloodthirsty color.

With a whimper, he rushed forward and began to bite.

The Golden Demon Wolf was not dead yet, but was bitten to death by the blood wind.

After a stick of incense, the golden demon wolf only had its fur, and all the flesh and blood in the body was swallowed!

Then, Blood Wind returned to Chen Feng contentedly, rubbing his head on his leg.

Chen Feng laughed, very happy.

The whole person only feels that it seems to have broken through some barriers or restrictions.

At this time, he realized that having a really good knife, a knife that suits him, is so important to a warrior who uses a knife!**NOVELusb.COM**

With the Broken Yue knife, he had a feeling of pride and heartiness, and he seemed to vent all the strength and strength in his body!

The night is dim, here is a mountainside platform, at the end of the platform is dense woods, spreading to the foot of the mountain.

It was already late autumn, and the night was as cool as water.

Chen Feng sat in front of the cave with a bonfire lit in front of him.

He held an iron fork in his hand with a suckling pig inserted in it.

At this time, it was already roasted and oily, the skin was dry and cracked, and fat came out of it, and the tender meat inside had been roasted into a golden color.

An extremely alluring fragrance wafted from inside.

At this time, Chen Feng's expression was very focused.

At this moment, he is not like a warrior who is decisive and tyrannical, but more like a chef who is very particular about eating and cooking for himself.

The suckling pig he was testing was an ordinary wild boar, not even a monster.

After eating, there is no increase in cultivation.

But today Chen Feng wanted to be more casual, not so restrictive, and not having to plan everything for the sake of cultivation.

He just wants to eat roast suckling pig, nothing more, it's that simple.

But unfortunately, Chen Feng's roast suckling pig seems difficult to get into his mouth.

Chen Feng was roasting attentively here, and then he didn't know where to find some spices to sprinkle on it, so the fragrance became stronger.

Xuefeng was lying next to him, sleeping in the dark, and suddenly his nose moved, as if he was still asleep and smelled the scent.

Then I saw that his wolf mouth opened wide.

There was saliva flowing out of it, and a small puddle of water soon accumulated on the ground.

As the fragrance became stronger and stronger, his nose suddenly twitched violently, revealing a drooling look.

Suddenly he opened his eyes, staring at the roast suckling pig on the fork, and then swished, as fast as lightning, and rushed over.

He took the roast suckling pig directly into his mouth, and swallowed after two or three bites.

Then Xuefeng twisted his hips and pointed his tail at Chen Feng, pretending that he wanted to fall asleep.

Chen Feng sank, and roared: "Bloodwind, which one is this? You still let me eat!"

"I have already robbed three suckling pigs!"

Xuefeng's body suddenly stiffened, and when he turned his head, there was a jealous expression on his face, with a very guilty conscience.

He walked to Chen Feng's side, sticking his tongue out, rubbing him flatteringly.

Chen Feng finally couldn't keep his face pulled, he snorted, laughed, rubbed his head vigorously, and said dotingly: "You guy!"

One person and one beast were laughing and making noises. Suddenly at this moment, Blood Wind's ears suddenly froze.

And Chen Feng's expression also became serious in an instant.

Chen Feng could feel it, and a few breaths were constantly approaching here.

Chen Feng waved his hand and immediately put out the bonfire, and then quickly ran towards the woods.

Soon, he came to the dense forest, and the voice of speaking was heard in front of him, and from time to time there was a burst of lewd laughter and the painful screams of women.

Chen Feng frowned, and immediately looked forward.

Soon, he came to a clearing in the forest.

Then, he saw that on the opposite side of the dense forest, three people were running desperately towards this side.

Only two of them were obviously injured and they were running very slowly.

[Chapter 973: Hunt down!](#)

The two injured are women, while the other uninjured is a man.

He kept looking back, and while looking back, he urged: "Senior Sister Yu, Junior Sister Zhou, run quickly, faster."

Chen Feng looked at him and shook his head secretly.

He was just urging, but he didn't even help.

Junior sister Zhou was obviously also a hot temper. She raised her face and said angrily at him:

"Surnamed Xu, are you **** here to say that you have a fart? Are you carrying us on your back? You are not even willing to help, just rush by the side?"

"We both hurt our legs by the thief, how can we get up quickly?"

Through the moonlight, Chen Feng saw that this person was a pretty little beauty, but his face was full of anger at this time.

This person is obviously Sister Zhou, and the older one next to her is naturally Sister Yu.

This Senior Sister Yu, who is also quite beautiful, frowned at this time, with a painful expression on her face, dragging Senior Sister Zhou to run forward.

The male disciple named Xu had a flash of shame in his eyes, but he hurriedly laughed and said:

"Isn't this, I'm afraid that the beautiful lady will be abrupt?"

"You are all Yunying unmarried. If I was carrying you and we were rubbing against each other, how proper would we be?"

"Fuck your mother shit!"

Master Zhou is the temperament of Xiao Jiao, and said angrily: "Aren't you afraid that we will drag your speed behind your back?"

"Tell you, the surname is Xu, you don't have to pretend to be a good person! If you don't want to help, get out quickly, so that the two of us will drag you down later!"

Senior Sister Yu persuaded: "Okay, okay, Senior Sister Zhou, just say a few words, it's important to escape quickly!"

"Let's run quickly, work harder, there is hope."

"Haha, there is hope? There is still hope!"

Suddenly, an extremely sharp and unpleasant voice came from behind them.

The voice quickly approached here, and in a blink of an eye, a figure wrapped in a narrow black wind, brushing it, appeared in front of them!

Chen Feng looked aside, frowning slightly.

This figure felt like coming from the wind, this should be a very strange martial skill.

He was standing on the ground at this time, there was still a black whirlwind circling around his body, and it took a while to dissipate.

This person is extremely tall, more than two meters tall, tall and thin, like a bamboo pole.

He was wearing black clothes, his face was pale and bloodless.

At night, after seeing it, it must feel like hitting a ghost.

After seeing him, the three young men, two women and one man, showed undisguised fear on their faces, and they stepped back a few steps.

Suddenly, Junior Brother Xu screamed: "Let's run in another direction!"

The three ran in the other direction, but before they could run more than a dozen steps, the man in black let out a sneer of sneer.

Then, the black wind rolled and stood in front of them again.

He was proud of his face, haha smiled: "You guys, you can't escape my palm at all!"

"Today, you are bound to die under my hands!"

"But, before I die, I must enjoy the two of you!"

There was a lustful look on his face, looking at Senior Sister Yu and Senior Sister Zhou, his eyes swept across them with undisguised desire.

He chuckled lasciviously: "Look at you two little girls, you are young, but they are all beautiful in shape, haha, I must enjoy it, hehe!"

Then, Senior Sister Yu and Senior Sister Zhou, both of them showed hopelessness on their faces, and there was a deep shame in their eyes.

They would rather die than be humiliated.

The male disciple Xu swallowed, pretended to be calm, and shouted:

"This brother of the Liefeng Sect, we Chengtian Sect and your Liefeng Sect have always had no grudges."

"Although the disciples of the two factions are not so friendly, they will never kill when they meet each other. Why did you go after the assassin after seeing us this time?"

"Haha, why?" The man in black showed a weird smile on his face, and he sneered:

"You three **** are so tender, you can't even think of this!"

With a condescending and arrogant color, he slowly said: "Well, I will enjoy these two chicks later, I am in a very good mood, and I will tell you why!"

"One year later, it will be the highest ceremony for young talents in the nine counties of Qingzhou, the nine major sects, and the sword conference!"

"At that time, young talents from various martial arts will be swarming out to compete!"

"And I, the master of the Gale Gate, had already given the order a year ago, but if you see young talents from the other eight sects, you will kill them all!"

"On the rewards of the Sword Conference, I will win the Gale Gate!"

Sister Yu waited for the three of them, and only after hearing this did they understand the reason.

With an expression of disbelief on her face, Senior Sister Yu shouted out: "You, you guys are too bold!"

"Other young and talented disciples of the eight major sects, you all have to beheaded? Once this incident spreads out, your Gale Gate will be attacked by all the crowds!"

"At that time, it will be the time when your Gale Gate is destroyed!"

"Hahahaha!" The man in black smiled triumphantly: "Do you think our Gale Gate didn't think about this problem?"

"As long as you are killed and no one is left alive, naturally there will be no news!"

"Furthermore, we were prepared long ago, and I will kill you after I finish eating the two of you later."

"And if someone happens to find your corpse after a period of time, they will find that the wounds on the corpse are caused by the martial arts of another sect!"

With that, there was a burst of triumphant sound.

"You, you are so shameless, you want to blame others!" Senior Sister Yu gritted her teeth angrily, her face flushed!

"Hahahaha, I'm despicable and shameless, and I'm a despicable and shameless person who will press on you later! What can you do to me?"

The man in black laughed wildly.

He was extremely proud at this time.

He is almost forty years old. These young talents will definitely surpass him in the future, and they will be the people he looks up to in the future.

And now, he can kill so many future talents, let him get a kind of abnormal pleasure.

"You dare to kill us, our Chengtian Gate will never let you go! Even if we find the End of the World, we will hunt you down to death!"

The male disciple Xu shouted sharply.

However, even Chen Feng could see that he was stern and stern, and even his voice was trembling.

"Kill me to the end of the world? Okay! I'm just waiting! I really don't believe it!"

[Chapter 974: Contempt](#)

"It's just a pity, you can't see that day!" The man in black dismissed it with contempt and laughed extremely arrogantly!

Suddenly, his smile on his face closed, and he said with a grim look: "Today you three must die!"

"No, the two of them must die, but you may not." At this time, a very evil smile suddenly appeared on the face of the man in black.

Let the male disciple who looked at Xu said: "I am mainly here to kill the two of them today. As long as you get out now, I don't mind sparing you."

"What? Is this true?" The male disciple surnamed Xu was first surprised, and then his face showed undisguised ecstasy.

He didn't expect that he would still have a chance to escape.

This terrible enemy even forgave himself!

At this time, Senior Sister Yu coldly shouted: "Xu Dongyan, do you believe his nonsense?"

"He is fooling you!"

"What kidding me? Absolutely not! I know, are you jealous of me?"

"Don't you just think that you are going to die, but I can escape, so you are jealous of me!"

Xu Dongyan stared at them and said coldly.

Then, he looked at the man in black and immediately changed an extremely flattering expression.

"I will get out of here, I will get out now!"

With that, he must turn around and leave.

The man in black said coldly: "I let you go instead of letting you go!"

A thick humiliation flashed in Xu Dongyan's eyes, but he didn't dare to resist at all, lying on the ground directly, walking out with a rolling attitude.

After rolling for about ten meters, the man in black suddenly laughed: "I'm fooling you!"

"You little bastard, how could I let any of you go?"

"What I said, you are all going to die today!"

As he said, he rushed to the side of Xu Dongyan, kicked him fiercely, kicking him wildly with blood, and hit the ground.

Both Sister Yu and Sister Zhou showed contempt on their faces and looked at him with disdain.

Xu Dongyan also knew that he had been tricked, and his face was flushed.

And his face also showed a touch of despair.

The man in black didn't even look at him, with a lewd expression on his face, and walked towards Senior Sister Yu and Senior Sister Zhou.

Obviously, he has lost his patience and intends to enjoy the two girls.

The faces of Sister Yu and Sister Zhou were desperate.

Suddenly, the two of them looked at each other, gritted their teeth, both showing a touch of determination, drew out their weapons, and cut them to their throats.

The two would rather commit suicide than fall into the hands of such people and suffer humiliation.

"Want to die? How easy is it!"

The man in black sneered, flicked his hands, and a strong wind surged out, directly sweeping out the weapons in the hands of the two.

Then, with a wave of his hand, he sealed the meridians of the two.

Sister Yu and Sister Zhou showed deep despair in their eyes. They knew that they could no longer avoid being humiliated.

The man in black grinned and said, "I want you to die, you can't live! But now I want you to live, but you can't die!"

"When I play with you enough, you can die!"

With that, he rushed towards the two women.

But at this time, suddenly, a clear voice came: "Let go of them!"

Hearing this voice, the two girls who had already closed their eyes with tears on their faces suddenly widened their eyes, with a strong color of hope in their eyes.

They looked in the direction of the sound.

For them, this is undoubtedly a touch of light in despair!

The man in black paused, then he slowly stood up straight, turned around, and saw Chen Feng.

After seeing Chen Feng's looks and strength, his face immediately showed a touch of disdain: "Who am I? It turns out to be a little boy!"

"And it's still a waste from the Divine Gate realm! Haha, a waste from the Divine Gate realm, just learn from other heroes to save the beauty, right?"

He let out an arrogant and disdainful laugh.

After seeing Chen Feng's strength clearly, both Senior Sister Yu and Senior Sister Zhou both showed undisguised disappointment.

They saw Chen Feng's strength, they didn't think Chen Feng was the opponent of the man in black, only that he was hitting the stone with a pebble.

Xu Dongyan, who was on the side, was full of hope, but now it was hopeless.

He turned into anger, and screamed: "You are a waste of the gods, what are you, you dare to learn from other heroes to save the beauty?"

"The three of us are all Tianhe realm masters, none of them are his opponents. Can you be his opponent?"

"It's just to die!"

He smiled somewhat gleefully: "Now, one more person will die with us."

Senior Sister Yu said angrily: "Xu Dongyan, what are you talking about, after all, people came to save us with kindness, but what about you?"

"You are still gloating!"

She yelled at Chen Feng: "This little brother, you are not his opponent, run quickly, it is too late to leave now!"

"He wants to run, and he has to get my consent!"

His expression suddenly became savage, staring at Chen Feng and said: "Trash, if you do this, you will only die without a place to bury yourself!"

Chen Feng said coldly, "Really? Then I really don't believe it!"

"You little bastard, you are extremely arrogant, you are looking for death!"

"I'm a dignified Tianhe Realm two-star master, and you? It's just a trash from the Divine Gate Realm. Do you think you might be my opponent?"

Chen Feng smiled and said, "Then a fight!"

"Haha, you little bastard, you still want to fight with me, what are you? You deserve it too?"

As if he heard some incredible joke, the man in black let out a burst of disdain, his face full of disdain and contempt.

He didn't think Chen Feng was his opponent at all and laughed loudly.

Suddenly, he looked cold, and said in a cold voice: "Little bunny, your arrogance, successfully angered me!"

"I'll use the most cruel means to kill you later!"

As he said, he shouted sharply.

Suddenly, a strong wind swept across, the wind was extremely strong.

And his body was hidden in this gale, rushing towards Chen Feng quickly.

The gale suddenly turned into countless wind blades, extremely sharp, and shot at Chen Feng.

In the next moment, Chen Feng will be stabbed into a hornet's nest.

Obviously, this person is a wind-type martial artist, and all he cultivates are wind-type martial arts.

Senior Sister Yu and Senior Sister Zhou couldn't bear to see this scene and closed their eyes.

In their opinion, Chen Feng would be directly beheaded by this trick!

Chen Feng smiled slightly, punched out, thunderous!

This punch directly smashed all the wind blades.

Senior Sister Yu and Senior Sister Zhou did not hear the screams they expected, and both opened their eyes in surprise.

[Chapter 975: Dumbfounded](#)

I saw that Chen Feng was still standing there leisurely.

As for the man in black opposite Chen Feng, a look of surprise appeared on his face.

The black man stared at Chen Feng: "Unexpectedly, I underestimated you. It turns out that you still have some strength."

"However, that move just now was just my weakest move!"

"Next, after I use my real strength, I can definitely kill you easily!"

As he said, he roared sharply and waved his fists. The black gust of wind turned into two huge wind vortexes, rushing towards Chen Feng.

Seeing this scene, Senior Sister Yu and Senior Sister Zhou both showed worried expressions on their faces, shouting loudly: "Be careful!"

The two of them were swept into this whirlpool of wind just now.

There are countless sharp blades in the whirlpool. After being rotated in, they will be attacked by countless sharp blades, and you will be directly injured!

Both of their legs were rolled in, and the legs were seriously injured!

Chen Feng smiled slightly, then punched out again.

After he blasted this punch, he smashed these two wind vortexes again!

"What? How could it be?" The man in black exclaimed, his face aggravated with surprise: "How can you crush my trick so easily?"

Chen Feng smiled slightly: "What's your trick in front of me?"

He shook his head and said, "I don't want to talk nonsense with you anymore."

As he said, he swiftly moved forward and threw a fist.

The man in black also blasted a punch, the two fists collided, and each stepped back.

The black-clothed man sneered and said: "You're just that capable, do you think you can beat me?"

Chen Feng shook his head: "This is just my weakest punch!"

The man in black laughed and said with disdain, "Huh."

Senior Sister Yu and Senior Sister Zhou also showed disbelief on their faces, thinking that Chen Feng was bragging.

Chen Feng returned the big words the man in black had just said.

However, the difference between the two is that the person in black will be slapped in the face when he speaks big words, while Chen Feng's big words are the truth!

Chen Feng laughed and blasted out with a punch, it was Kuang Lei that broke the five mountains!

He bombarded five punches one after another!

After the five punches blasted out, a ball of thunder and lightning was formed.

The lightning ball slammed heavily on the body of the man in black.

The man in black let out a scream, and then his body turned into a piece of coke and fell heavily to the ground.

Directly killed by Chen Feng!

Seeing this scene, Sister Yu and the other three were all stunned.

Senior Sister Yu looked at Senior Sister Zhou and said blankly: "I didn't have hallucinations, right?"

"A person from the Divine Sect Realm actually killed the two-star master of the Tianhe Realm?"

Junior Sister Zhou was also incredulous: "How is it possible? How is it possible? This makes no sense at all!"

"How could he be the opponent of the man in black? That's a two-star master of Tianhe!"

But at this time, Xu Dongyan on the side was extremely upset, patted his head, and said regretfully:

"Oh, I should have seen it a long time ago. This man in black has already exhausted his qi, and he is strong outside, but he has no strength at all."

"I should have been desperately fighting with him just now. In that case, he can definitely be killed easily. If he really has any strength left, how can this little bunny from the Divine Gate Realm be his opponent?"

"Oh, Bai asked him to pick up a bargain, but I just used up the man in black's true energy."

He did not think that Chen Feng defeated the man in black by his own strength, but felt that Chen Feng had picked him up.

He still looked down on Chen Feng's strength.

Chen Feng stepped forward and untied the sealed meridians on Senior Sister and Senior Sister Zhou.

The two naturally thanked him again and again, and Chen Feng smiled slightly, then looked at Xu Dongyan again, and walked to his side and helped him up.

Xu Dongyan pushed him away with a proud look.

Chen Feng gave him a cold look and walked directly to the body of the man in black.

Thunderbolt fist does not destroy the mustard bag.

As a result, he didn't expect that there would be no mustard bag on the man in black.

Chen Feng looked at it for a moment, then it became clear.

It is estimated that the Liefengmen sent these men in black to slaughter the young talents of various sects, because they were afraid that they would leak the wind, so they were not allowed to carry mustard bags at all.

For fear that something would show up and arouse others' suspicion, I found the Gale Wind Sect.

Chen Feng only found a crystal bottle nearby.

This crystal bottle didn't know what material it was made of. It looked extremely strong and undamaged.

The crystal bottle was filled with purple blood. This purple blood was quite magnificent, and there seemed to be something illusory and disillusioned in it.

Chen Feng glanced at it and felt as if his mind was about to be taken in.

Chen Feng was wondering. Suddenly Xu Dongyan walked up to Chen Feng, looked at him with a touch of disdain and contempt, stretched out his hand, and said with arrogance:

"Hand over things!"

Chen Feng was stunned: "What?"

"Nonsense? What else can it be? Of course it's a bottle full of purple blood in your hand! This is our thing!"

"Hurry up!" Xu Dongyan urged impatiently.

Chen Feng frowned immediately, and he said coldly, "What if I don't hand it over?"

Xu Dongyan sneered: "Huh? You, a waste of the gods, do you think you have defeated the man in black, you think you are amazing?"

"Tell you, if it wasn't for the man in black who had exhausted all his power when fighting with us, and only an empty shell was left, how could he be easily defeated by you?"

"I am a dignified Tianhe one-star master. I want to crush and kill the waste of your gods, but it's just a matter of raising my hand!"

When Chen Feng looked cold, he wanted to do it.

He was going to teach this person who didn't know the heights of the world a lesson.

Xu Dongyan was really disgusting. He saved Xu Dongyan and others. Not only did Xu Dongyan not feel grateful, he even asked him for something directly with this attitude.

Chen Feng originally wanted to give it, but now he says he won't give anything!

Moreover, Xu Dongyan's performance when he was hunted down before made him extremely contemptuous.

At this time, Senior Sister Yu walked over and stopped between the two. She smiled at Chen Feng and said, "This little brother, give me a face."

"Xu Dongyan is such a person, don't be familiar with him!"

Then turned around, looked at Xu Dongyan, and said coldly: "Do you still have the face to beg for?"

"If it weren't for this little brother, we would all be dead! Even if this bottle of blood is paid to this little brother, it should be!"

Xu Dongyan snorted coldly, and pointed at Chen Feng: "You will remember it for me!"

[Chapter 976: Blood of the Wolf God](#)

"Today I think it is because of the face of Senior Sister, I will spare your life, but next time you won't have such good luck!"

"Next time, I will just abolish you!"

Chen Feng felt very funny.

This Xu Dongyan couldn't support even a round under the man in black, and he could easily kill the man in black.

He even dared to speak cruel words to himself here, it was ridiculous!

Chen Feng shook his head, not too lazy to be familiar with such people.

Outside a cave, a bonfire burned.

Chen Feng was still attentively grilling the suckling pig on the iron fork.

Next to him, Senior Sister Yu and Senior Sister Zhou had treated the wounds on their legs, and the two of them were sitting beside them, amused by the blood wind.

At this time, Xuefeng was covered in white hair, looked very cute and lovable, and could do those likable movements. Soon the two girls fell in love with Xuefeng.

Chen Feng already knew the names of the two of them. Sister Yu was named Yu Qiudie, and Sister Zhou was named Zhou Wanru.

Although Zhou Wanru has a euphemism in her name, her personality is very hot and cheerful.

She giggled, clapped her hands, and said, "Come on, Bloodwind, come into my arms."

Xuefeng's eyes rolled thieflly, and there was a clear expression in his eyes.

He jumped directly on it, Xuefeng's head pressed hard against it, his two paws touched it randomly, and he gave Chen Feng a thief.

There is still some pride in his eyes, as if showing off to Chen Feng: "Look, I can touch it, you can't touch it!"

Chen Feng shook his head and laughed: "Bloodwind, this guy, is almost perfect."

"Apart from being unable to speak, being smart is nothing worse than a person."

Zhou Wanru giggled and said, "Oh, Bloodwind, what are you doing with such great energy?"

On the side of Yu Qiudie, a flush of crimson flashed across her face, she pinched Zhou Wanru lightly, and whispered: "Wanru, be quiet!"

Zhou Wanru lowered her head and saw the thief look of Bloodwind, she immediately understood what was going on.

Even with such a violent temper, she blushed a little, and immediately rubbed her hands on Bloodwind's head fiercely, pretending to be angry: "You little dog!"

The blood wind whimpered with dissatisfaction!

Chen Feng smiled and said, "Bloodwind is a wolf. He hates others saying he is a dog."

"Hmph, it's a wolf and a pervert! It's a little pervert!" Zhou Wanru hummed twice, Tsundere said.

"If there is a master, there must be a servant. The blood wind is so horny, you must be taught by the master!"

Chen Feng smiled bitterly: "I'm really wronged!"

Zhou Wanru rolled her eyes and said maliciously, "Chen Feng, you said that the little guy, Bloodwind, knows that we both look good, and we all know that we are playing perverts here. You don't even look at us. what?"

She stood up a little dissatisfied, and said: "Don't you think we look good, do you think we are in good shape?"

Chen Feng was sweating profusely, how dare Wanru say anything this week?

Yu Qjudie, who was next to her, also flushed, and whispered, "Sister Zhou, what are you talking about?"

Zhou Wanru said with a hippie smile: "Sister Yu, I'm joking with him! Haha!"

At this time, Chen Feng smiled and said: "The meat is cooked, who of you wants to eat it?"

Zhou Wanru immediately shouted with joy, "I want to eat, I want to eat, I am almost starving to death, and I haven't eaten for a long time."

With that, he snatched the roast suckling pig in Chen Feng's hand and took a big bite.

Then, she looked at Chen Feng with both eyes beaming, and shouted in surprise: "Ah, Chen Feng, it's delicious, I didn't expect you to have this craft!"

The **** wind on one side, drooling, looked at the roast suckling pig that belonged to him, and fell into the hands of this wicked woman, looking at it with small eyes, very pitiful.

There were two whimpers in his throat.

Zhou Wanru felt a little distressed, and quickly tore a large piece of meat and handed it to him: "Bloodwind, come, eat!"

The blood wind flashed in the eyes of the thief, and his body fluttered. Taking advantage of Zhou Wanru's carelessness, he directly snatched the roast suckling pig and held it in his mouth.

Zhou Wanru was furious: "Bloodwind, you stinky fellow, little pervert, quickly return the roast suckling pig to me!"

The blood wind thief looked at her, suddenly very quickly, licking the whole roast suckling pig with his wet tongue.

Then, holding the roasted suckling pig in his mouth and licking his teeth, he brought the roasted suckling pig to Zhou Wanru.

He seemed to be saying: "Do you want to eat? You can take it if you want!"

Zhou Wanru hurriedly avoided, looking at him disgustingly: "You fellow, you are a superb!"

As he said, he laughed out loud!

Chen Feng looked at him and laughed, feeling that this scene was very warm.

Yu Quidie was beside her with a gentle smile.

The laughter in the night spread far away.

At this time in the cave, Xu Dongyan, who had no one to care about, stared at Chen Feng firmly.

He curled up in the corner, his face full of spite.

He felt that Chen Feng had robbed him of the limelight, and the murderous intent had flashed in his heart.

"Right," Chen Feng seemed to remember something, took out the crystal bottle, shook the purple blood inside, and said:

"What is your bottle of blood for?"

Zhou Wanru and Yu Quidie looked at each other, Zhou Wanru said with a grin: "Chen Feng is our savior, there is nothing bad to say."

"Furthermore, with the strength of a few of us, we can't do this at all. Just say it, it's nothing."

She said to Chen Feng: "This purple blood is actually the blood of the wolf god."

"What? Blood of the Wolf God?"

Chen Feng was shocked when he heard this.

I knew it was a very high-level thing when I heard it, I'm afraid it was far beyond his current level.

"Yes, it is the blood of the Wolf God, but it is not absolutely pure, but even so, the purity is extremely high."

"There is a drop of blood of the wolf god, and the concentration is equivalent to the sum of the blood of the entire Demon Wolf Valley, all the demon wolves, and all the blood of the wolf **** in the body! The level is very high!"

Zhou Wanru went on to say: "This time we came, in fact, we chose a mount for me."

"I want to choose a wolf-type monster beast as a mount. I heard that in the Demon Wolf Valley, the king of the demon wolf is a fifth-grade spirit beast with very powerful strength."

"However, we are far from an opponent of the fifth-grade spirit beast."

"So, we deliberately asked for this bottle of wolf **** bloodline from the sect. As long as we have the wolf **** bloodline, we will have an extremely strong attraction to this wolf king. We are not afraid that he will not yield."

[Chapter 977: provocative](#)

"After you tamed it, give him this bottle of blood, and it can evolve, at least it can evolve into a sixth-grade spirit beast, and even higher!"

Chen Feng listened and took a breath.

This Langshen bloodline is really amazing! It was able to make the spirit beast evolve again!

You know, the fifth-rank spirit beast at this time is already an existence that Chen Feng wants to look up to.

Chen Feng's current strength is sufficient to deal with third-rank spirit beasts, but there is bound to be no chance of winning against fourth-rank spirit beasts. For fifth-rank spirit beasts, he can't pass ten moves even if his cards are exhausted!

After hearing this, he was also shocked, knowing that he still underestimated the strength of Demon Wolf Valley.

It turned out that the wolf king turned out to be such a powerful spirit beast.

Zhou Wanru said suddenly: "Chen Feng, this bottle is of the blood of the wolf god, I have given it to you."

"What? You gave it to me?" Chen Feng said in shock.

Then he declined: "I can't ask for such a valuable thing."

Zhou Wanru said, "Oh, he's still not a man? Why are you so stubborn?"

"Say it's for you, just take it. Besides, I'm not for you, I'm for Bloodwind."

She looked at the blood wind and said, "I am very fond of the blood wind."

"Bloodwind is also the bloodline of wolf-type monster beasts, the bloodline of wolf god, after he drinks it, it will definitely be of great benefit."

Chen Feng still hesitated. At this time, Yu Qiudie said in a low voice: "Chen Feng, just accept it. You saved our lives. No amount of thanks can be excessive."

"Furthermore, Wanru's father is the deputy head of the Chengtian Gate. He is powerful, and she has some good things! You don't need to be polite to him."

When Chen Feng heard this, he no longer declined: "Haha, I didn't see it, as if she was still a rich little woman."

"In this case, then I won't be polite to you."

Xuefeng understood what Zhou Wanru said, and hurriedly shook his head and walked to her, rubbing her head hard, her tail swaying quickly, with an extremely flattering look.

He is very pleasing to be like this.

Zhou Wanru snorted and struck him lightly on the head:

"You cunning little thief, when you hear it's good, you come to please me right away, it's not the way it was when I robbed my suckling pig!"

Even if the blood wind was so cheeky, he was a bit embarrassed at this time, and he hurried twice in his throat, as if saying that he was wronged.

Zhou Wanru giggled: "Okay, okay, I'll give it to you."

When the blood wind heard it, he was very excited, and he hurried over and took away the crystal bottle in Chen Feng's hand. He didn't know where it was hiding, and disappeared in an instant.

Chen Feng really doubted whether he swallowed the bottle directly.

The next morning, Chen Feng woke up from practicing, stood up, walked outside the cave, and moved his muscles and bones.

At this moment, he heard footsteps behind him.

When I turned around, I saw Xu Dongyan coming over.

Xu Dongyan walked up to Chen Feng, stared at him coldly, lowered his voice, and said in a cold voice: "You trash from Ziyang Sword Field, I warn you, stay away from Wan Ru!"

Chen Feng looked at him and said coldly, "What do you mean?"

"What do you mean? I tell you, Wan is mine!" Xu Dongyan said coldly:

"Don't think I can't see it, don't you think about pursuing Wanru until you know who is Wanru?"

"At that time, if you can really become the son-in-law of the deputy master of Chengtian Sect, you will be able to reach the sky in one step."

"Tell you, you are dreaming!"

"It's like mine, you keep your distance from her in the future, and then let me see you get close to her, I will just abolish you!"

He threatened with a hideous expression.

Chen Feng felt that this person was very tired and crooked, and his strength was obviously low, but he felt that he was much stronger than himself, very ignorant.

Moreover, clinging to Zhou Wanru is clearly his idea, but he thinks everyone is like him.

Chen Feng turned around lazily, as if he hadn't heard him.

Xu Dongyan's face was flushed and he felt that he was underestimated.

He immediately caught up with him, stretched out his hand, and directly grabbed Chen Feng by the collar.

He shouted grimly: "Trash, did you hear what I said? You dare to ignore what I said?"

Chen Feng said coldly: "Let go!"

If Xu Dongyan dared to hold for more than two seconds, he would directly destroy Xu Dongyan.

Xu Dongyan was about to speak, and suddenly at this moment, Zhou Wanru's voice came:

"Xu Dongyan, stop! What are you doing?"

Xu Dongyan let go of Chen Feng, looked at Zhou Wanru with a smile on his face, and explained: "It seems like, don't get me wrong, I'm having fun with Brother Chen Feng!"

With that, he glanced at Chen Feng with a threatening look in his eyes, and said, "Is it right, Brother Chen Feng?"

Zhou Wanru said coldly: "Do you think I am blind? Do you think I will believe your nonsense? Why are you playing with Chen Feng?"

He looked at Xu Dongyan and shook his head, with a look of disdain between his brows.

"Xu Dongyan, when I was in the sect, I was deceived by you. I really think you are a responsible hero."

"Unexpectedly, you are a narrow-minded, cowardly, incompetent, shameless, sinister villain!"

"When the man in black wanted to humiliate me and Sister Yu, you were running for your life alone!"

"And Chen Feng, for saving us, you actually avenged him and uttered bad words!"

Xu Dongyan was also a little bit irritated by his duties, and said coldly, "What kind of life-saving is he?"

"At that time, if the man in black had not exhausted his qi because of fighting with us, how could Chen Feng be such a waste from the Divine Door Realm, how could he kill him?"

Chen Feng felt very funny.

It turned out that Xu Dongyan thought so. He felt that his strength was humble. If he hadn't exhausted his true essence before the man in black, he couldn't kill the man in black at all.

Xu Dongyan said shamelessly: "At the beginning, the man in black dealt with me, it should have exhausted all his last strength, so Chen Feng picked up a bargain!"

Zhou Wanru said coldly: "I don't care about your rhetoric, anyway, from now on, if you dare to threaten Chen Feng with a word, after returning to the sect, I will tell your father to expel you from the sect!"

After hearing this, Xu Dongyan's face was blue and red, and his face turned into anger.

He suddenly screamed at Chen Feng: "You trash, will you only hide behind a woman?"

"If you have the courage, just fight with me."

Chen Feng said coldly: "You want to fight, don't you? Then fight!"

"Okay, you trash, you still have the courage!" Xu Dongyan said proudly:

"Don't blame me for not reminding you. If there is a fight later, I might accidentally make a heavy hand and it will directly destroy you!"

[Chapter 978: Who is the waste?](#)

Chen Feng chuckled, already too lazy to talk to them.

This person is extremely arrogant, and Chen Feng has completely lost patience with him.

I want to teach him a lesson now!

At this time, Yu Qiudie also walked out.

She looked at Chen Feng with some worry and said, "Chen Feng, you?"

She felt that Chen Feng might not be Xu Dongyan's opponent.

Seeing this scene, Xu Dongyan was even more proud.

Chen Feng smiled and said, "Don't worry."

He went to the other side and hooked towards Xu Dongyan.

Xu Dongyan sneered and walked to the opposite side. Suddenly he shouted sharply, and the long sword in his hand was unsheathed and stabbed at Chen Feng.

Chen Feng lazily said, "It's too weak."

As he said, he slapped and slapped out.

The slap shot directly smashed Xu Dongyan's long sword to pieces, and then slapped his face fiercely.

Xu Dongyan's left face suddenly swelled.

The blood and a few broken teeth were blown out, and his body was beaten a few meters away.

He sat on the ground, looked at Chen Feng with disbelief, and shouted in surprise, "You, how could you be so powerful?"

Chen Feng stepped forward, picked him up by his collar, and said lightly: "You dared to carry my collar just now. I will let you know the end now."

As he said, he slapped him seven or eight big slaps.

Then, he kicked his belly hard.

In front of him, Xu Dongyan had no power to fight back at all, and could only be beaten violently!

Kick for tens of meters.

Then, Chen Feng walked towards Xu Dongyan again.

At this moment, Xu Dongyan's gaze towards Chen Feng was already full of fear.

Chen Feng walked up to him, stepped on his face, and said coldly, "Who is trash?"

Xu Dongyan was terrified and said with a trembling voice: "I am a trash, I am a trash."

Chen Feng sneered coldly: "Count you acquaintance."

He said, let go of his foot, turned and left, and said lightly: "Let's go."

Xu Dongyan struggled to stand up behind him, his face full of resentment.

Chen Feng and Zhou Wanru walked this way and learned more about them.

Only then did he know that Qingzhou was originally divided into nine counties, and in every county in Qingzhou, there was an extremely powerful sect that suppressed all other sects of the entire county.

For example, Ziyang Sword Field in Danyang County.

These sects, including Ziyang Jianchang, are all second-level sects.

And just a year later, on August 15th, when the sweet-scented osmanthus fragrant, and when the moon is full, a sword discussion meeting will be held in Qingzhou City.

The sword meeting was presided over by the Qingjun king who guarded Qingzhou.

This time the sword discussion conference, only some extremely powerful sect forces are eligible to participate, including the nine major sects.

Throughout Qingzhou, all young talents gathered to compete in martial arts.

The person who wins in the end gets an extremely precious treasure as a reward!

And Zhou Wanru and the others also knew the purpose of Chen Feng's coming here.

Zhou Wanru was very excited and said in anticipation: "Chen Feng, let's go with you! I also want to see how powerful this unicorn purple python is!"

After Chen Feng pondered for a moment, he said, "Okay, let's go together!"

Both Yu Qiudie and Zhou Wanru are masters of Tianhe One Star, and Chen Feng can't ask for so many helpers!

Several people walked all the way, and soon they went deep into the depths of the Demon Wolf Valley.

After almost walking forward for an hour, Chen Feng paused and looked around.

Then, a smile appeared at the corner of his mouth: "It's almost there, it should not be far from here."

Zhou Wanru asked in surprise: "How do you know?"

Chen Feng said: "You should also have experience. Since entering the Demon Wolf Valley, it seems that you will encounter a demon wolf after a few steps."

"But for a full half an hour from just now to now, a demon wolf has not been touched. What does this mean? It means that this is another powerful spirit beast's territory, and those demon wolves are afraid to enter."

"In the entire Demon Wolf Valley, how many spirit beasts can be so powerful? One-horned Purple Python is one of them."

Soon after Chen Feng searched carefully, he found a snake road.

In one place, there was a large tract of grass, and at this time a certain piece of the grass was overturned, revealing a huge passage about several feet wide.

The passage continued to spread forward, and Chen Feng bent over and touched the ground, and then showed them the mucus on his hands.

He said: "There must be a huge snake-like monster passing from here. If no accident, it should be a unicorn purple python."

Chen Feng and others followed the snake road all the way to the west.

Xu Dongyan followed, his eyes flickering, and he didn't know what he was thinking.

The snake road is very long, and it takes an hour to be the end.

At the end of the snake road, there is a lake, which looks extremely quiet and without waves.

Zhou Wanru said in surprise, "Chen Feng, you said the unicorn purple python is here?"

Chen Feng nodded: "It should be correct."

At this time, suddenly, the lake was churning.

A huge whirlpool appeared in the big lake, the whirlpool grew deeper and deeper, and finally passed from the lake surface to the bottom of the lake, exposing the bottom of the lake.

Then, a huge monster suddenly sprang out of the whirlpool.

This is a purple-gold python, this purple-gold python is about 150 meters long and more than 20 meters in diameter!

The body is extremely large, if curled up, I am afraid it is the size of a hill.

The surface of its body is all huge golden scales the size of a table of eight immortals, gleaming in the sun, like a purple gold cast.

And on top of his head, there is a five-meter-long purple-gold unicorn with an extremely sharp tip!

He was exuding a huge aura, with a joking expression in his eyes, looking at Chen Feng.

Zhou Wanru showed a look of horror on her face: "Chen Feng, is this the unicorn purple and golden python you're looking for?"

Chen Feng took a deep breath. He turned around and looked at Yu Qiudie and Zhou Wanru with a wry smile, and said, "Yes, this is the unicorn purple python I'm looking for."

"It's just the news I got before that the unicorn purple golden python is a third-rank peak spirit beast, but I didn't expect it to be a fourth-rank spirit beast!"

The strength of this purple python has exceeded Chen Feng's expectations.

Chen Feng looked at Yu Qjudie and Zhou Wanru and said, "You two, get out of here!"

"This purple-golden python may not be something I can deal with. If you really want to fight, it may affect you two."

Zhou Wanru said angrily: "Chen Feng, what are you talking about?"

At this time, Xu Dongyan behind him shouted loudly: "Senior Sister Yu, Senior Sister Zhou, let's leave here quickly and don't get involved in this waste."

[Chapter 979: tyrannical! Five-stage spirit beast!](#)

"It doesn't matter if he died here, what a pity if we die here?"

Zhou Wanru turned her head and shouted angrily: "You shut up!"

The fourth-rank spirit beast is already the limit that Chen Feng can handle at present, and even he has no chance of winning at all.

He didn't want to drag Yu Qjudie and Zhou Wanru into the water.

At this time, upon hearing what they were saying here, a humanized playful expression flashed in the eyes of the unicorn purple python, as if a cat was playing with a mouse.

Suddenly, his momentum surged again.

With a quick brush, it turned into a fifth-grade spirit beast directly from a fourth-grade spirit beast!

The huge momentum rushed over all over the world.

Chen Feng's heart was even more shocked.

It turned out that this unihorned purple python turned out to be a fifth-grade spirit beast!

At this time, he hated the person who posted the task to the extreme. This person must know a lot of inside stories, but he didn't say it, and he deliberately spread rumors that the unicorn purple golden python is just a third-class spirit beast!

If he had known that the other party was a fifth-grade spirit beast, Chen Feng would never come over rashly.

Fifth-Rank, it turned out to be Fifth-Rank, and the same level as Water Splitting Thorns Dragon.

It would be extremely difficult to kill the water thorn dragon. If it were not for many coincidence factors, Chen Feng would definitely not be an opponent.

This one-horned purple golden python is far inferior to the water-splitting thorn dragon, but it is also a real fifth-grade spirit beast, and very powerful!

Seeing the strength of this unicorn purple golden python, the faces of Yu Qjudie and Zhou Wanru both showed hopelessness.

Xu Dongyan, who was not far away, was even more shocked.

Xu Dongyan yelled: "Chen Feng, you killed us, you took us into a desperate situation!"

"Fifth-rank spirit beast, this time, none of us can run, we will all die here!"

He shouted frantically with a hideous face and blood-red eyes.

Obviously, the mood has almost collapsed!

At this time, the unicorn purple golden python slowly swam out of the lake, and then forced it towards several people.

The closer he got to this side, the more majestic the aura he revealed. A pair of eyes stared at Chen Feng and the others, with a playful look in his eyes, like a cat playing with a mouse.

Chen Feng and others are stepping back.

Yu Qjudie and Zhou Wanru were desperate, and Chen Feng's voice suddenly rang in their ears.

Chen Feng turned his head and said in a low voice, "I will perform a trick later, you take this opportunity and run quickly!"

"After I break off, block him, as long as I can block it!"

"This time I am dragging you down. You can't let you die with me!"

Zhou Wanru shook her head, and said firmly, "No, we have to go together, we will not leave you behind!"

Chen Feng said angrily: "Why are you so stubborn?"

Zhou Wanru said: "We are companions, we must not leave our companions and go together!"

Chen Feng was really stunned.

He didn't expect to know him in just one day, but Zhou Wanru had already regarded herself as his companion and had such a firm heart.

A smile appeared at the corner of Chen Feng's mouth, and he said heartily: "Okay, let's go together!"

The unicorn purple-golden python had a full view of their movements, but he didn't stop it at all, on the contrary, the joke in his eyes became more intense.

In his opinion, it is absolutely impossible for these three little mice to escape the palm of his hand and would be easily killed by him.

The harder they resist at this time, the more fun she will have to kill!

If these people don't even resist and kill them directly, it will be boring.

Chen Feng suddenly turned his head and stared at the unicorn purple python.

Behind him, sparkling, nine-headed willow suddenly appeared.

Seeing the nine-headed willow, everyone was shocked!

Zhou Wanru and Yu Qiudie showed undisguised shock on their faces.

Zhou Wanru murmured: "Senior Sister Yu, it turns out that Chen Feng hasn't fully demonstrated his strength yet! His martial soul turned out to be the ancient demon **** Xiangliu!"

"And there are already nine heads, they are the ninth grade yellow!"

Yu Qiudie also exclaimed: "He is really a strong man in the Divine Sect Realm, how could he be so powerful!"

"It's really surprising that there are endless cards!"

But Xu Dong Yanyan, who was not far away, showed a deep jealousy on his face.

After the nine-headed willow appeared, even the one-horned purple python looked at it and couldn't help showing a little surprised expression.

In the next instant, the nine huge mouths of the nine-headed willows opened completely and let out a stern roar.

This roar is no longer a silent sound wave, but tangible and qualitative, clearly visible in the air, and it emits extremely strong vibrations.

In the air, nine air waves oscillated.

And these nine air waves are all attacking towards the unicorn purple golden python!

The nine air waves were very thick at the beginning, but in the end, they became thinner and sharper.

Finally, it almost becomes the thickness of a needle.

And these nine needles condensed together, and slammed hard toward the unicorn purple golden python!

It is the Soul Splitting Needle!

The unicorn purple golden python roared, and its huge head hit the side of the Soul Stitch.

However, it has no effect at all.

The Soul Splitting Needle directly penetrated his attack, and then disappeared into his head.

In the next instant, the unicorn purple golden python issued a terrible call sign.

Obviously, it hurts to the extreme.

The whole body was constantly twisting, and almost all the water of the entire Great Lake was stirred up with it.

Chen Feng shouted: "Go!"

Immediately turned around, pulled Yu Qiudie and elbow, rushed toward the path.

Needless to say, Xu Dongyan can run faster than anyone else.

And just after running out, it was about ten breaths, and suddenly there was a very sharp cry behind him.

It is the voice of the unicorn purple golden python!

The earth trembled. Chen Feng looked back and saw that the unicorn purple golden python had chased him frantically.

Chen Feng was shocked, Soul Stitch, and he only trapped the unicorn purple golden python for ten breaths!

Although the unicorn purple and golden python has no claws and feet, its body wanders on the ground at an extremely fast speed.

He was obviously angry to the extreme, his eyes were full of spiteful colors and strong murderous intent, and he tried his best to chase and kill the three men!

The unicorn purple golden python is extremely fast, far surpassing Chen Feng and others.

Soon, he had chased them at a distance of only tens of meters behind them.

The unicorn purple-golden python showed complacency in his eyes. At this time, as long as he leaned forward, he could easily attack the three of them.

The faces of Xu Dongyan and others showed despair.

At this moment, Xu Dongyan suddenly turned around and attacked the three men frantically with his fists.

The three of them were caught off guard and were directly attacked by him, and their speed immediately slowed down.

Taking this opportunity, Xu Dongyan ran forward frantically and quickly ran out several tens of meters.

He turned his head and looked at Chen Feng with a spiteful face and exclaimed triumphantly: "Chen Feng, you trash! You die here today! I'm going to escape!"

[Chapter 980: Fight to death!](#)

He laughed triumphantly.

In his opinion, the unicorn purple python must first deal with the three of Chen Feng.

And now he is equivalent to throwing the three of Chen Feng in front of the unicorn purple python.

With this time, he can run out no matter what.

There was a fierce and stern look on Chen Feng's face: "You are looking for death!"

He interrupted Yue Dao with his hand and severely cut out: "Shake the earth!"

I saw a row of thorns on the ground, suddenly appearing!

This time, the ground thorns are not distributed in a wide range, but in a linear shape!

From Chen Feng, it has spread to Xu Dongyan.

Above the ground, ground thorns suddenly appeared one after another, spreading to a hundred meters away.

Ground thorns kept appearing, kept moving forward, and soon caught up with Xu Dongyan!

Brushing, a dozen ground thorns appeared directly under Xu Dongyan.

Xu Dongyan was caught off guard, and was directly pierced by these ground piercings, blood flowed.

He uttered a scream and was already severely injured!

Chen Feng looked at him coldly, and said in a cold voice: "Run, run again!"

"Don't you think you have calculated us? I see where else you can go now!"

Xu Dongyan let out a screaming scream, the pain was extreme!

Zhou Wanru sipped: "Bah, it really deserves it!"

Neither she nor Yu Qiudie had any regrets about this, and both thought that Xu Dongyan was more than guilty in his death.

Then at this time, Chen Feng and others had to face the unicorn purple golden python directly.

Chen Feng knew that there was no other way but to fight hard!

The martial arts supernatural powers of the Martial Spirit of Sang Liu, although powerful, even the fifth-grade spirit beasts can be temporarily trapped, but within five days, they can only be used once.

The unicorn purple-golden python looked at Chen Feng, with a vicious look in his eyes.

Suddenly, his huge head slammed into Chen Feng frantically.

His head is huge like a pavilion, with passion and violent wind.

At this time, if the collision happened, Chen Feng and the others would be seriously injured.

Chen Feng stepped forward, blocking Yu Qiudie and Zhou Wanru.

He let out a violent roar, leaped up into the air, interrupted Yue Dao with his hand, and severed it!

It is the newly realized Universe Triple Slash and the second cut, breaking the mountains!

As soon as Chen Feng came up, he used his own trick.

Because he knew that although the one-horned purple golden python was a bit worse than the water-splitting thorn dragon, the one-horned purple golden python was definitely not what he could match.

There is no chance of winning if you don't use the trick when you come up.

As soon as Broken Mountain emerged, three huge sword shadows appeared, and then the three sword shadows merged together on the Broken Yue sword.

Chen Feng's Broken Yue knife slammed into the head of the unicorn purple python.

Chen Feng felt that he had hit a huge iron block.

No, it should be said that it is an iron mountain.

A huge counter-shock force came, and his mouth suddenly burst, and blood flowed out.

And the bones of his arms were even shattered. I don't know how much.

Severe pain came, his hands were numb, and even Duan Yue Dao was a little unsteady.

And his whole person was hit and flew out tens of meters!

However, the unicorn purple-golden python was not better. Chen Feng's sword was extremely powerful, and he directly chopped a dozen scales on his head, cutting out a huge blood trough one meter long and seven or eight inches deep.

Blood rushed out from inside!

The unicorn purple golden python was a little dizzy after being beaten.

He shook his head. This huge wound was enough for a human being to cut it off, but for such a huge body, it was nothing at all.

It's no different from being bitten by a mosquito.

After being injured and suffering, he became even more mad and cruel, roaring, and rushing towards Chen Feng again.

Chen Feng was already slightly injured by the shock, but he was not afraid, and suddenly jumped up, breaking the mountain with a single blow!

Cut out crazy!

He was smashed into flying tens of meters again, but at the same time, the offensive of the unicorn purple golden python was also resolved!

Keng Keng Keng Keng!

Chen Feng interrupted Yue Dao with his hand, and violently collided with the huge head of the unicorn purple golden python five times!

And for the fifth time, finally, Chen Feng interrupted Yue Dao's hand, and a black light and a platinum light flashed past!

After slicing five knives one after another, it finally stimulated the inherent attributes of the Broken Mountain Sword: as heavy as a mountain and cutting iron as mud!

Suddenly, the Broken Yueknife became ten times heavier, and the forward force was ten times greater, and the golden white light flashed on the surface, making it extremely sharp.

The unicorn purple golden python uttered a stern scream. With this cut, Chen Feng cut off his head by half, revealing a huge wound with a radius of two or three meters, and even the pale inside can be seen. Color bones!

At this time, the unicorn purple golden python was hit hard.

However, Chen Feng was also extremely injured!

The bones of his arms were all shattered, hanging down like soft noodles.

He smashed his whole body heavily on the ground, spurting blood, and Duan Yue Dao was thrown aside!

Yu Qjudie and Zhou Wanru rushed over and asked with concern: "Chen Feng, Chen Feng, how are you?"

Chen Feng shook his head, forced a smile, and said faintly: "Don't worry, I'm fine!"

As he said, he struggled to stand up and once again stood in front of the two girls.

At this time, the unicorn purple golden python was almost crazy.

He attacked Chen Feng madly again.

This time, not with his head, but with his huge tail!

It's like a sweeping train!

Chen Feng felt like a wall made of gold, slapped heavily towards himself and others!

There is nowhere to hide, only hard-wired!

Chen Feng took a deep breath and let out a furious roar.

A **** light flashed across the broken right arm, and then he fisted five punches in succession!

Kuang Lei breaks the five mountains!

Five punches blasted out, and a ball of lightning appeared, slamming heavily on the giant tail of the unicorn purple golden python.

With a loud bang, the tail of the unicorn purple golden python was directly blown out of a blood hole the size of a water tank, and blood rushed out frantically from it.

However, its tail has also been thrown on the bodies of Chen Feng and the three of them, flying them hundreds of meters away!

Chen Feng was the hardest hit, and his bones were broken, and he fell to the ground hard, beating him out of shape.

And Yu Qjudie's and Zhou Wanru both spurted blood and were seriously injured!

Chen Feng was already injured and dying, the unicorn purple golden python slowly walked over, looking down at Chen Feng, his face was extremely resentful!

Yu Qjudie and Zhou Wanru showed hopelessness on their faces, already closing their eyes and waiting for death.

At this moment, Chen Feng still had unyielding fighting spirit in his eyes.

He did not give up at all, he is still waiting for the opportunity!

As long as he breathes, Chen Feng will never give up his desire for victory.

And at this moment, suddenly, the blood wind made a scream and directly blocked Chen Feng.
