

dong tian took another look at meowmeow before turning around and burrowing into the crowd. he was like a fish, weaving through the crowd and running away quickly.

Liancheng Yazhi had arranged for many people to be in the school, but no one had expected this to happen. No one knew that the school's alarm would go off and all the students would come out. With so many people, the people Liancheng Yazhi had arranged seemed to be tied up at this moment. They could not move at all, let alone protect MeowMeow.

The teacher patted MeowMeow's head and said, " MeowMeow, don't be afraid. I'm here. No one can hurt you. Do you believe me? "

MeowMeow raised her head from his arms. I believe you. Teacher is so powerful. He can definitely beat the bad guys away!

the teacher said softly,"you're so good. lie in my arms and don't look up, okay?"

Don't look and you won't be afraid."

"Teacher, don't be afraid. Brother Winter will be able to find my father very soon. My father is very powerful. All the bad guys will be afraid when they see him.-

The teacher nodded. yes. I believe in him too.

As she walked along the crowd, she took out a few hair-thin needles from her pocket.

The few people behind were getting closer and closer. Their hands were in their pockets, and it was obvious that they had weapons in them.

As the teacher walked forward, he turned around to look at the big movements. Their hands slowly took out from their pockets.

As they showed their hands, the teacher realized that some of them were holding real guns and some were tranquilizer guns.

The tranquilizer gun was definitely aimed at MeowMeow, and the real gun was naturally aimed at anyone who tried to stop them from taking MeowMeow away.

The teacher didn't hesitate. Before they could aim, the thin needle in his hand shot out quickly. It streaked across the air, and under the sunlight, it flashed a silver light.

In an instant, the thin needles were placed in different parts of their bodies.

Some went into their hands, some into their necks, and some into their heads.

Some of them collapsed on the spot, while others bent over to pick up their guns with completely numb hands.

Taking advantage of this opening, the teacher squeezed through the crowd with meowmeowmeowmeowmeow in her arms and entered the building next door.

As soon as she stepped in, a few people came out of the crowd behind her and followed closely.

On the other side, Liancheng Yazhi had already brought his men to the school.

However, when he saw that the school was full of people, and there were people moving everywhere, he had a bad feeling.

Liancheng Yazhi grabbed the principal and asked, "What's going on?"

'Young master ya, we don't know either. The school's alarm suddenly sounded, and the students came out," the principal said in a panic.

'Why did the alarm go off?"

I don't know either. No one knows why the alarm suddenly went off. I sent someone to take a look. Nothing happened at all. An alarm was smashed by someone. Maybe some student was playing and accidentally smashed it. The principal was innocent. He hated the person who had smashed the alarm.

Liancheng Yazhi frowned. it's impossible for the students to be playful. Someone must have maliciously smashed the alarm and caused chaos among the students, then tried to take advantage of the situation.

not long ago, a woman tried to abduct

Chapter 1674: Be good, don't be afraid!

liancheng yazhi's hands were trembling slightly_ if something really happened to meowmeow, what would happen to him and rong Yan?

He grabbed the principal and said, " my daughter, if anything happens, I'll take your life. Go to your school's broadcast room immediately and tell all the students that someone broke the school alarm with a prank. There's no danger. Tell them to return to their classes immediately. If anyone doesn't return to their classes, all their credits will be deducted.

The principal gulped and nodded. Okay, okay, I'll go right away. I'll arrange for my office to be connected to the whole school. Come to my office.

Liancheng Yazhi pushed him away. hurry up. I'll give you five minutes.

'You two follow him he said to the two bodyguards behind him.

in less than five minutes, the principal's voice was heard on all the school's speakers.

students and teachers, don't panic. The alarm just now has been investigated. A senior student was very angry after being criticized by the teacher, so he deliberately smashed the alarm. This is a prank, so there is no danger.

Teachers, immediately bring your students back to class. If you don't return to the classroom within 15 minutes, teachers will deduct this month's salary and students 'credits. I hope that all students and teachers will go back in an orderly manner and don't cause a stampede. Take care of your safety.

the principal said this to make it sound more believable. he kept repeating the same sentence. sure enough, the students quickly turned around and ran in the direction of the teaching building.

As the students began to run in the direction of the classroom, Liancheng Yazhi immediately led his men and began to search the school.

The footsteps behind him were getting closer and closer. There was not enough time. The teacher smiled and said, "Don't be afraid, this is just a game. You can sleep here. When you wake up, you'll be able to see mom. Goodbye."

MeowMeow bit her lip and said, "goodbye, teacher, ran ran."

The door of the locker was closed and locked again. The teacher was holding a cloth doll wrapped in MeowMeow's clothes. From a distance, it looked like she was holding a child. No one would have thought that she had just put a child into the locker.

The teacher deliberately slowed down her pace to let those people see the doll in her arms, causing them to chase after her.

There were a total of nine floors on this floor, and many students had already begun to rush to the classroom. If he ran down, he would be blocked by the students. The teacher had no choice but to run up the stairs to the roof.

It was noon, and the temperature was much higher than usual. Standing on the top floor would make one dizzy from the sun.

The teacher had no way out. In front of her were a few foreigners chasing after her from downstairs, each of them holding a weapon. Behind her was a nine-story building, and she would definitely die if she fell.

The foreigners had forced him into a corner with the railing behind him.

One of the foreigners spoke fluent Chinese and said, "Let go of the child. We only want the child. Give her to me and I'll let you live."

The teacher's face changed and said, "Sure, Yingluo wants a child?" Then come over, I'll give it to you."

The foreigners did not suspect her. After all, they had already surrounded her, unless she did not want to live.

The foreigner who spoke fluent Chinese walked forward. "Give me the child."

The teacher slowly reached out her hand and suddenly threw the 'child' in her hand. The foreigner's expression changed instantly and he scolded the doctor. "Motherf*cker Yingluo."

Then, he immediately turned around and reached out with both hands to catch the 'child' that fell down. The teacher took the opportunity to kick him from behind, heavily kicking his back.

The teacher used a lot of strength and kicked the foreigner so hard that he fell forward. He was too tall and fell over the railing. He screamed and fell from the building.

At the same time, the child fell to the ground without making a sound. His clothes fell apart, revealing the doll inside.

When the remaining foreigners saw this, they roared and rushed towards the teacher. They started shooting at the teacher with their guns.

The teacher's high heels flew out and hit the hands of two people. Her figure was very fast, so fast that the people couldn't aim at her at all.

A few rays of silver light shot out from his hand, and he jumped into the air. He said to those people, ” “Goodbye, idiots..”

Chapter 1676: The missing female teacher

The teacher’s body was like a flying bird as she jumped down from the roof. Her reckless action stunned the foreigners. It was just a relationship between a teacher and a student. Was it worth it for her to sacrifice her life?

they quickly realized that the teacher was dead. where were they going to find the little girl?

a group of people immediately rushed to the railing and looked down, but when they leaned on the railing and looked down, they only saw their companion lying on the ground. he was already dead, and his body was covered in blood. the surrounding students were screaming in fear. the security guards immediately surrounded the scene and dispersed the students, but qianqian didn’t see the female teacher at all. it was as if she had disappeared into the air. The few of them were shocked and rubbed their eyes, but they still didn’t see the teacher.

A person had jumped down from a nine-story building, but her body was not on the ground. What did this mean?

Also, when they entered the building, they clearly saw her carrying the child into the building. Why did the child become a rag doll?

Could it be that Yingying knew magic?

The few of them realized that something was wrong and immediately turned to run downstairs. However, before they could reach the stairs, they were blocked by the security guards and Liancheng Yazhi’s men who came up from downstairs. It did not take much effort to catch the few panicked people. when liancheng yazhi heard the news that a foreigner had fallen to his death from downstairs, he immediately sent someone up, and he also followed.

The bodyguards escorted the few people to Liancheng Yazhi and asked them a few questions, but none of them said anything.

liancheng yazhi got someone to push them down to the top floor and then tied them to the railing.

Before he could find MeowMeow, Liancheng Yazhi’s face had already dropped to the freezing point. He said coldly, ” “Tell me everything you know.

Otherwise, I’ll let you be like the corpse below.”

They did not speak. Liancheng Yazhi narrowed his eyes. “1, 2, after saying that, a bodyguard next to him immediately cut off a rope, and one of them fell from the top of the building. in an instant, a shrill scream rang in their ears.

This scared the remaining survivors so much that they kept trembling.

liancheng yazhi continued to count, “1,2”

Before he could finish his sentence, someone interrupted, ” i’ll tell you, i’ll tell you yingluo, our yingluo only wanted to catch that little girl yingluo, but she was carried by a female teacher. we chased her all the way to the roof, but the child in her arms had turned into a ragdoll, yingluo. ”

In the past 20 minutes, Liancheng Yazhi had almost gone crazy from waiting. Every second was torture to him.

Finally, a bodyguard ran over, " young master ya, I've asked around. It's a girl from the second grade's class C. Her doll has been kept in the storage cabinet.

Liancheng Yazhi's eyes lit up. find her storage cabinet and open it immediately. Take me there quickly.

Liancheng Yazhi ran all the way to the fifth floor and saw the girl who was so scared that her face was pale. She had a key in her hand.

Liancheng Yazhi could not care about anything else now. He snatched the key from the girl's hand and asked, " 'Where's your storage cabinet?'"

the girl immediately burst into tears and pointed at her locker. " "yingluo, where are you, yingluo?"

Liancheng Yazhi trembled as he went to the storage cabinet door. After a few tries, he finally managed to put the key into the lock. He twisted it hard and with a click, the storage cabinet door opened. The moment the door opened, Liancheng Yazhi's heart almost stopped.

Liancheng Yazhi only saw a small figure, a small ball, curled up in a small storage cabinet. When he went out, his beautiful little dress was drenched, and his beautiful braids were scattered. Strands of hair stuck to his scalp, and his eyes were red. It was hard to tell whether he was sweating or crying.

In this season, the temperature outside was already very high, not to mention the narrow and cramped small storage cabinet that was not ventilated at all.

Meowmeowmeowmeowmeow raised its head and looked at Liancheng

Yazhi. It cried out in a trembling voice, " "Daddy, Yingluo"

Liancheng Yazhi's eyes stung and he immediately reached out to take "baby yingluo, daddy is here. daddy is here to protect you. don't be so scared, everything will be fine. let's go home, mommy is waiting for us, yingluo."

Her father was finally here. All of MeowMeow's fear and grievances exploded. She hugged his neck and cried, " "Daddy, I want to go home, Yingluo."

"Let's go home immediately, Yingluo."

meowmeowmeowmeowmeow's body was as hot as a small fireball. liancheng yazhi hugged her tightly and refused to let go. this was his baby, his little angel, his little princess, the child he and rong yan loved the most. fortunately, she was safe. fortunately, she was fine..

Chapter 1678: Did something happen to brother dongtian?

Dozens of minutes was neither long nor short, but for a three-year-old child, facing great fear and staying in a narrow and dark cell without knowing when her father would come back to pick her up would be the nightmare she didn't want to remember the most.

There were still some people in the school who had not been caught. Although he was also eager to avenge his daughter, he really had no time to care about that now. The most important thing was to

take good care of his daughter, take her away from this place that made her so afraid, and take her back to her most familiar and happy home.

Settling

Liancheng Yazhi took off his coat and covered MeowMeow. He carried her and comforted her as he walked out.

Meowmeowmeowmeow was almost done crying. As she sobbed, she whispered, "daddy, where's teacher wanwan?"

Although Liancheng Yazhi knew at this moment that the female teacher was definitely not simple. Jumping from the 9th floor and disappearing in an instant was not something that anyone could do, Liancheng Yazhi was still very grateful to her because she had saved his daughter and her baby!

Liancheng Yazhi kissed

yes, Yingluo. MeowMeow wiped all her tears on Liancheng Yazhi's clothes. but daddy, teacher Yingluo, said that she has to teach children in school. She doesn't have time to come to our Yingluo.

Liancheng Yazhi felt that his shoulder was already soaked by MeowMeow's tears, and his heart ached even more. He was too confident, and as a result, he had brought this unexpected disaster to MeowMeow. He should be pretty and not let MeowMeow come to school. it's okay, daddy is very powerful. Daddy will ask the principal to give the teachers a break.

Liancheng Yazhi carried "Dad, where's brother dongtian? didn't he come to find you?"

"Was winter with you at that time?" Liancheng Yazhi frowned.

there are so many people, so many bad guys behind us. Teacher Yingluo said to ask Brother Winter to find you to save our Yingluo.

Liancheng Yazhi's face turned cold. He thought that winter had separated from MeowMeow when there were many people and had already sent someone to look for him. However, Huahua did not expect that winter had come to look for him.

Dong Tian was a very sensitive and intelligent child. He should have found his way here long ago, but something must have happened to him if he was still nowhere to be seen.

The bloodthirsty urge to kill in Liancheng Yazhi's heart grew stronger and stronger. He couldn't wait to go out and cut those bastards into a thousand pieces.

Meowmeowmeowmeowmeow looked up at Liancheng Yazhi with a panicked expression."Daddy, did something happen to brother dongtian?"

Liancheng Yazhi immediately smiled and shook his head."No, there's no Yingluo. Your Brother Winter was separated because there were too many people. Daddy has already sent people to look for him, and they'll be found soon. I'm very worried about you."

now that meowmeow was like this, liancheng yazhi couldn't free himself to do anything else. even if he had guessed that she might be caught in the winter, he could only ask someone to look for her first. he had to take meowmeow home and let rong yan look after her first before he could do anything else..

Chapter 1679: There won't be a next time

Therefore, he could only put winter aside for now.

The decision to swear was because Liancheng Yazhi knew that Dong Tian's life was definitely not in danger now because those people only wanted a hostage and wanted to negotiate with him. Dong Tian was the weight in their hands, and before they spoke to Liancheng Yazhi, they could not hurt Dong Tian.

Liancheng Yazhi said gently to MeowMeow, "baby, let's go home first. When we get home, you'll follow mommy. Daddy will come to school to pick Winterfell home, okay?"

4444k7—3k: "en, yingluo." before they left, liancheng yazhi rolled down the window and stuck his head out. he whispered to the bodyguard outside, "lock down the school and pull up all the surveillance cameras in the school. Find those people and find Dong Tian's whereabouts as soon as possible. Also, if you find that female teacher, please thank her for me. I will thank her in person in two days. The bodyguard nodded and said,"okay, young master ya!"

Liancheng Yazhi held

Liancheng Yazhi kissed MeowMeow's forehead with heartache. "Baby, there won't be a next time, Yingluo"

When they got home, Liancheng Yazhi handed MeowMeow to Rong Yan, who was waiting anxiously.

"Why did you take so long? did something happen again?" Rong Yan asked worriedly.

When Liancheng Yazhi left home, he received a notice from the school that Miaomiao had almost been kidnapped by a woman but had been saved by a female teacher. She was now safe and the parents had gone to pick up the child. There had been no alarm, and Liancheng Yazhi only found out after he arrived, so Rong Yan was not aware of the dangerous scene at the school.

Liancheng Yazhi wanted to save Dong Tian as soon as possible. He didn't want Rong Yan to worry too much, so he said to her, take care of MeowMeow first. She's very scared after what happened today. Stay by her side and talk to her more. Make her happy and comfort her. I'm going out for a while to bring winter back. Don't worry. Although it's a little dangerous, it's not serious. rong yan saw that liancheng yazhi was very anxious and knew that he had something urgent to do, so she did not ask further."Yingluo, you go. Don't worry, I'll take care of MeowMeow. What happened to Yingluo in the winter?"

Liancheng Yazhi smiled. wintertime and MeowMeow were separated. We're looking for them. We'll find them soon.

Liancheng Yazhi hugged Rong Yan and kissed both her and meowmeowmeowmeowmeow on the forehead. "I'll be leaving first, I'll be back soon. "

Rong Yan nodded. go ahead. Be careful and pay attention to your safety.

'Yes, I will.'

rong yan watched as liancheng yazhi turned around in a hurry. he wasn't even wearing a coat, his shirt sleeves were rolled up, and his back was already drenched in sweat. rong yan was very worried, but she knew that she couldn't help much now. with her current health, as long as she

Rong Yan reached out her hand and MeowMeow's little finger drew a horizontal and downward curve on Rong Yan's palm.

Rong Yan's heart trembled and her throat was dry. After a while, she read out the number MeowMeow had drawn. ”

“The teacher said that if I write this number down for you, you'll know who she is,” MeowMeow said.

Rong Yan's eyes were a little hot, and she hugged MeowMeow tightly. yes, mommy knows. Yingluo is mommy's best friend. Next time, mommy will bring you to see him. He's a very, very, very good person. He was also the person she owed the most.

In this life, she could not make it up to him.

after saying the last word, a tear flowed out of the corner of rong yan's eye and slowly slid down her cheek.

The Arabic number '7' was translated to seven!

Liancheng Yazhi brought his men to the school. The school was currently in a state of high pressure and fear. The school principal had organized the students to evacuate the school one class at a time to prevent those criminals from mixing in with the students and leaving.

Because someone had just fallen to his death from a building in the school, the police had already arrived at the scene.

It wasn't strange for the police to be here, but when Liancheng Yazhi saw Tang han standing beside the police, he felt very unhappy.

Liancheng Yazhi walked over and said, “has Colonel Tang retired from the Army to become a police officer?”
