Chapter 1391-focus on the fetus

However, at such a happy and celebratory moment, he was not around.

Rong Yan thought that when Liancheng Yazhi came back and found out that she was pregnant, he would be happy, but at the same time, he would also be a little disappointed because the second child, Rong Yan, was confirmed to be pregnant, and he was still not there.

Liancheng Yazhi had said to Rong Yan more than once that he didn't want to miss the whole process of having a second child.

However, life was unpredictable. Liancheng Yazhi was destined to miss the beginning of his second child. He hoped that he would come back before the child was born, and he also hoped that if Wanwan had a third child in the future, he would never miss it again!

In fact, Rong Yan also had deep doubts in her heart. Liancheng Yazhi was not at home at this time, and she was pregnant. What if something happened to Hanhan at home?

Natsume saw that although Rong Yan was happy, there was still half a worry in her eyes. He comforted her, "don't think too much now that you have a child. Take care of your body and make sure the baby is stable.

Rong nuo also chimed in, "that's right, sister. You don't have to worry. Just focus on your pregnancy. Leave all the matters at home to me. If there's anything you want to do, let me or Tang Zong do it. You can't be tired.

Rong Yan nodded, "it's Yingluo who wants to take good care of Yingluo."

Nothing was more important than a child. This time, the situation with MeowMeow must not happen again. She must give birth to a completely healthy child.

Rong Yan gently caressed her belly, which had not yet become prominent, and prayed silently in her heart, hoping that it was a boy this time. That way, when they were old, MeowMeow would have someone to rely on. Also, the rule that the head of the Liancheng family must be inherited by the first wife's son would not be broken.

Rong Yan took a deep breath and pushed away all the troubles in her heart. She had to be strong for the sake of her child.

Just like when she was pregnant with

Rong Yan said to the two of them, "Natsume rongruo, don't tell anyone about my pregnancy. Just let the three of us know!

Natsume nodded, understanding what Rong Yan was worried about. "Alright, I understand, Yingluo."

Liancheng Yazhi wasn't around at the moment. If news of her pregnancy were to spread, it would inevitably attract some trouble.

"Don't worry, I won't tell anyone." Big sis said three people, which meant that she couldn't even tell Tang Zong.

Natsume said to Rong Yan, “you’ve been feeling a little weak recently. You need to nourish yourself. Ask the kitchen to make more nourishing soup. When you’re in a good mood, the thing in your stomach will grow better.

Rong Yan smiled and said, “okay, I understand, Yingluo.”

“From now on, I’ll check on you every day.”

Rong Yan shook her head. there’s no need. If you do it too often once a day, people will be suspicious. Once a week is fine.

Natsume rubbed his chin, ‘once a week? Then wuwuwuwuwu okay!”

“sorry to trouble you today. we’ll go back first. you can continue with your work.”

Rong nuo helped Rong Yan out and comforted her. “Sister, you have to take good care of your body and don’t let your thoughts run wild. Brother-in-law will be back soon. if you need anything, just call me. ”

rong yan smiled. ” it’s okay. before you show that you’re pregnant, just pretend to be the same as before. it’ll make people suspicious if you suddenly come to my room to stay. it’s not my first time pregnant, and i have more experience now. later, i’ll list out the things that a pregnant woman can’t eat. help me keep an eye on the kitchen. ”

Rong nuo nodded hard, “okay, no problem, Yingluo.”

Chapter 1392 This child is too naughty

Rong Yan kept her pregnancy a secret. She did not plan to tell anyone else in the family except Natsume and Rong nuo. She did not want to joke about the child’s safety. Before Liancheng Yazhi returned, no one could guarantee the absolute safety of her and her child.

Although it looked very peaceful at home, Rong Yan knew that it was no longer safe outside.

Secretary Zhou’s situation in the company was getting more and more difficult in the coming months. It was estimated that there was only a week left. If Liancheng Yazhi did not appear to deter the remaining shareholders of the Company, Secretary Zhou’s power would be forcibly seized by them.

Rong Yan was also very anxious about this, but she couldn’t help!

He could only say a few words of encouragement to Secretary Zhou.

in addition, rong yan tried her best to be careful with her food. before the test showed that she was pregnant, rong yan only felt that her appetite wasn’t very good. she was very lazy and didn’t want to move. however, ever since the test showed that she was pregnant, a series of pregnancy reactions began to appear.

It was different from when she was pregnant with MeowMeow. This time, Rong Yan’s morning sickness was very serious. She vomited almost everything she ate. No matter if it was meat or vegetables, she vomited when she smelled it. She even vomited water. When she vomited, she wanted to vomit her stomach out.

This was an obvious reaction during pregnancy. After a few times, she couldn’t hide her face even if she wanted to.

Therefore, Gu Hesheng, Tang Zong, and Butler li found out about it one after another!

As for meowmeowmeowmeowmeowmeowmeowmeowmeowmeow, Rong Yan only told them that she was not feeling well.

Perhaps it was because her father was not around and her mother was not in good health, but MeowMeow seemed to understand something. She had been very quiet and obedient recently, not making a fuss at all.

In order to prevent more people from knowing, Rong Yan forbade all the servants except Butler li from entering the living room. She only let them in to clean when she was not around.

Tang Zong had almost never left the kitchen these few days. He had been searching for all kinds of recipes to stop vomiting for Rong Yan on the internet.

But nothing worked. Rong Yan vomited every time she ate a little, but she never complained about how uncomfortable she was. Even if she vomited, she still had to eat. Every bit she could eat was a bit. Adults could suffer a bit, but children must not!

Rong nuo once again helped Rong Yan out of the bathroom, her face full of anxiety and heartache. what should we do now? look, it's only been less than a week, and she's already lost so much weight. Not to mention the children, even the adults can't take it! Tang Zong, you've been cooking all day. What can you eat that my sister won't vomit!"

Tang Zong was also very vexed. He scratched his head and said, I don't know about this Wanwan. I've done everything I found on the internet, but Wanwan didn't work, Wanwan.

"Then you should continue looking." Rong nuo anxiously wiped her tears.

Tang Zong saw that Rong nuo was crying and quickly said, "Don't worry, don't worry Yingluo, I'll keep looking, keep looking for Yingluo."

Rong Yan leaned back on the sofa weakly. She had really lost a lot of weight. If she continued to be unable to eat, she would continue to lose weight. Her face was pale and she looked like she had a serious illness. She had no strength in her body!

She smiled weakly. it's okay, Yingluo. You'll be fine after this. Don't worry.

Rong Yan touched her lower abdomen. this child must be mischievous and impatient. When she was pregnant with her sister,

gu hesheng's brows were tightly furrowed and his face was solemn. he had not spoken since he found out that rong yan was pregnant. "no, you can't endure it any longer. if you endure for a few more days, something will happen to the child. you have to quickly get something that you can eat!"

Chapter 1393-heart-wrenching

Rong nuo nodded vigorously. yes, yes, Natsume also said that if she doesn't eat, the child will not be able to absorb nutrients, and something will happen. We can't always rely on the nutrient infusion every day. The key is to eat.

A hint of worry appeared on Rong Yan's face. Natsume had indeed said that. They still had to eat, Yingluo.

However, the little guy in Yingying's stomach was too picky and didn't like anything he ate.

“Young Madam, is there anything you’d like to eat? anything is fine,” Butler Li asked.

“No, I can’t remember.” Rong Yan shook her head.

“Please think about it.”

Rong Yan still shook her head, “there’s still no Zhenzhen.”

Rong Yan vomited so much that her brain was almost disabled. Now, she was afraid to see food and couldn’t remember what else she could eat.

“I’ll go out for a while,” Gu Hesheng suddenly stood up.

With that, Gu Hesheng left, not giving Rong Yan and the others a chance to speak.

Rong Yan shouted at his back, “Mr. Gu, Yingluo, where are you going? get the driver to send you there!”

Rong Nuo made a cup of honey water for Rong Yan and handed it to her. “Sis, can you drink some water now?”

Rong Yan smelled the honey in the water and felt her stomach churning. She immediately covered her nose and shook her head. “No, no, Yingluo!”

Rong Nuo quickly took the honey water away, “can’t you even drink the honey water?” Then, how about pouring water? Look at you, there’s dry skin on your lips, Yingluo.”

Rong Yan nodded, stunned.

In the end, Rong Yan forced herself to drink half a glass of water. She held back the urge to vomit and leaned against the sofa to rest!

Tang Zong sat opposite Rong Yan and looked at her with his face in his hands. He sighed heavily as he envied Liancheng Yazhi for having a daughter. Now, his wife was pregnant again. Although he did not know whether it was a boy or a girl, it was not important. The important thing was that they had a child again. This made people envious and jealous!

While he was envious, Tang Zong was also worried. He saw Rong Yan in so much pain. She couldn’t eat, and she was vomiting so badly. Her entire body was so thin that it made his heart ache. If this woman was like this when she was pregnant, he couldn’t bear to let her, Rong Nuo, get pregnant.

This was the first time Tang Zong realized that having a child was not as simple as it seemed. It was simply torturous!

These days, the few of them who knew about it had almost turned their hair white in order to let Rong Yan eat more food, but even this didn’t have much effect!

Suddenly, Tang Zong’s head was hit by something. When he came back to his senses, he saw Rong Nuo giving him a look, asking him to come out!

Tang Zong quickly stood up and followed Rong Nuo out of the living room.

When they reached the courtyard, although Tang Zong wanted to hug Rong Nuo, there were servants outside, so he could only bear with it.

“Nuo nuo, why are you looking for me?”

Rong nuo sighed. ” of course it’s for my sister. i’m so worried now. none of us have any experience, even butler li doesn’t have a child. i think we have to find those who have had children and have rich experience to ask. it’s not a solution to keep wasting time at home. ”

“Then, Yueyue, should we go out and ask someone?”

Rong nuo rolled her eyes at him. you can’t possibly be thinking of going out to the streets and randomly grabbing a person to ask if you know how to stop pregnancy and vomiting? ”

“If I don’t do that, how should I ask?”

Rong nuo got close to Tang Zong and whispered in his ear, “You’re so ...”

Tang Zong’s eyes lit up,”Alright, alright, I got it. I’ll go and take a walk now.”

Chapter 1394 Mother, you must get better

Rong yan leaned against the sofa and fell asleep in a daze. an hour had passed by the time she woke up, and she was covered in a thick blanket.

Because of the pregnancy reaction, she had not been eating well and sleeping well during this time. She finally fell asleep for a while, and no one dared to disturb her. Butler li asked everyone to leave the living room, even Rong nuo was driven out.

However, when Rong Yan opened her eyes, she saw

??????????:”Mommy, Yingluo.”

Rong yan had thought that her energy had been used up during her recent pregnancy. most of her time was spent on vomiting and the rest of her time was spent sleeping. she had neglected meowmeow a lot. when she saw meowmeow today, she suddenly realized that the little guy had also lost weight. her heart ached for her. she lifted her arms and moved her body, lifting the blanket to let meowmeow lie beside her. “Baby, why are you here alone? where’s the winter?”

MeowMeow’s little face was pressed against Rong Yan’s chest, and her little hands grabbed her clothes tightly.

from the time

Don’t think that a child doesn’t know anything. When meowmeowmeow saw her mother, who had always been smiling and warm to her, pale and weak, spending less and less time with her, and seeing everyone so nervous, she might not know what was going on, but she would subconsciously feel uneasy and afraid!

MeowMeow’s little face rubbed against Rong Yan. the housekeeper Auntie said not to disturb mommy. I sneaked over here myself. Brother Winter doesn’t know.

Rong Yan lowered her head and kissed meowmeowmeowmeowmeow’s cheek. be good. Mommy hasn’t been feeling well these few days, so I haven’t been taking care of you enough. Don’t be angry. When mommy gets better, I won’t be like this anymore.

?????:”????,??.....???????”

In the past few days, Rong Yan’s health had not been good, but

Unlike the one in her stomach right now, Yingluo was simply too difficult to serve!

Rong Yan hugged meowmeowmeow tightly. you're so obedient. You'll listen to brother dongtian during this period of time and don't run around. Daddy will be back soon.

?????:"?....."

The phone in the living room suddenly rang. After Butler li heard it, he quickly ran in from outside. Seeing that Rong Yan was already awake, he thought to himself, "It was still too late, and he had woken up young Madam.

After Butler li picked up the phone, he said to Rong Yan, "Young Madam, it's Mr. Gu. He wants to invite you to a place."

"Where are we going?" More than an hour ago, Gu Hesheng didn't even say what he was going to do when he left the house. Now, he suddenly asked her to go to a place. What was he going to do?

"The chauffeur who just sent him there will be at the entrance in a moment. He'll come and pick you up," Butler Li said.

Rong Yan thought for a moment. Gu Hesheng was not a reckless person, so there must be something wrong. She nodded. "alright, then. get ready to go out."

Chapter 1395-stop showing off

Caretaker li disagreed. you're so weak now. It's better if you don't go. The young master isn't at home. If something happens, our family's sky will fall.

Rong Yan thought about it and decided to go. Gu Hesheng was a steady old man and would not let Rong Yan go out for no reason. She said, "It should be fine if we bring more people with us!"

Seeing that Rong Yan already had her own idea, Butler li nodded. "Alright then, Yingluo."

?????????????:"mommy, yingluo."

Rong Yan lowered her head and touched

?????????,??????,????????,????????,????,????????????

"Eh, sure!" Caretaker li nodded.

Hence, half an hour later, a total of ten cars set off from the Lian family's house.

Rong Yan brought along meowmeowmeowmeow, Dong Tian, Rong nuo, and Butler li. The rest were all bodyguards.

rong yan sat in one of the cars with

After walking around the city center for an hour, they arrived at the place that Gu Hesheng had mentioned. It was good that the place was big. It was a very large Manor. Even if winter had not passed, it was very beautiful and very original.

After getting out of the car, Rong nuo held Rong Yan and sighed. I didn't expect that there would be such a Manor in the imperial capital. How extravagant is this? "

Rong Yan's body was weak, so she was wearing a hat and a thick cotton scarf. She was wrapped up like a dumpling. She looked around clumsily. It's quite a big deal. This should be Mr. Gu's place.

"What did Mr. Gu ask you to do here?" Rong nuo scratched her head.

"I don't know. Let's talk inside."

"Sis, get in the car and let the car drive in. Don't move."

Rong Yan shook her head. I'm fine. Maybe walking is good for the body. I'll walk slower.

Perhaps he had been staying at home all this time. He was either lying on the bed or sitting on the sofa, so his body was getting weaker and weaker. He should move around appropriately.

Rong nuo carefully supported Rong Yan as they walked along the manor's road. However, they had not even walked for five minutes when Rong Yan felt extremely exhausted and was panting heavily!

Rong nuo hurriedly said, "Sister, don't show off. Hurry up and get in the car. Although we have to move, we have to do it within our means."

Rong Yan considered that she really couldn't hold on with her current body, so she nodded and got into the car again.

The car drove into the manor and went around a maple forest. Rong Yan saw a small building complex through the window, and her eyes lit up instantly. Those buildings were in line with the style of Gu Hesheng. They were all classical-style buildings and looked like a small Southern Garden. There were rockery, stone bridges, hand-held cloisters, pink walls, and black tiles. It was especially beautiful.

When the car stopped, a middle-aged man in a Black Tang suit stepped forward to open the door for Rong Yan and asked her to get out.

Mrs. Liancheng, please come with me. There are too many people in front and Sir is afraid of bumping into you. He's busy now and is afraid that someone will bump into you. He asked me to come and pick you up. Please come with me.

Rong Yan nodded. Alright, Wanwan. Is this Manor Mr. Gu's?"

Yes, sir will tell you personally later. Be careful of your steps.

Rong nuo was supporting her at the side, "Sister, be careful when you go down the steps."

Chapter 1396 The little guy who was hard to please

Rong Yan only brought six bodyguards in and let the rest guard outside.

The person who brought them in arranged for Rong Yan to stay in a very warm and spacious room. The furnishings in the room were extremely exquisite. As soon as they entered, it was as if they had entered the shooting scene of an ancient costume film. However, it was much more gorgeous than that because the furnishings in the room were all real and old objects.

Rong Yan glanced over and was amazed. This room alone could be called a small museum.

Rong nuo brought two soft cushions and placed them on the chair. "Sis, sit down first."

"All of you, sit down. Don't stand," Rong Yan said.

????????????????,??????,??????,????????????????????????,??????

After they sat down, five young girls quickly came in with tea.

These girls had brought a lot of tea and placed all of them in front of Rong Yan.

The lady who served the tea was very respectful and said, ” “madam liancheng, these teas are not famous. there are fruit tea and flower tea. they are all grown and made by ourselves. please take a look and see which one is suitable for you.”

Although it was quite painful, it would be a good thing if he could find a tea that could be drunk without vomiting.

Rong Yan took a deep breath and Rong nuo placed cups of tea in front of her for her to smell. If she couldn't take it, she would quickly take it away!

Rong Yan had to retch for a while after smelling a cup and could only continue to smell after a while. It was really torturous, and it made people's hearts ache.

As Rong Yan suffered, she tried to comfort meowmeowmeow, who was holding onto her breasts and trembling in fear. She even mocked herself silently in her heart. she was almost as arrogant as the empress dowager now. the little ancestor in her belly was too arrogant!

After smelling eleven glasses, the repeated dry retching made Rong Yan's physical strength drain very quickly. She held her chest and felt weak all over, wishing she could just vomit out all her internal organs.

Rong Yan wiped the acid from the corner of her mouth with a handkerchief and held her stomach. “You can torture me all you want. When you're born, I'll make your father teach you a lesson, Yingluo.”

Looking at such a face, not only was MeowMeow afraid, even Rong nuo's eyes were red.”Sister, forget it, it's too much, Yingluo.”

Rong Yan shook her head. there aren't many glasses left. Let's try again. Anyway, Huahua has already suffered so much before, so she doesn't care about this. Bring one glass.

Rong nuo sighed and brought the twelfth cup of tea to Rong Yan with red eyes.

The blanket used to hold the water was made of white porcelain. This cup had a light greenish-yellow color. The color was very fresh and beautiful, and it exuded a sour and bitter smell. Rong nuo frowned when he smelled it. sister, let's forget about this cup. Why do I feel that this cup doesn't taste as good as the previous ones? ”

Rong Yan sniffed carefully and waited for the reaction of the little thing in her stomach.

After waiting for a few seconds, it seemed like he was fine. Rong Yan sniffed again and it seemed like Yingying was really fine.

Rong Yan licked her dry lips and said, ” “Rongruo, let me have a taste of this water, Yingluo.”

“Ah? Oh, Yingying, Yingying, Yingying. Rong nuo was stunned for a moment. Big sister didn't seem to vomit when she smelled the tea. Did Yingying mean that Yingying could drink this cup of tea?

Rong nuo hurriedly moved closer to Rong Yan and brought the tea to her lips to feed her.

Rong Yan didn't dare to drink too much at first, so she only took a small sip of the Yingluo.

Chapter 1397 The little fellow who is hard to please (2)

after waiting for a while to make sure there was no response, he happily took the teacup from rong nuo's hand and drank all the water inside.

Ever since she started to have morning sickness, Rong Yan had basically been in a state of hunger and thirst. It was really a sin not to eat or drink Yingying.

Today, she finally drank a kind of tea that the little guy in her stomach liked and didn't spit out. Rong Yan felt that it was worth it to come out today.

Everyone's eyes were fixed on Rong Yan. When they saw that she had finished the glass of water and did not vomit it out again, they were all happy. Even Dong Tian's expressionless face showed a smile.

Rong nuo grabbed Rong Yan's arm and said, "wow, elder sister, are you okay drinking this kind of tea?" That's great!"

"Young Madam, would you like some more?" Butler Li's hands were trembling with excitement.

Rong Yan nodded. I'll have another cup for Yingluo. I've been so thirsty these few days, Yingluo. the girl who served the tea happily poured another cup for rong yan. " mrs. liancheng, this is tea made from wild chrysanthemums and lemons. wild chrysanthemums grow in our manor, and lemons are the freshest and best imported from the south. this is great. it's great that you can drink this. mr. gu will definitely be very happy. "

She waved her hand and asked the others to take away the other tea. Rong Yan finally managed to drink some water, but the smell of the other tea in the cup of noodles spoiled her appetite!

rong yan held the glass of water and drank it mouthful by mouthful. after drinking two glasses of water, the uneasiness in rong yan's heart subsided a little, and her expression also improved a little. she smiled and said, " I have to thank Mr. Gu. I've made him worry too much. Where is he now? "

"Mr. Gu will be here in a moment. We'll take our leave first."

Rong Yan nodded.

After the girl who served the tea left, Rong nuo heaved a long sigh of relief."Sister, this tea smells sour and bitter, is it good to drink?"

Rong Yan touched her lower abdomen gently with her left hand. it's alright. To me, as long as I eat it and there's no reaction, it's good.

"Yingluo, I heard that pregnant people have weird tastes."

"Maybe, Yingluo."

When Rong Yan was drinking her third cup of tea, Gu he was born. Seeing Rong Yan drinking, he was very pleased."Aiya, it's not easy to suit this little guy's appetite."

Rong Yan wanted to stand up when she saw Gu Hesheng.

Gu Hesheng waved his hand. sit down. Don't stand. I'm happy that you can eat normally now.

Rong Yan was very touched. I've troubled you again. I don't even know how to thank you.

She had a secret in her heart but Gu Hesheng did not know about it at all. He still treated her like his own daughter and the better he treated her, the guiltier and more guilty Rong Yan felt. When she faced Gu Hesheng, she felt that she was too selfish.

"it's not a big deal. there's nothing to thank me for. i asked you to come here to have some tea. i've found some chefs to prepare some appetizers. they'll serve all of them later and see which one will make you want to eat it."

the reason why gu hesheng was here was that he felt that it would be too eye-catching if he sent a group of chefs to the liancheng old mansion. that was why he chose this remote place.

Rong Yan's eyes widened when she heard that, and she was even more touched."ah? Isn't that too much trouble for you?"

gu hesheng looked at him lovingly. " it's no trouble at all. as your elder, my heart aches when i see you losing weight every day. "

Chapter 1398 Grandfather's painstaking efforts

the more gu hesheng said this, the guiltier rong yan felt, and the more she felt that she had let gu hesheng down because of her selfishness.

Rong Yan thought to herself, 'why don't I tell this to Gu Hesheng later?

However, Rong Yan quickly shook her head and denied it. No, she couldn't tell Gu Hesheng now. Even if she wanted to tell Gu Hesheng, she would have to wait until Liancheng Yazhi returned. Nothing else could happen during this period.

Moreover, Rong Yan had to think about it carefully. If she was really Gu Hesheng's daughter, how was Zhenzhen going to explain to Gu Hesheng that she had personally put Yang Yan in prison and that she still had not been released?

rong yan sighed. let's postpone this for now!

The most important thing right now was to take care of the little fellow in her stomach and quickly get past the pregnancy reactions. Otherwise, she would feel that she owed them when she saw the group of people around her who were so busy for her that they were almost unable to split their attention.

rong yan put down her teacup and stood up. she bowed to gu hesheng and said, " "thank you, thank you so much, wanwan."

Now, she really didn't know what to say other than thank you.

This was the most a biological father could do for his daughter.

However, Gu Hesheng had no idea what their relationship was. Even Rong Yan did not dare to be 100% sure if they were father and daughter.

For Gu Hesheng to be able to do this much for Rong Yan, it was really enough!

When Gu Hesheng saw that Rong Yan had stood up, he quickly said, "You're too polite, child. Sit down, sit down. I've been freeloading off your family for so long, and I haven't even thanked you. Rong nuo, hurry and help your sister sit down."

Rong nuo quickly helped Rong Yan to sit down. She had just heard Gu Hesheng say that he had found many chefs and could not hold back. Mr. Gu, can I, Qingqing, go to the front to take a look?"

Gu Hesheng laughed,"you're just curious, you can go."

Rong nuo smiled and ran out with meowmeowmeow. Not long after, she had already made a round in front of them and ran back with a face full of amazement. She looked at Gu Hesheng with admiration and said, Mr. Gu, are you holding a Chef's Challenge? there are so many chefs!

The scene that Rong nuo saw just now could only be described as spectacular. In such a short time, so many top chefs were gathered at once. How amazing was this?

There were some top-notch chefs that you couldn't hire even if you had money!

Rong nuo still had a little understanding of the ranking system of professional chefs. For example, the height of the hats worn by chefs determined their rank. The higher it was, the more powerful they were. Just now, she had looked around and the hats on the heads of those chefs were high and low. At first glance, it was simply amazing.

Gu Hesheng laughed. it's nothing. After the new year, everyone will be free. We can find something to do.

However, Rong nuo was right. He had found so many chefs to let them compete. Whoever could make something that Rong Yan could eat, Qianqian would be the first.

MeowMeow ran to Rong Yan's side and held his hand. mommy, mommy, I went there with Auntie just now and saw a lot of uncles cooking. It smells so good. Mommy, you must eat more.

Rong Yan smiled and nodded. Oh, okay. Mom will definitely work hard to eat more. Otherwise, how can I live up to grandfather's painstaking efforts?"

Chapter 1399 We're one family

When all the chefs had finished cooking their best dishes and served them one by one, Rong Yan looked at the number of dishes that could be compared to the Manchu Han Imperial Feast. She was instantly touched, but she also felt that life was not so wonderful.

Because Yingying had so many dishes. If she tried them one by one, how long would Yingying puke?

Rong Yan was a little afraid of Yingluo.

however, gu hesheng had put in so much effort to help her find so many chefs, and she could not let his efforts go to waste.

Seeing so much delicious food, Rong nuo pulled

"Mom has so many delicious things to eat, you must eat some."

rong yan took a deep breath. when she smelled the mixed fragrance, she started to feel like vomiting again. she quickly drank two sips of tea to suppress it a little. fortunately, she had drunk the tea made from wild chrysanthemum and lemon before. otherwise, she would have vomited long ago.

Rong Yan was very touched. She said to Gu Hesheng, "mr. gu, i've troubled you too much."

Gu Hesheng waved his hand. don't worry about that. I only found some chefs. As for you, there are so many dishes. I don't know which one will suit your taste.

Gu Hesheng was all alone. His parents had passed away a long time ago, and he had no siblings, wife, or children. Old age was the loneliest time for a person. Rong Yan did not seem to have given him anything, but it made him feel that he was not a lonely old man. At least there was someone he could care for, and it was a kind of happiness to be able to do something for the younger generation.

rong nuo and butler li carefully placed each dish in front of rong yan. if it was the kind of dish that made her want to vomit after smelling it, they would take it away directly. if it was not a big reaction after smelling it, they would just taste it a little. butler li was responsible for recording the names of the dishes and waiting to find the chef who cooked them later.

Rong Yan tossed and turned for two hours. Although she vomited until she was dizzy, she still had some gains. At least, there were a few dishes that could be eaten. The little guy in her stomach could barely accept it.

Bringing along the boxes of lemons made of dried wild chrysanthemums from the manor, as well as the recipes that Rong Yan could eat, Rong Yan and the others left the manor in the evening.

Gu Hesheng would go with her. This time, he had hired so many chefs and spent so much money. Rong Yan did not ask because she knew that Gu Hesheng would not tell her even if she did. Moreover, it would make him unhappy.

What Gu Hesheng was happy to see was that Rong Yan could eat her food in big mouthfuls. As for other things, he did not care. Money was nothing to him at his age.

MeowMeow sat in Gu Hesheng's arms and asked, "grandpa's garden is so beautiful. Can I go and play in the future?"

Gu Hesheng patted

MeowMeow didn't catch the main point. What she was concerned about was that the garden was very beautiful and that she could live there in two months. She clapped her hands happily. "Okay, okay, Yingluo's mother said that daddy will be back soon. We'll go together then."

gu hesheng laughed, the wrinkles at the corner of his eyes deepened, meowmeow saying 'we're a family', that was the best way to thank gu hesheng.

Rong Yan rubbed her forehead at the side. Sigh, Yingluo used to give antiques and shops, but now, she was going to give them a Manor.

Chapter 1400 The crisis that Liancheng Group is facing

Gu Hesheng had never been generous to MeowMeow, only more generous.

a manor, not to mention how much land it took up, in the imperial capital, every inch of land was worth its weight in gold. gu hesheng gave it away just like that, even a nouveau riche could not compare to him.

If Liancheng Yazhi was at home, she could still go to Gu Hesheng and say no. But for Rong Yan, she really had no right and was embarrassed.

That was because she was not much better off than her daughter, even though Gu Hesheng did not give her any material items.

However, in order to make her eat something, he had gone through so much trouble and hired so many chefs. Just this thought alone could not be bought with any amount of money.

Rong Yan sighed in her heart. When Liancheng Yazhi came back, she would discuss with him if she should tell Gu Hesheng the truth.

.....

When Rong Yan returned home, she found that Secretary Zhou had been waiting for her for two hours.

He sat on the sofa and dozed off. The dark shadows under his eyes were very heavy, and it was obvious at a glance that he had not had a good rest for many days.

Caretaker Li intended to wake Secretary Zhou up, but Rong Yan stopped her and made a gesture for her to be quiet.

Secretary Zhou had been working really hard these days. On the one hand, he had to ensure the normal operation of the company, on the other hand, he had to play politics with the group of shareholders of the Company. On top of that, he had to fight with a group of wolves outside who were trying to spy on the Liancheng Group. He was really exhausted.

Although the company's shareholders had been taught a lesson by Liancheng Yazhi last time, they were only afraid of Liancheng Yazhi.

Recently, many tycoons who had ambitions for the Liancheng Group had been continuously roping in the company's internal shareholders and saying that Liancheng Yazhi was actually dead. The Liancheng family had delayed the announcement of his death because they were afraid that their power would be taken away.

After Rong Yan heard this news, her heart ached for a whole day. However, at this time, all kinds of rumors came out, and Liancheng Yazhi had never really come forward to refute the rumors. Therefore, the employees and senior management in the company, including shareholders, were more and more convinced of the truth of the rumors.

Their belief would shake their fear of Liancheng Yazhi.

If the Tiger died, what about the originally honest monkeys in the mountains? Would he continue to be well-behaved?

The answer was no.

Therefore, Secretary Zhou was under more and more pressure. At first, it was only the shareholders, then the company's senior management, and now even the ordinary employees were unstable, which was the most worrying thing.

No matter how much experience Secretary Zhou had in the company and how capable he was, he was not the person in charge.

Rong nuo helped Rong Yan to sit down, and Butler li went to make tea for her. The tea was naturally wild chrysanthemum and lemons brought back from the manor. Butler li had learned the proportion.

After all, Secretary Zhou followed Liancheng Yazhi and was not weak in combat. Although he was exhausted, he was still alert.

secretary zhou woke up not long after rong yan sat down.

He opened his eyes and saw Rong Yan. He quickly stood up. young Madam, I'm sorry about Yingluo. I fell asleep just now.

Rong Yan waved her hand to let him sit down. it's okay. I wanted you to sleep a little longer. Secretary Zhou, why didn't you call me when you came? ”

After Secretary Zhou sat down, Butler li happened to come over with two glasses of water. One was for Rong Yan, and the other was for Secretary Zhou.

actually, I'm fine. Young Madam, you seem to be in poor health recently. Are you feeling unwell? ”
