

Permit Me 1131

Chapter 1131 Which kid would trick my daughter away?

The next day, they went to Feng nongtang's house. Rong Yan specially dressed

Rong Yan tied her hair into two buns and wore flower buds made of Amethyst on both sides. She was wearing the new style of girls in the season that Liancheng Yazhi had specially asked someone to ship back from abroad. She was wearing a pink children's trench coat with a standing collar and a circle of white rabbit fur on the top. She wore a pair of red short boots on the bottom. When she stood there without speaking or blinking, she simply looked like a Jade-carved doll. She was so exquisite and cute that it made people happy.

Liancheng Yazhi saw that his precious daughter was so beautiful and suddenly felt a little depressed.

After getting in the car, Rong Yan asked Liancheng Yazhi, "What's wrong? You're not happy again?"

Liancheng Yazhi grabbed Rong Yan's hand and said unhappily in a low voice, my daughter is so beautiful. I don't know which bastard will take advantage of her in the future. I hate it just thinking about it. Qianqian, the daughter we raised will be someone else's in the future. If I find out now, I'll take a gun and shoot any bastard who tries to cheat my daughter away.

Liancheng Yazhi had basically spoken the thoughts of every father. His precious eldest daughter was cheated away by another man when she grew up, ran ran.

Thinking about it, he felt that the little rascal must have had an irreconcilable hatred with him in his previous life, so he came to abduct his daughter in this life.

Rong Yan laughed out loud. you, really.

Liancheng Yazhi was still not happy."i'm still young now, but i'm already filled with so much hatred. if i were to grow older, wouldn't i be in even more pain?"

"That's enough. If you go to house Feng like this, people will think you're looking for trouble. Don't worry about your daughter. At most, you can find her a live-in son-in-law."

"Yes, you're right, a live-in son-in-law." liancheng yazhi remembered the thing he had asked someone to do some time ago. it seemed that they had almost found all the children. in a few days, he would ask someone to bring over the little boys found from all over the world. he would go and take a look personally and choose a few to be meowmeow's reserve army.

Thinking of this, a smile gradually appeared on Liancheng Yazhi's face!

.....

All the way to the Tang family's house in Feng Nong, Liancheng Yazhi got out of the car first and helped Rong Yan down. Then, he bent down and picked up his daughter. The family of three looked like they had just walked out of a painting!

This was the first time Rong Yan had brought MeowMeow to house Feng as a guest.

Therefore, the Feng family was waiting outside the living room to welcome them. This really made Rong Yan feel that it was a little too Grand.

After Liancheng Yazhi introduced Rong Yan to Feng nongtang's parents, she said to ye nuanyang, "you're already pregnant, so why are you still out here? It's so cold outside?"

Feng nongtang Kuang nodded. I told you not to come out, but you insisted on coming out.

Ye nuanyang patted his arm and stopped him from speaking. "it's your first time being a guest at our house, so of course i can't neglect you. i definitely won't do it next time."

Ye nuanyang was a woman who knew how to deal with people. She knew that Liancheng Yazhi and his family held a very important position in her husband's heart. If she showed them absolute respect and good feelings, Feng nongtang would treat her even better!

Of course, she also really wanted to be on good terms with Rong Yan. Rong Yan's temper was quite to her liking.

Chapter 1132-love needs calculation

However, ye nuanyang had to learn to be calculative since Feng nongtang was a man who liked to play around too much. Otherwise, how could he win his heart?

Don't think that love comes naturally. Those are the benefits of being extremely lucky. For most people, love needs to be carefully arranged and calculated step by step. Only then can you get the person you want and enter his heart.

Ye nuanyang was just like that. She liked Feng nongtang, and she had liked him for many years, but she had never dared to say it out loud. She had thought that she would never be in a relationship with Feng nongtang, so she had buried that secret love in her heart. However, she did not expect the heavens to take care of her for once. Her parents had actually arranged a blind date for her with Feng nongtang, and Zhenzhen and the others had even gotten married successfully.

After their marriage, ye nuanyang had only held the title of young Madam Feng in name, and her husband had never even looked at her.

However, this was already a small improvement.

Ye nuanyang took it one step at a time. He was not anxious and took things steadily and steadily. He had finally reached where he was today. Everything she had now was built with her own efforts and she cherished it very much. Therefore, she had to take care of this happiness that she had spent almost ten years to welcome.

ye nuanyang's skills were not something that any woman could have. therefore, she had fought for her success.

Even if she was said to be scheming, it didn't matter. This was her ability!

Feng nongtang looked after ye nuanyang carefully, afraid that something would happen to him. don't stand outside. Let's go in first. We won't care about that kid Kang kun. He can come in later. He'll be alone no matter where he goes.

feng nongtang called liancheng yazhi and the others in. when they reached the living room, madam feng said happily when she saw meowmeow, ” what a cute little princess. Let grandma see whose pretty baby she is.

Meowmeowllooked up. grandma, I'm from Liancheng Yazhi's family.

Madam Feng laughed heartily. She was overjoyed to be called ” grandma “. It was as if she could already hear her own granddaughter and grandson calling her ” grandma “.

she bent down to carry

Madam Feng took

Feng nongtang pointed at his parents 'smiling faces, which had many more wrinkles.

” see, i told you. after your little princess comes, my mom will definitely not let go. ”

Rong Yan said, ” the elderly at this age all like children. Who doesn't want to have a grandson or granddaughter as soon as possible? when your child comes out, you probably won't even have a chance to hold him.

Feng nongtang chuckled. it's okay, we can have two more. We'll each carry one. Isn't that a wife? ”

Ye nuanyang glared at him. don't spout nonsense. Do you think giving birth is as easy as harvesting chives? ”

it's okay. We have a higher chance of winning the prize when we review. Maybe we'll have two children this time.

This time, Rong Yan finally got to see a different side of him. From the way he looked at ye nuanyang, she could tell that he was probably going crazy with joy!

From the moment they got out of the car and saw Feng nongtang, their smiles had not stopped, and they were filled with joy!

Chapter 1133-irresistible handsomeness

It was as if he could not wait to announce to the world that he could finally be a father!

Well, he was already an adult and should have started a family and career long ago. He had finally turned over a new leaf and gotten back his marriage. It could also be considered a positive outcome, so it was inevitable that he would be happy.

Rong Yan and Liancheng Yazhi were very happy for him. A man could only be called a real man when he had a family and a child, felt the responsibility on his shoulders, and had the courage to take on this responsibility.

.....

Before they left, Kang Yu finally arrived.

He was dressed in a military uniform, like a pine tree that stood tall. Just by standing there, he had a shocking aura. However, it seemed that he had come from the Army.

After entering the door, he first politely greeted father Feng and Madam Feng before saying to Feng nongtang and Liancheng Yazhi, "I'm sorry I'm late."

just as feng nongtang had said, kang jin was still alone. his lonely figure in this cold season seemed to carry a sense of loneliness and vicissitudes.

The three of them were all men with families. However, only Kang Zhen's wife was a mystery. They had been married in secret for many years, but Kang Zhen still didn't bring his wife out to meet anyone. He didn't even mention her name.

It was really curious!

feng nongtang laughed. "it's okay. i'm late. i'll drink as punishment. "

"Did you rush back from the Army?" Liancheng Yazhi asked him.

"Yingluo went to the military for a meeting." There was a trace of fatigue in Kang Yu's eyes. He took off his hat and placed it by his hand, revealing his evil and bewitching facial features.

He said to Liancheng Yazhi and Kang Yu, "I'm going on a mission in a few days. I might not be back for a long time."

Liancheng Yazhi saw that Kang Yu seemed to be different from usual this time and asked, "Is it dangerous?"

"It's alright!" Kang Yu hesitated for half a second.

Liancheng Yazhi and Feng nongtang looked at each other. Kang Yu's hesitation for half a second was enough to show that the mission this time must be very dangerous!

However, since it was a highly dangerous mission, it was naturally highly confidential. It was already an exception for Kang Xin to tell him this. He would definitely not say anything else. Hence, Liancheng Yazhi stopped asking and tried his best to ease Kang Xin's emotions.

Liancheng Yazhi teased Kang kun. I always thought that out of the three of us, you would definitely become a father earlier than the crazy person. But now, the crazy person is about to have a child. What about you? "

Kang Yu unbuttoned one of the buttons and raised his eyebrows. His lazy yet sharp eyes, his sexy skin, his ascetic look, and the seductiveness of his uniform were enough to make any woman scream. Even Rong Yan, who was a mother, had to admit that Kang Yu was really ... Handsome! he wanted to be infatuated!

If she didn't know and like Liancheng Yazhi in advance, she might have also fallen under Kang Zhen's military uniform!

Rong Yan glanced at ye nuanyang, who was beside her. Just like her, ye nuanyang's eyes were shining.

Rong Yan felt a little better. Fortunately, it wasn't her.

Kang Yu laughed at himself. I'm Qianqian. Life is unpredictable. Maybe there will be a chance in the future!

“There will definitely be a chance. At your age, you can have a child in ten years. Come, come, let’s take a seat first. Tonight, you’re all here to congratulate me, so you must drink a few more glasses.” Feng Nongtang helped Ye Nuanyang to his seat. His movements were careful, afraid that he would bump into him.

Chapter 1134 Am I that kind of person?

Since they were all acquaintances, there was naturally no awkward situation at the table. Everyone’s focus was mostly on the child. Feng Nongtang even asked Liancheng Yazhi about how to take care of the child, feeling embarrassed. His look of being willing to be a good father made everyone sigh deeply. Damn it, this kid finally turned around and was saved.

After dinner, father Feng and Mrs Feng left some time for the young man and went upstairs with MeowMeow.

Ye Nuanyang pulled Rong Yan to see the nursery that she had prepared for the unborn baby. The remaining three men told them their secrets.

“We’ve investigated your attack this time,” Kang Rong said to Liancheng Yazhi. “We found something, but it has nothing to do with Su Yu.”

Liancheng Yazhi nodded. “I know, but I want him to be involved in this matter. I have to get rid of this person.”

He didn’t care if Su Yu was the one behind this. He just wanted to use this as an excuse to attack Su Jing.

“If that’s the case, then I won’t say anything. I took a peek at the document today and it seems like Yingluo has some connections with the Xia family?” Kang Yu hesitated a little when he said this, but he still said it.

Liancheng Yazhi’s eyes narrowed. “Xia Xuanmo’s family?”

“Yes, I’m guessing that Zhenzhen might have caused a ruckus because of the matter between Rong Nuo and Xia Xuanmo. Now that Xia Xuanmo has left the Xia family, it seems like he will never come back. His father must be unwilling to accept this. However, I’m a little surprised that he could cause such a mess.”

Liancheng Yazhi touched his chin and thought carefully.

If that was the case, then his ambush and the fact that someone tried to assassinate Rong Nuo in the prison seemed to make sense!

However, the Xia family’s Deputy Chief shouldn’t have the ability to gather so many crazy and vicious mercenaries in the world together. Those people might not even come even if you paid them.

They had basically never entered the country before. First of all, once the difference in appearance appeared, it was easy to attract attention. Moreover, the laws in the country were different from many other countries, so it was rare for such international mercenaries to come to the country.

Besides, father Xia was a Chinese official after all, and his reputation was not bad. At least, he had a patriotic heart.

Could it be that he would, for his own selfish reasons, lead a group of brutal villains into the country, to the imperial capital, the heart of the country, and let them run wild here?

Liancheng Yazhi thought for a while and came back to his senses. He smiled at Kang Chen and said, I'll get someone to investigate this matter. Thank you for peeking at confidential information and leaking it.

"It's not the first time," Kang Yu replied nonchalantly.

After the two of them talked for a while, they pointed the finger at Feng nongtang. Liancheng Yazhi directly said, "Your wife is pregnant, so you have to control your lower body."

Feng nongtang immediately puffed out his chest and said angrily, "What do you think? am I that kind of person?"

"Aren't you?" Kang Xin and young master ya asked together.

Feng nongtang stretched out his hands. Alright, alright, that was in the past. I used to be a coward, but I've changed. Have you had any negative news about me in the past month? "

Liancheng Yazhi gave him a side glance. but don't forget that you have to hold on for as long as ten months. Can you guarantee that? "

Chapter 1135 If I didn't come back

Feng nongtang didn't even think. definitely!

"The first three months of a pregnancy are the most important," said Kang Xin, who had been quiet all this while."The chances of miscarriages are very high. You have to be careful. You have so many women out there, and there are so many women eyeing you. It's best not to go to the nightclubs. If you're really plotted against and your wife is provoked, it'll be too late for you to regret it."

"Really?" Feng nongtang panicked. Don't worry, I won't go out for the next few months. I'll stay at home with my wife. I'll go wherever she goes. Uh, wait, master Sheng, how did you know? Don't tell me, Yingluo "

Kang Xi's face was cold. The killing intent that he exuded from his bones made Feng nongtang shiver and he didn't dare to say anything else.

However, the doubt that remained in his heart could not be erased.

kang yi was a man who stayed in the army all year round. why was he so clear about a woman's pregnancy and the instability of the fetus in the first three months? Unless Yingluo had experienced something himself!

However, no one would ask these questions, nor did they dare to ask!

Liancheng Yazhi looked at Kang Zhen from the side. He felt that Kang Zhen was different today.

Although she didn't talk much like before, this time, she was obviously very depressed.

Feng nongtang was an expert at easing the awkward atmosphere. He was too afraid to speak under Kang Yu's gaze, but he quickly changed the topic and dispelled the cold.

It was almost ten o'clock. Liancheng Yazhi planned to bring his wife and child home because MeowMeow had been sleeping on Madam Feng's big bed for a while.

Liancheng Yazhi carried his daughter as Rong Yan bid farewell to the Feng family. uncle, uncle, thank you for your broadband. We will come again next time.

Mrs. Feng beamed. that's great. It'll be great if you can come here more often in the future. It's nuanyang's first pregnancy, so you have to teach her more.

"Alright, I will."

Rong Yan then said to ye nuanyang, "nuanyang, let's go. It's too cold outside, so you don't have to come out and send us off. Take care of your baby. You'll definitely take good care of it for the first few months.

okay, I won't go out for the next few months. I'll stay at home and take care of myself. After five months, can you accompany me to buy some baby supplies? " Ye nuanyang was more concerned and concerned about this child than anyone else. As long as the child could be born safely and smoothly, she would be able to live happily ever after. Children were the most important part of maintaining a husband and wife's relationship.

"Of course you can!" Rong Yan agreed readily.

After saying goodbye, Kang kun picked up his hat and put it on. He left with Liancheng Yazhi and his family.

liancheng yazhi let rong yan and meowmeow get into the car first and then closed the door. he stood outside the car and said a few words to kang rong.

"it's not your first mission. no matter what it is, i believe you'll be able to return safely."

Kang Yu smiled faintly. His straight and upright body, in the cold night, was like a pine tree that would never fall.

"I'll try my best, Yingluo."

Liancheng Yazhi patted his shoulder. what do you mean by 'try your best'? you have to come back. Maybe the next time you come back, I'll be a father again. By then, you'll have to come to my house to congratulate me.

"Work hard, then," said Kang Zhen, still concise.

Finally, when they were about to leave, Kang Yu suddenly called out to Liancheng Yazhi, "Liancheng, if this time, and I'm saying if, something happens and I don't return, I hope that you won't investigate Wanwan."

Chapter 1136 Goodbye, my good brother

The smile on Liancheng Yazhi's face froze for a moment, but it quickly widened. He clenched his fist and punched Kang Zhen's shoulder. "that's enough. you're joking with me. with your nine lives body, how can it be so easy to end? otherwise, you wouldn't be my brother. there's no one so weak among my brothers."

Kang Yu's face was unusually calm, like a pool of stagnant water that could not stir up any waves. I'm serious! Don't investigate!"

Liancheng yazhi finally wiped the smile off his face. "okay, if you don't want me to investigate, then you can come back obediently!"

However, Liancheng Yazhi quickly added, " if you don't come back, don't blame me for turning the imperial capital upside down. There's also the military. I won't let this go until I get the truth.

Liancheng Yazhi finally realized the seriousness of Kang Zhen's mission this time. The Kang Zhen He knew was a man who was never afraid of challenges and disdained all difficulties. He was a true iron-blooded general.

Liancheng Yazhi had always thought that Kang Zheng, who was in military uniform and standing on the battlefield, was invincible. No matter how bad the situation was, as long as Kang Zheng was there, they would definitely be able to welcome the dawn of victory.

And Kang Yu had always given off a strong feeling that he could bring victory to everyone.

However, this time, even he could not guarantee that he would be able to return safely.

Liancheng Yazhi had no way to predict the danger level!

Kang Zhen took off the military cap on his head and held it in his hand, as if he was holding a mountain. Liancheng, look at the epaulet on my shoulder. Do you think it's just a symbol of my identity and position? "

from the day I put on this uniform, I was no longer an ordinary citizen. I had a national emblem on my head. Loyalty to the country and the people is the most important and basic thing for a soldier.

Liancheng Yazhi closed his eyes to calm himself down for a while before opening them again. no one disregards your loyalty to the country and the people, but you must come back. You must, you must!

Liancheng Yazhi said three 'must's!

"I'll try my best, really." Kang Yu smiled.

however, the battlefield is ever-changing. No one can guarantee that they will survive until the last moment. If I really don't come back, it is my own sacrifice, and it has nothing to do with anyone else. So, please don't investigate my death, and don't investigate what my mission is!

Kang Yu paused for a few seconds, looked at Liancheng Yazhi, and solemnly said, " "Liancheng, please!"

He was doing this to protect his dignity as a soldier. At the same time, he was also protecting the country's top secret that had to be guarded to the death.

For the benefit of the country and the people, if he had to make sacrifices, he and his soldiers would not retreat.

the highest honor for a soldier was to die on the battlefield!

Of course, if he could survive, he would definitely work hard!

The winter night's wind was bone-piercingly cold. Liancheng Yazhi happened to be facing the wind, and his face was so cold that he had completely lost consciousness.

"Alright, I promise you!" He finally nodded.

Kang Yu's expression was solemn. He put on his military cap with both hands and saluted Liancheng Yazhi. Then, he turned around and walked to his Jeep.

His straight back said goodbye to Liancheng Yazhi silently.

Goodbye, my good brother. I will try my best to come back alive. I will not give up my life easily!

This is the biggest promise I can make for you!

Chapter 1137 Don't let yourself catch a cold

Liancheng Yazhi stood in the cold wind and watched as Kang Xi got into the car. The lights lit up, the car started, reversed, turned around, and then disappeared into the night!

once again, liancheng yazhi felt that the cold wind tonight was abnormal. it was as if he was frozen and unable to move.

after a long time, liancheng yazhi slowly exhaled. white smoke drifted out of his mouth and covered his handsome face. he said indifferently, "No matter what, you have to come back. Otherwise, I won't keep my word."

People who could be called friends, brothers, and life-and-death friends were only a few around Liancheng Yazhi. Now that Xia Xuanmo was gone, he could not lose Kang Yu.

Liancheng Yazhi turned around and opened the door to get in.

The cold air from his body rushed into the car, making Rong Yan shiver. However, she still grabbed Liancheng Yazhi's cold hand immediately.

Holding Liancheng Yazhi's hand in her hand, Rong Yan felt as if she was holding an ice cube. It was so cold that she was trembling all over.

Although she couldn't hear anything in the car just now, she could vaguely see that Liancheng Yazhi and Kang Zhen seemed to be arguing about something. After Kang Zhen left, Liancheng Yazhi stood in the night for so long. Rong Yan wanted to get out of the car several times, but she resisted the urge. This was a matter between him and Kang Zhen, so she couldn't ask too much.

Liancheng Yazhi's heart felt a little better after seeing Rong Yan. He pulled his hand out and pulled Rong Yan into his arms. "i'm fine. you're afraid of the cold, so don't catch a cold."

Rong Yan raised her head and asked worriedly, "what's wrong? you don't look too good. I saw you and Kang Yu arguing about something just now. Did you fight?"

no, Qianqian. Liancheng Yazhi shook his head and buried his face in his chest. The posture was the same as when MeowMeow was looking for her mother's comfort and warmth after she was wronged or injured.

Rong Yan gently patted Liancheng Yazhi's shoulder. it's alright. Let's go home.

The car started silently and drove into the night.

After returning home, Liancheng Yazhi seemed to have been half-revived. As usual, he gave MeowMeow a medicinal bath before resting with Rong Yan.

However, Rong Yan knew that there must be something else in his heart. She was very worried but did not know how to ask.

If Liancheng Yazhi didn't want to talk about it, the more you asked, the more annoyed he would be. So Rong Yan was waiting for him to be willing to say it.

Finally, Liancheng Yazhi could not help but speak.

After lying down for a long time, Liancheng Yazhi turned over and pressed on Rong Yan, pulling off all her pajamas. He hugged her warm and soft body and rubbed it gently, but he did not do anything further. He just wanted to be so close to each other to warm each other up.

Liancheng Yazhi pressed his face against Rong Yan's soft chest and said slowly, "Kang Zhen said that he's going on a mission. Before he left, he told me that if he doesn't come back this time, I shouldn't ask, I shouldn't investigate and I shouldn't do anything."

Rong Yan's hand gently stroked Liancheng Yazhi's back. "Yes, that's his principle. A general died. He must know that if Qianqian was sacrificed, he would be willing to do so. He wants to keep his secret."

However, you have to believe in him. He won't give up his life so easily. He'll try his best to come back alive!

Chapter 1138 An illegitimate child visiting?

Rong Yan was also very surprised that Kang Yu would say that.

He must not be sure about the difficulty of this mission. However, if he really did not return, Liancheng Yazhi would definitely dig up the whole matter. He would not let his brother die inexplicably.

Therefore, Kang Yu had no choice but to give Liancheng Yazhi his last instructions before he left.

"He didn't let me investigate, so I agreed."

"Yes, you should agree. At least he can be at ease when he's going. He won't be distracted when he's doing the mission and thinking about you."

"But what if Hanhan really does get into trouble? Then my words won't count."

"When the time comes, just do what you want to do. Don't think too much about anything else."

Rong Yan's soft comfort made Liancheng Yazhi's mood better.

Finally, Rong Yan suddenly patted Liancheng Yazhi's back hard. "Seriously, he hasn't even gone on a mission yet and you're already thinking about his funeral. Are you a brother? You know Kang Yu's abilities better than I do. Do you think he's someone who'll die so easily? Don't let your imagination run wild!"

Liancheng Yazhi laughed. "That's right, my wife is right. We're not even there yet. That kid Kang Yu has a tough life. He'll definitely be fine. I still believe in him."

” that’s right. don’t think too much about it. go to sleep. if you’re still worried, i can go to the temple tomorrow to ask for an amulet and light an eternal lamp for him. what do you think? ”

Rong Yan was just joking and wanted Liancheng Yazhi to be at ease, but she didn’t expect him to take it seriously. He nodded.”Sure, I’ll handle this.”

rong yan was stunned.

.....

After that night’s farewell, Kang Yu left. His departure this time was no different from his usual missions. He left quietly, and after a month or two months, he came back to the imperial capital with injuries.

Liancheng Yazhi had always been waiting for Kang kun’s return with this kind of mood!

After Kang Yu left, the imperial capital was the same every day. There were no new changes.

Feng nongtang had completely cut off all the girls outside and put all his attention on his future baby.

However, fate loved to play tricks on people. Within two days, an out-of-service female star brought a two-year-old child to the house and said that the child was Feng nongtang’s. This caused a huge ruckus in the Feng family. Ye nuanyang almost had a miscarriage, but fortunately, he was saved in the end.

Feng nongtang didn’t believe that the child was his and went to do a paternity test. In the end, the woman bribed the doctor to change the results.

However, it was a good thing that he still found out about it in the end.

This incident had caused a huge ruckus for a week, but the result was that Feng nongtang had become extremely disgusted with the women outside and had become nicer to ye nuanyang. This was a blessing in disguise!

At that moment, Rong Yan was peeling an Apple for ye nuanyang. “Your family’s business is finally over, right?”

Ye nuanyang had almost suffered a miscarriage this time. The doctor had instructed that the fetus was unstable and it was best for it to lie on the bed for the first four months. It was best not to move as much as possible. It was only after the fetus was completely in position that it could get off the bed and walk.

Lying in bed without moving every day was actually a kind of suffering. Looking at the warm sun, Rong Yan could not help but feel that she was really blessed by God back then. When she was on the run when she was pregnant, she had done everything, but the fetus was still saved.

Chapter 1139 Neither of us sisters are good people

Ye nuanyang was in a tough spot. Her pregnancy was unstable, and the doctor suggested that she should abort it while the fetus was still small. She was in good health and had many chances to get pregnant in the future. However, ye nuanyang insisted that she must give birth to this child.

Although she had a status in house Feng now, and Feng nongtang was good to her.

However, she still felt uneasy. The happiness that she had been seeking for so many years had really come. She felt that it was not real. She urgently needed a proof that could tell her that she was not dreaming and that everything was real. And that proof was the unborn child in her stomach.

The Feng family had high hopes for this child, and the two elders had already named him.

If the fetus really fell, even if they didn't say it, they would definitely be unhappy.

therefore, whether it was for them or for himself, ye nuanyang had to insist on having the child.

Ye nuanyang's complexion was a little pale, but she was still in good spirits. She said, "yes, but I'm really worried that there will be more in the future. I'm really too tired.

Rong Yan cut the Apple into small pieces, forked a piece with a small fork, and handed it to ye nuanyang. She consoled him, "actually, I think it's good for you to cause such a ruckus. Look at Feng nongtang's attitude towards those women. He's completely disgusted with them. This is a long-term benefit for you and your child.

Rong Yan moved closer to ye nuanyang and whispered in his ear, "what you need to do now is to focus on your pregnancy. Don't think about anything outside. As long as this child is born, whether it's a daughter or a son, it'll be a big weight in your hands. It'll be the foundation for you to gain a foothold in house Feng. In the future, your life will only be better. You'll see the good after the bad.

Ye nuanyang's eyes reddened as he grabbed Rong Yan's hair. Rong Yan, thank you. No one has ever told me this. I'm very afraid that if others know what I've done, they'll say that I'm a scheming woman.

Rong Yan smiled, 'so what if I'm scheming? "This is a good thing. Marriage and love can't last long without careful planning. Don't think too much about it. Only by staying in a good mood can the child grow up healthily. The days you'll torture Feng nongtang are coming, you must hold on."

Ye nuanyang nodded and said, "I will, Zhenzhen."

"That's right."

Rong Yan stayed with ye nuanyang for about two hours and left the ward at 11 pm.

however, he would always meet acquaintances when he came to the hospital.

As soon as Rong Yan came out of the hospital building, she saw a young woman in the prime of her youth walking towards her while supporting a weak Almighty.

when the almighty saw rong yan, he was stunned at first, then his expression became ferocious. "It's you, Yingluo."

Rong Yan's lips curled up. that's right. It's me. Hello, Madam Xia.

The person walking towards them was Madam Xia. She should be here to see a doctor and looked much older than the last time they met. It seemed that Xia Xuanmo's departure had a big impact on her. He looked at Rong Yan with hatred. "Your sister is a b * tch, and you're not a good person either, Yingluo!"

rong yan's expression did not change at all. not only was she not angry, but she also smiled. "that's right, we sisters are not good people. otherwise, how could your precious son go so far away and

say that he would never come back? That's why you have to be careful, old man. You're already so old, and you can die if something happens to you. Tsk tsk tsk, how pitiful."

Chapter 1140 A woman like you shouldn't be alive

Madam Xia's face instantly turned as ferocious as a ghost's and she shouted at Rong Yan, "you're talking nonsense. Xuan MO will come back. You just wait. When he comes back, he will definitely deal with you.

Rong Yan shrugged her shoulders indifferently,"really?" It seems that you really don't understand your son. Before he left, he went to see my husband. He told my husband that the thing he regretted the most in his life was being your son. He never wanted to step into the capital again and would rather die outside than come back to see you."

Looking at Madam Xia's increasingly pale face, Rong Yan's mood improved.

She continued,"if you don't believe me, you can ask your son." However, you have to see if he will answer your call first!"

The woman who was supporting Madam Xia stepped forward and said fiercely, "miss, that's enough. Aren't you afraid that your conscience won't be at ease after humiliating someone who looks like this? "

Rong Yan glanced at her from the corner of her eyes,'conscience? My conscience has been eaten by a dog!"

As a result, the young woman was trembling with anger. I've never seen a woman as shameless as you. You don't deserve to be human.

Rong Yan laughed. This level of insult and abuse was child's play to her.

Besides, what he said was right. She had always been shameless.

Rong Yan slowly walked in front of the woman and said in a mocking tone, "that's right. Without a shameless woman like me, how can you possibly show off your elegance? however, the man you like just has to be fond of b * tches. He doesn't even spare a glance at an elegant and pure white Lotus like you. Even if you serve his parents like a slave, strip naked, and climb into his bed, you won't even be able to resist the flicking of my sister's finger.

When Rong Yan saw this woman, she guessed that she was probably another woman who liked Xia Xuanmo.

when xia xuanmo left the capital, she took such great pains to take care of the two elders of the xia family. she must have wanted to wait until xia xuanmo found out about it and was touched by her actions. she had already won the favor of the two elders of the xia family. at that time, with the support of her parents, she would definitely be able to marry xia xuanmo.

That woman's 'anyway' told Rong Yan that she had guessed correctly, and it was very accurate.

She was so angry that her face turned red, and there was a little annoyance and fear in her eyes, as if someone had exposed the secret in her heart. She pointed at Rong Yan."You, you, you, you're so shameless!"

Rong Yan sighed. Quarreling with a woman who had no fighting ability was simply lowering her status.

Rong Yan nodded. that's right, I'm shameless. If I'm shameless, how can I become the young Madam of the Liancheng family? I'll give you a piece of advice. If you want to be a whore, don't make a memorial for yourself.

When the woman heard this, she immediately raised her hand to hit Rong Yan, but she was stopped by her wrist.

Rong Yan smiled coquettishly. don't hit me. My husband's heart aches for me, so your hand should be in pain too. I'm doing this for your own good.

The woman pulled her hand back forcefully and looked at Rong Yan with hatred in her angry eyes. There seemed to be a deep-rooted hatred in her eyes, and she seemed to want to bite Rong Yan's neck off. why don't a woman like you just die? you don't even want to change your life.

Rong Yan gently ran her fingers through her hair, and her every move had the kind of mannerism that many women yearned for. She smiled."The heavens don't want me. I can't help it. The heavens let me live so that I can see you people living a bad life and suffering."
