[Chapter 981: The power of the wolf king!](#)

Chen Feng was shocked and said loudly: "Bloodwind, come back quickly!"

He would rather die on his own than he would have an accident.

However, the blood wind turned his head now and gave him a relieved look.

Chen Feng was a little surprised, and the unicorn purple golden python was also a little baffled by the sudden appearance of the little guy.

Then he showed an expression of extreme disdain.

At this time, the blood wind suddenly spit out a crystal bottle, then snapped the crystal bottle into pieces, and then absorbed all the purple blood inside.

It is the blood of the wolf god!

Then in the next instant, Blood Wind suddenly grew bigger and bigger, and in a blink of an eye it became ten meters long and three meters high, becoming a huge monster.

The fur on the surface of his body also gradually changed from white to purple. Before turning to one-third, he stood still and let out a long howl.

This howl was like howling a wolf, but it was filled with an extremely strong and domineering atmosphere of the king!

Chen Feng and others faintly felt that they wanted to kneel to the blood wind and worship and surrender to it.

Such an instinctive desire was born in my heart, but Chen Feng was forcibly suppressed.

Chen Feng was shocked: "What kind of ability is this? How can it be so powerful? It makes me feel like I want to surrender?"

The blood wind at this time, under the sunlight, gives people a feeling of nobleness, just like having the most noble blood!

In his ears, the old man murmured in surprise: "This is the power of the wolf king!"

"Bloodwind originally possessed the most noble and purest inheritance of the wolf god. After swallowing the Watersplitting Thorny Dragon, the inheritance gradually awakened!"

"And after he drank the blood of the wolf god, he even activated the power of the wolf king!"

Chen Feng exclaimed: "What is the power of the wolf king?"

However, without an old answer, Chen Feng knew soon.

This long wolf howl, I'm afraid it will spread for hundreds of miles, and the entire Demon Wolf Valley can hear it.

But after a while, Chen Feng heard the sound of howling wolves one after another.

These howling wolves seem to echo the howling of the blood wind.

Then, Chen Feng saw that many demon wolves emerged from the distant bushes, in the grass, behind the bushes, and in the woods.

These demon wolves have the color of black iron, bronze, silver, and even gold.

Soon, the number of demon wolves reached several hundred, and they were all pouring towards here!

The echoing wolf howl spread farther and farther, and even converged into a huge sound.

It seems that all the demon wolves in the entire Demon Wolf Valley heard the howling of the blood wind, and they all responded to him.

The king who responded to them!

Chen Feng suddenly felt the earthquake tremble.

Then he saw that a black line in the distance was approaching this side.

When I take a closer look, where is the black line? There are obviously countless demon wolves!

I'm afraid there are thousands and tens of thousands of them, rushing here like a tide.

And seeing this scene, even the unicorn purple golden python could not help but let out a scream of shock, and backed hundreds of meters.

The demon wolves gathered more and more here, and finally, on this vast plain, they were even covered by the demon wolves.

At a glance, I'm afraid there are hundreds of thousands of them!

Chen Feng looked at it and took a deep breath: "Are all the demon wolves in Demon Wolf Valley gathered here?"

These demon wolves all fell on the blood wind, and there was a look of surprise in their eyes.

At this time, the blood wind suddenly let out a howling wolf.

In this wolf howl, there is endless majesty.

His eyes are piercing, and he exudes a strong and incomparable royal air, suppressing his surroundings.

Feeling this strong kingly aura, hearing this majestic wolf howl, the color of doubt in the eyes of these monster wolves has all disappeared, becoming surrender and obedience.

All the demon wolves bent their front paws and lay on the ground, lowering their proud heads!

The blood wind suddenly jumped up, jumped onto a cliff, and howled forever!

And below, hundreds of thousands of demon wolves, in response to their king, all screamed to the sky!

The howling of the wolf shook the sky, and the momentum was huge. This sound seemed to overturn Chen Feng and others!

Chen Feng was surprised and delighted, and said to himself: "This, is this the power of the Wolf King?" And the next moment, something more surprising happened.

The blood wind uttered a threatening roar at the unicorn purple golden python, full of hostility.

Then, he stretched out his front paws, pointed at the unicorn purple python, and let out a threatening howl.

This howl was like a horn of charge.

At the next moment, all the demon wolves looked at the unicorn purple golden python, and then showed extreme hatred in their eyes.

In the next moment, countless demon wolves rushed towards the unicorn purple golden python, and went forward and forth, looking like countless tides, slapped crazy towards him!

They don't have any hatred against the unicorn purple golden python, but the blood wind is their king, and the blood wind's command is their will!

The one-horned purple-golden python let out a roar of anger, and with a flick of its tail, hundreds of demon wolves were thrown out by him.

Then, his huge body was twisted up, swept more than fifty demon wolves around his body, and then squeezed, these demon wolves were all squeezed into mud.

Then, his huge head shook, and forty or fifty demon wolves were knocked out, spurting blood, breaking his muscles and losing his combat effectiveness!

However, the demon wolves that he killed were just a drop in the ocean!

The remaining demon wolves, as if they hadn't seen the tragic situation of their companions, continued to rush forward frantically!

The unicorn purple python is like an extremely powerful killing machine, slaughtering these monster wolves wantonly.

It was just a stick of incense, and more than thousands of demon wolves died under his hands.

However, as long as it is a body of flesh and blood, there will always be times of tiredness.

Soon, his physical strength was exhausted and his actions became slow.

Finally, his actions became a little slower. There were more than a dozen golden demon wolves, who took the opportunity to form an extremely powerful offensive arrow, and rushed directly on his head.

Their attacking position is exactly the wound that Chen Feng had just cut!

They threw on it, tearing with their claws, biting with their teeth, biting and grasping the flesh and scales of the unicorn purple-gold python, and tearing outwards frantically.

This caused tremendous pain to the unicorn purple golden python!

The unicorn purple golden python roared loudly, shaking its head frantically, trying to throw them off.

However, these second-tier spirit beasts can't be thrown away.

At the same time, dozens of golden demon wolves lay on his body, constantly biting its scales, catching wounds one after another.

[Chapter 982: Live and die!](#)

These wounds were small at first, but they were quickly enlarged by these demon wolves.

The unicorn purple golden python rolled around on the ground and crushed all these golden demon wolves to death, but more demon wolves pounced on it.

In the beginning, there were only a dozen small wounds on his body. Later, these wounds became bigger and bigger, becoming the size of a basin or a water tank, and more and more!

The unicorn purple and golden python felt a strong danger.

He struggled frantically, fleeing towards the big lake, trying to escape back into his lair.

As long as they return to the lake, these demon wolves have no choice but to take him.

But how can the blood wind be as he wishes?

The blood wind made a few wolf howls immediately, commanding many demon wolves, blocking the clearing between him and the big lake, and rushing at him frantically.

Soon, he threw him back in place!

Finally, after not knowing how long, he was covered with blood and there was no good meat.

At this time, the unicorn purple golden python had almost exhausted its energy and collapsed to the ground, making it difficult to move.

Countless demon wolves lay on his body, constantly biting his flesh and blood.

The one-horned purple python struggled again, struggling to get up, trying to rush into the big lake, but this resistance was completely useless.

There are still hundreds of thousands of monster wolves, once again turning into black tide. Threw it to the ground again.

Finally, with a terrible cry, the unicorn purple-golden python twitched and stopped moving.

He was piled to death by these demon wolves with a lively quantity!

The fifth stage spirit beast, the unicorn purple golden python, died!

At this time, Xuefeng turned his head and looked at Chen Feng with a smug face.

Then he jumped to the side of Chen Feng, wagging his tail, his head pressed hard against him, his eyes fixed on Chen Feng.

His eyes are full of expectation, which seems to mean: "Hurry up and praise me! You quickly praise me!"

Chen Feng laughed, barely raised his hand and touched his head!

Chen Feng smiled and said, "Bloodwind is awesome, you saved my life, you saved our life!"

Yu Caidi and Zhou Wanru's faces also showed ecstasy, a soberness of escape from the dead.

Zhou Wanru smiled and said: "I didn't expect it, I didn't expect that the blood of the wolf **** he asked from my father, this time actually saved our lives."

Yu Qjudie smiled and said: "This is called. One drink and one peck, is it predestined. Everything has cause and effect."

At this time, a scream sounded abruptly, and it was Xu Dongyan's voice.

At this time he was still pierced on the stone thorns.

A cold light flashed in Xuefeng's eyes, and a few hoots, suddenly a dozen demon wolves rushed forward and directly tore Xu Dongyan to pieces.

Chen Feng laughed: "Good job!"

Then, with all his strength, he staggered to his feet and walked towards the corpse of the unicorn purple golden python.

At this time, under the order of the blood wind, the demon wolf always gave way.

They stared at Chen Feng with enthusiasm, wishing to rush forward to kill him, but without the order of the blood wind, no one dared to move.

The other demon wolves on the unicorn purple golden python were all ordered to retreat by the blood wind.

Chen Feng approached the unicorn purple golden python, pressing his palms on the wound, absorbing the power of blood frantically.

The power of blood poured into his body, replenishing his dry qi.

The Qi Qi in Chen Feng's body grew rapidly, and soon returned to its original level.

Then, Gang Qi continued to grow stronger, rushing through the 27th acupuncture point of his twelfth floor.

Then there was the twenty-eighth, the qi circulated in his body and healed the wound in his body.

Chen Feng wailed several times and vomited a few big mouthfuls of bruise.

There is also a lot of congestion in the pores on the surface of the body.

Most of Chen Feng's injuries have been healed.

"At this moment, at least half of the blood in the unicorn purple-golden python has not been absorbed, and I only have one acupuncture point that has not been opened."

A smile appeared at the corner of Chen Feng's mouth, and he took a deep breath, with a look of great expectation in his eyes: "Next, I will do my best to break through the Tianhe Realm!"

"And there is only one acupuncture point that has not been opened. These essence and blood are definitely enough for me to enter the Tianhe Realm!"

Chen Feng calmed himself down completely and began to frantically absorb the power of blood.

However, something that shocked him happened.

Soon, the twenty-ninth acupuncture point of the twelfth building was filled, and nine cyclones condensed in it.

However, the power of blood is still pouring in, but Chen Feng's cultivation base has never made progress.

These blood powers are still pouring into the twenty-ninth acupuncture point!

Chen Feng didn't break through until the blood was absorbed.

Chen Feng stood up blankly, his eyes were a little surprised, and he said to himself: "What's the matter?"

An old man suddenly appeared and said, "I think, I roughly understand what's going on."

Chen Feng quickly looked at him expectantly.

An old man looked at Chen Feng and said with some annoyance: "I underestimated the difficulty of your breakthrough before."

"You think about breaking into the Tianhe Realm from the twelfth building, the difficulty would have been dozens of times greater than that from the eleventh building, and because you have cultivated to the Dragon Elephant Fighting Sky Art, you have a high level of condensed training, making it more difficult than others. The exercise is ten times higher."

"So you are ten times more difficult to break into the Tianhe Realm than the twelfth floor of the ordinary Divine Gate Realm!"

"Generally speaking, only one out of 100,000 warriors can smoothly break through from the twelfth floor of the Divine Gate Realm to the Tianhe Realm, and in your case, I am afraid that there is only one out of a million. Very, very difficult!"

When Chen Feng heard this, he couldn't help feeling cold.

An old man is very knowledgeable, even he said it is very, very difficult, which shows that the difficulty is indeed extremely high.

Chen Feng asked, "Then what should I do now?"

An old man shook his head and said: "Now, unless you have a very powerful external force that can help you make a breakthrough, you can only accumulate slowly."

"But there is still a difficulty here. The more you slowly accumulate and the slower the speed, the more difficult it is to break through in the end."

An old man thought that Chen Feng would become depressed after hearing this.

Unexpectedly, instead, Chen Feng's face showed an extremely firm look. In his eyes, there was a faint excitement, as if he was ready to meet a very exciting challenge.

Chen Feng smiled and said: "An old man, this is actually very good, as long as I can break through this level, the future will be a smooth road."

"It is difficult for me to break through the Tianhe Realm to such a level, surpassing others ten times a hundred times, and my achievements in the Tianhe Realm will surpass others ten times a hundred times!"

An old man was stunned when he heard it, then he laughed and clicked on Chen Feng: "You little fellow, ambitious! Good!"

[Chapter 983: The battle of blood wind!](#)

"The most fearful thing is that I can't even see hope, but even in the first years of Qian Yuanzong, I can't even see hope. I can't cultivate my dantian like iron, won't I survive? No? Still hold on?"

"To me, these are nothing but hope!"

"well said!"

There was a round of applause behind him, and Zhou Wanru and Yu Qiudie came over.

Zhou Wanru looked at Chen Feng, her face was full of admiration: "Chen Feng, your strength is second to none. What I admire most is your upright spirit."

She suddenly smiled and said, "Chen Feng, why don't you come to our Chengtian Gate?"

They already knew that Chen Feng was from Ziyang Sword Field.

Chen Feng slowly shook his head and said, "Forget it!"

Zhou Wanru did not give up, and then said: "Chen Feng, you must be taken seriously in Ziyang Sword Field? Not necessarily!"

"After all, there are many geniuses everywhere, and you may not be able to appear."

"But I already know how good you are. As long as you are willing to come to our Chengtian Gate, I will plead with my father and tell the master through my father to let them realize your specialness."

"At that time, Zongmen will try their best to cultivate you, so that you will be eligible to participate in the sword conference next year and shine in it!"

I have to say that after Chen Feng heard these words, there was a hint of excitement.

Indeed, Zhou Wanru's conditions are very attractive.

However, Chen Feng suddenly flashed the figure of the black-clothed woman in his mind at this time, and his heart immediately became firm.

The woman in black treats herself so much, how can she be sorry?

Chen Feng smiled slightly and said, "Wanru, thank you for your kindness, but I really can't leave Ziyang Sword Field."

His voice was very soft, but his attitude was extremely firm.

Both Zhou Wanru and Yu Qiudie can see it.

Zhou Wanru sighed and said, "Forget it. Missing a talent like you is the loss of our Chengtian Gate."

"But I believe. I will definitely see you again by the time of the sword conference next year."

Before the words fell, a majestic wolf howl suddenly came from a distance.

After the sound of howling wolves came, the hundreds of thousands of monster wolves at the scene suddenly became agitated, and they all cast their eyes to the distance.

And far away. There was another wolf howl.

At this time, thousands of demon wolves ran towards the direction of howling the wolf.

An angry look appeared on Xuefeng's face and a wolf howl was also issued. The demon wolves who were about to leave immediately stopped and returned to his side.

After a while, there was a long and extremely long howling wolf again.

And in this wolf howl, it was full of anger and a hint of intimidation, as if demonstrating toward the blood wind.

There is also a bit provocative in it.

Where does the blood wind eat this set?

Not showing weakness in the slightest, the same low growl from his throat, showing his strength to the opposite side!

Chen Feng guessed at this time that the demon wolf on the opposite side must also be a very high-level demon wolf. Maybe he also has a little blood of the wolf god, so he has a great influence on these demon wolves.

But obviously, it is no match for the blood wind.

Xuefeng and the demon wolf who didn't show up just like you howl, I howl.

The demon wolves in the middle are in a dilemma, not knowing whom to listen to.

Seeing this scene, both Zhou Wanru and Yu Qiudie smiled.

Zhou Wanru said with a smile: "It's really interesting."

At this moment, the demon wolf in the distance seemed to be unable to control his emotions anymore, and suddenly let out a loud roar.

Then, Chen Feng heard an extremely heavy footstep approaching here quickly.

Soon, Chen Feng saw the true face of that demon wolf.

This demon wolf, covered in red, looked like a ruby carving.

Its size was extremely large, almost comparable to the water-splitting thorn dragon that Chen Feng had seen.

After the blood wind mutated, it was already very large, but this red demon wolf was at least five or six times the size of the blood wind.

He rushed to this side quickly, and soon came a hundred meters away.

He stood in place, almost as high as Blood Wind standing on the cliff.

He looked at the blood wind, with a look of contempt and anger in his eyes, and let out a low muffled roar!

At this time, the hippie smile in Xuefeng's eyes also disappeared, becoming extremely solemn.

He also responded with a low growl.

Suddenly, the two demon wolves roared together, and all the surrounding demon wolves dispersed immediately. They retreated thousands of meters away and formed a large circle, watching the blood wind and the red demon wolf respectfully.

The blood wind leaped down from the cliff and came to the opposite of this demon wolf!

Obviously, the two of them have to start a duel to fight for who is the strongest king, and for the control of these monster wolves, but also for the most important thing-that is the blood of the wolf **** on the other side!

Chen Feng was a little worried, because he had already seen that this red demon wolf was very powerful and was a fourth-grade spirit beast.

I'm afraid it will far exceed the blood wind.

She wants to help.

At this time, Xuefeng suddenly turned his head and glanced at Chen Feng deeply.

Chen Feng immediately understood the meaning of Blood Wind's look. This was a fight for his dignity, this was a fight between him and the red demon wolf, and no one could intervene.

Chen Feng nodded slowly and stepped back.

But he has already made up his mind, as long as the blood wind is life-threatening, he will definitely take action.

Even if he fought his life, he couldn't let the blood wind be harmed.

The blood wind and the red giant wolf stared at each other fiercely, with muffled howls in their throats.

Suddenly, both sides accelerated at the same time and rushed toward each other.

Almost just for a moment, the two slammed into each other fiercely, using huge claws, huge heads, and huge mouths to bite each other fiercely, opening one wound after another.

Bloodwind is obviously not an opponent, his size is only one-fifth of the opponent, like a child fighting with an adult man, easily suppressed on the ground.

There was only one or two wounds on the red giant wolf.

At this time, Blood Wind had dozens of wounds on his body.

Some wounds showed deep bones, and some even exposed internal organs.

The two fought together, the blood instantly stained the ground, and the blood wind was obviously invincible, and the red demon wolf was firmly pressed underneath.

The red demon wolf showed a ferocious and ferocious color in his eyes, and his huge mouth bit towards the blood wind fiercely, and it bit the blood wind's neck with one bite.

The blood gurgled into his mouth, it obviously wanted to absorb all the blood of the wolf **** in the blood wind.

[Chapter 984: King of Demon Wolf!](#)

Chen Feng's eyes were about to split, and he roared: "Blood wind!"

He couldn't help but want to do it.

But at this moment, suddenly, Xuefeng's eyes became red.

Chen Feng felt that the temperature around him rose instantly.

And he soon discovered that the source was the body of Bloodwind.

At this time, the blood wind glowed endless red light on the surface of the body, bringing extreme heat.

As for Chen Feng, he also seemed to hear the sound of the rushing rivers. At first he thought it was an illusion, but soon he realized that it was not an illusion.

This sound actually originated from the body of the blood wind, this is the blood in the blood wind surging wildly!

In the next instant, the purple light inside the blood wind flickered and blasted fiercely on the red giant wolf.

The red giant wolf was directly blown out by the purple light, and the blood wind slowly stood up, and the purple light on the surface of his body was overwhelming. [Novelusb.Com](#)

Chen Feng could see that purple blood was flowing crazily among the blood vessels in his body, and the injuries in his body healed instantly.

The hair on the surface of the body has also changed from white and purple to completely purple, crystal clear, and looks very noble!

And his size suddenly doubled.

Xuefeng suddenly let out a domineering roar, and rushed towards the red giant wolf.

Simultaneously. Infinite pressure exudes from his body.

With the pressure radiating from his body, the red giant wolf felt the pressure, and couldn't help letting out a whine and backing away.

As soon as he turned around, he was about to run away.

But how can the blood wind let him go?

At this time, the blood wind obviously completed another evolution. He had completely absorbed the blood of the wolf god, and his speed was more than twice as fast as before.

Like a purple lightning, it rushed to the red giant wolf in an instant.

The red giant wolf tried its best to resist, but the blood wind speed reached the extreme. And the strength has also increased five or six times than before.

With every tear, a huge wound can be opened on the red giant wolf.

It is like a purple lightning, rushing around the red giant wolf non-stop, running around on the red giant wolf.

However, in just a dozen breaths, the giant red wolf had been wounded all over.

And the huge red wave did not dare to resist at all.

The dark old voice sounded: "The bloodline suppression, it turned out to be the bloodline suppression."

"Bloodline suppression? What is that?" Chen Feng asked in surprise.

An Lao said: "The suppression of blood vessels is between the spirit beasts of the same kind. The blood vessels are purer and more noble, suppressing the existence of mixed blood vessels."

"You see, the blood wind has absorbed enough blood of the wolf god, and the blood is extremely pure and noble, so the aura emanating from his body will naturally suppress other demon wolves."

"The other demon wolves, when facing him, didn't dare to resist, they could only kill with their necks."

Chen Feng said: "Then Anlao, what you mean is that Blood Wind can now beat this fourth-rank spirit beast, the red giant wolf, but it does not mean that his strength has reached the realm of the fourth-rank spirit beast."

"He still can't beat the other spirit beasts in the fourth stage realm, because there is no blood to suppress it."

An old man nodded: "Yes, exactly."

Suddenly, the red giant wolf let out a terrible scream, it turned out that he was bitten by the blood wind in his throat.

And then, the screams stopped abruptly.

Chen Feng saw that the blood wind directly tore the red giant wolf's throat and tore a huge wound on his neck.

then. He tore off his wolf head directly and threw it far away.

In the next moment, the blood wind lay on the wound of the red giant wolf and began to continuously absorb the blood.

After a while, the red giant wolf had been sucked into a mummy.

At this time, the aura within the blood wind skyrocketed, and the purple light on the surface rolled, looking very noble.

His body has grown bigger again, becoming a full fifty meters long and twenty meters high, looking extremely mad and powerful!

He suddenly jumped to a high peak and let out a domineering roar like a king.

Hearing this roar, all the giant wolves all bowed down and expressed their surrender to their king, with an extremely respectful expression.

Chen Feng watched by the side, feeling relieved.

Bloodwind won, and he became the true king of Demon Wolf Valley!

Soon, the blood wind had enough power, and then let out a few howls, causing these monster wolves to disperse.

Then he came to Chen Feng's side.

He lowered his head to rub against Chen Feng, but accidentally overturned Chen Feng and fell directly.

Chen Feng laughed loudly: "Bloodwind, you fellow, dare to be as big or small as me!"

Bloodwind seemed a little embarrassed. Suddenly, a purple light flashed on the surface of his body, and his figure suddenly shrank and became the original size of less than half a meter.

It looks like a milk dog that has just grown up.

Then she rubbed against Chen Feng, Zhou Wanru giggled, hugged him directly, and smiled: "Bloodwind, you are still cute like this."

Chen Feng packed the body of the unicorn purple golden python, took out some valuable items needed for the mission, and then left here with the two women.

Soon, it was already sunset.

Yu Qjudie seemed to be a little bit hesitant to talk, and Zhou Wanru also looked reluctant to leave.

Chen Feng smiled and said, "Is it time to return to the sect?"

The two women nodded together.

Chen Feng smiled and said, "There is always a feast in the world, it's okay, we will be destined in the future. We will definitely meet again."

"Then don't pass it here!"

"Don't pass this time!" Yu Qiudie and Zhou Wanru also nodded.

The three said a few more words to say goodbye.

After walking far away, Yu Qiudie and Zhou Wanru still turned to Chen Feng frequently.

Suddenly Zhou Wanru turned around and shouted: "Chen Feng, you must go to the sword conference next year! I am waiting for you at the sword conference!"

Chen Feng laughed and said: "Don't worry, I will not only go, but also make everyone stunned!"

When the two of them were gone, Chen Feng held Bloodwind in his arms, touched his head, and said with a smile:

"Bloodwind, they are gone, we should also go back to the sect."

After this trip, Chen Feng went through many twists and turns and encountered powerful enemies.

But fortunately, everything went well, and there was not much time lost, enough to go back to hand over the characters.

When Chen Feng was about to leave, suddenly an extremely dangerous feeling surged in his heart, and An Lao also reminded him next to him:

"I feel a huge breath coming here!"

Chen Feng immediately looked around very vigilantly, and suddenly, an old and powerful voice sounded: "Chen Feng, are you looking for me?"

Chen Feng suddenly turned his head in the direction where the voice came from, and saw a Ge Pao old man standing on the cliff in the distance.

[Chapter 985: Blood wind, death?](#)

The mountain wind was harsh, blowing her clothes, and her gray hair was flying in the wind.

And his face was full of murderous intent.

After Chen Feng saw his looks clearly, he was shocked and shouted in shock: "She Shangfeng! It's you!"

It turns out that this person is the elder of Ziyang Sword Field, She has the upper hand!

She Shangfeng laughed: "Why can't it be me?"

"Chen Feng, since the old man is here this time, you can never escape your life!"

Chen Feng's heart gradually sank.

She Shangfeng is an absolute master of the Tianhu realm, and his strength exceeds him by a lot. He is not an opponent at all!

Even if you work hard, you are not qualified!

Chen Feng felt a flower in front of him, and She Shangfeng suddenly disappeared from his sight.

Chen Feng was shocked immediately, and when She Shangfeng reappeared, he had already appeared directly in front of him and shot it with a palm.

Chen Feng felt that an incomparable force surged, leaving him with no resistance at all.

He couldn't even use his strong qi, and was knocked to the ground directly.

The strong force suppressed him, making it difficult for him to move.

Then the next moment, Chen Feng felt that his meridians were all sealed, lying on the spot.

And this time. There was an angry roar in the blood wind's throat, and he wanted to use the power of the wolf king to summon an endless pack of wolves, and kill She Shangfeng!

But as soon as he wanted to open his mouth, She Shangfeng smiled slightly: "You beast, shut up for me!"

A wisp of finger wind popped out, extremely sharp, and directly penetrated Blood Wind's chin, then penetrated his mouth, and shot out on its face.

This time, he directly punched out a big hole the size of a washbasin on the face of Blood Wind.

The blood was dripping, and it almost exploded the mouth of the blood wind directly.

Bloodwind couldn't make a roar anymore, lying on the ground, his body twitched and he couldn't even groan.

This time. Almost smashed half of his head!

He was seriously injured and was dying.

Chen Feng saw the blood wind so miserable, his eyes were red, his canthus was splitting, and he was extremely concerned.

"Blood wind, blood wind! How are you, blood wind?" Chen Feng shouted heartbreakingly.

When Xuefeng heard his call, his body twitched, as if he wanted to crawl to him.

However, as soon as he stood firm, he fell heavily to the ground.

The blood wind was hurt, and the anger and sadness in Chen Feng's heart far exceeded the hurt.

He stared at She Shangfeng, his voice was cold: "She Shangfeng, I must kill you!"

"You dare to treat blood wind like this, I must make you pay the price!"

She Shangfeng laughed, not caring, and said lightly: "Isn't it just a beast? You can be like this for a beast, you can see that you are not a great person!"

"Sure enough, it is a waste that cannot be practiced, and even the mind is completely immature."

"How can a person like you become a powerful warrior?"

"It's a pity that you have a god-level bloodline! Such a powerful bloodline on you is a waste!"

He said coldly: "Martial artist, you should have a cold and ruthless heart, extremely cold, treat yourself and the people around you, be cold and unmoving!"

Chen Feng didn't say a word, but stared at him angrily.

She Shangfeng sneered: "I haven't wanted to open it yet, right? You want to kill me, right?"

"Okay, whatever you want! Anyway, your current strength can't kill me at all." His face suddenly became sassy: "Little bunny, you should worry about your life and death first!"

He said with a gloomy face: "Little bunny, you dare to kill my grandson and break the inheritance of my She family, I will definitely kill you!"

"However, you still have to suffer before you die!"

"Besides, I won't let you die so easily, and if I let you die, I'll be unwilling to die.

"Because you have to do something for my big enemy before you die. This is definitely something you don't want to do, but you have to do it if you don't want to, hahahaha..."

As he spoke, he let out a burst of laughter.

He walked to the blood wind and kicked it hard.

This time, the blood wind was almost torn apart.

Chen Feng saw Xuefeng's body surface cracks, wounds everywhere, and even the internal organs exposed.

Then, the blood wind fell heavily on the cliff, his body was motionless!

At this time, Chen Feng also felt that the sensation of inter-mind connection between himself and Blood Wind had disappeared.

Chen Feng's heart was extremely sad, and he only felt that his heart was gripped and crushed fiercely. It hurt his heart and lungs, and his whole body convulsed.

He yelled out: "Bloodwind!"

Tears slid from her eyes, and instantly blurred her eyes!

The man does not flick when he has tears, just because he has not reached the point of sadness!

At this time, a voice in Chen Feng's heart was snarling frantically: "Shang Shangfeng, I must break your body into pieces, and I must let you be buried with the blood wind!"

She Shangfeng looked at him, let out a playful sneer, then lifted Chen Feng's collar and flew directly into the distance.

"Okay, bastard, you won't be much better than that beast later? Or worry about yourself!"

He carried Chen Feng, all the way to the north, and ran hurriedly.

Soon, he left the range of this mountain range.

Then, Chen Feng discovered that the road he took was exactly the same as the road he had taken when he went to Spirit Medicine Town.

Chen Feng suddenly questioned: "His goal is the Dragon Slaying Mountain Range?"

Chen Feng really didn't guess wrong, She got the wind very fast, carrying Chen Feng. Soon he came thousands of miles away and came to Suiyang County.

At this moment, what Chen Feng and She Shangfeng didn't know was that after they left the Demon Wolf Valley, suddenly, hundreds of thousands of demon wolves flooded into the area where the blood wind was killed just now.

Facing the corpse of the blood wind, they all lay on the ground, sobbing in their throats, tears rolling down their eyes.

Then, dozens of the most powerful golden demon wolves came out and came to the blood wind.

They carried the corpse of Bloodwind on their backs, and then they walked in front.

Hundreds of thousands of demon wolves walked behind, as if holding the most solemn ceremony, bringing the blood wind to the deepest valley of the demon wolf valley.

In this barren valley, there is a great hall.

This hall is simple, desolate, and full of wildness, as if it were built by ancient ancestors with one stone and one tree.

On the top of the hall, a huge wolf head is carved.

In front of the hall, there are countless totem poles, burning with flames.

These golden demon wolves carried the blood wind here. Suddenly, the door of the main hall suddenly opened, and a powerful suction came, and the blood wind was directly sucked in.

[Chapter 986: Nether water](#)

Then, the door slammed and closed tightly!

Soon, a huge blue-black mountain range appeared in front of Chen Feng and the two of them, stretching for several million miles, it was the Tulong Mountain Range.

Then, She Shangfeng took Chen Feng into the Tulong Mountain Range.

However, he didn't enter from the location of Spirit Medicine Town, but went further north.

Soon, he entered the first level of Tulong Mountain Range.

She Shangfeng continued to move forward without stopping, and then entered the second level of Tulong Mountain.

On the second level of the Dragon Slaying Mountain Range, the level of the spirit beast is between level 2 and level 5.

Along their way, the two encountered many powerful spirit beasts, many of which were Grade 4 and Grade 5 spirit beasts, but they were all killed by She Shangfeng.

She Shangfeng is one of the best elders in the entire Ziyang Sword Field.

In the line of Tongtian Peak, it was only a little worse than He Yanxiao. Dealing with these spirit beasts was completely effortless.

Soon, She Shangfeng had already reached the third level of the Tulong Mountain Range.

At this time, Chen Feng was very shocked. He guessed in his heart that he didn't know what She Shangfeng was going to do, and he went so deep into the Dragon Slaying Mountains.

She seemed to know what Chen Feng was thinking. She Shangfeng looked at him and said lightly: "The Tulong Mountains are stacked on top of each other. I don't know how many layers there are."

"So far, there are hundreds of levels where human warriors can reach, and each level advances, the level of spirit beasts will be greatly improved."

"This time, I took you to the third floor."

Then She Shangfeng refused to say more.

Soon, enter the third layer and continue to deepen.

Then, I took Chen Feng to a location at the junction of the third and fourth floors. This is an extremely high mountain. I am afraid it is more than 100,000 meters high, which is not inferior to the Ziyang sword field. .

Of course, it is very inconspicuous in the Tulong Mountain Range.

She Shangfeng took Chen Feng to the top of the mountain. Chen Feng saw that at the end of this mountain, there was a huge ice valley.

The snow-capped mountains around Binggu are frozen, and Binggu doesn't know how deep it is, but Chen Feng estimates that it is at least 100,000 meters!

Binggu has a radius of thousands of miles!

Here, you can't see what is at the bottom of the ice valley, but a foul smell floats up from the direction of the ice valley, making people sick to smell.

She shook Chen Feng in the wind for a while: "Little bastard, let's get to the place."

Then, he threw Chen Feng on the ground and took out some things from the mustard bag.

What he took out of the mustard bag was a white jade bottle, and in addition to the white jade bottle, there was also a jade box.

He opened the white jade bottle and poured out a pill from it.

When he did this action, he was cautious, and before pouring out the pill, his hand was covered with a layer of brocade, as if he was afraid of touching the pill.

The pill rolled out, and as soon as it rolled out, Chen Fengfeng smelled an extremely strong sweet smell.

Chen Feng suddenly felt shocked, this kind of scent is usually only possessed by highly toxic substances.

I saw that pill, about the size of the belly of a thumb, with a jet black color on the surface, as if it was carved from black crystal, showing a translucent shape.

It seems like a lake is sealed inside, with water rising and falling continuously.

Even Chen Feng heard the sound of waves.

She Shangfeng looked at Chen Feng and smiled coldly, "Do you know what this is?"

Before Chen Feng could answer, he said grimly: "This pill is the pill that I have obtained at a great price!"

"The seal in the middle is said to be a trace of gloomy water in the Nine Nether Biluo Huangquan!"

"This nether water is highly poisonous, and it can't be resisted by any living thing!"

He looked at Chen Feng and sneered, "Do you know what I do with this thing?"

Chen Feng couldn't guess what he was doing with the thing, but he could guess that it was definitely not a good thing.

She Shangfeng obviously didn't expect him to answer, so he opened the jade box again.

In the jade box. It is a fruit slightly larger than ammunition.

This fruit, showing a fiery red color and extremely magnificent, looks like a ruby carved.

Then, She Shangfeng sliced the fiery red fruit from the middle.

Strange to say, there is a cavity in the fiery red fruit.

She Shangfeng put the black pill in, and then sealed the red fruit again.

What's strange is that the fiery red fruit didn't seem to be thrown away, and the flesh healed again, and there was no trace of it on the surface.

She Shangfeng turned his head and looked at Chen Feng with an extremely smug look on his face, hehe with a smile:

"Chen Feng, do you know what this fruit is called? I tell you, this fruit is called Fengshen Guo!"

"This kind of fruit, the name looks very angry, it seems that even gods can be sealed, but in fact it is just a very ordinary fruit."

"But it's not ordinary enough. Because this fruit has the ability to heal itself, no matter what kind of scar is cut on the surface, it can heal quickly, and a cavity is naturally formed in it."

"At the same time, this fruit also has the ability to isolate prying eyes. Any ability to detect will be isolated."

"Even if you are an expert in probing, you don't know what is in the cavity of the fruit through the fruit."

When Chen Feng heard what he said, he vaguely seemed to feel something, and there was a very bad feeling in his heart.

"Haha, did you guess something?" She Shangfeng saw Chen Feng's expression and smiled triumphantly: "I know you are smart, and you can guess it, and I'm not surprised."

"But what can you do if you guess it?"

"Even if you know what I'm going to do, you won't have the power to resist!"

As he said, he suddenly opened Chen Feng's mouth, and then directly stuffed the fiery red fruit into Chen Feng's mouth.

With force, this flaming red fruit fell directly into Chen Feng's stomach!

Then, he looked at Chen Feng with an extremely cold smile, and the impression said: "This kind of fruit also has an advantage, that is, every night of the full moon, it will quietly crack!"

"At that time, the ammunition wrapped in a trace of ghost water will fall into your stomach and come into contact with your body."

"At that time, the pill will be broken, and the nether water will erode into every corner of your body!"

"In an instant, you will die completely miserably."

At this time, Chen Feng's heart calmed down instead, he was not desperate, he already knew She Shangfeng's hole cards, so instead of being nervous.

He said lightly: "This Nether Water is not used to deal with me, is it? If you deal with me, why do you have to fight so hard?"

She Shangfeng laughed and said, "Chen Feng, you rubbish, this is of course not used to deal with you. Are you worthy too?"

[Chapter 987: Giant monkey!](#)

"Wasting such a precious pill and such a precious fruit on you, what do you think you are? Your life is not as valuable as this thing!"

"If it's torturing you, I have a thousand ways to make you die miserably, and make you suffer!"

He laughed and said, "Never mind, never mind, I will let you be a ghost."

"Tell you, these things are not for you, but for another monster!"

"If you read it right, you should have a very high-level bloodline in your body, and this bloodline is fatal to all spirit beasts."

"And that guy especially likes to devour people like you. He has a habit of devouring the strong human beings that he looted every night of the full moon!"

"Because the night of the full moon is the time when his body's origin is the strongest and the power is the strongest. At this time, he will devour the human strong, and he will get the most benefit!"

"Oh, you turned out to have such a purpose!" Chen Feng had already guessed his plan, but Chen Fengfeng had no power to fight back at this time!

She Shangfeng laughed and said, "What if you know?"

"I told you there was no way to say it!" As he said, he suddenly stretched out his hand and patted directly on Chen Feng's arms and legs, shaking all the bones of his arms and legs into powder, completely abolished.

Then, he completely sealed his whole body meridians, so that he could not use a trace of qi.

Then, with a ferocious smile, he blasted a dozen punches one after another, blasting fiercely above Chen Feng's dantian.

Chen Feng felt that his dantian was extremely painful, and the qi rushed out, directly escaping into the air.

His Dantian was directly shattered by blasting, and his cultivation base was abolished!

Chen Feng felt that the power rushing in his body disappeared without a trace at this time, his whole body was extremely aching, severe pain continued to hit, and there was no strength at all.

It slumped on the ground like a soft noodle.

Even if his mind was as firm as Chen Feng's, at this time, there was a trace of despair in his heart.

His heart was full of bleakness: "I was abolished for repair, and I became a useless person!"

She Shangfeng blasted another punch, directly on Chen Feng's throat.

Chen Feng suddenly felt that even more intense pain came, making him stare at the gold star and almost fainted.

His throat was directly shattered, and it became extremely difficult to gasp, let alone speak.

She Shangfeng was full of resentment: "Abolishing your hands and feet will make you unable to write, breaking your throat will make you unable to speak, and abolishing your cultivation level will make you without threat."

"However, your blood is still there! The attraction to that big guy is there!"

At this moment, Chen Feng was in great pain and despair surged in his heart.

Seeing Chen Feng's expression, She Shangfeng was even more proud, and laughed wildly: "Chen Feng, this is the end of offending me, I will make you miserable!"

"I told you before, only in this way can I get rid of my hatred!"

"I'm going to make you suffer to the extreme, don't worry, this is the beginning!"

"Next, you will be more painful, because you have been abolished and have no ability to resist! And you know your death date, you can only wait for death every day. Haha, this kind of despair must be very wonderful! "

When Chen Feng heard this, infinite fighting spirit surged in his chest.

He stared at She Shangfeng coldly. Although he didn't say a word, the strong fighting spirit in his eyes made She Shangfeng feel extremely obvious.

She Shangfeng's expression instantly became extremely gloomy, and he said gloomily, "Chen Feng, it's all this time. If you dare to look at me like this, then I have to let you die!"

"But before you die, you have to use it for me. On the next full moon night, I will come to harvest my fruits!"

With that, he mentioned Chen Feng, came to the edge of the abyss, and threw Chen Feng directly down!

The wind howled, Chen Feng didn't know how long he had fallen down.

It just felt like it fell heavily to the ground with a bang, as if it had smashed the ice on the lake surface, fell into the ice water, and then floated up again.

A sharp pain came, causing him to faint directly.

I don't know how long it took. After Chen Feng fell into a coma, he suddenly felt that a voice in his body had been reverberating, as if calling himself.

Finally, he gradually returned to normal and regained consciousness.

And he also heard that the voices were the voices of An Lao and Zi Yue, both of them were extremely anxious and kept calling his name.

Chen Feng was about to speak, suddenly, Ziyue and Anlao's voice disappeared at the same time.

Then, Chen Feng heard a heavy footstep and kept thinking about approaching here.

The footsteps were not rapid, very clear and powerful, just the sound of an individual's footsteps, but after the footsteps fell on the ground, the whole earth seemed to tremble.

Then, Chen Feng felt that the footsteps seemed to stop far away from him.

Then he suddenly felt a rush of heat toward his body.

Chen Feng hurriedly opened his eyes. After he opened his eyes, his pupils suddenly shrank, and a look of shock appeared in his eyes.

It turned out that what was in front of him was a giant beast!

Chen Feng originally thought that the water-splitting thorn dragon and the unicorn purple-golden python were already huge behemoths. They were two to three hundred meters long and hundreds of meters high. They were huge, like a small hill. .

But at this time, after Chen Feng saw this giant beast, he found that he was really short-sighted.

This is the real behemoth!

The Watersplitting Thorn Dragon is beside him, I'm afraid it's as small as a child standing beside a giant!

This behemoth stood on the ground, and there were several 500-meter-high peaks beside it, but the peaks only reached his waist!

This behemoth is huge, with a height of kilometers!

It's not inferior to a mountain!

Chen Feng was insignificant in front of him.

A hair on his body is thicker than Chen Feng.

But when Chen Feng saw the face of this behemoth, he suddenly realized that he had seen the behemoth before.

When I first came to the Dragon Slaying Mountains, the stormy night that first absorbed the power of thunder and lightning.

From afar, I saw thousands of miles away, a huge violent ape, taller than a mountain!

Hand Thunder, roaring up to the sky, can crush a mountain with one punch!

At this moment, this violent ape was unexpectedly in front of him!

Only then did Chen Feng really see him clearly.

It turned out that this violent ape was full of iron, and looked extremely hard, just like frozen skin.

There was a strong chill from his body, even if he was a hundred meters apart, Chen Feng felt that he was almost frozen.

[Chapter 988: Insult](#)

Countless hoarfrost was condensed on his body fur.

At this moment, this huge ice great ape squatted aside with interest and looked at him.

Chen Feng took a deep breath. It turned out that She Shangfeng's appetite was so great that he was actually hitting this monster's idea.

Chen Feng didn't know what level this ice great ape was, but he didn't need to think about it. It must be extremely tyrannical, I'm afraid it is already a seventh-rank 8-rank spirit beast.

In front of him, the Watersplitting Thornysaurus would be easily killed like a chicken.

And the behemoth in She Shangfeng's mouth is obviously him.

The ice giant ape showed thoughtfulness in his eyes, and suddenly he spoke.

And the words uttered from his mouth turned out to be human language.

His tone was a bit weird, but Chen Feng heard clearly: "Haha, this tiny human being has such a powerful blood in his body, so I can feel it from a distance!"

"When I get closer, it makes me salivate even more. I don't know who threw him down!"

"I don't know if there is a trap or what, but even if it is a trap, I am not afraid!"

"In this world, how can anyone get me? I take the advantage, and I just smash the trap!"

The ice giant ape has a huge voice, and when he speaks like thunder, Chen Feng almost faints.

Then, the Great Ice Ape bent down and grabbed Chen Feng in his hand.

His huge palm is hundreds of meters long and wide, and it is afraid that it can hold tens of thousands of people.

After he grabbed Chen Feng, he strode forward.

Every step he takes forward is hundreds of meters!

There are thousands of miles around the ice valley, huge icebergs everywhere, and ice on the ground.

And on the ground, there are countless bones, all of which have been sealed in by ice, almost all of these bones are human!

At a glance, there were hundreds of thousands of bones, almost covering the valley floor.

Chen Feng was shocked, how many people did this great ice ape eat?

Soon, the ice giant ape grabbed Chen Feng and came outside a huge cave.

This cave is obviously his residence, and beside the cave, there is a slightly smaller cave.

Chen Feng saw that at the entrance of this slightly smaller cave, there was a huge iron fence that sealed the entrance.

And behind the iron fence, there were thousands of people shut.

When these people saw the ice giant ape coming, they all looked at him with horror.

The Ice Great Ape didn't pay attention to them at all, and directly pulled the iron fence away, and then threw Chen Feng in.

When those people saw someone coming, they quickly let go of a clearing.

Chen Feng fell heavily to the ground, he wanted to groan in pain, but only then realized that he couldn't make a sound.

He clapped his hands, and the ice giant ape chuckled, "There are still ten days before the full moon!"

"After ten days, I ate all of you!"

After speaking, he let out a loud laughter, then turned around and closed the iron fence. Into the cave next to it.

After a while, a huge snore sounded.

Chen Feng fell to the ground, and the pain was so painful that he was relieved for a long time.

Yeah, I looked around, and this cave is also very huge, with a radius of tens of thousands of meters.

At this time, thousands of people were locked inside.

When they saw Chen Feng, their faces were full of suspicion, and when they saw Chen Feng's soft hands and feet, and the throat that had been beaten, all these people showed a look of relief.

Suddenly, seven or eight people came out and came to Chen Feng.

One of the sturdy men kicked Chen Feng directly, kicked Chen Feng away more than ten meters, hit the mountain wall hard, and then fell down again.

Chen Feng almost fainted by this shock!

Then the giant man laughed and said: "Little bastard, he has occupied Lao Tzu's territory, and I don't know how to roll Lao Tzu aside!"

Seeing him bullying Chen Feng, everyone around him laughed loudly. The smile was very crazy, and there was unstoppable despair in the madness.

Obviously, they all know their future destiny.

In this kind of desperate life, he has become very abnormal, taking pleasure in bullying others.

The big man walked up to Chen Feng again, kicked him a few times and cursed.

Seeing Chen Feng stopped moving when he was kicked, he also felt a little boring. He spit on Chen Feng and walked aside.

But he didn't see that in Chen Feng's sharp eyes, there was an extremely cold expression and that proud and unyielding expression.

He was curled up in the corner, without anyone's attention, but in fact, An Lao and Zi Yue were both beside him.

Zi Yue looked at him with great concern and said, "Chen Feng, you, why did you become like this?"

As he said, tears fell.

She was lying on Chen Feng, feeling very distressed, and her eyes were flushed.

Chen Feng became so miserable that she was terribly uncomfortable.

At this time, An Lao was still relatively calm.

He said lightly beside him: "Now is not the time to be sad, but more importantly, how to solve the predicament in front of you."

He looked at Chen Feng and said softly: "Chen Feng, this time, things are very tricky, because the giant beast you are facing is the mountain swallowing giant ape."

"What? Mountain swallowing giant ape? What is this?" Chen Feng had never heard of such a behemoth.

"The mountain swallowing giant ape is an extremely powerful behemoth. This behemoth has an extremely large family and extremely powerful body."

"And the mountain-swallowing giant ape you just saw is just the most humble and weakest of the mountain-swallowing giants, the ice mountain-swallowing ape!"

"What?" Chen Feng was shocked by the stormy waves in his heart.

This giant beast looks extremely powerful, but it is only the weakest existence among the mountain swallowing giant apes?

"How powerful is the mountain swallowing giant ape clan?"

An old man slowly said, "Most of the mountain swallowing giant apes are beyond the existence of spirit beasts. How powerful do you think they have to be?"

An old man continued: "But at this time it is meaningless to say this."

Chen Feng asked softly: "Old An, can you help me take out the things in my belly?"

Old An shook his head and said, "I can't do anything about it."

Chen Feng was about to speak when suddenly, he felt a little weird.

Then, Chen Feng realized why there was such a strange feeling.

Because in the cave next door, that huge, constantly ringing grunt suddenly disappeared!

But then, everyone felt that it was half dark, and the entrance to the cave was blocked by the body of the mountain swallowing giant ape.

Frost Mountain Swallowing Ape's eyes fixed on Chen Feng's body, at this moment, An Lao and Zi Yue also disappeared suddenly.

Chen Feng instinctively sensed that this iceberg sky swallowing ape seemed to have sensed the existence of An Lao and Zi Yue.

[Chapter 989: Dark old, hit hard!](#)

The Ice Swallowing Ape stared at Chen Feng. There was a hehe sneer in his throat, and then he suddenly opened his mouth and let out an extremely powerful roar.

The entire mountain seemed to tremble with the shaking. On the rock wall, the rocks fell rustling and hit the people below. Hundreds of people were directly shaken to death by the roar.

And Chen Feng clearly heard Zi Yue and An Lao screaming.

The roar stopped, and the Ice Swallowing Mountain Ape gave Chen Feng a cold look, as if to warn him, then turned and left.

After waiting for him to leave for a long time, a few big men cursed in a low voice: "This **** thing, what's the nerve of this beast?"

Chen Feng's heart was cold.

Because he could not perceive the existence of Ziyue and Anlao at all, Chen Feng wondered if they had disappeared.

"You **** beast!" Chen Feng cursed in a low voice.

Chen Feng's expression became a little disheartened, and a deep look of despair appeared in his eyes: "An Lao, Ziyue, where are you? Are you all right now? Why can't I perceive your existence?"

Chen Feng was not so desperate just now, because he knew he still had an old hole card.

But at this time, An Lao seemed to have left him.

At this time, An Lao's voice sounded. Although extremely faint, Chen Feng could hear that it was An Lao's voice.

He was immediately ecstatic: "Old An, are you okay?"

An Lao's voice was extremely weak, like a candle in the wind, it seemed that it might go out at any time:

"Chen Feng, the beast just discovered the existence of me and Ziyue. Both of us were seriously injured by him, but you can rest assured that neither I nor Ziyue is in danger."

"Now, I'm about to fall asleep, I'm afraid I won't be able to appear in a short time."

The words stopped abruptly, and then Chen Feng no longer felt the existence of An Lao.

At this time, all of Chen Feng's hole cards disappeared.

However, the more so, the more aroused the ruthlessness in his heart!

He gritted his teeth and laughed fiercely: "Mountain-swallowing giant ape, right? You are very powerful, your methods are very cruel, but do you think this is enough? Chen Feng, I am going to consume you to the end!"

Suddenly, he heard the sound of footsteps coming from nearby.

Then, Chen Feng saw a girl walking next to him.

The girl's face was quite beautiful, she looked at Chen Feng with an unbearable look in her eyes.

He hesitated, but still walked to Chen Feng, squatted on the ground, fixed his eyes on him, and asked softly, "You, are you seriously injured?"

And when she saw Chen Feng's broken throat, she then apologized and said, "I'm sorry, I forgot. It turns out that you can no longer speak."

Chen Feng yelled twice, and then he realized that he could not speak anymore, gave a wry smile, and pointed to his throat.

The girl said with concern: "You must be in pain, do you need me to take care of it?"

At this time, Chen Feng realized that his throat was extremely thirsty.

He quickly gestured: "Ah, you want to drink water, right?"

The girl was obviously very clever, so she hurried to a mountain spring, took a basin of water, helped Chen Feng up, and fed it down.

The cold water inlet temporarily relieved the pain.

Chen Feng only discovered at this time that the small thing like drinking water that was usually ignored by him had become so happy and extravagant at this time.

The girl murmured softly while feeding him and drinking water, "There are still ten days left. It's the night of the full moon. By then, all of us will die."

"But before you die. It's always good to suffer less pain."

She looked at Chen Feng and smiled, with a soft smile in her eyes, and said: "The next half month. I will take care of you!"

"I really want to find someone to talk to, but it's a pity that all those stinky men just want to take possession of my body, and you, even if you want to, can't do it!"

She said, giggling, brilliant as jade.

Chen Feng looked at her, feeling moved.

This girl, really kind of temperament, faces such a desperate situation, but still wants to take care of herself.

In the next few days, Chen Feng quickly got acquainted with the girl.

He also knew the girl's name. It turned out that this girl was named Duan Yushu, who was also a child of a large family in Suiyang County.

She was caught here by the Ice Swallowing Ape while she was playing around Tulong Mountain.

The people here were basically captured by the Frost-Swallowing Mountain Ape, each of them was not weak, and the lowest strength also had the cultivation base of the seventh and eighth floors of the Divine Gate Realm.

Of course, in the eyes of Duan Yushu, the strength is not weak this time.

In Chen Feng's view, these people are very bad.

The strongest is not his opponent with a punch in normal times!

Chen Feng still couldn't speak, his throat injury was very serious.

His whole person, like a useless person, can't move.

But to his relief, his hands and feet can already make a little movement, such as making simple gestures.

And Duan Yushu didn't seem to care whether he could answer his own questions.

Chen Feng couldn't speak, so she said to herself that she regarded Chen Feng as the object of listening, and Chen Feng listened quietly.

On this day, Duan Yushu was chattering there.

She was talking about his parents.

Duan Yushu's parents came from family concubines, and their status in the family was not high, but they loved Duan Yushu very much and gave him everything they could give Duan Yushu, allowing her to live a carefree life like a princess. .

But unfortunately, bad luck soon came, and her parents died in a family mission.

From then on, Duan Yushu became an orphan.

Her status in the family was quickly reduced, and since then, the family has been quite harsh on him. [NovelUSb.com](#)

At this moment, heavy footsteps came, and Chen Feng raised his eyes to see that seven or eight brawny men came over here.

And the one who took the lead was the one who kicked him hard that day.

After these burly men came over, they suddenly grabbed Duan Yushu and took her off with a lewd smile.

Duan Yushu struggled and shouted in surprise, "You, what are you going to do?"

"What are we going to do? What are we going to do?"

"You little girl is really stupid and pathetic. There will be a full moon night in a few days, when all of us are going to die, it's better to cheer up a few of us before we die! It's you too! Make a contribution."

When Duan Yushu heard it, his face showed extreme horror.

The big man chuckled: "You little lady, our brothers, let you taste the comfort of being a woman before you die, you should be grateful to me!"

[Chapter 990: Kill!](#)

"Still struggling? Struggling ass!"

Duan Yushu still struggled, screaming in his mouth.

The big man stepped forward and slapped her with a few big slaps, slapped her to the corners of her mouth.

At this time, Chen Feng watched this scene, his heart was full of anger, his face was cold, and a strong murderous intent flashed in his eyes. [NovelUSb.com](#)

The leading man turned his head and happened to see the look on Chen Feng's face.

He immediately came over with a gloomy face, came to Chen Feng, looked down at him, and said with a sneer: "Little bastard, what are you smiling at?"

"It's all **** a waste. Are you still being tough with Lao Tzu here?"

"You cross it again, believe it or not, I will just abolish you!"

The sneer at the corner of Chen Feng's mouth was even more intense.

The big man stepped forward and kicked him a few times again, and the pain was so painful to his heart.

Then the big man walked back, grabbed Duan Yushu's clothes, and pulled them to the sides, exposing large areas of white skin.

He looked back at Chen Feng and sneered: "You little bastard, aren't you nervous, this little lady? Okay!"

"Then our brothers won't pick a place anymore. Just here, I will swear these little ladies, let you see it, it is extremely painful, but helpless!"

Chen Feng let out a sneer in his heart, with a little sadness: "These people deserve to die!"

His lips moved, and the big man said coldly, "What did you say?"

Chen Feng still couldn't make a sound, but he made a few words with his mouth gestures: "I said, you are all going to die!"

Just as he uttered these words, suddenly, Dahan and others felt that the atmosphere in the cave was different from just now.

It seemed that there was a strong pressure emerging, and then they looked up, and suddenly they all showed extreme horror.

I saw that just above them, a huge nine-headed flying dragon beast suddenly appeared.

This monster beast had a snow-white snake body and nine human heads. It looked weird and extremely luxurious at the same time.

They shouted in horror: "What is this?"

Chen Feng shook his head slightly, and Wuhun Xiang Liu opened his mouth, and suddenly he let out a sharp roar.

The Soul Splitting Needle was suddenly activated!

The incomparable mental power condenses into a sharp needle and stabs the big guys fiercely.

Those people who were watching were suddenly horrified to find that these big men who were about to commit the crime had their heads bursting like watermelons almost at the same time.

Bang Bang Bang, more than a dozen sounds sounded.

The dozens of big men, all their heads exploded, and their bodies fell heavily to the ground.

But the others, looking at Chen Feng, suddenly became a little more afraid.

Everyone can see that with a huge martial spirit, this young man must have summoned it!

"What's the origin of this young man? His martial spirit is so powerful? I think he should have reached the ninth grade of the yellow rank!"

"Yes, at least it is also a ninth-rank yellow. I feel that in front of this martial soul, my martial soul can't be released! This is the coercion of the martial soul, and only those who are above the ninth-rank yellow will have!"

"This young man, who was so powerful at a young age, seems to have been a young genius in the past, with a very big background!"

"Yes, even if he is interrupted by someone now, his throat is broken, and his cultivation is abolished, it is not our provocation! His past strength is definitely much higher than ours!"

A person gave a wry smile and said: "Young Master Wang Sun is down and down, he is still much more noble than ordinary people like us!"

Seeing those big men who grabbed him, their heads burst and their bodies fell to the ground.

Duan Yushu let out a scream of horror, and stumbling back to Chen Feng's side.

Chen Feng glanced slowly across the faces of the others.

When they met his gaze, these people bowed their heads in fear, and did not dare to look at him at all.

Chen Feng's meaning is obvious. Although he didn't speak, everyone understood what he meant: "No matter how much you dare to provoke, these people will be your fate!"

Soon, the crowd calmed down, and then everyone dispersed.

In the next few days, no one dared to provoke Chen Feng again.

In the past, Duan Yushu would be squeezed out every time he went to the spring to collect water. Sometimes he even worked so hard to collect water for a long time before being snatched away.

However, after this incident, no one dared to approach.

When everyone looked at Chen Feng and Duan Yushu, their faces were filled with fear.

That evening, Duan Yushu sat next to Chen Feng, looked at her faintly, and said softly:

"Unexpectedly, you used to be such a powerful master, even if your cultivation base is abolished, you can still kill these people with your martial arts in a blink of an eye."

"Did you know? Those who were killed by you before were the lowest in the Tenth Floor of the Gods Gate Realm. They were very strong. We do everything here to bully others."

"You killed them all, it can be regarded as killing us!"

She looked at Chen Feng curiously and said, "You, what kind of background do you come from?"

"I don't even know what your name is now, but you must be a famous young man! There must be a legendary story!"

At this moment, suddenly there was a commotion in the crowd outside.

Then, there was crying.

Soon, the cry of despair broke out.

In the end, everyone in the cave was howling and crying, showing sadness on their faces.

Others stood behind the iron fence, screaming angrily at the outside.

Chen Feng looked out and saw that the moonlight slowly rose in the black night.

The moon in the sky is round and flawless.

Chen Feng took a deep breath: The night of the full moon is here!

The huge figure of the Frost Swallowing Mountain Ape appeared at the entrance of the cave. He pulled the iron fence away and scanned the crowd with greedy eyes, as if thinking about who should be eaten first.

But at this moment, suddenly far away, there was a clear call.

This call, like a bird's cry, like a dragon's roar, was full of incomparable domineering.

Chen Feng frowned when Chen Feng saw it.

Obviously hearing this voice made him very unhappy.

Soon, Chen Feng saw what the owner of the sound was.

This is a huge flying dragon with a body length of a thousand meters and nine huge heads. This head is a bit like a bird's head, but also a bit like a dragon.

Above its huge body, with a wingspan of a thousand meters, countless huge scales grow on the surface of the body. Behind its tail, like a long whip, it looks extremely hideous.

Someone exclaimed: "It turned out to be a nine-headed flying dragon beast!"

"This is a Ninth-Rank Spirit Beast, a Nine-Headed Flying Dragon Beast!"
