

Permit Me 1101

Chapter 1101 Have you ever seen such a shameless person?

Tang Zong walked to the front of the bed, kicked off his shoes, and sat down on the bed without any hesitation. He even reached out with a mischievous smile, and very restlessly touched Rong nuo's bandaged neck. His clean face, coupled with his smile, really looked a little like a little ruffian Lao Ai who was teasing a good woman.

"How pitiful!" Tang Zong's face was filled with regret.

"You're really hateful," he continued, even though she was ignoring him.

Then, he touched his chin and muttered to himself, "But, this face is clearly quite likable!"

At least in his opinion, this was a face that made him quite happy to see. Yes, quite happy!

Tang Zong looked around the ward and asked, "Your sister didn't come to see you?"

Rong nuo glared at him, "what does it have to do with you? [what do you care?]

When Secretary Zhou came to see Rong nuo, he had conveyed Liancheng Yazhi's words to Rong nuo, and she had nodded in agreement at that time.

Rong nuo didn't want Rong Yan to worry about her anymore. Anyway, nothing major had happened to her. It was just that she couldn't speak for a few days. It was no big problem at all!

Tang Zong chuckled at Rong nuo. Suddenly, he leaned back and lay down beside Rong nuo. He placed his hands behind his head as a pillow and said shamelessly, "alright, seeing that you're all alone with no one to accompany you, this young master will be kind and stay to play with you for a while. no need to thank me, i'm just a kind and kind-hearted person."

This guy didn't feel that what he said made people want to ridicule him!

rong nuo rolled her eyes and kicked tang zong's calf to get him out of here.

have you ever seen such a shameless person? [of course i haven't!]

He could praise himself for being handsome, but to praise himself for having a good heart and being kind, that was the biggest joke of the century.

Tang Zong did not move. He squinted his eyes and yawned. "i'm so tired, i didn't sleep much last night. don't wake me up, i want to sleep." tang zong: 'Sigh, I did so many things at night. You're asking if it's healthy? then I'll tell you clearly that it can't be healthy!' If I'm healthy, will I still be Tang Zong?

Rong nuo's eyes widened. Your sister, go back to your house to sleep. Don't sleep on my bed. Do you really think this is your house? can we not be so familiar with each other? i'm not close to you at all, alright?

rong nuo continued to kick him, but he was as steady as a mountain, not moving at all. his eyes were closed, and his long eyelashes were like two small fans. rong nuo was jealous of him. she really wanted to take a small pair of scissors and hit him until he went bald.

Rong nuo shivered and quickly shook her head. No, no, how could she have such an evil thought?

As a woman who was not ugly, how could she be jealous of a man's eyelashes?

however, to be honest, it was hard not to be envious when she saw it at such a close distance.

rong yan raised her head and knocked it on her head. damn, how did she go off topic? she should have kicked this bastard out.

Rong nuo returned to the main topic and continued to kick Yingluo.

in the end, she still didn't move. rong nuo was so angry that she vomited blood. damn it, are you bullying me because i can't talk now?

Rong nuo sat on the hospital bed, her eyes spewing fire as she glared at Tang Zong. This bastard, he fell asleep so quickly, and he was sleeping quite soundly. Did he really not put her in his eyes?

in the end, rong nuo couldn't take it anymore. under the call of anger, she finally reached out her hand of justice to tang zong.

Chapter 1102 I'm bullying you!

Rong nuo pinched his nose with one hand and covered his mouth with the other. His lower two feet were still moving. She did not believe that he would not wake up.

After about ten seconds, the motionless Tang Zong suddenly moved. He turned around and his two long slender legs, like the pincers of a crab, clamped onto Rong nuo's legs, not allowing her to move. His hands grabbed both of Rong nuo's wrists and pressed her under his body. He muttered, "Stop fooling around. I know you must have missed me since you haven't seen me for a few days. I'll play with you when I wake up. Be good and let me sleep for a while, Qianqian."

"AI, Yingluo, a good person is destined to work harder than others, you know Yingluo"

tang zong did not open his eyes from the beginning to the end as he made this series of actions.

Even when he was pressing down on Rong Yan at this moment, which looked like an extremely ambiguous position to outsiders, from the way he did it, it didn't seem to have that kind of meaning. It was just a very simple man pressing down on a woman! Yes, just like this!

However, the position of Tang Zong's face was a little subtle. Below her shoulders, above her chest, and with a slight movement of her chin, he was rubbing against the lady's chest. It was as if he had placed his mouth on tofu, and he could eat it as soon as he opened his mouth.

this made rong nuo so red that she was bleeding, and her eyes were about to pop out.

She tried to struggle, but this guy had her legs and hands firmly pressed down, and she couldn't move at all.

The guard at the door might have heard the movement inside, so he knocked on the door and pushed it open a crack. In the end, from his line of sight, he saw the two of them entangled together, doing some scenes that were not suitable for outsiders to watch. The scene was very hot, and he quickly retreated.

The result of withdrawing was that he did not see the pleading look in Rong nuo's two big eyes!

Rong nuo gritted her teeth. You f * cking opened the door, why didn't you come over? why don't you come over and take this bastard away!

Rong nuo was really anxious now. Tang Zong was bullying her because she couldn't speak now and couldn't make a sound, which was why she dared to be so unscrupulous.

She hated the woman who strangled her so much! It was because he didn't feel it in the past. It was only when he really couldn't speak that he could understand the pain of the deaf and mute.

However, the people outside didn't dare to disturb their 'happy occasion'. They even very considerately closed the door and reported the situation inside to their superiors in time.

After a while, he whispered to the person beside him, " I'm going to the washroom. You keep an eye on her. Don't let anyone in.

"What's wrong?"

a man and a woman alone in a fire. You know what I mean. Don't make me explain it so clearly!

"is it true? but why didn't i hear anything?"

"It's because your throat can't speak now. Don't ask blindly, you'll be seen too. The master inside is not easy to deal with. I'm going to the bathroom!"

"Go, go, Yingluo."

After he left, the remaining guards rejoiced in their hearts. Fortunately, they couldn't make any sound from their throats. Otherwise, if a group of rough men like them heard about the live sex Palace, they would be tortured to death!

At this moment, the female lead, who was being fantasized about by a group of men, was gritting her teeth in anger. She was so angry. She was so close to him that he could count how many eyelashes she had. She should have used the scissors to cut off this bastard's eyelashes first.

—

Chapter 1103 She bit Tang Zong's ear?

She really didn't know how many lifetimes of bad luck she had in her previous life. First, she met that scumbag Xia Xuanmo, and now, she was stuck with that crazy man Tang Zong. Could her life be any messier?

Rong nuo's body was tense at first, but she could not hold on any longer and could only relax.

She looked at The Mark on the Wall, it was ticking!

When Tang Zong arrived, it was already three in the afternoon. An hour had passed and Tang Zong was still unconscious. He didn't even change his posture.

Two hours had passed, and Tang Zong still had not woken up. He had not changed his position. Rong nuo felt that she could no longer feel her arms and legs.

F * ck, three hours had passed, and he was still not awake. When was he going to sleep? His arms and legs were about to break, alright?

It was six O'clock in the winter and the sky outside was already dark. Because the people outside did not dare to come in, and Rong nuo was pressed down and could not move, no one turned on the light in the ward!

In the darkness, Rong nuo suddenly realized something, and a voice in her heart said: "Why did I let him? why did I let him sleep on me for so long? Even if he can't move his arms and legs or make any sound, can't I wake him up? I'm so angry that I'm confused."

in the dark, rong nuo could vaguely see tang zong's face. finally, she made up her mind. she closed her eyes and bit down. no matter what she bit, she hardened her heart and used force. tang zong woke up from the pain.

Rong nuo felt Tang Zong's body suddenly tremble, and then he suddenly pushed her away. And then, before she could see anything clearly, she heard a bang, and then the light in the room was turned on.

Rong nuo looked at the lights that were turned on, and her face was full of surprise. So the lights in this Ward could be controlled by voice?

But why did Tang Zong go up to the ground?

Rong Yan's legs and arms were so numb that she almost couldn't feel them anymore. She looked up and saw Tang Zong sitting on the ground, his hands covering his ears. Tsk, the point was, why was this guy's face so red?

what the hell, why does he look like he's been taken advantage of? She hadn't even questioned him yet, and he was already looking at her with that kind of expression.

Rong nuo glared at him, completely unwilling to give in.

Then, what Rong nuo found most unbelievable was that Tang Zong actually covered his ears and ran away. Oh, he did not even wear his shoes.

Rong nuo was completely confused. After a while, she suddenly remembered that she had bitten Tang Zong's ear just now. It seemed so!

Could it be that his ears had some secret?

Can't be touched?

Or was Yingying like some people, where a certain part of her body was the most sensitive and would go soft when someone touched it?

Rong nuo despised her own wild thoughts. She was really sick. Why was she thinking about this? it had nothing to do with her!

She was hungry and was waiting for her arms and legs to recover so that she could get someone to send her food.

.....

On the other hand, Tang Zong only realized that he was not wearing his shoes when he ran from the ward to his car in a panic.

He covered his face and felt the temperature of his face with his palm. It was very hot, and it was useless to blow it in the cold wind.

Tang Zong hesitantly stretched out a hand to touch his ear, and then quickly retracted it.

Tang Zong bit his finger. It's over, it's over. What if his secret was exposed?

after thinking for a long time, tang zong finally patted the steering wheel and stuck his head out of the window. he glanced at the hospital ward that was standing tall in the night sky, gritted his teeth and said, "It's decided then!"

Chapter 1104 Do you have to be so bold?

At the same time, at six o'clock in the afternoon, the family of three, who were exhausted from playing in the amusement park, finally decided to leave. Liancheng Yazhi was about to take his wife and daughter to dinner.

To be on the safe side, they chose to eat at jinrong house, which they used to frequent in Feng nongtang.

In the car, Liancheng Yazhi pinched MeowMeow's still red face and asked, "Did you have a good time today?"

liancheng yazhi patted his chest and said very nouveau riche, "Okay, this is our house's. You can come whenever you want in the future?"

Rong Yan sat by the side and watched with a smile on her lips.

She sighed. It was good to have a rich father. What a pity, Yingluo.

After he disappeared, he didn't even have enough to eat, let alone go to the amusement park!

It turned out that a father's love was really important to a child. Rong Yan was glad that she had returned.

Although

A family with both parents was what a child needed the most.

.....

When they arrived, Liancheng Yazhi ordered some dishes that MeowMeow and Rong Yan liked. He did not have any requirements for himself.

Before the dishes were served, Rong Yan took MeowMeow to the bathroom.

liancheng yazhi quickly took advantage of this time to call secretary zhou. "I'll give you five minutes to explain."

before arriving at jinrong house, secretary zhou had already made several calls, but liancheng yazhi hung up on them.

He didn't want to worry about work when he was having fun with his daughter and wife.

Because he knew very well that Secretary Zhou's call would not be anything good!

secretary zhou quickly said, "Young master ya, Tang Zong went to see Rong nuo, and Su Yu has been picked up by mu weibai."

Liancheng Yazhi did not find these two things strange. It would be strange if Tang Zong did not go to see Rong nuona. If mu weibai did not go to find trouble with su Yue, then his arrangements would have been in vain.

” what else? tell me something new. ”

secretary zhou scratched his head and stammered, ” there’s also something new. It’s just that, it’s just that Hanhan is in the hospital. Our people said that after Hanhan and Tang Zong go in, something will happen between a man and a woman alone. You know what Hanhan is like. Secretary Zhou didn’t dare to finish the rest of the sentence, nor was he too embarrassed to say it.

At least Huahua was still single. She was so busy that she didn’t even have time to watch japanese porn, let alone find a woman. She was really lacking in this aspect.

Liancheng Yazhi’s face darkened when he heard that. F * ck, what was this?

He really wanted to kick Tang Zong’s face.”Aren’t you too f * cking bold?”

He had actually barged into the territory that his men were guarding and finished his sister-in-law. If Rong Yan knew about this, she would definitely be angry with him.

liancheng yazhi quickly asked,”do those guards eat idiots?” Why didn’t you drag Tang Zong out? has that bastard Tang Zong left yet?”

secretary zhou swallowed his saliva. “this ... back then, you said that if zhenzhen were to go over, there was no need to stop him. i guess that’s the reason why they didn’t go in. however, tang zong had already left, but the guards outside said that for some reason, tang zong suddenly came out of the ward in a panic, without even wearing his shoes!”

Chapter 1105 Brother-in-law can only say sorry!

Secretary Zhou initially wanted to ask if Tang Zong was planning to play and not take responsibility, but he didn’t dare to. He carefully said, “About this, young master ya, look at Yueyue.”

Liancheng Yazhi was so angry that he wanted to smash the table. He lowered his voice and scolded angrily, ” “I told you not to stop him from seeing Rong nuo, but I didn’t tell you to watch him do that to Rong nuo and not stop him. There were a few people present at the time, fire them all.”

“Also, make an appointment with Tang Zong tomorrow. I want to see him.”

secretary zhou’s palms were sweating. was young master ya going to beat up tang zong in front of him?

However, Secretary Zhou was in a difficult position. yes, I’ll arrange it for you, Yueyue. But Tang Zong’s whereabouts have always been uncertain. It’s not easy to settle him down, Yueyue.

“I want to see him, but he dares to refuse.”

“Young master ya, I’m just afraid that he’ll want to hide and won’t dare to see you after doing that, Yingluo!”

liancheng yazhi shouted. ” then there’s no need to make an appointment. find out where he is tomorrow. i’ll kill him directly. ”

“It’s okay, just bring everyone.”

“It’s too much trouble to bring all of them.”

“it’s not troublesome. it’s just that there are a lot of people here. it’s not really troublesome. as long as you two are happy, it’s worth it. let’s not talk about this. aren’t you hungry? hurry and eat.”

Chapter 1106 Boss, someone’s causing trouble!

Liancheng Yazhi disguised himself very well. It was not until the next afternoon that he suddenly said to Rong Yan, ” the company has a very important contract. I have to sign it and will be back soon.

The wound on Liancheng Yazhi’s arm had mostly recovered. Natsume’s medicine was very effective, and the wound healed very quickly.

Rong Yan nodded. okay, go then. Be careful on the road.

“Yes, don’t worry. The situation outside isn’t as tense as before. Come here, Yingluo.”

After leaving the house, Liancheng Yazhi secretly said to himself, ” This time, I lied out of goodwill. This is the last time, yes, the last time!

“Young master ya, where are you going?” the driver asked Liancheng Yazhi.

He told the driver the address that Secretary Zhou had found. The honest driver was stunned for a moment. Hey, didn’t they say that they were going to the company?

The driver sneaked a glance at Liancheng Yazhi and quickly retracted his gaze, not daring to look around.

However, she thought to herself, ’is the young master hiding something from the young Madam? is there a secret that he can’t tell her?’

This time, Tang Zong wasn’t in the pool room from yesterday. He was in a chess room today. Of course, the boss was still Tang Zong. He was a person who loved to play, so he would definitely be able to play all kinds of games.

the chess and card room was still not big, but it was well-equipped. although it was a chess and card room in name, it was actually almost a small casino, because the people here played mahjong, but the amount of money they played was shockingly large.

standing at the door of the chess room, which looked unassuming from the outside, liancheng yazhi wondered why tang zong had such a secret stronghold in the capital when he was abroad all year round.

However, this was obviously not the time to be concerned about this. What he wanted to do now was to teach Tang Zong a good lesson.

Liancheng Yazhi glanced at his left hand and remembered that when mother Xia changed the dressing yesterday, she had said that the wound was currently healing and that it was not good to do any strenuous exercise. He snorted. It was fine even if he did not use his left hand. He could still deal with Tang Zong with one hand.

After knocking on the door of the chess room, two bodyguards walked in front and four followed behind. Liancheng Yazhi walked in the middle, looking very much like an older brother.

However, when the guard at the chess room saw them, he thought they were here to cause trouble and quickly stopped them. "excuse me, do you have a membership card?"

However, no one paid any attention to him. Two tall and burly bodyguards led the way and Liancheng Yazhi walked in.

The staff guarding the chess room quickly shouted into the walkie-talkie, "quickly tell the boss that someone is here to cause trouble!"

After that, someone hurriedly went to inform Tang Zong.

at this time, boss tang was rubbing numbing with a few people. his appearance today was a bit strange. his right ear was wrapped with a piece of gauze. people who didn't know would think that his ear was injured.

The waiter pushed the door open and came in in a panic. boss, someone is here to wreck the place!

Tang Zong's expression didn't change. He just frowned as he looked at the cards in his hand. He felt that his cards were bad and threw out a three-lane card. It seems that today isn't so boring. Just smash it, what's the hurry? continue, continue. It's your turn. Don't dawdle, hurry up."

The waiter was speechless.

Although the chess room was not big and the private rooms were partitioned, the decoration was extremely exquisite!

Fortunately, there were very few cubicles. Liancheng Yazhi walked all the way and soon found Tang Zong.

When he saw Tang Zong's appearance, he was so angry that he couldn't control his anger!

Chapter 1107 I'm not afraid of you

Liancheng Yazhi glanced at the six bodyguards beside him!

with just a look, they understood and immediately dispersed. not long after, they heard many people protesting. everyone was expressing only one theme: Why are you chasing us out of the blue? we're just normal news, what right do you have to chase us out?

Tang Zong heard the movement around him and raised his head. Then, he saw Liancheng Yazhi standing at the door in an arrogant manner.

however, what was that pair of extremely unfriendly eyes trying to express?

Tang Zong expressed that he really did not understand!

He had been doing good things recently, not bad things!

Tang Zong opened his big, clear eyes like an obedient rabbit. He raised his claws at Liancheng Yazhi and shook them."Wow, what are you doing here? were you the one they were talking about?"

Liancheng Yazhi didn't say anything. He moved his right hand and walked in front of Tang Zong. He looked down at him with a murderous look in his eyes!

Tang Zong was baffled. Why did he have such a strong killing intent?

The three people who were playing cards with Tang Zong started to shiver in unison.

Suddenly-

Liancheng Yazhi's right fist suddenly swung up and hit Tang Zong's left cheek.

the people around them were so scared that their hearts skipped a beat. however, all of them ran out as if they were running for their lives, not even taking their money!

tang zong was dumbfounded. a muffled "bang" was heard. then, his head was tilted to the other side. the left corner of his mouth seemed to have cracked a little, and the taste of blood gradually filled his mouth!

After a long while, Tang Zong finally reacted. He had been hit!

tang zong raised his head, looking a little silly."So you're really here to cause trouble!"

Liancheng Yazhi kicked away the unsightly chair next to him."I'm not here to destroy the venue, I'm here to destroy you!" Rongyan hubby, What's the Difference? isn't beating up someone else's boss the same as ruining the place? Besides, you chased away all the guests!

Tang Zong was really inexplicably beaten up. He didn't even know what he had done, but Liancheng Yazhi greeted him with his fist without saying a word. This was the biggest loss he had ever suffered in his life!

Who was he? he was Tang Zong. He was the one who beat up others. Who would dare to beat him up?

Moreover, he had been slapped in the face. He had hoped to use his handsome face to hook up with his future wife!

however, it seemed that it depended on the person who suffered a loss.

Right now, Tang Zong felt that he had better keep his fists and figure out why he was beaten first!

Otherwise, if they were to fight today, it would be difficult to do some things in the future!

tang zong reached out his hand to block his chest. " wait a minute. don't think that i'll let you hit me as you please just because i'm kind-hearted. first, tell me why qianqian hit me! "

tang zong deeply felt that he was very great for enduring the humiliation!

Liancheng Yazhi grabbed Tang Zong's clothes with one hand and said fiercely,"I don't care what you're thinking now. From now on, don't even think about seeing Rong nuo again. If you dare to go again, I won't just beat you up."

this time, tang zong was indignant. what right do you have? just because you said you don't want to see her, you don't want to see her? who are you? I'm not afraid of you!

Tang Zong immediately stood up from his chair. "why? rong nuo is only your wife's sister, not your wife. why do you care so much? i can see whoever i want to see, it's none of your business!"

Chapter 1108 Getting beaten up is also a skill

Tang Zong twisted his neck like a rebellious child, while Liancheng Yazhi looked like a big brother who was teaching a naughty child a lesson!

Liancheng Yazhi put on an overbearing aura. I don't care if you see other people. In short, you can't see Rong nuo. Today, I'll leave my words here. You better remember them. If you can't, I don't mind helping you remember them!

lian Cheng yazhi did not want to explain to him what nepotism was!

This was a series of comparable formulas for interpersonal relationships. A madman like Tang Zong would not be able to explain it to him.

Tang Zong pushed Liancheng Yazhi's hand away. His usual cute look was gone. His two clear eyes no longer looked peaceful to outsiders. They looked like boiling water, gurgling and emitting a burning heat.

tang zong was slightly shorter than lian Cheng yazhi. he suddenly stood on the chair with a fierce expression on his face, like a wolf cub. "lian Cheng yazhi, what do you mean? If you don't let me go find Rong nuo, what are you planning?"

Liancheng Yazhi really wanted to kick him. Damn it, this bastard, he actually thought that there would be something between him and Rong nuo. He really deserved a beating.

Do you think I can't hit you just because you're sitting on the chair?

Liancheng Yazhi's fist worked again and hit Tang Zong's stomach, causing him to bend over in pain.

"Whatever man Rong nuo finds in the future, my wife will help him find it. But don't worry, it's definitely not you. Even if it's simple, it's much better than you."

Tang Zong was really in pain at first, but when he heard Liancheng Yazhi's words, he immediately straightened his back!

Tang Zong straightened his back. it's none of my business what kind of man your wife and Rong nuo find. You came here for no reason and even dared to beat me up. I haven't even settled the score with you yet. Let me tell you, I'm a kind person, but I'm not easy to bully.

In Tang Zong's self-consciousness, Rong Yan finding a man for Rong nuo was her business.

What kind of woman he found for himself was his business. These two had nothing to do with each other, okay?

In any case, it was fine as long as the person ended up in his hands!

Liancheng Yazhi was even angrier when he heard that. 'Damn it, since you're not interested in her at all, why did you go and provoke her? you even teased her yesterday.'

lian Cheng yazhi grabbed tang zong and pulled him down. "I've said what I should say today. You'd better listen to it and remember it clearly. Rong nuo, don't even think about seeing him again. Otherwise, I'll beat you every time I see you."

After he finished speaking, Liancheng Yazhi threw Tang Zong aside and turned to leave!

Looking at Liancheng Yazhi's back as he left, Tang Zong rubbed the spot on his face where he had been hit. Then, he took a deep breath. Hiss, it really hurt. This guy was too heavy-handed.

Tang Zong snorted arrogantly. You think you can just disappear like that? Yours truly was not an obedient person.

However, he had been slapped in the face today and his face was a little disfigured. How could he face anyone?

In the next second, Tang Zong touched his ear through the gauze. His face was a little red, and his heart was racing.

Yesterday, she bit his ear, and today, she slapped his face like her brother-in-law. He had to get justice!

Tang Zong rubbed his stomach that was still hurting. Today wasn't the worst time he had been beaten up in so many years, but it was definitely the most memorable time. Because Hanhan didn't return the favor. Not only did he not return the favor, he even generously let the other party leave. He didn't even say anything bad to him. Look at how good of a person he is!

Chapter 1109 Young master Tang's rebellious character

All of Tang Zong's kindness since he was born was fully displayed in the process of being beaten up this time. It could even be called a miracle!

In the past, if someone beat Tang Zong up, they would just say something that he didn't like to hear, or if someone gave him a look that made him unhappy. Even if they didn't kill him, they would still beat him up and make him lie in bed for two months.

Therefore, it was very magical this time.

In fact, even after a long time, Tang Zong still couldn't understand this question. I was beaten up, why didn't I fight back?

Why, why?

This was a very philosophical question. Tang Zong felt that he wanted to commemorate this! [Rong nuo dear, do you really not understand? I think we need to have a chat!]

Tang Zong touched the small crack on the corner of his mouth and snorted. "You won't let me see her, you won't let me see her, but that'll depend on whether you can keep an eye on Yingluo. Sooner or later, I'll take everything away with interest. Just you wait!"

tang zong shouted to the outside,"men!"

She opened her mouth wide and pulled on the wound at the corner of her mouth. It really hurt!

The waiter hurriedly ran in. When he saw the obvious wound on Tang Zong's face, he shrank his neck in fear. "Boss!"

"Go and prepare the car for me!"

"Good Yingluo, good Yingluo"

.....

After beating up Tang Zong and venting his anger, Liancheng Yazhi came out of the chess room. He felt much better and even felt that the air was better.

“Young master ya, where are we going now?” the chauffeur asked after they got into the car.

“I’m going to the company!” Liancheng Yazhi said.

Since he had already come out and told Rong Yan that he was going to the company, he should at least go around and sign a contract or something. This way, it wouldn’t be considered as lying to Rong Yan, right? Even if the truth were to be revealed in the future, he could still confidently say that he had really gone to the company!

Along the way, Liancheng Yazhi was in a good mood.

However, when they arrived at the company’s entrance, the driver carelessly stopped the car and the car shook a little before it stabilized. He was so scared that he quickly apologized to Liancheng Yazhi.

However, Liancheng Yazhi did not hear what he said at all, because the slap just now made him suddenly remember something that made him extremely depressed. He smacked his head hard, and a series of repeating words appeared in his heart: it’s over, it’s over, yingluo, it’s over, yingluo.

Liancheng Yazhi kept shaking his head. He was too impulsive this time. How could he forget that Tang Zong was a guy who had yet to pass his rebellious phase? There was not a single bone in his body that was good, only rebellious. The more you suppress him, the stronger his rebound will be!

This time, he ran over to give a warning and beat her up.

If that brat Tang Zong really listened to him and didn’t look for Rong nuo, that would be strange!

Liancheng Yazhi leaned on the back seat and stopped moving. He did not dare to think about the consequences, because it was hard to imagine what Tang Zong’s brain would do.

What if Qianqian, he meant what if, what if Tang Zong didn’t think too much about it at first, but this time, Qianqian was so agitated by him that she really did something irreparable? Wouldn’t he become an accomplice then?

What would happen if Rong Yan knew about this?

Seeing that Liancheng Yazhi was not moving, the driver called out, ” “young master ya, young master ya is here.”

“Oh, okay, Yingluo.”

After Liancheng Yazhi reacted, he quickly got out of the car and walked into the company. He had to quickly think of a way to deal with and remedy the situation and stop Tang Zong before he went crazy!

Chapter 1110 Tang Zong kidnapped her

Liancheng Yazhi’s sudden arrival stunned all the employees in the company. They all thought that their boss would have to rest at home for a while this time. Who would have thought that he would suddenly come? Everyone was a little unable to react for a while.

Fortunately, Secretary Zhou was the first to react.

“Young master ya, you’re here.” Secretary Zhou knew that Liancheng Yazhi had gone to look for Tang Zong just now. However, he did not expect that his boss would still think about the company.

Liancheng Yazhi grabbed Secretary Zhou to a corner and said in a low voice, ” “Secretary Zhou, hurry up and transfer Rong nuo to another hospital. This time, we must keep it a secret. Don’t do it so openly. We can’t let anyone else know about it, especially Tang Zong. Hurry up and go.”

Liancheng Yazhi thought that it would be fine as long as they moved Rong nuo away before Tang Zong and made it impossible for him to find him.

However, it didn’t take long for him to realize how simple his thoughts were at this moment!

“Now?” Secretary Zhou was a little stunned.

Liancheng Yazhi patted Secretary Zhou’s shoulder with his big hand. yes, now, immediately, immediately, change Yingluo for me!

“Yes, young master ya!”

Liancheng Yazhi left after saying this to Secretary Zhou. Secretary Zhou stood in the same place for a few seconds before he quickly went to do it.

However, it was still too late. Secretary Zhou had arranged for someone to pick up Rong nuo from the hospital, but ran ran opened the door. Oh my God, where is she?

Secretary Zhou shivered as he called Liancheng Yazhi. It had been less than 15 minutes since Liancheng Yazhi had left!

“Young master ya, Yingluo, no, it’s not good, Yingluo!”

“What’s wrong?” Liancheng Yazhi’s eyebrows were tightly knitted. He realized that he seemed to have an allergic reaction to ‘not good’. He felt very uncomfortable when he heard these three words!

“Rong nuo has disappeared!” Secretary Zhou pinched his thigh and mustered up his courage!

what? “Liancheng Yazhi’s eyes narrowed. say that again?”

Secretary Zhou covered his face and quickly said, ” “Young master ya urged me to arrange for the hospital to send someone to pick up Rong nuo. When he pushed open the door of the ward, she was gone. He couldn’t find her even after searching the entire hospital. The guards at the door said that no one came out of the ward from the beginning to the end. They didn’t even hear any movements inside. They don’t know when Rong nuo disappeared either.”

Liancheng Yazhi raised his foot and kicked the car in front of him, cursing, ” “I’ve really spent money to raise a bunch of idiots. Throw them all to Kang Zhen and give them hell.”

it’s Wanwan, it’s Wanwan. Actually, I think it’s better for you to directly recruit retired Special Forces soldiers from master Sheng. Although Secretary Zhou was extremely afraid now, as a loyal

and good Secretary who was willing to sacrifice her life for her boss, she would not let go of any opportunity to make good suggestions.

Liancheng Yazhi gritted his teeth. I'll get someone to handle this. You, go and find someone right now. Don't come to me if you can't find her!

"It's young master ya! Young master ya! Are you sure that the person who took miss Rong nuo away was really Tang Zong?" Secretary Zhou just wanted to make sure that the person he was going to face this time was really that crazy Tang.

lian Cheng yazhi gritted his teeth in hatred. "Other than him, who else would be crazy enough to risk their lives?"

I, Yingluo, I understand. Yingluo, I will definitely find her. I will definitely find her.

After he hung up the phone, Secretary Zhou squatted on the ground and complained about his bad life. One after another, things fell on his head, and none of them were free from worry!
