Chapter 1141 The car that crashed into her from behind

Rong Yan's words were like the tip of a needle, jabbing him wherever the other party hurt.

However, her expression was as if she was saying, "I'm just that shameless. If you have the ability, come and bite me." It made his lungs almost explode from anger!

However, no matter what you scolded or said, it had no effect on Rong Yan and would be reflected back at you. In the end, you could only hurt yourself.

Madam Xia and the young woman were trembling with anger. They didn't know what to say.

Madam Xia glared at Rong Yan fiercely. you're such a b * tch. You'll get your retribution sooner or later. You'll die without a burial place.

the woman also agreed,"that's right, you'll die a worse death than any of us!"

Rong Yan rolled her eyes disdainfully. These two people kept repeating these few words, and they were not even annoyed. when she quarreled with them, rong yan felt that it was as if an awesome graduate student was bullying an idiot primary school student. she almost felt embarrassed.

rong yan's smile was particularly gentle to madam xia. " old madam xia, i don't know how miserable my end was, but i'm sure that when you die, there will definitely be no one to mourn for you. it's not easy to do this. it wasn't easy for you to raise a son, but in the end, he doesn't recognize you anymore. he can't even see his son until he dies. tsk, tsk, tsk, a lonely old man. just thinking about it makes me feel so pitiful! "

Madam Xia was so angry that she couldn't catch her breath. She clutched her chest, breathing out more air than she breathed in. She was about to have a heart attack.

Rong Yan then said to that woman, " let me tell you, with my sister around, you can't even think about giving your home to Xia Xuanmo until you die. Look at your face. If you were brought to the club by your parents to change your face as soon as you were born, you might have a chance. But look at you, people who don't know you might think that you and old Madam Xia are sisters. You're so ugly, you can also apply for a Guinness or something.

Before the woman was so angry that she wanted to come over and hit Rong Yan, she whistled softly and said, " I advise you to quickly send this old Madam Xia to the hospital. If she dies here, there will definitely be newspapers tomorrow saying that I'm crazy and that I'll drive her to her grave.

bye-bye, let's have a good chat the next time we meet. It's been a long time since we've had such a good time. Thank you.

Rong Yan waved her hand, pulled her collar, and walked in her high heels.

He heard the woman's anxious voice from behind him. "Aunt Xia, aunt Xia Yingluo."

The corners of Rong Yan's mouth curled up into a sneer. Let's see who's the one who's going to die of anger if she's going to throw a tantrum with me.

.....

the whites of his eyes. He stretched out his hand and waved his feet happily. "Sister, I saved your life. Aren't you going to thank me?"

Rong Yan's heart was still beating violently. When she saw the head peeking out of the car, she exclaimed, "Tang Zong?"

That's right, the person who saved Rong Yan was Tang Zong. He descended from the sky like a divine soldier and saved Rong Yan's life.

However, his original purpose was not to save Rong Yan but to 'kidnap' her because he had not seen Rong Nuo for many days. After thinking about it, he felt that it would be better to 'capture' Rong Yan and threaten Liancheng to suppress her. Hmph, he did not believe that he would not let him see Rong Nuo.

When he found out that Rong Yan had come to the hospital to see Ye Nuanyang, he had run over. However, before he could think of how to catch Rong Yan, he saw a white car crash into her.

After that, there was the heroic and handsome side of Tang Zong just now!

The scene of the car crashing into the car could simply be recorded in history. It was so cool!

Tang Zong felt that this was also a good opportunity. He ran to Liancheng Yazhi and asked for credit. 'I saved your wife. Will you let me see her?'

Rong Yan was still in a state of shock as she walked over to Tang Zong with her legs still weak. "What are you doing here?"

Tang Zong proudly raised his chin like a child. I was sent by God to save you.

Rong Yan swallowed her saliva and thought to herself, "After all, she had saved her life. This was a great favor. So, hubby, let's forget about you getting beaten up for the time being."

Chapter 1143 I'm an important guest of your family

Rong Yan had thought that if she saw Tang Zong again, she would definitely give him a good beating. However, she had taken advantage of him, not to mention that he had saved her life!

If she really died, what would happen to her daughter? What about Liancheng Yazhi?

If Liancheng Yazhi really fell in love with another woman one day, wouldn't her MeowMeow be abused by her stepmother?

Therefore, she was really grateful that Tang Zong had saved Rong Yan this time.

When Rong Yan first saw Tang Zong, she felt that this kid was actually quite likable. When she heard him call her sister, she did not feel uncomfortable anymore.

"Tang Zong, I really have to thank you for this," Rong Yan said seriously.

Rong Yan's serious expression made Tang Zong a little embarrassed. He scratched his head. "Hehe, Yingluo."

Very soon, the police car arrived. After figuring out the situation, Tang Zong, Rong Yan, and a few other people at the scene gave their statements on the spot. As for the woman who had intentionally killed someone, she would definitely be sued after her injuries had recovered. The Liancheng family would never let her off.

After a while, it was almost 12 o'clock. Rong Yan said to Tang Zong, let's go. It's almost time for dinner. Come home with me.

Rong mo did not know what to say to Tang Zong's gratitude. After all, he had saved her life. This was a huge matter. Furthermore, Tang Zong was not someone who lacked anything. Therefore, it was a difficult matter to settle. As usual, she would go home for dinner first. [Tang Zong (scratching the wall): sister, I'm lacking. I'm lacking your sister!]

Rong Yan actually liked to invite her friends to eat at home. Compared to eating out, she preferred to communicate at the dinner table at home.

therefore, since she couldn't think of how to thank tang zong, she decided to bring him home for a meal first.

Tang Zong's eyes lit up. Wow, she's improving so fast. She's going home for dinner soon!

Didn't this mean that he would be able to see Liancheng Yazhi soon and could even raise conditions with him?

Uh, wait a moment, Liancheng Yazhi said that he would beat him up every time he saw him!

Rong Yan knew what he was thinking and said, "Don't worry, I won't let him beat you up."

"That's great, Yingluo. Can you ask him not to hit me in the future?"

"Sure! It's not a problem for you to drive behind us, right?"

Tang Zong looked at the front of the car, which had its headlights damaged, and immediately shook his head."No problem," he said.

.....

When she got home, Liancheng Yazhi was so anxious that he wanted to call someone. He knew that Rong Yan had gone to see ye nuanyang and had thought that she would be back by the time he came back for lunch. He didn't expect that she would be home empty.

before liancheng yazhi could make the call, he saw that rong yan had returned. he quickly walked up to her. "Why did you only come back now?" when she saw Tang Zong leisurely following behind her, her face immediately changed and she said angrily, "Why did this kid come back here? Are you looking for a beating?"

tang zong immediately jumped behind rong yan. Hey, I'm your wife's guest today. You're not allowed to hit me!

Rong Yan hugged Rong Yan's arm. hubby, don't be angry. Listen to me. Tang Zong saved me today. If it wasn't for him, I would have been knocked to death by the car.

Liancheng Yazhi's expression changed instantly when he heard that. He quickly pulled Rong Yan to check her up and down and asked anxiously, "what's going on? Who's the one who's tired of living and dared to bump into you? why didn't you tell me?"

Rong Yan patted her arm to comfort him."Don't worry, I'm fine. I'm fine now, aren't I? and I'm not injured at all."

Chapter 1144 a new world of love

” i ran into madam xia and another woman i didn't know at the hospital today. you can imagine what happened, so we quarreled. but i didn't expect that woman to hold a grudge and try to hit me with her car. i couldn't avoid it at that time. i thought i was dead, but god thought i didn't deserve to die. at the critical moment, i ran. ”

rong yan pulled tang zong, who was behind her. “Tang Zong drove his car out from the side and knocked the car that was about to hit me off course. That's why I'm fine. Tang Zong saved my life and we have to thank him properly. That's why I brought him home.”

Rong Yan shook Liancheng Yazhi's arm. “Hubby, let's not talk about the unpleasant things between you two. Don't fight when you meet in the future, okay?”

Rong Yan described it very quickly and in a relaxed manner, but it made Liancheng Yazhi's heart tremble when he heard it. His back was already drenched in cold sweat in such a short time. At the thought of not being able to see Rong Yan again, Liancheng Yazhi's heart felt like it was going to stop beating. He hugged Rong Yan.

Liancheng Yazhi lowered his head and kissed Rong Yan's forehead, his voice trembling a little. ” alright, whatever you say. as long as you're fine, anything is fine. anything is fine! ”

tang zong watched from the side and scratched his chin. he really didn't expect such a strong man like liancheng yazhi to be so good to his wife.

Just because of one sentence from Rong Yan, he agreed without even thinking.

Perhaps, at this time, he would even say to Liancheng Yazhi that he had saved his wife and that he would agree to give him the Liancheng Corporation.

Tang Zong had never seen such deep and passionate feelings from anyone else.

Liancheng Yazhi and Rong Yan gave him the same feeling, as if they had opened up a new world for him, letting him know that the feelings between men and women could be so deep!

For some unknown reason, Tang Zong's heart suddenly felt a little itchy. It was as if a small seed was about to sprout out from his heart!

Liancheng Yazhi's hands held Rong Yan tightly as he looked at him seriously. He said very solemnly, ” “Thank you,” she said.

although he really wanted to beat up tang zong, he had saved rong yan.

Liancheng Yazhi would not make things difficult for him again for this matter.

tang zong felt a little embarrassed. he cleared his throat and said, ”No, Qianqian, no need to thank me. Of course, I didn't save Qianqian for nothing. I want a reward.”

liancheng yazhi nodded. ” just tell me the reward. no matter what you want, as long as it's within my means, i'll agree to it. ”

Getting such a promise from young master ya of the imperial capital was almost equivalent to making a wish to God.

Tang Zong's eyes lit up. you said it yourself. Don't go back on your word!

Liancheng Yazhi frowned slightly. In fact, he had already guessed what Tang Zong wanted.

However, he didn't want to care so much anymore. Appearance was the most important.

“Tang Zong, you can do whatever you want. You guys go ahead and chat. Don't fight. I'm going to go and see MeowMeow.” Rong Yan felt that the two men needed some time to talk alone. It might not be convenient for her to be present, so she found an excuse to leave first.

As soon as Rong Yan left, Liancheng Yazhi's expression changed a lot. He put his arm around Tang Zong's shoulder like a good brother, but his grip was very strong. He asked, you saved Rong Yan. Our whole family will thank you. But, tell me first, why were you there? ”

Chapter 1145 I have fate with your family!

Tang Zong moved his shoulders and smiled at Liancheng Yazhi.”It's a coincidence, a complete coincidence.”

Liancheng Yazhi did not quite believe it. This coincidence was too coincidental. really? ”

of course it's true. As it turns out, I'm actually very fated with your family, don't you think so? otherwise, how could I have saved your wife by coincidence? ”

lian Cheng yazhi didn't say anything more. in fact, whether it was a coincidence or tang zong had gone to look for rong yan on purpose that day, he was very grateful to tang zong. after all, he had really saved rong yan. she was his wife, and the only woman he would love and marry in this life was his daughter's mother.

“Where's the person who hit you?” Liancheng Yazhi let go of Tang Zong.

” oh, she's seriously injured and can't be detained or interrogated at the moment. when she's better, the police will naturally arrest her. ”

Rong Yan had just said that the woman who had bumped into her was with Madam Xia.

Liancheng Yazhi's eyes gradually emitted a terrifying murderous aura.

Before Kang Yu left, he said that the Xia family might have been the one who ambushed him in the middle of the night. This time, the woman who hit Rong Yan was related to the Xia family.

very good, he didn't want to be too calculative with the xia family.

Since they wanted to court death so much, then don't blame him.

While Liancheng Yazhi was deep in his thoughts, Tang Zong had already picked up a banana and was eating it while wandering around the hall. He glanced at Liancheng Yazhi. It seemed like he was going to make a move on the Xia family.

Liancheng Yazhi suddenly thought of something and quickly said to Tang Zong, “Rong Yan doesn't know about Rong nuo's injury. He also knows about you pestering Rong nuo. Don't mention it in front of her, okay?”

“Why?” Tang Zong's face was filled with a devious smile, as if he was saying that he had caught her red-handed. Oh, if you don't tell her, I'll tell her about Zhenzhen.

It was as if you were supposed to eat three meals a day, but suddenly changed to two meals a day. If you ate one less meal, you would always feel that something was wrong, a little hungry, and a little panicked!

.....

Chapter 1147 The man I love is you

Tang Zong drove his sports car, whose headlights were already broken, all the way to the women's prison excitedly.

Liancheng Yazhi had already told him Rong nuo's current location and had already informed the other side. If he went to take a look, no one would stop him.

After Tang Zong left, Rong Yan asked Liancheng Yazhi, "What did you guys say just now? what do you mean by" forced "or" not forced."

Liancheng Yazhi put his arm around Rong Yan's shoulder and said in a low voice, "A man's secret."

"Baby, let me take a good look at you." He hugged Rong Yan tightly.

He shifted Rong Yan's gaze with one sentence. "Am I not here? what's there to see?"

"Caretaker li, play with meowmeowmeow," Liancheng Yazhi suddenly said.

Then, he picked up Rong Yan and strode upstairs.

Rong Yan exclaimed and quickly hugged his neck. "What are you doing?"

liancheng yazhi's breathing was a little rushed. "i want to love you properly. i want to look at you properly. "

until now, liancheng yazhi still felt a lingering fear when he thought about how rong yan almost couldn't come back today. he needed to confirm that rong yan was safe and sound!

After entering the door, Liancheng Yazhi kicked the door and pressed Rong Yan against it. He lowered his head and covered her lips like a beast that had suddenly attacked and bit its prey's neck. The intense kiss, accompanied by the tearing, was unusually fierce, as if he wanted to swallow Rong Yan completely.

rong yan's lips were hot from the kiss. it was very numb and a little painful, but she also felt that her soul was about to be sucked away by liancheng yazhi. her whole body was soft and weak, and she had to rely on liancheng yazhi to hold her so that she wouldn't fall.

The clothes on Rong Yan's body had been roughly torn from top to bottom, from inside to outside. The clothes were basically scrapped in one go and could not be worn again.

Ever since he brought MeowMeow back. it had been a long time since the two of them had such intense sex!

The excitement brought about by this kind of madness made people feel pain and happiness at the same time, as if it would linger for the rest of their lives.

At this time, Liancheng Yazhi had no time to go to the bed. He held Rong Yan and kissed every part of her body over and over again, saying, "Baby, I love you, I love you Yingluo"

the crazy stimulation on her body forced tears out of Rong Yan's eyes. Her voice was hoarse and sexy as she hung her hands around Liancheng Yazhi's neck and replied, "Me too, Liancheng Yazhi. The man I love is you."

As Rong Yan said this, Liancheng Yazhi's movements became even more intense.

After two consecutive rounds of madness, Rong Yan lay in bed and only recovered after a long time.

She moved her tired body and looked down to see Liancheng Yazhi still lying on her body, slowly kissing her chest, leaving a clear mark and bringing a numb feeling.

Rong Yan pushed his body and said, "very heavy."

Liancheng Yazhi hugged Rong Yan and turned her around so that she was completely on top of him. He lowered her head and kissed her lips. "You're not heavy."

Rong Yan didn't want to move at all. Her whole body was sore and painful. She and Liancheng Yazhi enjoyed the warmth after making love, and her fingers slowly slid on his beautiful collarbone. "You're not going to work today?"

Liancheng Yazhi narrowed his eyes slightly, his face full of enjoyment. He seemed to like Rong Yan's hand touching his collarbone, just like how a cat always liked someone to stroke its fur.

Liancheng Yazhi's hand caressed Rong Yan's back. "I'm not going. Accompanying you is the most important thing."

Chapter 1148-a persistent person

Was there any comparison between the company and his wife?

To Liancheng Yazhi, it naturally could not be compared.

Rong Yan's sudden accident this time made Liancheng Yazhi realize once again that life was unpredictable and that he must cherish every day.

"Have you seen the woman who ran her car over you before?" Liancheng Yazhi asked Rong Yan.

Rong Yan shook her head. "No, she's very unfamiliar. She must be another person who likes Xia Xuanmo. He's really ... he's already so far away, but he's still lingering around."

Liancheng Yazhi was a little puzzled. He knew the extent of Rong Yan's venomous tongue. She would definitely make people want to die with her. However, there were many people who had been scolded by Rong Yan. Why did this woman have to run into her without a care for her life?

If one really wanted to compare the deep hatred, Madam Xia should hate Rong Yan more.

However, this was not certain. Perhaps Madam Xia had instigated it.

Liancheng Yazhi opened his eyes and sat up with Rong Yan in his arms. "I'm going to the police station to get to the bottom of this. You stay at home and don't run around, understand?"

"I'll go with you." Rong Yan hugged his arm and refused to let go.

Liancheng Yazhi shook his head. "No, don't go out so unsmoothly today. It's safe at home."

Rong Yan was a little dejected, "alright, sob, sob, sob."

"Rong Yan, be good. I'll be back soon." Liancheng Yazhi gently patted Rong Yan's head.

On one hand, Liancheng Yazhi himself went to the police station because he was a little superstitious. He felt that Rong Yan did not have a smooth trip today and was afraid that something would happen to her again. On the other hand, he had other things to do!

As Liancheng Yazhi changed his clothes, Rong Yan lay on the bed and looked at him with infatuation.

This arrogant and good-looking Liancheng Yazhi, who could make women feel ashamed of themselves, was hers alone. Thinking of this, Rong Yan suddenly felt a little proud!

In the future, she would be the only one to see him naked, angry, happy, and in bed. Yes, she was quite satisfied just thinking about it.

liancheng yazhi knew that rong yan had been watching him, which made him feel pretty good. he turned around and hooked his finger at rong yan. " come and help me choose a tie. "

rong yan grabbed the shirt that liancheng yazhi had just changed out of and put it on. she walked over barefooted and picked a tie that matched liancheng yazhi's outfit today.

"Lower your head, I'll help you," Rong Yan said.

Liancheng Yazhi put his hands on her slender waist and lifted her up with force, making Rong Yan stand on his feet. He held her waist and lowered his head, his eyes full of tenderness as he watched Rong Yan help him tie his tie seriously.

Liancheng Yazhi's gaze slowly moved down from Rong Yan's face. He felt that his breathing was a little rushed and he wanted to have a nosebleed.

Rong Yan was wearing one of his big shirts and was not wearing anything underneath, but Liancheng Yazhi felt that it was better not to wear it. The buttons were not buttoned, and her chest was even more exposed if she tried to cover it. He had seen what he should have seen. If he went any further down, he would have to lift his head to prevent himself from really having a nosebleed.

"It's done!" Rong Yan tied her tie.

Just as she was about to jump down from Liancheng Yazhi's feet, he suddenly hugged her tightly and panted. "I really don't want to go out."

Rong Yan was stunned for a moment when she felt the change in Liancheng Yazhi's body. A mischievous thought flashed through her mind. She hugged Liancheng Yazhi's neck and jumped up with all her might. Her legs wrapped around his waist and she bit his chin. Her peach-shaped eyes flashed seductively. "Then I won't."

Chapter 1149 My dear nemesis

rong yan's eyes had a magical power. when she wanted to be pure, she could be very clean.

When she was well-behaved, she could be naive and ignorant of the world!

When she wanted to seduce someone, she could be extremely flirtatious!

At this moment, her eyes were moving. She tilted her head and looked at Liancheng Yazhi's coquettish behavior with his younger daughter, but those watery eyes always made him feel like they were a deep Whirlpool that sucked him in and never wanted to come out.

Liancheng Yazhi sighed. This was his natural calamity, his nemesis.

Rong Yan twisted a few times, pouted her lips, and said coquettishly, "Can you not go?"

Every time she acted coquettishly, Liancheng Yazhi would fall for it, and it was almost a tried and tested method.

Rong Yan's lips were now bright red. The swelling from Liancheng Yazhi's kiss had not gone down yet, and they were full and attractive. Liancheng Yazhi couldn't help but lower his head and kiss her ruthlessly. His hand pinched her butt and slapped it.

"Little rascal, you're causing trouble again."

Rong Yan moved closer to him and pulled his hair with both hands. "Where's Yingluo?"

Liancheng Yazhi held Rong Yan's waist and carried her to the bed. He put her down and quickly wrapped her up with the blanket. He pressed on her body through the blanket and panted heavily. "I've completely fallen into your hands for the rest of my life."

Rong Yan was pressed down by Liancheng Yazhi and couldn't get her arms out. She blinked and said, "That's because you're willing to."

Liancheng Yazhi bit her lips again. That's right. I'm willing to do it. In fact, I'm very happy to do it.

After pressing down on Rong Yan to calm the impulse in his body for a while, Liancheng Yazhi stood up. Be good, don't be naughty. When you come back tonight, hubby will continue to feed you. I'm going out.

Rong Yan snorted, pouted, and said, "Let's go visit some friends and family."

Liancheng Yazhi chuckled delightedly and held Rong Yan's face. He kissed her hard for a while before letting her go. He licked her lips for a while before standing up. "Be good, I'll be back soon."

Liancheng Yazhi finally walked out of the bedroom after messing around with Rong Yan for a long time.

The servants who were cleaning the living room were stunned when they saw Liancheng Yazhi. They quickly lowered their heads and no one dared to talk nonsense.

There was still a bite mark on young master Ya's handsome chin, and anyone with a discerning eye could tell what had happened.

Caretaker Li's expression didn't change, and he pretended not to see it.

However, MeowMeow was different. Daddy, your chin was bitten.

Liancheng Yazhi raised his eyebrows and touched his chin. Sure enough, he felt a little uneven mark. He did not look in the mirror and did not know that there were teeth marks on his chin. As a father, he felt a little embarrassed when MeowMeow asked him without giving him any face. Yes, I was bitten. Baby, guess if it was mommy who bit me or daddy who bit me.

Meowmeowmeowmeow's eyes widened in surprise. daddy can bite it himself? ”

“This is dad's Secret technique,” Liancheng Yazhi chuckled.

Meowmeowmeowmeow immediately looked at Liancheng Yazhi with admiration. “Daddy is so amazing!”

Butler li was speechless. Young master, it's not right for you to be so childish. How can you do this?

She decided that after the young master left, she would tell the young miss not to blindly worship him!

Under his daughter's sincere and admiring gaze, Liancheng Yazhi could not hold it in any longer. It was not a good thing to lie to a child. He would definitely not do it next time. He kissed MeowMeow's little face and said, “Daddy is going out to work. MeowMeow, can you go play with mommy?”

.....

Chapter 1150 I'll help you out of kindness

“Yes, bye, daddy.” MeowMeow ran upstairs and shouted to Rong Yan as soon as she entered the bedroom, “mommy, daddy is so amazing! He can bite his own chin!

Rong Yan was stunned.

downstairs, liancheng yazhi almost took the wrong step. he awkwardly cleared his throat and quickly left!

.....

on the other side, tang zong had already arrived at the prison.

He paced around the prison for about ten minutes, thinking about what to say before going in.

this time, because liancheng yazhi had informed him in advance, he was able to see rong nuo quickly.

However, this time, the prison guards took him directly to the cell where Rong nuo was currently being held.

The prison guards were afraid that Rong nuo's injury had not fully recovered, so they arranged a special treatment for her-a single room.

The so-called single room was actually surrounded by reinforced concrete walls. It was empty and a little shady. There was only a small bed and a small table.

When Tang Zong saw Rong nuo outside the prison door, she was reading a book. It seemed to be Xuxu's “Book of Songs.” She was reading it very seriously. Her hair that had just grown ears was not like those women outside who took care of themselves often. It was dark and shiny, but dull.

at that time, tang zong thought that in the future, he must make sure that rong nuo's hair was black and bright, like silk.

Perhaps she had not seen the sun for many days, her face was very pale, and her skin was almost transparent. She gave people a feeling of weakness, as if she was made of paper. However, she was

very beautiful. That kind of delicate beauty could shock people's hearts. Her delicate and lovely facial features, coupled with this temperament, easily attracted men's desire to protect her.

Oh, the clothes she was wearing were very thin. The prison prisoner's clothes were draped over her shoulders, and she was only wearing a thin, long-sleeved cotton shirt inside.

Even though the welfare in this prison was slightly better with a heater, Tang Zong still felt that Rong Yan would definitely be very cold.

The prison guard unlocked the cell and left.

Rong nuo heard the sound coming from the cell door and turned around. She saw Tang Zong's perfectly handsome face leaning against the iron door, looking at her with a silly smile on his face. Rong nuo frowned. "Why are you here again?"

These few days, she had finally calmed down from the strange feeling that Tang Zong had given her.

Now that she saw Tang Zong again, Rong nuo did not feel good.

"hehe, yingluo is here to see you! I guessed that you must have missed me after not seeing me for a few days. I was afraid that you would get lovesickness, so I quickly came to see how you were." Tang Zong came back to his senses, pushed open the metal door, and walked in. He said shamelessly,

rong nuo glared at him fiercely. " who missed you? get out. "

There was only a narrow single bed in the cell, without a chair. Tang Zong sat down next to Rong nuo, almost next to her.

As soon as he sat down, he grabbed Rong nuo's hand, and it was really cold.

Tang Zong kicked Rong nuo's hand into his pocket without any explanation. it's so cold and you're still wearing so little. Are you complaining that your body is too good? "

"let go, i'm not cold." tang zong's hand was very warm, and so was his pocket. although rong nuo was very repulsed, her hand seemed to be automatically greedy for the warmth, and she did not want to withdraw it. In this contradictory mood, Rong nuo was even more unhappy.

"I was kind enough to help you warm up, but you still don't know what's good for you." Tang Zong unbuttoned the gray mid-length coat he was wearing and pulled Rong Yan into his arms. He also took off the coat on Rong Yan's shoulders and wrapped her in his own clothes, as if he was carrying a child.
